REPORT OF INDEPENDENT ACCOUNTANTS

City of Marietta
Washington County
308 Putnam Street
Marietta, Ohio 45750

To the Members of City Council:

We have audited the accompanying general purpose financial statements of the City of Marietta, Washington County, Ohio (the City), as of and for the year ended December 31, 2000, as listed in the table of contents. These general purpose financial statements are the responsibility of the City's management. Our responsibility is to express an opinion on these general purpose financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the City of Marietta, Washington County, as of December 31, 2000, and the results of its operations and the cash flows of its proprietary fund type and non-expendable trust funds for the year then ended in conformity with generally accepted accounting principles.

In accordance with *Government Auditing Standards*, we have also issued our report dated May 22, 2001, on our consideration of the City's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

Our audit was performed for the purpose of forming an opinion on the general purpose financial statements of the City, taken as a whole. The accompanying Schedule of Federal Awards Expenditures is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the general purpose financial statements. Such information has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and, in our opinion, is fairly presented, in all material respects, in relation to the general purpose financial statements taken as a whole.

Jim Petro
Auditor of State

May 22, 2001

Noncash Capital and Related Financing Activities and Investing Activities:

During 2000, the Water Enterprise Fund recorded a receivable for a reimbursable grant of \$133,102 from the Economic Development Agency (EDA) which was used for construction of the East Norwood Water Tank. This has been reflected as contributed capital. During 1999, the Water Enterprise Fund recorded a receivable for a reimbursable grant of \$49,472 from the EDA also used for the East Norwood Water Tank that had been reflected as contributed capital in 1999.

During 2000, the Sewer Enterprise Fund recorded a receivable for a reimbursable grant of \$269,918 from the Ohio Public Works Commission which was used for the sludge belt press project. \$31,755 of the amount has been reflected as contributed capital and \$238,063 has been recorded as loan proceeds.

Cash and Cash Equivalents on the Combined Balance Sheet are \$494,754 for all trust and agency funds. \$173,502 and \$269,642 of that total is agency fund and expendable trust fund cash and cash equivalents, respectively; and \$51,610 is non-expendable trust fund cash and cash equivalents.

**CITY OF MARIETTA
WASHINGTON COUNTY**

**NOTES TO THE GENERAL PURPOSE FINANCIAL STATEMENTS
DECEMBER 31, 2000**

NOTE 1 - REPORTING ENTITY

The City of Marietta (the "City") is a body politic, incorporated and established for the purpose of exercising the rights and privileges conveyed to it by the laws of the State of Ohio. The City is organized as a Mayor/Council form of government. Located in Washington County in southern Ohio at the confluence of the Muskingum and Ohio Rivers, Marietta was the first village incorporated in the Northwest Territory. Marietta became a city in 1825. The City serves as the county seat.

The Mayor, Auditor, Treasurer, and Law Director, all with four year terms, and a seven member Council, with two year terms, are elected. Department directors and public members of various boards and commissions are appointed by the Mayor.

The financial reporting entity consists of the primary government, component units, and other governmental organizations included to ensure that the financial statements of the City are not misleading. Component units are legally separate organizations for which the City is financially accountable. The City is financially accountable for an organization if the City appoints a voting majority of the organization's governing board and (1) the City is able to significantly influence the programs or services performed or provided by the organization; or (2) the City is legally entitled to or can otherwise access the organization's resources; the City is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the City is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the City in that the City approves the budget, the issuance of debt, or the levying of taxes for the organization. No separate government units meet the criteria for inclusion as a component unit.

The City provides various services including police and fire protection, emergency medical, recreation (including parks), planning, zoning, street maintenance and repair, water and water pollution control, and general administrative services. The operation of each of these activities is directly controlled by the Council through the budgetary process. These City operations form the legal entity of the City and are included as the primary government.

The following have been excluded from the financial reporting entity:

- Washington County Public Library
- Marietta City School District
- Marietta Memorial Hospital
- Marietta College
- Marietta Harbor
- Marietta Tourist and Convention Bureau
- O'Neill Senior Citizens Center Corporation
- The Marietta Chamber of Commerce
- The Marietta Cooperative Child Center
- Marietta/Parkersburg Area Labor Management Citizens Committee

The City is associated with the Buckeye Hills-Hocking Valley Regional Development District, the Community Action Program Corporation of Washington-Morgan Counties, Ohio, and the Wood, Washington, and Wirt Planning Commission, which are defined as jointly governed organizations. Additional information concerning the jointly governed organizations is presented in Note 19.

**CITY OF MARIETTA
WASHINGTON COUNTY**

**NOTES TO THE GENERAL PURPOSE FINANCIAL STATEMENTS
DECEMBER 31, 2000**

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies followed in the preparation of these financial statements are summarized below. These policies conform to generally accepted accounting principles (GAAP) for local governmental units as prescribed in the statements issued by the Governmental Accounting Standards Board and other recognized authoritative sources. The City applies Financial Accounting Standards Board statements and interpretations issued prior to November 30, 1989, to proprietary activities provided they do not conflict with Governmental Accounting Standards Board statements and interpretations.

A. Basis of Presentation - Fund Accounting

The City uses funds and account groups to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain City functions or activities.

A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations. An account group is a financial reporting device designed to provide accountability for certain assets and liabilities that are not recorded in the funds because they do not directly affect net expendable available financial resources.

For financial statement presentation purposes, the various funds of the City are grouped into the following generic fund types under the broad fund categories governmental, proprietary, and fiduciary.

Governmental Fund Types:

Governmental funds are those through which most governmental functions of the City are financed. The acquisition, use, and balances of the City's expendable financial resources and the related current liabilities (except those accounted for in the proprietary and trust funds) are accounted for through governmental funds. The following are the City's governmental fund types:

General Fund - This fund is the operating fund of the City and is used to account for all financial resources except those required to be accounted for in another fund. The General Fund balance is available to the City for any purpose provided it is expended or transferred according to the general laws of Ohio.

Special Revenue Funds - These funds are established to account for the proceeds of specific revenue sources (other than amounts relating to major capital projects) that are legally restricted to expenditure for specified purposes.

Debt Service Fund - This fund is used to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest.

Capital Projects Funds - These funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary and trust funds).

**CITY OF MARIETTA
WASHINGTON COUNTY**

**NOTES TO THE GENERAL PURPOSE FINANCIAL STATEMENTS
DECEMBER 31, 2000**

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

A. Basis of Presentation - Fund Accounting (Continued)

Proprietary Fund Type:

Proprietary funds are used to account for the City's ongoing activities which are similar to those found in the private sector. The following is the City's proprietary fund type:

Enterprise Funds - These funds are used to account for operations that are financed and operated in a manner similar to private business enterprises where the intent is that costs (expenses, including depreciation) of providing services to the general public on a continuing basis be financed or recovered primarily through user charges or where it has been decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

Fiduciary Fund Types:

Fiduciary funds are used to account for assets held by the City in a trustee capacity or as an agent for individuals, private organizations, other governmental units, and/or other funds. The City's fiduciary funds include agency funds, an expendable trust fund, and non-expendable trust funds. Agency funds are purely custodial (assets equal liabilities) and thus do not involve measurement of results of operations. The expendable trust fund is accounted for in essentially the same manner as governmental funds. Non-expendable trust funds are accounted for in essentially the same manner as proprietary funds.

Account Groups:

To make a clear distinction between fixed assets related to specific funds and those of general government, and between long-term liabilities related to specific funds and those of a general nature, the following account groups are typically used:

General Fixed Assets Account Group - to account for all general fixed assets of the City other than those accounted for in proprietary or trust funds.

General Long-Term Obligations Account Group - to account for all unmatured long-term indebtedness of the City that is not a specific liability of proprietary or trust funds.

B. Measurement Focus and Basis of Accounting

The accounting and reporting treatment applied to a fund is determined by its measurement focus. All governmental fund types and the expendable trust fund are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. Operating statements of these funds present increases (i.e., revenues and other financing sources) and decreases (i.e., expenditures and other financing uses) in net current assets.

**CITY OF MARIETTA
WASHINGTON COUNTY**

**NOTES TO THE GENERAL PURPOSE FINANCIAL STATEMENTS
DECEMBER 31, 2000**

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Measurement Focus and Basis of Accounting (Continued)

All proprietary funds and non-expendable trust funds are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities associated with the operation of these funds are included on the balance sheet. Fund equity (i.e., net total assets) is typically segregated into contributed capital and retained earnings components. Proprietary fund type operating statements present increases (e.g., revenues) and decreases (e.g., expenses) in net total assets.

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made.

All governmental fund types, the expendable trust fund, and agency funds are accounted for using the modified accrual basis of accounting. Under this basis, revenues are recognized in the accounting period when they become both measurable and available. Measurable means the amount of the transaction can be determined and available means collectible within the current year or soon enough thereafter to be used to pay liabilities of the current year. The available period for the City is sixty days after year end.

In applying the susceptible to accrual concept under the modified accrual basis, the following revenue sources are deemed both measurable and available: investment earnings, state-levied locally shared taxes (including gasoline tax), fines and forfeitures, and income tax (the employer withheld amounts measurable at December 31, 2000).

The City reports deferred revenues on its combined balance sheet. Deferred revenues arise when a potential revenue does not meet both the measurable and available criteria for recognition in the current period. In the subsequent period, when both revenue recognition criteria are met, the liability for deferred revenue is removed from the combined balance sheet and revenue is recognized. Special assessments and current and delinquent property taxes measurable as of December 31, 2000, whose availability is indeterminate and which are not intended to finance current period obligations, have been recorded as a receivable and deferred revenue.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are recorded when the related fund liability is incurred. Principal and interest on general long-term obligations are recorded as fund liabilities when due or when amounts have been accumulated in the debt service fund for payments to be made early in the following year, and the costs of accumulated unpaid vacation and sick leave are reported as fund liabilities in the period in which they will be liquidated with available financial resources rather than in the period earned by employees. Allocations of cost, such as depreciation and amortization, are not recognized in the governmental funds.

The accrual basis of accounting is utilized for reporting purposes by the proprietary fund type and non-expendable trust funds. Revenues are recognized when they are earned and become measurable and expenses are recognized when they are incurred, if measurable. Unbilled service charges receivable are recognized as revenue at year end.

WASHINGTON COUNTY**

**NOTES TO THE GENERAL PURPOSE FINANCIAL STATEMENTS
DECEMBER 31, 2000**

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Budgetary Data

The budgetary process is prescribed by provisions of the Ohio Revised Code and entails the preparation of budgetary documents within an established timetable. The major documents prepared are the tax budget, the certificate of estimated resources, and the appropriation ordinance, all of which are prepared on the budgetary basis of accounting. The certificate of estimated resources and the appropriations ordinance are subject to amendment throughout the year with the legal restriction that appropriations cannot exceed estimated resources, as certified. All funds, other than agency funds, are legally required to be budgeted and appropriated. The legal level of budgetary control is at the object level within each department. Any budgetary modifications at this level may only be made by resolution of the City Council. Advances between funds are not required to be budgeted.

Tax Budget:

During the first Council meeting in July, the Mayor presents the annual operating budget for the following year to City Council for consideration and passage. The adopted budget is submitted to the County Auditor, as Secretary of the County Budget Commission, by July 20, of each year, for the period January 1 to December 31 of the following year.

Estimated Resources:

The County Budget Commission determines if the budget substantiates a need to levy all or part of previously authorized taxes and reviews estimated revenue. The Commission certifies its actions to the City by September 1. As part of this certification, the City receives the official certificate of estimated resources, which states the projected revenue of each fund. Prior to December 31, the City must revise its budget so that the total contemplated expenditures from any fund during the ensuing year will not exceed the amount available as stated in the certificate of estimated resources. The revised budget then serves as the basis for the annual appropriation ordinance. On or about January 1, the certificate of estimated resources is amended to include unencumbered fund balances at December 31 of the preceding year. The certificate may be further amended during the year if revenue fluctuations are anticipated. The amounts reported on the budgetary statement reflect the amounts in the final amended official certificate of estimated resources issued during 2000.

Appropriations:

A temporary appropriation ordinance to control expenditures may be passed on or about January 1 of each year for the period January 1 to March 31. An annual appropriation ordinance must be passed by April 1 of each year for the period January 1 to December 31. The appropriation ordinance fixes spending authority at the fund, department and object level. The appropriation ordinance may be amended during the year as new information becomes available, provided that total fund appropriations do not exceed current estimated resources, as certified. The allocation of appropriations among departments and objects within a fund may be modified during the year by an ordinance of Council. During the year, several supplemental appropriation measures were passed. None of these supplemental appropriations had any significant effect on the original appropriations. The budget figures which appear in the statements of budgetary comparisons represent the final appropriation amounts, including all amendments and modifications.

**CITY OF MARIETTA
WASHINGTON COUNTY**

**NOTES TO THE GENERAL PURPOSE FINANCIAL STATEMENTS
DECEMBER 31, 2000**

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Budgetary Data (Continued)

Encumbrances:

As part of formal budgetary control, purchase orders, contracts and other commitments for the expenditure of monies are recorded as the equivalent of expenditures on the non-GAAP budgetary basis in order to reserve that portion of the applicable appropriation and to determine and maintain legal compliance. The Ohio Revised Code prohibits expenditures plus encumbrances from exceeding appropriations. On the GAAP basis, encumbrances outstanding at year end are reported as reservations of fund balances for subsequent-year expenditures for governmental funds and are reported in the notes to the financial statements for proprietary funds.

Lapsing of Appropriations:

At the close of each year, the unencumbered balance of each appropriation reverts to the respective fund from which it was appropriated and becomes subject to future appropriations. The encumbered appropriation balance is carried forward to the succeeding year and is not reappropriated.

D. Cash and Cash Equivalents

To improve cash management, cash received by the City is pooled. Monies for all funds, including proprietary funds, are maintained in this pool. The investments for the Cemetery Non-expendable Trust Fund are not included in the pool and are invested separately. Individual fund integrity is maintained through the City's records. Each fund's interest in the pool is presented as "Equity in Pooled Cash and Cash Equivalents" on the Combined Balance Sheet.

During 2000, investments were limited to certificates of deposit and repurchase agreements, which are reported at cost.

Investment procedures are restricted by the provisions of the Ohio Revised Code. Interest revenue credited to the General Fund during 2000 amounted to \$603,514, which includes \$447,917 assigned from other City funds.

The City has segregated bank accounts for monies held separate from the City's central bank account. These depository accounts are presented in the Combined Balance Sheet as "Cash and Cash Equivalents in Segregated Accounts" since they are not required to be deposited into the City's treasury.

The City utilizes a financial institution to (1) service bonded debt as principal and interest payments come due and (2) retain amounts payable to the contractor for the sludge belt press sewer project. The balances in these accounts are presented on the Combined Balance Sheet as "Cash and Cash Equivalents with Fiscal and Escrow Agents" and represent deposits or short-term investments in certificates of deposit.

**CITY OF MARIETTA
WASHINGTON COUNTY**

**NOTES TO THE GENERAL PURPOSE FINANCIAL STATEMENTS
DECEMBER 31, 2000**

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Cash and Cash Equivalents (Continued)

The City utilizes a trustee bank to hold monies set aside for current and future debt service payments and asset replacement under provisions of the bond indenture. The balances in these accounts are presented on the Combined Balance Sheet as "Restricted Assets: Cash and Cash Equivalents with Fiscal and Escrow Agents". Amounts invested by the trustee bank for the Water Enterprise Fund are limited to treasury bills and are reported at fair value which is based on quoted market prices.

For purposes of the combined statement of cash flows and for presentation on the combined balance sheet, investments of the cash management pool and investments with an original maturity of three months or less are considered to be cash equivalents. Investments with an initial maturity of more than three months not purchased from the pool are reported as investments.

E. Inventory

Inventories of governmental funds are stated at cost while inventories of proprietary funds are stated at the lower of cost or market. For all funds, cost is determined on a first-in, first-out basis. The costs of inventory items are recorded as expenditures in the governmental fund types when purchased and as expenses in the proprietary fund type when used. Reported materials and supplies inventory is equally offset by a fund balance reserve in the governmental funds which indicates that it does not constitute available spendable resources even though it is a component of net current assets.

F. Prepaid Items

Payments made to vendors for services that will benefit periods beyond December 31, 2000, are recorded as prepaid items using the consumption method by recording a current asset for the prepaid amount and reflecting the expenditure/expense in the year in which services are consumed.

G. Restricted Assets

Restricted assets in the enterprise funds represent monies legally restricted for payment of revenue bond issues, funds restricted as part of the bond indenture for the purchase of equipment, and customer deposits.

H. Fixed Assets and Depreciation

General fixed assets are not capitalized in the funds used to acquire or construct them. Instead, capital acquisition and construction are reflected as expenditures in governmental funds, and the related assets are reported in the general fixed assets account group. Fund fixed assets (assets used to provide the services accounted for in the enterprise funds) are reported in the respective funds. All purchased fixed assets are valued at cost where historical records are available and at an estimated historical cost when no historical records exist. Donated fixed assets are valued at their estimated fair market value on the date received.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Improvements are capitalized and depreciated over the remaining useful lives of fund fixed assets.

**CITY OF MARIETTA
WASHINGTON COUNTY**

**NOTES TO THE GENERAL PURPOSE FINANCIAL STATEMENTS
DECEMBER 31, 2000**

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

H. Fixed Assets and Depreciation (Continued)

Public domain ("infrastructure") general fixed assets consisting of roads, bridges, curbs and gutters, streets and sidewalks, drainage systems, and lighting systems are not capitalized, as these assets are immovable and of value only to the City.

Assets in the general fixed assets account group are not depreciated. Depreciation in the proprietary fund type is computed using the straight-line method over the following useful lives:

Buildings	40 - 50 years
Improvements other than Buildings	15 - 50 years
Machinery and Equipment	10 - 15 years
Furniture and Fixtures	10 - 15 years
Vehicles	3 - 5 years

I. Interfund Assets and Liabilities

Short-term interfund loans or the short-term portion of advances are classified as interfund receivables/payables. Amounts owed to a particular fund by another fund in the same government for goods or services rendered are classified as "Due from Other Funds/Due to Other Funds."

J. Compensated Absences

GASB Statement 16, "Accounting for Compensated Absences", specifies the methods used to accrue liabilities for leave benefits. Vacation benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable that the City will compensate the employees for the benefits through paid time off or some other means. Sick leave benefits are accrued as a liability using the vesting method. The liability includes the employees who are currently eligible to receive termination benefits and those the City has identified as probable of receiving payment in the future. The amount is based on accumulated sick leave and employees' wage rates at year end, taking into consideration any limits specified in the City's termination policy.

The City records a liability for accumulated, unused vacation time when earned for all employees who have worked beyond their probation period. The City records a liability for accumulated, unused sick leave with the following criteria by department: after five years of service for the Parking Meter, after twelve years of service for the Fire, after fifteen years of service for the Water, Sewer, Street, Engineer, Maintenance, and Income Tax, and after twenty years of service for the Police, Parks, Health, Cemetery and Recreation. The remaining departments record a liability for accumulated, unused sick leave only after retirement eligibility is reached. For governmental funds, the current portion of unpaid compensated absences is the amount expected to be paid using expendable available resources. These amounts are recorded in the account "Compensated Absences Payable" in the fund from which the employees who have accumulated unpaid leave are paid. The remainder is reported in the general long-term obligations account group. In proprietary funds, the entire amount of compensated absences is reported as a fund liability.

**CITY OF MARIETTA
WASHINGTON COUNTY**

**NOTES TO THE GENERAL PURPOSE FINANCIAL STATEMENTS
DECEMBER 31, 2000**

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

K. Contributed Capital

Contributed capital represents federal and state grants, special assessments, resources from other funds, and private sources provided to the City's proprietary funds which are not subject to repayment.

Because the City had not prepared financial statements in accordance with generally accepted accounting principles prior to 1990, the exact amount of contributed capital pertaining to prior years cannot be determined. Consequently, only those amounts that have been able to be identified have been classified as contributed capital in the accompanying combined financial statements. All other fund equity amounts pertaining to the proprietary funds have been classified as retained earnings.

L. Intergovernmental Revenues

For governmental funds, intergovernmental revenues, such as grants awarded on a non-reimbursement basis, shared revenues, and entitlements, are recorded as receivables and revenues when measurable and available. Reimbursement-type grants are recorded as receivables and revenues when the related expenditures are incurred. Grants, entitlements, or shared revenues received for proprietary fund operating purposes are recognized as non-operating revenues in the accounting period in which they are earned and become measurable. Such resources restricted for the construction of capital assets are recorded as contributed capital.

M. Fund Equity

Reserves represent those portions of fund equity not appropriable for expenditure or legally segregated for a specific future use. Fund balances are reserved for encumbrances, endowments (monies contributed for yearly maintenance of cemetery plots and maintenance of parks), inventories of supplies and materials, unclaimed monies, and loans (Community Development Block Grant monies loaned to local businesses and individuals). Under Ohio law, unclaimed monies are not available for appropriation until they have remained unclaimed for five years.

N. Interfund Transactions

During the course of normal operations the City had numerous transactions between funds. The most significant include operating transfers and reimbursements.

1. Transfers of resources from one fund to another fund through which resources are to be expended are recorded as operating transfers.
2. Reimbursements from one fund to another fund are treated as expenditures/expenses in the reimbursing fund and a reduction in expenditures/expenses in the reimbursed fund.

Nonrecurring or nonroutine permanent transfers of equity are reported as residual equity transfers. All other interfund transfers are reported as operating transfers.

**CITY OF MARIETTA
WASHINGTON COUNTY**

**NOTES TO THE GENERAL PURPOSE FINANCIAL STATEMENTS
DECEMBER 31, 2000**

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

O. Long-Term Obligations

In general, governmental fund payables and accrued liabilities are reported as obligations of the funds regardless of whether they will be liquidated with current resources. However, claims and judgements, compensated absences, special termination benefits, and contractually required pension contributions are reported as a liability in the general long-term obligations account group to the extent that they will not be paid with current expendable available financial resources. Payments made more than sixty days after year end are generally considered not to have been paid with current available financial resources. Bonds and long-term loans are recognized as a liability of the general long-term obligations account group until due.

Long-term debt and other obligations financed by proprietary funds are reported as liabilities in the appropriate proprietary funds.

P. Unamortized Bond Discount/Issuance Costs

Bond discounts and issuance costs for proprietary fund types are deferred and amortized over the term of the bonds using the straight-line method since the results are not significantly different from the effective interest method. Bond discounts are presented as a reduction of the face amount of bonds payable. Issuance costs are recorded as deferred charges.

Q. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles (GAAP) requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

R. Total Columns on General Purpose Financial Statements

Total columns on the general purpose financial statements are captioned "Memorandum Only" to indicate that they are presented only to facilitate financial analysis. Data in these columns do not present financial position, results of operations or cash flows in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

NOTE 3 - ACCOUNTABILITY AND COMPLIANCE

A. Accountability

The Sewer Enterprise Fund had deficit retained earnings of \$366,629. The deficit is due to the recognition of contributed capital and depreciation expense in accordance with Generally Accepted Accounting Principles. Management is reviewing and analyzing the sewer operations to determine appropriate measures necessary to eliminate this deficit.

**CITY OF MARIETTA
WASHINGTON COUNTY**

**NOTES TO THE GENERAL PURPOSE FINANCIAL STATEMENTS
DECEMBER 31, 2000**

NOTE 3 - ACCOUNTABILITY AND COMPLIANCE (Continued)

B. Statutory Compliance

The following accounts had expenditures/expenses plus encumbrances in excess of appropriations contrary to Section 5705.41, Ohio Revised Code:

	<u>Excess</u>
<u>General Fund:</u>	
General Government - Auditor	
Capital Outlay	\$ 5,206
 <u>Special Revenue Funds:</u>	
<u>Parking Fund:</u>	
Transportation	
Capital Outlay	\$ 182,912

The following funds had appropriations in excess of estimated resources plus available balances for the year ended December 31, 2000:

<u>Fund Type/Fund</u>	<u>Estimated Resources</u>	<u>Appropriations</u>	<u>Excess</u>
<u>Special Revenue Funds:</u>			
Recreation Fund	\$ 164,201	\$ 171,040	\$ 6,839
Marietta Housing Fund	\$ 108,057	\$ 111,020	\$ 2,963
 <u>Capital Projects Fund:</u>			
Marietta Lockmaster House Fund	\$ 0	\$ 5,800	\$ 5,800

NOTE 4 - BUDGETARY BASIS OF ACCOUNTING

While reporting financial position, results of operations, and changes in fund balance/retained earnings on the basis of generally accepted accounting principles (GAAP basis), the budgetary basis as provided by law is based upon accounting for transactions on a basis of cash receipts, disbursements, and encumbrances. The Combined Statement of Revenues, Expenditures and Changes in Fund Balances - Budget and Actual (Budget Basis) - All Governmental Fund Types and Similar Trust Fund and the Combined Statement of Revenues, Expenses and Changes in Fund Equity - Budget and Actual (Budget Basis) - Proprietary Fund Type and Similar Trust Funds are presented on the budgetary basis to provide a comparison of actual results with the budget and to demonstrate compliance with State statute.

**CITY OF MARIETTA
WASHINGTON COUNTY**

**NOTES TO THE GENERAL PURPOSE FINANCIAL STATEMENTS
DECEMBER 31, 2000**

NOTE 4 - BUDGETARY BASIS OF ACCOUNTING (Continued)

The major differences between the budget basis and the GAAP basis are:

1. Revenues are recorded when received in cash (budget) as opposed to when susceptible to accrual (GAAP).
2. Expenditures/expenses are recorded when paid in cash (budget) as opposed to when the liability is incurred (GAAP).
3. Outstanding year end encumbrances are treated as expenditures/expenses (budget) rather than as a reservation of fund balance for governmental fund types and as note disclosure for the proprietary fund type (GAAP).
4. Proceeds from and principal payment on short-term note obligations are reported on the operating statement (budget) rather than on the balance sheet (GAAP).
5. For proprietary funds, the acquisition and construction of capital assets are reported on the operating statement (budget) rather than as balance sheet transactions (GAAP).
6. Revenues received by year end and not posted to cash (budget basis) are recorded as revenue (GAAP basis).

Adjustments necessary to convert the results of operations at the end of the year on the Budget Basis to the GAAP basis are as follows:

	Excess of Revenues and Other Financing Sources Over (Under) Expenditures and Other Financing Uses All Governmental Funds Types and Similar Trust Fund				
	<u>General</u>	<u>Special Revenue</u>	<u>Debt Service</u>	<u>Capital Projects</u>	<u>Expendable Trust</u>
GAAP Basis	\$ 758,169	\$ (98,519)	\$ 0	\$ 334,066	\$ 73,259

NOTE 5 - DEPOSITS AND INVESTMENTS

State statutes classify monies held by the City into three categories.

Active deposits are public deposits necessary to meet current demands on the treasury. Such monies must be maintained either as cash in the City treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that Council has identified as not required for use within the current two year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts including pass book accounts.

**CITY OF MARIETTA
WASHINGTON COUNTY**

**NOTES TO THE GENERAL PURPOSE FINANCIAL STATEMENTS
DECEMBER 31, 2000**

NOTE 5 - DEPOSITS AND INVESTMENTS (Continued)

Protection of the City's deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, by surety company bonds deposited with the treasurer by the financial institution or by a single collateral pool established by the financial institution to secure the repayment of all public moneys deposited with the institution.

Interim monies to be deposited or invested in the following securities:

1. United States Treasury Notes, Bills, Bonds, or any other obligation or security issued by the United State Treasury or any other obligation guaranteed as to principal and interest by the United States;
2. Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality, including but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. Written repurchase agreements in the securities listed above provided that the market value of the securities subject to the repurchase agreement exceeds the principal value of the agreement by at least two percent and be marked to market daily, and that the term of the agreement must not exceed thirty days;
4. Bonds and other obligations of the State of Ohio;
5. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) of this section and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions; and,
6. The State Treasurer's investment pool (STAROhio).

The City may also invest any monies not required to be used for a period of six months or more in the following:

1. Bonds of the State of Ohio;
2. Bonds of any municipal corporation, village, county, township, or other political subdivision of this State, as to which there is not default of principal, interest or coupons; and,
3. Obligations of the City.

Investments in stripped principal or interest obligations, reverse repurchase agreements, and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. An investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the City, and must be purchased with the expectation that it will be held to maturity.

Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the treasurer or qualified trustee or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

**CITY OF MARIETTA
WASHINGTON COUNTY**

**NOTES TO THE GENERAL PURPOSE FINANCIAL STATEMENTS
DECEMBER 31, 2000**

NOTE 5 - DEPOSITS AND INVESTMENTS (Continued)

The following information classifies deposits and investments by categories of risk as defined in GASB Statement No. 3, "Deposits with Financial Institutions, Investments (including Repurchase Agreements), and Reverse Repurchase Agreements."

Deposits. At year end, the carrying amount of the City's deposits was \$9,968,507 and the bank balance was \$10,523,950. Of the bank balance:

1. \$772,785 was covered by federal depository insurance;
2. \$7,682,918 was collateralized with securities held by the pledging financial institution's trust department or agent in the City's name; and
3. \$2,068,247 was uncollateralized. Although the securities were held by the pledging financial institutions' trust department in the City's name and all State statutory requirements for the investment of money had been followed, noncompliance with federal requirements could potentially subject the City to a successful claim by the FDIC. If a federal court in Ohio were to apply an interpretation of 12 U.S.C.A. 1823(e) which was applied in 1992 by the United States Court of Appeals for the 8th Circuit, noncompliance by a pledging financial institution might lead to a claim by the FDIC that the City did not have a perfected security interest in the security. This may therefore preclude the City from recovering against pledged collateral in the event of the insolvency of the depository.

Investments. The City's investments are required to be categorized to give an indication of the level of risk assumed by the City at year end. Category 1 includes investments that are insured or registered or for which the securities are held by the City or its agent in the City's name. Category 2 includes uninsured and unregistered investments for which the securities are held by the counterparty's trust department or agent in the City's name. Category 3 includes uninsured and unregistered investments for which the securities are held by the counterparty, or by its trust department or agent but not in the City's name.

	<u>Category 3</u>	<u>Carrying Value</u>	<u>Fair Value</u>
Repurchase Agreement	\$ 3,156,000	\$ 3,156,000	\$ 3,156,438

The classification of "Cash and Cash Equivalents" and "Investments" on the combined financial statements is based on criteria set forth in GASB Statement No. 9, "Reporting Cash Flows of Proprietary and Non-Expendable Trust Funds and Governmental Entities That Use Proprietary Fund Accounting."

A reconciliation between the classifications of cash and cash equivalents and investments on the combined financial statements and the classifications of deposits and investments presented above per GASB Statement No. 3 is as follows:

**CITY OF MARIETTA
WASHINGTON COUNTY**

**NOTES TO THE GENERAL PURPOSE FINANCIAL STATEMENTS
DECEMBER 31, 2000**

NOTE 5 - DEPOSITS AND INVESTMENTS (Continued)

	Cash and Cash Equivalents/ <u>Deposits</u>	<u>Investments</u>
GASB Statement 9	\$ 11,602,649	\$ 1,523,918
Petty Cash	(2,060)	0
Investments:		
Repurchase Agreement	(3,156,000)	3,156,000
Certificates of Deposit	1,523,918	(1,523,918)
	<u>\$ 9,968,507</u>	<u>\$ 3,156,000</u>
GASB Statement 3	<u>\$ 9,968,507</u>	<u>\$ 3,156,000</u>

NOTE 6 - PROPERTY TAXES

Property taxes include amounts levied against all real and public utility property, and tangible personal property located in the City. Property tax revenue received during 2000 for real and public utility property taxes represents collections of 1999 taxes. Property tax payments received during 2000 for tangible personal property (other than public utility property) is for 2000 taxes.

2000 taxes collected from real property taxes (other than public utility) are levied after October 1, 2000, on the assessed value as of January 1, 2000, the lien date. Assessed values are established by State Law at 35 percent of appraised market value. 2000 real property taxes are intended to finance 2001. All property is required to be revalued every six years. The last revaluation was completed in 1999. Real property taxes are payable annually or semi-annually. If paid annually, payment is due December 31; if paid semi-annually, the first payment is due December 31, with the remainder payable by June 20. Under certain circumstances, state statute permits later payment dates to be established.

2000 taxes collected on tangible personal property (other than public utility) are levied after October 1, 1999, on the value as of December 31, 1999. Collections are made in 2000. Tangible personal property assessments are 25 percent of true value. Tangible personal property taxes paid by multi-county taxpayers are due September 20. Single county taxpayers may pay annually or semi-annually. If paid annually, payment is due April 30; if paid semi-annually, the first payment is due April 30, with the remainder payable by September 20.

2000 public utility real and tangible personal property taxes become a lien December 31, 1999, are levied after October 1, 2000, and are collected in 2001 with real property taxes. Public utility tangible personal property currently is at various percentages of true value; public utility real property is assessed at 35 percent of true value.

The County Treasurer collects property taxes on behalf of all taxing districts in the County, including the City of Marietta. The County Auditor periodically remits to the City its portion of the taxes collected. Property taxes receivable represent real and tangible personal property taxes, public utility taxes, and outstanding delinquencies which are measurable as of December 31, 2000. Although total property tax collections for the next year are measurable, amounts to be received during the available period are not subject to reasonable estimation at December 31, nor are they intended to finance 2000 operations. The receivable is offset by deferred revenue.

**CITY OF MARIETTA
WASHINGTON COUNTY**

**NOTES TO THE GENERAL PURPOSE FINANCIAL STATEMENTS
DECEMBER 31, 2000**

NOTE 6 - PROPERTY TAXES (Continued)

The assessed value upon which the 2000 taxes were collected was \$200,484,800. Real estate represented 86 percent (\$171,768,880) of this total and general tangible personal property represented 14 percent (\$28,715,920). The full tax rate for all City operations applied to taxable property for the year ended December 31, 2000, was \$2.40 per \$1,000 of assessed valuation.

NOTE 7 - RECEIVABLES

Receivables at December 31, 2000, consisted of taxes, accounts (billings for user charged services including unbilled utility services), special assessments, accrued interest, loans, and intergovernmental receivables arising from grants, entitlements, and shared revenues. All receivables are considered collectible in full. Delinquent sewer accounts receivable (billings for user charged services including unbilled utility services) are certified and collected as a special assessment, subject to foreclosure for nonpayment.

The special revenue funds reflect loans receivable of \$175,272. This amount is for the principal owed to the City for Federal Community Development Block Grant Program monies loaned to local businesses for capital improvements or to individuals for the demolition of condemned buildings and home improvements. The loans bear interest at annual rates of three percent. The loans are to be repaid over periods ranging from two to fifteen years.

A summary of the principal items of intergovernmental receivables follows:

<u>Intergovernmental Receivables</u>	<u>Amount</u>
General Fund:	
Estate Tax	\$ 186,670
Workers' Compensation Refunds	66,191
Local Government	42,634
Immobilization Fees	1,100
Other	50

NOTE 8 - INCOME TAX

The City levies a municipal income tax of 1.7 percent on substantially all earned income arising from employment, residency or business activities within the City as well as income of residents earned outside of the City.

Employers within the City are required to withhold income tax on employee compensation and remit the tax to the City either monthly or quarterly, as required. Corporations and other individual taxpayers are required to pay their estimated tax quarterly and file a declaration annually. Income tax proceeds are distributed to funds in the following manner: 65% to the General Fund, 13% to the Street Special Revenue Fund, 11% to the Fire Levy Special Revenue Fund, 2% to the Cemetery Special Revenue Fund, 2% to the Recreation Special Revenue Fund, and 7% to the Capital Improvement Capital Projects Fund.

NOTE 10 - RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City contracts with St. Paul Fire and Marine Insurance for general and products-completed operations, which have a \$6,000,000 per occurrence limit; and personal and advertising injury and fire damage liability insurance, which have a \$2,000,000 per occurrent limit. None of these insurance policies has a deductible. The Barengo Insurance Agency, with Continental Casualty Company as the carrier, provides property and liability coverage for the City with the following coverage limits and deductibles.

**CITY OF MARIETTA
WASHINGTON COUNTY**

**NOTES TO THE GENERAL PURPOSE FINANCIAL STATEMENTS
DECEMBER 31, 2000**

NOTE 10 - RISK MANAGEMENT (Continued)

<u>Property</u>	<u>Limit</u>	<u>Deductible</u>
Real Property	\$ 47,036,098	\$ 1,000
Boiler and Machinery	\$ 2,000,000	\$ 1,000
Personal Property	\$ 4,496,872	\$ 1,000

<u>Liability</u>	<u>Limit (Per Occurrence)</u>	<u>Aggregate</u>	<u>Deductible</u>
Commercial General	\$ 2,000,000	\$ 6,000,000	\$ 0
Medical Professional	\$ 2,000,000	\$ 6,000,000	\$ 0
Employee Benefits	\$ 2,000,000	\$ 6,000,000	\$ 1,000
Employer Liability	\$ 2,000,000	\$ 6,000,000	\$ 0
Firemen's Errors and Omissions	\$ 2,000,000	\$ 6,000,000	\$ 0
Public Officials Wrongful Acts	\$ 2,000,000	\$ 6,000,000	\$ 2,500
Law Enforcement	\$ 2,000,000	\$ 6,000,000	\$ 2,500

Vehicles are covered by St. Paul Fire and Marine Insurance and have a \$250 deductible for comprehensive and \$500 for collision. Automobile liability has a \$1,000,000 combined single limit for bodily injury and liability for property damage. The Assistant Safety-Service Director reviews all claims. Settlements have not exceeded coverage in any of the last three years. There have been no significant reductions in insurance coverage from last year.

For 2000, the City participated in the Ohio Municipal League of Ohio Worker's Compensation Group Rating Plan (Plan), an insurance purchasing pool. The Plan is intended to achieve lower worker's compensation rates while establishing safer working conditions and environments for the participants. The worker's compensation experience of the participating Cities is calculated as one experience and a common premium rate is applied to all participants in the Plan. Each participant pays its worker's compensation premium to the State based on the rate for the Plan rather than its individual rate. In order to allocate the savings derived by formation of the Plan, and to maximize the number of participants in the Plan, the Plan's executive committee annually calculates the total savings percentage of the Plan. The Plan's executive committee then collects rate contributions from or pays rate equalization rebates to the various participants. Participation in the Plan is limited to Cities that can meet the Plan's selection criteria. The firm of Gates McDonald provides administrative, cost control, and actuarial services to the Plan. Each year, the City pays an enrollment fee to the Plan to cover the costs of administering the program.

The City may withdraw from the Plan if written notice is provided sixty days prior to the prescribed application deadline of the Ohio Bureau of Worker's Compensation. However, the participant is not relieved of the obligation to pay any amounts owed to the Plan prior to withdrawal, and any participant leaving the Plan allows the representative of the Plan to access less experience for three years following the last year of participation.

**CITY OF MARIETTA
WASHINGTON COUNTY**

**NOTES TO THE GENERAL PURPOSE FINANCIAL STATEMENTS
DECEMBER 31, 2000**

NOTE 11 - DEFINED BENEFIT PENSION PLANS

A. Public Employees Retirement System

All full-time employees, other than non-administrative full-time police officers and firefighters, participate in the Public Employees Retirement System of Ohio (PERS), a cost-sharing multiple-employer public employee retirement system administered by the Public Employees Retirement Board. PERS provides basic retirement and disability benefits, annual cost of living adjustments, and death benefits to plan members and beneficiaries. Benefits are established by Chapter 145 of the Ohio Revised Code. PERS issues a stand-alone financial report which may be obtained by writing to the Public Employees Retirement System, 277 East Town Street, Columbus, Ohio 43215-4642.

Plan members are required to contribute 8.5 percent of their annual covered salary to fund pension obligations. For calendar year 2000, PERS instituted a temporary employer rate rollback for state and local governments. The 2000 employer pension contribution rate for the City was 6.54 percent of covered payroll, reduced from 9.35 percent in 1999. Contributions are authorized by State statute. The contribution rates are determined actuarially. The City's required contributions to PERS for the years ended December 31, 2000, 1999, and 1998, were \$201,349, \$352,567, and \$303,119, respectively. The full amount has been contributed for 1999 and 1998. 74 percent has been contributed for 2000, with the remainder being reported as a fund liability.

B. Police and Firemen's Disability and Pension Fund

The City contributes to the Ohio Police and Fire Pension Fund (OP&F), a cost-sharing multiple employer public employee retirement system administered by the OP&F's Board of Trustees. OP&F provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefit provisions are established by the Ohio State Legislature and by Chapter 742 of the Ohio Revised Code. OP&F issues a publicly available financial report that includes financial information and required supplementary information. That report may be obtained by writing to the Ohio Police and Fire Pension Fund, 140 East Town Street, Columbus, Ohio 43215-5164.

Police and firefighters are required to contribute 10 percent of their annual covered salary to fund pension obligations and the City is required to contribute 12.25 percent for police and 16.75 percent for firefighters. For 1999, the City contributions were 12.5 percent for police and 17 percent for firefighters. Contributions are authorized by State statute. The City's contributions to the OP&F for police and firefighters were \$153,615 and \$226,930 for the year ended December 31, 2000, \$163,763 and \$231,851 for the year ended December 31, 1999, and \$143,807 and \$229,732 for the year ended December 31, 1998. The full amount has been contributed for 1999 and 1998. 73.69 percent and 72.93 percent, respectively, have been contributed for 2000, with the remainder being reported as a fund liability.

**CITY OF MARIETTA
WASHINGTON COUNTY**

**NOTES TO THE GENERAL PURPOSE FINANCIAL STATEMENTS
DECEMBER 31, 2000**

NOTE 12 - POSTEMPLOYMENT BENEFITS

A. Public Employees Retirement System

The Public Employees Retirement System of Ohio (PERS) provides postretirement health care coverage to age and service retirees with ten or more years of qualifying Ohio service credit. Health care coverage for disability recipients and primary survivor recipients is available. The health care coverage provided by the retirement system is considered an Other Postemployment Benefit as described in GASB Statement No. 12. A portion of each employer's contribution to PERS is set aside for the funding of postretirement health care based on authority granted by State statute. The 2000 employer contribution rate was 10.84 percent of covered payroll; 4.30 percent was the portion that was used to fund health care for 2000. For 1999, the contribution rate was 13.55 percent of covered payroll; 4.20 percent was the portion that was used to fund health care.

Benefits are advance-funded using the entry age normal cost method. Significant actuarial assumptions, based on PERS's latest actuarial review performed as of December 31, 1999, include a rate of return on investments of 7.75 percent, an annual increase in active employee total payroll of 4.75 percent compounded annually (assuming no change in the number of active employees) and an additional increase in total payroll of between .54 percent and 5.1 percent based on additional annual pay increases. Health care premiums were assumed to increase 4.75 percent annually.

All investments are carried at market. For actuarial valuation purposes, a smoothed market approach is used. Assets are adjusted to reflect 25 percent of unrealized market appreciation or depreciation on investment assets.

The number of active contributing participants was 401,339. The City's actual contributions for 2000 which were used to fund postemployment benefits were \$132,385. The actual contribution and the actuarially required contribution amounts are the same. PERS's net assets available for payment of benefits at December 31, 1999, (the latest information available) were \$10,805.5 million. The actuarially accrued liability and the unfunded actuarial accrued liability were \$12,473.6 million and \$1,668.1 million, respectively.

For 2000, PERS elected to return to an actuarially pre-funded type of disclosure because it is a better presentation of PERS's actual funding methodology. Since 1997, disclosures had been based on a pay-as-you-go funding basis.

B. Police and Firemen's Disability and Pension Fund

The Ohio Police and Fire Pension Fund (OP&F) provides postretirement health care coverage to any person who receives or is eligible to receive a monthly benefit check or is a spouse or eligible dependent child of such person. An eligible dependent child is any child under the age of 18 whether or not the child is attending school or under the age of 22 if attending school full-time or on a 2/3 basis.

The health care coverage provided by the retirement system is considered an Other Postemployment Benefit (OPEB) as described in GASB Statement No. 12. The Ohio Revised Code provides the authority allowing the Ohio Police and Fire Pension Fund's board of trustees to provide health care coverage and states that health care costs paid from the Ohio Police and Fire Pension Fund shall be included in the employer's contribution rate. Health care funding and accounting is on a pay-as-you-go basis.

**CITY OF MARIETTA
WASHINGTON COUNTY**

**NOTES TO THE GENERAL PURPOSE FINANCIAL STATEMENTS
DECEMBER 31, 2000**

NOTE 12 - POSTEMPLOYMENT BENEFITS (Continued)

B. Police and Firemen's Disability and Pension Fund (Continued)

The total police employer contribution is 19.5 percent of covered payroll and the total firefighter employer contribution rate is 24 percent of covered payroll, of which 7.25 percent of covered payroll was applied to the postemployment health care program during 2000. For 1999 the percent used to fund healthcare was 7 percent. In addition, since July 1, 1992, most retirees have been required to contribute a portion of the cost of their health care coverage through a deduction from their monthly benefit payment.

The City's actual contributions for 2000 that were used to fund postemployment benefits were \$90,915 for police and \$98,223 for fire. The OP&F's total health care expenses for the year ended December 31, 1999, (the latest information available) were \$95,004,633, which was net of member contributions of \$5,518,098. The number of OP&F participants eligible to receive health care benefits as of December 31, 1999, was 12,467 for police and 9,807 for firefighters.

NOTE 13 - OTHER EMPLOYEE BENEFITS

A. Deferred Compensation Plans

City employees and elected officials participate in a statewide deferred compensation plan created in accordance with Internal Revenue Code Section 457. Participation is on a voluntary payroll deduction basis. The plan permits deferral of compensation until future years. According to the plan, the deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency.

B. Additional Insurance

The City provides \$20,000 in life insurance and accidental death and dismemberment insurance to its full-time employees, part-time employees hired before July 1, 1992, and working a minimum of twenty hours per week, part-time employees hired after July 1, 1992, and working a minimum of thirty hours per week, and all elected public officials through Canada Life.

The City provides comprehensive major medical insurance under three plans through Anthem Blue Cross and Blue Shield. The first plan has \$100 single and \$200 family deductible limits and 20% employee copayments for the next \$1,000 single and \$2,000 family in eligible claims. The City pays \$425.22 of the total monthly premium of \$614.76 for family coverage and \$141.75 of the total monthly premium of \$204.78 for single coverage. The second plan is a Preferred Provider plan. Deductibles and copayments for "in-network" services are the same as described in the first plan. The City pays \$425.22 of the total monthly premium of \$483.21 for family coverage and \$141.72 of the total monthly premium of \$161.04 for single coverage. The third plan is a point-of-service plan. Deductible and copayments for "in-network" services are the same as described in the first plan. The City pays \$425.22 of the total monthly premium of \$462.65 for family coverage and \$141.72 of the total monthly premium of \$154.09 for single coverage. Premiums are paid from the same funds that pay the employees' salaries. Settlements have not exceeded coverage in any of the last three years.

**CITY OF MARIETTA
WASHINGTON COUNTY**

**NOTES TO THE GENERAL PURPOSE FINANCIAL STATEMENTS
DECEMBER 31, 2000**

NOTE 13 - OTHER EMPLOYEE BENEFITS (Continued)

C. Compensated Absences

The criteria for determining vested vacation and sick leave components are derived from negotiated agreements and State laws. Upon retirement, all employees hired prior to January 1, 1988, except Firemen and Teamsters, are paid 100% of their sick leave up to a maximum of 120 days. All employees hired after January 1, 1988, except Firemen and Teamsters, are paid fifty percent of their sick leave at the time of retirement up to a maximum of 120 days accumulation. Firemen whose employment with the City is terminated by retirement at any time, or after twelve years of consecutive employment by the City, are paid for accumulated sick leave up to a maximum of 120 days if hired before January 1, 1991. Firemen whose employment with the City is terminated by retirement at any time, or after twelve years of consecutive employment by the City, are paid fifty percent of their accumulated sick leave up to a maximum 120 days accumulation if hired after January 1, 1991. Teamsters hired prior to January 1, 1992, are paid 100% of their sick leave at the time of retirement up to a maximum of 120 days. Teamsters hired after January 1, 1992, are paid fifty percent of their sick leave at the time of retirement up to a maximum of 120 days accumulation. Upon voluntary termination, death, or retirement, all employees will receive 100% of vacation earned and not previously taken.

NOTE 14 - CONTRACTUAL COMMITMENTS

As of December 31, 2000, the City had contractual purchase commitments for projects in various funds. The amount for each project is as follows:

<u>Projects:</u>	<u>Purchase Commitments</u>	<u>Amount Expended</u>	<u>Amount Remaining On Contracts</u>

**NOTES TO THE GENERAL PURPOSE FINANCIAL STATEMENTS
DECEMBER 31, 2000**

NOTE 15 - LONG-TERM OBLIGATIONS (Continued)

	<u>Outstanding</u> <u>12/31/99</u>	<u>Additions</u>	<u>Reductions</u>	<u>Outstanding</u> <u>12/31/00</u>
GENERAL LONG-TERM OBLIGATIONS				
Parking Lot General Obligation Bonds - 5.73%	\$ 0	\$ 190,000	\$ 0	\$ 190,000
Pension Refunding Bonds - 3.75% to 4.0%	425,000	0	80,000	345,000
Paving Issue II Loan Payable - 2.0%	247,441	0	14,868	232,573
Compensated Absences	587,313	288,701	284,050	591,964
	<u>1,259,754</u>	<u>478,701</u>	<u>378,918</u>	<u>1,359,537</u>
TOTAL GENERAL LONG-TERM OBLIGATIONS	<u>1,259,754</u>	<u>478,701</u>	<u>378,918</u>	<u>1,359,537</u>
GRAND TOTAL	<u>\$ 8,464,754</u>	<u>\$ 716,764</u>	<u>\$ 718,918</u>	<u>\$ 8,462,600</u>

Enterprise fund obligations will be paid from user fees in the respective enterprise funds. The Water Issue II Loan in the Water Enterprise Fund was issued to help finance the water treatment plant phase III improvements. The Sewer Issue II Loan in the Sewer Enterprise Fund was issued to help finance the sludge belt press project. The full amount of the loan has not been drawn at year end; therefore, no amortization schedule has been presented. The pension and parking lot bonds will be paid from general property tax revenues. The Paving Issue II Loan was issued to finance paving on Third Street in the City. The loan will be paid from intergovernmental revenue of the State Highway Special Revenue Fund. Compensated absences reported in the "compensated absences payable" account will be paid from the fund which the employees' salaries are paid.

General obligation and revenue bonds payable in the enterprise funds are made up of the following components:

	<u>Water</u>	<u>Sewer</u>	<u>Total</u>
Outstanding Balance of Bonds	\$ 5,535,000	\$ 990,000	\$ 6,525,000
Unamortized Discount	(9,280)	0	(9,280)
Unamortized Accounting Gain	0	(64,983)	(64,983)
	<u>5,525,720</u>	<u>925,017</u>	<u>6,450,737</u>
Net Bonds Payable	<u>\$ 5,525,720</u>	<u>\$ 925,017</u>	<u>\$ 6,450,737</u>

As of December 31, 2000, the City's overall legal debt margin (the ability to issue additional amounts of general obligation bonded debt) was \$20,283,331. Pursuant to State statute, economic development revenue bonds were issued for \$2,820,000 in 1997 for Marietta College. The amount outstanding as of December 31, 2000, is \$2,330,000. The proceeds of the bonds are used by the College for energy management equipment. The bonds are to be repaid by the College and do not represent an obligation of the City.

Long-Term Liabilities to be paid from fund revenues	1,185,556	5,776,169	6,961,725
Total Equity	8,097,974	5,136,766	13,234,740
Encumbrances Outstanding at December 31, 2000	692,681	225,677	918,358

NOTE 19 - JOINTLY GOVERNED ORGANIZATIONS

A. Buckeye Hills-Hocking Valley Regional Development District

The Buckeye Hills-Hocking Valley Regional Development District serves as the Area Agency on Aging for Washington, Athens, Hocking, Meigs, Monroe, Morgan, Noble, and Perry Counties. The District was created to foster a cooperative effort in regional planning, programming, and the implementing of regional plans and programs. The District is governed by a fifteen member board of directors. The board is composed of one member from the City of Marietta and the City of Athens, one elected official from each of the participating Counties, and the remaining members are private citizens appointed by the respective political bodies based upon population. The board has total control over budgeting, personnel and all other financial matters. The District receives Title III monies directly. Currently, a portion of the Title III monies are distributed to the O'Neill Senior Citizens Center Corporation, a private not-for-profit corporation. The City contributed \$1,503 to the District during 2000. The continued existence of the District is not dependent on the City's continued participation and no equity interest exists.

**CITY OF MARIETTA
WASHINGTON COUNTY**

**NOTES TO THE GENERAL PURPOSE FINANCIAL STATEMENTS
DECEMBER 31, 2000**

NOTE 19 - JOINTLY GOVERNED ORGANIZATIONS (Continued)

B. Community Action Program Corporation of Washington-Morgan Counties, Ohio

The Community Action Program Corporation of Washington-Morgan Counties, Ohio is operated as a non-profit organization formed to provide various programs in Washington and Morgan Counties. Currently, the Corporation administers the Family Service and Outreach Program, the Community Action Bus Line (CABL), the Child Development Program, the Senior Nutrition Program, Women, Infants and Children's Supplemental Nutrition Program, the Home Weatherization Assistance and Energy Program, the Job Training and Partnership Act Program, Housing and Urban Development Section 8 Existing Housing Voucher/Certificate Program and various other state and federal programs. The Corporation is the direct recipient of the federal and state monies. The Corporation is governed by a fifteen member council. The council is comprised of the Mayor of the City of Marietta, the Mayor of the City of Belpre, two commissioners from Washington County, one Commissioner from Morgan County, five lower income representatives and five private sector representatives from Washington and Morgan Counties selected by outreach workers. Currently, the Corporation, by contract with the City of Marietta and Washington and Morgan Counties provides administrative services to these governments in specific programs. In 1997, the Corporation administered the City's share of the Community Action Bus Line, the City's Housing and Urban Development grant, and Comprehensive Housing Improvement Program grant. During 2000, the Corporation did not receive any administrative fees from the City. These fees were received by the Corporation directly from the granting agencies. The continued existence of the Corporation is not dependent on the City's continued participation and no equity interest exists.

C. Wood, Washington, and Wirt Planning Commission

The Wood, Washington, and Wirt Planning Commission was created to fulfill the requirements governing urban transportation planning under the Federal Highway Administration and Urban Mass Transportation Administration program regulations in Wood, Washington, and Wirt Counties. The Commission was formed pursuant to West Virginia Code Sections and Ohio Revised Code Section 713.30 and serves as a form of a regional planning commission. The Commission is comprised of representatives from county and city governments and a cross section of members from the community appointed by the governmental units. Currently, the Commission has eight governmental representatives and the Mayor of the City of Marietta serves on the Commission. Revenues are derived from Federal Highway and Federal Transportation Administration Grants distributed by the States of Ohio and West Virginia. Local governments contribute a ten percent local match. During 2000, the City of Marietta contributed \$8,139. The continued existence of the Commission is not dependent on the City's continued participation and no equity interest exists.

NOTE 20 - CONTINGENCIES

A. Grants

The City received financial assistance from federal and state agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the City at December 31, 2000.

**CITY OF MARIETTA
WASHINGTON COUNTY**

**NOTES TO THE GENERAL PURPOSE FINANCIAL STATEMENTS
DECEMBER 31, 2000**

NOTE 20 - CONTINGENCIES (Continued)

B. Litigation

The City of Marietta is currently not party to pending litigation proceedings seeking damages or injunctive relief as confirmed by the City Law Director.

**CITY OF MARIETTA
WASHINGTON COUNTY**

**NOTES TO SCHEDULE OF FEDERAL AWARDS EXPENDITURES
FOR THE YEAR ENDED DECEMBER 31, 2000**

Note 1 - Basis of Accounting

The City prepares its Schedule of Federal Awards Expenditures (the Schedule), on the cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles.

Note 2 - Subrecipients

The City passes through certain federal assistance received from the United States Department of Housing and Urban Development to the Community Action Program Corporation of Washington-Morgan Counties, Ohio, a not-for-profit entity.

The subrecipient agency has certain compliance responsibilities related to administering these federal programs. Under OMB Circular A-133, the City is responsible for monitoring subrecipients to help assure that federal awards are used for authorized purposes in compliance with laws, regulations and the provisions of contracts or grants agreements, and that performance goals are achieved.

Note 3 - Matching Requirements

Certain federal programs require the City to contribute nonfederal (matching) funds to support the federally funded programs. The City has complied with the matching requirements. The expenditure of nonfederal matching funds is not included on the Schedule.

**REPORT OF INDEPENDENT ACCOUNTANTS ON COMPLIANCE AND
ON INTERNAL CONTROL REQUIRED BY GOVERNMENT AUDITING STANDARDS**

City of Marietta
Washington County
308 Putnam Street
Marietta, Ohio 45750

To the Members of City Council:

We have audited the general purpose financial statements of the City of Marietta, Washington County, Ohio (the City), as of and for the year ended December 31, 2000, and have issued our report thereon dated May 22, 2001. We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether City's general purpose financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*. However, we noted an immaterial instance of noncompliance that we have reported to the management of the City in a separate letter dated May 22, 2001.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the City's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the general purpose financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses. However, we noted other matters involving the internal control over financial reporting that do not require inclusion in this report, that we have reported to management of the City in a separate letter dated May 22, 2001.

**REPORT OF INDEPENDENT ACCOUNTANTS ON COMPLIANCE WITH
REQUIREMENTS APPLICABLE TO EACH MAJOR FEDERAL PROGRAM AND INTERNAL
CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133**

City of Marietta
Washington County
308 Putnam Street
Marietta, Ohio 45750

To the Members of City Council:

Compliance

We have audited the compliance of the City of Marietta, Washington County, Ohio (the City), with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133, Compliance Supplement* that are applicable to each of its major federal programs for the year ended December 31, 2000. The City's major federal programs are identified in the Summary of Auditor's Results Section of the accompanying Schedule of Findings. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the City's management. Our responsibility is to express an opinion on the City's compliance based on our audit.

We conducted our audit of compliance in accordance with generally accepted auditing standards; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance occurred with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the City's compliance with those requirements.

In our opinion, the City complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended December 31, 2000.

Internal Control Over Compliance

The management of the City is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the City's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to material weaknesses. However, we noted a certain matter involving the internal control over federal compliance that does not require inclusion in this report, that we have reported to management of the City in a separate letter dated May 22, 2001.

This report is intended for the information and use of the audit committee, City Council, management and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.
