REPORT OF INDEPENDENT ACCOUNTANTS

Village of Orangeville
Trumbull County
P.O. Box 132
Orangeville, Ohio 44453

To the Village Council:

We have audited the accompanying financial statements of the Village of Orangeville, Trumbull County, Ohio, (the Village) as of and for the years ended December 31, 2000 and December 31, 1999. These financial statements are the responsibility of the Village's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As discussed in Note 1, the Village prepares its financial statements on the basis of accounting prescribed or permitted by the Auditor of State, which is a comprehensive basis of accounting other than generally accepted accounting principles.

In our opinion, the financial statements referred to above present fairly, in all material respects, the combined fund cash balances of the Village as of December 31, 2000 and December 31, 1999, and its combined cash receipts and disbursements for the years then ended on the basis of accounting described in Note 1.

In accordance with *Government Auditing Standards*, we have also issued our report dated June 22, 2001 on our consideration of the Village's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

**NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 1999 AND 2000**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Description of the Entity

The Village of Orangeville, Trumbull County, (the Village) is a body corporate and politic established to exercise the rights and privileges conveyed to it by the constitution and laws of the State of Ohio. The Village is directed by a publicly-elected six-member Council. The Village provides general governmental services, including street maintenance services, street lighting and fire protection services.

The Village's management believes these financial statements present all activities for which the Village is financially accountable.

B. Basis of Accounting

These financial statements follow the basis of accounting prescribed or permitted by the Auditor of State, which is similar to the cash receipts and disbursements basis of accounting. Receipts are recognized when received in cash rather than when earned, and disbursements are recognized when paid rather than when a liability is incurred. Budgetary presentations report budgetary expenditures when a commitment is made (i.e., when an encumbrance is approved).

These statements include adequate disclosure of material matters, as prescribed or permitted by the Auditor of State.

C. Fund Accounting

The Village uses fund accounting to segregate cash and investments that are restricted as to use. The Village classifies its funds into the following types:

1. General Fund

The General Fund is the general operating fund. It is used to account for all financial resources except those required to be accounted for in another fund.

2. Special Revenue Fund

These funds are used to account for proceeds from specific sources (other than from trusts or for capital projects) that are restricted to expenditure for specific purposes. The Village had the following significant Special Revenue Funds:

Street Construction, Maintenance and Repair Fund - This fund receives gasoline tax and motor vehicle tax money for constructing, maintaining and repairing Village streets.

Fire Levy Fund - This fund's receipts are generated from a restricted Village tax levy and are only to be utilized to provide fire protection for Village residents.

D. Budgetary Process

The Ohio Revised Code requires that each fund be budgeted annually.

TRUMBULL COUNTY
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 1999 AND 2000
(Continued)**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

1. Appropriations

Budgetary expenditures (that is, disbursements and encumbrances) may not exceed appropriations at the fund, program, object level of control, and appropriations may not exceed estimated resources. The Council must annually approve appropriation measures and subsequent amendments. The County Budget Commission must also approve the annual appropriation measure. Appropriations lapse at year end.

2. Estimated Resources

Estimated resources include estimates of cash to be received (budgeted receipts) plus cash as of January 1. The County Budget Commission must also approve estimated resources.

3. Encumbrances

The Ohio Revised Code requires the Village to reserve (encumber) appropriations when commitments are made. Encumbrances outstanding at year end are cancelled, and reappropriated in the subsequent year.

A summary of 2000 and 1999 budgetary activity appears in Note 3.

E. Property, Plant and Equipment

Acquisitions of property, plant and equipment are recorded as disbursements when paid. These items are not reflected as assets on the accompanying financial statements.

2. EQUITY IN POOLED CASH

The Village maintains a cash pool used by all funds. The Ohio Revised Code prescribes allowable deposits. The carrying amount of cash at December 31 was as follows:

	<u>2000</u>	<u>1999</u>
Demand deposits	\$ 75,505	\$ 59,457

Deposits: Deposits are insured by the Federal Depository Insurance Corporation.

3. BUDGETARY ACTIVITY

Budgetary activity for the years ending December 31, 2000 and December 31, 1999 follows:

2000 Budgeted vs. Actual Receipts			
Fund Type	Budgeted Receipts	Actual Receipts	Variance
General	\$ 17,296	\$ 21,823	\$ 4,527
Special Revenue	22,096	22,113	17
Capital Projects	61,100	0	(61,100)
Total	\$ 100,492	\$ 43,936	\$ (56,556)

Special Revenue	40,925	29,396	11,529
Total	<u>\$ 67,720</u>	<u>\$ 50,427</u>	<u>\$ 17,293</u>

4. PROPERTY TAX

Real property taxes become a lien on January 1 preceding the October 1 date for which rates are adopted by Village Council. The State Board of Tax Equalization adjusts these rates for inflation. Property taxes are also reduced for applicable homestead and rollback deductions. Homestead and rollback amounts are then paid by the State, and are reflected in the accompanying financial statements as Intergovernmental Receipts. Payments are due to the County by December 31. If the property owner elects to make semiannual payment, the first half is due December 31. The second half payment is due the following June 20.

Tangible personal property tax is assessed by the property owners, who must file a list of such property to the County by each April 30.

The County is responsible for assessing property, and for billing, collecting, and distributing all property taxes on behalf of the Village.

5. RETIREMENT SYSTEMS

Employees and officials belong to the Public Employees Retirement System (PERS) of Ohio. PERS is a cost-sharing, multiple-employer plan. This plan provides retirement benefits, including postretirement healthcare, and survivor and disability benefits to participants as prescribed by the Ohio Revised Code.

Contribution rates are also prescribed by the Ohio Revised Code, PERS members contributed 8.5% of their gross salaries. The Village contributed an amount equal to 13.55% for 1999 and 10.84% for 2000 of participants' gross salaries. The Village has paid all contributions required through December 31, 2000.

Effective July 1, 1991, all employees not otherwise covered by the Public Employees Retirement System have an option to choose Social Security or PERS. As of December 31, 2000, two council members and two part-time employees have elected Social Security coverage. The Village's contribution is 6.2%, the employees contribution is also 6.2%.

6. RISK MANAGEMENT

The Village has obtained commercial insurance for the following risks:

- Comprehensive property and general liability
- Vehicles
- Inland Marine for coverage of computer equipment and tractor.

**REPORT OF INDEPENDENT ACCOUNTANTS ON COMPLIANCE AND ON INTERNAL CONTROL
REQUIRED BY GOVERNMENT AUDITING STANDARDS**

Village of Orangeville
Trumbull County
P.O. Box 132
Orangeville, Ohio 44453

To the Village Council:

We have audited the accompanying financial statements of the Village of Orangeville, Trumbull County, Ohio (the Village), as of and for the years ended December 31, 2000 and December 31, 1999, and have issued our report thereon dated June 22, 2001. We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the Village's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*. However, we noted a certain immaterial instance of noncompliance that we have reported to management of the Village in a separate letter dated June 22, 2001.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Village's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses. However, we noted a matter involving the internal control over financial reporting that does not require inclusion in this report, that we have reported to management of the Village in a separate letter dated June 22, 2001.
