Board of Education
Winton Woods City School District
Winton Woods, Ohio

We have reviewed the independent auditor's report of the Winton Woods City School District, Hamilton County, prepared by Plattenburg & Associates, Inc., for the audit period July 1, 2000 through June 30, 2001. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The Winton Woods City School District is responsible for compliance with these laws and regulations.

JIM PETRO
Auditor of State

December 5, 2001

To the Citizens and Board of Education of the Winton Woods City School District:

I am pleased to present the Comprehensive Annual Financial Report (CAFR) of the Winton Woods City School District (District). This report is for the fiscal year ended June 30, 2001. The report contains financial statements, supplemental statements, and other financial and statistical information to provide complete and full disclosure of all material financial aspects of the District for 2000-2001 fiscal year.

Responsibility for the accuracy, completeness and fairness of this report rests with the District and more specifically, the Office of the Treasurer. To the best of our knowledge and belief, this report and the enclosed data are accurate in all material aspects and are reported in a manner designed to present fairly the financial position, results of operation, and cash flows of the various funds and account groups of the District.

This report was prepared in conformance with generally accepted accounting principles as set forth by the Governmental Accounting Standards Board (GASB) and is representative of the District's continuing commitment to provide meaningful financial information to the citizens of the District.

This report has been divided into three sections:

The Introductory Section: includes a table of contents, this transmittal letter, a list of principal officials and the District's organizational chart.

The Financial Section: includes the unqualified opinion of our independent auditors, Walter W. Plattenburg and Associates, Inc., the general purpose financial statements, and the combining and individual fund and account group financial statements and schedules.

The Statistical Section: includes selective financial, economic, and demographic information generally presented on a multi-year basis for comparative purposes.

This report includes all funds and account groups of the District. The District also acts as fiscal agent for State funds distributed to private schools located within the District boundaries.

We're on the move!

Therefore, this fiduciary responsibility is included in the reporting entity as an agency fund. The private schools served are Our Lady of the Rosary, St. Bartholomew Consolidated, Creative Children's World and Trinity Christian. Although these organizations share operational and service similarity with the District, each is a separate and distinct entity. Because of their independent nature, none of these organizations financial statements are included in this report.

DESCRIPTION OF THE DISTRICT

The District is located approximately 15 miles north of Cincinnati, Ohio. It serves an area of 13.2 square miles encompassing the City of Forest Park, Village of Greenhills and a small portion of Springfield Township. The total District population has decreased from 29,165 in 1980 to 27,692, latest information available, in 1990.

During the 2000-2001 school year, the District had 4,316 students enrolled in 5 elementary schools serving grades K-6, 1 middle school serving grades 7-8 and 1 high school serving grades 9-12. This enrollment decreased 93 students under the previous year. The District also operates a variety of other facilities, including a central administration building, bus garage, maintenance building and several sports fields.

The District provides a full range of programs and services for its students. These include elementary and secondary course offerings at the general, vocational and college preparatory levels. A broad range of co-curricular and extra-curricular activities to complement the students' curricular programs are also offered.

ORGANIZATION OF THE DISTRICT

The Board of Education of the Winton Woods City School District (Board) is composed of five members elected at large by the citizens of the District. The Board serves as the taxing authority, contracting body and policy initiator of the operation of the District. The Board is also responsible for the adoption of the tax budget, the annual operating budget and approves all expenditures of the District. The Board is a body politic and corporate, as defined by Section 3313.02 of the Ohio Revised Code, and has only those powers and authority conferred upon it by the Code.

The current Board members, their terms and years on the Board as of June 30, 2001 are:

<u>Board Member</u>	<u>Current Term</u>	<u>Total Years</u>
Mr. John Pennycuff	Jan. 2000 - Dec. 2003	11.5
Mrs. Lori Handler	Jan. 1998 - Dec. 2001	9.5
Ms. Cindy Emmert	Jan. 2000 - Dec. 2001	2
Mr. Robert Lee	June 1998 - Dec. 2001	5
Mrs. Cynthia Richardson	Jan. 2000 - Dec. 2003	1.5

The Superintendent is the chief executive officer of the District and is responsible directly to the Board for all operations of the District. Dr. Thomas L. Richey was initially appointed as Superintendent effective January 1, 1993 and his current contract will expire on July 31, 2003.

The Treasurer is the chief financial officer of the District and is directly responsible to the Board for all financial operations, investments, custody of all District funds and assets, and serves as Secretary to the Board. Ms. Alana Cropper was initially appointed Treasurer effective January 1, 1994 and her current contract will expire December 31, 2003.

All other District employees are responsible to the Superintendent and are employed by the Board upon the recommendation of the Superintendent.

ECONOMIC CONDITION AND OUTLOOK

The District is located in Hamilton County, northwest of Cincinnati. Hamilton County has traditionally had a strong economy with unemployment rates consistently below state and national averages. The area has enjoyed growth during the past year in retail, business and industrial parks, and recreational facilities. Convenient access to interstate highways I-71 and I-75 and interstate connector I-275 has helped the growth of this area.

In February of 1998, the District passed a 6.95 mill continuous property tax and a 1 mill permanent improvement levy which together will generate approximately \$3 million annually. Collections of this levy began in February of 1999. The State of Ohio has no inflationary effect built into voted property tax levies. Due to no inflationary increases, the District is required to periodically present tax levies to the voters. The District projects that another levy will not be necessary for three more years.

MAJOR INITIATIVES

District Goals

The following is the vision the Board has set for the District:

- Plan, implement and promote a program for school improvement at each school center in the district.
- Improve student achievement as measured by classroom performance and the results of standardized tests.
- Increase the level of expectation of students, staff and parents in maximizing performance and achievement.
- Improve the public image of the quality of education in the Winton Woods City Schools.
- Increase technology planning, technology hardware and technology software as a means to improve student computer literacy, instruction and management efficiency.
- Develop and implement a plan for professional growth and development of staff.
- Develop and initiate a valid, fair and competitive plan for administrative compensation.

- Create and implement a retention, promotion and grading policy for the Winton Woods City School District.
- Continue to promote a policy of fiscal responsibility which leads to district financial solvency.
- Create a values (beliefs) statement for the Winton Woods City School District.

The administration will use these goals as benchmarks in planning for the future of the District.

Beliefs Statement

The final goal was the catalyst for the development of the Beliefs Statement below.

We believe all students can learn.

We believe schools make a difference in the life of students.

We believe the responsibility for the education of students is shared by students, parents, staff and community.

We believe, to be successful, the system must have the support and participation of the community it serves.

We further believe we must provide an educational community that:

- maximizes the learning potential of every student
- provides for equal access to educational opportunities
- prepares students to participate in a democratic society
- exhibits and encourages self-discipline
- promotes the development of positive self image
- responds to differences of talent, ability, interest and need
- leads students to lifelong, self-directed learning
- promotes physical education and appreciation of the fine arts
- promotes commitment to purposes and causes which go beyond self-interest

DEPARTMENTAL FOCUS - DEPARTMENT OF INSTRUCTION

The mission of the department is to collaborate with administrators, teachers and the community to improve student achievement.

At the opening of the 2000-2001 school year, as a part of the district's focus on curriculum two teachers were assigned to the role of content specialist for grades K-6, one for literacy and one for mathematics. Their job was to work directly with teachers in the classroom helping them implement best practices for instruction. In addition they provided staff development activities at the building and district level. These positions have proved to be a very valuable asset for teachers and the department.

The department has taken a leadership role in implementing and monitoring the district and building Continuous Improvement Plans. Efforts centered on the four key focus areas of the plans. These were: student achievement, barriers to learning, effective utilization of resources and parent/community collaboration. The plans outline a three-year process to reach the goal of meeting the state standards for the effective category. This year's efforts resulted in increasing the number of areas the district meets from 10 to 15. This moved the district from academic watch status to continuous improvement.

In March the department formed a review team consisting of Board of Education members, community members and central office administrators to hear progress reports from each of the school buildings in relation to the goals and activities of their Continuous Improvement Plans. Upon completion of these reports the review committee was able to identify a number of district wide issues that need to be taken under consideration for action and a number of best practices that merit implementation district wide. This district information was shared with all concerned and each building principal received feedback specific to his or her building. Periodic reporting will continue throughout the 2001-2002 school year.

An outgrowth of this reporting process was the formation of a committee to study the use of instructional time at the elementary level and the effort of pull out programs. A committee of principals and teachers gathered information on all of the programs that take students out of the classroom during instructional time and made a series of recommendations to reduce or eliminate the need for students to miss classroom instruction for the various programs. All programs will continue but students will be assigned in different ways to minimize lost instructional time.

Student achievement efforts were focused in three content areas: English Language Arts, mathematics and science. In the area of English Language Arts instruction new instructional materials for grades K-6 were evaluated, adopted and placed into use. Teachers received training in curriculum mapping and the use of the new integrated language arts program to support the adopted graded course of study. The graded course of study was restructured to more clearly indicate to teachers which student objectives were connected to each of the strands of the Ohio Proficiency tests. At all buildings and grade levels a larger part of the instructional day was devoted to reading and writing instruction. A consistent district-wide ongoing assessment program for reading and writing was created and teachers provided in-service in preparation for it's implementation with the beginning of the 2001-2002 school year. Current copyright literature anthologies for grades 7-12 were evaluated and new anthologies selected for use beginning in the fall of 2001. Work was begun to more closely articulate and coordinate instruction across grades and between teachers to provide a more consistent program for the students.

The 2001-2002 school year will see a continued focus on literacy. New instructional materials based upon the most recent research in the teaching and learning of English Language Arts will be in place, staff development for literacy will continue, new ongoing assessments will be in place, and coordination and articulation efforts will continue.

Mathematics remained an area of intense focus. Staff development activities have continued at all levels. A computer based Algebra I program was implemented at the middle school in January. Middle school teachers and members of the department went to Pittsburgh for training prior to the implementation. The program is a research based on one developed at Carnegie Melon University. In May all high school mathematics teachers received training here in the district and in the fall all algebra I classes, geometry and algebra II classes will be using the program and related materials. Also, effective with the 2001-2002 school year all eighth graders will be enrolled in algebra I. At the elementary level a series of assessments have been developed to assist teachers in identifying more precisely, which critical skills students have mastered and which need to be re-taught.

In the fall of 2000-2001 school year the department worked with a group of teachers to analyze the Ohio Proficiency Science Tests from the past four years to determine the balance of questions among the domains of science. They also worked with the state and national standards to begin the realignment of the K-12 science course of study. Much progress was made and as a result of this work middle school students will have many earth science concepts incorporated into their program. Grant money was used to purchase new materials to enhance this instruction. In the fall a draft K-6 scope and sequence will be piloted along with new instructional materials. The 7-12 scope and sequence will continue to be analyzed and recommendations made for course realignment will be made to assure that students are prepared for the upcoming Ohio Graduation Test.

FINANCIAL INFORMATION

The District's accounting system is organized on a "fund" basis. Each fund and account group is a distinct, self-balancing entity. Records for general governmental operations are maintained on a cash basis system of accounting as prescribed by the Ohio Auditor of State. Cash basis accounting differs from generally accepted accounting principles (GAAP) as promulgated by the Governmental Accounting Standards Board (GASB). GAAP, as more fully described in the notes to the financial statements, provides for a modified accrual basis of accounting for the General Fund, Special Revenue Funds, Debt Service Fund, Capital Projects Fund, Expendable Trust Fund, and Agency Funds and for full accrual basis of accounting for all other funds. The District began a conversion to GAAP for financial reporting for the fiscal year ended June 30, 1991.

Internal Controls:

The management of the District is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the District are protected from loss, theft or misuse and to ensure that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles (GAAP). The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived from its implementation; and (2) the valuation of cost and benefits requires estimates and judgments by management.

Budgetary Controls:

The District maintains its accounts, appropriations and other financial records in accordance with the procedures established and prescribed by the Ohio Auditor of State. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriation resolution approved by the Board of Education. Activities of all funds are included in the annual appropriation resolution. The level of budgetary control (the level at which expenditures cannot legally exceed the appropriated amount) is established by function within an individual fund. Ohio law permits Districts to close the financial records on a budgetary basis a few days prior to year-end and adjust appropriations to equal actual expenditures. The District also maintains an encumbrance accounting system as one technique of accomplishing budgetary control. Encumbered amounts at year-end are carried forward to succeeding years and are not reappropriated. As demonstrated by the statements and schedules included in the financial section of this report, the District continues to meet its responsibility for sound financial management.

General Fund

The following schedule presents a summary of revenues for the fiscal year ended June 30, 2001 and the amount and percentage of increases and decreases in relation to the 2000 fiscal year:

<u>Revenues by Source</u>	<u>2001 Amount</u>	<u>Percent Of Total</u>	<u>Increase (Decrease)</u>	<u>Percent of Increase (Decrease)</u>
Taxes	\$15,407,164	49.43%	\$(128,423)	(.83)%
Tuition	335,782	1.08%	(74,950)	(18.25)%
Earnings on investments	744,057	2.38%	177,731	31.38%
Other local revenues	528,390	1.70%	(77,261)	(12.76)%
Intergovernmental - state & local	14,150,868	45.40%	842,868	6.33%
Intergovernmental - federal	3,343	.01%	3,343	100.00%
Total	<u>\$31,169,604</u>	<u>100.00%</u>	<u>\$743,308</u>	<u>.02%</u>

- The District is eligible to receive an advance on property tax collections of June 30th. The amount available for advance was much higher at June 30, 2000 than at June 30, 2001. This is the primary reasons taxes decreased by .83%.
- Intergovernmental – state & local increased by 6.33% during fiscal year 2001, primarily due to increased per pupil funding by the State.

The following schedule presents a summary of expenditures for the General Fund for the fiscal year ended June 30, 2001 and the amount and percentage of increases or decreases in relation to the 2000 fiscal year:

<u>Expenditures by Function</u>	<u>2001 Amount</u>	<u>Percent of Total</u>	<u>Increase (Decrease)</u>	<u>Percent of Increase (Decrease)</u>
Instruction:				
Regular	\$13,856,600	46.41%	\$656,449	4.97%
Special	3,037,030	10.16%	252,398	9.06%
Vocational	438,172	1.47%	28,837	7.04%
Other	106,524	0.36%	(9,235)	(7.98)%
Support services:				
Pupil	1,403,374	4.70%	(111,347)	(7.35)%
Instructional staff	2,029,361	6.80%	235,668	13.14%
General administration	48,521	0.16%	9,706	25.01%
School administration	2,759,339	9.24%	430,857	18.50%
Fiscal	527,282	1.77%	(3,519)	(.66)%
Business	171,742	0.58%	2,235	1.32%
Operations & maintenance	3,357,482	11.24%	308,806	10.13%
Pupil transportation	1,176,282	3.94%	(167,833)	(12.49)%
Central	439,752	1.47%	55,008	14.30%
Community services	18,588	0.06%	2,068	12.52%
Extracurricular	318,971	1.07%	9,507	3.07%
Capital outlay	21,545	.07%	21,545	100.00%
Debt service:				
Principal retirement	112,383	0.38%	3,284	3.01%
Interest and fiscal charges	35,727	0.12%	(1,850)	(4.92)%
Total	<u>\$29,858,675</u>	<u>100.00%</u>	<u>\$1,722,584</u>	6.12%

The District spends approximately 86% of its' budget on wages and benefits. During 1999, the District cut approximately \$1.2 million in staff and programs from the General Fund. During fiscal years 2000 and 2001, the District was able to re-instate some of the previous years cuts, due to property tax collections. Certified and noncertified personnel received raises and step increases. All of these events have contributed to expenditures increasing by 6.12%.

As a result of the passage of the 6.95 mil operating levy and 1 mil levy for permanent improvements the District has stabilized it's financial condition.

Special Revenue Funds

Special Revenue Funds account for certain revenue sources restricted by law or other formal actions to be expended for a specific purpose. The sources are primarily grants and entitlements. All Special Revenue Funds on a combined basis operated with \$2,404,855 in revenues and \$2,164,720 in expenditures in 2001.

Capital Projects Funds

The Permanent Improvement Capital Projects Fund was set up to account for improvements in District equipment and facilities. During the 2001 fiscal year, the District issued \$650,000 of general obligation notes. The note proceeds will enable the District to expedite facility improvements throughout the District. A Schoolnet Plus Fund was set up in 1996 to account for a State of Ohio grant. The grant proceeds are intended to finance technology needs. The District Capital Projects Funds ended the 2001 fiscal year with a fund balance of \$658,216.

Fiduciary Funds

Trust and Agency Funds require a fiduciary relationship in their management by the District. The Trust Fund currently carried on the records of the District represents an Expendable Trust which may be used for any purpose. Agency funds utilized by the District include a Student Activities Fund and an Employee Benefits Fund. Agency fund liabilities totaled \$36,568.

Enterprise Funds

The District's Enterprise Funds are the Food Service Fund and Uniform School Supply Fund. These funds are similar in nature to profit making activities found in the private sector and are managed accordingly. District Enterprise Funds operated in 2001 with \$572,529 in revenues and recorded a net income of \$24,940.

Debt Administration

A \$630,000 note payable obligation issued during fiscal year 1994 to provide funding for energy conservation projects was outstanding in the amount of \$220,000 at June 30, 2001. A \$1,140,000 note payable obligation issued during fiscal year 2000 to provide funding for technology projects was outstanding in the amount of \$920,000 at June 30, 2001. General obligation notes in the amount of \$650,000 were issued August 1, 2000 for the purpose of capital improvements.

Cash Management

The District's cash management program addresses the issues of safety, liquidity and yield while maximizing returns. The District utilizes the Star Ohio program investment pool operated by the Treasurer of State for ready cash and yield. Certificates of deposit, treasury notes, bankers acceptances, commercial paper and repurchase agreements are utilized for longer term investments. Interest earned for all funds during the fiscal year was \$748,065.

Risk Management

The District continues to protect its assets through a comprehensive insurance program. A schedule of insurance in force on June 30, 2001 is included in the Statistical Section of this report.

Independent Audit

The State of Ohio requires an annual audit by either the Ohio Auditor of State or by an independent public accounting firm. Walter W. Plattenburg and Associates, Inc. was selected by the State Auditor and the District to perform the audit for the fiscal year ended June 30, 2001. The auditor's unqualified opinion rendered on the District's general purpose financial statements, and their report on the combining and individual fund statements and schedules, is included in the financial section of this Comprehensive Annual Financial Report.

Awards

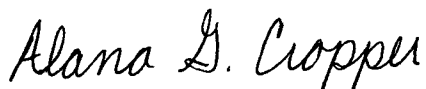

The District received the coveted Certificate of Achievement for Excellence in Financial Reporting from the Government Finance Officers Association of the United States and Canada (GFOA) for the 2000 Comprehensive Annual Financial Report. This year's report will also be submitted for this award. We feel that the contents of the report are easily readable, efficiently organized and conform to program standards. Such reports must satisfy both generally accepted accounting principles and applicable legal requirements. The District believes our current report conforms to the Certificate Of Achievement Program requirements and we are submitting it to the GFOA to determine its eligibility for a certificate.

The District will also seek the Association of School Business Officials (ASBO) Certificate of Excellence in Financial Reporting for the fiscal year ended June 30, 2000. The District received the Certificate of Achievement for Excellence in Financial Reporting from ASBO for the 2000 Comprehensive Annual Financial Report. This award certifies that a Comprehensive Annual Financial Report substantially conforms to the principles and standards of financial reporting as recommended and adopted by the Association of School Business Officials. This award is granted only after an extensive review of the report by an expert panel of certified public accountants and practicing school business officials.

Acknowledgments

The preparation of this report was possible by the dedicated service of the entire Treasurer's staff. Sincere appreciation is extended to Dr. Thomas Richey and Martha Spiess for their individual efforts. Finally, the support and commitment to excellence by the Winton Woods Board of Education was vital to the continuing efforts being made to improve our financial management and reporting.

Sincerely,

Alana G. Cropper, CPA
Treasurer

Independent Auditors' Report

December 5, 2001

Board of Education
Winton Woods City School District
Winton Woods, Ohio

We have audited the accompanying general purpose financial statements of the Winton Woods City School District (the District), as of and for the year ended June 30, 2001, as listed in the table of contents. These general purpose financial statements are the responsibility of the District's management. Our responsibility is to express an opinion on these general purpose financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall general purpose financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

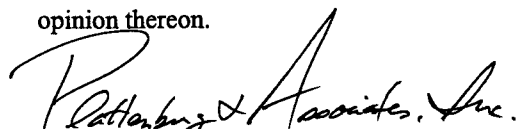

As described in the notes to the financial statements, the District adopted Governmental Accounting Standards Boards Statement 33 as of and for the year ended June 30, 2001.

In our opinion, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the District, as of June 30, 2001, and the results of its operations and the cash flows of its proprietary fund type for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued a report dated December 5, 2001 on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

Our audit was performed for the purpose of forming an opinion on the general purpose financial statements taken as a whole. The combining and individual fund and account group financial statements and schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the general purpose financial statements of the District. Such information has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and, in our opinion, is fairly presented in all material respects in relation to the general purpose financial statements taken as a whole.

We did not audit the data included in the introductory and statistical sections of this report and therefore express no opinion thereon.

Changes in assets and liabilities:	
Decrease in accounts receivables	165
(Increase) in materials and supplies inventory	(3,887)
(Decrease) in accounts payable	(901)
Increase in accrued wages and benefits	4,999
(Decrease) in deferred revenues	(1,575)
(Decrease) in pension obligations payable	(15,640)
Increase in compensated absences	12,727
Net cash used by operating activities	<u><u>(\$248,169)</u></u>

Noncapital financing activities:

During the year the Food Service Enterprise Fund used materials and supplies inventory valued at \$39,777. This inventory was donated to the District and no cash payments were made to acquire the inventory. An expense for this usage was included in the Operating Loss of the fund and therefore, Donated Commodities must be recognized as an adjustment to reconcile to net cash used by operating activities.

The notes to the financial statements are an integral part of this financial statement.

NOTES TO GENERAL PURPOSE FINANCIAL STATEMENTS

WINTON WOODS CITY SCHOOL DISTRICT, OHIO

June 30, 2001

NOTE A--DESCRIPTION OF THE DISTRICT

The District was chartered by the Ohio State Legislature. In 1853 state laws were enacted to create local Boards of Education. Today, the District operates under current standards prescribed by the Ohio State Board of Education as provided in division (D) of Section 3301.07 and Section 119.01 of the Ohio Revised Code.

The District operates under a locally elected five member Board form of government and provides educational services as authorized by its charter or further mandated by state and/or federal agencies. This Board controls the District's instructional and support facilities staffed by 215 non-certificated personnel and 323 certificated full time teaching and administrative personnel to provide services to students and other community members.

The District is the 70th largest in the State of Ohio (among 612 Districts) in terms of enrollment and the 7th largest in Hamilton County. It currently operates 5 elementary schools, 1 middle school (grades 7-8), and 1 high school (grades 9-12).

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the District have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The District's significant accounting policies are described below.

THE REPORTING ENTITY

For financial reporting purposes the District's financial statements include all funds, account groups, and component units for which the District is financially accountable based upon criteria set forth in GASB Statement 14. Generally, component units are legally separate organizations for which the elected officials of the primary government (i.e. the District) are financially accountable. The District would consider an organization to be a component unit if:

1. The District appoints a voting majority of the organization's governing body AND (a) is able to impose its will on that organization OR (b) there is a potential for the organization to provide specific financial burdens on the District; OR
2. The Organization is fiscally dependent upon the District; OR
3. The nature of the relationship between the District and the organization is such that the exclusion from the financial reporting entity would render the financial statements of the District misleading.

BASIS OF PRESENTATION - FUND ACCOUNTING

The accounts of the District are maintained on the basis of fund and account groups, each of

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONT'D

which is considered a separate accounting entity. The operation of each fund is accounted for within a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures or expenses, as appropriate. The following fund types and account groups are used by the District:

Governmental Funds - Governmental funds are those through which most governmental functions of the District are financed. The acquisition, use and balances of the District's expendable financial resources and the related liabilities (except for those accounted for in proprietary funds) are accounted for through governmental funds. The following are the District's Governmental Fund Types:

General Fund

The General Fund is the general operating fund of the District and is used to account for all financial resources except those required to be accounted for in another fund.

Special Revenue Funds

Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than expendable trust, or major capital projects) that are legally restricted to expenditures for specified purposes.

Capital Projects Fund

The Capital Projects Fund is used to account for financial resources to be used for the acquisition or construction of major capital facilities and equipment (other than those financed by Proprietary Funds).

Proprietary Funds - Proprietary Funds are used to account for the District's ongoing activities which are similar to those most often found in the private sector. The following is the District's Proprietary Fund Type:

Enterprise Funds

Enterprise Funds are used to account for operations (a) that are financed and operated in a manner similar to private business enterprises--where the intent of the governing body is that the cost (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

Fiduciary Funds - Fiduciary Funds are used to account for the assets held by the District in a trustee capacity or as an agent for individuals, private organizations, other governmental units and/or other funds. These included Expendable Trust and Agency Funds. Expendable Trust Funds are accounted for in essentially the same manner as governmental funds. Agency Funds are custodial in nature (assets equal liabilities) and do not involve measurements of results of operations.

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONT'D

Account Groups - To make a clear distinction between fixed assets related to specific funds and those of general government, and between long term liabilities related to specific funds and those of general nature, the following account groups are used:

General Fixed Assets Account Group

This account group is established to account for all fixed assets of the District, other than those accounted for in Proprietary Funds and Trust Funds.

General Long Term Obligations Account Group

This account group is established to account for all long term obligations of the District, except those accounted for in Proprietary Funds and Trust Funds.

MEASUREMENT FOCUS/BASIS OF ACCOUNTING

Measurement Focus: Governmental Fund Types and Expendable Trust Funds are accounted for on a spending, or "current financial resources", measurement focus. Governmental Fund Types and Expendable Trust Funds operating statements represent increases and decreases in net current assets. Their reported fund balances are considered a measure of available expendable resources.

Proprietary Fund Types are accounted for on a cost of services, or "economic resources", measurement focus. Proprietary Fund Types income statements represent increases and decreases in net total assets.

Basis of Accounting: The modified accrual basis of accounting is followed for Governmental, Expendable Trust and Agency Funds. Under this basis of accounting revenues are recognized when they become both measurable and available to finance expenditures for the current period, which for the District is 60 days after fiscal year end. Revenue accrued at the end of the fiscal year included property taxes available for advances, delinquent property taxes, interest, tuition, and state and federal grants. Property taxes measurable as of June 30, 2001 whose availability is indeterminate, and which are intended to finance fiscal 2002 operations, have been recorded as deferred revenues. Expenditures are recognized in the period in which the related fund liability is incurred, except for unmatured principal and interest on long term debt which is recognized when due.

Proprietary Funds are accounted for on the accrual basis of accounting. Revenues are recognized in the period earned and expenses are recognized in the period incurred.

BUDGETARY DATA

Budgetary Basis of Accounting: The District's budgetary process accounts for certain transactions on a basis other than GAAP. The major difference between the budgetary basis and the GAAP basis are:

Revenues are recorded when received in cash (budgetary) as opposed to when susceptible to accrual (GAAP).

Expenditures are recorded when encumbered, or paid in cash (budgetary), as opposed to when susceptible to accrual (GAAP).

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONT'D

The actual results of operations, compared to the final appropriation, which includes amendments to the original appropriation, for each fund type by expenditure function and revenue by source are presented in the *Combined Statement of Revenues, Expenditures and Changes in Fund Balances-Budget and Actual (Non-GAAP Budgetary Basis)*. The reserve for encumbrances is carried forward as part of the budgetary authority for the next year and is included in the revised budget amounts shown in the budget to actual comparisons.

The District adopts an annual budget for all governmental fund types. The specific timetable is as follows:

Prior to January 15 of the preceding fiscal year, the Treasurer submits to the Board of Education a proposed operating budget for the fiscal year commencing the following July 1. The budget includes proposed expenditures and the means of financing for all funds. Public hearings are publicized and conducted to obtain taxpayers comments. The expressed purpose of this budget document is to reflect the need for existing (or increased) tax rates.

By no later than January 20, the board-adopted budget is filed with the Hamilton County Budget Commission for tax rate determination.

Prior to March 15, the Board of Education accepts by formal resolution, the tax rates as determined by the Budget Commission and receives the Commission's Certificate of Estimated Resources which states the projected revenue of each fund. Prior to June 30, the District must revise its budget so that total contemplated expenditures from any fund during the ensuing year will not exceed the amount stated in the Certificate of Estimated Resources. The revised budget then serves as a basis for the appropriation measure. On or about July 1, the Certificate is amended to include any unencumbered balances from the preceding year as reported by the District Treasurer. The Certificate may be further amended during the year if projected increases or decreases in revenue are identified by the District Treasurer. The amounts reported in the budgetary statement reflect the amount set forth in the final Amended Certificate.

By July 1, the annual appropriation resolution is legally enacted by the Board of Education at the fund and function level of expenditures, which are the legal levels of budgetary control. (State statute permits a temporary appropriation to be effective until no later than October 1 of each year.) Resolution appropriations by fund must be within the estimated resources as certified by the County Budget Commission and the total of expenditures and encumbrances may not exceed the appropriation totals.

Any revisions that alter the total of any fund appropriation or alter total function appropriations within a fund must be approved by the Board of Education.

Formal budgetary integration is employed as a management control device during the year for all funds consistent with statutory provisions. All departments/functions and funds completed the year within the amount of their legally authorized appropriation.

Appropriation amounts are as originally adopted, or as amended by the Board of Education through the year by supplemental appropriations which either reallocated or increased the original appropriated amounts. All supplemental appropriations were legally enacted by the Board during fiscal 2000-2001 and none were significant.

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONT'D

Unencumbered appropriations lapse at year end. Encumbered appropriations are carried forward to the succeeding fiscal year and need not be reappropriated. Expenditures plus encumbrances may not legally exceed budgeted appropriations at the fund and/or function level.

The original appropriation measure was amended during the year as follows:

Fund Type

Governmental:	
General	\$ (948,869)
Special Revenue	248,556
Capital Projects	(348,818)

ENCUMBRANCES

Encumbrance accounting is utilized by District Funds in the normal course of operations for purchase orders and contract related expenditures. An encumbrance is a reserve on the available spending authority due to commitment for a future expenditure and does not represent a liability. For governmental fund types encumbrances outstanding at fiscal year end appear as a reserve of the fund balance on a GAAP Basis and for all budgeted funds as the equivalent of expenditures on a non-GAAP budgetary basis in order to demonstrate legal compliance. Note O provides a reconciliation of the budgetary basis and GAAP basis of accounting.

CASH AND INVESTMENTS

Cash received by the District is deposited in one bank account with individual fund balance integrity maintained throughout. Monies for all funds are maintained in these accounts or are temporarily used to purchase short-term cash equivalent investments. State statute authorizes the District to invest in obligations of the U.S. Treasury, commercial paper and repurchase agreements. Under existing Ohio statutes, all investments earnings accrue to the general fund except those specifically related to Agency Funds, certain trust funds and those funds individually authorized by Board resolution.

Investment earnings are allocated to these funds based on average monthly cash balances. Investment income earned in fiscal 2001 (excluding Agency Fund operations) totaled \$751,065.

For purposes of the Statement of Cash Flows (GASB Statement No. 9) all highly liquid investments with maturity of three months or less when purchased are considered to be cash equivalents.

During fiscal year 2001, investments were made to The State Treasury Asset Reserve of Ohio (STAROhio). STAROhio is an investment pool managed by the State Treasurer's Office, which allows governments within the State to pool their funds for investment purposes. STAROhio is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in STAROhio are valued at STAROhio's share price, which is the price the investment could be sold for on June 30, 2001.

An analysis of the Treasurer's investment account at year end, June 30, 2001, is provided in Note D.

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONT'D

RESTRICTED ASSETS

Restricted assets in the general fund represent cash and cash equivalents set aside to establish a budget stabilization, textbook, and capital acquisition reserves, as required by State statute. The budget stabilization reserve can be used only after receiving approval from the State Superintendent of Public Instruction.

INVENTORY (MATERIALS AND SUPPLIES)

Inventories are valued at cost (First-in, First-out) and are determined by physical count. The proprietary fund inventories are recorded as expenses when used. Inventory in governmental funds consists of expendable supplies which are recorded as an expenditure when individual inventory items are purchased. The governmental fund inventories are offset by a fund balance reserve, which indicates they do not constitute "available expendable resources" and are not available for appropriations. The District did not have any material governmental inventories for the fiscal year ended June 30, 2001.

FIXED ASSETS AND DEPRECIATION

General Fixed Assets Account Group - General fixed assets are capitalized at cost (or estimated historical cost) and updated for the cost of additions and retirements during the year in the General Fixed Assets Account Group. Donated fixed assets are recorded at their fair market values as of the date donated. The District follows the policy of not capitalizing assets with a cost of less than \$500 and a useful life of less than 3 years. No depreciation is recognized for assets in the General Fixed Assets Account Group. The District does not possess any infrastructure.

Proprietary Funds - Property, plant and equipment reflected in the proprietary funds are stated at historical cost (or estimated historical cost) and updated for the cost of additions and retirements during the year. Donated fixed assets are recorded at their fair market values as of the date donated. Depreciation has been provided, where appropriate, on a straight-line basis over the following estimated useful lives:

Asset	Life (years)
Furniture, Fixtures and Equipment	5 to 20

INTERGOVERNMENTAL REVENUES

In governmental funds, entitlements and non-reimbursable grants are recorded as receivables and revenue when measurable and available. Reimbursement type grants are recorded as receivables and revenues when the related expenditures are incurred. Grants for proprietary fund operations are recognized as revenue when measurable and earned.

INTERFUND TRANSACTIONS

During the course of normal operations the District has numerous transactions between funds. The most significant include:

Routine transfers of resources from one fund to another fund through which resources to be expended are recorded as operating transfers.

Reimbursements from one fund to another fund are treated as expenditures/expenses in

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONT'D

the reimbursing fund and as a reduction in expenditures/expenses in the reimbursed fund.

Short-term interfund loans are reflected as interfund loans payable/receivable, while long term interfund loans (greater than one year in length) are recorded as advances to/from other funds. The District has no interfund loans or advances as of June 30, 2001.

COMPENSATED ABSENCES

GASB Statement No. 16 specifies that compensated absences should be accrued as they are earned by employees if both of the following conditions are met:

1. The employee's rights to receive compensation are attributable to services already rendered.
2. It is probable that the employer will compensate the employee for the benefits through paid time off or cash payment.

The District's policies regarding compensated absences are determined by state laws and/or negotiated agreements. In summary, the policies are as follows:

<u>VACATION</u>	<u>Certified</u>	<u>Administrators and Exempt</u>	<u>Non-Certificated</u>
How earned	Not Eligible	25 days	10-20 days for each service year depending on length of service.
Maximum Accumulation	Not Applicable	25 days	25 days
Vested	Not Applicable	25 days	25 days
Termination Entitlement	Not Applicable	Paid upon Termination	Paid upon Termination
<u>SICK LEAVE</u>			
How earned	1 1/4 days per month of employment (15 days per year)	1 1/4 days per month of employment (15 days per year)	1 1/4 days per month of employment (15 days per year)
Maximum Accumulation	Unlimited	Unlimited	Unlimited
Vested	As Earned	As Earned	As Earned
Termination Entitlement	Per Contract	Per Contract	Per Contract

For Governmental Funds, compensated absences that are expected to be liquidated with expendable available financial resources are reported as an expenditure and a fund liability of the respective Governmental Fund. Amounts that are not expected to be liquidated with expendable available financial resources are reported in the General Long-Term Obligations Account Group. Compensated absences of Proprietary Funds are recorded as an expense and liability of the respective proprietary fund.

NOTES TO GENERAL PURPOSE FINANCIAL STATEMENTS - CONTINUED

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONT'D

LONG-TERM OBLIGATIONS

Long term debt is recognized as a liability of a governmental fund when due, or when resources have been accumulated in the debt service fund for payment early in the following year. For other long term obligations, only that portion expected to be financed from proprietary fund operations are accounted for in those funds.

ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

FUND EQUITY

Contributed capital is recorded in proprietary funds that received capital grants or contributions from other funds. Reserved fund balances indicate that portion of fund equity which is not available for current appropriation or is legally segregated for a specific use. Fund balances are reserved for encumbrances, property tax advances and budget stabilization required under Ohio law. The unreserved portions of fund equity reflected for the governmental funds are available for use within the specific purpose of those funds.

MEMORANDUM ONLY-TOTAL COLUMNS

Total columns on the general purpose financial statements are captioned (Memorandum Only) to indicate that they presented only to facilitate financial analysis. Data in these columns do not present financial position or results of operations in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

NOTE C--FUND BALANCE DEFICIT

The following Title I Special Revenue Funds had a deficit fund balance of \$6,557 due to the timing of the reimbursement check from the appropriate Federal Agency:

NOTE D--EQUITY IN POOLED CASH AND INVESTMENTS

The District maintains a cash and investment pool used by all funds. Each fund types portion of this pool is displayed on the combined balance sheet as "Equity in Pooled Cash and Investments".

State Statute requires the classification of monies held by the District into three categories:

Active Monies - Those monies required to be held in a "cash" or "near cash" status for immediate use by the District. Such monies must by law be maintained either as cash in the District treasury, in depository accounts payable or withdrawal on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

NOTE D--EQUITY IN POOLED CASH AND INVESTMENTS - CONT'D

Inactive Monies - Those monies not required for use within the current two year period of designated depositories. Ohio law permits inactive monies to be deposited or invested as certificates of deposit maturing not later than the end of the current period of designated depositories, or as savings or deposit accounts, including, but not limited to passbook accounts.

Interim Monies - Those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Ohio law permits interim monies to be invested or deposited in the following securities:

1. United States Treasury Notes, Bills, Bonds, or any other obligation or security issued by the United States Treasury or any other obligation guaranteed as to principal and interest by the United States;
2. Bonds, notes, debentures, or other obligations or securities issued by any federal governmental agency or instrumentality, including but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. Written repurchase agreements in the securities listed above provided that the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and by marked to market daily, and that the term of the agreement must not exceed thirty days;
4. Bonds, and other obligations of the State of Ohio;
5. No-load money market mutual funds consisting exclusively of obligation described in division (1) or (2) and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;
6. The Ohio State Treasurer's investment pool (STAROhio);
7. Certain bankers' acceptances and commercial paper notes for a period not to exceed one hundred and eighty days from the date of purchase in an amount not to exceed twenty-five percent of the interim moneys available for investment at any one time; and,
8. Under limited circumstances, debt interests rated in either of the two highest rating classifications by at least two nationally recognized rating agencies.

Investments in stripped principal or interest obligations, reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. An investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the District, and must be purchased with the expectation that it will be held to maturity. Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the Treasurer or qualified trustee or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

NOTES TO GENERAL PURPOSE FINANCIAL STATEMENTS - CONTINUED

NOTE D--EQUITY IN POOLED CASH AND INVESTMENTS - CONT'D

At year end the unobligated or carrying amount of the District's pooled cash was \$4,254,224 and investments were \$7,162,400. The bank balance of deposits was \$4,881,532. Of the bank balance, \$200,000 was covered by federal depository insurance and \$4,676,465 was covered by the 110% public depository pool which was collateralized with securities held by the pledging financial institution's trust department but not in the District's name.

The district's investments are categorized to give an indication of the level of risk assumed by the entity at year end. CATEGORY 1 includes investments that are issued or registered or for securities held by the District or its agent in the District's name. CATEGORY 2 includes uninsured and unregistered investments with securities held by the counterparty's trust department or agent in the District's name. CATEGORY 3 includes uninsured and unregistered investments with securities are held by the counterparty or by its department or agent, but not in the District's name.

Based on the above criteria, the District's investments at June 30, 2001 are classified as follows:

	<u>Category</u>			<u>Carrying Value/ Fair Value</u>
	1	2	3	
Money Market			\$5,582,510	\$5,582,510
State Treasury Pool			<u> </u>	<u>1,579,890</u>
TOTAL			<u>\$5,582,510</u>	<u>\$7,162,400</u>

¹ The District's investment in the Ohio State Treasurer's pool is not categorized because it is not evidenced by securities that exist in physical or book entry form.

Ohio Revised Code Chapter 135, Uniform Depository Act, authorizes pledging of pooled securities in lieu of pledging specific securities. Specifically, a designated public depository may pledge a single pool of eligible securities to secure repayment of all public monies deposited in the financial institution, provided that at all times the total value of the securities so pledged is at least equal to 110% of the total amount of all public deposits secured by the pool, including the portion of such deposits covered by any federal deposit insurance.

NOTE E--PROPERTY TAXES

Property taxes include amounts levied against real, public utility and tangible personal (business) property. The assessed value, by property classification, upon which taxes collected in 2001 were based, are as follows:

Real Estate	\$391,286,160
Tangible Personal	<u>44,057,610</u>
Total assessed property value	<u>\$435,343,770</u>

In 2001, real property taxes were levied in January on the assessed values as of January 1, 2000, the lien date. Assessed values are established by the County Auditor at 35% of appraised market value. A revaluation of real property is required to be completed no less than every six years, with a statistical update every third year. The most recent revaluation was completed in January, 1999. Tangible personal property tax is assessed on equipment and inventory held by businesses. Tangible property is assessed at 25% of true value (as defined). In 2001, each business was eligible to receive a \$10,000 exemption in assessed value which was reimbursed by the State.

NOTES TO GENERAL PURPOSE FINANCIAL STATEMENTS - CONTINUED

NOTE E--PROPERTY TAXES - CONT'D

Real property taxes are payable annually or semi-annually. In 2001, if paid annually, payment was due by January 20th. If paid semi-annually, the first payment (at least 1/2 amount billed) was due January 20th with the remainder due June 20th.

The County Auditor remits portions of the taxes collected to all taxing Districts with periodic settlements of Real and Public Utility property taxes in February and August and Tangible Personal property taxes in June and October. The District records billed but uncollected property taxes as receivables at their estimated net realizable value.

Accrued property taxes receivable represent delinquent taxes outstanding and real property, personal property and public utility taxes which are measurable at June 30, 2001. Property tax advances available at year end and delinquent property taxes collected within 60 days are included as a receivable and tax revenue as of June 30, 2001. All other tax receivables are recorded with an offset credit to deferred revenue, because although measurable, they are intended to finance the next fiscal year's operations.

NOTE F--RECEIVABLES

Receivables at June 30, 2001 consisted of taxes and accounts receivable. All receivables are considered collectible in full due to the ability to foreclose of the nonpayment of taxes, the stable condition of State Programs, and the current year guarantee of Federal Funds.

A summary of the principal items of receivables follows:

<u>Fund Amount</u>	<u>Type of Receivable</u>	
General Fund	Taxes	\$17,178,085
	Accounts	90,808
Special Revenue Funds	Intergovernmental	188,665
Capital Projects Funds	Taxes	363,707

NOTE G--FIXED ASSETS

A summary of General Fixed Assets Account Group at June 30, 2001 follows:

	<u>July 1, 2000</u>	<u>Additions</u>	<u>Deletions</u>	<u>June 30, 2001</u>
Land/Improvements	\$ 880,000	\$ 0	\$ 0	\$ 880,000
Building/Building Improvements	17,322,576	873,161	81,028	18,114,709
Furniture/Equipment	<u>5,838,028</u>	<u>499,284</u>	<u>24,124</u>	<u>6,313,188</u>
Total	<u>\$ 24,040,604</u>	<u>\$ 1,372,445</u>	<u>\$ 105,152</u>	<u>\$ 25,307,897</u>

NOTES TO GENERAL PURPOSE FINANCIAL STATEMENTS - CONTINUED

NOTE G--FIXED ASSETS - CONT'D

A summary of the Proprietary Fund fixed assets at June 30, 2001 follows:

Furniture and Equipment	\$ 306,095
Less Accumulated Depreciation	<u>(159,424)</u>
Net Fixed Assets - Proprietary Fund	<u>\$ 146,671</u>

NOTE H--CAPITALIZED LEASES - LESSEE

In prior years, the District entered into capitalized leases for the acquisition of copying machines. The terms of each agreement provide options to purchase the equipment. Each lease meets the criteria of a capital lease as defined by Statement of Financial Accounting Standards No. 13, "Accounting for Leases", which defines a capital lease generally as one which transfers benefits and risks of ownership to the lessee at the conclusion of the lease term. Capital lease payments have been reclassified and are reflected as debt service in the Combined Financial Statements for the Governmental Funds.

The following is a schedule of the future minimum lease payments required under the capital leases and the present value of the minimum lease payments as of June 30, 2001.

June 2002	\$ 67,598
June 2003	67,598
June 2004	67,598
June 2005	<u>22,535</u>
Total Payments	\$ 225,329
Less: Amounts representing Interest	<u>37,401</u>
Present Value of Minimum Lease Payments	<u>\$ 187,928</u>

NOTE I--THE GENERAL LONG-TERM OBLIGATIONS ACCOUNT GROUP

In 2001, the District issued \$650,000 of general obligation notes. The purpose of the notes is to provide for the purchase of a building to be used by the high school athletic teams as a training facility and for general, ongoing permanent improvements to the District's facilities. In 2000, the District issued \$1,140,000 of general obligation notes. The purpose of the notes is to provide general, ongoing permanent improvements consisting of computer hardware and software. In 1994, the District issued \$625,000 of energy conservation notes. The proceeds of this issue were used to renovate District facilities to make them more energy efficient. Both of the note issues are general obligations of the school district for which the full faith and credit of the school district is pledged for repayment. Accordingly, such unmatured obligations of the school district are accounted for in the General Long Term Obligations Account Group. Payment of principal and interest relating to the both of the permanent improvement notes liabilities is recorded as an expenditure in the Permanent Improvement Capital Projects Fund. Payment of principal and interest relating to energy conversation note liability is recorded as an expenditure in the General Fund. The following is a description of the District's long term notes outstanding as of June 30, 2001:

NOTES TO GENERAL PURPOSE FINANCIAL STATEMENTS - CONTINUED

Total	<u>\$ 6,103,520</u>	<u>\$ 1,066,648</u>	<u>\$ 232,539</u>	<u>\$6,937,629</u>

NOTES TO GENERAL PURPOSE FINANCIAL STATEMENTS - CONTINUED

NOTE K--LEGAL DEBT MARGIN

The Ohio Revised Code provides that voted net general obligation debt of the District shall never exceed 9% of the total assessed valuation of the District. The code further provides that unvoted indebtedness shall not exceed 1/10 of 1% of the property valuation of the District.

The effects of these debt limitations at June 30, 2001 are a voted debt margin of \$39,180,939 and an unvoted debt margin of \$435,344.

NOTE L--SEGMENT INFORMATION

Enterprise Funds - The District maintains two Enterprise Funds to account for the operations of Food Service and Uniform School Supply. The table below reflects, in a summarized format, the more significant financial data relating to the Enterprise Funds of the District as of and for the year ended June 30, 2001.

	<u>Food Service</u>	<u>Uniform School Supply</u>	<u>Total</u>
Operating Revenues	\$568,426	\$4,103	\$572,529
Operating expenses before depreciation	852,068	4,295	856,363
Depreciation	13,888	0	13,888
Operating Loss	(297,530)	(192)	(297,722)
Nonoperating Revenues	322,662	0	322,662
Net Income (Loss)	25,132	(192)	24,940
Net Working Capital	543,813	2,462	546,275
Total Assets	812,031	2,462	814,493
Total Liability	121,547	0	121,547
Total Equity	690,484	2,462	692,946

NOTE M--DEFINED BENEFIT PENSION PLANS

SCHOOL EMPLOYEES RETIREMENT SYSTEM

The District contributes to the School Employees Retirement System of Ohio (SERS), a cost-sharing multiple employer defined benefit pension plan. SERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Chapter 3309 of the Ohio Revised Code. SERS issues a publicly available, stand-alone financial report that includes financial statements and required supplementary information. That report may be obtained by writing to the School Employees Retirement System, 45 North Fourth Street, Columbus, and Ohio 43215-3634.

NOTE M--DEFINED BENEFIT PENSION PLANS - CONT'D

Plan members are required to contribute 9 percent of their annual covered salary and the District is required to contribute 14 percent of annual covered payroll. The contribution rates are not determined actuarially, but are established by SERS's Retirement Board within the rates allowed by State statute. The adequacy of the contribution rates is determined annually. The District's required contributions for pension obligations to SERS for the fiscal years ended June 30, 2001, 2000, and 1999 were \$1,025,248, \$920,876, and \$867,156, respectively; 63 percent has been contributed for fiscal year 2001 and 100 percent for the fiscal years 2000 and 1999, \$379,224, representing the unpaid contribution for fiscal year 2001, is recorded as a liability within the respective funds and the general long-term debt account group.

STATE TEACHERS RETIREMENT SYSTEM

The District contributes to the State Teachers Retirement System of Ohio (STRS), a cost-sharing multiple employer public employee retirement system. STRS provides retirement and disability benefits, annual cost-of-living adjustments, and death and survivor benefits to members and beneficiaries. Benefits are established by Chapter 3307 of the Ohio Revised Code. STRS issues a publicly available, stand-alone financial report that includes financial statements and required supplementary information for STRS. That report may be obtained by writing to the State Teachers Retirement System, 275 East Broad Street, Columbus, Ohio 43215-3771.

Plan members are required to contribute 9.3 percent of their annual covered salary and the District is required to contribute 14 percent; 12 percent was the portion used to fund pension obligations. Contribution rates are established by STRS, upon recommendation of its consulting actuary, not to exceed statutory maximum rates of 10 percent for members and 14 percent for employers. The District's required contributions for pension obligations to STRS for the fiscal year ended June 30, 2001, 2000, and 1999 were \$3,817,139, \$3,651,175, and \$3,688,397, respectively, 91 percent has been contributed for fiscal year 2001 and 100 percent for the fiscal years 2000 and 1999, \$344,507, representing the unpaid contribution for fiscal year 2001, is recorded as a liability within the respective funds.

NOTE N--POST EMPLOYMENT BENEFITS

The District provides comprehensive health care benefits to retired teachers and their dependents through the State Teachers Retirement System (STRS), and to retired non-certified employees and their dependents through the School Employees Retirement System (SERS). Benefits included hospitalization, physicians' fees, prescription drugs, and reimbursement of monthly Medicare premiums. Benefit provision and the obligations to contribute are established by the Systems based on authority granted by State statute. Both systems are funded on a pay-as-you-go basis.

For STRS, all benefit recipients are required to pay a portion of health care cost in the form of a monthly premium. By Ohio law, the cost of coverage paid from STRS funds shall be included in the employer contribution rate, currently 14 percent of covered payroll. The STRS Board currently allocates employer contributions equal to 8 percent of covered payroll to the Health Care Reserve Fund, from which payments for health care benefits are paid. For the District, this amount equaled \$1,310,606, during the 2001 fiscal year. For the year ended June 30, 2000 (the latest information available), net health care costs paid by STRS were \$283,137,000 and STRS had 99,011 eligible benefit recipients.

NOTE N--POST EMPLOYMENT BENEFITS - CONT'D

For SERS, coverage is made available to service retirees with ten or more fiscal years of qualifying service credit, and to disability and survivor benefit recipients. Members retiring on or after August 1, 1989, with less than twenty-five years of service credit must pay a portion of their premium for health care. The portion is based on years of service up to a maximum of 75 percent of the premium.

For the fiscal year ended June 30, 2001, employer contributions to fund health care benefits were 4.50 percent of covered payroll. In addition, SERS levies a surcharge to fund health care benefits equal to 14 percent of the difference between a minimum pay and the member's pay, pro-rated for partial service credit. For fiscal year 2001, the minimum pay was established at \$12,400. The surcharge rate added to the unallocated portion of the 14 percent employer contribution rate results in a total health care contribution rate of 8.45 percent. For the District, the amount contributed to fund health care benefits, including the surcharge, during the 2001 fiscal year equaled \$376,672. At June 30, 2000 (the latest information available), net health care costs paid by SERS were \$140,696,340. SERS has approximately 50,000 participants currently receiving health care benefits.

NOTE O--BUDGETARY BASIS OF ACCOUNTING

While reporting financial position, results of operations, and changes in fund balance on the basis of generally accepted accounting principles (GAAP), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts and disbursements. A reconciliation of the nature and amounts of the adjustments necessary to convert the GAAP financial statements to the budgetary basis follows:

Reconciliation of Excess of Revenues and Other Financing Sources
Over (Under) Expenditures and Other Financing Uses from GAAP
Basis to Budgetary Basis
Governmental Fund Types

	General Fund	Special Revenue Funds	Capital Projects Funds	Total
GAAP Basis	\$1,253,933	\$ 258,060	\$ 182,987	\$1,694,980
Net Adjustment for Revenue Accruals	861,677	(52,824)	12,215	821,068
Net Adjustment for Expenditure Accruals	112,134	(33,707)	60,909	139,336
Net Adjustment for Other Sources and Uses	67,345	(67,345)	0	0
Net Adjustment for Encumbrances	<u>(1,159,926)</u>	<u>(243,306)</u>	<u>(233,139)</u>	<u>(1,636,371)</u>
Budgetary Basis	<u>\$1,135,163</u>	<u>\$(139,122)</u>	<u>\$22,972</u>	<u>\$1,019,013</u>

NOTES TO GENERAL PURPOSE FINANCIAL STATEMENTS - CONTINUED

NOTE P--COMPLIANCE AND ACCOUNTABILITY

State Statute requires all funds to have expenditures and encumbrances within approved appropriation limits. All funds of the District had expenditures and encumbrances within the approved appropriations.

NOTE Q--CONTINGENT LIABILITIES

GRANTS

The District receives significant financial assistance from numerous federal, state and local agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material effect on any of the financial statements of the individual fund types included herein or on the overall financial position of the District at June 30, 2001.

LITIGATION

Currently, no litigation is pending against the District.

NOTE R--JOINT VENTURE

HAMILTON/CLERMONT COOPERATIVE ASSOCIATION

The Hamilton/Clermont Cooperative Association (H/CCA) is a governmental joint venture among two county consortium of school districts. The organization was formed for the purpose of applying modern technology with the aid of computers and other electronic equipment to administrative and instructional functions among member districts. Each of the governments of these schools supports H/CCA based upon a per pupil charge dependent upon the software package utilized. H/CCA is governed by a Board of Directors consisting of the superintendents and treasurers of member school districts. The degree of control exercised by any participating school district is limited to its representation on the Board.

NOTE S--AUTHORITATIVE SOURCES

In accordance with GASB Statement No. 20, "Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities That Use Proprietary Fund Accounting," the District applies all GASB pronouncements and all FASB Statements and Interpretations, Accounting Principles, Board Opinions, and Accounting Research Bulletins issued on or before November 30, 1989, unless they conflict with GASB pronouncements.

NOTE T--RISK MANAGEMENT

The District maintains comprehensive insurance coverage with private carriers for real property, building contents, vehicles and general liability insurance. Vehicle policies include liability coverage for bodily injury and property damage. Payments have not exceeded this coverage in any of the past three years.

NOTES TO GENERAL PURPOSE FINANCIAL STATEMENTS - CONTINUED

NOTE U--SCHOOL FUNDING

On September 6, 2001, the Ohio Supreme Court issued its latest opinion regarding the State's school funding plan. The decision identified aspects of the current plan that require modification if the plan is to be considered constitutional, including:

A change in the school districts that are used as the basis for determining the base cost support amount. Any change in the amount of funds distributed to school districts as a result of this change must be retroactive to July 1, 2001, although a time line for distribution is not specified.

Fully funding parity aid no later than the beginning of fiscal year 2004 rather than fiscal year 2006.

The Supreme Court relinquished jurisdiction over the case based on anticipated compliance with its order.

In general, it is expected that the decision would result in an increase in State funding for most Ohio school districts. However, as of October 1, 2001, the Ohio General Assembly is still analyzing the impact this Supreme Court decision will have on funding for individual school districts. Further, the State of Ohio, in a motion filed September 17, 2001, asked the Court to reconsider and clarify the parts of the decision changing the school districts that are used as the basis for determining the base cost support amount and the requirement that changes be made retroactive to July 1, 2001.

On November 2, 2001, the Court granted this motion for reconsideration. The Court may reexamine and redetermine any issue upon such reconsideration.

As of the date of these financial statements, the District is unable to determine what effect, if any, this decision and the reconsideration will have on its state funding and on its financial operations.

NOTE V--STATUTORY RESERVES

In 2001, the District was required by law to spend at least three percent of the District's budget for instructional supplies and capital maintenance. Also in past years, the District was required to set aside one percent, to a maximum of five percent, of cash balance in any fiscal year that revenues increase by three percent in the General Fund. The District Board of Education must issue a resolution at the time at which they need to expend the budget stabilization reserve. During the fiscal year ended June 30, 2001, the reserve activity (cash basis) was as follows:

	<u>Textbook Reserve</u>	<u>Capital Maintenance Reserve</u>	<u>Budget Stabilization Reserve</u>
Balance, 7/1/2000	\$(741,544)	\$ 0	\$628,424
Required Set-Aside	740,402	740,402	0
Qualifying Expenditures	<u>(904,500)</u>	<u>(1,812,967)</u>	<u>0</u>
Total	<u>\$ (905,642)</u>	<u>\$ (1,072,565)</u>	<u>\$628,424</u>
Cash Balance Carried Forward to FY 2001	<u>\$(905,642)</u>	<u>\$0</u>	<u>\$628,424</u>
Total Restricted Assets			<u>\$628,424</u>

NOTES TO GENERAL PURPOSE FINANCIAL STATEMENTS - CONTINUED

NOTE V--STATUTORY RESERVES - CONT'D

Qualifying expenditures for textbook and capital maintenance activity exceeded the required set-aside reserves.

NOTE W—CHANGE IN ACCOUNTING PRINCIPLE

For fiscal year 2001, the District has implemented GASB Statement No. 33, "Accounting and Financial Reporting for Nonexchange Transactions". At June 30, 2000 there was no effect on fund balance as a result of implementing GASB 33.

SPECIAL REVENUE FUNDS

The Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than major capital projects or expendable trusts) that are legally restricted to expenditure for specified purposes. The following are descriptions of each Special Revenue Fund:

PUBLIC SCHOOL SUPPORT

To account for specific local revenue sources (other than taxes) generated by individual school buildings (i.e. sales of pictures, profits from vending machines, etc.). Expenditures include field trips, materials, equipment and other items to supplement co-curricular and extra-curricular programs.

ATHLETICS / MUSIC

To account for those student activity programs which have student participation in the activity, but do not have student management of the programs. This fund includes athletic programs as well as band, cheerleaders, drama clubs, and other similar types of activities.

AUXILIARY SERVICES

To account for state funds which provide services and materials to students attending non-public schools within the boundaries of the District as provided by state law.

CAREER DEVELOPMENT

To account for state and federal funds which are provided to introduce various career opportunities to students.

TEACHER DEVELOPMENT

To account for state funded receipts and expenditures necessary for providing assistance to local school districts for the development of in-service programs.

MANAGEMENT INFORMATION

To account for state funds provided to assist the district in implementing a staff, student, and financial reporting system as mandated by the Omnibus Education Reform Act of 1989.

DISADVANTAGED PUPIL IMPACT AID

To account for state funds which provide instructional programs and materials for disadvantaged students.

SCHOOLNET STAFF DEVELOPMENT

To account for state funds which provide training and to attend regional workshops.

OHIO READS

To account for state funds which provide literacy for kindergarten through fourth grade.

SUMMER INTERVENTION

To account for state funds, which provide professional development opportunities for teachers who are, assigned to summer intervention activities.

EXTENDED LEARNING OPPORTUNITIES

To account for state funds which provide extended learning opportunities for students in grades kindergarten through three, who are at significant risk of not passing the Fourth Grade Ohio Proficiency Test in Reading when they will be required to do so.

SCHOOL CONFLICT MANAGEMENT

To account for state funds which provide programs and educational materials for school dispute resolution and conflict management initiatives.

JOB TRAINING PARTNERSHIP ACT PROGRAM (JTPA)

To account for federal funds used for the planning and conducting of programs that provide for the training of unemployed persons and for upgrading employment skills.

ECONOMIC SECURITY

To account for federal funds for strengthening instruction in science, mathematics, modern foreign languages, English, the arts and computer learning.

TITLE VI-B

To account for federal funds for the provision of full educational opportunities to handicapped children at the preschool, elementary and secondary levels; assist in the training of teachers, supervisors and other specialists in providing educational services to the handicapped.

VOCATIONAL EDUCATION

To account for federal funds used in the development of vocational education programs in the following categories: secondary, post-secondary, adult, disadvantaged and handicapped persons, cooperative education, advisory committees, and work-study projects.

TITLE I

To account for federal funds for services provided to meet special educational needs of educationally deprived children.

TITLE VI

To account for federal funds to provide programs for at-risk students; instructional materials to improve the quality of instruction; programs of professional development; programs to enhance personal excellence of students and student achievement.

DRUG FREE SCHOOLS

To account for federal funds for the establishment, operation and improvement programs of drug abuse prevention, early intervention, rehabilitation referral and education in schools.

PRESCHOOL

To account for federal funds to be used to improve and expand the services to handicapped children ages three through five.

CONTINUOUS IMPROVEMENT

To account for federal funds to be used for the development and implementation of a continuous improvement plan.

SCHOOL TO WORK

To account for federal and state funds to be used for teacher development and the development and implementation of a curriculum program that facilitates the school to work transition.

CAPITAL PROJECTS FUNDS

The Capital Projects Funds are used to account for the financing and acquisition or construction of major capital facilities, such as new school buildings, additions to existing buildings, or for major renovation projects, including equipment purchases.

PERMANENT IMPROVEMENT

To account for all transactions related to the acquiring, constructing, or improving of the infrastructure of buildings and grounds through permanent improvements.

SCHOOL NET PLUS

To account for programs designed to help school districts obtain computers, related technology equipment and/or the necessary infrastructure for educational technology.

ENTERPRISE FUNDS

Enterprise Funds are established to account for operations that are financed and operated in a manner similar to private sector business where the intent is that the expense (including depreciation) of providing goods or services primarily or solely to the general public be financed or recovered primarily through user charges. The following are descriptions of each of the District's Enterprise Funds:

FOOD SERVICE

To account for all revenues and expenses related to the provision of food services, including breakfast and lunch, for the District students and staff.

UNIFORM SCHOOL SUPPLY

To account for the purchase and sale of school supplies as adopted by the Board of Education for use in all schools of the District.

FIDUCIARY FUNDS

Fiduciary Funds are used to account for assets held by a governmental unit in a trustee capacity or as an agent for individuals, private organizations, other governmental units and/or other funds. These include the Expendable Trust Fund and Agency Funds. The following are descriptions of each of the District's Fiduciary Funds.

EXPENDABLE TRUST FUND

SPECIAL TRUST

To account for donations received to provide scholarships that are awarded to graduating seniors. Since there is only one Expendable Trust Fund no additional statement of revenues, expenditures and changes in fund balance is presented here.

AGENCY FUNDS

STUDENT ACTIVITIES

To account for the resources that belong to the various student groups in the District. The funds account for sales and other revenue generating activities by student activity programs which have students involved in the management of the program

EMPLOYEE BENEFITS

To account for monies received from employees of the school district for employee benefits.

**Report on compliance and on internal control over financial reporting
based on an audit of financial statements performed in accordance with
*Government Auditing Standards***

December 5, 2001

Board of Education
Winton Woods City School District

We have audited the general purpose financial statements of the Winton Woods City School District, (the District), as of and for the year ended June 30, 2001, and have issued our report thereon dated December 5, 2001. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance required to be reported under *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the District's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting.

A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be

material weaknesses. We noted no matters involving the internal control over financial reporting that we consider to be material weaknesses.

This report is intended for the information of management, Board of Education, the Auditor of State, federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Report on compliance with requirements applicable to each major program and internal control over compliance in accordance with OMB *Circular A-133*

December 5, 2001

Board of Education
Winton Woods City School District

Compliance

We have audited the compliance of the District with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that are applicable to its major federal program for the year ended June 30, 2001. The District's major federal program is identified in the summary of auditor's results portion of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulation, contracts and grants applicable to each of its major federal programs is the responsibility of the District's management. Our responsibility is to express an opinion on the District's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures, as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the District's compliance with those requirements.

In our opinion, the District complied, in all material respects, with the requirements referred to above that are applicable to its major federal program for the year ended June 30, 2001.

Internal Control Over Compliance

The management of the District is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the District's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with *OMB Circular A-133*.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

Schedule of Federal Awards Expenditures

We have audited the general purpose financial statements of the District as of and for the year ended June 30, 2001, and have issued our report thereon dated December 5, 2001. Our audit was made for the purpose of forming an opinion on the general purpose financial statements of the District taken as a whole. The accompanying schedule of federal awards expenditures is presented for purposes of additional analysis as required by *OMB Circular A-133* and is not a required part of the general purpose financial statements. Such information has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the general purpose financial statements taken as a whole.

This report is intended for the information of management, Board of Education, the Auditor of State, federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

NOTES TO SCHEDULE OF FEDERAL AWARDS EXPENDITURES

NOTE A -- SIGNIFICANT ACCOUNTING POLICIES

The accompanying schedule of federal awards expenditures is a summary of the activity of the District's federal award programs. The schedule has been prepared on the cash basis of accounting.

NOTE B -- FOOD DISTRIBUTION

Nonmonetary assistance is reported in the schedule at the fair market value of the commodities received and disbursed. Monies are commingled with state grants, and it is assumed that federal monies are expended first.
