INDEPENDENT ACCOUNTANTS' REPORT

Mound Street Military Careers Academy
Montgomery County
354 Mound Street
Dayton, Ohio 45407

To the Board of Governance:

We have audited the accompanying financial statements of the Mound Street Military Academy, Montgomery County, (the Academy), as of and for the year ended June 30, 2003, as listed in the table of contents. These financial statements are the responsibility of the Academy's management. Our responsibility is to express an opinion on the financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Mound Street Military Academy, Montgomery County, as of June 30, 2003, and the results of its operations and cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated February 18, 2004 on our consideration of the Academy's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

A handwritten signature in cursive script that reads "Betty Montgomery".

Betty Montgomery
Auditor of State

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2003**

1. DESCRIPTION OF THE SCHOOL AND REPORTING ENTITY

Mound Street Military Academy (the School) is a state nonprofit corporation established pursuant to Ohio Rev. Code Chapters 3314 and 1702 to maintain and provide a school exclusively for any educational, literary, scientific and related teaching service. The School, which is part of the State's education program, is independent of any school district. The School may sue and be sued, acquire facilities as needed, and contract for any services necessary for the operation of the School.

The School contracted with the Montgomery County Educational Service Center (MCESC) for various services including Ohio Department of Education consulting, Education Management Information System (EMIS) monitoring and consulting, technology and operational support. The School paid the MCESC \$10,000 in fiscal fees, \$3,974 for salary reimbursements, \$3,198 for computer usage, \$1,776 for insurance reimbursement, and \$1,632 in miscellaneous fees, totaling \$20,580 during the year. The contract with the MCESC was discontinued as of July 1, 2003 and the School (along with the Mound Street Health Careers Academy and the Mound Street Information Technology Academy) entered into a contract with PACE School Resource Center (SRC) to provide transition, treasurer and financial management services for a twelve month period beginning June 16, 2003, for a monthly service fee of \$3,500. SRC was subsequently separated from PACE and was renamed Keys to Improving Dayton Schools, Inc. without any further changes to services or cost.

The School was approved for operation under contract with the Ohio State Board of Education (Sponsor) for a period of five years commencing with fiscal year July 1, 2002 through June 30, 2007 after which, the School must apply for an additional contract with the Sponsor. The School operates under a self-appointing six-member Board of Governance (the Board). The School's Code of Regulations specifies that vacancies that arise on the Board be filled by the appointment of a successor member by a majority vote of the then existing members. The Board is responsible for carrying out the provisions of the contract with the Sponsor which includes but is not limited to, state mandated provisions regarding student population, curriculum, academic goals, performance standards, admission standards, and qualifications of teachers. The School has one instructional/support facility staffed by one principal, five certified teachers and five non-certified support personnel who provide services to an enrollment of 96 students.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the School have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental nonprofit organizations. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The School also applies Financial Accounting Standards Board (FASB) statements and interpretations issued on or before November 30, 1989, provided they do not conflict with or contradict GASB pronouncements. The more significant of the School's accounting policies are described below.

MONTGOMERY COUNTY**

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2003
(Continued)**

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

A. Basis Of Presentation

Enterprise accounting is used to account for operations that are financed and operated in manner similar to private business enterprises where the intent is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges or where it has been decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

B. Measurement Focus And Basis Of Accounting

The accounting and financial reporting treatment applied is determined by the measurement focus. Enterprise accounting uses a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities are included on the balance sheet. Equity (i.e., net total liabilities) is segregated into contributed capital and retained earnings. The operating statement presents increases (i.e., revenues) and decreases (i.e., expenses) in net total assets.

Basis of accounting refers to when revenues and expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made.

The accrual basis of accounting is utilized for reporting purposes. Revenues are recognized when they are earned, and expenses are recognized when they are incurred.

C. Budgetary Process

Unlike other public schools located in the state of Ohio, community schools are not required to follow budgetary provisions set forth in Ohio Rev. Code Section 5705, unless specifically provided in the Schools contract with its Sponsor. The contract between the School and its Sponsor requires a detailed school budget for each year however the budget does not have to follow the provisions of Ohio Rev. Code Section 5705.

The School's Board adopts a formal budget at the beginning of the school year. Spending limits are set based on projected revenue from the State of Ohio and other known sources. The Board's adoption of the budget states that actual expenditures are "not to exceed" budget amounts. The School Principal and Treasurer are responsible for ensuring that purchases are made within these limits. However, any variances from the budgetary amounts are presented to the Board for subsequent approval.

D. Cash And Cash Equivalents

All monies received by the School are maintained in a demand deposit account. For internal accounting purposes, the Academy segregates its cash.

E. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from these estimates.

MONTGOMERY COUNTY**

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2003

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

F. Fixed Assets And Depreciation

Fixed assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated fixed assets are recorded at their fair market value as of the date received. The School maintains a capitalization threshold of \$1,000. The School does not have any infrastructure. Improvements are capitalized. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the asset's life are expensed.

Depreciation of equipment is computed using the straight-line method over estimated useful life of five years.

G. Intergovernmental Revenues

The School currently participates in the State Foundation Program. Revenues received from these programs are recognized as operating revenues in the accounting period in which they are earned, essentially the same as the fiscal year.

Federal and state grants are recognized as non-operating revenues in the accounting period in which all eligibility requirements of the grants have been met.

Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted, matching requirements, in which the School must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the School on a reimbursement basis.

The School also participated in the Charter School Grant Program through the Ohio Department of Education. Under this program, the School was awarded \$50,000 for the planning phase of the School and an additional \$100,000 during the year ended June 30, 2003. Revenue from this program was used during fiscal year 2003 for activities of the startup phase of the School.

Amounts awarded under the above programs for the 2003 school year totaled \$912,358.

H. Compensated Absences

The School's superintendent, teachers and staff earn vacation and personal leave each year. The superintendent, teachers and staff are not allowed to carry over any unused personal leave to subsequent school years. A liability of \$1,220 has been recognized for earned but unused sick leave at June 30, 2003.

I. Accrued Liabilities Payable

The School has recognized certain liabilities on its balance sheet relating to expenses, which are due but unpaid as of June 30, 2003, including:

Wages payable – salary payments made after year-end for services rendered in fiscal year 2003. Teaching personnel are paid in 26 equal installments, ending with the first payroll in July, for services rendered during the previous school year. Therefore, a liability has been recognized at June 30, 2003 for the first salary payment made to personnel in the month of July 2003.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Intergovernmental payable – payment for the employer’s share of the retirement contribution (\$14,215) associated with services rendered during fiscal year 2003, but were not paid until the subsequent fiscal year.

J. Federal Tax Exemption Status

The School is a non-profit organization that has been determined by the Internal Revenue Service to be a tax-exempt organization under Section 501 (c)(3) of the Internal Revenue Code.

3. ACCUMULATED DEFICIT

The Montgomery County Educational Service Center paid for various startup expenditures on behalf of the School prior to July 1, 2002. This resulted in an accumulated deficit of \$12,654 at the beginning of the year. The School repaid the Montgomery County Educational Service Center in August 2002 after receipt of the School’s startup funds.

4. DEPOSITS

The following information classifies deposits by categories of risk as defined in GASB Statement No. 3, Deposits with Financial Institutions, Investments (including Repurchase Agreements), and Reverse Repurchase Agreements.

Deposits: At June 30, 2003, the carrying amount of the School’s deposits was \$444,748 and the bank balance was \$458,904. Of the bank balance, \$100,000 was covered by federal depository insurance and the remainder was uninsured and uncollateralized. Non-compliance with federal requirements could potentially subject the School to a successful claim by the Federal Deposit Insurance Corporation.

5. FIXED ASSETS

A summary of the School’s fixed assets at June 30, 2003, follows:

Computer	\$164,769
Less: Accumulated Depreciation	<u>(32,038)</u>
Fixed Assets, net	<u><u>\$132,731</u></u>

6. RISK MANAGEMENT

A. Property And Liability

The School is exposed to various risks of loss related to torts; theft or damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During fiscal year 2003, the School contracted with Cincinnati Insurance Company for business personal property, director and officer liability, and general liability insurance. Business personal property coverage carries a \$250 deductible and has a \$1,000,000 limit. General liability coverage provides \$1,000,000 per occurrence and \$2,000,000 in the aggregate with no deductible. The Cincinnati Insurance Company also provides umbrella liability coverage of \$1,000,000 per occurrence, as well as, in the aggregate. Business auto coverage is provided by the National Liability & Fire Insurance Company.

B. Employee insurance benefits

The School offers health and dental insurance benefits to employees of which the School pays 90% and the employee pays 10% of the premiums. The School also offers life insurance to its employees of which it pays 100% of the premiums. These benefits are administered by Anthem.

7. DEFINED BENEFIT PENSION PLANS

A. School Employees Retirement System

The School District contributes to the School Employees Retirement System (SERS), a cost-sharing multiple employer defined benefit pension plan. SERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Chapter 3309 of the Ohio Revised Code. SERS issues a publicly available, stand-alone financial report that includes financial statements and required supplementary information. That report may be obtained by writing to the School Employees Retirement System, 300 East Broad Street, Suite 100, Columbus, Ohio 43215-3476.

Plan members are required to contribute 9 percent of their annual covered salary and the School District is required to contribute at an actuarially determined rate. The current School District rate is 14 percent of annual covered payroll. A portion of the School District's contribution is used to fund pension obligations with the remainder being used to fund health care benefits; for fiscal year 2003, 8.17 percent of annual covered salary was the portion used to fund pension obligations. For fiscal year 2002, 5.46 percent of annual covered salary was the portion used to fund pension obligations. The contribution requirements of plan members and employers are established and may be amended, up to a statutory maximum amount, by the SERS' Retirement Board. The School District's required contributions for pension obligations to SERS for the fiscal year ended June 30, 2003 was \$1,698; 36 percent has been contributed for the fiscal year.

B. State Teachers Retirement System

The School District participates in the State Teachers Retirement System of Ohio (STRS Ohio), a cost-sharing, multiple-employer public employee retirement system. STRS Ohio provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS Ohio issues a stand-alone financial report that may be obtained by writing to STRS Ohio, 275 E. Broad St., Columbus, OH 43215-3371 or by calling (614) 227-4090.

**MOUND STREET MILITARY CAREERS ACADEMY
MONTGOMERY COUNTY**

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2003
(Continued)**

7. DEFINED BENEFIT PENSION PLANS (Continued)

New members have a choice of three retirement plans, a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan and a Combined Plan. The DB plan offers an annual retirement allowance based on final average salary times a percentage that varies based on years of service, or an allowance based on member contributions and earned interest matched by STRS Ohio funds times an actuarially determined annuity factor. The DC Plan allows members to place all their member contributions and employer contributions equal to 10.5% of earned compensation into an investment account. Investment decisions are made by the member. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The Combined Plan offers features of both the DC Plan and the DB Plan. In the Combined Plan, member contributions are invested by the member, and employer contributions are used to fund the defined benefit payment at a reduced level from the regular DB Plan. DC and Combined Plan members will transfer to the Defined Benefit Plan during their fifth year of membership unless they permanently select the DC or Combined Plan. Existing members with less than five years of service credit as of June 30, 2001, were given the option of making a one time irrevocable decision to transfer their account balances from the existing DB Plan into the DC Plan or the Combined Plan. This option expired on December 31, 2001. Benefits are established by Chapter 3307 of the Ohio Revised Code.

A DB or Combined Plan member with five or more years credited service who becomes disabled may qualify for a disability benefit. Eligible spouses and dependents of these active members who die before retirement may qualify for survivor benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

For the fiscal year ended June 30, 2003, plan members were required to contribute 9.3 percent of their annual covered salaries. The School District was required to contribute 14 percent; 13 percent was the portion used to fund pension obligations. For fiscal year 2002, the portion used to fund pension obligations was 9.5 percent. Contribution rates are established by the State Teachers Retirement Board, upon recommendations of its consulting actuary, not to exceed statutory maximum rates of 10% for members and 14% for employers. Chapter 3307 of the Ohio Revised Code provides statutory authority for member and employer contributions.

The School's required contributions for pension obligations to STRS for the fiscal year ended June 30, 2003 were \$38,659; 79 percent has been contributed for fiscal year 2003.

8. POST-EMPLOYMENT BENEFITS

State Teachers Retirement System of Ohio (STRS Ohio) provides comprehensive healthcare benefits to retirees and their dependents. Coverage includes hospitalization, physicians' fees, prescription drugs, and partial reimbursement of monthly Medicare premiums. All benefit recipients and sponsored dependents are eligible for health care coverage. Pursuant to the Ohio Revised Code (R.C.), the State Teachers Retirement Board (the Board) has discretionary authority over how much, if any, of the health care costs will be absorbed by STRS Ohio. Most benefit recipients pay a portion of the health care cost in the form of a monthly premium. The R.C. grants authority to STRS Ohio to provide health care coverage to benefit recipients, spouses and dependents. By Ohio law, the cost of coverage paid from STRS funds shall be included in the employer contribution rate, currently 14 percent of covered payroll.

**MOUND STREET MILITARY CAREERS ACADEMY
MONTGOMERY COUNTY**

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2003
(Continued)**

8. POST-EMPLOYMENT BENEFITS (Continued)

The Retirement Board allocates employer contributions to the Health Care Reserve Fund from which health care benefits are paid. For fiscal year ended June 30, 2003, the Board allocated employer contributions equal to 1.0 percent of covered payroll to the Health Care Reserve Fund. For the School District, this amount equaled \$2,761 during the 2003 fiscal year. The balance in the Health Care Reserve Fund was \$3.011 billion on June 30, 2002, which is the latest information available.

For the year ended June 30, 2002, net health care costs paid by STRS Ohio were \$354,697,000. There were 105,300 eligible benefit recipients.

For SERS, the Ohio Revised Code gives the discretionary authority to provide postretirement health care to retirees and their dependents. Coverage is made available to service retirees with ten or more years of qualifying service credit, disability and survivor benefit recipients. Members retiring on or after August 1, 1989 with less than twenty-five years of service credit must pay a portion of their premium for health care. The portion is based on years of service up to a maximum of 75 percent of the premium.

After the allocation for basic benefits, the remainder of the employer's 14 percent contribution is allocated to providing health care benefits. For the fiscal year ended June 30, 2003, the allocation rate is 5.83 percent. In addition, SERS levies a surcharge to fund health care benefits equal to 14 percent of the difference between a minimum pay and the member's pay, pro-rated for partial service credit.

For fiscal year 2003, the minimum pay has been established at \$14,500. For the School, the amount to fund health care benefits, including the surcharge, was \$6,146 for fiscal year 2003.

The surcharge, added to the unallocated portion of the 14 percent employer contribution rate, provides for maintenance of the asset target level for the health care fund. The target level for the health care reserve is 150 percent of annual health care expenses. Expenses for health care at June 30, 2003, were \$204,930,737 and the target level was \$307.4 million. At June 30, 2003, the Retirement System's net assets available for payment of health care benefits of \$303.6 million. The number of benefit recipients currently receiving health care benefits is approximately 50,000.

9. CONTINGENCIES

A. Grants

Amounts received from grantor agencies are subject to audit and adjustment by the grantor. Any disallowed costs may require refunding to the grantor. Amounts, which may be disallowed, if any, are not presently determinable. However, in the opinion of the School, any such disallowed claims will not have a material adverse effect on the financial position of the School.

B. State Funding

The Ohio Department of Education conducts reviews of enrollment data and FTE calculations made by the schools. These reviews are conducted to ensure the schools are reporting accurate student enrollment data to the State, upon which state foundation funding is calculated. The conclusion of this review resulted in state funding being underpaid by \$3720.

MONTGOMERY COUNTY**

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2003

9. CONTINGENCIES (Continued)

C. Litigation

A suit was filed in Franklin County Common Pleas Court on May 14, 2001, alleging that Ohio's Community (i.e., Charter) Schools program violates the state Constitution and state laws. On April 21, 2003 the court dismissed the counts containing constitutional claims and stayed the other counts pending appeal of the constitutional issues. The plaintiffs appealed to the Court of Appeals, the issues have been briefed, and the case was heard for oral argument on November 18th, 2003. The effect of this suit, if any, on the Mound Street Military Academy is not presently determinable.

10. STATE SCHOOL FUNDING DECISION

On December 11, 2002, the Ohio Supreme Court issued its latest opinion regarding the State's school funding plan. The decision reaffirmed earlier decisions that Ohio's current school funding plan is unconstitutional.

The Supreme Court relinquished jurisdiction over the case and directed "... the Ohio General Assembly to enact a school funding scheme that is thorough and efficient ...". The School is currently unable to determine what effect, if any, this decision will have on its future State funding and its financial operations.

11. CAPITALIZED LEASES – LESSEE DISCLOSURE

The School, along with the Mound Street Health Careers Academy and the Mound Street Information Technology Academy, entered into a capital lease for computer equipment. This lease meets the criteria of a capital lease as defined by Statement of Financial Accounting Standards No. 13, "Accounting for Leases," which defines a capital lease generally as one which transfers benefits and risks of ownership to the lessee. Capital lease payments are recorded reduction in the liability on the balance sheet. Amortization applicable to assets acquired through capital lease arrangements is included with depreciation for financial statement presentation.

Capital assets acquired by lease have been capitalized in the balance sheet in the amount of \$164,769, which is equal to the present value of the minimum lease payments at the time of acquisition. A corresponding liability was recorded as a capital lease payable on the balance sheet. Principal payments in fiscal year 2003 totaled \$52,319. The following is a schedule of the future minimum lease payments required under the capital lease and the present value of the minimum lease payments as of June 30, 2003.

12. OPERATING LEASE

The School, along with the Mound Street Health Careers Academy and the Mound Street Information Technology Academy, leased its facilities from the Reynolds and Reynolds Company under a one-year lease agreement beginning July 2002 through June 2003. Rent was charged at \$1 per month and utilities represented the remaining expense for fiscal year 2003 of \$16,667. The City of Dayton, Ohio bought the facilities after the fiscal year end; however, the terms of the lease are not expected to change during fiscal year 2004.

13. RELATED PARTIES

The Board of Trustees, Superintendent and Accounting Manager of Mound Street Military Academy serve in the same capacity for Mound Street Information Technology Academy and Mound Street Academy of Allied Health Careers. There were no payments between the schools during the year, however the schools jointly entered into leasing agreements for property and equipment as outlined in Notes 11 and 12.

14. OTHER PURCHASED SERVICES

During the year ended June 30, 2003, other purchased service expenses for services rendered by various vendors were as follows:

Professional and technical services	\$89,269
Data processing services	2,534
Legal services	303
Property services	6,210
Other	<u>1,675</u>
Total	<u><u>\$99,991</u></u>

To the Board of Governance:

We have audited the financial statements of Mound Street Military Academy (the Academy) as of and for the year ended June 30, 2003, and have issued our report thereon dated February 18, 2004. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the Academy's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*. We noted immaterial instances of noncompliance that have been reported to the management of the Academy in a separate letter dated February 18, 2004.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered The Academy's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses. However, we noted matters involving the internal control over financial reporting that do not require inclusion in this report, that we have reported to the management of the Academy in a separate letter dated February 18, 2004.
