We have reviewed the *Independent Auditor's Report* of the Mental Health and Recovery Board of Wayne and Holmes Counties, Wayne County, prepared by Linc, Malachin & Dennis, Inc., for the audit period January 1, 2004 through December 31, 2004. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

The financial statements in the attached report are presented in accordance with a regulatory basis of accounting prescribed or permitted by the Auditor of State. Due to a February 2, 2005 interpretation from the American Institute of Certified Public Accountants (AICPA), modifications were required to the *Independent Auditor's Report* on your financial statements. While the Auditor of State does not legally require your government to prepare financial statements pursuant to Generally Accepted Accounting Principles (GAAP), the AICPA interpretation requires auditors to formally acknowledge that you did not prepare your financial statements in accordance with GAAP. The attached report includes an opinion relating to GAAP presentation and measurement requirements, but does not imply the statements are misstated under the non-GAAP regulatory basis. The *Independent Auditor's Report* also includes an opinion on the financial statements using the regulatory format the Auditor of State permits.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The Mental Health and Recovery Board of Wayne and Holmes Counties is responsible for compliance with these laws and regulations.

REPORT OF INDEPENDENT AUDITORS

Mental Health and Recovery Board of Wayne and Holmes Counties
Wayne County
215 South Walnut Street
Wooster, Ohio 44691

To Members of the Board:

We have audited the accompanying financial statements of the Mental Health and Recovery Board of Wayne and Holmes Counties, Ohio (the Board), as of December 31, 2004, and the related combined statement of cash receipts, cash disbursements, and changes in fund cash balances for all government fund types, and statement of cash receipts, cash disbursements, and changes in fund cash balance for the agency fund, for the year then ended. These financial statements are the responsibility of the Board's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described more fully in Note 1, the government has prepared these financial statements using accounting practices the Auditor of State prescribes or permits. These practices differ from accounting principles generally accepted in the United States of America. Although we cannot reasonably determine the effects on the financial statements of the variances between these regulatory accounting practices and accounting principles generally accepted in the United States of America, we presume they are material.

In our opinion, because of the effects of the matter discussed in the preceding paragraph, the financial statements referred to above do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the combined fund cash balances and reserves for encumbrances of the Board as of December 31, 2004 and its combined cash receipts and disbursements for the year then ended on the basis of accounting described in Note 1.

Also, in our opinion, the financial statements referred to above present fairly, in all material respects, the combined fund cash balances and reserves for encumbrances of the Board as of December 31, 2004, and its combined cash receipts and disbursements for the year then ended on the basis of accounting described in Note 1.

In accordance with *Government Auditing Standards*, we have also issued our report dated June 21, 2005, on our consideration of the Board's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

Our audit was performed for the purpose of forming an opinion on the basic financial statements of the Board taken as a whole. The accompanying Schedule of Receipts and Expenditures of Federal Awards is presented for purposes of additional analysis as required by the U.S. Office of Management and Budget Circular A-133, "Audits of States, Local Governments, and Non-Profit Organizations," and is not a required part of the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the financial statements taken as a whole.

**NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2004**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Description of the Entity

The Mental Health and Recovery Board of Wayne and Holmes Counties, Wayne County, Ohio, (the Board) serves the Wayne and Holmes County areas. The Board primarily provides mental health, drug addiction, alcohol, and community services to the residents of the two counties. The Board is a local mental health district as defined by Section 340.01, Ohio Revised Code.

The Board Members' composition are citizens appointed as follows:

- a. Seven (7) by the Wayne County Commissioners
- b. Three (3) by the Holmes County Commissioners
- c. Four (4) by the Director of the Ohio Department of Mental Health
- d. Four (4) by the Director of the Ohio Department of the Alcohol and Drug Addiction Services

The Board's management believes these financial statements present all activities for which the Board is financially accountable.

B. Basis of Accounting

These financial statements issued on a calendar year basis, follow the basis of accounting prescribed or permitted by the Auditor of State, which is similar to the cash receipts and cash disbursements basis of accounting. The Board with Wayne County acting as its fiscal agent is required to report following this basis of accounting. Receipts are recognized when received in cash rather than when earned, and disbursements are recognized when paid rather than when a liability is incurred. Budgetary presentations report budgetary expenditures when a commitment is made (i.e., when an encumbrance is approved).

These statements include adequate disclosure of material matters, as prescribed or permitted by the Auditor of State.

The sub-recipient agencies that are supported by the Board all report on a June 30 fiscal year end. The Board also issues a compiled financial statement following the accrual method of accounting with a twelve month fiscal period ended June 30. The June 30 fiscal year financial statements are issued in order to correspond to the Board's sub-recipient agencies, and to report to the State of Ohio and funding agencies such as the Ohio Department of Alcohol and Drug Addiction Services (ODADAS) and the Ohio Department of Mental Health (ODMH). In addition, the fiscal financial statements are also used in the setting of Medicaid rates.

The June 30, fiscal year, compiled financial statements may present a more accurate portrait of the Board's fiscal operations.

C. Cash

As required by Ohio Revised Code, the Board's cash is held and invested by the Wayne County Treasurer, who acts as custodian for Board monies. The Board's assets are held in the County's cash and investment pool, and are valued at the County Treasurer's reported carrying amount.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Fund Accounting

The Board uses fund accounting to segregate cash and investments that are restricted as to use. The Board classifies its funds into the following types:

1. General Fund

The General Fund is the general operating fund. It is used to account for all financial resources except those that are required to be accounted for in another fund.

2. Special Revenue Fund

This fund is used to account for proceeds from specific sources (other than from trusts or for capital projects) that are restricted to expenditure for specific purposes. The Board had no significant Special Revenue Funds.

3. Fiduciary Funds (Agency Funds)

These funds are used to account for resources restricted by legally binding trust agreements, and funds for which the Board is acting in an agency capacity. The Board had the following significant Agency Funds:

Wayne County Family and Children First Council Agency Fund

E. Budgetary Process

The Ohio Revised Code requires that each fund (except certain agency funds) be budgeted annually.

1. Appropriations

Budgetary expenditures (that is, disbursements and encumbrances) may not exceed appropriations at the fund level of control, and appropriations may not exceed estimated resources. The Board must annually approve appropriation measures and subsequent amendments. The County Budget Commission must also approve the annual appropriation measure. Unencumbered appropriations lapse at year end.

2. Estimated Resources

Estimated resources include estimates of cash to be received (budgeted receipts) plus unencumbered cash as of January 1. The County Budget Commission must also approve estimated resources.

3. Encumbrances

The Ohio Revised Code requires the Board to reserve (encumber) appropriations when commitments are made. Encumbrances outstanding at year end are carried over, and need not be reappropriated.

A summary of 2004 budgetary activity appears in Note 2.

**NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2004
(Continued)**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

F. Property, Plant and Equipment

Acquisitions of property, plant and equipment are recorded as capital outlay disbursements when paid. These items are not reflected as assets on the accompanying financial statements.

G. Unpaid Vacation and Sick Leave

Employees are entitled to cash payments for unused vacation and sick leave in certain circumstances, such as upon leaving employment. Unpaid vacation and sick leave are not reflected as liabilities under the basis of accounting used by the Board.

2. BUDGETARY ACTIVITY

Budgetary activity for the year ended December 31, 2004 follows:

2004 Budgeted vs. Actual Receipts

Fund Type	Budgeted Receipts	Actual Receipts	Variance
General	\$ 9,406,554	\$ 11,532,087	\$ 2,125,533
Special Revenue	-	-	-
Total	\$ 9,406,554	\$ 11,532,087	\$ 2,125,533

2004 Budgeted vs. Actual Budgetary Basis Expenditures

Fund Type	Appropriation Authority	Budgetary Expenditures	Variance
General	\$ 11,126,642	\$ 11,039,891	\$ 86,751
Special Revenue	-	-	-
Total	\$ 11,126,642	\$ 11,039,891	\$ 86,751

3. PROPERTY TAX

Real property taxes become a lien on January 1 preceding the October 1 date for which rates are adopted by the Board. The State Board of Tax Equalization adjusts these rates for inflation. Property taxes are also reduced for applicable homestead and rollback deductions. Homestead and rollback amounts are then paid by the State, and are reflected in the accompanying financial statements as Levy Rollback. Payments are due to the County by December 31. If the property owner elects to make semiannual payments, the first half is due December 31. The second half payment is due the following June 20.

**MENTAL HEALTH AND RECOVERY BOARD OF WAYNE ANDHOLMES COUNTIES
WAYNE COUNTY**

**NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2004
(Continued)**

3. PROPERTY TAX (Continued)

The County is responsible for assessing property, and for billing, collecting, and distributing all property taxes on behalf of the Board.

4. RETIREMENT SYSTEMS

The Board's employees belong to the Public Employees Retirement System (PERS) of Ohio. PERS is a cost-sharing, multiple-employer plan. This plan provides retirement benefits to participants as prescribed by the Ohio Revised Code.

Contribution rates are also prescribed by the Ohio Revised Code. For 2004, PERS members contributed 8.5% of their gross salaries. The Board also contributed 13.95% of participants' gross salaries for 2004. The Board has paid all contributions required through December 31, 2004. The Board contributed \$47,428 for the year ended December 31, 2004.

5. RISK MANAGEMENT

The Board has obtained commercial insurance for the following risks:

- Comprehensive property and general liability
- Leased vehicles
- Errors and omissions

The Board also provides health insurance and dental coverage to full-time employees through a private carrier.

6. CONTINGENT LIABILITIES

Amounts received from grantor agencies (primarily ODADAS and ODMH) are subject to audit and adjustment by the grantor, principally the federal government. The Board's grantee (subrecipient) agencies are required to have an annual independent audit. The Board requires each grantee agency to submit a copy of the audit reports. If such audits disclose expenditures not in accordance with terms of the grants, the grantor agency could disallow the costs and require reimbursement of the disallowed costs from the grantee agency. The Board generally has the right of recovery from the grantee agencies. Amounts that may be disallowed, if any, are not presently determinable. However, based on prior experience, management believes such refunds, if any, would not be material.

7. ESTABLISHMENT OF RESERVE BALANCE ACCOUNT

In 1990, the Board established (pursuant to Ohio Revised Code Section 5705.221 (c)) a Reserve Balance Fund to segregate new levy revenue that would be needed to cover operating expenses in future years. This restricted account was created by transferring funds out of the General Fund, where levy funds are initially deposited, into this new account.

8. RELATED PARTY TRANSACTIONS

As of December 31, 2004, the Board is due a total of \$446,000 from the First Council for operating cash advances. Terms specify that repayment is to be made within 45 days of notice to the First Council by the Board.

**NOTES TO THE SCHEDULE OF RECEIPTS AND
EXPENDITURES OF FEDERAL AWARDS
AS OF DECEMBER 31, 2004**

NOTE A – SIGNIFICANT ACCOUNTING POLICIES

The accompanying Schedule of Receipts and Expenditures of Federal Awards (the Schedule) summarizes activity of the Board's federal award programs. The Schedule has been prepared on the cash basis of accounting.

NOTE B – SUBRECIPIENTS

The Board passes-through certain Federal assistance received from the United States Department of Health and Human Services to other governments or not-for-profit agencies (subrecipients). The Board records expenditures of Federal awards to subrecipients when paid in cash. The subrecipient agencies have certain compliance responsibilities related to administering these Federal Programs. Under Federal Circular A-133, the Board is responsible for monitoring subrecipients to help assure that Federal awards are used for authorized purposes in compliance with laws, regulations and the provisions of contracts or grant agreements, and that performance goals are achieved.

NOTE C – MATCHING REQUIREMENTS

Certain Federal programs require that the Board contribute non-Federal funds (matching funds) to support the Federally funded programs. The Board has complied with the matching requirements. The expenditure of non-Federal matching funds is not included on the Schedule.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND
OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Mental Health and Recovery Board of Wayne and Holmes Counties
Wayne County
215 South Walnut Street
Wooster, Ohio 44691

To Members of the Board:

We have audited the accompanying financial statements of the Mental Health and Recovery Board of Wayne and Holmes Counties, Wayne County, Ohio, (the Board), as of and for the year ended December 31, 2004, and have issued our report thereon dated June 21, 2005. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Board's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinions on the financial statements and not to provide an opinion on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Board's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the audit committee, management, the Members of the Board, and federal awarding agencies and pass-through entities, and is not intended to be and should not be used by anyone other than these specified parties.

**REPORT ON COMPLIANCE WITH REQUIREMENTS
APPLICABLE TO EACH MAJOR FEDERAL PROGRAM AND INTERNAL CONTROL OVER
COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133**

Mental Health and Recovery Board of Wayne and Holmes Counties
Wayne County
215 South Walnut Street
Wooster, Ohio 44691

To Members of the Board:

Compliance

We have audited the compliance of the Mental Health and Recovery Board of Wayne and Holmes Counties, Wayne County, Ohio, (the Board), with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133, *Compliance Supplement* that are applicable to each of its major federal programs for the year ended December 31, 2004. The Board's major federal programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to its major federal programs is the responsibility of the Board's management. Our responsibility is to express an opinion on the Board's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Board's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the Board's compliance with those requirements.

In our opinion, the Board complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended December 31, 2004.

Internal Control Over Compliance

The management of the Board is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the Board's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants caused by error or fraud that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

This report is intended for the information and use of the audit committee, management, the Members of the Board, and federal awarding agencies and pass-through entities, and is not intended to be and should not be used by anyone other than these specified parties.
