Board of Directors Putnam County Community Improvement Corporation PO Box 145 Ottawa, Ohio 45875

We have audited the financial statements of Putnam County Community Improvement Corporation (A Nonprofit Corporation) as of and for the year ended December 31, 2004, and have issued our report thereon dated February 15, 2005. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

#### **COMPLIANCE**

As part of obtaining reasonable assurance about whether Putnam County Community Improvement Corporation's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under <u>Government Auditing Standards</u>.

#### INTERNAL CONTROL OVER FINANCIAL REPORTING

In planning and performing our audit, we considered Putnam County Community Improvement Corporation's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses.

Board of Directors Putnam County Community Improvement Corporation February 15, 2005 Page 2

A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

This report is intended for the information and use of the audit committee, management, others within the organization and is not intended to be and should not be used by anyone other than these specified parties.
