INDEPENDENT ACCOUNTANTS' REPORT

City of Olmsted Falls
Cuyahoga County
26100 Bagley Road
Olmsted Falls, Ohio 44138

To City Council:

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the City of Olmsted Falls, Cuyahoga County, Ohio, (the City) as of and for the year ended December 31, 2005, which collectively comprise the City's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the City's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require that we plan and perform the audit to reasonably assure whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the City of Olmsted Falls, Cuyahoga County, Ohio, as of December 31, 2005, and the respective changes in financial position thereof and the budgetary comparison for the General Fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

As described in Note 16, the City restated Net Assets and Changes in Net Assets for Governmental Type Activities as of December 31, 2004 and for the year then ended.

In accordance with *Government Auditing Standards*, we have also issued our report dated September 21, 2006, on our consideration of the City's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. While we did not opine on the internal control over financial reporting or on compliance, that report describes the scope of our testing of internal control over financial reporting and compliance and the results of that testing. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*. You should read it in conjunction with this report in assessing the results of our audit.

Lausche Building / 615 Superior Ave., NW / Twelfth Floor / Cleveland, OH 44113-1801
Telephone: (216) 787-3665 (800) 626-2297 Fax: (216) 787-3361
www.auditor.state.oh.us

Management's Discussion and Analysis is not a required part of the basic financial statements but is supplementary information accounting principles generally accepted in the United States of America requires. We have applied certain limited procedures, consisting principally of inquires of management regarding the methods of measuring and presenting the required supplementary information. However, we did not audit the information and express no opinion on it.

A handwritten signature in black ink that reads "Betty Montgomery". The signature is written in a cursive, flowing style.

Betty Montgomery
Auditor of State

City of Olmsted Falls Cuyahoga County

Management's Discussion and Analysis (Unaudited)

For The Year Ended December 31, 2005

The discussion and analysis of the City of Olmsted Falls' financial performance provides an overall review of the City's financial activities for the fiscal year ended December 31, 2005. The intent of this discussion and analysis is to look at the City's financial performance as a whole; readers are encouraged to consider the information presented here in conjunction with the additional information contained in the financial statements and the notes thereof.

Financial Highlights

Key financial highlights for 2005 are as follows:

- ◆ City municipal income tax revenue totaled \$2,592,880.
- ◆ The assets of the City of Olmsted Falls exceeded its liabilities at the close of the most recent fiscal year by \$11,289,848. Of this amount, \$8,623,704 may be used to meet the City's ongoing obligations to citizens and creditors.
- ◆ In total, net assets in governmental activities increased by \$776,010 during 2005. This represents a 7.38 percent increase from 2004.
- ◆ Total assets decreased by \$636,151, which represents a decrease of 2.88 percent from 2004.
- ◆ Total liabilities decreased by \$1,412,161, which represents a decrease of 12.17 percent.

Using this Annual Financial Report

This discussion and analysis is intended to serve as an introduction to the City of Olmsted Falls' basic financial statements. The City of Olmsted Falls' basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements.

Government-wide financial statements – Reporting the City of Olmsted Falls as a Whole

Statement of Net Assets and the Statement of Activities

The Statement of Net Assets presents information on all the City of Olmsted Fall's assets and liabilities, with the difference between the two reported as *net assets*. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the City of Olmsted Falls is improving or deteriorating. However, in evaluating the overall position of the City, non-financial factors such as the City's tax base, change in property and income tax laws, and the condition of the capital assets should also be considered. Both the Statement of Net Assets and the Statement of Activities use the accrual basis of accounting similar to the accounting used by most private-sector companies. This basis of accounting takes into account all of the current year's revenues and expenses regardless of when cash is received or paid.

City of Olmsted Falls Cuyahoga County

Management's Discussion and Analysis (Unaudited)

For The Year Ended December 31, 2005

The *Statement of Net Assets* and the *Statement of Activities* are divided into the following categories:

- Assets
- Liabilities
- Net assets (assets minus liabilities)
- Program revenues and expenses
- General revenues
- Net assets beginning of year and end of year

Fund Financial Statements - Reporting the City of Olmsted Falls' Most Significant Funds

Fund Financial Statements

A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objects. The City of Olmsted Falls, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City of Olmsted Falls can be divided into the category of governmental funds.

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on the balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements. These funds are reported using an accounting method called *modified accrual* accounting, which measures cash and all *other financial assets* that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the City's general government operations and the basic services it provides. Both the governmental fund balance sheet and the government fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate a comparison between governmental activities (reported in the Statement of Net Assets and the Statement of Activities) and governmental funds.

The City of Olmsted Falls maintains 46 individual governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances, for the General fund, Sewer Debt Project 2 fund, and Capital Improvement Capital Projects fund, all of which are considered to be major funds.

**City of Olmsted Falls
Cuyahoga County**

Management’s Discussion and Analysis (Unaudited)

For The Year Ended December 31, 2005

Notes to the Financial Statements

The notes provide additional information that is essential for a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found starting on page 23 of this report.

Government-wide Financial Analysis - City of Olmsted Falls as a Whole

As noted earlier, the Statement of Net Assets looks at the City as a whole and can prove to be a useful indicator of the City’s financial position.

Table 1 provides a summary of the City’s net assets for 2005 as compared to 2004 .

	Table 1	
	Net Assets	
	Governmental Activities	
	<u>2005</u>	<u>2004</u>
Current and other assets	\$ 12,136,071	\$ 13,309,162
Capital assets, net	<u>9,347,868</u>	<u>8,810,928</u>
<i>Total assets</i>	<u>21,483,939</u>	<u>22,120,090</u>
Current liabilities and other liabilities	4,100,138	4,860,803
Long-term liabilities		
Due within one year	2,275,823	2,661,397
Due in more than one year	<u>3,818,130</u>	<u>4,084,052</u>
<i>Total liabilities</i>	<u>10,194,091</u>	<u>11,606,252</u>
Invested in capital assets, net of related debt	1,335,827	2,615,925
Restricted for:		
Capital projects	454,406	1,534,326
Debt service	875,911	824,391
Unrestricted	<u>8,623,704</u>	<u>5,539,196</u>
<i>Total Net Assets</i>	<u>\$ 11,289,848</u>	<u>\$ 10,513,838</u>

Total assets decreased \$636,151 from 2005 to 2004 primarily because of a decrease in cash and receivables. Capital assets increased a total of \$536,940.

**City of Olmsted Falls
Cuyahoga County**

Management's Discussion and Analysis (Unaudited)

For The Year Ended December 31, 2005

In order to further understand what makes up the changes in net assets for the current year, the following table gives readers further details regarding the results of activities for the current year.

**Table 2

City of Olmsted Falls Cuyahoga County

Management's Discussion and Analysis (Unaudited)

For The Year Ended December 31, 2005

Governmental Activities

Several revenue sources fund our governmental activities with the City income tax being the largest contributor. The City's income tax rate is one and one-half (1.5%) percent on gross income and has not changed since 1989. Residents of the City who work in another community and pay the withholding tax for that community receive a 50 percent tax credit on their City tax up to 1.50 percent. During 2005, the revenues generated from this tax amounted to \$2,592,880.

General property taxes are also a significant source of revenues. Although this is a much more stable tax, property taxes constitute only about a fourth of the general revenues for the City. In addition to the general property taxes, the City has one (1) separate levy, 1.8 mills to augment the general operations within the General Fund of the City. The City has three (3) separate levies, 1.30 mills, 2.00 mills, and 0.50 mills, for the fire department. The fire levies provide for a portion of the operating expenditures and equipment replacement in the fire department, the remainder of the funding comes from the General Fund. The City has one (1) separate levy, 1.40 mills, for the police department. The police levy provides for a portion of the operating expenditures and equipment replacement for the police department, the remainder of the funding comes from the General Fund. The City has one (1) separate levy, 1.50 mills, to augment for the service department for road operations, maintenance and repair of roads. The City has one (1) separate levy, 1.00 mill, to provide for the development and maintenance of the parks of the City. The City has one (1) separate levy, 1.00 mill, for hospitalization in the support of Southwest General Health Center, a general hospital.

Intergovernmental revenues, particularly local government subsidies have, in the past, provided a very stable predictable and significant contribution to the City's General Fund. In 2005, local government subsidies have become less stable with State Budget cuts and county distribution formulas being challenged in court. Estate taxes have also been a significant contributor to this City's budget, but much less stable and not at all predictable. Both of these forms of intergovernmental taxes are at risk due to budget concerns at the State level.

The City has also more aggressively pursued grants and donations to help fund particular projects that might have been funded through the General Fund. Grants have helped fund the construction of a park pavilion, fire equipment, police and paramedic training as well as sanitary sewer construction in several areas of the City.

Security of Persons and Property and General Government are the major activities of the City generating 66 percent of the governmental expenses. Currently, there are 11 full-time sworn officers in the police department. In 2002, the police department marked its first anniversary in a "new" law enforcement facility. The facility and related technological updates have proven to be a wise investment of police funds, which contributes favorably to law enforcement and prevention.

City of Olmsted Falls Cuyahoga County

Management's Discussion and Analysis (Unaudited)

For The Year Ended December 31, 2005

The fire department consists of 7 full-time fire fighters. All of these fire fighters are fully trained paramedics. Again, training plays a crucial role in the day-to-day operation of the fire department. The department executes training activities in hazardous materials, airline accidents, high-rise building rescue and controlled burns. The department did relocate into a newly constructed fire station. The department also received a new pumper, which was partially funded by the Federal Emergency Management Agency.

With several large sanitary sewer construction projects planned or in process, the investment in streets was limited to those streets that experienced sanitary sewer construction or minor repairs.

The City's Funds

Information about the City's major funds starts on page 14. These funds are accounted for using the modified accrual basis of accounting. All governmental funds had total revenues and other financing sources of \$9,124,759 and expenditures and other financing uses of \$9,446,806. The net change in fund balance for the year was most significant in the Capital Improvement Fund showing an increase in fund balance of \$148,349. The General Fund reflected a decrease of \$84,985, however, the beginning fund balance of \$1,050,907 is more than ample to meet these times of lower revenues.

General Fund Budgeting Highlights

The City's budget is prepared according to Ohio law and is based on accounting for certain transactions on the basis of cash receipts, disbursements and encumbrances. The most significant budgeted fund is the General Fund. An annual appropriation budget is legally required to be prepared for all funds of the City other than agency funds. Council is provided with a detailed line item budget for all departments and after a discussion at a regularly held council meeting, which is open to the public; the budget is adopted by City Council. Council must approve legislation for any revisions in the budget that alter totals for any fund. The finance department watches all the departmental budgets closely to monitor compliance with allocated budgets and provides monthly reports to City Council depicting monthly and year-to-date activity.

For the General Fund, budget basis revenue was \$750,990 greater than the original budget estimates of \$3,424,486. The City continues the conservative practice of estimating low in the tax and intergovernmental revenue areas. The final appropriations of \$4,863,060 was sufficient to meet the expenditures for the year, which ended up at \$4,843,296 or \$19,764 less than anticipated due to conservative budgeting and spending controls.

**City of Olmsted Falls
Cuyahoga County**

Management’s Discussion and Analysis (Unaudited)

For The Year Ended December 31, 2005

Capital Assets and Debt Administration

Capital Assets

Table 3 shows fiscal 2005 balances of Capital Assets as compared to 2004:

**Table 3
Capital Assets at December 31**

	Governmental Activities	
	2005	2004
Land	\$ 657,815	\$ 656,450
Construction in progress	2,884,648	2,786,929
Buildings	3,596,309	3,528,245
Improvements other than buildings	51,275	51,275
Machinery, equipment and vehicles	2,060,771	2,209,106
Infrastructure	1,184,301	636,657
Less: Accumulated Depreciation	<u>(1,087,251)</u>	<u>(1,057,734)</u>
Total Capital Assets	<u>\$ 9,347,868</u>	<u>\$ 8,810,928</u>

The City’s plan is to maintain its assets, including infrastructure, in excellent condition. Vehicles such as fire trucks and ambulances are planned for well in advance by the respective department heads and a scheduled maintenance and replacement timetable is followed to provide peak performance for the maximum time frame. The police car replacement plan is to replace three vehicles each year. The older vehicles are either traded in to the dealers or sold to the highest bidder at an auction.

With regards to the infrastructure, the City’s engineering department maintains a comprehensive listing of all the roads, sewer lines and water lines in the City. As part of the City’s annual road maintenance program, the Engineer evaluates the condition of each street after each winter and prepares a list of streets to be either resurfaced or crack-sealed and in the case of concrete roads, either replaced or repaired. After approval from council, the projects are competitively bid to get the best possible pricing from contractors. Related expenditures are paid for out of the Capital Improvements Fund of the City and a Special Revenue Tax Levy Fund for road improvements.

The City is committed to a long-tem goal of meeting the needs of its infrastructure and facilities.

Cuyahoga County**

Management's Discussion and Analysis (Unaudited)

For The Year Ended December 31, 2005

Debt

At December 31, 2005, the City of Olmsted Falls had \$6,093,953 in outstanding debt and compensated absences, of which \$3,419,037 was in Ohio Water Development Authority Loans and \$1,900,000 of long-term notes payable. Table 4 summarizes the outstanding obligations of the City.

**Table 4
Outstanding Long-Term Debt at Year End**

	Governmental Activities	
	2005	2004
Notes payable	\$ 1,900,000	\$ 2,020,000
OWDA loans	3,419,037	3,841,848
Ohio Water and Sewer Rotary Commission loans	396,075	396,075
Capital leases	1,929	63,872
Compensated absences	269,392	314,131
Intergovernmental payable	<u>107,520</u>	<u>109,523</u>
Total	\$ <u>6,093,953</u>	\$ <u>6,745,449</u>

At December 31, 2005, the City's overall legal debt margin was \$19,505,946. Other obligations include accrued vacation pay and sick leave. More detailed information about the City's long-term liabilities is presented in the notes to the basic financial statements.

Current Related Financial Activities

The City of Olmsted Falls' systems of budgeting and internal controls are well regarded. In conclusion, management has been committed to provide the residents of the City of Olmsted Falls with full disclosure of the financial position of the City.

Contacting the City of Olmsted Falls' Finance Department

This financial report is designed to provide our citizen's, taxpayers, investors and creditors with a general overview of the City's finances and to show the City's accountability for all money it receives, spends, or invests. Reconciliation of Total Governmental Fund Balances to Net Assets of Governmental Activities

December 31, 2005

Total Governmental Funds Balances \$ 2,545,558

Amounts Reported for Governmental Activities in the Statement of Net Assets are different because:

Capital Assets Used in Governmental Activities are not Financial Resources and therefore are not reported in the Funds. 9,347,868

Other Long-Term Assets are not available to pay for current-period expenditures and therefore are deferred in the Funds.

Property and Other Taxes	\$ 191,236
Municipal Income Taxes	741,130
Special Assessments	4,001,670
Intergovernmental	<u>576,479</u>

Total 5,510,515

In the Statement of Activities, interest is accrued on outstanding bonds, whereas in Governmental Funds, an interest expenditure is reported when due. (20,140)

Long-Term Liabilities are not due and payable in the current period and are therefore not reported in the Funds.

Notes payable	(1,900,000)
OWDA loans payable	(3,419,037)
Loans payable	(396,075)
Capital leases	(1,929)
Intergovernmental payable	(107,520)
Compensated absences	<u>(269,392)</u>

Total (6,093,953)

Net Assets of Governmental Activities \$ 11,289,848

The accompanying notes are an integral part of the financial statements

**Reconciliation of The Statement of Revenues, Expenditures and Changes in Fund Balances of
Governmental Funds to the Statement of Activities**

For The Year Ended December 31, 2005

Net Change in Fund Balances - Total Governmental Funds \$ (322,047)

*Amounts Reported for Governmental Activities in the Statement of
Activities are different because:*

Governmental Funds report Capital Outlay as expenditures. However in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which depreciation exceeded capital outlays in the current period.

Capital Outlay	\$ 770,636	
Depreciation	<u>(167,182)</u>	
Total		603,454

In the Statement of Activities, only the loss on the disposal of capital assets is reported, whereas, in the Governmental Funds, the proceeds from the disposal increases financial resources. Thus, the change in Net Assets differs from the change in Fund Balance by the cost of the capital assets. (66,514)

Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the Funds.

Property and Other Taxes	38,767	
Municipal Income Taxes	8,238	
Special Assessments	(439,172)	
Intergovernmental	<u>301,861</u>	
Total		(90,306)

Repayment of Bond Principal is an expenditure in the Governmental Funds, but the repayment reduces Long-Term Liabilities in the Statement of Net Assets. 2,504,754

Proceeds of fire station improvement note in the governmental funds increase long-term liabilities in the Statement of Net Assets are not reported as revenues in the Statement of Activities. (1,900,000)

Some expenses reported in the Statement of Activities do not require the use of current financial resources and therefore are not reported as expenditures in Governmental Funds.

Compensated Absences	44,739	
Intergovernmental payable	2,003	
Accrued Interest on Bonds	<u>(73)</u>	
Total		<u>46,669</u>

Change in Net Assets of Governmental Activities \$ 776,010

City of Olmsted Falls Cuyahoga County

Notes to the Basic Financial Statements

For The Year Ended December 31, 2005

Note 1: The Reporting Entity

The City of Olmsted Falls, Cuyahoga County, (the City) is a body corporate and politic established to exercise the rights and privileges conveyed to it by the constitution and laws of the State of Ohio.

The City was incorporated in 1851 and became a city in 1972. Under the City Charter adopted in July 1972, the City has an elected mayor-council form of government. Council is composed of seven members, three at large and one for each of the City's four wards, all elected for terms of two years. The Director of Law, Director of Finance, Safety Director, Service Director and part-time Community Development Director are appointed by the Mayor and confirmed by Council.

A reporting entity is comprised of the primary government, component units and other organizations that are included to ensure that the financial statements are not misleading. The City as a primary government consists of all funds and the departments, which are not legally separate from the City. They include a police force, a fire fighting force, a mayor's court, a street maintenance and sanitation force, planning and zoning departments, a park and recreation system and a staff to provide essential support to these service providers. The operation of each of these activities is directly controlled by the City Council through the budgetary process and is therefore included as part of the reporting entity. Included in the determination of the City's reporting entity is the Mayor's Court of Olmsted Falls (Court). The territorial jurisdiction of the Court is in the boundaries of the City and has been included in the City's financial statements as an agency fund. The mayor is an elected official who has fiduciary responsibility for the collection and distribution of the court fees and fines.

Component units are legally separate organizations for which the City is financially accountable. The City is financially accountable for an organization if the City appoints a voting majority of the organization's governing board and (1) the City is able to significantly influence the programs or services performed or provided by the organization; or (2) the City is legally entitled to or can otherwise access the organization's resources; the City is legally obligated or has otherwise assumed the responsibility to finance deficits of, or provide financial support to the organization; or the City is obligated for the debt of the organizations. Component units may also include organizations for which the City authorizes the issuance of debt or the levying of taxes, or determines the budget. There are no component units included as part of this report.

The City is associated with five jointly governed organizations, the Northeast Ohio Public Energy Council, Chestnut Grove Union Cemetery, Joint Economic Development District, Southwest Council of Governments, and the Southwest General Health Center. A jointly governed organization is managed by representatives from each of the governments that create the organization, but there is no ongoing financial interest or responsibility on the part of the participating governments. These organizations are presented in Note 15.

The Olmsted Falls City School and the Berea City School Districts service the boundaries of the City. Both are distinct political subdivisions of the State of Ohio and each is operated under an elected school board possessing its own budgetary and taxing authority. Accordingly, the school districts are not considered part of the City and its operations are not included within the accompanying financial statements.

City of Olmsted Falls Cuyahoga County

Notes to the Basic Financial Statements (Continued)

For The Year Ended December 31, 2005

Note 1: The Reporting Entity (continued)

The Cuyahoga County Public Library (the Library), located within the boundaries of the City, is a distinct political subdivision of the State of Ohio operated under the supervision of the Cuyahoga County Public Library District. The Library is not a component unit of the reporting entity and is not reflected within the accompanying financial statements.

Each year, the residents of Olmsted Falls are assessed, through a tax levy, for a portion of the general operating expenses of the Chestnut Grove Union Cemeteries. For 2005, the amount paid to the Chestnut Grove Union Cemetery amounted to \$41,059. The residents are also assessed, through a tax levy, for a portion of the operating expenses of Southwest General Hospital. The amount paid in 2005 to the Southwest General Hospital amounted to \$51,395. Both of these organizations exercise their own budgetary and financial management authority. Therefore they are not considered part of the City and their operations are not reflected in the City's financial statements.

Note 2: Summary of Significant Accounting Policies

The financial statements of the City of Olmsted Falls have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to local governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial principles. The City also applies Financial Accounting Standards Board Statements and Interpretations issued before November 30, 1989 to its governmental activities provided they do not conflict with or contradict GASB pronouncements. The most significant of the City's accounting policies are described below.

A. Basis of Presentation

The City's basic financial statements consist of government-wide statements, including a statement of net assets and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

Government-Wide Financial Statements

The statement of net assets and the statement of activities display information about the City as a whole. These statements include the financial activities of the primary government, except for fiduciary funds.

City of Olmsted Falls Cuyahoga County

Notes to the Basic Financial Statements (Continued)

For The Year Ended December 31, 2005

Note 2: Summary of Significant Accounting Policies (continued)

A. Basis of Presentation (continued)

The statement of net assets presents the financial condition of the governmental activities of the City at year-end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the City's governmental activities. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program and interest earned on grants that is required to be used to support a particular program. Revenues not classified as program revenues are presented as general revenues of the City, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the City.

Fund Financial Statements

During the year, the City segregates transactions related to certain City functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the City at this more detailed level. The focus of governmental financial statements is on major funds. Each major fund is presented in a separate column. Non-Major funds are aggregated and presented in a single column. Fiduciary funds are reported by type.

B. Fund Accounting

The City uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. There are three categories of funds: Governmental, Proprietary and Fiduciary. The City does not have proprietary funds.

Governmental Funds - Governmental funds are those through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses and balances of financial resources. Expendable assets are assigned to the various governmental funds according to the purpose for which they may or must be used. The current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance. The following are the City's major governmental funds:

General Fund – The general fund accounts for all financial resources except those required to be accounted for in another fund. The general fund balance is available to the City for any purpose provided it is expended or transferred according to the Charter of the City of Olmsted Falls and/or the general laws of Ohio.

**City of Olmsted Falls
Cuyahoga County**

Notes to the Basic Financial Statements (Continued)

For The Year Ended December 31, 2005

Note 2: Summary of Significant Accounting Policies (continued)

B. Fund Accounting (continued)

Sewer Debt Service Project 2 Fund – To account for special assessments and transfers that are utilized for the repayment of OWDA loans for a sewer project.

Capital Improvement Fund – This fund is used to account for the financial resources to be used for the acquisition or construction of major capital facilities.

The other governmental funds of the City account for grants and other resources whose use is restricted to a particular purpose.

Fiduciary Funds - Fiduciary fund reporting focuses on net assets and changes in net assets. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds and agency funds. Trust funds are used to account for assets held by the City under a trust agreement for individuals, private organizations, or other governments and are therefore not available to support the City's own programs. The City has no trust funds. Agency funds are used to account for assets held by the City in a trustee capacity or as an agent for individuals, private organizations, other governments, and other funds. Agency funds are purely custodial (assets equal liabilities) and thus do not involve measurement of results of operations.

C. Measurement Focus

Government-Wide Financial Statements

The government-wide financial statements are prepared using the economic resources measurement focus. All assets and all liabilities associated with the operation of the City are included on the Statement of Net Assets.

Fund Financial Statements

All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. The statement of revenues, expenditures and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources.

This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

**City of Olmsted Falls
Cuyahoga County**

Notes to the Basic Financial Statements (Continued)

For The Year Ended December 31, 2005

Note 2: Summary of Significant Accounting Policies (continued)

D. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting; fiduciary funds also use the accrual basis of accounting.

Revenues – Exchange and Non-Exchange Transactions

Governmental funds use the modified accrual basis of accounting. Differences in the accrual and modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred revenue and in the presentation of expenses versus expenditures.

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the year in which the resources are measurable and become available. Available means that the resources will be collected within the current year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current year. Available period for the City is sixty days after year-end.

Non-exchange transactions, in which the City receives value without directly giving equal value in return, include income taxes, property taxes, grants, entitlements and donations. On an accrual basis, revenue from income taxes is recognized in the period in which the income is earned. Revenue from property taxes is recognized in the year for which the taxes are levied (see Note 5).

Revenue from grants, entitlements and donations is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the City must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the City on a reimbursement basis. On a modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at year-end: income tax, state-levied locally shared taxes (including gasoline tax), fines and forfeitures, licenses and permits, interest, grants and fees.

**City of Olmsted Falls
Cuyahoga County**

Notes to the Basic Financial Statements (Continued)

For The Year Ended December 31, 2005

Note 2: Summary of Significant Accounting Policies (continued)

D. Basis of Accounting (continued)

Deferred Revenue

Deferred revenue arises when assets are recognized before revenue recognition criteria have been satisfied.

Property taxes for which there is an enforceable legal claim as of December 31, 2005, but which were levied to finance year 2006 operations, have been recorded as deferred revenue. Special assessments not received within the available period and grants and entitlements received before the eligibility requirements are met are also recorded as deferred revenue. On governmental fund financial statements, receivables that will not be collected within the available period have also been reported as deferred revenue.

Expenses/Expenditures

On the accrual basis of accounting, expenses are recognized at the time they are incurred. The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

E. Budgetary Process

The budgetary process is prescribed by provisions of the Ohio Revised Code and entails the preparation of budgetary documents within an established timetable. The major documents prepared are the tax budget, the certificate of estimated resources, and the appropriation ordinance, all of which are prepared on the budgetary basis of accounting. All funds, other than the agency funds, are legally required to be budgeted and appropriated. The legal level of budgetary control is at the fund level for all funds. Any budgetary modifications at this level may only be made by resolution of the City Council. The Director of Finance is authorized to transfer appropriations between line items within a function or object of any department.

Tax Budget

At the last Council meeting in May, the Mayor presents the annual operating budget for the following year to City Council for consideration and passage. The adopted budget is submitted to the County Auditor, as Secretary of the County Budget Commission, by July 20th of each year, for the period January 1st to December 31st of the following year.

City of Olmsted Falls Cuyahoga County

Notes to the Basic Financial Statements (Continued)

For The Year Ended December 31, 2005

Note 2: Summary of Significant Accounting Policies (continued)

E. Budgetary Process (continued)

Estimated Resources

The County Budget Commission determines if the budget substantiates a need to levy all or part of previously authorized taxes and reviews estimated revenue. The Commission certifies its actions to the City by September 1. As part of this certification, the City receives the official certificate of estimated resources, which states the projected revenue of each fund. Prior to December 31st, the City must revise its budget so that the total contemplated expenditures from any fund during the ensuing year will not exceed the amount available as stated in the certificate of estimated resources. The revised budget then serves as the basis for the annual appropriations ordinance. On or about January 1st, the certificate of estimated resources is amended to include unencumbered fund balances at December 31st of the preceding year. The certificate may be further amended during the year if the Finance Director determines, and the Budget Commission agrees, that an estimate needs to be either increased or decreased. The amounts reported as the budgeted amounts on the budgetary statements reflect the amounts on the amended certificate of estimated resources in effect when final appropriations were passed by Council.

Appropriations

A temporary appropriation ordinance to control expenditures may be passed on or about January 1 of each year for the period January 1st to March 31st. An annual appropriation ordinance must be passed by April 1st of each year for the period January 1st to December 31st. The appropriation ordinance fixes spending authority at the fund level for all funds. The appropriation ordinance may be amended during the year as new information becomes available, provided that total fund appropriations may not exceed current estimated resources, as certified. During the year, several supplemental appropriation measures were passed. The amounts reported as the budgeted amounts represent the final appropriation amounts passed by Council during the year.

Encumbrances

As part of formal budgetary control, purchase orders, contracts and other commitments for the expenditure of monies are recorded as the equivalent of expenditures on the non-GAAP budgetary basis in order to reserve that portion of the applicable appropriation and to determine and maintain legal compliance. The Ohio Revised Code prohibits expenditures plus encumbrances from exceeding appropriations. On the GAAP basis, encumbrances outstanding at year-end are reported as reservations of fund balances for subsequent-year expenditures for governmental funds.

Lapsing of Appropriations

At the close of each year, the unencumbered balance of each appropriation reverts to the respective fund from which it was appropriated and becomes subject to future appropriations. The encumbered appropriation balance is carried forward to the succeeding year and is not reappropriated.

**City of Olmsted Falls
Cuyahoga County**

Notes to the Basic Financial Statements (Continued)

For The Year Ended December 31, 2005

Note 2: Summary of Significant Accounting Policies (continued)

F. Cash and Cash Equivalents

To improve cash management, cash received by the City is pooled. Monies for all funds are maintained in this pool. Individual fund integrity is maintained through the City's records. Each fund's interest in the pool is presented as "Equity in Pooled Cash and Cash Equivalents."

During 2005, the City's investments were limited to non-negotiable certificates of deposits and STAROhio. Investments are reported at fair value, except for non-negotiable certificates of deposits, which are reported at cost.

STAROhio is an investment pool managed by the State Treasurer's Office, which allows governments within the State to pool their funds for investment purposes. STAROhio is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in STAROhio are valued at STAROhio's share price, which is the price the investment could be sold for on December 31, 2005.

The provisions of the Ohio Revised Code restrict investment procedures. Interest revenue credited to the general fund during 2005 amounted to \$138,663. \$9,114 was assigned from other City funds. Investments with an original maturity of three months or less at the time of purchase and investments of the cash management pool are presented on the financial statements as cash equivalents.

G. Prepaid Items

Payments made to vendors for services that will benefit periods beyond December 31, 2005, are recorded as prepaid items using the consumption method by recording a current asset for the prepaid amount at the time of purchase and reflecting the expenditure in the year in which the services are consumed.

H. Inventory

Inventories are presented at cost on a first-in, first-out basis and are recorded as expenditures in the governmental funds when used. Inventory consists of expendable supplies held for consumption.

I. Capital Assets

General capital assets generally result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the government-wide statement of net assets but are not reported in the fund financial statements.

**City of Olmsted Falls
Cuyahoga County**

Notes to the Basic Financial Statements (Continued)

For The Year Ended December 31, 2005

Note 2: Summary of Significant Accounting Policies (continued)

I. Capital Assets (continued)

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated capital assets are recorded at their fair market values as of the date received. The City's infrastructure consists of streets, sanitary sewers, bridges and traffic signals. Traffic signals acquired prior to January 1, 2002 are not reported. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not. Retro to December 31, 2004, the City has implemented a bridge infrastructure accounting of all bridges greater than a ten foot span.

All capital assets are depreciated except for land and construction in progress. Improvements are depreciated over the remaining useful lives of the related capital assets. Useful lives for infrastructure were estimated based on the City's historical records of necessary improvements and replacement. Depreciation is computed using the straight-line method over the following useful lives:

<u>Description</u>	<u>Estimated Lives</u>
Buildings	40 - 110
Improvements other than buildings	50
Machinery, equipment and vehicles	10 - 75
Infrastructure	50 - 100

J. Interfund Balances

On fund financial statements, outstanding interfund loans and unpaid amounts for interfund services are reported as "interfund receivables/payables". Interfund loans which do not represent available expendable resources are offset by a fund balance reserve account. Interfund balance amounts are eliminated in the statement of net assets. The City has no short-term interfund loans outstanding as of December 31, 2005.

**City of Olmsted Falls
Cuyahoga County**

Notes to the Basic Financial Statements (Continued)

For The Year Ended December 31, 2005

Note 2: Summary of Significant Accounting Policies (continued)

K. Compensated Absences

Holiday, personal, vacations and others are a use it or lose it policy. Individual exceptions are allowed to carry forward certain unused amounts into the next year. Generally, such requests are infrequent and will not be considered at this time.

Sick leave benefits are accrued as a liability using the vesting method. The financial reporting policy for recognition of compensated absences of sick time is based upon all employees considered vested after one year of employment and eligible for termination cash out. Or, it is assumed that all hired employees will terminate employment from the city and be eligible for cash out of unused sick time based upon the allocation ratio in effect at the fiscal year-end.

The entire compensated absence liability is reported on the government-wide financial statement.

L. Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources, are reported as obligations of the funds. However, claims and judgments, compensated absences, and contractually required pension contributions that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current year. Bonds, capital leases and long-term loans are recognized as a liability on the fund financial statements when due.

M. Fund Reserves and Designations

The City reserves those portions of fund balance which are legally segregated for a specific future use or which do not represent expendable resources and therefore are not available for appropriation or expenditure. Fund balance reserves have been established for encumbrances.

N. Net Assets

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvement of those assets. Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the City or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

The City applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

**City of Olmsted Falls
Cuyahoga County**

Notes to the Basic Financial Statements (Continued)

For The Year Ended December 31, 2005

Note 2: Summary of Significant Accounting Policies (continued)

O. Interfund Activity

Transfers between governmental activities on the government-wide statements are reported in the same manner as general revenues.

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

P. Extraordinary and Special Items

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of the City Administration and that are either unusual in nature or infrequent in occurrence. The City had neither type of transaction during 2005.

Q. Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

**City of Olmsted Falls
Cuyahoga County**

Notes to the Basic Financial Statements (Continued)

For The Year Ended December 31, 2005

Note 3: Budgetary Basis of Accounting

While reporting financial position, results of operations, and changes in fund balance on the basis of generally accepted accounting principles (GAAP basis), the budgetary basis as provided by law is based upon accounting for transactions on a basis of cash receipts, disbursements and encumbrances. The Statement of Revenues, Expenditures and Changes in Fund Balances - Budget (Non-GAAP Basis) and Actual is presented on the budgetary basis to provide a meaningful comparison of actual results with the budget and to demonstrate compliance with State statute. The major differences between the budget basis and the GAAP basis are:

1. Revenues are recorded when received in cash (budget) as opposed to when susceptible to accrual (GAAP).
2. Expenditures are recorded when paid in cash (budget) as opposed to when the liability is incurred (GAAP).
3. Encumbrances are treated as expenditures for all funds (budget) rather than as a reservation of fund balance for governmental fund types (GAAP).
4. Short-term note proceeds and note principal retirement for governmental funds are operating transactions (budget) as opposed to balance sheet transactions (GAAP).

The following table summarizes the adjustments necessary to reconcile the GAAP basis statements to the budgetary basis statements:

	<u>Net Change in Fund Balance</u> <u>General</u>
GAAP Basis	\$ (84,985)
Net Adjustments for Revenue Accounts	128,991
Net Adjustments for Expenditure Accruals	<u>(711,826)</u>
Budget Basis	\$ <u><u>(667,820)</u></u>

Note 4: Deposits and Investments

State statutes classify monies held by the City into three categories.

Active deposits are public deposits necessary to meet current demands on the treasury. Such monies must be maintained either as cash in the City treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts. Inactive deposits are monies identified as not required for use within the current five year period of designation of depositories.

**City of Olmsted Falls
Cuyahoga County**

Notes to the Basic Financial Statements (Continued)

For The Year Ended December 31, 2005

Note 4: Deposits and Investments (continued)

Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts. Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories.

Interim monies may be deposited or invested in the following securities:

1. United States Treasury Notes, Bills, Bonds, or any other obligation or security issued by the United States Treasury or any other obligation guaranteed as to principal and interest by the United States;
2. Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality, including but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. Written repurchase agreements in the securities listed above provided that the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily;
4. Investment grade obligations of state and local governments, and public authorities;
5. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) of this section and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions; and,
6. The State Treasurer's investment pool (STAROhio).

Investments in stripped principal or interest obligations, reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. An investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the City, and must be purchased with the expectation that it will be held to maturity.

Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the treasurer or qualified trustee or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

**City of Olmsted Falls
Cuyahoga County**

Notes to the Basic Financial Statements (Continued)

For The Year Ended December 31, 2005

Note 4: Deposits and Investments (continued)

A. Deposits

Custodial credit risk is the risk that in the event of bank failure, the City’s deposits may not be returned to it. Protection of the City’s deposits is provided by the Federal Deposit Insurance Corporation, by eligible securities pledged by the financial institution, by surety company bonds or by a single collateral pool established by the financial institution. In accordance with Chapter 135 of the Ohio Revised Code, any public depository receiving deposits pursuant to an award of City funds shall be required to pledge security for repayment of all public moneys.

At year-end, the carrying amount of the City’s deposits was \$1,491,120 and the bank balance was \$1,593,953. Of the bank balance \$200,000 was covered by Federal depository insurance and \$1,393,953 was uninsured and uncollateralized. Of the remaining uninsured bank balance, \$1,125,374 was collateralized with securities held by the pledging institution’s agent in the City’s name and \$268,579 was collateralized with securities held by the pledging institution’s trust department, not in the City’s name.

B. Investments

Investments are reported at fair value. As of December 31, 2005, the City had the following investments:

	<u>Fair Value</u>	<u>Weighted Average Maturity (Days)</u>
STAROhio	\$ 3,148,678	33
Total Portfolio	<u>\$ 3,148,678</u>	

Interest Rate Risk arises because potential purchasers of debt securities will not agree to pay face value for those securities if interest rates subsequently increase. The City’s investment policy addresses interest rate risk requiring that the City’s investment portfolio be structured so that securities mature to meet cash requirements for ongoing operations and/or long-term debt payments, thereby avoiding that need to sell securities on the open market prior to maturity and by investing operating funds primarily in short-term investments. The City investment policy also limits security purchases to those that mature five years unless specifically matched to a specific cash flow. To date, no investments have been purchased with a life greater than two years.

Custodial Risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, the City will not be able to recover the value of investment or collateral securities that are in the possession of an outside party. All financial institutions and broker/dealers who desire to become qualified for investment transactions with the City must meet a set of prescribed standards and be periodically reviewed.

Credit Risk is addressed by the City’s investment policy by the requirements that all investments are authorized by Ohio Revised Code and that portfolio be diversified both by types of investment and issuer. All investments of the City are registered and carry a rating AAA by Standard & Poor’s.

**City of Olmsted Falls
Cuyahoga County**

Notes to the Basic Financial Statements (Continued)

For The Year Ended December 31, 2005

Note 4: Deposits and Investments (continued)

Concentration of Credit Risk is defined by the Governmental Accounting Standards Board as five percent or more in the securities of a single issuer. The City's investment policy requires diversification of the portfolio but does not indicate specific percentage allocations. The following is the City's allocation as of December 31, 2005:

<u>Investment Issuer</u>	<u>Percentage of Investments</u>
STAROhio	100%

Note 5: Receivables

Receivables at December 31, 2005, consisted of municipal income taxes, property taxes, accounts, due from other governments, and special assessments. All receivables are considered fully collectible.

A. Property Taxes

Property taxes include amounts levied against all real, public utility and tangible personal property located in the City. Property tax revenue received during 2005 for real and public utility property taxes represents collections of the 2004 taxes. Property tax payments received during 2005 for tangible personal property (other than public utility property) and for 2005 taxes.

The 2005 real property taxes are levied after October 1, 2005, on the assessed value as of January 1, 2005, the lien date. Assessed values are established by State law at 35 percent of appraised market value. 2005 real property taxes are collected in and intended to finance 2006.

Public utility tangible personal property currently is assessed at varying percentages of true value; public utility real property is assessed at 35 percent of true value. 2005 public utility property taxes which became a lien December 31, 2004, are levied after October 1, 2005, and are collected in 2006 with real property taxes.

The 2005 tangible personal property taxes are levied after October 1, 2004, on the values as of December 31, 2004. Collections are made in 2005. Tangible personal property assessments are 25 percent of true value for capital assets and 23 percent for inventory.

The full tax rate applied to real property for the fiscal year ended December 31, 2005 was \$15.10 for \$1,000 of assessed valuation. The assessed values of real and tangible personal property, upon which 2005 property tax receipts were based, are as follows:

**City of Olmsted Falls
Cuyahoga County**

Notes to the Basic Financial Statements (Continued)

For The Year Ended December 31, 2005

Note 5: Receivables (continued)

<u>Category</u>	<u>Assessed Value</u>
Real Property	\$ 187,799,780
Public Utility Tangible	4,769,410
Tangible Personal	<u>2,954,950</u>
Total	\$ <u>195,524,140</u>

Real property taxes are payable annually or semi-annually. If paid annually, payment is due December 31; if paid semi-annually, the first payment is due December 31, with the remainder payable by June 20. Under certain circumstances, Ohio Revised Code permits later payment dates to be established.

Tangible personal property taxes paid by multi-county taxpayers are due September 20. Single county taxpayers may pay annually or semi-annually. If paid annually, payment is due April 30; if paid semi-annually, the first payment is due April 30, with the remainder payable at September 20.

The Cuyahoga County Treasurer collects property taxes on behalf of all taxing districts in the County, including the City. The County Auditor periodically remits to the City its portion of the taxes. Property taxes receivable represents real and tangible personal property taxes, public utility taxes and outstanding delinquencies which are measurable as of December 31, 2005 and for which there is an enforceable legal claim. In the governmental funds, the entire receivable has been offset by deferred revenue since current taxes were not levied to finance 2005 operations and the collection of delinquent taxes during the available period is not subject to reasonable estimation. On a full accrual basis, collectible delinquent property taxes have been recorded as a receivable and a revenue while on the modified accrual basis the revenue is deferred.

B. Income Tax

The City levies an income tax of 1.50% on substantially all income earned within the City. In addition, residents of the City are required to pay City income tax on income earned outside the City; however, a 50% credit up to 1.50% is allowed for income taxes paid to other municipalities. Employers within the City are required to withhold income tax on employee earnings and remit the tax at least quarterly to the Regional Income Tax Agency, who administers the City's income tax collections. Corporations and other individual taxpayers are also required to pay their estimated tax at least quarterly and file a final return annually.

By City Ordinance, income taxes shall be deposited in the General Fund, except that ten percent and two percent of such balance shall be deposited annually in the Capital Improvement General Improvements Fund and the Capital Improvement Service Equipment Fund, respectively.

**City of Olmsted Falls
Cuyahoga County**

Notes to the Basic Financial Statements (Continued)

For The Year Ended December 31, 2005

Note 5: Receivables (continued)

C. Intergovernmental Receivable

A summary of intergovernmental receivables as of December 31, 2005, follows:

Governmental Activities:	<u>Amount</u>
Local Government and Local Government Revenue Assistance	\$ 98,676
Homestead and Rollback	100,482
State Local Government	18,021
Estate Tax	46,093

**City of Olmsted Falls
Cuyahoga County**

Notes to the Basic Financial Statements (Continued)

For The Year Ended December 31, 2005

Note 8: Risk Management

The City of Olmsted Falls is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and injuries to employees. During 2005, the City contracted through the Municipal Insurance Alliance Agency of Ohio for various types of insurance as follows:

<u>Company</u>	<u>Type</u>	<u>Coverage</u>
Arch Insurance Company	Building and Property	\$ 6,748,073
	General Liability	3,000,000
	Public Officials Liability	1,000,000
	Law Enforcement Liability	1,000,000
	Crime Coverage	25,000
	Employee Dishonesty	50,000
	Automobile Liability	1,000,000
	Umbrella Liability	10,000,000
	Inland Marine	553,890
Travelers Property Casualty	Boiler/Machinery	1,000,000

The City carries commercial insurance coverage for all risks. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three years and there were no significant reductions in coverage from the prior year. Workers' Compensation coverage is provided by the State. The City pays the Ohio Bureau of Workers' Compensation System a premium based on a rate per \$100 of salaries. This rate is calculated based on accident history and administrative costs.

City of Olmsted Falls Cuyahoga County

Notes to the Basic Financial Statements (Continued)

For The Year Ended December 31, 2005

Note 9: Defined Benefit Pension Plans

A. Ohio Public Employees Retirement System

The City participates in the Ohio Public Employees Retirement System (OPERS). OPERS administers three separate pension plans. The traditional plan is a cost-sharing, multiple-employer defined benefit pension plan. The member-directed plan is a defined contribution plan in which the member invests both member and employer contributions (employer contributions vest over five years at 20% per year). Under the member directed plan, members accumulate retirement assets equal to the value of the member and vested employer contributions plus any investment earnings. The combined plan is a cost-sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and a defined contribution plan. Under the combined plan, employer contributions are invested by the retirement system to provide a formula retirement benefit similar to the traditional plan benefit. Member contributions, whose investment is self-directed by the member, accumulate retirement assets in a manner similar to the member directed plan.

OPERS provides retirement, disability, survivor and death benefits and annual cost of living adjustments to members of the traditional and combined plans. Members of the member-directed plan do not qualify for ancillary benefits. The authority to establish and amend benefits is provided by Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report which may be obtained by writing to the Ohio Public Employees Retirement System, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling (800) 222-7377.

For the year ended December 31, 2005, the members of all three plans, except those in law enforcement or public safety participating in the traditional plan, were required to contribute 8.5 percent of their annual covered salaries. Members participating in the traditional plan who were law enforcement contributed 10.1 percent of their annual covered salary; members in public safety contributed 9 percent. The contribution rate of the City for pension benefits for 2005 was 9.55 percent except for those plan members in law enforcement or public safety. For those classifications the City's pension contributions were 12.7 percent of covered payroll. The Ohio Revised Code provides statutory authority for member and employer contributions.

The City's required contributions for pension obligations to the traditional and combined plans for the years ended December 31, 2005, 2004, and 2003 were \$120,445, \$124,290, and 106,818, respectively. The full amount has been contributed for 2003 and 2004. Contributions during 2005 are 75.95% for the required amount and the remainder is reported as a liability in the governmental-wide Statement of Net Assets.

B. Ohio Police and Pension Fund

The City contributes to the Ohio Police and Fire Pension Fund (OP&F), a cost sharing multiple employer defined benefit plan. OP&F provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefit provisions are established by the Ohio State Legislature and are codified in Chapter 742 of the Ohio Revised Code. The OP&F issues a publicly available financial report that includes financial information and required supplementary information for the plan. That report may be obtained by writing to the Ohio Police and Fire Pension Fund, 140 East Town Street, Columbus, Ohio 43215-5164.

**City of Olmsted Falls
Cuyahoga County**

Notes to the Basic Financial Statements (Continued)

For The Year Ended December 31, 2005

Note 9: Defined Benefit Pension Plans (continued)

B. Ohio Police and Pension Fund (continued)

Police and firefighter plan members are required to contribute 10 percent of their annual covered salary to fund pension obligations and the City is required to contribute 11.75 percent for police officers and 16.25 percent for firefighters. Contributions are authorized by State statute. The City's required contributions to the OP&F for police and firefighters were \$78,109 and \$74,930 for the year ended December 31, 2005, \$78,125 and \$75,950 for the year ended December 31, 2004, \$79,486 and \$76,718 for the year ended December 31, 2003. The full amount has been contributed for 2004 and 2003. Contributions during 2005 are 71.62 percent and 73.23 percent of the required amount respectively, with the remainder being reported as a liability in the governmental-wide Statement of Net Assets.

Note 10: Postemployment Benefits

A. Ohio Public Employees Retirement System

The Ohio Public Employees Retirement System (OPERS) provides postretirement health care coverage to age and service retirees with ten or more years of qualifying Ohio service credit with either traditional or combined plans. Health care coverage for disability recipients and qualified survivor recipients is available. Members of the member-directed plan do not qualify for postretirement health care coverage. The health care coverage provided by the retirement system is considered an Other Post-employment Benefit as described in GASB Statement No. 12. A portion of each employer's contribution to the traditional or combined plans is set aside for the funding of postretirement health care based on authority granted by State statute. The 2005 local government employer contribution rate was 13.55 percent of covered payroll (16.70 percent for public safety and law enforcement); 4.00 percent of covered payroll was the portion that was used to fund health care.

Benefits are advance-funded using the entry age normal actuarial cost method. Significant actuarial assumptions, based on OPERS's latest actuarial review performed as of December 31, 2004, include a rate of return on investments of 8.00 percent. An annual increase in active employee total payroll of 4.00 percent compounded annually (assuming no change in the number of active employees) is the base portion of the individual pay increase assumption. Additionally, annual pay increases, over and above 4.0 base increase, were assumed to increase at a projected wage inflation rate plus an additional factor ranging between 0.5 percent and 6.3 percent. Health care premiums were assumed to increase at the projected wage inflation rate plus an additional factor ranging from 1 percent to 6 percent for the next eight years. In subsequent years (8 and beyond) health care costs were assumed to increase at 4 percent (the projected wage inflation rate).

City of Olmsted Falls Cuyahoga County

Notes to the Basic Financial Statements (Continued)

For The Year Ended December 31, 2005

Note 10: Postemployment Benefits (continued)

A. Ohio Public Employees Retirement System (continued)

All investments are carried at market. For actuarial valuation purposes, a smoothed market approach is used. Assets are adjusted to reflect 25 percent of unrealized market appreciation or depreciation on investment assets annually.

The number of active contributing participants in the traditional and combined plans was 376,109. Actual employer contributions for 2005 which were used to fund post employment benefits were \$51,244. The actual contribution and the actuarially required contribution amounts are the same. OPERS's net assets available for payment of benefits at December 31, 2004, was \$10.8 billion. The actuarially accrued liability and the unfunded actuarial accrued liability were \$29.5 billion and \$18.7 billion, respectively.

On September 9, 2004 the OPERS Retirement Board adopted a Health Care Preservation Plan (HCPP) with an effective date of January 1, 2007. The HCPP restructures OPERS' health care coverage to improve the financial solvency of the fund in response to skyrocketing health care costs. Member and employer contribution rates increased as of January 1, 2006, which will allow additional funds to be allocated to the health care plan.

Under the HCPP, retirees eligible for health care coverage will receive a graded monthly allocation based on their years of service at retirement. The Plan incorporates a cafeteria approach, offering a broad range of health care options that allow benefit recipients to use their monthly allocation to purchase health care coverage customized to meet their individual needs. If the monthly allocation exceeds the cost of the option selected, the excess is deposited into a Retiree Medical Account that can be used to fund future health care expenses.

B. Ohio Police and Pension Fund

The Ohio Police and Fire Pension Fund (OP&F) provides postretirement health care coverage to any person who receives or is eligible to receive a monthly service, disability or survivor benefit check or is a spouse or eligible dependent child of such person. An eligible dependent child is any child under the age of 18 whether or not the child is attending school, or under the age of 22 if attending school full-time or on a 2/3 basis.

The health care coverage provided by the retirement system is considered an Other Postemployment Benefit (OPEB) as described in GASB Statement No. 12. The Ohio Revised Code provides the authority allowing the Ohio Police and Fire Pension Fund's board of trustees to provide health care coverage and states that health care costs paid from the Ohio Police and Fire Pension Fund shall be included in the employer's contribution rate. Health care funding and accounting is on a pay-as-you-go basis. The total police employer contribution rate is 19.5 percent of covered payroll and the total firefighter employer contribution rate is 24 percent of covered payroll, of which 7.75 percent of covered payroll was applied to the post employment health care program during 2005 and 2004. In addition, since July 1, 1992, most retirees have been required to contribute a portion of the cost of their health care coverage through a deduction from their monthly benefit payment. Beginning in 2001, all retirees and survivors have monthly health care contributions.

Cuyahoga County**

Notes to the Basic Financial Statements (Continued)

For The Year Ended December 31, 2005

Note 10: Postemployment Benefits (continued)

B. Ohio Police and Pension Fund (continued)

The City's actual contributions for 2005 that were used to fund postemployment benefits were \$50,999 for police and \$35,897 for fire. The OP&F's total health care expense for the year ended December 31, 2004, was \$102,173,796, which was net of member contributions of \$55,665,341. The number of OP&F participants eligible to receive health care benefits as of December 31, 2004, was 13,812 for police and 10,528 for firefighters.

Note 11: Long-Term Obligations

Changes in long-term obligations of the City during 2005 are as follows:

	Balance 12/31/04	Additions	Reductions	Balance 12/31/05	Due Within One Year
1998 Ohio Water and Sewer Rotary Commission Loan (W&SRC) 0.00% \$433,158	\$ 396,075	\$ -	\$ -	\$ 396,075	\$ -

Cuyahoga County**

Notes to the Basic Financial Statements (Continued)

For The Year Ended December 31, 2005

Note 11: Long-Term Obligations (continued)

Ohio Water and Sewer Rotary Commission (W&SRC)

The City obtained resources from the Ohio Water and Sewer Rotary Commission during fiscal year 1998 to pay for the cost of improvements contained within an Agricultural District within the City. The collections of special assessments within an agricultural district are exempt under the terms of Ohio Revised Code Section 929.03. The full amount of the assessment for the portion of the property, for which the use has changed, pursuant to the Revised Code, is due within ten days and must be repaid by the City regardless of whether the City has collected the full amount from property owners at that time. No part of the Ohio Water and Sewer Rotary Commission debt is due until use has changed per the requirements of the law.

The amount of filing and unbilled special assessments for the improvements within the Agricultural District was \$396,075. There was no change in the status of the parcels for the fiscal year ended December 31, 2005.

Ohio Water Development Authority (OWDA)

The City has obtained loans from OWDA for water and sewer line extension in fiscal years 1989, 1991 and 1995. The sewer projects have been mandated by the Ohio Environmental Protection Agency. These loans will be paid from the debt service funds using special assessments levied against benefited property owners. In the event that a property owner would fail to pay the assessment, the City would make payment. These loans are paid for from various debt service funds.

During fiscal year 2002, the City obtained two loans from OWDA. One loan is for the construction of storm sewer lines. The second loan is for the construction of sanitary sewer lines, the dismantling of a primary treatment plant and conversion to a pump station. These loans have been finalized, and as a result a repayment schedule is included in the schedule of debt service requirements and the outstanding loan amounts. These loans are paid for from the Capital Improvements Fund.

Principal and interest requirements to retire long-term obligations finalized as of December 31, 2005 are as follows:

	<u>Governmental Obligations</u>	
	<u>OWDA</u>	
	<u>Principal</u>	<u>Interest</u>
2006	\$ 225,965	\$ 173,964
2007	238,855	161,452
2008	252,530	148,183
2009	267,040	134,110
2010	282,438	119,181
2011-2015	1,161,975	391,503
2016-2020	824,747	115,689
2021-2022	<u>165,487</u>	<u>16,090</u>
Total	\$ <u>3,419,037</u>	\$ <u>1,260,172</u>

**City of Olmsted Falls
Cuyahoga County**

Notes to the Basic Financial Statements (Continued)

For The Year Ended December 31, 2005

Note 11: Long-Term Obligations (continued)

Fire Station Improvement Notes Series 05

The bond anticipation notes that were rolled over prior to the issuance of the financial statements and have a new maturity less than one year of fiscal year end. The notes payable have been reported on the Statement of Net Assets for the governmental activities. The notes are backed by the full faith and credit of the City and paid for from the General Bond Retirement Fund.

Due to Other Governments, Compensated Absences and Capital Leases

Due to Other Governments represents employer pension obligations paid outside the available period. Compensated absences and the pension obligations will be paid from the fund from which the employee's salary is paid. Capital leases will be paid from the General Fund.

Note 12: Short-Term Note Debt

The City's note activity, including amounts outstanding and interest rates are reported as follows:

	<u>Balance</u> <u>12/31/2004</u>	<u>Additions</u>	<u>Reductions</u>	<u>Balance</u> <u>12/31/2005</u>
2004 Building Improvement				
Notes at 2.50%	\$ 2,000,000	\$ -	\$ 2,000,000	\$ -

Cuyahoga County**

Notes to the Basic Financial Statements (Continued)

For The Year Ended December 31, 2005

Note 13: Capital Leases

In 2000, the City entered into a master capital lease-purchase agreement to acquire new phone equipment and parking lot lighting for all departments within City Hall. This lease meets the criteria of a capital lease as defined by Statement of Financial Accounting Standards No. 13, "Accounting for Leases," which defines a capital lease generally as one which transfers benefits and risks of ownership to the lessee. General capital assets acquired by lease have been capitalized in the governmental activities in the amount of \$333,293, which represents the present value of the lease payments at the time of acquisition. A corresponding liability was recorded in the governmental activities. Principal payments in fiscal year 2005 totaled \$61,943.

	<u>Governmental Activities</u>
Assets:	
Machinery, equipment and vehicles	\$ 282,018
Less: Accumulated Depreciation	<u>(53,791)</u>
Total	<u>\$ 228,227</u>
Assets:	
Improvements other than buildings	\$ 51,275
Less: Accumulated Depreciation	<u>(6,943)</u>
Total	<u>\$ 44,332</u>

The following is a schedule of the future long-term minimum lease payments required under the capital leases and the present value of the minimum lease payments as of December 31, 2005:

	<u>Amount</u>
2006	\$ <u>1,939</u>
Total Minimum Lease Payments	1,939
Less: Amount Representing Interest	<u>(10)</u>
Present Value of Minimum Lease Payments	<u>\$ 1,929</u>

City of Olmsted Falls Cuyahoga County

Notes to the Basic Financial Statements (Continued)

For The Year Ended December 31, 2005

Note 14: Contingencies

A. Grants

The City received financial assistance from federal and state agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and may be subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the general fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the City at December 31, 2005.

B. Litigation

The City of Olmsted Falls is a party to legal proceedings seeking damages. The City management is of the opinion that ultimate disposition of these claims and legal proceedings will not have a material effect, if any, on the financial condition of the City.

Note 15: Jointly Governed Organizations

A. Northeast Ohio Public Energy Council (NOPEC)

The City is a member of the Northeast Ohio Public Energy Council (NOPEC). NOPEC is a regional council of governments formed under Chapter 167 of the Ohio Revised Code. NOPEC was formed to serve as a vehicle for communities wishing to proceed jointly with an aggregation program for the purchase of electricity. NOPEC is currently comprised of over 100 communities who have been authorized by ballot to purchase electricity on behalf of their citizens. The intent of NOPEC is to provide electricity at the lowest possible rates while at the same time insuring stability in prices by entering into long-term contracts with suppliers to provide electricity to the citizens of its member communities.

NOPEC is governed by a General Assembly made up of one representative from each member community. The representatives from each county then elect one person to serve on the eight-member NOPEC Board of Directors. The Board oversees and manages the operation of the aggregation program. The degree of control exercised by any participating government is limited to its representation in the General Assembly and on the Board. The City of Olmsted Falls did not contribute to NOPEC during 2005. Financial information can be obtained by contacting Joseph Migliorini, Board Chairman, 1615 Clark Avenue, Cleveland, Ohio, 44109.

B. Chestnut Grove Union Cemetery

The Chestnut Grove Union Cemeteries (The Cemetery) is a body corporate and politic established to exercise the rights and privileges conveyed to it by the constitution and laws of the State of Ohio. The Cemetery provides burial grounds and burial services to the public. The Cemetery is a jointly governed organization between the City of Olmsted Falls and Olmsted Township.

City of Olmsted Falls Cuyahoga County

Notes to the Basic Financial Statements (Continued)

For The Year Ended December 31, 2005

Note 15: Jointly Governed Organizations (continued)

B. Chestnut Grove Union Cemetery (continued)

A joint council consisting of the council members of Olmsted Falls and the Trustees of Olmsted Township governs the Cemetery. The joint council elects and appoints the members of the Board of Trustees. The members of the Board of Trustees consist of the following: one elected member of the legislative body from each of the political subdivisions and one appointed resident from either of the political subdivisions who is not a member of the legislative body. The joint council exercises control over the operation of the Cemetery through budgeting, appropriating and contracting. The Board of Trustees control daily operations of the Cemetery. During 2005, the City contributed \$41,059 to the Chestnut Grove Union Cemetery.

C. Joint Economic Development District

The City of Olmsted Falls and Olmsted Township, in an effort to promote growth and economic development, and in accordance with state law, entered into a contract to create the Olmsted Joint Economic Development District (JEDD). The legislative authorities of the City and Township each authorized and directed authorization to enter into a contract for the JEDD. The JEDD was incorporated on September 7, 2001 and JEDD activities initiated December 15, 2001.

A Board of Directors governs the JEDD. The Board is composed of the following members: (a) one member representing the City, appointed by the Mayor and approval of the City Council; (b) one member representing the Township, appointed by the Township Trustees; and (c) one member selected by the two members listed. The Board exercises control over the operation of JEDD through budgeting, appropriations, contracting and designating management. The control by the city and township is limited to the representation on the board. During 2005, the City contributed \$59,500 to JEDD.

D. Southwest Council of Governments

The Southwest Council of Governments helps foster cooperation between municipalities in areas affecting health, safety, welfare, education, economic conditions and regional development. The Council's Board is comprised of one member from each of the nineteen participating entities. The Board exercises total control over the operation of the Council, which includes budgeting, appropriating, contracting, and designating management. The Board adopts an annual budget. Each City's degree of control is limited to its representation on the Board.

The Council has established two subsidiary organizations, the Hazardous Material Response Team ("HAZMAT"), which provides hazardous material protection and assistance, and the Southwest Enforcement Bureau, which provides extra assistance to cities in the form of a SWAT team. During 2005, the City contributed \$7,500 to the Council. The Council's financial reports may be obtained by contacting Terrence B. Hickey, Secretary-Treasurer, 6281 Pearl Road, Parma Heights, Ohio 44130-3084.

**City of Olmsted Falls
Cuyahoga County**

Notes to the Basic Financial Statements (Continued)

For The Year Ended December 31, 2005

Note 15: Jointly Governed Organizations (continued)

E. Southwest General Health Center

The Southwest General Health Center is an Ohio non-profit corporation providing health services among the communities of Berea, Brook Park, Columbia Township, Middleburg Heights, Olmsted Falls and Strongsville.

The Health Center is governed by a Board of Trustees comprised of the following: one member of the legislative body from each of the member political subdivisions, one resident from each of the member political subdivisions who is not a member of the legislative body, three persons who are residents of any of the member political subdivisions, the president and the vice president of the corporations, and the president and the vice president of the medical staff. The legislative body of each political subdivision elects their own member to serve on the Board of Trustees of the Health Center.

The Board exercises total control over the operations of the Health Center, including budgeting, appropriating, contracting and designating management. Each City's control is limited to its representation on the Board. During 2005, the City contributed \$51,395 to the Health Center.

Note 16: Change in Accounting Principle and Restatement of Prior Year Fund Balances

A. Changes in Accounting Principles

For 2005, the City has implemented GASB Statement No. 40, "Deposit and Investment Risk Disclosures" and GASB Statement No. 42, "Accounting and Financial Reporting for Impairment of Capital Assets and for Insurance Recoveries."

GASB Statement No. 40 establishes disclosure requirements for investment credit risk, interest rate risk, deposit custodial risk and foreign currency risk.

The implementation of GASB Statement No. 42 did not affect the presentation of the financial statements of the City.

**City of Olmsted Falls
Cuyahoga County**

Notes to the Basic Financial Statements (Continued)

For The Year Ended December 31, 2005

Note 16: Change in Accounting Principle and Restatement of Prior Year Fund Balances (continued)

B. Restatement of Fund Balance

	Total Governmental Activities
Fund Balance, December 31, 2004	\$ 9,149,508
Restatement Adjustment:	
Capital assets	1,364,330
Governmental Activities Net Assets, December 31, 2004	\$ 10,513,838

This restatement is due to the addition of the bridges within the City as of December 31, 2004.

Note 17: Accountability and Compliance

A. Deficit Fund Balances

The following fund had a deficit fund balance at December 31, 2005:

Fund	Deficit
Capital Improvement Fund	\$ 1,670,451

The deficit in the Capital Improvement Fund arises from the issuance of short-term bond anticipation notes which are used to finance capital expenses until bonds are issued. Once bonds are issued and the liability is reported in the Statement of Net Assets rather than in the individual fund financial statements, the deficits will be eliminated.

B. Compliance

The City was in violation of Ohio Revised Code Section 5705.41 (D).

**City of Olmsted Falls
Cuyahoga County**

Notes to the Basic Financial Statements (Continued)

For The Year Ended December 31, 2005

Note 18: Subsequent Events

On October 18, 2006 the City issued various purpose improvement notes in the amount of \$2,220,000 and \$1,775,000 fire station improvement notes for a total issue of \$3,975,000 at a rate of 3.9%, with a maturity date of October 18, 2007.

**Auditor of State
Betty Montgomery**

**INDEPENDENT ACCOUNTANTS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
REQUIRED BY GOVERNMENT AUDITING STANDARDS**

City of Olmsted Falls
Cuyahoga County
26100 Bagley Road
Olmsted Falls, Ohio 44138

To City Council:

We have audited the financial statements of the governmental activities, each major fund and the aggregate remaining fund information of the City of Olmsted Falls, Cuyahoga County, Ohio, (the City) as of and for the year ended December 31, 2005, which collectively comprise the City's basic financial statements and have issued our report thereon dated September 21, 2006, wherein we noted the City restated Net Assets and Changes in Net Assets in the Governmental Type Activities as of December 31, 2004 and for the year then ended. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the City's internal control over financial reporting to determine our auditing procedures to express our opinions on the financial statements and not to opine on the internal control over financial reporting. Our consideration of the internal control would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts material to the financial statements we audited may occur and not be timely detected by employees when performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider material weaknesses. In a separate letter to the City's management dated September 21, 2006, we reported other matters involving internal control over financial reporting we did not deem reportable conditions.

Compliance and Other Matters

As part of reasonably assuring whether the City's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express an opinion. The results of our tests disclosed one instance of noncompliance we must report under *Government Auditing Standards* which is described in the accompanying schedule of findings as item 2005-001. In a separate letter to the City's management dated September 21, 2006, we reported other matters related to noncompliance we deemed immaterial.

**SCHEDULE OF FINDINGS
DECEMBER 31, 2005**

FINDINGS RELATED TO THE FINANCIAL STATEMENTS REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS
--

Finding Number	2005-001
-----------------------	-----------------

Proper Encumbrance of Funds

Ohio Rev. Code Section 5705.41(D) prohibits a subdivision or taxing entity from making any contract or ordering any expenditure of money unless a certificate signed by the fiscal officer is attached thereto. The fiscal officer must certify that the amount required to meet any such contract or expenditure has been lawfully appropriated and is in the treasury, or is in the process of collection to the credit of an appropriate fund free from any previous encumbrance.

There are several exceptions to the standard requirement stated above that a fiscal officer's certificate must be obtained prior to a subdivision or taxing authority entering into a contract or order involving the expenditure of money. The main exceptions are: "then and now" certificates, blanket certificates, and super blanket certificates, which are provided for in sections 5705.41(D)(1) and 5705.41(D)(3), respectively, of the Ohio Revised Code.

1. "Then and Now" certificate – If the fiscal officer can certify that both at the time that the contract or order was made ("then"), and at the time that the fiscal officer is completing the certification ("now"), that sufficient funds were available or in the process of collection, to the credit of a proper fund, properly appropriated and free from any previous encumbrance, the City Council can authorize the drawing of a warrant for the payment of the amount due. The City Council has thirty days from the receipt of the "then and now" certificate to approve payment by ordinance or resolution.

Amounts of less than \$3,000 may be paid by the fiscal officer without a resolution or ordinance upon completion of the "then and now" certificate, provided that the expenditure is otherwise lawful. This does not eliminate any otherwise applicable requirement for approval of expenditures by the City Council.

2. Blanket Certificate – Fiscal officers may prepare "blanket" certificates for a certain sum of money not in excess of an amount established by resolution or ordinance adopted by a majority of the members of the legislative authority against any specific line item account over a period not running beyond the end of the current fiscal year. The blanket certificates may, but need not, be limited to a specific vendor. Only one blanket certificate may be outstanding at one particular time for any one particular line item appropriation.

3. Super Blanket Certificate – The City Council may also make expenditures and contracts for any amount from a specific line-item appropriation account in a specified fund upon certification of the fiscal officer for most professional services, fuel, oil, food items, and any other specific recurring and reasonably predictable operating expense. This certification is not to extend beyond the current year. More than one super blanket certificate may be outstanding at a particular time for any line item appropriation.

Testing indicated twelve out of sixty (20%) transactions were entered into prior to receiving the Fiscal Officer's certification.

Unless the exceptions noted above are used, prior certification is not only required by statute but is a key control in the disbursement process to assure that purchase commitments receive prior approval. To improve controls over disbursements and to help reduce the possibility of the City's funds exceeding budgetary spending limitations, we recommend the Fiscal Officer certify the funds are or will be available prior to obligation by the City. When prior certification is not possible, "then and now" certification should be used.

CITY OF OLMSTED FALLS
CUYAHOGA COUNTY

SCHEDULE OF FINDINGS
DECEMBER 31, 2005
(Continued)

**FINDINGS RELATED TO THE FINANCIAL STATEMENTS
REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS**

Finding Number	2005-001
-----------------------	-----------------

Proper Encumbrance of Funds (Continued)

We recommend the City certify purchases to which section 5705.41(D) applies. The most convenient certification method is to use purchase orders that include the certification language 5705.41(D) requires to authorize disbursements. The Fiscal Officer should sign the certification at the time the City incurs a commitment, and only when the requirements of 5705.41(D) are satisfied. The Fiscal Officer should post approved purchase commitments to the proper appropriation code, to reduce the available appropriation.

Official's Response:

We did not receive a response from the Officials to this finding.
