We have reviewed the *Independent Auditors' Report* of the Fort Frye Local School District, Washington County, prepared by Wolfe, Wilson & Phillips, Inc., for the audit period July 1, 2005 to June 30, 2006. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The Fort Frye Local School District is responsible for compliance with these laws and regulations.

INDEPENDENT AUDITORS' REPORT

Board of Education
Fort Frye Local School District
Beverly, Ohio 45715

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Fort Frye Local School District, Washington County as of and for the year ended June 30, 2006, which collectively comprise the District's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the District's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates, if any, made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

ORC Section 117.38 and Ohio Admin. Code Section 117-2-03(B) requires the School District to prepare its annual financial report in accordance with accounting principles generally accepted in the United States of America. However, as discussed in Note 2, the accompanying financial statements and notes follow the cash basis of accounting. This is a comprehensive basis of accounting other than generally accepted accounting principles. The accompanying financial statements omit assets, liabilities, net assets, and disclosures that, while material, cannot be determined at this time.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position -modified cash basis of the governmental activities, each major fund, and the aggregate remaining fund information of the Fort Frye Local School District, Washington County as of June 30, 2006, and the respective changes in financial position-cash basis and the respective budgetary comparison for the General Fund for the year then ended in conformity with the basis of accounting described in Note 2.

In accordance with *Government Auditing Standards*, we have also issued a report dated December 15, 2006, on our consideration of Fort Frye Local School District's internal control over financial reporting and our tests of its compliance with laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our testing of internal control over financial reporting and compliance and the results of that testing. It does not opine on the internal control over financial reporting or on compliance. That report is an integral part of an audit in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

Management's discussion and analysis is not a required part of the basic financial statements but is supplementary information the Governmental Accounting Standards Board requires. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. However, we did not audit the information and express no opinion on it.

We conducted our audit to opine of the financial statements that collectively comprise the District's basic financial statements. The accompanying schedule of expenditures of federal awards expenditures present additional information and is required by U. S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. It is not a required part of the basic financial statements. We subjected the federal awards expenditure schedule to the auditing procedures applied in the audit of the basic financial statements. In our opinion, this information is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

Wolfe, Wilson, & Phillips, Inc.

Fort Frye Local School District, Ohio

Management's Discussion and Analysis

For the Fiscal Year Ended June 30, 2006

Unaudited

The discussion and analysis of the Fort Frye Local School District's financial performance provides an overall review of the School District's financial activities for the fiscal year ended June 30, 2006. The intent of this discussion and analysis is to look at the School District's financial performance as a whole; readers should also review the basic financial statements and the notes to the basic financial statements to enhance their understanding of the School District's financial performance.

Financial Highlights

Key financial highlights for the fiscal year 2006 are as follows:

- Net assets of governmental activities decreased \$640,737.
- General receipts amounted to \$8,333,148 or 78% of all receipts. Program specific cash receipts in the form of charges for services, grants, contributions, and interest accounted for \$2,361,978 or 22% of total receipts of \$10,695,126.
- The School District had \$11,335,863 in disbursements related to governmental activities; only \$2,361,978 of these disbursements were offset by program specific charges for services, grants, contributions, and interest. General receipts of \$8,333,148 were not adequate to provide for these programs.
- The School District's major funds were the General Fund and the Permanent Improvement Capital Projects Fund. The General Fund had \$8,588,300 in receipts and \$9,275,639 in disbursements. The General Fund's balance decreased \$674,783. The Permanent Improvement Fund had \$725,136 in receipts and \$802,419 in disbursements. The Permanent Improvement Fund's balance decreased \$77,283.

Using this Annual Financial Report

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand the Fort Frye Local School District as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities and conditions.

The Statement of Net Assets – Cash Basis and Statement of Activities – Cash Basis provide information about the activities of the whole School District, presenting both an aggregate view of the School District's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look as the School District's most significant funds with all other non-major funds presented in total in one column.

Reporting the School District as a Whole

Statement of Net Assets – Cash Basis and Statement of Activities – Cash Basis

While this document contains information about the large number of funds used by the School District to provide programs and activities for students, the view of the School District as a whole looks at all financial transactions and asks the question, “How did we do financially during fiscal year 2006?” The Statement of Net Assets – Cash Basis and the Statement of Activities – Cash Basis answer this question. These two statements report the School District’s net assets and changes in those assets. This change in net assets is important because it tells the reader that, for the School District as a whole, the financial position of the School District has improved or diminished. The causes of this change may be the result of many factors, some financial, some not. Non-financial factors include the School District’s property tax base, current property tax laws in Ohio restricting revenue growth, facility conditions, required educational programs, and other factors.

In the Statement of Net Assets – Cash Basis and the Statement of Activities – Cash Basis, all of the School District’s programs and services are reported as governmental activities including food service operations, instruction, support services, operation of non-instructional services, bond service operations, and extracurricular activities.

Reporting the School District’s Most Significant Funds

Fund Financial Statements

The analysis of the School District’s major funds begins on page 8. Fund financial reports provide detailed information about the School District’s major fund. The School District uses many funds to account for a multiple of financial transactions. However, these fund financial statements focus on the School District’s most significant funds. The School District’s major governmental funds are the General Fund and the Permanent Improvement Capital Projects Fund.

Governmental Funds Most of the School District’s activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at fiscal year end available for spending in future periods. These funds are reported on a modified cash basis. The governmental fund statements provide a detailed short-term view of the School District’s general governmental operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs.

The School District as a Whole

Recall that the Statement of Net Assets – Cash Basis provides the perspective of the School District as a whole. Table 1 provides a summary of the School District’s net assets for 2006 compared to 2005.

Fort Frye Local School District, Ohio
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2006
 Unaudited

Table 1
 Net Assets - Cash Basis

	Governmental Activities		
	2006	2005	Change
Assets			
Equity in Pooled Cash and Cash Equivalents	\$1,784,579	\$2,425,316	(\$640,737)
Net Assets			
Restricted	\$1,017,704	\$1,068,211	(\$50,507)
Unrestricted	766,875	1,357,105	(590,230)
Total Net Assets	\$1,784,579	\$2,425,316	(\$640,737)

The above table reflects a decrease in net assets of \$640,737. The predominant factor in the decrease in net assets was that the School District did not have as many capital improvement projects in fiscal year 2006 as compared to fiscal year 2005, due to the non-renewal of the 5-mill Permanent Improvement levy in November, 2005.

Table 2 shows the changes in net assets for the fiscal year ended June 30, 2006, compared to fiscal year ended June 30, 2005.

Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2006
Unaudited

In March of 2000, the electors of the School District approved a 5 mill, 5 year Permanent Improvement Levy. This levy produced approximately \$535,000 per year to be used for capital improvements within the School District. The levy was not renewed by the voters in November 2005; therefore, revenue for capital improvements was eliminated beginning in January, 2006.

The DeRolph III decision has not eliminated the dependence on property taxes. The unique nature of property taxes in Ohio creates the need to routinely seek voter approval for operating funds. Inflation alone will not increase the amount of funds generated by a tax levy. Basically, the mills collected decreases as the property valuation increases thus generating about the same revenue. Property taxes made up nearly one third of revenues for governmental activities for the Fort Frye Local School District in fiscal year 2006. If trends continue as indicated in the School District's Five Year Forecast, the Board of Education will likely have to place an operating levy on the ballot.

On February 7, 2006, the Fort Frye Board of Education approved a deficit reduction proposal as requested by the Ohio Department of Education and required by Section 5705.391 of the Ohio Revised Code to avoid a deficit in fiscal year 2008 as reflected in the Five-Year Forecast. The School District's proposal was approved by the Department of Education on March 7, 2006.

The Statement of Activities shows the cost of program services and the charges for services, grants, contributions, and interest earnings offsetting those services. Table 3 shows the total cost of services and the net cost of services for fiscal year 2006 compared to fiscal year 2005. That is, it identifies the cost of those services supported by tax revenue and unrestricted state entitlements.

Interest and Fiscal Charges	32,942	32,942	25,818	25,818
Total	\$11,335,863	\$8,973,885	\$10,396,822	\$7,876,214

The dependence upon tax revenues and state subsidies for governmental activities is apparent. For fiscal year 2006, approximately 67% of instruction activities were supported through taxes and other general revenues.

As the table shows, the School District did not receive enough in charges for services and/or operating grants and contributions to support any programs in fiscal year 2006, except Non-Instructional Services. That is, programs are not currently self-supporting. For several years, General Fund expenditures have exceeded revenue, thereby lowering the unreserved fund balance each year. The increased expenditures are due to higher than expected employee health insurance costs and increases in diesel fuel costs and utilities.

Fort Frye Local School District, Ohio
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2006
Unaudited

The School District Funds

The School District's major funds are accounted for using the cash basis of accounting. All governmental funds had total receipts of \$10,691,152 and disbursements of \$11,417,366. The General Fund had a decrease in fund balance of \$674,783 due to a combination of factors, primarily increased negotiated salaries and health insurance premiums and increased utility and diesel fuel costs. The Permanent Improvement Fund had a decrease in fund balance of \$77,283 due to the Permanent Improvement levy not being renewed by the voters in November, 2005.

General Fund Budgeting Highlights

The School District's budget is prepared according to Ohio law and is based on accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The most significant budgeted fund is the General Fund.

During the course of 2006, the School District amended its General Fund budget. The School District uses a modified site-based budgeting technique which is designed to tightly control total site budgets but provide flexibility for site management.

For the General Fund, budget basis receipts were \$8,588,300, below final estimates of \$8,588,875. Original estimates of \$8,409,419 were increased \$179,456 due to updating the amounts for the state school foundation funds as they became available. Original appropriations were decreased \$475,128 to adjust estimates to more closely reflect actual expenditures.

The School District's ending unobligated General Fund balance was \$663,168.

Debt Administration

During fiscal year 2006, the School District made their final \$150,000 payment on their 2001 Tax Anticipation Note. The School District has no other outstanding debt.

Current Issues

Based upon Five Year Financial Forecast, the School District faces a dwindling ending cash balance. Due to changes in the law which reduces the business tax base and the overall economic climate, the School District will remain in this position for the foreseeable future until new funding can be assured.

Based on the current financial situation, and the uncertainty of funding, the School District will be challenged to maintain the current program and staffing levels. As stated earlier in this discussion, the Fort Frye Board of Education approved a plan to reduce expenditures.

The Board of Education and administration of the School District must maintain careful financial planning and prudent fiscal management in order to balance the budget annually.

We continue to conduct business in a fiscally conservative manner in order to ensure the taxpayers that we are prudent with their tax dollars while also providing the best educational programs for our students.

We continually monitor those legislative actions which affect public education and respond rapidly to adjust our way of doing business to accommodate those changes.

Amounts reported for governmental activities in the statement of activities are different because:

The internal service fund used by management to charge the costs of insurance to individual funds is not reported in the district-wide statement of activities. Governmental fund disbursements and the related internal service fund receipts are eliminated. The net receipts (disbursements) of the internal service fund is allocated among the governmental activities.

Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2006

Note 1 - Description of the School District and Reporting Entity

Fort Frye Local School District is a body politic and corporate established for the purpose of exercising the rights and privileges conveyed to it by the constitution and laws of the State of Ohio.

The School District operates under a locally-elected five-member Board form of government and provides educational services as authorized by State statute and federal guidelines. This Board of Education controls the School District's 6 instructional/support facilities staffed by 88 classified employees and 91 certified personnel, who provide services to 1,167 students and other community members.

Reporting Entity

A reporting entity is composed of the primary government, component units and other organizations included ensuring that the basic financial statements are not misleading. The primary government of the School District consists of all funds, departments, boards and agencies that are not legally separate from the School District. For Fort Frye Local School District, this includes general operations, food service, and student-related activities. The following activities are also included within the reporting entity.

Parochial School - Within the School District boundaries, St. John Central Elementary School is operated through the Steubenville Catholic Diocese. Current State legislation provides funding to this parochial school. These monies are received and disbursed on behalf of the parochial school by the Chief Fiscal Officer of the School District, as directed by the parochial school. This activity is reflected in a special revenue fund for financial reporting purposes.

The School District participates in four jointly governed organizations and one insurance purchasing pool. These organizations are the Southeastern Ohio Voluntary Education Cooperative, the Washington County Career Center, the Coalition of Rural and Appalachian Schools, the South Eastern Ohio Special Education Regional Resource Center, and the Ohio School Boards Association Workers' Compensation Group Rating Plan. These organizations are presented in Notes 14 and 15 to the basic financial statements.

Note 2 - Summary of Significant Accounting Policies

As discussed further in Note 2.C, these financial statements are presented on a cash basis of accounting. This cash basis of accounting differs from accounting principles generally accepted in the United States of America (GAAP). Generally accepted accounting principles include all relevant Governmental Accounting Standards Board (GASB) pronouncements, which have been applied to the extent they are applicable to the cash basis of accounting. In the government-wide financial statements and the fund financial statements for the proprietary fund, Financial Accounting Standards Board (FASB) pronouncements and Accounting Principles Board (APB) opinions issued on or before November 30, 1989, have been applied, to the extent they are applicable to the cash basis of accounting, unless those pronouncements conflict with or contradict GASB pronouncements, in which case GASB prevails. Following are the more significant of the School District's accounting policies.

A. Basis of Presentation

The School District's basic financial statements consist of government-wide financial statements, including a statement of net assets and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

Fort Frye Local School District, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2006

Government-Wide Financial Statements

The statement of net assets and the statement of activities display information about the School District as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The activity of the internal service fund(s) is eliminated to avoid “doubling up” receipts and disbursements. The statements distinguish between those activities of the School District that are governmental in nature and those that are considered business-type activities. Governmental activities generally are financed through taxes, intergovernmental receipts or other nonexchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services, if any. The School District has no business-type activities.

The statement of net assets presents the cash balance of the governmental activities of the School District at fiscal year end. The statement of activities compares disbursements with program receipts for each function or program of the School District's governmental activities. Disbursements are reported by function. A function is a group of related activities designed to accomplish a major service or regulatory program for which the government is responsible. Program receipts include charges paid by the recipient of the program's goods or services, grants and contributions restricted to meeting the operational or capital requirements of a particular program, and receipts of interest earned on grants that are required to be used to support a particular program. General receipts are all receipts not classified as program receipts, with certain limited exceptions. The comparison of direct disbursements with program receipts identifies the extent to which each governmental function is self-financing on a cash basis or draws from the School District's general receipts.

Fund Financial Statements

During the fiscal year, the School District segregates transactions related to certain School District functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the School District at this more detailed level. The focus of governmental fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. Fiduciary funds are reported by type.

B. Fund Accounting

The School District uses funds to maintain its financial records during the fiscal year. Fund accounting is designed to demonstrate legal compliance and to aid management by segregating transactions related to certain functions or activities. A fund is a fiscal and accounting entity with a self-balancing set of accounts. The School District classifies each fund as either governmental, proprietary, or fiduciary.

Governmental: The District classifies funds financed primarily from taxes, intergovernmental receipts (e.g. grants) and other nonexchange transactions as governmental funds. The following are the School District's major governmental funds:

General Fund The general fund accounts for all financial resources except for restricted resources requiring a separate accounting. The general fund balance is available for any purpose provided it is disbursed or transferred according to Ohio law.

Permanent Improvement Fund This fund accounts for the acquisition, construction, or improvement of capital facilities of governmental activities.

Fort Frye Local School District, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2006

The other governmental funds of the School District account for grants and other resources whose use is restricted to a particular purpose.

Proprietary Fund Type Proprietary fund reporting focuses on the determination the changes in net assets and financial position. Proprietary funds are classified as enterprise or internal service; the School District has no enterprise funds.

Internal Service Fund The internal service fund accounts for the financing of services provided by one department or agency to other departments or agencies of the School District on a cost reimbursement basis. The School District's only internal service fund accounts for the operation of the School District's self-insurance program for health claims.

Fiduciary Fund Type Fiduciary fund reporting focuses on net assets and changes in net assets. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds, and agency funds. Trust funds are used to account for assets held by the School District under a trust agreement for individuals, private organizations, or other governments and are therefore not available to support the School District's own programs. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The School District's only fiduciary fund is an agency fund, which account for student activities.

C. Basis of Accounting

The School District's financial statements are prepared using the cash basis of accounting. Except for modifications having substantial support, receipts are recorded in the School District's financial records and reported in the financial statements when cash is received rather than when earned and disbursements are recorded when cash is paid rather than when a liability is incurred. Any such modifications made by the School District are described in the appropriate section in this note.

As a result of the use of this cash basis of accounting, certain assets and their related revenues (such as accounts receivable and revenue for billed or provided services not yet collected) and certain liabilities and their related expenses (such as accounts payable and expenses for goods or services received but not yet paid, and accrued expenses and liabilities) are not recorded in these financial statements.

D. Budgetary Process

All funds, except agency funds, are legally required to be budgeted and appropriated. The major documents prepared are the tax budget, the certificate of estimated resources, and the appropriations resolution, all of which are prepared on the budgetary basis of accounting. The tax budget demonstrates a need for existing or increased tax rates. The certificate of estimated resources establishes a limit on the amount the Board of Education may appropriate. The appropriations resolution is the Board's authorization to spend resources and sets annual limits on cash disbursements plus encumbrances at the level of control selected by the Board. The legal level of control has been established by the Board at the fund level for all funds. Budgetary allocations at the function and object level within all funds are made by the Treasurer.

Fort Frye Local School District, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2006

The certificate of estimated resources may be amended during the fiscal year if projected increases or decreases in receipts are identified by the Treasurer. The amounts reported as the original budgeted amounts on the budgetary statements reflect the amounts on the certificate of estimated resources when the original appropriations were adopted. The amounts reported as the final budgeted amounts on the budgetary statements reflect the amounts on the amended certificate of estimated resources in effect at the time final appropriations were passed by the Board.

The appropriation resolution is subject to amendment throughout the year with the restriction that appropriations cannot exceed estimated resources. The amounts reported as the original budgeted amounts reflect the first appropriation resolution for that fund that covered the entire fiscal year, including amounts automatically carried forward from prior fiscal years. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by the Board during the fiscal year.

E. Cash, Cash Equivalents, and Investments

To improve cash management, cash received by the School District is pooled and invested. Monies for all funds are maintained in this pool. Individual fund integrity is maintained through the School District's records. Interest in the pool is presented as "Equity in Pooled Cash and Cash Equivalents".

Investments of the School District's cash management pool and investments with an original maturity of three months or less at the time they are purchased by the School District are presented on the financial statements as cash equivalents. Investments with an initial maturity of more than three months that were not purchased from the pool are reported as investments.

Following Ohio statutes, the Board of Education specified the funds to receive an allocation of interest earnings. Interest receipts credited to the General Fund during fiscal year 2006 was \$55,436, including \$27,316 assigned from other School District funds.

F. Restricted Assets

Assets are reported as restricted when limitations on their use change the nature or normal understanding of the availability of the asset. Such constraints are either imposed by creditors, contributors, grantors, laws of other governments, or imposed by law through constitutional provisions or enabling legislation. Restricted assets represent unexpended grants restricted for the purchase of buses.

G. Inventory and Prepaid Items

The School District reports disbursements for inventory and prepaid items when paid. These items are not reflected as assets in the accompanying financial statements.

H. Capital Assets

Acquisitions of property, plant and equipment are recorded as disbursements when paid. These items are not reflected as assets in the accompanying financial statements.

I. Interfund Receivables/Payables

The School District reports advances in and advances out for interfund loans. These items are not reflected as assets and liabilities in the accompanying financial statements.

Fort Frye Local School District, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2006

J. Accumulated Leave

In certain circumstances, such as upon leaving employment or retirement, employees are entitled to cash payments for unused leave. Unpaid leave is not reflected as a liability under the School District's cash basis of accounting.

K. Employer Contributions to Cost-Sharing Pension Plans

The School District recognizes the disbursement for employer contributions to cost-sharing pension plans when they are paid. As described in Notes 8 and 9, the employer contributions include portions for pension benefits and for postretirement health care benefits.

L. Long-term Obligations

The School District's cash basis financial statements do not report liabilities for bonds and other long-term obligations. Proceeds of debt are reported when cash is received and principal and interest payments are reported when paid.

M. Net Assets

Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the School District or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. Net assets restricted for other purposes include resources restricted for food service operations, music and athletic programs, and federal and state grants restricted to cash disbursement for specified purposes. The School District's policy is to first apply restricted resources when a cash disbursement is incurred for purposes for which both restricted and unrestricted net assets are available. The government-wide statement of net assets reports \$1,017,704 of restricted net assets, none of which is restricted by enabling legislation.

N. Fund Balance Reserves

The School District reserves any portion of fund balances which is not available for appropriation or which is legally segregated for a specific future use. Unreserved fund balance indicates that portion of fund balance which is available for appropriation in future periods. Fund equity reserves have been established for encumbrances and school bus purchases.

O. Interfund Transactions

Exchange transactions between funds are reported as receipts in the seller funds and as disbursements in the purchaser funds. Subsidies from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after nonoperating receipts/cash disbursements in proprietary funds. Repayments from funds responsible for particular cash disbursements to the funds that initially paid for them are not presented in the financial statements.

Fort Frye Local School District, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2006

Note 3 - Budgetary Basis of Accounting

The budgetary basis as provided by law is based upon accounting for certain transactions on the basis of cash receipts, disbursements, and encumbrances. The Statement of Receipts, Disbursements and Changes in Fund Balance – Budget and Actual (Budgetary Basis) presented for the General Fund is prepared on the budgetary basis to provide a meaningful comparison of actual results with the budget. The difference between the budgetary basis and the cash basis are outstanding year end encumbrances which are treated as cash disbursements (budgetary basis) rather than as a reservation of fund balance (cash basis).

Net Change in Fund Balance

Cash Basis	(\$674,783)
Encumbrances	<u>(20,718)</u>
Budget Basis	<u><u>(\$695,501)</u></u>

Note 4 - Deposits and Investments

Monies held by the School District are classified by State statute into three categories.

Active monies are public monies determined to be necessary to meet current demands upon the School District treasury. Active monies must be maintained either as cash in the School District treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that the Board has identified as not required for use within the current five year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts, including passbook accounts.

Interim monies held by the School District can be deposited or invested in the following securities:

1. United States Treasury bills, bonds, notes, or any other obligation or security issued by the United States Treasury, or any other obligation guaranteed as to principal and interest by the United States;
2. Bonds, notes, debentures, or any other obligation or security issued by any federal government agency or instrumentality including, but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;

Fort Frye Local School District, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2006

3. Written repurchase agreements in the securities listed above provided the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least 2 percent and be marked to market daily, and the term of the agreement must not exceed thirty days;
4. Bonds and other obligations of the State of Ohio or Ohio local governments;
5. Time certificates of deposit or savings or deposit accounts including, but not limited to, passbook accounts;
6. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;
7. The State Treasurer's investment pool (STAR Ohio).
8. Commercial paper and bank acceptances if training requirements have been met.

Investments in stripped principal or interest obligations, reverse repurchase agreements, and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage, and short selling are also prohibited. Investments may only be made through specified dealers and institutions.

Deposits Custodial credit risk for deposits is the risk that in the event of bank failure, the School District will not be able to recover deposits or collateral securities that are in the possession of an outside party. At fiscal year end, \$1,593,243 of the School District's bank balance of \$1,893,243 was exposed to custodial credit risk because it was uninsured and collateralized. Although all statutory requirements for the deposit of money had been followed, non-compliance with federal requirement could potentially subject the School District to a successful claim by the FDIC.

The School District has no deposit policy for custodial risk beyond the requirements of State statute. Ohio law requires that deposits be either insured or be protected by eligible securities pledged to and deposited either with the School District or a qualified trustee by the financial institution as security for repayment, or by a collateral pool of eligible securities deposited with a qualified trustee and pledged to secure the repayment of all public monies deposited in the financial institution whose market value at all times shall be at least one hundred five percent of the deposits being secured.

Fort Frye Local School District, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2006

Note 5 - Property Taxes

Property taxes are levied and assessed on a calendar year basis while the school district fiscal year runs from July through June. First half tax collections are received by the school district in the second half of the fiscal year. Second half tax distributions occur in the first half of the following fiscal year.

Property taxes include amounts levied against all real, public utility and tangible personal property (used in business) located in the school district. Real property tax revenue received in calendar 2006 represents collections of calendar year 2005 taxes. Real property taxes received in calendar year 2006 were levied after April 1, 2005, on the assessed value listed as of January 1, 2005, the lien date. Assessed values for real property taxes are established by State law at thirty-five percent of appraised market value. Real property taxes are payable annually or semi-annually. If paid annually, payment is due December 31; if paid semi-annually, the first payment is due December 31 with the remainder payable by June 20. Under certain circumstances, State statute permits alternate payment dates to be established.

Public utility property tax revenue received in calendar 2006 represents collections of calendar year 2005 taxes. Public utility real and tangible personal property taxes received in calendar year 2006 became a lien December 31, 2004, were levied after April 1, 2005 and are collected in 2006 with real property taxes. Public utility real property is assessed at thirty-five percent of true value; public utility tangible personal property currently is assessed at varying percentages of true value.

Tangible personal property tax revenue received during calendar 2006 (other than public utility property tax) represents the collection of 2006 taxes. Tangible personal property taxes received in calendar year 2006 were levied after April 1, 2005, on the value listed as of December 31, 2005. In prior years, tangible personal property was assessed at twenty-five percent of true value for capital assets and twenty-three percent of true value for inventory. The tangible personal property tax is being phased out – the assessment percentage for all property including inventory for 2006 is 18.75 percent. This will be reduced to 12.5 percent for 2007, 6.25 percent for 2008 and zero for 2009. Payments by multi-county taxpayers are due September 20. Single county taxpayers may pay annually or semi-annually. If paid annually, payment is due April 30; if paid semi-annually, the first payment is due April 30, with the remainder payable by September 20. Tangible personal property taxes paid by April 30 are usually received by the School District prior to June 30.

The School District receives property taxes from Washington, Morgan, and Noble Counties. The County Auditor periodically advances to the School District its portion of the taxes collected. Second-half real property tax payments collected by the County by June 30, 2006, are available to finance fiscal year 2006 operations. The amount available to be advanced can vary based on the date the tax bills are sent.

Fort Frye Local School District, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2006

The assessed values upon which the fiscal year 2006 taxes were collected are:

	2005 Second- Half Collections		2006 First- Half Collections	
	Amount	Percent	Amount	Percent
Agricultural/Residential And Other Real Estate	\$77,739,900	65%	\$78,642,610	88%
Public Utility Personal	39,194,920	33%	40,633,690	3%
Tangible Personal Property	3,231,320	2%	3,605,072	9%
	<u>\$120,166,140</u>	<u>100%</u>	<u>\$122,881,372</u>	<u>100%</u>

Tax Rate per \$1,000 of Assessed Valuation	\$40.50	\$35.50
---	---------	---------

Note 6 - Interfund Balances

Unpaid interfund cash advances at June 30, 2006, were as follows:

	Receivables	Payables
General Fund	<u>\$25,337</u>	<u>\$0</u>
Nonmajor Special Revenue Funds:		
Uniform School Supply Fund	0	557
Food Service Fund	0	24,197
Federal Grant Funds	<u>0</u>	<u>583</u>
Total Special Revenue Funds	<u>0</u>	<u>25,337</u>
Total All Funds	<u>\$25,337</u>	<u>\$25,337</u>

Note 7 - Risk Management

A. Property and Liability

The School District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During fiscal year 2006, the School District contracted with Barengo Insurance Group for general liability, vehicle, and property insurance. Coverage provided by the Barengo Insurance Group is as follows:

Building and Contents-replacement cost	\$25,920,300
Boiler and Machinery	25,920,300
Inland Marine:	
Cameras and audio-visual equipment (\$250 deductible)	500,000
Signs (\$250 deductible)	30,000

Fort Frye Local School District, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2006

Music Instruments and Band Uniforms (\$250 deductible)	\$500,000
Computers per Building (\$100 deductible)	
Hardware	50,000
Software	10,000
Extra Expense	10,000
Miscellaneous School Equipment and Property (\$250 deductible)	500,000
Valuable Papers & Records per Building (\$100 deductible)	100,000
Accounts Receivable (no deductible)	50,000
Crime (no deductible) -	
Public Employee Dishonesty	100,000
Money and Securities -	
Inside Premises - Per Occurrence	25,000
Outside Premises - Per Messenger	25,000
Forgery or Alteration	100,000
Automobile Liability (no deductible):	
Bodily Injury and Property Damage - combined single limit	1,000,000
Medical Payments - each person	5,000
Hired Auto Liability	1,000,000
Non-owned Auto Liability	1,000,000
General Liability (no deductible):	
Each Occurrence	2,000,000
Aggregate Limit	4,000,000
Medical Expense Limit - per person/accident	5,000

Settled claims have not exceeded this commercial coverage in any of the past three fiscal years. There has been no significant reduction in insurance coverage from coverage in fiscal year 2006.

B. Workers' Compensation

For fiscal year 2006, the School District participated in the Ohio School Boards Association Workers' Compensation Group Rating Program (GRP), an insurance purchasing pool (Note 15). The intent of the GRP is to achieve a reduced premium for the School District by virtue of its grouping and representation with other participants in the GRP. The workers' compensation experience of the participating school districts is calculated as one experience and a common premium rate is applied to all school districts in the GRP. Each participant pays its workers' compensation premium to the State based on the rate for the GRP rather than its individual rate. GRP then calculates total savings and each participant's individual performance is compared to the overall Plan's savings percentage. A participant then either receives money from or contributes to GRP's equity pooling fund. This equity pooling arrangement insures that each participant shares equally in the overall performance of the GRP. Participation in the GRP is limited to school districts that can meet the GRP's selection criteria.

Fort Frye Local School District, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2006

C. Employee Benefits

Health insurance is offered to employees through a self-insurance internal service fund. Monthly premiums for the cost of claims are remitted to the fiscal agent who in turn pays the claims on the School District's behalf. The claims liability of \$5,085, which is based on an estimate provided by the third party administrator, includes unpaid claim costs and estimates of costs relating to incurred but not reported claims. The estimate was not affected by incremental claim adjustment expenses and does not include other allocated or unallocated claim adjustment expenses. A comparison of self-insurance fund cash and investments to the actuarially-measured liability as of June 30 follows:

	<u>Cash and Investments</u>	<u>Actuarial Liabilities</u>
2006	\$81,503	\$119,364

The School District provides life insurance and accidental death and dismemberment insurance to most employees through Fort Dearborn Life Insurance Company in the amount of \$25,000 for its employees.

Dental coverage is provided through Coresource. Premiums for this coverage are \$49.58 monthly for family and \$18.36 for single coverage.

Note 8 - Defined Benefit Pension Plans

A. State Teachers Retirement System

The School District participates in the State Teachers Retirement System of Ohio (STRS Ohio), a cost-sharing, multiple-employer public employee retirement system. STRS Ohio provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS Ohio issues a stand-alone financial report that may be obtained by writing to STRS Ohio, 275 E. Broad St., Columbus, OH 43215-3371, by calling (614) 227-4090, or by visiting the STRS Ohio Web site at www.strs.org.

New members have a choice of three retirement plans, a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan and a Combined Plan. The DB plan offers an annual retirement allowance based on final average salary times a percentage that varies based on years of service, or an allowance based on member contributions and earned interest matched by STRS Ohio funds times an actuarially determined annuity factor. The DC Plan allows members to place all their member contributions and employer contributions equal to 10.5 percent of earned compensation into an investment account. Investment decisions are made by the member. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The Combined Plan offers features of both the DC Plan and the DB Plan. In the Combined Plan, member contributions are invested by the member, and employer contributions are used to fund the defined benefit payment at a reduced level from the regular DB Plan. DC and Combined Plan members will transfer to the Defined Benefit Plan during their fifth year of membership unless they permanently select the DC or Combined Plan. Existing members with less than five years of service credit as of June 30, 2001, were given the option of making a one time irrevocable decision to transfer their account balances from the existing DB Plan into the DC Plan or the Combined Plan. This option expired on December 31, 2001. Benefits are established by Chapter 3307 of the Ohio Revised Code.

Fort Frye Local School District, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2006

A DB or Combined Plan member with five or more years credited service who becomes disabled may qualify for a disability benefit. Eligible spouses and dependents of these active members who die before retirement may qualify for survivor benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

For the fiscal year ended June 30, 2006, plan members were required to contribute 10 percent of their annual covered salaries. The School District was required to contribute 14 percent; 13 percent was the portion used to fund pension obligations. For fiscal year 2005, the portion used to fund pension obligations was also 13 percent. Contribution rates are established by the State Teachers Retirement Board, upon recommendations of its consulting actuary, not to exceed statutory maximum rates of 10 percent for members and 14 percent for employers. Chapter 3307 of the Ohio Revised Code provides statutory authority for member and employer contributions.

The School District's required contributions for pension obligations to STRS Ohio for the fiscal years ended June 30, 2006, 2005, and 2004 were \$523,043, \$491,119, and \$475,499 respectively; 83.12 percent has been contributed for fiscal year 2006 and 100 percent for fiscal years 2005 and 2004. Contributions to the DC and Combined Plans for fiscal year 2006 were \$1,237 made by the School District and \$1,192 made by the plan members.

B. School Employees Retirement System

The School District contributes to the School Employees Retirement System (SERS), a cost-sharing multiple employer defined benefit pension plan. SERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Chapter 3309 of the Ohio Revised Code. SERS issues a publicly available, stand-alone financial report that includes financial statements and required supplementary information. That report may be obtained by writing to the School Employees Retirement System, 300 East Broad Street, Suite 100, Columbus, Ohio 43215-3476.

Plan members are required to contribute 10 percent of their annual covered salary and the School District is required to contribute at an actuarially determined rate. The current School District rate is 14 percent of annual covered payroll. A portion of the School District's contribution is used to fund pension obligations with the remainder being used to fund health care benefits; for fiscal year 2006, 10.58 percent of annual covered salary was the portion used to fund pension obligations. The contribution requirements of plan members and employers are established and may be amended, up to a statutory maximum amount, by the SERS' Retirement Board. The School District's required contributions for pension obligations to SERS for the fiscal years ended June 30, 2006, 2005, and 2004 were \$134,680, \$144,753 and \$129,039 respectively; 49.71 percent has been contributed for fiscal year 2006 and 100 percent for fiscal years 2005 and 2004.

C. Social Security System

Effective July 1, 1991, all employees not otherwise covered by the School Employees Retirement System or the State Teachers Retirement System have an option to choose Social Security or the School Employees Retirement System/State Teachers Retirement System. As of June 30, 2005, no members of the Board of Education elected Social Security.

Fort Frye Local School District, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2006

Note 9 - Postemployment Benefits

The School District provides comprehensive health care benefits to retired teachers and their dependents through the State Teachers Retirement System (STRS), and to retired non-certificated employees and their dependents through the School Employees Retirement System (SERS). Benefits include hospitalization, physicians' fees, prescription drugs and reimbursement of monthly Medicare premiums. Benefit provisions and the obligations to contribute are established by the Systems based on authority granted by State statute. Both systems are funded on a pay-as-you-go basis.

All STRS Ohio retirees who participated in the DB or Combined Plans and their dependents are eligible for health care coverage. The STRS Ohio Board has statutory authority over how much, if any, of the health care cost will be absorbed by STRS Ohio. All benefit recipients pay a portion of the health care cost in the form of a monthly premium. By law, the cost of coverage paid from STRS Ohio funds is included in the employer contribution rate, currently 14 percent of covered payroll. For the fiscal year ended June 30, 2006, the STRS Board allocated employer contributions equal to one percent of covered payroll to the Health Care Stabilization Fund. For the School District, this amount equaled \$40,234 for fiscal year 2006.

STRS Ohio pays health care benefits from the Health Care Stabilization Fund. At June 30, 2005, (the latest information available) the balance in the Fund was \$3.3 billion. For the year ended June 30, 2005, net health care costs paid by STRS were \$254,780,000 and STRS had 115,395 eligible benefit recipients.

For SERS, coverage is made available to service retirees with ten or more fiscal years of qualifying service credit, and to disability and survivor benefit recipients. All retirees and beneficiaries are required to pay a portion of their health care premium. The portion is based on years of service, Medicare eligibility, and retirement status.

After the allocation for basic benefits, the remainder of the employer's 14 percent contribution is allocated to providing health care benefits. For the fiscal year ended June 30, 2006, employer contributions to fund health care benefits were 3.42 percent of covered payroll, compared to 3.43 percent of covered payroll for fiscal year 2005. In addition, SERS levies a surcharge to fund health care benefits equal to 14 percent of the difference between a minimum pay and the member's pay, pro-rated for partial service credit. For fiscal year 2006, the minimum pay was established at \$35,800. However, the surcharge is capped at two percent of each employer's SERS salaries. For the School District, the amount contributed to fund health care benefits, including the surcharge, during the 2006 fiscal year equaled \$63,360.

The surcharge, added to the unallocated portion of the 14 percent employer contribution rate, provides for maintenance of the asset target level for the health care fund. The target level for the health care reserve is 150 percent of the projected claims less premium contributions for the next year. Expenses for health care at June 30, 2005, (the latest information available), were \$178,221,113. At June 30, 2005, SERS had net assets available for payment of health care benefits of \$267.5 million. SERS has approximately 58,123 participants receiving health care benefits.

Fort Frye Local School District, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2006

Note 10 - Long-Term Debt

The changes in the School District's long-term obligations during the fiscal year consist of the following:

	Principal Outstanding 6/30/05	Additions	Reductions	Principal Outstanding 6/30/06	Amounts Due in One Year
Governmental Activities					
Tax Anticipation Note - 4.75%	\$150,000	\$0	\$150,000	\$0	\$0

The School District issued a note for \$750,000 on May 10, 2001, for a new roof on the high school. The note was issued for a five year period with final maturity during fiscal year 2006. The notes were retired through the Permanent Improvement Capital Projects Fund.

The overall debt margin of the School District as of June 30, 2006, was \$8,492,087, with an unvoted debt margin of \$94,357.

Note 11 - Set-Aside Calculations

State statute annually requires the School District to set aside in the general fund an amount based on a statutory formula to purchase textbooks and other instructional materials and an equal amount to acquire and construct capital improvements. Amounts not spent by year end or offset by similarly restricted resources received during the year must be held in cash at year end and carried forward for the same uses in future years. In prior fiscal years, the School District was also required to set aside money for budget stabilization

The following cash basis information describes the change in the year end set-aside amounts for textbooks and capital acquisition. State statute requires disclosing this information.

	Capital Improvements Reserve	Textbooks Instructional Materials Reserve
Set-aside Reserve Balance as of June 30, 2005	(\$1,039,872)	(\$443,265)
Current Year Set-aside Requirement	168,569	168,569
Qualifying Disbursements	(171,069)	(146,104)
Total	<u>(\$1,042,372)</u>	<u>(\$420,800)</u>
Set-aside Balance Carry Forward to Future Fiscal Years	<u>(\$1,039,872)</u>	<u>(\$420,800)</u>

Note 12 - Interfund Transfers

During the fiscal year, the General Fund transferred \$11,546 to the Educational Management Information System Special Revenue Fund and \$5,208 to the Uniform School Supply Special Revenue Fund to reduce deficit cash balances.

Fort Frye Local School District, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2006

Note 13 - Contingencies

A. Grants

The School District receives financial assistance from federal and State agencies in the form of grants. Disbursing grant funds generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit. Any disallowed claims resulting from such audits could become a liability. However, in the opinion of management, any such disallowed claims through June 30, 2006, will not have a material adverse effect on the School District.

B. Litigation

The School District is currently not a party to any legal proceedings.

Note 14 - Jointly Governed Organizations

A. Southeastern Ohio Voluntary Education Cooperative (SEOVEC)

SEOVEC was created as a regional council of governments pursuant to State statutes. SEOVEC is a computer consortium formed for the purpose of applying modern technology with the aid of computers and other electronic equipment to administrative and instructional functions among member school districts. SEOVEC has 36 participants consisting of 32 school districts and 4 educational service centers. SEOVEC is governed by a governing board which is selected by the member districts. SEOVEC possesses its own budgeting and taxing authority. During fiscal year 2006, the School District paid \$40,837 to SEOVEC. To obtain financial information write to the Southeastern Ohio Voluntary Education Cooperative, Bobbi Weidner, Treasurer, at 221 North Columbus Road, Athens, Ohio 45701.

B. Washington County Career Center

The Washington County Career Center is a distinct political subdivision of the State of Ohio operated under the direction of a Board consisting of one representative from each of the six participating school districts' elected boards and one representative from the Washington County Educational Service Center's board. The Board possesses its own budgeting and taxing authority. To obtain financial information write to the Washington County Career Center, Mary Bee, Treasurer, at 21740 State Route 676, Marietta, Ohio 45750.

C. Coalition of Rural and Appalachian Schools

The Coalition of Rural and Appalachian Schools is a jointly governed organization composed of over 130 school districts and other educational institutions in the 29-county region of Ohio designated as Appalachia. The Coalition is operated by a Board which is composed of seventeen members. One elected and one appointed from each of the seven regions into which the 29 Appalachian counties are divided; and three from Ohio University College of Education. The Council provides various in-service training programs for school district administrative personnel; gathers data regarding the level of education provided to children in the region; cooperates with other professional groups to assess and develop programs designed to meet the needs of member districts; and provides staff development programs for school district personnel. The Council is not dependent on the continued participation of the School District and the School District does not maintain an equity interest in or financial responsibility for the Council. The School District's membership fee was \$300 for fiscal year 2006.

Fort Frye Local School District, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2006

D. South Eastern Ohio Special Education Regional Resource Center (SEOSERRC)

SEOSERRC is a special education service center which selects its own board, adopts its own budget and receives direct Federal and State grants for its operation. The jointly-governed organization was formed for the purpose of initiating, expanding and improving special education programs and services for children with disabilities and their parents. SEOSERRC is governed by a board composed of superintendents of participating schools, parents of children with disabilities, representatives of chartered nonpublic schools, representatives of county boards of MR/DD, Ohio University, and the Southeast Regional Professional Development Center whose terms rotate every year. The degree of control exercised by any participating school district is limited to its representation on the Board. During fiscal year 2006, the School District paid \$4,147 to SEOSERRC. Financial information can be obtained by contacting Bryan Swann, Treasurer, at the Athens-Meigs Educational Service Center, 507 Richland Avenue, Suite 108, Athens, Ohio 45701.

Note 15 - Insurance Purchasing Pool

Ohio School Boards Association Workers' Compensation Group Rating Plan

The School District participates in the Ohio School Boards Association Workers' Compensation Group Rating Program (GRP), an insurance purchasing pool. The GRP's business and affairs are conducted by a three member Board of directors consisting of the President, the President-Elect, and the Immediate Past President of the OSBA. The Executive Director of the OSBA, or his designee, serves as coordinator of the program. Each year, the participating school districts pay an enrollment fee to the GRP to cover the costs of administering the program.

Note 16 – Subsequent Event

On November 7, 2006, the School District successfully passed a 7.32 mill permanent improvement levy.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE AND ON
INTERNAL CONTROL OVER FINANCIAL REPORTING BASED ON AN AUDIT
OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Board of Education
Fort Frye Local School District
Beverly, Ohio 45715

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Fort Frye Local School District as of and for the year ended June 30, 2006, which collectively comprise the District's basic financial statements and have issued our report thereon dated December 15, 2006, wherein we noted the District has not prepared financial statements in accordance with accounting principles generally accepted in the United States of America. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Fort Frye Local School District's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide an opinion on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Fort Frye Local School District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance that we must report under *Government Auditing Standards*, which is described in the accompanying Schedule of Findings as item 2006-01. We also noted certain immaterial instances of noncompliance, which we have reported to management of Fort Frye Local School District in a separate letter dated December 15, 2006.

This report is intended for the information of the District's Board of Education, management, Auditor of State, federal award agencies, and pass-through entities, and is not intended to be and should not be used by anyone other than these specified parties.

**REPORT ON COMPLIANCE WITH REQUIREMENTS
APPLICABLE TO EACH MAJOR PROGRAM AND INTERNAL
CONTROL OVER COMPLIANCE IN
ACCORDANCE WITH *OMB CIRCULAR A-133***

Board of Education
Fort Frye Local School District
Beverly, Ohio 45715

Compliance

We have audited the compliance of Fort Frye Local School District with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that are applicable to its major federal program for the year ended June 30, 2006. Fort Frye Local School District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of Fort Frye Local School District management. Our responsibility is to express an opinion on Fort Frye Local School District's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Fort Frye Local School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on Fort Frye Local School District's compliance with those requirements.

In our opinion, the Fort Frye Local School District complied, in all material respects, with the requirements referred to above that are applicable to its major federal program for the year ended June 30, 2006.

Internal Control Over Compliance

The management of Fort Frye Local School District is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered Fort Frye Local School District's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with *OMB Circular A-133*.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

Page 2

This report is intended for the information of the Board of Education, management, the Auditor of State, federal award agencies, and pass-through entities, and is not intended to be and should not be used by anyone other than these specified parties.

WASHINGTON COUNTY
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
OMB CIRCULAR A-133 SECTION 505
(Continued)**

**2. Findings Related to the Financial Statements Required to be Reported in Accordance with GAGAS
FINDING 2006-01 (Continued)**

Noncompliance Citation (Continued)

However, the District prepares its financial statements in accordance with standards established by the Auditor of State for governmental entities not required to prepare annual reports in accordance with generally accepted accounting principles. The accompanying financial statements and notes omit assets, liabilities, fund equities and disclosures that, while material, cannot be determined at this time. Pursuant to Ohio Revised Code Section 117.38, the District can be fined and various other administrative remedies for its failure to file the required financial report.

We recommend the District take the necessary steps to ensure that the annual financial report is prepared and filed pursuant to generally accepted accounting principles.

Client Response: The District does not believe the benefits associated with filing GAAP statements outweigh the costs associated with preparing them.

See notes to Schedule of Federal Awards Expenditures.

**FORT FRYE LOCAL SCHOOL DISTRICT
NOTES TO SCHEDULE OF FEDERAL AWARDS EXPENDITURES**

NOTES A – SIGNIFICANT ACCOUNTING POLICIES

The accompanying schedule of federal awards expenditures is a summary of the activity of the District's federal award programs. The schedule has been prepared on the cash basis of accounting.

NOTES B – CHILD NUTRITION CLUSTER

Program regulations do not require the District to maintain separate inventory records for purchased food and food received from the U.S. Department of Agriculture. This nonmonetary assistance (expenditures) is reported in the Schedule at the fair market value of the commodities received.

Cash receipts from the U.S. Department of Agriculture are commingled with State grants. It is assumed federal monies are expended first.
