**Greene County, Ohio**

Basic Financial Statements

June 30, 2009

(with Independent Auditors' Report)

Mary Taylor, CPA  
Auditor of State

Board of Education  
Greeneview Local School District  
4 South Charleston Road  
Jamestown, Ohio 45335

We have reviewed the *Independent Auditors' Report* of the Greeneview Local School District, Greene County, prepared by Clark, Schaefer, Hackett & Co., for the audit period July 1, 2008 through June 30, 2009. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The Greeneview Local School District is responsible for compliance with these laws and regulations.

## **INDEPENDENT AUDITORS' REPORT**

Board of Education  
Greeneview Local School District  
4 South Charleston Road  
Jamestown, Ohio 45335

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Greeneview Local School District (the District) as of and for the year ended June 30, 2009, which collectively comprise the District's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the District's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the District as of June 30, 2009, and the respective changes in financial position thereof and the respective budgetary comparison for the General Fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 02, 2009, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The Management's Discussion and Analysis on pages 3 through 10 is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquires of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

springfield, oh 45503

www.cshco.com  
p. 937.399.2000  
f. 937.399.5433

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

A handwritten signature in cursive script that reads "Clark, Schaefer, Hackett & Co." The signature is written in black ink on a light-colored background.

Greeneview Local School District  
Management's Discussion and Analysis  
For the Fiscal Year Ended June 30, 2009  
(unaudited)

---

The discussion and analysis of Greeneview Local School District's financial performance provides an overall review of the School District's financial activities for the fiscal year ended June 30, 2009. The intent of this discussion and analysis is to look at the School District's financial performance as a whole; readers should also review the notes to the basic financial statements and financial statements to enhance their understanding of the School District's financial performance.

**Financial Highlights**

Key financial highlights for 2009 are as follows:

In total, net assets increased \$1,374,751, which represents a 24 percent increase from 2008.

General revenues accounted for \$12,763,420 in revenue or 88 percent of all revenues. Program specific revenues in the form of charges for services, operating grants, interest and contributions accounted for \$1,796,948 or 12 percent of total revenues of \$14,560,368.

Total assets of governmental activities increased by \$1,051,854 as cash and cash equivalents increased by \$1,509,036, receivables decreased by \$173,526, and capital assets decreased by \$287,055.

The School District had \$13,185,617 in expenses; only \$1,796,948 of these expenses was offset by program specific charges for services, grants or contributions. General revenues (primarily taxes and entitlements) were \$12,763,420.

Among major funds, the general fund had \$12,569,570 in revenues and \$11,214,713 in expenditures. The general fund's balance increased \$1,334,730 from 2008.

**Using this Generally Accepted Accounting Principles Report (GAAP)**

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand Greeneview Local School District as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The Statement of Net Assets and Statement of Activities provide information about the activities of the whole School District, presenting both an aggregate view of the School District's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the School District's most significant funds with all other non major funds presented in total in one column. In the case of Greeneview Local School District, the general fund and the debt service fund are the most significant funds.

## **Reporting the School District as a Whole**

### *Statement of Net Assets and the Statement of Activities*

While this document contains the large number of funds used by the School District to provide programs and activities, the view of the School District as a whole looks at all financial transactions and asks the question, "How did we do financially during 2009?" The Statement of Net Assets and the Statement of Activities answer this question. These statements include all assets and liabilities using the accrual basis of accounting similar to the accounting used by most private-sector companies. This basis of accounting takes into account all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the School District's net assets and changes in those assets. This change in net assets is important because it tells the reader that, for the School District as a whole, the financial position of the School District has improved or diminished. The causes of this change may be the result of many factors, some financial, and some not. Non-financial factors include the School District's property tax base, current property tax laws in Ohio restricting revenue growth, facility condition, required educational programs and other factors.

In the Statement of Net Assets and the Statement of Activities, the School District reports governmental activities. Governmental activities are the activities where most of the School District's programs and services are reported including, but not limited to, instruction, support services, operation and maintenance of plant, pupil transportation and extracurricular activities.

## **Reporting the School District's Most Significant Funds**

### *Fund Financial Statements*

Fund financial reports provide detailed information about the School District's major funds. The School District uses many funds to account for a multitude of financial transactions. However, these fund financial statements focus on the School District's most significant funds. The School District's major governmental funds are the general fund and the debt service fund.

### *Governmental Funds*

Most of the School District's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in the future periods. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the School District's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship (or differences) between governmental activities (reported in the Statement of Net Assets and the Statement of Activities) and governmental funds is reconciled in the financial statements.

**The School District as a Whole**

Recall that the Statement of Net Assets provides the perspective of the School District as a whole.

Table 1 provides a summary of the School District's net assets for 2009 compared to 2008:

Table 1  
Net Assets

	2009	2008
<b>Assets:</b>		
Current and Other Assets	\$10,035,878	\$8,696,969
Capital Assets	10,257,693	10,544,748
Total Assets	20,293,571	19,241,717
<b>Liabilities:</b>		
Long-Term Liabilities	8,307,155	8,515,324
Other Liabilities	4,785,832	4,900,560
Total Liabilities	13,092,987	13,415,884
<b>Net Assets:</b>		
Invested in Capital Assets, Net of Related Debt	2,849,509	2,870,413
Restricted	630,794	541,547
Unrestricted	3,720,281	2,413,873
Total Net Assets	\$7,200,584	\$5,825,833

Total assets of governmental activities increased by \$1,051,854, as cash and cash equivalents increased by \$1,509,036, receivables decreased by \$173,526 and capital assets decreased by \$287,055. Unrestricted net assets, the part of net assets that can be used to finance day-to-day activities without constraints established by grants or legal requirements, of the School District increased by \$1,306,408.

Table 2 shows the changes in net assets for fiscal years 2009 and 2008. A comparative analysis of district-wide data is being presented, as follows:

Increase in Net Assets	<u>\$1,374,751</u>	<u>\$1,322,948</u>

**Governmental Activities**

The unique nature of taxes in Ohio creates the need to routinely seek voter approval for the School District operations. Property taxes and income taxes made up 40 percent of revenues for governmental activities for the Greeneview Local School District for fiscal year 2009.

Instruction comprises 50 percent of district expenses. Support services expenses make up 41 percent of the expenses.

Greeneview Local School District  
Management's Discussion and Analysis  
For the Fiscal Year Ended June 30, 2009  
(unaudited)

The Statement of Activities shows the cost of program services and the charges for services and grants offsetting those services. Table 3 shows the total cost of services and the net cost of services. That is, it identifies the cost of these services supported by tax revenue and unrestricted State entitlements. A comparative analysis of district-wide data is being presented, as follows:

Table 3  
Cost of Services

	<u>Total Cost of Services 2009</u>	<u>Net Cost of Services 2009</u>	<u>Total Cost of Services 2008</u>	<u>Net Cost of Services 2008</u>
Instruction	\$6,642,387	\$5,943,173	\$6,465,818	\$5,555,678
Support Services:				
Pupils and Instructional Staff	1,839,854	1,467,887	1,887,256	1,582,212
Board of Education, Administration, Fiscal and Business	1,523,991	1,398,554	1,670,862	1,589,252
Operation and Maintenance of Plant	1,187,644	1,123,714	849,448	841,066
Pupil Transportation	806,849	806,849	820,653	813,146
Operation of Non-Instructional Services	385,014	22,678	391,317	43,010
Extracurricular Activities	426,414	252,350	412,490	254,661
Interest and Fiscal Charges	<u>373,464</u>	<u>373,464</u>	<u>356,622</u>	<u>356,622</u>
Total Expenses	<u>\$13,185,617</u>	<u>\$11,388,669</u>	<u>\$12,854,466</u>	<u>\$11,035,647</u>

Instruction expenses include activities directly dealing with the teaching of pupils and the interaction between teacher and pupil. The increase in these functions from fiscal year 2008 to fiscal year 2009 is due to movement on the salary schedules as well as the effects of GAAP accruals.

Pupils and instructional staff include the activities involved with assisting staff with the content and process of teaching to pupils.

Board of education, administration, fiscal and business include expenses associated with administrative and financial supervision of the district. The decrease in these functions from fiscal year 2008 to fiscal year 2009 is due to a change in the administration staff, superintendent and treasurer.

Operation and maintenance of plant activities involve keeping the school grounds, buildings, and equipment in an effective working condition. The increase in this function from fiscal year 2008 to fiscal year 2009 is a result of permanent improvement expenditures.

Pupil transportation includes activities involved with the conveyance of students to and from school, as well as to and from school activities, as provided by state law.

Operation of non-instructional services includes the preparation, delivery, and servicing of lunches, snacks and other incidental meals to students and school staff in connection with school activities.

Greeneview Local School District  
Management's Discussion and Analysis  
For the Fiscal Year Ended June 30, 2009  
(unaudited)

---

Extracurricular activities includes expense related to student activities provided by the School District which are designed to provide opportunities for pupils to participate in school events, public events, or a combination of these for the purposes of motivation, enjoyment and skill improvement. Interest and fiscal charges involves the transactions associated with the payment of interest and other related charges to debt of the School District. The increase in interest and fiscal charges is due to the debt refunding that was done. For more information on the debt refunding, see Note 14 of the Basic Financial Statements.

The dependence upon tax revenues is apparent. Over 89 percent of instruction activities are supported through taxes and other general revenues; for all activities general revenue support is 86 percent. The community, as a whole, is the primary support for the Greeneview Local School District.

### **The School District's Funds**

These funds are accounted for using the modified accrual basis of accounting. The general fund had total revenues of \$12,569,570 and total expenditures of \$11,214,713. The debt service major fund had total revenues of \$764,392 and total expenditures of \$631,363. The net change in the fund balance for the general fund was an increase of \$1,334,730, and the net change in fund balance for the debt service fund was an increase of \$133,029.

### **General Fund Budgeting Highlights**

The School District's budget is prepared according to Ohio law and is based on accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The most significant budgeted fund is the general fund.

During the course of the fiscal year 2009, the School District amended its general fund budget one time. The School District uses site-based budgeting and the budgeting systems are designed to tightly control total site budgets but provide flexibility for site management.

For the general fund, the final budget basis revenue and other financing sources estimate was \$12,124,328. The original budgeted estimate was \$11,921,074. This change was a result of an increase in the estimate for property tax revenue.

During fiscal year 2009, the School District budgeted and received \$3,532,806 and \$3,463,599, respectively in property and other taxes while it budgeted and received \$6,166,504 and \$6,302,836, respectively, in intergovernmental revenues.

### **Capital Assets**

At the end of the fiscal year 2009, the School District had \$10,257,693 invested in capital assets.

Table 4 shows fiscal 2009 balances compared to 2008.

Greeneview Local School District  
Management's Discussion and Analysis  
For the Fiscal Year Ended June 30, 2009  
(unaudited)

---

Table 4  
Capital Assets (Net of Depreciation) at June 30,

	2009	2008
Land	\$512,556	\$350,000
Land Improvements	619,354	688,781
Buildings and Improvements	8,754,104	9,121,064
Furniture and Equipment	360,991	371,840
Vehicles	10,688	13,063
Totals	\$10,257,693	\$10,544,748

Overall capital assets decreased \$287,055 from fiscal year 2008 to fiscal year 2009. Increases in capital assets (primarily land acquisitions) were not enough to offset the depreciation expense for the year.

For more information on capital assets, see Note 9 of the Basic Financial Statements.

**Debt Administration**

Table 5 shows the School District's outstanding debt at the end of fiscal year 2009 as compared to fiscal year 2008.

Table 5  
Outstanding Debt at June 30,

	2009	2008
School Improvement Bonds	\$2,115,000	\$2,360,000
General Obligation Refunding Bonds	4,930,000	4,980,000
Capital Appreciation Refunding Bonds	250,000	250,000
Totals	\$7,295,000	\$7,590,000

At June 30, 2009, the School District's overall legal debt limitation was \$9,549,856, and the unvoted debt margin was \$182,515.

For more information on the School District's debt, see Note 14 of the Basic Financial Statements.

---

**Current Financial Issues and Concerns**

The current state of the State's economy is of major concern to the district. With declining or flat revenue sources and continually rising costs, the district must search for new funding while at the same time find ways to cut expenses without jeopardizing the overall quality of the education program. Unfunded mandates are an on-going concern to the School District as well as the new Ohio Evidence Based Model for funding school districts.

School District personnel continue to make strides in the area of curriculum improvement and remediation. This strategy from the Continuous Improvement Plan is an attempt to increase student performance and enhance curriculum instruction. Both goals will promote student learning.

In conclusion, the Greeneview Local School District has committed itself to financial excellence for many years. Therefore, it will have to address its building and staffing needs to enable it to be viable for years to come. The School District plans to continue its sound fiscal management to meet the challenges of the future.

**Contacting the School District's Financial Management**

This financial report is designed to provide our citizens, taxpayers, investors and creditors with a general overview of the School District's finances and to show the School District's accountability for the money it receives. If you have questions about this report or need additional financial information contact Julie Gibson, Treasurer at Greeneview Local School District, 4 South Charleston Road, Jamestown, Ohio 45335 or email at [julie.gibson@gvlsd.org](mailto:julie.gibson@gvlsd.org).

GREENEVIEW LOCAL SCHOOL DISTRICT  
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES  
IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES  
FOR THE FISCAL YEAR ENDED JUNE 30, 2009

Net Change in Fund Balances - Total Governmental Funds		\$1,479,681
<p>Amounts reported for governmental activities in the statement of activities are different because:</p>		
<p>Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. In the current period, these amounts are:</p>		
Capital Outlay	200,611	
Current Year Depreciation	(474,931)	
Carrying Value of Disposed Assets	<u>(12,735)</u>	(287,055)
<p>Some revenues that will not be collected for several months after the School District's fiscal year ends are not considered "available" revenues and are deferred in the governmental funds. Deferred revenues increased by this amount this year.</p>		
Property Taxes	26,422	
Income Taxes	(10,029)	
Accounts	(1,626)	
Intergovernmental	<u>(37,247)</u>	(22,480)
<p>Repayment of long-term debt is reported as an expenditure in governmental funds, but the repayment reduces long-term liabilities in the statement of net assets. In the current year, these amounts consist of bond principal payments.</p>		
		295,000
<p>In the Statement of Activities, interest is accrued on outstanding bonds, whereas in governmental funds, interest is expensed when due.</p>		
		1,494
<p>Some items reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds. These activities consist of:</p>		
Accrued Vacation Leave Payable	(373)	
Compensated Absences Payable	(58,984)	
Amortization of Bond Issuance Costs	(4,685)	
Amortization of Bond Premium	14,446	
Amortization of Deferred Amount on Refunding	(9,760)	
Interest Accreted on Capital Appreciation Bonds	<u>(32,533)</u>	(91,889)
<p>Change in Net Assets of Governmental Activities</p>		<u>\$1,374,751</u>

Greeneview Local School District  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2009

---

**NOTE 1 - DESCRIPTION OF THE SCHOOL DISTRICT AND REPORTING ENTITY**

Greeneview Local School District (the "School District") is a body politic and corporate for the purpose of exercising the rights and privileges conveyed to it by the constitution and laws of the State of Ohio.

The School District operates under a locally-elected five-member Board form of government and provides educational services as authorized by its charter and further mandated by State and/or federal agencies. It is staffed by 69 non-certified employees, 87 certified full time teaching personnel, including 8 administrators, who provide services to 1,420 students and other community members. The School District currently operates 3 instructional/support facilities.

A reporting entity is comprised of the primary government, component units, and other organizations that are included to insure that the financial statements are not misleading. The primary government consists of all funds, departments, boards, and agencies that are not legally separate from the School District. For Greeneview Local School District, this includes general operations, food service, and student related activities of the School District.

Component units are legally separate organizations for which the School District is financially accountable. The School District is financially accountable for an organization if the School District appoints a voting majority of the organization's governing board and (1) the School District is able to significantly influence the programs or services performed or provided by the organization; or (2) the School District is legally entitled to or can otherwise access the organization's resources; the School District is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the School District is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the School District in that the School District approves the budget, the issuance of debt, or the levying of taxes. The School District does not have any component units.

The School District is associated with four jointly governed organizations, one insurance purchasing pool and one public entity shared risk pool. These organizations are discussed in Notes 15 and 16 to the basic financial statements. These organizations are:

Jointly Governed Organizations:

- Miami Valley Educational Computer Association (MVECA)
- Southwestern Ohio Educational Purchasing Cooperative (SWEPC)
- Southwestern Ohio Instructional Technology Association (SOITA)
- Greene County Career Center

Insurance Purchasing Pool:

- Southwestern Ohio Educational Purchasing Council Workers' Compensation Group Rating Program

Public Entity Shared Risk Pool:

- Southwestern Ohio Educational Purchasing Council Benefit Plan Trust

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The financial statements of the Greeneview Local School District have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the School District's accounting policies are described below.

**A. Basis of Presentation**

The School District's basic financial statements consist of government-wide statements, including a statement of net assets and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

*Government-wide Financial Statements:*

The statement of net assets and the statement of activities display information about the School District as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The government-wide statements usually distinguish between those activities that are governmental and those that are business-type. The School District, however, has no activities which are reported as business-type. The government-wide statements also exclude fiduciary funds.

The statement of net assets presents the financial condition of the governmental activities of the School District at year-end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the School District's governmental activities. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program and interest earned on grants that is required to be used to support a particular program. Revenues which are not classified as program revenues are presented as general revenues of the School District. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the School District.

*Fund Financial Statements:*

During the year, the School District segregates transactions related to certain School District functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the School District at this more detailed level. The focus of governmental fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. The fiduciary fund is reported by type.

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (continued)

**B. Fund Accounting**

The School District uses funds to maintain its financial records during the fiscal year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The School District divides its funds into two categories: governmental and fiduciary.

*Governmental Funds:*

Governmental funds are those through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance. The following are the School District's major governmental funds:

*General Fund* - The general fund is the operating fund of the School District and is used to account for all financial resources except those required to be accounted for in another fund. The general fund balance is available to the School District for any purpose provided it is expended or transferred according to the general laws of Ohio.

*Debt Service Fund* - The debt service fund accounts for accumulation of resources to be used for the payment of short-term and long-term general obligation debt principal and interest.

The other governmental funds of the School District account for grants and other resources whose use is restricted to a particular purpose.

*Fiduciary Fund Types:*

Fiduciary fund reporting focuses on net assets and changes in net assets. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds and agency funds. The School District's only trust fund is a private purpose trust which accounts for various college scholarship programs for students. The agency fund is custodial in nature (assets equal liabilities) and does not involve measurement of results of operations. The student managed activities agency fund accounts for those student activity programs which have student participation in the activity and have students involved in the management of the program. This fund typically includes those student activities which consist of a student body, student president, student treasurer and faculty advisor.

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (continued)

**C. Measurement Focus**

*Government-wide Financial Statements:*

The government-wide financial statements are prepared using the economic resources measurement focus. All assets and liabilities associated with the operation of the School District are included on the Statement on Net Assets. The Statement of Activities accounts for increases (i.e. revenues) and decreases (i.e. expenses) in total net assets.

*Fund Financial Statements*

All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. The statement of revenues, expenditures and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

**D. Basis of Accounting**

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Fiduciary funds also use the accrual basis of accounting. Differences in the accrual and the modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred revenue, and in the presentation of expenses versus expenditures.

*Revenues - Exchange and Non-exchange Transactions:*

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the School District, available means expected to be received within sixty days of fiscal year-end.

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (continued)

Nonexchange transactions, in which the School District receives value without directly giving equal value in return, include property taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied (See Note 6). Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted, matching requirements, in which the School District must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the School District on a reimbursement basis. On a modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at fiscal year-end: property taxes available as an advance, income tax, tuition, student fees, interest, grants, charges for services, gifts and donations and rent.

*Unearned/Deferred Revenue:*

Unearned revenue arises when assets are recognized before revenue recognition criteria have been satisfied. Property taxes for which there is an enforceable legal claim as of June 30, 2009, but which were levied to finance fiscal year 2010 operations, have been recorded as unearned revenue. Grants and entitlements received before the eligibility requirements are met are also recorded as unearned revenue.

On governmental fund financial statements, receivables that will not be collected within the available period have been reported as deferred revenue.

*Expenses/Expenditures:*

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocation of costs, such as depreciation and amortization are not recognized in governmental funds.

On the accrual basis of accounting, expenses are recognized at the time they are incurred.

**E. Budgetary Data**

All funds, other than the agency fund are legally required to be budgeted and appropriated. The major documents prepared are the tax budget, the appropriation resolution and the certificate of estimated resources, which are prepared on the budgetary basis of accounting. The tax budget demonstrates a need for existing or increased tax rates. The certificate of estimated resources establishes a limit on the amounts that the Board of Education may appropriate. The appropriation resolution is the Board's authorization to spend resources and sets annual limits on expenditures plus encumbrances at a level of control selected by the Board. The legal level of control has been established by the Board of Education at the fund level.

Greeneview Local School District

---

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (continued)

The certificate of estimated resources may be amended during the year if projected increases or decreases in revenue are identified by the School District Treasurer. The amounts reported as the original budgeted amounts in the budgetary statements reflect the amounts in the certificate when the original appropriations were adopted. The amounts reported as the final budgeted amounts in the budgetary statements reflect the amounts in the final amended certificate issued during fiscal year 2009.

The appropriation resolution is subject to amendment by the Board throughout the year with the restriction that appropriations may not exceed estimated revenues. The amounts reported as the original budgeted amounts reflect the first appropriation for that fund that covered the entire fiscal year, including amounts automatically carried over from prior years. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by the Board during the year.

**F. Cash and Cash Equivalents**

To improve cash management, cash received by the School District is pooled, with the exception of cash and cash equivalents held by fiscal agents. Monies for all funds are maintained in this pool. Individual fund integrity is maintained through the School District's records. Each fund's interest in the pool is presented as "cash and cash equivalents." During fiscal year 2009, the School District's investments were limited to a repurchase agreement, certificates of deposit and a money market account.

Nonparticipating investment contracts such as repurchase agreements are reported at cost.

The Board of Education has, by resolution, specified the funds to receive an allocation of interest earnings. Interest revenue credited to the general fund during fiscal year 2009 amounted to \$82,561, which includes \$16,861 assigned from other funds. Interest revenue of \$9,293 was posted to private purpose trust funds.

Investments of the cash management pool and investments with original maturities of three months or less at the time they are purchased by the School District are presented on the financial statements as cash equivalents.

**G. Interfund Assets/Liabilities**

On the fund financial statements, receivables and payables resulting from short-term interfund loans are classified as "interfund receivables" and "interfund payables." These amounts are eliminated in the governmental activities column of the statement of net assets.

**H. Inventory**

Inventories are presented at cost on a first-in, first-out basis and are expended/expensed when used. Inventory consists of expendable supplies held for consumption and purchased foods held for resale.

Greeneview Local School District  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2009

---

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (continued)

**I. Restricted Assets**

Assets are reported as restricted when limitations on their use change the nature or normal understanding of the availability of the asset. Such constraints are either imposed by creditors, contributors, grantors, laws of other governments, or imposed by enabling legislation. Restricted assets in the general fund include amounts required by State statute to be set aside to create a reserve for budget stabilization.

**J. Capital Assets and Depreciation**

The School District's only capital assets are general capital assets. General capital assets result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the government-wide statement of net assets but are not reported in the fund financial statements.

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated fixed assets are recorded at their fair market values as of the date received. The School District maintains a capitalization threshold of \$1,500. The School District does not possess any infrastructure. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not.

All reported capital assets except for land are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is computed using the straight-line method over the following useful lives:

<u>Description</u>	<u>Estimated Lives</u>
Land Improvements	20 years
Buildings and Improvements	25-50 years
Furniture, Fixtures, and Equipment	5-20 years
Vehicles	8 years
Educational Media	6-15 years

**K. Accrued Liabilities and Long-Term Obligations**

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements.

In general, payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the governmental funds. However, compensated absences that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment in the current fiscal year. The capital lease and the general obligation bond that will be paid from governmental funds are recognized as a liability in the fund financial statements when due.

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (continued)

**L. Compensated Absences**

Vacation benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable that the School District will compensate the employees for the benefits through paid time off or some other means. The School District records a liability for accumulated unused vacation time when earned for all employees with more than one year of service.

Sick leave benefits are accrued as a liability using the vesting method. The liability includes the employees who are currently eligible to receive termination benefits and those the School District has identified as probable of receiving payment in the future. The amount is based on accumulated sick leave and employees' wage rates at fiscal year end, taking into consideration any limits specified in the School District's termination policy. The School District records a liability for accumulated unused sick leave for employees after five years of current service with the School District.

The entire compensated absences liability is reported on the government-wide financial statements.

On governmental fund financial statements, compensated absences are reported as liabilities and expenditures to the extent payments come due each period upon the occurrence of employee resignations and retirements. These amounts are recorded in the account "compensated absences payable" in the funds from which the employees will be paid.

**M. Interfund Transactions**

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds. Repayments from funds responsible for particular expenditures to the funds that initially paid for them are not presented on the financial statements.

**N. Fund Balance Reserves and Designation**

The School District reserves those portions of fund equity which are legally segregated for a specific future use or which do not represent available expendable resources and therefore are not available for appropriation or expenditure. The School District also designates a portion of fund balance to indicate tentative plans for future financial resource uses that reflect managerial plans or intent. Unreserved fund balance indicates that portion of fund equity which is available for appropriation in future periods. Fund equity reserves have been established for encumbrances, property tax, and budget stabilization. A fund designation has been established for budget stabilization for amounts in excess of the statutory required amount.

Greeneview Local School District  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2009

---

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (continued)

The reserve for property taxes represents taxes recognized as revenue under generally accepted accounting principles but not available for appropriation under State statute. The reserve for budget stabilization represents money required to be set-aside by statute to protect against cyclical changes in revenues and expenditures.

**O. Net Assets**

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the School District or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. At June 30, 2009 none of the \$630,794 restricted net assets reported on the Statement of Net Assets were restricted by enabling legislation.

The School District applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

**P. Estimates**

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

**Q. Issuance Costs**

Issuance costs for the refunded bonds are deferred and amortized over the term of the bonds using the straight line method since the results are not significantly different from the effective interest method. These issuance costs are presented as deferred charges.

**NOTE 3 – FUND DEFICITS**

At June 30, 2009, the Lunchroom, IDEA-part B and Title I non-major special revenue funds had deficit fund balances of \$999, \$769 and \$868, respectively. The general fund provides transfers to cover deficit balances; however, this is done when cash is needed rather than when accruals occur.

**NOTE 4 - BUDGETARY BASIS OF ACCOUNTING**

While the School District is reporting financial position, results of operations, and changes in fund balances on the basis of generally accepted accounting principles (GAAP), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The Combined Statement of Revenues, Expenditures and Changes in Fund Balances - Budget (Non-GAAP Basis) and Actual - All Governmental Fund

Greeneview Local School District  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2009

---

**NOTE 4 - BUDGETARY BASIS OF ACCOUNTING** (continued)

Types is presented on the budgetary basis to provide a meaningful comparison of actual results with the budget. The major differences between the budget basis and GAAP basis are that:

1. Revenues are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis).
2. Expenditures are recorded when paid in cash (budget basis) as opposed to when the liability is incurred (GAAP basis).
3. Encumbrances are treated as expenditures for all funds (budget basis) rather than as a reservation of fund balance for governmental fund types (GAAP basis).
4. Advances - in and advances - out are operating transactions (budget basis) as opposed to balance sheet transactions (GAAP basis).
5. Unrecorded cash represents amounts received but not included as revenue on the budget basis operating statement. These amounts are included as revenue on the GAAP basis operating statements.

The following table summarizes the adjustments necessary to reconcile the GAAP basis statements to the budgetary basis statement for the general fund.

<u>Net Change in Fund Balance</u>	
GAAP Basis	\$1,334,730
Net Adjustment for Revenue Accruals	24,946
Net Adjustment for Expenditure Accruals	39,468
Advances	(3,290)
Adjustment for Encumbrances	(162,013)
Budget Basis	<u><u>\$1,233,841</u></u>

**NOTE 5 - DEPOSITS AND INVESTMENTS**

Monies held by the School District are classified by State statute into three categories.

Active monies are public monies determined to be necessary to meet current demands upon the School District treasury. Active monies must be maintained either as cash in the School District treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Greeneview Local School District  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2009

---

**NOTE 5 - DEPOSITS AND INVESTMENTS** (continued)

Inactive deposits are public deposits that the Board has identified as not required for use within the current five year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit, or by savings or deposit accounts, including passbook accounts.

Interim monies held by the School District can be deposited or invested in the following securities:

1. United States Treasury bills, bonds, notes, or any other obligation or security issued by the United States Treasury, or any other obligation guaranteed as to principal and interest by the United States;
2. Bonds, notes, debentures, or any other obligation or security issued by any federal government agency or instrumentality including, but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. Written repurchase agreements in the securities listed above;
4. Bonds and other obligations of the State of Ohio or Ohio local governments;
5. Time certificates of deposit or savings or deposit accounts including, but not limited to, passbook accounts;
6. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) and repurchase agreements secured by such obligations;
7. The State Treasurer's investment pool (STAR Ohio); and
8. Commercial paper and bankers acceptances if training requirements have been met.

Investments in stripped principal or interest obligations, reverse repurchase agreements, and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage, and short selling are also prohibited. Investments may only be made through specified dealers and institutions.

*Cash on Hand:* At fiscal year end, the School District had \$100 in undeposited cash in hand which is included on the balance sheet of the School District as part of "cash and cash equivalents."

Greeneview Local School District  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2009

---

**NOTE 5 - DEPOSITS AND INVESTMENTS** (continued)

The “cash and cash equivalents with fiscal agents” of \$457 shown in the special revenue funds is maintained by the Greene County Educational Service Center.

**A. Deposits**

Custodial credit risk for deposits is the risk that in the event of bank failure, the School District will not be able to recover deposits or collateral securities that are in the possession of an outside party. At fiscal year-end, none of the School District’s bank balance of \$281,766 was exposed to custodial credit. All statutory requirements for the deposit of money had been followed.

The School District has no deposit policy for custodial risk beyond the requirements of State statute. Ohio law requires that deposits be either insured or be protected by eligible securities pledged to and deposited either with the School District or a qualified trustee by the financial institution as security for repayment, or by a collateral pool of eligible securities deposited with a qualified trustee and pledged to secure the repayment of all public monies deposited in the financial institution whose market value at all times shall be at least one hundred five percent of the deposits being secured.

The School District also had \$3,000,000 in non-negotiable certificates of deposit outstanding at June 30, 2009. These certificates of deposit are a part of cash and cash equivalents on the basic financial statements.

**B. Investments**

At June 30, 2009, the entire investment portfolio of the School District consisted of \$2,733,987 invested in money market mutual funds. All of the money market mutual funds have average investment maturities of less than one year and are unrated.

*Interest Rate Risk:* The District has no investment policy that addresses interest rate risk. State statute requires that an investment mature within five years from the date of purchase, unless matched to a specific obligation or debt of the District, and that an investment must be purchased with the expectation that it will be held to maturity.

*Credit Risk:* The District’s investment policy limits investments to those authorized by State statute.

*Concentration of Credit Risk:* For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the School District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The School District’s investment in the money market mutual funds are exposed to custodial credit risk in that they are uninsured, unregistered, and held by the counterparty’s trust department or agent but not in the School District’s name. The School District’s investment policy does not address investment custodial risk beyond the requirement the requirement in State statute that prohibits payment for investments prior to the delivery of the securities representing such investments to the treasurer or qualified trustee.

Greeneview Local School District  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2009

---

**NOTE 6 - PROPERTY TAXES**

Property taxes are levied and assessed on a calendar year basis while the school district fiscal year runs from July through June. First half tax collections are received by the school district in the second half of the fiscal year. Second half tax distributions occur in the first half of the following fiscal year.

Property taxes include amounts levied against all real, public utility and tangible personal property (used in business) located in the school district. Real property tax revenue received in calendar 2009 represents collections of calendar year 2008 taxes. Real property taxes received in calendar year 2009 were levied after April 1, 2008, on the assessed value listed as of January 1, 2008, the lien date. Assessed values for real property taxes are established by State law at thirty-five percent of appraised market value. Real property taxes are payable annually or semi-annually. If paid annually, payment is due December 31; if paid semi-annually, the first payment is due December 31 with the remainder payable by June 20. Under certain circumstances, State statute permits alternate payment dates to be established.

Public utility property tax revenue received in calendar 2009 represents collections of calendar year 2008 taxes. Public utility real and tangible personal property taxes received in calendar year 2009 became a lien December 31, 2007, were levied after April 1, 2008 and are collected in 2009 with real property taxes. Public utility real property is assessed at thirty-five percent of true value; public utility tangible personal property currently is assessed at varying percentages of true value.

Tangible personal property tax revenue received during calendar 2009 (other than public utility property tax) represents the collection of 2009 taxes. Tangible personal property taxes received in calendar year 2009 were levied after April 1, 2008, on the value listed as of December 31, 2008. In prior years, tangible personal property was assessed at twenty-five percent of true value for capital assets and twenty-three percent of true value for inventory. The tangible personal property tax is being phased out – the assessment percentage for all property including inventory for 2009 is zero. Payments by multi-county taxpayers are due September 20. Single county taxpayers may pay annually or semi-annually. If paid annually, payment is due April 30; if paid semi-annually, the first payment is due April 30, with the remainder payable by September 20. Tangible personal property taxes paid by April 30 are usually received by the School District prior to June 30.

The School District receives property taxes from Greene and Clinton Counties. The County Auditors periodically advance to the School District its portion of the taxes collected. Second-half real property tax payments collected by the County by June 30, 2009, are available to finance fiscal year 2009 operations. The amount available to be advanced can vary based on the date the tax bills are sent.

Accrued property taxes receivable includes real property, public utility property and tangible personal property taxes which are measurable as of June 30, 2009 and for which there is an enforceable legal claim. Although total property tax collections for the next fiscal year are measurable, only the amount of real property taxes available as an advance at June 30 was levied to finance current fiscal year operations and is reported as revenue at fiscal year end. The portion of the receivable not levied to finance current fiscal year operations is offset by a credit to deferred revenue.

Greeneview Local School District  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2009

**NOTE 6 - PROPERTY TAXES** (continued)

The amount available as an advance at June 30, 2009, was \$208,917 in the general fund and \$42,909 in the debt service fund.

On a full accrual basis, collectible delinquent property taxes have been recorded as a receivable and revenue, while on a modified accrual basis the revenue has been deferred.

The assessed values upon which the fiscal year 2009 taxes were collected are:

	2008 Second- Half Collections		2009 First- Half Collections	
	Amount	Percent	Amount	Percent
Agricultural/Residential And Other Real Estate	\$150,440,250	94%	\$177,963,480	96%
Tangible Personal Property	8,648,947	6	7,176,216	4
Total Assessed Value	<u>\$159,089,197</u>	<u>100%</u>	<u>\$185,139,696</u>	<u>100%</u>
Tax rate per \$1,000 of assessed valuation	\$37.90		\$38.00	

**NOTE 7 - INCOME TAX**

The School District levies a voted tax of one-half of one percent for general operations on the income of residents and of estates. The tax was effective on January 1, 1991, and is a continuing tax. Effective January 1, 2002, the residents voted an additional one-half of one percent income tax for a five-year period. In May of 2007, the voters of the School District renewed this income tax levy for an additional five-year period. This was effective January 2007 and will be in effect through December 2011. Employers of residents are required to withhold income tax on compensation and remit the tax to the State. Taxpayers are required to file an annual return. The State makes quarterly distributions to the School District after withholding amounts for administrative fees and estimated refunds. Income tax revenue is credited to the general fund. Income tax revenue credited to the general fund for fiscal year 2009 was \$1,684,199.

**NOTE 8 - RECEIVABLES**

Receivables at June 30, 2009, consisted of property and income taxes, accounts (rent, billings for user charged services, and student fees), intergovernmental grants and interfund.

Greeneview Local School District  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2009

**NOTE 8 – RECEIVABLES** (continued)

A summary of the principal items of intergovernmental receivables follows:

Governmental Activities	Amounts
Nonmajor Funds:	
Food Service	\$16,290
IDEA, Part B	8,219
Title I	8,200
Total Intergovernmental Receivables	\$32,709

**NOTE 9 - CAPITAL ASSETS**

Capital asset activity for the fiscal year ended June 30, 2009, was as follows:

	6/30/2008	Additions	Deletions	6/30/2009
Capital Assets, not Being Depreciated:				
Land	\$350,000	\$162,556	\$0	\$512,556
Total Capital Assets, Not Being Depreciated	350,000	162,556	0	512,556
Capital Assets, Being Depreciated:				
Land Improvements	1,338,186	0	(59,075)	1,279,111
Buildings and Improvements	13,387,898	0	(239,045)	13,148,853

**NOTE 9 - CAPITAL ASSETS** (continued)

\* Depreciation expense was charged to governmental functions as follows:

Instruction:	
Regular	\$423,829
Special	607
Vocational	1,527
Support Services:	
Instructional Staff	1,275
Board of Education	1,572
Administration	10,145
Fiscal	2,351
Business	347
Operation and Maintenance of Plant	2,286
Transportation	5,260
Operation of Non-Instructional Services	11,394
Extracurricular Activities	14,338
Total Depreciation Expense	<u>\$474,931</u>

**NOTE 10 - RISK MANAGEMENT**

**A. Property and Liability**

The School District is exposed to various risks of loss related to torts; theft or damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During fiscal year 2009, the School District contracted with Gallegaher Insurance Company for general liability insurance with a \$1,000,000 single occurrence limit and a \$5,000,000 aggregate. Property is also protected by the Marsh Insurance Company and holds a \$1,000 deductible.

The School District's vehicles are covered under a business policy with Marsh Insurance Company which carries a \$1,000,000 limit on any accident.

Settled claims have not exceeded this commercial coverage in any of the past three years. There has been no significant change in coverage from prior years.

For fiscal year 2009, the School District participated in the Southwest Ohio Educational Purchasing Cooperative's Workers' Compensation Group Rating Program (GRP), an insurance purchasing pool (Note 16). The intent of the GRP is to achieve the benefit of a reduced premium for the School District by virtue of its grouping and representation with other participants in the GRP. The workers' compensation experience of the participating school districts is calculated as one experience and a common premium rate is applied to all school districts in the GRP. Each participant pays its workers' compensation premium to the State based on the rate for the GRP rather than its individual rate. Total savings are then calculated and each participant's individual performance is compared to the overall savings percentage of the GRP. A participant will then either receive money from or be required to contribute to the "Equity Pooling Fund."

**NOTE 10 - RISK MANAGEMENT** (continued)

This “equity pooling” arrangement insures that each participant shares equally in the overall performance of the GRP. Participation in the GRP is limited to school districts that can meet the GRP’s selection criteria. The firm of Integrated Comp Incorporated provides administrative, cost control and actuarial services to the GRP.

**NOTE 11 - DEFINED BENEFIT PENSION PLANS**

**A. School Employees Retirement System**

Plan Description - The School District contributes to the School Employees Retirement System (SERS), a cost-sharing multiple employer pension plan. SERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Chapter 3309 of the Ohio Revised Code. SERS issues a publicly available, stand-alone financial report that includes financial statements and required supplementary information. That report may be obtained by writing to the School Employees Retirement System, 300 East Broad Street, Suite 100, Columbus, Ohio 43215-3746.

Funding Policy - Plan members are required to contribute 10 percent of their annual covered salary and the School District is required to contribute at an actuarially determined rate. The current School District rate is 14 percent of annual covered payroll. A portion of the School District’s contribution is used to fund pension obligations with the remainder being used to fund health care benefits; for fiscal year 2009, 9.09 percent of annual covered salary was the portion used to fund pension obligations. The contribution requirements of plan members and employers are established and may be amended by the SERS’ Retirement Board up to a statutory maximum amount of 10 percent for plan members and 14 percent for employers. Chapter 3309 of the Ohio Revised Code provides statutory authority for member and employer contributions. The School District’s required contributions for pension obligations to SERS for the fiscal years ended June 30, 2009, 2008, and 2007 were \$162,361, \$128,778 and \$157,557 respectively; 47.00 percent has been contributed for fiscal year 2009 and 100 percent for fiscal years 2008 and 2007.

**B. State Teachers Retirement System**

Plan Description - The School District participates in the State Teachers Retirement System of Ohio (STRS Ohio), a cost-sharing, multiple employer public employee retirement plan. STRS Ohio provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS Ohio issues a stand-alone financial report that may be obtained by writing to STRS Ohio, 275 E. Broad St., Columbus, OH 43215-3771, by calling (888) 227-7877, or by visiting the STRS Ohio Web site at [www.strsoh.org](http://www.strsoh.org).

Greeneview Local School District  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2009

---

**NOTE 11 - DEFINED BENEFIT PENSION PLANS** (continued)

New members have a choice of three retirement plans, a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan and a Combined Plan. The DB plan offers an annual retirement allowance based on final average salary times a percentage that varies based on years of service, or an allowance based on a member's lifetime contributions and earned interest matched by STRS Ohio funds divided by an actuarially determined annuity factor. The DC Plan allows members to place all their member contributions and employer contributions equal to 10.5 percent of earned compensation into an investment account. Investment decisions are made by the member. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal. The Combined Plan offers features of both the DC Plan and the DB Plan. In the Combined Plan, member contributions are invested by the member, and employer contributions are used to fund the defined benefit payment at a reduced level from the regular DB Plan. The DB portion of the Combined Plan payment is payable to a member on or after age 60; the DC portion of the account may be taken as a lump sum or converted to a lifetime monthly annuity at age 50. Benefits are established by Chapter 3307 of the Ohio Revised Code.

A DB or Combined Plan member with five or more years credited service who becomes disabled may qualify for a disability benefit. Eligible spouses and dependents of these active members who die before retirement may qualify for survivor benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member of the DC Plan dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

Funding Policy - For the fiscal year ended June 30, 2009, plan members were required to contribute 10 percent of their annual covered salaries. The School District was required to contribute 14 percent; 13 percent was the portion used to fund pension obligations. For fiscal year 2008, the portion used to fund pension obligations was also 13 percent. Contribution rates are established by the State Teachers Retirement Board, upon recommendations of its consulting actuary, not to exceed statutory maximum rates of 10 percent for members and 14 percent for employers. Chapter 3307 of the Ohio Revised Code provides statutory authority for member and employer contributions.

The School District's required contributions for pension obligations to STRS Ohio DB Plan for the fiscal years ended June 30, 2009, 2008, and 2007 were \$660,333, \$656,703, and \$595,685 respectively; 83.01 percent has been contributed for fiscal year 2009 and 100 percent for fiscal years 2008 and 2007.

**NOTE 12 - POSTEMPLOYMENT BENEFITS**

**A. School Employees Retirement System**

Plan Description – The School District participates in two cost-sharing multiple employer defined benefit OPEB plans administered by the School Employees Retirement System for non-certificated retirees and their beneficiaries, a Health Care Plan and a Medicare Part B Plan. The Health Care Plan includes hospitalization and physicians' fees through several types of plans including HMO's, PPO's and traditional indemnity plans as well as a prescription drug program. The Medicare Part B Plan reimburses Medicare Part B premiums paid by eligible retirees and beneficiaries up to a statutory limit. Benefit provisions and the obligations to contribute are established by the System based on authority granted by State statute. The financial reports of both Plans are included in the SERS Comprehensive Annual Financial Report which is available by contacting SERS at 300 East Broad St., Suite 100, Columbus, Ohio 43215-3746.

Funding Policy – State statute permits SERS to fund the health care benefits through employer contributions. Each year, after the allocation for statutorily required benefits, the Retirement Board allocates the remainder of the employer contribution of 14 percent of covered payroll to the Health Care Fund. The Health Care Fund was established and is administered in accordance with Internal Revenue Code Section 401h. For 2009, 4.16 percent of covered payroll was allocated to health care. In addition, employers pay a surcharge for employees earning less than an actuarially determined amount; for 2009, this amount was \$35,800.

Active employee members do not contribute to the Health Care Plan. Retirees and their beneficiaries are required to pay a health care premium that varies depending on the plan selected, the number of qualified years of service, Medicare eligibility and retirement status.

The School District's contributions for health care for the fiscal years ended June 30, 2009, 2008 and 2007, were \$91,902, \$89,215 and \$72,655, respectively; 47.00 percent has been contributed for fiscal year 2009 and 100 percent for fiscal years 2008 and 2007.

The Retirement Board, acting with advice of the actuary, allocates a portion of the employer contribution to the Medicare B Fund. For 2009, this actuarially required allocation was 0.75 percent of covered payroll. The School District's contributions for Medicare Part B for the fiscal years ended June 30, 2009, 2008 and 2007 were \$10,890, \$10,800 and \$5,169, respectively; 47.00 percent has been contributed for fiscal year 2009 and 100 percent for fiscal years 2008 and 2007.

**B. State Teachers Retirement System**

Plan Description – The School District contributes to the cost sharing multiple employer defined benefit Health Plan administered by the State Teachers Retirement System of Ohio (STRS Ohio) for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS Ohio. Benefits include hospitalization, physicians' fees, prescription drugs and reimbursement of monthly Medicare Part B premiums. The Plan is included in the report of STRS Ohio which may be obtained by visiting [www.strsoh.org](http://www.strsoh.org) or by calling (888) 227-7877.

Greeneview Local School District  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2009

---

**NOTE 12 - POSTEMPLOYMENT BENEFITS** (continued)

Funding Policy – Ohio law authorizes STRS Ohio to offer the Plan and gives the Retirement Board authority over how much, if any, of the health care costs will be absorbed by STRS Ohio. Active employee members do not contribute to the Plan. All benefit recipients pay a monthly premium. Under Ohio law, funding for post-employment health care may be deducted from employer contributions. For 2009, STRS Ohio allocated employer contributions equal to 1 percent of covered payroll to the Health Care Stabilization Fund. The School District's contributions for health care for the fiscal years ended June 30, 2009, 2008 and 2007, were \$50,795, \$50,516, and \$42,250, respectively; 83.01 percent has been contributed for fiscal year 2009 and 100 percent for fiscal years 2008 and 2007.

**NOTE 13 - OTHER EMPLOYEE BENEFITS**

**A. Compensated Absences**

The criteria for determining vacation and sick leave components are derived from negotiated agreements and State laws. Classified employees earn ten to twenty days of vacation per fiscal year, depending upon length of service. Accumulated, unused vacation time is not paid to classified employees and administrators upon termination of employment. Teachers do not earn vacation time.

Teachers, administrators, and classified employees earn sick leave at the rate of one and one-fourth days per month. Sick leave may be accumulated up to a maximum of 263 days for all personnel. Upon retirement, payment is made for one-fourth of accrued, but unused sick leave credit to a maximum of 65.75 days.

**B. Health Insurance**

The School District provides life insurance and accidental death and dismemberment insurance to most employees through the MetLife Company. The School District has elected to provide employee medical/surgical benefits through United Health Care of Ohio. The employees share the cost of the monthly premium with the Board. The premium varies with employee depending on the terms of the union contract. Dental insurance is provided by the School District to most employees through the Southwestern Ohio Educational Purchasing Cooperative's Employee Benefit Plan Trust. See Note 15.

Compensated Absences	818,182	80,980	(21,996)	877,166	127,058
Total Long-Term Obligations	<u>\$8,515,324</u>	<u>\$113,513</u>	<u>(\$321,682)</u>	<u>\$8,307,155</u>	<u>\$432,058</u>

*2007 Refunding General Obligation Bonds and Capital Appreciation Bonds*

On August 22, 2007, the School District issued \$5,295,000 in school improvement refunding general obligation bonds and capital appreciation bonds, with semi-annual payments due on June 1 and December 1 of each year, and interest payable that began December 1, 2007. The \$5,045,000 in serial term bonds will mature on December 1, 2026. The capital appreciation bonds were issued at \$250,000 and have maturities of \$470,000 on December 1, 2018 and \$470,000 on December 1, 2019. For fiscal year 2009, the capital appreciation bonds were accreted \$32,533.

At June 30, 2009, \$5,000,000 of the 1999 school improvement bonds considered defeased, remain unmatured and unpaid.

Greeneview Local School District  
Notes to the Basic Financial Statements

Greeneview Local School District  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2009

---

**NOTE 14 - LONG-TERM OBLIGATIONS** (continued)

All general obligation debt is supported by the full faith and credit of the School District. The School Improvement Bonds will be paid from the debt service fund. Compensated absences will be paid from the fund from which the employees' salaries are paid.

At June 30, 2009, the School District's overall legal debt limitation was \$9,549,856 and the unvoted debt margin was \$182,515.

**NOTE 15 - JOINTLY GOVERNED ORGANIZATIONS**

*Miami Valley Educational Computer Association (MVECA)* - The School District is a participant in MVECA, which is a computer consortium. MVECA is an association of public school districts within the geographic area determined by the Ohio Department of Education. The organization was formed for the purpose of applying modern technology with the aid of computers and other electronic equipment to administrative and instructional functions among member school districts. The governing board of MVECA consists of two representatives from each of the participating members. The School District paid MVECA \$45,808 for services provided during the year. Financial information can be obtained from MVECA located at 330 Enon Road, Yellow Springs, Ohio 45387.

*Southwestern Ohio Educational Purchasing Council* - The Southwestern Ohio Educational Purchasing Council (SWEPC) is a purchasing cooperative made up of nearly 100 school districts in 12 counties. The purpose of the cooperative is to obtain prices for quality merchandise and services commonly used by schools. All member districts are obligated to pay all fees, charges, or other assessments as established by the SWEPC. Each member district has one voting representative. Title to any and all equipment, furniture and supplies purchased by the SWEPC is held in trust for the member districts. Any district withdrawing from the SWEPC shall forfeit its claim to any and all SWEPC assets. One year prior notice is necessary for withdrawal from the group. During this time, the withdrawing member is liable for all member obligations.

Payments to SWEPC are made from the general fund. During fiscal year 2009, the School District paid \$888 to SWEPC. To obtain financial information, write to the Southwestern Ohio Educational Purchasing Council, Ken Swink, who serves as Director, at 303 Corporate Center Dr., Vandalia, OH 45377.

**NOTE 15 - JOINTLY GOVERNED ORGANIZATIONS** (continued)

*Southwestern Ohio Instructional Technology Association* – The Southwestern Ohio Instructional Technology Association (SOITA) is a not-for-profit corporation. The purpose of the corporation is to serve the educational needs of the area through television programming for the advancement of educational programs. The Board of Trustees is comprised of twenty-one representatives of SOITA member's schools or institutions. Nineteen representatives are elected from within the counties by the qualified members within the counties, i.e., Auglaize, Butler, Champaign, Clark, Clinton, Darke, Fayette, Greene, Hamilton, Logan, Mercer, Miami, Montgomery, Preble, Shelby, and Warren. Montgomery, Greene, and Butler Counties elect two representatives per area. All others elect one representative per area. One at-large non-public representative is elected by the non-public school SOITA members in the State-assigned SOITA service area. One at-large higher education representative is elected by higher education SOITA members from within the State-assigned SOITA service area. During fiscal year 2009, the School District paid \$2,970 to SOITA.

*Greene County Career Center* - The Greene County Career Center is a distinct political subdivision of the State of Ohio operated under the direction of a Board consisting of one representative from each of the seven participating school districts' elected Boards, which possesses its own budgeting and taxing authority. To obtain financial information, write to the Greene County Career Center, Judith Geers who serves as Treasurer, at 2960 W. Enon Rd., Xenia, OH 45385. The Greeneview Local School District did not pay anything to the Greene County Career Center during the 2009 fiscal year.

**NOTE 16 - INSURANCE PURCHASING POOL/PUBLIC ENTITY SHARED RISK POOL**

**A. Insurance Purchasing Pool**

*Southwestern Ohio Educational Purchasing Council Workers' Compensation Group Rating Program* - The School District participates in the Southwestern Ohio Educational Purchasing Council's Workers' Compensation Group Rating Program (GRP), an insurance purchasing pool. The GRP's business and affairs are conducted by an 11 member Board of directors. The Executive Director of the GRP, or his designee, serves as coordinator of the program. Each year, the participating school districts pay an enrollment fee to the GRP to cover the costs of administering the program.

**B. Public Entity Shared Risk Pool**

*Southwestern Ohio Educational Purchasing Council's Benefit Plan Trust* – The Southwestern Ohio Educational Purchasing Council Benefit Plan Trust (Trust) is a public entity shared risk pool consisting of 55 school districts. The Trust is organized as a Voluntary Employee Benefit Association under Section 501(c)(9) of the Internal Revenue Code and provides medical, dental and vision insurance benefits to the employees of the participants. The Trust is governed by the Southwestern Ohio Educational Purchasing Cooperative and its participating members. Each participant decides which plans offered by the Trust will be extended to its employees. Participation in the Trust is by written application subject to acceptance by the Trust and payment of the monthly premiums. Financial information may be obtained from the Southwestern Ohio Educational Purchasing Council, 303 Corporate Center Drive, Suite 208, Vandalia, Ohio 45377.

Greeneview Local School District  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2009

**NOTE 17 - SET-ASIDE CALCULATIONS**

The School District is required by State statute to annually set aside in the general fund an amount based on a statutory formula for the purchase of textbooks and other instructional materials and an equal amount for the acquisition and construction of capital improvements. Amounts not spent by year end or offset by similarly restricted resources received during the year must be held in cash at year end and carried forward to be used for the same purposes in future years. The amount reserved for budget stabilization represents refunds received from the Bureau of Workers' Compensation. Based upon legislative changes, this is the only money still required to be set-aside for this purpose.

The following cash basis information describes the change in the year-end set-aside amounts for textbooks, capital acquisition, and budget stabilization. Disclosure of this information is required by State statute.

	Budget Stabilization	Textbooks/ Instructional Materials	Capital Improvements
Set-aside Reserve Balance as of June 30, 2008	\$76,238	\$0	\$0
Current Year Set-aside Requirement	0	223,078	223,078
Carryover from Prior Year	0	(2,258,977)	0
Qualifying Disbursements	0	(291,559)	(481,393)
Current Year Offsets	0	0	(23,125)
Set-aside Reserve Balance as of June 30, 2009	<u>\$76,238</u>	<u>(\$2,327,458)</u>	<u>(\$281,440)</u>
Set-aside Balance Carried Forward to Future Fiscal Years	<u>\$76,238</u>	<u>(\$2,327,458)</u>	<u>\$0</u>

The School District had qualifying disbursements during the fiscal year that reduced the textbooks and instructional materials and capital acquisitions amounts below zero. This extra amount of textbooks qualifying expenditures may be used to reduce the set-aside requirements in future fiscal years. The total reserve balance for the set-asides at the end of the fiscal year was \$76,238.

**NOTE 18 - INTERFUND ASSETS/LIABILITIES**

The general fund had an interfund receivable at June 30, 2008 of \$16,290, while all other funds had interfund payables of \$16,290.

General fund advances are made to move unrestricted balances to support programs and projects accounted for in other funds. Restricted monies are used to reimburse the general fund for advancing monies to other funds due to timing differences in the receiving of grant monies. When the monies are finally received, the grant fund reimburses the general fund for the initial advance.

Greeneview Local School District  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2009

**NOTE 18 - INTERFUND ASSETS/LIABILITIES** (continued)

Transfer To	Transfer From	
	General	Principals
Permanent Improvement	\$12,812	\$0
Food Service	20,000	0
Athletics	0	1,000
	\$32,812	\$1,000

The interfund loan to the permanent improvement fund was a result of time lag between when revenues were received and money was spent. The interfund to the food service fund was a result of a projected deficit in this fund for the fiscal year. The interfund loan from the principals special revenue fund to the athletic special revenue fund was a result of a request from the high school principal to recognize student achievement in the Renaissance Activity account which is a part of the athletic fund for GAAP reporting purposes.

**NOTE 19 - CONTINGENCIES**

The School District received financial assistance from federal and state agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the general fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the School District at June 30, 2009.

**NOTE 20 – SUBSEQUENT EVENTS**

Greeneview Local Schools entered into a Project Agreement for Segmenting with the Ohio School Facilities Commission effective July 2009. The scope of the project is to build one new elementary/middle school to house grades 5 through 8; renovations to Greeneview High School to house grades 9 through 12; and an allowance to abate and demolish Greeneview Primary Elementary School. The total budget for Segment One is approximately \$28 million. The state share is approximately \$17.5 million or 62% with about \$10.5 million or 38% as the local share. The district is receiving credit amounting the \$10.5 million as a result of the ELPP (Expedited Local Partnership Program) and completion of the High School project. In short the district is building a new school all with state money.

See accompanying notes to the Schedule of Expenditures of Federal Awards.

Greeneview Local School District  
Notes to the Schedule of Expenditures of Federal Awards  
For the Year Ended June 30, 2009

**1. Significant Accounting Policies:**

The accompanying schedule of expenditures of federal awards is a summary activity of all federal awards programs of the Greeneview Local School District. The schedule has been prepared on the cash basis of accounting.

**2. U.S. Department of Agriculture Programs:**

Non-monetary assistance, such as food received from the U.S. Department of Agriculture, is reported in the Schedule at the fair market value of the commodities received and consumed. Cash receipts from the U.S. Department of Agriculture are commingled with State grants. It is assumed federal monies are expended first. At June 30, 2009 the District had no significant food commodities in inventory.

**3. Matching Requirements:**

Certain federal programs require that the District contribute non-federal funds (matching funds) to support the federally-funded programs. The expenditure of non-federal matching funds is not included on the schedule of expenditures of federal awards.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING  
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT  
OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE  
WITH GOVERNMENT AUDITING STANDARDS**

Board of Education  
Greeneview Local School District  
4 South Charleston Road  
Jamestown, Ohio 45335

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Greeneview Local School District (the District), as of and for the year ended June 30, 2009, which collectively comprise the District's basic financial statements and have issued our report thereon dated December 02, 2009. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

**Internal Control Over Financial Reporting**

In planning and performing our audit, we considered the District's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the District's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the District's financial statements that is more than inconsequential will not be prevented or detected by the District's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the District's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

www.cshco.com  
p. 937.399.2000  
f. 937.399.5433

## Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain other matters that we reported to management of the District in a separate letter dated December 02, 2009.

This report is intended solely for the information and use of the Board of Education, management, and federal awarding agencies and pass-through entities, and is not intended to be and should not be used by anyone other than these specified parties.

A handwritten signature in cursive script that reads "Clark, Schaefer, Hackett & Co." The signature is written in black ink on a white background.

Springfield, Ohio  
December 02, 2009

**REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO  
EACH MAJOR PROGRAM AND INTERNAL CONTROL OVER  
COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133**

Board of Education  
Greeneview Local School District  
4 South Charleston Road  
Jamestown, Ohio 45335

**Compliance**

We have audited the compliance of the Greeneview Local School District (the District) with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that are applicable to its major federal programs for the year ended June 30, 2009. The District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings. Compliance with the requirements of laws, regulations, contracts and grants applicable to its major federal programs is the responsibility of the District's management. Our responsibility is to express an opinion on the District's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the District's compliance with those requirements.

In our opinion, the District complied, in all material respects, with the requirements referred to above that are applicable to its major federal programs for the year ended June 30, 2009.

**Internal Control Over Compliance**

The management of the District is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the District's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly we do not express an opinion on the effectiveness of the District's internal control over compliance.

A *control deficiency* in an entity's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a federal program on a timely basis. A *significant deficiency* is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to administer a federal program such that there is more than a remote likelihood that noncompliance with a type of compliance requirement that is more than inconsequential will not be prevented or detected by the entity's internal control.

A *material weakness* is a significant deficiency, or a combination of significant deficiencies, that results in more than a remote likelihood that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected by the entity's internal control.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of the Board of Education, management, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

**Finding 2008-001: Audit Adjustments**

Audit adjustments were needed to correct amounts reported for debt refunding transactions, income taxes receivables, and capital assets for the year ended June 30, 2008.

*Status: Corrected*

## **INDEPENDENT ACCOUNTANTS' REPORT ON APPLYING AGREED-UPON PROCEDURES**

To the Board of Education  
Greeneview Local School District:

Ohio Revised Code Section 117.53 states “the auditor of state shall identify whether the school district or community school has adopted an anti-harassment policy in accordance with Section 3313.666 of the Revised Code. This determination shall be recorded in the audit report. The auditor of state shall not prescribe the content or operation of any anti-harassment policy adopted by a school district or community school.”

Accordingly, we have performed the procedures enumerated below, which were agreed to by the Board, solely to assist the Board in evaluating whether Greeneview Local School District (the District) has adopted an anti-harassment policy in accordance with Ohio Revised Code Section 3313.666. Management is responsible for complying with this requirement. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of the Board. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

1. We noted the Board adopted an anti-harassment policy at its meeting on May 12, 2003; which was most recently amended on December 6, 2007.

2. We read the policy, noting it included the following requirements from Ohio Rev. Code Section 3313.666(B):

- (1) A statement prohibiting harassment, intimidation, or bullying of any student on school property or at school-sponsored events;
- (2) A definition of harassment, intimidation, or bullying that includes the definition in division (A) of Ohio Rev. Code Section 3313.666;
- (3) A procedure for reporting prohibited incidents;
- (4) A requirement that school personnel report prohibited incidents of which they are aware to the school principal or other administrator designated by the principal;
- (5) A requirement that parents or guardians of any student involved in a prohibited incident be notified and, to the extent permitted by section 3319.321 of the Revised Code and the “Family Educational Rights and Privacy Act of 1974,” Stat. 571, 20 O.S.C. 1232q, as amended, have access to any written reports pertaining to the prohibited incident.
- (6) A procedure for documenting any prohibited incident that is reported;
- (7) A procedure for responding to and investigating any reported incident;

springfield, oh 45503

www.cshco.com  
p. 937.399.2000  
f. 937.399.5433

- (8) A strategy for protecting a victim from additional harassment, intimidation, or bullying, and from retaliation following a report;
- (9) A disciplinary procedure for any student guilty of harassment, intimidation, or bullying, which shall not infringe on any student's rights under the first amendment to the Constitution of the United States.
- (10) A requirement that the district administration semiannually provide the president of the district board a written summary of all reported incidents and post the summary on its web site, if the district has a web site, to the extent permitted by section 3319.321 of the Revised Code and the "Family Educational Rights and Privacy Act of 1974," 88 Stat. 571, 20 U.S.C. 1232q, as amended.

We were not engaged to and did not conduct an examination, the objective of which would be the expression of an opinion on compliance with the anti-harassment policy. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the Board and is not intended to be and should not be used by anyone other than these specified parties.
