We have reviewed the *Independent Auditors' Report* of the Pathway School of Discovery, Montgomery County, prepared by Deloitte & Touche LLP, for the audit period July 1, 2008 through June 30, 2009. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The Pathway School of Discovery is responsible for compliance with these laws and regulations.

INDEPENDENT AUDITORS' REPORT

Board of Directors
Pathway School of Discovery
Dayton, Ohio 45404

We have audited the accompanying statement of net assets of Pathway School of Discovery (the "Academy") as of June 30, 2009, and the related statement of revenues, expenses, and change in net assets and statement of cash flows for the year ended. These financial statements are the responsibility of the Academy's management. Our responsibility is to express an opinion on the respective financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the respective financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Academy's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the respective financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Academy as of June 30, 2009, and its changes in net assets and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The management's discussion and analysis on pages 3 to 6 is not a required part of the financial statements but are supplementary information required by the Governmental Accounting Standards Board. This supplementary information is the responsibility of the Academy's management. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. However, we did not audit such information and we do not express an opinion on it.

In accordance with *Government Auditing Standards*, we have also issued our report dated October 19, 2009, on our consideration of the Academy's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2009

The discussion and analysis of Pathway School of Discovery's (the "Academy") financial performance provides an overall review of the Academy's financial activities through June 30, 2009. The intent of this discussion and analysis is to look at the Academy's financial performance as a whole. It should be read in conjunction with the financial statements and notes to the financial statements, which immediately follow this section, to enhance the reader's understanding of the Academy's financial performance.

The Management's Discussion and Analysis ("MD&A") is an element of the reporting model adopted by the Governmental Accounting Standards Board ("GASB") in their Statement No. 34 Financial Statements – and Management's Discussion and Analysis – for State and Local Government issued June, 1999.

Financial Highlights

For the fiscal year ended June 30, 2009, total assets were \$173,884, total liabilities were \$157,999, and total net assets were \$15,885.

Using this Financial Report

This report consists of three parts, the MD&A, the financial statements, and notes to those statements. The financial statements include a Statement of Net Assets, a Statement of Revenues, Expenses and Changes in Net Assets, and a Statement of Cash Flows.

Reporting the Academy as a Whole

One of the most important questions asked about the Academy is, "As a whole, what is the Academy's financial condition as a result of the year's activities?" The Statement of Net Assets and the Statement of Revenues, Expenses and Changes in Net Assets, which appear first in the Academy's financial statements, report information on the Academy as a whole and its activities in a way that helps you answer this question. We prepare these statements to include all assets and liabilities, using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when the cash is received or paid.

These two statements report the Academy's net assets – the difference between assets and liabilities, as reported in the Statement of Net Assets – as one way to measure the Academy's financial health or financial position. Over time, increases or decreases in the Academy's net assets – as reported in the Statement of Net Assets – are indicators of whether its financial health is improving or deteriorating. The relationship between revenues and expenses is the Academy's operating results. However, the Academy's goal is to provide services to our students, not to generate profits as commercial entities do. One must consider many other non-financial factors, such as the quality of the education provided and the safety of the school, to assess the overall health of the Academy.

The Statement of Net Assets and the Statement of Revenues, Expenses and Changes in Net Assets report the activities for the Academy, which encompass all the Academy's services, including instruction, support services, community services, and food services. Unrestricted state aid and state and federal grants finance most of these activities. The Academy has entered into a management agreement (the "agreement") with

National Heritage Academies, Inc. (“NHA”) which requires NHA to provide administration, strategic planning and all labor, materials, equipment, and supervision necessary for the provision of educational services to students. As part of the consideration received under the agreement, NHA also provides the facility in which the Academy operates. Under the terms of the agreement, NHA receives as remuneration for its services an amount equal to the total revenue received by the Academy from all revenue sources.

The table below provides a summary of the Academy’s net assets for fiscal years ended June 30:

	2009	2008
Assets:		
Current assets	\$ 165,936	\$ 150,143
Capital assets, net of accumulated depreciation	<u>7,948</u>	<u>8,942</u>
Total assets	<u>173,884</u>	<u>159,085</u>
Liabilities—current	<u>157,999</u>	<u>113,251</u>
Net assets:		
Invested in capital assets	7,948	8,942
Unrestricted	<u>7,937</u>	<u>36,892</u>
Total net assets	<u>\$ 15,885</u>	<u>\$ 45,834</u>

The unrestricted net assets represent the accumulated results of the Academy’s operations to date. These assets can be used to finance day to day operations without constraints, such as legislative or legal requirements. The results of the current year operations for the Academy as a whole are reported in the Statement of Revenues, Expenses and Changes in Net Assets, which shows the change in net assets.

Statement of Revenues, Expenses and Changes in Net Assets

The table below shows the changes in net assets as well as a listing of revenues and expenses for the fiscal years ending June 30:

	2009	2008
Operating revenues:		
Foundation payments	\$ 4,614,466	\$ 4,357,867
Food services	63,287	66,671
Other revenues	41,681	33,666
Total operating revenues	<u>4,719,434</u>	<u>4,458,204</u>
Operating expenses:		
Depreciation	994	994
Contracted service fee	5,458,379	5,384,264
Total operating expenses	<u>5,459,373</u>	<u>5,385,258</u>
Operating loss	(739,939)	(927,054)
Nonoperating revenues:		
Federal grants	698,914	566,960
State grants	11,076	11,197
Private sources—NHA	-	335,411
Total nonoperating revenues	<u>709,990</u>	<u>913,568</u>
Change in net assets	<u>\$ (29,949)</u>	<u>\$ (13,486)</u>

As reported in the Statement of Revenues, Expenses and Changes in Net Assets, the cost of business activities was \$5,458,379. These activities were primarily funded by the Academy's state aid (based on student count) and governments and organizations that subsidized certain programs with grants. Revenues—Private sources—NHA represent a contribution granted by NHA for the excess of Academy expenses over public revenues available.

The Academy experienced a decrease in net assets of \$29,949 in 2009. Under the terms of the agreement with NHA, NHA provides a spending account to the Board of Directors for discretionary expenditures. The primary reason for the change in net assets is the timing of these discretionary expenditures.

Capital Assets—At June 30, 2009, the Academy had \$7,948 invested in capital assets from board discretionary funds, primarily other equipment. Capital assets are substantially provided as part of the agreement with NHA.

General Economic Factors

The Academy depends on legislative and governmental support to fund its operations. Based on information currently available, no significant changes are expected to occur in the nature of the funding or operations of the Academy in 2010.

Contacting the Academy's Financial Management

The financial report is designed to provide users of the report with a general overview of the Academy's finances and to demonstrate the Academy's accountability for the money it receives. PATHWAY SCHOOL OF DISCOVERY

NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2009

1. NATURE OF OPERATIONS

Pathway School of Discovery (the “Academy”) is an Ohio Public School Academy which provides education based on rigorous teaching methods, parental involvement, student responsibility, and basic moral values. The Academy operates under an approved charter received from Lucas County Educational Service Center (“LCESC” or the “Sponsor”), which is responsible for oversight of the Academy’s operations. The charter’s term ends on May 14, 2012 at which time it will automatically renew on a year-to-year basis, unless at least 90 days written notice is given by either the Academy or LCESC. The Academy provides education to students in kindergarten through the eighth grade, at no cost to the parent. Enrollment is open to all appropriately aged children without regard to gender, ethnic background, disability, and/or religious affiliation.

The Academy was established and is operated as a non-profit corporation under Chapter 1702 of the Ohio Revised Code and believes itself to be exempt from taxation under Internal Revenue Code Section 115(1) because its income is derived from the exercise of an essential governmental function and accrues to the State of Ohio. Donations to the Academy qualify as a charitable deduction under Internal Revenue Code Section 170(c)(1).

The Academy operates under the direction of a Board of Directors (the “Board”). The Board is responsible for carrying out the provisions of the contract with the Sponsor which include, but are not limited to, state-mandated provisions regarding student population, curriculum, academic goals, performance standards, admission standards, and qualifications of teachers.

The Board has entered into a management agreement (the “Agreement”) with National Heritage Academies, Inc. (“NHA”) which requires NHA to provide administration, strategic planning and all labor, materials, equipment, and supervision necessary for the provision of educational services to students. As part of the consideration received under the Agreement, NHA also provides the facility in which the Academy operates. The facility lease term is from July 1st to June 30th and is renewable on a year to year basis. The Agreement will continue until termination of the charter contract, inclusive of any charter contract renewals, unless at least 90 days written notice of intent to terminate or renegotiate is given by either the Academy or NHA.

Under the terms of the Agreement, NHA receives as remuneration for its services an amount equal to the total revenue received by the Academy from all revenue sources.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Academy have been prepared in conformity with accounting principles generally accepted in the United States of America (“GAAP”) as applied to governmental nonprofit organizations. The Governmental Accounting Standards Board (“GASB”) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The Academy also applies Financial Accounting Standards Board (“FASB”) statements and interpretations issued on or before November 30, 1989, provided they do not conflict with or contradict GASB pronouncements.

The Academy does not apply FASB statements or interpretations issued after November 30, 1989. The more significant of the Academy's accounting policies are described below.

A. Basis of Presentation

The Academy's financial statements consist of a statement of net assets, a statement of revenues, expenses, and changes in net assets, and a statement of cash flows. Enterprise fund reporting focuses on the determination of the change in net assets, financial position, and cash flows.

B. Measurement Focus

Enterprise accounting uses a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities are included on the statement of net assets. The statement of revenues, expenses and changes in net assets presents increases (i.e., revenues) and decreases (i.e., expenses) in net total assets. The statement of cash flows provides information about how the Academy finances and meets the cash flow needs of its enterprises activities.

C. Basis of Accounting

Basis of Accounting determines when transactions are recorded in the financial records and reported on the financial statements. The Academy's financial statements are prepared using the accrual basis of accounting.

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place.

Non-exchange transactions, in which the Academy receives value without directly giving equal value in return, include grants, entitlements, and donations. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted, matching purpose, and expenditure requirements, in which the resources are provided to the Academy on a reimbursement basis.

Expenses are recognized at the time they are incurred.

D. Budgetary Process

The contract between the Academy and its Sponsor prescribes an annual budget requirement in addition to preparing a 5-year forecast, which is to be updated on an annual basis. Chapter 5705.391(A) of the Ohio Revised Code also requires the Academy to prepare a 5-year forecast, update it annually, and submit it to the Superintendent of Public Instruction at the Ohio Department of Education.

E. Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

F. Cash Deposits

For cash management, all cash received by the Chief Financial Officer is pooled in a non-interest bearing central bank account. Total cash for the Academy is presented as “Cash” on the accompanying Statement of Net Assets. Cash as of June 30, 2009, represents bank deposits, which are covered by federal depository insurance.

G. Capital Assets

Capital assets, which include other equipment, are reported in the government-wide financial statements at historical cost. Capital assets are defined by the Academy as assets with an initial cost of more than \$5,000 and an estimated useful life in excess of one year.

Other equipment is depreciated using the straight-line method over useful lives of 3-10 years.

H. Current Liabilities

Due to National Heritage Academies, Inc.—this amount consists of payments due to NHA for management services rendered in fiscal year 2009.

I. Operating Revenues and Expenses

Intergovernmental Revenues—the Academy currently participates in the State Foundation Program, the Student Intervention Services Program, and the State Special Education Program. Revenues received from these programs are recognized as operating revenues in the accounting period in which all eligibility requirements have been met.

Grants and entitlements are recognized as nonoperating revenue in the accounting period in which all eligibility requirements have been met.

Eligibility requirements include timing requirements, which specify the year when resources are required to be used or the fiscal year when use is permitted, matching requirements, in which the Academy must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the Academy on a reimbursement basis.

J. Net Assets

Net assets represent the difference between assets and liabilities. Net assets are reported as restricted when there are limitations imposed on their use either through constitutional provisions or enabling legislation adopted through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. At fiscal year end June 30, 2009, the Academy had no restricted net assets.

3. DEPOSITS AND INVESTMENTS

At fiscal year end June 30, 2009, the Academy’s bank balance was \$16,657. Based on the criteria described in GASB Statement No. 40, “Deposit and Investment Risk Disclosure,” as of June 30, 2009, none of the bank balance was exposed to custodial risk as discussed below, and all of the bank balance was covered by the Federal Depository Insurance Corporation.

Custodial credit risk is the risk that in the event of bank failure, the Academy will not be able to recover the deposits. All deposits are collateralized with eligible securities in amounts equal to at least 105% of the carrying value of the deposits. Such collateral, as permitted by the Ohio Revised Code, is held in single financial institution collateral pools at the Federal Reserve Bank or at member banks of the federal reserve system, in the name of the respective depository bank and pledged as a pool of collateral against all of the public deposits it holds or as specific collateral held at the Federal Reserve Bank in the name of the Academy.

4. RECEIVABLES

Receivables at June 30, 2009, consisted of intergovernmental grants. All receivables are considered collectible in full and will be received within one year.

A summary of the principal items of intergovernmental receivables follows:

	Amounts
Title I	\$ 70,007
Title I School Improvement	15,050
Title IIA	14,111

6. DEFINED BENEFIT PENSION PLANS

A. School Employees Retirement System—NHA, on behalf of certain employees at the Academy, contributes to the School Employees Retirement System (“SERS”), a cost-sharing multiple-employer defined benefit pension plan. SERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Chapter 3309 of the Ohio Revised Code. SERS issues a publicly available, stand-alone financial report that includes financial statements and required supplementary information. That report may be obtained by writing to the School Employees Retirement System, 300 East Broad Street, Suite 100, Columbus, Ohio 43215-3476.

Plan members are required to contribute 10 percent of their annual covered salary and NHA is required to contribute at an actuarially determined rate. The current NHA rate is 14 percent of annual covered payroll. A portion of NHA’s contribution is used to fund pension obligations with the remainder being used to fund health care benefits. The contribution requirements of plan members and employers are established and may be amended, up to a statutory maximum amount, by the SERS’ Retirement Board. NHA’s required contributions for pension obligations to SERS for the fiscal years ended June 30, 2009, 2008 and 2007, were \$48,913, \$44,673, and \$29,334, respectively; and 100 percent was contributed for each fiscal year.

B. State Teachers Retirement System—NHA, on behalf of teachers at the Academy, participates in the State Teachers Retirement System of Ohio (“STRS Ohio”), a cost-sharing, multiple-employer public employee retirement system. STRS Ohio provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS Ohio issues a stand-alone financial report that may be obtained by writing to STRS Ohio, 275 East Broad St., Columbus, Ohio 43215-3371 or by calling (614) 227-4090.

New members have a choice of three retirement plans, a Defined Benefit (“DB”) Plan, a Defined Contribution (“DC”) Plan and a Combined Plan. The DB Plan offers an annual retirement allowance based on final average salary times a percentage that varies based on years of service, or an allowance based on member contributions and earned interest matched by STRS Ohio funds times an actuarially determined annuity factor. The DC Plan allows members to place all their member contributions and employer contributions into an investment account. Investment decisions are made by the member. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The Combined Plan offers features of both the DC Plan and the DB Plan. In the Combined Plan, member contributions are invested by the member, and employer contributions are used to fund the defined benefit payment at a reduced level from the regular DB Plan. DC and Combined Plan members will transfer to the DB Plan during their fifth year of membership unless they permanently select the DC or Combined Plan. Benefits are established by Chapter 3307 of the Ohio Revised Code.

A DB or Combined Plan member with five or more years credited service who becomes disabled may qualify for a disability benefit. Eligible spouses and dependents of these active members who die before retirement may qualify for survivor benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member dies before retirement benefits begin, the member’s designated beneficiary is entitled to receive the member’s account balance.

Plan members are required to contribute 10 percent of their annual covered salaries. NHA was required to contribute 14 percent. Contribution rates are established by the State Teachers Retirement Board, upon recommendations of its consulting actuary, not to exceed statutory maximum rates of 10 percent for members and 14 percent for employers. Chapter 3307 of the Ohio Revised Code provides statutory authority for member and employer contributions. NHA's required contributions for pension obligations for the fiscal years ended June 30, 2009, 2008 and 2007, were \$238,883, \$229,267, and \$200,656, respectively; 100 percent was contributed for each fiscal year.

7. POST-EMPLOYMENT BENEFITS

The Academy provides comprehensive health care benefits to retired teachers and their dependents through STRS Ohio and to retired, non-certified employees and their dependents through SERS. Benefits include hospitalization, physicians' fees, prescription drugs, and partial reimbursement of monthly Medicare premiums. All benefit recipients and sponsored dependents are eligible for health care coverage. Benefit provisions and the obligations to contribute are established by the Systems based on authority granted by state statute. Both systems are on a pay-as-you-go basis.

All STRS Ohio benefit recipients and sponsored dependents are eligible for health care coverage. The STRS Ohio Board has statutory authority over how much, if any, of the health care costs will be absorbed by STRS Ohio. All benefit recipients pay a portion of the health care cost in the form of a monthly premium. By law, the cost of coverage paid from STRS Ohio funds is included in the employer contribution rate, currently 14 percent of covered payroll. The Retirement Board allocates employer contributions to the Health Care Reserve Fund from which health care benefits are paid. For the fiscal year ended June 30, 2009, the STRS Ohio Board allocated employer contributions equal to 1 percent of covered payroll to the Health Care Reserve Fund. The Academy's contributions for health care for the fiscal years ended June 30, 2009, 2008 and 2007 were \$17,063, \$16,376 and \$14,333, respectively; 100 percent was contributed for each fiscal year.

STRS Ohio pays health care benefits from the Health Care Reserve Fund. At June 30, 2008 (the latest information available) the balance in the Fund was \$3.7 billion. For the year ended June 30, 2008, net health care costs paid by STRS Ohio were approximately \$325.8 million and STRS Ohio had 126,506 eligible benefit recipients.

For SERS, coverage is made available to service retirees with ten or more years of qualifying service credit and to disability and survivor benefit recipients. All members must pay a portion of their premium for health care. The portion is based on years of service, Medicare eligibility, and retirement status. A safety net is in place for retirees whose household income falls below federal poverty levels. Premiums are reduced by 50 percent for those who apply.

For the fiscal year ended June 30, 2009, employer contributions to fund health care benefits were 4.16 percent of covered payroll. In addition, SERS levies a surcharge to fund health care benefits equal to 14 percent of the difference between a minimum pay and the member's pay, pro-rated for partial service credit. For fiscal year 2009, the minimum pay was established at \$35,800. For the Academy, the amounts contributed to fund health care benefits, including the surcharge, for the fiscal years ended June 30, 2009, 2008 and 2007, were equaled \$18,022, \$17,291, and \$10,116, respectively.

The surcharge, added to the unallocated portion of the 14 percent employer contribution rate, provided for maintenance of the asset target level for the health care fund. The target level for the health care reserve is 150 percent of the annual health care expenses. Expenses for health care for the fiscal year ended June 30, 2008, were approximately \$131.8 million. The target level for the health care fund is 150 percent of the projected claims less premium contributions for the next fiscal year. As of June 30, 2008, the value of the health care fund was \$392.7 million, which is about 235 percent of next year's projected net health care costs of approximately \$167.1 million. On the basis of actuarial projections, the allocated contributions will be less than the total claims in future years and the future reserve amounts will eventually be less than the target of 150 percent of estimated annual net claim costs. SERS has approximately 64,818 participants receiving health care benefits.

The Retirement Board, acting with advice of the actuary, allocates a portion of the employer contribution to the Medicare B Fund. For 2009, this actuarially required allocation was 0.75 percent of covered payroll. The Academy's contributions to Medicare Part B for the fiscal years ended June 30, 2009, 2008 and 2007 were \$2,620, \$2,106 and \$1,425 respectively, 100 percent was contributed in each fiscal year.

8. RISK MANAGEMENT

The Academy is exposed to various risks of loss related to general liability. Commercial insurance policies to cover certain risks of loss have been obtained through Indiana Insurance Company. General liability coverage provides \$1,000,000 per occurrence and \$5,000,000 in the aggregate with no deductible. The Indiana Insurance Company also provides umbrella liability coverage of \$1,000,000 per occurrence, as well as, in the aggregate. There have been no significant reductions in insurance coverage during fiscal year 2009, and claims did not exceed coverage less retained risk deductible amounts during the past three fiscal years.

9. CONTINGENCIES

A. Grants

Amounts received from grantor agencies are subject to audit and adjustment by the grantor. Any disallowed costs may require refunding to the grantor. Amounts, which may be disallowed, if any, are not presently determinable. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the financial position of the Academy.

B. Litigation

A lawsuit entitled *Beverly Blount-Hill, et al. v. State of Ohio, et al., Case #: 3:04CV197* was filed in the U.S. District Court, Southern District of Ohio, Western Division in October 2004. The suit alleges that the funding provisions of the Ohio Community Schools Act, O.R.C. Section 33`4, violate both the Ohio and Federal constitutions. If the funding scheme is determined to be unconstitutional, it could have financial ramifications for all community/charter schools. The case is still currently pending, and the effect of this suit, if any, on the Academy cannot presently be determined.

C. State Funding

The Ohio Department of Education conducts reviews of enrollment data and FTE calculations made by the schools. These reviews are conducted to ensure the schools are reporting accurate student enrollment data to the State, upon which state foundation funding is calculated. The results of this review could result in the State funding being adjusted. The Academy does not anticipate any material adjustments to State funding for fiscal year 2009, as a result of such a review.

10. CONTRACTED SERVICE FEE

NHA incurred the following actual direct and indirect expenses on behalf of the Academy for the year ended June 30, 2009:

Direct Expenses:	
Salaries, wages and benefits	\$ 2,730,267
Professional and technical services	239,645
Property services	915,304
Travel	94,653
Utilities	67,770
Contracted (trade) services	26,465
Purchased services	69,217
Books, periodicals and films	82,299
Food and related supplies	253,698
Supplies	87,272
Insurance and property taxes	12,260
Field trips and student activities	80,662
Equipment lease and purchases	134,909
Total direct expenses	4,794,421
Total indirect expenses (overhead)	663,958
Total contracted service fee	<u>\$ 5,458,379</u>

NHA charges expenses benefiting more than one school (i.e. indirect overhead expenses) based on key cost drivers. These charges represent indirect cost of services provided in the operation of the Academy. Such services include, but are not limited to facilities management, equipment, operational support services, management and management consulting, board relations, human resources management, training and orientation, financial reporting and compliance, purchasing and procurement, education services, technology support and marketing and communications.

11. SPONSORSHIP AGREEMENT

The Academy entered into a sponsorship agreement with the LCESC. This agreement provides that LCESC receives approximately one percent of State Foundation funds received by the Academy from the State of Ohio. This amounted to \$69,217 for fiscal year 2009.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Directors
Pathway School of Discovery
Dayton, Ohio 45404

We have audited the financial statements of Pathway School of Discovery (the "Academy") as of and for the year ended June 30, 2009, and have issued our report thereon dated October 19, 2009. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Academy's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Academy's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Academy's internal control over financial reporting.

A *control deficiency* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A *significant deficiency* is a control deficiency, or combination of control deficiencies, that adversely affects the Academy's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the Academy's financial statements that is more than inconsequential will not be prevented or detected by the Academy's internal control.

A *material weakness* is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the Academy's internal control.

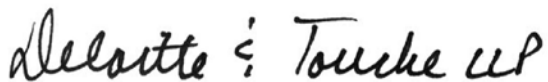

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Academy's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted a certain matter that we reported to the management of the Academy in a separate letter dated October 19, 2009.

This report is intended solely for the information and use of the Board of Directors, management of the Academy, National Heritage Academies, Inc., Lucas County Education Service Center, federal awarding agencies, and state awarding agencies and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITORS' REPORT

Board of Directors
Pathway School of Discovery
Dayton, Ohio 45404

We have audited the accompanying statement of net assets of Pathway School of Discovery (the "Academy") as of June 30, 2009, and the related statement of revenues, expenses, and changes in net assets and statement of cash flows for the year then ended. These financial statements are the responsibility of the Academy's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the respective financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Academy's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the respective financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the financial position of the Academy as of June 30, 2009 and its changes in net assets and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The management's discussion and analysis on pages 3 to 6 is not a required part of the financial statements but is supplementary information required by the Governmental Accounting Standards Board. This supplementary information is the responsibility of the Academy's management. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. However, we did not audit such information and we do not express an opinion on it.

Our audit was conducted for the purpose of forming an opinion on the Academy's financial statements. The accompanying supplemental schedule of expenditures of federal awards is presented for the purpose of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and the Ohio Department of Education, and is not a required part of the financial statements. This supplementary information is the responsibility of the Academy's management. Such information has been subjected to the auditing procedures applied by us in the audit of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

In accordance with *Government Auditing Standards*, we have also issued our report dated October 19, 2009, on our consideration of internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2009

The discussion and analysis of Pathway School of Discovery's (the "Academy") financial performance provides an overall review of the Academy's financial activities through June 30, 2009. The intent of this discussion and analysis is to look at the Academy's financial performance as a whole. It should be read in conjunction with the financial statements and notes to the financial statements, which immediately follow this section, to enhance the reader's understanding of the Academy's financial performance.

The Management's Discussion and Analysis ("MD&A") is an element of the reporting model adopted by the Governmental Accounting Standards Board ("GASB") in their Statement No. 34 Financial Statements – and Management's Discussion and Analysis – for State and Local Government issued June, 1999.

Financial Highlights

For the fiscal year ended June 30, 2009, total assets were \$173,884, total liabilities were \$157,999, and total net assets were \$15,885.

Using this Financial Report

This report consists of three parts, the MD&A, the financial statements, and notes to those statements. The financial statements include a Statement of Net Assets, a Statement of Revenues, Expenses and Changes in Net Assets, and a Statement of Cash Flows.

Reporting the Academy as a Whole

One of the most important questions asked about the Academy is, "As a whole, what is the Academy's financial condition as a result of the year's activities?" The Statement of Net Assets and the Statement of Revenues, Expenses and Changes in Net Assets, which appear first in the Academy's financial statements, report information on the Academy as a whole and its activities in a way that helps you answer this question. We prepare these statements to include all assets and liabilities, using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when the cash is received or paid.

These two statements report the Academy's net assets – the difference between assets and liabilities, as reported in the Statement of Net Assets – as one way to measure the Academy's financial health or financial position. Over time, increases or decreases in the Academy's net assets – as reported in the Statement of Net Assets – are indicators of whether its financial health is improving or deteriorating. The relationship between revenues and expenses is the Academy's operating results. However, the Academy's goal is to provide services to our students, not to generate profits as commercial entities do. One must consider many other non-financial factors, such as the quality of the education provided and the safety of the school, to assess the overall health of the Academy.

The Statement of Net Assets and the Statement of Revenues, Expenses and Changes in Net Assets report the activities for the Academy, which encompass all the Academy's services, including instruction, support services, community services, and food services. Unrestricted state aid and state and federal

grants finance most of these activities. The Academy has entered into a management agreement (the “agreement”) with National Heritage Academies, Inc. (“NHA”) which requires NHA to provide administration, strategic planning and all labor, materials, equipment, and supervision necessary for the provision of educational services to students. As part of the consideration received under the agreement, NHA also provides the facility in which the Academy operates. Under the terms of the agreement, NHA receives as remuneration for its services an amount equal to the total revenue received by the Academy from all revenue sources.

The table below provides a summary of the Academy’s net assets for fiscal years ended June 30:

	2009	2008
Assets:		
Current assets	\$ 165,936	\$ 150,143
Capital assets, net of accumulated depreciation	<u>7,948</u>	<u>8,942</u>
Total assets	<u>173,884</u>	<u>159,085</u>
Liabilities—current	<u>157,999</u>	<u>113,251</u>
Net assets:		
Invested in capital assets	7,948	8,942
Unrestricted	<u>7,937</u>	<u>36,892</u>
Total net assets	<u>\$ 15,885</u>	<u>\$ 45,834</u>

The unrestricted net assets represent the accumulated results of the Academy’s operations to date. These assets can be used to finance day to day operations without constraints, such as legislative or legal requirements. The results of the current year operations for the Academy as a whole are reported in the Statement of Revenues, Expenses and Changes in Net Assets, which shows the change in net assets.

Statement of Revenues, Expenses and Changes in Net Assets

The table below shows the changes in net assets as well as a listing of revenues and expenses for the fiscal years ending June 30:

	2009	2008
Operating revenues:		
Foundation payments	\$ 4,614,466	\$ 4,357,867
Food services	63,287	66,671
Other revenues	41,681	33,666
Total operating revenues	<u>4,719,434</u>	<u>4,458,204</u>
Operating expenses:		
Depreciation	994	994
Contracted service fee	5,458,379	5,384,264
Total operating expenses	<u>5,459,373</u>	<u>5,385,258</u>
Operating loss	(739,939)	(927,054)
Nonoperating revenues:		
Federal grants	698,914	566,960
State grants	11,076	11,197
Private sources—NHA	-	335,411
Total nonoperating revenues	<u>709,990</u>	<u>913,568</u>
Change in net assets	<u>\$ (29,949)</u>	<u>\$ (13,486)</u>

As reported in the Statement of Revenues, Expenses and Changes in Net Assets, the cost of business activities was \$5,458,379. These activities were primarily funded by the Academy's state aid (based on student count) and governments and organizations that subsidized certain programs with grants. Revenues—Private sources —NHA represent a contribution granted by NHA for the excess of Academy expenses over public revenues available.

The Academy experienced a decrease in net assets of \$29,949 in 2009. Under the terms of the agreement with NHA, NHA provides a spending account to the Board of Directors for discretionary expenditures. The primary reason for the change in net assets is the timing of these discretionary expenditures.

Capital Assets—At June 30, 2009, the Academy had \$7,948 invested in capital assets from board discretionary funds, primarily other equipment. Capital assets are substantially provided as part of the agreement with NHA.

General Economic Factors

The Academy depends on legislative and governmental support to fund its operations. Based on information currently available, no significant changes are expected to occur in the nature of the funding or operations of the Academy in 2010.

Contacting the Academy's Financial Management

The financial report is designed to provide users of the report with a general overview of the Academy's finances and to demonstrate the Academy's accountability for the money it receives. PATHWAY SCHOOL OF DISCOVERY

NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2009

1. NATURE OF OPERATIONS

Pathway School of Discovery (the “Academy”) is an Ohio Public School Academy which provides education based on rigorous teaching methods, parental involvement, student responsibility, and basic moral values. The Academy operates under an approved charter received from Lucas County Educational Service Center (“LCESC” or the “Sponsor”), which is responsible for oversight of the Academy’s operations. The charter’s term ends on May 14, 2012 at which time it will automatically renew on a year-to-year basis, unless at least 90 days written notice is given by either the Academy or LCESC. The Academy provides education to students in kindergarten through the eighth grade, at no cost to the parent. Enrollment is open to all appropriately aged children without regard to gender, ethnic background, disability, and/or religious affiliation.

The Academy was established and is operated as a non-profit corporation under Chapter 1702 of the Ohio Revised Code and believes itself to be exempt from taxation under Internal Revenue Code Section 115(1) because its income is derived from the exercise of an essential governmental function and accrues to the State of Ohio. Donations to the Academy qualify as a charitable deduction under Internal Revenue Code Section 170(c)(1).

The Academy operates under the direction of a Board of Directors (the “Board”). The Board is responsible for carrying out the provisions of the contract with the Sponsor which include, but are not limited to, state-mandated provisions regarding student population, curriculum, academic goals, performance standards, admission standards, and qualifications of teachers.

The Board has entered into a management agreement (the “Agreement”) with National Heritage Academies, Inc. (“NHA”) which requires NHA to provide administration, strategic planning and all labor, materials, equipment, and supervision necessary for the provision of educational services to students. As part of the consideration received under the Agreement, NHA also provides the facility in which the Academy operates. The facility lease term is from July 1st to June 30th and is renewable on a year to year basis. The Agreement will continue until termination of the charter contract, inclusive of any charter contract renewals, unless at least 90 days written notice of intent to terminate or renegotiate is given by either the Academy or NHA.

Under the terms of the Agreement, NHA receives as remuneration for its services an amount equal to the total revenue received by the Academy from all revenue sources.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Academy have been prepared in conformity with accounting principles generally accepted in the United States of America (“GAAP”) as applied to governmental nonprofit organizations. The Governmental Accounting Standards Board (“GASB”) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The Academy also applies Financial Accounting Standards Board (“FASB”) statements and interpretations issued on or before November 30, 1989, provided they do not conflict with or contradict GASB pronouncements. The Academy does not apply FASB statements or interpretations

issued after November 30, 1989. The more significant of the Academy's accounting policies are described below.

A. Basis of Presentation

The Academy's financial statements consist of a statement of net assets, a statement of revenues, expenses, and changes in net assets, and a statement of cash flows. Enterprise fund reporting focuses on the determination of the change in net assets, financial position, and cash flows.

B. Measurement Focus

Enterprise accounting uses a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities are included on the statement of net assets. The statement of revenues, expenses and changes in net assets presents increases (i.e., revenues) and decreases (i.e., expenses) in net total assets. The statement of cash flows provides information about how the Academy finances and meets the cash flow needs of its enterprises activities.

C. Basis of Accounting

Basis of Accounting determines when transactions are recorded in the financial records and reported on the financial statements. The Academy's financial statements are prepared using the accrual basis of accounting.

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place.

Non-exchange transactions, in which the Academy receives value without directly giving equal value in return, include grants, entitlements, and donations. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted, matching purpose, and expenditure requirements, in which the resources are provided to the Academy on a reimbursement basis.

Expenses are recognized at the time they are incurred.

D. Budgetary Process

The contract between the Academy and its Sponsor prescribes an annual budget requirement in addition to preparing a 5-year forecast, which is to be updated on an annual basis. Chapter 5705.391(A) of the Ohio Revised Code also requires the Academy to prepare a 5-year forecast, update it annually, and submit it to the Superintendent of Public Instruction at the Ohio Department of Education.

E. Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

F. Cash Deposits

For cash management, all cash received by the Chief Financial Officer is pooled in a non-interest bearing central bank account. Total cash for the Academy is presented as “Cash” on the accompanying Statement of Net Assets. Cash as of June 30, 2009, represents bank deposits, which are covered by federal depository insurance.

G. Capital Assets

Capital assets, which include other equipment, are reported in the government-wide financial statements at historical cost. Capital assets are defined by the Academy as assets with an initial cost of more than \$5,000 and an estimated useful life in excess of one year.

Other equipment is depreciated using the straight-line method over useful lives of 3-10 years.

H. Current Liabilities

Due to National Heritage Academies, Inc.—this amount consists of payments due to NHA for management services rendered in fiscal year 2009.

I. Operating Revenues and Expenses

Intergovernmental Revenues—the Academy currently participates in the State Foundation Program, the Student Intervention Services Program, and the State Special Education Program. Revenues received from these programs are recognized as operating revenues in the accounting period in which all eligibility requirements have been met.

Grants and entitlements are recognized as nonoperating revenue in the accounting period in which all eligibility requirements have been met.

Eligibility requirements include timing requirements, which specify the year when resources are required to be used or the fiscal year when use is permitted, matching requirements, in which the Academy must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the Academy on a reimbursement basis.

J. Net Assets

Net assets represent the difference between assets and liabilities. Net assets are reported as restricted when there are limitations imposed on their use either through constitutional provisions or enabling legislation adopted through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. At fiscal year end June 30, 2009, the Academy had no restricted net assets.

3. DEPOSITS AND INVESTMENTS

At fiscal year end June 30, 2009, the Academy’s bank balance was \$16,657. Based on the criteria described in GASB Statement No. 40, “Deposit and Investment Risk Disclosure,” as of June 30, 2009, none of the bank balance was exposed to custodial risk as discussed below, and all of the bank balance was covered by the Federal Depository Insurance Corporation.

Custodial credit risk is the risk that in the event of bank failure, the Academy will not be able to recover the deposits. All deposits are collateralized with eligible securities in amounts equal to at least 105% of the carrying value of the deposits. Such collateral, as permitted by the Ohio Revised Code, is held in single financial institution collateral pools at the Federal Reserve Bank or at member banks of the federal reserve system, in the name of the respective depository bank and pledged as a pool of collateral against all of the public deposits it holds or as specific collateral held at the Federal Reserve Bank in the name of the Academy.

4. RECEIVABLES

Receivables at June 30, 2009, consisted of intergovernmental grants. All receivables are considered collectible in full and will be received within one year.

A summary of the principal items of intergovernmental receivables follows:

	Amounts
Title I	\$ 70,007
Title I School Improvement	15,050
Title IIA	14,111
Title IID	1,329
Title V	1,781

Total governmental activities capital assets, net	<u>\$ 8,942</u>	<u>\$ (994)</u>	<u>\$ -</u>	<u>\$ 7,948</u>

6. DEFINED BENEFIT PENSION PLANS

A. School Employees Retirement System—NHA, on behalf of certain employees at the Academy, contributes to the School Employees Retirement System (“SERS”), a cost-sharing multiple-employer defined benefit pension plan. SERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Chapter 3309 of the Ohio Revised Code. SERS issues a publicly available, stand-alone financial report that includes financial statements and required supplementary information. That report may be obtained by writing to the School Employees Retirement System, 300 East Broad Street, Suite 100, Columbus, Ohio 43215-3476.

Plan members are required to contribute 10 percent of their annual covered salary and NHA is required to contribute at an actuarially determined rate. The current NHA rate is 14 percent of annual covered payroll. A portion of NHA’s contribution is used to fund pension obligations with the remainder being used to fund health care benefits. The contribution requirements of plan members and employers are established and may be amended, up to a statutory maximum amount, by the SERS’ Retirement Board. NHA’s required contributions for pension obligations to SERS for the fiscal years ended June 30, 2009, 2008 and 2007, were \$48,913, \$44,673, and \$29,334, respectively; and 100 percent was contributed for each fiscal year.

B. State Teachers Retirement System—NHA, on behalf of teachers at the Academy, participates in the State Teachers Retirement System of Ohio (“STRS Ohio”), a cost-sharing, multiple-employer public employee retirement system. STRS Ohio provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS Ohio issues a stand-alone financial report that may be obtained by writing to STRS Ohio, 275 East Broad St., Columbus, Ohio 43215-3371 or by calling (614) 227-4090.

New members have a choice of three retirement plans, a Defined Benefit (“DB”) Plan, a Defined Contribution (“DC”) Plan and a Combined Plan. The DB Plan offers an annual retirement allowance based on final average salary times a percentage that varies based on years of service, or an allowance based on member contributions and earned interest matched by STRS Ohio funds times an actuarially determined annuity factor. The DC Plan allows members to place all their member contributions and employer contributions into an investment account. Investment decisions are made by the member. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The Combined Plan offers features of both the DC Plan and the DB Plan. In the Combined Plan, member contributions are invested by the member, and employer contributions are used to fund the defined benefit payment at a reduced level from the regular DB Plan. DC and Combined Plan members will transfer to the DB Plan during their fifth year of membership unless they permanently select the DC or Combined Plan. Benefits are established by Chapter 3307 of the Ohio Revised Code.

A DB or Combined Plan member with five or more years credited service who becomes disabled may qualify for a disability benefit. Eligible spouses and dependents of these active members who die before retirement may qualify for survivor benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member dies before retirement benefits begin, the member’s designated beneficiary is entitled to receive the member’s account balance.

Plan members are required to contribute 10 percent of their annual covered salaries. NHA was required to contribute 14 percent. Contribution rates are established by the State Teachers Retirement Board, upon recommendations of its consulting actuary, not to exceed statutory maximum rates of 10 percent for members and 14 percent for employers. Chapter 3307 of the Ohio Revised Code provides statutory authority for member and employer contributions. NHA's required contributions for pension obligations for the fiscal years ended June 30, 2009, 2008 and 2007, were \$238,883, \$229,267, and \$200,656, respectively; 100 percent was contributed for each fiscal year.

7. POST-EMPLOYMENT BENEFITS

The Academy provides comprehensive health care benefits to retired teachers and their dependents through STRS Ohio and to retired, non-certified employees and their dependents through SERS. Benefits include hospitalization, physicians' fees, prescription drugs, and partial reimbursement of monthly Medicare premiums. All benefit recipients and sponsored dependents are eligible for health care coverage. Benefit provisions and the obligations to contribute are established by the Systems based on authority granted by state statute. Both systems are on a pay-as-you-go basis.

All STRS Ohio benefit recipients and sponsored dependents are eligible for health care coverage. The STRS Ohio Board has statutory authority over how much, if any, of the health care costs will be absorbed by STRS Ohio. All benefit recipients pay a portion of the health care cost in the form of a monthly premium. By law, the cost of coverage paid from STRS Ohio funds is included in the employer contribution rate, currently 14 percent of covered payroll. The Retirement Board allocates employer contributions to the Health Care Reserve Fund from which health care benefits are paid. For the fiscal year ended June 30, 2009, the STRS Ohio Board allocated employer contributions equal to 1 percent of covered payroll to the Health Care Reserve Fund. The Academy's contributions for health care for the fiscal years ended June 30, 2009, 2008 and 2007 were \$17,063, \$16,376 and \$14,333, respectively; 100 percent was contributed for each fiscal year.

STRS Ohio pays health care benefits from the Health Care Reserve Fund. At June 30, 2008 (the latest information available) the balance in the Fund was \$3.7 billion. For the year ended June 30, 2008, net health care costs paid by STRS Ohio were approximately \$325.8 million and STRS Ohio had 126,506 eligible benefit recipients.

For SERS, coverage is made available to service retirees with ten or more years of qualifying service credit and to disability and survivor benefit recipients. All members must pay a portion of their premium for health care. The portion is based on years of service, Medicare eligibility, and retirement status. A safety net is in place for retirees whose household income falls below federal poverty levels. Premiums are reduced by 50 percent for those who apply.

For the fiscal year ended June 30, 2009, employer contributions to fund health care benefits were 4.16 percent of covered payroll. In addition, SERS levies a surcharge to fund health care benefits equal to 14 percent of the difference between a minimum pay and the member's pay, pro-rated for partial service credit. For fiscal year 2009, the minimum pay was established at \$35,800. For the Academy, the amounts contributed to fund health care benefits, including the surcharge, for the fiscal years ended June 30, 2009, 2008 and 2007, were equalled \$18,022, \$17,291, and \$10,116, respectively.

The surcharge, added to the unallocated portion of the 14 percent employer contribution rate, provided for maintenance of the asset target level for the health care fund. The target level for the health care reserve is 150 percent of the annual health care expenses. Expenses for health care for the fiscal year ended June 30, 2008, were approximately \$131.8 million. The target level for the health care fund is 150 percent of the projected claims less premium contributions for the next fiscal year. As of June 30, 2008, the value of the health care fund was \$392.7 million, which is about 235 percent of next year's projected net health care costs of approximately \$167.1 million. On the basis of actuarial projections, the allocated contributions will be less than the total claims in future years and the future reserve amounts will eventually be less than the target of 150 percent of estimated annual net claim costs. SERS has approximately 64,818 participants receiving health care benefits.

The Retirement Board, acting with advice of the actuary, allocates a portion of the employer contribution to the Medicare B Fund. For 2009, this actuarially required allocation was 0.75 percent of covered payroll. The Academy's contributions to Medicare Part B for the fiscal years ended June 30, 2009, 2008 and 2007 were \$2,620, \$2,106 and \$1,425 respectively, 100 percent was contributed in each fiscal year.

8. RISK MANAGEMENT

The Academy is exposed to various risks of loss related to general liability. Commercial insurance policies to cover certain risks of loss have been obtained through Indiana Insurance Company. General liability coverage provides \$1,000,000 per occurrence and \$5,000,000 in the aggregate with no deductible. The Indiana Insurance Company also provides umbrella liability coverage of \$1,000,000 per occurrence, as well as, in the aggregate. There have been no significant reductions in insurance coverage during fiscal year 2009, and claims did not exceed coverage less retained risk deductible amounts during the past three fiscal years.

9. CONTINGENCIES

A. Grants

Amounts received from grantor agencies are subject to audit and adjustment by the grantor. Any disallowed costs may require refunding to the grantor. Amounts, which may be disallowed, if any, are not presently determinable. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the financial position of the Academy.

B. Litigation

A lawsuit entitled *Beverly Blount-Hill, et al. v. State of Ohio, et al., Case #: 3:04CV197* was filed in the U.S. District Court, Southern District of Ohio, Western Division in October 2004. The suit alleges that the funding provisions of the Ohio Community Schools Act, O.R.C. Section 33⁴, violate both the Ohio and Federal constitutions. If the funding scheme is determined to be unconstitutional, it could have financial ramifications for all community/charter schools. The case is still currently pending, and the effect of this suit, if any, on the Academy cannot presently be determined.

C. State Funding

The Ohio Department of Education conducts reviews of enrollment data and FTE calculations made by the schools. These reviews are conducted to ensure the schools are reporting accurate student enrollment data to the State, upon which state foundation funding is calculated. The results of this review could result in the State funding being adjusted. The Academy does not anticipate any material adjustments to State funding for fiscal year 2009, as a result of such a review.

10. CONTRACTED SERVICE FEE

NHA incurred the following actual direct and indirect expenses on behalf of the Academy for the year ended June 30, 2009:

Direct Expenses:	
Salaries, wages and benefits	\$ 2,730,267
Professional and technical services	239,645
Property services	915,304
Travel	94,653
Utilities	67,770
Contracted (trade) services	26,465
Purchased services	69,217
Books, periodicals and films	82,299
Food and related supplies	253,698
Supplies	87,272
Insurance and property taxes	12,260
Field trips and student activities	80,662
Equipment lease and purchases	134,909
Total direct expenses	<u>4,794,421</u>
Total indirect expenses (overhead)	<u>663,958</u>
Total contracted service fee	<u>\$ 5,458,379</u>

NHA charges expenses benefiting more than one school (i.e. indirect overhead expenses) based on key cost drivers. These charges represent indirect cost of services provided in the operation of the Academy. Such services include, but are not limited to facilities management, equipment, operational support services, management and management consulting, board relations, human resources management, training and orientation, financial reporting and compliance, purchasing and procurement, education services, technology support and marketing and communications.

11. SPONSORSHIP AGREEMENT

The Academy entered into a sponsorship agreement with the LCESC. This agreement provides that LCESC receives approximately one percent of State Foundation funds received by the Academy from the State of Ohio. This amounted to \$69,217 for fiscal year 2009.

NOTE TO SUPPLEMENTAL SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS YEAR ENDED JUNE 30, 2009

A. BASIS OF PRESENTATION

The accompanying Supplemental Schedule of Expenditures of Federal Awards is presented in accordance with the U.S. Office of Management and Budget (“OMB”) Circular A-133 and is prepared using the accrual basis of accounting.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Directors
Pathway School of Discovery
Dayton, Ohio 45404

We have audited the financial statements of Pathway School of Discovery (the "Academy") as of and for the year ended June 30, 2009, and have issued our report thereon dated October 19, 2009. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Academy's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Academy's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Academy's internal control over financial reporting.

A *control deficiency* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A *significant deficiency* is a control deficiency, or combination of control deficiencies, that adversely affects the Academy's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the Academy's financial statements that is more than inconsequential will not be prevented or detected by the Academy's internal control.

A *material weakness* is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the Academy's internal control.

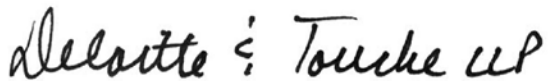

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Academy's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted a certain matter that we reported to the management of the Academy in a separate letter dated October 19, 2009.

This report is intended solely for the information and use of the Board of Directors, management of the Academy, National Heritage Academies, Inc., Lucas County Education Service Center, federal awarding agencies, and state awarding agencies and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

Board of Directors
Pathway School of Discovery
Dayton, Ohio 45404

Compliance

We have audited the compliance of Pathway School of Discovery (the "Academy") with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133 Compliance Supplement* and the Ohio School Auditing Manual that are applicable to each of its major federal programs for the year ended June 30, 2009. The Academy's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of the Academy's management. Our responsibility is to express an opinion on the Academy's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*; and the Ohio Department of Education. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Academy's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the Academy's compliance with those requirements.

In our opinion, the Academy complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2009.

Internal Control Over Compliance

The management of the Academy is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the Academy's internal control over compliance with the requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over

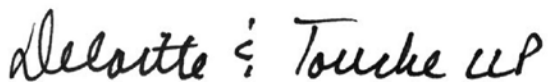

compliance. Accordingly, we do not express an opinion on the effectiveness of the Academy's internal control over compliance.

A *control deficiency* in an entity's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a federal program on a timely basis. A *significant deficiency* is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to administer a federal program such that there is more than a remote likelihood that noncompliance with a type of compliance requirement of a federal program that is more than inconsequential will not be prevented or detected by the entity's internal control.

A *material weakness* is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected by the entity's internal control.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of the Board of Directors, management of the Academy, National Heritage Academies, Inc., Lucas County Education Service Center, federal awarding agencies, and state awarding agencies and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT ACCOUNTANT'S REPORT ON APPLYING AGREED-UPON PROCEDURES

Board of Directors of Pathway School of Discovery:

We have performed the procedures enumerated below, which were agreed to by the Academy, solely to assist the Academy in evaluating whether Pathway School of Discovery (the "Academy") has adopted an anti-harassment policy in accordance with Ohio Rev. Code Section 3313.666. Management of the Academy is responsible for complying with this requirement. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of the Academy. Consequently; we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

1. We noted the Academy adopted an anti-harassment policy at its meeting on July 16, 2008.
2. We read the policy, noting it included the following requirements from Ohio Rev. Code Section 3313.666(B):
 - (1) A statement prohibiting harassment, intimidation, or bullying of any student on school property or at school-sponsored events;
 - (2) A definition of harassment, intimidation, or bullying that includes the definition in division (A) of Ohio Rev. Code Section 3313.666;
 - (3) A procedure for reporting prohibited incidents;
 - (4) A requirement that school personnel report prohibited incidents of which they are aware to the school principal or other administrator designated by the principal;
 - (5) A requirement that parents or guardians of any student involved in a prohibited incident be notified and, to the extent permitted by section 3319.321 of the Revised Code and the "Family Educational Rights and Privacy Act of 1974," 88 Stat. 571, 20 U.S.C. 1232q, as amended, have access to any written reports pertaining to the prohibited incident;
 - (6) A procedure for documenting any prohibited incident that is reported;

- (7) A procedure for responding to and investigating any reported incident;
- (8) A strategy for protecting a victim from additional harassment, intimidation, or bullying, and from retaliation following a report;
- (9) A disciplinary procedure for any student guilty of harassment, intimidation, or bullying, which shall not infringe on any student's rights under the first amendment to the Constitution of the United States;
- (10) A requirement that the district administration semiannually provide the president of the district board a written summary of all reported incidents and post the summary on its web site, if the district has a web site, to the extent permitted by section 3319.321 of the Revised Code and the "Family Educational Rights and Privacy Act of 1974," 88 Stat. 571, 20 U.S.C. 1232q, as amended.

We were not engaged to and did not conduct an examination, the objective of which would be the expression of an opinion on compliance with the anti-harassment policy. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the Board of Directors of Pathway School of Discovery and is not intended to be and should not be used by anyone other than this specified party.
