The accompanying notes are an integral part of this schedule.

#### NOTES TO THE FEDERAL AWARDS RECEIPTS AND EXPENDITURES SCHEDULE YEAR ENDED JUNE 30, 2010

#### **NOTE A - SIGNIFICANT ACCOUNTING POLICIES**

The accompanying Federal Awards Receipts and Expenditures Schedule (the Schedule) reports the Centerville City School District's (the District) federal award programs receipts and disbursements. The schedule has been prepared on the cash basis of accounting.

#### **NOTE B - CHILD NUTRITION CLUSTER**

The District commingles cash receipts from the U.S. Department of Agriculture with similar State grants. When reporting expenditures on this Schedule, the District assumes it expends federal monies first.

#### **NOTE C - FOOD DONATION PROGRAM**

The District reports commodities consumed on the Schedule at the fair value. The District allocated donated food commodities to the respective programs that benefitted from the use of those donated food commodities.

#### **NOTE D - MATCHING REQUIREMENTS**

Certain Federal programs require the District to contribute non-Federal funds (matching funds) to support the Federally-funded programs. The District has met its matching requirements. The Schedule does not include the expenditure of non-Federal matching funds.

## INDEPENDENT ACCOUNTANTS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

Centerville City School District Montgomery County 111 Virginia Avenue Centerville, Ohio 45458

To the Board of Education:

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Centerville City School District, Montgomery County, (the District) as of and for the year ended June 30, 2010, which collectively comprise the District's basic financial statements and have issued our report thereon dated December 23, 2010. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' Government Auditing Standards.

#### **Internal Control Over Financial Reporting**

In planning and performing our audit, we considered the District's internal control over financial reporting as a basis for designing our audit procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of opining on the effectiveness of the District's internal control over financial reporting. Accordingly, we have not opined on the effectiveness of the District's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A material weakness is a deficiency or combination of deficiencies in internal control such that there is a reasonable possibility that material financial statement misstatements will not be prevented, or detected and timely corrected.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider material weaknesses, as defined above. However, we identified a certain deficiency in internal control over financial reporting, described in the accompanying schedule of findings that we consider a significant deficiency in internal control over financial reporting. We consider finding 2010-001 to be a significant deficiency. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Centerville City School District Montgomery County Independent Accountants' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Required by Government Auditing Standards Page 2

#### **Compliance and Other Matters**

As part of reasonably assuring whether the District's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

We also noted certain matters not requiring inclusion in this report that we reported to the District's management in a separate letter dated December 23, 2010.

We intend this report solely for the information and use of management, the Board of Education, and federal awarding agencies and pass-through entities and others within the District. We intend it for no one other than these specified parties.

## INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133

Centerville City School District Montgomery County 111 Virginia Avenue Centerville, Ohio 45458

To the Board of Education:

#### Compliance

We have audited the compliance of Centerville City School District, Montgomery County, (the District) with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133, Compliance Supplement* that could directly and materially affect each of Centerville City School District's major federal programs for the year ended June 30, 2010. The summary of auditor's results section of the accompanying schedule of findings identifies the District's major federal programs. The District's management is responsible for complying with the requirements of laws, regulations, contracts, and grants applicable to each major federal program. Our responsibility is to express an opinion on the District's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits included in the Comptroller General of the United States' *Government Auditing Standards*; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to reasonably assure whether noncompliance occurred with the compliance requirements referred to above that could directly and materially affect a major federal program. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing other procedures we considered necessary in the circumstances. We believe our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the District's compliance with those requirements.

In our opinion, the Centerville City School District complied, in all material respects, with the requirements referred to above that could directly and materially affect each of its major federal programs for the year ended June 30, 2010.

#### **Internal Control Over Compliance**

The District's management is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the District's internal control over compliance with requirements that could directly and materially affect a major federal program, to determine our auditing procedures for the purpose of opining on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of opining on the effectiveness of internal control over compliance. Accordingly, we have not opined on the effectiveness of the District's internal control over compliance.

Centerville City School District Montgomery County Independent Accountants' Report on Compliance with Requirements Applicable to Each Major Federal Program and on Internal Control Over Compliance Required by OMB Circular A-133 Page 2

#### Internal Control Over Compliance (Continued)

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, when performing their assigned functions, to prevent, or to timely detect and correct, noncompliance with a federal program compliance requirement. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a federal program compliance requirement will not be prevented, or timely detected and corrected.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

#### Federal Awards Receipts and Expenditures Schedule

We have also audited the financial statements of governmental activities, each major fund, and the aggregate remaining fund information of Centerville City School District (the District) as of and for the year ended June 30, 2010, and have issued our report thereon dated December 23, 2010. Our audit was performed to form opinions on the financial statements that collectively comprise the District's basic financial statements taken as a whole. The accompanying federal awards receipts and expenditures schedule provides additional information as required by OMB Circular A-133 and is not a required part of the basic financial statements. This information is management's responsibility, and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. We subjected this information to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling this information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, this information is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

We intend this report solely for the information and use of management, the Board of Education, others within the District, federal awarding agencies, and pass-through entities. It is not intended for anyone other than these specified parties.

#### SCHEDULE OF FINDINGS OMB CIRCULAR A -133 § .505 JUNE 30, 2010

#### 1. SUMMARY OF AUDITOR'S RESULTS

(d)(1)(i)	Type of Financial Statement Opinion	Unqualified
(d)(1)(ii)	Were there any material control weaknesses reported at the financial statement level (GAGAS)?	No
(d)(1)(ii)	Were there any significant deficiencies in internal control reported at the financial statement level (GAGAS)?	Yes
(d)(1)(iii)	Was there any reported material noncompliance at the financial statement level (GAGAS)?	No
(d)(1)(iv)	Were there any material internal control weaknesses reported for major federal programs?	No
(d)(1)(iv)	Were there any significant deficiencies in internal control reported for major federal programs?	No
(d)(1)(v)	Type of Major Programs' Compliance Opinion	Unqualified
(d)(1)(vi)	Are there any reportable findings under § .510(a)?	No
(d)(1)(vii)	Major Programs (list):	Child Nutrition Cluster: National School Lunch Program (CFDA 10.555) & School Breakfast Program (CFDA 10.553)  Special Education Cluster: Special Education Grants to States (CFDA 84.027); Special Education Preschool Grants (CFDA 84.173); ARRA – Special Education Grants to States (CFDA 84.391); ARRA – Special Education Preschool Grants (CFDA 84.392)  Title I, Part A Cluster: Title I Grants to Local Enforcement Agencies (CFDA 84.010); ARRA – Title I Grants to Local Educational Agencies (CFDA 84.389)  ARRA – State Fiscal Stabilization Fund (SFSF) – Education State Grants (CFDA 84.394)
(d)(1)(viii)	Dollar Threshold: Type A\B Programs	Type A: > \$ 300,000 Type B: all others
(d)(1)(ix)	Low Risk Auditee?	No

Centerville City School District Montgomery County Schedule of Findings Page 2

#### 2. FINDINGS RELATED TO THE FINANCIAL STATEMENTS REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS

#### **FINDING NUMBER 2010-001**

#### SIGNIFICANT DEFICIENCY - Rebate Arbitrage

Squire, Sanders and Dempsey L.L.P performed the District's rebate arbitrage calculation for the period starting June 23, 2005 through June 30, 2010 on the \$62,328,798 School Improvement Bonds, Series 2005 issue. The net rebate liability payable to the Internal Revenue Service was calculated to be \$174,444. The District did not report this liability on its balance sheet and statement of net assets at June 30, 2010. The misstatement was immaterial and did not require adjustments to the financial statements. However, it was determined to be significant to require the attention of the District's management.

The District should establish and implement policies and procedures that verify that all of the District's liabilities are properly accounted for and recorded in the financial statements. Failure to do so could result in material misstatements.

Official's Response: We did not receive a response from Officials to this Finding.

#### 3. FINDINGS AND QUESTIONED COSTS FOR FEDERAL AWARDS

None

December 23, 2010

To the Citizens and Board of Education of the Centerville City School District:

We are pleased to present the Comprehensive Annual Financial Report (CAFR) of the Centerville City School District (District) for the fiscal year ended June 30, 2010. This report represents the commitment of the District to adhere to nationally recognized standards of excellence in financial reporting.

The report contains financial statements, supplemental statements and other financial and statistical information to provide complete and full disclosure of all material financial aspects of the District. Responsibility for the accuracy, completeness and fairness of this report rests with the District and more specifically, the Office of the Treasurer. To the best of our knowledge and belief, this report and the enclosed data are accurate in all material aspects. Our report is designed to present fairly the financial position, results of operation and budgetary comparisons of the District. This report is prepared in conformance with generally accepted accounting principles as set forth by the Governmental Accounting Standards Board (GASB) and other recognized authoritative services and is representative of the District's continuing commitment to provide meaningful financial information to the citizens of the District.

Management is required to provide a narrative introduction, overview and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The MD&A can be found immediately following the independent accountants' report within the financial section.

Copies of this report will be widely distributed throughout the District. A copy will be sent to all school buildings, the Dayton Area Chamber of Commerce, major businesses located within the District, other governmental entities in Montgomery County, the Washington-Centerville Libraries, Moody's and Standard and Poor's financial rating services, major banks, realtors, and other interested parties.

#### DISTRICT PROFILE

The District serves an area of 32 square miles in the southeastern part of Montgomery County, Ohio, encompassing the City of Centerville and Washington Township. The area is located approximately 8 miles south of the City of Dayton and 46 miles north of the City of Cincinnati on U.S. Interstate 675. U.S. Interstate 75 and U.S. Interstate 70 are 3 miles and 15 miles, respectively, from the area. With these major thoroughfares, Centerville and Washington Township provide a desirable location for many families who work in the Dayton and Cincinnati metropolitan areas.

The current charter as the District was adopted in 1969; yet, the first formal education in Washington Township was offered in 1803 to children from first to sixth grades. Additional higher education grades were added in 1848 with the first high school being built in 1885. Today, the District provides opportunities for its students to excel in academic, co-curricular, and community based activities.

111 Virginia Avenue

Centerville. Ohio 45458

Telephone (937) 433-8841

#### Blue Ribbon School District

The District has five schools that have been recognized nationally as Blue Ribbon Schools by the U.S. Department of Education. This national recognition reflects the excellence that exists throughout the District. The District's Blue Ribbon schools are: Centerville High School (1984, 1993); Normandy Elementary (1992); Centerville Kindergarten Village [now Centerville Primary Village North] (1997); Tower Heights Middle School (1998); and Weller Elementary School (1999).

#### Preschool

The Centerville Preschool is an early childhood program that serves children with and without special needs who range in age from 3-5. The licensed program provides a comprehensive preschool experience to enhance each child's social skills, independence, communication, physical and academic growth.

#### Primary Villages

There are two primary villages housing kindergarten and grade one. Both offer regular kindergarten programs in addition to Young 5s and Extended Day to provide developmentally appropriate programs for children ages five and six. The grade one program is similar to the elementary program.

#### Elementary

There are six elementary schools housing grades two through five. Students are taught reading, language arts, science, social studies, math and health by the classroom teacher with art, music and physical education being taught by specialists in those areas. Teachers work in grade level teams and there are regular grade level team meetings for horizontal coordination and subject area meetings for vertical subject coordination.

#### Middle School

The three middle schools house students in grades six through eight. Each middle school is divided into four family teams made up of a teacher in each of the academic areas as in the elementary program. The "school within a school" concept is designed to provide students the ability to change classes for each academic area while having closer personal contact with their "family" teachers as students spend all three years with the same family of students and teachers. Students also receive instruction in art, music, physical education and can take German, French or Spanish.

#### **High School**

Centerville High School is a comprehensive, four-year school that stresses academic excellence and physical and social development. Courses are offered in the fine and applied arts, business, career education, tech-prep and all academic areas.

#### ECONOMIC CONDITION AND OUTLOOK

#### Community

The estimated population of this area is 52,991 residents as Centerville-Washington Township is primarily a residential area. Both Centerville and Washington Township attracts white-collar professionals, particularly doctors and managers. The Community (City of Centerville and Washington Township) has grown rapidly over the past twenty years and, given its attractiveness as the residence and business location of choice in the region, it will continue to grow well into the next several decades.

Understanding these critical issues, the Community developed a comprehensive plan called "Create the Vision." This was a community process that involved citizens, businesses, organizations, and local government officials in a cooperative effort to plan for the future of Centerville and Washington Township. These groups worked together with the community at large to formulate goals in the areas of land use and development, transportation services, and other aspects of the community. The end result has been the adoption of a new community plan that outlines steps for implementing these goals over the next 20 years. More information can be found at the website http://www.createthevision.org.

The Centerville area continues to see moderate growth in business development. Built on a diversified base of small businesses, Centerville continues to be well positioned to weather the current economic downturn.

#### **District**

The District retained its Aa2 rating from Moody's Investors Service. This rating is the 3<sup>rd</sup> highest rating for a public school district in Ohio. Moody's has stated, "The high-grade Aa2 rating reflects the district's strong financial position, growing tax base with proximity to the Dayton and Cincinnati employment centers, and favorable debt position."

Every year academic and co-curricular highlights are included in an annual report to the community and includes state and national recognition, student achievements and community contributions. Centerville staff and students excel in an extraordinary array of activities, including the following sampling.

#### **Academic Achievements**

- The District earned an "Excellent with Distinction" rating the highest rank in Ohio's report card on school districts.
  - o This is the twelfth straight year the District received top honors.
  - o In addition, the District met Adequate Yearly Progress for all 10 sub groups, meeting the requirements of the federal No Child Left Behind legislation.
- CHS Science Olympiad team won the State Championship for the seventh year in a row and placed 1<sup>st</sup> in national competition for the second consecutive year.
- Magsig Middle School Science Olympiad team won the State Championship and placed sixth in the national competition.
- Six teams from Centerville City Schools competed at the State Destination Imagination tournament. Five of these teams went on to compete at the Global Finals. All of these teams placed in the top third. The Project Outreach team from CHS received first place recognition.

#### Athletic Achievements

- CHS captured the Greater Western Ohio Conference (GWOC) All-Sports Trophy. This year's honor marks the 34<sup>th</sup> time over the last 35 years that CHS has captured its conference all-sports trophy that rewards the overall performance of all athletic teams.
- CHS had 13 GWOC championships.
- 3 teams were GWOC Runners Up.
- Girls soccer were Regional Champions.
- Boys Bowling finished 8<sup>th</sup> in state.
- Girls Bowling finished 9<sup>th</sup> in state.
- Boys Swimming finished 5<sup>th</sup> in state.
- Girls Swimming finished 5<sup>th</sup> in state.

Many more Centerville students and staff achieved levels of success we can celebrate. It is evident our students continue to pay a high return on your investment in their education. For them, we thank you for your continued support.

#### **Major Initiatives**

The mission of the District, a community of learners, is to provide diverse educational opportunities that develop the skills, attitudes, knowledge, and ethics needed to reach individual potential and create a foundation for lifelong learning. Toward that end, the District developed a Continuous Improvement Plan similar to a Strategic Plan to help focus our efforts. The four main goals from this plan document that are the guiding goals are as follows.

- Goal 1: We will encourage and advance community collaboration.
- Goal 2: The curricular and instruction program will prepare students to achieve their full potential in regards to academics, thinking and reasoning, and responsible citizenship.
- Goal 3: The District will annually demonstrate excellence.
- Goal 4: We will support comprehensive and purposeful staff development opportunities which foster professional growth to enhance classroom instruction and student learning.

#### FINANCIAL INFORMATION

#### District Organization and Reporting Entity

The operations of the District are managed by the Board of Education (Board) that is made up of five citizens who are elected by voters to serve four-year terms. The Board is a body politic and corporate as defined by Ohio Revised Code Section 3313.02, and derives its authority from federal and state law. The Board's major function is to develop operating policies that will best service the needs of the students. In addition, the Board acts as the taxing authority, contracting body, the approver of the annual appropriation resolution, as well as ensuring that all other general laws of the State of Ohio are followed in the expenditure of the District's tax dollars. The Board employs the Superintendent to execute policies and provide leadership to the staff. The Board also employs the Treasurer to act as Chief Financial Officer to maintain financial records and invest funds of the District as specified by Ohio law.

The various funds of the District are used to account for the District's governmental assets, liabilities, fund balances, and results of operations (or revenues over/(under) expenditures) for those activities. In addition to the aforementioned services and general activities, the District acts as fiscal agent for State

funds distributed to private schools located within the District's boundaries. This activity is included in the reporting entity as a special revenue fund due to the District's involvement in the distribution of funds. The parochial/private schools served are Church of the Incarnation, Miami Valley School, Spring Valley Academy, and Montessori School of Centerville. Although these organizations share operational and service similarity with the District, each is a separate and distinct entity. Because of their independent nature, none of these organizations' financial statements are included in this report.

#### Government-wide Financial Statements

These statements are prepared on an accrual basis of accounting, which is similar to the basis of accounting followed by businesses. The government-wide statements distinguish between those activities of the District that are governmental in nature and those that are considered business-type activities in nature. The District did not have any business-type activities during fiscal year 2010.

#### **Fund Financial Statements**

These statements present information for individual major funds rather than by fund type. Funds, which are not classified as major funds are presented in one column, titled "Other Governmental Funds". Governmental funds use the modified accrual basis of accounting and include reconciliation to the governmental activities accrual information presented in the government-wide financial statements. The fiduciary funds are presented using the accrual basis of accounting.

#### Statement of Budgetary Comparisons

These statements present comparison of actual information to both the original and final amended budgets legally adopted by the District for the General Fund and any major special revenue funds. The District has no major special revenue funds. The budgetary basis, as provided by Ohio Law, is based upon accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances.

#### Internal Accounting and Budgetary Control

Internal accounting controls are designed to provide reasonable, but not absolute, assurance regarding the safeguarding of assets against loss from unauthorized use or disposition and the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance is based on the assumption that the cost of internal accounting controls should not exceed the benefits expected to be derived from their implementation. The management of the District is responsible for establishing and maintaining an internal control environment that provides reasonable assurance the District's financial statements are reliable, the District complied with applicable laws and regulations and the District is operating effectively and efficiently.

The District utilizes a fully automated accounting system as well as an automated system of control for capital assets and payroll. These systems, coupled with the manual auditing of each voucher prior to payment, ensure that the financial information generated is both accurate and reliable.

The District maintains its accounts and accounting records to facilitate budgetary control as outlined by Ohio Revised Code. Before October 1<sup>st</sup> of each fiscal year the Board adopts its annual appropriation measure. These appropriations may be amended as needed by Board action. Annual appropriations and any amendments may not exceed the County Budget Commissions official estimate of resources. The County Auditor must certify that the Board's appropriation measures do not exceed the amount set forth in the latest of those official estimates.

All disbursements and transfers of cash between funds require appropriation authority from the Board. Budgets are controlled at the fund level. All purchase order requests must be approved by the building principal, department supervisor, or appropriate central office director and must be certified by the Treasurer; necessary funds are then encumbered and purchase orders released to vendors. Those requests which exceed the available appropriations are rejected until additional appropriations are secured.

The accounting system used by the District provides interim financial reports which detail month and year-to-date expenditures and encumbrances versus the original appropriation plus any additional appropriations made to date. Each administrator and school principal has access to view the status of the budget accounts for which they are responsible. As an additional safeguard, a blanket bond covers all employees; a separate, higher limit bond covers certain individuals in policy-making roles. Additional information on the District's budgetary accounts can also be found in notes to the required supplementary information.

#### Cash Management

The District's cash management program addresses the issues of safety, liquidity and yield while maximizing returns. The District utilizes the STAROhio investment pool, operated by the Ohio Treasurer of State, for ready cash and yield. Repurchase agreements, treasury bonds and notes, money market mutual funds, and United States agency securities are utilized for long-term investments. Investment earnings for the General Fund totaled \$356,425 and \$388,456 for all funds during the fiscal year.

#### Risk Management

The District continues to protect its assets through a comprehensive insurance program. Insurance policies for fleet liability, general liability, excess liability, directors and officers, property loss and boiler and machinery coverage are purchased from the Ohio Casualty Company. Employee health insurance coverage is provided by Anthem. Dental insurance coverage is provided by Superior Dental. Life insurance coverage is provided by Assurant. In addition, the District offers a full range of supplementary retirement plans for eligible staff members. For more information on risk management see Note 7 of the Notes to the Basic Financial Statements.

#### Relevant Financial Policies

In July, 2009, the Ohio's Governor signed HB 1, the state biennium budget bill. Included in this bill was a complete overhaul of the school funding model for all school districts in Ohio. The new Ohio Evidence-Based Model (OEBM) replaces the long-standing foundation formula that was declared unconstitutional by the Ohio Supreme Court. If ever fully-funded, the new model has the potential to drive funding based on student needs and could result in additional revenue. However, the current economic crisis has reduced revenue at the state level prompting budget reduction measures across the State. As such, the funding for the OEBM started in for FY10 by allocating the funding for each year based on 99% of the FY09 funding and 98% of the FY10 funding, respectively. Federal stimulus funds are being used in Ohio to balance the education budget and as such, funding for public education at the current level is not secure beyond FY11. This uncertainty could have a major impact on our instructional and operational programs. The need for additional revenue and or expenditure reductions will need to be monitored closely.

#### **Auditor of State**

Included in this report is the unqualified opinion rendered on the District's basic financial statements as of and for the year ended June 30, 2010 by State of Ohio Auditor's Office. An annual independent audit of

the District's financial statements is a requirement of Ohio statute, as well as an integral part of the annual preparation of a CAFR. This annual audit will continue to review, comment on and thereby strengthen the District's accounting and budgetary control.

#### AWARD FOR EXCELLENCE IN FINANCIAL REPORTING

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Centerville City School District for its comprehensive annual financial report for the fiscal year ended June 30, 2009. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it the GFOA to determine its eligibility for another certificate.

#### **ACKNOWLEDGEMENTS**

Sincere appreciation is extended to the many people who have contributed their time and effort to prepare this report. The members of the Treasurer's Office Staff are to be especially commended for their input and commitment. And, appreciation is extended to the District's Board of Education, Centerville Schools Administration and the Centerville Schools community for its continuing support.

Respectfully submitted,

Mitch Biederman, Treasurer

mutch Buderman

Presented to

#### Centerville City School District Ohio

For its Comprehensive Annual Financial Report for the Fiscal Year Ended June 30, 2009

A Certificate of Achievement for Excellence in Financial Reporting is presented by the Government Finance Officers Association of the United States and Canada to government units and public employee retirement systems whose comprehensive annual financial reports (CAFRs) achieve the highest standards in government accounting and financial reporting.

## FINANCIAL SECTION

## Mary Taylor, CPA Auditor of State

#### INDEPENDENT ACCOUNTANTS' REPORT

Centerville City School District Montgomery County 111 Virginia Avenue Centerville, Ohio 45458

To the Board of Education:

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Centerville City School District, Montgomery County, Ohio (the District), as of and for the year ended June 30, 2010, which collectively comprise the District's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the District's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require that we plan and perform the audit to reasonably assure whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Centerville City School District, Montgomery County, Ohio, as of June 30, 2010, and the respective changes in financial position thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 23, 2010, on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. While we did not opine on the internal control over financial reporting or on compliance, that report describes the scope of our testing of internal control over financial reporting and compliance and the results of that testing. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*. You should read it in conjunction with this report in assessing the results of our audit.

One First National Plaza / 130 W. Second St. / Suite 2040 / Dayton, OH 45402 Telephone: (937) 285-6677 (800) 443-9274 Fax: (937) 285-6688 www.auditor.state.oh.us

Centerville City School District Montgomery County Independent Accountants' Report Page 2

Accounting principles generally accepted in the United States of America require this presentation to include *Management's discussion and analysis* and *Required budgetary comparison schedule* as listed in the table of contents, to supplement the basic financial statements. Although this information is not part of the basic financial statements, the Governmental Accounting Standards Board considers it essential for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any other assurance.

We conducted our audit to opine on the financial statements that collectively comprise the District's basic financial statements taken as a whole. The introductory section, the financial section's combining statements, individual fund statements and schedules, and the statistical section information provides additional analysis and are not required part of the basic financial statements. The financial section's combining statements, individual fund statements and schedules are management's responsibility, and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. These statements and schedules were subject to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling this information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, in accordance with auditing standards generally accepted in the United States of America. In our opinion, this information is fairly stated in all material respects in relation to the basic financial statements taken as a whole. We did not subject the introductory section and statistical section information to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion or any other assurance on them.

Mary Taylor, CPA Auditor of State

Mary Taylor

December 23, 2010

The discussion and analysis of Centerville City School District's (the "District") financial performance provides an overall review of the District's financial activities for the fiscal year ended June 30, 2010. The intent of this discussion and analysis is to look at the District's financial performance as a whole; readers should also review the transmittal letter, notes to the basic financial statements and financial statements to enhance their understanding of the District's performance.

## **Financial Highlights**

Key financial highlights for 2010 are as follows:

- Net assets of governmental activities increased \$1,625,561 which represents a 3.7% increase from 2009.
- General revenues accounted for \$83,713,094 in revenue or 88% of all revenues. Program specific revenues in the form of charges for services and sales, grants and contributions accounted for \$11,327,252 or 12% of total revenues of \$95,040,346.
- The District had \$93,414,785 in expenses related to governmental activities; \$11,327,252 of these expenses were offset by program specific charges for services, grants or contributions. General revenues of \$82,087,533 were also used to provide for these programs.

#### **OVERVIEW OF THE FINANCIAL STATEMENTS**

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand the District as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The Statement of Net Assets and the Statement of Activities provide information about the activities of the whole District, presenting both an aggregate view of the District's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the District's most significant funds with all other nonmajor funds presented in total in one column. The General Fund and Bond Retirement Fund are the major funds of the District.

#### **Government-wide Financial Statements**

While this document contains the large number of funds used by the District to provide programs and activities, the view of the District as a whole looks at all financial transactions and asks the question, "How did we do financially during 2010?" The Government-wide Financial Statements answer this question. These statements include *all assets* and *liabilities* using the accrual basis of accounting similar to the accounting used by most private-sector companies. This basis of accounting takes into account all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the District's *net assets* and changes in those assets. This change in net assets is important because it tells the reader that, for the District as a whole, the financial position has improved or diminished. The causes of this change may be the result of many factors, both financial and non-financial. Non-financial factors include the District's property tax base, current property tax laws in Ohio restricting revenue growth, facility conditions, required educational programs and other factors.

In the Government-wide Financial Statements, the overall financial position of the District is presented in the following manner:

• Governmental Activities – Most of the District's programs and services are reported here including instruction, support services, operation of non-instructional services, extracurricular activities, interest and fiscal charges and unallocated depreciation.

#### **Fund Financial Statements**

The analysis of the District's major funds is presented in the Fund Financial Statements (see Table of Contents). Fund financial reports provide detailed information about the District's major funds. The District uses many funds to account for a multitude of financial transactions. However, these fund financial statements focus on the District's most significant funds.

Governmental Funds Most of the District's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in future periods. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the District's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship (or differences) between governmental activities (reported in the Statement of Net Assets and the Statement of Activities) and governmental funds is reconciled in the financial statements.

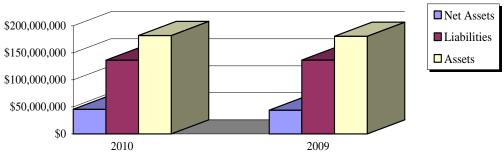

**Fiduciary Funds** Fiduciary funds are used to account for resources held for the benefits of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of these funds are not available to support the District's own programs.

#### The District as a Whole

As stated previously, the Statement of Net Assets looks at the District as a whole. Table 1 provides a summary of the District's net assets for 2010 compared to 2009:

Table 1 Net Assets

2010	2000
	2009
\$98,922,630	\$97,089,533
83,195,424	83,706,754
182,118,054	180,796,287
66,266,546	63,034,464
70,114,750	73,650,626
136,381,296	136,685,090
19,832,451	18,184,642
18,084,408	15,791,775
7,819,899	10,134,780
\$45,736,758	\$44,111,197
	83,195,424 182,118,054 66,266,546 70,114,750 136,381,296 19,832,451 18,084,408 7,819,899

Over time, net assets can serve as a useful indicator of a government's financial position. At June 30, 2010, the District's assets exceeded liabilities by \$45,736,758.

At year-end, capital assets represented 46% of total assets. Capital assets include land, construction in progress, buildings and improvements, equipment and vehicles. Capital assets, net of related debt to acquire the assets at June 30, 2010, was \$19,832,451. These capital assets are used to provide services to the students and are not available for future spending. Although the District's investment in capital assets is reported net of related debt, it should be noted that the resources to repay the debt must be provided from other sources, since capital assets may not be used to liquidate these liabilities.

(Unaudited)

A portion of the District's net assets, \$18,084,408 represents resources that are subject to external restriction on how they must be used. The external restriction will not affect the availability of fund resources for future use.

Current and Other Assets increased mainly due to an increase in taxes receivable and Other Liabilities increased mainly due to an increase in unearned revenue which was mainly due to an increase in the amount of delinquents. Long-term liabilities decreased due to the District making regularly scheduled debt payments.

Table 2 shows the changes in net assets for fiscal years 2010 and 2009.

Table 2

**Changes in Net Assets** 

	Governmenta	al Activities
	2010	2009
Revenues:		
Program Revenues		
Charges for Services	\$4,828,165	\$4,680,434
Operating Grants, Contributions	6,499,087	5,553,009
General Revenues:		
Property Taxes	60,236,439	55,742,677
Grants and Entitlements	22,666,873	21,338,489
Other	809,782	1,282,885
Total Revenues	95,040,346	88,597,494
Program Expenses:		
Instruction	51,972,550	52,259,836
Support Services:		
Pupil and Instructional Staff	11,434,450	11,048,506
School Administrative, General		
Administration, Fiscal and Business	6,791,318	6,754,062
Operations and Maintenance	5,886,180	5,991,427
Pupil Transportation	6,790,123	6,258,860
Central	69,029	99,859
Operation of Non-Instructional Services	4,602,539	4,647,458
Extracurricular Activities	717,549	663,382
Interest and Fiscal Charges	3,208,485	3,296,412
Unallocated Depreciation	1,942,562	1,652,651
Total Program Expenses	93,414,785	92,672,453
Changes in Net Assets	1,625,561	(4,074,959)
Net Assets Beginning of Year	44,111,197	48,186,156
Net Assets End of Year	\$45,736,758	\$44,111,197

(Unaudited)

The District revenues are mainly from two sources. Property taxes levied for general, debt service and capital projects purposes and grants and entitlements comprised 87% of the District's revenues for governmental activities.

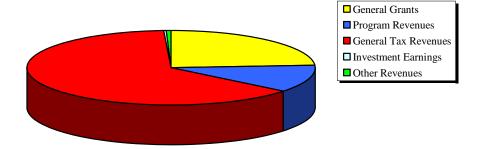

The District depends greatly on property taxes as a revenue source. The unique nature of property taxes in Ohio creates the need to routinely seek voter approval for operating funds. The overall revenues generated by a levy will not increase solely as a result of inflation. As an example, a homeowner with a home valued at \$100,000 and taxed at 1.0 mill would pay \$35.00 annually in taxes. If three years later the home were reappraised and increased to \$200,000 (and this inflationary increase in value is comparable to other property owners) the effective tax rate would become .5 mills and the owner would still pay \$35.00.

Thus Ohio districts do not receive additional property tax revenue from increases in appraisal values and must regularly return to the voters to maintain a constant level of service. Property taxes made up 63% of revenue for governmental activities for the District in fiscal year 2010.

# **Governmental Activities**

#### Revenue Sources

		Percentage
General Grants	\$22,666,873	23.85%
Program Revenues	11,327,252	11.92%
General Tax Revenues	60,236,439	63.38%
Investment Earnings	388,456	0.41%
Other Revenues	421,326	0.44%
Total Revenue Sources	\$95,040,346	100.00%

Instruction comprises 55.64% of governmental program expenses. Support services expenses were 33.15% of governmental program expenses. All other expenses including interest expense were 11.21%. Interest expense was attributable to the outstanding bond and borrowings.

Property taxes increased mainly due to an increase in property tax receipts (an operating levy was passed in May 2009) received during the fiscal year. Total expenses increased from fiscal year 2009 to 2010 mainly due to general inflationary factors.

#### **Government Activities**

The Statement of Activities shows the cost of program services and the charges for services and grants offsetting those services. Table 3 shows, for government activities, the total cost of services and the net cost of services. That is, it identifies the cost of these services supported by tax revenue and unrestricted State entitlements.

Table 3
Governmental Activities

	Total Cost of Services		Total Cost of Services Net Cos		Net Cost of	f Services
	2010	2009	2010	2009		
Instruction	\$51,972,550	\$52,259,836	(\$48,361,269)	(\$49,067,519)		
Support Services:						
Pupil and Instructional Staff	11,434,450	11,048,506	(10,232,676)	(10,047,538)		
School Administrative, General						
Administration, Fiscal and Business	6,791,318	6,754,062	(6,639,727)	(6,704,187)		
Operations and Maintenance	5,886,180	5,991,427	(5,783,070)	(5,910,681)		
Pupil Transportation	6,790,123	6,258,860	(6,240,500)	(5,880,483)		
Central	69,029	99,859	(69,029)	(99,859)		
Operation of Non-Instructional Services	4,602,539	4,647,458	88,500	(19,701)		
Extracurricular Activities	717,549	663,382	301,285	240,021		
Interest and Fiscal Charges	3,208,485	3,296,412	(3,208,485)	(3,296,412)		
Unallocated Depreciation	1,942,562	1,652,651	(1,942,562)	(1,652,651)		
Total Expenses	\$93,414,785	\$92,672,453	(\$82,087,533)	(\$82,439,010)		

#### The District's Funds

The District has two major governmental funds: the General Fund and the Bond Retirement Fund. Assets of these funds comprise \$85,357,021 (86%) of the total \$98,829,409 governmental funds assets.

*General Fund*: Fund balance at June 30, 2010 was \$12,790,494 including \$9,012,820 of unreserved balance which represents 12% of expenditures for 2010. Fund balance increased from 2009 due mainly to an increase in property tax revenues which resulted from an operating levy passed in May 2009.

**Bond Retirement Fund:** Fund balance at June 30, 2010 was \$7,952,517 which decreased \$242,103 from the prior year due to an increase in principal payments for the District's outstanding debt.

#### **General Fund Budgeting Highlights**

The District's budget is prepared according to Ohio law and is based on accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The most significant budgeted fund is the General Fund.

For the General Fund, original budget basis revenue was \$75,158,744 and final budget basis revenue was \$78,328,012. The \$3,169,268 difference was due to underestimating taxes and intergovernmental revenues. Actual instruction expenses were lower than the final budgeted amount due to overestimates of these expenses for the year.

The District's ending unobligated fund balance was \$18,355,807, which is \$2,278,127 above the final budgeted amount.

# **Capital Assets and Debt Administration**

#### Capital Assets

At fiscal year end, the District had \$83,195,424 invested in land, construction in progress, buildings and improvements, equipment and vehicles. Table 4 shows fiscal year 2010 balances compared to fiscal year 2009:

Table 4
Capital Assets at Year End
(Net of Depreciation)

	Government	Governmental Activities		
	2010	2009		
Land	\$2,403,814	\$2,260,182		
Construction in Progress	1,153,231	4,266,870		
<b>Buildings and Improvements</b>	74,935,206	72,538,598		
Equipment	875,988	1,010,104		
Vehicles	3,827,185	3,631,000		
Total Net Capital Assets	\$83,195,424	\$83,706,754		

The decrease in capital assets from 2009 to 2010 is mainly due to the depreciation expense being greater than 2010 additions.

See Note 6 in the Notes to the Basic Financial Statements for further details on the District's capital assets.

#### Debt

At fiscal year end, the District had \$67,516,574 in debt outstanding, \$3,450,000 due within one year. Table 5 summarizes debt outstanding.

Table 5
Outstanding Debt at Year End

	Governmental Activities		
	2010	2009	
General Obligation Bonds			
2003 Refunding Bonds			
Current Interest	\$1,940,000	\$2,865,000	
Capital Appreciation - Principal	385,000	385,000	
Capital Appreciation - Interest	780,926	615,777	
2004 Refunding Bonds	4,995,000	5,735,000	
2005 School Improvement	57,690,000	59,250,000	
Deferred Amounts			
Add: Bond Premium	2,261,721	2,472,677	
Less: Deferred Amount on Refunding	(536,073)	(659,659)	
Total General Obligation Bonds	\$67,516,574	\$70,663,795	

See Note 10 in the Notes to the Basic Financial Statements for further details on the District's long-term obligations.

#### For the Future

The Community (City of Centerville and Washington Township) has grown rapidly over the past twenty years and, given its attractiveness as the residence and business location of choice in the region, it will continue to grow well into the next several decades. The land to support past growth has been consumed at an increasing rate and will be exhausted, if present trends continue, within the next 35 years as the Community is 77% developed (86% city and 73% township). By then, the Community will have matured, with redevelopment as the only option to accommodate growth and change. How this limited supply of land is eventually used will dictate everything from fiscal health, to Community appearance, and ultimately its continued attractiveness as a place to live, work, and play.

Understanding these critical issues, the Community developed a comprehensive plan called "Create the Vision". This was a community process that has involved citizens, businesses, organizations, and local government officials in a cooperative effort to plan for the future of Centerville and Washington Township. These groups worked together with the community at large to formulate goals in the areas of land use and development, transportation services, and other aspects of the community. The end result has been the adoption of a new community plan that outlines steps for implementing these goals over the next 20 years.

The Community is in an excellent position today to make informed choices. Land use decisions can now be made in light of their fiscal consequences and their impact on the economic viability of the downtown. Continued growth outward, extending utilities, continuously widening roads and consuming all the "vacant land" available is not the only alternative development pattern available. Building inward, looking first at underutilized and undeveloped land already served with infrastructure, is another approach the Community has indicated as a preference. This involves creating incentives to rebuild and, at the same time, selectively saying no to the relentless pressure to expand outward, one isolated subdivision at a time.

In July, 2009, the Ohio's Governor signed HB 1, the state biennium budget bill. Included in this bill was a complete overhaul of the school funding model for all school districts in Ohio. The new Ohio Evidence-Based Model (OEBM) replaces the long-standing foundation formula that was declared unconstitutional by the Ohio Supreme Court. If ever fully-funded, the new model has the potential to drive funding based on student needs and could result in additional revenue. However, the current economic crisis has reduced revenue at the state level prompting budget reduction measures across the State. As such, the funding for the OEBM started in FY10 by allocating the funding for each year based on 99% of the FY09 funding and 98% of the FY10 funding, respectively. Federal stimulus funds are being used in Ohio to balance the education budget and as such, funding for public education at the current level is not secure beyond FY11. This uncertainty could have a major impact on our instructional and operational programs. The need for additional revenue and or expenditure reductions will need to be monitored closely.

The School District retained its "Excellent" rating, the highest rank in Ohio's report card for school districts. This is the twelfth straight year the School District received top honors. In addition, the School District is one of only 116 districts in Ohio to have received that top rating in each year since the report cards were first issued in 1999. Funding this continued excellence in education will remain the primary focus for the future.

# **Contacting the School District's Financial Management**

This financial report is designed to provide our citizens, taxpayers, investors and creditors with a general overview of the School District's finances and to show the School District's accountability for the money it receives. If you have questions about this report or need additional financial information contact the Treasurer's Office at Centerville City School District, 111 Virginia Avenue, Centerville, OH 45458 or call (937) 433-8841.

## **Note 1 - Description of the District And Reporting Entity**

The Centerville City School District (the "District") is a body politic and corporate located in Montgomery County and encompasses the City of Centerville and Washington Township. The District serves an area of approximately 32 square miles. The District ranks as the 26<sup>th</sup> largest by enrollment among school districts in the State of Ohio, and it is the 2nd largest school district located within Montgomery County.

The District operates under a locally elected five-member Board form of government and provides educational services as authorized by its charter and further mandated by state and/or federal agencies. This Board controls the District's instructional/support programs located at twelve instructional facilities and staffed by 420 non-certificated employees and 583 certified employees, who provide services to over 8,350 students and other community members.

# Reporting Entity

The reporting entity is comprised of the primary government, component units and other organizations that are included to ensure that the financial statements of the District are not misleading.

The primary government consists of all funds and departments, not legally separate from the District, which provide various services including instruction, student guidance, extracurricular activities, educational media and care and upkeep of grounds and buildings. The operation of each of these activities is directly controlled by the Board of Education.

Component units are legally separate organizations for which the District is financially accountable. The District is financially accountable for an organization if the District appoints a voting majority of the organization's governing body and (1) the District is able to significantly influence the programs or services performed or provided by the organization; or (2) the District is legally entitled to or can otherwise access the organization's resources; the District is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the District is obligated for the debt of the organization. Component units may also include organizations for which the District approves the budget, the issuance of debt or the levying of taxes.

The District does not have any component units.

The District is associated with four organizations, which are defined as jointly governed and another organization that is classified as a related organization. These organizations are presented in Notes 11 and 12 to the basic financial statements.

## **Note 2 - Summary of Significant Accounting Policies**

The financial statements of the District have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the District's accounting policies are described below.

# A. Basis of Presentation

The District's basic financial statements consist of government-wide statements, including a statement of net assets and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

# **Government-Wide Financial Statements**

The statement of net assets and the statement of activities display information about the District as a whole. These statements include the financial activities of the primary government, except for fiduciary funds.

The statement of net assets presents the financial condition of the governmental activities of the District at year-end. The government-wide statement of activities presents a comparison between direct expenses and program revenues for each program or function of the District's governmental activities. Direct expenses are those that are specifically associated with a service, program, or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues not classified as program revenues are presented as general revenues of the District, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self financing or draws from the general revenues of the District.

#### **Fund Financial Statements**

During the year, the District segregates transactions related to certain District functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the District at this more detailed level. The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. Fiduciary funds are reported by fund type.

# B. Fund Accounting

The District uses funds to maintain its financial records during the fiscal year. Fund accounting is designed to demonstrate legal compliance and to aid management by segregating transactions related to certain District functions or activities. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The various funds of the District are grouped into the categories governmental and fiduciary.

## Governmental Funds

Governmental funds focus on the sources, uses, and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance. The General Fund and the Bond Retirement Fund are the District's major funds:

<u>General Fund</u> - The General Fund is used to account for all financial resources, except those required to be accounted for in another fund. The General Fund is available to the District for any purpose provided it is expended or transferred according to the general laws of Ohio.

<u>Bond Retirement Fund</u> – The Bond Retirement Fund is used to account for the accumulation of resources for the payment of general obligation bond principal and interest and certain other long-term obligations from governmental resources when the District is obligated in some manner for the payment.

The other governmental funds of the District account for grants and other resources, and capital projects of the District whose uses are restricted to a particular purpose.

#### Fiduciary Funds

Fiduciary fund reporting focuses on net assets and changes in net assets. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds, and agency funds. Trust funds are used to account for assets held by the District under a trust agreement for individuals, private organizations, or other governments and are therefore not available to support the District's own programs. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The District has two private purpose trust funds (Scholarship Trust Fund and Memorial Scholarship Trust Fund) established to provide scholarships to its students. The District has one Agency Fund, the Student Managed Activities agency fund, which accounts for assets and liabilities generated by student managed activities.

#### C. Measurement Focus

#### Government-wide Financial Statements

The government-wide financial statements are prepared using the economic resources measurement focus. All assets and all liabilities associated with the operation of the District are included on the Statement of Net Assets.

## **Fund Financial Statements**

All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. The statement of revenues, expenditures and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for government funds. The private purpose trust funds and agency funds are reported using the economic resources measurement focus.

#### D. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Private-purpose trust and agency funds use the accrual basis of accounting. Differences in the accrual and modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred revenue and in the presentation of expenses versus expenditures.

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. "Measurable" means the amount of the transaction can be determined, and "available" means collectible within the current fiscal year or soon enough thereafter to be used to pay liabilities of the current fiscal year. For the District, available means expected to be received within sixty days of fiscal year end.

# Centerville City School District, Ohio Notes to the Basic Financial Statements For The Fiscal Year Ended June 30, 2010

Non-exchange transactions, in which the District receives value without directly giving equal value in return, include property taxes, grants, entitlements, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted, matching requirements, in which the District must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the District on a reimbursement basis. On a modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

In applying the susceptible to accrual concept under the modified accrual basis, the following revenue sources are deemed to be both measurable and available: property taxes available as an advance, grants, investment earnings, tuition, and student fees.

Deferred revenue arises when assets are recognized before revenue recognition criteria have been satisfied. Property taxes for which there is an enforceable legal claim as of June 30, 2010, but which were levied to finance fiscal year 2011 operations, have been recorded as deferred revenue. Grants and entitlements received before the eligibility requirements are met are also recorded as deferred revenue.

On governmental fund financial statements, receivables that will not be collected within the available period have also been reported as deferred revenue.

Unearned revenue represents amounts under the accrual basis of accounting for which asset recognition criteria have been met, but for which revenue recognition criteria have not yet been met because such amounts have not yet been earned.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are recorded when the related liability is incurred, if measurable. Principal and interest on long-term debt are recorded as fund liabilities when due or when amounts have been accumulated in the debt service fund for payments to be made early in the following year. The costs of accumulated unpaid vacation and sick leave are reported as fund liabilities in the period in which they will be liquidated with available financial resources rather than in the period earned by the employee. Allocation of costs, such as depreciation and amortization, are not recognized in governmental funds.

The accrual basis of accounting utilized on the government-wide financial statements and by private-purpose trust funds recognizes revenues when they are earned, and expenses are recognized at the time they are incurred. The fair value of donated commodities received during the year is reported as an expense with a like amount reported as operating grants and contributions.

# E. Equity in Pooled Cash and Investments

The District maintains a cash and investment pool used by all funds. The cash and investment pool has the same characteristics as demand deposits. Each fund's portion of this pool is displayed in the financial statements as pooled cash and cash equivalents. The monies are either maintained in a central bank account or used to purchase legal investments.

Except for nonparticipating investment contracts, investments are reported at fair value, which is based on quoted market prices. Nonparticipating investment contracts such as repurchase agreements and nonnegotiable certificates of deposit are reported at cost. Investment contracts and money market investments that had a remaining maturity of one year or less at the time of purchase are reported at cost or amortized cost.

The Ohio Revised Code authorizes the District to invest in United States and State of Ohio bonds, notes, and other obligations; bank certificate of deposits; banker's acceptances; commercial paper notes rated prime and issued by United States Corporations; and STAROhio.

STAROhio is an investment pool managed by the State Treasurer's Office, which allows governments within the State to pool their funds for investment purposes. STAROhio is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in STAROhio are valued at STAROhio's share price, which is the price the investment could be sold for on June 30, 2010. The District has invested funds in the State Treasury Assets Reserves of Ohio (STAROhio) during fiscal year 2010.

Following State statutes, the Board of Education has, by resolution, specified the funds to receive an allocation of interest earnings. Investment earnings are to be credited to the specified funds based on the month end fund balance. Interest revenue credited to the General Fund during the fiscal year amounted to \$356,425. None were assigned from other School District Funds. Interest was also recorded on Other Governmental Funds and Private Purpose Trust Funds in the amounts of \$32,031 and \$706, respectively.

#### F. Inventory

Inventories are presented at cost on a first-in, first-out basis and are expended/expensed when used. Inventory consists of food held for resale and consumable supplies.

#### G. Restricted Assets

Assets are reported as restricted assets when limitations on their use change the normal understanding of the availability of the asset. Such constraints are either imposed by creditors, contributors, grantors, laws of other government or imposed by enabling legislation. Restricted assets include the amount required by state statute to be set aside to create a reserve for budget stabilization.

#### H. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

#### I. Capital Assets and Depreciation

General capital assets generally result from expenditures in the governmental funds. These assets are reported within the governmental activities on the government-wide statement of net assets but are not reported in the fund statements.

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements throughout the year. Donated capital assets are recorded at their fair market values as of the date received. The District maintains a capitalization threshold of five thousand dollars (\$5,000). The District does not possess any infrastructure. Improvements are capitalized; the cost of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not. Interest incurred during the construction of capital assets is also not capitalized.

All reported capital assets except for land and construction in progress are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is computed using the straight-line method over the following useful lives.

<u>Description</u>	<b>Estimated Lives</b>
Buildings and Improvements	20 - 80 years
Equipment	5 - 50 years
Vehicles	8 - 30 years

# J. Interfund Activity

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

On the fund financial statements, receivables and payables resulting from short-term interfund loans are classified as "Interfund Receivables" and "Interfund Payables". These amounts are eliminated on the governmental activities columns of the statement of net assets.

As a general rule the effect of interfund (internal) activity has been eliminated from the government-wide statement of activities. The interfund services provided and used are not eliminated in the process of consolidation.

## K. Compensated Absences

Vacation benefits are accrued as a liability as the benefits are earned when both of these conditions are met:

- 1. The employees' rights to receive compensation are attributable to services already rendered.
- 2. It is probable that the employer will compensate the employees for the benefits through paid time off or some other means, such as cash payments at termination or retirement.

A liability for sick leave is accrued using the vesting method which states that the District will estimate its liability based on sick leave accumulated at the balance sheet date by those employees who currently are eligible to receive termination payments as specified by the retirement system as well as other employees who are expected to become eligible in the future to receive such payments. The amount is based on accumulated sick leave and employees' wage rates at fiscal year end, taking into consideration any limits specified in the District's termination policy. The District records a liability for accumulated sick leave for all employees after fifteen years of current service with the District.

The entire compensated absence liability is reported on the government-wide financial statements. For governmental fund financial statements, the current portion of unpaid compensated absences is the amount that represents severance payments to individuals who retired prior to the end of the fiscal year, but did not receive payment until after year-end. These amounts are recorded in the account "compensated absences" in the fund from which the employees who have accumulated leave are paid. The non-current portion of the liability is not reflected in the fund statements.

#### L. Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements.

In general, governmental fund payables and accrued liabilities that once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the funds. However, compensated absences, special termination benefits, and judgments and claims that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current year.

#### M. Net Assets

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction, or improvement of those assets. Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the District or through external restrictions imposed by creditors, grantors or laws, or regulations of other governments.

The District applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available. Of the District's \$18,084,408 in restricted net assets, none were restricted by enabling legislation.

# N. Reservations of Fund Balance

Reservations of fund balances are established to identify the existence of assets that, because of their non-monetary nature or lack of liquidity, represent financial resources not available for current appropriation or expenditure or the portion of fund balance that is legally segregated for a specific future use. Fund balances have been reserved for encumbrances, inventory, property tax advances, and budget stabilization.

# **Note 3 - Equity in Pooled Cash and Investments**

The District maintains a cash and investment pool used by all funds. Each fund type's portion of this pool is displayed on the combined balance sheet as "Equity in Pooled Cash and Investments."

State statute requires the classification of monies held by the District into three categories:

<u>Active Monies</u> - Those monies required to be kept in a "cash" or "near cash" status for immediate use by the District. Such monies must, by law, be maintained either as cash in the District treasury, in depository accounts payable or withdrawable on demand.

<u>Inactive Monies</u> – Those monies not required for use within the current two year period of designated depositories. Ohio law permits inactive monies to be deposited or invested as certificates of deposit maturing not later than the end of the current period of designated depositories, or as savings or deposit accounts, including, but not limited to passbook accounts.

<u>Interim Monies</u> – Those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Ohio law permits interim monies to be invested or deposited in the following securities:

(1) Bonds, notes, or other obligations of or guaranteed by the United States, or those for which the faith of the United States is pledged for the payment of principal and interest.

- (2) Bonds, notes, debentures, or other obligations or securities issued by any federal governmental agency.
- (3) No-load money market mutual funds consisting exclusively of obligations described in (1) or (2) above and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions.
- (4) Interim deposits in the eligible institutions applying for interim monies to be evidenced by time certificates of deposit maturing not more than one year from date of deposit, or by savings or deposit accounts, including, but not limited to, passbook accounts.
- (5) Bonds, and other obligations of the State of Ohio.
- (6) The Ohio State Treasurer's investment pool (STAROhio).
- (7) Commercial paper and banker's acceptances which meet the requirements established by Ohio Revised Code, Sec. 135.142.
- (8) Under limited circumstances, corporate debt interests in either of the two highest rating classifications by at least two nationally recognized rating agencies.

Protection of the District's deposits is provided by the Federal Deposit Insurance Corporation, by eligible securities pledged by the financial institution as security for repayment, by surety company bonds deposited with the treasurer by the financial institution, by a line of credit, or by a single collateral pool established by the financial institution to secure the repayment of all uninsured public moneys deposited with the institution.

Investments in stripped principal or interest obligations, reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. An investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the District, and must be purchased with the expectation that it will be held to maturity. Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the treasurer or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

# **Deposits**

Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The District's policy for deposits is any balance not covered by depository insurance will be collateralized by the financial institutions with pledged securities or a line of credit. At year end, the carrying amount of the District's deposits was \$9,143,805. As of June 30, 2010, \$7,712,389 of the District's bank balance of \$9,789,201 was exposed to custodial risk because it was uninsured and collateralized with securities held by the pledging financial institution's trust department or agent, but not in the District's name.

Ohio Revised Code Chapter 135, Uniform Depository Act, authorizes pledging of pooled securities in lieu of specific securities. Specifically, a designated public depository may pledge a single pool of eligible securities to secure repayment of all uninsured public monies deposited in the financial institution, provided that all times the total value of the securities so pledged is at least equal to 105% of the total amount of all public deposits secured by the pool, including the portion of such deposits covered by any federal deposit insurance.

#### **Investments**

As of June 30, 2010, the District had the following investments:

		Weighted Average
Investment Type	Fair Value	Maturity (Years)
Money Market Mutual Funds	\$6,557,270	0.00
STAROhio	674,029	0.15
Federal Home Loan Bank	1,823,438	1.97
Federal Farm Credit Banks	950,051	2.44
Federal Home Loan Mortgage Corporation	765,956	0.03
US Treasury Notes	11,699,526	1.79
Federal National Mortgage Association	6,166,236	1.06
Total Fair Value	\$28,636,506	
Portfolio Weighted Average Maturity		1.17

Interest Rate Risk – The District shall not purchase any security that has a remaining term to final maturity of more than five years. Through STAROhio's investment policy, it manages its exposure to fair value losses arising from increasing interest rates by limiting the final stated maturity on any investment not to exceed 397 days or that will cause the weighted average maturity of the portfolio to exceed 60 days.

Credit Risk – It is the District's policy to limit its investments that are not obligations of the U.S. Government or obligations explicitly guaranteed by the U.S. Government to investments which have the highest credit quality rating issued by nationally recognized statistical rating organizations. The District's investments in Federal Home Loan Bank, Federal Farm Credit Banks, Federal Home Loan Mortgage Corporation, Federal National Mortgage Association and U. S. Treasury Notes were rated AAA by Standard and Poor's and Fitch ratings and Aaa by Moody's Investment Service. Investments in STAROhio were rated AAAm by Standard & Poors. The money market mutual funds are not rated.

Concentration of Credit Risk – The District should normally seek to diversify its holdings of other investments by avoiding concentration of specific issuers. The District has invested 23% of the District's investments in Money Market Mutual Funds, 6% in Federal Home Loan Bank, 3% in Federal Farm Credit Banks, 3% in Federal Home Loan Mortgage Corporation, 22% in Federal National Mortgage Association, 41% in US Treasury Notes, and 2% in STAROhio.

Custodial Credit Risk - Custodial credit risk is the risk that in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. All of the District's securities are either insured and registered in the name of the District or at least registered in the name of the District.

## **Note 4 - Property Taxes**

Property taxes are levied and assessed on a calendar year basis. Second half distributions occur in a new fiscal year. Property taxes include amounts levied against all real, public utility, and tangible personal (used in business) property located in the District. Real property taxes are levied after April 1 on the assessed value listed as of the prior January 1, the lien date. Public utility property taxes attached as a lien on December 31 of the prior year, were levied April 1 and are collected with real property taxes. Assessed values for real property taxes are established by State law at 35 percent of appraised market value. All property is required to be revalued every six years. Public utility property taxes are assessed on tangible personal property at 88 percent of true value (with certain exceptions) and on real property at 35 percent of true value.

Tangible personal property tax revenue received during calendar year 2010 (other than public utility property tax) represents the collection of 2010 taxes levied against local and interexchange telephone companies. Tangible personal property tax on business inventory, manufacturing machinery and equipment, and furniture and fixtures is no longer levied and collected. The October 2008 tangible personal property tax settlement was the last property tax settlement for general personal property taxes. Tangible personal property taxes received from telephone companies in calendar year 2010 were levied after April 1, 2009, on the value as of December 31, 2009. Payments by multi-county taxpayers are due September 20. Single county taxpayers may pay annually or semi-annually. If paid annually, payment is due April 30; if paid semi-annually, the first payment is due April 30, with the remainder payable by September 20. Tangible personal property taxes paid by April 30 are usually received by the School District prior to June 30.

Real property taxes are payable annually or semi-annually. If paid annually, payment is due December 31; if paid semi-annually, the first payment is due December 31 with the remainder payable by June 20. Under certain circumstances, State statute permits alternate payment dates to be established. Tangible personal property taxes paid by multi-county taxpayers are due September 20. Single county taxpayers may pay annually or semi-annually. If paid annually, payment is due April 30; if paid semi-annually, the first payment is due April 30, with the remainder payable by September 20. The District receives property taxes from Montgomery County. The County Auditor periodically advances to the District its portion of the taxes collected. Second-half real property tax payments collected by the County by June 30, 2010, are available to finance fiscal year 2011 operations. The amount available for advance can vary based on the date the tax bills are sent.

Accrued property taxes receivable represents delinquent taxes outstanding and real property, tangible personal property, and public utility taxes that became measurable as of June 30, 2010. Although total property tax collections for the next fiscal year are measurable, only the amount available as an advance at June 30 is intended to finance current fiscal year operations. The receivable is therefore offset by a credit to deferred revenue for that portion not intended to finance \$3,383,233 in the General Fund, \$312,391 in the Bond Retirement Fund and \$118,899 in Other Governmental Funds.

The assessed values upon which the fiscal year 2010 taxes were collected are as follows:

	2010 First	2009 Second
	Half Collections	Half Collections
Agricultural/Residential		
and Other Real Estate	\$1,698,384,630	\$1,671,026,740
Public Utility Personal	22,613,600	22,815,220
Telecommunications	687,780	3,997,360
Total Assessed Property Value	1,721,686,010	1,697,839,320

#### Note 5 – Receivables

Receivables at June 30, 2010, consisted of current and delinquent property taxes, accounts, interest, intergovernmental grants, and interfund. All receivables are considered collectible in full due to the ability to foreclose for the nonpayment of taxes, the stable condition of State programs, and the current fiscal year guarantee of federal funds.

# Note 6 - Capital Assets

Capital asset activity for the year ended June 30, 2010 was as follows:

	Beginning Balance	Additions	Deletions	Ending Balance
Governmental Activities				
Capital Assets, not being depreciated:				
Land	\$2,260,182	\$143,632	\$0	\$2,403,814
Construction in Progress	4,266,870	1,153,231_	4,266,870	1,153,231
Total Capital Assets, not being				
depreciated	6,527,052	1,296,863	4,266,870	3,557,045
Capital Assets, being depreciated:				
Buildings and Improvements	106,018,228	5,188,605	0	111,206,833
Equipment	8,796,195	77,703	0	8,873,898
Vehicles	7,860,376	750,600	419,936	8,191,040
Total Capital Assets, being depreciated:	122,674,799	6,016,908	419,936	128,271,771
Totals at Historical Cost	129,201,851	7,313,771	4,686,806	131,828,816
Less Accumulated Depreciation:				
Buildings and Improvements	33,479,630	2,791,997	0	36,271,627
Equipment	7,786,091	211,819	0	7,997,910
Vehicles	4,229,376	554,415	419,936	4,363,855
Total Accumulated Depreciation	45,495,097	3,558,231	419,936	48,633,392
Governmental Activities Capital Assets, Net	\$83,706,754	\$3,755,540	\$4,266,870	\$83,195,424

Depreciation expense was charged to governmental functions as follows:

Instruction:	
Regular	\$807,589
Special	3,202
Vocational	2,872
Support Services:	
School Administration	7,983
Operations and Maintenance	236,336
Pupil Transportation	546,674
Operation of Non-Instructional Services	9,871
Extracurricular Activities	1,142
Unallocated Depreciation	1,942,562
Total Depreciation Expense	\$3,558,231

Unallocated depreciation is depreciation of the individual school buildings throughout the District that essentially serve all functions/programs, and therefore is not included as a direct expense of any functions or program but disclosed as a separate expense.

## **Note 7 - Risk Management**

The District is exposed to various risks of loss related to torts, thefts-of, damage to, and destruction of assets, errors and omissions, injuries to employees and natural disasters for which the District carries commercial insurance. During fiscal year 2010, the District contracted with Ohio Casualty Company for these various risks. Coverage terms provided by Ohio Casualty Company are as follows:

Buildings and Contents - replacement cost (\$5,000 deductible)	\$199,241,852
Employee Dishonesty - Money in Security	100,000
Automotive Liability (\$500/vehicle and \$1,000/bus deductible)	1,000,000
Uninsured Motorist Bodily Injury Liability	1,000,000
General Liability (Per Occurrence)	1,000,000
Umbrella Policy	10,000,000

Settled claims have not exceeded this commercial coverage in any of the past five years. There has not been any significant reduction in insurance coverage from the previous year.

#### **Note 8 - Pension Plans**

## **School Employees Retirement System of Ohio**

# Plan Description

The District contributes to the School Employees Retirement System of Ohio (SERS), a cost-sharing multiple-employer defined benefit pension plan. SERS provides retirement, disability, and survivor benefits; annual cost-of-living adjustments; and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by state statute per Chapter 3309 of the Ohio Revised Code. SERS issues a publicly available, stand-alone financial report that includes financial statements and required supplementary information. That report can be obtained by contacting SERS, 300 East Broad Street, Suite 100, Columbus, Ohio 43215-3746 or by calling toll free (800) 878-5853. It is also posted on SERS' website at www.ohsers.org under *Employers/Audit Resources*.

#### **Funding Policy**

Plan members are required to contribute 10% of their annual covered salary and District is required to contribute 14% of annual covered payroll. The contribution requirements of plan members and employers are established and may be amended, up to statutory maximum amounts, by the SERS' Retirement Board. The Retirement Board acting with the advice of the actuary, allocates the employer contribution rate among four of the funds (Pension Trust Fund, Death Benefit Fund, Medicare B Fund, and Health Care fund) of the System. For fiscal year ending June 30, 2010, the allocation to pension and death benefits is 12.78%. The remaining 1.22% of the 14% employer contribution rate is allocated to the Health Care and Medicare B Funds. The District's contributions to SERS for the years ended June 30, 2010, 2009, and 2008 were \$1,938,024, \$1,828,500, and \$1,620,276, respectively; 51% has been contributed for fiscal year 2010 and 100% for fiscal years 2009 and 2008.

## **State Teachers Retirement System of Ohio**

## Plan Description

The School District participates in the State Teachers Retirement System of Ohio (STRS Ohio), a cost-sharing, multiple employer public employee retirement system. STRS Ohio is a statewide retirement plan for licensed teachers and other faculty members employed in the public schools of Ohio or any school, community school, college, university, institution, or other agency controlled, managed and supported, in whole or in part, by the state or any political subdivision thereof. Additional information or copies of STRS Ohio's *Comprehensive Annual Financial Report* can be requested by writing to STRS Ohio, 275 E. Broad Street, Columbus, OH 43215-3771, by calling toll-free 1-888-227-7877, or by visiting the STRS Ohio web site at www.strsoh.org.

#### Plan Options

New members have a choice of three retirement plan options. In addition to the Defined Benefit (DB) Plan, new members are offered a Defined Contribution (DC) Plan and a Combined Plan. The DC Plan allows members to allocate all their member contributions and employer contributions equal to 10.5% of earned compensation among various investment choices. The Combined Plan offers features of the DC Plan and DB Plan. In the Combined Plan, member contributions are allocated to investment choices by the member, and employer contributions are used to fund the defined benefit payment at a reduced level from the regular DB Plan. Contributions into the DC Plan and Combined Plan are credited to member accounts as employers submit their payroll information to STRS Ohio, generally on a biweekly basis. DC and Combined Plan members will transfer to the DB Plan during their fifth year of membership unless they permanently select the DC or Combined Plan.

#### DB Plan Benefits

Plan benefits are established under Chapter 3307 of the Revised Code. Any member may retire who has (i) five years of service credit and attained age 60; (ii) 25 years of service credit and attained age 55; or (iii) 30 years of service credit regardless of age. The annual retirement allowance, payable for life, is the greater of the "formula benefit" or the "money-purchase benefit" calculation. Under the "formula benefit," the retirement allowance is based on years of credited service and final average salary, which is the average of the member's three highest salary years. The annual allowance is calculated by using a base percentage of 2.2% multiplied by the total number of years of service credit (including Ohio-valued purchased credit) times the final average salary. The 31st year of earned Ohio service credit is calculated at 2.5%. An additional one-tenth of a percent is added to the calculation for every year of earned Ohio service over 31 years (2.6% for 32 years, 2.7% for 33 years and so on) until 100% of final average salary is reached. For members with 35 or more years of Ohio contributing service, the first 30 years will be calculated at 2.5% instead of 2.2%. Under the "money-purchase benefit" calculation, a member's lifetime contributions plus interest at specified rates are matched by an equal amount from other STRS Ohio funds. This total is then divided by an actuarially determined annuity factor to determine the maximum annual retirement allowance.

#### DC Plan Benefits

Benefits are established under Sections 3307.80 to 3307.89 of the Revised Code. For members who select the DC Plan, all member contributions and employer contributions at a rate of 10.5% are placed in an investment account. The member determines how to allocate the member and employer money among various investment choices. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump-sum withdrawal. Employer contributions into members' accounts are vested after the first anniversary of the first day of paid service. Members in the DC Plan who become disabled are entitled only to their account balance. If a member dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

### **Combined Plan Benefits**

Member contributions are allocated by the member, and employer contributions are used to fund a defined benefit payment. A member's defined benefit is determined by multiplying 1% of the member's final average salary by the member's years of service credit. The defined benefit portion of the Combined Plan payment is payable to a member on or after age 60. The defined contribution portion of the account may be taken as a lump sum or converted to a lifetime monthly annuity at age 50.

Eligible faculty of Ohio's public colleges and universities may choose to enroll in either STRS Ohio or an alternative retirement plan (ARP) offered by their employer. Employees have 120 days from their employment date to select a retirement plan.

A retiree of STRS Ohio or another Ohio public retirement system is eligible for reemployment as a teacher following the elapse of two months from the date of retirement. Contributions are made by the reemployed member and employer during the reemployment. Upon termination of reemployment or age 65, whichever comes later, the retiree is eligible for an annuity benefit or equivalent lump-sum payment in addition to the original retirement allowance. A reemployed retiree may alternatively receive a refund of only member contributions with interest before age 65, once employment is terminated.

Benefits are increased annually by 3% of the original base amount for DB Plan participants.

The DB and Combined Plans offer access to health care coverage to eligible retirees who participated in the plans and their eligible dependents. Coverage under the current program includes hospitalizations, physicians' fees, prescription drugs and partial reimbursement of monthly Medicare Part B premiums. By Ohio law, health care benefits are not guaranteed.

A DB or Combined Plan member with five or more years' credited service who becomes disabled may qualify for a disability benefit. Eligible spouses and dependents of members who die before retirement may qualify for survivor benefits. A death benefit of \$1,000 is payable to the beneficiary of each deceased retired member who participated in the DB Plan. Death benefit coverage up to \$2,000 can be purchased by participants in the DB, DC or Combined Plans. Various other benefits are available to members' beneficiaries.

# Centerville City School District, Ohio Notes to the Basic Financial Statements For The Fiscal Year Ended June 30, 2010

# **Funding Policy**

Chapter 3307 of the Revised Code provides statutory authority for member and employer contributions. Contribution rates are established by the State Teachers Retirement Board, upon recommendations of its consulting actuary, not to exceed statutory maximum rates of 10% for members and 14% for employers.

Contribution requirements and the contributions actually made for the fiscal year ended June 30, 2010, were 10% of covered payroll for members and 14% for employers. The District's contributions to STRS for the years ended June 30, 2010, 2009, and 2008 were \$6,403,188, \$6,321,960, and \$5,639,988, respectively; 84% has been contributed for fiscal year 2010 and 100% for fiscal years 2009 and 2008.

# Social Security System

Effective July 1, 1991, all employees not otherwise covered by the School Employees Retirement System or the State Teachers Retirement System of Ohio have an option to choose Social Security or the School Retirement System. As of June 30, 2010, four members of the Board of Education have elected Social Security. The contribution rate is 6.2 percent of wages.

#### **Note 9 - Post Employment Benefits**

## **School Employees Retirement System of Ohio**

## Plan Description

In addition to a cost-sharing multiple-employer defined benefit pension plan, the School Employees Retirement System of Ohio (SERS) administers two postemployment benefit plans.

#### Medicare Part B Plan

The Medicare B plan reimburses Medicare Part B premiums paid by eligible retirees and beneficiaries as set forth in Ohio Revised Code (ORC) 3309.69. Qualified benefit recipients who pay Medicare Part B premiums may apply for and receive a monthly reimbursement from SERS. The reimbursement amount is limited by statute to the lesser of the January 1, 1999 Medicare Part B premium or the current premium. The Medicare Part B premium for calendar year 2010 was \$96.40; SERS' reimbursement to retirees was \$45.50.

The Retirement Board, acting with the advice of the actuary, allocates a portion of the current employer contribution rate to the Medicare B Fund. For fiscal year 2010, the actuarially required allocation was .76%. District contributions for the year ended June 30, 2010, 2009 and 2008 were \$105,207, \$97,955 and \$78,699, respectively, which equaled the required contributions each year.

# Health Care Plan

ORC 3309.375 and 3309.69 permit SERS to offer health care benefits to eligible retirees and beneficiaries. SERS' Retirement Board reserves the right to change or discontinue any health plan or program. SERS offers several types of health plans from various vendors, including HMO's, PPO's, Medicare Advantage and traditional indemnity plans. A prescription drug program is also available to those who elect health coverage. SERS employs two third-party administrators and a pharmacy benefit manager to manage the self-insurance and prescription drug plans, respectively.

The ORC provides the statutory authority to fund SERS' postemployment benefits through employer contributions. Active members do not make contributions to the postemployment benefit plans.

The Health Care Fund was established under, and is administered in accordance with, Internal Revenue Code 105(e). Each year after the allocation for statutorily required benefits, the Retirement Board allocates the remainder of the employer 14% contribution to the Health Care Fund. At June 30, 2010, the health care allocation was .46%. An additional health care surcharge on employers is collected for employees earning less than an actuarially determined minimum compensation amount, pro-rated according to service credit earned. Statues provide that no employer shall pay a health care surcharge greater than 2% of that employer's SERS-covered payroll; nor may SERS collect in aggregate more than 1.5% of the total statewide SERS-covered payroll for the health care surcharge. For fiscal year 2010, the minimum compensation level was established at \$35,800. The surcharge, added to the unallocated portion of the 14% employer contribution rate is the total amount assigned to the Health Care Fund. The District contributions assigned to health care for the years ended June 30, 2010, 2009, and 2008 were \$63,678, \$543,325, and \$384,237, respectively; 51% has been contributed for fiscal year 2010 and 100% for fiscal years 2009 and 2008.

The SERS Retirement Board establishes the rules for the premiums paid by the retirees for health care coverage for themselves and their dependents or for their surviving beneficiaries. Premiums vary depending on the plan selected, qualified years of service, Medicare eligibility, and retirement status.

The financial reports of SERS' Health Care and Medicare B plans are included in its *Comprehensive Annual Financial Report*. The report can be obtained by contacting SERS, 300 East Broad Street, Suite 100, Columbus, Ohio 43215-3746 or by calling toll free (800) 878-5853. It is also posted on SERS' website at www.ohsers.org under *Employers/Audit Resources*.

# **State Teachers Retirement System of Ohio**

#### Plan Description

STRS Ohio administers a pension plan that is comprised of: a Defined Benefit Plan; a self-directed Defined Contribution Plan and a Combined Plan that is a hybrid of the Defined Benefit and the Defined Contribution Plan.

# Centerville City School District, Ohio Notes to the Basic Financial Statements For The Fiscal Year Ended June 30, 2010

Ohio law authorized STRS Ohio to offer a cost-sharing, multiple-employer health care plan. STRS Ohio provides access to health care coverage to eligible retirees who participated in the Defined Benefit or Combined Plans. Coverage under the current program includes hospitalization, physicians' fees, prescription drugs and reimbursement of monthly Medicare Part B premiums.

Pursuant to 3307 of the Revised Code, the Retirement Board has discretionary authority over how much, if any, of the associated health care costs will be absorbed by STRS Ohio. All benefit recipients, for the most recent year, pay a portion of the health care costs in the form of a monthly premium.

STRS Ohio issues a stand-alone financial report. Interested parties can view the most recent *Comprehensive Annual Financial Report* by visiting <a href="www.strsoh.org">www.strsoh.org</a> or by requesting a copy by calling toll-free 1-888-227-7877.

# **Funding Policy**

Under Ohio law, funding for post-employment health care may be deducted from employer contributions. Of the 14% employer contributions rate, 1% of covered payroll was allocated to post-employment health care for the year ended June 30, 2010, 2009 and 2008. The 14% employer contribution rate is the maximum rate established under Ohio law. The District contributions for the years ended June 30, 2010, 2009, and 2008 were \$457,371, \$451,569, and \$402,856, respectively; 84% has been contributed for fiscal year 2010 and 100% for fiscal years 2009 and 2008.

# Note 10 - Long-Term Obligations

#### General Obligation Bonds

The District issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities. During fiscal year 2005, \$62.3 million of general obligation bonds were issued to construct a new school building as well as improvement to others. In previous years, general obligations bonds have been issued to provide financing for new school buildings as well as improvements to various other school facilities. The original amount of the other general obligation bonds issued in prior years was \$18.2 million.

During fiscal year 2005, the District refunded a portion of the 1996 bond issue by issuing a \$6.455 million refunding general obligation bond which mature in fiscal year 2016. In prior fiscal years, a portion of the 1994 bond issue was refunded by issuing \$7.355 million in refunding general obligation bonds. These bonds mature in fiscal year 2014 and include current interest bonds and capital appreciation bonds. The capital appreciation bonds will mature in fiscal years 2013 and 2014. The maturity amount of the bonds is \$1,795,000. For fiscal year 2010, \$165,149 was accreted for a total bond value of \$1,165,926.

General obligation bonds are direct obligations and pledge the full faith and credit of the government. General obligation bonds currently outstanding are as follows:

Purpose	Interest Rates	Amount
2003 Refunding Bonds		
Current Interest	2.00%-4.00%	\$1,940,000
Capital Appreciation	15.77%-16.12%	1,165,926
2004 Refunding Bonds	2.00%-5.00%	4,995,000
2005 School Improvement	3.00%-5.00%	57,690,000
		\$65,790,926

Annual debt service requirements to maturity for the general obligation bonds are as follows:

	General Obli	gation Bonds	Capital Appre	ciation Bonds
Fiscal Year				
Ending June 30	Principal	Interest	Principal	Interest
2011	\$3,450,000	\$2,984,739	\$0	\$0
2012	3,715,000	2,826,002	0	0
2013	3,295,000	2,663,689	230,000	790,000
2014	3,820,000	2,492,632	155,000	620,000
2015	900,000	2,381,725	0	0
2016-2020	5,070,000	11,331,029	0	0
2021-2025	9,375,000	9,707,227	0	0
2026-2030	15,790,000	6,731,055	0	0
2031-2034	19,210,000	1,926,218	0	0
Total	\$64,625,000	\$43,044,316	\$385,000	\$1,410,000

# Changes in Long-Term Liabilities

Long- term liability activity for the year ended June 30, 2010, was as follows:

		Balance			Balance	Due in One
General Obligation Bonds:	Interest Rate	06/30/2009	Additions	Deletions	06/30/2010	Year
2003 Refunding Bonds			_			
Current Interest	2.00% - 4.00%	\$2,865,000	\$0	(\$925,000)	\$1,940,000	\$955,000
Capital Appreciation - Principal	15.77% - 16.12%	385,000	0	0	385,000	0
Capital Appreciation - Interest	15.77% - 16.12%	615,777	165,149	0	780,926	0
2004 Refunding Bonds	2.00% - 5.00%	5,735,000	0	(740,000)	4,995,000	735,000
2005 School Improvement	3.00% - 5.00%	59,250,000	0	(1,560,000)	57,690,000	1,760,000
Deferred Amounts						
Add: Bond Premium		2,472,677	0	(210,956)	2,261,721	0
Less: Deferred Amount on Refunding	ng	(659,659)	0	123,586	(536,073)	0
Total General Obligation Bonds		70,663,795	165,149	(3,312,370)	67,516,574	3,450,000
			_			
Compensated Absences	N/A	2,986,831	436,489	(825,144)	2,598,176	776,508
Total Long-Term Liabilities		\$73,650,626	\$601,638	(\$4,137,514)	\$70,114,750	\$4,226,508

# Centerville City School District, Ohio Notes to the Basic Financial Statements For The Fiscal Year Ended June 30, 2010

Compensated absences represent the long-term portion of the accrued liability associated with sick and vacation leave, These items will be repaid from the funds from which the employees work to whom the liability is associated with or the General Fund if no such funds are available.

The general obligation bonds balance at June 30, 2010 of \$63,362,973 is used in the calculation of net assets invested in capital assets, net of related debt. This amount equals total general obligation bonds of \$67,516,574 minus accreted interest of \$780,926 and \$3,372,675 in debt that does not have capital assets associated with it.

# **Note 11 - Jointly Governed Organizations**

Miami Valley Career Technology Center

The Miami Valley Career Technology Center (MVCTC) is a separate body politic and corporate, established by the Ohio Revised Code (ORC). The Board is comprised of one representative from each of the seven participating Districts' elected boards, which possesses its own budgeting and taxing authority. To obtain financial information write to the Miami Valley Career Technical Center at 6800 Hoke Road, Clayton, Ohio 45315.

Southwestern Ohio Educational Purchasing Cooperative

The District is a member of the Southwestern Ohio Educational Purchasing Cooperative (SOEPC). The purpose of the cooperative is to obtain lower prices for supplies and materials commonly used by the member districts. The members are obligated to pay all fees, charges, and assessments as established by SOEPC.

Each member district has one voting representative. Title to any and all equipment and supplies purchased by SOEPC is held in trust for the member districts by the fiscal agent. Any district withdrawing from SOEPC shall forfeit its claim to any and all SOEPC assets. One year's prior notice is necessary for withdrawal from the group. During this time, the withdrawing member is liable for all member organizations. Payments to SOEPC are made from the District's General Fund. During fiscal year 2010, the District paid \$8,594.18 to SOEPC. Financial information may be obtained from SOEPC by contacting Ken Swink, Director, at 303 Corporate Drive, Suite 208, Vandalia, OH 45377.

Metropolitan Dayton Educational Cooperative Association

The District is a participant in the Metropolitan Dayton Educational Cooperative Association (MDECA), which is a computer consortium. MDECA is an association of 25 public school districts within the boundaries of Darke, Greene, Miami and Montgomery Counties. The organization was formed for the purpose of applying modern technology (with the aid of computers and other electronic equipment) to administrative and instructional functions among member school districts. The governing board of MDECA consists of one representative from each member school district plus one representative from the fiscal agent. The District pays MDECA an enrollment based fee for internet and EMIS services provided during the year; this fee totaled \$30,222.05 for fiscal year 2010. Financial information can be obtained from Jerry Woodyard, Executive Director of MDECA at 225 Linwood Street, Dayton, Ohio 45405.

Southwestern Ohio Instructional Technology Association

The Southwestern Ohio Instructional Technology Association (SOITA) is a not-for-profit corporation formed under Section 1702.01 of the Ohio Revised Code. The purpose of the corporation is to serve the educational needs of the area through television programming for the advancement of educational programs. The Board of Trustees is comprised of twenty-one representatives of the SOITA member schools or institutions. Nineteen representatives are elected from within the counties by the qualified members of those counties, i.e., Auglaize, Butler, Champaign, Clark, Clinton, Darke, Fayette, Greene, Hamilton, Logan, Mercer, Miami, Montgomery, Preble, Shelby, and Warren. Montgomery, Greene, and Butler Counties elect two representatives per area. All others elect one representative per area.

All superintendents except for those from educational service centers vote on the representatives after the nomination committee selects individuals to run. One at-large non-public representative is elected by the non-public school SOITA members in the State assigned SOITA service area. One at-large higher education representative is elected by higher education SOITA members from within the State assigned SOITA service area.

All member districts are obligated to pay all fees, charges or other assessments as established by SOITA. Upon dissolution, the net assets shall be distributed to the federal government, or to a state or local government, for public purpose. Payments to SOITA are made from the District's General Fund. During fiscal year 2010, the District paid \$1,150 to SOITA. To obtain financial information, write to the Southwestern Ohio Instructional Technology Association, Larry Pogue, who serves as Director, at 150 East Sixth Street, Franklin, Ohio 45005.

# **Note 12 - Related Organizations**

Washington-Centerville Public Library

The Washington-Centerville Public Library (the Library) is a related organization to the District. The District's Board of Education is responsible for appointing Trustees and approving the budget of the Library as a ministerial function to the Library. The operations of the Library are managed by its Trustees, including the determination of the budget amounts necessary for operations. The Library does not receive any funding from the District.

#### **Note 13 – Contingencies**

#### <u>Grants</u>

The District received financial assistance from federal and state agencies in the form of grants. The expenditure of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the general fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the District at June 30, 2010.

# Litigation

The District's attorney estimates that any potential claims against the District not covered by insurance resulting from all other litigation would not materially affect the financial statements of the District.

# **Note 14 - Statutory Reserves**

The District is required by State statute to annually set aside monies for the purchase of textbooks and other instructional materials, and for capital improvements. Amounts not spent by year-end or reduced by offsetting credits must be held in cash at year-end and carried forward to be used for the same purpose in future years.

During the fiscal year ended June 30, 2010, the reserve activity (cash-basis) was as follows:

Textbooks	Capital Improvements	Budget Stabilization
	•	
\$0	\$0	\$141,886
1,361,382	1,361,382	0
(934,952)	0	0
(1,866,667)	0	0
0	(2,069,493)	0
0	(62,328,798)	0
(\$1,440,237)	(\$63,036,909)	\$141,886
(1,440,237)	(62,328,798)	0
\$0	\$0	\$141,886
	\$0 1,361,382 (934,952) (1,866,667) 0 (\$1,440,237)	Textbooks         Improvements           \$0         \$0           1,361,382         1,361,382           (934,952)         0           (1,866,667)         0           0         (2,069,493)           0         (62,328,798)           (\$1,440,237)         (\$63,036,909)           (1,440,237)         (62,328,798)

The Textbook set-aside expenditures and offsets in excess of the set-aside requirements may be carried forward to offset future years set-aside requirements. The District had qualifying expenditures and offsets for carry-over to the fiscal year ending June 30, 2010, of (\$1,440,237) for the Textbook Reserve. For capital acquisitions, the extra amount was a result of bond or note issuances, which will be used to offset set-aside requirements in future years.

# Note 15 – Accountability and Compliance

# Accountability

#### Fund Balances

At June 30, 2010, eight Special Revenue funds had fund deficits:

Other Governmental Funds	Deficit
Miscellaneous State Grants	\$6,772
Title VI-B	214,515
Title I	157,088
EHA Pre-School	12,316
Reducing Class Size	22,789
Food Service	56,305
<b>Education Stablilization</b>	111,091
Title II-D	418

The deficits in these Special Revenue funds resulted from adjustments for accrued liabilities. Management expects the deficits in these funds to be corrected in early fiscal year 2011. The General Fund is liable for any deficit in these funds and provides transfers when cash is required, not when the accruals occur.

# Note 16 – Construction Commitments

As of June 30, 2010, the District had the following commitment with respects to capital projects:

	Remaining Construction
Project	Commitment
School Improvements	\$2,745,620

# **Note 17 - Interfund Balances/Transfers**

Interfund transactions at June 30, 2010, consisted of the following individual fund receivables and payable:

	Interf	fund
	Receivable	Payable
General Fund	\$2,031	\$0
Other Governmental Funds	0	2,031
T . 1 . 11 T 1	Φ2.021	Φ2.024
Total All Funds	\$2,031	\$2,031

# Centerville City School District, Ohio Notes to the Basic Financial Statements For The Fiscal Year Ended June 30, 2010

Interfund balance/transfers are used to move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them and unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorization; to segregate and to return money to the fund from which it was originally provided once a project is completed.

All interfund balances are expected to be paid within one year.

# Note 18 – Subsequent Events

Effective August 2, 2010 the District began to participate in the Ohio Bureau of Workers' Compensation Retrospective Rating Program. For workers' compensation claims that arose between January 1, 2010, and August 2, 2010, Centerville City Schools bore costs for medical bills and disability benefits associated with those claims as well as a separate premium charge set by the Bureau of Workers' Compensation for the privilege of becoming a retrospective rated employer. After becoming self- insured as of August 2, 2010; Centerville City Schools also became directly and totally responsible for disability benefit payments made in claims that arose any time previously.

## General Fund

	-	Fund

prior year encumbrances appropriated)	18,290,479	18,290,479	18,290,479	0
Fund Balance End of Year	\$12,908,412	\$16,077,680	\$18,355,807	\$2,278,127

See accompanying notes to the required supplementary information.

## **Note 1 - Budgetary Process**

All funds, except agency funds, are legally required to be budgeted and appropriated. The major documents prepared are the appropriations resolution and the certificate of estimated resources which are prepared on the budgetary basis of accounting. The certificate of estimated resources establishes a limit on the amount that the Board of Education may appropriate. The appropriation resolution is the Board's authorization to spend resources and sets annual limits on expenditures plus encumbrances at the level of control selected by Board. The legal level of control has been established by Board at the fund level. Any budgetary modifications at this level may only be made by resolution of the Board of Education. During the course of fiscal year 2010, the District amended its budget several times, however none were significant.

The certificate of estimated resources may be amended during the year if projected increases or decreases in revenue are identified by the School District Treasurer. The amounts reported as the original budgeted amounts on the budgetary statements reflect the amounts on the certificate of estimated resources when the original appropriations were adopted. The amounts reported as the final budgeted amounts on the budgetary statements reflect the amounts on the final amended certificate of estimated resources issued during fiscal year 2010.

The appropriation resolution is subject to amendment by the Board throughout the year with the restriction that appropriations cannot exceed estimated resources. The amounts reported as the original budgeted amounts reflect the first appropriation resolution for that fund that covered the entire year, including amounts automatically carried forward from prior years. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by Board during the year. At the close of each fiscal year, the unencumbered balance of each appropriation reverts to the respective fund from which it was appropriated and becomes subject to future appropriation. Encumbered appropriations are carried forward to the succeeding fiscal year and are not reappropriated.

While the District is reporting financial position, results of operations and changes in fund balance on the basis of generally accepted accounting principles (GAAP), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The Schedule of Revenues, Expenditures and Changes in Fund Balance – Budget and Actual (Non-GAAP Budgetary Basis) presented on the budgetary basis to provide a meaningful comparison of actual results with the budget. The major differences between the budget basis and GAAP basis are as follows:

- 1. Revenues are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis).
- 2. Expenditures are recorded when paid in cash (budget basis) as opposed to when the liability is incurred (GAAP basis).
- 3. Encumbrances are treated as expenditures for all funds (budget basis) rather than as a reservation of fund balance for governmental fund types and expendable trust funds (GAAP basis).
- 4. Advances in and advances out are operating transactions (budget basis) as opposed to balance sheet transactions.

# Centerville City School District, Ohio Notes to the Required Supplementary Information For The Fiscal Year Ended June 30, 2010

The following table summarizes the adjustments necessary to reconcile the GAAP basis statements to the budgetary basis statements for the general fund.

# Net Change in Fund Balance

	General Fund
GAAP Basis	\$472,555
Revenue Accruals	2,036,467
<b>Expenditures Accruals</b>	(1,977,636)
Encumbrances	(466,058)
Budget Basis	\$65,328

50

# Combining Statements and Individual Fund Schedules

# **Description of Funds - Nonmajor Governmental Funds**

#### NONMAJOR SPECIAL REVENUE FUNDS

The Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than major capital projects) that are legally restricted to expenditure for specified purposes.

## Public School Support

To account for specific local revenue sources (other than taxes) generated by individual school buildings (i.e. sale of pictures, profits from vending machines, etc.). Expenditures include field trips, materials, equipment and other items to supplement co-curricular and extra-curricular programs.

#### Other Grants

A fund used to account for the proceeds of specific revenue sources, except for state and federal grants that are legally restricted to expenditures for specified purposes.

# **District Managed Student Services**

To account for local funds generated to assist student activities, which are managed by District personnel. This fund would usually include athletic programs but could also include the band, cheerleaders, flag corps, and other similar types of activities.

## **Auxiliary Services**

A fund used to account for monies which provide services and materials to pupils attending non-public schools within the District.

# **Management Information Systems**

To account for state funds that are provided to assist the District in implementing a staff, student and financial information system as mandated by the Omnibus Education Reform Act of 1989.

# Network Connect

A fund used to account for monies for the purpose of accessing the Ohio Education Computer Network.

# SchoolNet Professional Development

To account for state funds provided for technology professional development within the District.

# Miscellaneous State Grants

To account for revenues received from state agencies which are not classified elsewhere.

## Title VI-B

To account for monies received under a federal grant to assist schools in the identification of handicapped children, development of procedural safeguards, implementation of least restrictive alternative service patterns, and provision of full education opportunities to handicapped children at the elementary and secondary levels.

#### **Vocational Education**

A fund used to account for revenues provided to boards of education, teacher training instructions, and the state administering agency for cooperating in development of vocational education programs in the following categories: secondary, post-secondary adult, disadvantaged and handicapped persons, exemplary programs, cooperative education, construction of area vocational schools, ancillary services, research, advisory committees, and work-study projects.

#### Title I

To account for monies received under a federal grant to assist schools in meeting the special needs of educationally deprived children.

# Title VI

To consolidate various programs into a single authorization of grants to states for the same purposes set forth in the provisions of law as specified in the authorization section, to be used in accordance with the educational needs and priorities of the state and local agencies.

## **Drug Free Schools**

To account for monies received under a federal program to support the implementation of programs for drug abuse education and prevention.

## EHA Pre-School

A fund used to account for federal grant dollars to improve and expand the services for handicapped children ages three to five years.

#### FCC E-Rate

To account for federal grant funds which are paid directly to the telecommunications provider of the district.

#### Reducing Class Size

A fund used to account for monies to hire additional classroom teachers in grades one through three, so that the number of students per teacher will be reduced.

#### Miscellaneous Federal Grants

To account for monies received under federal grants which are not classified elsewhere.

#### Food Service

To account for the financial transactions related to the food service operations of the District.

# **Uniform School Supply**

To account for the purchase and sale of school supplies as adopted by the Board of Education for use in the District.

#### Title III

To account for federal grant monies used to support the District's ESL population.

# **Special Enterprise**

To account for monies used for the District's special enterprise fund.

# **Education Stabilization**

To account for monies was part of the American Recovery and Reinvestment Act of 2009. This was intended to provide money to school districts to prevent layoffs and cutbacks, with flexibility to use the funds for school modernization and repairs.

#### Title II-D

To account for competitive grant monies received from the Federal Government which focuses on professional development and student learning needed for the 21st century.

#### NONMAJOR CAPITAL PROJECTS FUND

The Capital Projects Funds are used to account for the financing and acquisition or construction of major capital facilities, such as new school buildings and additions to existing buildings, or for major renovation projects, other than those financed by proprietary funds.

#### Permanent Improvement

The Permanent Improvement Fund is used to account for financial resources, specifically property and other local taxes generated by the District's permanent improvement levy, to be used to maintain the District's facilities, as well as provide for major equipment and instructional material purchases.

## **Building**

The Building Fund is used to account for all transactions related to all special bond funds in the District. Proceeds from the issuance of bonds are paid into this fund.

# **Description of Funds - Fiduciary Funds**

#### PRIVATE PURPOSE TRUST FUNDS

Private purpose trust funds are used to account for assets held by the District, which have been restricted so that the principal and income of the fund benefit individuals, private organizations, or other governments and are not available to support the operations of the District.

# Scholarship Trust Fund

To account for restricted donations, where the donations themselves may be used, to provide scholarships to selected students graduating from the District.

# Memorial Scholarship Trust Fund

To account for the restricted donations, where the corpus of the donations may not be used, which were provided in memory of individuals to provide scholarships to selected District students.

#### AGENCY FUND

Agency funds account for monies held by the District in a purely custodial nature for other organizations. Accordingly, all assets reported in an agency fund are offset by a liability to the party on whose behalf they are held.

## **Student Managed Activities**

To account for the resources belonging to the various student groups in the District. The fund accounts for sales and other revenue generating activities by student activity programs that have students involved in the management of the program.

# STATISTICAL SECTION

# **Statistical Section**

This part of the District's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the District's overall financial health.

## **CONTENTS**

## Financial Trends

These schedules contain trend information to help the reader understand how the District's financial position has changed over time.

# Revenue Capacity

These schedules contain information to help the reader understand and assess the factors affecting the District's ability to generate its most significant local revenue source(s), the property tax (and the income tax).

#### Debt Capacity

These schedules present information to help the reader assess the affordability of the District's current levels of outstanding debt and the District's ability to issue additional debt in the future.

# Economic and Demographic Information

These schedules offer economic and demographic indicators to help the reader understand the environment within which the District's financial activities take place and to provide information that facilitates comparisons of financial information over time and among governments.

## **Operating Information**

These schedules contain service and infrastructure data to help the reader understand how the information in the District's financial report relates to the services the District provides and the activities it performs.

#### Sources

Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year. The District implemented GASB Statement 34 in fiscal year 2003; schedules presenting government-wide information include information beginning in that fiscal year.

distribution property. General business tangible personal property is assessed at 12 1/2 percent for everything except inventories, The assessed value of real property (including public utility real property) is 35 percent of estimated true value. Personal property tax is assessed on all tangible personal property used in business in Ohio. The assessed value of public utility personal property ranges from 25 percent of true value for railroad property to 88 percent for electric transmission and which are assessed at 12 1/2 percent. Property is assessed annually. Note:

assessed values by the applicable rates would be reduced by the 10 percent, 2 1/2 percent and homestead exemptions before The tangible personal property values associated with each year are the values that, when multiplied by the applicable rates, generated the property tax revenue to be received in that year. For real property, the amounts generated by multiplying the being billed.

Note: The District updated prior year amounts that were incorrect.

- (1) Capacity considers many variables just as class size, federally required programs, and district-level programs thus may change accordingly.
- (2) During fiscal year 2008, a school re-configuration occurred moving grade 1 out of six elementary schools into two primary schools and splitting kindergarten into each primary school from the once-centralized kindergarten village.
