To Members of the Board:

As you are aware, the Auditor of State's Office (AOS) must modify the *Independent Accountants' Report* we provide on your financial statements due to an interpretation from the American Institute of Certified Public Accountants (AICPA). While AOS does not legally require your government to prepare financial statements pursuant to Generally Accepted Accounting Principles (GAAP), the AICPA interpretation requires auditors to formally acknowledge that you did not prepare your financial statements in accordance with GAAP. Our Report includes an adverse opinion relating to GAAP presentation and measurement requirements, but does not imply the amounts the statements present are misstated under the non-GAAP basis you follow. The AOS report also includes an opinion on the financial statements you prepared using the cash basis and financial statement format the AOS permits.

INDEPENDENT ACCOUNTANTS' REPORT

Four County Board of Alcohol, Drug Addiction,
and Mental Health Services
Henry County
T-761 State Route 66
Archbold, Ohio 43502-9537

To Members of the Board:

We have audited the accompanying financial statements of Four County Board of Alcohol, Drug Addiction, and Mental Health Services, Henry County, Ohio (the Board), as of and for the year ended December 31, 2010. These financial statements are the responsibility of the Board's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require that we plan and perform the audit to reasonably assure whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinion.

As described more fully in Note 1, the Board has prepared these financial statements using accounting practices the Auditor of State prescribes or permits. These practices differ from accounting principles generally accepted in the United States of America (GAAP). Although we cannot reasonably determine the effects on the financial statements of the variances between these regulatory accounting practices and GAAP, we presume they are material.

Instead of the combined funds the accompanying financial statements present, GAAP require presenting entity wide statements and also presenting the Board's larger (i.e. major) funds separately. While the Board does not follow GAAP, generally accepted auditing standards requires us to include the following paragraph if the statements do not substantially conform to GAAP presentation requirements. The Auditor of State permits, but does not require governments to reformat their statements. The Board has elected not to follow GAAP statement formatting requirements. The following paragraph does not imply the amounts reported are materially misstated under the accounting basis the Auditor of State permits. Our opinion on the fair presentation of the amounts reported pursuant to its non-GAAP basis is in the second following paragraph.

In our opinion, because of the effects of the matter discussed in the preceding two paragraphs, the financial statements referred to above for the year ended December 31, 2010 do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the Board as of December 31, 2010, or its changes in financial position for the year then ended.

Also, in our opinion, the financial statements referred to above present fairly, in all material respects, the combined fund cash balances and reserves for encumbrances of Four County Board of Alcohol, Drug Addiction, and Mental Health Services, Henry County, as of December 31, 2010, and its combined cash receipts and disbursements for the year then ended on the accounting basis Note 1 describes.

The Board has not presented Management's Discussion and Analysis, which accounting principles generally accepted in the United States of America has determined is necessary to supplement, although not required to be part of, the financial statements.

In accordance with *Government Auditing Standards*, we have also issued our report dated July 26, 2011, on our consideration of the Board's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. While we did not opine on the internal control over financial reporting or on compliance, that report describes the scope of our testing of internal control over financial reporting and compliance, and the results of that testing. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*. You should read it in conjunction with this report in assessing the results of our audit.

We conducted our audit to opine on the Board's financial statements taken as a whole. The federal awards expenditure schedule provides additional information required by the U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the financial statements. The federal awards expenditure schedule is management's responsibility, and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. This schedule was subject to the auditing procedures we applied to the financial statements. We also applied certain additional procedures, including comparing and reconciling this information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, in accordance with auditing standards generally accepted in the United States of America. In our opinion, this information is fairly stated in all material respects in relation to the financial statements taken as a whole.

HENRY COUNTY**

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2010**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Description of the Entity

The constitution and laws of the State of Ohio establish the rights and privileges of Four County Board of Alcohol, Drug Addiction, and Mental Health Services, Henry County, Ohio (the Board), as a body corporate and politic. An eighteen-member Board is the governing Body. The legislative authorities of the political subdivisions making up the Board appoint the other Board members. The Board includes members from those legislative authorities as well as citizens of the Board. Those subdivisions are: Ohio Director of Alcohol and Drug Addiction Services, Ohio Director of Mental Health Services, Defiance County, Fulton County, Henry County, and Williams County.

The Board provides alcohol, drug addiction and mental health services and programs to citizens of the Board. Private and public agencies are the primary service providers, through Board contracts.

The Board's management believes these financial statements present all activities for which the Board is financially accountable.

B. Accounting Basis

These financial statements follow the accounting basis the Auditor of State prescribes or permits. This basis is similar to the cash receipts and disbursements accounting basis. The Board recognizes receipts when received in cash rather than when earned, and recognizes disbursements when paid rather than when a liability is incurred. Budgetary presentations report budgetary expenditures when a commitment is made (i.e., when an encumbrance is approved).

These statements include adequate disclosure of material matters, as the Auditor of State prescribes or permits.

C. Deposits and Investments

As required by the Ohio Revised Code, the Defiance County Treasurer is custodian for the Board's cash. The County's cash and investment pool holds the Board's cash, valued at the County Treasurer's carrying amount.

D. Fund Accounting

The Board uses fund accounting to segregate cash and investments that are restricted as to use. The Board classifies its funds into the following types:

1. General Fund

The General Fund reports all financial resources except those required to be accounted for in another fund.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2010
(Continued)**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Special Revenue Funds

These funds account for proceeds from specific sources (other than from trusts or for capital projects) restricted to expenditure for specific purposes. The Board had the following significant Special Revenue Funds:

408 Flex Fund – Provides financial assistance to provider agencies for the local management of services provided to persons with severe mental/emotional disabilities for the promotion and support of their recovery and resilience.

Title XIX Medicaid Fund – Provides financial assistance to provider agencies to provide payments for medical services provided to cash assistance recipients, members of certain mandatory and optional groups who do not receive cash assistance, or other individuals for which cash assistance is available but whose income or resources, while too high for eligibility for those programs, are insufficient to meet the cost of their medical care.

E. Budgetary Process

The Ohio Revised Code requires the Board to adopt a budget for each fund annually.

1. Appropriations

Budgetary expenditures (that is, disbursements and encumbrances) may not exceed appropriations at the fund, function, and object level of control, and appropriations may not exceed estimated resources. The Board must annually approve appropriation measures and subsequent amendments. The County Budget Commission must also approve the annual appropriation measure. Unencumbered appropriations lapse at year end.

2. Estimated Resources

Estimated resources include estimates of cash to be received (budgeted receipts) plus unencumbered cash as of January 1. The County Budget Commission must also approve estimated resources.

3. Encumbrances

The Ohio Revised Code requires the Board to reserve (encumber) appropriations when commitments are made. Encumbrances outstanding at year end are carried over, and need not be reappropriated in the subsequent year.

A summary of 2010 budgetary activity appears in Note 2.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

F. Property, Plant, and Equipment

The Board records disbursements for acquisitions of property, plant, and equipment when paid. The accompanying financial statements do not report these items as assets.

G. Accumulated Leave

In certain circumstances, such as upon leaving employment, employees are entitled to cash payments for unused leave. The financial statements do not include a liability for unpaid leave.

2. BUDGETARY ACTIVITY

Budgetary activity for the year ending December 31, 2010, follows:

2010 Budgeted vs. Actual Receipts			
Fund Type	Budgeted Receipts	Actual Receipts	Variance
General	\$4,270,234	\$5,100,918	\$830,684
Special Revenue	6,096,186	5,985,519	(110,667)
Total	\$10,366,420	\$11,086,437	\$720,017

2010 Budgeted vs. Actual Budgetary Basis Expenditures			
Fund Type	Appropriation Authority	Budgetary Expenditures	Variance
General	\$4,735,761	\$3,665,407	\$1,070,354
Special Revenue	7,142,180	7,038,881	103,299
Total	\$11,877,941	\$10,704,288	\$1,173,653

3. PROPERTY TAX

Real property taxes become a lien on January 1 preceding the October 1 date for which the Board adopted tax rates. The State Board of Tax Equalization adjusts these rates for inflation. Property taxes are also reduced for applicable homestead and rollback deductions. The financial statements include homestead and rollback amounts the State pays as Intergovernmental Receipts. Payments are due to the County by December 31. If the property owner elects to pay semiannually, the first half is due December 31. The second half payment is due the following June 20.

Public utilities are also taxed on personal and real property located within the Board.

Tangible personal property tax is assessed by the property owners, who must file a list of such property to the County by each April 30.

The County is responsible for assessing property, and for billing, collecting, and distributing all property taxes on behalf of the Board.

4. RETIREMENT SYSTEM

The Board's employees belong to the Ohio Public Employees Retirement System (OPERS). OPERS is a cost-sharing, multiple-employer plan. The Ohio Revised Code prescribes this plan's benefits, which include postretirement healthcare and survivor and disability benefits.

The Ohio Revised Code also prescribes contribution rates. For 2010, OPERS members contributed 10% of their gross salaries and the Board contributed an amount equaling 14% of participants' gross salaries. The Board has paid all contributions required through December 31, 2010.

5. RISK MANAGEMENT

Commercial Insurance

The Board has obtained commercial insurance for the following risks:

- Comprehensive property and general liability;
- Vehicles;
- Errors and omissions; and
- Directors' and Officers' liability

The Board provides health insurance to full-time employees through a private carrier. The Board also provides these employees with an allotment up to \$4,800 per year for reimbursement of dental, vision, and other medical expenses not covered by insurance.

6. CONTINGENT LIABILITIES

Amounts grantor agencies pay to the Board are subject to audit and adjustment by the grantor, principally the federal government. The grantor may require refunding any disallowed costs. Management cannot presently determine amounts grantors may disallow. However, based on prior experience, management believes any refunds would be immaterial.

NOTE A – SIGNIFICANT ACCOUNTING POLICIES

The accompanying Schedule of Federal Awards Expenditures (the Schedule) summarizes activity of the Board's federal award programs. The schedule has been prepared on the cash basis of accounting.

NOTE B – MATCHING REQUIREMENTS

Certain Federal programs require that the Board contribute non-Federal funds (matching funds) to support the Federally-funded programs. The Board has complied with the matching requirements. The expenditure of non-Federal matching funds is not included on the Schedule.

INDEPENDENT ACCOUNTANTS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY *GOVERNMENT AUDITING STANDARDS*

Four County Board of Alcohol, Drug Addiction,
and Mental Health Services
Henry County
T-761 State Route 66
Archbold, Ohio 43502-9537

To Members of the Board:

We have audited the financial statements of Four County Board of Alcohol, Drug Addiction, and Mental Health Services, Henry County, Ohio (the Board), as of and for the year ended December 31, 2010, and have issued our report thereon dated July 26, 2011, wherein we noted the Board followed accounting practices the Auditor of State prescribes rather than accounting principles generally accepted in the United States of America. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Board's internal control over financial reporting as a basis for designing our audit procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of opining on the effectiveness of the Board's internal control over financial reporting. Accordingly, we have not opined on the effectiveness of the Board's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A *material weakness* is a deficiency, or combination of internal control deficiencies resulting in more than a reasonable possibility that a material misstatement of the Board's financial statements will not be prevented, or detected and timely corrected.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider material weaknesses, as defined above.

Compliance and Other Matters

As part of reasonably assuring whether the Board's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

Four County Board of Alcohol, Drug Addiction,
and Mental Health Services
Henry County
T-761 State Route 66
Archbold, Ohio 43502-9537

To Members of the Board:

Compliance

We have audited the compliance of the Four County Board of Alcohol, Drug Addiction, and Mental Health Services, Henry County, Ohio (the Board), with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133, Compliance Supplement* that could directly and materially affect each of the Board's major federal programs for the year ended December 31, 2010. The summary of auditor's results section of the accompanying schedule of findings identifies the Board's major federal programs. The Board's management is responsible for complying with the requirements of laws, regulations, contracts, and grants applicable to each major federal program. Our responsibility is to express an opinion on the Board's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits included in the Comptroller General of the United States' *Government Auditing Standards*; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to reasonably assure whether noncompliance occurred with the compliance requirements referred to above that could directly and materially affect a major federal program. An audit includes examining, on a test basis, evidence about the Board's compliance with those requirements and performing other procedures we considered necessary in the circumstances. We believe our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the Board's compliance with those requirements.

In our opinion, the Four County Board of Alcohol, Drug Addiction, and Mental Health Services, Henry County complied, in all material respects, with the requirements referred to above that could directly and materially affect each of its major federal programs for the year ended December 31, 2010.

Internal Control Over Compliance

The Board's management is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the Board's internal control over compliance with requirements that could directly and materially affect a major federal program, to determine our auditing procedures for the purpose of opining on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of opining on the effectiveness of internal control over compliance. Accordingly, we have not opined on the effectiveness of the Board's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, when performing their assigned functions, to prevent, or to timely detect and correct, noncompliance with a federal program compliance requirement. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a federal program compliance requirement will not be prevented, or timely detected and corrected.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

We noted a matter involving federal compliance not requiring inclusion in this report, that we reported to the Board's management in a separate letter dated July 26, 2011.

We intend this report solely for the information and use of the audit committee, management, the Board, others within the entity, federal awarding agencies, and pass-through entities. It is not intended for anyone other than these specified parties.
