The University of Akron Foundation

Financial Report

June 30, 2010

Board of Directors
The University of Akron Foundation
302 Buchtel Common
Akron, Ohio 44325

We have reviewed the *Independent Auditor's Report* of The University of Akron Foundation, Summit County, prepared by Plante & Moran, PLLC, for the audit period July 1, 2009 through June 30, 2010. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The University of Akron Foundation is responsible for compliance with these laws and regulations.

Independent Auditor's Report

To the Board of Directors
The University of Akron Foundation

We have audited the accompanying statement of financial position of The University of Akron Foundation (the "Foundation"), a discretely presented component unit of the University of Akron, as of June 30, 2010 and 2009 and the related statements of activities and cash flows for the years then ended. These financial statements are the responsibility of the Foundation's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and *Government Auditing Standards,* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of The University of Akron Foundation as of June 30, 2010 and 2009 and the results of its operations and cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated October 1, 2010 on our consideration of The University of Akron Foundation's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report (included on pages 27 and 28 herein) is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Cash - Beginning of year	-	-
Cash - End of year	**$ 1,674,258**	**$ -**

See Notes to Financial Statements.

Note 1 - Organization

The University of Akron Foundation (the "Foundation"), a discretely presented component unit of the University of Akron, is a not-for-profit organization. The Foundation's mission is to provide financial assistance to the University of Akron (the "University") by encouraging and administering gifts and bequests.

The Foundation receives contributions from the following support groups of the University:

John R. Buchtel Society (the "Society")

The Society includes seven gift clubs, ranging from the Loyalty Club for annual donors of up to $99 to the 1870 Benefactors Club for lifetime contributions of $1 million or more.

Partners in Excellence (the "Group")

The Group constitutes an array of companies, foundations, and business organizations providing financial, technical, and material assistance to the University, including the following:

- Unrestricted support to the University
- Support for the Crusade for Scholars program
- Support for the Center for Economic Education
- Support for the intercollegiate athletic program
- Support for restricted purposes

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting - The accounts of the Foundation are maintained in accordance with the principles of not-for-profit accounting. The statements have been prepared on an accrual basis.

Basis of Presentation - The Foundation reports net assets based on the existence or absence of donor-imposed restrictions. Accordingly, net assets of the Foundation and changes therein are classified and reported as follows:

- **Unrestricted Net Assets** - Net assets that are not subject to donor-imposed stipulations.
- **Temporarily Restricted Net Assets** - Net assets subject to donor-imposed stipulations that will be met either by actions of the Foundation and/or the passage of time, including quasi-endowments which are purpose-restricted donor contributions designated to function as endowments. This category includes true endowment earnings, quasi-endowment principal and earnings, a property annuity, and property assets.

Note 2 - Summary of Significant Accounting Policies (Continued)

- **Permanently Restricted Net Assets** - Net assets subject to donor-imposed stipulations to be maintained permanently by the Foundation. The donors of these assets permit the Foundation to use the income earned on related investments for general or specific purposes. This category includes annuity funds and true endowment principal.

Revenue - Revenue is reported as increases in unrestricted net assets unless the use of the related assets is limited by donor-imposed restrictions. Expenses are reported as decreases in unrestricted net assets. Gains and losses on investments and other assets or liabilities are reported as increases or decreases in unrestricted net assets unless their use is restricted by explicit donor stipulation or by law. Expirations of temporary restrictions on net assets (i.e., the donor-stipulated purpose has been fulfilled and/or the stipulated time period has elapsed) are reported as the release of restrictions in the accompanying statement of activities.

Underwater Endowments - In Ohio, the Uniform Prudent Management of Institutional Funds Act (UPMIFA) governs the investment of and spending from true endowments. As reported in Note 15, the Foundation has interpreted this act as requiring the preservation of the historical value of the original gift as of the gift date of the donor-restricted endowment fund. Under this interpretation, if the market value of an endowment drops below the historic gift value, the endowment is considered to be underwater. The net depreciation of an underwater endowment will reduce unrestricted net assets. Any future gains will be used to restore the cumulative deficiency within unrestricted net assets. Once unrestricted net assets have been fully restored, net appreciation will be recorded within either temporarily or permanently restricted net assets, as required by the donor's restriction.

Income Taxes - The Foundation is an Ohio nonprofit organization, tax-exempt under Section 501(c)(3) of the Internal Revenue Code and exempt from federal, state, and local income tax on related income.

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Foundation's management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Note 2 - Summary of Significant Accounting Policies (Continued)

Cash and Cash Equivalents - The Foundation considers highly liquid instruments with a maturity of three months or less when purchased to be cash equivalents. Approximately $8 million of cash equivalents held as part of the investment pool is classified as investments and is excluded from cash equivalents for purposes of the statement of cash flows.

Investments - Investments in equity securities with readily determinable fair values and all investments in debt securities are measured at fair value. The fair values of investments are based on quoted market prices. Investments not publicly traded are either stated at cost, which approximates market, or at appraised market values when applicable. Alternatives are recorded at their most recent available valuation as provided by the investment custodian. Donated investments including donated property are recorded as contributions at fair value on the date received. Realized gains (losses) on investments are the difference between the proceeds received and the average cost of investments sold. Net appreciation in the fair value of investments (including realized gains (losses) and unrealized gains (losses) and dividends and interest) is included in revenue, gains, and other income of unrestricted net assets, unless the net appreciation or investment income is restricted by the donor in a non-underwater account.

At June 30, 2010 and 2009, the Foundation has remaining capital commitments for investment in a private equity fund of approximately $3,705,000 and $4,600,000, respectively.

Property - Property is recorded at cost at the date of acquisition or estimated fair value at the date of donation. Depreciation is computed over the estimated useful life of the asset, 25 years, using the straight-line method.

Pledges Receivable - The Foundation records pledges and unconditional promises to give as receivables and revenue in the year the pledge is made. Those that are expected to be collected within one year are recorded at net realizable value. Unconditional promises to give that are expected to be collected in future years are recorded at the present value of their estimated future cash flows. The discounts on those amounts are computed using risk-free interest rates applicable to the years in which the promises are received. Amortization of the discounts is included in contribution revenue. Conditional promises to give are not included as revenue until the conditions are substantially met.

Note 2 - Summary of Significant Accounting Policies (Continued)

Fair Value of Financial Instruments - The estimated fair value amounts have been determined by the Foundation using available market information and appropriate valuation methodologies. These estimates are subjective in nature and involve uncertainties and matters of considerable judgment. Accordingly, the estimates presented herein are not necessarily indicative of the amounts the Foundation could realize in a current market exchange. The use of different assumptions, judgments, and/or estimation methodologies may have a material effect on the estimated fair value amounts. All investment securities, the actuarial liability for annuity/unitrust agreements, and refundable advances are carried at fair value in the financial statements.

Credit Risk Concentrations - Financial instruments which potentially expose the Foundation to concentrations of credit risk include investments in marketable securities and pledges receivable. As a matter of policy, the Foundation only maintains balances with financial institutions having a high credit quality. Concentration of credit risk for investments in marketable securities is mitigated by both the distribution of investment funds among asset managers and the overall diversification of managed investment portfolios. Concentration of credit risk for pledges receivable is generally limited due to the dispersion of these balances over a wide base of donors.

Expenses - The Foundation's expenses are classified into two categories: (1) distributions to or for The University of Akron and (2) administration of the Foundation. The expenses relating to the administration of the Foundation include both fundraising and management and general activities. Total expenses consisted of expenses related to program services, management and general, and fundraising. Costs are allocated between the various programs and support services on an actual basis, where available, or based upon reasonable methods. Although methods of allocation used are considered appropriate, other methods could be used that would produce different amounts.

Fair Value Option - The fair value option for financial assets and financial liabilities permits entities to choose to measure many financial instruments and certain other items at fair value. The fair value option may be applied instrument by instrument, is irrevocable, and is applied only to entire instruments and not to portions of instruments. The Foundation made the fair value option election with respect to the annuity pool and refundable advances as of July 1, 2008.

Note 2 - Summary of Significant Accounting Policies (Continued)

Management made the election for the fair value option to provide an accurate portrayal of these balances by discounting the annuities pool given the length of time involved with some of the annuities and by adjusting the refundable advances to their underlying investment's market value.

The fair value of the annuity pool, which relates to the split-interest agreements, and the fair value of refundable advances, which relates to a revocable trust, is estimated by discounting expected cash inflows and outflows to their present value using appropriate rates with the risk of realizing such cash inflows and outflows. The fair value of the annuity pool at June 30, 2010 and 2009 is $10,775,286 and $11,271,563, respectively. The fair value of refundable advances at June 30, 2010 and 2009 is $76,091 and $68,835, respectively.

Risks and Uncertainties - The Foundation invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of financial position.

Subsequent Events - The financial statements and related disclosures include evaluation of events up through and including October 1, 2010, which is the date the financial statements were available to be issued.

Note 3 - Investments

Investments are stated at fair value. Fluctuations in fair value, as well as gains or losses on sales of securities, are recognized in the statement of activities. Investments as of June 30, 2010 and 2009 were as follows:

	2010	2009
Pooled investment funds managed for the Foundation:		
AIM	$ 6,232,947	$ -
Aletheia	5,183,086	8,345,129
Alliance	3,143,362	6,035,069
Denver	1,810,847	1,569,943
Earnest	3,873,528	3,219,288
Eaton Vance	7,893,458	8,024,864
ING Global	2,924,029	2,651,655
Julius Baer	-	8,751,620
Merrill Lynch Main Account	178,889	43,565
Metropolitan West	-	27,274,623
MetWest TALF Fund	5,012,010	-
Neuberger Berman	6,624,001	-
NFJ	9,476,382	8,266,112
Oak Associates	2,650,259	2,062,753
PIMCO	19,821,015	-
Robeco Sage	6,934,850	2,635,453
Smith Group	3,448,727	6,168,555
The Common Fund	56,944	76,562
Thornburg	6,193,193	-
Vesey Street Private Equity	2,460,348	1,885,542
Wentworth	1,663,063	1,490,922
Total pooled investment funds	95,580,938	88,501,655
Bonds	3,816,208	4,248,787
Commercial paper	5,317,280	7,471,112
Common stocks	785,183	775,669
Floaters	1,445,000	1,455,000
Insurance policies - Cash surrender value	280,535	280,535
Money market funds	9,476,833	3,657,053
Mutual funds	5,251,492	4,484,870
Premium public funds	-	357,000
U.S. Treasury obligations	702,067	582,011
Total fair value	$ 122,655,536	$ 111,813,692
Total cost	$ 127,650,024	$ 129,564,661

Note 3 - Investments (Continued)

The pooled investment funds are invested in diverse portfolios. Limitations have been placed on the trust fund managers to stay within specified parameters in managing the portfolios.

Approximately 74 percent and 69 percent of the pooled investment funds were invested in common and preferred stocks in a variety of industries and 26 percent and 31 percent were invested in fixed income securities at June 30, 2010 and 2009, respectively. At June 30, 2010 and 2009, pooled investment funds included alternative investments totaling $14,199,673 and $4,596,865, respectively. Market prices are not available for certain investments, primarily private equity and hedge funds. These investments are carried at estimated fair value provided by the funds' managements. The Foundation believes that the carrying amounts are reasonable estimates of fair value as of June 30, 2010.

Note 4 - Pledges Receivable

Unconditional promises to give are included in the financial statements as pledges receivable. Pledges are recorded at their approximate present value. For pledges made during the year ended June 30, 2010, the future expected cash flows from pledges receivable have been discounted using a discount rate of 1.79 percent for pledges with durations of five years or less. No pledges with durations exceeding five years were made during 2010. For pledges made during the year ended June 30, 2009, the future expected cash flows from pledges receivable have been discounted using a discount rate of 3.19 percent for pledges with durations of five years or less and 4.30 percent for pledges with durations exceeding five years.

Pledges receivable at June 30, 2010 and 2009 are expected to be realized in the following periods:

	2010	2009
Less than one year	$ 4,272,716	$ 3,314,852
One to five years	8,439,067	6,476,757
More than five years	9,051,250	9,901,000
Total	21,763,033	19,692,609
Less amount estimated to be uncollectible	(1,134,301)	(1,060,582)
Less unamortized discount	(3,809,802)	(4,096,919)
Total pledges receivable - Net	$ 16,818,930	$ 14,535,108

Note 4 - Pledges Receivable (Continued)

As of June 30, 2010, the Foundation has $32,338,932 in numerous outstanding pledges which are considered to be intentions to give and are contingent upon future events. These pledges are not accrued as contributions receivable or recognized as revenue because they do not represent unconditional promises to give. It is not practicable to estimate the ultimate realizable value of these commitments or the period over which they might be collected.

Note 5 - Property

Property consists of the following at June 30, 2010 and 2009:

			Totals	
	Non-depreciable	Depreciable	2010	2009
Brown Street Property	$ 81,000	$ -	$ 81,000	$ 81,000
Union Street Property	126,460	-	126,460	126,460
Miller Parkway Land	155,825	-	155,825	155,825
E. Exchange Street Property	401,385	-	401,385	401,385
Torrey Street Property	6,814	160,426	167,240	167,240
Avery Place Property	12,017	-	12,017	12,017
South Arlington Street Land	-	-	-	220,000
Dale Street Property	27,460	82,540	110,000	110,000
Heritage Centre Lot A	1,600,000	-	1,600,000	1,600,000
Heritage Centre Lot B	1,300,000	-	1,300,000	1,300,000
Heritage Centre Lot C	1,150,000	-	1,150,000	1,150,000
Heritage Centre Lot D	600,000	-	600,000	600,000
Less accumulated depreciation	-	(162,077)	(162,077)	(162,077)
Total	$ 5,460,961	$ 80,889	$ 5,541,850	$ 5,761,850

Note 6 - Contributions Payable to the University

The Foundation may receive gifts on behalf of the University. The Foundation records a contribution payable to the University for such gifts. In 2010 and 2009, the Foundation recorded $2,494,368 and $1,360,406, respectively, of contribution revenue for amounts received on behalf of the University.

Note 7 - Split-interest Agreements

The Foundation has entered into charitable gift annuity agreements which include provisions requiring the Foundation to pay periodic fixed payments to beneficiaries during their lifetimes. Charitable gift annuities differ from other charitable giving options in that the annuity is a general obligation of the Foundation. Accordingly, if the assets of the gift are exhausted as a result of required payments to beneficiaries, then the unrestricted assets of the Foundation will be utilized to fund future payments.

The Foundation has also entered into unitrust, annuity trust, and pooled income agreements which include provisions for the Foundation to pay beneficiaries' periodic payments until either the assets of the trust have been exhausted or until death of the beneficiaries. Upon death of the beneficiaries, any remaining property in the trust or pooled income fund will be transferred to the Foundation in accordance with the agreements.

The Foundation accounts for such agreements by recording the fair market value of assets donated as of the date of the gift and by recording the actuarial present value of the annuities payable using the applicable IRS tables (discount rates used at June 30, 2010 and 2009 were 3.4 percent and 2.8 percent, respectively) based on the term of the agreement, as a liability. The balance of the gift is recorded as unrestricted, temporarily restricted, or permanently restricted contributions, as appropriate.

The Foundation's payments to beneficiaries under the split-interest agreements reduce the annuity liability. Adjustments to the annuity liability are made to report amortization of the discount and record changes in the life expectancy of the beneficiary. These adjustments, as well as the return on the underlying investment assets (fair value of $13,126,527 and $13,379,640 at June 30, 2010 and 2009, respectively), are recognized in the statement of activities as changes in the value of split-interest agreements.

Note 8 - Beneficial Interest in Lead Trusts

On June 30, 2009, the Foundation had irrevocable rights to receive a portion of the specified cash flows from certain charitable lead trusts. The recorded beneficial interest in the lead trusts is based on the present value of the future cash flows to the Foundation using a discount rate of 4.89 percent. The Foundation's access to the assets held in these trusts was terminated during the year ended June 30, 2010. Due to the time restriction of the Foundation's access to the assets held in these trusts, the Foundation's interests in the lead trusts are recorded as temporarily and permanently restricted net assets as applicable. Adjustments to the carrying value of the trusts and income distributions received are recognized as increases or decreases in temporarily and permanently restricted net assets.

Note 9 - Beneficial Interest in Real Estate

The Foundation has the irrevocable right to receive ownership of certain real estate. The donor has retained the right to the use of the real estate for the donor's lifetime. The carrying value of the real estate (based upon an independent appraisal) is reported as a beneficial interest in real estate and as temporarily restricted net assets. Also, based on the agreement, the Foundation is required to pay periodic fixed payments to the donor during his lifetime. The Foundation recorded the present value of this annuity payable using the applicable IRS tables (discount rates used at June 30, 2010 and 2009 were 3.4 percent and 2.8 percent, respectively), based on the term of the agreement, as a liability.

Note 10 - Line of Credit

On January 2, 2007, the Foundation obtained a $5,000,000 revolving line of credit with National City Bank (which subsequently was merged into PNC Financial Services). Interest on the revolver is at a fluctuating rate of LIBOR Flex plus 0.40 percent per annum. At June 30, 2010 and 2009, interest on the revolver was 0.75 percent and 0.71 percent, respectively. There was $5,000,000 and $1,800,000 outstanding under this agreement at June 30, 2010 and 2009, respectively. The Foundation is not required to pay a fee on the unused line of credit. The line of credit agreement is set to expire January 2, 2012.

The proceeds from the line of credit were used by the University during fiscal years 2010 and 2009. The Foundation has recorded noninterest-bearing note receivables as of June 30, 2010 and 2009 which include the amount of the transfer plus accrued interest totaling $5,008,989 and $1,803,939, respectively. The University is responsible for the interest and any other costs associated with the line of credit and there are no specified repayment terms for the note.

Note 11 - Net Assets

Unrestricted net assets at June 30, 2010 and 2009 are as follows:

	2010	2009
Current operations	$ 725,585	$ 324,500
Board designated	5,411,125	5,364,264
Underwater endowment adjustment (Note 15)	(10,795,459)	(14,541,887)
Total	$ (4,658,749)	$ (8,853,123)

Temporarily restricted net assets, principally related to scholarships, specific schools within the University, department chairs, and various other purposes related to support of the University at June 30, 2010 and 2009, are as follows:

	2010	2009
Accumulated appreciation on true endowments	$ 12,490,303	$ 10,943,859
Accumulated appreciation on specific purpose funds	551,098	79,440
Specific purpose funds	19,199,480	19,039,643
Split-interest agreements	17,925	17,181
Pledges receivable	15,483,965	14,019,644
Total	$ 47,742,771	$ 44,099,767

Permanently restricted net assets, principally related to scholarships, specific schools within the University, department chairs, and various other purposes related to support of the University at June 30, 2010 and 2009 are as follows:

	2010	2009
Endowment funds	$ 81,329,387	$ 80,087,131
Split-interest agreements	2,333,315	2,090,896
Pledges receivable	1,334,966	515,464
Total	$ 84,997,668	$ 82,693,491

Note 11 - Net Assets (Continued)

Net assets were released from donor restrictions by incurring expenses satisfying the restricted purposes of scholarships and development of the University in the amount of $11,609,401 and $10,414,692 during fiscal years 2010 and 2009, respectively.

Note 12 - University Services

The University allocated certain overhead expenses to the Foundation totaling $403,468 and $402,328 in fiscal 2010 and 2009, respectively. These amounts are recorded as "services performed by University personnel" in the statement of activities.

Note 13 - Note Payable

Note payable consists of an unsecured note to an unrelated third party. The note bears no interest and the unpaid balance is due January 10, 2011.

Note 14 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

In general, fair values determined by Level 1 inputs use quoted prices in active markets for identical assets or liabilities that the Foundation has the ability to access.

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets and liabilities in active markets, and other inputs such as interest rates and yield curves that are observable at commonly quoted intervals.

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset or liability. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

Note 14 - Fair Value Measurements (Continued)

In instances where inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Foundation's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset or liability.

The following tables present information about the Foundation's assets and liabilities measured at fair value on a recurring basis at June 30, 2010 and 2009, and the valuation techniques used by the Foundation to determine those fair values.

Disclosures concerning assets and liabilities measured at fair value are as follows:

Assets and Liabilities Measured at Fair Value on a Recurring Basis at June 30, 2010

	Balance at June 30, 2010	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Assets - Investments				
Pooled investment funds managed for the Foundation less cash equivalents (see Note 2)	$ 87,888,176	$ 62,440,776	$ 11,247,727	$ 14,199,673
Bonds	3,816,208	-	3,816,208	-
Commercial paper	5,317,280	-	5,317,280	-
Common stocks	785,183	785,183	-	-
Floaters	1,445,000	-	1,445,000	-
Money market mutual funds	9,476,833	9,476,833	-	-
Mutual funds	5,251,492	5,251,492	-	-
U.S. Treasury obligations	702,067	-	702,067	-
Liabilities				
Actuarial liability for annuity/unitrust agreements	(10,775,286)	-	-	(10,775,286)
Refundable advances	(76,091)	-	-	(76,091)

Note 14 - Fair Value Measurements (Continued)

Assets and Liabilities Measured at Fair Value on a Recurring Basis at June 30, 2009

	Balance at June 30, 2009	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Assets - Investments				
Pooled investment funds managed for the Foundation less cash equivalents (see Note 2)	$ 81,400,113	$ 54,800,389	$ 22,002,859	$ 4,596,865
Bonds	4,248,787	-	4,248,787	-
Commercial paper	7,471,112	-	7,471,112	-
Common stocks	775,669	775,669	-	-
Floaters	1,455,000	-	1,455,000	-
Money market mutual funds	3,647,091	3,647,091	-	-
Mutual funds	4,484,870	4,484,870	-	-
U.S. Treasury obligations	582,011	-	582,011	-
Liabilities				
Actuarial liability for annuity/unitrust agreements	(11,271,563)	-	-	(11,271,563)
Refundable advances	(68,835)	-	-	(68,835)

Included in the Level 1 money market mutual funds above is approximately $9,000,000 invested in a PNC Government Money Market Fund as of June 30, 2010. Included in the Level 2 pooled investment funds above is approximately $5,000,000 invested in FNMA securities and $6,000,000 invested in U.S. Treasury obligations as of June 30, 2010. No other significant concentrations of investments exist as of June 30, 2010 and 2009.

Note 14 - Fair Value Measurements (Continued)

Changes in Level 3 Assets Measured at Fair Value on a Recurring Basis

	Hedge Funds	Private Equity Funds	Actuarial Liability for Annuity/Unitrust Agreements	Refundable Advances
Balance at June 30, 2009	$ 2,635,303	$ 1,961,562	$ (11,271,563)	$ (68,835)
Total unrealized gains (losses) included in change in net assets	299,504	455,690	810,758	(7,256)
Net additions, purchases, sales, and maturities	4,000,000	5,068,820	(314,481)	-
Other changes	-	(221,206)	-	-
Balance at June 30, 2010	$ 6,934,807	$ 7,264,866	$ (10,775,286)	$ (76,091)

Both observable and unobservable inputs may be used to determine the fair value of positions classified as Level 3 assets and liabilities. As a result, the unrealized gains and losses for these assets and liabilities presented in the tables above may include changes in fair value that were attributable to both observable and unobservable inputs.

Investments categorized as Level 3 assets primarily consist of hedge funds and private equity funds. The Foundation estimates the fair value of these investments based on information provided by fund managers or the general partners.

Split-interest agreement liabilities characterized as Level 3 liabilities consist primarily of charitable gift annuity agreements. Refundable advances characterized as Level 3 liabilities consist of revocable trusts. The Foundation estimates the fair value of these contributions based upon the present value of the expected future cash flows using management's best estimates of key assumptions including life expectancies of annuitants, payment periods, and a discount rate commensurate with the current market and other risks involved.

Note 14 - Fair Value Measurements (Continued)

Investments in Entities that Calculate Net Asset Value per Share

The Foundation holds shares or interests in investment companies at year end where the fair value of the investment held is estimated based on the net asset value per share of the investment company.

At year end, the fair value net of cash equivalents, unfunded commitments, and redemption rules of those investments is as follows :

	Fair Value	Unfunded Commitments	Redemption Frequency, If Eligible	Redemption Notice Period
MetWest TALF Fund	$ 5,011,925	$ -		
Robeco Sage Hedge Fund	6,934,807	-	Quarterly	At least 45 days
Total at June 30, 2010	$ 11,946,732	$ -		

As one of the federal government's efforts to stimulate economic activity and promote orderly and liquid capital markets, the Term Asset-Backed Securities Loan Facility (TALF) was unveiled in early 2009 to attract capital to consumer lending markets such as auto loans and leases, credit cards, student loans, and equipment leases. The MetWest Enhanced TALF Strategy Fund was established to capitalize on the program. The fair value of the TALF Fund has been estimated using the net asset value per share of the investments.

The Robeco Sage hedge fund uses over 30 managers to pursue multiple strategies globally to diversify risks and reduce volatility. The strategies used fall within three categories: long/short equity, event driven, and active trading. The proportion of funds invested in each category can vary over time. At June 30, 2010, approximately 34 percent was invested in long/short equity, 34 percent in event driven, 26 percent in active trading, and the remaining 6 percent in cash and accruals. The fair value of the Robeco Sage Fund has been estimated using the net asset value per share of the investments.

Note 15 – Donor- and Board-restricted Endowments

The Foundation's endowment includes both donor-restricted endowment funds and funds designated by the board of directors to function as endowments. Net assets associated with endowment funds, including funds designated by the board of directors to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions.

Interpretation of Relevant Law

The board of directors of the Foundation has interpreted the Uniform Prudent Management of Institutional Funds Act (UPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Foundation classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the Foundation in a manner consistent with the standard of prudence prescribed by UPMIFA. In accordance with UPMIFA, the Foundation considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

(1) The duration and preservation of the fund
(2) The purposes of the Foundation and the donor-restricted endowment fund
(3) General economic conditions
(4) The possible effect of inflation and deflation
(5) The expected total return from income and the appreciation of investments
(6) Other resources of the Foundation
(7) The investment policies of the Foundation

Note 15 – Donor- and Board-restricted Endowments (Continued)

Endowment Net Asset Composition by Type of Fund as of June 30, 2010

	Unrestricted	Temporarily Restricted	Permanently Restricted	Total
Donor-restricted endowment	$ (10,718,752)	$ 12,490,304	$ 81,329,387	$ 83,100,939
Board-designated (quasi-endowment)	3,658,971	-	-	3,658,971
Total funds	$ (7,059,781)	$ 12,490,304	$ 81,329,387	$ 86,759,910

Changes in Endowment Net Assets for the Fiscal Year Ended June 30, 2010

Endowment net assets - End of the year	$ (10,941,434)	$ 10,943,859	$ 80,087,131	$ 80,089,556

Funds with Deficiencies

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or UPMIFA requires the Foundation to retain as a fund of perpetual duration. In accordance with U.S. GAAP, deficiencies of this nature that are reported in unrestricted net assets were $10,795,459 and $14,541,887 as of June 30, 2010 and 2009, respectively. These deficiencies resulted from unfavorable market fluctuations and continued appropriation for certain programs that was deemed prudent by the board of directors.

Note 15 – Donor- and Board-restricted Endowments (Continued)

Return Objectives and Risk Parameters

The Foundation has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets. Endowment assets include those assets of donor-restricted funds that the Foundation must hold in perpetuity or for donor-specified periods, as well as board-designated funds. Under this policy, as approved by the board of directors, the endowment assets are invested in a manner that is intended to produce results that exceed the price and yield results of the S&P 500 index while assuming a moderate level of investment risk. The Foundation expects its endowment funds, over time, to provide an average net rate of return of approximately 9.25 percent annually. Actual returns in any given year may vary from this amount.

Strategies Employed for Achieving Objectives

To satisfy its long-term rate-of-return objectives, the Foundation relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Foundation targets a diversified asset allocation that places a greater emphasis on equity-based investments to achieve its long-term return objectives within prudent risk constraints.

Spending Policy and Investment Objectives Related to Spending Policy

The Foundation investment and spending policy stipulates that 5 percent of a three-year rolling average of the market value of the endowment is available to spend, 1.5 percent of the three-year moving average of the market value of the endowment is available for support of the Foundation's administrative expenses, and the remaining income is to be reinvested. If an investment loss is incurred, the loss is allocated entirely as currently expendable. In establishing this policy, the Foundation considered the long-term expected return on its endowment. Accordingly, over the long term, the Foundation expects the current spending policy to allow its endowment to grow at an average of 2.75 percent annually. This is consistent with the Foundation's objective to maintain the purchasing power of the endowment assets held in perpetuity or for a specified term as well as to provide additional real growth through new gifts and investment return.

Note 16 - Fiscal Agent

During 2009, the Foundation entered into an agreement to serve as the fiscal agent for a non-profit Ohio corporation for educational, scientific, and charitable purposes called the BioInnovation Institute in Akron (the "Institute"). As part of this agreement, the Foundation is serving as the fiscal agent until a new 501(c)(3) organization can be established by the Institute. Members of the Institute include the University of Akron and other unrelated entities. As fiscal agent, the Foundation receives grant monies to invest and disburse. The Foundation has no discretion on use of the funds. The grant funds are segregated from the Foundation investment portfolio and invested in accordance with the direction of the member institutions of the Institute.

The Foundation has recorded investments held for the Institute and a corresponding liability for these funds of approximately $8,213,000 and $2,684,000 as of June 30, 2010 and 2009, respectively, related to this agreement.

Report on Internal Control Over Financial Reporting and on Compliance
and Other Matters Based on an Audit of Financial Statements
Performed in Accordance with *Government Auditing Standards*

To the Board of Directors
The University of Akron Foundation

We have audited the financial statements of the University of Akron Foundation (the "Foundation"), a discretely presented component unit of the University of Akron, as of and for the years ended June 30, 2010 and 2009 and have issued our report thereon dated October 1, 2010. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Foundation's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the entity's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

To the Board of Directors
The University of Akron Foundation

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the University of Akron Foundation's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the Foundation's board of directors, management of the Foundation, and the Auditor of the State of Ohio and is not intended to be used and should not be used by anyone other than these specified parties.
