AUDIT REPORT

FOR THE YEAR ENDED JUNE 30, 2011

Dave Yost • Auditor of State

Board of Directors
Trumbull Metropolitan Housing Authority
4076 Youngstown Road SE
Warren, Ohio 44484

We have reviewed the *Independent Auditor's Report* of the Trumbull Metropolitan Housing Authority, Trumbull County, prepared by James G. Zupka, CPA, Inc., for the audit period July 1, 2010 through June 30, 2011. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The Trumbull Metropolitan Housing Authority is responsible for compliance with these laws and regulations.

INDEPENDENT AUDITOR'S REPORT

Board of Directors
Trumbull Metropolitan Housing Authority
Warren, Ohio

Regional Inspector General of Audit
Department of Housing and Urban
Development

We have audited the accompanying financial statements of the business-type activities and the aggregate discretely presented component units of the Trumbull Metropolitan Housing Authority, Ohio (the Authority), as of June 30, 2011, which collectively comprise the Authority's basic financial statements as listed in the Table of Contents. These financial statements are the responsibility of the Trumbull Metropolitan Housing Authority, Ohio's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and the aggregate discretely presented component units of the Trumbull Metropolitan Housing Authority, Ohio, as of June 30, 2011, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued a report dated December 8, 2011, on our consideration of Trumbull Metropolitan Housing Authority, Ohio's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis information on pages 3 through 11 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Trumbull Metropolitan Housing Authority, Ohio's basic financial statements as a whole. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by U. S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the basic financial statements. The Schedule of Expenditures of Federal Awards is the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the above mentioned schedules are fairly stated in all material respects in relation to the financial statements as a whole.

The Authority has not presented the Financial Data Schedules (FDS) utilized by the U.S. Department of Housing and Urban Development (HUD) for additional analysis, although not required to be part of the basic financial statements. The FDS are not available as HUD has not completed its review of the date of this report.

TRUMBULL METROPOLITAN HOUSING AUTHORITY
Management's Discussion and Analysis
for the Year ended June 30, 2011
(Unaudited)

The Trumbull Metropolitan Housing Authority's ("the Authority" or Primary Government) management's discussion and analysis is designed to assist the reader on significant financial issues, provide an overview of the Authority's financial activity, identify changes in the Authority's financial position, and identify individual account issues or concerns.

The Management's Discussion and Analysis (MD&A) is designed to focus on the fiscal year ended June 30, 2011 activities, resulting changes, and currently known facts. Please read it in conjunction with the Authority's financial statements (beginning on page 12). In accordance with GASB Statement No. 34, paragraph 10, the financial information and discussion presented below focuses on the primary government. Due to the significance of the component units when compared to the primary government, the financial information is provided for the component units in some instances to provide for a more complete and meaningful discussion of financial results. Regardless, discussion in the MD&A attempts to distinguish between information pertaining to the primary government and that of its component units.

FINANCIAL HIGHLIGHTS

- The primary government's net assets increased by \$2.81 million (or 13 percent) during 2011. Net assets were \$21.03 million and \$23.84 million for 2010 and 2011, respectively. A \$4.27 million net non-operating revenue offset a \$1.46 million loss from operations. Capital grants were \$3.79 million (or 89 percent) of the non-operating revenue. There was a \$.81 million of net income from operations without consideration of depreciation. Depreciation amounted to 2.28 million of operating expenses. Except for a small decrease in tenant rental revenue, all categories of income increased. Program operating grants and subsidies alone increased by \$1 million (or 10 percent). Since the Authority engages only in business-type activities, the increase is all in the category of business-type net assets.
- Revenue for the primary government increased by \$4.43 million (or 34.39 percent) during 2011, and was \$12.88 million and \$17.31 million for 2010 and 2011, respectively. Revenue from capital grants increased \$3.07 million, while operating grants increased by \$1.04 million, other income and interest income netted a small increase of \$.02 million and tenant rental revenue decreased by \$.14 million (or 8.48 percent).
- Total expenses for the primary government increased slightly by \$1.17 million (or 8.78 percent). Of this amount, administrative expenses increased by \$.08 million while other expenses including utilities, tenant services, Housing Assistance Payments and other operating expenses increased by \$1.8 million. Of this increase, \$1.5 million of other operating expenses included demolition costs of \$1.4 million. On the other hand, maintenance costs, general and protective services and depreciation decreased by \$.74 million. Total expenses were \$13.33 million and \$14.50 million for 2010 and 2011, respectively.
- The Authority's component units consist of two non-profit organizations, the Warren Housing Development Corporation and the Western Reserve Housing Development Corporation.

The notes to the financial statements provide further explanation of the component units.

- Net assets for the component units were \$13.45 million for 2011, increasing from \$12.67 million for 2010. These net assets amount to approximately 36.07 percent of the combined net assets for the primary government and component units.
- Revenue for the component units decreased by \$.09 million (or 2.00 percent) during 2011, and was \$4.51 million and \$4.42 million for 2010 and 2011, respectively. Revenue from investments net of interest expense decreased by \$.02 million, while revenue from various program grants and other income decreased by \$.07 million.
- Total expenses for the component units decreased by \$.10 million (or 2.7 percent) and was \$3.81 million and \$3.71 million for 2010 and 2011, respectively.

OVERVIEW OF THE FINANCIAL STATEMENTS

The financial statements presented (pages 12-14) are those of the Authority as a whole (Authority-wide) and the component units, discretely reported. The financial statements are further detailed by major account. This perspective (Authority-wide, major account, and component units) allows the user to address relevant questions, broadens a basis for comparison (year to year or Authority to Authority) and enhances the Authority's accountability.

These statements include a **Statement of Net Assets**, which is similar to a balance sheet. The Statement of Net Assets reports all financial and capital resources for the Authority. The statement is presented in the format where assets minus liabilities equals "Net Assets", formerly known as equity. Assets and liabilities are presented in order of liquidity, and are classified as "Current" (convertible into cash within one year), and "Non-Current".

The focus of the Statement of Net Assets is the Unrestricted Net Assets. Unrestricted Net Assets represents the net available liquid (non-capital) assets, net of liabilities, for the entire Authority. Net assets (formerly equity) are reported in three broad categories:

Net Assets, Invested in Capital Assets, Net of Related Debt: This component of net assets consists of all capital assets, reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Restricted Net Assets: This component of net assets consists of restricted assets, when constraints are placed on the asset by creditors (such as debt covenants), grantors, contributors, laws, regulations, etc.

Unrestricted Net Assets: Consists of net assets that do not meet the definition of "Net Assets Invested in Capital Assets, Net of Related Debt", or "Restricted Net Assets".

The Authority-wide financial statements also include a **Statement of Revenues, Expenses, and Changes in Net Assets** (similar to an income statement). This statement includes operating revenues, such as rental income; operating expenses, such as administrative, utilities, maintenance, and depreciation; and non-operating revenue and expenses, such as capital grant revenue, investment income, and interest expense.

The focus of the Statement of Revenues, Expenses and Changes in Net Assets is the "Change in Net Assets", which is similar to net income or loss.

Finally, a **Statement of Cash Flows** is included, which discloses net cash provided by, or used for operating activities, non-capital financing activities, and from capital and related financing activities.

Financial Statements by Major Fund

In general, the Authority's financial statements consist exclusively of an enterprise fund. An enterprise fund utilizes the full accrual basis of accounting. The enterprise method of accounting is similar to accounting utilized by private sector accounting.

Many of the funds maintained by the Authority are required by the United States Department of Housing and Urban Development (HUD). Others are segregated to enhance accountability and control.

THE AUTHORITY'S PROGRAMS

Business Type Programs

Conventional Public Housing - Under the Conventional Public Housing Program, the Authority rents units it owns to low-income households. The Conventional Public Housing Program is operated under an Annual Contributions Contract (ACC) with HUD, and HUD provides operating subsidy and capital grant funding to enable the PHA to provide the housing at a rent that is based on 30 percent of household income. The Conventional Public Housing Program also includes the Capital Fund Program, which is the primary funding source for physical and management improvements to the Authority's properties.

Housing Choice Voucher Program - Under the Housing Choice Voucher Program, the Authority administers contracts with independent landlords that own the property. The Authority subsidizes the family's rent through a Housing Assistance Payment (HAP) made to the landlord. The program is administered under an Annual Contributions Contract (ACC) with HUD. HUD provides Annual Contribution Funding to enable the Authority to structure a lease that sets the participants' rent at 30 percent of household income. The Authority receives administrative fees from HUD to administer the program.

Other Programs - In addition to the programs above, the Authority also maintains the following programs:

Housing Choice Voucher Family Self-Sufficiency Program Coordinator Grant - a grant program funded by the Department of Housing and Urban Development that promotes the development of local strategies to coordinate the use of assistance under the Housing Choice Voucher Program with public and private resources to enable participating families to achieve economic independence and self-sufficiency.

ROSS - a grant program funded by the Department of Housing and Urban Development to assist residents in the process of moving from welfare to work.

Component Unit Activities - represents resources developed from a variety of activities, including, but not limited, to the following programs:

Elderly Service Coordinator Grant- a grant funded by the Department of Housing and Urban Development to provide elderly residents with a support system and connect them with available community resources.

Youth Build Program Grants- grants funded by the Department of Labor to provide unemployed, at-risk youth with construction skills, a high school education, and basic leadership training while rehabilitating or constructing new housing for people in their communities.

Major Factors Affecting The Statement of Net Assets

During 2011, total assets increased by \$2.60 million. An increase of \$.30 million in current assets resulted mostly from an increase in cash due to higher net operating income. An increase of \$2.30 million in capital assets is due to a higher volume of capitalized expenditures than capital expenses (via depreciation) in 2011. For more detail, see "Capital Assets and Debt Administration" on page 10. Total liabilities decreased by \$.21 million due mostly to a decrease in trade payables and payroll expenditures due but not yet paid in 2011 as compared to 2010. For more detail, see "Debt Outstanding" on page 11. These changes resulted in an increase of \$.57 million in unrestricted net assets.

During 2011, total assets for the component units increased by \$.48 million. Unrestricted net assets increased by \$.82 million. These changes are mostly due to an increase of cash netted from operations.

Table 2 presents details on the change in Unrestricted Net Assets.

Table 2 - Change of Unrestricted Net Assets - Primary Government

	Millions of Dollars
Unrestricted Net Assets 06/30/10	\$ 3.24
Results of Operations	(1.46)
Adjustments:	
Depreciation (1)	2.28
Adjusted Results from Operations	4.06
Net Change in Restricted Assets	.03
Net Change in Capital Assets of Debt Payments (2)	(.28)
Unrestricted Net Assets 06/30/11	\$ 3.81

(1) Depreciation is treated as an expense and reduces the results of operations but does not have an impact on unrestricted net assets.

(2) Capital expenditures represent an outflow of unrestricted net assets, but are not treated as an expense against results of operations, and therefore must be deducted.

While the results of operations are a significant measure of the Authority's activities, the analysis of the changes in unrestricted net assets provides a clearer change in financial well-being.

MAJOR FACTORS AFFECTING THE STATEMENTS OF REVENUE, EXPENSES, AND CHANGES IN NET ASSETS

Tenant rent revenue decreased slightly during 2011 in comparison to 2010 due, primarily, to higher utility cost allowances and lower tenant incomes. Operating subsidies were funded by HUD at a higher percentage of the eligible amount in calendar years 2010 and 2011. Funding for the Housing Choice Voucher Program also increased slightly from 2010 to 2011 by approximately \$.02 million. Housing Assistance Payment (HAP) reserves decreased slightly in 2011 by \$.03 million. Capital grants (expenditures) increased from 2010 to 2011 by \$3.07 million, mostly due to an increase in the number and size of the capital projects underway. Managing invested reserves resulted in maximized earnings.

Total administrative expenses increased only slightly from 2010 to 2011. Although utility expenses increased slightly in 2011 due in part to an increase in water and sewer rates as well as a winter less mild than 2010, the Authority continued to benefit from special negotiated rates for natural gas and electricity and from its day-to-day conservation efforts. Maintenance expenses are more in line with years prior to 2010, a 23.16 percent increase occurred in expenditures related to deferred maintenance. Program were higher in 2011 compared to 2010 resulting in an increase of \$.21 million in Housing Assistance Payments from 2010 to 2011.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

As of year end, the Authority had \$19.86 million invested in a variety of capital assets as reflected in the following schedule, which represents a net increase (addition, deductions and depreciation) of \$2.30 million or 13 percent from the end of last year.

As of year-end, the component units had \$9.32 million invested in a variety of capital assets. When compared to last year, the net book value of capital assets associated with their multifamily developments, the Youth Build Program rehabilitation projects and furniture and equipment decreased by \$.35 million. Capital Expenditures amounted to \$.13 million while depreciation amounted to \$.47 million.

DEBT OUTSTANDING

The Authority acquired debt (i.e. deferred loan) in 2011 equal to \$.20 million related to five properties purchased with Neighborhood Stabilization Program grant funds. It had no debt related to its public housing developments outstanding at the end of either 2011 or 2010. The component units, however, had debt equal to \$3.06 million at the end of 2011, compared to \$3.35 at the end of 2010.

A summary of outstanding debt is presented in detail on pages 29 through 31 of the notes.

ECONOMIC FACTORS

Significant economic factors affecting the Authority are as follows:

- Federal funding provided by Congress to the Department of Housing and Urban Development
- Local labor supply and demand, which can affect salary and wage rates
- Local inflationary, recessionary and employment trends, which can affect resident incomes and therefore the amount of rental income
- Inflationary pressure on utility rates, supplies, and other costs

TRUMBULL METROPOLITAN HOUSING AUTHORITY
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2011

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Description of the Entity and Programs

The Trumbull Metropolitan Housing Authority (the Authority) is a political subdivision created under Ohio Revised Code Section 3735.27 to engage in the acquisition, development, leasing, and administration of a low-rent housing program. The Authority contracts with the United States Department of Housing and Urban Development (HUD) to provide low and moderate income persons with safe and sanitary housing through rent subsidies provided by HUD. The Authority depends on the subsidies from HUD to operate. The Authority participates in the Section 8 Housing Choice Voucher program provided by HUD. This program helps assist families in the payment of rent. Under this program, the Authority determines the amount of subsidy a family will receive using HUD guidelines; however, there is a limit to the amount charged to the family. The Authority also participates in the Public Housing program. Under this program, the Authority manages constructed or financed public housing units using grant funds from HUD. Tenants of these facilities pay a percentage of his/her adjusted gross income towards rent and utilities.

B. Summary of Significant Accounting Policies

The financial statements of the Authority have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Authority's accounting policies are described below.

C. Reporting Entity

For financial reporting purposes, the reporting entity is defined to include the primary government, component units and other organizations that are included to insure that the financial statements are not misleading consistent with Governmental Accounting Standards Board Statement No. 14, *The Financial Reporting Entity*. Based on application of the criteria set forth in GASB Statements No. 14 and No. 39, the Authority annually evaluates potential component units (PCU) for inclusion based on financial accountability, the nature and significance of their relationship to the Authority, and whether exclusion would cause the basic financial statements to be misleading or incomplete.

(CONTINUED)

NOTE 1: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (Continued)

C. **Reporting Entity** (Continued)

The primary government consists of all funds, agencies, departments and offices that are not legally separate from the Authority. The preceding financial statements include all funds and account groups of the Authority (the primary government) and the Authority's component units. The following organizations are described due to their relationship to the Authority.

Discretely Presented Component Units

The component units column in the combined financial statements identifies the financial data of the Authority's two component units: the Warren Housing Development Corporation, and the Western Reserve Housing Development Corporation. They are reported separately to emphasize that they are legally separate entities and provide services to clients of the Authority and others. The Authority serves as the management agent for each of the Housing Development Corporations.

The Warren Housing Development Corporation (the Corporation) is a legally separate, non-profit organization served by a Board comprised of local officials and community representatives. The Corporation was formed in 1977 to carry out charitable purposes including promoting and advancing decent, safe, and sanitary housing for persons of low income, particularly the elderly and infirm, and to promote the common good and general welfare of the City of Warren, Ohio, its inhabitants and surrounding territories and their inhabitants. Separately issued audited financial statements for the Corporation can be obtained from the Authority.

The Western Reserve Housing Development Corporation (the Corporation) is a legally separate, non-profit organization served by a Board comprised of local officials and community representatives. The Corporation was formed in 2001 for the promotion and construction of facilities for public housing or other charitable purposes. Separately issued audited financial statements for the Corporation can be obtained from the Authority.

NOTE 1: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (Continued)

D. Fund Accounting

The Authority uses enterprise funds to report on its financial position and the results of its operations for the Section 8 and Public Housing programs. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities.

Funds are classified into three categories: governmental, proprietary and fiduciary. The Authority uses the proprietary category for its programs.

E. Proprietary Fund Types

Proprietary funds are used to account for the Authority's ongoing activities which are similar to those found in the private sector. The following is the proprietary fund type:

Enterprise Fund - This fund is used to account for the operations that are financed and operated in a manner similar to private business enterprises where the intent is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges or where it has been decided that periodic determination of revenue earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

This space intentionally left blank.

(CONTINUED)

NOTE 1: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (Continued)

F. Measurement Focus/Basis of Accounting

The proprietary funds are accounted for on the accrual basis of accounting. Revenues are recognized in the period earned and expenses are recognized in the period incurred. Pursuant to GASB Statement No. 20, *Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities that Use Proprietary Fund Accounting*, the Authority follows GASB guidance as applicable to proprietary funds and FASB Statements and Interpretations, Accounting Principles Board Opinions and Accounting Research Bulletins issued on or before November 30, 1989, that do not conflict with or contradict GASB pronouncements. The Authority has elected not to apply the provisions of the Statements and Interpretations of the Financial Accounting Standards Board issued after November 30, 1989. The Authority will continue to apply all applicable pronouncements of the Governmental Accounting Standards Board.

G. Investments

Investments of the primary government are restricted by the provisions of HUD Regulations (See Note 2). Investments are valued at market value. Interest income earned in fiscal year 2011 totaled \$36,995 for the primary government and \$58,571 for the component units.

H. Capital Assets

Capital assets are stated at cost and depreciation is computed using the straight line method over an estimated useful life of the assets. The cost of normal maintenance and repairs, that do not add to the value of the asset or materially extend the asset life, are not capitalized.

I. Cash and Cash Equivalents

For the purpose of the statement of cash flows, cash and cash equivalents include all highly liquid debt instruments, including certificates of deposits with a maturity date of twelve months or less.

(CONTINUED)

NOTE 1: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (Continued)

J. **Compensated Absences**

The Authority accounts for compensated absences in accordance with GASB Statement No. 16. Compensated absences are accrued as a liability as the benefits are earned by the employees if both of the following conditions are met: **(1)** the employees' rights to receive compensation are attributable to services already rendered and are not contingent on a specific event that is outside the control of the employer and employee; and **(2)** it is probable that the employer will compensate the employees for the benefits through paid time off or some other means, such as cash payments at termination or retirement.

Accordingly, vacation leave and other compensated absences with similar characteristics are accrued as a liability based on the leave accumulated at the balance sheet date. Sick leave and other compensated absences with similar characteristics are accrued as a liability based on the leave accumulated at the balance sheet date but adjusted based on trended histories of forfeited hours versus hours for which previously departed employees received payments. In the proprietary fund, the compensated absences are expensed when earned with the amount reported as a fund liability.

K. **Budgetary Accounting**

The Authority annually prepares its budget as prescribed by HUD. This budget is then adopted by the Board of the Authority.

L. **Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2: **DEPOSITS AND INVESTMENTS**

A. **Primary Government**

Deposits

At fiscal year end, the carrying amount of the primary government's deposits was \$4,641,614 and the bank balance was \$5,537,234. Based on criteria described in GASB Statement No. 40, *Deposits and Investments Risk Disclosures*, as of June 30, 2011, \$669,288 of the primary government's bank balance was covered by Federal Depository Insurance. The remainder was collateralized by securities pledged in the name of the Authority or secured by UCC filings. Included in the carrying value of the Authority's deposits is \$1,200 in petty cash.

Custodial credit risk is the risk that, in the event of bank failure, the primary government's deposits may not be returned. The Authority's policy is to place deposits with major local banks approved by the Authority's Board. All deposits are collateralized with eligible securities in amounts equal to 105 percent of the carrying value of deposits. Such collateral, as permitted by Chapter 135 of the Ohio Revised Code, is held in financial institution pools at Federal Reserve banks, or at member banks of the Federal Reserve System, in the name of the respective depository bank, and pledged as a pool of collateral against the public deposits it holds, or as specific collateral held at the Federal Reserve bank in the name of the Authority.

Investments

The Authority has a formal investment policy; although, the Authority did not have investments at June 30, 2011.

Cash and cash equivalents included in the primary government's cash position at June 30, 2011, are as follows:

	<u>Cash and Cash</u>	<u>Investments</u>

B. Component Units

Deposits

At fiscal year end, the carrying amount of the component units' deposits was \$7,385,421, and the bank balance was \$7,434,090 (including \$3,000,000 in certificate of deposits). Based on criteria described in GASB Statement No. 40, *Deposits and Investments Risk Disclosures*, as of June 30, 2010, \$953,112 of the component units' bank balance was covered by Federal Depository Insurance. The remainder was collateralized by securities pledged in the name of the Housing Development Corporation ("Corporation") or the Authority. Included in the carrying value of the component units deposits is \$200 in petty cash.

Custodial credit risk is the risk that, in the event of bank failure, deposits may not be returned. Deposits are placed with major local banks as approved by the Corporation's Board. All deposits are collateralized with eligible securities in amounts equal to 105 percent of the carrying value of deposits. Such collateral, as permitted by Chapter 135 of the Ohio Revised Code, is held in financial institution pools at Federal Reserve banks, or at member banks of the Federal Reserve System, in the name of the respective depository bank, and pledged as a pool of collateral against the public deposits it holds, or as specific collateral held at the Federal Reserve bank in the name of the Corporation or the Authority.

Investments

The Authority has a formal investment policy it relies on to manage the investments of the component units; however, the component units at June 30, 2011, had no investments.

Cash and cash equivalents included in the component unit's cash position at June 30, 2011, are as follows:

NOTE 4: **NOTE TO SCHEDULE OF FEDERAL AWARDS EXPENDITURES**

The accompanying Schedule of Federal Awards Expenditures is a summary of the activity of the Authority's federal awards programs. The schedule has been prepared on the accrual basis of accounting.

NOTE 5: **INSURANCE COVERAGE**

The Authority is covered for property damage, general liability, auto damage and liability, and public officials' liability through various insurers.

Additionally, workers' compensation is maintained through the State of Ohio, in which rates are calculated retrospectively. The Authority is also fully insured through a premium payment plan for employee health care benefits.

There was no significant reduction in coverages and no claims exceeded insurance coverage during the past three years.

NOTE 7: **DEFINED BENEFIT PENSION PLAN**

Ohio Public Employees Retirement System

All full-time Authority employees participate in the Ohio Public Employees Retirement System (OPERS). OPERS administers three separate pension plans, as described below:

- The Traditional Pension Plan (TP) - a cost-sharing, multiple-employer defined benefit pension plan;
- The Member-Directed Plan (MD) - a benefit contribution plan in which the member invests both member and employer contributions (employer contributions vest over five years at 20 percent per year). Under the Member-Directed plan members accumulate retirement assets equal to the value of the member and (vested) employer contributions plus any investment earnings.
- The Combined Plan (CO) - a cost-sharing, multiple-employer defined benefit pension plan. Under the Combined plan, employer contributions are invested by the retirement system to provide a formula retirement benefit similar in nature to the Traditional Pension plan benefit. Member contributions, the investment of which is self-directed by the members, accumulate retirement assets in a manner similar to the Member Directed Plan.

OPERS provides retirement, disability, survivor death benefits, and annual cost of living adjustments to members of both the Traditional Pension and the Combined plans. Members of the Member-Directed Plan do not qualify for ancillary benefits. Authority to establish and amend benefits is provided by State statute per Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report. Interested parties may obtain a copy by making a written request to 277 East Town Street, Columbus, Ohio 43215-4642 or by calling (614) 222-5601 or 1-800-222-7377.

The Ohio Revised Code provides statutory authority for member and employer contributions. Plan members are required to contribute 10 percent of their annual covered salary to fund pension obligations. The employer pension contribution rate for the Authority was 14 percent of covered payroll. The Authority's required contributions to OPERS for the years ended June 30, 2011, 2010, and 2009 were \$400,927, \$368,408, and \$358,026 respectively. Of the Authority's required contributions for the years ended June 30, 2011, 2010, and 2009 were \$4,689, \$4,543, and \$4,560 to the Combined Plan and \$5,386, \$4,453, and \$4,365 to the Member-Directed Plan, respectively. 100 percent of the Authority's required contributions were made for the years ended 2011, 2010, and 2009.

NOTE 8: POST-EMPLOYMENT BENEFITS

A. Plan Description

The Ohio Public Employees Retirement System (OPERS) administers three separate pension plans: the Traditional Pension Plan - a cost sharing, multiple-employer defined benefit pension plan; the Member-Directed Plan - a defined contribution plan; and the Combined Plan - a cost sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and defined contribution plan.

OPERS maintains a cost-sharing, multiple-employer defined benefit post-employment health care plan, which includes a medical plan, prescription drug program, and Medicare Part B premium reimbursement, to qualifying members of both the Traditional Pension and the Combined plans. Members of the Member-Directed Plan do not qualify for ancillary benefits, including post-employment health care coverage.

In order to qualify for post-employment health care coverage, age and service retirees under the Traditional Pension and Combined plans must have 10 or more years of qualifying Ohio service credit. Health care coverage for disability benefit recipients and qualified survivor benefit recipients is available. The health care coverage provided by OPERS meets the definition of an Other Post-Employment Benefit (OPEB) as described in GASB Statement No. 45.

The Ohio Revised Code permits, but does not mandate, OPERS to provide OPEB benefits to its eligible members and beneficiaries. Authority to establish and amend benefits is provided in Chapter 145 of the Ohio Revised Code.

OPERS issues a stand-alone financial report. Interested parties may obtain a copy by writing OPERS, 277 East Town Street, Columbus, OH 43215-4642, or by calling 614-222-5601 or 1-800-222-7377.

B. Funding Policy

The Ohio Revised Code provides the statutory authority requiring public employers to fund post-retirement health care through their contributions to OPERS. A portion of each employer's contribution to OPERS is set aside for the funding of post-retirement health care benefits.

NOTE 8: **POST-EMPLOYMENT BENEFITS** (Continued)

B. **Funding Policy** (Continued)

Employer contribution rates are expressed as a percentage of the covered payroll of active members. In fiscal year ending June 30, 2011, the Authority contributed at a rate of 14.00 percent of covered payroll. The Ohio Revised Code currently limits the employer contribution to a rate not to exceed 14.00 percent of covered payroll for state and local employer units. Active members do not make contributions to the OPEB Plan.

OPERS' Post-Employment Health Care Plan was established under, and is administered in accordance with, Internal Revenue Code 401(h). Each year, the OPERS Retirement Board determines the portion of the employer contribution rate that will be set aside for funding of post-employment health care benefits. For fiscal year ending June 30, 2011, the employer contribution allocated to the health care for members in the Traditional Plan was 5.0 percent from April 1, through December 31, 2010, and 4.0 percent from January 1, through June 30, 2011. The OPERS Retirement Board is also authorized to establish rules for the payment of a portion of the health care coverage by the retiree or their surviving beneficiaries. Payment amounts vary depending on the number of covered dependents and the coverage selected. Actual Authority contributions for the years ended June 30, 2011, 2010 and 2009 which were used to fund post-employment benefits were \$128,869, \$144,732, and \$169,423, respectively.

On September 9, 2004, the OPERS Retirement Board adopted a Health Care Preservation Plan (HCPP) with an effective date of January 1, 2007. Member and employer contribution rates increased as of January 1, 2006, January 1, 2007, and January 1, 2008, which allowed additional funds to be allocated to the health care plan.

NOTE 9: **COMPENSATED ABSENCES**

Vacation and sick leave policies are established by the Board of Commissioners subject to collective bargaining, when applicable.

Eligible employees earn 10 hours sick leave per month of service. Unused sick leave may be accumulated without limit. Employees who leave the Authority or are terminated are not paid for unused sick leave. However, any employee who retires, dies, or becomes disabled will be paid for unused sick leave based on the employee's years of service and unused sick leave subject to maximum limits based on the employee's years of service. Permanent employees who work full time earn annual leave (i.e., vacation hours) based on the employee's years of service. Annual leave may be accumulated up to 3 times the employee's annual accumulation amount as of July 1 of each year.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON
COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

Board of Directors
Trumbull Metropolitan Housing Authority
Warren, Ohio

Regional Inspector General of Audit
Department of Housing and Urban
Development

We have audited the financial statements of the business-type activities and the aggregate discretely presented component units of the Trumbull Metropolitan Housing Authority, Ohio, as of and for the year ended June 30, 2011, which collectively comprise the Trumbull Metropolitan Housing Authority, Ohio's basic financial statements and have issued our report thereon dated December 8, 2011. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States of America.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Trumbull Metropolitan Housing Authority, Ohio's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion of the effectiveness of the Trumbull Metropolitan Housing Authority, Ohio's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Trumbull Metropolitan Housing Authority, Ohio's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Trumbull Metropolitan Housing Authority, Ohio's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Trumbull Metropolitan Housing Authority, Ohio's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of management, the Board of Directors, others within the entity, the Auditor of State, and federal awarding agencies and is not intended to be and should not be used by anyone other than these specified parties.

**REPORT ON COMPLIANCE WITH REQUIREMENTS THAT COULD
HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR PROGRAM
AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH
OMB CIRCULAR A-133**

Board of Directors
Trumbull Metropolitan Housing Authority
Warren, Ohio

Regional Inspector General of Audit
Department of Housing and Urban
Development

Compliance

We have audited the compliance of the Trumbull Metropolitan Housing Authority with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect of Trumbull Metropolitan Housing Authority's major federal programs for the year ended June 30, 2011. The Trumbull Metropolitan Housing Authority, Ohio's major federal programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the Trumbull Metropolitan Housing Authority, Ohio's management. Our responsibility is to express an opinion on the Trumbull Metropolitan Housing Authority, Ohio's compliance based on our audit.

Trumbull Metropolitan Housing Authority, Ohio's basic financial statements include the operations of the Warren Housing Development Corporation, which received \$1,661,045 in federal awards which are not included in the Schedule of Expenditures of Federal Awards during the year ended June 30, 2011. Our audit, described below, did not include the operations of the Warren Housing Development Corporation, because a separate A-133 audit report is issued for this component unit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Trumbull Metropolitan Housing Authority's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the Trumbull Metropolitan Housing Authority, Ohio's compliance with those requirements.

In our opinion, the Trumbull Metropolitan Housing Authority, Ohio complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2011.

Internal Control Over Compliance

The management of the Trumbull Metropolitan Housing Authority, Ohio is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the Trumbull Metropolitan Housing Authority, Ohio's internal control over compliance with the requirements that could have a direct and material effect on a major federal program to determine the auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Trumbull Metropolitan Housing Authority's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be *material weaknesses*, as defined above.

This report is intended solely for the information and use of management, the Board of Directors, others within the entity, the Auditor of State, and federal awarding agencies and is not intended to be used by anyone other than these specified parties.
