INDEPENDENT AUDITOR'S REPORT

Board of Directors
Wayne Metropolitan Housing Authority
Wooster, Ohio

Regional Inspector General of Audit
Department of Housing and Urban
Development

We have audited the accompanying financial statements of the business-type activities of the Wayne Metropolitan Housing Authority, Ohio as of and for the year ended December 31, 2011, which collectively comprise the Authority's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Wayne Metropolitan Housing Authority, Ohio's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Wayne Metropolitan Housing Authority, as of December 31, 2011, and the respective changes in financial position, and cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued a report dated June 15, 2012, on our consideration of the Wayne Metropolitan Housing Authority, Ohio's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 3 through 8 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during the audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Wayne Metropolitan Housing Authority, Ohio's financial statements as a whole. The Statement of Modernization Costs - Completed is presented for purposes of additional analysis and is not a required part of the financial statements. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by U. S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments and Non-Profit Organizations*, and is also not a required part of the basic financial statements. The Schedule of Expenditures of Federal Awards and the Statement of Modernization Costs - Completed are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

The Authority has not presented the Financial Data Schedules (FDS) required by the Department of Housing and Urban Development for additional analysis, although not required to be part of the basic financial statements. The final FDS are not available due to revisions in the reporting system that the Department is in the process of completing.

**WAYNE METROPOLITAN HOUSING AUTHORITY
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED DECEMBER 31, 2011
(Unaudited)**

The Wayne Metropolitan Housing Authority's ("the Authority") Management's Discussion and Analysis (MD&A) is designed to (a) assist the reader in focusing on significant financial issues, (b) provide an overview of the Authority's financial activity, (c) identify changes in the Authority's position, and (d) identify individual fund issues or concerns.

Since the MD&A is designed to focus on the 2011 year's activities, resulting changes and currently known facts, please read it in conjunction with the Authority's financial statement.

Financial Highlights

- The Authority's net assets decreased by \$528,421 or 6.4 percent during 2011, resulting from changes in operations. Since the Authority engages only in business-type activities, the decrease is all in the category of business-type net assets.
- Revenues decreased by \$1,957,179 or 22.3 percent during 2011.
- The total expenses of all Authority programs decreased by \$498,772 or 6.4 percent.

Overview of the Authority's Financial Statements

The Authority's financial statements are designed to be corporate-like in that all business-type activities are consolidated into columns, which add to a total for the entire Authority.

These Statements include a *Statement of Net Assets*, which is similar to a Balance Sheet. The Statement of Net Assets reports all financial and capital resources for the Authority. The Statement is presented in the format where assets, minus liabilities, equal "Net Assets", formerly known as equity. Assets and liabilities are presented in order of liquidity, and are classified as "Current" (convertible into cash within one year), and "Non-current".

The focus of the Statement of Net Assets (the "*Unrestricted Net Assets*") is designed to represent the net available liquid (non-capital) assets, net of liabilities, for the entire Authority. Net Assets (formerly equity) are reported in three broad categories:

Net Assets, Invested in Capital Assets, Net of Related Debt: This component of Net Assets consists of all Capital Assets, reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Restricted Net Assets: This component of Net Assets consists of restricted assets, when constraints are placed on the asset by creditors (such as debt covenants), grantors, contributors, laws, regulations, etc.

Unrestricted Net Assets: Consists of Net Assets that do not meet the definition of "Net Assets Invested in Capital Assets, Net of Related Debt", or "Restricted Net Assets".

MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)
FOR THE YEAR ENDED DECEMBER 31, 2011
(Unaudited)**

The Authority's financial statements also include a *Statement of Revenues, Expenses and Changes in Fund Net Assets* (similar to an Income Statement). This Statement includes Operating Revenue, such as rental income, Operating Expenses, such as administrative, utilities, and maintenance, and depreciation, and Non-Operating Revenue and Expenses, such as capital grant revenue, investment income and interest expense.

The focus of the Statement of Revenues, Expenses and Changes in Fund Net Assets is the "Change in Net Assets", which is similar to Net Income or Loss.

Fund Financial Statements

The Authority consists of exclusively Enterprise Funds. Enterprise Funds utilize the full accrual basis of accounting. The Enterprise method of accounting is similar to accounting utilized by the private sector accounting.

Many of the programs maintained by the Authority are done so as required by the Department of Housing and Urban Development. Others are segregated to enhance accountability and control.

Conventional Public Housing - Under the Conventional Public Housing Program, the Authority rents units that it owns to low-income households. The Conventional Public Housing Program is operated under an Annual Contributions Contract (ACC) with HUD, and HUD provides Operating Subsidy and Capital Grant funding to enable the Authority to provide the housing at a rent that is based upon 30 percent of household income. The Conventional Public Housing Program also includes the Capital Fund Program, which is the primary funding source for physical and management improvements to the Authority's properties.

Housing Choice Voucher Program - Under the Housing Choice Voucher Program, the Authority administers contracts with independent landlords that own the property. The Authority subsidizes the family's rent through a Housing Assistance Payment made to the landlord. The program is administered under an ACC with HUD. HUD provides Annual Contributions Funding to enable the Authority to structure a lease that sets the participants' rent at 30 percent of household income. The Authority earns administrative fees to cover the cost of administering the program.

State/Local - State/Local represents Authority owned housing properties that are not subsidized by HUD, management services that the Authority provides to local non-profit entities under contract for management (Secrest Village Apartments and Home Place Housing), and Community Housing Improvement Programs that the Authority administers and implements under contract with both Wayne County and the City of Wooster. The revenue and expenses for these services are identified and tracked separate from the HUD activities.

The Authority's properties not subsidized by HUD are generally dedicated to clients of the local Mental Retardation and Development Disabilities (MR/DD) Board. Most of these properties have some debt attached to them, however most received a portion of their acquisition costs from either

client-family contributions or State of Ohio Community Capital Assistance Funds applied for through the MR/DD Board.

The Authority's management contracts are with not-for-profit entities that depend on the Authority to handle all of their management concerns including day-to-day operations as well as corporate accounting and reporting.

Major Factors Affecting the Statement of Net Assets

During 2011, current and other assets decreased by \$57,675, and current liabilities decreased by \$46,182.

Capital assets also changed, decreasing from \$7,789,880 to \$7,235,750. The \$554,130 decrease may be attributed primarily to a combination of current year depreciation and amortization and the addition and disposal of properties. The long-term liabilities decrease is a result of payments made on long-term liabilities during the year. For more detail see "Capital Assets" presented later in this report.

**WAYNE METROPOLITAN HOUSING AUTHORITY

The following table presents details on the change in Unrestricted Net Assets.

- (1) Depreciation is treated as an expense and reduces the results of operations but does not have an impact on Unrestricted Net Assets.
- (2) Capital expenditures represent an outflow of unrestricted net assets, but are not treated as an expense against Results of Operations, and therefore must be deducted.

While the results of operations are a significant measure of the Authority's activities, the analysis of the changes in Unrestricted Net Assets provides a clearer presentation of financial position.

The following schedule compares the revenues and expenses for the current and previous fiscal year. The Authority is engaged only in Business-Type Activities.

Major Factors Affecting the Statement of Revenue, Expenses and Changes in Net Assets

Tenant revenue decreased \$25,136 during 2011 in comparison to 2010. The decrease was likely due to slightly less occupancy in all rental units for the year. A reduction in the NSP grant accounted for the reduction of \$991,049 in operating subsidies. Capital Grants decreased by \$290,081 from 2010, resulting from a combination of the ARRA grant going away after 2010 and a reduction in the yearly capital grant awarded to us in 2011. Overall total revenue decreased by \$1,957,179 from 2010.

The expenses decreased by \$498,772 due to primarily to a large reduction in Neighborhood Stabilization Program activity in 2011. All other expense categories experienced modest increases or decreases of 10 percent or less.

Capital Assets

As of year-end, the Authority had \$7,235,750 invested in a variety of capital assets as reflected in the following schedule, which represents a net decrease of \$554,130 or 7.10 percent from the end of 2010. This decrease was mainly a net result of the addition of the accumulated depreciation of all properties and other fixed assets, offset by the addition and disposal of several specific properties and pieces of equipment.

Debt Outstanding

As of year-end, the Authority has \$1,636,835 in debt (mortgages) outstanding compared to \$1,638,706 last year. The \$1,871 decrease was a net result of new debt assumed and principal payments made on current debt during the year.

Economic Factors

Significant economic factors affecting the Authority are as follows:

- Federal funding provided by Congress to the Department of Housing and Urban Development
- Local labor supply and demand, which can affect salary and wage rates
- Local inflationary, recessionary and employment trends, which can affect resident incomes and therefore the amount of rental income
- Inflationary pressure on utility rates, supplies and other costs.

WAYNE METROPOLITAN HOUSING AUTHORITY
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2011

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization and Reporting Entity

The Wayne Metropolitan Housing Authority (the Authority) was created under the Ohio Revised Code Section 3735.27 to engage in the acquisition, development leasing, and administration of a low-rent housing program. An Annual Contributions Contract (ACC) was signed by the Authority and the U.S. Department of Housing and Urban Development (HUD) under the provisions of the United States Housing Act of 1937 (42 U.S.C. 1437) Section 1.1. The Authority was also created in accordance with state law to eliminate housing conditions which are detrimental to the public peace, health, safety, morals, or welfare by purchasing, acquiring, constructing, maintaining, operating, improving, extending, and repairing housing facilities.

The nucleus of the financial reporting entity as defined by the Governmental Accounting Standards Board (GASB) Statement No. 14 is the “primary government”. A fundamental characteristic of a primary government is that it is a fiscally independent entity. In evaluating how to define the financial reporting entity, management has considered all potential component units. A component unit is a legally separate entity for which the primary government is financially accountable. The criteria of financial accountability is the ability of the primary government to impose its will upon the potential component unit. These criteria were considered in determining the reporting entity. The Authority has no component units based on the above considerations.

Basis of Presentation

The financial statements of the Authority have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

The Authority has elected under GASB Statement No. 20, *Accounting and Financial Reporting for Proprietary Funds and Other Governmental Activities That Use Proprietary Fund Accounting*, to apply all applicable GASB pronouncements as well as any applicable pronouncements of the Financial Accounting Standards Board, the Accounting Principles Board, or any Accounting Research Bulletins issued on or before November 30, 1989, unless these pronouncements conflict with or contradict GASB pronouncements. The Authority has elected not to follow FASB guidance issued after November 30, 1989.

The Authority’s basic financial statements consist of a statement of net assets, a statement of revenues, expenses, and changes in net assets, and a statement of cash flows.

WAYNE METROPOLITAN HOUSING AUTHORITY
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2011
(CONTINUED)

NOTE 1: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (Continued)

Basis of Presentation (Continued)

The Authority uses a single enterprise fund to maintain its financial records on an accrual basis. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts.

Enterprise fund reporting focuses on the determination of the change in net assets, financial position, and cash flows. An enterprise fund may be used to account for any activity for which a fee is charged to external users for goods and services.

Measurement Focus and Basis of Accounting

The enterprise fund is accounted for on a flow of economic resources measurement focus and the accrual basis of accounting. All assets and all liabilities associated with the operation of the Authority are included on the statement of net assets. The statement of changes in net assets presents increases (i.e., revenues) and decreases (i.e., expenses) in net total assets. The statement of cash flows provides information about how the Authority finances and meets the cash flow needs of its enterprise activity.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Authority's enterprise fund are charges to tenants for rent and operating subsidies from HUD. Operating expenses for the enterprise fund include the costs of facility maintenance, housing assistance payments, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Use of Estimates

The preparation of financial statements in accordance with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

The Authority considers all highly liquid investments (including restricted assets) with a maturity of three months or less when purchased, and certificate of deposits regardless of maturity, to be cash equivalents.

NOTE 1: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (Continued)

Capital Assets

Capital assets are recorded at cost. Costs that materially add to the productive capacity or extend the life of an asset are capitalized while maintenance and repair costs are expensed as incurred. Depreciation is computed on the straight line method based on the following estimated useful lives:

Buildings	30 years
Building Improvements	15 years
Land Improvements	15 years
Equipment	5 years
Autos	5 years
Computers	5 years

Capitalization of Interest

The Authority's policy is not to capitalize interest related to the construction or purchase of capital assets.

Investments

Investments are stated at fair value. Cost based measures of fair value were applied to nonnegotiable certificates of deposit and money market investments.

Compensated Absences

The Authority accounts for compensated absences in accordance with GASB Statement No. 16. Sick leave and other compensated absences with similar characteristics are accrued as a liability based on the sick leave accumulated at the balance sheet date by those employees who currently are eligible to receive termination payments. To calculate the liability, these accumulations are reduced to the maximum amount allowed as a termination payment. All employees who meet the termination policy of the Authority for years of service are included in the calculation of the compensated absences accrual amount.

Vacation leave and other compensated absences with similar characteristics are accrued as a liability as the benefits are earned by the employees if both of the following conditions are met: **(1)** the employees' rights to receive compensation are attributable to services already rendered and are not contingent on a specific event that is outside the control of the employer and employee; and **(2)** it is probable that the employer will compensate the employees for the benefits through paid time off or some other means, such as cash payments at termination or retirement.

In the proprietary fund, the compensated absences are expensed when earned with the amount reported as a liability. Information regarding compensated absences is detailed in Note 8.

Cash on Hand

At December 31, 2011, the carrying amount of the Authority's deposits was \$1,541,738 (including \$902,658 of restricted funds, and \$200 of petty cash).

At December 31, 2011, the bank balance of the Authority's cash deposits was \$1,695,925. Based on criteria described in GASB Statement No. 40, *Deposits and Investments Risk Disclosures*, as of December 31, 2011, deposits totaling \$1,481,708 were covered by Federal Depository Insurance and deposits totaling \$214,217 were uninsured and collateralized with securities held by the pledging financial institution's trust department or agent, but not in the Authority's name.

Custodial credit is the risk that, in the event of a bank failure, the Authority's deposits may not be returned. The Authority's policy is to place deposits with major local banks approved by the Board. Multiple financial institution collateral pools that insure public deposits must maintain collateral in excess of 110 percent of deposits. All deposits, except for deposits held by fiscal and escrow agents, are collateralized with eligible securities in amounts equal to at least 110 percent of the carrying value of the deposits. Such collateral, as permitted by Chapter 135 of the Ohio Revised Code, is held in financial institution pools at Federal Reserve banks, or at member banks of the Federal Reserve system in the name of the respective depository bank, and pledged as a pool of collateral against all of the public deposits it holds, or as specific collateral held at a Federal Reserve bank in the name of the Authority.

Investments

The Authority has a formal investment policy. The Authority follows GASB Statement No. 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*, and records all its investments at fair value. At December 31, 2011, the Authority had no investments.

Interest Rate Risk

As a means of limiting its exposure to fair value of losses caused by rising interest rates, the Authority's investment policy requires that operating funds be invested primarily in short-term investments maturing within 2 years from the date of purchase and that its investment portfolio be structured so that securities mature to meet cash requirements for ongoing operations and/or long-term debt payments. The stated intent of the policy is to avoid the need to sell securities prior to maturity.

Credit Risk

The credit risk of the Authority's deposits are listed in the table below. The Authority has no investment policy that would further limit its investment choices.

Custodial Credit Risk

For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the Authority will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The Authority has no investment policy dealing with investment custodial risk beyond the requirement in State statute that prohibits payment for investments prior to the delivery of the securities representing such investments to the controller or qualified trustee.

NOTE 6: **RETIREMENT AND OTHER BENEFIT PLANS**

Ohio Public Employees Retirement System

All full-time Authority employees participate in the Ohio Public Employees Retirement System (OPERS). OPERS administers three separate pension plans, as described below:

- The Traditional Pension Plan (TP) - a cost-sharing, multiple-employer defined benefit pension plan;
- The Member-Directed Plan (MD) - a defined benefit contribution plan in which the member invests both member and employer contributions (employer contributions vest over five years at 20 percent per year). Under the Member-Directed Plan, members accumulate retirement assets equal to the value of the member and (vested) employer contributions plus any investment earnings.
- The Combined Plan (CO) - a cost-sharing, multiple-employer defined benefit pension plan. Under the Combined plan, employer contributions are invested by the retirement system to provide a formula retirement benefit similar in nature to the Traditional Pension plan benefit. Member contributions, the investment of which is self-directed by the members, accumulate retirement assets in a manner similar to the Member-Directed Plan.

OPERS provides retirement, disability, survivor and death benefits, and annual cost of living adjustments to members of both the Traditional Pension and the Combined plans. Members of the Member-Directed plan do not qualify for ancillary benefits. Authority to establish and amend benefits is provided by State statute per Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report. Interested parties may obtain a copy by making a written request to 277 East Town Street, Columbus, Ohio 43215-4642 or by calling (614) 222-5601 or 1-800-222-7377 or by using the OPERS website at www.opers.org.

The Ohio Revised Code provides statutory authority for member and employer contributions. For 2011, member and employer contribution rates were consistent across all three plans (TP, MD, and CO). Plan members are required to contribute 10 percent of their annual covered salary to fund pension obligations. The employer pension contribution rate for the Authority was 14 percent of covered payroll. The Authority's required contributions to the Traditional Plan for the years ended December 31, 2011, 2010, and 2009, were \$115,888, \$119,240, and \$116,585, respectively. The Authority's required contributions to the Member-Directed Plan for the years ended December 31, 2011, 2010, and 2009, were \$4,453, \$0, and \$0, respectively. The full amount has been contributed for 2011, 2010, and 2009. The Authority had no employees participating in the Combined Plan for the years ended December 31, 2011, 2010, and 2009.

NOTE 7: **POST-EMPLOYMENT BENEFITS**

Ohio Public Employees Retirement System

The Ohio Public Employees Retirement System (OPERS) administers three separate pension plans; the Traditional Pension Plan - a cost-sharing, multiple-employer defined benefit pension plan; the Member-Directed Plan - a defined contribution plan; and the Combined Plan - a cost sharing, multiple-employer defined pension plan that has elements of both a defined benefit and defined contribution plan.

OPERS maintains a cost-sharing, multiple-employer defined benefit post-employment health care plan, which includes a medical plan, prescription drug program, and Medicare Part B premium reimbursement, to qualifying members of both the Traditional Pension and the Combined plans. Members of the Member-Directed Plan do not qualify for ancillary benefits, including post-employment health care coverage.

In order to qualify for post-employment health care coverage, age and service retirees under the Traditional Pension and Combined plans must have 10 or more years of qualifying Ohio service credit. Health care coverage for disability benefit recipients and qualified survivor benefit recipients is available. The health care coverage provided by OPERS meets the definition of an Other Post-Employment Benefit (OPEB) as described in GASB Statement No. 45.

The Ohio Revised Code permits, but does not mandate, OPERS to provide OPEB benefits to its eligible members and beneficiaries. Authority to establish and amend benefits is provided in Chapter 145 of the Ohio Revised Code.

OPERS issues a stand-alone financial report. Interested parties may obtain a copy by writing OPERS, 277 East Town Street, Columbus, OH 43215-4642, or by calling 614-222-5601 or 1-800-222-7377.

Funding Policy

The Ohio Revised Code provides the statutory authority requiring public employers to fund post-retirement health care through their contributions to OPERS. A portion of each employer's contribution to OPERS is set aside for the funding of post-retirement health care benefits.

Employer contribution rates are expressed as a percentage of the covered payroll of active members. In 2011, the Authority contributed at a rate of 14.00 percent of covered payroll. The Ohio Revised Code currently limits the employer contributions to a rate not to exceed 14.00 percent of covered payroll for state and local employer units. Active members do not make contributions to the OPEB Plan.

NOTE 7: **POST-EMPLOYMENT BENEFITS** (Continued)

Ohio Public Employees Retirement System (Continued)

OPERS' Post-Employment Health Care Plan was established under, and is administered in accordance with, Internal Revenue Code 401(h). Each year, the OPERS Retirement Board determines the portion of the employer contributions rate that will be set aside for funding of post-employment health care benefits. The portion of employer contributions allocated to health care for members in the Traditional Plan was 4.0 percent for the year ended December 31, 2011. The OPERS Retirement Board is also authorized to establish rules for the payment of a portion of the health care coverage by the retiree or their surviving beneficiaries. Payment amounts vary depending on the number of covered dependents and the coverage selected. Actual Authority contributions for the year ended December 31, 2011, 2010, and 2009 which were used to fund post-employment benefits were \$33,111, \$43,295, and \$48,924, respectively.

On September 9, 2004, the OPERS Retirement Board adopted a Health Care Preservation Plan (HCPP) with an effective date of January 1, 2007. Member and employer contribution rates increased as of January 1, 2006, January 1, 2007, and January 1, 2008, which allowed additional funds to be allocated to the health care plan.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON
COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

Board of Directors
Wayne Metropolitan Housing Authority
Wooster, Ohio

Regional Inspector General for Audit
Department of Housing and Urban
Development

We have audited the financial statements of the business-type activities of the Wayne Metropolitan Housing Authority, Ohio, as of and for the year ended December 31, 2011, which collectively comprise the Wayne Metropolitan Housing Authority, Ohio's basic financial statements and have issued our report thereon dated June 15, 2012. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

Management of the Wayne Metropolitan Housing Authority is responsible for establishing and maintaining effective control over financial reporting. In planning and performing our audit, we considered the Wayne Metropolitan Housing Authority, Ohio's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Wayne Metropolitan Housing Authority, Ohio's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Wayne Metropolitan Housing Authority, Ohio's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Authority's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Wayne Metropolitan Housing Authority, Ohio's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the management, Board of Directors, others within the entity, federal awarding agencies and pass through entities and is not intended to be and should not be used by anyone other than these specified parties.

**REPORT ON COMPLIANCE WITH REQUIREMENTS THAT COULD
HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR PROGRAM
AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE
WITH OMB CIRCULAR A-133**

Board of Directors
Wayne Metropolitan Housing Authority
Wooster, Ohio

Regional Inspector General of Audit
Department of Housing and Urban
Development

Compliance

We have audited the compliance of the Wayne Metropolitan Housing Authority, Ohio's compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the Wayne Metropolitan Housing Authority, Ohio's major federal programs for the year ended December 31, 2011. Wayne Metropolitan Housing Authority's major federal programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of the Wayne Metropolitan Housing Authority, Ohio's management. Our responsibility is to express an opinion on the Wayne Metropolitan Housing Authority's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Wayne Metropolitan Housing Authority, Ohio's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the Wayne Metropolitan Housing Authority, Ohio's compliance with those requirements.

In our opinion, the Wayne Metropolitan Housing Authority, Ohio, complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2011.

Internal Control Over Compliance

The management of the Wayne Metropolitan Housing Authority, Ohio, is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the Wayne Metropolitan Housing Authority, Ohio's internal control over compliance with the requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Wayne Metropolitan Housing Authority, Ohio's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of the management, the Board of Directors, others within the entity, federal awarding agencies and pass through entities and is not intended to be and should not be used by anyone other than these specified parties.
