#### INDEPENDENT AUDITOR'S REPORT

We have audited the accompanying financial statements of the business-type activities of the Wooster Growth Corporation, Wayne County, Ohio (the Corporation) as of and for the year ended December 31, 2011. These financial statements are the responsibility of the Corporation's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above fairly, in all material respects, the respective financial position of the business-type activities, of the Corporation as of the year ended December 31, 2011, and the respective changes in financial position and the cash flows, for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated June 22, 2012, on our consideration of the Corporation's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the *management's discussion and analysis* on pages 3 through 5 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### **Note 1: Summary of Significant Accounting Policies**

#### Reporting Entity

Wooster Growth Corporation, Wayne County, Ohio (the "Corporation") is a non-profit, tax-exempt entity designated by the City of Wooster (the "City") as the agent for industrial, commercial, distribution, and research development, pursuant to section 1724.10 of the Ohio Revised Code. The Corporation acts as an agent of the City to attract, promote, and coordinate new business and industrial interest in the greater Wooster area. The Corporation may also act as agent for those businesses seeking economic development assistance.

At December 31, 2011, the Corporation held interest in four primary properties: the Tekfor, Inc. land and manufacturing facility (which has been reflected as a capital lease sale to Tekfor, Inc.), the remaining two parcels adjacent to the Timken Wooster roller bearing facility, the remainder of the Besancon Farm land, which was originally received from the City, the former Conrail parking lot and the South Market Street parking lot.

- The City granted the Besancon Farm land to the Corporation in 2000, and the property has been developed to attract and/or retain manufacturing and publishing facilities in the City. Part of the property includes acreage which has been leased to Tekfor, Inc.
- The Timken Company donated its Wooster roller bearing facility and adjacent land to the Corporation in March 2006.
- The City granted the former Conrail parking lot to the Corporation in 1997. A local service agency leases the lot.
- The City transferred a parcel of land known as the South Market Street parking lot to the Corporation in 2011. The Corporation reconstructed the lot to increase available parking space for local business. The lot is not under lease.
- During 2011, the Corporation purchased the former Snap-On building using the resources obtained from a non-interest bearing loan from the Wayne County Development Corporation. The Corporation subsequently entered into a capital lease agreement with ABS Materials, Inc. who will make construction modifications to the facilities.

#### Basis of Accounting

Effective January 1, 2001, the Corporation implemented Governmental Accounting Standards Board (GASB) Statement No. 34, the new governmental model for financial accounting and reporting. Financial statements are prepared on the accrual basis of accounting and accordingly reflect all significant receivables, payables and other liabilities.

The economic resource focus concerns determining costs as a means of maintaining the capital investment and management control. Revenues are recognized when earned and expenses are recognized when incurred. The Corporation has elected to consistently not follow Financial Accounting Standards Board (FASB) pronouncements issued subsequent to November 30, 1989, as permitted under Governmental Accounting Standards Board Statement No. 20. The FASB has codified its Standards and the Standards issued prior to November 30, 1989, are included in the codification.

The Corporation distinguishes operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with the Corporation's principal ongoing operations. The principal operating revenue is from sale proceeds of 14.528 acres of the Besancon/Geyers Chapel Road property and the Trinity parking lot. Operating expenses are primarily the reduction of inventory related to the sales.

#### Note 1 – Summary of Significant Accounting Policies (continued)

#### Basis of Accounting (continued)

All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses, such as pass-through loan payment interest.

#### Deposits and Investments

Cash balances for the Corporation are held by the City which serves as fiscal agent. Cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition. At year-end, cash and investments totaled \$436,635. Investments held at December 31, 2011, with original maturities greater than one year are stated at fair value. Fair value is estimated based on quoted market prices at year end. All investments not required to be reported at fair value are stated at cost or amortized cost.

#### **Donated Property**

Donations of property are recorded as contributions at their estimated fair market value at the date of donation. Such donations are reported as increases in invested in development assets unless the donor has restricted such assets for specific purposes. All other property is recorded at the lower of cost or market, including construction period interest costs.

In accordance with Ohio Revised Code section 1724.10 (C), sale proceeds of property donated to the Corporation by the City that are in excess of cost (less sales expenses) are required to be returned to the City. However, an agreement was reached between the City and the Corporation that any excess proceeds for the Freedlander property and the Trinity parking lot, the remaining Besancon farm land, the Tekfor facility, the Timken property and the South Market Street parking lot would be held by the Corporation as economic development assets.

#### **Donated Services**

No amounts have been reflected in the financial statements for donated services. The Corporation generally pays for services requiring specific expertise. However, many individuals volunteer their time and perform a variety of tasks that assist the Corporation with its administrative activities. The Corporation has not estimated the value of such services.

#### Income Tax Status

The Corporation received approval for its tax-exempt status under Section 501 (c) (3) from the Internal Revenue Service effective July 1994.

#### **Estimates**

In order to prepare financial statements in accordance with generally accepted accounting principles, the Corporation is required to make estimates and assumptions that affect the valuations of assets and liabilities and disclose contingent assets and liabilities at year end, as well as the revenue and expense amounts that occurred during the reporting period.

All acquisition of property is not capitalized. All other property is recorded at the lower of cost or market, including construction period interest costs for constructed assets.

#### Note 1 - Summary of Significant Accounting Policies (continued)

#### Risk Management and Concentration of Risk

The Corporation is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters. This risk is minimized in relation to Tekfor, Inc. property by the triple-net lease agreement requiring the lessee to maintain insurance coverage.

The Corporation carries general liability and Directors and Officers insurance.

#### Non-Operating Income and Expense

The lease agreement with Tekfor requires a monthly lease payment to the Corporation. The amount, less an administrative fee, is then paid to the Ohio Department of Development ("ODOD") to repay a construction loan issued in the amount of \$3.1 million. The interest portion of these capitalized lease receipts and the interest portion of debt payments are reflected on the financial statements as non-operating income and expense.

#### Agency Account - City of Wooster

An agreement was executed October 24, 2000, between the City and the Corporation, whereby the City will perform financial management services, including the establishment of one or more agency accounts, at no cost to the Corporation. The Director of Finance for the City is the Treasurer of the Corporation as elected by the Corporation's Board of Trustees.

#### Note 2 - Inventory of Development Assets

The inventory of development assets consists of the following at December 31, 2011:

	<u>Land</u>
Besancon Property South Market Street Property Liberty Street Property Timken Property	\$502,799 63,634 15,120 286,645
Total Development Assets	\$868,198

#### Freedlander Property

In 1989, the H. Freedlander Company donated its downtown Wooster retail department store building to the City. Shortly thereafter, the City passed Ordinance No. 1989-43 granting title of the property to the Corporation. The property's fair market value at the date of gift was estimated at \$285,770 for the land and \$965,680 for the building based upon valuations provided by the Wayne County Auditor's Office.

On September 7, 1989, the Corporation entered into a lease agreement with L.H.B., Inc. by which L.H.B., Inc. paid a nominal annual rental for use of the property (L.H.B., Inc. operated the Freedlander's Department Store). The intent of the nominal rental was to insure the continuance of the retail establishment's contribution to the vitality of downtown Wooster.

The agreement extended for five years with the options to renew by L.H.B., Inc ("L.H.B.") for up to six, five-year lease periods. The first five-year renewal was entered into September 1994. A second five-year renewal contract was signed in 2001 and an additional four renewals were agreed upon. Subsequently, Freedlander's Department Store closed in December 2008.

# INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

We have audited the financial statements of the business-type activities of Wooster Growth Corporation, Wayne County, Ohio (the Corporation) as of and for the year ended December 31, 2011, and have issued our report thereon dated June 22, 2012. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*.

#### **Internal Control Over Financial Reporting**

Management of the Corporation is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered the Corporation's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Corporation's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Corporation's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Corporation's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

As part of obtaining reasonable assurance whether the Corporation's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.
