### **INDEPENDENT AUDITOR'S REPORT**

We have audited the accompanying financial statements of the Arts and Science Preparatory Academy, Cuyahoga County, Ohio (the Academy), as of and for the year ended June 30, 2012, which collectively comprise the Academy's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Academy's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Academy, as of June 30, 2012, and the respective changes in financial position and cash flows, for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The accompanying financial statements have been prepared assuming that the Academy will continue as a going concern. As discussed in Note 16 to the financial statements, the Academy's deficit net assets (\$1,584,214) and change in net assets (\$249,564) raise substantial doubt about its ability to continue as a going concern. Note 16 describes management's plan regarding these issues. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 27, 2012, on our consideration of the Academy's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis information on pages 3 through 7 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Government Accounting Standards Board who considers it to be an essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Academy's financial statements. The schedule of expenditures of federal awards, as required by the Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations (Circular A-133) is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the financial statements as a whole.

*MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE YEAR ENDED JUNE 30, 2012  
UNAUDITED*

---

The discussion and analysis of the Arts and Science Preparatory Academy's (the "Academy") financial performance provides an overall review of the Academy's financial activities for the fiscal year ended June 30, 2012. Readers should also review the basic financial statements and notes to enhance their understanding of the Academy's financial performance.

**Highlights**

The Academy finished its sixth year of operations during fiscal year 2012 serving Kindergarten through eighth grade. Enrollment varied during fiscal 2012 but finished the year with 184 students.

Key highlights for fiscal year 2012 are as follows:

- Net assets decreased \$249,564.
- Operating expenses accounted for \$2,168,234 of the total expenses of \$2,241,275.
- Operating revenues accounted for \$1,364,446 of the total revenues of \$1,991,711.
- Academy had an operating loss of \$803,788 of which \$627,265 was alleviated by non-operating federal grants. The Academy was able to utilize the majority of the Federal Grant allocations for fiscal year 2012.

**Overview of the Financial Statements**

The financial report consists of two parts-management discussion and analysis and the basic financial statements. These statements are organized so the reader can understand the financial position of the academy. Enterprise accounting uses a flow of economic resource measurement focus. With this measurement focus, all assets and all liabilities are included on the statement of net assets. The statement of net assets represents the statement of position of the Academy. The statement of revenues, expenses, and changes in net assets present increases (e.g., revenues) and decreases (e.g. expenses) in net total assets. The statement of cash flows reflects how the academy finances and meets its cash flow needs. Finally, the notes to the basic financial statements provide additional information that is essential to full understanding of the data provided on the basic financial statements.

**Financial Analysis of the Academy as a Whole**

The Academy is not required to present government-wide financial statements as the Academy is engaged in only business-type activities. Therefore, no condensed financial information derived from the governmental-wide financial statements is included in the discussion and analysis.

The following tables represent a summary of the Academy's condensed financial information for 2012 derived from the statement of net assets and the statement of revenues, expenses and changes in net assets.

Table 1 provides a summary of Academy's net assets for 2012 compared to 2011:

Total Net Assets	(\$1,584,214)	(\$1,334,650)	(\$249,564)

Total net assets decreased \$249,564. The cause of the decrease was primarily related to the unexpected decline in enrollment from 2010-11 to 2011-12 and the Board's desire to continue to offer programming that would be attractive to the families of the area and to offer services and student staff ratios necessary to accelerate learning of students faster than the traditional single grade level gains. The goal of this investment is to grow enrollment to be closer to the capacity of the facility at which point the school would generate surpluses on an annual basis sufficient to eliminate accumulated deficits. In previous years, the Academy made significant progress towards this goal. Enrollment at the fiscal year ends 2012, 2011 and 2010 were 184, 197 and 217, respectively. Enrollment in November 2012 is 154. The student capacity at its current facility is 400.

Based on the analysis that was done at the time the decision was made to open the school, the Board and its management made the decision to make an investment in the future of the children of this community, not based on a plan that was expected to generate economic profits, but rather on a plan that is economically sustainable and that would generate dividends to the community in the form of enhanced opportunities for children and families. The Academy is experiencing the growth anticipated and we believe is on track to begin recovering from the investment that was made in the first five years of operations. Resources for the necessary programs have been made available by delaying payment on invoices from the Academy's management company for management services, other operating expenses and invoices for payroll for the Academy's staff.

<b>Total Increase (Decrease) in Net Assets</b>	<b>(\$249,564)</b>	<b>(\$299,361)</b>	<b>\$49,797</b>

The fiscal year 2012 decrease in revenues is primarily due to a decrease in enrollment, and the expiration of federal stimulus monies. The decrease in expenses is primarily related to recognition of the \$300,000 development services costs in 2010-11. The ending enrollment in fiscal year 2012 was 184 students compared to 197 at the end of fiscal 2011.

**Budgeting**

Unlike other public schools located in the State of Ohio, community schools are not required to follow budgetary provision set forth in the Ohio Revised Code Chapter 5705, unless specifically provided by the Academy's contract with its sponsor. The contract between the Academy and its sponsor, St. Aloysius Orphanage, does not prescribe a budgetary process for the Academy.

**Capital Assets and Debt Administration**

Capital Assets

At the end of fiscal year 2012, the Academy had \$40,766 invested in capital assets (net of accumulated depreciation) for computer and other equipment, a decrease of \$8,045. The following table shows fiscal year 2012 compared to 2011:

Leasehold Improvements	11,200	16,800	(5,600)
Capital Assets - net	\$ 40,766	\$ 48,811	\$ (8,045)

The decrease reflects the depreciation expense of \$10,445 for the year netted against \$2,400 of furniture acquired. For further information regarding the Academy's capital assets, refer to Note 6 of the basic financial statements.

Debt

At June 30, 2012, the Academy had \$1,350,091 of long term debt outstanding to Mosaica Education, Inc., a related party (see Note 14). The following table summarizes the Academy's debt outstanding as of June 30, 2012:

**Note 1 - Description of the School**

The Arts and Science Preparatory Academy (the "Academy") is a nonprofit corporation established pursuant to Ohio Revised Code Chapter 1702. The Academy offers education for Ohio children in grades K-8. The Academy is independent of any school district and is nonsectarian in its programs, admission policies, employment practices, and all other operations. The Academy may lease or acquire facilities as needed and contract for any services necessary for the operation of the academy.

The Academy was approved for operation pursuant to Ohio Revised Code Chapter 3314 under a contract with St. Aloysius Orphanage (the Sponsor) for a period of five academic years commencing July 18, 2005 and ending June 30, 2010. Subsequent to June 30, 2010, the contract was extended for an additional 5 academic years ending June 30, 2015. The Sponsor is responsible for evaluating the performance of the Academy and has the authority to deny renewal of the contract at its expiration or terminate the contract prior to its expiration.

Ohio Revised Code Section 3314.02(E) states in part that the Academy operate under the direction of a Governing Board that consists of not less than five individuals who are not owners or employees, or immediate relatives or owners or employees of any for-profit firm that operates or manages an academy for the Governing Board. The Board is responsible for carry out the provisions of the contract that include, but are not limited to, state-mandated provision regarding student population, curriculum, academic goals, performance standards, admission standards, and qualification of teachers.

The Academy contracts with Mosaica Education, Inc, for management services including management of personnel and human resources, the program of instruction, marketing data management, purchasing, strategic planning, public relations, financial reporting, recruiting, compliance issues, budgets, contracts, and equipment and facilities.

**Note 2 - Summary of Significant Accounting Policies**

The financial statements of the Academy have been prepared in conformity with generally accepted accounting principals (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The Academy also applies Financial Accounting Standards Board (FASB) statements and interpretations issued on or before November 30, 1989, provided they do not conflict with or contradict GASB pronouncements. The entity has elected not to apply FASB pronouncements and interpretations issued after November 30, 1989. The more significant of the Academy's accounting policies are described below.

**A. Basis of Presentation**

The Academy's basic financial statements consist of a statement of net assets; a statement of revenues, expenses, and changes in net assets; and a statement of cash flows. The Academy uses a single enterprise presentation for its financial records. Enterprise reporting focuses on the determination of operating income, changes in net assets, financial position, and cash flows.

**B. Measurement Focus**

The enterprise activity is accounted for using a flow of economic resources measurement focus. All assets and liabilities associated with the operation of the Academy are included on the statement of net assets. The statement of revenues, expenses, and changes in net assets presents increases (e.g. revenues) and decreases (e.g. expenses) in total net assets. The statement of cash flows reflects how the Academy finances its cash flow needs.

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2012  
(Continued)**

---

**Note 2 - Summary of Significant Accounting Policies (Continued)**

**C. Basis of Accounting**

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. The Academy's financial statements are prepared using the accrual basis of accounting. Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. Revenue resulting from nonexchange transactions, in which Academy receives value without directly giving equal value in return, such as grants and entitlements, are recognized in the period in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the period when the resources are required to be used or the period when use is first permitted, matching requirements, in which the Academy must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the Academy on a reimbursement basis. Expenses are recognized at the time they are incurred.

**D. Budgetary Process**

Unlike other public school located in the State of Ohio, community schools are not required to follow budgetary provision set forth in the Ohio Revised Code Chapter 5705, unless specifically provided by the Academy's contract with its sponsor. The contract between the Academy and its sponsor, the St. Aloysius Orphanage, does not prescribe a budgetary process for the Academy.

**E. Cash and Cash Equivalents**

Cash received by the Academy is reflected as "Cash and Cash Equivalents" on the statement of net assets. The Academy had no investments during the fiscal year ended June 30, 2012.

**F. Prepaid Items**

The Academy records payments made to vendors for services that will benefit periods beyond June 30, 2012, as prepaid items using the consumption method. A current asset for the prepaid amount is recorded at the time of the purchase and an expense is reported in the year in which services are consumed.

**G. Capital Assets**

The Academy's capital assets during fiscal year 2012 consisted of leasehold improvements, computers and other furniture and equipment. All capital assets are capitalized at cost and updated for additions and retirements during the fiscal year. Donated capital assets are recorded at their fair market values as of the date received. The Academy maintains a capitalization threshold of one thousand five hundred dollars. The Academy does not have any infrastructure. Improvements are capitalized. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized.

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2012

---

**Note 2 - Summary of Significant Accounting Policies (Continued)**

All capital assets, except land and construction in progress, are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is computed using the straight-line method over the following useful lives:

<u>Description</u>	<u>Useful Lives</u>
Computers	5 years
Furniture, Fixtures, and Equipment	5-20 years
Leasehold Improvements	Life of lease

**H. Net Assets**

Net assets represent the difference between assets and liabilities. Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the Academy or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. The Academy applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

The statement of net assets reports no restricted net assets related to unspent federal grant receipts and \$40,766 invested in capital assets.

**I. Operating Revenues and Expenses**

Operating revenues are those revenues that are generated directly from the primary activity of the Academy. Operating expenses are necessary costs incurred to provide the service that is the primary activity of the Academy. All revenues and expenses not meeting this definition are reported as non-operating.

**J. Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

**K. Economic Dependency**

The Academy receives approximately 99% of its operating revenue from the Ohio Department of Education. Due to the significance of this revenue source, the Academy is considered to be economically dependent on the State of Ohio Department of Education.

**Note 3 – Changes in Accounting Principles**

There were no changes in accounting principles implemented during 2012 that would have a material effect on the financial statements.

**Note 4 - Deposits**

Custodial credit risk is the risk that, in the event of a bank failure, the Academy's deposits may not be returned. The Academy does not have a deposit policy for custodial credit risk. At June 30, 2012, the book balance was \$359, and the bank balance of Academy's deposits was \$23,925. The bank balance was covered by federal depository insurance. There are no significant statutory restrictions regarding the deposit and investment of funds by the nonprofit corporation.

**Note 5 – Receivables**

At June 30, 2012, the Academy had intergovernmental receivables in the amount of \$186,594. The receivables are expected to be collected within one year.

**Note 9 - Defined Benefit Pension Plans (Continued)**

**A. School Employee Retirement System**

Plan Description - The Academy contributes to the School Employees Retirement System (SERS), a cost-sharing multiple-employer pension plan. SERS provides retirement, disability, and survivor benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by state statute per Chapter 3309 of the Ohio Revised Code. SERS issues a publicly available, stand-alone financial report that includes financial statements and required supplementary information. That report can be obtained on SERS' website at [www.ohsers.org](http://www.ohsers.org) under **Employers/Audit Resources**.

Funding Policy - Plan members are required to contribute 10 percent of their annual covered salary and the Academy is required to contribute 14 percent of annual covered payroll. The contribution requirements of plan members and employers are established and may be amended, up to statutory maximum amounts, by the SERS' Retirement Board, The Retirement Board acting with the advice of the actuary, allocates the employer contribution rate among four of the funds (Pension Trust Fund, Death Benefit Fund, Medicare B Fund, and Health Care Fund) of the System. For fiscal year ending June 30, 2012, the allocation to pension and death benefits is 12.7 percent. The remaining 1.3 percent of the 14 percent employer contribution rate is allocated to the Health Care and Medicare B Funds. The Academy's contributions to SERS for the years ended June 30, 2012, 2011 and 2010 were \$12,620, \$12,494 and \$9,638, respectively; which equaled the required contributions each year.

**B. State Teachers Retirement System**

The Academy contributes to the State Teachers Retirement System of Ohio (STRS Ohio), a cost-sharing, multiple-employer public employee retirement system. STRS Ohio issues a stand-alone financial report. Copies of the STRS Ohio's 2012 Comprehensive Annual Financial Report can be requested in writing to STRS Ohio, 275 E Broad St, Columbus, OH 43215-3771, by calling toll-free 1-888-227-7877, or visiting the STRS Ohio website at [www.strsoh.org](http://www.strsoh.org).

STRS Ohio is a statewide retirement plan for licensed teachers and other faculty members employed in the public schools of Ohio or any school, community school, college, university, institution or other agency controlled, managed and supported, in whole or in part, by the state of any political subdivision thereof.

**Plan Options** - New members have a choice of three retirement plan options. In addition to the Defined Benefit (DB) Plan, new members are offered a Defined Contribution (DC) Plan and a Combined Plan. The DC Plan allows members to allocate all their member contributions and employer contributions equal to 10.5 percent of earned compensation among various investment choices. The Combined Plan offers features of the DC Plan and the DB Plan. In the Combined Plan, member contributions are allocated to investment choices by the member, and employer contributions are used to fund a defined benefit payment at a reduced level from the regular DB Plan. Contributions into the DC Plan and the Combined Plan are credited to member accounts as employers submit their payroll information to STRS Ohio, generally on a biweekly basis. DC and Combined Plan members will transfer to the DB Plan during their fifth year of membership unless they permanently select the DC or Combined Plan.

**Note 9 - Defined Benefit Pension Plans (Continued)**

**B. State Teachers Retirement System**

**DB Plan Benefits** – Plan benefits are established under Chapter 3307 of the Revised Code. Any member may retire who has (i) five years of service credit and attained age 60; (ii) 25 years of service credit and attained age 55; (iii) 30 years of service credit regardless of age. The annual retirement allowance, payable for life, is the greater of the “formula benefit” or the “money-purchase benefit” calculation. Under the “formula benefit”, the retirement allowance is based on years of credited service and final average salary, which is the average of the member’s three highest salary years. The annual allowance is calculated by using a base percentage of 2.2 percent multiplied by the total number of years of service credit (including Ohio-value purchased credit) times the final average salary. The 31<sup>st</sup> year of earned Ohio service credit is calculated at 2.5 percent. An additional one-tenth of a percent is added to the calculation for every year of Ohio service over 31 years (2.6 percent for 32 years, 2.7 percent for 33 years and so on) until 100 percent of final average salary is reached. For members with 35 or more years of Ohio contributing service, the first 30 years will be calculated at 2.5 percent instead of 2.2 percent. Under the “money-purchase benefit” calculation, a member’s lifetime contributions plus interest at specified rates are matched by an equal amount from other STRS Ohio funds. This total is then divided by an actuarially determined annuity factor to determine the maximum annual retirement allowance.

**DC Plan Benefits** – Benefits are established under Sections 3307.80 and 3307.89 of the Revised Code. For members who select the DC Plan, all member contributions and employer contributions at a rate of 10.5 percent are placed in an investment account. The member determines how to allocate the member and employer money among various investment choices. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump-sum withdrawal. Employer contributions into members’ accounts are vested for the first anniversary of the first day of paid service. Members in the DC Plan who become disabled are entitled only to their account balances. If a member dies before retirement benefits begin, the member’s Designated beneficiary is entitled to receive the member’s account balance.

**Combined Plan Benefits** – Member contributions are allocated by the member, and employer contributions are used to fund a defined benefit payment. A member’s defined benefit is determined by multiplying 1 percent of the member’s final average salary by the member’s years of service credit. The defined benefit portion of the Combined Plan payment is payable to a members on or after age 60. The defined contributions portion of the account may be taken as a lump sum or converted to a lifetime monthly annuity at age 50.

The DB and Combined Plans offer access to health care coverage to eligible retirees who participated in the plans and their eligible dependents. Coverage under the current program includes hospitalization, physicians’ fees, prescription drugs and partial reimbursement of monthly Medicare Part B premiums. By Ohio law, health care benefits are not guaranteed.

A DB or Combined Plan member with five or more years’ credited service who becomes disabled may qualify for a disability benefit. Eligible spouses and dependents of members who die before retirement may qualify for survivor benefits. A death benefit of \$1,000 is payable to the beneficiary of each deceased retired member who participated in the DB Plan. Death benefit coverage up to \$2,000 can be purchased by participants in the DB, DC, or Combined Plans. Various other benefits are available to members’ beneficiaries.

**Funding Policy** – Chapter 3307 of the Revised Code provides statutory authority for members and employer contributions. Contribution rates are established by the State Teachers Retirement Board, upon recommendation of its consulting actuary, not to exceed statutory maximum rates of 10 percent for members and 14 percent for employers.

Contribution requirements and the contributions actually made for the fiscal year ended June 30, 2012, were 10 percent of covered payroll for members and 14 percent for employers. Employer contributions actually paid should be disclosed in both dollar amounts and as a percentage of the employer's covered payroll for the current year and the two preceding years. Member and employer contributions actually made for DC and Combined Plan participants will be provided upon written request.

The Academy required contributions for pension obligations to STRS Ohio for the fiscal years ended June 30, 2012, 2011, 2010 were \$97,717, \$112,605 and \$97,288 respectively; 100 percent has been contributed for fiscal years 2012, 2011 and 2010, respectively. Contributions to the DC and Combined Plans for fiscal year 2012 were made by the Academy.

**Note 10 - Postemployment Benefits**

**A. School Employee Retirement System**

In addition to a cost-sharing multiple-employer defined benefit pension plan, the School Employees Retirement System of Ohio (SERS) administers two postemployment benefit plans.

**Medicare Part B Plan**

The Medicare Part B plan reimburses Medicare Part B premiums paid by eligible retirees and beneficiaries as set forth in Ohio Revised Code (ORC) 3309.69. Qualified benefit recipients who pay Medicare Part B premiums may apply for and receive a monthly reimbursement from SERS. The reimbursement amount is limited by statute to the lesser of the January 1, 1999 Medicare Part B premium of the current premium. The Medicare Part B monthly premium for calendar year 2012 was \$99 for most participants, but could be as high as \$369.10 per month depending on their income. SERS' reimbursement to retirees was \$45.50.

The Retirement Board, acting with the advice of the actuary, allocates a portion of the current employer contribution rate to the Medicare Part B Fund. For fiscal year 2012, the actuarially required allocation is .75 percent. The Academy's contributions for the years ended June 30, 2012, 2011, and 2010 were \$745, \$738, and \$575, respectively, which equaled the required contributions each year.

**Health Care Plan**

ORC 3309.375 and 3309.69 permit SERS to offer health care benefits to eligible retirees and beneficiaries. SERS' Retirement Board reserves the right to change or discontinue any health plan or program. SERS offers several types of health plans from various vendors, including HMOs, PPOs, Medicare Advantage and traditional indemnity plans. A prescription drug program is also available to those who elect health coverage. SERS employs two third-party administrators and a pharmacy benefit manager to manage the self-insurance and prescription drug plans, respectively.

The ORC provides the statutory authority to fund SERS' postemployment benefits through employer contributions. Active members do not make contributions to the postemployment benefit plans.

**A. School Employee Retirement System**

The Health Care Fund was established under, and is administered in accordance with Internal Revenue Code § 105(e). Each year after the allocation for statutorily required benefits, the Retirement Board allocates the remainder of the employer 14 percent contribution to Health Care Fund. For the year ended June 30, 2012, the health care allocation is .55 percent. An additional health care surcharge on employers is collected for employees earning less than an actuarially determined minimum compensation amount, pro-rated according to service credit earned. State law provides that no employer shall pay a health care surcharge greater than 2 percent of that employer's SERS-covered payroll; nor may SERS collect in aggregate more than 1.5 percent of the total statewide SERS-covered payroll for the health care surcharge. For fiscal year 2012, the minimum compensation level was established at \$35,800. The surcharge, added to the unallocated portion of the 14% employer contribution rate is the total amount assigned to the Health Care Fund. The Academy's contributions assigned to health care for the years ended June 30, 2012, 2011, and 2010 were \$547, \$541 and \$378, respectively.

The SERS Retirement Board establishes the rules for the premiums paid by the retirees for health care coverage for themselves and their dependents or for their surviving beneficiaries. Premiums vary depending on the plan selected, qualified years of service, Medicare eligibility, and retirement status.

The financial reports of SERS' Health Care and Medicare Part B plans are included in its Comprehensive Annual Financial Report. The report can be obtained on SERS' website at [www.ohsers.org](http://www.ohsers.org) under Employers/Audit Resources.

Plan Description

STRS Ohio administers a pension plan that is comprised of: a Defined Benefit Plan; a self-directed Defined Contribution Plan, and a Combined Plan that is a hybrid of the Defined Benefit Plan and the Defined Contribution Plan.

Ohio law authorizes STRS Ohio to offer a cost-sharing, multiple-employer health care plan. STRS Ohio provides access to health care coverage to eligible retirees who participated in the Defined Benefit or Combined Plans. Coverage under the current program includes hospitalization, physicians' fees, prescription drugs and reimbursement of monthly Medicare Part B premiums.

Pursuant to Chapter 3307 of the Revised Code, the Retirement Board has discretionary authority over how much, if any, of the associate health care costs will be absorbed by STRS Ohio. All benefit recipients, for the most recent year, pay a portion of the health care costs in the form of a monthly premium.

Funding Policy

Under Ohio law, funding for post-employment health care may be deducted from employer contributions. Of the 14 percent employer contribution rate, 1 percent of covered payroll was allocated to post-employment health care for the years ended June 30, 2012, 2011, and 2010. The 14 percent employer contribution rate is the maximum rate established under Ohio law.

The Academy's contributions for health care for the fiscal years ended June 30, 2012, 2011, and 2010 were \$7,517, \$8,662 and \$7,480, respectively; 100 percent has been contributed for fiscal years 2012, 2011 and 2010, respectively.

**Note 11 - Contingencies**

**A. Grants**

The Academy received financial assistance from federal and state agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the Academy. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the Academy at June 30, 2012.

**B. Ohio Department of Education Enrollment Review**

The Ohio Department of Education (ODE) conducts reviews of enrollment data and full-time equivalency (FTE) calculations made by community schools. These reviews are conducted to ensure the Academy is reporting accurate student enrollment data to the State, upon which state foundation funding is calculated. As a result of a recent review, it was determined that the Academy was under funded during fiscal 2012 by \$3,414. The amount was recognized at June 30, 2012 as an intergovernmental receivable (see Note 5).

**C. Auditor of State Review**

The Auditor of State is currently performing a statewide review of supporting documentation for student attendance data reported to the Ohio Department of Education. The results of this review are still pending and will be reported separately to the Ohio Department of Education at a later date.

**Note 12 - Building Leases**

In October 2008, the Academy entered into a lease agreement for the use of a facility effective January 1, 2009. The lease term extends through June 30, 2014 for the use of approximately 24,500 sq. ft. The base rent per the original lease for fiscal 2010 was \$21,979 per month. In July 2009, the landlord made improvements to the facility with a cost of \$35,000. The Academy reimbursed the landlord the \$35,000 improvement costs over a period of seven months August 2009 through February 2010. The \$35,000 cost is being capitalized as a leasehold improvement and will be amortized over the remaining life of the lease. The annual base rent escalates by 50 cents per square foot of rented space.

Subsequent to June 30, 2011, the contract was extended for an additional five academic years that run through June 30, 2016. As part of this contract, the Sponsor is entitled to a percentage of all revenues. Total amount due and paid for fiscal year 2012 was \$41,556

**Note 16 – Management’s Plan**

For fiscal year 2012, the Academy had an operating loss of \$803,788, a net loss of \$249,564, and net asset deficit of \$1,584,214.

The Academy’s net loss in fiscal year 2012 of \$249,564 was less than the net loss in fiscal year 2011 of \$299,362 primarily due to a one time development services charge taken in 2011 offset by a decline in enrollment. Final full-time equivalent student enrollment was 184 and 197 students for the fiscal years ending June 30, 2012 and 2011, respectively. Current full-time equivalent student enrollment as of November 2012 is 154 students.

During fiscal 2009, the Academy moved into a larger facility better suited for a school. The larger facility will accommodate a larger student population. The student capacity of the new facility is 400.

Management plans to increase enrollment through active advertising via print, radio, mailings and through referrals of current parents which will help generate future surpluses.

Changes in the Academy’s long-term obligations during fiscal year 2012 were as follows:

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING  
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL  
STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

We have audited the financial statements of the Arts and Science Preparatory Academy, Cuyahoga County, Ohio (the Academy) as of and for the year ended June 30, 2012, and have issued our report thereon dated December 27, 2012, wherein we noted the Academy had a deficit net asset balance and an operating loss as of June 30, 2012, and is experiencing financial difficulties. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

Management of the Academy is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered the Academy's internal control over financial reporting as a basis for designing our audit procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Academy's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Academy's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider material weaknesses, as defined above.

Independent Auditors Report on Internal Control Over  
Financial Reporting and on Compliance and Other  
Matters Based on an Audit of Financial Statements

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Academy's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the Board of Trustees, management, federal awarding agencies and pass through agencies, and the Academy's sponsor, and is not intended to be and should not be used by anyone other than those specified parties

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS  
THAT COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR  
PROGRAM AND INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE  
WITH OMB CIRCULAR A-133**

**Compliance**

We have audited the compliance of the Arts and Science Preparatory Academy, Cuyahoga County, Ohio (the Academy) with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133 Compliance Supplement* that could have a direct and material effect on its major federal program for the year ended June 30, 2012. The Academy's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to its major federal programs is the responsibility of the Academy's management. Our responsibility is to express an opinion on the Academy's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Academy's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the Academy's compliance with those requirements.

In our opinion, the Academy complied, in all material respects, with the requirements referred to above that could have a direct and material effect on the major federal programs for the year ended June 30, 2012.

**Internal Control Over Compliance**

Management of the Academy is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the Academy's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance.

Requirements That Could Have a Direct and Material

Compliance in Accordance with OMB Circular A-133

Accordingly, we do not express an opinion on the effectiveness of the Academy's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of the Board of Trustees, federal awarding agencies and pass-through agencies, management and the Academy's sponsor, and is not intended to be and should not be used by anyone other than these specific parties.

**INDEPENDENT ACCOUNTANT’S REPORT ON APPLYING AGREED UPON PROCEDURES**

To the Board of Trustees:

Ohio Rev. Code Section 117.53 states “the auditor of state shall identify whether the school district or community school has adopted an anti-harassment policy in accordance with Section 3313.666 of the Revised Code. This determination shall be recorded in the audit report. The auditor of state shall not prescribe the content or operation of any anti-harassment policy adopted by a school district or community school.”

Accordingly, we have performed the procedure enumerated below, which was agreed to by the Board, solely to assist the Board in evaluating whether the Arts and Science Preparatory Academy, Cuyahoga County, Ohio (the Academy) has updated its anti-harassment policy in accordance with Ohio Rev. Code Section 3313.666. Management is responsible for complying with this requirement. This agreed-upon procedure engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of this procedure is solely the responsibility of the Board. Consequently; we make no representation regarding the sufficiency of the procedure described below either for the purpose for which this report has been requested or for any other purpose.

1. We noted the Board amended its anti-harassment policy at its meeting on April 24, 2012, to include violence within a dating relationship within its definition of harassment, intimidation or bullying.

We were not engaged to and did not conduct an examination, the objective of which would be the expression of an opinion on compliance with the anti-harassment policy. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the Board of Trustees and Sponsor, and is not intended to be and should not be used by anyone other than these specified parties.
