#### INDEPENDENT AUDITOR'S REPORT

June 24, 2013

Ashtabula Metropolitan Housing Authority Ashtabula County 3526 Lake Avenue Ashtabula, Ohio 44004

To the Board of Commissioners:

#### Report on the Financial Statements

We have audited the accompanying financial statements of the business-type activities of the **Ashtabula Metropolitan Housing Authority**, Ashtabula County, Ohio (the Authority), as of and for the year ended December 31, 2012, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for preparing and fairly presenting these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes designing, implementing, and maintaining internal control relevant to preparing and fairly presenting financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to opine on these financial statements based on our audit. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the Authority's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the Authority's internal control. Accordingly, we express no opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinion.

#### **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities of the Ashtabula Metropolitan Housing Authority, Ashtabula County, Ohio, as of December 31, 2012, and the respective changes in financial position and cash flows, thereof for the year then ended in accordance with the accounting principles generally accepted in the United States of America.

#### **Emphasis of Matter**

As discussed in Note 1 to the financial statements, during 2012 the Ashtabula Metropolitan Housing Authority adopted new accounting guidance in Governmental Accounting Standards Board Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*. Our opinion is not modified with respect to this matter.

#### **Other Matters**

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require this presentation to include *Management's discussion and analysis* listed in the table of contents, to supplement the basic financial statements. Although this information is not part of the basic financial statements, the Governmental Accounting Standards Board considers it essential for placing the basic financial statements in an appropriate operational, economic, or historical context. We applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, consisting of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, to the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not opine or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to opine or provide any other assurance.

#### Supplementary and Other Information

Our audit was conducted to opine on the Authority's basic financial statements taken as a whole. The actual modernization cost certificates presented on page 26 and the supplemental financial data schedules presented on pages 27 through 30 are presented for additional analysis as required by the U.S. Department of Housing and Urban Development and are not a required part of the basic financial statements. The schedule of federal awards expenditures provides additional information required by the U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, and is not a required part of the basic financial statements.

The actual modernization cost certificates, supplemental financial data schedules and schedule of federal awards expenditures are management's responsibility, and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. We subjected these statements and schedules to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling this information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, these statements and schedules are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 24, 2013, on our consideration of the Authority's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control over financial reporting and compliance.

Respectfully submitted,

Perry & Associates

As management of Ashtabula Metropolitan Housing Authority (the Authority), we offer the readers of the Authority's financial statements this narrative overview and analysis of the financial activities of the Authority for the year ended December 31, 2012. We encourage readers to consider the information presented here in conjunction with the Authority's financial statements.

#### **Special Conditions and Economic Factors**

Management is not aware of any facts, decisions, or conditions that would have a significant effect on the future operation of the Authority.

#### **Overview of the Financial Statements**

The financial statements included in this annual audit report are those of a special-purpose government engaged in a business-type activity. The following statements are included:

#### **The Statement of Net Position:**

This statement reports all financial and capital resources for the Authority. The statement is presented in the format where assets minus liabilities, equals "Net Position", formerly known as equity. Assets and liabilities are presented in order of liquidity, and are classified as "Current" (convertible into cash within one year), and "Non-current".

#### **Net Investment in Capital Assets:**

This component of Net Position consists of all Capital Assets, reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

#### **Restricted Net Assets**:

This component of Net Position consists of restricted assets, when constraints are placed on the asset by creditors (such as debt covenants), grantors, contributors, laws, regulations, etc.

#### **Unrestricted Net Assets**:

Consists of Net Assets that do not meet the definition of "Net Investment in Capital Assets", or "Restricted Net Assets".

#### Statement of Revenue, Expenses, and Change in Net Position

Reports the Authority's operating and non-operating revenue, by major sources, along with operating and non-operating expenses and capital contributions.

This Statement includes Operating Revenues, such as rental income, Operating Expenses, such as administrative, utilities, and maintenance, and depreciation, and Non-Operating Revenue and Expenses, such as grant revenue, investment income and interest expense.

#### **Statement of Cash Flows**

Presents information on the effects changes in assets and liabilities have on cash during the course of the Fiscal Year.

#### **Notes to the Financial Statements**

Provide additional information that is essential to a full understanding of the data provided in the Authority-wide financial statements.

#### **Analysis of the Housing Activity**

Our overall analysis of the Authority as a whole begins on the following pages. The most important question asked about the Authorities finances is "Is the Authority as a whole better or worse off as a result of the year's activities?"

The attached analysis of net position, revenues, and expenses are provided to assist with answering the above question. This analysis includes all assets and liabilities using the accrual basis of accounting. Accrual accounting is similar to the accounting used by most private sector companies. Accrual accounting recognizes revenues and expenses when earned regardless of when cash is received or paid.

Our analysis also presents the Authority's net position and changes in it. One can think of the Authority's net position as the difference between what the Authority owns (assets) to what the Authority owes (liabilities).

The change in net position analysis will assist the reader with measuring the health or financial position of the Authority. Over time, significant changes in the Authorities net position is an indicator of whether its financial health is improving or deteriorating.

To fully assess the financial health of any Authority the reader must also consider other non-financial factors such as changes in family composition, fluctuations in the local economy, HUD mandated program administrative changes, and the physical condition of the Authorities capital assets.

To fully understand the financial statements of the Housing Authority, one must start with an understanding of what the Authority actual does.

The following is a brief description of the programs and services that the Authority provides for the residents of Ashtabula County, Ohio:

#### **Housing Authority Programs**

#### Low Income Public Housing (LIPH)

The Authority has 555 units in its Public Housing inventory. The Authority is responsible for the management, maintenance, and utilities costs for all units. The units must be maintained in accordance with HUD established housing quality standards. An annual inspection of each unit must be performed by the Housing Authority to assure that they meet or exceed these standards.

Each Authority Public Housing building, and the units that comprise those buildings, are subject to random third party inspections as directed by HUD. In addition, the Authority must annually recertify each of the tenants' family composition and their respective household income.

#### **Analysis of the Housing Activity (Continued)**

#### **Housing Authority Programs (Continued)**

On an annual basis, the Authority submits a request for funding known as the Calculation of Operating Fund Subsidy. The basic concept of the Calculation of Operating Subsidy is that the Authority has a Project Expense Level (PEL). The PEL reflects estimated allowable operating expenditures and is calculated by HUD in accordance with the results of the Harvard Cost Study which was performed for HUD.

HUD funds the difference between these allowable costs incurred for all units leased units and the actual tenant revenue generated. Tenant rent is based on 30% of their adjusted household income. Actual funding received from HUD is made by the results of this formula calculation, subject to pro-ration in accordance with total funds actually appropriated by Congress. Actual funding is made by HUD, by formula, in accordance with total funds appropriated by Congress.

#### **Section 8 Housing Choice Vouchers (HCV)**

HUD has contracted with the Authority to provide support for the Housing Choice Voucher Program. The Authority pays a Housing Assistance Payments to Landlords for Low Income tenants.

The Housing Assistance Payment matches the difference between the total rent that the Landlord can charge, at or below a fair market rent amount supplied by HUD, and the amount that the tenant can pay based on 30% of their respective adjusted income.

For each unit that the Authority administers, HUD pays the Authority an administrative fee. The Authority is not responsible for the upkeep and maintenance of the units and properties associated with this program, however, they are responsible for annually inspecting the units to assure that they meet or exceed HUD established Housing quality standards.

#### Rural Housing and Economic Development Program

This program consists of grants that are meant to meet rural communities' housing and economic development needs. Recent appropriations acts have provided funding for this program, which is used to encourage new and innovative approaches to serving the housing and economic development needs of the nation's rural communities.

#### **Business Activities**

This Authority assists the local mental health group in administering a Shelter Plus Care program. This program provides rental assistance for homeless people with disabilities, primarily those with serious mental illness, chronic problems with alcohol and/or drugs, and acquired immune deficiency syndrome (AIDS), and related diseases. Rental assistance must be matched by an equal value in cash or in-kind provided by the grantee from federal or private sources to be used for supportive services.

#### Capital Fund Program

Tenant Revenues generated by the Authority are supplemented by operating subsidy from HUD. These two amounts combined are intended to cover only day to day routine expenses. This leaves the Authority with little funding for modernizing of the structures and/or for the completion of non-routine maintenance.

The purpose of the capital fund grants is to give funds to the Authority for improvement of the sites, to complete non-routine maintenance, and to assist with the improvement of the management of the Authority.

This grant program is awarded by HUD, by formula allocation, on an annual basis. The Authority generally has two years to obligate the funds from these capital fund grants, and three to years to fully expend them. As formal contracts are awarded from this program, funds are requisitioned from HUD to pay periodic requests from the contractors.

Work completed under this grant program is temporarily charged to Construction in Progress. When all of the funds allocated to a specific grant have been fully expended, approved by HUD, and audited, the work items are moved from Construction in Progress and placed into the Capital Assets. Depreciation begins at this point.

#### Supportive Housing Program

Grants offered through a competitive process for new construction, acquisition, rehabilitation, or leasing of buildings to provide transitional or permanent housing, as well as supportive services to homeless individuals and families; grants to fund a portion of annual operating costs; and grants for technical assistance.

#### **Condensed Comparative Financial Statements**

#### **Analysis of Net Position (Statement of Net Position)**

**Total Net Assets** for FY 2012 were \$15,793,455 and for FY 2011 the amount was \$15,863,734. This represents an overall net decrease of \$70,279, or 0.4%.

**Cash and Cash Equivalents (Including Investments)** decreased to \$3,835,845 in FY 2012 from \$3,902,887 in FY 2011, or by \$67,042, or 1.7%. The downward change in the Authority's cash balance is primarily due to a decrease in the Authority's unrestricted cash.

**Receivables** decreased to \$32,999 in FY 2012 from \$51,832 in FY 2011. This change was the result of a prior period restatement.

**Other Current Assets** increased to \$132,382 in FY 2012 from \$123,435 in FY 2011, or by \$8,947, or 7.2%. This change was primarily due to an increase in inventory.

**Capital Assets** decreased to \$12,523,441 in FY 2012 from \$12,654,382 in FY 2011, or by \$130,941, or 1.0%. The change in Capital Assets will be presented in the section of this analysis entitled Analysis of Capital Assets.

#### **Condensed Comparative Financial Statements (Continued)**

**Current Liabilities** decreased to \$344,655 in FY 2012 from \$372,026 in FY 2011, or by \$27,371, or 7.4%. This change is primarily the result of decreases in HUD accounts payables.

**Non Current Liabilities** decreased to \$386,557 in FY 2012 from \$496,776 in FY 2011, or by \$110,219, or 22.2%. Primarily, this change was a result of a decrease in long term debt, net of current.

The table below illustrates the changes in net assets between December 31, 2012 and 2011 for the Authority as a whole:

|   | 2012          | 2011          | Net Change   | % Variance |

### <u>Analysis of Entity-Wide Revenues (Statement of Revenues, Expenses, and Changes in Net Position)</u> (Continued)

Total revenues for FY 2012 were \$7,989,730 as compared to \$8,048,243 of total revenues for FY 2011. Comparatively, FY 2011 revenues exceeded FY 2012 revenues by \$58,513, or 0.7%. The primary reason for this change was the result of reduced funding from HUD Operating Grants and other revenue.

|                             | 2012            | 2011         | Net Change  | % Change |

#### **Analysis of Entity-Wide Expenditures**

**Total Expenditures** for FY 2012 were \$8,060,009 as compared to the \$7,780,556 of total expenditures for FY 2011. This represents an increase of \$279,453, or 3.6%.

**Administrative** expenditures for FY 2012 were \$1,439,838 as compared to \$1,326,738 in FY 2011. This represents an increase of \$113,100, or 8.5%. This change is primarily the result of an increase in administrative salaries and benefits.

**Utilities** expenditures for FY 2012 were \$688,774 as compared to \$736,053 in FY 2011. This represents a decrease of \$47,279, or 6.4%. The major cause for this change is due to decreases in sewage, natural gas and electric costs from the prior fiscal year.

**Maintenance** expenditures for FY 2012 were \$1,601,787 as compared to \$1,523,155 in FY 2011. This represents an increase of \$78,632, or 5.2%. The main reason for this change was due to increases in maintenance salaries and benefits.

**General** expenditures for FY 2012 were \$150,462 as compared to \$157,455 for FY 2011. This represents a decrease of \$6,993, or 4.4%. The main cause for this change was due to decreases in compensated absences expense.

#### NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### **Organization and Reporting Entity**

The Ashtabula Metropolitan Housing Authority (the Authority) was created under the Ohio Revised Code Section 3735.27 to engage in the acquisition, development, leasing, and administration of a low-rent housing program. An Annual Contributions Contract (ACC) was signed by the Authority and the U.S. Department of Housing and Urban Development (HUD) under the provisions of the United States Housing Act of 1937 (42 U.S.C. 1437) Section 1.1. The Authority was also created in accordance with state law to eliminate housing conditions which are detrimental to the public peace, health, safety, morals, or welfare by purchasing, acquiring, constructing, maintaining, operating, improving, extending, and repairing housing facilities.

The nucleus of the financial reporting entity as defined by the Governmental Accounting Standards Board (GASB) Statement No. 14 is the "primary government". A fundamental characteristic of a primary government is that it is a fiscally independent entity. In evaluating how to define the financial reporting entity, management has considered all potential component units. A component unit is a legally separate entity for which the primary government is financially accountable. The criteria of financial accountability is the ability of the primary government to impose its will upon the potential component unit. These criteria were considered in determining the reporting entity. The Authority has no component units based on the above considerations.

#### **Basis of Presentation**

The financial statements of the Authority have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

In accordance with GASB Statement No. 20, Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities That Use Proprietary Fund Accounting, the Authority has elected to apply the provisions of Statements and Interpretations of the Financial Accounting Standards Board issued after November 30, 1989 that do not conflict with GASB pronouncements. The Authority will continue applying all applicable pronouncements issued by the Governmental Accounting Standards Board. The Authority's basic financial statements consist of a statement of net assets, a statement of revenues, expenses, and changes in net assets, and a statement of cash flows

The Authority uses a single enterprise fund to maintain its financial records on an accrual basis. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts.

Enterprise fund reporting focuses on the determination of the change in net assets, financial position, and cash flows. An enterprise fund may be used to account for any activity for which a fee is charged to external users for goods and services.

#### **Measurement Focus and Basis of Accounting**

The enterprise fund is accounted for on a flow of economic resources measurement focus and the accrual basis of accounting. All assets and all liabilities associated with the operation of the Authority are included on the statement of net position. The statement of revenues, expenses, and changes in net position presents increases (i.e., revenues) and decreases (i.e., expenses) in net total position. The statement of cash flows provides information about how the Authority finances and meets the cash flow needs of its enterprise activity.

#### NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### **Measurement Focus and Basis of Accounting (Continued)**

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Authority's enterprise fund are charges to tenants for rent and operating subsidies from HUD. Operating expenses for the enterprise fund include the costs of facility maintenance, housing assistance payments, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

#### Use of Estimates

The preparation of financial statements in accordance with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### **Cash and Cash Equivalents**

The Authority considers all highly liquid investments (including restricted assets) with a maturity of three months or less when purchased to be cash equivalents.

#### Capital Assets

Capital assets are recorded at cost. Costs that materially add to the productive capacity or extend the life of an asset are capitalized while maintenance and repair costs are expensed as incurred. Depreciation is computed on the straight line method based on the following estimated useful lives:

| Buildings             | 40 years |
|-----------------------|----------|
| Building Improvements | 15 years |
| Land Improvements     | 15 years |
| Equipment             | 7 years  |
| Autos                 | 5 years  |
| Computers             | 3 years  |

#### **Capitalization of Interest**

The Authority's policy is not to capitalize interest related to the construction or purchase of capital assets.

#### **Investments**

Investments are stated at fair value. Cost based measures of fair value were applied to nonnegotiable certificates of deposit and money market investments.

#### NOTE 1: <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u> (Continued)

#### **Compensated Absences**

The Authority accounts for compensated absences in accordance with GASB Statement No. 16. Sick leave and other compensated absences with similar characteristics are accrued as a liability based on the sick leave accumulated at the balance sheet date by those employees who currently are eligible to receive termination payments. To calculate the liability, these accumulations are reduced to the maximum amount allowed as a termination payment. All employees who meet the termination policy of the Authority for years of service are included in the calculation of the compensated absences accrual amount.

Vacation leave and other compensated absences with similar characteristics are accrued as a liability as the benefits are earned by the employees if both of the following conditions are met: (1) the employees' rights to receive compensation are attributable to services already rendered and are not contingent on a specific event that is outside the control of the employer and employee; and (2) it is probable that the employer will compensate the employees for the benefits through paid time off or some other means, such as cash payments at termination or retirement.

In the proprietary fund, the compensated absences are expensed when earned with the amount reported as a liability. Information regarding compensated absences is detailed in Note 7.

#### **Change in Accounting Principles**

For 2012, the Authority has implemented Governmental Accounting Standards Board (GASB) Statement No. 63, "Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position". GASB Statement No. 63 provides guidance for reporting deferred outflows or resources, deferred inflows of resources, and net position in a statement of financial position and related note disclosures. These changes were incorporated in the Authority's 2012 financial statements; however, there was no material effect on beginning net position/fund balance.

#### NOTE 2: **DEPOSITS AND INVESTMENTS**

#### **Deposits**

At December 31, 2012, the carrying amount of the Authority's cash deposits was \$3,835,845. Based on criteria described in GASB Statement No. 40, *Deposits and Investments Risk Disclosures*, as of December 31, 2012, deposits totaling \$2,183,363 were covered by Federal Depository Insurance and deposits totaling \$1,652,482 was uninsured and collateralized with securities held by the pledging financial institution's trust department or agent, in the Authority's name.

Custodial credit is the risk that, in the event of a bank failure, the Authority's deposits may not be returned. The Authority's policy is to place deposits with major local banks approved by the Board. Multiple financial institution collateral pools that insure public deposits must maintain collateral in excess of 110 percent of deposits. All deposits, except for deposits held by fiscal and escrow agents, are collateralized with eligible securities in amounts equal to at least 110 percent of the carrying value of the deposits. Such collateral, as permitted by Chapter 135 of the Ohio Revised Code, is held in financial institution pools at Federal Reserve banks, or at member banks of the Federal Reserve System in the name of the respective depository bank, and pledged as a pool of collateral against all of the public deposits it holds, or as specific collateral held at a Federal Reserve bank in the name of the Authority.

#### NOTE 2: **DEPOSITS AND INVESTMENTS** (Continued)

#### **Cash on Hand**

At December 31, 2012, the Authority had un-deposited cash on hand, including petty cash, of \$300.

#### **Investments**

The Authority has a formal investment policy. The Authority follows GASB Statement No. 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*, and records all its investments at fair value. However, at December 31, 2012, the Authority investments were limited to non-negotiable certificate of deposits.

#### **Interest Rate Risk**

As a means of limiting its exposure to fair value of losses caused by rising interest rates, the Authority's investment policy requires that operating funds be invested primarily in short-term investments maturing within 2 years from the date of purchase and that its investment portfolio be structured so that securities mature to meet cash requirements for ongoing operations and/or long-term debt payments. The stated intent of the policy is to avoid the need to sell securities prior to maturity.

#### **Credit Risk**

The credit risks of the Authority's investments are in the table below. The Authority has no investment policy that would further limit its investment choices.

#### **Custodial Credit Risk**

For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the Authority will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The Authority has no investment policy dealing with investment custodial risk beyond the requirement in State statute that prohibits payment for investments prior to the delivery of the securities representing such investments to the controller or qualified trustee.

#### **Concentration of Credit Risk**

The Authority places no limit on the amount it may invest in any one insurer. The Authority's deposits in financial institutions represents 100 percent of its deposits.

#### NOTE 5: **DEFINED BENEFIT PENSION PLAN**

#### **Ohio Public Employees Retirement System**

All full-time Authority employees participate in the Ohio Public Employees Retirement System (OPERS). OPERS administers three separate pension plans, as described below:

1. The Traditional Pension Plan (TP) - a cost-sharing, multiple-employer defined benefit pension plan;

- 2. The Member-Directed Plan (MD) a benefit contribution plan in which the member invests both member and employer contributions (employer contributions vest over five years at 20 percent per year). Under the Member-Directed plan, members accumulate retirement assets equal to the value of the member and (vested) employer contributions plus any investment earnings.
- 3. The Combined Plan (CO) a cost-sharing, multiple-employer defined benefit pension plan. Under the Combined plan, employer contributions are invested by the retirement system to provide a formula retirement benefit similar in nature to the Traditional Pension plan benefit. Member contributions, the investment of which is self-directed by the members, accumulate retirement assets in a manner similar to the member-directed plan.

OPERS provides retirement, disability, survivor and death benefits and annual cost-of living adjustments to members of the Traditional Pension and Combined Plans. Members of the Member-Directed Plan do not qualify for ancillary benefits. Authority to establish and amend benefits is provided in Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report. Interested parties may obtain a copy by visiting <a href="https://www.opers.org/investments/cafr.shtml">https://www.opers.org/investments/cafr.shtml</a>, writing to OPERS, 277 East Town Street, Columbus, OH 43215-4642, or calling 614-222-5601 or 1-800-222-7377.

The Ohio Revised Code provides statutory authority for employee and employer contributions. For 2012, member and employer contribution rates were consistent across all three plans. The employee contribution rate for 2012 was 10.0% for employees. The 2012 employer contribution rate was 14.0% of covered payroll. The Authority's contributions to PERS for the years ended December 31, 2012, 2011 and 2010 were \$165,685; \$159,133; and \$149,918; respectively, 100% has been contributed for the above years, respectively.

#### NOTE 6: **POST-EMPLOYMENT BENEFITS**

#### **Plan Description**

OPERS maintains a cost-sharing, multiple-employer defined benefit post-employment health care plan, which includes a medical plan, prescription drug program, and Medicare Part B premium reimbursement, to qualifying members of both the Traditional Pension and the Combined plans. Members of the Member-Directed Plan do not qualify for ancillary benefits, including post-employment health care coverage.

#### NOTE 6: **POST-EMPLOYMENT BENEFITS** (Continued)

#### **Plan Description (Continued)**

In order to qualify for post-retirement health care coverage, age and service retirees under the Tradition Pension and Combined Plans must have 10 or more years of qualifying Ohio service credit. Health care coverage for disability recipients and qualified survivor benefit recipients is available. The health care coverage provided by the retirement system meets the definition of an Other Post-employment Benefit (OPEB) as described in GASB Statement 45.

The Ohio Revised Code permits, but does not mandate, OPERS to provide OPEB benefits to its eligible members and beneficiaries. Authority to establish and amend benefits is provided in Chapter 145 of the Ohio Revised Code.

A portion of each employer's contribution to OPERS is set aside for the funding of post-retirement health care based on authority granted by state statute. The 2012 employer contribution rate was 14.0% of covered payroll for employees. The Ohio Revised Code currently limits the employer contribution to a rate not to exceed 14.0% of covered payroll for employees. Active members do not make contributions to the OPEB plan.

OPERS' Post Employment Health Care plan was established under, and is administrated in accordance with, Internal Revenue Code 401(h). Each year, the OPERS Retirement Board determines the portion of the employer contribution rate that will be set aside for funding of post employment health care benefits. The portion of employer contributions allocated to health care for members in the Traditional Plan was 4% during calendar year 2012. The portion of employer contributions allocated to health care for members in the Combined Plan was 6.05% during calendar year 2012. The Authority's actual contributions for 2012 which were used to fund OPEB were \$47,336 for employees. Effective January 1, 2013, the portion of employer contributions allocated to healthcare was lowered to 1% for both plans, as recommended by the OPERS Actuary. The OPERS Retirement Board is also authorized to establish rules for the retiree of their surviving beneficiaries to pay a portion of the health care benefits provided. Payment amounts vary depending on the number of covered dependents and the coverage selected.

Changes to the health care plan were adopted by the OPERS Retirement Board on September 19, 2012, with a transition commencing January 1, 2014. With the recent passage of pension legislation under SB 343 and the approved health care changes, OPERS expects to be able to consistently allocate 4 percent of the employer contributions toward the health care fund after the end of the transition period.

#### NOTE 7: COMPENSATED ABSENCES

Vacation and sick leave policies are established by the Board of Commissioners based on local and state laws.

All permanent employees will earn 10 hours sick leave per month of service. Unused sick leave may be accumulated without limit. At the time of separation, union employees receive payment for thirty (30) days of unused sick leave. All permanent employees will earn vacation hours accumulated based on length of service. All vacation time earned must be used in the year earned without accumulation.

At December 31, 2012, based on the vesting method, \$200,977 was accrued by the Authority for unused vacation and sick time. The current portion is \$20,098 and the long term portion is \$180,879.

#### NOTE 8: **INSURANCE**

The Authority is covered for property damage, general liability, automobile liability, law enforcement liability, public officials liability, and other crime liabilities through membership in the Housing Authority Insurance Group. (HAI Group). HAI Group is a public housing authority-owned organization dedicated to providing reliable insurance solutions and related services to the public and affordable housing community in a manner which exceeds expectations. Deductibles and coverage limits are summarized below:

| Type of Coverage     | <u>Deductible Limits</u> | Coverage         |  |  |  |
|----------------------|--------------------------|------------------|--|--|--|
| Property             | \$ 1,000                 | \$250,000,000    |  |  |  |

| Employee Dishonesty  | 0                        | 500,000          |  |  |  |

Additionally, Workers' Compensation insurance is maintained through the State of Ohio Bureau of Workers' Compensation, in which rates are calculated retrospectively. The Authority is also fully insured through a premium payment plan with Aetna Health, Inc. for employee health care benefits. Settled claims have not exceeded the Authority's insurance in any of the past three years.

#### NOTE 9: **CONTINGENCIES**

The Authority is party to various legal proceedings which seek damages or injunctive relief generally incidental to its operations and pending projects. The Authority's management is of the opinion that the ultimate disposition of various claims and legal proceedings will not have a material effect, if any, on the financial condition of the Authority.

The Authority has received several Federal and state grants for specific purposes which are subject to review and audit by the grantor agencies. Such audits could lead to requests for reimbursements to grantor agencies for expenditures disallowed under the terms of the grant. Based upon prior experience, management believes such disallowances, if any, will be immaterial.

#### NOTE 10: LONG-TERM DEBT

Changes in the Authority's long-term debt during fiscal year 2012 are as follows:

Long-term debt consists of two term loans payable in the amount of \$312,600 at 9 percent and \$840,000 at 8 percent, with the Rural Economic and Community Development Services, payable over a period of 40 years. Monthly payments are \$2,277 and \$5,357, respectively. Interest incurred during 2012 was \$20,146. The Rural Economic and Community Development Services interest credit is reduced by rent collections by the Authority in excess of maximum contract rates. The balance due at December 31, 2012, was \$281,828, of which \$76,150 was the current portion.

The following is a summary of the Authority's future debt service requirements for mortgages payable as of December 31, 2012:

# INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

June 24, 2013

Ashtabula Metropolitan Housing Authority Ashtabula County 3526 Lake Avenue Ashtabula, Ohio 44004

To the Board of Directors:

We have audited, in accordance with auditing standards generally accepted in the United States and the Comptroller General of the United States' *Government Auditing Standards*, the financial statements of the business-type activities of the **Ashtabula Metropolitan Housing Authority**, Ashtabula County, (the Authority) as of and for the year ended December 31, 2012, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements and have issued our report thereon dated June 24, 2013, wherein we noted the Authority has adopted Governmental Accounting Standards Board Statement No. 63.

#### Internal Control Over Financial Reporting

As part of our financial statement audit, we considered the Authority's internal control over financial reporting (internal control) to determine the audit procedures appropriate in the circumstances to the extent necessary to support our opinion on the financial statements, but not to the extent necessary to opine on the effectiveness of the Authority's internal control. Accordingly, we have not opined on it.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A material weakness is a deficiency, or combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of the Authority's financial statements. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all internal control deficiencies that might be material weaknesses or significant deficiencies. Given these limitations, we did not identify any deficiencies in internal control that we consider material weaknesses. However, unidentified material weaknesses may exist.

#### **Compliance and Other Matters**

As part of reasonably assuring whether the Authority's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, opining on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

#### Purpose of this Report

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of the Authority's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering the Authority's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

# INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133

June 24, 2013

Ashtabula Metropolitan Housing Authority Ashtabula County 3526 Lake Avenue Ashtabula, Ohio 44004

To the Board of Directors:

#### Report on Compliance for Each Major Federal Program

We have audited the **Ashtabula Metropolitan Housing Authority's** (the Authority) compliance with the applicable requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133, Compliance Supplement* that could directly and materially affect the Ashtabula Metropolitan Authority's major federal program for the year ended December 31, 2012. The *Summary of Auditor's Results* in the accompanying schedule of audit findings identifies the Authority's major federal program.

#### Management's Responsibility

The Authority's Management is responsible for complying with the requirements of laws, regulations, contracts, and grants applicable to its federal program.

#### Auditor's Responsibility

Our responsibility is to opine on the Authority's compliance for each of the Authority's major federal programs based on our audit of the applicable compliance requirements referred to above. Our compliance audit followed auditing standards generally accepted in the United States of America; the standards for financial audits included in the Comptroller General of the United States' *Government Auditing Standards*; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. These standards and OMB Circular A-133 require us to plan and perform the audit to reasonably assure whether noncompliance with the applicable compliance requirements referred to above that could directly and materially affect a major federal program occurred. An audit includes examining, on a test basis, evidence about the Authority's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe our audit provides a reasonable basis for our compliance opinion on the Authority's major program. However, our audit does not provide a legal determination of the Authority's compliance.

#### Opinion on the Major Federal Program

In our opinion, the Ashtabula Metropolitan Housing Authority complied, in all material respects with the compliance requirements referred to above that could directly and materially affect its major federal program for the year ended December 31, 2012.

#### Report on Internal Control Over Compliance

The Authority's management is responsible for establishing and maintaining effective internal control over compliance with the applicable compliance requirements referred to above. In planning and performing our compliance audit, we considered the Authority's internal control over compliance with the applicable requirements that could directly and materially affect a major federal program, to determine our auditing procedures appropriate for opining on each major federal program's compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not to the extent needed to opine on the effectiveness of internal control over compliance. Accordingly, we have not opined on the effectiveness of the Authority's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, when performing their assigned functions, to prevent, or to timely detect and correct, noncompliance with a federal program's applicable compliance requirement. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a federal program compliance requirement will not be prevented, or timely detected and corrected. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with federal program's applicable compliance requirement that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

This report only describes the scope of our internal control compliance tests and the results of this testing based on OMB Circular A-133 requirements. Accordingly, this report is not suitable for any other purpose.
