

Annual Report 2012

City of Brook Park, Ohio

**COMPREHENSIVE ANNUAL FINANCIAL REPORT
FOR THE YEAR ENDED DECEMBER 31, 2012**

Dave Yost • Auditor of State

Honorable Mayor and Members of City Council
City of Brook Park
6161 Engle Road
Brook Park, Ohio 44142

We have reviewed the *Independent Auditor's Report* of the City of Brook Park, Cuyahoga County, prepared by Ciuni & Panichi, Inc., for the audit period January 1, 2012 through December 31, 2012. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The City of Brook Park is responsible for compliance with these laws and regulations.

A handwritten signature in black ink that reads "Dave Yost".

City of Brook Park

Finance Department

Gregory M. Cingle
Finance Director

Martin S. Healy
Assistant Finance Director

June 26, 2013

To the Honorable Mayor and Members of City Council,
And Citizens of Brook Park, Ohio:

State law requires that all general-purpose local governments publish within six months of the close of each fiscal year a complete set of financial statements presented in conformity with Generally Accepted Accounting Principles (GAAP) and audited in accordance with Generally Accepted Auditing Standards (GAAS) by a firm of licensed certified public accountants. Pursuant to that requirement, we hereby issue the Comprehensive Annual Financial Report (CAFR) of the city of Brook Park (City) for the fiscal year ended December 31, 2012.

This report consists of management's representations concerning the finances of the City. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management of the City has established a comprehensive internal control framework that is designed to both protect the government's assets from loss, theft or misuse and to compile sufficient reliable information for the preparation of the City's financial statements in conformity with GAAP. Since the cost of internal controls should not outweigh their benefits, the City's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assure that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The City's financial statements have been audited by Ciuni & Panichi, Inc., a firm of licensed certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of the City for the fiscal year ended December 31, 2012, are free of material misstatement. The independent audit involved: examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion on the financial statements of the City for the fiscal year ended December 31, 2012, and that the financial statements are fairly presented in conformity with GAAP. The report of the independent auditor is presented as the first component of the financial section of this report.

The requirements of GAAP necessitate that management provide a narrative introduction, overview and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the City's MD&A and should be read in conjunction with it. The MD&A can be found immediately following the report of the independent auditors.

Profile of the Government

The city of Brook Park, incorporated in 1967, is located in the Southwest portion of Cuyahoga County, 13 miles from Downtown Cleveland, with the cities of Parma to the east, Berea to the west and Middleburg Heights to the south. Brook Park is an easily accessible suburban community that abuts Cleveland Hopkins Airport on the Northwest boundary and has ready access to Interstates 71 and 480 and the Ohio Turnpike. With an excellent combination of residential, commercial and industrial areas that provide tax support, the City is able to finance the building of excellent administrative, recreational and service facilities as well as provide a wide variety of municipal services, such as police and fire services, street services, sewer services and recreation services.

The City operates under a mayor-council form of government. The mayor, designated by the charter as the chief executive officer of the City, is elected to serve a four-year term. The mayor has the power to appoint, promote, discipline, transfer, reduce or remove any employee of the City, except those elected, those who work for an elected official and those whose terms of office are set by City Charter. Legislative authority is vested in an eight-member council. The council consists of a president, three council members elected at-large and four council members elected by ward. Council members are elected to serve a two-year term. Each member of council has a right to vote, except for the president, who may vote only in the event of a tie.

The mayor is entitled to a seat on council but has no voting rights. The mayor may veto any legislation passed by council. A veto may be overridden by a two-thirds vote of all members of council. The council fixes compensation of City officials and employees and enacts ordinances and resolutions relating to City services, tax levies, appropriations, indebtedness, the licensing of regulated businesses and trades and other municipal purposes.

Other elected officials include the finance director and law director, each of whom serve four-year terms.

Detailed provisions for the City's budget, tax levies and appropriations are set forth in the Ohio Revised Code and City Charter. With the assistance of the finance director, the mayor is required to submit to council an estimate of the revenues and expenditures of the City for the succeeding fiscal year. The mayor submits to council an appropriation ordinance budget for the next succeeding fiscal year based on the annual estimate. Council is required to adopt said ordinance in its original form or with those revisions as it may find proper within 90 days of the beginning of the fiscal year.

The City maintains budgetary control on a non-GAAP basis by fund and within each fund by department at major object levels, which include personal services, travel and education, contractual services, supplies and materials, other expenditures, capital outlay, debt service and operating transfers. For management purposes, the major object level is further defined with budgeted amounts not to exceed the aggregate appropriated by council.

Budgetary control is maintained by an encumbrance of purchase commitment amounts prior to the release of purchase orders to vendors. Requisitions for the expenditure of monies are submitted to the mayor for approval and preparation of a purchase order. The purchase order is forwarded to the finance director's office for certification of the availability of funds, and the estimated expenditure is encumbered against the available appropriation. Unencumbered appropriations lapse at the end of each year. The City's accounting system provides interim financial reports that detail year-to-date expenditures plus encumbrances versus the original appropriations plus or minus any additional approved appropriations. The report permits the officials of the City to ascertain the status of a department's appropriations at any time during the year.

Factors Affecting Financial Condition

I. Economic Conditions and Outlook. In general, overall economic activity increased at a modest to moderate pace, according to the Federal Reserve:

- Slight to moderate gains in consumer spending.
- Motor vehicle sales increased moderately in several markets.
- Manufacturing activity increased across most of the country.
- Residential real estate activity increased at a strong pace.
- Commercial real estate grew at a modest to moderate rate.

The Northeast Ohio region saw declines in the unemployment rate and increases in total employment. According to Sandra Pianalto, President of the Cleveland Federal Reserve, the economy appears to be on a steady growth path as consumer spending and business optimism both are improving. As of now, she's predicting economic growth of 3 percent and unemployment of 7 percent by the end of 2014.

Factors affecting local economic conditions and outlook are as follows:

- There are approximately 94 homes in foreclosure and 50-60 homes that are vacant and/or abandoned. In 2011, there were 52 homes in foreclosure and 20 homes that were vacant and/or abandoned.
- Gas prices rose to an average of over \$3.50/gallon.
- There were 21 businesses that closed in 2012.

On a Positive Note: In an effort to prevent a protracted recession, federal and state governments have been proactive in creating and initiating programs to stimulate the economy and generate new employment opportunities. A few noteworthy successes include:

- An extension of the payroll tax cuts was approved by the House and Senate.
- Federal tax credits for energy efficiency improvements were extended.
- The Dow Jones Industrial Average had noticeable gains.
- Real GDP increased 2.2 percent in 2012.
- The Federal Reserve continued to keep interest rates at record lows.

II. Local Economic Activity. The City continues to exercise significant energy to sustain its existing economic base and pursue new business opportunities.

- Ohio State Highway Patrol purchased a building on W. 140th Street, bringing 65 jobs to the City. There is a possibility that an additional 35 jobs could be added.
- Ohio Crematory filled a vacant building on Brookpark Road, creating five jobs.
- Direct Detail renovated a building on W. 137th Street and generated four-five jobs.
- Holiday Inn Express on Snow Road added a third floor and renovated the lobby.

III. Major Economic Initiatives. The City continued to focus on business retention, redevelopment opportunities, infrastructure improvements and prospecting for new business investment in the community.

Retention Activity:

We remain focused on the events surrounding Ford Motor Company and NASA Glenn:

- Ford Motor Company: Renovation in Engine Plant No. 1 is underway to retrofit the facility to begin building the new 2.0-liter, 4-cylinder EcoBoost engine. The \$200 million in new investment will bring approximately 450 jobs. Production is scheduled to begin in late 2014. The continued improvement in economic conditions will be a major factor in Ford's success.
- NASA Glenn: As part of President Obama's proposed budget, Glenn received good news on the programmatic level. Included in the proposed budget is funding for two major programs; Cryogenic Propellant Storage and Transfer (CPST) Technology Flight Demonstration and Solar Electric Propulsion (SEP). In the area of space technology, Glenn leads the CPST mission and develops the system and technology required to accelerate development of a SEP module that will be a key system to enable the robotic system in the proposed NASA asteroid redirect mission. CPST and SEP will benefit other NASA science and exploration missions. Passage of the budget is expected in the summer of 2013. If the budget is approved, employment and subcontractor levels are projected to remain stable, approximately 1,500 individuals each.

Redevelopment Opportunities:

- Since acquiring the north side of Brookpark Road from the City of Cleveland in 1998, there has been over \$45 million of private funding invested into this area, with more private investment scheduled for 2013. The City will continue to meet with building owners and developers to find creative opportunities for new projects along this important corridor.
- The City's continues to rely on the first-ever Master Plan that was finalized in 2012. The Plan will assist in providing ideas for redevelopment, land use and zoning updates.

Infrastructure:

- The Brookpark Road resurfacing project with the Cities of Cleveland and Parma is nearing completion. Approximately \$3 million will be invested, with the majority of the funding coming from grants awarded by ODOT and OPWC. In addition to resurfacing a vital roadway throughout the City and County, work included curb and catch basin repairs.
- The Sheldon Road water main replacement project was completed.
- The West 150th street and sewer improvement project (Phase I) and the West 150th sewer improvement project (Phase II) were completed.
- Heatherwood Drive, Grayfriar Drive and W. 151st Street capital repairs were completed.

Future Projects:

- Ganley Chevrolet is building a new dealership on Brookpark Road. Employment potential is 60-75 new jobs.
- Cuyahoga Machine is constructing a new 15,000 sq. ft. facility, where they will manufacture and repair hydraulic cylinders. Employment estimates are 20-25 new jobs.
- CDW Grinding, a steel manufacturer, is considering a multi-million dollar investment in their business.

The above initiatives are imperative to the City's economic development strategy and long-term success. Each of these projects will help enhance the City's ability to attract additional investment into the community.

Cash Management Policies and Practices

Cash management is a vital component of the City's overall financial strategy. Under the direction of the finance director, the City maintains an aggressive cash management program. Major considerations are timing of cash flows necessary to pay City liabilities and available interest rates. As City funds become available, they are invested immediately in short-term certificates of deposit or other securities authorized by state statutes. Interest earnings are allocated to funds based on the requirements of the Ohio Constitution and state statutes. All deposits and investments are covered by pooled collateral that has a face value equal to at least 105 percent of deposits.

Risk Management

The City has contracted with Wichert Insurance Company to negotiate property, general liability, boiler and machinery, automobile, law enforcement, public officials and umbrella insurance for the City. Medical insurance is provided for full-time employees and their families. The plan is self-funded and administered by a third party administrator. The state of Ohio provides workers' compensation coverage for employees of the City.

Awards and Acknowledgements

Certificate of Achievement. The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City for its CAFR for the fiscal year ended December 31, 2011. The Certificate of Achievement is a prestigious national award that recognizes conformance with the highest standards for preparation of state and local government financial reports.

In order to be awarded a Certificate of Achievement, the City published an easily readable and efficiently organized CAFR. This report conformed to program standards and satisfied both GAAP and applicable legal requirements.

The Certificate of Achievement is valid for a period of only one year. The City has received a Certificate of Achievement for the last 21 years. We believe that our current CAFR continues to meet the requirements for the Certificate of Achievement, and we are submitting it to the GFOA to determine its eligibility for another certificate.

Acknowledgement. The finance department, with the efficient and dedicated service of its entire staff, prepared this CAFR. We would like to express special appreciation to the independent accounting firm of James G. Zupka, CPA, Inc., who contributed significantly to the preparation of this report. In addition, we would like to thank the Mayor and each member of City council for their support, which has allowed the finance department to operate at the level that the residents of the City demand and deserve.

Respectfully submitted,

Gregory M. Cingle, CPA, MBA
Finance Director

Independent Auditor's Report

Members of the City Council
Brook Park, Ohio

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the City of Brook Park, Ohio (the "City") as of and for the year ended December 31, 2012, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the City's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Members of the City Council
Brook Park, Ohio

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the City, as of December 31, 2012, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As described in Note 3 to the financial statements, during 2012, the City adopted new accounting guidance in Governmental Accounting Standards Board (GASB) Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*, and GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities* and as a result restated their December 31, 2011 net position of governmental activities due to a reclassification of debt issuance costs as an expense in the period incurred rather than amortizing over the life of the debt. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 5 through 16 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements and schedules, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

Members of the City Council
Brook Park, Ohio

The combining and individual nonmajor fund financial statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated June 26, 2013 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

City of Brook Park, Ohio

Management's Discussion and Analysis (Unaudited)

For the Year Ended December 31, 2012

The discussion and analysis of the City of Brook Park's (the City) financial performance provides an overall review of the City's financial activities for the year ended December 31, 2012. The intent of this discussion and analysis is to look at the City's financial performance as a whole. Readers are encouraged to consider this information in conjunction with the additional information contained in the financial statements and the notes thereof.

Financial Highlights

Key financial highlights for 2012 are:

- Revenue from municipal income and other taxes totaled \$17,768,862.
- Total assets increased by \$1,543,842 or a 1.62 percent increase over 2011.
- Total net position decreased by \$358,305 or a 0.43 percent decrease over 2011.
- Total capital assets increased by \$1,964,153 or a 2.71 percent increase over 2011.
- Total outstanding long-term liabilities increased by \$1,532,904. This was a 20.15 percent increase over 2011 which is attributed to the City's inception of capital leases and the increase in the retirement incentive payable in 2012.
- As of the close of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$14,005,956, a decrease of \$1,415,836 in comparison with the prior year's amount. Approximately 5.84 percent of this total amount, \$818,143, is available for spending at the government's discretion (unassigned fund balance) without externally or internally imposed constraints.
- At the end of the current fiscal year, the General Fund's unassigned fund balance was \$1,172,557, or 5.50 percent of General Fund expenditures (not including other financing uses).

Using This Comprehensive Annual Financial Report (CAFR)

This annual report consists of a series of financial statements and notes to those statements. These statements are prepared and organized so the reader can understand the City both financially and operationally. The statements proceed to provide an increasingly detailed look at our specific financial condition.

The *Statement of Net Position* and *Statement of Activities* provide information about the activities of the whole City, presenting both an aggregate view of the City's finances and long-term view of those assets. Major fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term and what dollars remain for future spending. The fund financial statements also look at the City's most significant funds, with all other nonmajor funds presented in total in one column.

City of Brook Park, Ohio

Management's Discussion and Analysis (Unaudited) (continued)

For the Year Ended December 31, 2012

Reporting the City of Brook Park as a Whole

Statement of Net Position and Statement of Activities

While the CAFR contains information about the funds used by the City to provide services to our citizens, the *Statement of Net Position* and the *Statement of Activities* provide a view of the City's monetary transactions and answer the question, "How did the City do financially during 2012?" These statements include all assets, deferred outflows of resources, liabilities, and deferred inflows of resources using the accrual basis of accounting, which is similar to the accounting method used by the private sector. This accounting method takes into account all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the City's net position and the changes in net position. The changes in net position are important because it tells the reader whether the financial position of the City has improved or diminished. When evaluating the overall position of the City, non-financial information should also be considered, such as: changes in the City's tax base, amendments to property and income tax laws, condition of capital assets, etc.

The *Statement of Net Position* and the *Statement of Activities* will include the following governmental activities: police, fire, street maintenance, parks and recreation and general administration. Income taxes, property taxes and state and federal subsidy grants finance most of these activities.

The *Statement of Net Position* and the *Statement of Activities* are divided into the following categories:

- Assets
- Deferred Outflows of Resources
- Liabilities
- Deferred Inflows of Resources
- Net Position (Assets and Deferred Outflows of Resources minus Liabilities and Deferred Inflows of Resources)
- Program Revenues and Expenses
- General Revenues
- Net Position at the Beginning and End of Year

Reporting of the Most Significant Funds of the City of Brook Park

Fund Financial Statements

The presentation of the City's major funds begins on page 19. Fund financial statements provide detailed information about the City's major funds based on the restrictions on the use of monies. The City has established many funds to account for the multitude of services, facilities and infrastructure improvements provided to our residents. However, these fund financial statements focus on the City's most significant funds. In the case of the City, the major funds are the General and Capital Improvements Funds. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.

City of Brook Park, Ohio

Management's Discussion and Analysis (Unaudited) (continued)

For the Year Ended December 31, 2012

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources as well as on the balance of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the near-term financing requirements of a government. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets and deferred outflows of resources that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the City's general government operations and the basic services it provides. Both the *Governmental Funds Balance Sheet* and the *Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balances* provide a reconciliation to facilitate a comparison between governmental activities (reported in the *Statement of Net Position* and the *Statement of Activities*) and governmental funds.

The City maintains 18 individual governmental funds. Information is presented separately in the *Governmental Funds Balance Sheet* and in the *Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balances* for the General Fund and Capital Improvements Fund. Data from the other governmental funds are combined into single, aggregated presentations. Individual fund data for each of these nonmajor governmental funds is provided elsewhere in this CAFR in the form of combining statements.

The City adopts an annual appropriated budget for each of its funds. A budgetary comparison statement (non-GAAP basis) has been provided for each governmental and proprietary fund to demonstrate budgetary compliance.

Proprietary Funds

Internal service funds are an accounting device used to accumulate and allocate costs internally among the various functions of a city. Since this predominately benefits governmental rather than business functions, it has been included within governmental activities in the government-wide financial statements. The City maintains one type of proprietary fund for the self insurance of health care benefits.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Internal Service Fund.

The basic proprietary fund financial statements can be found starting on page 24.

Fiduciary Funds

Fiduciary funds are used to account for resources held for the benefit of parties outside the government and are not reflected in the government-wide financial statements because resources are not available to support the City's own programs. The City has only agency funds to report within the fiduciary fund category. Agency funds are reported on a full accrual basis of accounting and only present a statement of fiduciary net position.

City of Brook Park, Ohio

Management's Discussion and Analysis (Unaudited) (continued)

For the Year Ended December 31, 2012

Notes to the Financial Statements

The notes provide additional information that is essential for a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found starting on page 28.

Other information

In addition to the basic financial statements and the accompanying notes, this CAFR also presents certain other information that the City believes readers will find useful. After the notes to the basic financial statements, the combining statements, referred to earlier in connection with nonmajor governmental funds, are presented along with individual detailed budgetary comparisons for all nonmajor funds. This information can be found starting on page 67.

The City as a Whole

As noted earlier, the *Statement of Net Position* looks at the City as a whole and can prove to be a useful indicator of the City's financial position. Table 1 provides a summary of the City's net position for 2012 as compared to 2011.

**Table 1
Net Position**

* Restated

City of Brook Park, Ohio

Management's Discussion and Analysis (Unaudited) (continued)

For the Year Ended December 31, 2012

An additional portion of the City's net position, 11.16 percent, represents resources that are subject to external restrictions on how they are to be used. Unrestricted net position, \$4,005,123, may be used to meet the City's ongoing obligations to citizens and creditors.

Total assets increased by \$1,543,842 during the current year. The following factors were responsible for the change in total assets:

- Investment in the infrastructure of the City continued in 2012. The West 150th street and sewer improvement project (Phase I), the West 150th sewer improvement project (Phase II) and the Sheldon Road water main repair project were completed in 2012.
- Street and capital projects that were finished in 2012 included Heatherwood Drive, Grayfriar Drive and W. 151st Street.
- Capital assets that were purchased in 2012 included:
 1. Automated rubbish system (\$1,507,841)
 2. 10 new vehicles with equipment for the police department (\$329,680)
 3. Rescue squad for the fire department (\$139,787)
 4. Truck mounted lateral launch system for the sewers and drains department (\$49,206)
 5. Control panels for the pump stations (\$22,620)
- Infrastructure upgrades are as follows:
 1. Investment in public playgrounds and ballfields
- The City obtained Ohio Public Works Commission (OPWC) grant and loan funds for the West 150th street and sewer improvement project (Phase I). The total project costs will be shared by OPWC (67 percent) and a joint cooperative between the City and the city of Cleveland (33 percent). A signed agreement was executed to share the local portion costs of the project, with the city of Cleveland being responsible for 65 percent and the City assuming the remaining balance, 35 percent. Per the agreement, the City will pay the full annual debt service requirements and then be reimbursed by the city of Cleveland for their above referenced agreed upon share of the local costs. The City has created an intergovernmental receivable in the amount of \$1,077,005 to account for the city of Cleveland's share. This project was completed in 2012.
- The West 150th sewer improvement project (Phase II) was established to help alleviate a large percentage of flooding within the City. The project will have profound impacts on the efficiency of the sanitary system that services over two-thirds of the City. The project was completed in 2012.
- The City issued short-term bond anticipation notes with an interest rate of 1.0 percent and a maturity date of October 2, 2013. The funds are being used to construct and install new sanitary sewers along Engle Road between Snow Road and Holland Road and an underground overflow storage chamber. Details of the bond issuance are discussed on page 16 of the Management's Discussion and Analysis.

City of Brook Park, Ohio

Management's Discussion and Analysis (Unaudited) (continued)

For the Year Ended December 31, 2012

- Construction is near completion on Brookpark Road (SR-17) from approximately 1,000 feet west of the Brookpark Road/SR 237 intersection to West 130th Street in the cities of Brook Park, Cleveland and Parma. Construction includes, but is not limited to, asphaltic resurfacing, joint repair, replacement of defective base, curb ramps, aprons and curbs, adjustment of castings and repairs of defective catch basins. Total cost of the project is estimated at a little over \$3 million. Project funding sources include dollars from the ODOT Urban Paving Program and Ohio Public Works.

Total liabilities increased by \$2,171,750. This increase is primarily due to an increase in long-term liabilities as a result of the City's inception of capital leases and increases in the recognition of the retirement incentive payable in 2012.

The largest portion of the City's net position (84.05 percent) reflects its investment in capital assets, i.e. land, buildings, machinery, equipment, vehicles and infrastructure, less any related outstanding debt used to acquire those assets along with related deferred outflows/inflows of resources. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt and related deferred outflows/inflows of resources, it should be noted that resources needed to repay this debt must be provided from other sources since the capital assets themselves cannot be used to liquidate those liabilities and related deferred inflows of resources.

The City continues to make concerted efforts to continue to maximize the return on investments of its cash and cash equivalents. Since the Federal Reserve Board kept the Fed Funds Rate low throughout 2012, the City continued to be proactive in its investment strategy. By utilizing short-term certificates of deposit and money market funds, the City achieves a balanced investment portfolio. The strategy is to maximize current returns, hedge against future declining market environments and protect the principal of each investment.

City of Brook Park, Ohio

*Restated

Governmental Activities

Several revenue sources fund the City's governmental activities, with City income tax being the largest contributor. The City's income tax rate is two percent on gross income and has not changed since 1991. Residents of the City who work in other communities and pay the withholding tax to those municipalities receive a 100 percent tax credit of up to two percent on their City income tax. During 2012, the revenues generated from municipal income tax and other miscellaneous taxes amounted to \$17,768,862. The 0.18 percent decrease in income tax collections from 2011 to 2012 can mostly be attributed to withholding taxes. The decrease in withholding tax was due to reduction of employment within the City.

City of Brook Park, Ohio

Management's Discussion and Analysis (Unaudited) (continued)

For the Year Ended December 31, 2012

City income tax revenue of 15 percent is earmarked for specific capital improvements. These revenues are allocated by an ordinance of City council, providing that a substantial portion of the City's income tax collections be set aside for roads, city facilities and capital needs.

Of the \$27,137,121 in total revenue, income tax and other miscellaneous taxes account for 65.48 percent of the total. Property taxes of \$1,986,778 account for 7.32 percent of total revenue. Charges for services totaling \$3,442,848 account for 12.69 percent of total revenue, which constituted a 2.30 percent increase from the \$3,365,532 reported for 2011. Grants and entitlements decreased by \$515,426. This decrease can be attributed to the decrease in shared taxes provided by the State in 2012 when compared to 2011.

The combination of income tax, property tax, charges for services and intergovernmental funding was not sufficient to fund all of the expenses in the governmental activities. The City monitors its sources of revenues very closely for fluctuations. For the most part, minimal increases in functional expenses are a direct result of the City's conscious effort to control costs in a declining economic environment. The largest program functions for the City relate to security of persons and property and general government. During 2012, security of persons and property accounted for 40.25 percent of program expenses, and 21.67 percent of program expenses related to general government. In 2012, the overall increase in expenses was \$534,521. This minimal increase in expenses was achieved primarily through controlling departmental expenditures and declining healthcare claims.

Currently there are 39 full-time sworn officers in the police department. During 2012, the department purchased ten new 2013 Ford Interceptor SUV's.

The fire department consists of 34 full-time firefighters. The department handled 2,896 calls for assistance, of which approximately 2,447 were for EMS, with the balance attributed to fire and fire-related incidents. Total calls for assistance constituted an increase of about 7.20 percent over 2011.

Program Expenses

For the year ended December 31, 2012, the City's total cost of services was \$27,495,426, with a net cost of services totaling \$21,056,565.

City of Brook Park, Ohio

Management's Discussion and Analysis (Unaudited) (continued)

For the Year Ended December 31, 2012

Table 3 itemizes fiscal year 2012 program expenses by specific function.

Table 3
Program Expenses

	Total Cost of Services 2012	Net Cost of Services 2012
Security of persons and property	\$11,068,045	\$ 10,055,769
General government	5,957,703	5,320,935
Public works	3,501,691	3,501,691
Transportation	3,213,847	326,517
Leisure time activities	2,305,024	1,800,907
Community development	1,035,202	(346,755)
Public health and welfare	314,932	298,519
Interest and fiscal charges	98,982	98,982
Total cost of service	<u>\$27,495,426</u>	<u>\$ 21,056,565</u>

The above table shows the total cost of services and the net cost of services. That is, it identifies the cost of the services supported by tax revenue and unrestricted intergovernmental revenues.

As shown in the above table, most of the City's governmental activities rely on general revenues (property taxes, municipal income tax, grants, etc.) to support program expenses.

The City's Funds

Governmental Funds

The focus of the City's governmental funds is to provide information on near-term inflows, outflows and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balances may serve as a useful measure of a government's net resources available for spending at the end of the year. Information about the City's governmental funds begins on page 19.

As of the end of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$14,005,956. Of that amount, \$818,143 constitutes unassigned fund balances that are available for spending at the government's discretion without externally or internally imposed constraints. The remaining balance is restricted, committed, or assigned to indicate that it is not available for new spending.

City of Brook Park, Ohio

Management's Discussion and Analysis (Unaudited) (continued)

For the Year Ended December 31, 2012

General Fund

The General Fund is the chief operating fund of the City. At the end of the current fiscal year, the total fund balance for the General Fund was \$4,483,731, of which \$1,172,557 was unassigned. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to fund expenditures (not included other financing uses). Unassigned fund balance represents 5.50 percent of total General Fund expenditures, while total fund balance represents 21.03 percent of that same amount.

The said fund balance decreased by \$859,441 during 2012. Decreases in State funding of shared taxes was the main contributor for the decrease in the General Fund's balance.

Capital Improvements Fund

The Capital Improvements Fund accounts for fund transfers and the portion of municipal income tax constrained by City council for the purpose of improving, constructing, maintaining and purchasing those items necessary to enhance the operation of the City. At the end of the current fiscal year, the total fund balance for the Capital Improvements Fund was \$5,194,260, of which \$1,137,274 was assigned. The said fund balance decreased by \$985,325 during 2012. This decrease is mainly due to the increased percentage of completion on various capital improvement projects and final completion of the above mentioned capital projects.

City Budget

The City's budget is prepared according to Ohio law and is based on accounting for certain transactions on a basis of cash receipts, cash disbursements and encumbrances. The most significant budgeted fund is the General Fund. An annual appropriation budget is legally required to be prepared for all funds of the City except agency funds. City council is provided with a detailed line item budget for all departments; and after discussions at regularly held council meetings that are open to the public, the budget is adopted at the department level by object. Within each object, appropriations can be transferred between line items with the approval of the finance director and the respective department head. Council must approve any revisions in the budget that alter object level totals or total appropriations for any department or fund. During the course of fiscal year 2012, the City amended its General Fund budget various times. The finance department watches all department expenditures closely to monitor compliance with allocated budgets and provides monthly reports to City council that depicts monthly and year-to-date activity.

For the General Fund, the final budget basis revenue was \$21.6 million as compared to the original budget estimate of \$21.4 million. The final budget was higher than the original budget due to higher than expected income tax and licenses and permits revenues. The final appropriations of \$22.5 million were sufficient to meet the actual expenditures for the year, \$21.0 million. Final appropriations exceeded original appropriations mainly due to increases in estimates for utility costs, professional services, overtime and transfers. The City's ending budgetary fund balance was \$1,756,863 higher than the final budgeted amount primarily due to conservative revenue and expenditure budgetary practices.

City of Brook Park, Ohio

Management's Discussion and Analysis (Unaudited) (continued)

For the Year Ended December 31, 2012

Capital Assets and Debt Administration

Capital Assets

As of December 31, 2012, the City had \$74.7 million invested in land, construction in progress, buildings and improvements, improvements other than buildings, machinery and equipment, furniture and fixtures, vehicles and infrastructure. Table 4 shows fiscal year 2012 balances of capital assets, net of depreciation, as compared to 2011.

Table 4
Capital Assets at Year End
(Net of Depreciation)

	<u>2012</u>	<u>2011</u>
Land	\$ 4,925,383	\$ 4,905,795
Construction in progress	4,828,766	18,401,462
Buildings and improvements	9,371,402	9,747,244
Improvements other than buildings	1,198,563	1,305,913
Machinery and equipment	2,479,241	2,005,627
Furniture and fixtures	40,363	47,868
Vehicles	3,538,653	2,724,491
Infrastructure:		
Streets	34,465,703	19,961,827
Sewers	12,869,879	13,279,674
Water Lines	803,517	177,416
Total Capital Assets	<u>\$ 74,521,470</u>	<u>\$ 72,557,317</u>

Except for construction in progress, streets and water lines, the balances for the above capital assets remained practically unchanged. As previously mentioned, numerous vehicles were purchased in 2012 and many capital projects were completed or nearing completion.

With respect to infrastructure, the City engineer maintains a comprehensive listing of all the streets, bridges, culverts and sewer lines located within the City. As part of the annual road maintenance program, the City engineer evaluates the condition of each street after each winter and prepares a list of streets to be either resurfaced or crack sealed. In the case of concrete roads, the damaged portion will be either replaced or repaired. After approval from council, the projects are bid in the spring to get the best possible pricing from contractors. For additional information on capital assets, see Note 7 of the basic financial statements.

Debt

On December 31, 2012, the City had \$6,691,047 in outstanding debt, with \$1,513,554 of that debt due within one year.

Table 5 summarizes general obligation bonds, capital leases, OPWC loan, OWDA loan and short-term bond anticipation notes.

City of Brook Park, Ohio

Management's Discussion and Analysis (Unaudited) (continued)

For the Year Ended December 31, 2012

Table 5
Outstanding Debt at Year End

	<u>2012</u>	<u>2011</u>
General obligation bonds	\$ 2,504,004	\$ 2,790,729
Capital leases	1,616,919	2,403
OPWC Loan	1,817,897	1,921,271
Short-term bond anticipation notes	752,227	-
Total outstanding debt	<u>\$ 6,691,047</u>	<u>\$ 4,714,403</u>

As of December 31, 2012, the City's overall legal debt margin was \$47,404,702, with an unvoted debt margin of \$23,761,811. In 2012, the City entered into two capital lease agreements for the purchase of rubbish vehicles and emergency vehicles. In addition, the City issued \$750,000 in short-term bond anticipation notes with an interest rate of 1.0 percent and a maturity date of October 2, 2013. These notes were issued for the construction and installation of sanitary sewers along Engle Road between Snow Road and Holland Road. More detailed information about the City's debt liabilities is presented in Note 8 and Note 20 of the basic financial statements.

Current Financial Related Activities

Management of the City continues to be extremely concerned with the general financial condition of the current economy. Ford's Casting Plant and Engine Plant #2 are now closed. As discussed in the Transmittal Letter of this report, Engine Plant #1 will begin producing Ford's new 2-liter, 4-cylinder EcoBoost engine, which will boost employment. Management and Ford officials will continue to meet frequently to discuss current operating conditions and to strategize for new business alternatives that will keep the Brook Park Ford facility competitive in their corporate structure, resulting in a long-term existence within the City.

The passage of the President's proposed budget in its current form should cause the employment levels at NASA Glenn to remain stable (see the Transmittal Letter in this report for further discussion). Glenn is the largest taxpayer in the City and management frequently communicates with Glenn officials to discuss the current and future state of their operation.

Multiple small businesses (21) closed in 2012 and many other businesses have decreased in size, resulting in reduced municipal income tax withholding collections (discussed earlier in this report).

The lack of significant growth in income tax collections, substantial reductions in receipts of state shared taxes distributed by the state of Ohio and the volatility in the current economic environment have created a major challenge to balance the City's budget and protect the financial stability of the community. Management is prepared to meet this challenge and will continue to provide full disclosure of the financial position of the City to its residents.

Contacting the City's Finance Department

The CAFR is designed to provide our citizens, taxpayers, investors and creditors with a general overview of the City's finances and to show the City's accountability for the money it receives. If you have any questions about this CAFR or need additional financial information, please contact Finance Director Gregory M. Cingle.

City of Brook Park, Ohio

Reconciliation of Total Governmental Fund Balances to Net Position of Governmental Activities

December 31, 2012

Total Governmental Funds Balance \$ 14,005,956

Amounts reported for Governmental Activities in the Statement of Net Position are different because:

Capital Assets used in Governmental Activities are not financial resources and, therefore, are not reported in the funds 74,521,470

Other long-term assets are not available to pay for current-period expenditures and, therefore, are unavailable revenues in the funds:

Delinquent property taxes	\$ 153,100	
Municipal income and other taxes	768,648	
Special assessments	88,269	
Intergovernmental	901,686	
Charges for services	97,842	
Total		2,009,545

The prepayment of the City's net OPEB amount is a result of the City's annual OPEB expenses exceeding the annual OPEB cost. 98,734

In the Statement of Activities, interest is accrued on outstanding bonds, whereas in Governmental funds, an interest expenditure is reported when due. (14,988)

Internal Service funds are used by management to charge the costs of certain activities, such as insurance to individual funds. The assets and liabilities of the Internal Service funds are included in Governmental Activities in the Statement of Net Position. 1,314,670

Long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported in the funds:

General obligation bonds	(2,480,000)	
OPWC loans	(1,817,897)	
Unamortized bond premiums	(24,004)	
Judgments payable	(289,000)	
Capital leases	(1,616,919)	
Retirement incentive payable	(938,235)	
Compensated absences	(1,889,304)	
Total		(9,055,359)

Net Position of Governmental Activities \$ 82,880,028

The notes to the basic financial statements are an integral part of this statement

City of Brook Park, Ohio

Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances of Governmental Funds to the Statement of Activities

For the Year Ended December 31, 2012

Net Change in Fund Balances-Total Governmental Funds \$ (1,415,836)

Amounts reported for Governmental Activities in the Statement of Activities are different because:

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.

Capital Outlay	\$ 4,977,116	
Depreciation	<u>(2,972,264)</u>	
Total		2,004,852

In the Statement of Activities, only the loss on the disposal of capital assets is reported, whereas, in the Governmental Funds, the proceeds from the disposals increase financial resources. Thus, the change in net position differs from the change in fund balance by the net book value of the capital assets. (40,699)

Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds.

Delinquent property taxes	33,936	
Municipal income and other taxes	(48,404)	
Special assessments	(758)	
Intergovernmental	110,371	
Charges for services	<u>10,306</u>	
Total		105,451

Other financing sources in the Governmental funds increase long-term liabilities in the Statement of Net Position. These sources were attributed to the inception of capital leases. (2,006,371)

Repayment of bond and loan principal and capital leases are expenditures in the Governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Position. 780,229

Some expenses reported in the Statement of Activities do not require the use of current financial resources and therefore are not reported as expenditures in Governmental funds.

Compensated absences	300,588	
Judgments payable	100,000	
Accrued interest on bonds	(7,512)	
Annual OPEB cost	71,808	
Amortization of bond premiums	1,725	
Retirement incentive payable	<u>(668,867)</u>	
Total		(202,258)

Internal Service funds are used by management to charge costs to certain activities, such as insurance to individual funds. The net revenue (expense) of Internal Service funds are reported in the Governmental Activities. 416,327

Change in Net Position of Governmental Activities \$ (358,305)

Notes to the Basic Financial Statements

For The Year Ended December 31, 2012

Note 1: The Reporting Entity

The City of Brook Park (the City) is a home rule municipal corporation established under the laws of the State of Ohio which operates under its own Charter. The current Charter, which provides for a mayor-council form of government, was adopted October 18, 1966.

A reporting entity is comprised of the primary government, component units and other organizations that are included to ensure that the financial statements are not misleading. The primary government of the City consists of all funds, departments, boards and agencies that are not legally separate from the City. For the City, this includes police and fire protection, parks and recreation, planning, zoning, street maintenance and repair, refuse collection and general administrative services. The City's departments include a public safety department, a public service department, a street maintenance department, a sanitation system, a parks and recreation department, a planning and zoning department, and a staff to provide support (i.e., payroll processing, accounts payable, and revenue collection) to the service providers. The operation of each of these activities and entities is directly controlled by the City Council through the budgetary process.

The Mayor's Court (the Court), which provides judicial services, is responsible for the levying and collecting of fines and forfeitures under state and local laws, and their subsequent distribution to various government agencies. The City budgets and appropriates funds for the operation of the Court and is ultimately responsible for any operating deficits sustained by the Court. The City's share of the fines collected by the Court, along with its share of the Court's administrative and operating costs, is recorded in the City's General Fund. Due to this relationship, the Court is not considered a component unit of the City but rather as part of the primary government unit itself. Monies held by the Court in a fiduciary capacity are recorded as an agency fund in the accompanying financial statements.

Component units are legally separate organizations for which the City is financially accountable. The City is financially accountable for an organization if the City appoints a voting majority of the organization's governing board and (1) the City is able to significantly influence the programs or services performed or provided by the organization; or (2) the City is legally entitled to or can otherwise access the organization's resources; the City is legally obligated or has otherwise assumed the responsibility to finance deficits of, or provide financial support to, the organization. Component units may also include organizations that are fiscally dependent on the City in that the City approves the budget, the issuance of debt, or the levying of taxes. The City has no component units.

Jointly Governed Organizations

Southwest General Health Center

Southwest General Health Center is an Ohio nonprofit corporation providing health services. The Health Center is a jointly governed organization among the communities of Berea, Brook Park, Columbia Township, Middleburg Heights, Olmsted Falls and Strongsville.

City of Brook Park, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2012

Note 1: The Reporting Entity (continued)

Jointly Governed Organizations (continued)

The Health Center is governed by a Board of Trustees consisting of the following: one member of the legislative body from each of the political subdivisions, one resident from each of the political subdivisions who is not a member of the legislative body, three persons who are residents of any of the participating political subdivisions, the president and the executive vice president of the corporations, and the president and the vice president of the medical staff. The legislative body of each political subdivision elects their own member to serve on the Board of Trustees of the Health Center.

The Board exercises total control over the operations of the Health Center including budgeting, appropriating, contracting and designating management. Each City's control is limited to its representation on the Board. In 2012, the City of Brook Park contributed \$106,013 of property tax levies and intergovernmental revenue to the Health Center.

Southwest Regional Communications

The Southwest Regional Communications is a jointly-governed organization between the City and three other communities. Formed as a Regional Council of Governments as permitted under Ohio Revised Code Section 167.01, the intent of the Southwest Regional Communications is to establish, own, operate, maintain, and administer, a regional communications network for public safety and public service purposes for the mutual benefit of the participating communities. This organization is controlled by a governing body consisting of each participating community's mayor or his/her delegate or representative. The degree of control exercised by any member is limited to its representation on the governing board. All members agree to contribute the sums of money on a shared basis as agreed per the requirements set forth in the Articles of Understanding. In accordance with GASB Statement No. 14, the City does not have an equity interest in the organization.

Note 2: Summary of Significant Accounting Policies

The financial statements of the City have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to local governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial principles. The most significant of the City's accounting policies are described below.

A. Basis of Presentation

The City's basic financial statements consist of government-wide statements, including a statement of net assets and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

City of Brook Park, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2012

Note 2: Summary of Significant Accounting Policies (continued)

A. Basis of Presentation (continued)

Government-Wide Financial Statements

The statement of net position and the statement of activities display information about the City as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The activity of the internal service fund is eliminated to avoid doubling up revenues and expenses.

The statement of net position presents the financial condition of the governmental activities of the City at year-end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the City's governmental activities. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program and interest earned on grants that is required to be used to support a particular program. Revenues not classified as program revenues are presented as general revenues of the City, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the City.

Fund Financial Statements

During the year, the City segregates transactions related to certain City functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the City at this more detailed level. The focus of governmental fund financial statements is on major funds. Each major fund is presented in a separate column. Non-Major funds are aggregated and presented in a single column. The internal service fund is presented in a single column on the face of the proprietary fund statements. Fiduciary funds are reported by type.

B. Fund Accounting

The City uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. There are three categories of funds: governmental, proprietary and fiduciary.

City of Brook Park, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2012

Note 2: Summary of Significant Accounting Policies (continued)

B. Fund Accounting (continued)

Governmental Funds

Governmental funds are those through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets and deferred outflows of resources are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities and deferred inflows of resources are assigned to the fund from which they will be paid. The difference between governmental fund assets and deferred outflows of resources compared to liabilities and deferred inflows of resources is reported as fund balance. The following are the City's major governmental funds:

General Fund

The General Fund accounts for all financial resources except those required to be accounted for in another fund. The General Fund balance is available to the City for any purpose provided it is expended or transferred according to the charter of the City of Brook Park and/or the general laws of Ohio.

Capital Improvements Fund

The Capital Improvements Fund accounts for that portion of municipal income tax allocated by Council for the purpose of improving, constructing, maintaining, and purchasing those items necessary to enhance the operation of the City.

The other governmental funds of the City account for grants and other resources whose use is restricted, committed, or assigned to a particular purpose.

Proprietary Funds

Proprietary fund reporting focuses on the determination of operating income, changes in net position, financial position and cash flows. Proprietary funds are classified as either enterprise or internal service. The City has no enterprise funds.

Internal Service Fund

Internal service funds account for the financing of services provided by one department or agency to other departments or agencies of the City on a cost-reimbursement basis. The City's internal service fund reports on a self-insurance program for employee medical benefits.

City of Brook Park, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2012

Note 2: Summary of Significant Accounting Policies (continued)

B. Fund Accounting (continued)

Fiduciary Funds

Fiduciary fund reporting focuses on net position and changes in net position. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds and agency funds. Trust funds are used to account for assets held by the City under a trust agreement for individuals, private organizations, or other governments and are therefore not available to support the City's own programs. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The City's only fiduciary funds are agency funds. The City's agency funds account for: street opening fees, mayor's court activity, building code fees, employees' share of payroll deductions due to other agencies, and assets held for the Southwest Regional Communication jointly governed organization.

C. Measurement Focus

Government-Wide Financial Statements

The government-wide financial statements are prepared using the economic resources measurement focus. All assets and deferred outflows of resources and all liabilities and deferred inflows of resources associated with the operation of the City are included on the Statement of Net Position, except for fiduciary funds. The Statement of Activities presents increases (e.g. revenues) and decreases (e.g. expenses) in total net position.

Fund Financial Statements

All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and deferred outflows of resources and current liabilities and deferred inflows of resources generally are included on the balance sheet. The statement of revenues, expenditures and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include reconciliations with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

Like the government-wide statements, all proprietary funds are accounted for on a flow of economic resources measurement focus. All assets and deferred outflows of resources and all liabilities and deferred inflows of resources associated with the operation of these funds are included on the statement of net position. The statement of revenues, expenses and changes in net position presents increases (i.e., revenues) and decreases (i.e., expenses) in total net position. The statement of cash flows provides information about how the City finances and meets the cash flow needs of its proprietary activities.

City of Brook Park, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2012

Note 2: Summary of Significant Accounting Policies (continued)

D. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting; proprietary and fiduciary funds also use the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Differences in the accrual and modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred outflows/inflows of resources, and in the presentation of expenses versus expenditures.

Revenues – Exchange and Non-Exchange Transactions

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the year in which the resources are measurable and become available. Available means that the resources will be collected within the current year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current year. The available period for the City is sixty days after year-end.

Non-exchange transactions, in which the City receives value without directly giving equal value in return, include income taxes, property taxes, grants, entitlements and donations. On an accrual basis, revenue from income taxes is recognized in the period in which the income is earned. Revenue from property taxes is recognized in the year for which the taxes are levied (see Note 6). Revenue from grants, entitlements and donations is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the City must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the City on a reimbursement basis. On a modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at year-end: income tax, state-levied locally shared taxes (including gasoline tax and motor vehicle license tax), fines and forfeitures, licenses and permits, interest, grants and entitlements and rentals.

Deferred Outflows/Inflows of Resources

In addition to assets, the statements of financial position will sometimes report a separate section for deferred outflows of resources. Deferred outflows of resources, represents a consumption of net position that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until then. The City did not have any deferred outflows of resources as of December 31, 2012.

City of Brook Park, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2012

Note 2: Summary of Significant Accounting Policies (continued)

D. Basis of Accounting (continued)

Deferred Outflows/Inflows of Resources (continued)

In addition to liabilities, the statements of financial position report a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net position that applies to a future period and will not be recognized as an inflow of resources (revenue) until that time. For the City, deferred inflows of resources include property taxes and unavailable revenues. Property taxes represent amounts for which there is an enforceable legal claim as of December 31, 2012, but which were levied to finance year 2013 operations. These amounts have been recorded as deferred inflows on both the government-wide statement of net position and the governmental fund financial statements. Unavailable revenue is reported only on the governmental funds balance sheet, and represents receivables which will not be collected within the available period. For the City, unavailable revenue includes delinquent property taxes, income taxes, intergovernmental grants, special assessments, and charges for services. These amounts are deferred and recognized as inflows of resources in the period the amounts become available.

Expenses/Expenditures

On the accrual basis of accounting, expenses are recognized at the time they are incurred.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

E. Budgetary Process

An annual appropriated budget is legally required to be prepared for all funds of the City other than agency funds. Council passes appropriations at the department level by object. Line item appropriations may be transferred between the accounts with the approval of the Finance Director and respective department head. Council must approve any revisions in the budget that alter total fund appropriations. The following are the procedures used by the City in establishing the budgetary data reported in the basic financial statements:

Tax Budget

A tax budget of estimated revenue and expenditures for all funds other than agency funds is submitted to the County Auditor, as Secretary of the County Budget Commission, by July 20th of each year, for the period January 1 to December 31 of the following year.

City of Brook Park, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2012

Note 2: Summary of Significant Accounting Policies (continued)

E. Budgetary Process (continued)

Estimated Resources

The County Budget Commission determines if the budget substantiates a need to levy the full amount of authorized property tax rates and reviews revenue estimates. The Commission certifies its actions to the City by September 1. As part of this certification, the City receives the official certificate of estimated resources, which states the projected revenue of each fund. Prior to December 31, the City must revise its budget so that the total contemplated expenditures from any fund during the ensuing fiscal year will not exceed the amount available as stated in the certificate of estimated resources. The revised budget then serves as the basis for the annual appropriations measure.

On or about January 1 the certificate of estimated resources is amended to include unencumbered fund balances at December 31. Further amendments may be made during the year if the Finance Director determines that revenue to be collected will be greater than or less than the prior estimates and the budget commission d the revised estimates to be reasonable. The amounts reported in the budgetary statements as original represent the amounts in the first official certificate of estimated resources issued during 2012. The amounts reported in the budgetary statements as final reflect the amounts in the final amended official certificate of estimated resources issued during 2012.

Annual Estimate

The Mayor, with the assistance of the Finance Director, is required by Charter to submit to Council, on or before December 1 of each fiscal year, an estimate of the revenues and expenditures of each fund of the City for the next succeeding fiscal year. The annual estimate serves as the basis for appropriations (the appropriated budget) in each fund.

Appropriations

An appropriation ordinance (the appropriated budget) to control the level of expenditures for all funds must be legally enacted on or about January 1. Appropriations may not exceed estimated resources as established in the official Amended Certificate of Estimated Resources. Supplemental appropriations may be adopted by Council action. During the year, several supplemental appropriation measures were necessary. The amounts reported as the original budgeted amounts in the budgetary statements reflect the first appropriated budget for each fund that covered the entire year, including amounts automatically carried over from prior years. The amounts reported as the final budgeted amounts in the statements of budgetary comparisons represent the final appropriation amounts, including all amendments and modifications.

Lapsing of Appropriations

At the close of each year, the unencumbered balance of each appropriation reverts to the respective fund from which it was appropriated and becomes subject to future appropriations. The encumbered appropriation balance is carried over for the subsequent year's expenditures and is reappropriated.

City of Brook Park, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2012

Note 2: Summary of Significant Accounting Policies (continued)

E. Budgetary Process (continued)

Budgeted Level of Expenditure

Administrative control is maintained through the establishment of detailed line-item budgets. Appropriated funds may not be expended for purposes other than those designated in the appropriation ordinance without authority from Council. Expenditures plus encumbrances may not legally exceed appropriations at the level of appropriation adopted by Council. For all funds, Council appropriations are made at the department level by object. The appropriations set by Council must remain fixed unless amended by Council ordinance. More detailed appropriation allocations may be made by the Finance Director as long as the allocations are within Council's appropriated amount.

Encumbrances

As part of formal budgetary control, purchase orders, contracts, and other commitments for the expenditure of monies are encumbered and recorded as the equivalent of expenditures on the non-GAAP budgetary basis in order to reserve that portion of the applicable appropriation and determine and maintain legal compliance. The Ohio Revised Code prohibits expenditures plus encumbrances from exceeding appropriations. Encumbrances outstanding at year-end are reported as part of restricted, committed, and assigned fund balances for subsequent-year expenditures of governmental funds.

F. Pooled Cash and Cash Equivalents

To improve cash management, cash received by the City is pooled. Monies for all funds are maintained in this pool. Individual fund integrity is maintained through City records. Each fund's interest in the pool is presented as "equity in pooled cash and cash equivalents" on the balance sheet.

The City has segregated bank accounts for monies held separate from the City's cash pool. These depository accounts are presented on the Statement of Fiduciary Net Position as "cash and cash equivalents in segregated accounts" since they are not required to be deposited into the City's treasury.

Cash held for the City by a bank for the payment of capital lease expenditures as they become due is included on the financial statements as "cash and cash equivalents with escrow agents."

Investments are reported at fair value which is based on quoted market prices.

The City complies with GASB Statement No. 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*. As a governmental entity other than an external investment pool in accordance with GASB 31, the City's investments are stated at fair value, except for interest-earning investment contracts, money market investments, and external investment pools (see Note 5).

City of Brook Park, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2012

Note 2: Summary of Significant Accounting Policies (continued)

F. Pooled Cash and Cash Equivalents (continued)

In applying GASB Statement No. 31, the City utilized the following methods and assumptions as of December 31, 2012:

The portfolio was limited to the State Treasury Asset Reserve of Ohio (STAR Ohio).

Most of the City's investments are reported at fair value, which is the quoted market price as of the valuation date. For investments in STAR Ohio, fair value is determined by the pool's share price. Exceptions to the fair value requirement include money market investments.

Money market investments, including U.S. Treasury and agency obligations that had a remaining maturity of one year or less at the time of purchase by the City, are reported at amortized cost.

Aside from investments clearly identified as belonging to a specific fund, any unrealized gain/loss resulting from the valuation will be recognized within the general fund to the extent its cash and investments balance exceeds the cumulative value of those investments subject to GASB Statement No. 31.

The gain/loss resulting from valuation will be reported within the investment income account on the Statement of Activities.

The City's policy is to hold investments until market values equal or exceed cost.

During the year, the City invested in STAR Ohio, an investment pool managed by the State Treasurer's office which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in STAR Ohio are valued at STAR Ohio's share price, which is the price the investment could be sold for on December 31, 2012.

Interest allocation is determined by the Ohio Constitution, state statutes, and local ordinances adopted under City Charter. Under these provisions, City funds required to receive interest allocations are: 1) those which receive proceeds from the sale of notes and/or bonds and 2) those which receive distributions of state gasoline tax and motor vehicle licenses fees (street maintenance and state highway special revenue funds). All remaining interest is allocated to the general fund. Legally, proprietary funds generally do not receive interest.

G. Inventory

Inventories are stated at cost, on the first-in, first-out basis. The purchase method is used to account for inventories. Under the purchase method, inventories are recorded as expenditures in the governmental fund types when purchased; however, material amounts of inventories at period-end are reported as assets of the respective fund, which are equally offset by a fund balance reserve which indicates they are unavailable for appropriation even though they are a component of reported assets. Inventory consists of expendable supplies.

City of Brook Park, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2012

Note 2: Summary of Significant Accounting Policies (continued)

H. Prepaid Items

Payments made to vendors for services that will benefit periods beyond December 31, 2012, are recorded as prepaid items using the allocation method by recording a current asset for the prepaid amount and reflecting the expenditure/expense in the year in which it was consumed.

I. Receivables

Receivables at December 31, 2012 consist of taxes, amounts due from other governments, accounts (billings for user charged services), special assessments, and accrued interest on investments. All are deemed collectible in full.

J. Capital Assets

General capital assets are those assets not specifically related to activities reported in the proprietary funds. These assets generally result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the government-wide statement of net position but are not reported in the fund financial statements.

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and disposals during the year. Donated capital assets are recorded at their fair market values as of the date received. The City maintains a capitalization threshold of five thousand dollars. The City's infrastructure consists of bridges, culverts, curbs, sidewalks, storm sewers, streets, irrigation systems and water and sewer lines. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not. Interest incurred during the construction of capital assets is also capitalized.

All capital assets are depreciated except for land and construction in progress. Improvements are depreciated over the remaining useful lives of the related capital assets. Useful lives for infrastructure were estimated based on the City's historical records of necessary improvements and replacement. Depreciation is computed using the straight-line method over the following useful lives:

<u>Description</u>	<u>Estimated Lives</u>
Buildings and Improvements	50 years
Machinery and Equipment	10 to 15 years
Vehicles	6 to 10 years
Infrastructure	25 to 50 years

City of Brook Park, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2012

Note 2: Summary of Significant Accounting Policies (continued)

K. Interfund Balances

On fund financial statements, outstanding interfund loans and unpaid amounts for interfund services are reported as “interfund receivables/payables”. Interfund loans which do not represent available expendable resources are offset by a fund balance reserve account. Interfund balance amounts are eliminated in the statement of net position.

L. Compensated Absences

The City reports compensated absences in accordance with the provisions of GASB No. 16, “*Accounting for Compensated Absences*.” Vacation benefits are accrued as a liability as the benefits are earned if the employees’ rights to receive compensation are attributable to services already rendered and it is probable that the employer will compensate the employees for the benefits through paid time off or some other means.

Sick leave benefits are accrued as a liability using the vesting method. The liability includes the employees who are currently eligible to receive termination benefits and those that the City has identified as probable of receiving payment in the future. The amount is based on accumulated sick leave and employee wage rates at fiscal year end taking into consideration any limits specified in the City’s termination policy. Additionally, certain salary related payments associated with the payment of compensated absences have been accrued.

The entire compensated absence liability is reported on the government-wide financial statements. A liability for the amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

M. Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the funds. However, claims and judgments and compensated absences that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current year. Bonds, capital leases and long-term loans are recognized as a liability on the fund financial statements when due.

City of Brook Park, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2012

Note 2: Summary of Significant Accounting Policies (continued)

N. Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the City is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

Nonspendable – The nonspendable fund balance classification includes amounts that cannot be spent because they are not spendable in form, or legally or contractually required to be maintained intact. The “not in spendable form” criterion includes items that are not expected to be converted to cash. It also includes the long-term amount of loans receivable, as well as property acquired for resale, unless the use of the proceeds from the collection of those receivables or from the sale of those properties is restricted, committed, or assigned.

Restricted – Fund balance is reported as restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or is imposed by law through constitutional provisions.

Committed – The committed fund balance classification includes amounts that can be used only for the specific purposes imposed by a formal action (ordinance) of the City’s Council. Those committed amounts cannot be used for any other purpose unless the City’s Council removes or changes the specified use by taking the same type of action (ordinance) it employed to previously commit those amounts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

Assigned – Amounts in the assigned fund balance classification are intended to be used by the City for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds other than the general fund, assigned fund balance represents the remaining amount that is not restricted or committed. In the general fund, assigned amounts would represent intended uses established by City Council.

Unassigned – Unassigned fund balance is the residual classification for the general fund and includes all spendable amounts not contained in the other classifications. In the other governmental funds, the unassigned classification is used only to report a deficit balance resulting from overspending for specific purposes for which amounts had been restricted, committed, or assigned.

The City applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

City of Brook Park, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2012

Note 2: Summary of Significant Accounting Policies (continued)

O. Net Position

Net position is the residual amount when comparing assets and deferred outflows of resources to liabilities and deferred inflows of resources. The net investment in capital assets component of net position consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvement of those assets along with any related deferred outflows/inflows of resources. The restricted component of net position is reported when there are limitations imposed on their use either through the enabling legislation adopted by the City or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

The City applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position are available. As of December 31, 2012, the City did not have net position restricted by enabling legislation.

P. Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary funds. For the City, these revenues are charges for services for the self-insurance program. Operating expenses are necessary costs incurred to provide the service that is the primary activity of the fund. All revenues and expenses not meeting this definition are reported as non-operating.

Q. Grants and Intergovernmental Revenues

Federal grants and assistance awards made on the basis of entitlement periods are recorded as intergovernmental receivables and revenues when entitlement occurs. Federal reimbursement-type grants are recorded as intergovernmental receivables and revenues in the period when all applicable eligibility requirements have been met and the resources are available.

R. Interfund Activity

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after nonoperating revenues/expenses in proprietary funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

S. Extraordinary and Special Items

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of the City Administration and that are either unusual in nature or infrequent in occurrence. Neither extraordinary nor special items had occurred in 2012.

City of Brook Park, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2012

Note 2: Summary of Significant Accounting Policies (continued)

T. Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Note 3: Changes in Accounting Principles and Prior Period Adjustments

Changes in Accounting Principles

GASB Statement Number 57, *OPEB Measurements by Agent Employers and Agent Multiple-Employer Plans*. The objective of this Statement is to address issues related to the use of the alternative measurement method and the frequency and timing of measurements by employers that participate in agent multiple-employer other postemployment benefit (OPEB) plans. The requirements of this Statement are effective for financial statements for periods beginning after June 15, 2011 and have been implemented by the City.

GASB Statement Number 60, *Accounting and Financial Reporting for Service Concession Arrangements*. The objective of this Statement is to improve financial reporting by addressing issues related to service concession arrangements (SCAs), which are a type of public-private or public-public partnership. The requirements of this Statement are effective for financial statements for periods beginning after December 15, 2011 and have been implemented by the City.

GASB Statement Number 62, *Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements*. The objective of this Statement is to incorporate into the GASB's authoritative literature certain accounting and financial reporting guidance that is included in the FASB and AICPA pronouncements which does not conflict with or contradict GASB pronouncements. The requirements of this Statement are effective for financial statements for periods beginning after December 15, 2011 and have been implemented by the City.

GASB Statement Number 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*. This Statement provides financial reporting guidance for deferred outflows of resources and deferred inflows of resources. The requirements of this Statement are effective for financial statements for periods beginning after December 15, 2011 and have been implemented by the City.

GASB Statement Number 64, *Derivative Instruments: Application of Hedge Accounting Termination Provisions*. The objective of this Statement is to clarify whether an effective hedging relationship continues after the replacement of a swap counterparty or a swap counterparty's credit support provider. This Statement sets forth criteria that establish when the effective hedging relationship continues and hedge accounting should continue to be applied. The requirements of this Statement are effective for financial statements for periods beginning after June 15, 2011 and have been implemented by the City.

City of Brook Park, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2012

Note 3: Changes in Accounting Principles and Prior Period Adjustments (continued)

Changes in Accounting Principles (continued)

GASB Statement Number 65, *Items Previously Reported as Assets and Liabilities*. This Statement establishes accounting and financial reporting standards that reclassify, as deferred outflows of resources or deferred inflows of resources, certain items that were previously reported as assets and liabilities and recognizes, as outflows of resources or inflows of resources, certain items that were previously reported as assets and liabilities. The provisions of this Statement are effective for financial statements for periods beginning after December 15, 2012 and have been implemented by the City.

Prior Period Adjustments

In prior periods, the City had reported assets related to unamortized debt issuance costs in the Governmental Activities entity-wide financial statements. GASB Statement Number 65, *Items Previously Reported as Assets and Liabilities*, has reclassified debt issuance costs as an expense in the period incurred rather than amortizing the costs over the life of the debt. The implementation of GASB Statement Number 65 requires a restatement of prior period's net position as follows:

	Governmental Activities
Net Position, December 31, 2011	\$ 83,302,120
Prior Period Adjustment:	
Unamortized Bond Issuance Costs	(63,787)
Restated Net Position, December 31, 2011	<u>\$ 83,238,333</u>

City of Brook Park, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2012

Note 4: Budgetary Basis of Accounting

While the City is reporting financial position, results of operations, and changes in fund balances on the basis of generally accepted accounting principles (GAAP), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances.

The Statements of Revenues, Expenditures and Changes in Fund Balances – Budget (Non-GAAP Budgetary Basis) and Actual presented for the General Fund is presented on the budgetary basis to provide a meaningful comparison of actual results with the budget. The major differences between the budget basis and the GAAP basis are that:

- (a) Revenues are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis);
- (b) Expenditures are recorded when paid in cash (budget basis) as opposed to when the liability is incurred (GAAP basis);
- (c) Encumbrances are treated as expenditures (budget) rather than as a part of restricted, committed, and assigned fund balances (GAAP);
- (d) Investment are recorded at fair value (GAAP) rather than at cost (budget); and
- (e) Some funds are included in the General Fund (GAAP basis), but have separate legally adopted budgets (budget basis).

The following table summarizes the adjustments necessary to reconcile the GAAP basis statements to the budgetary basis statements for the General Fund.

	<u>Net Change in Fund Balance</u>
GAAP Basis	<u>\$ (859,441)</u>
Increase (Decrease) Due to:	
Revenue Accruals	148,392
Expenditure Accruals	(37,312)
Funds with Separate Legally Adopted Budget	609,501
Outstanding Encumbrances	<u>(285,287)</u>
Budget Basis	<u>\$ (424,147)</u>

City of Brook Park, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2012

Note 5: Deposits and Investments

State statutes classify monies held by the City into three categories. Active deposits are public deposits necessary to meet current demands on the treasury. Such monies must be maintained either as cash in the City treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are monies identified as not required for use within the current five year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit account including, but not limited to, passbook accounts.

Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim monies may be deposited or invested in the following securities:

1. United States Treasury notes, Bills, Bonds, or any other obligation or security issued by the United States Treasury or any other obligation guaranteed as to principal and interest by the United States;
2. Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality, including but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. Written repurchase agreements in the securities listed above provided that the fair value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily;
4. Investment grade obligations of state and local governments, and public authorities;
5. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) of this section and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions; and
6. The State Treasurer's investment pool (STAR Ohio).

Investments in stripped principal or interest obligations, reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. An investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the City, and must be purchased with the expectation that it will be held to maturity.

City of Brook Park, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2012

Note 5: Deposits and Investments (continued)

Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the treasurer or qualified trustee or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

Deposits

Custodial credit risk is the risk that in the event of bank failure, the City's deposits may not be returned to it. The City has no deposit policy for custodial risk beyond the requirements of State statute. Ohio law requires that deposits either be insured or protected by eligible securities pledged to and deposited either within the City or a qualified trustee by the financial institution as security for repayment, or by a collateral pool of eligible securities deposited with a qualified trustee and pledged to secure the repayment of all public monies deposited in the financial institution whose fair value at all times shall be at least one hundred and five percent of the deposits being secured.

At year-end, the carrying amount of the City's deposits was \$9,494,831 (including \$4,030 of petty cash and \$25,857 of segregated accounts) and the bank balance was \$9,628,774. As of December 31, 2012, the City's bank balances were fully covered by Federal depository insurance.

Investments

Investments are reported at fair value. As of December 31, 2012, the City had the following investments:

<u>Investment Type</u>	<u>Fair- Value</u>	<u>Credit Rating (*)</u>	<u>Investment Maturities (in Years)</u>
STAR Ohio	\$ 5,857,492	AAAm	\$ 5,857,492
Total Investments	5,857,492		\$ 5,857,492

City of Brook Park, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2012

Note 5: Deposits and Investments (continued)

Investments (continued)

Interest Rate Risk arises because potential purchasers of debt securities will not agree to pay face value for those securities if interest rates subsequently increase. The City's investment policy addresses interest rate risk requiring that the City's investment portfolio be structured so that securities mature to meet cash requirements for ongoing operations and/or long-term debt payments, thereby avoiding that need to sell securities on the open market prior to maturity and by investing operating funds primarily in short-term investments. The City's investment policy also limits security purchases to those that mature in five years unless specifically matched to a specific cash flow. To date, no investments have been purchased with a life greater than five years.

Custodial Risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, the City will not be able to recover the value of investment or collateral securities that are in the possession of an outside party. All financial institutions and broker/dealers who desire to become qualified for investment transactions with the City must meet a set of prescribed standards and be periodically reviewed.

Credit Risk is addressed by the City's investment policy by the requirements that all investments are authorized by Ohio Revised Code and that the portfolio be diversified both by types of investment and issuer. The investments of the City are registered and the credit rating provided by Standard & Poor's is provided in the table above.

Concentration of Credit Risk is defined by the Governmental Accounting Standards Board as five percent or more in the securities of a single issuer. The City's investment policy requires diversification of the portfolio but does not indicate specific percentage allocations. The City's investment in STAR Ohio represents 100.00 percent of the City's total investments.

Note 6: Receivables

Receivables at December 31, 2012 consisted primarily of taxes, intergovernmental receivables arising from grants, entitlements or shared revenues, accounts, special assessments and interest on investments. All receivables are considered fully collectible.

A. Property Tax

Property taxes include amounts levied against all real, public utility, and tangible personal property located in the City. Taxes collected on real property (other than public utility) in one calendar year are levied in the preceding calendar year on assessed values as of January 1 of that preceding year, the lien date. Assessed values are established by state statute at 35 percent of appraised market value. All property is required to be revalued every six years. The last revaluation was completed in 2012. Real property taxes are payable annually or semiannually. The first payment is due December 31, with the remainder payable by June 20.

City of Brook Park, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2012

Note 6: Receivables (continued)

A. Property Tax (continued)

Taxes collected on tangible personal property (other than public utility) in one calendar year are levied in the prior calendar year on assessed values during and at the close of the most recent fiscal year of the taxpayer that ended on or before March 31 of that calendar year, and at the tax rates determined in the preceding year.

Tangible personal property used in business (except for public utilities) is currently assessed for *ad valorem* taxation purposes at 25 percent of its true value. The tangible personal property tax has been phased out and the City is only receiving residual amounts from delinquent tangible personal property taxes. Amounts paid by multi-county taxpayers are due September 20. Single county taxpayers may pay annually or semiannually. If paid annually, payment is due April 30; if paid semiannually, the first payment is due April 30; with the remainder payable by September 20.

Public utility real and tangible personal property taxes collected in one calendar year are levied in the preceding calendar year on assessed values determined as of December 31 of the second year preceding the tax collection year, the lien date. Certain public utility tangible personal property currently is assessed at 88 percent of its true value. Public utility property taxes are payable on the same dates as real property taxes described previously.

The County Fiscal Officer collects property taxes on behalf of all taxing districts in the county, including the City of Brook Park. The County Fiscal Officer periodically remits to the City its portion of the taxes collected.

The full tax rate for all City operations for the year ended December 31, 2012, was \$4.75 per \$1,000 of assessed value. The assessed values of real and tangible personal property upon which 2011 property tax receipts were based are as follows:

<u>Category</u>	<u>Assessed Value</u>
Real Estate	\$ 463,273,160
Public Utility	9,584,670
Total	<u>\$ 472,857,830</u>

B. Income Tax

The City levies and collects a 2 percent income tax on all income earned within the City as well as on income of residents earned outside the City. In the latter case, the City allows a credit of 100 percent of the tax paid to another municipality, not to exceed the amount owed. Employers within the City are required to withhold income tax on employee earnings and remit the tax to the City at least quarterly. Corporations and other individual taxpayers are also required to pay their estimated tax at least quarterly and file a final return annually. The City, by ordinance, allocates income tax revenues and expenditures for collecting, administering, and enforcing the tax to the General and Capital Improvement Capital Projects Funds, at eighty-five and fifteen percent, respectively.

City of Brook Park, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2012

Note 6: Receivables (continued)

B. Income Tax (continued)

The Capital Improvement Capital Projects Fund further allocates income taxes to other capital projects funds, as transfers, through the budgetary process. On a cash basis, total income tax receipts for 2012 were \$17,694,985.

C. Intergovernmental Receivables

A summary of the principal items of intergovernmental receivables follows:

	<u>Amounts</u>
Local government funds	\$ 289,349
Auto registration fees	94,569
Homestead and rollback	127,184
CAT tax reimbursement	2,468
Estate tax	31,494
Gasoline and excise tax	342,277
Public utility reimbursement	336
Permissive tax	3,400
City of Cleveland (share of OPWC loan)	1,077,005

City of Brook Park, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2012

Note 8: Long-Term Obligations (continued)

General obligation bonds are direct obligations of the City for which its full faith and credit are pledged for repayment. In the event that income tax revenues are not sufficient to meet annual principal and interest requirements, the City has reserved the right to levy and assess a special assessment on the property. Revenues will be received in and the debt will be repaid from the General Obligation Debt Service Fund.

During 2005, the Ohio Public Works Commission (OPWC) approved a loan to the City to finance a portion of the West 150th Street Improvement project. OPWC committed up to \$1,949,332 at a zero percent interest rate for twenty years. The City and the City of Cleveland have an agreement to share the debt service requirements of the OPWC loan. The City will pay 100 percent of the annual debt service requirements and the City of Cleveland will reimburse the City 65 percent of the annual debt service requirement. The City has recorded an intergovernmental receivable in the amount of \$1,077,005 to recognize the City of Cleveland's share of the loan.

During 2010, the Ohio Public Works Commission (OPWC) approved a loan to the City to finance a portion of the Smith/Hummel Sewer Improvement Project Phase II. OPWC has committed up to \$573,140 at a zero percent interest rate for twenty years. As of December 31, 2012, the City has completed the project but only utilized \$118,139 of total \$573,140 in loan proceeds from OPWC.

During 2011, the City issued \$1,705,000 in various purpose improvement bonds, series 2011 with interest rates ranging from 2.00 percent to 3.40 percent over the life of the bonds. The proceeds from these bonds were used to finance the reconstruction of Heatherwood Drive (\$905,000) and a waterline replacement on Sheldon Road (\$800,000). The bonds will mature in 2026.

The City offered employees participation in an Early Retirement Incentive Plan (the Plan). Participation was open to eligible employees under the Ohio Public Employees Retirement System (OPERS). The Plan allows the City to pay the cost, as determined by OPERS, of three years of eligible service credit for each eligible employee. To participate in the Plan, each eligible employee had to notify the City during the period June 1, 2011 through May 31, 2012. As of December 31, 2012, the Plan's liability is \$1,022,899, of which \$84,664 is recorded as a liability on the governmental fund financial statements. The Plan liability will be paid out of the General Fund.

Compensated absences are generally paid from the General Fund, Street Maintenance Special Revenue Fund, State Highway Special Revenue Fund, and Community Diversion Special Revenue Fund.

See Notes 9 and 17 for additional information on capital leases and judgments, respectively.

The City's overall legal debt margin was \$47,404,702 at December 31, 2012.

City of Brook Park, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2012

Note 8: Long-Term Obligations (continued)

Principal and interest requirements to retire long-term obligations outstanding at December 31, 2012 are as follows:

Year	General Obligation Bonds		OPWC Loans	Total
	Principal	Interest	Principal	
2013	\$ 295,000	\$ 81,085	\$ 103,374	\$ 479,459

Total	<u>\$ 2,867,097</u>

City of Brook Park, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2012

Note 9: Leases (continued)

The future minimum lease obligations and the net present value of these minimum lease payments as of December 31, 2012, were as follows:

<u>Year</u>	<u>Payments</u>
2013	\$ 389,452
2014	389,451
2015	230,549
2016	230,548
2017	230,549
2018	<u>230,549</u>
Total Minimum Lease Payments	1,701,098
Less: Amount Representing Interest	<u>(84,179)</u>
Present Value of Minimum Lease Payment	<u><u>\$1,616,919</u></u>

Operating Leases

In prior years, the City entered into a noncancelable operating lease for various copiers. Total costs for the lease was \$18,000 for the year ended December 31, 2013. The future minimum lease payments for these leases are as follows:

<u>Year Ending December 31,</u>	<u>Amount</u>
2013	\$ 18,000
2014	18,000
2015	<u>6,000</u>
Total	<u><u>\$ 42,000</u></u>

Note 10: Compensated Absences

Vacation leave is earned at rates which vary depending upon length of service and standard work week. Current policy credits vacation leave on the employee's anniversary date and allows the unused balance to be carried ninety days past the subsequent anniversary date. City employees are paid for earned, unused vacation leave at the time of termination of employment.

Sick leave is earned at the rate of four and six-tenths hours for every eighty hours worked. Each employee with the City is paid for five eighths of the employee's earned unused sick leave upon retirement from the City, or the full balance may be transferred to another governmental agency.

City of Brook Park, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2012

Note 11: Pension Plans

A. *Ohio Public Employees Retirement System*

The City participates in the Ohio Public Employees Retirement System (OPERS). OPERS administers three separate pension plans. The Traditional Pension Plan is a cost-sharing, multiple-employer defined benefit pension plan. The Member-Directed Plan is a defined contribution plan in which the member invests both member and employer contributions (employer contributions vest over five years at 20 percent per year). Under the Member-Directed Plan, members accumulate retirement assets equal to the value of member and (vested) employer contributions plus any investment earnings. The Combined Plan is a cost-sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and a defined contribution plan. Under the Combined Plan, employer contributions are invested by the retirement system to provide a formula retirement benefit similar in nature to, but less than, the Traditional Pension Plan benefit. Member contributions, the investment of which is self-directed by the members, accumulate retirement assets in a manner similar to the Member-Directed Plan.

OPERS provides retirement, disability, survivor and death benefits and annual cost-of-living adjustments to members of the Traditional Pension and the Combined plans. Members of the Member-Directed Plan do not qualify for ancillary benefits. Authority to establish and amend benefits is provided in Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report that may be obtained by visiting www.opers.org/investments/cafr.shtml, writing to OPERS, 277 E. Town Street, Columbus, OH 43215-4642 or by calling (614) 222-5601 or (800) 222-7377.

The Ohio Revised Code provides statutory authority for member and employer contributions. For the year ended December 31, 2012, the members of all three plans were required to contribute 10.00 percent of their annual covered salaries. The City's contribution rate of 14.00 percent was allocated to fund pension benefits for members of the Traditional Plan and the Combined Plan. The pension allocation for the Traditional Plan was 10.00 percent during calendar year 2012. The pension allocation for the Combined Plan was 7.95 percent during calendar year 2012. The City's required pension contributions for the Traditional Pension and Combined plans for the years ended December 31, 2012, 2011, and 2010 were \$631,442, \$681,567, and \$634,821, respectively; 89.32 percent has been contributed for 2012 and 100 percent has been contributed for 2011 and 2010.

B. *Ohio Police and Fire Pension Fund*

The City contributes to the Ohio Police and Fire Pension Fund (OP&F), a cost-sharing, multiple-employer defined benefit pension plan. The OP&F provides retirement and disability pension benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefit provisions are established by the Ohio State Legislature and are codified in Chapter 742 of the Ohio Revised Code. OP&F issues a publicly available financial report that includes financial information and required supplementary information for the Plan. That report may be obtained by writing to the Ohio Police and Fire Pension Fund, 140 East Town Street, Columbus, Ohio 43215-5164.

City of Brook Park, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2012

Note 11: Pension Plans (continued)

B. Ohio Police and Fire Pension Fund (continued)

Plan members are required to contribute 10.00 percent of their annual covered salary, while the City is required to contribute 19.50 percent and 24.0 percent for police officers and firefighters, respectively. The portion of the City's contributions to fund pension obligations was 12.75 percent for police officers and 17.25 percent for firefighters. The City's contributions for pension obligations to the OP&F for police and firefighters were \$388,484 and \$517,304 for the year ended December 31, 2012, \$395,232 and \$538,686 for the year ended December 31, 2011, and \$405,512 and \$538,555 for the year ended December 31, 2010, respectively; 72.91 percent for police and 74.86 for firefighters has been contributed for 2012. The full amount has been contributed for 2011 and 2010.

Note 12: Postemployment Benefits

A. Ohio Public Employees Retirement System

Plan Description - The Ohio Public Employees Retirement System (OPERS) administers three separate pension plans; the Traditional Pension Plan is a cost-sharing, multiple-employer defined benefit pension plan; the Member-Directed Plan is a defined contribution plan; and the Combined Plan is a cost-sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and a defined contribution plan.

OPERS maintains a cost-sharing, multiple-employer defined benefit post-employment healthcare plan, which includes a medical plan, prescription drug program, and Medicare Part B premium reimbursement, to qualifying members of both the Traditional Pension and the Combined plans. Members of the Member-Directed Plan do not qualify for ancillary benefits, including post-employment health care coverage.

In order to qualify for post-employment health care coverage, age and service retirees under the Traditional Pension and Combined plans must have ten or more years of qualifying Ohio service credit. Health care coverage for disability benefit recipients and qualified survivor benefit recipients is available. The health care coverage provided by OPERS meets the definition of an Other Post-Employment Benefit (OPEB) as described in GASB Statement No. 45.

The Ohio Revised Code permits, but does not mandate, OPERS to provide OPEB benefits to its eligible members and beneficiaries. Authority to establish and amend the OPEB Plan is provided in Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report that may be obtained by visiting www.opers.org/investments/cafr.shtml, writing to OPERS, 277 E. Town Street, Columbus, OH 43215-4642 or by calling (614) 222-5601 or (800) 222-7377.

City of Brook Park, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2012

Note 12: Postemployment Benefits (continued)

A. Ohio Public Employees Retirement System (continued)

Funding Policy - The Ohio Revised Code provides the statutory authority requiring public employers to fund post-retirement health care through their contributions to OPERS. A portion of each employer's contribution to OPERS is set aside for the funding of post-retirement health care coverage. The 2012 local government employer contribution rate was 14.00 percent of covered payroll. The Ohio Revised Code currently limits the employer contribution to a rate not to exceed 14.00 percent of covered payroll for local government employers. Active members do not make contributions to the OPEB Plan.

OPERS' Post-employment Health Care plan was established under, and is administered in accordance with, Internal Revenue Code 401(h). Each year, the OPERS Board of Trustees determines the portion of the employer contribution rate that will be set aside for funding of post employment health care benefits. The portion of employer contributions allocated to health care for members in the Traditional Plan was 4.00 percent during calendar year 2012. The portion of employer contributions allocated to health care for members in the Combined Plan was 6.05 percent during calendar year 2012. Effective January 1, 2013, the portion of employer contributions allocated to health care was lowered to 1.00 percent for both plans, as recommended by the OPERS Actuary. The OPERS Board of Trustees is also authorized to establish rules for the retiree or their surviving beneficiaries to pay a portion of the health care benefits provided. Payment amounts vary depending on the number of covered dependents and the coverage selected.

The City's actual employer contributions for December 31, 2012, 2011 and 2010 which were used to fund post-employment benefits were \$252,577, \$272,627, and \$363,727, respectively; 89.32 percent has been contributed for 2012 and 100 percent has been contributed for 2011 and 2010.

Changes to the health care plan were adopted by the OPERS Board of Trustees on September 19, 2012, with a transition plan commencing January 1, 2014. With the recent passage of pension legislation under SB 343 and the approved health care changes, OPERS expects to be able to consistently allocate 4 percent of the employer contributions toward the health care fund after the end of the transition period.

B. Ohio Police and Fire Pension Fund

Plan Description - The City contributes to the Ohio Police and Fire Pension Fund (OP&F) sponsored health care program, a cost-sharing multiple-employer defined post-employment health care plan administered by OP&F. OP&F provides health care benefits including coverage for medical, prescription drugs, dental, vision, Medicare Part B premium and long term care to retirees, qualifying benefit recipients and their eligible dependents.

OP&F provides access to post-retirement health care coverage for any person who receives or is eligible to receive a monthly service, disability, or statutory survivor benefit or is a spouse or eligible dependent child of such person. The health care coverage provided by OP&F meets the definition of an Other Post-Employment Benefit (OPEB) as described in GASB Statement No. 45.

City of Brook Park, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2012

Note 12: Postemployment Benefits (continued)

B. Ohio Police and Fire Pension Fund (continued)

The Ohio Revised Code allows, but does not mandate, OP&F to provide OPEB benefits. Authority for the OP&F Board of Trustees to provide health care coverage to eligible participants and to establish and amend benefits is codified in Chapter 742 of the Ohio Revised Code.

OP&F issues a publicly available financial report that includes financial information and required supplementary information for the Plan. That report may be obtained by writing to OP&F, 140 E. Town Street, Columbus, OH 43215-5164. That report is also available on OP&F's website at www.op-f.org.

Funding Policy - The Ohio Revised Code provides for contribution requirements of the participating employers and of plan members to the OP&F (defined benefit pension plan). Participating employers are required to contribute to the pension plan at rates expressed as percentages of the payroll of active pension plan members, currently, 19.50 percent and 24.00 percent of covered payroll for police and fire employers, respectively. The Ohio Revised Code states that the employer contribution may not exceed 19.50 percent of covered payroll for police employer units and 24.00 percent of covered payroll for fire employer units. Active members do not make contributions to the OPEB plan.

OP&F maintains funds for health care in two separate accounts. One for health care benefits under an IRS Code Section 115 trust and one for Medicare Part B reimbursements administered as an Internal Revenue Code 401(h) account, both of which are within the defined benefit pension plan, under the authority granted by the Ohio Revised Code to the OP&F Board of Trustees.

The Board of Trustees is authorized to allocate a portion of the total employer contributions made into the pension plan to the Section 115 Trust and the Section 401(h) account as the employer contribution for retiree health care benefits. For the year ended December 31, 2012, the employer contribution allocated to the health care plan was 6.75 percent of covered payroll. The amount of employer contributions allocated to the health care plan each year is subject to the Trustees' primary responsibility to ensure that pension benefits are adequately funded and is limited by the provisions of the Sections 115 and 401(h).

The OP&F Board of Trustees also is authorized to establish requirements for contributions to the health care plan by retirees and their eligible dependents, or their surviving beneficiaries. Payment amounts vary depending on the number of covered dependents and the coverage selected.

The City's contributions to OP&F which were allocated to fund post-employment health care benefits for police and firefighters were \$205,668 and \$202,423 for the year ended December 31, 2012, \$209,240 and \$210,790 for the year ended December 31, 2011, and \$214,683 and \$210,739 for the year ended December 31, 2010, respectively; 72.91 percent for police and 74.86 for firefighters has been contributed for 2012 and 100 percent for 2011 and 2010.

City of Brook Park, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2012

Note 13: Other Postemployment Benefits

Plan Description

The City provides post-employment health care and life insurance benefits (OPEB) for retired employees through a single-employer defined benefit plan. The benefits, benefit levels, employee contributions and employer contributions are governed by the City and can be amended by the City through its union contracts. The activity of the plan is reported in the City's General Fund as part of the general government expenditure function.

Benefits Provided

The City provides post-employment health care and life insurance benefits to its retirees. To be eligible for benefits, a retiree must have qualified under the following union contracts with the City:

- Fraternal Order of Police, Lodge No. 15 representing Patrol Officers
- Ohio Patrolmen Benevolent Association representing Sergeants and Lieutenants
- Brook Park Fire Fighters Association and IAFF Local 1141 representing Firefighters

Post-employment benefits include reimbursement of costs associated with health care coverage up to \$400 per month and a life insurance benefit of \$5,000 which the City provides the premium payment. Dependents of eligible retirees will continue to receive the post-employment benefits at the time of the retiree's death. To receive the reimbursement of health care costs, the retiree must have retired on or before December 31, 2007.

As of December 31, 2011 (the latest information available), 107 retirees and dependents are currently receiving the post-employment benefits mentioned above.

Funding Policy

The City's annual contributions to the plan are negotiated through the union contracts of the City. For the fiscal year ended December 31, 2012, the City contributed \$319,749 to the plan. The plan requires no matching contributions from the employees during their period of employment.

Annual OPEB Costs and Net OPEB Obligation

The City's latest actuarial valuation performed for the plan was as of December 31, 2011 (the latest information available) to determine the funded status of the plan as of that date as well as the employer's annual required contribution (ARC) for the fiscal year ended December 31, 2011. For 2012, the City's annual OPEB cost (expense) of \$247,941 was less than the actual employer contribution for the fiscal year and the net OPEB amount has been recorded as a prepayment on the government-wide financial statements. The City's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan and the net OPEB obligation for 2012, 2011 and 2010 are as follows:

City of Brook Park, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2012

Note 13: Other Postemployment Benefits (continued)

Annual OPEB Costs and Net OPEB Obligation (continued)

Fiscal Year Ended	Annual Required Contribution	Interest on Net OPEB Obligation	Adjustment to the ARC	Annual OPEB Cost	Employer Contribution	% of Annual OPEB Cost Contributed	Change in Net OPEB Obligation	Net OPEB Obligation Balance
December 31, 2010	\$ 243,278	\$ (79)	\$ 111	\$ 243,310	\$ 236,179	97.07%	\$ 7,131	\$ 5,162
December 31, 2011	233,199	206	(298)	233,107	265,195	113.77%	(32,088)	(26,926)
December 31, 2012	247,433	(1,077)	1,585	247,941	319,749	128.96%	(71,808)	(98,734)

Funded Status and Funding Progress

The funded status of the plan as of December 31, 2011 (the latest information available), was as follows:

	2011	2010	2009
Actuarial Accrued Liability (AAL)	\$ 3,962,769	\$ 4,213,588	\$ 4,209,513
Actuarial Value of Plan Assets	-	-	-
Unfunded Actuarial Accrued Liability (UAAL)	\$ 3,962,769	\$ 4,213,588	\$ 4,209,513
Funded Ratio (Actuarial Value of Plan Assets/AAL)	0.00%	0.00%	0.00%

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the ARCs of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future.

Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with long-term perspective of the calculations.

In the December 31, 2011 actuarial valuation, the projected unit credit cost method was used. The actuarial assumptions include a discount rate (interest rate) of 4.00 percent and a healthcare cost trend rate (which is the anticipated rate of future increases in health care costs due to inflation) of 3.00 percent which applies to uncapped reimbursements only and equals approximate historical increase in uncapped reimbursements. The actuarial value of assets was zero as a result of the City's pay-as-you-go funding of the plan and premiums are paid when due. The plan's unfunded actuarial accrued liability is being amortized as a level percentage of projected payrolls on a closed basis. The remaining amortization period at December 31, 2011, was 27 years.

City of Brook Park, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2012

Note 14: Risk Management

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees and natural disasters. During the year, the City contracted with Wichert Insurance Services, Inc. to manage its insurance coverage. The City's insurance carrier for all coverages is Selective Insurance Co. of America. The coverage limits, on December 31, 2012, per occurrence for all types of coverage are as follows:

<u>Type of Coverage</u>	<u>Coverage</u>
Property:	
Blanket building and contents	\$ 46,954,743
Extra expense	1,000,000
General liability:	
Commercial general liability, which includes:	1,000,000
Employee benefits	
Employers liability (Ohio stop gap)	
Automotive liability	1,000,000
Excess liability:	
Umbrella (coverage is over all underlying liabilities)	10,000,000
Other types of coverages:	
Contractors equipment	1,194,286
EDP equipment	346,585
Employee dishonesty	100,000
Valuable papers	100,000
Accounts receivable	100,000
Law enforcement	11,000,000
Public Officials	11,000,000
Flood	10,000,000
Earthquake	11,000,000

There were no reductions in insurance coverage from the previous year, nor have settlements exceeded insurance coverage in any of the prior three fiscal years.

The City provides a medical plan for full time employees and their families. The plan is self-funded for fiscal year 2012 and administered by a third party organization. All covered employees also received prescription drug coverage, vision and dental plans. Full time employees are covered by a \$25,000 term life insurance policy.

City of Brook Park, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2012

Note 14: Risk Management (continued)

For the plan, the preferred provider prices all claims which are then submitted to the third party administrator. The third party administrator reviews and processes the claims, which the City then pays. The City has stop loss coverage of \$500,000 in the aggregate. In 2012, the City funded the self-insurance reserve \$515 per month for single coverage and \$1,380 per month for family coverage. These rates are paid by the fund from which the employee's compensation is paid and include medical, prescription, dental and vision coverage.

The claims liability of \$212,453 as estimated by the third party administrator and reported in the Self-Insurance Fund at December 31, 2012 is based on the requirements of the GASB Statement No. 30 which requires that a liability for unpaid claims costs, including estimates of costs relating to incurred, but not reported claims, be reported if information prior to the issuance of the financial statements indicates that it is possible that a liability has been incurred at the date of the financial statements and that the amount of the loss can be reasonably estimated. The liability represents the self-funded plan's portion of claims that remained outstanding at December 31, 2012. Changes in the fund's claim liability amount for the years ended 2010, 2011, and 2012 are as follows:

	<u>Beginning of Year Liability</u>	<u>Current Year Claims and Changes in Estimates</u>	<u>Claim Payments</u>	<u>Balance at Year End</u>
2010	\$ 126,287	\$ 2,481,439	\$ (2,247,526)	\$ 360,200
2011	360,200	1,749,651	(1,850,137)	259,714
2012	259,714	1,773,229	(1,820,490)	212,453

The State of Ohio provides workers' compensation coverage. The City pays the State Workers' Compensation System a premium based on a rate per \$100 of salaries. This rate is calculated based on accident history and administrative costs.

Note 15: Construction and Other Significant Commitments

At December 31, 2012, the City's significant contractual construction commitments consisted of:

<u>Project</u>	<u>Contract Amount</u>	<u>Amount Paid</u>	<u>Remaining on Contract</u>
Brook Park Road Resurfacing	\$ 3,915,337	\$ 3,081,904	\$ 833,433
2011 Roads Program	645,767	477,541	168,226
2012 Roads Program	1,139,632	1,122,743	16,889
Engle Road Improvements	243,010	115,849	127,161
Total	<u>\$ 5,943,746</u>	<u>\$ 4,798,037</u>	<u>\$ 1,145,709</u>

City of Brook Park, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2012

Note 15: Construction and Other Significant Commitments (continued)

The City utilizes encumbrance accounting as part of its budgetary controls. Encumbrances outstanding at year-end are components of fund balance for subsequent year expenditures and may be reported as part of restricted, committed, or assigned classifications of fund balance. As of December 31, 2012, the City's commitments for encumbrances in the governmental funds were as follows:

	<u>Encumbrances Outstanding</u>
Major Funds:	
General	\$ 271,230
Capital Improvements	923,962
Nonmajor Funds:	
Special Revenue Funds	<u>34,573</u>
Total	<u>\$ 1,229,765</u>

Note 16: Interfund Transfers

Interfund transfers for the year ended December 31, 2012, consisted of the following:

<u>Transfer To</u>	<u>Transfer From</u>		<u>Total</u>
	<u>General Fund</u>	<u>Capital Improvements Fund</u>	
General Fund	\$ -	\$ 1,000,000	\$ 1,000,000
Capital Improvements Fund	1,000,000	-	1,000,000
Non-Major Governmental Funds	<u>973,000</u>	<u>561,965</u>	<u>1,534,965</u>
Total	<u>\$ 1,973,000</u>	<u>\$ 1,561,965</u>	<u>\$ 3,534,965</u>

Transfers are used to move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them and unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations; to segregate money for anticipated capital projects; to provide additional resources for current operations or debt service; and to return money to the fund from which it was originally provided once a project is completed.

City of Brook Park, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2012

Note 17: Contingencies/Pending Litigation

A. Grants

The City received financial assistance from Federal and State agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with the terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the City at December 31, 2012.

B. Litigation

In March 2011, the City reached a settlement with a property owner wherein the City agreed to pay \$874,000. The City has paid \$585,000 of this settlement as of December 31, 2012. The remaining settlement will be paid over the next three years concluding in 2015. The outstanding amount of the settlement has been recorded as a liability on the City's government-wide statements.

There are additional claims and lawsuits that are pending against the City. The amount of the liability from these claims and lawsuits, if any, cannot be reasonably estimated at this time. However, in the opinion of management, any such claims and lawsuits will not have a material adverse effect on the overall financial position of the City at December 31, 2012.

Note 18: Accountability

Fund Equity Deficit - Special Revenue Funds

There are fund deficits in the Police Pension and Fire Pension Special Revenue Funds of \$164,376 and \$190,038, respectively, caused by the application of accounting principles generally accepted in the United States of America to these funds. The General Fund is liable for any deficit in these funds and provides operating transfers when cash is required, not when accruals occur.

City of Brook Park, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2012

Note 19: Fund Balances

Fund balance is classified as nonspendable, restricted, committed, assigned and/or unassigned based primarily on the extent to which the City is bound to observe constraints imposed upon the use of the resources in the governmental funds. The constraints placed on fund balance for the major governmental funds and all other governmental funds are presented below:

Fund Balances	General	Capital Improvements	Other Governmental Funds	Total
<i>Nonspendable</i>

City of Brook Park, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2012

Note 20: Short-Term Obligations

Changes in short-term debt activity for the year ended December 31, 2012 was as follows:

	Balances 12/31/2011	Issued	Retired	Balances 12/31/2012
Sanitary Sewer Improvement Notes, Series 2012	\$ -	\$ 750,000	\$ -	\$ 750,000
Unamortized Note Premium	-	2,970	743	2,227
Total Governmental Short-term Liabilities	<u>\$ -</u>	<u>\$ 752,970</u>	<u>\$ 743</u>	<u>\$ 752,227</u>

On October 3, 2012, the City issued \$750,000 in bond anticipation notes at an interest rate of 1.00 percent with a maturity date of October 2, 2013. These bond anticipation notes were issued to finance the construction and installation of the sanitary sewer system along Engle Road between Snow Road and Holland Road. As of December 31, 2012, the City has not utilized any of the proceeds for capital related projects.

City of Brook Park, Ohio

Combining Statements and Individual Fund Schedules
Non-Major Governmental Funds

For The Year Ended December 31, 2012

Non-Major Special Revenue Funds

Street Maintenance Fund

The Street Maintenance Fund accounts for ninety-two and one half percent (92.5%) of the state gasoline tax and motor vehicle registration fees restricted for street maintenance and repair.

State Highway Fund

The State Highway Fund accounts for seven and one half percent (7.5%) of the state gasoline tax and motor vehicle registration fees restricted for maintenance and repair of state highways within the City.

Permissive Tax Fund

The Permissive Tax Fund accounts for additional motor vehicle registration fees restricted for maintenance and repair of streets within the City.

Economic Development Fund

The Economic Development Fund accounts for parking fees and proceeds received from the sale of City owned property committed for expenditures essential to the development of the City.

Brook Park Road Corridor Fund

The Brook Park Road Corridor Fund accounts for funds received from the City of Cleveland as a result of a legal settlement committed for attorney fees, land acquisition, grants or loans to Brook Park Road businesses and other expenditures related to the overall improvement of the corridor.

Special Recreation Fund

The Special Recreation Fund accounts for operations of City sponsored recreation programs committed by participation fees and facility rentals.

Law Enforcement Fund

The Law Enforcement Fund accounts for confiscated monies from criminal offenses and restricted, by state statute, for expenditures that would enhance the operation of the police department.

DWI Enforcement and Education Fund

The DWI Enforcement and Education Fund accounts for fine monies used by the law enforcement agency to pay costs related to DWI enforcement and for educating the public about laws governing the operation of a motor vehicle under the influence of alcohol.

Federal Forfeiture Fund

The Federal Forfeiture Fund accounts for confiscated monies from a Federal task force and restricted for expenditures that would enhance the operation of the police department.

Community Diversion Fund

The Community Diversion Fund accounts for reimbursements received from Cuyahoga County Juvenile Court to promote and develop a community diversion program to address juvenile misdemeanor and status offenders.

City of Brook Park, Ohio

Combining Statements and Individual Fund Schedules
Non-Major Governmental Funds

For The Year Ended December 31, 2012

Non-Major Special Revenue Funds (continued)

Retiree Accrued Benefits Fund

The Retiree Accrued Benefits Fund accounts for funds allocated to pay for the accrued compensated absences paid out to employees upon retirement. Due to the implementation of GASB Statement No. 54, the fund was combined with the General Fund on the governmental fund financial statements but remained a separate fund in the budgetary schedules because it has a separate legally adopted budget.

Police Pension Fund

The Police Pension Fund accounts for the accumulation of property taxes levied for the payment of current employer's pension contributions.

Fire Pension Fund

The Fire Pension Fund accounts for the accumulation of property taxes levied for the payment of current employer's pension contributions.

Southwest General Health Center Fund

The Southwest General Health Center Fund accounts for a special property tax levied to provide resources to support a health care facility.

Continuing Training Program

The Continuing Training Program Fund accounts for restricted funds to provide for the training of the City's safety forces.

Non-Major Debt Service Fund

General Obligation Debt Service Fund

The General Obligation Debt Service Fund accounts for the resources that are used for payment of principal and interest and fiscal charges on general obligation debt.

City of Brook Park, Ohio

Combining Statements

Agency Funds

Agency Funds

Cash Bonds Held Fund

The Cash Bonds Held Fund accounts for deposits to insure the proper repair of street openings.

Mayor's Court Fund

The Mayor's Court Fund accounts for the collection and distribution of court fines and forfeitures.

Board of Building Standards Fund

The Board of Building Standards Fund accounts for the collection and distribution of State required building code fees.

Payroll Deduction Employees' Share Fund

The Payroll Deduction Employees' Share Fund accounts for employees' payroll deductions which are to be distributed to other agencies.

Radio Tower Replacement Fund

The Radio Tower Replacement Fund accounts for resources received from participating entities of the Southwest Regional Communications jointly governed organization, with the City of Brook Park acting as the fiscal agent. These resources are accumulated for the future replacement of the radio tower.

Pension Employee Withholding Fund

The Pension Employee Withholding Fund accounts for employees' pension contributions which are to be distributed to the pension agencies.

Financial Trends These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.	S2 – S7
Revenue Capacity These schedules contain information to help the reader assess the City's most significant local revenue source, the property tax.	S8 - S13
Debt Capacity These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.	S14–S17
Economic and Demographic Information These schedules offer economic and demographic indicators to help the reader understand the environment within which the City's financial activities take place.	S18-S19
Operating Information These schedules contain service data to help the reader understand how the information in the City's financial report relates to the services the City provides and the activities it performs.	S20-S23

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.

**Independent Auditor's Report on Internal Control over Financial Reporting and on
Compliance and Other Matters Based on an Audit of Financial Statements
Performed in Accordance with *Government Auditing Standards***

Members of the City Council
Brook Park, Ohio

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the City of Brook Park, Ohio (the "City"), as of and for the year ended December 31, 2012, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated June 26, 2013, wherein we noted the City implemented Governmental Accounting Standards Board (GASB) Statement No. 63 and GASB Statement No. 65 and restated their December 31, 2011 net position of their governmental activities.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the City's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Members of the City Council
Brook Park, Ohio

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
