O H I O

COMPREHENSIVE ANNUAL FINANCIAL REPORT

For the Fiscal Year Ended December 31, 2012

Issued by

CITY AUDITOR

HUGH J. DORRIAN

Dave Yost • Auditor of State

City Council
City of Columbus
90 West Broad Street
Columbus, Ohio 43215

We have reviewed the *Independent Auditor's Report* of the City of Columbus, Franklin County, prepared by Plante & Moran, PLLC, for the audit period January 1, 2012 through December 31, 2012. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The City of Columbus is responsible for compliance with these laws and regulations.

A handwritten signature in black ink that reads "Dave Yost".

March 26, 2013

To the Citizens of the City of Columbus, Ohio:

The Comprehensive Annual Financial Report (CAFR) of the City of Columbus, Ohio (the City) for the fiscal year ended December 31, 2012, is hereby presented to its citizens by their City Auditor, statutorily described as the City's chief accounting officer.

The City's Charter states, "The auditor shall be an elector of the City, and be elected for a term of four years. . ." The Charter also sets forth the auditor's powers and duties and states, in part:

The auditor shall be the city's chief accounting officer. He shall keep, in accurate, systemized detail a record of the receipts, disbursements, assets, and liabilities of the city, and the recorded facts shall be presented periodically to officials and to the public in such summaries and analytical schedules as shall be necessary to show the full effect of such transactions for each fiscal year upon the finances of the city and in relation to each department of the city government, including distinct summaries and schedules for each public utility owned or operated.

This report fulfills these duties and is widely distributed to individuals, civic associations, banks, brokers, rating agencies, schools, libraries, and city, state, and federal officials. This report is available on the City's website. The Internet address is <http://www.columbus.gov>.

The City's management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

Plante Moran, PLLC has issued an unqualified ("clean") opinion on the City's financial statements for the year ended December 31, 2012. The independent auditor's report is located at the front of the financial section of this report.

Management's discussion and analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview and analysis of the basic financial statements. MD&A complement this letter of transmittal and should be read in conjunction with it.

Profile of the Government

The state legislature established Columbus as a city in 1812. The City is a home-rule municipal corporation operating under the laws of Ohio. The City's Charter, its constitution, can only be amended by a majority of the City's voters. It has been amended many times since its original adoption in 1914, most recently on November 2, 2010. The laws of the State of Ohio prevail when conflicts exist between the Charter and the state constitution and in matters where the Charter is silent.

Columbus, Ohio's capital city, is located in the central part of the state, approximately 150 miles south of Cleveland and 110 miles northeast of Cincinnati. The City's elevation is approximately 777 feet above sea level. Inter and intra state highways I-70, I-71, I-270, and I-670 serve as some of the City's major transportation arteries. The Ohio State University, with 56,387 students on its Columbus campus, is located near the center of the City. Columbus was ranked as the nation's 15th largest city as a result of the 2010 census.

Some comparative data for Ohio's six largest cities follow. Population estimates for 1990, 2000, and 2010 are from the U.S. Bureau of Census. The respective cities' management provided area data as of December 31, 2012.

<u>City</u>	<u>Area</u> <u>2012</u>	<u>Population</u>		
		<u>2010</u>	<u>2000</u>	<u>1990</u>
Columbus	227.9 sq. mi.	787,033	711,470	632,910
Cleveland	77.9 sq. mi.	396,815	478,403	505,616
Cincinnati	78.8 sq. mi.	296,943	331,285	364,040
Toledo	84.4 sq. mi.	287,208	313,619	332,943
Akron	62.0 sq. mi.	199,110	217,074	223,019
Dayton	56.3 sq. mi.	141,527	166,179	182,044

The City's management consists of a Mayor, seven-member Council, City Auditor, and City Attorney. These officials are elected for four-year terms on an at-large basis. The Mayor and four Council members are elected in an odd numbered year. Three Council members, the City Auditor, and the City Attorney are elected in the following odd numbered year. The City's Charter also provides for appointments and elections of successors to these officials if they should, for any reason, vacate their office. All are chosen through a non-partisan election process.

In addition to the elected officials, certain others are major participants in the City's management. The Director of the Department of Recreation and Parks, the Health Commissioner, the Civil Service Executive Secretary, and the Secretary of the Sinking Fund are appointed by, and report to, independent Commissions. All of these Commission members are appointed by the Mayor and are subject to confirmation by the Council. The financial activities of these Commissions (budgets, expenditures, etc.) are subject to approval by the Council and are, therefore, included in this report. The City's Treasurer and Clerk to the Council are appointed by, and serve at the pleasure of the Council.

The Mayor's cabinet, appointed by him and serving at his pleasure, is not subject to confirmation by the Council. In 2012 the cabinet consisted of the directors of the departments of Finance and Management, Public Safety, Public Service, Public Utilities, Development, Building and Zoning Services, Community Relations, Technology, and Equal Business Opportunity.

The accompanying financial statements comply with the provisions of Governmental Accounting Standards Board (GASB) Statement No. 14, *The Financial Reporting Entity*, as amended by Statement No. 61, *The Financial Reporting Entity: Omnibus*, and Statement No. 39, *Determining Whether Certain Organizations are Component Units*. On this basis, the reporting entity of the City includes the following services to its citizens as authorized by its charter: public service (refuse collection, street engineering and construction, traffic engineering and parking, etc.); public safety (fire, police, etc.); development; health; recreation and parks; and public utilities. In addition, the City owns and operates five enterprise activities: a water system, a sanitary sewer system, a storm sewer and drainage system, an electricity distribution system, and City-owned parking garages; financial activities for which are contained in this report. Water and sanitary sewer services are metropolitan in nature and reach far beyond the City's corporate boundaries. The City does not operate schools or hospitals, nor is it responsible for public assistance programs.

Other entities included in this report and further explained in Notes A and Q are:

Joint Ventures:

- The Franklin Park Conservatory Joint Recreation District
- The Affordable Housing Trust for Columbus and Franklin County
- The Columbus-Franklin County Finance Authority

Blended Component Unit:

- The RiverSouth Authority

Information regarding reporting standards and bases of accounting used in the preparation of the City's financial statements can be found in Note A – *Summary of Significant Accounting Policies* in Notes to the Financial Statements.

The annual budget of the City of Columbus serves as the foundation for the City's financial planning and control. On or before the fifteenth day of November, the Mayor submits to City Council an estimate of the expenditures necessary to conduct the affairs of the City for the fiscal year commencing the following January 1. Budget estimates are distributed throughout the City (including newspapers and libraries) and public hearings are held to obtain taxpayers' comments. Subsequent to January 1, and after publication of the proposed budget ordinances, the budget is legally enacted through adoption of the ordinances. The budget specifies expenditure amounts by Object Level One (i.e. personal services, materials & supplies, contractual services, debt principal payments, other, capital outlay, interest on debt, and transfers) for each division within each fund. Transfers of appropriations of \$100,000 or less can be made between budget Object Level One within a division and fund without additional City Council action, but with responsible management approval. Transfers in excess of this amount require the approval of both City Council and the Mayor.

Local economy

Employment in the Greater Columbus Area continues to be service oriented. Four of the eight (8) largest employers in the Columbus area are government or government-oriented [The Ohio State University, the State of Ohio, Columbus Public Schools, and City of Columbus]. The twenty-five largest employers in the Greater Columbus area are shown in the Statistical Section of this report. These major employers, representing government, insurance, public utilities, manufacturing, retail, banking, research, medical, and services, provide a broad and diverse employment base. The Columbus Metropolitan Statistical Area average annual unemployment rate (6.2%) for 2012 continued to be below the State of Ohio (7.2%) rate and the United States (8.1%) rate. A ten-year history of unemployment rates for Franklin County (by month) from the Ohio Department of Job and Family Services and the Annual Average Rates for Franklin County, the State of Ohio, and the United States is provided in the Statistical Section of this CAFR – see Table 23.

The City's employee relations are established largely in association with the following labor organizations:

- American Federation of State, County, and Municipal Employees (AFSCME), Locals 1632 and 2191. (www.afscme.org)

AFSCME has approximately 2,066 members among the City's 4,984 civilian employees. AFSCME has, however, bargaining rights for approximately 2,408 of these employees. The current labor agreement between the City and AFSCME was effective April 1, 2011 and continues through March 31, 2014.

- Fraternal Order of Police (FOP) (www.fop9.org)

FOP has bargaining rights for all of the City's police officers except for the chief and his six deputy chiefs. Of the City's 1,867 police officers, 1,820 are members of the FOP. The current FOP contract was effective December 9, 2011 and continues through December 8, 2014.

- International Association of Firefighters (IAFF) (www.iaff.org)

IAFF has bargaining rights for all the City's firefighters except for the chief and one of his five assistant chiefs. Membership in the IAFF includes 1,504 of a total 1,558 firefighters. The current contract was effective November 1, 2011 and continues through October 31, 2014.

- Columbus Municipal Association of Government Employees; Communication Workers of America, Local 4502 (CMAGE/CWA). (www.cmage.org)

CMAGE/CWA has approximately 883 members and has bargaining rights for approximately 1,208 of the 4,984 civilian employees. The current contract was effective August 24, 2011 and continues through April 23, 2014.

Under Ohio's Collective Bargaining Act, if members of the police or fire division cannot reach agreement with the City they ". . . shall submit the matter to a final offer settlement procedure." This requirement of Ohio law is referred to as a "no-strike" or "binding arbitration" provision. Other employees are permitted to strike under Ohio law after giving proper notification.

Long-term financial planning

The City manages its long term financing of its capital needs through the annual updating of its Capital Improvement Plan (CIP). The CIP schedules capital improvements through the current and succeeding five years. The CIP does not include appropriations or authorizations to expend monies. The current year portion of the CIP, known as the Capital Improvements Budget (CIB), is formalized by ordinance of the City Council after holding public hearings and presented to the citizens as a formal plan. Appropriations for capital projects are authorized at the time bonds are sold or other funding sources are determined. Both the CIP and the CIB are subject to change by the Council.

The CIP contains not only a detailed listing of planned projects but also, in most instances, their funding source or sources. Most capital projects are funded through the use of long-term debt, bonds or monies borrowed via the Ohio Water Development Authority (see Note G). The City uses a ten year forecast of revenues available for debt service and a ten year forecast of current and anticipated debt service amounts in order to determine its debt capacity for nonenterprise type debt. Enterprise type debt capacity is guided by ten year projections of the respective enterprise revenues and costs. The major source of funding for nonenterprise debt service is a dedicated portion of City income tax collections. The City, by local statute, dedicates one fourth of its income tax collections to the payment of such debt service. This financial activity is accounted for in the General Bond Retirement and Special Income Tax Debt Services Funds, both major funds. This one fourth "set aside" for debt service local statute has been in place since 1983, with similar policies in place since 1956. Since the City maintains this income tax "set aside," the City has not levied a property tax rate increase in over 50 years.

Also as a policy, the City seeks voter approval for much of its general obligation planned debt; both nonenterprise and enterprise type debt. Since 1956, most recently in 2008, the City has sought voter approval 88 times to issue debt for various purposes, both nonenterprise and enterprise type debt. The voters have given their approval 82 times. Of the City's general obligation debt, its voters have given their direct approval for 79.7% of that outstanding at December 31, 2012 (see Note G). General Obligation bonds of the City are rated AAA, Aaa, and AAA by Standard and Poor's Corporation, Moody's Investors Services, and Fitch Ratings, respectively.

The City's Department of Finance forecasts its General Fund revenues and expenditures, also for a period of ten years, with a more focused emphasis on the initial three years.

Relevant financial policies

Columbus' past financial stability is largely due to implementing and managing through a series of policy decisions beginning over 50 years ago. The policy which promoted stable growth of the City and economy through controlled delivery of services with manageable annexation remains substantially in place to this day.

Recognizing the deterioration of the national and state economies and the unprecedented decline in available City resources, the Mayor, with unanimous support of the City Council, on April 27, 2009 announced the City's intention to seek approval from its voters of an increase in the City's local income tax. The requested rate increase, from the 2.0% to 2.5% was approved by the voters on August 4, 2009.

By action of the City Council, one-fourth of revenues obtained from the 2.5% municipal income tax is allocated to the Special Income Tax Debt Service Fund (SIT) and is used primarily to pay debt service for non-enterprise capital improvements. This policy has been consistently in place since 1983. A similar policy with other allocations has been in place since 1956. This policy has greatly assisted the City in addressing its infrastructure needs and has allowed Columbus to make critical investments in growth corridors as well as older core neighborhoods. The use of the SIT for long-term capital investment has also allowed the City to protect its "Triple A" credit rating.

The City, like the federal and state governments, operates under a system of separation of powers. The legislative branch is manifest in its City Council. The judicial branch exists through municipal court judges with county wide

jurisdiction. The executive branch is further divided into the Mayor, the chief executive; the City Attorney, the City's legal advisor and the chief prosecutor; and the City Auditor, the City's chief accountant. Each of these three members of the executive branch is separately elected.

The City Auditor determines and publishes the estimated amount of revenues that the City will receive during a given year. The Council may not appropriate and therefore the Mayor and the total City may not expend a greater amount. The City Auditor, however, can not dictate the services for which the funds may be appropriated. In its simplest form this check and balance is sometimes described as "the Auditor says how much; the Mayor and Council say what for." This process calls for three separately elected bodies: the Mayor, the Council, and the Auditor, to participate in the financial management and expenditure controls of the City.

Major initiatives

AS REPORTED BY THE DEPARTMENT OF FINANCE AND MANAGEMENT

Renovation of 77 North Front Street

A complete renovation of the Old Police Headquarters building will be completed in 2013 and will house six city departments and/or agencies. Relocation and consolidation of offices to this building will allow for efficient operation of city functions and provide customer friendly access to the public. City agencies will be located in modern efficient work spaces and offices with logical adjacencies so that work and interactions with the public and other agencies will be optimized. The design is "green" and incorporates a unique blend of old architecture with modern technology. The building is designed at the LEED (Leadership in Energy and Environmental Design) Silver Level as determined by the nationally recognized standard established by the USGBC (United States Green Building Council). LEED features include: a 13 glass curtain wall (allowing natural lighting), skylights, energy efficient lighting, reduced flow water components, high efficiency heating and air conditioning equipment (geothermal technology where ground water is used for the cooling system) with heat recovery, recycled asphalt products, reflective coating on the roof, and low VOC (Volatile Organic Compound) paints and sealants.

Greenlawn New Fire Station

Buildings on City-owned property along the Scioto River at Greenlawn Avenue and Scioto Boulevard are being demolished to make way for a new station to house Fire Station 2, currently operating out of a cramped firehouse at 150 E. Fulton St. Columbus' busiest fire station, serving a large portion of Downtown, will be relocated to the new station.

The Accountability Committee

The Accountability Committee was formed in 2009 following voter passage of the city income tax increase. The mission of the Committee is to provide review and guidance to the City's leaders so they can successfully implement the City's 10-Year Reform and Efficiency Plan. The plan was developed and finalized following recommendations by an Economic Advisory Committee, citywide review and the adoption of a resolution by City Council. Comprised of eleven action items and four study items, its goal is to save \$100 million to \$150 million in the General Fund over the ten-year period of 2010-2019.

The Accountability Committee is comprised of eight members, all independent of the City of Columbus and diverse in background. The 2012 report will be released in March, 2013.

Energy Star Portfolio Manager

The City is participating in the Energy Star Portfolio Manager, an interactive management tool created by the U.S. Department of Energy and U.S. Environmental Protection Agency. The City will use the Manager to generate a Statement of Energy Performance (SEP) for each building, summarizing important energy information and building characteristics such as site and source energy intensity and Co2 emissions.

Compressed Natural Gas (CNG)

The CNG fueling site at 4224 Groves Road is fully operational, providing this alternative fuel to both City-owned vehicles and to the public. In 2012, savings of \$1.84 per gallon were achieved by using CNG rather than diesel fuel. In 2012, the City acquired property on Morse Road which will serve as the location for a second CNG station. Construction is expected to begin in 2013 for this location, which is ideally suited for fueling for refuse vehicles that utilize the Morse Road Eco Center.

Awards and acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Columbus, Ohio for its Comprehensive Annual Financial Report for the fiscal year ended December 31, 2011. This was the thirty-third consecutive year that the City has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe our current comprehensive annual financial report continues to meet the Certificate of Achievement program requirements and we are submitting it to GFOA to determine its eligibility for another certificate.

This report represents the thirty-fourth (1979-2012) Comprehensive Annual Financial Report of the City of Columbus containing financial statements audited by a firm of certified public accountants. In addition to citizens in the community, the recipients will include city, state, and federal officials, schools, libraries, newspapers, investment banking firms, banks, rating agencies, etc. This report is also available on the City's website. The Internet address is <http://www.columbus.gov>. The report will be made available to any person or organization requesting it. This extensive effort of preparation and distribution of this report fulfills the City Auditor's goal of full disclosure of the City's finances.

This report is issued by Hugh J. Dorrian, CPA, City Auditor. Special thanks and recognition go to Ms. Darlene Wildes and Ms. Vikki Amicon for their exemplary efforts in the preparation of this report. All members of the City Auditor's staff and many of the City's other employees also contributed to this effort. They all have my thanks and respect for their work.

Respectfully submitted,

Hugh J. Dorrian, CPA
Auditor

FINANCIAL SECTION

Independent Auditor's Report

To the Honorable Hugh J. Dorrian,
City Auditor
City of Columbus, Ohio

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Columbus, Franklin County, Ohio, as of and for the year ended December 31, 2012, and the related notes to the financial statements, which collectively comprise the City of Columbus, Ohio's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

To the Honorable Hugh J. Dorrian,
City Auditor
City of Columbus, Ohio

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Columbus, Ohio as of December 31, 2012, and the respective changes in its financial position and, where applicable, cash flows, for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note R to the basic financial statements, in 2012, the City adopted GASB Statement No. 65, *Items Previously Recognized as Assets and Liabilities*, and GASB Statement No. 61, *The Financial Reporting Entity: Omnibus, an amendment of GASB Statements No. 14 and No. 34*. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and the General Fund budgetary comparison schedule, as identified in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Columbus, Ohio's basic financial statements. The introductory section, combining statements, agency fund schedule of changes in assets and liabilities, the other budgetary comparison schedules, the statistical section, and the schedule of expenditures of federal awards, as identified in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

To the Honorable Hugh J. Dorrian,
City Auditor
City of Columbus, Ohio

The combining statements, agency fund schedule of changes in assets and liabilities, other budgetary comparison schedules, and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining statements, agency fund schedule of changes in assets and liabilities, and the other budgetary comparison schedules, as identified in the table of contents as other supplementary information and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory section and statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 26, 2013 on our consideration of the City of Columbus, Ohio's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering City of Columbus, Ohio's internal control over financial reporting and compliance.

CITY OF COLUMBUS, OHIO

Management's Discussion and Analysis

As management of the City of Columbus (the City), we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended December 31, 2012. We encourage readers to consider the information presented here in conjunction with our letter of transmittal at the front of this report and the City's financial statements, which follow this section.

Financial Highlights

- The assets of the City exceeded its liabilities at the close of 2012 by approximately \$2.77 billion. Of this amount, \$640.4 million is considered unrestricted. The unrestricted net position of the City's business-type activities are \$385.6 million and may be used to meet the on-going obligations of business-type activities, including the water, sanitary sewer, storm sewer, electricity, and garage enterprises; the unrestricted net position of the governmental activities are \$254.8 million.
- The City's total net position increased \$198.2 million in 2012. Net position of the governmental activities increased \$95.4 million, which represents a 7.0 percent increase from 2011. Net position of the business-type activities increased \$102.8 million or 8.5 percent from 2011.
- The total cost of the City's programs decreased \$39.5 million or 2.5 percent. The cost of governmental activities decreased \$31.2 million or 2.8 percent, while the cost of business-type activities decreased \$8.3 million or 1.8 percent.
- As of the close of the current fiscal year, the City's governmental funds reported a combined ending fund balance of \$658.7 million. The combined governmental funds fund balance increased approximately \$69.5 million from the prior year's ending fund balance. Approximately \$348.7 million of the \$658.7 million fund balance is considered restricted at December 31, 2012.
- The general fund reported a total and unrestricted fund balance of \$120.5 million at the end of the current fiscal year. The fund balance for the general fund was 16.5 percent of total general fund expenditures. There was a \$5.7 million increase in the total general fund balance for the year ended December 31, 2012.
- The City's total debt increased by \$396.8 million (11.25 percent) during the current fiscal year to \$3.923 billion. The significant transactions contributing to the increase in outstanding debt at December 31, 2012 included:
 - On March 21, 2012, the City issued \$123.425 million of general obligation refunding bonds:
 - \$53.225 million for the advance refunding of governmental activity bonds;
 - \$54.050 million for the advance refunding of business-type activity bonds;
 - \$2.705 million to contribute to the current refunding governmental activity bonds; and
 - \$13.445 million to contribute to the current refunding business-type activity bonds.
 - On July 24, 2012, the City sold \$433.240 million of general obligation bonds:
 - \$171.900 million for governmental activity capital projects;
 - \$261.340 million for business-type activity capital projects.
 - On August 29, 2012, the City sold \$170.445 million of general obligation refunding bonds:
 - \$78.110 million for the advance refunding of governmental activity bonds; and
 - \$92.335 million for the advance refunding of business-type activity bonds.
 - On November 27, 2012, the City issued \$43.025 million of general obligation refunding bonds and \$22.350 million of general obligation bond anticipation notes:
 - The refunding bonds were issued to refund governmental activities tax increment financing bonds;
 - \$1.100 million of general obligation notes to refund a governmental activity note; and
 - \$21.250 million of general obligation notes to refund business-type activity notes.

- The City's business-type activities issued \$94.768 million in Ohio Water Development Authority revenue obligations for various projects.
- Governmental and business-type activities paid \$228.645 million on debt maturities in 2012.

Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Certain prior year amounts have been restated to reflect changes in accounting described in Note R of the Notes to the Financial Statements.

Government-wide financial statements. The *government-wide financial statements* are designed to provide readers with a broad overview of the City's finances in a manner similar to private-sector business.

The *statement of net position* presents information on all of the City's assets, liabilities, and deferred outflows and deferred inflows of resources, with the difference between them reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The *statement of activities* presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the cash flows. Thus, revenue and expenses reported in this statement for some items will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees or charges (business-type activities). The governmental activities of the City include general government, public service, public safety, development, health, and recreation and parks. The business-type activities of the City include five enterprise activities: a water system, a sanitary sewer system, a storm sewer system, an electricity distribution system, and parking garages.

The government-wide financial statements can be found on pages 43 – 45 of this report.

Fund financial statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds. *Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on the *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures,

and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The City maintains 137 individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund, the general bond retirement debt service fund, and the special income tax debt service fund, all of which are considered to be major funds. Data for the other 134 governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of *combining statements* elsewhere in this report.

The basic governmental fund financial statements can be found on pages 46 – 49 of this report.

Proprietary funds. The City maintains two different types of proprietary funds. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The City uses enterprise funds to account for its water, sanitary sewer, storm sewer, electricity distribution, and parking garage operations. *Internal service funds* are an accounting device used to accumulate and allocate costs internally among the City's various functions, including employee benefits self-insurance, worker's compensation, fleet management, information services, mail/print services, land acquisition, and construction inspection. The services provided by these funds predominantly benefit the governmental rather than the business-type functions. They have been included within *governmental activities* in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the water, sanitary sewer, storm sewer, electricity distribution, and parking garage operations. The water, sanitary sewer, storm sewer, and electricity enterprise funds are considered to be major funds of the City, while the garage fund is considered a nonmajor fund. All internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for the internal service funds is provided in the form of *combining statements* elsewhere in this report.

The basic proprietary fund financial statements can be found on pages 50 – 53 of this report.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are *not* reflected in the government-wide financial statement because the resources of those funds are *not* available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund financial statement can be found on page 54 of this report.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 55 – 109 of this report.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the City's general fund budget. The City adopts an annual appropriation budget for its general fund. A budgetary comparison statement has been provided for the general fund to demonstrate compliance with this budget. Required supplementary information can be found on pages 111 – 115 of this report.

The combining statements referred to earlier in connection with nonmajor governmental funds, internal service funds, and fiduciary funds are presented immediately following the required supplementary information. Combining and individual fund statements and schedules can be found on pages 117 – 250 of this report.

Certain prior year amounts in this management's discussion and analysis have been reclassified for consistency.

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. The City's assets exceeded liabilities by approximately \$2.77 billion at the close of the most recent fiscal year.

The largest portion of the City's net position (72.7 percent) reflects its investment in capital assets (e.g. land, buildings, improvements other than buildings, machinery and equipment, and infrastructure); less any related outstanding debt used to acquire those assets. The City uses these capital assets to provide services to citizens; therefore, these assets are not available for future spending. Although the City's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay debt must be provided from other sources, since capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the City's net position (4.1 percent) represents resources that are subject to restrictions as to how they may be used. The remaining balance of unrestricted net position (\$640.4 million) may be used to meet the government's on-going obligations to citizens and creditors. It is important to note that although the total unrestricted net position is \$640.4 million; the unrestricted net position of the City's business-type activities (\$385.6 million) may not be used to fund governmental activities.

At the end of the current fiscal year, the City had unrestricted net position related to governmental activities of \$254.8 million.

Overall net position of the City increased \$198.2 million in 2012. Net position for governmental activities increased \$95.4 million, while net position for business-type activities increased \$102.8 million. The City continued efforts to contain costs and pursue new revenue sources. The increase in net position for

business-type activities was the result of the aggregate business-type activities holding expenses to 82.0 percent of total revenue for the year. Due to rate increases in the water and sanitary sewer enterprise funds of 8.0 percent and 3.0 percent, respectively, total business-type charges for services increased 5.4 percent when compared to 2011. All other revenue in business-type activity increased \$2.1 million or 9.0 percent as compared to 2011, primarily due to garage special assessment revenue. Business-type activities expenses for 2012 decreased \$8.3 million or 1.8 percent over the comparable expenses in 2011.

There was an increase of \$28 million in the business-type activities net investment in capital assets in 2012 due to principal payments on debt exceeding the annual depreciation on capital assets.

Net position -- January 1st	\$ 1,358,534	\$ 1,338,980	\$ 1,209,232	\$ 1,150,643	\$ 2,567,766	\$ 2,489,623
Restatement - Note R		(74,559)		(6,848)	-	(81,407)
Net position -- December 31st	\$ 1,453,935	\$ 1,358,534	\$ 1,312,066	\$ 1,209,232	\$ 2,766,001	\$ 2,567,766

Governmental activities. Governmental activities increased the City's net position by \$95.4 million. Key elements of the changes in net position are as follows:

- Income tax revenue, which represents 58.7 percent of the City's governmental revenue, increased by \$18 million or 2.6 percent on a full accrual basis. This increase is attributed to improved employment in the City in 2012.
- Operating grants and contributions decreased \$54.2 million or 27.7 percent. The decrease is due to a decrease in grant funding available in 2012 as American Recovery and Reinvestment Act funding was coming to an end.
- Capital grants and contributions increased \$2.5 million or 4.6 percent. The increase is due to an increase in grant funding available in 2012.
- Governmental activities expenses decreased \$31.2 million or 2.8 percent in 2012 due to: the City's continued effort to contain costs; and changes in certain employee labor contracts which reduced the City's share of certain employee benefits.

Business-type activities. Business-type activity net position increased \$102.8 million. Key elements of changes in net position are as follows.

- Charges for services increased \$27.3 million or 5.4 percent.
- Capital grants and contributions increased from \$2.7 million in 2011 to \$12.4 million in 2012. This increase was due to Garage special assessment revenue of approximately \$9.7 million in 2012.
- Other revenue decreased \$5.8 million or 36.2 percent.
- Expenses decreased \$8.3 million or 1.8 percent in 2012.

Charges for services, which comprise 95.4 percent of the business-type activities revenues, increased 5.4 percent in 2012 as a result of rate increases in the water and sanitary sewer enterprise funds of 8.0 percent and 3.0 percent, respectively. The business-type activities continued the pattern of cost containment relative to the level of revenues for enterprise activities in 2012. The percent of annual expense to annual revenue was 82.0 percent in 2012.

Financial Analysis of the Government's Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related requirements.

Governmental Funds

The focus of the City's *governmental funds* is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of December 31, 2012, the City's governmental funds reported combined ending fund balances of \$658.7 million, an increase of \$69.5 million in comparison with the prior year. Approximately \$310 million of this amount constitutes *unrestricted fund balance* or the total of committed, assigned, and unassigned fund balance. The remainder of fund balance is *restricted* to indicate that it is not available for new spending because it has already been restricted by parties outside the City or pursuant to enabling legislation.

A schedule of governmental funds revenues and expenditures for the last ten fiscal years has been provided in the Statistical Section of this CAFR – see Table 4.

General fund. The general fund is the chief operating fund of the City. At December 31, 2012, total fund balance of the general fund was \$120.5 million. As a measure of the general fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 13.1 percent of total general fund expenditures, while total fund balance represents 16.5 percent of total general fund expenditures.

A schedule of general fund revenues and expenditures for the last ten fiscal years has been provided in the Statistical Section of this CAFR – see Table 5.

The fund balance of the City's general fund increased \$5.7 million during 2012. Key factors of the 2012 results are as follows:

- Total revenues (including transfers in) increased \$4 million or 0.5 percent.
- Income tax revenue, which represents 70.7 percent of general fund revenues (including transfers in), increased \$17.2 million or 3.4 percent.
- Expenditures increased by \$23.9 million or 3.4 percent. The increase was primarily a result of the City restoring some of the services that were reduced prior to the income tax rate increase.

Revenue narrative:

Brief descriptions of the City's General Fund major revenue components follow.

Income taxes

The City's income tax continues to be its primary source of revenue. The tax applies to all wages, salaries, commissions, and other compensation paid by employers and/or the net proceeds from the operation of a business, profession, or other enterprise activity. The initial tax rate of .5 percent, collected in 1948, was increased to 1.0 percent in 1956, 1.5 percent in 1971, and to 2.0 percent in 1983. In a special election on August 4, 2009, the City's voters approved an increase in the rate to 2.5%. The new rate was effective October 1, 2009. Income tax rates of cities and villages within the State of Ohio are limited to a maximum of 1.0 percent, unless specifically approved by a majority of the resident voters of the respective city or village. There are 644 political subdivisions, other than school districts in the State of Ohio that now levy a local income tax. Rates range from .40 percent to 3.0 percent.

Local school districts in the State of Ohio are also permitted to levy an income tax, but only with the approval of a majority of voters within the district. Ohio has 613 school districts; 184 have an income tax. Rates range from 0.25 percent to 2.0 percent.

Approximately 83.4 percent of the City's income tax collected in 2012 was via employers withholding the tax from employees' earnings and remitting the tax to the City on a statutorily prescribed schedule. Approximately 11.4 percent of collections originated from business accounts and 5.2 percent from independently employed individual taxpayers. Depending on the amount withheld, employers must remit to the City on a semi-monthly, monthly, or quarterly frequency, with the largest amounts being remitted semi-monthly.

One quarter of the revenue from this tax is accounted for in a Debt Service Fund and is primarily used for servicing debt pertaining to non-enterprise type capital improvements. Tipping fees for disposal of garbage collected by the City are also paid from this fund on the City's budget basis of accounting. On the modified accrual basis of accounting, such tipping fee amounts are transferred to the General Fund and expended as public service expenditures. Three-quarters of income tax revenues are used for General Fund purposes. General Fund income tax revenues on the budget basis represent 2012 collections of \$550.9 million less refunds of \$14.4 million for a net amount of \$536.5 million. Income tax revenues on the modified accrual basis of accounting, net of refunds, were \$519.6 million.

A ten-year history of the income tax revenue and cash collections, net of refunds, appears in the Statistical Section of this report. The City acts as collection agent for other political subdivisions in the central Ohio area. Collections made for others are accounted for by the City in an Agency Fund. Fees collected by the City for these services totaled \$401,772 in 2012, and are accounted for in the General Fund as charges for services.

Property taxes

Property taxes in Ohio are levied and collected by its 88 counties. The City lies partially within three of these counties: Franklin, Fairfield, and Delaware. After collection, the counties distribute portions of these taxes to the political subdivisions (school districts, cities, villages, townships, etc.) located within their geographic borders. Property taxes for the City represent a tax rate of approximately 3.14 mills (\$3.14 per \$1,000 of taxable valuation) applied to the assessed value of property located in the City. Assessed values represent approximately 35 percent of appraised values. This rate, 3.14 mills, has remained unchanged since 1956.

Increases in this rate can only occur with approval of the City's voters. Revenues from property taxes are used for General Fund operations, including a partial provision, 0.60 mills, for current police and fire pension costs.

Real property assessed values steadily increased over the period 2000 to 2009, with larger increases evident every three years. These three-year increases result from comprehensive reappraisals of property that take place every six years, and less formal triennial updates that occur the third year in between the six year reappraisals. Six-year reappraisals took place in Franklin County in 2005, with the resulting increases in property tax collections occurring in 2006. No residential revaluations were performed in 2008 (a year which was scheduled to be a triennial update year); therefore, residential valuations remained the same for 2009, 2010 and 2011. A revaluation was performed in Franklin County in 2011. Property taxes levied in 2012 but not collectible until 2013 are accounted for in the General Fund as accounts receivable and unearned revenue at an estimated amount of \$45.579 million.

The decrease (7.3 percent) in total assessed values for tax year 2011 for Franklin County, shown in detail in Table 10 in the Statistical Section of this report, is primarily due to the 7.5 percent reduction in real property assessed value resulting from the 2011 revaluation. The decrease (1.1 percent) in total assessed values for tax year 2012 for Franklin County represents reductions primarily resulting from Board of Revision decisions and changes in tax exempt statuses. As a result of State House Bill 66, beginning in 2009, Ohio no longer has a general tax on tangible personal property.

Overall, property tax revenue decreased from \$48.297 million in 2011 to \$44.812 million in 2012.

Additional data on property values and taxes appear in the Statistical Section of this report.

Investment earnings

The City's investment policies are discussed in Note C. This source of revenue is not conducive to year-to-year comparisons. Investment earnings are only deposited to the General Fund after all statutorily directed earnings are deposited to the appropriate funds: enterprise funds, grant funds, etc. Interest earnings in the General Fund decreased from \$4.258 million in 2011 to \$3.439 million in 2012. The decrease is due to slightly lower interest rates on investments in 2012.

Licenses and permits

Licenses and permits are issued by the City to regulate activities related to building, health, and other business enterprises. The revenue from license and permits remained fairly consistent in 2012 as compared to 2011. License and permits fees were \$10.900 million in 2012 and \$10.508 million in 2011, an increase of 3.7 percent.

Shared revenues

Shared revenues in the General Fund include the taxes listed below which are levied and collected by the state or counties and partially redistributed to the City and other political subdivisions. Provided below is a five-year history of the City's share of these revenues as reported in the governmental fund financial statements on a modified accrual basis of accounting.

	(in thousands)				
	2012	2011	2010	2009	2008
Shared revenues					
Local government fund	\$ 25,708	38,967	41,320	39,596	46,196
Estate tax	12,635	12,191	7,101	8,149	10,888
State liquor fees	1,191	1,166	1,156	1,109	1,107
Cigarette tax and other	52	34	42	23	32
Total	<u>\$ 39,586</u>	<u>52,358</u>	<u>49,619</u>	<u>48,877</u>	<u>58,223</u>

The decrease in shared revenue in 2012 as compared to 2011 is due to Ohio Legislature changes in the formula for determining the amount of local government funds shared with local governments. Additional decreases in the local government fund are expected for 2013. In addition, Ohio's estate tax will be eliminated in 2013.

Charges for services

The City performs certain services for its citizens and other municipalities for which it charges various amounts. These services include impounding, storing, and selling abandoned autos; fire and police protection provided to certain suburbs; parking meter fees; and various other services. Additionally the City's General Fund allocates certain citywide costs initially borne by the General Fund to certain other funds. These costs (pro rata charges) are allocated by charging certain other funds a statutorily approved rate of 4.5 percent, as determined by the City's most recent cost allocation plan, of their gross revenue.

These revenues in the General Fund over the past five years have produced:

	(in thousands)				
	2012	2011	2010	2009	2008
Charges for services					
Parking meters and fees	\$ 3,427	3,350	3,461	3,463	3,480
City Attorney charges	994	1,147	1,010	1,058	1,097
Police services	6,314	6,410	5,822	6,539	6,856
Fire services	18,513	17,522	16,887	16,755	16,479
Pro rata charges	28,046	26,674	25,674	24,354	24,298
All other	2,445	2,482	2,547	2,331	2,268
Total	<u>\$ 59,739</u>	<u>57,585</u>	<u>55,401</u>	<u>54,500</u>	<u>54,478</u>

Fire services representing charges for emergency medical transportation services were \$15.342 million and \$14.510 million in 2012 and 2011, respectively.

Fines and forfeits

This revenue source consists of fines and forfeits imposed by the Franklin County Municipal Court, and parking tickets issued by the City's parking violations bureau. Parking violation fees were increased effective January 1, 2009 by five dollars per violation.

	(in thousands)				
	2012	2011	2010	2009	2008
<i>Fines and forfeits</i>					
Fines and forfeits	\$ 13,903	12,450	13,332	15,572	15,637
Parking ticket revenue	<u>7,394</u>	<u>6,456</u>	<u>6,044</u>	<u>6,523</u>	<u>5,766</u>
Total	<u>\$ 21,297</u>	<u>18,906</u>	<u>19,376</u>	<u>22,095</u>	<u>21,403</u>

Miscellaneous

Miscellaneous revenues in the General Fund on the modified accrual basis of accounting consist of the following:

	(in thousands)				
	2012	2011	2010	2009	2008
<i>Miscellaneous revenue</i>					
Solid Waste Authority of Central Ohio rent	\$ -	1,888	2,262	2,284	8,389
Electricity kilowatt tax	1,685	1,583	3,284	3,234	3,365
Hotel/motel taxes	4,021	3,631	3,378	3,119	3,598
Refunds and reimbursements	1,498	3,199	2,183	1,488	2,062
Unclaimed funds	-	-	-	-	1,270
Other	<u>691</u>	<u>143</u>	<u>76</u>	<u>1,157</u>	<u>217</u>
Total	<u>\$ 7,895</u>	<u>10,444</u>	<u>11,183</u>	<u>11,282</u>	<u>18,901</u>

Expenditure narrative:

Public safety, primarily police and fire service, continues to be the dominant function of the General Fund. Public safety expenses were 68.7 percent and 70.5 percent of total expenses for 2012 and 2011, respectively. Total general fund expenditures increased \$23.9 million or 3.4 percent in 2012; revenues (including transfers in) exceeded expenditures (including transfers out) for the year by \$5.7 million.

General Fund revenue and expenditure trend information over the last ten years is included in the Statistical Section of this report – see Table 5 and Table 6.

General bond retirement debt service fund. The general bond retirement debt service fund has a total fund balance of \$105 thousand. The net decrease in fund balance during 2012 in this fund was approximately \$110 thousand. The general bond retirement fund is funded primarily with income tax revenue at the level necessary to meet debt service requirements.

Special income tax debt service fund. The special income tax debt service fund has a total fund balance of \$159.8 million. The net increase in fund balance during 2012 in this fund was approximately \$2.6 million. One quarter of the City's income tax revenue is set aside to meet debt service requirements for governmental activity type debt. Those income tax revenues not required in the general bond retirement fund, as noted above, are recorded in the special income tax fund. Premiums on governmental activities bonds issued and Build America Bonds' interest expense reimbursements are reported in the special income tax fund.

Proprietary Funds

The City's proprietary funds financial statements provide the same information found in the government-wide financial statements, but in more detail.

The City operates five enterprise activities: a water system, a sanitary sewer system, a storm sewer system, an electricity distribution system, and City-owned parking garages. These activities are accounted for in separate enterprise funds. Enterprise funds are used to account for operations that are financed and operated in a manner similar to private business enterprises—where the City intends that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. The City accounts for its enterprise funds on the full accrual basis of accounting.

The annual charges and rate increases for the average Columbus resident/user of water and sewers over the last ten years are included in Table 14 of the Statistical Section. An average Columbus resident/user is defined as a customer using 12,000 cubic feet of water annually. Water and sanitary sewer charges are designed to provide resources for both capital and operating costs. Storm sewer and electricity charges are designed to provide resources for operating costs (maintenance) and certain, but not all, capital costs.

The City's enterprises are not subject to rate review or determination by the Public Utilities Commission of Ohio or any similar regulatory body. The City's Council has the necessary authority to establish appropriate user rates when needed. The rates are reviewed and established by the Council annually. The frequency and amounts of rate setting authority lies solely with the City's Council.

Unrestricted net position at the end of the year amounted to \$102.1 million, \$224 million, \$29.7 million, \$12.8 million, and \$10.3 million for the water, sanitary sewer, storm sewer, electricity, and garage enterprises, respectively. Net position in the water, sanitary sewer, storm sewer, electricity, and garage enterprise funds increased \$35.4 million, \$41.4 million, \$7.9 million, \$5.1 million, and \$10.6 million, respectively. Other factors concerning the finances of these funds have already been addressed in the discussion of the City's business-type activities.

Water. The City's water enterprise serves the residents of the City and the majority of suburban communities in the Columbus vicinity. The population of the service area is estimated in excess of one million persons. The water enterprise serves 279,803 customer accounts, owns and maintains 2,527 miles of water mains primarily within the City and maintains an additional 990 miles of mains beyond the City's borders.

The City obtains its raw water supply from rivers, reservoirs, and wells. The enterprise conducted a regional water resource project which is used as a guide to develop additional water supply, treatment facilities, and distribution components as dictated by increasing demand. Future supply requirements will be addressed through a combination of demand management efforts and construction of upground reservoirs along the Scioto River north of the City. All necessary land for the upground reservoirs has been purchased.

The enterprise operates one of the most sophisticated water laboratories in the nation. The lab has maintained its EPA certification since the certification process began in 1976 pursuant to the Safe Drinking Water Act of 1974. On a semiannual basis, the lab must conduct various water study sample tests. The certification covers both equipment and personnel and represents a measure of quality performance. The staff is fully supported with state of the art equipment. Their primary responsibility is to assure that the water enterprise is, and will remain, in compliance with all federal, state, and local requirements.

All bonds of the water enterprise are paid from water enterprise revenues.

A ten-year comparison of certain water enterprise data is shown in Table 7 of the Statistical Section.

Sanitary Sewer. The City's sanitary sewer enterprise also serves the metropolitan area with approximately 270,868 customer accounts, both residential and commercial. Included in the total sewer system are 3,953 miles of sanitary sewers, 2,987 miles of storm sewers, and 163 miles of combined sanitary/storm sewers. The costs and related financial activities of sanitary and combined sewers are accounted for in the Sanitary Sewer Enterprise Fund.

When the Jackson Pike plant, one of the City's two treatment plants, reaches capacity the excess automatically flows through connectors to the Southerly plant. The Southerly plant has a design capacity that allows gallons treated to exceed, by approximately 20 percent, the maximum longer term sustainable maximum capacity for shorter periods of time.

All bonds and notes of the sanitary sewer enterprise are paid from sanitary sewer enterprise revenues.

A ten-year comparison of certain sanitary sewer enterprise data is shown in Table 7 of the Statistical Section.

Storm Sewer. Prior to 2002 the City's storm sewer financial activity was accounted for in a governmental type special revenue fund. Beginning with 2002, storm sewer assets, liabilities, revenues, and expenses have been accounted for in a business-type activity enterprise fund. The City intends that all costs of the storm sewer enterprise be supported by user charges except for debt service, principal and interest, on bonds authorized by the voters in 2005 and prior. This net debt service amount in 2012 was \$1.409 million and is included in the enterprise financial statements as a transfer in from the Special Income Tax Debt Service Fund. Final maturity on these bonds, all general obligation type bonds, is 2018.

The City's storm sewer enterprise owns and maintains 2,987 miles of such sewers and has 197,022 customer accounts, all within the City's borders.

A ten-year comparison of certain storm sewer enterprise data is shown in Table 7 of the Statistical Section.

Electricity. The City owns and operates an electricity distribution system and accounts for it in the Electricity Enterprise Fund. The system had its origin in the 1890's and generated electricity from burning coal. The initial sole purpose for its existence was to light the streets of the City. In response to environmental concerns, the City ceased generating electricity. The City continued distributing electric power by purchasing all of its needed power from privately owned and other publicly owned utilities.

Rates charged to customers are determined solely by the City's Council after recommendation by the electricity enterprise management. Council's determination is final and is not subject to review or approval by any other regulatory body. Rates are, however, subject to market driven competition provided by the private electric utility in the area.

A ten-year comparison of certain electricity enterprise data is shown in Table 7 of the Statistical Section.

General Fund Budgetary Highlights

The final amended general fund budget had total appropriations of approximately \$19.8 million less than the original budget. The total original appropriations, including those for transfers out, were \$739.8 million, while the final appropriations were \$720.0 million. A ten-year history of fund balances in the various components of the General Fund follows:

Budget Basis (in thousands)								
Year Ended	Undesignated subfund	Economic stabilization subfund	Anticipated expenditures subfund	Safety staffing contingency subfund	Job Growth subfund	Public Safety Initiative	2013 Basic City Services	Total General Fund
2003	\$ 8,958	\$ 18,372	\$ 12,052	\$ -	\$ -	\$ -	\$ -	\$ 39,382
2004	21,678	53,568	12,802	-	-	-	-	88,048
2005	20,197	41,738	13,552	1,000	1,150	-	-	77,637
2006	26,360	41,812	15,402	1,000	611	774	-	85,959
2007	17,278	44,481	17,252	-	600	272	-	79,883
2008	25	43,581	1,225	-	-	11	-	44,842

2010	23,646	22,724	4,762	-	-	16	-	51,148
2011	33,793	32,897	6,814	-	-	16	-	73,520
2012	39,903	39,805	8,874	-	306	-	11,000	99,888

Capital Asset and Debt Administration

Capital assets. The City's investment in capital assets for governmental and business-type activities as of December 31, 2012, amounts to \$5.1 billion (net of accumulated depreciation). This investment in capital assets includes land, buildings, systems, improvements, machinery and equipment, park facilities, roads, curbs and gutters, streets and sidewalks, and drainage systems. The total increase in the City's investment in capital assets for 2012 was 6.5 percent (a 5.5 percent increase for governmental activities and a 7.2 percent increase for business-type activities).

Capital Assets, net of depreciation (amounts expressed in thousands)

	Governmental activities		Business-type activities		Total	
	2012	2011	2012	2011	2012	2011
Land	\$ 271,118	\$ 264,687	\$ 69,344	\$ 67,212	\$ 340,462	\$ 331,899
Buildings	402,961	355,050	63,464	67,442	466,425	422,492
Improvements other than buildings	172,192	157,289	2,466,648	2,436,721	2,638,840	2,594,010
Machinery and equipment	91,986	87,105	12,022	13,509	104,008	100,614
Infrastructure	1,112,250	1,080,220	149,721	140,777	1,261,971	1,220,997
Construction in progress	-	-	318,773	148,136	318,773	148,136
Total	\$ 2,050,507	\$ 1,944,351	\$ 3,079,972	\$ 2,873,797	\$ 5,130,479	\$ 4,818,148

Major capital asset events during 2012 included the following:

- Total capital assets, net of accumulated depreciation, increased \$312.3 million.
- Business-type activity capital assets increased by \$206.2 million or \$291.2 million, net of \$85.1 million in current year depreciation expense. The increase was due to: \$39.1 million in water plant and water line improvements; \$8.3 million in sanitary sewer plant improvements; \$120.2 million in sanitary sewer line improvements; and \$123.6 million in other improvements.
- Governmental activity capital assets increased by \$106.2 million or \$183.4 million, net of \$77.2 million in current year depreciation expense. This increase was due to: \$13.8 million in donated streets; \$64.4 million in traffic signals and other street improvements; \$4.4 million in land and other improvements related to new and future park sites; \$15.0 million in recreation center rehabilitation; \$10.6 million in park improvements; \$1.9 million in new communication systems; \$10.1 million in police and fire vehicles; \$48.6 million in general government facility improvements; and \$14.6 million in other improvements.

Additional information on the City's capital assets can be found in Note F in the Notes to the Financial Statements.

Long-term debt. At December 31, 2012, the City, the primary government, had \$3.923 billion of long-term bonds and loans outstanding with net unamortized premiums and discounts of \$215.210 million. All assessment bonds and notes issued by the City are general obligation bonds and notes. There were \$1.913 million in assessment bonds, all related to business-type activities, outstanding at December 31, 2012. The revenue bonds of the City represent bonds secured solely by specified revenue sources.

City of Columbus

Total	\$ 1,308,229	\$ 1,193,597	\$ 2,615,196	\$ 2,333,017	\$ 3,923,425	\$ 3,526,614

Total long-term bonds and loans outstanding at December 31, 2012 increased \$396.8 million or 11.3 percent as compared to the amount outstanding at December 31, 2011. Key events contributing to the change in long-term debt balances are as follow:

- On March 21, 2012, the City sold \$123.425 million of various purpose general obligation refunding bonds. Of the total \$123.425 million issued, \$107.275 million was issued to advance refund \$54.485 million in governmental activity outstanding bonds and \$56.295 million in business-type activity outstanding bonds (total of \$110.780 million). The remaining \$16.150 million was issued to currently refund \$17.480 million in outstanding bonds; \$2.800 million in governmental activities bonds and \$14.680 million in business-type activity bonds.
- On July 24, 2012, the City issued \$433.240 million of general obligation bonds for the purpose of funding various projects throughout the City totaling \$497.020 million. Bonds issued for governmental activities totaled \$171.900 million, while those issued for business-type activities totaled \$261.340 million.
- On August 29, 2012, the City sold \$170.445 million of general obligation refunding bonds to advance refund \$167.645 million of certain outstanding bonds issued in 2003 through 2007. The bonds refunded included \$78.213 million of governmental activities bonds and \$89.432 million of business-type activity bonds. Of the total \$170.445 million of general obligation bonds issued, \$108.385 million are tax exempt bonds and \$62.060 million are taxable bonds.
- On November 27, 2012, the City issued \$43.025 million of general obligation refunding bonds and \$22.350 million of general obligation bond anticipation notes. The bonds were issued to advance refund \$49.255 million of tax increment financing (TIF) bonds. The notes were issued to refund business-activity notes of \$22.750 million and governmental activity notes of \$2.100 million.
- At various dates throughout 2012, the City issued additional business-type activities long term notes to the Ohio Water Development Authority of \$94.768 million for various water and sanitary sewer capital projects.

The City's general obligation bond ratings by Standard & Poor's Corporation, Moody's Investor Services, Inc. and Fitch Ratings are "AAA", "Aaa", and "AAA", respectively. The City's bond ratings, which were confirmed with the respective rating agencies in December 2012, are shown in the following table.

<u>Type</u>	<u>Moody's</u>	<u>Standard & Poor's</u>	<u>Fitch Ratings</u>
General Obligation Bonds – Fixed Rate	Aaa	AAA	AAA
2006 Sanitary Sewer System Adjustable Rate General Obligation Bonds	Aaa/VMIG1	AAA/A-1+	AAA/F1+
2008 Sanitary Sewer System Fixed Rate Revenue Bonds (Series 2008A)	Aa1	AA+	AA+
2008 Sanitary Sewer System Adjustable Rate Revenue Bonds (Series 2008B)	Aa1/VMIG1	AA+/A-1+	AA+/F1+

The City is within all of its legal debt limitations. The Ohio Revised Code provides that the net debt (as defined in the Ohio Revised Code) of a municipal corporation, whether or not approved by the electors, shall not exceed 10.5 percent of the total value of all property in the municipal corporation as listed and assessed for taxation. In addition, the unvoted net debt of municipal corporations cannot exceed 5.5 percent of the total taxation value of property. The statutory limitations on debt are measured by the ratio of net debt to tax valuation and expressed in terms of a percentage. At December 31, 2012, the City's total net debt amounted to 6.58 percent of the total assessed value of all property within the City. Unvoted net debt amounted to 1.55 percent of the total assessed value of all property within the City. The City had a legal debt margin for total debt of \$571.562 million and a legal debt margin for unvoted debt of \$575.946 million. The aggregate amount of the City's unvoted debt is also subject to overlapping debt restrictions with other political subdivisions. The actual aggregate amount of the City's unvoted debt, when added to that of other political subdivisions within the respective counties in which Columbus lies, is limited to ten mills.

Additional information regarding the City's long-term debt can be found in Note G in the Notes to the Financial Statements.

Economic Factors and the 2013 General Fund Budget

The impact on the General Fund of the national, state and local economic recession was mitigated by an income tax rate increase in 2009. City voters approved an income tax increase from 2.0 percent to 2.5 percent in a special election held on August 4, 2009. The new income tax rate became effective on October 1, 2009. In 2012, although revenue from state sources was reduced, income tax revenue increased indicating improvement in the local economy. For 2013 General Fund Operations, the City Council has approved a balanced budget of \$773.665 million.

Property tax collections are estimated at \$45.8 million for 2013, \$1 million more than the amount collected in 2012.

Monies collected by the State of Ohio and shared with its political sub-divisions include the Local Government Fund, estimated in 2013 to provide \$21.5 million to the City compared to \$28.2 million received in 2012. Also included in shared revenues is money collected resulting from estate (inheritance) taxes. Estate taxes received by the City were \$9.2 million in 2011 and \$15.2 million in 2012. Action by the Ohio legislature has eliminated the estate tax revenue source for 2013 and thereafter.

While the reductions in these revenue sources, caused by the State of Ohio, have resulted in many challenges to the cities of Ohio, the City's increase in its local income tax rate from 2% to 2.5%, effective October 1, 2009, has significantly mitigated the negative impact of these reductions.

The Columbus Economic Advisory Committee

On March 10, 2008, in recognition of declining revenues and increasing costs, the Mayor, with the support of City Council, commissioned the Columbus Economic Advisory Committee to analyze the fiscal condition of the City's General Fund. The Committee consisted of 15 members representing local economic experts and community leaders. The goal of the Committee was to determine if a continuing structural imbalance existed between the City's General Fund Revenues and Expenditures.

The Committee, in its report issued March 5, 2009, concluded that a structural imbalance did exist and offered a wide variety of options for the City to consider. In addition to the income tax increase, the Committee provided the following recommendations. Subsequent actions are identified in *italics*.

Cost Savings Recommendations:

- Conduct an audit of salary and benefits provided to employees and use the resulting information as a guide when negotiating labor contracts. *Such audit was completed in 2009.*
- The City should phase out for existing employees and discontinue for new employees the practice of paying the employee share of retirement costs. *This recommendation was first implemented in 2010. Efforts continue with each successive collective bargaining contract negotiation.*
- Establish new policies that discourage excessive overtime. *Additional overtime monitoring was put into place in 2009; however, overtime continues to be a major concern in the Divisions of Police and Fire. It is anticipated that recent recruit classes will help alleviate overtime in 2013.*
- Require higher employee contribution toward the cost of health care benefits. *Employee contributions were increased in 2010, 2011, and 2012. Efforts continue with each collective bargaining contract negotiation.*

Agency Recommendations:

- Determine with other local communities the role of the City in providing primary health care. *Progress on this recommendation is pending the outcome of Federal efforts on health insurance reform.*
- Explore additional partnerships with the Franklin County Metropolitan Parks system. *The Mid-Ohio Regional Planning Commission (MORPC) took over the maintenance of a portion of the City's bikeways in 2010.*
- A review of fees charged by City agencies to ensure marketplace competition and full recovery of costs of services. *A review was conducted in the second half of 2011 and a variety of fees are being reviewed as part of the 2013 budget discussions.*
- Fund economic development and job creation activities as aggressively as possible. *Implemented in 2011 and is ongoing.*
- Civilianize certain sections of the divisions of police and fire. *Implemented in 2011 and is ongoing.*
- Evaluate the cost of operation of the Division of Fire.
- Review the feasibility of merging the City's weights and measures operation with the Franklin County weights and measures operations. *Such a merger has not been achieved.*

Revenue options:

- Increase the City's income tax rate in a range from .25 percent to .50 percent. *City voters approved an income tax rate increase from 2.0% to 2.5% in a special election held on August 4, 2009. The new rate became effective on October 1, 2009.*
- Consider charging a fee for refuse collection, especially if the income tax increase was not accomplished. *The City has decided not to implement a refuse fee at this time.*
- Pursue a city-wide recycling program separate and apart from the refuse fee. *A curbside recycling program began in early 2012 and is being phased-in citywide.*
- Expand the use of photo red light technology. *The City has installed forty-four (44) cameras at thirty-eight (38) intersections. The City also added two mobile speed units that issue speeding citations in school zones.*

Economic Stabilization (Rainy Day) Fund:

- Consider whether the current rainy day fund percentage of five percent of prior year expenditures is sufficient and recommends that replenishing the fund be a top priority. *City Council passed a resolution on December 16, 2009 to reaffirm the role of the Economic Stabilization Fund in allowing the City to maintain and continue basic services during an economic downturn, natural disaster, or catastrophe and to establish as a goal a balance of \$50 million in the fund by the end of 2014. On January 14, 2013, City Council adopted Resolution No. 0013X-2013 revising the goal to \$75 million by the end of 2018. As of the date of this report, the fund contains \$52.8 million.*

As noted above, the City has implemented or started to implement many of the recommendations of the Economic Advisory Committee.

Request for Information

This financial report is designed to provide our citizens, taxpayers, customers, investors, and creditors with a general overview of the City's finances and to show accountability for the money it receives. This report is also available on the City's website at www.columbus.gov. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the City Auditor's Office, 90 West Broad Street, Columbus, Ohio, 43215.

City of Columbus, Ohio

Reconciliation of the Governmental Funds Balance Sheet to the Statement of Net Position December 31, 2012 (amounts expressed in thousands)

Total fund balance, governmental funds (Exhibit 3)	\$	658,691
Amounts reported for governmental activities in the Statement of Net Position are different because:		
Capital assets used in governmental activities (excluding internal service fund capital assets of \$42,478) are not financial resources and therefore are not reported in the funds. Those assets consist of:		
Land	270,295	
Buildings, net of \$181,057 accumulated depreciation	373,913	
Improvements other than buildings, net of \$88,324 accumulated depreciation	166,899	
Machinery and equipment, net of \$148,696 accumulated depreciation	84,672	
Infrastructure, net of \$465,690 accumulated depreciation	<u>1,112,250</u>	
Total capital assets (See Note F)		2,008,029
Internal services funds (see Exhibit 5) are used by the City to account for the financing of goods or services provided by one department or agency to other City departments or agencies, generally on a cost reimbursement basis. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net position.		
		16,499
City income tax revenue related to 2012 (and prior tax years) will be collected beyond the 60 day period used to record revenue in the fund statements. Revenue and a corresponding receivable for this amount are included in the government-wide statements.		
		57,000
Charges for services related to 2012 (and prior years) will be collected beyond the 60 day period used to record revenue in the fund statements. Revenue and a corresponding receivable for this amount are included in the government-wide statements.		
		1,484
State shared revenue appropriated during the State of Ohio's fiscal year ended June 30, 2013 will be collected beyond the 60 day period used to record revenue in the fund statements. Revenue and a corresponding receivable for this amount are included in the government-wide statements.		
		21,354
Long-term liabilities applicable to the City's governmental activities are not due and payable in the current period and accordingly are not reported as fund liabilities. Interest on long-term debt is not accrued in governmental funds, but rather is recognized as an expenditure when due. All liabilities - both current and long-term - are reported in the statement of net position. Also, during the year the City issued new debt. The deferred amount on refunding and premium received on the refunding were reported in the governmental fund when the debt was issued, whereas these amounts are deferred and amortized, over the remaining life of the new debt, as an adjustment to interest expense in the statement of activities.		
Balances at December 31, 2012 are:		
Accrued interest on bonds		(14,475)
Accrued vacation and sick leave		(72,377)
Bonds and notes payable	(1,140,862)	
Unamortized deferred amount on refunding	31,024	
Unamortized premiums	<u>(112,432)</u>	
Total long-term liabilities (see Note G)		<u>(1,222,270)</u>
Net Position of Governmental Activities in the Statement of Net Position (Exhibit 1)	\$	<u><u>1,453,935</u></u>

The notes to the financial statements are an integral part of this statement.

City of Columbus, Ohio

Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the
Statement of Activities
For the Year Ended December 31, 2012
(amounts expressed in thousands)

Net change in fund balances - total governmental funds (Exhibit 4)	\$	69,452
<p>Amounts reported for Governmental Activities in the Statement of Activities are different because:</p>		
<p>Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets, which meet capitalization requirements, is allocated over their estimated useful lives and reported as depreciation expense. This amount includes the adjustment for capital outlay expenditures capitalized (\$182,889 of total capital outlay of \$186,736 met the capitalization requirements) offset by depreciation expense (\$74,468) and loss on disposal of assets (\$2,740) in the current period. The City had donated capital assets of \$13,768 in 2012 which is not reported in the governmental funds.</p>		105,681
<p>Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds. The amount is the net effect of the reversal of prior year items against current year accruals.</p>		(1,192)
<p>The long-term liability for compensated absences is not recorded in the funds, but is reported in the statement of activities. This amount is the current year change in the liability, reported as an expense in the statement of activities.</p>		(2,645)
<p>Bond proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net position. Repayment of bond principal is an expenditure in the governmental funds, but repayment reduces long-term liabilities in the statement of net position. This amount is the amount by which bond proceeds for new bond issues (\$165,745) and refunding bond issues (\$192,195) exceeds the repayment of bond principal (\$96,725) and refunded bonds (\$199,768) not reported as notes payable in the governmental funds.</p>		(61,447)
<p>Bond premiums are included as revenue in the funds, but capitalized and amortized over the life of the bonds in the government-wide financial statements.</p>		(34,480)
<p>Deferred amounts on refunding are included as expenditures in the funds, but are deferred and amortized over the life of the bonds in the government-wide financial statements. This amount represents the deferred amount on the 2012 refundings offset by amortization of deferred amounts on all refundings.</p>		16,040
<p>Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.</p>		(4,674)
<p>Change in net position of internal service funds reported with governmental activities</p>		8,666
Change in net position of governmental activities (Exhibit 2)	\$	95,401

NOTES TO THE FINANCIAL STATEMENTS

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements
December 31, 2012

NOTE A—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The state legislature established Columbus as a city in 1812. The City is a home-rule municipal corporation operating under the laws of Ohio. The City's Charter, its constitution, can only be amended by a majority of the City's voters. The City operates under the Council–Mayor form of government.

The accompanying financial statements comply with the provisions of Governmental Accounting Standards Board (GASB) Statement No. 14, *The Financial Reporting Entity*, Statement No. 39, *Determining Whether Certain Organizations Are Component Units*, and Statement No. 61, *The Financial Reporting Entity: Omnibus*, in that the financial statements include all the organizations, activities, functions, and component units for which the City (the reporting entity) is financially accountable. Financial accountability is defined as the appointment of a voting majority of the component unit's board, and either (1) the City's ability to impose its will over the component unit, or (2) the possibility that the component unit will provide a financial benefit to or impose a financial burden on the City. On this basis, the reporting entity of the City includes the following services as authorized by its charter: public service, public safety, development, health, and recreation and parks. In addition, the City owns and operates five enterprise activities: a water system, a sanitary sewer system, a storm sewer system, an electricity distribution system, and City owned parking garages. The reporting entity also includes three joint ventures and one component unit.

Joint Ventures:

- The Franklin Park Conservatory Joint Recreation District (the Conservatory District) was created by the City (Resolution 109X-90) and Franklin County (Resolution 79-90) in 1990 pursuant to authority contained in Section 755.14(B) of the Ohio Revised Code (ORC). The agreement between the City and the County that created the Conservatory District in 1990 was amended by the City (Ordinance 1794-96) and the County (Resolution 800-96) in August 1996. The amendment increased the number of members of the Board of the Conservatory District from 10 to 17. Eight members of the Board are appointed by the Mayor of the City subject to confirmation by the City's Council and six members are appointed by the County. In addition, the Governor, the Speaker of the House of Representatives and the President of the Senate of the State of Ohio each appoint one member to the Board pursuant to the authority contained in Section 755.14(B)(2) of the ORC. State appointed members are nonvoting members if they also serve as members of the Ohio General Assembly; no member presently serves in both roles. The Mayor of the City, therefore, does not appoint a voting majority of the Board.

The City contributed certain capital assets to the Conservatory District at the time of its inception and has agreed to an annual operating subsidy, but subject to annual appropriation by the City's Council. Revenues, the operating subsidy, received by the Conservatory District in 2012 from the City were \$500,000. In addition, the City provided support of \$950,000 in 2012 for the Conservatory District's capital needs. In the event of the Conservatory District's liquidation, its assets will be transferred to the City.

Because the City's Mayor does not appoint a voting majority of the Conservatory District's Board and multiple governments participate in the board appointment process, the City accounts for and reports the financial activity of the Conservatory District as a joint venture pursuant to GASB Statements No. 14, 39, and 61. The Conservatory District's financial statements may be obtained from The Franklin Park Conservatory Joint Recreation District at 1777 East Broad Street, Columbus, Ohio 43203. Other information about the Conservatory District can be obtained on their website at www.fpconservatory.org.

- The Affordable Housing Trust for Columbus and Franklin County (AHT) was initially created as the Columbus Housing Trust Corporation, with Articles of Incorporation (Articles) filed with the Ohio Secretary of State on August 31, 2000. Amended Articles were then filed for AHT in May 2001. No single

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

government or government official appoints a majority of the Board members. All are jointly appointed. In 2012 the City provided cash assistance to AHT of \$1,382,944 applicable to fiscal year 2012 hotel-motel tax. The City is committed through its legislation to provide a portion of its hotel-motel tax collections to AHT each year into the future. This commitment approximates \$1.0 million per year.

Since the Mayor does not singularly appoint a voting majority of AHT's board of trustees and multiple governments participate in both the board appointment process and the financial support of AHT, the City accounts for and reports the financial activity of AHT as a joint venture pursuant to GASB Statements No. 14 and 39. AHT's financial statements may be obtained from The Affordable Housing Trust for Columbus and Franklin County, 185 S. Fifth Street, Columbus, OH 43215. Other information about AHT can be located on their website at www.hztrust.org.

- The Columbus-Franklin County Finance Authority (the Finance Authority) was created by the City (Ordinance 0540-2006) and Franklin County (Resolution 200-06) in March 2006 pursuant to authority contained in Section 4582.21 through 4582.59 of the Ohio Revised Code (ORC). The Finance Authority is governed by a nine-member Board of Directors, each of whom shall serve for a term of four years, of which four (4) shall be appointed by the Mayor of the City, with the advice and consent of City Council, four (4) shall be appointed by the Board of County Commissioners of the County of Franklin, Ohio, and one (1) shall be a joint appointment. The Finance Authority is considered a joint venture of the City and the County. In 2012, the City provided \$150,000 cash assistance to the Finance Authority for operations. The Finance Authority's financial statements may be obtained from The Columbus-Franklin County Finance Authority, 350 East First Avenue, Suite 120, Columbus, Ohio 43201. Other information about the Finance Authority can be located on their website at www.columbusfinance.org.

Component unit:

- The RiverSouth Authority (RiverSouth) came into existence in 2004 as a result of the following statutes. The Columbus City Council, via ordinance no. 2446-03, approved on November 19, 2003, authorized the City Clerk to initiate the process to create The RiverSouth Authority, a new community authority as provided for under Ohio Revised Code (ORC) Chapter 349. The City Council continued the process by establishing the time and place for a public hearing on the matter via Ordinance No. 451-04 approved on March 17, 2004. The public hearing was held at 5:00 p.m. on Monday, April 19, 2004 in City Council Chambers. The Council, via Ordinance No. 1007-04, approved June 23, 2004, created "The RiverSouth Authority" as a body politic and corporate.

The Board of Trustees of the Authority, pursuant to the creating Ordinance 1007-04, consists of nine members. The City appoints five members including one local government representative. The Developer, The Columbus Downtown Development Corporation, a private entity, appoints the remaining four members. RiverSouth encompasses several square blocks in the core of Columbus's downtown, and, as indicated in the background of the ordinance, all to be developed and redeveloped for the conduct of commercial, residential, cultural, educational, and recreational activities.

Certain inter-dependent transactions occurred in 2004 pursuant to the following. Ordinance No. 1009-2004, approved by Council on June 23, 2004, authorized the City's Director of Development to execute a lease agreement and first supplemental lease agreement with RiverSouth whereby the City leased certain land, approximately 1.621 acres, from RiverSouth and recognized certain projects and costs to be undertaken by RiverSouth. On June 29, 2004 RiverSouth then proceeded to issue \$37,870,000 of RiverSouth Area Redevelopment Bonds, 2004 Series A (the Bonds). Rental payments from the City to RiverSouth due as a result of the lease and first supplemental lease agreements are to equate to the debt service requirements on the Bonds beginning December 1, 2007 in the total amount of \$58.905 million. These rental payments are subject to annual appropriations of City Council. Payments began in 2007.

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

The Official Statement, dated June 24, 2004, issued in conjunction with the Bonds states in part "...the Authority and City entered into the Master Lease Agreement dated June 1, 2004 (the "Lease") under which the Authority has agreed to issue obligations to finance redevelopment activities as authorized by the Columbus City Council, and to lease to the City certain land consisting of approximately 1.621 acres (the "Project Land") located in the RiverSouth area in downtown Columbus. The City's lease interest in the Project Land will include the underlying land interest in the Project Land but does not include improvements made on the Project Land whether or not such improvements are financed by Bonds issued by the Authority. Upon the expiration of the lease term, all right, title and interest in the Project Land will be transferred to the City. In connection with each series of Bonds issued by the Authority, the City and the Authority will enter into a supplemental lease agreement. The supplemental lease agreement will identify the capital facilities to be financed with the related series of Bonds and will provide for the applicable rentals. The Authority and City have also entered into the First Supplemental Lease dated June 1, 2004 (the "First Supplemental Lease") in connection with the issuance of the 2004 Series A Bonds. . ."

Ordinance No. 1312-2005, approved by Council on July 25, 2005 authorized the City to enter into a Second Supplemental Lease Agreement with the RiverSouth Authority. This Second Agreement resulted in RiverSouth, on October 11, 2005, issuing an additional \$42,850,000 of bonds; the RiverSouth Area Redevelopment Bonds, 2005 Series A. Rental payments from the City to RiverSouth due as a result of the Second Supplemental Lease Agreement are to equate to the debt service requirements on the 2005 bonds beginning December 1, 2008 in the total amount of \$66.518 million. Rental payments under the Second Supplemental Lease Agreement are also subject to annual appropriations of City Council with payments beginning in 2008 and apply to the same 1.621 acres of land as the Master Lease Agreement and the First Supplemental Lease Agreements.

A portion of the 2004 RiverSouth bonds outstanding were refunded during 2012 and the City's rental payments were adjusted accordingly.

Because the City appoints a majority of the Board of Trustee members of RiverSouth and because of RiverSouth's financial dependency on the City, a component unit relationship is deemed to exist. Because RiverSouth's total debt outstanding is expected to be repaid with City resources, it is reported as if it were part of the City (blended) – See Note R – Changes in Accounting. See Note Q – Component Units – for additional disclosures regarding RiverSouth.

The accounting policies and financial reporting practices of the City conform to accounting principles generally accepted in the United States of America (GAAP) as applicable to governmental units. See Note R- Changes in Accounting for GASB Statements adopted in 2012.

In June 2012, the GASB issued GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*. Statement No. 68 requires governments providing defined benefit pensions to recognize their unfunded pension benefit obligation as a liability for the first time, and to more comprehensively and comparably measure the annual costs of pension benefits. This net pension liability that will be recorded on the government-wide and proprietary fund statements will be computed differently than the current unfunded actuarial accrued liability, using specific parameters set forth by the GASB. The State Systems will need to also allocate this liability across the governmental units that participate in the pension Systems. Statement No. 68 also enhances accountability and transparency through revised note disclosures and required supplementary information (RSI). The City is currently evaluating the impact this standard will have on the financial statements when adopted. The City will be dependent on the State Systems to provide the information necessary in implementing this standard. The provisions of this Statement are effective for financial statements for the year ended December 31, 2015.

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

The following is a summary of the City's significant accounting policies:

(a) Government-wide and fund financial statements

Financial information of the City is presented in this report as follows.

- Management's discussion and analysis introduces the basic financial statements and provides an analytical overview of the City's financial activities.
- Basic financial statements:
 - Government-wide financial statements consist of a statement of net position and a statement of activities.

These statements report all of the assets, liabilities, revenues, expenses, and gains and losses of the City. Governmental activities are reported separately from business-type activities. Governmental activities are normally supported by taxes and intergovernmental revenues whereas business-type activities are normally supported by fees and charges for services and are usually intended by management to be financially self-sustaining. Fiduciary funds of the City are not included in these government-wide financial statements; however, separate financial statements are presented for the fiduciary funds.

Interfund receivables and payables between governmental and business-type activities have been eliminated in the Government-wide Statement of Net Position. These eliminations minimize the duplicating effect on assets and liabilities within the governmental and business-type activities total column.

Internal service fund balances, whether positive or negative, have been eliminated against the expenses and program revenues shown in the governmental activities Statement of Activities.

The statement of activities presents a comparison between direct expenses and program revenues for the different business-type activities of the City and for each function of the City's governmental activities.

Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

- Fund financial statements consist of a series of statements focusing on information about the City's major governmental and enterprise funds. Separate financial statements are presented for the governmental, proprietary, and fiduciary funds.

The City's major governmental funds are the General fund, the General Bond Retirement debt service fund, and the Special Income Tax debt service fund. Of the City's business-type activities, its Water, Sanitary Sewer, Storm Sewer, and Electricity enterprise funds are considered major funds.

The General Fund is the accounting entity in which all governmental activity, except that which is required to be accounted for in other funds, is accounted for. Its revenues consist primarily of taxes, investment income, licenses and permits, intergovernmental shared revenue, charges for services, fines, and other.

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

General Fund expenditures represent costs of general government; public service, including garbage collection; public safety, including fire, police, and communications; certain development costs, and other. Resources of the General Fund are also transferred annually to support services such as public recreation and public health, which are accounted for in separate special revenue funds.

The General Bond Retirement and the Special Income Tax debt service funds are accounting entities in which the City accounts for the accumulation of resources for and the payment of general obligation debt; principal, interest, and related expenditures. Revenues consist primarily of a portion of the City's income tax.

The Water enterprise fund, a major fund, is the accounting entity in which the City accounts for all financial activity related thereto. The City collects, purifies, and sells water to city residents and certain suburban areas. Water is collected from surface areas (rivers) and wells. The City has three water treatment plants. Revenues consist primarily of user charges.

The Sanitary Sewer enterprise fund, a major fund, is the accounting entity in which the City accounts for all financial activity related thereto. The City collects and treats effluent of City residents and residents of certain suburban areas. The City has two sewerage treatment plants. Revenues consist primarily of user charges.

The Storm Sewer enterprise fund, a major fund, is the accounting entity in which the City accounts for all financial activity related thereto. Revenues consist primarily of user charges.

The Electricity enterprise fund, a major fund, is the accounting entity in which the City accounts for all the financial activity related thereto. The City purchases, but does not generate, and sells electricity to its residential and commercial customers. Revenues consist primarily of user charges.

The Garages enterprise fund, a nonmajor fund, is the accounting entity in which the City accounts for all the financial activity related to both City-owned parking garages. One of the City garages opened late in 2009, while the second opened in 2010. Revenues in this fund will consist primarily of parking fees.

The City maintains various nonmajor internal service funds which are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the government, generally on a cost reimbursement basis. The largest of these funds account for fleet management services and electronic information services.

Also maintained by the City are fiduciary funds such as agency funds used to account for assets held by the government as an agent for individuals, private organizations, other governments, and/or other funds.

- Notes to the financial statements providing information that is essential to a user's understanding of the basic financial statements.
- Required supplementary information such as budgetary comparison schedules is required by GASB. The City maintains budgetary controls by not permitting expenditures to exceed appropriations at the Object Level One level for each division within each fund.

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

(b) Financial reporting presentation

The accounts of the City are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures (expenses). Fund types are as follows:

GOVERNMENTAL FUNDS

General Fund—The General Fund is the general operating fund of the City. It is used to account for all financial resources except those required to be accounted for in another fund.

Special Revenue Funds—Special Revenue Funds are used to account for proceeds of resources that are restricted or committed for purposes other than debt service or capital projects. The uses and limitations of each special revenue fund are specified by City ordinances or federal and state statutes.

Debt Service Funds—Debt Service Funds are used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest, and related costs.

Capital Projects Funds—Capital Projects Funds are used to account for financial resources used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds).

Permanent Funds—Permanent funds are for the purpose of accounting for resources that are legally restricted to the extent that earnings, and not principal, may be used for purposes that support the reporting government's programs. The City, however, does not utilize Permanent funds.

PROPRIETARY FUNDS

Enterprise Funds—Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises—where the intent of the governing body is that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. The City has separate enterprise funds for its water, sanitary sewer, storm sewer, electricity services, and parking garages.

Internal Service Funds—Internal Service Funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the City, generally on a cost-reimbursement basis.

FIDUCIARY FUNDS

Agency Funds—Agency Funds are used to account for assets held by the City as an agent for individuals, private organizations, other governments, and/or other funds. Assets held for other funds or governments include payroll taxes and other employee withholdings (which are combined into one agency fund for ease of payment), and income taxes and utility charges collected by the City on behalf of other governments. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

Other Fiduciary funds; which, however, the City does not utilize are **Pension trust funds** used to account for resources that are required to be held in trust for the respective members or beneficiaries; **Investment trust funds** used to report the external portion of investment pools reported by the sponsoring government as required by GASB No. 31 and **Private-purpose trust funds** used to account for other trust arrangements which benefit individuals, private organizations, or other governments.

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

(c) Measurement focus and bases of accounting

Except for budgetary purposes, the bases of accounting used by the City conform to accounting principles generally accepted in the United States of America (GAAP) as applicable to governmental units. The accounting and financial reporting treatment applied to a fund is determined by its measurement focus.

The government-wide and the proprietary fund financial statements are reported using the economic resources measurement focus. The government-wide, proprietary, and fiduciary fund financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Nonexchange transactions, in which the City gives (or receives) value without directly receiving (or giving) equal value in exchange, include income taxes, property taxes, grants, shared revenue (unrestricted, intergovernmental revenue) and donations. On an accrual basis, revenue from income taxes is recognized in the period in which the taxpayer's liability occurs and revenue from property taxes is recognized in the fiscal year for which the taxes are levied. On an accrual basis, revenue in the form of shared revenue is recognized when the provider government recognizes its liability to the City. Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The City considers all revenues reported in the governmental funds to be available if the revenues are collected within sixty days after year-end. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt are reported as other financing sources.

The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

(d) Encumbrances

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is employed in all funds. On the GAAP basis of accounting, encumbrances do not constitute expenditures or liabilities. There were outstanding encumbrances in two of the major governmental funds at December 31, 2012: \$25 million in the General Fund and \$18 million in the Special Income Tax Fund. In addition, encumbrances in the Other Governmental funds at December 31, 2012 totaled \$313 million. Funds may be encumbered when they are collected or in process of being collected.

(e) Cash Equivalents

For purposes of the statement of cash flows, the Proprietary Funds consider all highly liquid investments held by trustees, with an original maturity of three months or less when purchased, to be cash equivalents. In addition, all cash and investments with treasurer are also considered to be cash equivalents because they are available to the Proprietary Funds on demand.

(f) Investments

In accordance with GASB Statement No. 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*, the City records all of its investments at fair value as defined in the statement.

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

The City does not engage in any form of derivatives or reverse repurchase agreements in the management of its investment portfolio. Only eligible investments with final maturities not greater than three years from time of purchase are permitted. The City's cash and investments are further explained in Note C.

(g) Inventory

Inventory is valued at cost utilizing the first-in, first-out method for enterprise funds and the average cost method for internal service funds. Items considered as inventory in the enterprise funds and internal service funds are accounted for as expenditures when acquired by governmental funds.

(h) Capital Assets

Capital assets, which include property, plant and equipment, and infrastructure (e.g. roads, curbs and gutters, streets and sidewalks, and drainage systems) are reported in the applicable governmental or business-type activity columns in the government-wide financial statements. The City defines capital assets as assets with an estimated useful life of five years or more from the time of acquisition by the City and a cost of \$5,000 or more. Such assets are recorded at historical cost or estimated historical cost (for certain assets acquired prior to 1960). Pursuant to the implementation of GASB Statement No. 34, the historical cost of infrastructure assets (retroactive to January 1, 1979) is included as part of the governmental capital assets reported in the government-wide statements. Donated assets are recorded at estimated fair market value at the date of donation.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

Property, plant and equipment, and infrastructure are depreciated using the straight line method over the following estimated useful lives:

Description	Estimated Lives (years)
Information processing equipment	5-7
Trucks	8
Equipment, furniture, and fixtures	10
Heavy rescue equipment	25
Buildings, infrastructure, water lines, and fire hydrants	40
Sewer mains and certain water assets	75-100

(i) Pensions

Pursuant to the modified accrual basis of accounting, governmental funds record the provision for pension cost when contributions are required. Pension cost for proprietary fund types is recorded when incurred (see Note K).

(j) Insurance

The City assumes the liability for most property damage and personal injury risks. Judgments and claims, including those incurred but not reported as of year-end, are recorded when it is probable that an asset has been impaired or a liability has been incurred and the amount of loss can be reasonably estimated. The City insures certain of its major buildings. The policy has a \$250,000 deductible for losses not associated with flooding. No losses occurred in 2010, 2011, or 2012 that exceeded insurance coverage.

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

The City's Division of Police operates a fleet of six jet-powered helicopters. Liability insurance for bodily injury and property damage is carried on all helicopters at \$15,000,000 per loss occurrence and \$1,000,000 per passenger seat. There is no deductible for the liability coverage. In addition, all six aircraft are insured against casualty loss (physical damage) with a deductible of 1 percent of the hull value for losses sustained while the unit is in motion. Two helicopters in the fleet are valued at \$1,000,000 each, three are valued at \$1,700,000 each, one is valued at \$2,100,000, and one is currently listed for sale at "Ground Not in Motion" status. Hull insurance is carried on all units at the unit's full value. In addition, the FLIR cameras used in the units during flight operations are also insured at full value.

Additionally, the City provides medical, dental, vision, and short-term disability coverage for its employees on a self-insurance basis. Expenses for claims are recorded on a current basis based on an actuarially determined charge per employee. The City accounts for such activity in an internal service fund.

A summary of changes in self-insurance medical claims liability follows:

	(in thousands)				
	2012	2011	2010	2009	2008
Claims liability at January 1	\$ 8,725	\$ 8,645	\$ 8,555	\$ 8,000	\$ 7,500
Incurred claims, net of favorable settlements	129,806	121,477	112,146	104,741	97,630
Claims paid	<u>(129,731)</u>	<u>(121,397)</u>	<u>(112,056)</u>	<u>(104,186)</u>	<u>(97,130)</u>
Claims liability at December 31	<u>\$ 8,800</u>	<u>\$ 8,725</u>	<u>\$ 8,645</u>	<u>\$ 8,555</u>	<u>\$ 8,000</u>

Claims are accrued based upon estimates of the claims liabilities made by management and the third-party administrator of the City. These estimates are based on past experience and current claims outstanding. Actual claims experience may differ from the estimate. An actuary was used in the determination of the current liability. This claims liability is recorded in the Internal Service Fund as accrued wages and benefits.

Beginning in 2006 the City began to partially self-insure its workers' compensation costs in conjunction with the Ohio Bureau of Workers' Compensation. Expenses for claims are recorded on the current basis based on an actuarially determined charge per employee. The City accounts for the activities of this program in an internal service fund.

A summary of changes in self-insurance worker's compensation claims liability follows:

	(in thousands)				
	2012	2011	2010	2009	2008
Claims liability at January 1	\$ 52,429	\$ 43,884	\$ 34,528	\$ 39,040	\$ 26,754
Incurred claims, net of favorable settlements	8,609	17,432	16,511	1,882	14,158
Claims paid	<u>(9,445)</u>	<u>(8,887)</u>	<u>(7,155)</u>	<u>(6,394)</u>	<u>(1,872)</u>
Claims liability at December 31	<u>\$ 51,593</u>	<u>\$ 52,429</u>	<u>\$ 43,884</u>	<u>\$ 34,528</u>	<u>\$ 39,040</u>

(k) Vacation and Sick Leave

City employees are granted vacation and sick leave in varying amounts. In the event of termination, an employee is reimbursed for accumulated vacation and sick leave at various rates.

Vacation accumulated is reported as an expense when earned in the proprietary fund and government-wide financial statements. Sick leave accumulated is reported as an expense when earned and expected to be paid at termination in the proprietary fund and government-wide financial statements. Vacation and sick leave accumulated by governmental fund type employees is not reported as an expenditure in the governmental fund financial statements, as current financial resources are not used.

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

Payment of vacation and sick leave is dependent upon many factors; therefore, timing of future payments is not readily determinable. However, management believes that sufficient resources will be made available for the payment of vacation and sick leave when such payments become due.

(l) Debt Issuance Costs, Premiums, Discounts, and Deferred Amounts on Refundings

Bond premiums and discounts, as well as deferred amounts on refundings, are capitalized and amortized over the life of the bonds. Debt issuance costs are expensed when incurred.

(m) Interfund Transactions

The City has the following types of transactions among funds:

- 1) Reciprocal interfund loans: Amounts provided by one fund to another with a requirement for repayment.
- 2) Reciprocal interfund services provided and used: Purchases and sales of goods and services between funds for a price approximating their external exchange value.
- 3) Nonreciprocal interfund transfers: Flows of assets between funds without equivalent flows of assets in return and without a requirement for repayment. This includes payments in lieu of taxes that are not payments for, and are not reasonably equivalent in value to, services provided.
- 4) Nonreciprocal interfund reimbursements: Repayments from the funds responsible for particular expenditures or expenses to the funds that initially paid for them.

(n) Budgetary Information

Annual budgets are adopted for all governmental funds other than capital projects funds on a basis other than GAAP in that revenues are recorded when received in cash and expenditures are recorded when encumbered or paid in cash. Capital projects funds adopt project-length budgets at the time bonds are sold or other funding sources are determined. The City maintains budgetary controls by not permitting expenditures to exceed appropriations at the Object Level One level for each division within each fund.

(o) Net Position

Sometimes the City will fund outlays for a particular purpose from both restricted and unrestricted resources. In order to calculate the amounts to report as restricted – net position and unrestricted – net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. Since the City does not have a formal policy for flow of net position, it considers restricted – net position to have been depleted before unrestricted – net position.

At December 31, 2012, \$36.947 million of the City's \$111.178 million in governmental activities restricted net position on the Statement of Net Position were restricted by enabling legislation, as defined by GASB Statement No. 46, *Net Assets Restricted by Enabling Legislation*.

(p) Other Significant Accounting Policies

Pursuant to local statute and determined by an internal cost allocation plan, certain costs initially borne by the General Fund are then billed as direct charges to other funds of the City. Revenues from these charges are accounted for in the government-wide Statement of Activities as general government and in the governmental funds Statement of Revenue, Expenditures, and Changes in Fund Balances General Fund as charges for services. The corresponding expenses appear as function/program costs in the Statement of Activities.

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

The City, in its proprietary funds, accounts for all recurring type revenues, including all revenues which the City controls through statutory pricing or regulatory authority, as operating revenues and all recurring type expenses as operating expenses. Non-recurring revenues such as gains on sales of assets and revenues over which the City has minimal or no control, primarily interest earnings, are accounted for as nonoperating revenues. Interest expense and other non-recurring expenses, over which the City has minimal or no control, are reported as non-operating expense.

The City complies with all restrictions governing the use of restricted assets. Such restrictions do not offer discretion regarding use of these resources in an unrestricted manner. Where capital funds, usually bond proceeds, are available capital assets are acquired from such resources. Capital assets can be, however, and to a lesser amount are, acquired from unrestricted resources.

NOTE B—COMMITMENTS AND CONTINGENCIES

(a) Litigation

The City is a defendant in a number of lawsuits pertaining to matters that are incidental to performing routine governmental and other functions. Based on the current status of all these legal proceedings, it is the opinion of management that ultimate resolution of such will not have a material effect on the City's financial statements.

(b) Federal Grants

Under the terms of federal grants, periodic audits are required and certain costs may be questioned as not being appropriate expenditures under the terms of the grants. Such audits could lead to reimbursements to the grantor agencies. While questioned costs may occur, ultimate repayments required of the City have been infrequent in prior years.

(c) Franklin County Convention Facilities Authority (CFA) – Convention Facility

The CFA is a separate and distinct entity created under the laws of Ohio. In June 1990, the CFA issued lease revenue bonds for the purpose of constructing a convention facility in downtown Columbus. Also in June 1990, the City and the County of Franklin, Ohio (the County) entered into a lease/sublease arrangement with the CFA pursuant to which the City and the County leased the convention facility as tenants in common from the CFA. The City and the County subleased the facility back to the CFA. The lease requires that the City and the County each pay rent to the CFA in an amount equal to one half of the debt service on the revenue bonds. Under the sublease, the CFA is required to pay rent to the County and the City in an amount equal to such debt service. Such sub rental payments are expected to be derived from the hotel/motel excise tax levied by the CFA, and if such tax is insufficient, from earnings on, and the principal amount of, certain reserve funds created in connection with the issuance of the revenue bonds. If the foregoing amounts are insufficient, the City agreed in the lease to apply that portion of the hotel/motel tax levied by the City and currently paid by the City to a convention and visitors bureau to the payment of rentals under the lease. If, after the application of the foregoing amounts, additional amounts are required to meet the City's and the County's obligations under the lease, such amounts will be paid by the City and the County, in equal shares, from their general resources, provided that their respective legislative bodies have appropriated funds for such purpose. No such payments were necessary prior to or during 2012. The lease will terminate as to the City and the County if their respective legislative bodies fail to appropriate amounts required for rentals thereunder. The total amount of these revenue bonds outstanding at December 31, 2012 was \$145.6 million net of premiums and discounts of \$712 thousand, or a gross amount of \$146.3 million.

(d) Franklin County Convention Facilities Authority (CFA) - Nationwide Arena

CFA has agreed to acquire the Nationwide Arena, which is located in the Arena District. In connection with such acquisition, and to provide funds for a portion of the acquisition price, it is anticipated that the City and

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

Franklin County will enter into a lease-sublease arrangement (the "Arena Lease") with the CFA pursuant to which the City and the County will each agree to pay a portion of its respective "casino tax receipts" (defined below) to the CFA, which will, in turn, pledge such payments to the payment of debt service on indebtedness incurred by the CFA to acquire the Nationwide Arena. Pursuant to Section 6, Article 15 of the Ohio Constitution, the State is required to collect a tax on each of the casinos authorized by that section and distribute such moneys (the "casino tax receipts") to each of the host county and city in which a casino is located. The Columbus casino opened October 2012. The City anticipates that, under the Arena Lease, 25 percent of the City's annual casino tax receipts will be paid to the CFA from 2013 through 2015, and that the percentage of annual casino tax receipts payable under the Arena Lease will increase by one percent each year to a maximum of 32 percent.

The Arena Lease is anticipated to be effective for 27 years, subject to extension or earlier termination upon certain circumstances as yet to be determined. No general funds of the City will be pledged or encumbered to the payment of any of the City's obligations under the Arena Lease and any of the City's payment obligations under the Arena Lease will be subject to annual appropriation being made by City Council and will be payable solely from, and only to the extent of, any casino tax receipts.

(e) Franklin County Convention Facilities Authority (CFA) - Hotel

Under a Cooperative Agreement among the CFA, the County of Franklin, Ohio and the City, dated January 1, 2010, the City has committed to provide funding from two revenue sources to assist the Authority in paying the debt service on bonds issued by the Authority to finance the construction of a new hotel. The City's payment obligation consists of making annual payments to the Authority of all City Hotel-Motel Excise Tax collections levied on the new hotel and to maintain a fund of \$1.4 million from the incremental parking meter receipts resulting from increases in the City's parking meter charges after 2009 which funds would be available for debt service, if needed.

(f) Electricity Purchase Power Agreement

The City's Electricity Enterprise celebrated its 113th year of operation in 2012. The Enterprise presently serves 3,101 commercial customers and 9,502 residential customers in 2012. The Enterprise received approximately \$23.5 million (26%) of its operating revenue from other funds of the City for electric power. The enterprise purchases and resells power. It does not generate power.

The City's Electricity Enterprise continued to receive the bulk of its power supply from American Electric Power Service Corporation (AEPSC) in 2012. The Enterprise has executed an amendment to its Master Power Purchase and Sale Agreement with AEPSC is for delivery of wholesale power. Through this amendment, the Enterprise has now contracted for 100% of its purchased power needs through May 31, 2014.

(g) Compensated Absences and Termination Benefit Arrangement

At December 31, 2012, the City had compensated absences liabilities of Governmental Activities that will not be paid from funds available, as defined. The City wishes to fully disclose these liabilities. In accordance with GASB Interpretation No. 6; *Recognition and Measurement of Certain Liabilities and Expenditures in Governmental Fund Financial Statements*, however, these liabilities are not accounted for, nor are they required to be, in the Fund financial statements contained in this report. Accrued vacation and sick leave are granted to City employees at varying amounts. At the time of the employee's termination, such accruals are paid to the employee at varying rates from the fund to which the employee's payroll is charged. Except for the unused portion of an employee's prior year's sick leave accrual which is recorded in the fund that ultimately disburses this accrual to the employee after year end, all other accrued vacation and sick leave applicable to governmental activities is not reflected in the fund financial statements contained in this report.

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

The long term liability activity related to compensated absences for the year ended December 31, 2012, was as follows:

	Beginning Balance	Additions	Reductions	Ending Balance	Amount payable within one year
			(in thousands)		
Governmental Activities	\$ 71,747	55,444	52,689	\$ 74,502	\$ 54,285
Business Type Activities	5,308	7,664	7,508	5,464	5,464

Internal service funds predominately serve the governmental funds. Accordingly, long-term liabilities for all internal service fund compensated absences in the amount of \$2.125 million at year end are included in the totals above for governmental activities. Also, for the governmental activities, compensated absences are generally liquidated at a rate of approximately 79.91% from the general fund, 16.19% from other governmental funds, and 3.9% from the internal service funds.

NOTE C—CASH AND INVESTMENTS

Investment Policies: The City follows GASB Statement No. 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*, and records all its investments at fair value. At December 31, 2012, fair value was \$908,525 above the City's net cost for its investments. At December 31, 2011, fair value was \$191,593 above net cost. Fair value is determined by quoted market prices and acceptable other pricing methodologies.

The City pools its cash, except for that held by revenue bond trustees, fiscal and escrow agents, and certain debt service and agency fund cash and investments, for maximum investing efficiency. Earnings on the pool are allocated to individual funds at the discretion of the City Council after meeting revenue bond indentures and other requirements. All statutory requirements are met in distributing earnings of the pool to various funds.

The City Codes, Chapters 325 and 321, respectively, provide for a Treasury Investment Board and a Depository Commission. Both consist of the City Treasurer, who serves as chairman and represents the City Council; the City Auditor, an independently elected official; and the Director of the Department of Finance, representing the Mayor; hence a check and balance process via the separation of powers.

Pursuant to these code sections, the City does not purchase any form of derivatives. The City does invest in STAROhio, an investment pool managed by the State Treasurer's Office that allows governments within the State to pool their funds for investment purposes. STAROhio is not registered with the Securities Exchange Commission as an investment company, but does operate in a manner similar to Rule 2a-7 of the Investment Company Act of 1940. Investments in STAROhio are valued at STAROhio's share price that is the price the investment could be sold for on December 31, 2012.

Management of STAROhio states that its policy also prohibits investing in derivatives and/or engaging in the use of reverse repurchase agreements. Average days to maturity of the STAROhio portfolio at December 31, 2012 was 55 days (57 days at December 31, 2011). The City is prohibited from using reverse repurchase agreements and does not leverage its investment portfolio in any manner. The City purchases investments only through member banks of the Federal Reserve System or broker dealers registered with the National Association of Security Dealers. The City requires broker dealers to formally apply for and be evaluated for eligibility to conduct business with the City.

The City's investment code limits its investments to those governmental type investments noted below. Generally, only eligible investments with the remaining terms not greater than three years until final maturity are purchased by the Treasurer. Investments with a remaining term of greater than two years may be purchased

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

only with the specific approval of City Council. Average days to maturity of the City's investments with the Treasurer at December 31, 2012 was 447.6 days (466.2 days at December 31, 2011).

Investments as permitted by Chapter 325 of the Columbus City Code are:

- A. Bonds, notes, or other obligations of the United States government or its Agencies for which the faith of the United States is pledged for the payment of principal and interest thereon. They are:

Obligations of the United States government:

- United States Treasury Bills
- United States Treasury Notes
- United States Treasury Bonds
- United States Treasury Strips

Obligations guaranteed by the United States government:

Federal government agencies:

- Department of Housing and Urban Development
- Farmers Home Administration
- General Service Administration
- Government National Mortgage Association
- Maritime Administration
- Washington Metropolitan Area Transit Authority

- B. Bonds, notes, debentures, or other obligations issued by any of the federal government-sponsored enterprises listed below. They are:

- Federal Farm Credit System
- Federal Home Loan Banks
- Federal Home Loan Mortgage Corporation
- Federal National Mortgage Association

- C. The Ohio State Treasurer's Asset Reserve Funds (STAROhio) pursuant to Ohio Revised Code 135.45;

- D. Bonds or other obligations of the City of Columbus, Ohio;

- E. Obligations of the State of Ohio or any municipal corporation, village, county, township, or other political subdivision of the State of Ohio, as to which there is no default of principal or interest and which have been approved as to their validity by nationally recognized bond counsel.

- F. Certificates of deposits (collateralized as described below) in eligible institutions applying for moneys as provided in Chapter 321 of Columbus City Codes; and

- G. Repurchase agreements that are collateralized with legally authorized securities as defined in Chapter 321.08 of Columbus City Code and held in third-party safekeeping designated by the City Treasurer and in the name of the City of Columbus.

Safeguarding activities call for the City's investments with the Treasurer, except for investments with STAROhio, investments held by revenue bond trustees, fiscal and escrow agents, and certain debt service and agency funds, to be held in book entry form at federal reserve banks in the accounts of certain member banks-agents of the City who hold the investments in the City's name.

The revenue bond agreement of the sanitary sewer enterprise requires certain cash and investments to be maintained and managed by trustees. The trustee, bank trust departments, invests these monies at the direction of the City Auditor pursuant to the revenue bond agreements.

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

All of the City's deposits and investments comply with State statutes, City ordinances, and applicable bond indentures.

Deposits: Custodial credit risk is the risk that, in the event of a bank failure, the City's deposits may not be returned. The City's policy is to place deposits with major local banks (as defined by Chapter 321 of the City Code) approved by the Depository Commission. All deposits, except for deposits held by fiscal and escrow agents or trustees, are collateralized with eligible securities in amounts equal to at least 105% of the carrying value of the deposits. Such collateral, as permitted by Chapter 135 of the ORC and Chapter 321 of the Columbus City Code, is held in single financial institution collateral pools at Federal Reserve Banks, or at member banks of the federal reserve system in the name of the respective depository bank, and pledged as a pool of collateral against all of the public deposits it holds or as specific collateral held at a Federal Reserve Bank in the name of the City.

At December 31, 2012, the carrying amount of all City deposits, exclusive of money market funds in the amount of \$2,795,746 held by bond trustees, was \$228,372,571. Based on the criteria described in GASB Statement No. 40, *Deposits and Investment Risk Disclosures*, as of December 31, 2012, \$1,397,382 of the City's bank balance of \$228,764,637 was exposed to custodial risk as follows:

	(in thousands)
Uninsured and collateral held by the pledging financial institution's agents not in the City's name	\$ 784
Uncollateralized and uninsured	613
Total balances per banks	\$ 1,397

The money market funds, amounting to \$2,795,746, while held by bond trustees as the City's agents and in the City's name, are also considered uncollateralized and uninsured. However, their disposition and availability are governed by bond ordinances and indentures.

Investments: As of December 31, 2012, the City had the following investments and maturities (amounts in thousands):

	Fair Value	Investment Maturities					Greater than 24 months
		6 months or less	7 to 12 months	13 to 18 months	19 to 24 months		
STAROhio	\$ 16,800	16,800	-	-	-	-	
US Treasuries	1,439	1,439	-	-	-	-	
FFCB Notes	146,062	30,062	-	86,017	29,983	-	
FHLB Notes	631,050	181,141	100,113	197,762	152,034	-	
FHLMC Notes	422,722	25,401	-	136,242	211,044	50,035	
FNMA Notes	156,079	-	-	-	91,871	64,208	
City of Columbus Assessment Bonds	193	-	193	-	-	-	
Total	\$ 1,374,345	254,843	100,306	420,021	484,932	114,243	

Interest Rate Risk. As a means of limiting its exposure to fair value losses arising from rising interest rates, the City's investment policy generally limits investment portfolio maturities to two years or less.

Credit Risk. The City's investments in FFCB, FHLB, FHLMC, and FNMA Coupon Notes were rated AA+ and Aaa by Standard & Poor's and Moody's Investor Services, respectively. The City's investments in various City of Columbus bonds and notes totaling \$192,662 were not specifically rated; however, the City of Columbus Assessment Bonds are general obligations of the City. The City's general obligation bond ratings by Standard & Poor's, Moody's Investor Services, and Fitch Ratings are AAA, Aaa, and AAA, respectively. Standard and Poor's

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

has assigned STAROhio an AAAM money market rating. The City's policy regarding credit risk is manifest in the types of investments the City is permitted to purchase as prescribed by the City Code, as described above.

Concentration of Credit Risk. The Treasury Investment Board guidelines do not place a limit on the amount which may be invested in any one issuer. Of the City's total investments, 45.9% are FHLB Notes, 11.4% are FNMA Notes, 30.8% are FHLMC Notes, and 10.6% are FFCB Notes. All other investments not explicitly guaranteed by the U.S. government are 1.2% of the City's total investments. Investments explicitly guaranteed by the U.S. Government are 0.1% of the City's total investments.

Reconciliation of Cash and Investments to the Statement of Net Position: The following is a reconciliation of cash and investments to the Statement of Net Position as of December 31, 2012.

Total	<u>\$ 165,273</u>	<u>103,691</u>	<u>105,371</u>	<u>15,687</u>	<u>845</u>	<u>390,867</u>	<u>(127,495)</u>	<u>\$ 263,372</u>

Housing and Urban Development (HUD) loans include Community Development Act (CDA) loans of \$23.5 million, Home Investment Partnerships (HOME) Program loans of \$56.5 million, and various other loans totaling \$25.4 million. Funds received under these programs that are loaned to eligible recipients are recorded as loans receivable. The City has recorded a \$98.9 million allowance for uncollectible HUD loans. Loans provided for certain homeownership programs are forgiven if the homeowner remains in the home for the period of affordability specified in the program rules. Although some loans are repaid because the homeowners have elected to relocate elsewhere, the repayment is limited to net proceeds after payment of the first mortgage and seller closing costs and; therefore, most repayments are minimal.

Enterprise customer and other accounts receivable include unbilled charges for services at December 31, 2012 as follows:

	(in thousands)
Water enterprise	\$ 16,889
Sanitary sewer enterprise	25,035
Storm sewer enterprise	3,625
Electricity enterprise	<u>2,748</u>
Total unbilled charges for services	<u>\$ 48,297</u>

CITY OF COLUMBUS, OHIO

The outstanding balances between funds result mainly from the time lag between the dates that interfund goods and services are provided, transactions are recorded in the accounting system, and payments between funds are made.

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

NOTE F—CAPITAL ASSETS

Capital assets; those assets with an estimated useful life of five years or more from the time of acquisition by the City and a cost of \$5,000 or more, are primarily funded through the issuance of long term bonds and loans. Land and construction in progress are not subject to depreciation.

A summary of capital assets and changes occurring in 2012 follows.

	(in thousands)

New Issue and Refundings

On March 21, 2012, the City sold \$123.425 million of various purpose general obligation refunding bonds. Of the total \$123.425 million issued, \$107.275 million was issued to advance refund \$110.780 million in outstanding bonds and \$16.150 million was issued to currently refund \$17.480 million in outstanding bonds. The proceeds from the current refunding (\$16.150 million) were used to refund a portion of the City's outstanding Series 1995-1 Various Purpose Adjustable Rate G.O. Bonds and Series 1996-1 Various Purpose Adjustable Rate G.O. Bonds, all of which were currently callable. The remaining principal balances of the adjustable rate bonds were redeemed using a cash contribution from the City.

Current Refunding

The proceeds from the current refunding (\$16.150 million) were used to refund a portion of the City's outstanding Series 1995-1 Various Purpose Adjustable Rate G.O. Bonds and Series 1996-1 Various Purpose Adjustable Rate G.O. Bonds, all of which were currently callable. The remaining principal balances of the adjustable rate bonds were redeemed using a cash contribution from the City.

The Series 1995-1 and Series 1996-1 bonds were general obligation variable rate bonds in a weekly interest rate mode. Following this redemption, no principal remains outstanding on these two series.

In addition, the City issued \$1.1 million in bond anticipation notes that are reported as notes payable on the Governmental Funds Balance Sheet.

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

Short-Term Notes

Special Assessments: The City issues special assessment notes for certain projects where the direct citizen-beneficiary of the project shares in its costs. Upon final determination of costs, the City then converts the remaining portion of the note (the portion not paid upon project completion by the citizen-beneficiary) to bonds. All special assessment notes are general obligations of the City and are held by the Debt Service Fund or the City's pooled cash and investments with Treasurer. All such notes are accounted for in Business-Type-Enterprise activities.

Issuances and maturities of such notes during 2012 were as follows (in thousands).

Accounted for in:	Date issued	Maturity date	Interest rate	Balance at December 31, 2011	Additions	Deletions	Balance at December 31, 2012
Sanitary Sewer	11/16/2011	11/16/2012	1.42%	\$ 286	-	286	\$ -
Total Sanitary Sewer				\$ 286	-	286	\$ -

Series 2012-1 Various Purpose Limited Tax Notes (General Obligation): Notes in the amount of \$22.350 million were issued in November 2012 to refund the City's Series 2011-1 Parking Garage Notes and Preserve TIF District Notes.

The City has borrowed a total of \$29.500 million through the issuance of bond anticipation notes, of which \$21.250 million remains currently outstanding, to acquire and construct an approximately 773-space parking garage located at the corner of Rich and Front Streets and an approximately 682-space parking garage located at the corner of Fourth and Elm Streets. Construction of the two garages is now complete.

The remaining notes, in the amount of \$1.100 million, were initially issued to provide funds for transportation-related improvements in the Preserve TIF District project area.

The City expects to refund the notes with the proceeds of bonds, or refunding bond anticipation notes, to be issued prior to the November 21, 2013 maturity date of the notes. The City intends to pay debt service on these bonds from (i) special assessments levied in order to pay a portion of the cost of the Fourth and Elm Garage; (ii) TIF revenues generated in the downtown area to pay a portion of the cost of the garages; (iii) parking revenues received from the operation of the garages; and (iv) TIF revenues collected by the City to pay for the Preserve TIF District project.

Long-Term Notes

Except for the TIF notes, all other notes payable are backed by the full faith and credit, i.e. general obligations, of the City. Notes may be issued in anticipation of long-term bond financing and are refinanced until such bonds are issued. There are, however, long-term notes for which the debt service will be paid from current resources. Those notes are as follows.

State Infrastructure Bank (SIB): The City currently has one SIB loan, totaling \$8.630 million, which is administered and funded by the Ohio Department of Transportation. The loan, for the Main St. Bridge project, provides funds for the replacement and construction of the new bridge and accompanying infrastructure. The amount disbursed to date is \$10.758 million, of which \$8.630 million remains outstanding.

Ohio Public Works Commission (OPWC): OPWC extends both grants and loans to the City. In certain OPWC commitments, the agreements with OPWC provide for cash received by the City to be first considered as grant receipts. Monies received by the City after the grant commitment has been fulfilled by OPWC are then

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

considered loans. Only the loan portion need be repaid by the City. The first two commitments from OPWC included loan monies only.

Notes in the amount of \$5.917 million accounted for as Governmental Activities represent the amounts due on twenty-five loans from the Ohio Public Works Commission (OPWC) for infrastructure improvements. These notes are non-interest-bearing and have serial maturities, with final maturities January 1, 2032. Initial repayments of the loans began in July 1994. OPWC has committed to additional non-interest-bearing loans as shown in the following table. Cash is provided to the City by OPWC only to the extent of project completion. Only that portion of the loan commitment actually paid to the City is recognized as a liability by the City. Repayments of these loans are made from the Debt Service Fund. OPWC loans are considered general obligations of the City and Governmental Activities obligations.

Grant and loan commitments and loans outstanding at December 31, 2012 were as follows (in thousands):

Future debt service requirements on the OPWC loans and loan commitments are shown as Future Debt Service for Governmental Activities Non-Proprietary – Notes contained in this Note G.

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

Notes (TIF): This amount represents a developer's participation in debt service on certain limited general obligation bonds. The agreement between the City and the developer requires the developer to pay to the City 65% of debt service on the applicable portion of the bonds less the revenues received by the City from two TIFs. When the applicable TIF revenues exceed 65% of the debt service on the applicable portion of the bonds, the City must begin repaying the developer. The amounts received by the City from the developer were as follows:

<u>Date received from developer</u>	<u>(in thousands)</u>
April 27, 2002	\$ 1,221
March 5, 2003	1,837
February 19, 2004	1,542
February 10, 2005	1,255
January 24, 2006	818
January 17, 2007	741
January 31, 2008	443
January 29, 2009	91
January 20, 2010	53
	<u>\$ 8,001</u>

The interest rate on the notes shall not exceed the City's rate of borrowing on general obligation bonds. The interest rate on the notes is estimated to be 4.45%. The repayment obligation is limited solely to revenues of the two applicable TIFs and does not constitute a general obligation of the City.

Also included is \$2.151 million representing TIF revenues pledged to the Columbus Franklin County Finance Authority for proceeds of bonds issued by the Authority but given to the City for park land acquisition. The recording of the \$2.151 is pursuant to GASB Statement No. 48, "Sales and Pledges of Receivables and Future Revenues and Intra-Entity Transfer of Assets and Future Revenues".

Arbitrage Regulations

The City has calculated and recorded all liabilities related to federal arbitrage regulation.

- (1) Interest is calculated at the rate of 0.00% from the date monies are first disbursed to the City until, and including, the last day of the twelfth month. From the first day of the thirteenth month and thereafter, interest will be calculated at the rate of 3.00%.
- (2) Intended to be converted to long-term debt.
- (3) The interest rates identified on the City's General Obligation debt above are calculated using the actual coupon rates on each series of bonds or notes. The rates are not representative of the true interest costs to the City. As a result of low interest rates, the market for the sale of the City's bonds and notes has frequently produced bids at a stated coupon rate with a premium payable upon the sale of the securities, which creates a true interest cost (TIC) substantially less than the coupon rate.

Variable interest rate bonds

The variable interest rate bonds were issued, pursuant to ordinances adopted by Council, in the Sanitary Sewer Enterprise in 2006 and 2008. The 2008 Sanitary Sewer (weekly interest rate mode) bonds are revenue bonds. The 2006 Sanitary Sewer Enterprise bonds are variable rate, weekly interest rate mode, general obligation bonds. The proceeds of the bonds were used to provide funds for certain capital improvements, retire certain bonds previously issued by the City, and pay costs incurred to issue the bonds.

Variable Rate Issues by Purpose	Outstanding at 12/31/2012	Source of Liquidity
Sanitary Sewer: Series 2006 G.O. and 2008 Rev. Bonds	\$107,855,000	Self-Liquidity

Interest on the variable interest rate bonds is paid at various times as specified in the trust agreements relating to such bonds, at rates determined by the remarketing agent and the City after reviewing the rates of similar municipal issues. The bonds may be put at the discretion of the holders at a price equal to principal plus accrued interest on any interest payment date or such other dates as specified in the trust agreements. The remarketing agent is authorized to use its best efforts to sell the put bonds at a price equal to 100% of the principal amount.

The Sanitary Sewer variable rate revenue bonds (\$51.855 million) and variable rate general obligation bonds (\$56.000 million) carry no letter of credit or liquidity enhancement. If a put bond proves to be unremarketable by the remarketing agent, the City is required by statute to buy the bonds into its own portfolio. A specific interest rate is not required of the Sanitary Sewer variable rate bonds if purchased into the City's investment portfolio.

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

The following table reflects the additional interest the City would have to pay if the variable rate bonds were purchased into the City's own portfolio. The assumed incremental interest rate in the table is 3.25%.

(in thousands)

Year ending December 31:	Sanitary Sewer General Obligation and Revenue Bonds
2013	3,386
2014	3,373
2015	3,243
2016	3,113
2017	2,983
2018-2022	12,966
2023-2027	9,718
2028-2032	6,685
	\$ 45,467

The City may, at its option, convert the variable rate bonds to a fixed rate. Furthermore, the bonds may be called at the discretion of the City under specified procedures on any interest payment date. These variable rate bonds are not auction rate securities.

On March 22, 2012, the City chose to optionally redeem the full outstanding principal amounts of the Series 1995-1 Various Purpose Adjustable Rate Bonds and the Series 1996-1 Various Purpose Adjustable Rate Bonds, all of which were currently callable. A portion of these bonds were refunded using proceeds from the City's Series 2012-1 Various Purpose Refunding Bonds sale dated March 21, 2012. The remaining bonds were refunded using a cash contribution from the City.

Future Debt Service

The following tables summarize the City's future debt service requirements on its outstanding bonds, long-term notes, \$21.250 million of business-type short-term notes (Parking Garages), \$1.100 million of governmental activities short-term notes (Preserve District) and OWDA/EPA loans and loan commitments as of December 31, 2012. Future interest assumes rates on variable rate debt at the respective issues' average rates since inception. Although the variable rate bonds may be payable upon demand (as described previously), the City intends to repay these issues in accordance with the respective redemption schedules (in thousands).

Year ending December 31:	Governmental Activities Non-Proprietary*			Governmental Type Internal Service

All refunds from the U.S. Treasury that result from the issuance of Build America Bonds and Recovery Zone Economic Development Bonds shall be deposited into the City fund responsible for making the debt service payment on the related bonds. Such amounts have not been reflected in the future debt service schedules. Interest earnings on proceeds of Build America Bonds and Recovery Zone Economic Development Bonds are required to be used for the capital purpose for which the bonds were issued.

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

Restricted Assets

In conjunction with the issuance of the Sanitary Sewer revenue bonds, the City entered into various trust agreements with commercial banks. These trust agreements require that the City establish funds for the cost of construction and repayment of debt. The restricted asset balances in the Enterprise Funds segregate funds held by the City from funds held by trustee in accordance with the trust agreement. In addition, cash related to proceeds of bonds issued for capital projects is restricted by bond ordinances. Enterprise restricted assets consisted of the following at December 31, 2012 (in thousands):

	Water	Sanitary Sewer	Storm Sewer	Electricity	Total Enterprise
Held by the City:					
Construction funds	\$ 323,214	120,928	28,783	7,084	\$ 480,009
For Others as deposits	71	373	-	843	1,287
Held by trustees:					
Debt service funds	-	1,538	-	-	1,538
State of Ohio construction fund	1,106	-	-	-	1,106
Total restricted assets	\$ 324,391	122,839	28,783	7,927	\$ 483,940

Restricted assets consist of cash, cash equivalents, and investments. In addition, these trust agreements require the City to pledge net revenues (defined in the trust agreement as revenues less operating and maintenance expenses) of the Sanitary Sewer Enterprise Fund to the payment of the principal and interest on the respective bonds when due.

In the opinion of management, the City has complied with all bond covenants.

Matured Bonds and Interest

Matured bonds and interest payable include \$774 thousand and \$241 thousand, respectively, at December 31, 2012; \$779 thousand and \$244 thousand, respectively, at December 31, 2011.

OWDA/EPA

Loans payable to the Ohio Water Development Authority (OWDA/EPA), in the amount of \$880.790 million, are funded by the Ohio Environmental Protection Agency. \$834.923 million are revenue obligations incurred to help finance sanitary sewerage treatment facilities and are to be repaid from charges for sanitary sewerage services. \$45.867 million are revenue obligations incurred to help finance an elevated water storage tank and are to be repaid from charges for water services.

Voted Debt Authority

Various amounts of debt for various purposes were authorized by the City's voters (voted-unlimited) in November 2004 and November 2008. The remaining unissued amounts and purposes of these authorizations are shown in the following table. There is no time limit regarding utilization of the authorization.

	Date Authorized	Total Authorized	Issued in 2004-2011	Issued in 2012	Unissued as of 12/31/2012
Electricity	2004	\$ 12,235	12,060	150	\$ 25
Storm sewers	2004	104,150	98,705	-	5,445
Safety and health	2008	86,170	49,185	28,915	8,070
Streets and highways	2008	345,630	124,950	67,250	153,430
Water system	2008	524,700	246,280	198,510	79,910

Sanitary sewer system	2008	551,970	130,670	60,135	361,165
Recreation and parks	2008	124,215	55,445	29,070	39,700
		\$ 1,781,275	739,540	392,830	\$ 648,905

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

Bonds identified above as Sanitary sewer system, Electricity, Water system, and Storm sewer system are accounted for in the respective business-type enterprise funds. Other bonds are accounted for as Governmental Activities bonds.

Legal Debt Margins

The Ohio Revised Code provides that the total net debt (as defined in the ORC) of a municipal corporation, whether or not approved by the electors, shall not exceed 10.5% of the total value of all property in the municipal corporation as listed and assessed for taxation. In addition, the unvoted net debt of municipal corporations cannot exceed 5.5% of the total taxation value of property. The statutory limitations on debt are measured by the ratio of net debt to tax valuation and expressed in terms of a percentage. At December 31, 2012 the City's total net debt amounted to 6.58% of total assessed value of all property within the City and unvoted net debt amounted to 1.55% of the total assessed value of all property within the City. The City had a legal debt margin for total debt of \$571.562 million and a legal debt margin for unvoted debt of \$575.946 million. The aggregate amount of the City's unvoted debt is also subject to overlapping debt restrictions with other political subdivisions.

Tax Increment Financing Districts (TIFs)

The City, pursuant to the Ohio Revised Code and City ordinances, has established 60 TIFs. A TIF represents a geographic area wherein property values created after the commencement date of the TIF are exempt, in whole or in part, from property taxes. Owners of such property, however, must pay amounts equal to the property taxes, known as "service fees", as though the TIF had not been established. These "service fees" are then dedicated to the payments for various public improvements within or adjacent to the TIF area. However, payments from two of the TIFs will assist the City in paying for certain public improvements in an area remote from the TIF area. Property values existing before the commencement date of a TIF continue to be subjected to property taxes.

Gross "service fee" revenue was \$25.269 million less \$362 thousand in county auditor deductions for a net total of \$24.907 million in 2012 and is accounted for as miscellaneous revenue in certain Debt Service and Capital Projects Funds since these monies are intended to be used to construct public improvements through payment of principal and interest on bonds issued for that purpose and payments to developers on reimbursements agreements. Corresponding capital assets are accounted for in the City's infrastructure accounts.

With the exception of one 20 year TIF, the City's TIFs have a longevity of the shorter period of 30 years or until the public improvements are paid for. The property tax exemption then ceases; service fees cease, and property taxes then apply to the increased property values.

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

NOTE H—DEFERRED INFLOWS / DEFERRED OUTFLOWS OF RESOURCES

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will *not* be recognized as an outflow of resources (expense/expenditure) until then. The City only has one item that qualifies for reporting in this category. It is the deferred charge on refunding reported in the government-wide and proprietary fund statements of net position. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time. The City has nonexchange revenue transactions where a receivable has been recorded because property taxes were levied, but the resources cannot be used until a future period. This item has been reported as deferred inflow on the government-wide statement of net position.

On the modified accrual basis of accounting, the City has recorded certain receivables where the related revenue is unavailable. Unavailable revenues have been reported as deferred inflows of resources on the governmental fund balance sheet for the following (in thousands):

	Governmental Type Funds			
	Other			Totals
	General	Special Income Tax	Governmental Funds	
Income tax (Note L)	\$ 42,750	14,250	-	\$ 57,000
Property tax (Note M)	45,579	-	-	45,579
Shared revenue	6,830	-	14,525	21,355
EMS receivable	1,484	-	-	1,484
Special assessment	-	378	2,768	3,146
Service payments	-	-	25,002	25,002
Total deferred inflows of resources	\$ 96,643	14,628	42,295	\$ 153,566

NOTE I—PROPERTY LEASED TO OTHERS

- The City leased to others in 1985, an office building known as the old, old post office. The City has no net investment in this lease because the City's purchase price of \$3 million for the building was entirely recovered by a lease payment received at the lease's inception. The initial lease term was for 20 years with a 20-year renewal term at \$100 per year. The lessee renewed the lease in December 2005 for an additional 20 years. The lessee may then purchase the property at its then fair market value or continue to lease it for up to 55 additional years.
- The City leases certain real property, together with buildings and improvements located thereon, to the Columbus Zoological Park Association (the Zoo). The lease, with annual rental payments of \$10 per year, which was paid in a lump sum of \$200 before the first anniversary date of the amended lease, is an extension of earlier leases that began in 1970. This current lease which commenced in 2003 expires December 31, 2023. The Zoo uses and occupies the premises solely for zoological, conservation, educational, research, and recreational purposes. Animals at the Zoo are not owned by the City.
- The City completed construction of the Griggs Boathouse in 2011 on the city property located at 3033 Thoburn Rd. The construction was funded from monies provided by The Ohio State University (OSU). The property and

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

associated building remains a City of Columbus asset. The construction agreement provided for the completed facility to be used by OSU, the Greater Columbus Rowing Association (GCRA), and the City. The subsequent lease agreement between the three parties determines their responsibilities based on the percentage of area used by each as 50%, 33.5% and 16.5%, respectively. There are two leases associated with the Griggs Boathouse. The first lease is with OSU and is a term of 40 years with an annual review and renewal of the terms of the rental amount. The second agreement is with GCRA and is a five (5) year lease with an option for automatic renewal for an additional five (5) years. The rental factors include annual and regular operations and maintenance (utilities, custodial, annual preventative maintenance, building insurance, and telecommunications) as well as longer term costs for interior repairs and replacement and exterior hardscape, softscape & building repair and replacement. Rent collections are accounted for in a special revenue fund.

- In 2011 the City completed construction on the Scioto Mile properties. Included was the construction of a restaurant facility located at 229 Civic Center Drive within the Bicentennial Park. In 2011 the City entered into a three year lease agreement with KA Restaurant Concepts LLC for the operations of the restaurant facility. The agreement establishes the rent at 3% of the first two million dollars in gross sales, and 5% of gross sales exceeding two million dollars. Rent collections are held in a special revenue fund for the purpose of paying utilities consumed by the tenant at the restaurant, for the exterior and structural repair and replacement needs of the restaurant facility itself as well as any other repair and replacement needs of the park and facilities at Bicentennial Park.
- The City leases to Specialty Restaurant Corporations 5.147 acres of real property located at the confluence of the Olentangy and Scioto Rivers under a long term ground lease.
- The City also leases part of a City-owned building at 1111 East Broad Street to various other government related agencies. In 2012, the City received \$1,427,223 in rental payments that were accounted for in a special revenue fund.
- On April 22, 2004, pursuant to Ordinance No, 0624-03, the City purchased the Lincoln Theater property for \$1,000,000. On July 27, 2007, pursuant to Ordinance No. 2253-2006, the City leased the property to the Lincoln Theater Association, an Ohio nonprofit corporation, under a 99 year lease. Under the terms of the lease the Lincoln Theater Association was required to undertake major renovations to the building and to use the building primarily for the presentation of theatrical, musical, comedy and other performing arts. The City, Franklin County, and private organizations contributed toward rehabilitation and restoration efforts of the theater in addition to the major renovations required under the lease agreement.

NOTE J—LEASE COMMITMENTS AND LEASED ASSETS

- The City leases a significant amount of property and equipment under short term operating leases. Total payments on such leases for the year ended December 31, 2012 were approximately \$4.6 million (\$4.6 million in 2011).
- The City also leases a building under a capitalized lease. The cost of the building, \$19.8 million, is included in the City's capital assets used in governmental activities. The final capital lease payment on the building was paid by the City in 2005. In December 2008, the City agreed to terms for the lease of this building which include: an initial term of one year commencing on April 1, 2009 and continuing for successive one-year terms unless the City provides 60 day written notice of its intention not to terminate and subject to annual appropriation of funds for payment of rent; annual rent will be the sum of the actual operating cost to provide janitorial services to the space occupied by the City and a pro-rated insurance cost; upon the City's expenditure of an accumulated cost of \$30 million in capital improvements by no later than December 31, 2030, the City shall have an option to take fee title to the building with payment of the leased option purchase price as defined in the lease.

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

- On April 1, 1993, the City leased to the Solid Waste Authority of Central Ohio (SWACO) an electricity-generating, solid waste recovery plant and related transfer stations (the Plant). The annual lease payments to the City were to be in the amount of the related debt service requirements. The lease was accounted for as a capital lease and was originally accounted for in the Electricity Enterprise Fund.

Due to a series of federal court decisions and U.S. E.P.A. decisions, the Plant ceased operations in 1994. Because the asset underlying the lease was no longer a functioning asset, the lease was transferred from the Electricity Enterprise Fund to the Special Income Tax debt service fund in 1994 and to the City's General Fund in 2004.

Through various amendments to the lease, the City agreed to reduce the amount due from SWACO to the City to an amount equal to 65% of debt service and associated bond costs required for the City's bonds from January 1, 1995 to the bonds' final maturity in 2010. SWACO agreed to impose a new fee on garbage originating throughout the SWACO boundaries, primarily Franklin County, Ohio. The City, rather than pay cash to SWACO for residential type garbage picked up by City garbage trucks, grants a credit to SWACO against the amount due by SWACO to the City. The final credit from SWACO was received in the first quarter of 2012 and the City has begun paying the fee to SWACO. This fee applies to all garbage originating within SWACO boundaries regardless of whether the garbage is disposed of (tipped) at SWACO's landfill or not. This fee, authorized by SWACO in December 1998, became effective at various dates in 1999. As a result of additional modifications to the SWACO lease agreement, the term of the lease has been extended to March 31, 2054.

SWACO operates a landfill and agrees to continue to operate the landfill in a manner that ensures that disposal capacity in the Franklin County Landfill will be available to the City and its residents through, at a minimum, the year 2025. The City continues to agree to dispose of all garbage collected by the City at the SWACO landfill. In 2012, the City paid SWACO a total of \$17.2 million from all funds for landfill tipping fees (\$15.0 million in 2011).

- During 2004, the City entered into an agreement with its component unit, RiverSouth, for the lease of approximately 1.621 acres of land, as described in Note A. The lease of the land, valued at \$2 million, is considered a capital lease. Since RiverSouth is a blended component unit, the \$2 million capital lease and corresponding \$2 million "investment in capital lease with the primary government" have been eliminated from the government-wide financial statements.

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

NOTE K—PENSION PLANS

Police and fire-sworn personnel participate in the statewide Ohio Police and Fire Pension Fund (OP&F). Substantially all other City employees participate in the statewide Ohio Public Employees Retirement System (OPERS). Both OP&F and OPERS are cost sharing multiple-employer public employee retirement systems administered by their respective Retirement Boards. The OP&F Board consists of 6 members elected by representative groups and 3 statutory members. The OPERS Board consists of 7 members elected by representative groups, 1 statutory member, and 3 appointed members. The total payroll for the City's employees for the year ended December 31, 2012 was \$539.3 million. Of this amount, \$272.2 million was covered by OP&F, \$258.2 million was covered by OPERS, and \$8.9 million was not subject to pension benefit calculations.

Employer and employee required contributions to OP&F and OPERS are established by the Ohio Revised Code (ORC) and are based on percentages of covered employees' gross salaries, as defined. In addition to paying the employer's share as required by the ORC, the City pays a portion of the employee's share.

Required contributions to OP&F and OPERS are used to fund pension obligations and health care programs. Rates required attributable to 2012 payroll costs are summarized as follows:

	<u>Percentage of covered payroll—January 1, 2012 to December 31, 2012</u>				
	<u>Employee share</u>			Employer Share	Total
	<u>Paid by City</u>	<u>Paid by employee</u>	<u>Total</u>

Police and Fire (OP&F)

OP&F has provided the following information to the City in order to assist the City in complying with GASB Statement No. 27.

- A. OP&F is a cost-sharing multiple-employer defined benefit pension plan.
- B. OP&F provides retirement and disability benefits, annual cost of living adjustments, and death benefits to plan members and beneficiaries.
- C. Authority to establish and amend benefits is provided by state statute per Chapter 742 of the ORC.

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

D. OP&F issues a stand-alone financial report. Interested parties may obtain a copy at www.op-f.org, by making a written request to OP&F at: 140 East Town Street, Columbus, Ohio 43215-5164, or by calling (614) 228-2975.

E. The ORC provides statutory authority for employee and employer contributions. The required contributions are:

	<u>Employees</u>	<u>Employer</u>
Police	10%	19.5%
Fire	10%	24.0%

F. The City's employer share contributions to OP&F for the years ended December 31, 2012, 2011, and 2010 were (in thousands) \$45,166, \$57,937, and \$56,355, respectively, or 77% of the required contributions for 2012, and equal to the required contributions for 2011 and 2010. The remaining employer contributions for 2012 were paid when due (January 2013).

City data indicates the required amounts for the past five years have been:

<u>Year</u>	<u>Employee share paid by employee</u>	<u>Employee share paid by City</u>	<u>Employer share paid by City</u>	<u>Total paid by City</u>
<u>(in thousands)</u>				
Police:				
2012	\$ 6,907	8,216	29,489	37,705
2011	6,639	8,120	28,781	36,901
2010	5,129	9,259	28,055	37,314
2009	3,464	9,995	26,251	36,246
2008	3,459	10,377	26,995	37,372
Fire:				
2012	\$ 6,622	5,591	29,312	34,903
2011	4,195	7,953	29,156	37,109
2010	2,942	8,849	28,300	37,149
2009	2,970	7,991	26,305	34,296
2008	3,623	7,653	27,061	34,714

OP&F has provided the following information pertaining to other postemployment benefits for health care costs in order to assist the City in complying with GASB Statement No. 45.

A. Plan Description

OP&F provides access to postretirement health care coverage to any person who receives or is eligible to receive a monthly service, disability, or statutory survivor benefit or is a spouse or an eligible dependent child of such person. The health care coverage provided by the retirement system is considered an Other Post Employment Benefits (OPEB) as described in GASB Statement No. 45.

The Ohio Revised Code allows, but does not mandate OP&F to provide OPEB benefits. Authority for the OP&F Board of Trustees (Board) to provide health care coverage to eligible participants and to establish and amend benefits is codified in Chapter 742 of the ORC.

B. Funding Policy

The ORC provides for contribution requirements of the participating employers and of plan members to the OP&F (defined benefit pension plan). Participating employers are required to contribute to the pension plan at rates expressed as percentages of the payroll of active pension plan members, currently, 19.5% and 24% of covered payroll for police and fire employers, respectively. The ORC states that the employer contributions may not exceed 19.5% of covered payroll for police employer units and 24% of covered payroll for fire employer units. Active members do not make contributions to the OPEB Plan.

OP&F maintains funds for health care in two separate accounts. One for health care benefits under an IRS Code Section 115 trust and one for Medicare Part B reimbursements administrated as an Internal

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

Revenue Code 401(h) account both of which are within the defined benefit pension plan, under the authority granted by the Ohio Revised Code to the OP&F Board.

The Board is authorized to allocate a portion of the total employer contributions made into the pension plan to the Section 115 trust and the Section 401(h) account as the employer contributions for retiree health care benefits. For the year ended December 31, 2012, the employer contributions allocated to the health care plan was 6.75% of covered payroll. The amount of employer contributions allocated to the health care plan each year is subject to the Board's primary responsibility to ensure that pension benefits are adequately funded and also is limited by the provisions of Sections 115 and 401(h).

The OP&F Board also is authorized to establish requirements for contributions to the health care plan by retirees and their eligible dependents, or their surviving beneficiaries. Payment amounts vary depending on the number of covered dependents and the coverage selected.

The City's contributions allocated to health care for police employer contributions and firefighter employer contribution for the years ended December 31, 2012, 2011 and 2010 were \$10.2 million (police) and \$8.2 million (fire), \$10.0 million (police) and \$8.2 million (fire), and \$9.8 million (police) and \$8.0 million (fire), respectively.

OPERS

OPERS has provided the following information to the City in order to assist the City in complying with GASB Statement No. 27, *Accounting for Pensions by State and Local Governmental Employers* (Statement No. 27).

- A. OPERS administers three separate pension plans as described below:
 - 1. The Traditional Pension Plan – a cost-sharing multiple-employer defined benefit pension plan.
 - 2. The Member-Directed Plan – a defined contribution plan in which the member invests both member and employer contributions (employer contributions vest over five years at 20% per year). Under the Member-Directed Plan, members accumulate retirement assets equal to the value of member and (vested) employer contributions plus any investment earnings.
 - 3. The Combined Plan – a cost-sharing multiple-employer defined benefit pension plan. Under the Combined Plan, employer contributions are invested by the retirement system to provide a formula retirement benefit similar in nature to, but less than, the Traditional Pension Plan benefit. Member contributions, the investment of which is self-directed by the members, accumulate retirement assets in a manner similar to the Member-Directed Plan.
- B. OPERS provides retirement, disability, survivor and death benefits, and annual cost of living adjustments to members of the Traditional Plan and Combined Plans. Members of the Member-Directed Plan do not qualify for ancillary benefits.
- C. Authority to establish and amend benefits is provided by state statute per Chapter 145 of the ORC.
- D. OPERS issues a stand-alone financial report. Interested parties may obtain a copy at www.opers.org, by making a written request to OPERS at: 277 East Town Street, Columbus, Ohio 43215-4642, or by calling (614) 222-5601 or 1-800-222-PERS (7377).
- E. The ORC provides statutory authority for employee and employer contributions. For 2012, member and employer contributions were consistent across all three plans. While members in the state and local divisions may participate in all three plans, law enforcement and public safety division exist only within the Traditional Pension Plan.

The City's employee contribution rate in 2012 was 10.0%.

The City's contribution rate, as an employer, was 14.0% of covered payroll in 2012.

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

F. The City's employer share contributions to OPERS for the three years ended December 31, 2012, 2011, and 2010 were (in thousands) \$32,743, \$35,242, and \$34,201, respectively, or 91% of the required contributions for 2012, and equal to the required contributions for 2011 and 2010. The remaining employer contributions for 2012 were paid when due (January 2013).

City data indicates the required amounts for the past five years have been:

Year	Employee share paid by employee	Employee share paid by City	Employer share paid by City	Total paid by City
		(in thousands)		
2012	\$ 7,442	18,295	36,103	54,398
2011	3,976	21,195	35,242	56,437
2010	1,321	23,109	34,201	57,310
2009	371	23,391	33,266	56,657
2008	401	24,967	35,514	60,481

OPERS has provided the following information pertaining to other postemployment benefits for health care costs in order to assist the City in complying with GASB Statement No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pension Benefits* (Statement No. 45).

A. Plan Description

Ohio Public Employees Retirement System (OPERS) administers three separate pension plans: The Traditional Pension Plan – a cost sharing multiple-employer defined benefit pension plan; the Member-Directed Plan – a defined contribution plan; and the Combined Plan – a cost-sharing multiple-employer defined benefit pension plan that has elements of both a defined benefit and defined contribution plan.

OPERS maintains a cost-sharing multiple employer defined benefit post-employment healthcare plan, which includes a medical plan, prescription drug program and Medicare Part B premium reimbursement, to qualifying members of both the Traditional Pension and the Combined Plans. Members of the Member-Directed Plan do not qualify for ancillary benefits, including post-employment health care coverage.

In order to qualify for post employment health care coverage, age and service retirees under the Traditional Pension and Combined Plans must have 10 or more years of qualifying Ohio service credit. Health care coverage for disability recipients and primary survivor recipients is available. The health care coverage provided by the Retirement System is considered an Other Postemployment Benefit (OPEB) as described in GASB Statement No. 45.

The ORC permits, but does not mandate, OPERS to provide OPEB benefits to its eligible members and beneficiaries. Authority to establish and amend benefits is provided in Chapter 145 of the ORC.

B. Funding Policy

The Ohio Revised Code provides the statutory authority requiring public employers to fund postretirement health care through their contributions to OPERS. A portion of each employer's contribution to OPERS is set aside for the funding of post retirement health care benefits.

Employer contribution rates are expressed as a percentage of covered payrolls of active member. In 2012, the City contributed 14.0% of covered payroll. The ORC currently limits the employer contributions to 14.0% of covered payroll. Active members do not make contributions to the OPEB Plan.

OPERS's Post Employment Health Care plan was established under, and is administrated in accordance with, Internal Revenue Code 401(h). Each year, the OPERS Board of Trustees determines the portion of the employer contribution rate that will be set aside for funding of post employment health care benefits. The portion of employer contributions allocated to health care for members in the Traditional Plan was 4.0% during calendar year 2012. The portion of employer contributions allocated to health care for

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

members in the Combined Plan was 6.05% during calendar year 2012. The portion of employer contributions allocated to health care for the calendar year beginning January 1, 2013 was lowered to 1% for both plans, as recommended by the OPERS actuary. Employers will be notified if the portion allocated to health care changes during calendar year 2013. The OPERS Board of Trustees is also authorized to establish rules for the payment of a portion of the health care benefits provided, by the retiree or their surviving beneficiaries. Payment amounts vary depending on the number of covered dependents and the coverage selected.

C. City Contributions

The portion of the City's contribution used to fund OPEB for 2012, 2011, and 2010 was \$9.1 million, \$10.1 million, and \$12.4 million, respectively.

D. OPERS Board of Trustees Adopt Changes to the Health Care Plan:

Changes to the health care plan were adopted by the OPERS Board of Trustees on September 19, 2012, with a transition plan commencing January 1, 2014. With the recent passage of pension legislation under SB 343 and the approved health care changes, OPERS expects to be able to consistently allocate 4.0% of the employer contributions toward the health care fund after the end of the transition period.

There are no postemployment benefits provided by the City other than those provided through OPERS and OP&F.

The liability for past service costs at the time OPERS was established was assumed by the State of Ohio; therefore, it is not a liability of the City. The liability for past service costs at the time OP&F was established was paid by the City to OP&F in January 1994. The City is current on all of its required pension fund contributions.

In September 2012, the Governor signed into law legislation amending the pension and retirement benefits provided to eligible employees under the OP&F and OPERS programs. Such amendments include increasing the retirement eligibility age and years of service requirements of employees, restricting cost of living increases, and increasing employee contribution rates. In addition, the amended law authorizes (i) the board of OP&F to make further adjustments to member contribution levels, age and service requirements to preserve the fund's fiscal integrity, and (ii) the board of OPERS to implement a contribution based benefit cap to limit the retirement allowance a retiree may receive. Although the City has not yet been able to determine the full effect, if any, on the City's finances, the City believes that any such impact will not negatively affect the City's existing financial resources.

NOTE L—INCOME TAXES

Based on the results of a special election in August 2009, the City's income tax rate was increased from 2% to 2.5%. This rate was effective as of October 1, 2009. The City levies tax on substantially all income earned within the City. In addition, residents of the City are required to pay City income tax on income they earn outside the City. However, a credit is allowed for income taxes paid to other municipalities.

Employers within the City are required to withhold income tax on employees' compensation and remit this tax to the City semimonthly, monthly, or quarterly, depending upon the amounts withheld. Corporations and other individual taxpayers are required to pay their estimated tax quarterly and file a declaration annually.

For the governmental fund financial statements, the City recognizes as revenue income tax received within 60 days after year end applicable to taxpayer liabilities for periods prior to the year-end net of an allowance for income tax refunds. These taxes are considered both measurable and available whereas all other income taxes are recognized as revenue when received. The City has consistently followed this practice for many years.

Receivables and unearned revenues have been recorded in the General and Special Income Tax funds in the amount of \$42.750 million and \$14.250 million, respectively, for the estimated income tax due to the City for 2012 and prior tax years, but not collected within the available period.

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

NOTE M—PROPERTY TAXES

Property taxes include amounts levied against all real and public utility property located in the City.

Real property taxes and public utility taxes collected during 2012 were assessed against the value listed as of January 1, 2011, the lien date. One half of these taxes were due January 20, 2012 with the remaining balance due on June 20, 2012.

Assessed values on real property are established by state law at 35% of appraised market value. A revaluation of all property is required to be completed every sixth year. The last revaluation in Franklin County was completed in 2011. The assessed value upon which the 2012 levy was based was approximately \$14.733 billion (\$14.380 billion, \$131 million, and \$222 million for Franklin County, Fairfield County, and Delaware County, respectively). The assessed value for 2012 including real and public utilities, upon which the 2013 levy will be based, is approximately \$14.573 billion (\$14.224 billion, \$129 million, and \$220 million for Franklin County, Fairfield County, and Delaware County, respectively).

Due to the phase out which began in 2005, the tangible personal property tax percentage fell to zero in 2009 for businesses. Therefore, Ohio no longer has a general tax on tangible personal property used in business. The tax temporarily applied to telephone and inter-exchange telecommunications companies, but was phased out in 2011. After 2011, tangible personal property, exclusive of public utility tangible personal property, is not subject to tax.

Ohio law prohibits taxation of property from all taxing authorities within a county in excess of 1% of assessed value without a vote of the people. Under current procedures, the City's share is .314% (3.14 mills) of assessed value. Increases in the property tax rate are restricted only by voter willingness to approve such increases.

The County Treasurers collect property taxes on behalf of all taxing districts in the counties, including the City of Columbus. The County Auditors periodically remit to the City its portion of the taxes collected. Property taxes may be paid on either an annual or semiannual basis. Current tax collections for the year ended December 31, 2012 were 88.0% (88.9% in 2011) of the tax levy in Franklin County.

Property taxes levied in 2012 but not due for collection until 2013 are recorded in the General Fund as taxes receivable and deferred inflows of resources at December 31, 2012 in the amount of \$45.579 million.

NOTE N—FUND BALANCE

Fund balance for governmental funds is reported in classifications that comprise a hierarchy based primarily on the extent to which the City is "bound to honor constraints on the specific purposes for which amounts in the fund can be spent" in accordance with GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*.

The components for reporting the City's fund balance are restricted, committed, assigned and unassigned. At December 31 2012, the City had no fund balance which is considered nonspendable, as defined by GASB Statement No. 54. Restricted fund balance includes those amounts that are restricted by parties outside of the City and pursuant to enabling legislation. Committed fund balance describes the portion of fund balance that has been limited by use by approval of City Council. City Council is the City's highest level of decision making. Fund balance commitments are established, modified, or rescinded by City Council action through passage of an ordinance. Assigned fund balance includes amounts that have an intended use by City Council. City Council demonstrates its intent for use of assigned amounts through passage of appropriation legislation, resolution, or ordinance. The unassigned fund balance represents the residual net resources.

On April 11, 1988, City Council passed ordinance 0860-1988 which established an Economic Stabilization subfund within the General Fund. Per the ordinance, funds in the Economic Stabilization subfund can only be expended

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

upon authorization of City Council. Such expenditures "shall be solely for the purpose of continuing basic City services during times of economic recession or unexpected revenue loss by the City". City Council authorizes transfers into the Economic Stabilization subfund as funds are deemed available. The balance in the Economic Stabilization subfund at December 31, 2012 was \$39.8 million and is included in the unassigned fund balance of the General Fund.

The City considers restricted amounts to have been spent when an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available. The City does not have a formal policy for its use of unrestricted fund balance amounts; therefore, it considers committed amounts used first, followed by assigned amounts, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used.

A summary of fund balance as of December 31, 2012 by category with specific purpose information follows (in thousands):

	General Fund	General Bond Retirement	Special Income Tax	Other Governmental Funds	Total
Fund balances:					
Restricted for:					
Debt service reserve	\$ -	105	-	-	\$ 105

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

The following deficit fund balances existed at December 31, 2012 (in thousands):

	Deficit Fund Balance
Governmental Activities	
Other Governmental Funds:	
Golf Course Operations	\$ 85
Preserve TIF	271
Internal Service Funds:	
Information services	1,362

These deficits will be eliminated by future charges for services or future bonds sales, where appropriate.

Fund balance deficits may be budgeted for and exist on the City's budgetary basis of accounting for certain funds. These fund balance deficits exist because encumbrances are recorded against certain accounts receivable that are not recognized as revenue on the budget basis of accounting.

NOTE O—MISCELLANEOUS REVENUES

For the year ended December 31, 2012, miscellaneous revenues in the fund financial statements consisted of the following (in thousands):

	General	Special Income Tax	Other Governmental Funds
Hotel/motel taxes	\$ 4,021	-	12,434
Refunds and reimbursements	1,498	-	7,343

Transfers are used to move revenues from the fund with collection authorization to the General Bond Retirement fund as debt service principal and interest payments become due and to move unrestricted revenues to finance various programs that the City must account for in other funds in accordance with budgetary authorization, including amounts provided as subsidies and/or matching funds for various grant programs. Transfers from business-type activities represent legally authorized transfers to fund the business-type activity portion of certain governmental activities' capital projects.

In 2012, it was determined that repayment of a \$5.355 million interfund payable was not expected to be repaid within a reasonable time. The resulting transaction was a transfer from the Special Income Tax Fund to the Recreation Debt Service Fund, a nonmajor fund, and elimination of the Interfund Receivable and Payable.

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

NOTE Q—COMPONENT UNIT

As described in Note A, the City has a blended component unit. The significant accounting disclosures for the component unit follow.

THE RIVERSOUTH AUTHORITY (RiverSouth)

RiverSouth is a community authority created by the City of Columbus pursuant to Chapter 349 of the Ohio Revised Code as a body corporate and politic. RiverSouth was created to govern the redevelopment and revitalization of a new community referred to as the RiverSouth District. The Downtown Development Corporation, a not-for-profit corporation, has been appointed developer of the new community.

Significant Accounting Policies and Disclosures for RiverSouth

The financial statements of the RiverSouth Authority have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Cash – At December 31, 2012, the carrying amount of the Authority's cash was \$151,768. These funds are on deposit with a trustee and will be used for the Authority's expenses. Also, the amount is deposited with a U.S. Government Money Market Fund, and has been rated Aaa by Standard and Poor's and is considered a cash equivalent.

While the funds are uncollateralized and uninsured, their disposition and availability are governed by bond resolution and the Master Trust Agreement, the First Supplemental Trust agreement, and the Second Supplemental Trust agreement between the Authority and U.S. Bank.

Bonds Payable – The RiverSouth Area Redevelopment Bonds, 2005 Series A and 2004 Series A were issued in the amounts of \$42,850,000 and \$37,870,000 respectively, to provide funds to pay the costs of acquiring and developing land and acquiring and constructing community facilities. These bonds are payable from the revenues, receipts, and other moneys assigned under a Master Trust Agreement dated June 1, 2004 between the Authority and U.S. Bank National Association as Trustee (the Trustee), as supplemented by the First Supplemental Trust Agreement dated June 1, 2004 and the Second Supplemental Trust Agreement dated October 1, 2005 (together, the "Trust Agreement").

A portion of the 2004 bonds were refunded in May 2012.

The revenues and receipts assigned by the Trust Agreement are primarily composed of certain rental payments to be paid to RiverSouth under the Lease with the City. The rental payments paid by the City to RiverSouth are from monies specifically appropriated for such purpose and are to be the primary source of money to pay debt service. The obligation of the City to make rental payments is expressly made subject to the availability of annual appropriations for such purpose. Notwithstanding the requirement for annual appropriations of rental payments for the payment of debt service, the City has agreed that all such rental payments required to pay debt service will be included in the estimated budgets of the City. RiverSouth and the City contemplate that the supplemental agreements will make provision for rental payments to be paid to RiverSouth in amounts at least adequate to meet the debt service on the 2004 Series A and 2005 Series A bonds. Neither the project land nor the capital facilities to be financed with the bond proceeds are pledged to secure payment on the bonds. The first rental payments from the City were paid December 1, 2007.

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

In May 2012, RiverSouth sold \$24,635,000 in refunding bonds to defease a portion of the RiverSouth Area Redevelopment Bonds 2004 Series A. Results of the refunding are as follows:

Amount paid to escrow agent	\$	28,071,429
Net carrying amount of old bonds:		
Old bonds outstanding		25,015,000
Unamortized bond premium		<u>220,340</u>
Net carrying amount of old bonds		<u>25,235,340</u>
Deferred amount on refunding	\$	<u><u>2,836,089</u></u>

Unadjusted reduction in aggregate debt service	\$	<u><u>2,892,646</u></u>
Economic gain – present value of adjusted reduction in aggregate debt service	\$	2,520,080
Plus: refunding bonds issued		24,635,000
Plus: premium received		3,003,786
Less: payment to Escrow Agent (Advance Ref.)		(28,071,429)
Less: costs of issuance		<u>(239,799)</u>
Net present value savings	\$	<u><u>1,847,638</u></u>

Principal and interest requirements to retire the RiverSouth's outstanding debt at December 31, 2012 are:

<u>Year ending December 31,</u>	(in thousands)	
	Principal	Interest
2013	\$ 4,095	\$ 3,222
2014	4,285	3,031
2015	4,510	2,807
2016	4,720	2,596
2017	4,935	2,383
2018-2022	28,385	8,183
2023-2025	<u>17,025</u>	<u>1,567</u>
Total	<u><u>\$ 67,955</u></u>	<u><u>\$ 23,789</u></u>

See Notes A and J for further disclosures related to RiverSouth and its relationship and transactions with the City. Complete financial statements of RiverSouth may be obtained from The RiverSouth Authority at 4140 Stargrass Court, Hilliard, Ohio, 43026.

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

NOTE R—CHANGE IN ACCOUNTING

Change in Accounting Estimate

The City estimates the amount of income tax refunds it will pay to taxpayers related to income tax revenue recognized and/or reported as a receivable at year end. After a review of this estimate in 2012, it was determined that an additional reserve was required. The effect of this change in estimate for the year ended December 31, 2012 was a decrease in total income tax revenue of \$18.8 million at the government-wide and fund levels.

Change in Accounting Principle for new GASB Statements

During the year, the City adopted GASB Statement No. 65, *Items Previously Recognized as Assets and Liabilities*. The objective of this statement is to establish standards that reclassify certain items that were previously reported as assets and liabilities and instead to classify them as Deferred Inflows of Resources, Deferred Outflows of Resources, or as outflows or resources. As a result of implementing this statement, the following assets and liabilities have been reclassified, as indicated:

Item	New classification	Amount (in thousands)
Deferred amount on refunding (previously included in bonds payable, net)	Deferred outflow of resources	\$ 54,212
Bond issuance costs (the unamortized portion was previously reported as an asset)	Outflow of resources	\$ 4,925
Revenue in governmental funds not collected within 60 days of year end (previously reported as a liability)	Deferred inflow of resources	\$ 107,987
Property tax billed, but levied for the next year's budget (previously reported as a liability)	Deferred inflow of resources	\$ 45,579

During 2012, the City also adopted GASB Statement No. 61, *The Financial Reporting Entity: Omnibus, an amendment of GASB Statements No. 14 and No. 34*. The objective of this Statement is to improve financial reporting for a governmental financial reporting entity. In prior years, RiverSouth, a component unit of the City, was discretely presented in the City's financial statements. GASB Statement No. 61 requires reporting a component unit as if they were part of the primary government (that is, blending) in circumstances where the component unit's total debt outstanding is expected to be repaid entirely or almost entirely with resources of the primary government. The activities of RiverSouth have been included in the City's financial statements as a special revenue fund included in Other Governmental Funds in the Governmental Fund financial statements.

The effect of these changes has been applied retroactively; as a result the beginning of year net position and fund balance have been changed to reflect the expensing of bond issuance costs and the blending of RiverSouth.

The impact of these changes on the government-wide statements is as follows (in thousands):

	Governmental Activities	Business-type Activities
Net position, as previously reported	\$ 1,436,736	\$ 1,216,080
Effect of change in accounting related to bond issuance costs	(5,602)	(6,848)
Effect of change in accounting related to blending RiverSouth	(72,600)	-
Net position, as restated	<u>\$ 1,358,534</u>	<u>\$ 1,209,232</u>

CITY OF COLUMBUS, OHIO
Notes to the Financial Statements, continued

The impact of these changes on the fund level statements is as follows (in thousands):

	Other	Enterprise Funds					Enterprise Funds Total	Internal Service Funds
	Governmental Funds	Water	Sanitary Sewer	Storm Sewer	Electricity	Garage		
Fund balance, as previously reported	\$ 317,040	\$313,194	742,283	72,925	78,851	4,393	\$1,211,646	\$ 12,531
Effect of change in accounting related to bond issuance costs	-	(2,350)	(3,824)	(568)	(85)	(21)	(6,848)	(264)
Effect of change in accounting related to blending RiverSouth	67	-	-	-	-	-	-	-
Fund balance, as restated	<u>\$ 317,107</u>	<u>\$310,844</u>	<u>738,459</u>	<u>72,357</u>	<u>78,766</u>	<u>4,372</u>	<u>\$1,204,798</u>	<u>\$ 12,267</u>

See notes to required supplementary information.

CITY OF COLUMBUS, OHIO

Notes to the Required Supplementary Information

December 31, 2012

NOTE A—BUDGETARY DATA

City Council follows the procedures outlined below in establishing expenditure budget data.

- (1) Prior to November 15, the Mayor submits to City Council an estimate of the expenditures necessary to conduct the affairs of the City for the fiscal year commencing the following January 1.
- (2) Budget estimates are distributed throughout the City (including newspapers and libraries) and public hearings are held to obtain taxpayers' comments.
- (3) Subsequent to January 1, and after publication of the proposed budget ordinances, the budget is legally enacted through passage of the ordinances. The budget specifies expenditure amounts by Object Level One for each division within each fund. The objects are (1) personal services, (2) materials and supplies, (3) contractual services, (4) debt principal payments, (5) other, (6) capital outlay, (7) interest on debt, and (10) transfers.
- (4) Transfers of appropriations of less than \$25,000 can be made between budget Object Level One within a division and fund without additional City Council action, but with responsible management approval. Transfers in excess of this amount require the approval of both City Council and the Mayor. Supplemental appropriations must be approved by City Council. During 2012, all appropriations were approved as required. Appropriations for general fund expenditures and transfers out, were as follows:

	Original budget	(in thousands)	
		Revisions	Final budget
General	\$ 739,775	(19,819)	719,956

- (5) The City maintains budgetary controls by not permitting expenditures to exceed appropriations at the Object Level One level for each division within each fund.
- (6) Unencumbered appropriations lapse at year-end.

All General fund expenditures, except for expenditures paid through the county auditor, have annual expenditures budgeted by City Council. Revenues and expenditures paid through the county auditor are estimated by the City Auditor in conjunction with the annual budgeting process. However, this estimate is not included or required in the budget ordinance.

Revenues for the General fund are estimated by the City Auditor in conjunction with the annual budgeting process. However, this estimate is not included or required in the budget ordinance.

Notes to the Required Supplementary Information (continued)

The City's budgetary process is based upon accounting for certain transactions on a basis other than GAAP. The major differences are:

- (1) Revenues are recorded when received in cash (budget), as opposed to when susceptible to accrual (modified accrual).
- (2) Expenditures are recorded when encumbered or paid in cash (budget), as opposed to when the liability is incurred (modified accrual).
- (3) Encumbrances are recorded as the equivalent of expenditures (budget), as opposed to fund balances (modified accrual).

City of Columbus, Ohio

Major Governmental Funds

General Fund – the general operating fund of the City and is used to account for all financial resources except those required to be accounted for in another fund.

General Bond Retirement Fund – required by State statutes and accounts for all general obligation debt, except proprietary funds' general obligation debt, of the City.

Special Income Tax Fund – used to account for 25% of income tax collections set aside for debt service and related expenditures.

City of Columbus, Ohio

Other Governmental Funds

Special Revenue Funds – used to account for revenues derived from specific taxes, grants, or other restricted revenue sources. City ordinances or Federal and/or State statutes specify the uses and limitations of each Special Revenue Fund. The title of the funds is descriptive of the activities involved. RiverSouth is a separate legal entity defined as a blended component unit of the City for financial reporting purposes; therefore, there is no Schedule of Revenues, Expenditures, and Changes in Fund Balance – Budget and Actual included in this report for RiverSouth. The Special Revenue Funds are:

City Ordinances

- RiverSouth – Blended Component Unit
- Land Management
- Area Commissions

Internal Service Funds

Internal Service Funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the government, generally on a cost-reimbursement basis. The title of the funds indicates the type of service provided. The Internal Service Funds are:

- **Employee Benefits**
- **Worker's Compensation**
- **Fleet Management**
- **Information Services**
- **Mail, Print, Term Contracts**
- **Construction Inspection**
- **Land Acquisition**

Fiduciary Funds - Agency Funds

Agency funds - used to account for assets held by the government as an agent for individuals, private organizations, other governments, and/or other funds. Assets held for other funds or governments include payroll taxes and other employee withholdings and income taxes and utility charges collected by the City on behalf of other governments. Their titles are descriptive of their nature. They are:

- Payroll Deposit
- Garnishments
- Unclaimed money
- Short North SID Deposit
- Capital Crossroads SID
- Morse Road SID
- Discovery District SID
- Health Deposit
- Construction Insp. Deposit
- City Auditor's Deposit
- City Attorney's Deposit
- Safety Agency Deposit
- Police Property Room Deposit
- BCI Background Checks
- Suburb Utility Surcharges
- Prairie – Obetz JEDZ
- JEDD – Prairie Township
- JEDD – N. Pickaway County
- Suburb Income Tax
- City Treasurer's Deposit
- Recreation Deposit
- Development Deposit
- Convention Facility Tax
- Service Department Deposit

STATISTICAL SECTION

City of Columbus, Ohio

Statistical Section

This part of the City's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City's overall financial health. These tables are presented in accordance with Governmental Accounting Standards Board (GASB) Statement No. 44, *Economic Condition Reporting: The Statistical Section*.

Contents

Tables

Financial Trends

1 – 7

These schedules contain trend information to help understand how the City's financial performance and well-being have changed over time.

Revenue Capacity

8 – 14

These schedules contain information to help assess the City's most significant local revenue sources.

Debt Capacity

15 – 19 and 39

These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.

Demographic and Economic Information

20 – 34

These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place.

Operating Information

35 – 38

These schedules contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the City provides and the activities it performs.

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.

(1) Franklin, Fairfield, and Delaware County do not identify delinquent tax collections by tax year levied. Amounts represent all delinquent tax collections and related penalties and interest within the fiscal year. Delinquent tax amounts collected exclusive of penalties and interest by tax year levied is not available.

(2) The City of Columbus entered Fairfield County in 1975 and Delaware County in 1991. Because the vast majority of property within the City lies within Franklin County, the above table demonstrates a ten year history of that property within Franklin County, but only current year data for Fairfield and Delaware counties.

Franklin County (2)

Fairfield County (2)

Delaware County (2)

(1) The effective rate is determined by multiplying the total rate by a composite reduction factor which is determined annually by the State Tax Commissioner to adjust for changes in the valuation of the property tax base.

(2) The City of Columbus entered Fairfield County in 1975 and Delaware County in 1991. Because the vast majority of property within the City lies within Franklin County, the above table demonstrates a ten year history of that property within Franklin County, but only current year data for Fairfield and Delaware counties.

* Source: City of Columbus Auditor's Office; represents actual General Obligation principal balance at 12/31/2012. Excludes revenue supported debt: Ohio Water Development Authority loans (\$880.790 million), TIF notes (\$10.152 million), Component Unit lease revenue bonds (\$67.955 million), and Sewer revenue bonds (\$441.855 million).

** Source: Ohio Municipal Advisory Council

The City does not pay general obligation debt service from property taxes. General obligation debt service relating to enterprise funds is paid from the respective enterprise fund. All other general obligation debt service is paid from income taxes, certain charges for services, and payments in lieu of taxes designated by the City for that purpose and from special assessments.

2012	56,387	25,970	16,561	98,918	50,630

- (1) Includes Capital University, Columbus College of Art & Design, Franklin University, Ohio Dominican University, Otterbein University, and Mt. Carmel College of Nursing.

DeVry Institute of Technology, Fall 2012 enrollment was approximately 2,982 students. Also, in Franklin County there are 48 proprietary schools with an estimated enrollment of 12,867 students.

- (2) The Columbus City School District is a political subdivision under Ohio law, separate and distinct from the City of Columbus and contains current information.

For 2012, the Catholic Diocese of Columbus operates 29 elementary and secondary schools in Franklin County with approximately 11,997 students.

For 2012, the most recent year available, there were 15 other public school districts that lie partially or wholly in Franklin County. Enrollment in these districts, for Franklin County only, is estimated at 117,554. In addition, the 126 nonpublic schools located in Franklin County have a 2012 estimated enrollment of 42,962, exclusive of the Catholic Diocese of Columbus (noted above).

Table 39

Compliance Information Securities and Exchange Commission Rule 15c2-12(b)(5)(i)(C) and (D)

In the spirit of full disclosure and in compliance with the above Rule, the City is pleased to disclose the following regarding its outstanding obligations.

Description of Material Events:

1. There were no delinquencies of principal and/or interest payments.
2. There were no non-payment related defaults.
3. There were no unscheduled draws on debt service reserves reflecting financial difficulties.
4. There were no unscheduled draws on credit enhancements reflecting financial difficulties.
5. There were no substitutions of credit or liquidity providers.
6. There have been no adverse tax opinions affecting the tax-exempt status of any of the City's outstanding obligations.
7. There have been no modifications to rights of the holders of the City's obligations.
8. Bonds called are included in the defeasances that follow (9).
9. Advance Refundings:

March 2012 – Advance Refunding

On March 21, 2012, the City sold \$123.425 million of various purpose general obligation refunding bonds. Of the total \$123.425 million issued, \$107.275 million was issued to advance refund \$110.780 million in outstanding bonds and \$16.150 million was issued to currently refund \$17.480 million in outstanding bonds. Further information regarding the advance refunding issue follows (in thousands):

10. The City did not release, substitute, or sell any property (the City has not secured any of its obligations with any of its property) securing repayment of obligations.

11. Ratings of the City's bonds and any changes occurring since the City's 2011 CAFR are as follows.

Bond Description	Moody's Investors Service		Standard and Poor's		Fitch Ratings*	
	Prior Rating	Current Rating	Prior Rating	Current Rating	Prior Rating	Current Rating
General Obligation Fixed Rate Bonds	Aaa	Aaa	AAA	AAA	AAA	AAA
General Obligation Variable Rate Demand Bonds	Aaa/VMIG1	N/A**	AAA/A-1+	N/A**	Not Rated	N/A**
2006 Sewer System Adjustable Rate G.O. Bonds	Aaa/VMIG1	Aaa/VMIG1	AAA/A-1+	AAA/A-1+	AAA/F1+	AAA/F1+
2008 Sanitary Sewer Fixed Rate Revenue Bonds	Aa1	Aa1	AA+	AA+	AA+	AA+
2008 Sanitary Sewer Adjustable Rate Revenue Bonds	Aa1/VMIG1	Aa1/VMIG1	AA+/A-1+	AA+/A-1+	AA+/F1+	AA+/F1+

*The City was assigned its first Fitch rating in August 2006 for the Sewer System Adjustable Rate G.O. Bonds.

**On March 22, 2012, the City chose to optionally redeem the full outstanding principal amounts of the Series 1995-1 Various Purpose Adjustable Rate Bonds and the Series 1996-1 Various Purpose Adjustable Rate Bonds, all of which were currently callable.

12. The City did not enter into bankruptcy, insolvency, receivership, or any other similar event.

13. There was no consummation of a merger, consolidation, or acquisition involving the City or the sale of all or substantially all of the assets of the City, other than in the ordinary course of business.

14. There was no appointment of a successor or additional trustee or the change in the name of a trustee.

15. The City will continue to provide all the necessary information, contained below under "Continuing Disclosure Undertaking", on an annual basis as is required by the Rule.

Continuing Disclosure Undertaking:

The following provides the Annual Information and/or indicates where in this report the Annual Information may be obtained.

(1.) **Debt Summary – Outstanding Bonds and Notes** – see Note G contained in this report.

(2.) **Debt Summary – Overlapping Debt** – see Table 18 contained in this report.

(19.) **Debt Summary – Projected Additional Debt**

To be eligible for capital improvements funding (i.e., from issuance of debt), an asset must have a useful life of at least five years and be considered non-operational. Some examples of capital improvements projects include the purchase of major equipment items, street lighting, street improvements, land acquisition for recreational needs, building construction, and facility rehabilitation. The City's proposed capital improvements program (CIP), for the period 2013 through 2018, provides for approximately \$2.4 billion in funding (funding to be determined) for various capital improvements. A copy of the current CIP may be obtained by contacting the Department of Finance and Management, City Hall, 90 West Broad Street, Columbus, Ohio 43215.

This Comprehensive Annual Financial Report of the City of Columbus, Ohio will be distributed to citizens in the community; city, state and federal officials, schools, libraries, newspapers, investment banking firms, banks, rating agencies, and to any person or organization requesting it. The report will also be distributed via the Municipal Securities Rulemaking Board's Electronic Municipal Market Access (EMMA) system and to the Ohio Municipal Advisory Council. This report is also available on the City's website. The Internet address is: <http://www.columbus.gov>.

To the Honorable Hugh J. Dorrian, City Auditor
City of Columbus, Ohio

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Columbus, Ohio as of and for the year ended December 31, 2012 and related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated March 26, 2013.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City of Columbus, Ohio's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we do not express an opinion on the effectiveness of the entity's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

To the Honorable Hugh J. Dorrian, City Auditor
City of Columbus, Ohio

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Columbus, Ohio's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Report on Compliance For Each Major Federal Program;
Report on Internal Control Over Compliance

Independent Auditor's Report

To the Honorable Hugh J. Dorrian, City Auditor
City of Columbus, Ohio

Report on Compliance for Each Major Federal Program

We have audited the City of Columbus, Ohio's compliance with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2012. The City of Columbus, Ohio's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the City of Columbus, Ohio's major federal programs based on our audit of the types of compliance requirements referred to above.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City of Columbus, Ohio's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the City of Columbus, Ohio's compliance.

To the Honorable Hugh J. Dorrian, City Auditor
City of Columbus, Ohio

Opinion on Each Major Federal Program

In our opinion, the City of Columbus, Ohio complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2012.

Other Matters

The results of our auditing procedures disclosed instances of noncompliance which are required to be reported in accordance with OMB Circular A-133 and which are described in the accompanying schedule of findings and questioned costs as Findings 2012-01 and 2012-02. Our opinion on each major federal program is not modified with respect to these matters.

The City of Columbus, Ohio's responses to the noncompliance findings identified in our audit are described in the accompanying schedule of findings and questioned costs. The City of Columbus, Ohio's responses were not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the responses.

Report on Internal Control Over Compliance

Management of the City of Columbus, Ohio is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City of Columbus, Ohio's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the entity's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected and corrected on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

To the Honorable Hugh J. Dorrian, City Auditor
City of Columbus, Ohio

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we identified certain deficiencies in internal control over compliance, as described in the accompanying schedule of findings and questioned costs as Findings 2012-01 and 2012-02, that we consider to be significant deficiencies.

The City of Columbus, Ohio's responses to the internal control over compliance findings identified in our audit are described in the accompanying schedule of findings and questioned costs. The City of Columbus, Ohio's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the responses.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

CITY OF COLUMBUS, OHIO

Notes to Schedule of Receipts and Expenditures of Federal, State, and County Awards December 31, 2012

Note A-General

The accompanying Schedule of Receipts and Expenditures of Federal, State, and County Awards (the Schedule) presents the activity of all federal, state, and county award programs of the City of Columbus, Ohio (the City). The City's reporting entity is defined in Note A to the City's basic financial statements. All federal awards received directly from federal agencies as well as federal awards passed through other government agencies are included on the Schedule.

Federal expenditures are not separately identified due to the commingling of assistance from different levels of government.

Note B-Basis of Accounting

The accompanying Schedule is presented using the cash basis of accounting in which revenues are recognized when received and expenditures are recognized when paid.

Note C-Relationship to Basic Financial Statements

Grant revenues are reported in the City's special revenue and capital projects funds. See the Schedule for the reconciliation between the fund financial statements prepared in accordance with generally accepted accounting principles (GAAP) and the Schedule prepared on the cash basis of accounting.

Note D-Schedule References

1. City Grant No. represents the City's Performance Accounting System classification structure and is used for internal purposes only.
2. Grant No. for pass-through grants is the State of Ohio's grant number.
3. The P.A.S.S.P.O.R.T. program is funded by both federal and state Medicaid. The amount presented is the federal portion only.

Note E-Loans Outstanding

The City administers loan programs with funding received from the Department of Housing and Urban Development. Following are the loan balances outstanding that have continuing compliance requirements for these programs as of December 31, 2012:

Program Title	Federal CFDA Number	Amount Outstanding
HOME Investment Partnership	14.239	\$56,491,263

14.257	ARRA - Homeless Prevention and Rapid Re-Housing
16.710	ARRA - Public Safety Partnership and Community Policing Grants
20.205	ARRA-Highway Planning and Construction
66.458	ARRA - Capitalization Grants for Clean Water State Revolving Funds
81.128	ARRA- Energy Efficiency and Conservation Block Grant Program
93.778	Medical Assistance Program

Dollar threshold used to distinguish between type A and type B programs: \$3,000,000

Auditee qualified as low-risk auditee? Yes No

City of Columbus, Ohio

Schedule of Findings and Questioned Costs Year Ended December 31, 2012

Section II - Financial Statement Audit Findings

None

Section III - Federal Program Audit Findings

Reference Number	Finding
2012-01	<p>Program Name - Highway Planning and Construction, CFDA No. 20.205</p> <p>Pass-through Entity - U.S. Department of Transportation - Passed through the Ohio Department of Transportation</p> <p>Finding Type - Significant deficiency and material noncompliance with laws and regulations</p> <p>Criteria - In accordance with OMB Circular A-87, <i>Cost Principles for State, Local, and Indian Tribal Governments</i>; reimbursements claimed for costs under grant programs are required to be allowable, supported, and in accordance with applicable laws, regulations, guidelines, and terms and conditions of the grant.</p> <p>Condition - An invoice unrelated to the Highway Planning and Construction Grant was charged to the grant's CMAQ Improvement Program and submitted for reimbursement.</p> <p>Questioned Costs - \$62,554</p> <p>Context - The results of our audit procedures identified one invoice that was improperly charged to the Highway Planning and Construction Grant - CMAQ Improvement Program.</p> <p>Cause and Effect - An ineligible invoice was improperly allocated to the grant program and submitted for reimbursement, resulting in a questioned cost.</p> <p>Recommendation - The City should put a procedure in place to verify that costs allocated to grants are appropriate. An independent review should be performed to ensure allowability requirements have been adhered to before submitting reimbursement requests.</p> <p>Views of Responsible Officials and Planned Corrective Actions - The City agrees with this recommendation and will add a level of review to costs for which the Department of Finance/Division of Fleet Management is seeking reimbursement from grantors.</p>

City of Columbus, Ohio

Schedule of Findings and Questioned Costs Year Ended December 31, 2012

Section III - Federal Program Audit Findings (Continued)

Reference Number	Finding
2012-02	<p>Program Name - ARRA - Homeless Prevention and Rapid Re-Housing Program (HPRP), CFDA No. 14.257</p> <p>Pass-through Entity - U.S. Department of Housing and Urban Development</p> <p>Finding Type - Significant deficiency and material noncompliance with laws and regulations</p> <p>Criteria - The City is required to submit quarterly Section 1512 reports in accordance with the American Recovery and Reinvestment Act for the HPRP grant. Among other items, the reports are required to include accurate information on the total sub award funds disbursed.</p> <p>Condition - The amount reported for total sub-award funds disbursed for the HPRP grant was reported in the first quarter of fiscal year 2011. However, the amount reported remained the same for the remaining quarterly reports and was not updated to reflect the activity that occurred for the remainder of the fiscal year.</p> <p>Questioned Costs - Not applicable</p> <p>Context - The quarterly Section 1512 reports for the HPRP grant were submitted; however, the amount reported for subaward disbursements was inaccurately reported for three quarters of the fiscal year.</p> <p>Cause and Effect - The failure to update the amount of subawards disbursed for the HPRP grant resulted in noncompliance with Section 1512 reporting requirements.</p> <p>Recommendation - The City should put a procedure in place to review special grant reports to ensure they are accurately prepared prior to submission.</p> <p>Views of Responsible Officials and Planned Corrective Actions - The City agrees with this recommendation and the Department of Finance and Management will add a level of review for HPRP required reporting.</p>

City of Columbus, Ohio

Summary Schedule of Prior Year Audit Findings Year Ended December 31, 2012

Finding 2011-1 - ARRA - Public Safety Partnership and Community Policing Grants - CFDA 16.710

Criteria - Section 4 of the Grant Conditions requires local funds budgeted to pay for swornofficer positions, irrespective of the receipt of COPS Hiring Recovery Program (CHRP) grant funds, may not be reallocated to other purposes or refunded as a result of a CHRP grant being awarded. Nonfederal funds must remain available for and devoted to that purpose, with CHRP funds supplementing those nonfederal funds.

Context - The City was reimbursed for \$3,658,996 in salaries and benefits from CHRP grant funds and \$65,806 is questioned.

Cause - The City received grant funds to retain fifty officers from a specific recruiting class. Two of the officers from this class left employment with the City and the City replaced them on grant reimbursement requests with two other officers who were previously funded with nonfederal funds.

Effect - Costs of \$65,806 are questioned as a result of using grant funds to supplant nonfederal funds.

Status - Corrected.
