

Regional Income Tax Agency

A Political Subdivision of the State of Ohio

Comprehensive Annual Financial Report For the Years Ended December 31, 2012 and 2011

Issued by the Finance Department
Christy J. Price,
Deputy Executive Director, Chief Financial Officer

Dave Yost • Auditor of State

Board of Trustees
Regional Income Tax Agency
10107 Brecksville Road
Brecksville, Ohio 44141-3275

We have reviewed the *Independent Auditors' Report* of the Regional Income Tax Agency, Cuyahoga County, prepared by Ciuni & Panichi, Inc., for the audit period January 1, 2012 through December 31, 2012. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The Regional Income Tax Agency is responsible for compliance with these laws and regulations.

A handwritten signature in black ink that reads "Dave Yost".

Dave Yost

The Board of Trustees
of the Regional Income Tax Agency
and Member Municipalities

The Regional Income Tax Agency (R.I.T.A. or the Agency) issues a Comprehensive Annual Financial Report (CAFR) in response to Ohio law (Ohio Administrative Code Section 117-2-03(B)). This regulation requires the Agency's audited financial reports, prepared on a GAAP (Generally Accepted Accounting Principles) basis, to be filed with the Auditor of State within six months of the close of each fiscal year. This report was published to fulfill that requirement for the fiscal year ended December 31, 2012.

The Agency's management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that is maintained for this purpose. As the cost of internal control should not exceed the benefit, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements. To the best of our knowledge and belief, the enclosed information is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the Agency. All disclosures necessary to enable the reader to gain an understanding of the Agency's financial activities have been included.

Ciuni & Panichi, Inc. has issued an unqualified opinion on the Agency's financial statements for the year ended December 31, 2012. The Independent Auditor's Report is located at the front of the financial section of this report.

Management's Discussion and Analysis (MD&A) immediately follows the Independent Auditor's Report and provides a narrative introduction, overview and analysis of the basic financial statements. The information contained in the MD&A complements this letter of transmittal and should be read in conjunction with the transmittal for a complete comprehension of the results of the 2012 operations.

Profile of the Agency

The Agency was established in 1971 to collect and distribute municipal income taxes. The Agency, created by the members of a Regional Council of Governments (RCOG) under Section 167 of the Ohio Revised Code, is subject to Ohio law in areas that include investments, purchasing and employee benefits. The Agency is guided by a nine member Board of Trustees, elected by the members of the RCOG for three year terms. The Trustees appoint an Executive Director who is responsible for the operations of the Agency.

For financial reporting purposes, the Agency's basic financial statements include the two funds for which the Agency is financially responsible. Following the GASB (Governmental Accounting Standards Board) definition of financial accountability there are no other entities that required incorporation into the financial statements.

Although not required under the Ohio Revised Code, an annual operating budget is adopted for management purposes. The Agency's budget is prepared on the accrual basis, by department, for personal services and other expenses; the debt service is budgeted for the Agency as a whole. The Board of Trustees approves the budget and authorizes the Executive Director to expend the funds per established purchasing restrictions.

The Executive Director has the authority to approve most expenses for goods and services up to \$10,000. The Board's Finance Committee approves all purchases from \$10,000 to \$24,999 with any expenditure of \$25,000 and greater needing full Board approval. The Trustees must also authorize any budget reallocation between departments or expense types, or for an increase in the total budget. There was one budget amendment in 2012.

Factors Affecting Financial Condition

The Agency has weathered the nation's economic downturn quite well with solid financial results. During this period collections continued to grow, reaching a record-setting amount of \$976 million in 2012. During the year the Agency also experienced excellent financial results. R.I.T.A.'s average cost of collections was a low 1.69% which means services cost only 1.69 cents for each dollar distributed to the members. The R.I.T.A. cost-sharing model is ideal for maintaining an excellent cost of collections. One of the Agency's primary objectives is to maintain a low average cost which helps keep the Agency's services attractive to its members and in turn continues the Agency's solid economic footing.

The success of R.I.T.A.'s tax services is evident as the membership continues to increase. The Agency's member base has risen by more than 40 municipalities since 2009. Furthermore, there are many other communities that have expressed an interest in joining the Agency. The Agency's communities now extend across 62 counties in the State of Ohio.

As always, the Agency remains committed to its mission of providing high quality, cost effective, municipal tax collections.

Relevant Financial Policies

As briefly discussed above, the Agency's management is responsible for establishing and maintaining an internal control structure designed to ensure that the Agency's assets are protected from loss, theft or misuse. The internal control structure is to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: 1) the cost of a control should not exceed the benefits likely to be derived; and 2) the valuation of costs and benefits requires estimates and judgments by management. All Agency internal controls are designed within the above framework. Accordingly, it is believed that the system of internal controls is adequate to safeguard assets and provide reasonable assurance of proper recording of transactions.

The Agency has issued debt sparingly, preferring to finance major initiatives with current cash flow. However, the Agency did assume debt several years ago to fund the effort to update its technology (see Footnote Number Eight for further information). The assets obtained with the proceeds of the debt are depreciated over the useful lives of the items and the related expense is recognized in the proper accounting periods. The debt repayment schedules were initially structured in a manner to best match the depreciation with the principal payments. In March 2009, the Agency exercised an early redemption option for the Series 2000B Project bonds. The retired debt carried a 6% per annum interest rate along with an annual administrative fee of .03% the total of which was substantially higher than the investment rates available at that time. Again, Footnote Number Eight provides additional information. Future debt issuances are not expected to be needed as continuous updating of the Agency's technology is a part of the Agency's strategic plan.

Prior to distribution, all Agency cash is pooled for investment purposes to provide a maximum yield while protecting principal through conservative investment choices. The Agency's investment policy designates the type of investments that can be made and only permits investments which are in compliance with the Ohio Revised Code. Protection of the Agency's deposits is provided by the Federal Deposit Insurance Corporation (FDIC), with eligible instruments pledged by the financial institution as security for repayment or through collateral pools established by the financial institutions to secure the repayment of all public monies deposited with the institutions. The Agency primarily invests in short-term, liquid instruments; there is also a core of funds available for investments with terms not to exceed two years.

The Agency is exposed to various risks of loss including theft, damage to or destruction of assets, errors and omissions, torts and legal judgments, and employee injuries. The Agency mitigates these risks by maintaining comprehensive general liability insurance, an overall umbrella policy as well as coverage for business interruption and property losses. The Agency provides health, dental and vision insurance to its employees through standard premium-based plans and obtains coverage through the State of Ohio Worker's Compensation program.

Major Initiatives

The computerized tax system has undergone major enhancements over the past several years and improvements are continuing to be made. The tax process is now virtually paperless with the imaging of all tax forms which allows a seamless, efficient flow of information throughout the production systems. Real-time editing applications assist in form examinations and multiple monitors provide instant access to data from various sources. Furthermore, the Tax Authority Portal allows member municipal officials to securely access data/reports directly via the Agency's data warehouse. Finally, the tax refund system was updated and is resulting in speedier processing, a new phone recording system for training and quality purposes is being installed and a backup generator, which will reduce the risk of power outages, will be connected this summer.

Key Agency goals are to increase productivity, decrease operating costs and maintain excellent service through the use of technology. The ongoing improvement of the Agency's systems is an important component in achieving these goals.

The Agency's successful use of the IRS federal tax information (FTI) has resulted in the collection of about \$16 million in previously unidentified taxes, has contributed to a more effective identification of delinquent filings and reduced the need for taxpayers to follow up on tax inquiries. Further ongoing enhancements with R.I.T.A.'s in-house, custom designed software program, FEDTAX, will provide more efficiency in discovering, tracking and assessing non-filing accounts.

Awards and Acknowledgements

GFOA Certificate of Achievement

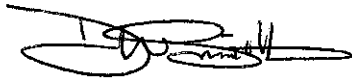

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Regional Income Tax Agency for its CAFR for the fiscal year ended December 31, 2011. This was the twenty-seventh year that the Agency has achieved this prestigious national award recognizing conformance with the highest standards for preparation of state and local government financial reports. In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized comprehensive annual financial report, whose contents conform to program standards. The CAFR must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a one year period. We believe our current report continues to conform to the Certificate of Achievement program requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

Acknowledgments

The 2012 CAFR was prepared with substantial assistance from Jennifer Carnahan, Patricia Johnson and Sandy Majkrzak of the Finance Department. We wish to thank them for all of their efforts. We also thank the Board of Trustees for their interest and support of this endeavor and for the manner in which they have directed the financial operations of the Regional Income Tax Agency.

Respectfully submitted,

Donald Smith, CPA

Independent Auditor's Report

Board of Trustees
Regional Income Tax Agency
Brecksville, Ohio

Report on the Financial Statements

We have audited the accompanying financial statements of the business-type activities and the aggregate remaining fund information of the Regional Income Tax Agency (the "Agency") as of and for the year ended December 31, 2012, and the related notes to the financial statements, which collectively comprise the Agency's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Agency's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Agency's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and the aggregate remaining fund information of the Agency, as of December 31, 2012, and the respective changes in financial position and, where applicable, cash flows, thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As described in Note 3 to the basic financial statements, in 2012, the Agency adopted new accounting guidance, Governmental Accounting Standards Board (GASB) Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*, and GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities*, and as a result restated their December 31, 2011 net position of the business-type activities due to the reclassification of debt issuance costs to an expense in the period incurred rather than amortizing over the life of the debt. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3–10 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

December 31, 2011 Basic Financial Statements

The basic financial statements of the Agency as of and for the year ended December 31, 2011, were audited by predecessor auditors whose report dated May 24, 2012, expressed an unqualified opinion.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Agency's basic financial statements. The introductory section, Statement of Changes in Assets and Liabilities – Agency Fund, budgetary comparison information, and statistical section, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The Statement of Changes in Assets and Liabilities – Agency Fund and budgetary comparison information are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Statement of Changes in Assets and Liabilities – Agency Fund and budgetary comparison information are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 19, 2013 on our consideration of the Agency's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Agency's internal control over financial reporting and compliance.

REGIONAL INCOME TAX AGENCY

Management's Discussion and Analysis

(Unaudited)

The following discussion provides a summary overview of the financial activities of the Regional Income Tax Agency (the Agency) for the year ended December 31, 2012. This information should be read in conjunction with the letter of transmittal and basic financial statements included in this report.

Financial Highlights

- Despite the strain of the diminished statewide economy, total Agency collections increased from \$886 million to \$976 million. This growth in tax revenues is attributable to new municipalities and modest gains for established members.
- Overall operating expenses decreased about \$300,000 from the prior year. This change is the result of the following:
 - Personal Services – There was a reduction in expense as several long-time employees retired during the year and their replacements earn less compensation;
 - Office Rent and Maintenance – The amount of storage space for Agency records has decreased significantly due to improvements in technology; as a result, less rental space is needed;
 - Equipment and Software Maintenance – Utilization of virtual servers and consolidation of equipment resulted in reduced expense;
 - Materials and Supplies – Postage expense decreased as lower cost postcards were mailed to taxpayers in lieu of sending tax forms and the year-end timing of mailings;
 - Depreciation and Amortization – Expense dropped as computer equipment reached the end of their useful lives.
- Overall, the impact from the relatively stable costs coupled with the substantially greater collections resulted in a favorable decrease in the average net cost of collections percentage from 1.76% in 2011, to 1.69% in 2012.
- As required per GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities*, the Agency has restated its unamortized debt issuance costs. This change is reflected in the Statements of Net Position and further discussed in Note 3. Excluding the restatement, the ending net position in 2011 would have been \$185,842 which means there was a 2012 increase of about \$7,000 that relates strictly to net income from the Municipal Services activities. Note that the earnings from Municipal Services can be retained for use in subsequent years.
- The increase in Tax Collection Fees is related to the reduced revenues from interest and charges for other services. The income changed mainly due to the elimination of one position that was fully reimbursed by a member municipality, the consolidation of subpoena programs and lower interest rates. These decreases result in more operating funds (recorded as collection fees) needed from the membership.

Overview of the Basic Financial Statements

A fund is a grouping of related accounts utilized to maintain control over the resources used to perform specific activities. The Agency has two funds; one is proprietary (business-type activity) and the other fund is fiduciary.

The proprietary fund is an enterprise fund that primarily accounts for the Agency's tax collection services. The Agency provides these services to its members on a cost reimbursement basis with no margin or profit. During the year the operations are funded with advance fees from the municipalities. At year-end, costs are allocated to members based on transactions and amounts collected; the municipalities' individual fee refunds or fee payables are then computed. After settlement of the amounts owed/due, the net position balance for the tax collections activity is brought to zero. The proprietary fund is also used to record the Municipal Services

REGIONAL INCOME TAX AGENCY
Management's Discussion and Analysis
(Unaudited)

Department financial software support activities. This department can retain net income and any such amounts are available to fund customer support in subsequent years.

The fiduciary fund accounts for the members' tax receipts held by the Agency prior to distribution to the municipalities. The funds are invested in short-term instruments and all interest income is used to offset the members' costs for the tax collection services.

This discussion and analysis is intended to serve as an introduction to the Agency's basic financial statements. The Agency's basic financial statements have three components: 1) proprietary fund statements, 2) fiduciary fund statement, and 3) notes to the basic financial statements. The proprietary fund statements consist of the Statements of Net Position, the Statements of Revenues, Expenses and Changes in Net Position and the Statements of Cash Flows. The fiduciary fund statement is the Statements of Fiduciary Net Position. The CAFR also addresses other supplementary information in the Statistical Section.

The Statements of Net Position present the Agency's financial position and report the resources owned by the Agency (assets) and obligations owed by the Agency (liabilities) with the residual being reported as net position. The Statements of Revenues, Expenses and Changes in Net Position present a summary of how the Agency's net position changed during the year. Revenue is reported when earned and expenses are reported when incurred. The Statements of Cash Flows provide information about the Agency's cash receipts and disbursements during the year. They summarize net changes in cash resulting from operating, investing and financing activities. The Notes to the Basic Financial Statements provide additional information that is essential for a full understanding of the Basic Financial Statements.

Financial Analysis of the Agency's Financial Position and Results of Operations

The following tables present summaries of the Agency's financial position and operations for 2012 as well as the 2011 and 2010 results.

The first table is a summary of the Agency's net position, which condenses information on all of the Agency's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Agency is improving or deteriorating. However, take note that the primary purpose of the Agency is to provide tax collection services and, as previously noted, for these services the Agency operates on a cost basis only, with no margin or profit and no related net position. Consequently, any change in the net position amount is solely due to the fluctuations in the retained earnings from the Municipal Services User software support activities. This department provides low cost, financial system support to member municipalities.

The second table is the Statement of Revenues, Expenses and Changes in Net Position, which presents a summary of the change in the Agency's net position.

REGIONAL INCOME TAX AGENCY
Management's Discussion and Analysis
(Unaudited)

Table 1
Net Position

	<u>2012</u>	<u>2011</u>	<u>2010</u>
Assets:			
Current Assets	\$ 28,547,941	\$ 23,907,760	\$ 16,630,641
Capital Assets, Net	10,288,292	10,833,143	11,579,153
Other Noncurrent Assets	<u>1,670,615</u>	<u>2,671,905</u>	<u>5,292,090</u>
Total Assets	<u>40,506,848</u>	<u>37,412,808</u>	<u>33,501,884</u>
Liabilities:			
Current Liabilities	26,078,086	22,633,454	18,164,108
Long-term Liabilities	<u>14,236,279</u>	<u>15,185,401</u>	<u>15,819,315</u>
Total Liabilities	<u>40,314,365</u>	<u>37,818,855</u>	<u>33,983,423</u>
Net Position:			
Net Investment in Capital Assets	3,391,721	2,640,523	1,935,170
Restricted for:			
Debt Service	1,670,615	1,961,876	1,961,876
Capital Improvements	-	710,029	3,330,214
Unrestricted (Deficit)	<u>(4,869,853)</u>	<u>(5,718,475)</u>	<u>(7,708,799)</u>
Total Net Position	\$ <u>192,483</u>	\$ <u>(406,047)</u>	\$ <u>(481,539)</u>

Overall, total assets grew because of the rise in Due from Others and the increase in Cash and Cash Equivalents of approximately \$1.6 million.

The change in total liabilities is primarily due to the additional amount owed to the membership for the retainer refund which was about \$10.3 million last year versus \$11.5 million for 2012.

The Statement of Revenues, Expenses and Changes in Net Position report the proprietary fund operating income and costs, non-operating income and costs, and the change in net position. This statement, shown in Table 2, reflects the results for 2012, 2011, and 2010.

REGIONAL INCOME TAX AGENCY
Management's Discussion and Analysis
(Unaudited)

- The Tax Collection Fees represent the portion of the member retainers used to fund the Agency's tax operations. As noted previously, the increase in Tax Collection Fees is due the reduction in interest and charges for other services. When revenues decrease more operating funds (recorded as collection fees) are needed.
- The Charges for Services and Other Revenues include income from the following:
 - Subpoena programs – The Agency field auditors travel to local city halls to assist individuals who are delinquent in filing tax returns and to obtain the related tax payments.
 - Small claim lawsuits – The Agency paralegals represent the municipalities in court to obtain judgments against taxpayers for unpaid taxes.
 - Support of accounting software – the Municipal Services department provides software and support services.
 - Miscellaneous fees/reimbursements – includes amounts charged for copies of records, charges for extraordinary services and reimbursements for employee time spent on special projects.
- The change in Interest Income is substantially due to the drop in interest rates during 2012 and 2011.
- The Agency's substantial expenses are:
 - Personal Services – As the Agency is primarily a service organization, the bulk of the operating expenses are for personnel. This expense is comparable to the prior years presented.
 - Professional and Processing – This expense is largely for outside computer development/security services.
 - Materials and Supplies – Postage costs and Tax Forms costs were reduced by the mailing of postcards instead of tax forms.
 - Depreciation and Amortization – The Agency uses the accrual basis of accounting. As such, when assets are purchased the costs are recognized over the life of the resources. The useful lives are 5 to 40 years and depreciation is calculated using a mid-year conversion.

Regional Income Tax Agency

Notes to the Basic Financial Statements

December 31, 2012 and 2011

Note 1: Reporting Entity

The Regional Income Tax Agency (the Agency) is an independent entity that provides efficient collections of municipal income taxes for the member municipalities (the Members) of a Regional Council of Governments formed under Section 167 of the Ohio Revised Code. The Members elect a nine position Board of Trustees to oversee the Agency operations. The Agency has a fiduciary responsibility to collect municipal income taxes for its Members at the rates levied and then distribute the municipal income taxes (less related net expenses and refunds) to its Members. Distributions of tax collections to Members are based upon information provided by taxpayers on tax returns and other supporting data.

For financial reporting purposes, the Agency's financial statements include all funds for which the Agency is financially accountable. Financial accountability, as defined by the Governmental Accounting Standards Board (GASB), exists if the Agency appoints a voting majority of an organization's governing board and is either able to impose its will on that organization or there is potential for the organization to provide specific financial benefits to, or impose specific burdens on, the Agency. The Agency may also be financially accountable for governmental organizations with a separately elected governing board, a governing board appointed by another government, or a jointly appointed board that is fiscally dependent on the Agency. Also taken into consideration are any other organizations for which the nature and significance of their relationship with the Agency are such that exclusion would cause the financial statements to be misleading or incomplete. Based on these criteria, there were no other organizations that require incorporation into the financial statements.

Note 2: Summary of Significant Accounting Policies

The following summarizes the significant accounting policies applied in the preparation of the basic financial statements.

The financial statements of the Agency have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The GASB is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The most significant of the Agency's accounting policies are described below.

The Agency's basic financial statements consist of Statements of Net Position, Statements of Revenues, Expenses and Changes in Net Position, Statements of Cash Flows, and Statements of Fiduciary Net Position.

The Agency uses a single enterprise fund and an agency fund to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts.

Enterprise fund reporting focuses on the determination of the change in net position, financial position and cash flows. An enterprise fund may be used to account for any activity for which a fee is charged to external users.

Regional Income Tax Agency

Notes to the Basic Financial Statements

December 31, 2012 and 2011

Note 2: Summary of Significant Accounting Policies (continued)

A. Basis of Presentation

Fiduciary fund reporting focuses on net position and changes in net position. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds and agency funds. Trust funds are used to account for assets held by the entity under a trust agreement for individuals, private organizations, or other governments and are, therefore, not available to support the entity's own programs; the Agency has no trust funds. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The Agency's only agency fund is used to account for tax collections held by the Agency as an agent for the Members.

B. Measurement Focus

The enterprise fund is accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and liabilities associated with the operation of this fund are included on the Statements of Net Position, except for the agency fund. The Statements of Revenues, Expenses and Changes in Net Position present increases (i.e., revenues) and decreases (i.e., expenses) in net total assets. The Statements of Cash Flows provide information about how the Agency finances and meets the cash flow needs of its enterprise activities.

C. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. The Agency's basic financial statements are prepared using the accrual basis of accounting.

Revenue is recorded on the accrual basis when the exchange takes place. Expenses are recognized at the time they are incurred. It is necessary to calculate unearned revenue when recording an estimated receivable that the Agency will withhold from its members when collecting the taxes on current year earnings. Unearned revenue in the amount of \$9,152,832 at December 31, 2012 and \$7,494,274 at December 31, 2011 has not been recorded as revenue for the following reasons (1) the transactions have not yet been processed, therefore, the money has not yet been earned; and (2) if it were to be recorded as revenue, it would be included in the retainer refund calculation and money that has not yet been collected by the Agency would be prematurely refunded to the Members.

D. Cash and Cash Equivalents

During fiscal years 2012 and 2011, the Agency invested in the State Treasury Asset Reserve of Ohio (STAROhio) and repurchase agreements.

Investments are reported at fair value which is based on quoted market prices.

The STAROhio investment pool managed by the State Treasurer's Office, allows governments within the State to pool their funds for investment purposes. STAROhio is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in STAROhio are valued at STAROhio's share price which is the price the investment could have been sold for on December 31, 2012 and December 31, 2011.

Regional Income Tax Agency

Notes to the Basic Financial Statements

December 31, 2012 and 2011

Note 2: Summary of Significant Accounting Policies (continued)

D. Cash and Cash Equivalents (continued)

For purposes of the Statements of Cash Flows and for presentation on the Statements of Net Position, investments of the cash management pool and investments with original maturities of three months or less at the time they are purchased by the Agency are considered to be cash equivalents. Instruments with an initial maturity of more than three months are reported as investments.

E. Allowance for Doubtful Accounts

Income taxes of member municipalities receivable is shown net of a \$3,549,700 allowance for doubtful accounts at December 31, 2012 and \$3,346,588 at December 31, 2011. The allowance reflects management's best estimate of the amounts that will not be collected. This is based on an assessment of aged receivables and historical collection rates.

F. Capital Assets and Depreciation

All capital assets are recorded at historical cost. The Agency maintains a capitalization threshold of \$500. Depreciation is charged to operations over the assets' estimated useful lives using the straight-line method, with one half year's depreciation in the year of acquisition. Estimated useful lives are as follows:

Buildings and Improvements	16 – 40 years
Office Equipment and Software	5 – 25 years
Vehicles	5 years

G. Allocation of Expenses to Members

The Agency allocates to Members net operating expenses, after reduction for interest income, charges for services and other revenues. The Members' allocation is based upon the average of the percentage of each Member's transactions to total Agency transactions and the percentage of each Member's collections to total Agency collections.

H. Capital Lease Commitment Premium

The capital lease premium is deferred and amortized over the term of the lease using the effective interest method. The premium is presented as an increase of the face amount of the capital lease payable.

Regional Income Tax Agency

Notes to the Basic Financial Statements

December 31, 2012 and 2011

Note 2: Summary of Significant Accounting Policies (continued)

I. Compensated Absences

Vacation benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable that the employer will compensate the employees for the benefits through paid time off or some other means. The Agency records a liability for all accumulated unused vacation time when earned for all eligible employees.

Sick leave benefits are accrued as a liability using the vesting method. The liability includes the employees who are currently eligible to receive termination benefits and those that the Agency has identified as probable of receiving payment in the future. The amount is based on accumulated sick leave and employee wage rates at year end taking into consideration any limits specified in the Agency's termination policy.

J. Unearned Revenue

Unearned revenue represents tax collection fees accrued that will be earned in subsequent periods as the tax receivables are collected.

K. Net Position

Net position is the residual amount when comparing assets to liabilities. Net investment in capital assets, consists of capital assets (net of accumulated depreciation), reduced by the outstanding balances of any borrowings (net of unexpended proceeds) used for the acquisition, construction or improvement of those assets. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the Agency or through external restrictions imposed by creditors, grantors, laws or regulations of other governments. The Agency's restricted net position is comprised of assets due from trust. The Agency applies restricted resources when an expense is incurred for which both restricted and unrestricted net position are available.

	<u>2012</u>	<u>2011</u>
Net Investment in Capital Assets:		
Capital Assets	\$ <u>10,288,292</u>	\$ <u>10,833,143</u>
Capital Lease	14,174,907	15,470,956
Unspent proceeds	(1,670,615)	(2,671,905)
Proceeds spent on non-capital items	<u>(5,607,721)</u>	<u>(4,606,431)</u>
Net Capital Lease	<u>6,896,571</u>	<u>8,192,620</u>
Total Net Investment in Capital Assets	\$ <u><u>3,391,721</u></u>	\$ <u><u>2,640,523</u></u>

L. Revenues and Expenses

Operating revenues and expenses result from providing tax collection services, extraordinary services and goods to the members. Operating expenses consist of the cost of these services, including administrative expenses and depreciation on capital assets. Non-operating revenues and expenses are all revenues and expenses not meeting the definition of operating revenues and expenses. Non-operating revenues and expenses include revenues and expenses from capital and related financing activities and investing activities.

Regional Income Tax Agency

Notes to the Basic Financial Statements

December 31, 2012 and 2011

Note 2: Summary of Significant Accounting Policies (continued)

M. Use of Estimates

The preparation of the basic financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the basic financial statements and accompanying notes. Actual results may differ from those estimates.

N. Subsequent Events

In preparing these financial statements, the Agency has evaluated events and transactions for potential recognition or disclosure through June 19, 2013, the date the financial statements were available to be issued.

O. Comparative Data/Reclassifications

Comparative data for the prior year are presented in order to provide an understanding of the changes in financial position and operations. Certain reclassifications have been made to the 2011 financial statements in order to conform to the 2012 presentation.

Note 3: Changes in Accounting Principles and Restatement of Prior Year Net Position

Changes in Accounting Principles

GASB Statement No. 62, *Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements* incorporates into the GASB's authoritative literature certain accounting and financial reporting guidance that is included in the FASB and AICPA pronouncements which do not conflict with or contradict GASB pronouncements. The requirements of this Statement are effective for financial statements for periods beginning after December 15, 2011 and have been implemented by the Agency.

GASB Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*, provides financial reporting guidance for deferred outflows of resources and deferred inflows of resources. The requirements of this Statement are effective for financial statements for periods beginning after December 15, 2011 and have been implemented by the Agency.

GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities*, establishes accounting and financial reporting standards that reclassify, as deferred outflows of resources or deferred inflows of resources, certain items that were previously reported as assets and liabilities and recognizes, as outflows of resources or inflows of resources, certain items that were previously reported as assets and liabilities. The provisions of this Statement are effective for financial statements for periods beginning after December 15, 2012 and have been implemented by the Agency.

Regional Income Tax Agency

Notes to the Basic Financial Statements

December 31, 2012 and 2011

Note 3: Changes in Accounting Principles and Restatement of Prior Year Net Position (continued)

Restatement of Prior Year Net Position

In prior periods, the Agency had reported assets related to unamortized debt issuance costs. GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities*, have reclassified debt issuance costs as an expense in the period incurred rather than amortizing the costs over the life of the debt. The implementation of this Statement requires restatement of prior period's net position as follows:

Net Position, December 31, 2010	\$	164,159
Unamortized Debt Issuance Costs		<u>(645,698)</u>
Restated Net Position, December 31, 2010	\$	<u><u>(481,539)</u></u>

Note 4: Deposits and Investments

State of Ohio statutes classify funds held by the Agency into three categories.

Active deposits are amounts necessary to meet current cash needs. Such monies are maintained either in commercial accounts payable or withdrawable on demand accounts, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are monies identified as not required for use within the current five year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are those monies that are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim monies may be deposited or invested in the following securities:

1. Bonds, notes or other obligations of or guaranteed by the United States, or those for which the faith of the United States is pledged for the payment of principal and interest therein.
2. Bonds, notes, debentures or other obligations or securities issued by any federal government agency.
3. Deposits with financial institutions and savings and loan associations, collateralized, as required by law.
4. State Treasurer's investment pool (STAROhio).
5. Bonds and other obligations of the State of Ohio.
6. Repurchase agreements fully collateralized with securities listed in 1 and 2 above.

Investments in mortgage backed securities, principal only or interest only or strips, reverse repurchase agreements and derivatives are forbidden. The use of leverage and short selling are also prohibited. Repurchase agreements are limited to maximum maturities of thirty days. A maximum of 18 million dollars can be invested over a longer period not to exceed two years with the exception of the debt reserve funds established under the agreements with the Cleveland-Cuyahoga County Port Authority. The debt reserve funds may be invested for the maximum time allowed under the Ohio Revised Code. All other funds shall be invested for a period not to exceed 45 days.

Regional Income Tax Agency

Notes to the Basic Financial Statements

December 31, 2012 and 2011

Note 4: Deposits and Investments (continued)

Deposits

Custodial credit risk is the risk that, in the event of bank failure, the Agency's deposits may be lost. Protection of the Agency's deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution, by surety company bonds or by a single collateral pool established by the financial institution.

Public depositories must give security for all public funds on deposit. These institutions may either specifically collateralize individual accounts in lieu of amounts insured by the FDIC or may pledge a pool of government securities that have a face value that is at least 110 percent of the total value of public monies on deposit at the institution. Repurchase agreements must be secured by the specific government securities upon which the repurchase agreements are based. These securities must be obligations of or guaranteed by the United States and mature or be redeemable within five years of the date of the related repurchase agreement. The market value of the securities subject to a repurchase agreement must exceed the value of the principal by two percent and be marked to market daily. State law does not require security for public deposits and investments to be maintained in the Agency's name.

At December 31, 2012, the carrying amount of the Agency's deposits was \$71,109,404 and the bank balance was \$73,589,481. Of the bank balance, \$381,181 was covered by FDIC insurance and the remaining \$73,208,300 was covered by specific collateral held in the Agency's name. At year end, the Agency had \$400 of undeposited cash on hand.

At December 31, 2011, the carrying amount of the Agency's deposits was \$53,669,038 and the bank balance was \$55,479,214. Of the bank balance, \$635,279 was covered by FDIC insurance and \$54,843,935 was covered by specific collateral held in the Agency's name. At year end, the Agency had \$400 of undeposited cash on hand.

Investments

Investments are reported at fair value. As of December 31, 2012, the Agency had the following investments:

	<u>Fair Value</u>	<u>Weighted Average Maturity (days)</u>
Repurchase Agreements	\$ 22,647,184	1
STAROhio	<u>7,646,160</u>	1
Portfolio Total	<u>\$ 30,293,344</u>	

As of December 31, 2011, the Agency had the following investments:

	<u>Fair Value</u>	<u>Weighted Average Maturity (days)</u>
Repurchase Agreements	\$ 13,838,527	1
STAROhio	<u>8,265,028</u>	1
Portfolio Total	<u>\$ 22,103,555</u>	

Regional Income Tax Agency

Notes to the Basic Financial Statements

December 31, 2012 and 2011

Note 4: Deposits and Investments (continued)

Safety of principal is an investment objective of the Agency. The Agency's policy states that each transaction shall seek to first ensure that capital losses are avoided, whether they are from securities, defaults or erosion of market value. The Agency seeks to attain market rates of return on its investments, consistent with constraints imposed by its safety objectives, cash flow considerations and state laws that restrict the placement of certain public funds.

Interest Rate Risk arises because potential purchasers of debt securities will not agree to pay face value for those securities if interest rates subsequently increase. The Agency mitigates risk by timing investment maturities to match operating cash requirements. In addition, due to the bi-monthly cash distribution schedule, investments must be of a relatively short duration.

Custodial Risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, the Agency will not be able to recover the value of the investment or collateral securities that are in the possession of an outside party. Investments may only be made through institutions that are members of the National Association of Securities Dealers. The Board of Trustees reviews and approves these institutions.

Credit Risk is addressed by the Agency's investment policy by the requirements that all investments are authorized by Ohio Revised Code and that the portfolio be diversified by issuer. All investments by the Agency are registered and carry a AAA rating by Standard & Poor's.

Concentration of Credit Risk is the risk of loss attributed to the magnitude of investment in a single issuer. The Agency's investment policy requires that the repurchase agreements cannot exceed ten percent (10%) of the capital of the issuing institution or seventy-five percent (75%) of the Agency investment portfolio with the exception that the Agency is authorized to invest one-hundred percent (100%) of its portfolio in repurchase agreements or other investment vehicles with the State Treasurer's investment pool (STAROhio).

The following is the Agency's allocation as of December 31, 2012:

<u>Investment Issue</u>	<u>Percentage of Investments</u>
Key Bank	74.53%
STAROhio	25.24
The Huntington National Bank	0.23

The following is the Agency's allocation as of December 31, 2011:

<u>Investment Issue</u>	<u>Percentage of Investments</u>
Key Bank	57.37%
STAROhio	37.39
Charter One Bank	4.82
The Huntington National Bank	0.42

Regional Income Tax Agency

Notes to the Basic Financial Statements

December 31, 2012 and 2011

Note 5: Receivables

Accounts receivable included on the Statements of Net Position at December 31, 2012 and 2011 consists primarily of subpoena fees receivable and miscellaneous service receivables due from Members. Management considers all receivables fully collectible.

Note 6: Capital Assets

Capital asset activity for the year ended December 31, 2012, was as follows:

	Balance <u>12/31/2011</u>	<u>Additions</u>	<u>Retirements</u>	Balance <u>12/31/2012</u>
Nondepreciable Capital Assets:				
Land	\$ <u>171,918</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>171,918</u>

Note 8: Capital Lease Commitment

Effective December 19, 2000, the Members entered into a capital lease agreement with the Cleveland-Cuyahoga County Port Authority (the Authority). The Members leased the Series 2000B Project from the Authority. The Series 2000B Project provided funds for the acquisition and installation of personal property consisting of an HVAC system, computer equipment, computer software and certain other furnishings and equipment to be located and used at the Agency. In March 2009 the Agency elected to exercise an early redemption option for the Series 2000B Project bonds.

On December 1, 2001, the Members entered into a lease agreement with National City Leasing Corporation (NCLC) to provide funds for the acquisition and installation of personal property consisting of computer equipment, computer software and certain other furnishings and equipment to be located and used at the Agency. The NCLC lease agreement was refinanced on January 31, 2003 and 2004 and on December 30, 2004, the Agency obtained Series 2004 permanent bond financing for this obligation with the Authority.

Regional Income Tax Agency

Notes to the Basic Financial Statements

December 31, 2012 and 2011

Note 8: Capital Lease Commitment (continued)

The replacement capital lease agreement signed by the Agency generated proceeds of \$21,662,747. This exceeded the par amount of \$20,990,000, resulting in a premium of \$672,747. From the proceeds, \$20,724,937 was placed in trust to refinance the NCLC capital lease in January 2005 and to establish new bond reserve and retirement funds, while \$937,810 related to loan fees. The leased personal property includes the HVAC system, other improvements and furnishings of the project site, and the development, furnishing, and installing of certain computer hardware and software and acts as security for the capital lease. The initial lease term was December 30, 2004 to December 31, 2005; however, the Agency exercised its options and extended the maturity date to December 31, 2009. The lessee can renew the lease for consecutive one-year periods, except that the final renewal term will mature on November 15, 2022. The Agency intends to renew the lease through the maturity date and this is stated in the lease. The lease includes a \$10 bargain purchase option; therefore, management has recorded the obligation as a capital lease. The lease has an imputed interest rate of 4.726%.

Future minimum lease payments under the Series 2004 lease agreement are as follows:

2013	\$ 2,064,804
2014	1,944,229
2015	1,665,792
2016	1,668,292
2017	1,667,792
2018-2022	<u>8,269,389</u>
Future minimum lease payments	17,280,298
Less amount representing interest	<u>3,407,475</u>
Present value of future minimum lease payments	\$ <u>13,872,823</u>

The Series 2004 capital lease agreement contains various covenants, including a minimum amount of annual income tax collections. If the minimum collection amount is not met, the lease could be subject to a special mandatory redemption.

Proceeds in the amount of \$1,670,615 and \$2,671,905 from capital lease arrangements are held in trust at December 31, 2012 and 2011, respectively. These proceeds held in trust consist of bond reserve and project funds. Project funds are distributed as project costs are incurred. Project costs in the amount of \$16,515,698 have been placed into service as of December 31, 2012. Accumulated depreciation of \$5,627,391 at December 31, 2012 and \$5,218,309 at December 31, 2011 has been recorded for the assets placed into service.

The Agency has utilized capital lease proceeds to implement a new, multi-dimensional tax information system. The operational systems include an Imaging and Document Workflow system, a Telephone Interactive Voice Recognition Unit, a Customer Relationship Management system, a Virtual Private Network, a Datawarehouse, an eProcess system, an eBusiness system, a Data Entry system and an Editing system.

Regional Income Tax Agency

Notes to the Basic Financial Statements

December 31, 2012 and 2011

Note 9: Tax Collection Fees

During each year, the Agency withholds, as its tax collection fee, a portion of the taxes, penalties and interest collected. At year end, the amount withheld in excess of operating expenses less other revenues is determined and recorded as amounts Due to Other Governments. In the subsequent year, this excess is distributed to the Members. At December 31, 2012 and 2011, the amount due to other governments is calculated as follows:

	<u>2012</u>	<u>2011</u>
Amounts withheld for Tax Collection Fees	\$ 30,456,498	\$ 27,828,270
Charges for Services and Other Revenues	571,169	574,152
Net Interest Income	<u>87,186</u>	<u>118,135</u>
Subtotal	31,114,853	28,520,557
Operating Expenses and Interest Expense	<u>17,121,441</u>	<u>16,309,370</u>
Excess of Amounts withheld (Due to Other Governments)	\$ <u>13,993,412</u>	\$ <u>12,211,187</u>

Note 10: Compensated Absences

The Agency's employees accumulate vacation leave and unlimited sick leave based upon hours worked and years of service. Upon retirement or death, employees are paid 25 percent of accumulated sick leave, not to exceed 250 hours. Sick leave in excess of the 250 hour maximum is not paid upon retirement or death, but will be paid only upon illness while in the employment of the Agency.

During the first seven years of employment, employees can earn 10 days of vacation leave per year. During the next six years of employment, employees can earn 15 days per year. After 13 years of employment, an employee can earn 20 days and after 21 years of service, employees can earn 25 days per year. Employees may accrue, and be paid upon termination of employment with the Agency, up to a maximum of 20 days in the first seven years of employment, 30 days during the next seven years of employment, 40 days in the subsequent eight years and 50 days thereafter.

Note 11: Pension Plans – Ohio Public Employees Retirement System

The Agency participates in the Ohio Public Employees Retirement System (OPERS). OPERS administers three separate pension plans. The Traditional Pension Plan is a cost-sharing, multiple-employer defined benefit pension plan. The Member-Directed Plan is a defined contribution plan in which the member invests both member and employer contributions (employer contributions vest over five years at 20 percent per year). Under the member directed plan, members accumulate retirement assets equal to the value of the member and (vested) employer contributions plus any investment earnings. The Combined Plan is a cost-sharing, multiple-employer defined benefit pension plan. Under the combined plan, OPERS invests employer contributions to provide a formula retirement benefit similar in nature to, but less than, the Traditional Pension Plan benefit. Member contributions, the investment of which is self-directed by the members, accumulate retirement assets in a manner similar to the Member-Directed Plan.

Regional Income Tax Agency

Notes to the Basic Financial Statements

December 31, 2012 and 2011

Note 11: Pension Plans – Ohio Public Employees Retirement System (continued)

OPERS provides retirement, disability, survivor and death benefits and annual cost-of-living adjustments to members of the Traditional Pension and Combined Plans. Members of the Member-Directed Plan do not qualify for ancillary benefits. Authority to establish and amend benefits is provided by Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report. Interested parties may obtain a copy by visiting <https://www.opers.org/investments/carfr.shtml>, by writing to OPERS, 277 East Town Street, Columbus, OH 43215-4642, or by calling (614) 222-5601 or (800) 222-7377.

The Ohio Revised Code provides statutory authority for member and employer contributions. For 2012, member and employer contribution rates were consistent across all three plans. The Agency contributed 14 percent of covered payroll and employees contributed 10 percent of covered payroll.

The Agency's required contributions for pension obligations to the Traditional, Combined, and Member-Directed Plans for the years ended December 31, 2012, 2011, and 2010 were \$784,446, \$788,257, and \$798,588, respectively, equal to the required contributions for each year. The full amount has been contributed for all three years.

Note 12: Post-employment Benefits – Ohio Public Employees Retirement System

The Ohio Public Employees Retirement System (OPERS) administers three separate pension plans: the Traditional Pension Plan – a cost-sharing, multiple-employer defined benefit pension plan; the Member-Directed Plan – a defined contribution plan; and the Combined Plan – a cost-sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and defined contribution plan.

OPERS maintains a cost-sharing multiple-employer defined benefit post-employment health care plan, which includes a medical plan, prescription drug program and Medicare Part B premium reimbursement, to qualifying members of both Traditional Pension and the Combined Plans. Members of the Member-Directed Plan do not qualify for ancillary benefits, including post-employment health care coverage.

In order to qualify for post-retirement health care coverage, age-and-service retirees under the Traditional Pension and Combined Plans must have 10 or more years of qualifying Ohio service credit. Health care coverage for disability benefit recipients and qualified survivor benefit recipients is available. The health care coverage provided by OPERS meets the definition of an Other Post-Employment Benefit (OPEB) as described in GASB Statement 45.

The Ohio Revised Code permits, but does not mandate, OPERS to provide OPEB Plan to its eligible members and beneficiaries. Authority to establish and amend the OPEB Plan is provided in Chapter 145 of the Ohio Revised Code.

OPERS issues a stand-alone financial report. Interested parties may obtain a copy by visiting <https://www.opers.org/investments/carfr.shtml>, writing to OPERS, 277 East Town Street, Columbus, OH, 43215-4642, or by calling 614-222-5601 or 800-222-7377.

Regional Income Tax Agency

Notes to the Basic Financial Statements

December 31, 2012 and 2011

Note 12: Postemployment Benefits – Ohio Public Employees Retirement System (continued)

The Ohio Revised Code provides the statutory authority requiring public employers to fund post retirement health care through their contributions to OPERS. A portion of each employer's contribution to OPERS is set aside for the funding of post retirement health care coverage. Employer contribution rates are expressed as a percentage of the covered payroll of active members. In 2012, the Agency contributed at a rate of 14.0 percent of covered payroll, the maximum employer contribution rate permitted by the Ohio Revised Code. Active members do not make contributions to the OPEB Plan.

OPERS' Post Employment Health Care plan was established under, and is administered in accordance with, Internal Revenue Code 401(h). Each year, the OPERS Board of Trustees determines the portion of the employer contribution rate that will be set aside for funding of the post employment health care benefits. The portion of employer contributions allocated to health care for members in the Traditional Plan was 4.0 percent during calendar year 2012. The portion of employer contributions allocated to health care for members in the Combined Plan was 6.05 percent during calendar year 2012. Effective January 1, 2013, the portion of employer contributions allocated to healthcare was lowered to 1 percent for both plans, as recommended by the OPERS Actuary. The OPERS Board of Trustees is also authorized to establish rules for the retiree or their surviving beneficiaries to pay a portion of the health care benefits provided. Payment amounts vary depending on the number of covered dependents and the coverage selected.

The Agency's contributions for health care for the years ended December 31, 2012, 2011, and 2010 were \$313,756, \$315,281, and \$403,506, respectively. The full amount has been contributed for 2012, 2011 and 2010.

Changes to the health care plan were adopted by the OPERS Board of Trustees on September 19, 2012, with a transition plan commencing January 1, 2014. With the recent passage of pension legislation under SB 343 and the approved health care changes, OPERS expects to be able to consistently allocate 4.0 percent of the employer contributions toward the health care fund after the end of the transition period.

Note 13: Risk Management

The Agency is exposed to various risks of loss including employee health care costs, errors and omissions, torts and legal judgments, and damage and destruction of assets.

The Agency carries \$2,000,000 of comprehensive general liability insurance coverage, a \$5,000,000 umbrella policy, as well as insurance coverage for the Agency business interruption and property losses. Settled claims have not exceeded this commercial coverage in any of the past three years and there was no significant reduction in coverage from the prior year. Workers' compensation coverage is provided by the State of Ohio. The Agency pays the State Workers' Compensation System a premium based on a rate per \$100 of salaries. The Agency also provides insurance coverage to provide employee health, dental and life insurance benefits provided by a commercial insurance carrier.

Regional Income Tax Agency

Notes to the Basic Financial Statements

December 31, 2012 and 2011

Note 14: Stabilization Fund

In December 2011, the Board of Trustees adopted a policy establishing a stabilization fund and approved the initial \$669,050 contribution. This policy segregates certain unrestricted funds that can only be used for specific purposes as imposed by a formal action of the Board. At a minimum, the Board annually reviews the balance and determines an amount, if any, to designate to the Stabilization Fund. For 2012, the Board approved a contribution of \$530,950.

Note 15: Fair Value Measurements

In accordance with the “Fair Value Measurements” topic of the FASB ASC, the Agency uses a three-level fair value hierarchy that categorizes assets and liabilities measured at fair value based on the observability of the inputs utilized in the valuation. This hierarchy prioritizes the inputs into three broad levels as follows: Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities; Level 2 inputs are quoted prices for similar assets and liabilities in active markets or inputs that are observable for the asset or liability, either directly or indirectly; and Level 3 inputs are unobservable inputs in which little or no market data exists, therefore, requiring an entity to develop its own valuation assumptions. These inputs reflect management’s judgment about the assumptions that a market participant would use in pricing the asset and are based on the best available information, which has been internally developed.

In accordance with the “Fair Value Measurements” topic of the FASB ASC, the Agency has elected to not apply the provisions of topic 820, as discussed in paragraph 820-10-15-1A of the FASB ASC, to non-financial assets and liabilities, except for those items that are recognized or disclosed at fair value in an entity’s financial statements on a recurring basis.

Financial assets consisted of the following for 2012 and 2011:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>12/31/2012</u>
STAROhio	\$ 3,620,963	\$ -	\$ -	\$ 3,620,963
Sweep/Money Market Accounts	<u>8,604,685</u>	<u>-</u>	<u>-</u>	<u>8,604,685</u>
	<u>\$ 12,225,648</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 12,225,648</u>
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>12/31/2011</u>
STAROhio	\$ 2,954,165	\$ -	\$ -	\$ 2,954,165
Sweep/Money Market Accounts	<u>7,645,849</u>	<u>-</u>	<u>-</u>	<u>7,645,849</u>
	<u>\$ 10,600,014</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 10,600,014</u>

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Agency believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note to the Supplementary Information

December 31, 2012

Budgetary Process

Although not required under the Ohio Revised Code, an annual operating budget, which lapses at the end of each year, is adopted for management purposes. The budget is adopted for the proprietary fund on the same accounting basis used to reflect actual revenues and expenses. The Executive Director is authorized to expend the budget amounts; however, any change between the departments, line items or in the total amount budgeted for a particular fund requires the approval of the Board of Trustees of the Agency.

Statistical Section

(Unaudited)

Statistical Section

This portion of the Agency's Comprehensive Annual Financial Report presents detailed information in a context for further understanding of the information in the financial statements, note disclosures and required supplementary information.

Financial Trends – This schedule contains trend information to assist the reader in understanding how the Agency has performed financially over time.

Revenues – These schedules contain information on the Agency's revenues.

Operating Information – These schedules contain information on Agency operations.

Debt Capacity – This schedule shows the Agency's Ratio of Debt.

Economic and Demographic Information – These schedules offer economic and demographic indicators for each municipality.

Sources: Unless otherwise noted, the information in these schedules is derived from the Comprehensive Annual Financial Reports for the relevant year.

Note: Above amounts are the net collections for the period January 1 to December 31 of the respective years.

(A) Municipality joined the Regional Council of Governments during the year in which tax collections began. All years prior to joining are accordingly left blank.

(B) Municipality left the Regional Council of Governments during the year in which tax collections ended. All years subsequent are left blank.

(C) Taxable activity in area is under development.

(D) Municipality has eliminated income tax. The Agency has continued to administer prior period taxes as necessary.

**Independent Auditor's Report on Internal Control over Financial Reporting and on
Compliance and Other Matters Based on an Audit of Financial Statements
Performed in Accordance with *Government Auditing Standards***

Regional Income Tax Agency
Brecksville, Ohio

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities and the aggregate remaining fund information of the Regional Income Tax Agency (the "Agency") as of and for the year ended December 31, 2012, and the related notes to the financial statements, which collectively comprise the Agency's basic financial statements, and have issued our report thereon dated June 19, 2013, wherein we noted that the Agency implemented Governmental Accounting Standards Board (GASB) Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*, and GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities*, and restated their December 31, 2011 net position of the business-type activities, as disclosed in Note 3.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Agency's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Agency's internal control. Accordingly, we do not express an opinion on the effectiveness of the Agency's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Agency's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Regional Income Tax Agency
Brecksville, Ohio

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Agency's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Agency's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Agency's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
