Dave Yost • Auditor of State

Treasurer of State Lease Revenue Bonds
30 E. Broad Street, 9th Floor
Columbus, Ohio 43215

We have reviewed the *Independent Auditors' Report* of the Treasurer of State Lease Revenue Bonds, Franklin County, prepared by Schneider Downs & Co., Inc., for the audit period July 1, 2012 through June 30, 2013. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The Treasurer of State Lease Revenue Bonds is responsible for compliance with these laws and regulations.

A handwritten signature in black ink that reads "Dave Yost".

INDEPENDENT AUDITORS' REPORT

Treasurer of State of Ohio
Columbus, Ohio

Report on the Financial Statements

We have audited the accompanying financial statements of the Debt Service Funds as held in the name of the Treasurer of the State of Ohio (the Funds) of the Higher Education Capital Facilities, Mental Health Facilities, Parks and Recreation Facilities, Cultural and Sports Facilities, Department of Rehabilitation and Correction, Department of Youth Services, Department of Public Safety, and the Department of Administrative Services Lease Revenue Bonds Governed by the Ohio Revised Code Chapter 154 (the Obligations), as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the State of Ohio's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based upon our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting principles used and the reasonableness of significant estimates made by management, as well as evaluating the overall presentation of the financial statement presentation.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material aspects, the respective financial position of the Funds as of June 30, 2013, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on Pages 3 through 7 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, which considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

As discussed in Note 1, the financial statements present only the Funds and do not purport to, and do not, present fairly the financial position of the Treasurer of the State of Ohio (which is part of the reporting entity of the State of Ohio) as of June 30, 2013, and the changes in its financial position for the year then ended in conformity with accounting principles generally in the United States of America.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Funds, financial statements as a whole. The supplementary information is presented for purposes of additional analysis and is not a required part of the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 30, 2013 on our consideration of the Fund's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Funds internal control over financial reporting and compliance.

Schneider Downs & Co., Inc.

Columbus, Ohio
September 30, 2013

STATE OF OHIO
CHAPTER 154 LEASE REVENUE OBLIGATIONS
Management's Discussion and Analysis
As of and For the Year Ended June 30, 2013
(UNAUDITED)

This section of the annual financial report for the Chapter 154 Lease Revenue Obligations presents management's discussion and analysis of financial performance during the year ended June 30, 2013. The management's discussion and analysis section should be read in conjunction with the Chapter 154 Lease Revenue Obligations debt service funds' financial statements, which follow. Chapter 154 refers to a chapter in the Ohio Revised Code (Ohio's statutes) titled, *Financing for Certain Capital Facilities*.

FINANCIAL HIGHLIGHTS

- As of June 30, 2013, total debt service fund assets exceeded liabilities by \$13.0 million. The total combined ending fund balance, which is restricted for debt service, decreased by \$49.1 million during fiscal year 2013.
- For fiscal year 2013, other financing sources from lease principal payments from state agency-lessees totaled \$213.8 million, and lease interest revenue was reported at \$80.8 million.
- During fiscal year 2013, the Treasurer of State issued \$58.0 million in new bonds with a total premium of \$7.2 million and \$142.4 million in refunding bonds with a total premium of \$25.6 million. In addition, \$259.5 million in bond principal and \$87.4 million in bond interest were paid to bondholders.

OVERVIEW OF THE FUND FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the Chapter 154 Lease Revenue Obligations debt service funds' financial statements. The fund financial statements include a Balance Sheet, a Statement of Revenues, Expenditures and Changes in Fund Balances, and accompanying notes.

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Governmental fund financial statements have a focus on near-term inflows and outflows of spendable resources and on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

The Treasurer of State uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All eight of the debt service funds listed below fall under the governmental fund classification:

- Higher Education Capital Facilities Bond Service Fund
- Mental Health Facilities Bond Service Fund
- Parks and Recreation Facilities Bond Service Fund
- Cultural and Sports Facilities Bond Service Fund
- State Correctional Facilities Bond Service Fund
- Administrative Facilities Bond Service Fund
- Juvenile Correctional Facilities Bond Service Fund
- Highway Safety Facilities Bond Service Fund

Debt service funds, by definition, account for resources accumulated and payments made for principal and interest on long-term debt. The financial statements for the funds listed above can be found on Pages 8 to 10 of this report. The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the fund financial statements. The notes to the financial statements can be found on Pages 11 to 17 of this report.

In addition, supplementary financial information follows the notes. Supplementary financial information, which can be found on Pages 19 to 33, provides additional information that is considered to be useful to certain users of the financial statements.

(UNAUDITED)

FINANCIAL ANALYSIS OF THE CHAPTER 154 LEASE REVENUE OBLIGATIONS DEBT SERVICE FUNDS

A comparative balance sheet analysis follows:

Balance Sheet
Comparative Analysis
(Dollars in 000s)

	<u>As of</u> <u>06/30/13</u>	<u>As of</u> <u>06/30/12</u>	<u>Percentage</u> <u>Change</u>
ASSETS:			
Cash and Investments.....	\$ 497	\$ 2,698	-81.6%
Receivable from State Agencies:			
Lease Principal.....	1,808,325	2,019,085	-10.4%
Lease Interest.....	23,513	22,195	5.9%
TOTAL ASSETS.....	<u>1,832,335</u>	<u>2,043,978</u>	
LIABILITIES:			
Accounts Payable.....	279	225	24.0%
Deferred Revenue.....	1,819,078	1,981,653	-8.2%
TOTAL LIABILITIES.....	<u>1,819,357</u>	<u>1,981,878</u>	
FUND BALANCES:			
Restricted for Debt Service.....	12,978	62,100	-79.1%
TOTAL FUND BALANCES.....	<u>12,978</u>	<u>62,100</u>	
TOTAL LIABILITIES			
AND FUND BALANCES.....	<u>\$ 1,832,335</u>	<u>\$ 2,043,978</u>	

The significant decrease in lease principal receivable and deferred revenue at June 30, 2013 compared to June 30, 2012 is the result of a combination of the Treasurer issuing new bonds and refunding bonds, and the continued payoff of outstanding bond principal and bond service principal payments exceeding new debt issuances bond proceeds. The decrease in cash and investments at June 30, 2013 are primarily the result of cash paid on bond issuance costs and administrative costs.

The following tables compare debt service fund revenues, expenditures, other financing sources/(uses) and extraordinary items reported for fiscal year 2013 with fiscal year 2012 results:

STATE OF OHIO
CHAPTER 154 LEASE REVENUE OBLIGATIONS
Management's Discussion and Analysis (Continued)
As of and For the Year Ended June 30, 2013
(UNAUDITED)

Revenue
Comparative Analysis
(Dollars in 000s)

	Fiscal Year 2013	Percent of Total 2013 Revenue	Fiscal Year 2012	Percent Change
Lease Interest from State Agencies.....	\$ 80,808	99.0%	\$ 57,258	41.1%
Administrative Fees.....	854	1.0%	709	20.5%
Other Income.....	-	0.0%	2	-100.0%
TOTAL REVENUES.....	\$ 81,662	100.0%	\$ 57,969	

As the above table indicates, 99.0% of debt service fund revenues for fiscal year 2013 were comprised of lease interest. Lease interest from state agencies increased for fiscal year 2013 primarily due to a combination of the Treasurer issuing new bonds and refunding bonds, and the corresponding increase in debt service expenditures for bond interest paid.

Expenditures
Comparative Analysis
(Dollars in 000s)

	Fiscal Year 2013	Percent of Total 2013 Expenditures	Fiscal Year 2012	Percent Change
Administrative Costs.....	\$ 846	0.2%	\$ 703	20.3%
Debt Service:				
Principal.....	259,525	74.3%	163,025	59.2%
Interest.....	87,370	25.0%	60,077	45.4%
Bond Issue Costs.....	1,851	0.5%	1,049	76.5%
TOTAL EXPENDITURES.....	\$ 349,592	100.0%	\$ 224,854	

As the table above shows, 99.3% of total reported expenditures for fiscal year 2013 were for debt service payments (principal and interest). Principal and interest expenditures for fiscal year 2013 were more than fiscal year 2012 by 59.2 and 45.4%, respectively, due to the Treasurer issuing new bonds and refunding bonds in fiscal year 2013 that exceeded amounts issued in fiscal year 2012. Bond issuance costs increased for fiscal year 2013 primarily due to the costs associated with the two new money bond issuances and the two refunding bond issuances.

STATE OF OHIO
CHAPTER 154 LEASE REVENUE OBLIGATIONS
Management's Discussion and Analysis (Continued)
As of and For the Year Ended June 30, 2013
(UNAUDITED)

Other Financing Sources/(Uses) and Extraordinary Item
Comparative Analysis
(Dollars in 000s)

	Fiscal Year 2013	Fiscal Year 2012	Percent Change
Lease Principal Payments			
from State Agencies.....	\$ 213,835	\$ 166,775	28.2%
Bond Proceeds:			
Principal.....	58,000	32,700	77.4%
Premium.....	7,216	2,835	154.5%
Refunding Bond Proceeds:			
Principal.....	142,445	77,160	84.6%
Premium.....	25,553	13,901	83.8%
Payments to Refunding Escrow Agent	(166,695)	(90,260)	84.7%
Financing Provided to			
State Agencies Under Leases.....	(61,546)	(33,246)	85.1%
TOTAL OTHER			
FINANCING SOURCES/(USES).....	<u>\$ 218,808</u>	<u>\$ 169,865</u>	
Extraordinary Item.....	<u>-</u>	<u>507</u>	100.0%

The increase in new money bond proceeds (principal and premium) and financing provided to state agencies under leases are the result of two bond issuances in fiscal year 2013 compared to one bond issuance in fiscal year 2012. The increase in refunding bond proceeds (principal and interest) and payments to refunding escrow agent are the result of two larger refunding issuances, involving eight series of bonds, during the 2013 fiscal year compared to the two smaller refunding issuances, involving eight series of bonds, in fiscal year 2012.

The extraordinary item is related to the Treasurer replacing the Ohio Building Authority in all matters relating to the issuance of obligations for the financing of capital facilities for housing branches and agencies of State government and taking over all of the duties, powers, obligations and functions relating to bonds previously issued by the Ohio Building Authority during fiscal year 2012. This amount represents the fund balances that were transferred to the Treasurer.

BUDGETARY HIGHLIGHTS

None of the debt service funds presented in the fund financial statements is required to have a legally adopted budget, and therefore, no budgetary comparisons have been included in this report.

STATE OF OHIO
CHAPTER 154 LEASE REVENUE OBLIGATIONS

As of and For the Year Ended June 30, 2013
(UNAUDITED)

ECONOMIC FACTORS

- Generally, interest rates affect the pricing of new bond issues. Currently the Federal Open Market Committee (FOMC) at the Federal Reserve has decided to keep its target for the federal funds rate 0% to 0.25%.
- The balances of Chapter 154 Lease Revenue Bonds authorized, but unissued, as of June 30, 2013, were as follows (dollars in thousands):

<u>Bond Type</u>	<u>Authorized, but Unissued</u>
Higher Education Facilities	\$ -
Mental Health Facilities	153,915
Parks and Recreation Facilities	23,000
Cultural and Sports Facilities	13,310
State Correctional Facilities	743,415
Administrative Facilities	626,860
Juvenile Correctional Facilities	124,165
Highway Safety Facilities	37,715
Total	<u>\$ 1,722,380</u>

CONTACTING THE TREASURER OF STATE'S FINANCIAL MANAGEMENT

This financial report is designed to provide an overview of the financial activities of the Chapter 154 Lease Revenue Obligations. If you have questions about this report or need additional financial information, please contact the Deputy Director of Debt Management, Ohio Treasurer of State's Office, 30 East Broad Street, 9th Floor, Columbus, Ohio 43215.

(Dollars in thousands)

NOTE 1 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accompanying debt service fund financial statements for the Chapter 154 Lease Revenue Obligations have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles, which are included in the GASB's *Codification of Governmental Accounting and Financial Reporting Standards*. Significant accounting policies are as follows:

A. Reporting Entity

In 1969, the Ohio General Assembly enacted Chapter 154, Ohio Revised Code, pursuant to Section 2i of Article VIII of the Ohio Constitution. This constitutional provision authorizes the issuance of revenue and other obligations, the owners and holders of which are not given the right to have excises or taxes levied by the General Assembly for payment of principal or interest.

The Ohio Public Facilities Commission (Commission) was created at that time and was initially authorized to issue obligations of the State of Ohio to pay costs of capital facilities for (a) state-supported and state-assisted higher education institutions, (b) mental hygiene and retardation, and (c) parks and recreation. Under Section 154.23, Ohio Revised Code, enacted in 1980, the Commission was also authorized to issue obligations to pay costs of capital facilities for the housing of branches and agencies of state government. The General Assembly, however, never granted specific dollar authorization to the Commission to issue obligations for this additional purpose, and in 2000, Section 154.23, Ohio Revised Code, was repealed.

Effective on September 14, 2000, Amended Substitute House Bill 640 reassigned the issuing authority and functions of the Commission with respect to the obligations to the Ohio Treasurer of the State (Treasurer). The Treasurer succeeded the Commission as issuer with all responsibilities and obligations under the bond proceedings relative to the previously issued obligations. Under the authority of this legislation, the Treasurer has the authority to issue obligations only in such amounts as are previously authorized by the General Assembly, and the proceeds are to be applied only to capital improvements designated by or pursuant to action by the General Assembly. The financing arrangements for such obligations for capital improvements so designated involve separate bond proceedings and lease arrangements between the Commission (its only remaining responsibility relating to the obligations) and the respective state agencies, including the Ohio Board of Regents for higher education facilities, the Department of Mental Health and the Department of Developmental Disabilities for mental health facilities, and the Department of Natural Resources for parks and recreation facilities.

Pursuant to House Bill 16, which became effective on July 1, 2005, all matters relative to the issuance of obligations for the financing of Cultural and Sports Facilities, including all related obligations previously issued by the Ohio Building Authority under Chapter 152, Ohio Revised Code, were transferred to the Treasurer, including the lease agreements with the Cultural Facilities Commission. Subsequent to July 1, 2005, all new issuances of Cultural and Sports Facilities bonds were to be governed by the provisions of Chapter 154, Ohio Revised Code, as previously described above.

Amended Substitute House Bill No. 153, as enacted by the General Assembly and effective January 1, 2012, provided that the Treasurer replace the Ohio Building Authority (the Authority) in all matters relating to the issuance of obligations for the financing of capital facilities for housing branches and agencies of State government. The legislation also provided that the Treasurer succeeds to all of the duties, powers, obligations and functions of the Authority relating to bonds previously issued by the Authority.

NOTE 1 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

As part of the Treasurer succeeding in all matters of the Authority, the Treasurer assumed the following:

Bureau of Workers' Compensation ("BWC") – In October 1993, the Authority issued \$214,255 of bonds at rates from 3.3% to 5.1%, with payments due through 2014 on behalf of the Bureau of Workers' Compensation ("BWC"). In May 2003, the Authority issued \$142,500 of refunding bonds at rates from 2.0% to 5.0% to completely refund the bonds issued in 1993. The Authority retained title to BWC's facility and is authorized to be transferred to the Treasurer by Amended Substitute House Bill No. 153 described above, however; as of June 30, 2013, title has yet to be transferred.

Since BWC is a proprietary component unit of the State of Ohio, its financial statements report the assets and debt previously financed through the Authority (and subsequently the Treasurer). Accordingly, the Treasurer's Debt Service Fund does not include BWC's facility. At June 30, 2013, \$15,200 of BWC bonds were outstanding.

Community College Intercept Program - In August 2010, the Authority issued \$20,145 of bonds at rates from 2.0% to 5.97%, with payments due through 2030 on behalf of Stark State College, and, in October 2010, the Authority issued \$9,525 of bonds at rates from 1.5% to 6.17%, with payments due through 2035 on behalf of Clark State Community College (collectively, the "Colleges"). In fiscal year 2013, the Treasurer of State issued \$4,125 of bonds at rates from 2.0% to 4.0%, with payments due through 2033 on behalf of Rhodes State College. Since the Colleges are a proprietary component unit of the State of Ohio, its financial statements report the assets and debt financed through the Authority or Treasurer. Accordingly, the Treasurer's Debt Service Fund financial statements do not include the College's activity. At June 30, 2013, \$31,680 of College bonds were outstanding.

The Treasurer of State, a constitutional member of the State's executive branch who is separately elected, is considered to be part of the primary government within the State of Ohio's financial reporting entity. In addition, the Ohio Public Facilities Commission, a legally separate organization from the State, meets the definition of a component unit of the State of Ohio's financial reporting entity, since the voting majority of its governing board is composed of state elected and appointed officials, and the Commission provides services entirely, or almost entirely, to the State or otherwise exclusively, or almost exclusively, benefits the State. Consequently, the debt service fund financial statements presented herein are also included in the State of Ohio's Comprehensive Annual Financial Report (CAFR) and are reported as part of the State of Ohio's primary government, as explained further in Note 4.

B. Fund Accounting and Basis of Presentation

The Debt Management Section of the Treasurer of State's Office uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts.

Transactions related to certain functions or activities are reported in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information about the debt service activities of the Chapter 154 Lease Revenue Obligations at a more detailed level. In governmental accounting, debt service funds are classified as governmental funds.

Governmental fund financial statements include a Balance Sheet and a Statement of Revenues, Expenditures and Changes in Fund Balances.

The following debt service funds are presented in separate columns in the fund financial statements:

Higher Education Facilities Bond Service Fund — This fund accounts for the debt service activities of the Higher Education Facilities Lease Revenue Bonds issued under the authority of Chapter 154, Ohio Revised Code.

**STATE OF OHIO

NOTE 1 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Mental Health Facilities Bond Service Fund — This fund accounts for the debt service activities of the Mental Health Lease Revenue Bonds issued under the authority of Chapter 154, Ohio Revised Code.

Parks and Recreation Facilities Bond Service Fund — This fund accounts for the debt service activities of the Parks and Recreation Facilities Lease Revenue Bonds issued under the authority of Chapter 154, Ohio Revised Code.

Cultural and Sports Facilities Bond Service Fund — This fund accounts for the debt service activities of the Cultural and Sports Facilities Lease Revenue Bonds issued under the authority of Chapter 154, Ohio Revised Code. These bonds were previously issued by the Ohio Building Authority under Chapter 152 of the Ohio Revised Code.

State Correctional Facilities Bond Service Fund — This fund accounts for the debt service activities of the State Correctional Facilities Lease Revenue Bonds authorized by Chapter 154, Ohio Revised Code. These bonds were previously issued by the Ohio Building Authority under Chapter 152 of the Ohio Revised Code.

Administrative Facilities Bond Service Fund — This fund accounts for the debt service activities of the Administrative Facilities Lease Revenue Bonds authorized by Chapter 154, Ohio Revised Code. These bonds were previously issued by the Ohio Building Authority under Chapter 152 of the Ohio Revised Code.

Juvenile Correctional Facilities Bond Service Fund — This fund accounts for the debt service activities of the Juvenile Correctional Facilities Lease Revenue Bonds authorized by Chapter 154, Ohio Revised Code. These bonds were previously issued by the Ohio Building Authority under Chapter 152 of the Ohio Revised Code.

Highway Safety Facilities Bond Service Fund — This fund accounts for the debt service activities of the Highway Safety Facilities Lease Revenue Bonds authorized by Chapter 154, Ohio Revised Code. These bonds were previously issued by the Ohio Building Authority under Chapter 152 of the Ohio Revised Code.

C. Measurement Focus and Basis of Accounting

The debt service funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the Balance Sheet. The Statement of Revenues, Expenditures and Changes in Fund Balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources.

The debt service funds use the modified accrual basis of accounting. On a modified accrual basis, revenue, including lease interest, and other financing sources, pertaining to lease principal receipts, are recorded in the fiscal year in which the resources are measurable and become available. "Available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Revenues and other financing sources are considered to be available when they are collectible within 60 days of the fiscal year-end.

In governmental fund financial statements, leases receivable and deferred amounts are used to account for leases. Only the portion of lease receivables that represents other financing sources that are measurable and available is recognized in the debt service funds. The remainder, or the noncurrent portion, of the receivable is deferred.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as amortization, are not recognized in the debt service funds.

**STATE OF OHIO
CHAPTER 154 LEASE REVENUE OBLIGATIONS**

Debt Service Funds

Notes to the Financial Statements

As of and for the Year Ended June 30, 2013

(Dollars in thousands)

NOTE 1 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Principal and interest on general long-term debt are recorded as fund liabilities when due or when amounts have been accumulated in the debt service funds for payments to be made in the subsequent fiscal year, soon after June 30 (i.e., generally within less than one month of year-end).

D. Budget

None of the debt service funds presented in the fund financial statements is required to have a legally adopted budget, and therefore, no budgetary comparisons have been included in this report.

E. Leases

Receivables are reported for principal and interest due under lease agreements between the Ohio Public Facilities Commission and the state agencies that are required to make the payments. Lease principal and interest receivable not collectible within 60 days are reported as deferred revenue. Additional disclosures on lease-related receivables can be found in Note 3.

F. Fund Balance

Fund balance reserved for debt service represents amounts that are legally segregated for debt service.

G. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities as of the date of the financial statements and reported amounts of revenues and expenditures during the reported period. Actual results could differ from those estimates.

NOTE 2 — DEPOSITS AND INVESTMENTS

As of June 30, 2013, the total carrying amount of deposits was \$438; the bank balance of \$438 was entirely insured or collateralized.

Investments are carried at amortized cost, which approximates market value. Investments are restricted to U.S. government or agency obligations thereof (and funds consisting exclusively of, and repurchase agreements secured by, those obligations), obligations of the State of Ohio or any political subdivision thereof, the State Treasury Asset Reserve of Ohio (STAR Ohio), and certificates of deposit of any national bank located in Ohio and certain other banks incorporated in Ohio and subject to inspection by the Superintendent of Institutions. Investment income is credited to the debt service fund from which the investment is made.

STAR Ohio is an investment pool managed by the Treasurer of State, which allows Ohio governments to pool funds for investment purposes. STAR Ohio is not registered with the Securities Exchange Commission as an investment company, but does operate in a manner similar to Rule 2a7 of the Investment Company Act of 1940. Investments in STAR Ohio are held in the State's name and are valued at the pool's share price, which is the price the investment could be sold for on June 30, 2013. Investment balances held, as of June 30, 2013, are as follows:

			Investment Maturity 12 Months or Less
	Rating	Fair Value	
Star Ohio	AAA	\$ 59	\$ 59

**STATE OF OHIO
CHAPTER 154 LEASE REVENUE OBLIGATIONS**

Debt Service Funds

Notes to the Financial Statements

As of and for the Year Ended June 30, 2013

(Dollars in thousands)

NOTE 3 — LEASES

The primary sources of payments, as contemplated under the respective bond and note proceedings, for meeting bond interest and principal requirements and establishing and maintaining any funded "required reserve" and meeting any note interest and principal (partial) requirements, are rentals paid to the Treasurer by the following from moneys appropriated for such purposes by the General Assembly:

- Ohio Board of Regents – Higher Education Facilities
- Ohio Department of Mental Health and Ohio Department of Developmental Disabilities – Mental Health Facilities
- Ohio Department of Natural Resources – Parks and Recreation Facilities
- Ohio Cultural Facilities Commission – Cultural and Sports Facilities
- Ohio Department of Administrative Services – Administrative Facilities
- Ohio Department Rehabilitation and Correction – State Correctional Facilities
- Ohio Department of Youth Services – Juvenile Correctional Facilities
- Ohio Department of Public Safety – Highway Safety Facilities

The respective obligations of each of the nine State agencies to make such rental payments pursuant to the respective leases with the Ohio Public Facilities Commission are expressly made subject to the availability of appropriations for such purposes. Each lease terminates when the Treasurer has paid or retired all of the bonds or bond anticipation notes contemplated by that lease for the respective category of facilities.

For the 2012-13 biennium, the 129th General Assembly appropriated the amounts necessary from the General Revenue Fund to meet the payments required under such leases. The appropriated amounts and the lease amounts paid during fiscal year 2013 are detailed in the schedule, below. Such amounts were paid into the Treasurer's respective Bond Service Funds that are established to receive rental and other payments and to make payments of bond service charges (principal and interest).

	<u>Appropriations</u>	<u>Rent Paid to Treasurer of State</u>
Ohio Board of Regents – Higher Education Facilities	\$ 140,785	\$ 57,614
Ohio Department of Mental Health and Ohio Department of Developmental Disabilities – Mental Health Facilities	76,604	31,096
Ohio Department of Natural Resources – Parks and Recreation Facilities	40,303	18,683
Ohio Cultural Facilities Commission – Cultural and Sports Facilities	56,270	26,038
Ohio Department of Rehabilitation and Correction – State Correctional Facilities	147,165	99,868
Ohio Department of Administrative Services – Administrative Facilities	136,764	80,990
Ohio Department of Youth Services – Juvenile Correctional Facilities	37,452	25,697
Ohio Department of Public Safety – Highway Safety Facilities	12,294	2,270

There were additional unappropriated funds available to supplement the rental payments required under the respective bond proceedings for the payment of the lease revenue obligations. These funds were composed of interest earnings, accrued interest, and original issue premium on bond sales.

**STATE OF OHIO
CHAPTER 154 LEASE REVENUE OBLIGATIONS**

Debt Service Funds

Notes to the Financial Statements

As of and for the Year Ended June 30, 2013

(Dollars in thousands)

NOTE 3 — LEASES (Continued)

The respective bond service accounts under the trust agreements for the bonds are restricted to payments of principal and interest on the bonds issued and outstanding under those respective trust agreements. No debt service reserve funds have been established for the outstanding Chapter 154 lease revenue bonds.

As of June 30, 2013, future payments to be received from the state agencies responsible for making the requisite payments under the lease agreements are detailed in the following schedule by debt service fund.

**Schedule of Future Payments

Total Deferred Revenue as of June 30, 2013	<u>\$ 667,572</u>	<u>\$ 149,275</u>	<u>\$ 15,359</u>	<u>\$ 1,819,078</u>

NOTE 4 — CONSOLIDATION OF DEBT SERVICE FUND BALANCES IN THE STATE OF OHIO'S CAFR

The Ohio Office of Budget and Management will consolidate the accompanying financial statements of the debt service funds in the financial statements presented in the State of Ohio's CAFR as of and for the year ended June 30, 2013.

When the debt service funds' financial statements are consolidated at the state level, the leases receivable, both principal and interest, and deferred revenue balances will not be reported on the State's balance sheet for governmental funds, since the lease agreements are between organizations included within the State's primary government.

The accounting treatment at the state level is in conformity with the guidance provided in Section L20 of the GASB's *Codification of Governmental Accounting and Financial Reporting Standards*.

NOTE 5 — CHANGE IN ACCOUNTING PRINCIPLE

GASB Statement No. 63 "Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position" standardizes the presentation of deferred outflows of resources and deferred inflows of resources and their effects on a government's net position. The implementation of this statement did not have a significant effect on the financial statements of the debt service funds.

NOTE 6 — SUBSEQUENT EVENT

On July 24, 2013, the Treasurer of State issued new Administrative Facilities Bonds (Series 2013B) with a principal amount of \$50,000 and original issue premium of \$2,775. The Treasurer of State used the proceeds to provide financing for construction of new Administrative Facilities, \$50,000, and pay bond issuance costs, \$444, with the remainder, \$2,331, being deposited into the Administrative Facilities Bond Service Fund for future debt service.

STATE OF OHIO
CHAPTER 154 LEASE REVENUE OBLIGATIONS
Reconciliation Schedule Between the Balance Sheet
and the Schedule of Net Position
As of June 30, 2013
(Dollars in 000s)

Fund Balance per Debt Service Funds' Balance Sheet **\$ 12,978**

Amounts reported in the Schedule of Net Position are different from the Balance Sheet because:

Other long-term assets are not available to pay for current period expenditures and therefore are reported as unavaliabile revenue in the debt service fund.

Leases Receivable from State Agencies:

Principal	1,796,729
Interest	22,349
	1,819,078

Some of the other financing sources collected during the year are not available to pay for current period expenditures and, therefore, are unearned

Capitalized Interest on Issued Bonds	(3,104)
--------------------------------------	---------

The following are not financial resources, and therefore are not reported in the fund.

Unamortized Lease Premium/Discount, Net	68,930
Unamortized Bond Issue Costs	8,878
	77,808

The following liabilities are not due and payable in the current period, and therefore, are not reported in the debt service funds.

Bonds Payable	(1,886,134)
Bond Interest Payable	(20,626)
	(1,906,760)

Net Position per Schedule of Net Position **\$ -**

STATE OF OHIO
CHAPTER 154 LEASE REVENUE OBLIGATIONS
Reconciliation Schedule Between
the Statement of Revenues, Expenditures and Changes in Fund Balances
and the Schedule of Activities
For the Fiscal Year Ended June 30, 2013
(Dollars in 000s)

Net Change in Fund Balance per Debt Service Funds'
Statement of Revenues, Expenditures and Changes in Fund Balances **\$ (49,122)**

Amounts reported in the Schedule of Activities is different from the Debt Service Funds' Statement of Revenue, Expenditures and Changes in Fund Balances because:

Lease interest revenues, other financing sources from lease principal receipts, and other unearned revenues are unavailable revenue in the debt service funds. During fiscal year 2013, deferred revenue changed by the following amounts.

Lease Principal	(165,069)
Lease Interest	2,495
Deferred Revenue	(1,166)
	(163,740)

Increases and decreases in unamortized lease premiums/discounts are not reported in the debt service funds

Unamortized Lease Premium/Discount, Net	6,732
	6,732

Debt proceeds provide current financial resources to the debt service funds, but issuing debt increases long-term liabilities in the Schedule of Net Position. In the current period, proceeds were received from:

Bonds	(58,000)
Refunding Bonds	(142,445)
Premiums	(27,213)
Deferred Amount on Refunding	10,027
	(217,631)

Repayments of long-term debt are reported as expenditures in the debt service funds, but the repayments reduce long-term liabilities in the Schedule of Net Position. During the fiscal year, these amounts consisted of:

Bond Defeasances	151,680
Scheduled Debt Principal Retirements	259,525
	411,205

Some expenses reported in the Schedule of Activities are not reported as expenditures in the debt service funds. Under the modified accrual basis of accounting used for debt service funds, expenditures are not recognized for transactions that are not normally paid with expendable available financial resources. In the Schedule of Activities, however, which is presented on the accrual basis, expenses and liabilities are reported regardless of when financial resources are available. In addition, interest on long-term debt is not recognized under the modified accrual basis of accounting until due, rather than as it accrues. This adjustment combines the changes in the following balances:

Increase/(Decrease) in Unamortized Bond Issue Costs	(727)
Decrease in Bond Interest Payable	2,102
Amortization of Bond Premiums/Accretion of Bond Discounts, Net	18,595
Amortization of Deferred Refunding Amount	(7,414)
	12,556

Change in Net Position per Schedule of Activities **\$ -**

As of June 30, 2013
(Dollars in 000s)

Outstanding Chapter 154 Lease Revenue Obligations as of June 30, 2013 are in the form of fully registered bonds that mature in various amounts and at various dates and bear interest payable semiannually at various interest rates. The bonds mature after specified dates and are subject to redemption prior to maturity, in whole or in part, in inverse order of maturity. The redemption price varies from 100% to 102%, dependent upon the terms of the particular series of the bonds and the redemption date.

As of June 30, 2013, the Chapter 154 Lease Revenue Obligations had the following credit ratings assigned by the major bond rating agencies:

	Fitch	Moody's	Standard & Poor's
Higher Education Facilities	AA+	Aa1	AA+
Mental Health Facilities	AA	Aa2	AA
Parks and Recreation Facilities	AA	Aa2	AA
Cultural and Sports Facilities	AA	Aa2	AA
State Correctional Facilities	AA	Aa2	AA
Administrative Facilities	AA	Aa2	AA
Juvenile Correctional Facilities	AA	Aa2	AA
Highway Safety Facilities	AA	Aa2	AA

Through June 30, 2013, the Ohio General Assembly has authorized issuance of Chapter 154 Lease Revenue Obligations, including bonds and bond anticipation notes for capital facilities, in the following amounts:

Type of Bond	Amount
Higher Education Facilities*	\$4,817,590
Mental Health Facilities	1,541,000
Parks and Recreation Facilities	431,000
Cultural and Sports Facilities.....	518,000
State Correctional Facilities.....	1,993,000
Administrative Facilities.....	1,711,000
Juvenile Correctional Facilities.....	317,000
Highway Safety Facilities	143,000
Total Authorization	\$11,471,590

* Includes transfers of subsequent issuing authority from special obligations (lease revenue) to general obligations for higher education capital facilities.

Details on bonds issued through June 30, 2013 are displayed in the following tables. Bond amounts issued in accordance with the above authorizations amounts are listed under the "Original Issues at Par" column. Bond issue authorization limits do not apply to advance refunding issues. The final maturity dates and average effective interest rates reported on the following tables represent data valid at the time of the original issue; this data has not been adjusted for the effects of any advance refunding issues that occurred subsequent to the original bond series issue.

STATE OF OHIO
CHAPTER 154 LEASE REVENUE OBLIGATIONS
Schedule of Current and Advance Refunding Issues and Prior Years' Defeasances
As of and For the Year Ended June 30, 2013
(Dollars in 000s)

Current and Advance Refunding Issues

During fiscal year 2013, two advance refunding issues were transacted whereby the Treasurer defeased lease revenue bond issues. The net proceeds of the refunding bonds, after payment of underwriting fees and bond issue costs, were deposited in escrow with a trustee pending the bond's maturity or call date. A resulting economic gain or loss from an advance refunding represents the difference between the present values of the debt service payments on the old and new debt. Details on the advanced refunding bond transactions are discussed below.

- A.** On March 7, 2013, the Treasurer refunded portions of five series of previously issued bonds to reduce the State's total debt service payments by issuing \$82,585 of refunding bonds (2013B Mental Health Facilities Bonds, 2013B Cultural and Sports Capital Facilities Bonds, and 2013A State Correctional Facilities Bonds). The overall transaction resulted in an economic gain of \$8,840 and issuance cost of \$732. The refunding resulted in the Treasurer decreasing its total debt service payments over the life of the bonds by \$10,119.

2013B Mental Health Facilities Bonds – The 2013B Mental Health Facilities Bonds, with an average interest rate of 4.59%, refunded \$15,955 in principal, plus interest of the 2004B Mental Health Facilities Bonds due on June 1, 2015-2016 and 2005A Mental Health Facilities Bonds due on August 1, 2015-2019. The refunded bonds had an average interest rate of 4.52%.

2013B Cultural and Sports Capital Facilities Bonds – The 2013B Cultural and Sports Capital Facilities Bonds, with an average interest rate of 4.77%, refunded \$20,955 in principal, plus interest of the 2003A Arts Facilities Building Fund Bonds due on April 1, 2014 – 2018 and 2005A Cultural and Sports Capital Facilities Bonds due on April 1, 2016 – 2020. The refunded bonds had an average interest rate of 4.90%.

2013A State Correctional Facilities Bonds – The 2013A State Correctional Facilities Bonds, with an average interest rate of 5.00%, refunded \$51,075 in principal, plus interest of the 2004A State Correctional Facilities Bonds due on April 1, 2024 and 2005A State Correctional Facilities Bonds due on April 1, 2016-2025. The refunded bonds had an average interest rate of 4.89%.

- B.** On April 11, 2013, the Treasurer refunded portions of three series of previously issued bonds to reduce the State's total debt service payments by issuing \$59,860 of refunding bonds (2013A Parks and Recreation Bonds and 2013A Administrative Facilities Bonds). The overall transaction resulted in an economic gain of \$6,639 and issuance cost of \$556. The refunding resulted in the Treasurer decreasing its total debt service payments over the life of the bonds by \$8,028.

2013A Parks and Recreation Bonds – The 2013A Parks and Recreation Bonds, with an average interest rate of 3.43%, refunded \$11,025 in principal, plus interest of the 2004A Parks and Recreation Bonds due on December 1, 2014 and 2005A Parks and Recreation Bonds due on February 1, 2016-2020. The refunded bonds had an average interest rate of 5.01%.

2013A Administrative Facilities Bonds – The 2013A Administrative Facilities Bonds, with an average interest rate of 4.95%, refunded \$52,670 in principal, plus interest of the 2005A Administrative Facilities Bonds due on April 1, 2016 – 2025. The refunded bonds had an average interest rate of 5.00%.

STATE OF OHIO

Schedule of Current and Advance Refunding Issues and Prior Years' Defeasances
As of and For the Year Ended June 30, 2013 (continued)

(Dollars in 000s)

Prior Years' Defeasances

The Treasurer has defeased certain Chapter 154 Lease Revenue Obligations by placing the proceeds of new bonds in irrevocable trusts to provide for all future debt service payments on the old bonds. Accordingly, the various trust accounts' assets and liabilities for the defeased bonds are not included in the financial statements of the Chapter 154 Lease Revenue Obligations. The following table details advance refunded bonds, which are considered to be defeased and no longer outstanding as of June 30, 2013 that were refunded in fiscal year 2013 and prior.

<u>Refunded Issue</u>	<u>Principal Yet to be Paid as of June 30, 2013</u>	<u>Scheduled Redemption Date</u>

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Treasurer of State of Ohio
Columbus, Ohio

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the Debt Service Funds as held in the name of the Treasurer of the State of Ohio (the Funds) of the Higher Education Capital Facilities, Mental Health Facilities, Parks and Recreation Facilities, Cultural and Sports Facilities, Department of Rehabilitation and Correction, Department of Youth Services, Department of Public Safety, and the Department of Administrative Services Lease Revenue Bonds Governed by the Ohio Revised Code Chapter 154 as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the Funds' basic financial statements, and have issued our report thereon dated September 30, 2013. The financial statements present only the State Lease Revenue Bonds and do not purport to, and do not, present fairly the financial position of the Treasurer of the State of Ohio, which is part of the reporting entity of the State of Ohio.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Fund's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control. Accordingly, we do not express an opinion on the effectiveness of the Fund's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Funds' financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Fund's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Fund's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
