#### INDEPENDENT AUDITOR'S REPORT

City of Germantown Montgomery County 75 North Walnut Street Germantown, Ohio 45327

To the Mayor and City Council:

#### Report on the Financial Statements

We have audited the accompanying modified cash-basis financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Germantown, Montgomery County, Ohio (the City) as of and for the years ended December 31, 2014 and 2013, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

## Management's Responsibility for the Financial Statements

Management is responsible for preparing and fairly presenting these financial statements in accordance with the modified cash accounting basis Note 2 describes. This responsibility includes determining that the modified cash accounting basis is acceptable for the circumstances. Management is also responsible for designing, implementing and maintaining internal control relevant to preparing and fairly presenting financial statements that are free from material misstatement, whether due to fraud or error.

## Auditor's Responsibility

Our responsibility is to opine on these financial statements based on our audit. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the City's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the City's internal control. Accordingly, we express no opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinions.

City of Germantown Montgomery County Independent Auditor's Report Page 2

## **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective modified cash financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Germantown, Montgomery County, Ohio, as of December 31, 2014 and 2013, and the respective changes in modified cash financial position for the years then ended in accordance with the accounting basis described in Note 2.

#### **Accounting Basis**

Ohio Administrative Code § 117-2-03(B) requires the City to prepare its annual financial report in accordance with accounting principles generally accepted in the United States of America. We draw attention to Note 2 of the financial statements, which describes the basis applied to these statements. The financial statements are prepared on the modified cash basis of accounting, which is a basis other than generally accepted accounting principles. We did not modify our opinion regarding this matter.

## **Emphasis of Matter**

As discussed in Note 13 to the financial statements, during 2013, the City has elected to change its financial presentation to a modified cash basis comparable to the requirements of *Governmental Accounting Standards*. We did not modify our opinion regarding this matter.

#### Other Matters

Supplemental Information

Our audit was conducted to opine on the financial statements taken as a whole.

The budgetary schedules are management's responsibility, and derives from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. We subjected these schedules to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling these schedules directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and in accordance with auditing standards generally accepted in the United States of America. In our opinion, these schedules are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

#### Other Information

We applied no procedures to Management's Discussion & Analysis as listed in the table of contents. Accordingly, we express no opinion or any other assurance on it.

City of Germantown Montgomery County Independent Auditor's Report Page 3

## Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 28, 2016, on our consideration of the City's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

**Dave Yost** Auditor of State

Columbus, Ohio

October 28, 2016

City of Germantown, Ohio Management's Discussion and Analysis For the Year Ended December 31, 2014 (Unaudited)

This discussion and analysis of the City of Germantown, Ohio's (the City) financial performance provides an overall review of the City's financial activities for the year ended December 31, 2014, within the limitations of the City's modified cash basis accounting. Readers should also review the basic financial statements and notes to enhance their understanding of the City's financial performance.

#### **Highlights**

Key highlights for 2014 are as follows:

- The City's total net position increased \$647,168.
- Net position of governmental activities increased \$337,887, net position of business-type activities increased by \$309,281.
- The General Fund reported a net change in fund balance of (\$91,206).
- Business-type operations reflected operating income of \$77,883.

## **Using the Basic Financial Statements**

This annual report is presented in a format consistent with the presentation requirements of Governmental Accounting Standards Board Statement No. 34, as applicable to the City's modified cash basis of accounting.

#### **Report Components**

The statement of net position and the statement of activities provide information about the cash activities of the City as a whole.

Fund financial statements provide a greater level of detail. Funds are created and maintained on the financial records of the City as a way to segregate money whose use is restricted to a particular specified purpose. These statements present financial information by fund, presenting funds with the largest balances or most activity in separate columns.

The notes to the financial statements are an integral part of the government-wide and fund financial statements and provide expanded explanation and detail regarding the information reported in the statements.

#### **Basis of Accounting**

The basis of accounting is a set of guidelines that determine when financial events are recorded. The City has elected to present its financial statements on a modified cash basis of accounting. This basis of accounting is a basis of accounting other than generally accepted accounting principles. Under the City's modified cash basis of accounting, receipts and disbursements are recorded when cash is received or paid.

As a result of using the modified cash basis of accounting, certain assets and their related receipts (such as accounts receivable) and certain liabilities and their related disbursements (such as accounts

City of Germantown, Ohio Management's Discussion and Analysis For the Year Ended December 31, 2014 (Unaudited)

payable) are not recorded in the financial statements. Therefore, when reviewing the financial information and discussion within this report, the reader must keep in mind the limitations resulting from the use of the modified cash basis of accounting.

## Reporting the City as a Whole

The statement of net position and the statement of activities reflect how the City did financially during 2014, within the limitations of modified cash basis accounting. The statement of net position presents the cash balances and investments of the governmental and business-type activities of the City at year end. The statement of activities compares cash disbursements with program receipts for each governmental program and business-type activity. Program receipts include charges paid by the recipient of the program's goods or services and grants and contributions restricted to meeting the operational or capital requirements of a particular program. General receipts are all receipts not classified as program receipts. The comparison of cash disbursements with program receipts identifies how each governmental function or business-type activity draws from the City's general receipts.

These statements report the City's cash position and the changes in cash position. Keeping in mind the limitations of the modified cash basis of accounting, you can think of these changes as one way to measure the City's financial health. Over time, increases or decreases in the City's cash position is one indicator of whether the City's financial health is improving or deteriorating. When evaluating the City's financial condition, you should also consider other nonfinancial factors as well such as the City's property tax base, the condition of the City's capital assets and infrastructure, the extent of the City's debt obligations, the reliance on non-local financial resources for operations and the need for continued maintenance and possibly growth in the major local receipt sources such as property and income taxes.

In the statement of net position and the statement of activities, we divide the City into two types of activities:

**Governmental activities** - Most of the City's basic services are reported here, including police, streets and parks. State and federal grants and income and property taxes finance most of these activities. Benefits provided through governmental activities are not necessarily paid for by the people receiving them.

**Business-type activities** - The City has many business-type activities, including water, sewer, refuse, stormwater, swimming pool, utility deposit and recreation. Business-type activities are financed by a fees charged to the customers receiving the service.

#### **Reporting the City's Most Significant Funds**

Fund financial statements provide detailed information about the City's major funds – not the City as a whole. The City establishes separate funds to better manage its many activities and to help demonstrate that money that is restricted as to how it may be used is being spent for the intended purpose. The funds of the City are split into three categories: governmental, proprietary and fiduciary. The City does not have any fiduciary funds.

Governmental Funds - Most of the City's activities are reported in governmental funds. The governmental fund financial statements provide a detailed view of the City's governmental operations and the basic services it provides. Governmental fund information helps determine

whether there are more or less financial resources that can be spent to finance the City's programs. The City's significant governmental funds are presented on the financial statements in separate columns. The information for nonmajor funds (funds whose activity or balances are not large enough to warrant separate reporting) is combined and presented in total in a single column. The City's major governmental funds are the General Fund, Emergency Medical Services Fund, the Fire Services Fund, and Street Capital Improvement. The programs reported in governmental funds are closely related to those reported in the governmental activities section of the entity-wide statements. We describe this relationship in reconciliations presented with the governmental fund financial statements.

Proprietary Funds – When the City charges customers for the services it provides, these services are generally reported in proprietary funds. When the services are provided to the general public, the activity is reported as an enterprise fund. The City has seven enterprise funds: water, sewer, refuse, stormwater, swimming pool, utility deposit and recreation.

## The City as a Whole

Table 1 provides a summary of the City's net position for 2014 compared to 2013 on a modified cash basis:

Tab	1 ما	_	N	et l	P۱	ns	iti	ior	า

able I - Net rosition

Change in Net Position	337,887	553,540	309,281	(205,868)	647,168	347,672	
Net Position - Beginning of Year	3,560,634	3,007,094	855,477	1,061,345	4,416,111	4,068,439	
Net Position - End of Year	\$3,898,521	\$3,560,634	\$1,164,758	\$855,477	\$5,063,279	\$4,416,111	

Governmental Activities program receipts represent only 34% of total receipts and are primarily comprised of Operating Grants.

Governmental Activities general receipts represent 66% of the City's total receipts, and of this amount, over 16% are from taxes receipts. Other receipts are somewhat unpredictable receipt sources mainly because it includes debt proceeds.

Disbursements for General Government represent the overhead costs of running the City and the

City of Germantown, Ohio Management's Discussion and Analysis For the Year Ended December 31, 2014 (Unaudited)

support services provided for the other City activities.

Public Safety is the cost of fire protection and police protection; and Transportation is the cost of maintaining the roads.

#### **Governmental Activities**

Receipts generated by the Property Tax represent approximately 16% of the City's governmental activities general receipts.

General Government includes legislative and executive disbursements. The City provides general government services, maintenance of City roads and fire services. Capital Grants and Contributions decreased mainly due to all of the grants being receipted in 2013. Transportation disbursements decreased mainly due to a decrease in street repairs.

## The City's Funds

The City has four major governmental funds: the General, Emergency Medical Services, Fire Services and Street Capital Improvement Funds. Assets of these funds comprised \$2,595,360 (67%) of the total governmental fund assets.

**General Fund**: Fund balance at December 31, 2014 was \$961,989 a decrease in fund balance of \$91,206 from 2013. The general fund had a decrease in fund balance mainly due to a decrease in taxes revenue received.

**Emergency Medical Services Fund**: Fund balance at December 31, 2014 was \$837,018, an increase of \$235,873 from 2013. The increase was mainly due to there being a transfer out of \$200,000 in 2013.

**Fire Services Fund**: Fund balance at December 31, 2014 was \$709,804, an increase in fund balance of \$110,060 from 2013. The increase was mainly due to there being a transfer out of \$100,000 in 2013.

**Street Capital Improvement Fund**: Fund balance at December 31, 2014 was \$86,549, a decrease in fund balance of \$164,087 from 2013. The decrease was mainly due to an decrease in grants monies received.

Space Intentionally Left Blank

## Debt

The City had \$7,340,387 in long-term debt with \$697,829 due in one year.

City of Germantown, Ohio Management's Discussion and Analysis For the Year Ended December 31, 2014 (Unaudited)

#### **General Fund Budgeting Highlights**

The City's budget is prepared according to Ohio law and is based upon accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The most significant budgeted fund is the General Fund.

During 2014, the City amended its General Fund budget once to reflect changing circumstances. Final budgeted receipts were above original budgeted receipts due to better than property tax and intergovernmental collections. The difference between final budgeted receipts and actual receipts was \$3,187, due mostly to a slight understatement of income taxes.

Final disbursements were budgeted at \$2,699,787 while actual disbursements were \$2,551,799. These variations in the budget were due to the overstating of general government disbursements.

## **For the Future**

The challenge for all local governments is to provide quality services to the public while staying within the restrictions imposed by limited and, in some cases, shrinking funding. The City relies heavily on property and income taxes. The City continues to monitor levels of spending in all areas.

#### **Contacting the City's Financial Management**

This financial report is designed to provide our citizens, taxpayers, investors, and creditors with a general overview of the City's finances and to reflect the City's accountability for the monies it receives. Questions concerning any of the information in this report or requests for additional information should be directed to the Finance Director at 75 North Walnut Street, Germantown, OH 45327.

#### Note 1 – Description of the Entity

## **Description of the Entity**

The City of Germantown, Montgomery County, (the City) is a body corporate and politic established to exercise the rights and privileges conveyed to it by the constitution and laws of the State of Ohio. Pursuant to the provisions of Article XVIII of the Constitution of Ohio, the voters of the City adopted a charter for the government of the City in 2010. The form of government provided in the charter is known as the Mayor-Council-Manager. Council is made up of seven members elected by the qualified voters of the City at large; six are council members elected and one is separately elected Mayor. Council appoints a City Manager who is responsible to Council for the administration of all City affairs. The City provides water and sewer utilities, refuse services, park operations, pool operations, police, fire and emergency medical services.

#### **Reporting Entity**

A reporting entity is comprised of the primary government, component units, and other organizations that are included to ensure that the financial statements are not misleading. The primary government of the City consists of all funds, departments, boards, and agencies that are not legally separate from the City. For the City, this includes general operations, water, sewer, refuse, recreation, police, fire and emergency medical services.

Component units are legally separate organizations for which the City is financially accountable. The City is financially accountable for an organization if the City appoints a voting majority of the organization's governing board and (1) the City is able to significantly influence the programs or services performed or provided by the organization; or (2) the City is legally entitled to or can otherwise access the organization's resources; the City is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the City is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the City, in that the City approves the budget, the issuance of debt, or the levying of taxes. Based on this criterion, the City has no discretely presented component unit in the basic financial statements.

The City participates in the Public Entities Pool of Ohio (PEP). Pep is a public entity risk pool, which operates as a jointly governed organization. PEP provides property and casualty coverage for its members. Note 10 to the financial statements provide additional information regarding PEP.

## Note 2 – Summary of Significant Accounting Policies

These financial statements are presented on a modified cash basis of accounting. This modified cash basis of accounting differs from accounting principles general accepted in the United States of America (GAAP). Generally accepted accounting principles include all the relevant Governmental Accounting Standards Board (GASB) pronouncements, which have been applied to the extent they are applicable to the modified cash basis of accounting.

Ohio Administrative Code, Section 117-2-03 (B), requires the City to prepare its annual financial report in accordance with generally accepted accounting principles. However, the City prepared its financial statements on a modified cash basis, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. The accompanying financial

statements omit assets, liabilities, net position/fund balances, and disclosures that, while material, cannot be determined at this time. The City can be fined and various other administrative remedies may be taken against the City

#### **Fund Accounting**

The City uses funds to maintain its financial records during the fiscal year. Fund accounting is designed to demonstrate legal compliance and to aid management by segregating transactions related to certain City functions or activities. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The various funds of the City are grouped into the category governmental.

#### **Governmental Funds**

Governmental funds are those through which most governmental functions of the City are financed. Governmental funds focus on the sources, uses, and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance.

The following are the City's major governmental funds:

<u>General Fund</u> – This fund is the operating fund of the City and is used to account for all financial resources, except those required to be accounted for in another fund. The General Fund is available to the City for any purpose provided it is expended or transferred according to the general laws of Ohio.

<u>Emergency Medical Services</u> – To account for the activities of the Emergency Medical Services Department of the City.

<u>Fire Services</u> – To account for the activities of the Fire Department of the City.

<u>Street Capital Improvement</u> – To accumulate construction costs for the City's Street Capital Improvement capital projects fund.

The other governmental funds of the City account for grants and other resources of the City whose use is restricted to a particular purpose.

#### Proprietary Funds

Proprietary fund reporting focuses on changes in net position, financial position and cash flows. Proprietary funds are classified as either enterprise or internal service. The City does not have an internal service fund.

<u>Enterprise Funds</u> - Enterprise funds may be used to account for any activity for which a fee is charged to external users for goods or services. The following are the City's major enterprise funds:

<u>Water Fund</u> – This fund accounts for provision of water treatment and distribution to the residents and commercial users of the water system.

<u>Sewer Fund</u> - The sewer fund accounts for the provision of sanitary sewer service to the residents and commercial users located within the City.

<u>Refuse Fund</u> - The refuse fund accounts for the provision of refuse service to the residents and commercial users located within the City.

## **Basis of Presentation**

#### Government-wide Financial Statements

The statement of net position - modified cash basis and the statement of activities - modified cash basis display information about the City as a whole. These statements include the financial activities of the primary government, except for fiduciary funds.

The government-wide statement of activities compares disbursements with program receipts for each function or program of the City's governmental activities. These disbursements are those that are specifically associated with a service, program or department and are therefore clearly identifiable to a particular function. Program receipts include charges paid by the recipient of the goods or services offered by the program and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Receipts which are not classified as program receipts are presented as general receipts of the City. The comparison of direct disbursements with program receipts identifies the extent to which each business segment or governmental function is self-financing on the modified cash basis or draws from the general receipts of the City.

## **Fund Financial Statements**

The fund financial statements report more detailed information about the City. The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Fund statements present each major fund in a separate column and aggregate non-major funds in a single column. Fiduciary funds are reported by fund type.

## **Equity in Pooled Cash and Investments**

To improve cash management, cash received by the City is pooled. Monies for all funds are maintained in this pool. Individual fund integrity is maintained through the City's records. Each fund's interest in the pool is presented as "Equity in Pooled Cash and Cash Equivalents" on the basic financial statements.

Except for nonparticipating investment contracts, investments are reported at fair value which is based on quoted market prices. Nonparticipating investment contracts such as nonnegotiable certificates of deposits and repurchase agreements are reported at cost.

Following Ohio statutes, the City has, by resolution, specified the funds to receive an allocation of interest earnings. Interest receipts during the fiscal year amounted to \$28,150 credited to the general fund.

#### **Inventory and Prepaid Items**

The City reports disbursements for inventory and prepaid items when paid. These items are not reflected in the accompanying financial statements under the modified cash basis of accounting.

## **Capital Assets**

Acquisitions of property, plant and equipment are recorded as disbursements when paid. These items are not reflected in the accompanying financial statements under the modified cash basis of accounting.

#### **Unpaid Vacation and Sick Leave**

Employees are entitled to cash payments for unused vacation and sick leave in certain circumstances, such as upon leaving employment. Unpaid vacation and sick leave are not reflected as liabilities under the modified cash basis of accounting used by the City.

## **Interfund Activity**

During the course of normal operations, the City has numerous transactions between funds, including expenditures and transfers of resources to provide services and improve assets. Operating subsidies are recorded as operating transfers. The classification of amounts recorded as subsidies, advances or equity contributions is based on the intent of the City at the time of the transaction.

#### **Employer Contributions to Cost-Sharing Plans**

The City recognizes the disbursement for employer contributions to cost-sharing pension plans when they are paid. As described later in the notes, the employer contributions include portions for pension benefits and for postretirement health care benefits.

## **Fund Balance**

In accordance with Governmental Accounting Standards Board Statement No. 54, *Fund Balance Reporting*, the City classifies its fund balance based on the purpose for which the resources were received and the level of constraint placed on the resources. The following categories are used:

Nonspendable – resources that are not in spendable form or have legal or contractual requirements to maintain the balance intact.

Restricted – resources that have external purpose restraints imposed on them by providers, such as creditors, grantors, or other regulators.

Committed – resources that are constrained for specific purposes that are internally imposed by the government at its highest level of decision making authority, City Council.

Assigned – resources that are intended to be used for specific purposes as approved through the City's formal purchasing procedure by the Finance Director.

Unassigned – residual fund balance within the General Fund that is not restricted, committed, or assigned. In other governmental funds, the unassigned classification is used only to report a deficit cash balance resulting from incurred expenses for specific purposes exceeding amounts which had been restricted, committed or assigned for said purposes.

The City considers committed, assigned, and unassigned fund balances, respectively, to be spent when disbursements have incurred for purposes for which any of the unrestricted fund balance classifications could be used.

#### **Net Position**

Net position is reported as restricted when enabling legislation or creditors, grantors or laws or regulations of other governments have imposed limitations on its use. The City first applies restricted resources when a disbursement is incurred for purposes for which both restricted and unrestricted net cash position are available.

#### Note 3 – Equity in Pooled Cash and Investments

## **Deposits**

Custodial credit risk is the risk that in the event of a bank failure, the City's deposits may not be returned to it. The City's policy for deposits is any balance not covered by depository insurance will be collateralized by the financial institutions with pledged securities. As of December 31, 2014, \$2,016,276 of the City's bank balance of \$5,144,211 was exposed to custodial risk because it was uninsured and collateralized with securities held by the pledging financial institution's trust department or agent, but not in the City's name.

Ohio Revised Code Chapter 135, Uniform Depository Act, authorizes pledging of pooled securities in lieu of specific securities. Specifically, a designated public depository may pledge a single pool of eligible securities to secure repayment of all public monies deposited in the financial institution, provided that all times the total value of the securities so pledged is at least equal to 105% of the total amount of all public deposits secured by the pool, including the portion of such deposits covered by any federal deposit insurance.

## Investments

As of December 31, 2014, the City had the following investments:

		Weighted Average
Investment Type	Fair Value	Maturity (Years)
Money Market Funds	\$14,275	0.00

Interest Rate Risk - In accordance with the investment policy, the City manages its exposure to declines in fair values by limiting the weighted average maturity of its investment portfolio to five years, unless matched to a specified obligation or debt of the City.

Credit Risk – It is the City's policy to limit its investments that are obligations of the U.S. Government or

obligations explicitly guaranteed by the U.S. Government to investments which have the highest credit quality rating issued by nationally recognized statistical rating organizations. The City's investments in money market funds were not rated by Standard and Poor's.

Concentration of Credit Risk – The City's investment policy allows investments in Federal Government Securities or Instrumentalities. The City has invested 100% of the City's investments in in money market funds.

Custodial Credit Risk is the risk that in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. All of the City's securities are either insured and registered in the name of the City, or at least registered in the name of the City.

#### Note 4 – Property Tax

Property taxes include amounts levied against all real and public utility property located in the City. Property tax receipts received during 2014 for real and public utility property taxes represents collections of 2013 taxes.

2014 real property taxes are levied after October 1, 2014, on the assessed value as of January 1, 2014, the lien date. Assessed values are established by State law at 35 percent of appraised market value. 2014 real property taxes are collected in and intended to finance 2015.

Real property taxes are payable annually or semi-annually. If paid annually, payment is due December 31; if paid semi-annually, the first payment is due December 31, with the remainder payable by June 20. Under certain circumstances, State statute permits later payment dates to be established.

Public utility tangible personal property currently is assessed at varying percentages of true value; public utility real property is assessed at 35 percent of true value. 2014 public utility property taxes, which became a lien December 31, 2013, are levied after October 1, 2014, and are collected in 2015 with real property taxes.

The assessed values of real property and public utility tangible property upon which 2014 property tax receipts were based are as follows:

Real Property	\$87,954,190
Public Utility Personal	1,554,400
Total Valuation	\$89,508,590

The County Treasurer collects property taxes on behalf of all taxing districts in the county, including the City. The County Auditor periodically remits to the City its portion of the taxes collected.

## Note 5 – Local Income Tax

The City levies a municipal income tax of 1.25% percent on substantially all earned income arising from employment, residency, or business activities within the City as well as certain income of residents earned outside of the City.

Employers within the City withhold income tax on employee compensation and remit the tax to the City either monthly or quarterly, as required. Corporations and other individual taxpayers pay estimated taxes quarterly and file a declaration annually.

## Note 6 – Short-Term Debt

Short-term debt outstanding at December 31, 2014 was as follows:

	Beginning			Ending
	Balance	Additions	Deletions	Balance
Governmental Activities:				
St Route 4 Note	\$335,000	\$0	(\$335,000)	\$0
Cherry St. Improvement Notes	180,000	0	(180,000)	0
E. Market Street Note	174,000	0	(174,000)	0
W. Market Street Improvement Phase 1 Note	450,000	0	(450,000)	0
	1,139,000	0	(1,139,000)	0
Business Activities:	_			
Water Meters Notes	412,000	0	(412,000)	0
E. Market Street Note	319,000	0	(319,000)	0
E. Market Street Note	87,000	0	(87,000)	0
	\$818,000	\$0	(\$818,000)	\$0

The City paid off the short term debt that was used to fund the St Route 4 project. The debt was repaid from the general fund.

The City paid off short term debt that was used to fund the Cherry St. Improvement project. The debt was repaid from the general fund.

The City paid off short term debt short term debt that was used to fund the East/West Market Street project. The debt was repaid from the general, water, and sewer funds.

The City paid off short term debt that was used to fund the Water Meters project. The debt was repaid from the water fund.

The City issued new short term debt to fund the West Market Street Improvement-Phase 1 project. The debt will be repaid from revenues of the City's street capital improvement fund.

#### Note 7 – Long-Term Debt

Long-term debt outstanding at December 31, 2014 was as follows:

Outstanding OPWC noted (Project #CD08J) consist of a loan to fund the East Market Street Hill Phase I Project. The debt will be repaid from revenues of the City's general fund.

Outstanding OPWC notes (Project #CD02J) consist of a loan to fund the North Walnut Street Reconstruction Project. The debt will be repaid from revenues of the City's general fund.

Outstanding OPWC notes (Project #CD04J) consist of a loan to fund the Cherry Street Phase I Project. The debt will be repaid from revenues of the City's general fund.

Outstanding OPWC notes (Project #CD06J) consist of a loan to fund the Cherry Street Phase II Project. The debt will be repaid from revenues of the City's general fund.

Outstanding OPWC notes (Project #CD09P) consist of a loan to fund the Cherry Street Phase III Project.

The debt will be repaid from revenues of the City's general fund.

Outstanding OPWC notes (Project #CD02L) consist of a loan to fund the Dayton Pike Resurfacing Project. The debt will be repaid from revenues of the City's general fund.

Outstanding OPWC notes (Project #CD14L) consist of a loan to fund the Dayton Pike Water Storage Tank Project. The debt will be repaid from revenues of the City's water fund.

Outstanding OPWC notes (Project #CD11Q) consist of a loan to fund the Sanitary Sewer Rehabilitation-Phase I. The debt will be repaid from revenues of the City's sewer system.

Outstanding OPWC notes (Project #CD22Q) consist of a loan to fund the West Market Street Phase I Project. The debt will be repaid from revenues of the City's water system.

Outstanding OPWC notes (Project #CT08F) consist of a loan to fund the Water Booster Station Improvements. The debt will be repaid from revenues of the City's water system.

Outstanding OPWC notes (Project #CT08D) consist of a loan to fund the Hillcrest Drive Sewer Improvement. The debt will be repaid from revenues of the City's sewer system.

All OPWC notes are interest free, except for Project #CT08F and Project #CT08D, which are 1% interest.

Municipal Building Rehabilitation Bonds consist of bonds issued for the purpose of constructing a new municipal building. General Obligations are direct obligations of the City for which the City's full faith and credit are pledged and are payable from taxes levied on all taxable property in the City.

Hickory Pointe and St. / Rt. Hickory Pointe Bonds consist of general obligation bonds issued for the Hickory Pointe public infrastructure improvements. The Hickory Pointe bonds will be repaid from payment in lieu of taxes revenues from the hickory pointe TIF district fund and St. / Rt. Hickory Pointe Bonds will be paid from the street capital improvement fund and sewer fund.

Weaver Road Bonds consist of general obligation bonds issued for Weaver Road improvements. The debt will be repaid from revenues of the City's water system.

Dry Run Sewer Improvement Bonds were issued as a result of the Sanitary Sewer Improvement Bonds being partially refunded in 2007. These bonds were for the improvement of the City's sewer system. Property and revenue of the City's sewer system has been pledged to repay this debt.

Cherry Street Improvements Bonds were issued to make improvements on Cherry Street. These bonds will be paid from the general fund.

Water Meter Bonds were issued to make improvements to the water meters throughout the City. These bonds will be paid from water fund.

East Market Street Improvement Bonds were issued to make improvements on the water and sewer systems on East Market Street. These bonds will be paid from the general, water and sewer funds.

West Market Street Improvements-Phase 1 Bonds were issued to make various improvements on West Market Street. These bonds will be paid from the street capital improvement fund.

Water Chemical Feed Building / Silt Removal Bonds were issued to build a chemical feed building and also to remove silt for the water system of the City. These bonds will be paid from the water fund.

Engineering Water and Sewer Bonds were issued to help with the engineering aspect of the water and sewer systems throughout the City. These bonds will be paid from the water and sewer funds.

Mortgage Revenue Bonds are for the improvement of the water system for the City. Property and revenue of the City's water system has been pledged to repay this debt.

On February 2014, all outstanding BAN's were replaced by long term General Obligation Bonds.

The outstanding Weaver Road improvements bonds were paid off in 2014.

Amortization of the above debt, including interest, is scheduled as follows:

	General Obli	gation Bonds	Mortgage Revenue Bonds		OPWC Loans	
Year	Principal	Interest	Principal	Interest	Principal	Interest
2015	\$480,000	\$161,286	\$60,000	\$28,500	\$157,976	\$1,271
2016	505,000	141,147	63,000	25,500	158,111	1,139
2017	225,000	119,850	66,000	22,350	155,662	1,007
2018	235,000	111,532	69,000	19,050	141,829	874

#### Note 8 – Pension Plans

## **Ohio Public Employees Retirement System**

Ohio Public Employees Retirement System (OPERS) administers three separate pension plans, a Traditional Pension Plan (TP), a Member-Directed Plan (MD) and a Combined Plan (CO). The TP Plan is a cost-sharing multiple-employer defined benefit pension plan. The MD Plan is a defined contribution plan in which member invests both member and employer contributions (employer contributions vest over five years at 20% per year). Under the MD Plan, members accumulate retirement assets equal to the value of member and (vested) employer contributions plus any investment earnings. The CO Plan is a cost sharing, multiple-employer defined benefit pension plan. Under the CO Plan, OPERS invests employer contributions to provide a formula retirement benefit similar in nature to the TP Plan benefit. Member contributions, the investment of which is self-directed by the members, accumulate retirement assets in a manner similar to the MD Plan.

OPERS provides retirement, disability, survivor and death benefits and annual cost of living adjustments to members of the TP and CO Plans. Members of the MD Plan do not qualify for the ancillary benefits. Authority to establish and amend benefits is provided in Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report. Interested parties may obtain a copy by writing to the OPERS, 277

East Town Street, Columbus, Ohio 43215-4642 or by calling 614-222-5601 or 800-222-7377, or by visiting the OPERS website at www.opers.org.

The Ohio Revised Code provides statutory authority for member and employer contributions. Plan members and employer contributions rates were consistent across all three plans. Plan members are required to contribute 10% of their annual covered salary to fund pension obligations. The employer pension contribution rate for the City is 14% of covered payroll. The contribution rates are determined actuarially. The City's required contributions to OPERS for the years ended December 31, 2014, 2013 and 2012 were \$114,060, \$113,153 and \$110,572, respectively. The full amount has been contributed for 2014, 2013 and 2012.

#### **Ohio Police and Fire Pension Fund**

The City contributes to the Ohio Police and Fire Pension Fund (OP&F), a cost-sharing multiple employer defined benefit pension plan. OP&F provides retirement and disability pension benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefit provisions are established by the Ohio State Legislature and are codified in Chapter 742 of the Ohio Revised Code. OP&F issues a publicly available financial report that includes financial information and required supplementary information. That report may be obtained by writing to OP&F, 140 East Town Street, Columbus, Ohio 43215-5164, or by visiting the OP&F website at <a href="https://www.op-f.org">www.op-f.org</a>.

From January 1, 2014 through July 1, 2014, plan members are required to contribute 10.75% of their annual covered salary. From July 2, 2014 through December 31, 2014, plan members are required to contribute 11.5% of their annual covered salary, while employers (the City) are required to contribute 19.5% for police officers and 24.0% for firefighters. The City's contributions to OP&F for the years ending December 31, 2014, 2013 and 2012 were \$117,591, \$114,840, \$115,232, respectively. The full amount has been contributed for 2014, 2013 and 2012.

## Note 9 – Post Employment Benefits

## **Ohio Public Employees Retirement System**

#### Plan Description

Ohio Public Employees Retirement System (OPERS) administers three separate pension plans: The Traditional Pension Plan – a cost sharing, multiple-employer defined benefit pension plan; the Member-Directed Plan – a defined contribution plan; and the Combined Plan – a cost sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and defined contribution plan.

OPERS maintains a cost-sharing multiple employer defined benefit post-employment healthcare plan, which includes a medical plan, prescription drug program and Medicare Part B premium reimbursement, to qualifying members of both the Traditional Pension and the Combined Plans. Members of the Member-Directed Plan do not qualify for ancillary benefits, including post-employment health care coverage.

In order to qualify for post-employment health care coverage, age-and-service retirees under the Traditional Pension and Combined Plans must have 10 or more years of qualifying Ohio service credit. Health care coverage for disability benefit recipients and qualified survivor benefit recipients is available.

The health care coverage provided by OPERS meets the definition of an Other Post Employment Benefit (OPEB) as described in GASB Statement 45. OPERS' eligibility requirements for post-employment health care coverage changed for those retiring on and after January 1, 2015. Please see the Plan Statement in the OPERS 2013 CAFR for details.

The Ohio Revised Code permits, but does not mandate, OPERS to provide OPEB benefits to its eligible members and beneficiaries. Authority to establish and amend benefits is provided in Chapter 145 of the Ohio Revised Code.

OPERS issues a stand-alone financial report. Interested parties may obtain a copy by writing OPERS, 277 East Town Street, Columbus, OH 43215-4642, or by calling 614-222-5601 or 800-222-7377, or by visiting the OPERS website at <a href="https://www.opers.org">www.opers.org</a>.

#### **Funding Policy**

The Ohio Revised Code provides the statutory authority requiring public employers to fund post-retirement health care through their contributions to OPERS. A portion of each employer's contribution to OPERS is set aside for the funding of post-retirement health care benefits.

Employer contribution rates are expressed as a percentage of the covered payroll of active members. In 2014, the City contributed at 14% of covered payroll. The Ohio Revised Code currently limits the employer contribution to a rate not to exceed 14% of covered payroll. Active members do not make contributions to the OPEB Plan.

OPERS' Post-employment Health Care Plan was established under, and is administered in accordance with, Internal Revenue Code section 401(h). Each year, the OPERS Board of Trustees determines the portion of the employer contribution rate that will be set aside for funding of post-employment health care. The portion of employer contributions allocated to health care for members in the Traditional Pension Plan and Combined Plan was 2.0% during calendar year 2014. Effective January 1, 2015, the portion of employer contributions allocated to health care remains at 3.0% for both plans, as recommended by OPERS' actuary. The OPERS Board of Trustees is also authorized to establish rules for the retiree or their surviving beneficiaries to pay a portion of the health care provided. Payment amounts vary depending on the number of covered dependents and the coverage selected.

## <u>Information from City's Records</u>

The rates stated in Funding Policy, above, are the contractually required contribution rates for OPERS. The City's actual contributions for the current year, which were used to fund postemployment benefits, were \$16,288 for 2014, \$8,079 for 2013, and \$31,590 for 2012. The full amount has been contributed for 2014, 2013 and 2012.

## OPERS Board of Trustees Adopt Changes to the Health Care Plan

Changes to the health care plan were adopted by the OPERS Board of Trustees on September 19, 2012, with a transition plan commencing January 1, 2014. With the recent passage of pension legislation under SB 343 and the approved health care changes, OPERS expects to be able to consistently allocate 4 percent of the employer contributions toward the health care fund after the end of the transition

period.

#### **Ohio Police and Fire Pension Fund**

#### Plan Description

The City contributes to the Ohio Police and Fire Pension Fund (OP&F) sponsored healthcare program, a cost sharing, multiple-employer defined post-employment healthcare plan administered by OP&F. OP&F provides healthcare benefits including coverage for medical, prescription drugs, dental, vision, Medicare Part B Premium and long term care to retirees, qualifying benefit recipients and their eligible dependents.

OP&F provides access to post-retirement healthcare coverage for any person who receives or is eligible to receive a monthly service, disability, or survivor benefit check or is a spouse or eligible dependent child of such person. The healthcare coverage provided by OP&F meets the definition of an Other Post Employment Benefit (OPEB) as described in GASB Statement 45.

The Ohio Revised Code allows, but does not mandate, OP&F to provide OPEB benefits. Authority for the OP&F Board of Trustees to provide healthcare coverage to eligible participants and to establish and amend benefits is codified in Chapter 742 of the Ohio Revised Code.

OP&F issues a publicly available financial report that includes financial information and required supplementary information for the Plan. That report may be obtained by writing to OP&F, 140 East Town Street, Columbus, Ohio 43215-5164, or by visiting the OP&F website at <a href="https://www.op-f.org">www.op-f.org</a>.

## **Funding Policy**

The Ohio Revised Code provides for contribution requirements of the participating employers and of plan members to the OP&F (defined benefit pension plan). Participating employers are required to contribute to the pension plan at rates expressed as percentages of the payroll of active pension plan members, currently, 19.5% and 24.0% of covered payroll for police and fire employers, respectively. The Ohio Revised Code states that the employer contribution may not exceed 19.5% of the covered payroll for police employer units and 24.0% of covered payroll for fire employer units. Active members do not make contributions to the OPEB Plan.

OP&F maintains funds for health care in two separate accounts. One for health care benefits under IRS Code Section 115 trust and one for Medicare Part B reimbursements administrated as an Internal Revenue Code 401(h) account, both of which are within the defined benefit pension plan, under the authority granted by the Ohio Revised Code to the OP&F Board of Trustees.

The Board of Trustees is authorized to allocate a portion of the total employer contributions made into the pension plan to the Section 115 trust and Section 401(h) account as the employer contribution for retiree healthcare benefits. The portion of employer contributions allocated to health care was .5% of covered payroll from January 1, 2014 thru December 31, 2014. For the year ended December 31, 2014, the employer contribution allocated to the health care plan was 6.75% of covered payroll. The amount of employer contributions allocated to the healthcare plan each year is subject to the Trustees' primary responsibility to ensure that pension benefits are adequately funded and is limited by the provisions of Sections 115 and 401(h).

The OP&F Board of Trustees also is authorized to establish requirements for contributions to the healthcare plan by retirees and their eligible dependents, or their surviving beneficiaries. Payment amounts vary depending on the number of covered dependents and the coverage selected.

## Information from City's Records

The City's contributions to OP&F for the year ending December 31, 2014 was \$3,057; and was \$18,030 for year ending December 31, 2013; and was approximately \$32,280 for the year ending December 31, 2012, and were allocated to the healthcare plan. The actual contributions for 2014, 2013 and 2012 were 100%

#### Note 10 – Risk Management

The City is exposed to various risks of property and casualty losses, and injuries to employees. The City insures against injuries to employees through the Ohio Bureau of Worker's Compensation.

The City belongs to the Public Entities Pool of Ohio (PEP), a risk-sharing pool available to Ohio local governments. PEP provides property and casualty coverage for its members. American Risk Pooling Consultants, Inc. (ARPCO), a division of York Insurance Services Group, Inc. (York), functions as the administrator of PEP and provides underwriting, claims, loss control, risk management, and reinsurance services for PEP. PEP is a member of the American Public Entity Excess Pool (APEEP), which is also administered by ARPCO. Member governments pay annual contributions to fund PEP. PEP pays judgments, settlements and other expenses resulting from covered claims that exceed the members' deductibles. The PEP's Financial Data is presented below.

# PEP Financial Data As December 31, 2014 and 2013

2014		2013	
\$35,402,177		\$34,411,883	
(12,363,257)		(12,760,194)	
\$23,038,920		\$21,651,689	
2014 475		2013 475	
2014 Approx.	\$13.3	2013 Approx.	\$11.1
	\$35,402,177 (12,363,257) \$23,038,920 2014 475	\$35,402,177 (12,363,257) \$23,038,920 2014 475 2014 Approx. \$13.3	\$35,402,177

The Casualty Coverage assets and retained earnings above include approximately \$11.1 million of unpaid claims to be billed to approximately 475 member governments in the future, as of December 31, 2013. PEP will collect these amounts in future annual contributions billings when PEP'S related liabilities are due for payment. The District's share of these unpaid claims is approximately \$66,000.

The Pool uses reinsurance and excess risk-sharing arrangements to reduce its exposure to loss. These agreements permit recovery of a portion of its claims from reinsurers and a risk-sharing pool; however, they do not discharge the Pool's primary liability for such payments. The Pool is a member of American Public Entity Excess Pool (APEEP), which is also administered by York Risk Pooling Services, Inc. (YORK). APEEP provides the Pool with an excess risk-sharing program. Under this arrangement, the Pool retains insured risks up to an amount specified in the contracts. (At December 31, 2013 the Pool retained \$350,000 for casualty claims and \$100,000 for property claims). The Board of Directors and YORK periodically review the financial strength of the Pool and other market conditions to determine the appropriate level of risk the Pool will retain.

## Note 11 – Interfund Transfers

Transfer activity for the years ending December 31, 2014:

	Transfer In	Transfer Out	Advance In	Advance Out
Major Funds:				
General Fund	\$0	(\$64,807)	\$0	(\$120,000)
Street Capital Improvements	61,787	0	0	0
Refuse Fund	0	0	75,000	0
Other Governmental Funds	3,020	0	45,000	0
Total All Funds	\$64,807	(\$64,807)	\$120,000	(\$120,000)

Transfers represent the allocation of unrestricted receipts collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

The transfers out of the General Fund into the Street Capital Improvements Fund and Other Governmental Funds were made to provide additional resources for current operations and street (capital) improvements throughout the City. The General Fund had an unpaid interfund cash advance, in the amount of \$120,000 for a short-term loan made to Refuse Fund and Other Governmental Funds. This is expected to be repaid to the General Fund.

## Space Intentionally Left Blank

# Note 12 – Fund Balances

Fund balance is classified as nonspendable, restricted, committed, assigned and/or unassigned based primarily on the extent to which the City is bound to observe constraints imposed upon the use of the resources in the governmental funds. The constraints placed on the fund balance for the major governmental funds and all other governmental funds are presented below:

		Emergency		Street	Other	
		Medical	Fire	Capital	Governmental	
Fund Balances	General	Services	Services	Improvements	Funds	Total
Nonspendable						
Unclaimed Monies	\$0	\$0	\$0	\$0	\$0	\$0
Permanent Endowment	0	0	0	0	15,599	15,599

## Note 1 – Budgetary Process

The City's funds are legally required to be budgeted and appropriated. The major documents prepared are the tax budget, the certificate of estimated resources, and the appropriations ordinance, all of which are prepared on the budgetary basis of accounting. The tax budget demonstrates a need for existing or increased tax rates. The certificate of estimated resources establishes a limit on the amount Council may appropriate. The appropriations ordinance is Council's authorization to spend resources and sets annual limits on disbursements plus encumbrances at the level of control selected by Council. The legal level of control has been established by Council at the program or budget center level for the General fund and the fund level for all other budgeted funds.

The certificate of estimated resources may be amended during the year if projected increases or decreases in receipts are identified by the City. The amounts reported as the original budgeted amounts on the budgetary statements reflect the amounts on the certificate of estimated resources when the original appropriations were adopted. The amounts reported as the final budgeted amounts on the budgetary statements reflect the amounts on the final amended certificate of estimated resources issued during the year.

The appropriation ordinance is subject to amendment throughout the year with the restriction that appropriations cannot exceed estimated resources. The amounts reported as the original budgeted amounts reflect the first appropriation ordinance for that fund that covered the entire year, including amounts automatically carried forward from prior years. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by Council during the year.

While the City is reporting financial position, results of operations and changes in fund balance on the modified cash basis of accounting, the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The Schedule of Receipts, Disbursements and Changes in Fund Balances - Budget (Non-GAAP Basis) and Actual presented for the general fund is presented on the budgetary basis to provide a meaningful comparison of actual results with the budget. The major difference between the budget basis and modified cash basis is as follows:

Encumbrances are treated as disbursements (budget) rather than as an assignment of fund balance (modified cash).

The following table summarizes the adjustments necessary to reconcile the modified cash basis statements to the budgetary basis statements for the general, emergency medical services and fire services funds

		Emergency	
		Medical	Fire
	General	Services	Services
Modified Cash Basis	(\$91,206)	\$235,873	\$110,060
Adjustment for Encumbrances	(48,352)	(22,702)	(43,236)
Budget Basis	(\$139,558)	\$213,171	\$66,824

City of Germantown, Ohio Management's Discussion and Analysis For the Year Ended December 31, 2013 Unaudited

This discussion and analysis of the City of Germantown, Ohio's (the City) financial performance provides an overall review of the City's financial activities for the year ended December 31, 2013, within the limitations of the City's modified cash basis accounting. Readers should also review the basic financial statements and notes to enhance their understanding of the City's financial performance.

## **Highlights**

Key highlights for 2013 are as follows:

- The City's total net position increased \$347,672.
- Net position of governmental activities increased \$553,540, net position of business-type activities decreased by \$205,868.
- The General Fund reported a net change in fund balance of (\$258,476).
- Business-type operations reflected operating income of \$265,212.

# **Using the Basic Financial Statements**

This annual report is presented in a format consistent with the presentation requirements of Governmental Accounting Standards Board Statement No. 34, as applicable to the City's modified cash basis of accounting.

## **Report Components**

The statement of net position and the statement of activities provide information about the cash activities of the City as a whole.

Fund financial statements provide a greater level of detail. Funds are created and maintained on the financial records of the City as a way to segregate money whose use is restricted to a particular specified purpose. These statements present financial information by fund, presenting funds with the largest balances or most activity in separate columns.

The notes to the financial statements are an integral part of the government-wide and fund financial statements and provide expanded explanation and detail regarding the information reported in the statements.

### **Basis of Accounting**

The basis of accounting is a set of guidelines that determine when financial events are recorded. The City has elected to present its financial statements on a modified cash basis of accounting. This basis of accounting is a basis of accounting other than generally accepted accounting principles. Under the City's modified cash basis of accounting, receipts and disbursements are recorded when cash is received or paid.

As a result of using the modified cash basis of accounting, certain assets and their related revenues (such as accounts receivable) and certain liabilities and their related expenses (such as

accounts payable) are not recorded in the financial statements. Therefore, when reviewing the financial information and discussion within this report, the reader must keep in mind the limitations resulting from the use of the modified cash basis of accounting.

# Reporting the City as a Whole

The statement of net position and the statement of activities reflect how the City did financially during 2013, within the limitations of modified cash basis accounting. The statement of net position presents the cash balances and investments of the governmental and business-type activities of the City at year end. The statement of activities compares cash disbursements with program receipts for each governmental program and business-type activity. Program receipts include charges paid by the recipient of the program's goods or services and grants and contributions restricted to meeting the operational or capital requirements of a particular program. General receipts are all receipts not classified as program receipts. The comparison of cash disbursements with program receipts identifies how each governmental function or business-type activity draws from the City's general receipts.

These statements report the City's cash position and the changes in cash position. Keeping in mind the limitations of the modified cash basis of accounting, you can think of these changes as one way to measure the City's financial health. Over time, increases or decreases in the City's cash position is one indicator of whether the City's financial health is improving or deteriorating. When evaluating the City's financial condition, you should also consider other nonfinancial factors as well such as the City's property tax base, the condition of the City's capital assets and infrastructure, the extent of the City's debt obligations, the reliance on non-local financial resources for operations and the need for continued maintenance and possibly growth in the major local receipt sources such as property and income taxes.

In the statement of net position and the statement of activities, we divide the City into two types of activities:

**Governmental activities** - Most of the City's basic services are reported here, including police, streets and parks. State and federal grants and income and property taxes finance most of these activities. Benefits provided through governmental activities are not necessarily paid for by the people receiving them.

**Business-type activities** - The City has many business-type activities, including water, sewer, refuse, stormwater, swimming pool, utility deposit and recreation. Business-type activities are financed by a fees charged to the customers receiving the service.

# **Reporting the City's Most Significant Funds**

Fund financial statements provide detailed information about the City's major funds – not the City as a whole. The City establishes separate funds to better manage its many activities and to help demonstrate that money that is restricted as to how it may be used is being spent for the intended purpose. The funds of the City are split into three categories: governmental, proprietary and fiduciary. The City does not have any fiduciary funds.

Governmental Funds - Most of the City's activities are reported in governmental funds. The governmental fund financial statements provide a detailed view of the City's governmental operations and the basic services it provides. Governmental fund information helps determine

whether there are more or less financial resources that can be spent to finance the City's programs. The City's significant governmental funds are presented on the financial statements in separate columns. The information for nonmajor funds (funds whose activity or balances are not large enough to warrant separate reporting) is combined and presented in total in a single column. The City's major governmental funds are the General Fund, Emergency Medical Services Fund, Fire Services Fund and the Street Capital Improvement Fund. The programs reported in governmental funds are closely related to those reported in the governmental activities section of the entity-wide statements. We describe this relationship in reconciliations presented with the governmental fund financial statements.

Proprietary Funds – When the City charges customers for the services it provides, these services are generally reported in proprietary funds. When the services are provided to the general public, the activity is reported as an enterprise fund. The City has seven enterprise funds: water, sewer, refuse, stormwater, swimming pool, utility deposit and recreation.

# The City as a Whole

Table 1 provides a summary of the City's net position for 2013 compared to 2012 on a modified cash basis:

Table 1 Net Position

	Government	al Activities	Business-Ty <sub>l</sub>	oe Activities	Tot	:al
	2013	2012	2013	2012	2013	2012
Assets:						
Equity in Pooled Cash and Investments	\$3,560,634	\$3,007,094	\$855,477	\$1,061,345	\$4,416,111	\$4,068,439
Total Assets	3,560,634	3,007,094	855,477	1,061,345	4,416,111	4,068,439

Restricted	2,225,439	1,770,494	0	0	2,225,439	1,770,494
Unrestricted	1,335,195	1,236,600	855,477	1,064,345	2,190,672	2,300,945
Total Net Position	\$3,560,634	\$3,007,094	\$855,477	\$1,064,345	\$4,416,111	\$4,071,439

As mentioned previously, net position of governmental activities increased during 2013. This increase was mainly due to the City issuance of \$207,721 in long-term debt and \$1,139,000 in short-term notes.

Table 2 shows the changes in net position for the year ended December 31, 2013. Since this is the first year the City has GASB34 Look-Alike statements, revenue and expense comparisons to the prior year are not available. For fiscal year 2014 and going forward, when prior year information is available, a comparative analysis of government wide data will be presented in Table 2.

# The City's Funds

The City has four major governmental funds: the General, Emergency Medical Services, Fire Services and Street Capital Improvement Funds. Assets of these funds comprised \$2,504,720 (70%) of the total governmental fund assets.

**General Fund**: Fund balance at December 31, 2013 was \$1,053,195 a decrease in fund balance of \$258,476 from 2012. The general fund had a decrease in fund balance mainly due to a decrease in taxes revenue received.

**Emergency Medical Services Fund**: Fund balance at December 31, 2013 was \$601,145, an increase of \$51,536 from 2012. The increase was mainly due to an increase in intergovernmental revenues from 2012.

**Fire Services Fund**: Fund balance at December 31, 2013 was \$599,744, an increase in fund balance of \$50,729 from 2012. The balance remained relatively constant from the prior year.

**Street Capital Improvement Fund**: Fund balance at December 31, 2013 was \$250,636, an increase in fund balance of \$348,859 from 2012. The increase was mainly due the proceeds received from a debt issuance.

# **General Fund Budgeting Highlights**

The City's budget is prepared according to Ohio law and is based upon accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The most significant budgeted fund is the General Fund.

Debt

During 2013, the City amended its General Fund budget to reflect changing circumstances. Final budgeted receipts were above original budgeted receipts due to better than property tax and intergovernmental collections. The difference between final budgeted receipts and actual receipts was \$186,815, due mostly to an understatement of property and income taxes.

Final disbursements were budgeted at \$3,101,321 while actual disbursements were \$2,886,881. These variations in the budget were due to the overstating of general government and public safety disbursements.

The City had \$5,342,985 in long-term debt with \$524,043 due in one year.

For the Year Ended December 31, 2013
Unaudited

### For the Future

The challenge for all local governments is to provide quality services to the public while staying within the restrictions imposed by limited and, in some cases, shrinking funding. The City relies heavily on property taxes. The City continues to monitor levels of spending in all areas.

# **Contacting the City's Financial Management**

This financial report is designed to provide our citizens, taxpayers, investors, and creditors with a general overview of the City's finances and to reflect the City's accountability for the monies it receives. Questions concerning any of the information in this report or requests for additional information should be directed to the Finance Director at 75 North Walnut Street, Germantown, OH 45327.

## Note 1 – Description of the Entity

# **Description of the Entity**

The City of Germantown, Montgomery County, (the City) is a body corporate and politic established to exercise the rights and privileges conveyed to it by the constitution and laws of the State of Ohio. Pursuant to the provisions of Article XVIII of the Constitution of Ohio, the voters of the City adopted a charter for the government of the City in 2010. The form of government provided in the charter is known as the Mayor-Council-Manager. Council is made up of seven members elected by the qualified voters of the City at large; six are council members elected and one is separately elected Mayor. Council appoints a City Manager who is responsible to Council for the administration of all City affairs. The City provides water and sewer utilities, refuse services, park operations, pool operations, police, fire and emergency medical services.

## **Reporting Entity**

A reporting entity is comprised of the primary government, component units, and other organizations that are included to ensure that the financial statements are not misleading. The primary government of the City consists of all funds, departments, boards, and agencies that are not legally separate from the City. For the City, this includes general operations, water, sewer, refuse, recreation, police, fire and emergency medical services.

Component units are legally separate organizations for which the City is financially accountable. The City is financially accountable for an organization if the City appoints a voting majority of the organization's governing board and (1) the City is able to significantly influence the programs or services performed or provided by the organization; or (2) the City is legally entitled to or can otherwise access the organization's resources; the City is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the City is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the City, in that the City approves the budget, the issuance of debt, or the levying of taxes. Based on this criterion, the City has no discretely presented component unit in the basic financial statements.

The City participates in the Public Entities Pool of Ohio (PEP). Pep is a public entity risk pool, which operates as a jointly governed organization. PEP provides property and casualty coverage for its members. Note 10 to the financial statements provide additional information regarding PEP.

# Note 2 – Summary of Significant Accounting Policies

These financial statements are presented on a modified cash basis of accounting. This modified cash basis of accounting differs from accounting principles general accepted in the United States of America (GAAP). Generally accepted accounting principles include all the relevant Governmental Accounting Standards Board (GASB) pronouncements, which have been applied to the extent they are applicable to the modified cash basis of accounting.

Ohio Administrative Code, Section 117-2-03 (B), requires the City to prepare its annual financial report in accordance with generally accepted accounting principles. However, the City prepared its financial statements on a modified cash basis, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. The accompanying financial

statements omit assets, liabilities, net position/fund balances, and disclosures that, while material, cannot be determined at this time. The City can be fined and various other administrative remedies may be taken against the City

## **Fund Accounting**

The City uses funds to maintain its financial records during the fiscal year. Fund accounting is designed to demonstrate legal compliance and to aid management by segregating transactions related to certain City functions or activities. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The various funds of the City are grouped into the category governmental.

## **Governmental Funds**

Governmental funds are those through which most governmental functions of the City are financed. Governmental funds focus on the sources, uses, and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance.

The following are the City's major governmental funds:

<u>General Fund</u> – This fund is the operating fund of the City and is used to account for all financial resources, except those required to be accounted for in another fund. The General Fund is available to the City for any purpose provided it is expended or transferred according to the general laws of Ohio.

<u>Emergency Medical Services</u> – To account for the activities of the Emergency Medical Services Department of the City.

<u>Fire Services</u> – To account for the activities of the Fire Department of the City.

<u>Street Capital Improvement</u> – To accumulate construction costs for the City's Street Capital Improvement capital projects fund.

The other governmental funds of the City account for grants and other resources of the City whose use is restricted to a particular purpose.

#### Proprietary Funds

Proprietary fund reporting focuses on changes in net position, financial position and cash flows. Proprietary funds are classified as either enterprise or internal service. The City does not have an internal service fund.

<u>Enterprise Funds</u> - Enterprise funds may be used to account for any activity for which a fee is charged to external users for goods or services. The following are the City's major enterprise funds:

<u>Water Fund</u> – This fund accounts for provision of water treatment and distribution to the residents and commercial users of the water system.

<u>Sewer Fund</u> - The sewer fund accounts for the provision of sanitary sewer service to the residents and commercial users located within the City.

<u>Refuse Fund</u> - The refuse fund accounts for the provision of refuse service to the residents and commercial users located within the City.

# **Basis of Presentation**

## Government-wide Financial Statements

The statement of net position - modified cash basis and the statement of activities - modified cash basis display information about the City as a whole. These statements include the financial activities of the primary government, except for fiduciary funds.

The government-wide statement of activities compares disbursements with program receipts for each function or program of the City's governmental activities. These disbursements are those that are specifically associated with a service, program or department and are therefore clearly identifiable to a particular function. Program receipts include charges paid by the recipient of the goods or services offered by the program and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Receipts which are not classified as program receipts are presented as general receipts of the City. The comparison of direct disbursements with program receipts identifies the extent to which each business segment or governmental function is self-financing on the modified cash basis or draws from the general receipts of the City.

# **Fund Financial Statements**

The fund financial statements report more detailed information about the City. The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Fund statements present each major fund in a separate column and aggregate non-major funds in a single column. Fiduciary funds are reported by fund type.

# **Equity in Pooled Cash and Investments**

To improve cash management, cash received by the City is pooled. Monies for all funds are maintained in this pool. Individual fund integrity is maintained through the City's records. Each fund's interest in the pool is presented as "Equity in Pooled Cash and Cash Equivalents" on the basic financial statements.

Except for nonparticipating investment contracts, investments are reported at fair value which is based on quoted market prices. Nonparticipating investment contracts such as nonnegotiable certificates of deposits and repurchase agreements are reported at cost.

Following Ohio statutes, the City has, by resolution, specified the funds to receive an allocation of interest earnings. Interest revenue during the fiscal year amounted to \$31,320 credited to the general fund.

## **Inventory and Prepaid Items**

The City reports disbursements for inventory and prepaid items when paid. These items are not reflected in the accompanying financial statements under the modified cash basis of accounting.

# **Capital Assets**

Acquisitions of property, plant and equipment are recorded as disbursements when paid. These items are not reflected in the accompanying financial statements under the modified cash basis of accounting.

### **Unpaid Vacation and Sick Leave**

Employees are entitled to cash payments for unused vacation and sick leave in certain circumstances, such as upon leaving employment. Unpaid vacation and sick leave are not reflected as liabilities under the modified cash basis of accounting used by the City.

# **Interfund Activity**

During the course of normal operations, the City has numerous transactions between funds, including expenditures and transfers of resources to provide services and improve assets. Operating subsidies are recorded as operating transfers. The classification of amounts recorded as subsidies, advances or equity contributions is based on the intent of the City at the time of the transaction.

### **Employer Contributions to Cost-Sharing Plans**

The City recognizes the disbursement for employer contributions to cost-sharing pension plans when they are paid. As described later in the notes, the employer contributions include portions for pension benefits and for postretirement health care benefits.

# **Fund Cash Balance**

In accordance with Governmental Accounting Standards Board Statement No. 54, *Fund Balance Reporting*, the City classifies its fund cash balance based on the purpose for which the resources were received and the level of constraint placed on the resources. The following categories are used:

Nonspendable – resources that are not in spendable form or have legal or contractual requirements to maintain the balance intact.

Restricted – resources that have external purpose restraints imposed on them by providers, such as creditors, grantors, or other regulators.

Committed – resources that are constrained for specific purposes that are internally imposed by the government at its highest level of decision making authority, City Council.

Assigned – resources that are intended to be used for specific purposes as approved through the City's formal purchasing procedure by the Finance Director.

Unassigned – residual fund balance within the General Fund that is not restricted, committed, or assigned. In other governmental funds, the unassigned classification is used only to report a deficit cash balance resulting from incurred expenses for specific purposes exceeding amounts which had been restricted, committed or assigned for said purposes.

The City considers committed, assigned, and unassigned fund balances, respectively, to be spent when disbursements have incurred for purposes for which any of the unrestricted fund cash balance classifications could be used.

### **Net Cash Position**

Net cash position is reported as restricted when enabling legislation or creditors, grantors or laws or regulations of other governments have imposed limitations on its use. The City first applies restricted resources when a disbursement is incurred for purposes for which both restricted and unrestricted net cash position are available.

# Note 3 – Equity in Pooled Cash and Investments

### **Deposits**

Custodial credit risk is the risk that in the event of a bank failure, the City's deposits may not be returned to it. The City's policy for deposits is any balance not covered by depository insurance will be collateralized by the financial institutions with pledged securities. As of December 31, 2013, \$1,337,350 of the City's bank balance of \$4,356,090 was exposed to custodial risk because it was uninsured and collateralized with securities held by the pledging financial institution's trust department or agent, but not in the City's name.

Ohio Revised Code Chapter 135, Uniform Depository Act, authorizes pledging of pooled securities in lieu of specific securities. Specifically, a designated public depository may pledge a single pool of eligible securities to secure repayment of all public monies deposited in the financial institution, provided that all times the total value of the securities so pledged is at least equal to 105% of the total amount of all public deposits secured by the pool, including the portion of such deposits covered by any federal deposit insurance.

# **Investments**

As of December 31, 2013, the City had the following investments:

		Weighted Average
Investment Type	Fair Value	Maturity (Years)
Money Market Funds	\$99,368	0.00

Interest Rate Risk - In accordance with the investment policy, the City manages its exposure to declines in fair values by limiting the weighted average maturity of its investment portfolio to five years, unless matched to a specified obligation or debt of the City.

Credit Risk – It is the City's policy to limit its investments that are obligations of the U.S. Government or obligations explicitly guaranteed by the U.S. Government to investments which have the highest credit

quality rating issued by nationally recognized statistical rating organizations. The City's investments in money market funds was note rated by Standard and Poor's.

Concentration of Credit Risk – The City's investment policy allows investments in Federal Government Securities or Instrumentalities. The City has invested 100% of the City's investments in in money market funds.

Custodial Credit Risk is the risk that in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. All of the City's securities are either insured and registered in the name of the City, or at least registered in the name of the City.

### Note 4 – Property Tax

Property taxes include amounts levied against all real and public utility property located in the City. Property tax revenue received during 2013 for real and public utility property taxes represents collections of 2012 taxes.

2013 real property taxes are levied after October 1, 2013, on the assessed value as of January 1, 2013, the lien date. Assessed values are established by State law at 35 percent of appraised market value. 2013 real property taxes are collected in and intended to finance 2014.

Real property taxes are payable annually or semi-annually. If paid annually, payment is due December 31; if paid semi-annually, the first payment is due December 31, with the remainder payable by June 20. Under certain circumstances, State statute permits later payment dates to be established.

Public utility tangible personal property currently is assessed at varying percentages of true value; public utility real property is assessed at 35 percent of true value. 2013 public utility property taxes, which became a lien December 31, 2012, are levied after October 1, 2013, and are collected in 2014 with real property taxes.

The assessed values of real property and public utility tangible property upon which 2013 property tax receipts were based are as follows:

Real Property	\$93,210,740
Public Utility Personal Property	1,489,850
Total Valuation	\$94,700,590

The County Treasurer collects property taxes on behalf of all taxing districts in the county, including the City. The County Auditor periodically remits to the City its portion of the taxes collected.

# Note 5 – Local Income Tax

The City levies a municipal income tax of 1.25% percent on substantially all earned income arising from employment, residency, or business activities within the City as well as certain income of residents earned outside of the City.

Employers within the City withhold income tax on employee compensation and remit the tax to the City either monthly or quarterly, as required. Corporations and other individual taxpayers pay estimated taxes quarterly and file a declaration annually.

# Note 6 – Short-Term Debt

Short-term debt outstanding at December 31, 2013 was as follows:

	Beginning			Ending
	Balance	Additions	Deletions	Balance
Governmental Activities:				
N. Walnut St. Improvement Notes	\$10,000	\$0	(\$10,000)	\$0

E. Market Street Note	0	87,000	0	87,000
	857,000	818,000	(857,000)	818,000

The City issued new short term debt to fund the St Route 4 project. The debt will be repaid from revenues of the City's general fund.

The City issued new short term debt to fund the Cherry St. Improvement project. The debt will be repaid from revenues of the City's general fund.

The City issued new short term debt to fund the East Market Street project. The debt will be repaid from revenues of the City's general fund, water fund, and sewer fund.

The City issued new short term debt to fund the Water Meters project. The debt will be repaid from revenues of the City's water fund.

The City issued new short term debt to fund the West Market Street Improvement-Phase 1 project. The debt will be repaid from revenues of the City's street capital improvement fund.

## Note 7 – Long-Term Debt

Long-term debt outstanding at December 31, 2013 was as follows:

	Beginning Balance	Additions	Deletions	Ending Balance	Due Within One Year
OPWC Debt					
Governmental Activities:					
CD08J - East Market Street Phase 1	\$37,466	\$0	(\$6,812)	\$30,654	\$6,812

Total Other Long-Term Debt	3,096,000	0	(334,000)	2,762,000	382,000
Total Long-Term Debt	\$4,854,424	\$944,888	(\$456,327)	\$5,342,985	\$524,043

Outstanding OPWC notes (Project #CD08J) consist of a loan to fund the East Marke Stree Hill Phase I Project. The debt will be repaid from revenues of the City's general fund.

Outstanding OPWC notes (Project #CD02J) consist of a loan to fund the North Walnut Street Reconstruction Project. The debt will be repaid from revenues of the City's general fund.

Outstanding OPWC notes (Project #CD04J) consist of a loan to fund the Cherry Street Phase I Project. The debt will be repaid from revenues of the City's general fund.

Outstanding OPWC notes (Project #CD06J) consist of a loan to fund the Cherry Street Phase II Project. The debt will be repaid from revenues of the City's general fund.

Outstanding OPWC notes (Project #CD09P) consist of a loan to fund the Cherry Street Phase III Project. The debt will be repaid from revenues of the City's general fund.

Outstanding OPWC notes (Project #CD02L) consist of a loan to fund the Dayton Pike Resurfacing Project. The debt will be repaid from revenues of the City's general fund.

Outstanding OPWC notes (Project #CD14L) consist of a loan to fund the Dayton Pike Water Storage Tank Project. The debt will be repaid from revenues of the City's water fund.

Outstanding OPWC notes (Project #CD22Q) consist of a loan to fund the West Market Street Phase I Project. The debt will be repaid from revenues of the City's water system.

Outstanding OPWC notes (Project #CT08F) consist of a loan to fund the Water Booster Station Improvements. The debt will be repaid from revenues of the City's water system.

Outstanding OPWC notes (Project #CT08D) consist of a loan to fund the Hillcrest Drive Sewer Improvement. The debt will be repaid from revenues of the City's sewer system.

All OPWC notes are interest free, except for Project #CT08F and Project #CT08D, which are 1% interest.

Municipal Building Rehabilitation Bonds consist of bonds issued for the purpose of constructing a new municipal building. General Obligations are direct obligations of the City for which the City's full faith and credit are pledged and are payable from taxes levied on all taxable property in the City.

Hickory Pointe Bonds consist of general obligation bonds issued for the Hickory Pointe public infrastructure improvements. These bonds will be repaid from payment in lieu of taxes revenues from the City's Hickory Pointe TIF District fund.

Weaver Road Bonds consist of general obligation bonds issued for Weaver Road improvements. The debt will be repaid from revenues of the City's water system.

Dry Run Sewer Improvement Bonds were issued as a result of the Sanitary Sewer Improvement Bonds being partially refunded in 2007. These bonds were for the improvement of the City's sewer system. Property and revenue of the City's sewer system has been pledged to repay this debt.

Mortgage Revenue Bonds are for the improvement of the water system for the City. Property and revenue of the City's water system has been pledged to repay this debt.

Amortization of the above debt, including interest, is scheduled as follows:

	<b>General Obligation Bonds</b>		Mortgage Revenue Bonds		OPWC Loans	
Year	Principal	Interest	Principal	Interest	Principal	Interest
	400= 000	400.456	4== 000	404.050	4440040	4
2014	\$325,000	\$93,456	\$57,000	\$31,350	\$142,043	\$1,401
2015	340,000	78,910	60,000	28,500	154,929	1,271
2016	365,000	63,516	63,000	25,500	155,064	1,139

### Note 8 – Pension Plans

# **Ohio Public Employees Retirement System**

Ohio Public Employees Retirement System (OPERS) administers three separate pension plans, a Traditional Pension Plan (TP), a Member-Directed Plan (MD) and a Combined Plan (CO). The TP Plan is a cost-sharing multiple-employer defined benefit pension plan. The MD Plan is a defined contribution plan in which member invests both member and employer contributions (employer contributions vest over five years at 20% per year). Under the MD Plan members accumulate retirement assets equal to the value of member and (vested) employer contributions plus any investment earnings. The CO Plan is a cost sharing, multiple-employer defined benefit pension plan. Under the CO Plan, OPERS invests employer contributions to provide a formula retirement benefit similar in nature to the TP Plan benefit. Member contributions, the investment of which is self-directed by the members, accumulate retirement assets in a manner similar to the MD Plan.

OPERS provides retirement, disability, survivor and death benefits and annual cost of living adjustments to members of the TP and CO Plans. Members of the MD Plan do not qualify for the ancillary benefits. Authority to establish and amend benefits is provided in Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report. Interested parties may obtain a copy by writing to the OPERS, 277 East Town Street, Columbus, Ohio 43215-4642 or by calling 614-222-5601 or 800-222-7377, or by visiting the OPERS website at <a href="https://www.opers.org">www.opers.org</a>.

The Ohio Revised Code provides statutory authority for member and employer contributions. Plan members and employer contributions rates were consistent across all three plans. Plan members are required to contribute 10% of their annual covered salary to fund pension obligations. The employer pension contribution rate for the City is 14% of covered payroll. The contribution rates are determined actuarially. The City's required contributions to OPERS for the years ended December 31, 2013, 2012 and 2011 were \$113,153, \$110,572, and \$111,799 respectively. The full amount has been contributed for 2013, 2012 and 2011.

## **Ohio Police and Fire Pension Fund**

The City contributes to the Ohio Police and Fire Pension Fund (OP&F), a cost-sharing multiple employer defined benefit pension plan. OP&F provides retirement and disability pension benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefit provisions are established by the Ohio State Legislature and are codified in Chapter 742 of the Ohio Revised Code. OP&F issues a publicly available financial report that includes financial information and required supplementary information. That report may be obtained by writing to OP&F, 140 East Town Street, Columbus, Ohio 43215-5164, or by visiting the OP&F website at www.op-f.org.

Plan members are required to contribute 10.0% of their annual covered salary, while employers (the City) are required to contribute 19.5% for police officers and 24.0% for firefighters. The City's contributions to OP&F for the years ending December 31, 2013, 2012 and 2011 were \$114,840, \$115,232, and \$118,469 respectively. The full amount has been contributed for 2013, 2012 and 2011.

#### Note 9 – Post Employment Benefits

#### **Ohio Public Employees Retirement System**

#### Plan Description

Ohio Public Employees Retirement System (OPERS) administers three separate pension plans: The Traditional Pension Plan – a cost sharing, multiple-employer defined benefit pension plan; the Member-Directed Plan – a defined contribution plan; and the Combined Plan – a cost sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and defined contribution plan.

OPERS maintains a cost-sharing multiple employer defined benefit post-employment healthcare plan, which includes a medical plan, prescription drug program and Medicare Part B premium reimbursement, to qualifying members of both the Traditional Pension and the Combined Plans. Members of the Member-Directed Plan do not qualify for ancillary benefits, including post-employment health care coverage.

In order to qualify for post-employment health care coverage, age-and-service retirees under the Traditional Pension and Combined Plans must have 10 or more years of qualifying Ohio service credit. Health care coverage for disability benefit recipients and qualified survivor benefit recipients is available. The health care coverage provided by OPERS meets the definition of an Other Post Employment Benefit (OPEB) as described in GASB Statement 45.

The Ohio Revised Code permits, but does not mandate, OPERS to provide OPEB benefits to its eligible members and beneficiaries. Authority to establish and amend benefits is provided in Chapter 145 of the Ohio Revised Code.

OPERS issues a stand-alone financial report. Interested parties may obtain a copy by writing OPERS, 277 East Town Street, Columbus, OH 43215-4642, or by calling 614-222-5601 or 800-222-7377, or by visiting the OPERS website at <a href="https://www.opers.org">www.opers.org</a>.

#### **Funding Policy**

The Ohio Revised Code provides the statutory authority requiring public employers to fund post-retirement health care through their contributions to OPERS. A portion of each employer's contribution to OPERS is set aside for the funding of post-retirement health care benefits.

Employer contribution rates are expressed as a percentage of the covered payroll of active members. In 2013, the City contributed at 14% of covered payroll. The Ohio Revised Code currently limits the employer contribution to a rate not to exceed 14% of covered payroll. Active members do not make contributions to the OPEB Plan.

OPERS' Post Employment Health Care Plan was established under, and is administered in accordance with, Internal Revenue Code 401(h). Each year, the OPERS Retirement Board determined the portion of the employer contribution rate that will be set aside for funding of post-employment health care benefits. The portion of employer contributions allocated to the health care for members in the Traditional Plan was 1.0% during calendar year 2013. The portion of employer contributions allocated to health care for members in the Combined Plan was 1.0% during calendar year 2013. The OPERS

Retirement Board is also authorized to establish rules for the payment of a portion of the health care coverage by the retiree or their surviving beneficiaries. Payment amounts vary depending on the number of covered dependents and the coverage selected.

#### Information from City's Records

The rates stated in Funding Policy, above, are the contractually required contribution rates for OPERS. The City's actual contributions for the current year, which were used to fund postemployment benefits, were \$8,079 for 2013, \$31,590 for 2012, and \$31,941 for 2011. The full amount has been contributed for 2013, 2012 and 2011.

#### OPERS Board of Trustees Adopt Changes to the Health Care Plan

Changes to the health care plan were adopted by the OPERS Board of Trustees on September 19, 2012, with a transition plan commencing January 1, 2014. With the recent passage of pension legislation under SB 343 and the approved health care changes, OPERS expects to be able to consistently allocate 4 percent of the employer contributions toward the health care fund after the end of the transition period.

#### **Ohio Police and Fire Pension Fund**

#### Plan Description

The City contributes to the Ohio Police and Fire Pension Fund (OP&F) sponsored healthcare program, a cost-sharing, multiple-employer defined post-employment healthcare plan administered by OP&F. OP&F provides healthcare benefits including coverage for medical, prescription drugs, dental, vision, Medicare Part B Premium and long term care to retirees, qualifying benefit recipients and their eligible dependents.

OP&F provides access to post-retirement healthcare coverage for any person who receives or is eligible to receive a monthly service, disability, or survivor benefit check or is a spouse or eligible dependent child of such person. The healthcare coverage provided by OP&F meets the definition of an Other Post Employment Benefit (OPEB) as described in GASB Statement 45.

The Ohio Revised Code allows, but does not mandate, OP&F to provide OPEB benefits. Authority for the OP&F Board of Trustees to provide healthcare coverage to eligible participants and to establish and amend benefits is codified in Chapter 742 of the Ohio Revised Code.

OP&F issues a publicly available financial report that includes financial information and required supplementary information for the Plan. That report may be obtained by writing to OP&F, 140 East Town Street, Columbus, Ohio 43215-5164, or by visiting the OP&F website at <a href="https://www.op-f.org">www.op-f.org</a>.

#### Funding Policy

The Ohio Revised Code provides for contribution requirements of the participating employers and of plan members to the OP&F (defined benefit pension plan). Participating employers are required to contribute to the pension plan at rates expressed as percentages of the payroll of active pension plan members, currently, 19.5% and 24.0% of covered payroll for police and fire employers, respectively. The

Ohio Revised Code states that the employer contribution may not exceed 19.5% of the covered payroll for police employer units and 24.0% of covered payroll for fire employer units. Active members do not make contributions to the OPEB Plan.

OP&F maintains funds for health care in two separate accounts. One for health care benefits under IRS Code Section 115 trust and one for Medicare Part B reimbursements administrated as an Internal Revenue Code 401(h) account, both of which are within the defined benefit pension plan, under the authority granted by the Ohio Revised Code to the OP&F Board of Trustees.

The Board of Trustees is authorized to allocate a portion of the total employer contributions made into the pension plan to the Section 115 trust and Section 401(h) account as the employer contribution for retiree healthcare benefits. The portion of employee contributions allocated to health care was 4.69% of covered payroll for January 1, 2013 through May 31, 2013, and 2.85% of covered payroll from June 1, 2013 through December 31, 2013. The amount of employer contributions allocated to the healthcare plan each year is subject to the Trustees' primary responsibility to ensure that pension benefits are adequately funded and is limited by the provisions of Sections 115 and 401(h).

The OP&F Board of Trustees also is authorized to establish requirements for contributions to the healthcare plan by retirees and their eligible dependents, or their surviving beneficiaries. Payment amounts vary depending on the number of covered dependents and the coverage selected.

#### <u>Information from City's Records</u>

The City's contributions to OP&F for the year ending December 31, 2013 was \$18,030; and was \$32,280 for year ending December 31, 2012; and was approximately \$37,140 for the year ending December 31, 2011, and were allocated to the healthcare plan. The actual contributions for 2013, 2012 and 2011 were 100%.

#### Note 10 – Risk Management

The City is exposed to various risks of property and casualty losses, and injuries to employees. The City insures against injuries to employees through the Ohio Bureau of Worker's Compensation.

The City belongs to the Public Entities Pool of Ohio (PEP), a risk-sharing pool available to Ohio local governments. PEP provides property and casualty coverage for its members. American Risk Pooling Consultants, Inc. (ARPCO), a division of York Insurance Services Group, Inc. (York), functions as the administrator of PEP and provides underwriting, claims, loss control, risk management, and reinsurance services for PEP. PEP is a member of the American Public Entity Excess Pool (APEEP), which is also administered by ARPCO. Member governments pay annual contributions to fund PEP. PEP pays judgments, settlements and other expenses resulting from covered claims that exceed the members' deductibles. The PEP's Financial Data is presented below.

PEP Financial Data
As December 31, 2013 and 2012

Casualty & Property Coverage

Assets Liabilities Net Assets – Unrestricted	2013 \$34,411,883 (12,760,194) \$21,651,689	2012 \$34,389,569 (14,208,353) \$20,181,216
# of members	2013 475	2012 466
Unpaid claims to be billed in	2013	2012
the future	Approx.\$11.1 million	Approx. \$12.6 million

The Casualty Coverage assets and retained earnings above include approximately \$11.1 million of unpaid claims to be billed to approximately 475 member governments in the future, as of December 31, 2013. PEP will collect these amounts in future annual contributions billings when PEP'S related liabilities are due for payment. The District's share of these unpaid claims is approximately \$66,000.

The Pool uses reinsurance and excess risk-sharing arrangements to reduce its exposure to loss. These agreements permit recovery of a portion of its claims from reinsurers and a risk-sharing pool; however, they do not discharge the Pool's primary liability for such payments. The Pool is a member of American Public Entity Excess Pool (APEEP), which is also administered by York Risk Pooling Services, Inc. (YORK). APEEP provides the Pool with an excess risk-sharing program. Under this arrangement, the Pool retains insured risks up to an amount specified in the contracts. (At December 31, 2013 the Pool retained \$350,000 for casualty claims and \$100,000 for property claims). The Board of Directors and YORK periodically review the financial strength of the Pool and other market conditions to determine the appropriate level of risk the Pool will retain.

#### Note 11 – Interfund Transfers

Transfer activity for the years ending December 31, 2013:

	Transfer In	Transfer Out	Advance In	Advance Out
Major Funds:				
General Fund	\$0	(\$541,972)	\$0	(\$40,000)
Emergency Medical	0	(200,000)	0	0
Fire Services	0	(100,000)	0	0
Street Capital Improvements	507,849	0	0	0
Refuse Funds	0	0	0	0
Other Governmental Funds	334,123	0	0	0
Other Enterprise Funds		0	40,000	0
Total All Funds	\$841,972	(\$841,972)	\$40,000	(\$40,000)

All other Enterprise Fund activity is shown on the Statement of Receipts, Disbursements and Changes in Fund Net Position – Proprietary Funds.

Transfers represent the allocation of unrestricted receipts collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

The transfers out of the General Fund, Emergency Medical, and Fire Services into the Street Capital Improvements Fund and Other Governmental Funds were made to provide additional resources for current operations and street (capital) improvements throughout the City. The General Fund had an unpaid interfund cash advance, in the amount of \$40,000 for a short-term loan made to Refuse Fund. This is expected to be repaid to the General Fund.

#### Note 12 – Fund Balances

Fund balance is classified as nonspendable, restricted, committed, assigned and/or unassigned based primarily on the extent to which the City is bound to observe constraints imposed upon the use of the resources in the governmental funds. The constraints placed on the fund balance for the major governmental funds and all other governmental funds are presented below:

	Emergency		Street	Other		
		Medical	Fire	Capital	Governmental	
Fund Balances	General	Services	Services	Improvements	Funds	Total
Nonspendable						
Unclaimed Monies	\$0	\$0	\$0	\$0	\$0	\$0
Permanent Endowment	0	0	0	0	15,581	15,581
Total Nonspendable	0	0	0	0	15,581	15,581
Restricted for:						
Emergency Medical Services	0	601,145	0	0	0	601,145
Fire Services	0	0	599,744	0	0	599,744
Drug Enforcement	0	0	0	0	471	471
Law Enforcement Trust	0	0	0	0	3,184	3,184

Debt Service	0	0	0	0	199	199
Total Restricted	0	601,145	599,744	250,636	758,333	2,209,858
Assigned to:						
Next Year's Budget	283,685	0	0	0	0	283,685
Capital Improvements	0	0	0	0	300,000	300,000
Total Assigned	283,685	0	0	0	300,000	583,685
Unassigned (Deficit)	769,510	0	0	0	(18,000)	751,510
Total Fund Balance	\$1,053,195	\$601,145	\$599,744	\$250,636	\$1,055,914	\$3,560,634

Note 13 - Change in Accounting Basis Financial Statements Presentation

In the prior year, the City reported financial statements commonly referred to as regulatory basis financial statements. In FY 2013, the City changed its accounting basis and is presenting financial

# City of Germantown, Ohio Notes to Basic Financial Statements For The Year Ended December 31, 2013

statements commonly referred to as OCBOA (<u>other comprehensive basis of accounting</u>) financial statements using a cash basis of accounting. This change required immaterial adjustments to the previously reported balances.

#### General Fund

	Original	Final		Variance from

See accompanying notes to the required supplementary information.

#### Note 1 – Budgetary Process

The City's funds are legally required to be budgeted and appropriated. The major documents prepared are the tax budget, the certificate of estimated resources, and the appropriations ordinance, all of which are prepared on the budgetary basis of accounting. The tax budget demonstrates a need for existing or increased tax rates. The certificate of estimated resources establishes a limit on the amount Council may appropriate. The appropriations ordinance is Council's authorization to spend resources and sets annual limits on expenditures plus encumbrances at the level of control selected by Council. The legal level of control has been established by Council at the program or budget center level for the General fund and the fund level for all other budgeted funds.

The certificate of estimated resources may be amended during the year if projected increases or decreases in revenue are identified by the City. The amounts reported as the original budgeted amounts on the budgetary statements reflect the amounts on the certificate of estimated resources when the original appropriations were adopted. The amounts reported as the final budgeted amounts on the budgetary statements reflect the amounts on the final amended certificate of estimated resources issued during the year.

The appropriation ordinance is subject to amendment throughout the year with the restriction that appropriations cannot exceed estimated resources. The amounts reported as the original budgeted amounts reflect the first appropriation ordinance for that fund that covered the entire year, including amounts automatically carried forward from prior years. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by Council during the year.

While the City is reporting financial position, results of operations and changes in fund balance on the modified cash basis of accounting, the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The Schedule of Revenues, Expenditures and Changes in Fund Balances - Budget (Non-GAAP Basis) and Actual presented for the general fund is presented on the budgetary basis to provide a meaningful comparison of actual results with the budget. The major difference between the budget basis and modified cash basis is as follows:

Encumbrances are treated as expenditures (budget) rather than as an assignment of fund balance (modified cash).

The following table summarizes the adjustments necessary to reconcile the modified cash basis statements to the budgetary basis statements for the general fund.

	Emergency Medical Fire General Services Servic		
Modified Cash Basis Adjustment for Encumbrances	(\$258,476) (25,733)	\$51,536 (16,646)	\$50,729 (13,157)
Budget Basis	(\$284,209)	\$34,890	\$37,572

## INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

City of Germantown Montgomery County 75 North Walnut Street Germantown, Ohio 45327

To the Mayor and City Council:

We have audited in accordance with auditing standards generally accepted in the United States and the Comptroller General of the United States' *Government Auditing Standards*, the modified cash-basis financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Germantown, Montgomery County, (the City) as of and for the years ended December 31, 2014 and 2013, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, which collectively comprise the City's basic financial statements and have issued our report thereon dated October 28, 2016, wherein we noted the City uses a special purpose framework other than generally accepted accounting principles.

#### Internal Control Over Financial Reporting

As part of our financial statement audit, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures appropriate in the circumstances to the extent necessary to support our opinion on the financial statements, but not to the extent necessary to opine on the effectiveness of the City's internal control. Accordingly, we have not opined on it.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A material weakness is a deficiency, or combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of the City's financial statements. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all internal control deficiencies that might be material weaknesses or significant deficiencies. Therefore, unidentified material weaknesses or significant deficiencies may exist. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings that we consider material weaknesses. We consider findings 2014-001 through 2014-004 to be material weaknesses.

City of Germantown Montgomery County Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Required by *Government Auditing Standards* Page 2

#### **Compliance and Other Matters**

As part of reasonably assuring whether the City's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, opining on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed instances of noncompliance or other matters we must report under *Government Auditing Standards* which are described in the accompanying schedule of findings as items 2014-004 through 2014-007.

#### Entity's Response to Findings

The City's response to the findings identified in our audit is described in the accompanying schedule of findings. We did not audit the City's response and, accordingly, we express no opinion on it.

#### Purpose of this Report

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**Dave Yost** Auditor of State Columbus, Ohio

October 28, 2016

### CITY OF GERMANTOWN MONTGOMERY COUNTY

#### SCHEDULE OF FINDINGS DECEMBER 31, 2014 AND 2013

### 1. FINDINGS RELATED TO THE FINANCIAL STATEMENTS REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS

#### **FINDING NUMBER 2014-001**

#### **Material Weakness**

When designing the public office's system of internal control and the specific control activities, management should consider ensuring that accounting records are properly designed, verifying the existence and valuation of assets and liabilities and periodically reconcile them to the accounting records, and perform analytical procedures to determine the reasonableness of financial data.

In 2013 the City incorrectly posted General Fund receipts totaling \$207,721 to Issuance of Capital Related Debt instead of \$107,721 to Miscellaneous Receipts and \$100,000 to Sale of Capital Assets. Adjustments were posted to the accompanying financial statements to correct these errors.

In addition, other errors were noted in the Managements Discussion & Analysis, and various footnotes, which have been corrected.

Failure to properly report receipts could result in inaccurate financial statements. The Finance Director should implement procedures to ensure all receipts are properly reported on the financial statements.

#### Officials' Response:

There has been a change in management with a new City Manager and Finance Director and we are working on each of the items and creating policies and procedures throughout the finance department.

#### **FINDING NUMBER 2014-002**

#### **Material Weakness**

When designing the public office's system of internal control and the specific control activities, management should consider ensuring that accounting records are properly designed, verifying the existence and valuation of assets and liabilities and periodically reconcile them to the accounting records, and performing analytical procedures to determine the reasonableness of financial data.

The City did not accurately apply Governmental Accounting Standards Board (GASB) Statement number 54 (GASB Codification 1800) when classifying December 31, 2013 fund balances. These misclassifications to Other Governmental Funds are noted below:

Ending Unassigned Fund Balance was understated by \$18,001

Ending Assigned Fund Balance was understated by \$300,000

Ending Restricted Balance was overstated \$281,999

Adjustments to correct the errors above are reflected in the financial statements and notes.

When fund balances are not accurately classified, City officials and management do not have accurate information as to the amount of fund balances that are restricted or assigned for specific purposes. The City should develop and implement procedures to ensure accurate accounting for year-end fund balances. The City should also review Auditor of State Bulletin 2011-004 for guidelines in classifying fund balances in accordance with GASB Statement number 54.

**Officials' Response:** There has been a change in management with a new City Manager and Finance Director and we are working on each of the items and creating policies and procedures throughout the finance department.

#### **Material Weakness**

When designing the public office's system of internal control and the specific control activities, management should consider ensuring that accounting records are properly designed, verifying the existence and valuation of assets and liabilities and periodically reconcile them to the accounting records, and performing analytical procedures to determine the reasonableness of financial data.

In 2013 there were 1369 utility customer account debit and credit adjustments totaling (\$237,172). In 2014 there were 1065 utility customer account debit and credit adjustments totaling (\$213,468). Council did not approve utility adjustments during the audit period. Adjustments were approved verbally by the Municipal Manager.

Failure to obtain and document supervisory approval of adjustments increases the risk that errors, theft or fraud could occur and not be detected in a timely manner.

The City should develop specific, written procedures for requesting, posting, and approving customer utility account adjustments. All adjustments should be printed and signed by Council showing their approval of the adjustments at the monthly Council meetings. The City should maintain documentation supporting the reason for the adjustment and reflect supervisory approval prior to posting the adjustment to the utility system.

Periodically, an individual independent of the adjustment process should reconcile authorized adjustments to those posted to the utility system to verify only authorized adjustments were posted to the utility system.

**Officials' Response:** There has been a change in management with a new City Manager and Finance Director and we are working on each of the items and creating policies and procedures throughout the finance department.

#### **Noncompliance and Material Weakness**

Ohio Rev. Code § 5705.42 states, in part, when the state or any department, division, agency authority or unit thereof makes a grant or loan of money to any political subdivision of this state to aid in paying the cost of any program, activity or function of such subdivision, the amount is deemed appropriated and shall be recorded by the subdivision. Additionally, as Auditor of State Bulletin 2002-004 indicates, the City should record each direct payment of Ohio Public Works Commission (OPWC) monies to the contractor as a memo receipt and corresponding memo expenditure.

OPWC made payments on behalf of the City to vendors for a Water Fund project in the amount of \$982,889 during 2013 [\$245,722 grant and \$737,167 loan]. OPWC made payments on behalf of the City to vendors for a Sewer Fund project in the amount of \$141,358 during 2014 [\$49,913 grant and \$91,445 loan]. The City did not record all of this on-behalf activity as receipts or expenditures on its financial statements. The City also did not appropriate these amounts.

In 2013 the City posted OPWC loan proceeds in the amount of \$207,721 as Intergovernmental Revenue rather than Loan Proceeds in the Street Capital Improvement Fund.

Adjustments were posted to the accompanying financial statements to correct the above errors. Failure to properly post receipts and expenditures to the accounting system resulted in material misstatements relating to financial data. The Finance Director should implement procedures to ensure all receipts and expenditures are properly posted.

#### Noncompliance

Ohio Rev. Code § 117.38 provides that each public office shall file a financial report for each fiscal year. The auditor of state may prescribe forms by rule or may issue guidelines, or both, for such reports. If the auditor of state has not prescribed a rule regarding the form for the report, the public office shall submit its report on the form utilized by the public office. Ohio Admin. Code 117-2-03 further clarifies the requirements of Ohio Rev. Code 117.38.

Ohio Admin. Code Section 117-2-03 (B) requires the City to prepare its annual financial report in accordance with generally accepted accounting principles. However, the City prepared its financial statements on a modified cash basis, which is a comprehensive basis of accounting other than accounting principles accepted in the United States of America. The accompanying financial statements omit certain assets, liabilities, fund equities, and disclosure that, while material, cannot be determined at this time. The City can be fined and various other administrative remedies may be taken against the City. As such, the City should prepare its annual financial report in accordance with generally accepted accounting principles.

**Officials' Response:** There has been a change in management with a new City Manager and Finance Director and we are working on each of the items and creating policies and procedures throughout the finance department.

#### **FINDING NUMBER 2014-006**

#### Noncompliance

Ohio Rev. Code § 5705.10(I) requires that money paid into any fund shall be used only for the purposes for which such fund has been established. As a result, a negative fund cash balance indicates that money from one fund was used to cover the expenses of another fund.

The City had negative fund balances as follows:

FUND	MONTH END	FUND BALANCE
250 Street Capital Improvement Fund	June 2013	(\$10,617)
365 Warren St. Reconstruction Fund	June 2013	(722)
401 Hickory Point TIF District	June 2013	(14,561)
612 Water Fund	June 2013	(373,749)
357 S. Butter St. San Sewer	December 2013	(1,236)
522 Police Levy	December 2013	(18,001)
612 Water Fund	December 2013	(148,481)
357 S. Butter St. San Sewer	August 2014	(1,236)
624 Refuse Fund	August 2014	(54,476)
357 S. Butter St. San Sewer	December 2014	(1,236)
398 Weaver Rd Water Line	December 2014	(2,256)

The City should develop and implement procedures to monitor cash fund balances to avoid negative cash fund balances. When expenditures are anticipated to temporarily exceed available resources, the City should consider a transfer or advance from the General Fund.

#### **FINDING NUMBER 2014-007**

#### **Noncompliance**

Germantown Income Tax Ordinance § 181.05(a) states that each person 18 years of age or older who engages in business or other activity or whose income, salary, wage, commission or other compensation is subject to the tax imposed by this chapter, shall, whether or not a tax be due thereon, make and file a return on or before April 30 of the year following the effective date of this chapter, and on or before April 30 of each year thereafter.

We selected 15 residents with utility accounts (Water, Sewer and Sanitation) to verify that required tax returns had been filed. There was no indication that three of these residents filed their tax returns for 2013 and 2014. Further, the City did not implement procedures to verify that all qualifying residents filed an income tax return pursuant to Ordinance Section 181.05(a).

Procedures, such as comparing the income tax returns received to the utility customer listing or state income tax listing should be implemented to verify that all residents file returns by the April deadline. Implementation of such procedures would help detect tax evasions and delinquencies and should increase the tax revenue for the City.

**Officials' Response:** There has been a change in management with a new City Manager and Finance Director and we are working on each of the items and creating policies and procedures throughout the finance department.
