#### **Report on the Financial Statements**

We have audited the accompanying financial statements of the Meals on Wheels – Older Adult Alternatives of Fairfield County, Inc., Fairfield County, Ohio (the NFP Organization), (a not-for-profit organization), which comprise the statement of financial position as of December 31, 2015, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Meals on Wheels – Older Adult Alternatives of Fairfield County, Inc., Fairfield County, Ohio as of December 31, 2015, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Emphasis of Matter**

As discussed in Note 13 to the financial statements, the NFP Organization restated its December 31, 2014 financial statements to correct a material misstatement in previously reported net position. We did not modify our opinion regarding this matter.

### Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated June 28, 2016 on our consideration of the NFP Organization's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the NFP Organization's internal control over financial reporting and compliance.

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### **Organization Description**

Meals on Wheels – Older Adult Alternatives of Fairfield County, Inc. (the Organization) is a nonprofit organization that provides meals, transportation and other services for the elderly. The Organization's services are limited to Fairfield County. The Organization is supported primarily through federal and state grants and monies received from the collection of a tax levy for the purposes of providing senior services to Fairfield County Seniors.

#### **Method of Accounting**

The accounting records are maintained on the accrual basis for financial statement purposes.

#### **Basis of Presentation**

Under the Statement of Financial Accounting Standards Board (FASB ASC 958-205-05-06), Financial Statements of Not-for-Profit Organizations, the organization is required to report information regarding its financial position and activities according to three classes of net assets based upon the existence or absence of donor-imposed restriction. The three classes of net assets are: *Unrestricted net assets* are not subject to donor-imposed stipulations. *Temporarily restricted net assets* are subject to donor-imposed stipulations that may or will be met, either by actions of the Organization and/or the passage of time. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restriction. *Permanently restricted net assets* are subject to donor-imposed stipulations that may be maintained permanently by the Organization. Generally, the donors of these assets permit the Organization to use all or part of the income earned on any related investments for general or specific purposes.

#### **Concentration of Credit Risk**

Financial instruments that potentially subject the Organization to concentrations of credit risk consist principally of cash and cash equivalents and accounts receivable. The Organization maintains cash and cash equivalents with various financial institutions to limit exposure with any one financial institution. The Organization's receivables present virtually no risk of collection since they are due from government agencies and generally received prior to the date of the accountants' report.

#### Fair Value of Financial Instruments

The carrying value of the Organization's financial instruments, including cash, cash equivalents, accounts receivable, accounts payable and short-term debt approximates fair value due to their short-term maturities.

#### Accounts Receivable

Accounts receivable are shown at their net realizable value. Uncollectible accounts are charged to operations during the period in which they are determined to be uncollectible. Management believes that the direct write-off method closely approximates the reserve method of accounting for uncollectible accounts and believes that a reserve for bad debts is not required at December 31, 2015. There was no bad debt expense or write-offs for the year ended December 31, 2015.

#### **Contributions**

Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support, depending on the existence and/or nature of any donor restrictions.

Support that is restricted by the donor is reported as an increase in unrestricted net assets if the restriction expires in the reporting period in which the support is recognized. All other donor-restricted support is reported as an increase in temporarily or permanently restricted net assets depending on the nature of the restriction. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets. There are no temporarily or permanently restricted net assets at December 31, 2015.

#### **Property and Equipment**

Property and equipment are recorded at cost and depreciated over their estimated useful lives ranging from 3 to 40 years by the straight line method. Repairs and maintenance are charged to operations when incurred and additions and improvements are capitalized. The Organization capitalizes assets with costs exceeding \$1,000 and useful lives in excess of one year.

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

#### **Cash and Cash Equivalents**

For purposes of the statement of cash flows, the Organization considers all highly liquid investments with an initial maturity of three months or less to be cash equivalents.

#### **Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### **Functional Allocation of Expenses**

The costs of providing various programs and other activities have been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated among the programs and supporting services receiving the benefit of these costs.

#### **Federal Income Taxes**

The Organization has been classified as an other-than private foundation and is tax-exempt under Section 501(c)(3) of the Internal Revenue Code. The Organization is subject to tax on income from any unrelated business.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Organization and recognize a tax liability (or asset) if the Organization has taken an uncertain tax position that more likely than not would be sustained upon examination by the Internal Revenue Service. The Organization has analyzed the tax positions taken by the Organization, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition (or asset) or disclosure in the financial statements. The Organization is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Organization believes it is no longer subject to income tax examinations for years prior to 2012.

#### **Contributed Services**

The Organization receives donated services from a variety of unpaid volunteers assisting the organization in the preparation and delivery of meals. See Note 9 for details.

#### 2. INVENTORY

Inventory consists of food, beverages and supplies and is priced at cost on the first-in first-out basis.

#### 10. TAX LEVY RECEIVABLE

Fairfield County has a senior services tax levy for which services are provided by and through Meals on Wheels. In 2013, the County renewed their tax levy at 0.5 mills for each one dollar of valuation, which is equal to five cents (\$.05) for every \$100 of real property valuation. The levy will be able to be renewed in 5 years. The purpose of the levy is to provide services for older adult residents (aged 60 and older), including, but not limited to: home delivered meals, congregate site meals and activities, nutrition education, nutrition counseling, caregiver relief and support services, minor home repairs, transportation, and other senior citizens services.

The Organization recognizes as a receivable the difference between what was appropriated by the County for the levy and what has been released to Meals on Wheels for payment of expenditures.

Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With Government Auditing Standards

#### **Independent Auditor's Report**

Board of Directors Meals on Wheels – Older Adult Alternatives of Fairfield County, Inc. 253 Boving Road Lancaster, Ohio 43130

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Meals on Wheels – Older Adult Alternatives of Fairfield County, Inc., Fairfield County, Ohio (the NFP Organization), which comprise the statement of financial position as of December 31, 2015, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated June 28, 2016.

#### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the NFP Organization's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the NFP Organization's internal control. Accordingly, we do not express an opinion on the effectiveness of the NFP Organization's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the NFP Organization's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did identify a certain deficiency in internal control, described in the accompanying schedule of findings and responses as item 2015-001, that we consider to be a material weakness.

Meals on Wheels – Older Adult Alternatives of Fairfield County, Inc.

Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With *Government Auditing Standards*Page 2

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the NFP Organization's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### Organization's Response to Finding

The NFP Organization's response to the finding identified in our audit is described in the accompanying schedule of findings and responses. The NFP Organization's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

#### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

#### Meals on Wheels – Older Adult Alternatives of Fairfield County, Inc. Fairfield County

Schedule of Findings and Responses For the Year Ended December 31, 2015

### FINDINGS RELATED TO THE FINANCIAL STATEMENTS REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS

#### Finding Number 2015-001

#### Material Weakness - Financial Reporting

A monitoring system by the NFP Organization should be in place to prevent or detect misstatements for the accurate presentation of the NFP Organization's financial statements. Errors were identified in the financial statements related levy funding not yet received by Meals on Wheels. These errors required adjustments, which are reflected in the accompanying financial statements, in order to properly present the activity of the NFP Organization. The NFP Organization should implement additional monitoring procedures to ensure transactions are properly recorded.

#### Client Response:

We feel the agency has good controls and oversight over our financial statements. We will continue to monitor, review, and ask appropriate questions regarding the numbers reported on the financial statements and increase our understanding of what is being reported. We will also be asking our accounting firm if there are any significant changes made to our accounting policies, interpretation, assumptions or methodology for compiling our financials. Any deviation from our current accounting practices must be reviewed and discussed with the Agency and the accounting firm prior to finalization of statements.
