CLERMONT COUNTY

**NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
2 CFR 200.510(b)(6)
FOR THE YEAR ENDED DECEMBER 31, 2016**

NOTE A – BASIS OF PRESENTATION

The accompanying Schedule of Expenditures of Federal Awards (the Schedule) includes the federal award activity of Clermont County (the County) under programs of the federal government for the year ended December 31, 2016. The information on this Schedule is prepared in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the County, it is not intended to and does not present the financial position, changes in net position, or cash flows of the County.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the cash basis of accounting. Such expenditures are recognized following the cost principles contained in Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, wherein certain types of expenditures may or may not be allowable or may be limited as to reimbursement. The County has elected not to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

NOTE C – CHILD NUTRITION CLUSTER

The County commingles cash receipts from the U.S. Department of Agriculture with similar State grants. When reporting expenditures on this Schedule, the County assumes it expends federal monies first.

NOTE D – MATCHING REQUIREMENTS

Certain Federal programs require the County to contribute non-Federal funds (matching funds) to support the Federally-funded programs. The County has met its matching requirements. The Schedule does not include the expenditure of non-Federal matching funds.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

Clermont County
101 East Main Street
Batavia, Ohio 45103

To the Board of County Commissioners:

We have audited, in accordance with auditing standards generally accepted in the United States and the Comptroller General of the United States' *Government Auditing Standards*, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Clermont County, Ohio (the County) as of and for the year ended December 31, 2016, and the related notes to the financial statements, which collectively comprise the County's basic financial statements and have issued our report thereon dated May 25, 2017, wherein we noted the County reclassified the Clermont County Mental Health and Recovery Board and the Clermont County Developmental Disabilities Board from discretely presented component units to Governmental Activities, and removed the Adams-Clermont Solid Waste District which is not part of the primary government will be reported separately.

Internal Control Over Financial Reporting

As part of our financial statement audit, we considered the County's internal control over financial reporting (internal control) to determine the audit procedures appropriate in the circumstances to the extent necessary to support our opinion on the financial statements, but not to the extent necessary to opine on the effectiveness of the County's internal control. Accordingly, we have not opined on it.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A *material weakness* is a deficiency, or combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of the County's financial statements. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all internal control deficiencies that might be material weaknesses or significant deficiencies. Given these limitations, we did not identify any deficiencies in internal control that we consider material weaknesses. However, unidentified material weaknesses may exist.

Compliance and Other Matters

As part of reasonably assuring whether the County's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, opining on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

Purpose of this Report

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of the County's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering the County's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Dave Yost • Auditor of State

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Clermont County
101 East Main Street
Batavia, Ohio 45103

To the Board of County Commissioners:

Report on Compliance for Each Major Federal Program

We have audited Clermont County's (the County) compliance with the applicable requirements described in the U.S. Office of Management and Budget (OMB) *Compliance Supplement* that could directly and materially affect each of Clermont County's major federal programs for the year ended December 31, 2016. The *Summary of Auditor's Results* in the accompanying schedule of findings identifies the County's major federal programs.

The County's basic financial statements include the operations of the Clermont County Transportation Improvement District, which received \$1,435,958 in federal awards which is not included in the County's Schedule of Expenditures of Federal Awards for the year ended December 31, 2016. Our audit of Federal awards, described below, did not include the operations of the Clermont County Transportation Improvement District because the component unit is legally separate from the primary government which this report addresses.

Management's Responsibility

The County's Management is responsible for complying with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to opine on the County's compliance for each of the County's major federal programs based on our audit of the applicable compliance requirements referred to above. Our compliance audit followed auditing standards generally accepted in the United States of America; the standards for financial audits included in the Comptroller General of the United States' *Government Auditing Standards*; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). These standards and the Uniform Guidance require us to plan and perform the audit to reasonably assure whether noncompliance with the applicable compliance requirements referred to above that could directly and materially affect a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe our audit provides a reasonable basis for our compliance opinion on each of the County's major programs. However, our audit does not provide a legal determination of the County's compliance.

Opinion on Each Major Federal Program

In our opinion, Clermont County complied, in all material respects with the compliance requirements referred to above that could directly and materially affect each of its major federal programs for the year ended December 31, 2016.

Report on Internal Control Over Compliance

The County's management is responsible for establishing and maintaining effective internal control over compliance with the applicable compliance requirements referred to above. In planning and performing our compliance audit, we considered the County's internal control over compliance with the applicable requirements that could directly and materially affect a major federal program, to determine our auditing procedures appropriate for opining on each major federal program's compliance and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not to the extent needed to opine on the effectiveness of internal control over compliance. Accordingly, we have not opined on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, when performing their assigned functions, to prevent, or to timely detect and correct, noncompliance with a federal program's applicable compliance requirement. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a federal program compliance requirement will not be prevented, or timely detected and corrected. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with federal program's applicable compliance requirement that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

This report only describes the scope of our internal control over compliance tests and the results of this testing based on Uniform Guidance requirements. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have also audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely-presented component units, each major fund and the aggregate remaining fund information of Clermont County (the County) as of and for the year ended December 31, 2016, and the related notes to the financial statements, which collectively comprise the County's basic financial statements. We issued our unmodified report thereon dated May 25, 2017. We conducted our audit to opine on the County's basic financial statements as a whole. The accompanying schedule of expenditures of federal awards presents additional analysis required by the Uniform Guidance and is not a required part of the basic financial statements. The schedule is management's responsibility, and was derived from and relates directly to the underlying accounting and other records management used to prepare the basic financial statements. We subjected this schedule to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling this schedule directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, this schedule is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

INTRODUCTORY SECTION

Linda L. Fraley

Clermont County Auditor

May 25, 2017

To the Citizens and Board of Commissioners
of Clermont County, Ohio:

I am pleased to present this Comprehensive Annual Financial Report (CAFR) for Clermont County, Ohio. This report, for the year ended December 31, 2016, contains the financial statements and other financial and statistical data that provide a complete and full disclosure of all material financial aspects of the County. The responsibility for the accuracy of all data presented, its completeness, and fairness of presentation rests with the County Auditor's Office through the establishment of a comprehensive framework of internal control.

This report presents the financial activity of the County in conformity with generally accepted accounting principles (GAAP) as set forth by the Governmental Accounting Standards Board (GASB) and other recognized authoritative sources.

The County of Clermont is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act of 1984, the Single Audit Act Amendments of 2003, the U.S. Office of Management and Budget's Circular A-133, Audits of State and Local Governments, and the U.S. Office of Management and Budget's Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. Information related to this single audit, including a schedule of federal financial assistance, the independent auditor's report on internal controls and compliance with applicable laws and regulations, and a schedule of findings and questioned costs are included in a separately issued single audit report.

While this report accurately presents the financial statements and statistics of Clermont County, it only reflects a small segment of the entire community - a community that includes many businesses, quality school systems, a fine park district, library system, UC Clermont College (a branch of the University of Cincinnati) and several industrial parks.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of a Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. Clermont County's MD&A can be found immediately following the Independent Auditor's Report.

REPORTING ENTITY

Clermont County was formed by an action of Arthur St. Clair, the first governor of the Northwest Territory in 1800. The elected three-member Board of County Commissioners functions as the legislative and executive branch of the County. Each commissioner serves a term of four years. In addition to the County Auditor, who serves as chief fiscal officer, there are eight other elected administrative officials, each of whom operates independently as set forth by Ohio law. The officials are: Coroner, Engineer, Prosecuting Attorney, Recorder, Sheriff and Treasurer. All of these officials serve four-year terms. The Clerks of Courts-Common Pleas and the Municipal Clerk of Courts serve six-year terms. The following judges are elected on a countywide basis to oversee the County's judicial system: four Common Pleas Court Judges, one Domestic Relations Court Judge, one Probate/Juvenile Court Judge and three Municipal Court Judges. Judges are elected to six year terms.

Clermont County provides general governmental services to its citizens which include: tax collection and distribution, public assistance, health assistance, community related services, civil and criminal justice systems, road and bridge maintenance, sewer and water line construction and maintenance and other general administrative support services. Clermont County also operates water supply and sewer treatment systems.

Clermont County's reporting entity has been defined in accordance with Governmental Accounting Standards Board Codification, Section 2100. The financial statements contained within this Comprehensive Annual Financial Report include all funds, agencies, boards and commissions for which the County elected officials are financially accountable. A complete discussion of the County's reporting entity is provided in Note A to the basic financial statements.

ECONOMIC CONDITION AND OUTLOOK

Summary of Local Economy

Ohio Department of Development ranks Clermont County ninth in population growth in Ohio for the period 2016, as compared to the other 88 counties in the State. Over the past ten years, Clermont County has consistently been one of the fastest growing counties in Ohio, with a population of 203,022. The County unemployment rate of 5.3% at December 31, 2016 compares to 5.0% for the State of Ohio and 4.8% for the United States.

Aided by the convenience of I-275 and connecting highways and interstates, major companies like Huhtamaki Packaging, Milacron, and Auto Temp, Inc. have chosen to locate or expand in Clermont County. Huhtamaki continues with its investment of its manufacturing facility and the commitment to hire 237 employees. In 2015 and 2016, a shopping center in Union Township has been redeveloped and has brought over 300 new jobs to the area. Milacron has committed to an investment of \$6 million dollars and to add 149 full-time positions, and Auto Temp, Inc. is expanding its facilities by 10,000 square feet. In 2016, Clermont County through the Clermont County CIC, Inc. purchased 242 acres for a new industrial park in Williamsburg Township. The County continues to work with the CIC in 2017 to develop this land for new businesses.

Helping to drive this positive economic environment is Clermont County's strategic location and proximity to the Greater Cincinnati/Northern Kentucky International Airport. Sixty percent of the U.S. population resides within one hour's flight time of the area. Factor in the pro-business environment, a workforce that is well educated and highly qualified, and an abundance of low cost land, and Clermont County continues to surge.

Future Economic Outlook

The County has seen an increase in key economic development factors in 2016. The County maintains a conservative approach to spending while maximizing its local revenues. Given the current economy, we anticipate sales tax revenue to increase in 2017.

The real property tax revenues of the General Fund are derived entirely from inside millage (unvoted millage). The revenue structure of the General Fund is balanced so that the operation of Clermont County is not overly dependent on one specific revenue source. This diversified revenue stream has provided an equitable means of generating revenues necessary for the operation of the offices administered by the elected officials, as well as for mandated contributions for welfare costs and discretionary grants to certain County organizations and special districts.

Given the above economic conditions, Clermont County continues to review alternative methods of intergovernmental funding. Clermont County also reviews its budget annually to determine where we can decrease spending. The County will continue with this approach for 2017 and beyond.

MAJOR COUNTY INITIATIVES

Current Year Projects

Department of Job and Family Services

The Department of Job and Family Services (DJFS) administers state mandated programs, working collaboratively with local communities and partners to protect children and strengthen families by providing support while self-sufficiency is achieved.

The **Division of Public Assistance** administers a number of programs, including Food Assistance, Medicaid, and Non-Emergency Medicaid Transportation. Our division is also responsible for fraud investigations and recovery of benefits from those investigations.

The **Children's Protective Services** (CPS) is proud to have had 99 foster parents in 2016 to help make sure children have a safe home.

OhioMeansJobs (OMJ) is comprised of numerous county partnerships with on-site agencies. In 2016, OMJ received 6,575 visits from job seekers.

Community and Economic Development: In 2016, the Department of Community and Economic Development was approved for \$722,000 in Community Development Block Grant money. These grant dollars are used to help local government project and for County projects.

Water and Sewer: In 2016, it was announced that Clermont County will benefit from a loan of \$4,218,000 and a grant of \$2,000,000 from the United States Department Agriculture Rural Development's Water and Environmental Program to construct a new wastewater collection and treatment system for 400 residents near the Village of Newtonsville.

Sheriff's Office: The Clermont County Sheriff's Office was certified on the new standards in use of force, recruitment and hiring that were established a year ago by the Ohio Collaborative Community-Police Advisory Board.

Juvenile Court: The Family Dependency Treatment Court of the Clermont County Juvenile Court has earned final certification from the Ohio Supreme Court's Commission on Specialized Dockets. To receive the certification, Juvenile Court had to submit an application, host a site visit, and provide specific program materials in response to certification standards. Also, the Court's Truancy Intervention Program was awarded the 2016 Community Recognition Award.

Mental Health and Recovery Board: In 2016, the Clermont County Mental Health and Recovery Board awarded 16 mini-grants to local organizations to fund programs that enhance mental health and/or prevent substance use disorders in Clermont County. A total of \$60,000 in funds were allocation with the maximum funding per project of \$5,000.

Future Projects

Clermont County continues to review projects needed for the infrastructure of the County, including roads, bridges, distributions systems and collection systems. The County purchased land for the new Engineer's Building. The County continues to work on the construction and installation of a new Pre-Engineered Domestic Relations Clerk of Courts Building. The County also continues to work with the Clermont County CIC, Inc. on the development of the South Afton Commerce Park for new businesses to build.

FINANCIAL INFORMATION

The County develops, maintains, and implements financial accounting policies and procedures to protect and optimize the financial resources of the County. The County provides a sound accounting system for safeguarding the County's assets through the recording and reporting of financial transactions according to mandated laws and guidelines of Federal law, Ohio Revised Code, Generally Accepted Accounting Principles (GAAP), and the policies of the County. The County's goals are to develop sound fiscal policies, maintain reserves and fiscal integrity, and protect the assets of the citizens of the County.

The County has established a five year capital improvement plan which drives the County's annual operating budget, a fiscal policy on cash reserves for the General Fund and Capital Project Funds; and a conservative investment policy for the safe-guarding of investment income.

INDEPENDENT AUDIT

Included in this report is an Auditor of State unmodified opinion rendered on Clermont County's financial position and results of operations as reported in the basic financial statements for the year ended December 31, 2016. An annual, independent audit of the County's financial statements is part of the annual preparation of a Comprehensive Annual Financial Report. This annual, independent audit continues to provide a review and comments which strengthen Clermont County's accounting and budgetary controls.

GFOA CERTIFICATE OF ACHIEVEMENT

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Clermont County for its comprehensive annual financial report (CAFR) for the year ended December 31, 2015. This was the twenty eighth consecutive year that the County has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized comprehensive annual financial report, whose contents must satisfy both generally accepted accounting principles and applicable legal requirements.

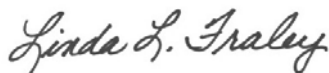

The Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certification.

ACKNOWLEDGMENTS

The preparation of this report could not have been accomplished without the dedicated effort of a number of employees within the County Auditor's Office and the audit division of the Auditor of the State of Ohio. We also extend appreciation to the County's other elected officials and department heads for their contributions and continued support of this project.

I would especially like to recognize Charles F. Tilbury, Jr., Chief Deputy Auditor; Christopher T. Mehlman, Deputy Auditor of Financial Operations; Jennifer A. Hartley, Deputy Auditor of Special Operations and the County Auditor's finance department for their dedication toward the successful completion of this project.

Respectfully,

Linda L. Fraley
Clermont County Auditor

INDEPENDENT AUDITOR'S REPORT

Clermont County
101 E. Main Street
Batavia, Ohio 45103

To the Board of County Commissioners:

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Clermont County, Ohio (the County), as of and for the year ended December 31, 2016, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for preparing and fairly presenting these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes designing, implementing, and maintaining internal control relevant to preparing and fairly presenting financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to opine on these financial statements based on our audit. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the County's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the County's internal control. Accordingly, we express no opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinions.

This page intentionally left blank.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Clermont County, Ohio, as of December 31, 2016, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparisons for the General, Social Services, Developmental Disabilities Board, Mental Health and Recovery Services Board, and Motor Vehicle and Gas Tax funds thereof for the year then ended in accordance with the accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note C to the financial statements, during the year ended December 31, 2016, the County reclassified the Mental Health and Recovery Board and the Developmental Disabilities Board from discretely presented component units to Governmental Activities, and removed the Adams-Clermont Solid Waste District which is not part of the primary government and will be reported separately. Note C describes the effects of the restatement in Governmental Fund Balances and Net Position as a result of the aforementioned changes in reporting.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require this presentation to include *Management's discussion and analysis*, and schedules of net pension liabilities and pension contributions listed in the table of contents, to supplement the basic financial statements. Although this information is not part of the basic financial statements, the Governmental Accounting Standards Board considers it essential for placing the basic financial statements in an appropriate operational, economic, or historical context. We applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, consisting of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, to the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not opine or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to opine or provide any other assurance.

Supplementary and Other Information

Our audit was conducted to opine on the County's basic financial statements taken as a whole.

The introductory section, the financial section's combining statements, individual fund statements and schedules and the statistical section information present additional analysis and are not a required part of the basic financial statements.

The statements and schedules are management's responsibility, and derive from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. We subjected these statements and schedules to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling statements and schedules directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves in accordance with auditing standards generally accepted in the United States of America. In our opinion, these statements and schedules are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

We did not subject the introductory section and statistical section information to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion or any other assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated May 25, 2017, on our consideration of the County's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

Dave Yost
Auditor of State

Columbus, Ohio

May 25, 2017

Clermont County, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2016
Unaudited

The discussion and analysis of Clermont County's financial performance provides an overall review of the County's financial activities for the year ended December 31, 2016. The intent of this discussion and analysis is to look at the County's financial performance as a whole; readers should also review the transmittal letter, and the basic financial statements to enhance their understanding of the County's financial performance.

Financial Highlights

Key financial highlights for 2016 are as follows:

- ◆ The assets and deferred outflows of resources of the County exceeded its liabilities and deferred inflows of resources at the close of the year ended December 31, 2016, by \$479.8 million (net position). Of this amount, \$13.9 million (unrestricted) may be used to meet the County's ongoing obligations to citizens and creditors of governmental activities, and \$47.2 million is classified as unrestricted in the Water and Sewer activities.
- ◆ At the end of the current year, the County's governmental funds reported a combined ending fund balance of \$71.0 million, a decrease of \$7.0 million from the prior year. Of this amount, \$21.8 million is unassigned and can be used for spending on behalf of its citizens.
- ◆ At the end of the current fiscal year, unassigned fund balance for the general fund was \$22.3 million, or 38.8% of total general fund expenditures and other financing uses.
- ◆ In 2016, the County contributed \$6,700,00 to the Clermont County CIC, Inc. for the purchase and development of approximately 242 acres of land located in Williamsburg Township for the South Afton Commerce Park.
- ◆ The evaluation of the Clermont County financial reporting entity (primary government) was reviewed for 2016. It was decided that the Clermont County Mental Health and Recovery Board and the Clermont County Developmental Disabilities Board should be part of the primary government and not as component units of the government. It was also decided that the Adams-Clermont Solid Waste Management is a legally-separate entity and should not be included as part of the County. This resulted in an increase of fund balance in the governmental funds of \$10,590,701 and an increase in net position of \$7,652,917.

Using this Annual Financial Report

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand Clermont County as a financial whole or as an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial conditions.

The Statement of Net Position and Statement of Activities provide information about the activities of the whole County, presenting both an aggregate view of the County's finances and a longer-term view of those assets. Major fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what dollars remain for future spending. The fund financial statements also look at the County's most significant funds with all other non-major funds presented in total in one column.

Reporting Clermont County as a Whole

Statement of Net Position and the Statement of Activities

While this document contains information about the funds used by the County to provide services to our citizens, the view of the County as a whole looks at all financial transactions and asks the question, "How did we do financially during 2016?" The Statement of Net Position and the Statement of Activities answer this question. These statements include all assets, deferred outflows of resources, liabilities, and deferred inflows of resources using the accrual basis of accounting similar to the accounting used by the private sector companies. This basis of accounting takes into account all of the current year's revenues and expenses regardless of when the cash is received or paid.

These two statements report the County's net position and the change in the position. This change in net position is important because it tells the reader whether, for the County as a whole, the financial position of the County has improved or diminished. However, in evaluating the overall position of the County, nonfinancial information such as changes in the County's tax base and the condition of County capital assets will also need to be evaluated.

In the Statement of Net Position and the Statement of Activities, the County is divided into three kinds of activities:

- ◆ Governmental Activities-Most of the County's services are reported here including public safety, social services programs, administration, and all departments with the exception of our Water and Sewer funds.
- ◆ Business-Type Activities- These services have a charge based upon the amount of usage. The County charges fees to recoup the cost of the entire operation of our Water and Sewer Plants as well as provide for capital expenditures associated with these facilities.
- ◆ Component Units-The County includes financial data of the Clermont County Community Improvement Corporation (CIC), the Clermont County Port Authority, and the Clermont County Transportation Improvement District (TID) in its report. The component units are separate and may buy, sell, lease and mortgage property in their own name and can sue or be sued in their own name.

Reporting Clermont County's Most Significant Funds

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objects. The County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds. Fund financial reports provide detailed information about the County's major funds.

Based on restrictions on the use of monies, the County has established many funds which account for the multitude of services provided to our residents. However, these fund financial statements focus on the County's most significant funds. In the case of Clermont County, our major funds are the General, Social Services, Mental Health and Recovery Board, Developmental Disabilities, Motor Vehicle and Gas, Special Assessment Debt Service, and County Capital Improvements. The analysis of the County's major funds begins on page 18.

Clermont County, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2016
Unaudited

Governmental Funds: Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on current sources and uses of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

It is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The County maintains a multitude of individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental statement of revenues, expenditures and changes in fund balances for the major funds, which were identified earlier. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report. The nonmajor governmental fund financial statements can be found on pages 97-103 of this report.

Proprietary Funds: The County maintains two different types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The County uses enterprise funds to account for its Water and Sewer operations. Internal Service funds are an accounting device used to accumulate and allocate costs internally among the County's various functions. The County uses internal service funds to account for its self-insurance, fleet maintenance, telecommunications division, and worker's compensation programs. The proprietary fund financial statements can be found on pages 37-39 of this report.

Fiduciary Funds: Are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the County's own programs. The accounting used for fiduciary funds is much like that of the proprietary funds. The fiduciary fund financial statement can be found on page 40 of this report.

Notes to the Financial Statements: The notes provide additional information that is essential to a full understanding of the data provided in the governmental-wide and fund financial statements. The notes to the financial statements begin on page 43 of this report.

Other information: In addition to the basic financial statements and accompanying notes, this report also presents combining and individual fund statements and schedules which begin on page 95 of this report.

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the County, assets exceeded liabilities by \$479.8 million (\$189.6 million in governmental activities and \$290.2 million in business-type activities) as of December 31, 2016. The largest portion of the County's net position (80.8%) reflects its investment in capital assets (e.g., land, buildings, machinery and equipment, infrastructure), less any related debt used to acquire those assets that is still outstanding. The County uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Clermont County, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2016

An additional portion of the County's net position represents resources that are subject to external restrictions on how they may be used. In the current year, this represented \$31.2 million or 6.5% of net position. \$61.1 million or 12.7% of net position may be used to meet the County's ongoing obligations to its citizens and creditors and for Water and Sewer activities.

Clermont County, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2016
Unaudited

During 2015, the County adopted GASB Statement 68, "Accounting and Financial Reporting for Pensions— an Amendment of GASB Statement 27," which significantly revises accounting for pension costs and liabilities.

Governmental Accounting Standards Board standards are national and apply to all government financial reports prepared in accordance with generally accepted accounting principles. When accounting for pension costs, GASB 27 focused on a funding approach. This approach limited pension costs to contributions annually required by law, which may or may not be sufficient to fully fund each plan's net pension liability. GASB 68 takes an earnings approach to pension accounting; however, the nature of Ohio's statewide pension systems and state law governing those systems requires additional explanation in order to properly understand the information presented in these statements.

Under the new standards required by GASB 68, the net pension liability equals the County's proportionate share of each plan's collective: Present value of estimated future pension benefits attributable to active and inactive employees' past service less plan assets available to pay these benefits. GASB notes that pension obligations, whether funded or unfunded, are part of the "employment exchange" – that is, the employee is trading his or her labor in exchange for wages, benefits, and the promise of a future pension. GASB noted that the unfunded portion of this pension promise is a present obligation of the government, part of a bargained-for benefit to the employee, and should accordingly be reported by the government as a liability since they received the benefit of the exchange. However, the County is not responsible for certain key factors affecting the balance of this liability.

In Ohio, the employee shares the obligation of funding pension benefits with the employer. Both employer and employee contribution rates are capped by State statute. A change in these caps requires action of both Houses of the General Assembly and approval of the Governor. Benefit provisions are also determined by State statute. The employee enters the employment exchange with the knowledge that the employer's promise is limited not by contract but by law. The employer enters the exchange also knowing that there is a specific, legal limit to its contribution to the pension system. In Ohio, there is no legal means to enforce the unfunded liability of the pension system as against the public employer. State law operates to mitigate/lessen the moral obligation of the public employer to the employee, because all parties enter the employment exchange with notice as to the law. The pension system is responsible for the administration of the plan.

Most long-term liabilities have set repayment schedules or, in the case of compensated absences (i.e. sick and vacation leave), are satisfied through paid time-off or termination payments. There is no repayment schedule for the net pension liability. As explained above, changes in pension benefits, contribution rates, and return on investments affect the balance of the net pension liability are outside the control of the local government. In the event that contributions, investment returns, and other changes are insufficient to keep up with required pension payments, State statute does not assign/identify the responsible party for the unfunded portion. Due to the unique nature of how the net pension liability is satisfied, this liability is separately identified within the long-term liability section of the statement of net position.

In accordance with GASB 68, the County's statements prepared on an accrual basis of accounting include an annual pension expense for their proportionate share of each plan's change in net pension liability not accounted for as deferred inflows/outflows. As a result of implementing GASB 68, the County is reporting a net pension liability and deferred inflows/outflows of resources related to pension on the accrual basis of accounting. The net pension asset/liability and deferred inflows/outflows had a result on the December 31, 2016 net position of \$(48,573,577) on governmental activities and \$(4,872,293) on business-type activities.

Clermont County, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2016
Unaudited

As of December 31, 2016, the County is able to report positive balances in all three categories of net position, both for the County as a whole, as well as for its separate governmental and business-type activities. At the end of the year there was a \$4.1 decrease in capital assets due to the depreciation of assets and the sale of a building by the Mental Health and Recovery Board. Current liabilities increased by \$4.8 million due to an increase in accounts payables for payments to the CIC for the development of the South Afton Commerce Park and for the 2016 annual funding to the Clermont County TID. Long-term liabilities decreased by \$6.2 million due to the payment of debt in 2016.

Table 2 below provides a summary of the changes in net position for 2016 compared to 2015.

Governmental Activities

The legislative and executive programs of the County represent the activities related to the governing body and other elected officials in the performance of their primary duties and subsidiary activities. These activities directly support other programs of the County and service its citizens. In 2016, this represented 12.5% of the County's total governmental activity expenses. The County's elected officials and department heads worked with the County Commissioners to maintain effective programs for its citizens.

Public safety programs and human services programs are the largest activities of the County. Public safety represents 21.3% of total expenses. Public Safety programs provide safety to the citizens of Clermont County through the Sheriff's office and the 911 Communication Center. Human services represent 29.8% of total expenses. Grants associated with Public Safety Programs decreased in 2016 due to the timing of the grants received. The County's human service programs provide children services, child support, senior services, assistance for the needy, and job development services.

Expenses for economic development increased by \$10.2 million dollars. This is due to the County's contribution to the Clermont County CIC, Inc. for the purchase and development of the South Afton Commerce Park in Williamsburg Township.

The County's strategy to secure the maximum amount of grants and contributions that are provided by the state and federal governments continues to be productive. The County continues to explore and acquire new intergovernmental revenue streams while maximizing its current intergovernmental allocations to better address program needs. Grants and state revenue related to human services programs included TANF, Workforce Development, and Children Services programs which comprise 43.2% of the County's grants and contributions. Grants and state revenue related to the County's public works and community development programs included OPWC grants, highway construction and planning, Motor Vehicle License Tax, and Motor Vehicle Gas Tax accounted for 36.9% of the County's intergovernmental revenue.

Property Taxes have increased by \$2.6 million due to an increase in the collection of delinquent property taxes. Sales Tax increased by \$1.5 million due to a better economy in 2016 and more sales within Clermont County.

Business-Type Activities

In 2016 the County's Water and Sewer charges for services decreased by \$1.0 due to a decrease in usage. Capital grants and contributions decreased by \$1.2 million due to less contributions of water and sewer lines from contractors in 2016. Expenses increased by \$2.3 million due to an increase in material and supplies for water and sewer plants.

Financial Analysis of the County's Funds

As noted earlier, the County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds: The focus of the County's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the County's financing requirements. In particular, unreserved fund balance may serve as a useful measure of the County's net resources available for spending at the end of the fiscal year.

Clermont County, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2016
Unaudited

As of the end of the current fiscal year, the County's governmental funds reported combined ending fund balances of \$71.0 million. Approximately \$21.8 million of this amount constitutes unassigned fund balance, which is available for spending for its citizens. The remainder is unspendable due to legal or contractual requirements to maintain intact, restricted due to externally imposed restrictions by grantors, laws and regulations, or assigned due to the County intention of using the fund balance for a specific purpose.

The General Fund is the chief operating fund of the County. At the end of the current fiscal year, unassigned fund balance of the general fund was \$22.3 million, while the total fund balance was \$28.8 million. As a measure of the general fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 38.8% of the total general fund expenditures and other financing uses, while total fund balance represents 50.2% of that same amount.

The fund balance of the County's General Fund increased by \$2.2 million during the current fiscal year. Key factors are as follows:

- ◆ Sales tax increased by \$1.3 million due to a continual increase in retail spending within the County.
- ◆ Charges for Services increased by \$1.7 million due to an increase in conveyance fees and auto title fees collected in 2016.
- ◆ Other revenue decreased by \$1.5 million due to a reimbursement received from the Clermont County CIC, Inc. for the Ivy Pointe land in 2015.
- ◆ Expenses increased by \$6.6 million due to contributions made to the CIC in 2016 and an increase in salaries and benefits.

The Social Services fund saw a \$0.5 million increase in fund balance due to an increase in intergovernmental revenue received from the state.

The Mental Health and Recovery Board fund saw a \$1.3 million decrease in fund balance due to a decrease in intergovernmental revenue received.

The Developmental Disabilities fund saw a \$1.3 million decrease in fund balance due to a decrease in intergovernmental revenue received.

The Motor Vehicle and Gas fund had a \$1.0 million increase in fund balance due to a loan received from Ohio Public Works Commission for a road project.

The Special Assessment Debt Service Funds pays the principal and interest of all special assessment debt issued in the County. Special Assessments collected for the payment of principal and interest has decreased slightly due to deferrals on some of the special assessments.

The County Capital Improvement fund had a \$.1 million decrease in fund balance due to a slight increase in expenditures in 2016.

The Water Fund had a \$1.3 million increase in expenses due to an increase in material and supplies in 2016 and the Sewer Fund had a \$1.2 million increase in expenses due to an increase in material and supplies in 2016.

General Fund Budgeting Highlights

The County's budget is prepared according to Ohio law and is based on accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The most significant budgeted fund is the General Fund.

During the course of 2016, the County amended its General Fund budget numerous times. All recommendations for the budget came to the Office of Management and Budget for review. A modification to the original budget requires the approval of the Board of County Commissioners. With the General Fund supporting many of our major activities such as our public safety programs, as well as most legislative and executive activities, the General Fund is monitored closely looking for possible revenue shortfalls or over spending by individual departments. The General Fund modified its appropriations in 2016 for economic development for a \$500,000 contribution to the CIC and an increase in appropriations for advances due to advances needed for the Health Insurance Fund.

Capital Assets and Debt Administration

Capital Assets: The County's investment in capital assets for its governmental and business-type activities as of December 31, 2016, is \$436.6 million (net of accumulated depreciation). This investment in capital assets includes land, buildings and systems, improvements, intangibles, equipment and machinery, roads, highways, and bridges.

Note H (Capital Assets) provides capital asset activity during 2016.

Major capital asset events during the current year included the following:

- ◆ Road and Bridge projects continue in 2016 with \$5.9 million added to the improvement of the roads and bridges.
- ◆ The County received \$2.4 million in sewer line contributions and \$2.0 million in water line contributions and saw the completion of the Surge Protection Improvement of the PUB Water Treatment Plant and the SR28-Branch Hill Guinea Waterline replacement.

Long-term Debt: At the end of 2016, the County had general obligation debt outstanding of \$9.2 million. Of this amount, \$0.5 million comprises debt backed by the full faith and credit of the County, \$1.7 million comprises of OPWC commitments to be repaid from the Motor Vehicle and Gas fund, \$6.8 million is special assessment debt for which the County is liable in the event of default by the property owner subject to the assessment, and \$.2 million in FHA Loans by the Mental Health and Recovery Board for their building.

The County's long-term general obligation debt increased by \$.4 million during the 2016 fiscal year due to \$1.0 million in proceeds received and \$.6 million in principal payments. The County's Water and Sewer debt decreased by \$.7 million due to principal payments made in 2016.

The County maintains an Aa1 rating from Moody's for general obligation debt and an Aa3 rating from Moody's on its Water System Refunding Revenue Bonds and Sewer System Refunding Revenue Bonds. State statute limits the total amount of debt a governmental entity may issue. The current unvoted debt margin for the County is \$42.8 million. In addition to the bonded debt, the County's long-term obligations include compensated absences and net pension liability. Additional information on the County's long-term debt can be found in Note I of this report. Interest and fiscal charges for 2016 for the county, were \$0.3 million for governmental activities and \$1.0 million for business type activities.

Economic Factors and Next Year's Budgets and Rates

The County has seen an increase in key economic development factors in 2016. The County maintains a conservative approach to spending while maximizing its local revenues. Given the current economy, we anticipate sales tax revenue to increase in 2017. In 2016, the County received \$2.3 million in Casino Revenue. The State of Ohio collects a 33% tax on gross casino revenue; each county receives a portion of this tax revenue. This is expected to remain the same in 2017.

The County will continue to review alternative methods of intergovernmental funding, since the State of Ohio's fiscal condition continues to remain uncertain and the County's portion of state-based program revenue may be affected by the fiscal year 2018 State budget bill.

All of these factors were considered in the preparation of the County's 2016 budget. In conjunction with current economic factors, the County expects to maintain a conservative 2017 budget but to continue to provide public safety services, continue improving its technology, and for the economic development of the County.

Requests for Information

This financial report is designed to provide our citizens, taxpayers, creditors, and investors with a general overview of the County's finances and to show the County's accountability for the money it receives. If you have any questions about this report or need additional financial information, contact Linda L. Fraley, Clermont County Auditor, 101 East Main Street, Batavia, Ohio 45103, (513)732-7150, (email at lfraley@clermontcountyohio.gov) or visit the County website at ClermontCountyOhio.gov.

Clermont County, Ohio

Reconciliation of Total Governmental Fund Balances to the Statement of Net Position of
Governmental Activities
December 31, 2016

Fund balances of governmental funds \$ 70,972,701

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets and land held for resale used in governmental activities are not financial resources and therefore are not reported in the funds. 156,226,510

Other long-term assets are not available to pay for current-period expenditures and therefore are unavailable revenue in the funds.

Special Assessments	9,056,714	
Investment Earnings	156,695	
Property Taxes	3,185,124	
Revenue in Lieu of Taxes	65,993	
Intergovernmental Revenues	10,312,600	
Sales Tax	2,457,616	
Casino Revenue	535,616	
	<hr/>	25,770,358

Long-term liabilities, including bonds payable and accrued interest payable, are not due and payable in the current period and therefore are not reported in the funds.

Net Pension	(48,116,150)	
GO Bonds	(515,000)	
Special Assessment Bonds	(6,770,000)	
OPWC Loans	(1,740,879)

Clermont County, Ohio

Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances of Governmental Funds to the Statement of Activities For the Year Ended December 31, 2016

Net change in fund balances - total governmental funds \$ (7,044,449)

Amounts reported for governmental activities in the statement of net position are different because:

Governmental Funds report capital outlays as expenditures. However in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays exceeded depreciatoin in the current period.

Capital asset additions	7,167,371	
Depreciation Expense	<u>(8,491,194)</u>	(1,323,823)

In the statement of activities, the loss on the disposal of capital assets is reported. Conversely, governmental funds do not report any gain or loss on the disposal of capital assets. (393,646)

Because some revenues will not be collected for several months after the County's fiscal year ends, they are not considered as "available" revenues and are unavailable in the governmental funds.

Taxes	2,267,601	
Intergovernmental Revenue	(658,936)	
Special Assessments	(1,096,147)	
Investment Earnings	<u>24,360</u>	536,878

The issuance of long-term debt provides current financial resources to government funds, while the repayment of the principal of long-term obligations is an expenditure in governmental funds. Neither transaction, however, has any effect on net assets.

Repayment of Bond Principal	832,807	
Proceeds from OPWC Loan	<u>(1,000,000)</u>	(167,193)

In the statement of activities, interest is accrued on outstanding bonds, whereas in governmental funds, interest is expensed when due. 5,757

Compensated Absences and Net Pension Liability reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.

Compensated Absences	(739,196)	
Net Pension	<u>457,001</u>	(282,195)

The internal service funds are used by management to charge the costs of insurance and other services to individual funds. The net revenue (expense) are reported with governmental activities. (2,428,843)

Change in net position of governmental activities \$ (11,097,514)

The notes to financial statements are an integral part of this statement.

Clermont County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2016

NOTE A: Description of the County and Reporting Entity

Clermont County is a political subdivision of the State of Ohio. The County was formed by action of Arthur St. Clair, the first governor of the Northwest Territory in 1800. The three member Board of County Commissioners is the legislative and executive body of the County. The County Auditor is the chief fiscal officer. In addition, there are eight other elected administrative officials, each of whom is independent, as set forth in Ohio law. These officials are the Clerk of Common Pleas Court, Clerk of Municipal Court, Coroner, Engineer, Prosecuting Attorney, Recorder, Sheriff and Treasurer. There are also six Common Pleas Court Judges, (one of whom is Domestic Relations Court Judge, and one whom is Judge of the Probate and Juvenile Courts) and three Municipal Court Judges elected on a County-wide basis to oversee the County's justice system.

Reporting Entity

As required by generally accepted accounting principles, the financial statements present Clermont County (the primary government) and its component units. The primary government includes all funds, departments, boards and agencies for which the County elected officials are financially accountable and are not legally separate from the County. The component units (discussed below) are included in the County's reporting entity because of the significance of their operational or financial relationships with the County.

Discretely Presented Component Units

The component units' column in the government-wide financial statements includes the financial data of the County's component units. They are reported in a separate column to emphasize that they are legally separate from the County. The following boards are included as legally separate, discretely presented components of the County:

Clermont County Community Improvement Corporation (CIC): The CIC is responsible for advancing, encouraging, and promoting the industrial, economic, commercial, and civic development of Clermont County. The Board of County Commissioners appoints the voting majority of the board and there is a financial benefit/burden relationship between the CIC and the County. Copies of the CIC financial report are on file at the Clermont County Auditor's Office, 101 E. Main Street, Batavia, Ohio 45103-2961.

Clermont County Port Authority (Port Authority): The Port Authority serves Clermont County for purposes of enhancing, fostering, aiding, providing or promoting transportation, economic development, housing, recreation, education, government operations, culture and research. The Clermont County Board of County Commissioners appoints the voting majority of the board and can impose its will by removing board members at will. Copies of the Port Authority financial report are on file at the Clermont County Auditor's Office, 101 E. Main Street, Batavia, Ohio 45103-2961.

Clermont County Transportation Improvement District (TID): The TID provides the opportunity to finance, construct, maintain, repair, and operate roads, highways, and other transportation improvements within the County. The Clermont County Board of County Commissioners appoints the voting majority of the board and can impose its will by removing board members at will. Copies of the TID's financial report are on file at the Clermont County Engineer's Office, 2381 Clermont Center Drive, Batavia, Ohio, 45103.

NOTE A: Description of the County and Reporting Entity (Continued)

Jointly Governed Organizations

Southwest Ohio Regional Council of Governments: Clermont County Board of Developmental Disabilities is a member of the Southwest Ohio Regional Council of Governments. The Southwest Ohio Council of Governments was created by the Board of Development Disabilities of Butler, Hamilton, Clermont, and Warren Counties. The Council consists of four members representing each of the four counties. Other County Boards of Development Disabilities may petition for membership to the Council; however, membership must be approved by a two-thirds vote of the Council members. The role of the Council is to coordinate the powers and duties of the member boards to better serve and benefit persons with developmental disabilities within the four counties. The Council serves as its own taxing and debt issuance authority and is a jointly governed organization. In 2016, Clermont County contributed \$248,974 to the Council. Financial information for the Southwest Ohio Council of Governments may be obtained at 1910 Fairgrove Avenue, Suite E, Hamilton, Ohio 45011.

Workforce Investment Board (Area 12): The Workforce Investment Board consists of thirty-one board members representing business, education, labor, government, and a commissioner from each County. The Board is a regional organization developed as a result of the Workforce Investment Act. The role of the Board is to assess the workforce needs of area employers, assess the employment and training needs of job seekers and to identify fiscal and other available resources to meet current and future workforce needs in the region.

Related Organizations:

Clermont County officials are also responsible for appointing the members and/or act as members on the boards of other organizations, but the County's accountability for these organizations does not extend beyond making the appointments or representing the following organizations:

Public Library Board: The seven member board of library trustees are appointed by County officials. Three trustees are appointed by Judges of the Court of Common Pleas, and four trustees are appointed by the Board of County Commissioners.

Metropolitan Housing Authority: Three of the five board members are appointed by County officials. The Probate Court, Common Pleas Court and Board of County Commissioners appoint one board member each.

Clermont County Visitors' Bureau: The Board of County Commissioners appoint six of the nine directors.

Family and Children First Council: The operation of the Council is controlled by an advisory committee and the Clermont County Community Mental Health and Recovery Board. County Commissioners and the County Administrator are members of the committee.

As the custodian of public funds, the County Treasurer invests all public monies held on deposit in the County Treasury. In the case of the separate agencies, boards and commissions listed below, the County serves as fiscal agent, but is not financially accountable for their operations. Accordingly, the activities of the following districts are presented as agency funds within the County's financial statements.

- Soil and Water Conservation District
- Park District
- Clermont County Health District
- Adams-Clermont Joint Solid Waste Management District
- Family and Children First Council

Clermont County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2016

NOTE B: Summary of Significant Accounting Policies

Basis of Presentation

The County's basic financial statements consist of government-wide statements, including a statement of net position and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

Government-wide Financial Statements

The statement of net position and the statement of activities display information about the County as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The activity of the internal service funds is eliminated to avoid "doubling up" revenues and expenses except for those services provided to component units. The statements distinguish between those activities of the County that are governmental and those that are considered business-type activities.

The statement of net position presents the financial condition of the governmental and business-type activities for the County at year-end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the County's governmental activities and for the business-type activities of the County. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient for the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program and interest earned on grants that is required to be used to support a particular program. Revenues which are not classified as program revenues are presented as general revenues of the County, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each business segment or governmental function is self-financing or draws from the general revenues of the County.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the County's water and sewer functions and various other functions of the County. Elimination of these charges would distort the direct costs and program revenues reported for the various functions impacted.

Fund Financial Statements

During the year, the County segregates transactions related to certain County functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the County at this more detailed level. The focus of governmental and enterprise fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. Internal service funds are combined and the totals are presented in a single column on the face of the proprietary fund statements. Fiduciary funds are reported by type.

Fund Accounting

The County uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. There are three categories of funds: governmental, proprietary and fiduciary.

Governmental Funds

Governmental funds are those through which most governmental functions of the County are financed. Governmental fund reporting focuses on the sources, use and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets plus deferred outflows of resources and liabilities plus deferred inflows of resources is reported as fund balance. The following are the County's major governmental funds:

NOTE B: Summary of Significant Accounting Policies (Continued)

General Fund

This fund accounts for the general operating revenues and expenditures of the County not recorded elsewhere. The General Fund balance is available to the County for any purpose provided it is expended or transferred according to the general laws of Ohio.

Social Service Special Revenue Fund

This fund receives money from grants and tax levies to administer human service programs under state and federal regulations. These programs include Aid to Dependent Children (ADC), Medicaid, Food Stamps, investigation of all reports of child abuse, neglect or dependency, foster care programs, adoption services, senior service programs, and workforce development services to economically disadvantaged residents.

Mental Health & Recovery (MHRB) Special Revenue Fund

This fund receives money from grants and tax levies to administer various types of mental health services for residents of Clermont County.

Developmental Disabilities (CCDD) Special Revenue Fund

This fund receives money from grants and tax levies to provide educational and vocational services to developmentally disabled children and adults.

Motor Vehicle and Gas Tax (MV&G) Special Revenue Fund

This fund accounts for monies received from state gasoline tax and motor vehicle registration fees designated for maintenance and repair of roads and bridges.

Special Assessment Debt Service Fund

This fund accounts for assessments collected from property owners to be used for the payment of principal and interest of the County's special assessment bonds.

County Capital Improvement Capital Projects Fund

This fund accounts for financial resources to be used for major capital improvement to existing County facilities.

Proprietary Funds

Proprietary fund reporting focuses on the determination of operating income, changes in net position, financial position and cash flows. Proprietary funds are classified as either enterprise or internal service.

Enterprise Funds

Enterprise funds may be used to account for any activity for which a fee is charged to external users for goods and services. The County maintains two Enterprise Funds which provide sanitary sewer and water distribution.

Internal Service Funds

Internal service funds account for the financing of services provided by one department or agency to other departments or agencies of the County on a cost-reimbursement basis. The County's internal service funds report on self-insurance programs for employee medical benefits, worker's compensation, vehicle maintenance, and telecommunication services.

NOTE B: Summary of Significant Accounting Policies (Continued)

Fiduciary Funds

Fiduciary fund reporting focuses on net position and changes in net position. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds, and agency funds. Agency funds are used to report resources held by the County in a purely custodial capacity. The County's only fiduciary funds are agency funds. Agency funds typically involve only the receipt, temporary investment and remittance of fiduciary resources to individuals, private organizations, or other governments. The County maintains four Agency Funds for undivided taxes, political subdivisions, court systems, and other money being held in a custodial capacity.

Component Units

Component units are either legally separate organizations for which the elected officials of the County are financially accountable, or legally separate organizations for which the nature and significance of its relationship with the County is such that exclusion would cause the County's financial statements to be misleading or incomplete. Component unit disclosures represent a consolidation of various fund types.

Measurement Focus

Government-wide Financial Statements

The government-wide financial statements are prepared using the economic resources measurement focus. All assets, deferred outflows of resources, liabilities, and deferred inflows of resources associated with the operation of the County are included on the Statement of Net Position. The Statement of Activities presents increases (i.e. revenues) and decreases (i.e. expenses) in total net position.

Fund Financial Statements

All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets, deferred outflows of resources, current liabilities, and deferred inflows of resources generally are included on the balance sheet. The statement of revenues, expenditures and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

Like the government-wide statements, all proprietary fund types are accounted for on a flow of economic resources measurement focus. All assets, deferred outflows of resources, liabilities, and deferred inflows of resources associated with the operation of these funds are included on the statement of fund net position. The statement of changes in fund net position presents increases (i.e., revenues) and decreases (i.e., expenses) in net total position. The statement of cash flows provides information about how the County finances and meets the cash flow needs of its proprietary activities.

Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Proprietary and fiduciary funds also use the accrual basis of accounting. Differences in the accrual and the modified accrual basis of accounting arise in the recognition of revenue, the recording of unavailable revenue, and in the presentation of expenses versus expenditures.

Clermont County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2016

NOTE B: Summary of Significant Accounting Policies (Continued)

Revenues - Exchange and Non-Exchange Transactions

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the County, available means expected to be received within thirty days of year-end.

Non-exchange transactions, in which the County receives value without directly giving equal value in return, include sales taxes, property taxes, revenue in lieu of taxes, grants, entitlements and donations. On an accrual basis, revenue from sales taxes is recognized in the period in which the sale occurs. Revenue from property taxes are recognized in the fiscal year for which the taxes are levied (See Note G). Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the County must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the County on a reimbursement basis. On a modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at year-end: delinquent taxes, sales tax, lodging tax, grants, interest, fees and charges for services.

Expenses/Expenditures

On the accrual basis of accounting, expenses are recognized at the time they are incurred.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in the governmental funds.

Deferred Outflows/Inflows of Resources

Deferred Outflows of resources represents a consumption of net position that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until then.

Deferred inflows of resources, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time.

Property taxes for which there is an enforceable legal claim as of December 31, 2016 but which were levied to finance fiscal year 2017 operations, have been deferred and recognized as an inflow of resources in the period that the amounts become available.

On governmental fund financial statements, receivables that will not be collected within the available period have also been deferred and recognized as an inflow of resources in the period that the amounts become available.

NOTE B: Summary of Significant Accounting Policies (Continued)

Cash and Cash Equivalents

Cash resources of the majority of individual funds are combined to form a pool of cash and investments which is managed by the County Treasurer. Interest earned on investments is accrued as earned and distributed to the General Fund and other qualifying funds utilizing a formula based on the average daily balance of cash and cash equivalents of all funds. During fiscal year 2016, investments were limited to treasury notes, federal agency notes, commercial paper, municipal bonds, money market funds, and STAROhio. Investments are reported at fair value which is based on quoted market prices. Note F provides a detailed disclosure regarding cash, cash equivalents and investments held by the County. STAROhio is an investment pool managed by the State Treasurer's Office, which allows governments within the State to pool their funds for investment purposes. STAROhio is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in STAROhio are valued at STAROhio's share price, which is the price the investment could be sold for on December 31, 2016.

Under existing Ohio statutes all investment earnings are assigned to the general fund unless statutorily required to be credited to a specific fund. Interest revenue credited to the General Fund during 2016 amounted to \$874,364, which includes \$617,216 assigned from other County funds.

Cash and Investments in Segregated Accounts

The County has segregated bank accounts for monies held separate from the County's central bank account. These depository accounts are presented in the Statement of Net Position as "Cash and Cash Equivalents in Segregated Accounts" or "Investments in Segregated Accounts".

Cash and Investments Held by Trustee

Certain monies for the Water and Sewer Funds are held and invested by trustees. These bank accounts and investments are represented by the "Cash and Cash Equivalents in Segregated Accounts", and "Investments in Segregated Accounts" restricted asset accounts.

Statement of Cash Flows

Funds included within the Treasurer's cash management pool and investments in segregated accounts (including restricted trustee and retainage accounts) with original maturities of 3 months or less when purchased are considered to be cash equivalents.

Inventories

On government-wide financial statements inventories are presented at cost on a first-in, first-out basis (FIFO) and are expensed when used. Inventory is reported in enterprise funds and component units and is valued at cost using the first-in, first-out (FIFO) method. Inventory is expensed when consumed rather than when purchased.

Interfund Transactions

On fund financial statements, receivables and payables resulting from short-term interfund loans are classified as "interfund receivables/payables." These amounts are eliminated in the governmental and business-type activities columns of the statement of net position, except for any net residual amounts due between governmental and business-type activities, which are presented as internal balances.

Clermont County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2016

NOTE B: Summary of Significant Accounting Policies (Continued)

Restricted Assets

Restricted assets consist of certain trust accounts held by the Water and Sewer Funds which include a bond account, bond reserve account, replacement and improvement account, and a construction account. Cash and investments in the accounts are held by trustee financial institutions. The bond account is used to accumulate periodic principal and interest payments. The bond reserve account is to be funded in an amount equal to the maximum annual bond principal and interest requirement. The replacement and improvement account is to be maintained with a balance equal to the greater of five percent of the amount of bonds outstanding or \$2,000,000. The construction account is established to pay for project costs.

Capital Assets

Capital assets, which include intangible assets, property, plant equipment, and infrastructure assets (e.g., roads, bridges and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the County as assets with an initial, individual cost of more than \$5,000 (amount not rounded) and an estimated useful life in excess of three years. Such assets are recorded at historical cost or estimated historical cost based on the consumer price index. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as the projects are constructed. Interest incurred during the construction phase of proprietary capital assets is included as part of the capitalized value of the assets constructed.

All reported capital assets except for land and construction in progress are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Useful lives for infrastructure were estimated based on the County's historical records of necessary improvements and replacement. Depreciation is computed using the straight-line method over the following useful lives:

Assets	Years
Intangible Assets	20
Buildings	50
Building Improvements	10-35
Infrastructure	20-50
Vehicles	5-10
Furniture & Equipment	5-10

Loans Receivable

Loans receivable represent low-interest loans for septic system development projects granted to eligible County residents under the Septic System Rehabilitation program.

NOTE B: Summary of Significant Accounting Policies (Continued)

Compensated Absences

Vacation, personal and compensatory benefits are accrued as a liability as the benefits are earned if the employees' right to receive compensation are attributable to services already rendered and it is probable that the employer will compensate employees for the benefits through time off or some other means. Sick leave benefits are accrued using the vesting method. The liability is based on sick leave accumulated at December 31 by those employees who are currently eligible to receive termination payments and by those employees for whom it is probable they will become eligible to receive termination benefits in the future.

Ohio law requires that vacation time not be accumulated for more than three years plus current year accrual. Employees with a minimum of one year of service become vested in accumulated unpaid vacation time. Unused vacation is payable upon termination of employment. Unused sick time may be accumulated until retirement. Employees eligible to retire under a County recognized retirement plan, with a minimum of ten years of service, are paid one-fourth of accumulated sick time upon retirement. Such payment may not exceed the value of thirty days of accrued but unused sick leave. However, if employees earned sick leave prior to January 23, 1984, they are eligible for 100% conversion of this amount. All sick, vacation, personal and compensation payments are made at employees' current wage rates.

Self Insurance

The County is self-insured for employee health care benefits. The program is administered by Humana and Dental Care Plus, which provides claims review and processing services. Each County department is charged for its proportionate share of covered employees. The County has recorded a liability for incurred but not paid and for incurred but unreported claims at year end based on an actuarial estimate by Humana.

Accrued Liabilities and Long-term Obligations

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements, and all payables, accrued liabilities and long-term obligations payable from proprietary funds are reported on the enterprise fund financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources, are reported as obligation of the funds. However, claims and judgments, compensated absences, special termination benefits and contractually required pension contributions that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are normally due for payment during the current year. Bonds and loans that will be paid from governmental funds are recognized as a liability in the fund financial statements when due.

Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the pension plans and additions to/deductions from their fiduciary net position have been determined on the same basis as they are reported by the pension systems. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. The pension systems report investments at fair value.

Contractor Maintenance Bonds Payable

Contractor maintenance bonds payable represent contractor payments to the County for Water and Sewer construction projects as security for contract performance. Upon successful completion of the construction contract and acceptance by the County, the maintenance bond is returned to the contractor.

NOTE B: Summary of Significant Accounting Policies (Continued)

Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the County is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

Nonspendable The nonspendable fund balance category includes amounts that cannot be spent because they are not in spendable form, or legally or contractually required to be maintained intact. The “not in spendable form” criterion includes items that are not expected to be converted to cash. It also includes the long-term amount of interfund loans.

Restricted Fund balance is reported as restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or is imposed by law through constitutional provisions or enabling legislation (County resolutions).

Enabling legislation authorizes the County to assess, levy, charge, or otherwise mandate payment of resources (from external resource providers) and includes a legally enforceable requirement that those resources be used only for the specific purposes stipulated in the legislation. Legal enforceability means that the County can be compelled by an external party, such as citizens, public interest groups, or the judiciary, to use resources created by enabling legislation only for the purposes specified by the legislation.

Committed The committed fund balance classification includes amounts that can be used only for the specific purposes imposed by formal action (resolution) of the County Commissioners. Those committed amounts cannot be used for any other purpose unless the County Commissioners remove or change the specified use by taking the same type of action (resolution) it employed to previously commit those amounts. In contrast to fund balance that is restricted by enabling legislation, committed fund balance classification may be redeployed for other purposes with appropriate due process. Constraints imposed on the use of committed amounts are imposed by the County Commissioners, separate from the authorization to raise the underlying revenue; therefore, compliance with these constraints is not considered to be legally enforceable. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

Assigned Amounts in the assigned fund balance classification are intended to be used by the County for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds other than the general fund, assigned fund balance represents the remaining amount that is not restricted or committed. The County Commissioners by resolution may assign amounts for specific purposes.

Unassigned Unassigned fund balance is the residual classification for the general fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance resulting from overspending for specific purposes for which amounts had been restricted, committed, or assigned.

The County applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

NOTE B: Summary of Significant Accounting Policies (Continued)

Net Position

Net Position represent the difference between assets, deferred outflows of resources, liabilities and deferred inflows of resources. Net investment in capital assets represents capital assets net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvements of those assets. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the County or through external restrictions imposed by creditors, grantors, laws, or regulations of other governments. The County applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position are available.

Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary funds. For the County, these revenues are charges for services for water distribution, waste water treatment, vehicle maintenance, telephone service and self-insurance programs. Operating expenses are necessary costs incurred to provide the good or service that is the primary activity of the fund. Revenues and expenses which do not meet these criteria are considered non-operating and reported as such. All revenue of the Water and Sewer Funds are used as security for revenue bonds issued.

Capital Contributions

Contributions of capital in proprietary fund financial statements arise from outside contributions of capital assets, or from grants, other funds or outside contributions of resources restricted to capital acquisition and construction, and system capacity charges.

Interfund Activity

Transfers between governmental and business-type activities on the government-wide statements are reported in the same manner as general revenues. Transactions that represent interfund services provided and used are not eliminated in the Statement of Activities.

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after nonoperating revenues/expenses in proprietary funds. On the accrual and modified accrual basis of accounting, repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Clermont County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2016

NOTE B: Summary of Significant Accounting Policies (Continued)

Budgets

All funds, except agency funds, are legally required to be budgeted and appropriated. The major documents prepared are the tax budget, the certificate of estimated resources, and the appropriations resolution, all of which are prepared on the budgetary basis of accounting. The tax budget demonstrates a need for existing or increased tax rates. The certificate of estimated resources establishes a limit on the amount the County may appropriate. The appropriations resolution is the Commissioner's authorization to spend resources and sets annual limits on expenditures plus encumbrances at the level of control selected by the Commissioners. The legal level of control is at the fund, department, and object level.

The certificate of estimated resources may be amended during the year if the County Auditor determines, and the Budget Commission agrees, that an estimate in revenue needs to be either increased or decreased. The amounts reported as the original budgeted amounts on the budgetary statements reflect the amounts on the certificate of estimated resources when the original appropriations were adopted. The amounts reported as the final budget amounts in the budgetary statements reflect the amounts in the final amended certificate issued during 2016.

The appropriation resolution is subject to amendment throughout the year with the restriction that appropriations cannot exceed estimated resources. The amounts reported as the original budgeted amounts reflect the first appropriation resolution for that fund that covered the entire year, including amounts automatically carried forward from prior years. The amounts reported as the final budgeted amounts in the budgetary comparisons represent the final appropriation amounts, including all amendments and modifications passed during 2016.

NOTE C: Change in Accounting Principle and Restatement of Net Position

In evaluation of the primary government in 2016, it was decided that the Clermont County Mental Health and Recovery Board and the Clermont County Developmental Disabilities Board should now be part of the primary government. In previous years, these Boards were reported as discretely presented component units. It was also decided the Adams-Clermont Joint Solid Waste District is not part of the primary government and should be reported separately. These changes had the following effect of the governmental fund balance and the net position as reported December 31, 2015:

Governmental Fund Balance			
Total Governmental Fund Balance December 31, 2015	\$	67,426,449	
Adjustments:			
Fund Balance for MHRB Funds (including debt service funds)		5,195,299	
Fund Balance for CCDD Funds (including capital project funds)		5,942,871	
Fund Balance for Adams-Clermont Solid Waste Management		<u>(547,469)</u>	
Restated Governmental Fund Balance December 31, 2015	\$	<u>78,017,150</u>	
Governmental Activities Net Position		Governmental Activities Net Position - Component Units	
Net Position December 31, 2015	\$	193,076,504	Net Position December 31, 2015 \$ 2,143,077
Adjustments:			Adjustments:
Net Position for MHRB	5,099,539		Net Position for MHRB (5,099,539)
Net Position for CCDD	3,726,987		Net Position for CCDD <u>(3,726,987)</u>
Net Position for Adams-Clermont Solid Waste Management	<u>(1,173,609)</u>		
Restated Net Position December 31, 2015	\$	<u>200,729,421</u>	Restated Net Position December 31, 2015 \$ <u>(6,683,449)</u>

Clermont County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2016

NOTE C: Change in Accounting Principle and Restatement of Net Position (Continued)

In 2016, the County implemented Governmental Accounting Standards Board (GASB) Statement 72, *Fair Value Measurement and Application* and 77, *Tax Abatement Disclosures*. GASB Statement 72 provides guidance for determining a fair value measurement for financial reporting purposes and applying fair value to certain investments and disclosures related to all fair value measurement. GASB Statement 77 provides disclosure of tax abatements the government has entered into or may have taxes abated based on a tax abatement another government issued. These statements were incorporated in the County's financial statements and notes; there was no effect on beginning net position/fund balance.

NOTE D: Budgetary Basis of Accounting

While the County is reporting financial position, results of operations and changes in fund balance on the basis of generally accepted accounting principles (GAAP), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The Statement of Revenues, Expenditures and Changes in Fund Balance - Budget and Actual (Non-GAAP Budgetary Basis) presented for the general and each major special revenue fund is presented in the Basic Financial Statements to provide a meaningful comparison of actual results with the budget. The major differences between the budget basis and GAAP basis are as follows:

1. Revenues are recorded when received in cash (budget) as opposed to when susceptible to accrual (GAAP).
2. Expenditures are recorded when paid in cash (budget) as opposed to when the liability is incurred (GAAP).
3. Encumbrances are treated as expenditures (budget) rather than as a component of fund balance (GAAP).
4. Advances in and advances out are transactions (budget) as opposed to balance sheets transactions (GAAP).
5. Reimbursements from funds responsible for particular expenditures to the funds that initially paid for them are presented for budgetary purposes and removed on the GAAP financial statements.

The following table summarizes the adjustments necessary to reconcile the GAAP basis statements to the budgetary basis statements for the general fund and for the major special revenue funds.

**Net Change in Fund Balance
General and Major Special Revenue Funds**

	General	Social Services	MHRB	CCDD	MV & G
GAAP Basis	\$2,221,399	\$478,276	(\$1,353,087)	(\$1,376,863)	\$1,024,662
Net Adjustment for Revenue Accruals*	(56,726)	2,867,279	1,187,437	1,238,106	(3,929,734)
Net Adjustment for Expenditure Accruals*	1,095,565	(3,883,419)	(57,533)	(840,167)	3,025,461
Net Adjustment for Transfers	(256,250)	0	0	0	0
Net Adjustment for Advances	774,160	0	0	0	(77,857)
Excess of Revenue over Expenditures of Non-Budgeted Fund	(350,405)	0	0	0	0
Encumbrances	(1,288,156)	(952,533)	(1,037,145)	(44,653)	(509,140)
Budget Basis	<u>\$2,139,587</u>	<u>(\$1,490,397)</u>	<u>(\$1,260,328)</u>	<u>(\$1,023,577)</u>	<u>(\$466,608)</u>

*The revenue accruals and expenditure accruals include \$3,400,003 in reimbursements in the Social Services Fund budgetary basis "other revenues" and "Human Services – other expenditures."

Clermont County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2016

NOTE E: Fund Deficits

The Special Assessment Debt Service Fund had a deficit fund balance at December 31, 2016 of \$494,554 due to adjustments for advances made to this fund. The Fleet Maintenance Internal Service Fund had a deficit fund balance of \$589,736 at December 31, 2016 due to adjustments for advances made to this fund and for the Net Pension Liability related to this fund. The Health Insurance Internal Service Fund had a deficit fund balance of \$434,474 due to an increase in claims incurred but not paid in 2016. The Law Library Fund had a deficit fund balance of \$835 at December 31, 2016 due to the timing of bill payment.

NOTE F: Deposits and Investments

The County maintains a cash and investment pool used by all funds except the trustee held monies in Water and Sewer Funds and monies held by certain County departments in outside accounts. It is displayed on the statement of net position as "Equity in pooled cash and cash equivalents".

Monies held by the County are classified by State Statute into two categories:

Active monies are public monies determined to be necessary to meet current demand upon the County Treasury. Active monies must be maintained either as cash in the County treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that the County identified as not required for use within the current four-year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to passbook accounts.

Ohio Law permits inactive monies to be deposited or invested in the following:

1. United States Treasury notes, bills, bonds, or any other obligation or security issued by the United States Treasury or any other obligation guaranteed as to principal or interest by the United States;
2. Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality, including but not limited to, the federal national mortgage association, federal home loan bank, federal farm credit bank, federal home loan mortgage corporation, government national mortgage association, and student loan marketing association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. Written repurchase agreements in the securities listed above provided that the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily, and that the term of the agreement must not exceed thirty days;
4. Bond and other obligations of the State of Ohio or its political subdivisions, provided that such political subdivisions are located wholly or partly within the County;
5. Time certificates of deposit or savings or deposit accounts, including, but not limited to, passbook accounts;
6. No-load money market mutual funds consisting exclusively of obligations described in (1) or (2) above and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;
7. The State Treasurer's investment pool (STAR Ohio);

Clermont County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2016

NOTE F: Deposits and Investments (Continued)

8. Securities lending agreements in which the County lends securities and the eligible institution agrees to exchange either securities described in (1) or (2) above or cash or both securities and cash, equal value for equal value;
9. High grade commercial paper in an amount not to exceed twenty five percent of the County's total average portfolio;
10. Bankers acceptances for a period not to exceed 180 days and in an amount not to exceed twenty five percent of the County's total average portfolio.

Protection of the County's deposits is provided by the Federal Deposit Insurance Corporation, by eligible securities pledged by the financial institution as security for repayment, by surety company bonds deposited with the treasurer by the financial institution or by a single collateral pool established by the financial institution to secure the repayment of all public moneys deposited with the institution.

Investments in stripped principal or interest obligations, reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. An investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the County, and must be purchased with the expectation that it will be held to maturity.

Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the treasurer or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

At fiscal year end, the County had \$5,000 in un-deposited cash on hand which is included on the balance sheet of the County as part of "equity in pooled cash and cash equivalents".

The following information classifies deposits and investments by categories of risk as defined in GASB Statement 40, "Deposits and Investments Risk Disclosures".

Deposits

Custodial credit risk is the risk that in the event of a bank failure, the County's deposits may not be returned to it. The County's policy for deposits is any balance not covered by depository insurance will be collateralized by the financial institutions with pledged securities. As of December 31, 2016, the County's \$13,043,462 bank balance including the Port Authority and CIC component units was not exposed to custodial risk because it was insured and collateralized with securities held by the bank's trust department in the County's name.

Clermont County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2016

NOTE F: Deposits and Investments (Continued)

Investments

As of December 31, 2016, the County had the following investments:

Investment Type	Fair Value	Weighted Average Maturity (Years)	Fair Value Measurements Using		
			Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Treasury Notes	\$ 5,184,983	2.24	\$ 5,184,983	\$ 0	\$ 0
Federal Agency Notes	107,427,285	2.24	107,427,285	0	0
Commercial Paper	9,077,836	0.56	9,077,836	0	0
Municipal Bonds	220,000	9.11	220,000	0	0
Money Market Funds*	15,901,986	N/A	0	0	0
STAR Ohio	2,000,000	N/A	0	0	0
Total Fair Value	\$ 139,812,090		\$ 121,910,104	\$ 0	\$ 0
Portfolio Weighted Average Maturity		3.54			

*Money Market Funds and STAROhio are valued at amortized costs

Fair Value Measurements - The County categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. Level 1 of the fair value hierarchy are valued using quoted market prices.

Interest rate risk – The County’s investment policy limits its weighted average maturity of its investment portfolio to five years.

Credit Risk – It is the County’s policy to limit its investments that are not obligations of the U.S. Government or obligations explicitly guaranteed by the U.S. Government to investments which have a credit quality rating of the top 2 ratings issued by nationally recognized statistical rating organizations.

The County’s investments in Federal Agencies and in the Money Market Funds were rated AA+ by Standard & Poor’s and Aaa by Moody’s Investors Service. The County’s investments in municipal bonds is rated Aa3 by Moody’s Investor Service. The County’s investments in commercial paper is rated A1+ by Standard & Poor’s and P-1 by Moody’s Investors Service. Investments in STAR Ohio were rated AAAM by Standard & Poor’s.

Concentration of credit risk – The County’s investment policy states it will not invest more than 35% in one issuer in obligations that are not explicitly guaranteed by the U.S. government. The County has invested more than 5 percent of the County’s investments in securities issued by the Federal Farm Credit Bank (13.5%), Federal Home Loan Bank (11.4%), the Federal Home Loan Mortgage (20.0%), and the Federal National Mortgage Association (31.7%).

NOTE G: Receivables

Receivables at December 31, 2016, consisted of taxes, revenue in lieu of taxes, special assessments, accrued interest, accounts (billings for user charged services, including unbilled utility services, and rental payments), interfund and intergovernmental receivables arising from grants, entitlements and shared revenues. Delinquent accounts receivable may be certified and collected as a special assessment, subject to foreclosure for nonpayment. No allowances for doubtful accounts have been recorded because uncollectible amounts are expected to be insignificant.

Clermont County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2016

NOTE G: Receivables (Continued)

Property Taxes

Property taxes include amounts levied against real and public utility personal property. The assessed value, by property classification, upon which taxes collected in 2016 were based, is as follows:

Real Property	\$ 3,925,230,610
Public Utility Personal Property	<u>331,883,920</u>
Total Assessed Property Value	<u>\$ 4,257,114,530</u>

Property taxes collected in 2016 were levied after October 1, 2015 on the assessed values of the preceding January 1, the lien date. Assessed values are established by the County Auditor at 35% of appraised market value. A revaluation of real property is required to be completed no less than every six years, with a statistical update every third year. The most recent revaluation was completed in tax year 2014. Real property taxes are payable annually or semi-annually. In 2016, if paid annually, payment was due by February 12, 2016. If paid semi-annually, the first payment (at least 1/2 of amount billed) was due February 12, 2016 with the remainder due July 8, 2016.

The County Auditor distributes portions of the taxes collected to all taxing districts with periodic settlements of Real and Public Utility property taxes in February and August and delinquent Tangible Personal Property taxes in October for the first and second halves of the year, respectively. The County accrues billed but uncollected property taxes as receivables at their estimated net realizable value. On the modified accrual basis the delinquent taxes outstanding and available to the County within the first 30 days of 2017 were recorded as 2016 revenue, the remaining taxes receivable are offset by a credit to unavailable revenue. Ohio law prohibits taxation of property from all taxing authorities in excess of 10 mills without a vote of the people. For 2016 collections, the County levied 2.10 mills of the 10 mill limit for the General Fund, and levied 1.0 mill for the County Capital Fund. In addition to the 3.10 mills, 2.10 mills have been levied for voted millage for Social Services programs, and 3.75 has been levied as voted millage for Developmental Disabilities Board and the Mental Health and Recovery Board.

A summary of voted millage follows:

	Voter Authorized Rate (a)	Rate Levied for Current Yr Collection (b) Res/Agr	Rate Levied for Current Yr Collection (b) Other	Final Collection
Senior Citizens	1.30	1.26	1.30	2016
Children Services	0.80	0.77	0.80	2016
County Entities	2.10	2.03	2.10	
CCDD (Component Unit)	2.50	1.31	1.80	Continuing
CCDD (Component Unit)	0.75	0.75	0.75	2018
MHRB (Component Unit)	0.50	0.48	0.50	2016
Component Units	3.75	2.54	3.05	

(a) dollars per \$1,000 of assessed valuation.

(b) Ohio law provides for a reduction of certain voted levies to offset inflation in the value of real property. The levies are subject to this credit.

Permissive Sales and Use Tax

The County is currently collecting 1% on retail sales made in the County. Vendor collections of the tax are paid to the State Treasurer by the twenty-fifth day of the month following collection. The State Tax Commissioner certifies to the Ohio Department of Management and Budget the amount of the tax to be returned to the County. The Tax Commissioner's certification must be made within forty-five days after the end of each month.

Compensated Absences and Net Pension Liability

Internal Service Funds predominately serve the governmental funds. Accordingly compensated absences and net pension liability for them are included as part of the totals for governmental activities. Compensated absences are generally liquidated by the general fund or enterprise funds.

Long-Term Bonds and Loans

All long-term debt issued for governmental purposes of the County and self-supporting, special assessment bonds with governmental commitment are retired from a Debt Service Fund. Revenue bonds are retired from the related Enterprise fund. However, each appropriate bond indenture provides for principal and interest to be paid from user charges. General obligation bonds and notes are secured by the County's ability to levy a voted or unvoted property tax within limitations of Ohio law. Special assessment debt is paid from the proceeds of assessments levied against benefited property owners. In the event that an assessed property owner fails to make payments, the County will be required to pay the related debt. Delinquent special assessments receivable is \$23,417 at December 31, 2016. The special assessments expected to be received within one year is \$920,034. The Ohio Water Development Authority (OWDA) and the Ohio Public Works Commission (OPWC) loans will be paid from revenues derived by the County from the operation of the water and sewer systems. Under the Uniform Bond Act of the Ohio Revised Code, the County has the capacity to issue \$42,801,394 of additional unvoted general obligation debt.

During 2016, the County received a non-interest bearing loan in the amount of \$1,000,000 for road improvements in Monroe Township. Payments of principal are payable semiannually through 2042. All proceeds have been spent in the current year.

Clermont County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2016

NOTE I: Long-Term Debt and Obligations (Continued)

Leases: The County had no material capital or operating leases for the year ended December 31, 2016.

Utility Revenues Pledged: The County has pledged future water customer revenues and sewer customer revenues, net of specified operating expenses, to repay \$13,355,000 in water system revenue bonds issued in 2013 and \$17,495,000 in sewer system revenue bonds issued in 2013, respectively. Proceeds from the bonds refunded the 2003 refunding revenue bonds. The water system revenue bonds are payable from water customer net revenues and are payable through 2018. The sewer system revenue bonds are payable from sewer customer net revenues and are payable through 2021. Annual principal and interest payments on the bonds are expected to require less than 62% of net water revenues and 66% of net sewer revenues. The total principal and interest remaining to be paid on water system revenue bonds and sewer system revenue bonds is \$6,898,100 and \$13,958,800, respectively. Principal and interest paid for the current year and total customer net revenues for the water system revenue bonds were \$3,556,100 and \$5,720,021 respectively. Principal and interest paid for the current year and total customer net revenues for the sewer system revenue bonds were \$2,893,400 and \$4,406,824 respectively.

Revenue Bond Coverage: The County Water and Sewer funds are required under Revenue Bond Trust Indentures to maintain minimum debt service coverage ratios. For the 2016 fiscal year, the Water Fund and Sewer Fund were required to maintain 110% coverage ratios. The coverage ratios for 2016, based on operating income, system capacity charges and investment income and excluding depreciation for the Water Fund and Sewer Fund, were 164% and 256% respectively, which both met their legal requirements.

NOTE J: Conduit Debt Obligation

The County periodically has issued Hospital Facility, Economic Development, Industrial Development and Multi-Family Housing revenue bonds. The proceeds of these issues are used to acquire, construct, improve, expand and equip facilities associated with private-sector entities. Trustees make the principal and interest payments on the outstanding bonds. The issued bonds do not constitute a general obligation, debt or bonded indebtedness of the County nor is the full faith and credit or taxing power of the County pledged to make repayment. As of December 31, 2016, it is estimated that \$37,390,000 was still outstanding of previously issued bonds.

NOTE K: Defined Benefit Pension Plans

Net Pension Liability

The net pension liability reported on the statement of net position represents a liability to employees for pensions. Pensions are a component of exchange transactions—between an employer and its employees—of salaries and benefits for employee services. Pensions are provided to an employee—on a deferred-payment basis—as part of the total compensation package offered by an employer for employee services each financial period. The obligation to sacrifice resources for pensions is a present obligation because it was created as a result of employment exchanges that already have occurred.

The net pension liability represents the County's proportionate share of each pension plan's collective actuarial present value of projected benefit payments attributable to past periods of service, net of each pension plan's fiduciary net position. The net pension liability calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting this estimate annually.

Ohio Revised Code limits the County's obligation for this liability to annually required payments. The County cannot control benefit terms or the manner in which pensions are financed; however, the County does receive the benefit of employees' services in exchange for compensation including pension.

NOTE K: Defined Benefit Pension Plans (Continued)

GASB 68 assumes the liability is solely the obligation of the employer, because (1) they benefit from employee services; and (2) State statute requires all funding to come from these employers. All contributions to date have come solely from these employers (which also includes costs paid in the form of withholdings from employees). State statute requires the pension plans to amortize unfunded liabilities within 30 years. If the amortization period exceeds 30 years, each pension plan's board must propose corrective action to the State legislature. Any resulting legislative change to benefits or funding could significantly affect the net pension liability. Resulting adjustments to the net pension liability would be effective when the changes are legally enforceable.

The proportionate share of each plan's unfunded benefits is presented as a long-term *net pension liability* on the accrual basis of accounting. Any liability for the contractually-required pension contribution outstanding at the end of the year is included in *intergovernmental payable* on both the accrual and modified accrual bases of accounting.

Plan Description – Ohio Public Employees Retirement System (OPERS)

County employees participate in the Ohio Public Employees Retirement System (OPERS). OPERS administers three separate pension plans. The traditional pension plan is a cost-sharing, multiple-employer defined benefit pension plan. The member-directed plan is a defined contribution plan and the combined plan is a cost-sharing, multiple-employer defined benefit pension plan with defined contribution features.

OPERS provides retirement, disability, survivor and death benefits, and annual cost of living adjustments to members of the traditional plan and the combined plan. Members of the member-directed plan do not qualify for ancillary benefits. Authority to establish and amend benefits is provided by Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report that includes financial statements, required supplementary information and detailed information about OPERS' fiduciary net position that may be obtained by visiting <https://www.opers.org/financial/reports.shtml>, by writing to the Ohio Public Employees Retirement System, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling 800-222-7377.

Senate Bill (SB) 343 was enacted into law with an effective date of January 7, 2013. In the legislation, members were categorized into three groups with varying provisions of the law applicable to each group. The following table provides age and service requirements for retirement and the retirement formula applied to final average salary (FAS) for the three member groups under the traditional plan as per the reduced benefits adopted by SB 343 (see OPERS CAFR referenced above for additional information):

Clermont County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2016

NOTE K: Defined Benefit Pension Plans (Continued)

Group A Eligible to retire prior to January 7, 2013 or five years after January 7, 2013	Group B 20 years of service credit prior to January 7, 2013 or eligible to retire ten years after January 7, 2013	Group C Members not in other Groups and members hired on or after January 7, 2013
State and Local	State and Local	State and Local
Age and Service Requirements: Age 60 with 60 months of service credit or Age 55 with 25 years of service credit	Age and Service Requirements: Age 60 with 60 months of service credit or Age 55 with 25 years of service credit	Age and Service Requirements: Age 57 with 25 years of service credit or Age 62 with 5 years of service credit
Formula: 2.2% of FAS multiplied by years of service for the first 30 years and 2.5% for service years in excess of 30	Formula: 2.2% of FAS multiplied by years of service for the first 30 years and 2.5% for service years in excess of 30	Formula: 2.2% of FAS multiplied by years of service for the first 35 years and 2.5% for service years in excess of 35
Law Enforcement	Law Enforcement	Law Enforcement
Age and Service Requirements: Age 52 with 15 years of service credit	Age and Service Requirements: Age 48 with 25 years of service credit or Age 52 with 15 years of service credit	Age and Service Requirements: Age 48 with 25 years of service credit or Age 56 with 15 years of service credit
Formula: 2.5% of FAS multiplied by years of service for the first 25 years and 2.1% for service years in excess of 25	Formula: 2.5% of FAS multiplied by years of service for the first 25 years and 2.1% for service years in excess of 25	Formula: 2.5% of FAS multiplied by years of service for the first 25 years and 2.1% for service years in excess of 25

Final average Salary (FAS) represents the average of the three highest years of earnings over a member's career for Groups A and B. Group C is based on the average of the five highest years of earnings over a member's career.

Members who retire before meeting the age and years of service credit requirement for unreduced benefits receive a percentage reduction in the benefit amount.

When a benefit recipient has received benefits for 12 months, an annual cost of living adjustment (COLA) is provided. This COLA is calculated on the base retirement benefit at the date of retirement and is not compounded. For those retiring prior to January 7, 2013, the COLA will continue to be a 3 percent simple annual COLA. For those retiring subsequent to January 7, 2013, beginning in calendar year 2019, the COLA will be based on the average percentage increase in the Consumer Price Index, capped at 3 percent.

Funding Policy - The Ohio Revised Code (ORC) provides statutory authority for member and employer contributions as follows:

	State and Local	Law Enforcement
2016 Statutory Maximum Contribution Rates		
Employer	14.0 %	18.1 %
Employee	10.0 %	*
2016 Actual Contribution Rates		
Employer:		
Pension	12.0 %	16.1 %
Post-employment Health Care Benefits	2.0 %	2.0 %
Total Employer	14.0 %	18.1 %
Employee	10.0 %	13.0 %

* This rate is determined by OPERS' Board, but is limited by ORC to not more than 2 percent greater than the Public Safety rate.

Clermont County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2016

NOTE K: Defined Benefit Pension Plans (Continued)

Employer contribution rates are actuarially determined and are expressed as a percentage of covered payroll. The County's contractually required contribution to OPERS was \$8,925,544 for calendar year 2016. 100% has been contributed for the years 2016.

Plan Description - State Teachers Retirement System (STRS)

Certified teachers employed by the school for the Developmentally Disabled participate in STRS Ohio, a cost-sharing multiple-employer public employee retirement system administered by STRS. STRS provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS issues a stand-alone financial report that includes financial statements, required supplementary information and detailed information about STRS' fiduciary net position. That report can be obtained by writing to STRS, 275 E. Broad St., Columbus, OH 43215-3771, by calling (888) 227-7877, or by visiting the STRS Web site at www.strsoh.org.

New members have a choice of three retirement plans; a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan and a Combined Plan. Benefits are established by Ohio Revised Code Chapter 3307. The DB plan offers an annual retirement allowance based on final average salary multiplied by a percentage that varies based on years of service. Effective August 1, 2015, the calculation will be 2.2 percent of final average salary for the five highest years of earnings multiplied by all years of service. With certain exceptions, the basic benefit is increased each year by two percent of the original base benefit. For members retiring August 1, 2013, or later, the first two percent is paid on the fifth anniversary of the retirement benefit. Members are eligible to retire at age 60 with five years of qualifying service credit, or age 55 with 25 years of service, or 30 years of service regardless of age. Age and service requirements for retirement will increase effective August 1, 2015, and will continue to increase periodically until they reach age 60 with 35 years of service or age 65 with five years of service on August 1, 2026.

The DC Plan allows members to place all their member contributions and 9.5 percent of the 14 percent employer contributions into an investment account. Investment allocation decisions are determined by the member. The remaining 4.5 percent of the 14 percent employer rate is allocated to the defined benefit unfunded liability. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal.

The Combined Plan offers features of both the DB Plan and the DC Plan. In the Combined Plan, member contributions are allocated among investment choices by the member, and employer contributions are used to fund the defined benefit payment at a reduced level from the regular DB Plan. The defined benefit portion of the Combined Plan payment is payable to a member on or after age 60 with five years of services. The defined contribution portion of the account may be taken as a lump sum payment or converted to a lifetime monthly annuity at age 50.

New members who choose the DC plan or Combined Plan will have another opportunity to reselect a permanent plan during their fifth year of membership. Members may remain in the same plan or transfer to another STRS plan. The optional annuitization of a member's defined contribution account or the defined contribution portion of a member's Combined Plan account to a lifetime benefit results in STRS bearing the risk of investment gain or loss on the account. STRS has therefore included all three plan options as one defined benefit plan for GASB 68 reporting purposes.

A DB or Combined Plan member with five or more years of credited service who is determined to be disabled may qualify for a disability benefit. Eligible survivors of members who die before service retirement may qualify for monthly benefits. New members on or after July 1, 2013, must have at least ten years of qualifying service credit that apply for disability benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member of the DC Plan dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

Clermont County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2016

NOTE K: Defined Benefit Pension Plans (Continued)

Employer and member contribution rates are established by the State Teachers Retirement Board and limited by Chapter 3307 of the Ohio Revised Code. The statutory maximum employee contribution rate was increased one percent July 1, 2014, and will be increased one percent each year until it reaches 14 percent on July 1, 2016. For calendar year 2016, plan members were required to contribute 13 percent of their annual covered salary January through June and 14 percent for July through December. The County was required to contribute 14 percent; the entire 14 percent was the portion used to fund pension obligations. The 2016 contribution rates were equal to the statutory maximum rates.

The County's contractually required contribution to STRS was \$128,270 for calendar year 2016. 100% has been contributed for the years 2016.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

The net pension liability for OPERS was measured as of December 31, 2015, and the net pension liability for STRS was measured as of June 30, 2016. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The County's proportion of the net pension liability was based on the County's share of contributions to the pension plan relative to the contributions of all participating entities. Following is information related to the proportionate share and pension expense:

	Governmental Activities			
	PERS Traditional Plan	PERS Combined Benefit Plan	STRS	Total
Proportionate Share of the Net Pension Liability	\$ 69,936,597	\$ 0	\$ 2,337,323	\$ 72,273,920
Proportionate Share of the Net Pension Asset	\$ 0	\$ 205,464	\$ 0	\$ 205,464
Proportion of the Net Pension Asset/Liability	0.465042%	0.523280%	0.008457%	
Pension Expense	\$ 10,087,476	\$ 196,805	\$ (112,533)	\$ 10,171,748

	Business Type Activities		
	PERS Traditional Plan	PERS Combined Benefit Plan	Total
Proportionate Share of the Net Pension Liability	\$ 7,150,589	\$ 0	\$ 7,150,589
Proportionate Share of the Net Pension Asset	\$ 0	\$ 20,398	\$ 20,398
Proportion of the Net Pension Asset/Liability	0.465042%	0.523280%	
Pension Expense	\$ 928,597	\$ 18,117	\$ 946,714

Clermont County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2016

NOTE K: Defined Benefit Pension Plans (Continued)

At December 31, 2016, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Governmental Activities			
	PERS Traditional Plan	PERS Combined Benefit Plan	STRS	Total
Deferred Outflows of Resources				
Differences between expected and actual experience	\$ 0	\$ 0	\$ 124,953	\$ 124,953

Clermont County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2016

NOTE K: Defined Benefit Pension Plans (Continued)

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized in pension expense as follows:

Year	PERS Traditional Plan	PERS Combined Benefit Plan	STRS	Total
2017	\$ (4,342,424)	\$ (5,147)	\$ 122,482	\$ (4,225,089)
2018	(4,710,794)	(5,147)	122,482	(4,593,459)
2019	(5,230,776)	(5,147)	122,482	(5,113,441)
2020	(4,592,391)	(2,246)	122,482	(4,472,155)
2021	0	19,561	45,359	64,920
2022-2025	0	59,766	0	59,766
Total	<u>\$ (18,876,385)</u>	<u>\$ 61,640</u>	<u>\$ 535,287</u>	<u>\$ (18,279,458)</u>

Actuarial Assumptions - OPERS

Actuarial valuations of an ongoing plan involve estimates of the values of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and cost trends. Actuarially determined amounts are subject to continual review or modification as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation. The total pension liability in the December 31, 2015, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Wage Inflation	3.75 percent
Future Salary Increases, including inflation	4.25 to 10.05 percent including wage inflation
COLA or Ad Hoc COLA	3 percent, simple
Investment Rate of Return	8 percent
Actuarial Cost Method	Individual Entry Age

Mortality rates were based on the RP-2000 Mortality Table projected 20 years using Projection Scale AA. For males, 105 percent of the combined healthy male mortality rates were used. For females, 100 percent of the combined healthy female mortality rates were used. The mortality rates used in evaluating disability allowances were based on the RP-2000 mortality table with no projections. For males 120 percent of the disabled female mortality rates were used set forward two years. For females, 100 percent of the disabled female mortality rates were used.

The most recent experience study was completed for the five year period ended December 31, 2010.

The long-term rate of return on defined benefit investment assets was determined using a building-block method in which best-estimate ranges of expected future real rates of return are developed for each major asset class. These ranges are combined to produce the long-term expected real rate of return by weighting the expected future real rates of return by the target asset allocation percentage, adjusted for inflation.

Clermont County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2016

NOTE K: Defined Benefit Pension Plans (Continued)

OPERS manages investments in four investment portfolios: the Defined Benefits portfolio, the Health Care portfolio, the 115 Health Care Trust portfolio and the Defined Contribution portfolio. The Defined Benefit portfolio includes the investment assets of the Traditional Pension Plan, the defined benefit component of the Combined Plan, the annuitized accounts of the Member-Directed Plan and the VEBA Trust. Within the Defined Benefit portfolio, contributions into the plans are all recorded at the same time, and benefit payments all occur on the first of the month. Accordingly, the money-weighted rate of return is considered to be the same for all plans within the portfolio. The money weighted rate of return, net of investments expense, for the Defined Benefit portfolio is 0.4 percent for 2015.

The allocation of investment assets with the Defined Benefit portfolio is approved by the Board of Trustees as outlined in the annual investment plan. Plan assets are managed on a total return basis with a long-term objective of achieving and maintaining a fully funded status for the benefits provided through the defined benefit pension plans. The table below displays the Board-approved asset allocation policy for 2015 and the long-term expected real rates of return:

Asset Class	Target Allocation	Weighted Average Long-Term Expected Real Rate of Return (Arithmetic)
Fixed Income	23.00 %	2.31 %
Domestic Equities	20.70	5.84
Real Estate	10.00	4.25
Private Equity	10.00	9.25
International Equities	18.30	7.40
Other investments	18.00	4.59
Total	<u>100.00 %</u>	<u>5.28 %</u>

Discount Rate

The discount rate used to measure the total pension liability was 8 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and those of the contributing employers are made at the statutorily required rates. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefits payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the County's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following table presents the County's proportionate share of the net pension liability calculated using the current period discount rate assumption of 8 percent, as well as what the County's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one-percentage-point lower (7 percent) or one-percentage-point higher (9 percent) than the current rate:

OPERS Traditional Plan

	1% Decrease	Current Discount Rate	1% Increase
	(7.00%)	(8.00%)	(9.00%)
County's proportionate share of the net pension liability	\$ 124,461,844	\$ 77,087,186	\$ 39,029,344

Clermont County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2016

NOTE K: Defined Benefit Pension Plans (Continued)

OPERS Combined Benefit Plan

	1% Decrease	Current Discount Rate	1% Increase
	(7.00%)	(8.00%)	(9.00%)
County's proportionate share of the net pension liability	\$ (5,075)	\$ (225,862)	\$ (441,505)

Actuarial Assumptions - STRS

The total pension liability in the June 30, 2015, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.75 percent
Projected salary increases	12.25 percent at age 20 to 2.75 percent at age 70
Investment Rate of Return	7.75 percent, net of investment expenses
Cost-of-Living Adjustments (COLA)	2 percent simple applied as follows: for members retiring before August 1, 2013, 2 percent per year; for members retiring August 1, 2013, or later, 2 percent COLA paid on fifth anniversary of retirement date.

Mortality rates were based on the RP-2000 Combined Mortality Table (Projection 2022—Scale AA) for Males and Females. Males' ages are set-back two years through age 89 and no set-back for age 90 and above. Females younger than age 80 are set back four years, one year set back from age 80 through 89 and not set back from age 90 and above.

Actuarial assumptions used in the June 30, 2015, valuation are based on the results of an actuarial experience study, effective July 1, 2012.

The 10 year expected real rate of return on pension plan investments was determined by STRS' investment consultant by developing best estimates of expected future real rates of return for each major asset class. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized as follows:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Domestic Equity	31.00%	8.00%
International Equity	26.00%	7.85%
Alternatives	14.00%	8.00%
Fixed Income	18.00%	3.75%
Real Estate	10.00%	6.75%
Liquidity Reserves	1.00%	3.00%
Total	100.00%	

Clermont County, Ohio
Notes to the Basic Financial Statements

NOTE K: Defined Benefit Pension Plans (Continued)

Discount Rate

The discount rate used to measure the total pension liability was 7.75 percent as of June 30, 2014. The projection of cash flows used to determine the discount rate assumes member and employer contributions will be made at the statutory contribution rates in accordance with rate increases described above. For this purpose, only employer contributions that are intended to fund benefits of current plan members and their beneficiaries are included. Projected employer contributions that are intended to fund the service costs of future plan members and their beneficiaries, as well as projected contributions from future plan members, are not included. Based on those assumptions, STRS' fiduciary net position was projected to be available to make all projected future benefit payments to current plan members as of June 30, 2015. Therefore, the long-term expected rate of return on pension plan investments of 7.75 percent was applied to all periods of projected benefit payment to determine the total pension liability as of June 30, 2015.

Sensitivity of the County's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following table presents the County proportionate share of the net pension liability calculated using the current period discount rate assumption of 7.75 percent, as well as what the County proportionate share of the net pension liability would be if it were calculated using a discount rate that is one-percentage-point lower (6.75 percent) or one-percentage-point higher (8.75 percent) than the current rate:

STRS

	1% Decrease (6.75%)	Current Discount Rate (7.75%)	1% Increase (8.75%)
County's proportionate share of the net pension liability	\$ 2,944,940	\$ 2,337,323	\$ 1,306,256

NOTE L: Post-Employment Benefits Other Than Pension Benefits

Ohio Public Employees Retirement System (OPERS) administers three separate pension plans: The Traditional Pension Plan—a cost-sharing, multiple-employer defined benefit pension plan; the Member-Directed Plan—a defined contribution plan; and the Combined Plan—a cost-sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and defined contribution plan.

In March 2016, OPERS received two favorable rulings from the Internal Revenue Service (IRS) allowing OPERS to consolidate all health care assets into the OPERS 115 Health Care Trust. Transition to the new health care trust structure was completed July 1, 2016. As of December 31, 2016, OPERS maintains a cost-sharing, multiple-employer defined benefit post-employment health care trust, which funds multiple health care plans including medical coverage, prescription drug coverage and deposits to a Health Reimbursement Arrangement to qualifying benefit recipients of both the Traditional Pension and the Combined plans. Members of the Member-Directed Plan do not qualify for ancillary benefits, including OPERS sponsored health care coverage. OPERS funds a Retiree Medical Account (RMA) for participants in the Member-Directed Plan. At retirement or refund, participants can be reimbursed for qualified medical expenses from their vested RMA balance. The health care coverage provided by OPERS meets the definition of an Other Post Employment Benefit (OPEB) as described in GASB Statement 45.

In order to qualify for health care coverage, age-and-service retirees under the Traditional Pension and Combined plans must have 20 or more years of qualifying Ohio service credit. Health care coverage for disability benefit recipients and qualified survivor benefit recipients is available. The health care coverage provided by OPERS meets the definition of an Other Post Employment Benefit (OPEB) as described in GASB Statement 45. Please see the Plan Statement in the OPERS 2015 CAFR for details.

Clermont County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2016

NOTE L: Post-Employment Benefits Other Than Pension Benefits (Continued)

The Ohio Revised Code permits, but does not mandate, OPERS to provide OPEB benefits to its eligible members and beneficiaries. Authority to establish and amend benefits is provided in Chapter 145 of the Ohio Revised Code.

A portion of each employer's contribution to OPERS is set aside for the funding of post-retirement health care based on authority granted by state statute. The 2016 employer contribution rate was 14.0% of covered payroll for employees not engaged in law enforcement. For law enforcement employees and public safety employees, the employer contribution rate was 18.1%. The Ohio Revised Code currently limits the employer contribution to a rate not to exceed 14.0% of covered payroll for employees and 18.1% of covered payroll for law enforcement and public safety employees. Active member contributions do not fund health care.

Each year, the OPERS Board determines the portion of the employer contribution rate that will be set aside to fund health care plans. The portion of employer contributions allocated to health care for members in the Traditional Pension Plan and Combined Plan was 2.0% during calendar year 2016. As recommended by OPERS' actuary, the portion of employer contributions allocated to health care beginning January 1, 2017 decreased to 1.0% for both plans. The OPERS Board is also authorized to establish rules for the retiree or their surviving beneficiaries to pay a portion of the health care provided. Payment amounts vary depending on the number of covered dependents and the coverage selected. The employer contribution as a percentage of covered payroll deposited into the RMA for participants in the Member-Directed Plan for 2016 was 4.0%.

The County's actual contributions for 2016, 2015, and 2014 which were used to fund OPEB were \$999,113; \$970,994; and \$960,818; respectively, for employees other than law enforcement and \$213,149; \$201,427; and \$192,815; respectively, for law enforcement employees. 100% has been contributed for the years 2016, 2015, and 2014.

The State Teachers Retirement System (STRS) offers a cost-sharing, multiple-employer health care plan. STRS Ohio provides access to health care coverage to eligible retirees who participated in the defined benefit or combined plans. Coverage under the current program includes hospitalization, physicians' fees, prescription drugs and reimbursement of monthly Medicare Part B premiums.

STRS requires all benefit recipients to pay a portion of the health care cost in the form of a monthly premium. By Ohio law, the cost of coverage paid from STRS funds shall be included in the employer contributions, currently 14% of covered payroll. The Board allocated 0% of employer contributions of covered payroll to post-employment health care for 2015 and 2016. The County's contribution for 2014 was \$12,667.

NOTE M: Other Employee Benefits

County employees have the option of participating in four state-wide deferred compensation plans created in accordance with the Internal Revenue Code Section 457. Under this program, employees elect to have a portion of their pay deferred until a future time. According to this plan, the deferred compensation is not available to employees until termination, retirement, death or unforeseeable emergency. The deferred pay and any income earned thereon is not subject to income tax until actually received by the employee. All amounts of compensation deferred under the plan, all property and rights purchased with those amounts, and all income attributable to those amounts, property or rights (until paid or made available to the employee or other beneficiary) must be held in a trust, custodial account, or annuity contract for the exclusive benefit of plan participants and their beneficiaries. Deferred amounts from the plan are not considered "made available" just because a trust, custodial account or annuity contract holds these amounts. The Plan Agreement states that the County and the plan administrators have no liability for losses under the plan with the exception of fraud or wrongful taking.

Clermont County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2016

NOTE N: Contingencies and Commitments

Civil Claims:

The County is a defendant in a number of claims and lawsuits which may be classified as routine litigation in which minimal nonmaterial damages are being sought. In addition, the County is a defendant in numerous other claims and lawsuits in which the County believes either they will prevail in the litigation or the amounts claimed are overstated and not fair estimates of the ultimate settlements, if any. Amounts paid by the County in 2016 for litigation settled were not material. There are no liabilities associated with any contingencies carried in the accompanying financial statements based upon the information disclosed in the above paragraph.

Commitments:

As of December 31, 2016, the County had contractual commitments as follows:

Project	Fund	Total Contracts	Completed to Date	Commitment Remaining
Water Construction	Water	\$ 4,009,023	\$ 2,416,354	\$ 1,592,669
Sewer Construction	Sewer	8,431,015	3,775,998	4,655,017
County Construction	County Capital	3,915,330	963,644	2,951,686
Human Services Contracts	Social Services	1,694,108	886,839	807,269

The General Fund has \$1,288,156 in outstanding commitments as of December 31, 2016. This amount represents many low dollar commitments for purchases of goods or services.

NOTE O: Amendments to Original Appropriations Budget

Amendments to the County's original appropriation at the personal service object level and the capital outlay object level must be approved by the Board of County Commissioners. All other amendments can be approved by the Office of Management and Budget. In 2016, the original appropriation measure was increased and decreased by the Commissioners with the net effect as follows: General Fund \$2,566,212; Special Revenue Funds, \$2,056,687; Capital Project Funds, \$(2,097,578); and Debt Service Funds, \$9,471.

NOTE P: Interfund Transactions

Transfers are used to move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them; to move receipts restricted to debt service from the funds collecting the receipts to the debt service fund as debt service payments become due, and used to move unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

A summary of transfers is as follows:

Transfer To	Transfer From				Total
	General	MHRB	MV & G	Other Governmental	
General	\$ 0	\$ 0	\$ 0	\$ 0	\$ 0
Social Services	736,447	0	0	0	736,447
MV & G	0	0	0	97	97
County Capital	0	0	0	0	0
Other Governmental	515,143	27,621	79,454	2,521	624,739
TOTALS	<u>\$1,251,590</u>	<u>\$ 27,621</u>	<u>\$ 79,454</u>	<u>\$ 2,618</u>	<u>\$1,361,283</u>

Clermont County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2016

NOTE P: Interfund Transactions (Continued)

The County's MV & G Fund transferred \$79,454 to the Debt Service Funds for the payment of debt. The MHRB Fund transferred \$27,621 to the Debt Service Funds for the payment of debt. The Other Governmental Funds (County Debt Service Fund) transferred \$2,618 to close certain debt funds.

Interfund Receivables/Payables

Individual fund interfund assets/liabilities balances as of December 31, 2016, related to the primary government were as follows:

GOVERNMENTAL ACTIVITIES	ASSET	LIABILITY
	Interfund Receivable	Interfund Payable
General	\$ 1,890,924	\$ 0
Social Services	0	500,000
MV&G	0	389,286
Special Assessment Debt Service	0	701,617
Other Governmental Funds	15,000	685,997
Fleet Maintenance - Internal Service	0	330,641
BUSINESS-TYPE ACTIVITIES		
Water	24,952	0
Sewer	676,665	0
TOTAL	<u><u>\$ 2,607,541</u></u>	<u><u>\$ 2,607,541</u></u>

During 2016, the County General Fund made advances to nonmajor governmental funds in anticipation of intergovernmental grant revenue and charges for services revenue. In 2016, the Water and Sewer Funds made advances to the Special Assessment Debt Service Fund for principal and interest payments. \$1,234,927 is not scheduled to be collected in the subsequent year.

NOTE Q: Risk Management

The County is exposed to various risks of loss related to torts; theft or damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. Arthur J. Gallagher Risk Management Services Inc. administers all County real and personal property, comprehensive general liability including law enforcement liability and public officials' liability, blanket crime coverage, fleet insurance, and a comprehensive boiler and machinery coverage.

Other than blanket crime, coroner's professional liability and boiler and machinery, all coverage falls under the County's protected self-insurance program. Underwriters at Lloyd's provides an \$11,000,000 per occurrence limit Liability Package for general liability, automobile liability, law enforcement liability, public entity management liability and a \$11,000,000 limit for Employment Practices Liability. Travelers Indemnity Company provides a \$250,000,000 per occurrence limit for real and personal property coverage. Coverage in the protected self-insurance program is subject to the following per occurrence retentions/deductibles: Property - \$50,000 deductible; Automobile - \$25,000 retention; All Other Liability \$100,000 retention; Combined Maximum (Liability) - \$100,000 retention; Maximum per Year (Liability) - \$350,000 retention.

Clermont County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2016

NOTE Q: Risk Management (Continued)

XL Insurance America, Inc. provides the County's boiler & machinery coverage with limits up to \$50,000,000 subject to a \$5,000 deductible. National Union Fire Insurance Company provides the County's Cyber Liability Insurance with a \$2,000,000 maximum limit subject to a \$25,000 deductible. Travelers Casualty and Surety Company of America provides the County's crime insurance with limits up to \$500,000 for dishonest acts of employees subject to a \$5,000 deductible and limits up to \$75,000 for theft, disappearance or destruction of money and securities. Evanston Insurance Company provides coroner's professional liability with a limit of \$1,000,000 subject to a \$10,000 deductible. Settled claims have not exceeded this commercial coverage in any of the past 5 years.

The County is included in the Ohio Bureau of Workers' Compensation (BWC) Retrospective Rating Program which provides for a 40% reduction in premium for assuming some of the claims payment risks. To lessen the potential financial risks, the County established through the BWC both an individual claims occurrence "cap" of \$200,000 and a maximum premium claims "cap" of 150% of annual payment. The County pays to BWC this reduced premium and the claims costs as billed. The Department pays into the County's Workers' Compensation fund an allocated portion of the County's premium and claims based on the Department's salaries and claims history.

The County has elected to provide employees major medical, dental, vision and hospitalization through a self-insured program. The County maintains a self-insurance internal service fund to account for and finance its uninsured risks of loss in this program. A third party administrator, Humana and Dental Care Plus Insurance Companies, reviews all claims which are then paid by the County. The County purchases stop-loss coverage of \$200,000 per employee and an aggregate limit of \$125% of expected claims and a \$2 million lifetime (per member) maximum. The County pays into the self-insurance internal service fund 80% to 90% of an employee's health insurance plan. The premium is paid by the fund that pays the salary for the employee and is based on historic cost information. The claims liability of \$1,015,324 reported in the Health Insurance fund at December 31, 2016, is estimated by the third party administrator and is based on the requirements of Governmental Accounting Standards Board Statement No. 30 which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. The estimate was not affected by incremental claim adjustment expenses and does not include other allocated or unallocated claim adjustment expenses.

Changes in the fund's claims liability amount in 2016 were:

	Claims Balance Beginning of Year	Claims and Changes in Claims Estimate	Claims Payments	Claims Balance at End of Year
2015	875,803	10,189,871	(10,360,943)	704,731
2016	704,731	13,116,871	(12,806,278)	1,015,324

Clermont County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2016

NOTE R: Tax Abatements

The County provides tax abatements under two programs: the Enterprise Zone Program, and the Community Reinvestment Area Program. The Enterprise Zone Program provides designated areas in which businesses can receive tax exemptions on eligible new investment of real property in conjunction with the creation of new jobs. Enterprise Zone agreements are entered into by the County and the local government the business is providing new investment. The Community Reinvestment Area (CRA) Program provides tax exemptions on real property for residents and businesses who renovate an existing or construct new buildings in designated areas. CRA's are entered into by the local government which the Community Reinvestment Area is located. Exemptions on both programs can range from a 50% to 100% exemption on assessed value for a certain time frame that is agreed upon in the agreement.

Tax Abatement Program by Local Government Approval	Amount of Taxes Abated during the Fiscal Year
Enterprise Zone Program	
Batavia Township	\$ 116,925
Miami Township	7,325
Village of Batavia	2,410
City of Milford	4,974
Total Enterprise Zone Program	\$ 131,634
 Community Reinvestment Area Program	
Union Township	\$ 15,052
Village of New Richmond	42,832
City of Milford	152
Total Community Reinvestment Area Program	\$ 58,036

NOTE S: Clermont County CIC, Inc.

Nature of Operations

Clermont County CIC, Inc. (CIC) is a non-profit organization incorporated in Ohio in 2003. It is considered a component unit of the Clermont County government, State of Ohio (County). The CIC was established as a "community improvement corporation", as set forth in the Ohio Revised Code. Its purpose is to facilitate economic development in Clermont County. The CIC works with the County to assist with the implementation of the adopted economic development plan including a current focus on facilitating industrial and office park developments. The CIC is able to facilitate the issuance of Industrial Development Bonds ("IDB").

The CIC, like other Ohio community improvement corporations, has business activities set forth in state law:

- To borrow money by issuing debt that would be secured by mortgage or other lien on the developed property.
- To make loans to persons or businesses and to regulate the terms and conditions of such loans.
- To purchase real property and personal property and to re-sell such property.
- To acquire business assets including goodwill and intangibles and to assume liabilities related to the acquisition of such business assets.
- To acquire real estate for the purpose of constructing industrial plants or business establishments or to dispose of such property for such purpose. In addition, the CIC may acquire industrial plants and business establishments and may sell, operate, maintain or lease such property.
- To acquire, sell, or pledge stock shares, bonds, notes or other securities of persons or businesses.

Clermont County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2016

NOTE S: Clermont County CIC, Inc. (Continued)

Income Taxes: The CIC is exempt from income taxes under Internal Revenue Code Section 501(c)(3). Accordingly, there is no provision for income taxes in these financial statements.

Cash Equivalents: The County Treasurer is the custodian for the CIC's cash and cash equivalents. The County's cash pool holds the Council's cash and cash equivalents, which are reported at the County Treasurer's carrying amount.

Capital Assets: Capital Assets are stated at historical cost acquisition or at estimated fair market value at date of gift, if donated. The only assets capitalized by the Corporation are land held for resale.

Land Held for Resale

Land Held for Resale for the fiscal year ended December 31, 2016 is as follows:

Class	Beginning Balance 1/1/2016	Additions	Deletions	Ending Balance 12/31/2016
Land Held for Resale				
IRG Batavia Agreement	\$ 250,096	\$ 0	\$ 0	\$ 250,096
South Afton Commerce Park	0	4,952,415	0	4,952,415
Total Land Held for Resale	\$ 250,096	\$ 4,952,415	\$ 0	\$ 5,202,511

In March 2010, the CIC received 36.6 acres of land in Batavia Township from IRG Batavia I, LLC. IRG is obligated to re-purchase the land from the CIC between 2012 and 2017. The CIC has 13.62 acres in Land held for resale.

In January 2016, the CIC purchased two parcels of land. The first parcel is 105.27 acres and is located in Williamsburg Township for the amount of \$1,654,525 and the second parcel is 136.94 acres located in Williamsburg Township for the amount of \$3,287,890. This is for the development for the South Afton Commerce Park.

NOTE T: Clermont County Transportation Improvement District

Reporting Entity

The Clermont County Transportation Improvement District (TID) is a body politic and corporate, created for the purpose of financing, constructing, maintaining, repairing, and operating selected transportation projects. The TID was specifically created pursuant to Chapter 5540 of the Ohio Revised Code, as amended. The TID was created by action of the Board of Clermont County Commissioners on June 21, 2006.

The TID is governed by a Board of Trustees that acts as the authoritative and legislative body of the entity. The Board is comprised of seven members of whom five are voting two are non-voting. Each Board member serves a term of two years and there are no term limits for reappointment. The five voting members are appointed by the Board of Clermont County Commissioners. The Speaker of the Ohio House of Representatives and the President of the Ohio Senate each appoint one non-voting member. None of the Board members receive compensation for serving on the Board.

TID officers consist of a Chairman, Vice-Chairman, and Secretary-Treasurer who are elected annually from among the voting members of the Board. The Chairman, Vice-Chairman, and Secretary-Treasurer serve at the pleasure of the Board and are subject to removal by an affirmative vote of the majority of the Board at any time. The Chairman's responsibilities are to preside at all meetings of the Board and be the chief officer of the TID. The Secretary-Treasurer serves as the fiscal officer of the TID.

Clermont County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2016

NOTE T: Clermont County Transportation Improvement District (Continued)

The TID has no component units or other organizations to be included in the financial statements. The TID is however a discretely presented component unit of Clermont County.

The TID's management believes the financial statements present all activities for which the TID is financially accountable.

Significant Accounting Policies

The financial statements of the TID have been prepared in conformity with generally accepted accounting principles as applied to governmental units. The Governmental Accounting Standards Board is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

The TID's basic financial statements consist of a Statement of Net Position, a Statement of Activities, and fund financial statements.

Equity in Pooled Cash and Investments

The TID has an Investment Policy that authorizes the Secretary-Treasurer to make investments of available monies from the funds of the District in securities as authorized by State law. These include:

1. Bonds, notes, or other obligations of or guaranteed by the United States, or those for which the faith of the United States is pledged for payment of principal and interest thereon but does not include stripped principal or interest obligations of such obligations;
2. Bonds, notes, debentures, or any other obligations or securities directly issued by a Federal government agency or instrumentality;
3. Interim deposits in Board-approved depositories;
4. Bonds and other obligations of the State;
5. No-load money market mutual funds consisting exclusively of obligations described in 1 and 2 above or repurchase agreements secured by such obligations, provided such investments are made only through banks and savings and loan institutions authorized by R.C. 135.03;
6. The Ohio Subdivision Fund (STAR Ohio).

Investments in stripped principal or interest obligations, reverse repurchase agreements, and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage, and short selling are also prohibited. An investment must mature within five years from the date of purchase, unless matched to a specific obligation or debt of the District, and must be purchased with the expectation that it will be held to maturity. Investments may only be made through specified dealers and institutions.

Deposits

Custodial credit risk is the risk that in the event of a bank failure, the TID's deposits may not be returned. Protection of TID cash and deposits is provided by the Federal Deposit Insurance Corporation as well as qualified securities pledged by the institution holding the assets. Ohio law requires that deposits be placed in eligible banks or savings and loan associations located in Ohio. Any public depository in which the TID places deposits must pledge as collateral eligible securities of aggregate market value equal to the excess of deposits not insured by the Federal Deposit Insurance Corporation (FDIC). The securities pledged as collateral are pledged to a pool for each individual financial institution in amounts equal to at least 105 percent of the carrying value of all public deposits held by each institution. Obligations that may be pledged as collateral are limited to obligations of the United States and its agencies and obligations of any state, county, municipal, corporation or other legally constituted authority of any state, or any instrumentality of such county, municipal corporation or other authority. Collateral is held by trustees including the Federal Reserve Bank and designated third party trustees of the financial institutions.

Clermont County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2016

NOTE T: Clermont County Transportation Improvement District (Continued)

At year-end, the carrying amount of the TID's deposits was \$9,893,751 and the bank balance was \$10,931,397. Federal depository insurance covered \$658,247 of the bank balance. The remaining \$10,273,150 was collateralized in the manner described above.

Credit Risk: STAR Ohio carries a rating of AAA by Standard and Poor's. The TID has no investment policy dealing with investment credit risk beyond the requirements in state statutes. Ohio law requires that STAR Ohio maintain the highest rating provided by at least one nationally recognized standard rating service.

Interest Rate Risk – State statute requires that an investment mature within five years from the date of purchase, unless matched to a specific obligation or debt of the TID, and that an investment must be purchased with the expectation that it will be held until maturity. The TID has no investment policy beyond the requirements of the Ohio Revised Code relating to interest rate risk.

Intergovernmental Agreements

The TID has entered into intergovernmental agreements with the Clermont County Commissioners, Clermont County Engineers Office, Miami Township, and Union Township to provide funding to the TID to facilitate the development and implementation of the TID's projects.

The initial intergovernmental agreements with the Clermont County Commissioners and Clermont County Engineers Office each provided for \$10,000,000 of funding commitments from available revenue sources in the amount of \$1,000,000 per year for a period of 10 years beginning in 2007. The initial intergovernmental agreements with Miami Township and Union Township each provided for \$1,000,000 of funding commitments from available revenue sources in the amount of \$100,000 per year for a period of 10 years beginning in 2007. Amendments to those agreements have increased the pledged revenue commitments over an extended period ending 2036.

The remaining amended intergovernmental agreement balances covering pledged revenues are as follows:

	Remaining Agreement
Clermont County Commissioners	\$ 27,500,000
Clermont County Engineer's Office	20,000,000
Miami Township	6,800,000
Union Township	2,000,000
Total	\$ 56,300,000

Contractual Commitments

As of December 31, 2016, the TID had contractual commitments as follow:

Contract Amounts	Paid to Date	Commitment Remaining
\$ 13,153,532	\$4,730,732	\$ 8,422,800

Transfers

During the year, the TID transferred \$1,710,244 from the General Fund to the debt service fund for debt service and \$7,145,986 from the General Fund to various project funds to fund expenditures. In addition, a project fund transferred \$44,010 to the General Fund to return funds provided for funding of expenditures in prior years in advance of receiving project specific funding from outside sources.

Risk Management

The TID has obtained commercial insurance for general liability, public officials' liability, and crime. Settled claims resulting from these risks have not exceeded commercial insurance coverage since inception of the TID in July 2006. There have been no significant changes in coverage since July 2006.

Clermont County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2016

NOTE T: Clermont County Transportation Improvement District (Continued)

Long-Term Debt

Changes in the long-term debt of the District during 2016 were as follows:

	Maturity	Interest Rate	Balance 1/1/2016	Additions	Deletions	Balance 12/31/2016	Amount Due Within One Year
Series 2007 Roadway Improvement Bonds - \$5,000,000	2016	3.875-4.250%	\$ 650,000	\$ 0	\$ (650,000)	\$ 0	\$ 0

During 2007, the TID issued \$5,000,000 of Clermont County Transportation Improvement TID Roadway Improvement Revenue Bonds, Series 2007, dated December 5, 2007, to finance the first phase of the TID's Regional Transportation Improvement Program. Final debt service on the Series 2007 was made during 2016.

During 2010, the TID issued \$5,925,000 of Clermont County Transportation Improvement District Roadway Improvement Revenue Bonds, Series 2010, dated June 3, 2010, to finance the second phase of the TID's Regional Transportation Improvement Program. The balance of the Series 2010 bonds will mature on December 1 in various amounts ranging from \$380,000 in 2017 to \$470,000 in 2025. Interest, at rates varying from 2.90 percent to 5.35 percent per annum, is payable semi-annually on June 1 and December 1. The Series 2010 Bonds are Recovery Zone Economic Development Bonds subject to a Federal subsidy that reimburses the District 45 percent of interest payable on the Bonds.

During 2012, the TID issued \$5,000,000 of Clermont County Transportation Improvement District Roadway Improvement Revenue Bonds, Series, 2012, dated August 7, 2012, to finance the third phase of the TID's Regional Transportation Improvement Program. The balance of the 2012 bonds will mature on December 1 in various amounts ranging from \$285,000 in 2017 to \$380,000 in 2028. Interest, at rates varying from 2.00 percent to 3.00 percent per annum, is payable semi-annually on June 1 and December 1.

Clermont County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2016

NOTE T: Clermont County Transportation Improvement District (Continued)

During 2013, TID issued \$8,035,000 of Clermont County Transportation Improvement District Roadway Improvement Revenue Bonds, Series 2013, dated May 3, 2013, to finance the fourth phase of the District's Regional Transportation Program. The balance of the Series 2013 bonds will mature on December 1 in various amounts ranging from \$450,000 in 2017 to \$615,000 in 2028. Interest, at rates varying from 2.50 percent to 5.00 percent per annum, is payable semi-annually on June 1 and December 1.

During 2016, the TID issued \$7,815,000 of Clermont County Transportation Improvement District Special Obligation Revenue Bonds, Series 2016, Dated April 1, 2016, to finance the fifth phase of the District's Regional Transportation Improvement Program. The balance of the Series 2016 bonds will mature on December 1 in various amounts ranging from \$270,000 in 2017 to \$550,000 in 2036. Interest, at rates varying from 3.00 percent to 4.00 percent per annum, is payable semi-annually on June 1 and December 1.

The TID has pledged receipts which consist of 1) Project Funding, 2) Future Project Funding, 3) Net Residential Improvement District (RID) revenues and 4) Any other revenues, such as gifts or grants, to the extent they are not prohibited by their terms, to repay the principal and interest on the bonds. The bonds are payable from pledged revenues through 2036. Annual principal and interest payments on the bonds are expected to require approximately 70% of annual pledged revenues through 2025 and 24 percent from 2026 through 2028 and 22 percent from 2029 through 2036.

The annual requirements to retire the bonds, including the 45% federal subsidy applicable to interest on the Series 2010 bonds, are as follows:

Year	Principal	Interest	Federal Subsidy	Total
2017	\$ 1,385,000	\$ 792,048	\$ (84,847)	\$ 2,092,201
2018	1,415,000	751,418	(77,836)	2,088,582
2019	1,445,000	710,693	(70,039)	2,085,654
2020	1,485,000	668,673	(61,863)	2,091,810
2021	1,510,000	621,835	(53,206)	2,078,629
2022-2026	7,880,000	2,180,044	(109,662)	9,950,382
2027-2031	4,065,000	875,900	0	4,940,900
2032-2036	2,550,000	314,000	0	2,864,000
TOTAL	<u>\$ 21,735,000</u>	<u>\$ 6,914,611</u>	<u>\$ (457,453)</u>	<u>\$ 28,192,158</u>

Subsequent Events

During April 2017, the TID issued \$7,925,000 of Clermont County Transportation Improvement District Roadway Improvement Revenue Bonds, Series 2017, for the purpose of financing a portion of the TID's Regional Transportation Improvement Program. The bonds are secured by a pledge of the pledged receipts and money in certain funds and accounts. The bonds mature in varying amounts on December 1 through 2036 and carry interest rates varying from 2.00 percent to 4.00 percent per annum.

Clermont County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2016

Note U: Clermont County Port Authority

Nature of Operations

The Clermont County Port Authority (Port Authority) is a body corporate and politic created for the purposes of enhancing, foster, aiding, providing or promoting transportation, economic development, housing, recreation, education, government operations, culture and research. The Port Authority was created by the Clermont County Board of Commissioners on July 16, 2012 under Ohio Revised Code Sections 4582.21 to 4582.99. The Port Authority is governed by a five member board of directors each of whom shall serve a term of four years and are appointed by the Board of County Commissioners. The Board of County Commissioners may remove any member of the board of directors for misfeasance, nonfeasance, or malfeasance in office. The Port Authority has no component units or other organizations to be included in the financial statements. The Port Authority is however a discretely presented component unit of Clermont County.

Cash and Cash Equivalents: The County Treasurer is the custodian for the Port Authority's cash and cash equivalents. The County's cash pool holds the Board's cash and cash equivalents, which are reported at the County Treasurer's carrying amount.

Capital Assets: Capital Assets are stated at historical cost at estimated fair market value at date of gift, if donated. The only asset that is capitalized by the Port Authority is a building and is being depreciated over the life of the building of 30 years.

Capital Assets

Capital asset activity for the year ended December 31, 2016, was as follows:

	Balance			Balance
	<u>1/1/2016</u>	<u>Additions</u>	<u>Reductions</u>	<u>12/31/2016</u>
Capital Assets being depreciated:				
Building and Improvements	\$ 542,100	\$ 0	\$ 0	\$ 542,100
Less Accumulated Depreciation:				
Building and Improvements	(45,175)	(18,070)	0	(63,245)
Total Capital Assets, being depreciated, net	<u>\$ 496,925</u>	<u>\$ (18,070)</u>	<u>\$ 0</u>	<u>\$ 478,855</u>

In March 2013, the Port Authority entered into a ground lease with Huhtamaki, Inc. The ground lease leases the land to the Port Authority for \$1 per year and conveys the building to the Port Authority through a Bill of Sale for \$10. The value of the building at the time of the lease and sale was \$542,100. The Port Authority and Huhtamaki, Inc. entered into a second lease agreement at this same time called the project lease. With this lease, the building is leased to Huhtamaki, Inc. for \$1,000 annually. During the term of the lease, Huhtamaki, Inc. will be making leasehold improvements to the building. At the end of the project lease, Huhtamaki, Inc. will take title to the building and this will terminate the ground lease at that time.

In November 2014, the Port Authority entered into a ground lease with River Trail Flats, LLC. The ground lease leases the land to the Port Authority for \$1 per year and conveys the building to the Port Authority through a Bill of Sale. The value of the building at the time of the lease and sale was \$64,900. The building was removed in 2014 which left the value of the building at \$0 as of December 31, 2014. The Port Authority and River Trail Flats, LLC entered into a second lease agreement at the same time called the project lease. With the lease, the building is leased to River Trail Flats, LLC for \$1,000 annually. During the term of the lease, River Trail Flats LLC will develop, construct and operate a mixed use of commercial and residential development. At the end of the project lease, River Trail Flats, LLC will take title to the building and this will terminate the ground lease at that time. In June 2016, the project was completed and the ground lease and the project lease were terminated and a bill of sale was issued for \$10 to transfer the building to River Trail Flats, LLC.

Note U: Clermont County Port Authority (Continued)

Conduit Debt

In December 2013, the Port Authority entered into a cooperative agreement with Union Township, Ohio; Jungle Jim's Economic Development District of Union Township, Ohio; Union Township Clermont County CIC, Inc.; Noble Family Eastgate, LLC; and The Huntington National Bank. This agreement is to help with the financing of the expansion project of the Jungle Jim's, specialty grocery store in Union Township. The Port Authority secured \$22,705,000 in Economic Development Special Obligation Bonds for the project. The bonds are being paid back through special assessments paid by Noble Family Eastgate, LLC to Union Township and are being held by Huntington Bank, trustee. Union Township has also pledged the Joint Economic Development District's income tax receipts for the payment of the debt and any other non-tax revenue of the township if needed. At December 31, 2016, there was \$20,195,000 in outstanding bonds.

On October 1, 2015, the Port Authority entered into a ground lease with the Board of Education of the West Clermont Local School District. The ground lease leases the land to the Port Authority for \$1 per year. The ground lease commenced on October 1, 2015 and terminates on December 31, 2058. On this same date, the Port Authority entered into a project lease with the Board of Education of West Clermont Local School

District to lease the project site for the construction of school facilities on the real property purchased by the Board of Education of the West Clermont Local School District and leased by the Port Authority. As part of these agreements, the Port Authority entered into a trust agreement with US Bank National Association for the financing of the building of the new high school of the West Clermont Local School District. The Port Authority secured \$99,255,000 in Lease Revenue Bonds for the project. The bonds are being paid back through lease payments made by the West Clermont Local School District to the Port Authority and being held by US Bank, trustee. At December 31, 2016, there was \$99,255,000 in outstanding bonds.

Combining Statements - Internal Service Funds

Internal service funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the government and to other government units, on a cost reimbursement basis.

Health Insurance Fund - This fund is used to account for claims and administration of the health insurance program for covered County employees and eligible dependents, and the accumulation and allocation of costs associated with health insurance.

Fleet Maintenance Fund - This fund is used to account for the vehicle maintenance services provided to various County departments and other governmental units. Users are billed for costs incurred.

Telecommunications Division - This fund is used to account for telephone services to various County departments and other governmental units. Users are billed for costs incurred.

Workers' Compensation Fund - This fund is used to account for the administration of a Worker's Compensation program to reduce employee risk, decrease the County's worker's compensation liability and to measure and recover the cost of providing the program to County departments and other governmental units.

STATISTICAL SECTION

Statistical Section

This part of Clermont County's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the County's overall financial health.

Contents	Pages
Financial Trends These schedules contain trend information to help the reader understand how the County's financial performance and well-being have changed over time.	140-145
Revenue Capacity These schedules contain information to help the reader assess the County's most significant local revenue sources, permissive sales and use tax, property taxes and water and sewer revenue.	147-157
Debt Capacity These schedules present information to help the reader assess the affordability of the County's current levels of outstanding debt and the County's ability to issue additional debt in the future.	158-161
Economic and Demographic Information These schedules offer economic and demographic indicators to help the reader understand the environment within which the County's financial activities take place.	162-163
Operating Information These schedules contain service and infrastructure data to help the reader understand how the information in the County's financial report relates to the services the County provides.	164-167

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.

Note: In 2011, Clermont County implemented GASB Statement No. 54, "Fund Balance Reporting and Governmental Fund Type Definition." The 2010 has been restated to show the new categories for fund balance.

In 2016, it was decided the Mental Health and Recovery Board and the Developmental Disabilities Board should be part of the primary government instead of discretely component units increasing the restricted fund balance. The assigned fund balance decreased due to money disbursed to the Clermont County CIC, Inc. for the purchase of land for an industrial park.

¹Exempt properties are not included in the estimated actual values nor in assessed valuations.

²The estimated actual values for real estate property were derived by 35% of the assessed values on the real estate Property.
 Refer to: "Note G-Receivables" in the Financial Statements.

³The estimated actual values for personal property and public utility were derived from an average rate of the assessed values
 (the average rate consists of varying rates for manufacturing equipment, inventory, and other equipment for the ten years presented).

⁴ The Total Direct Rate is per \$100,000 in assessed value

¹Including investment income

²Includes interest paid on non-revenue debt

³System capacity charges are one-time fees to join the existing system, and are accounted for as capital contributions.

⁴It is the opinion of the County's bond counsel that system capacity charges should be included in the calculation of the Enterprise Revenue Bond Coverage
