INDEPENDENT AUDITOR'S REPORT

Hamilton County Educational Service Center
Hamilton County
11083 Hamilton Avenue
Cincinnati, Ohio 45231

To the Governing Board:

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Hamilton County Educational Service Center, Hamilton County, Ohio (the Center), as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the Center's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for preparing and fairly presenting these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes designing, implementing, and maintaining internal control relevant to preparing and fairly presenting financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to opine on these financial statements based on our audit. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the Center's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the Center's internal control. Accordingly, we express no opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinions.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Hamilton County Educational Service Center, Hamilton County, Ohio, as of June 30, 2016, and the respective changes in financial position thereof for the year then ended in accordance with the accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require this presentation to include *Management's discussion and analysis*, *Required budgetary comparison schedules* and schedules of net pension liabilities and pension contributions listed in the table of contents, to supplement the basic financial statements. Although this information is not part of the basic financial statements, the Governmental Accounting Standards Board considers it essential for placing the basic financial statements in an appropriate operational, economic, or historical context. We applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, consisting of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, to the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not opine or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to opine or provide any other assurance.

Supplementary and Other Information

Our audit was conducted to opine on the Center's basic financial statements taken as a whole.

The Schedule of Receipts and Expenditures of Federal Awards presents additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards and is not a required part of the financial statements.

The schedule is management's responsibility, and derives from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. We subjected the schedule to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling the schedule directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves in accordance with auditing standards generally accepted in the United States of America. In our opinion, this schedule is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 22, 2017, on our consideration of the Center's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Center's internal control over financial reporting and compliance.

A handwritten signature in black ink that reads "Dave Yost". The signature is written in a cursive style with a large, looping "D" and "Y".

**Hamilton County Educational Service Center
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2016
(Unaudited)**

The discussion and analysis of Hamilton County Educational Service Center's (Center) financial performance provides an overall review of the Center's financial activities for the fiscal year ended June 30, 2016. The intent of this discussion and analysis is to look at the Center's financial performance as a whole; readers should also review the notes to the basic financial statements and financial statements to enhance their understanding of the Center's performance.

Financial Highlights

Key financial highlights for 2016 are as follows:

- Net Position of governmental activities increased \$3,713,753 which represents a 7% increase from 2015.
- General revenues accounted for \$3,519,663 in revenue or 6.1% of all revenues. Program specific revenues in the form of charges for services and sales, grants and contributions accounted for \$53,729,082 or 93.9% of total revenues of \$57,248,745.
- The Center had \$53,534,992 in expenses related to governmental activities; \$53,729,082 of these expenses were offset by program specific charges for services, grants or contributions. General revenues of \$3,519,663 were also used to provide for these programs.

Overview of the Financial Statements

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand the Center as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The *Statement of Net Position* and *Statement of Activities* provide information about the activities of the whole Center, presenting both an aggregate view of the Center's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the Center's most significant funds with all other nonmajor funds presented in total in one column. Major funds are General, Title VI-B Special Education, Head Start, and Capital Projects.

Government-wide Financial Statements

While this document contains the large number of funds used by the Center to provide programs and activities, the view of the Center as a whole looks at all financial transactions and asks the question, "How did we do financially during 2016?" The Government-wide Financial Statements answers this question. These statements include *all assets and liabilities* using the accrual basis of accounting similar to the accounting used by most private-sector companies. This basis of accounting takes into account all of the current year's revenues and expenses regardless of when cash is received or paid.

**Hamilton County Educational Service Center
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2016
(Unaudited)**

These two statements report the Center's *net position* and changes in position. This change in net position is important because it tells the reader that, for the Center as a whole, the financial position has improved or diminished. The causes of this change may be the result of many factors, both financial and non-financial.

In the Government-wide Financial Statements, the Center presents:

- **Governmental Activities** – All of the Center's programs and services are reported here including instruction, support services, operation of non-instructional services, and interest and fiscal charges.

Fund Financial Statements

The analysis of the Center's major funds begins on the balance sheet. Fund financial reports provide detailed information about the Center's major funds. The Center uses many funds to account for a multitude of financial transactions. However, these fund financial statements focus on the Center's most significant funds.

Governmental Funds All of the Center's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in future periods. These funds are reported using an accounting method called *modified accrual* accounting, which measures cash and all other *financial assets* that can readily be converted to cash. The governmental fund statements provide a detailed *short-term view* of the Center's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship (or differences) between governmental *activities* (reported in the Statement of Net Position and the Statement of Activities) and governmental *funds* is reconciled in the financial statements.

Fiduciary Funds Fiduciary Funds are used to account for resources held for the benefits of parties outside the government. Fiduciary Funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the Center's own programs.

The Center as a Whole

As stated previously, the Statement of Net Position looks at the Center as a whole. Table 1 provides a summary of the Center's net position for 2016 compared to 2015:

This Space Intentionally Left Blank

Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2016
(Unaudited)**

**Table 1
Net Position**

	Governmental Activities	
	2016	2015
Assets:		
Current and Other Assets	\$30,676,682	\$28,780,848
Capital Assets	3,008,694	2,704,147
Total Assets	33,685,376	31,484,995
Deferred Outflows of Resources:		
Pension	13,771,694	5,285,460
Total Deferred Outflows of Resources	13,771,694	5,285,460
Liabilities:		
Other Liabilities	6,569,038	9,193,708
Long-Term Liabilities	83,592,015	67,581,316
Total Liabilities	90,161,053	76,775,024
Deferred Inflows of Resources:		
Pension	4,706,708	11,119,875
Total Deferred Inflows of Resources	4,706,708	11,119,875
Net Position:		
Net Investment in Capital Assets	1,073,694	715,147
Restricted	3,072,789	4,726,037
Unrestricted	(51,557,174)	(56,565,628)
Total Net Position	(\$47,410,691)	(\$51,124,444)

Over time, net position can serve as a useful indicator of a government's financial position. At June 30, 2016, the Center's liabilities and deferred inflows exceeded assets and deferred outflows by \$47,410,691.

**Hamilton County Educational Service Center
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2016
(Unaudited)**

At year-end, capital assets represented 9% of total assets. Capital assets include land, buildings and improvements, and equipment. Net investment in capital assets at June 30, 2016, was \$1,073,694. These capital assets are used to provide services to the students and are not available for future spending. Although the Center's investment in capital assets is reported net of related debt, it should be noted that the resources to repay the debt must be provided from other sources, since capital assets may not be used to liquidate these liabilities.

A portion of the Center's net position, \$3,072,789 represents resources that are subject to external restriction on how they must be used. The external restriction will not affect the availability of fund resources for future use.

Current and other assets increased from 2016 to 2015 mainly due to an increase in cash and investments in 2016. Long-term liabilities increased mainly due to an increase in Net Pension Liability.

Table 2 shows the changes in net position for fiscal years 2016 and 2015.

This Space Intentionally Left Blank

**Hamilton County Educational Service Center
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2016

**Table 2
Changes in Net Position**

	Governmental Activities	
	2016	2015
Revenues:		
Program Revenues		
Charges for Services	\$41,013,791	\$39,652,325
Operating Grants, Contributions	12,715,291	24,246,370
General Revenues:		
Grants and Entitlements	3,055,072	2,892,773
Other	464,591	639,841
Total Revenues	<u>57,248,745</u>	<u>67,431,309</u>
Expenses:		
Instruction	6,854,624	6,460,995
Support Services:		
Pupil and Instructional Staff	24,519,302	31,129,075
School Administrative, General Administration, Fiscal and Business	6,252,837	6,742,778
Operations and Maintenance Central	406,301	564,613
Operation of Non-Instructional Services	1,026,666	1,054,522
Intergovernmental	14,378,537	13,918,511
Interest and Fiscal Charges	0	427,500
Total Expenses	<u>96,725</u>	<u>99,331</u>
Change in Net Position	<u>53,534,992</u>	<u>60,397,325</u>
Net Position - Beginning of Year	3,713,753	7,033,984
Net Position - End of Year	<u>(51,124,444)</u>	<u>(58,158,428)</u>
	<u>(\$47,410,691)</u>	<u>(\$51,124,444)</u>

The Center's revenues are mainly from three sources, charges for service, operating grants, and grants and entitlements. Charges for service revenues are generated by providing services to districts. The Center and a district enter an agreement specifying the type and amount of service for a period of time, generally not exceeding a school year. Operating grant revenues are awarded to the Center by various state and federal agencies. Grants and entitlements revenues are given directly to the Center and are calculated based on the average daily membership of the districts.

The Center's revenues are demonstrated by the following graph:

This Space Intentionally Left Blank

**Hamilton County Educational Service Center
Management’s Discussion and Analysis
For the Fiscal Year Ended June 30, 2016
(Unaudited)**

**Governmental Activities
Revenue Sources**

	<u>2016</u>	<u>Percentage</u>
Grants & Entitlements	\$3,055,072	5.3%
Program Revenues	53,729,082	93.9%
Other Revenues	<u>464,591</u>	<u>0.8%</u>
Total Revenue Sources	<u><u>\$57,248,745</u></u>	<u><u>100.0%</u></u>

Instruction comprises 12.7% of governmental program expenses. Support services expenses were 60.0% of governmental program expenses. All other expenses including interest expense were 27.3%. Interest expense was attributable to the outstanding capital lease and borrowing for capital projects.

Grants and entitlements revenue increased from 2015 mainly due to the increase of state funding the Center received in fiscal year 2015 compared to fiscal year 2016. Overall expenses for the current fiscal year decreased when compared to 2015 due to the decrease in instructional staff.

Governmental Activities

The Statement of Activities shows the cost of program services and the charges for services and grants offsetting those services. Table 3 shows, for government activities, the total cost of services and the net cost of services. That is, it identifies the cost of these services supported by unrestricted State entitlements.

This Space Intentionally Left Blank

Intergovernmental	0	427,500	0	(427,500)
Interest and Fiscal Charges	96,725	99,331	(96,725)	(99,331)
Total Expenses	<u>\$53,534,992</u>	<u>\$60,397,325</u>	<u>\$194,090</u>	<u>\$3,501,370</u>

The Center's Major Funds

The Center has four major governmental funds: the General Fund, Special Education, Head Start, and Capital Projects. Assets of the General Fund comprised \$19,851,877 (61%), Special Education comprised of 1,327,064 (4%), Head Start comprised \$3,470,590 (11%), and Capital Projects comprised \$4,300,000 (13%) of the total \$32,623,523 governmental fund assets.

General Fund: Fund balance at June 30, 2016 was \$13,905,312, including \$13,632,528 of unassigned balance. Fund balance increased \$4,082,368 from 2015. The primary reason for the increase in the fund balance was due to an increase in revenues.

Title IV-B Special Education: Fund balance at June 30, 2016 was \$(79,640). The fund balance increased \$777,227 from 2015 to 2016. The primary reasons for the increase in the fund balance were due to an increase in intergovernmental revenues and a decrease in overall expenditures.

Head Start Fund: Fund balance at June 30, 2016 was \$308,557. The fund balance increased \$151,713 from 2015 to 2016. The primary reason for the increase in fund balance was mainly due to the increase in intergovernmental revenues (grant monies received).

Capital Projects: Fund balance at June 30, 2016 was \$4,300,000. The fund balance increased \$2,500,000 from 2015 to 2016. The primary reason for the increase in fund balance was due to a transfer of monies from the General Fund.

General Fund Budgeting Highlights

The Center's budget is prepared according to Ohio law and is based on accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The most significant budgeted fund is the General Fund.

**Hamilton County Educational Service Center
Management’s Discussion and Analysis
For the Fiscal Year Ended June 30, 2016
(Unaudited)**

The Center uses site-based budgeting and the budgeting systems are designed to tightly control total site budgets but provide flexibility for site management. During the course of the year, the Center revised the budget in an attempt to deal with unexpected changes in revenues and expenditures.

For the General Fund, budget final basis revenue was \$45,764,935 compared to the original budget estimates of \$43,970,334. Of the \$1,794,601 difference, most was due to underestimates for charges for services and intergovernmental revenues for fiscal year 2016.

For the General Fund, budget final basis expenditures were \$36,942,882, compared to the original budget estimates of \$36,203,730. Of the \$739,152 difference, most was due to underestimates for instruction and support services expenditures for fiscal year 2016.

Capital Assets and Debt Administration

Capital Assets

At the end of fiscal 2016, the Center had \$3,008,694 invested in land, buildings and improvements and equipment. Table 4 shows fiscal 2016 balances compared to 2015:

**Table 4
Capital Assets at June 30
(Net of Depreciation)**

	<u>Governmental Activities</u>	
	<u>2016</u>	<u>2015</u>
Land	\$1,398,750	\$1,398,750
Buildings and Improvements	984,108	717,904
Equipment	<u>625,836</u>	<u>587,493</u>
Total Net Capital Assets	<u><u>\$3,008,694</u></u>	<u><u>\$2,704,147</u></u>

Overall, capital assets increased due to depreciation expense being less than current asset additions.

See Note 5 to the Basic Financial Statements for further details on the Center’s capital assets.

Debt

At June 30, 2016, the Center had \$1,935,000 in debt outstanding, \$56,000 due within one year.

Table 5 summarizes debt outstanding.

(Unaudited)**

**Table 5
Outstanding Debt, at Year-End**

	Governmental Activities	
	2016	2015
HCESC Building Capital Lease	\$1,935,000	\$1,989,000

See Notes 6 and 7 to the Basic Financial Statements for further details of the Center’s long-term liabilities.

For the Future

As the preceding shows, the Center relies heavily on contracts with local, city, and exempted village school districts in Hamilton County, state foundation revenue and grants. Contracts with Hamilton County districts are expected to increase in future years due to additional service requests from districts. These contracts, along with the Center’s cash balance will provide the Center with the necessary funds to meet its operating expenses in future years.

As of the time of this report, the Ohio Department of Education is researching a model for a regional delivery system and the implementation of such a system. This new Ohio Regional Delivery System will directly affect the Centers and the method to which they are funded. At this point, the Center is unable to determine what effect this legislation will have on future state funding and on its financial operations.

In May 2000, the Ohio Supreme Court again ruled the school funding system in Ohio is far too dependent on property taxes which are inherently not “equitable” nor “adequate.” The court directed the Governor and the legislature to address the fundamental issues creating the inequities. Any change in the funding will indirectly affect the Center’s since the districts are their main revenue stream. Currently, the Center is unable to determine the outcome of the Court’s directive.

All of the Center’s financial abilities will be needed to meet the challenges of the future. With careful planning and monitoring of the Center’s finances, the Center’s management is confident that the Center can continue to provide quality products and services to the districts in the future.

Contacting the Center’s Financial Management

This financial report is designed to provide our citizens, taxpayers, and investors and creditors with a general overview of the Center’s finances and to show the Center’s accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Treasurer/Chief Financial Officer at 11083 Hamilton Avenue, Cincinnati, Ohio 45231.

Hamilton County Educational Service Center
 Reconciliation of Total Governmental Fund Balance to
 Net Position of Governmental Activities
 June 30, 2016

Total Governmental Fund Balances		\$20,789,082
Amounts reported for governmental activities in the statement of net position are different because:		
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds.		
Capital assets used in the operation of Governmental Funds		3,008,694
Other long-term assets are not available to pay for current-period expenditures and, therefore, are deferred in the funds.		
Accounts Receivable	886,695	
Interest	12,970	
Intergovernmental	2,119,407	
Other Receivables	250,000	
		<u>3,269,072</u>
In the statement of net position interest payable is accrued when incurred; whereas, in the governmental funds interest is reported as a liability only when it will require the use of current financial resources.		
		(7,401)
Some liabilities reported in the statement of net position do not require the use of current financial resources and, therefore, are not reported as liabilities in governmental funds.		
Compensated Absences		(3,951,339)
Deferred outflows and inflows or resources related to pensions are applicable to future periods and, therefore, are not reported in the funds.		
Deferred outflows of resources related to pensions	13,771,694	
Deferred inflows of resources related to pensions	(4,706,708)	
		<u>9,064,986</u>
Long-term liabilities are not due and payable in the current period and, therefore, are not reported in the funds.		
Net Pension Liability	(77,648,785)	
Other Amounts	(1,935,000)	
		<u>(79,583,785)</u>
Net Position of Governmental Activities		<u><u>(\$47,410,691)</u></u>

See accompanying notes to the basic financial statements.

**Hamilton County Educational Service Center
Notes to the Basic Financial Statements
For The Fiscal Year Ended June 30, 2016**

Note 1 - Description of the Center

The Hamilton County Educational Service Center (the "Center") serves the territories contained within the territorial limits of the local school districts that are not otherwise classified as city or exempted village school districts in Hamilton County, Ohio. The local districts consist of Finneytown whose territories consist of Springfield Township and a portion of the City of Cincinnati; Forest Hills consisting of Anderson Township including the Village of Newtown; Northwest consisting of all or parts of Colerain, Green and Springfield Townships, and portions of the Cities of Forest Park and North College Hill, and as well, a small portion of Fairfield Township in Butler County; Oak Hills which consists of all or parts of Delhi and Green Townships and a portion of the City of Cincinnati; Southwest which consists of Crosby, Harrison and Whitewater Townships including the City of Harrison, and as well, a small portion of Morgan Township in Butler county; Three Rivers consisting of Miami Township including the Villages of Addyston, Cleves and North Bend; and, Lockland consisting of the Villages of Arlington Heights and Lockland.

The Center's Governing Board is comprised of five members who are resident electors of the Member School District. At the time of election or appointment, every effort is made to broadly represent the electorate of the school system. Historically, five of the seven local districts on a rotational basis have been represented on the Board. Frequently the Board communicates with members of the local-district boards to learn of their wishes regarding development of policy, services that are consistent with trends, and program developments related to the vocational joint venture for which the five board members serve as representative delegates. The Board has consistently been a participating member of the Ohio School Boards Association to which several members provide leadership.

In addition to the seven local districts in Hamilton County, city districts, namely, Cincinnati, Deer Park, Winton Woods, Loveland, Madeira, Mariemont, Mt. Healthy, North College Hill, Norwood, Princeton, Reading Community, St. Bernard-Elmwood Place, Sycamore Community, Wyoming, Mason and the Exempted Village District of Indian Hill as well as the Great Oaks Institute of Technology and Career Development have one or another types of cooperative service agreements with the Center.

The Office of the Board is regularly referred to as the Center which is housed in a separate, modern facility in a complex known as Civic Center North. The Center serves as the central office for the Hamilton County Educational Service Center Superintendent of Schools and has staff of approximately 623 certificated and non-certificated support employees.

Reporting Entity

For financial reporting purposes the Center's financial statements include all funds of the primary government. The primary government consists of all funds, departments, boards and agencies that are not legally separate from the Center. Potential component units were also considered for inclusion in the financial report. Component units are legally separate organizations for which the elected officials of a primary government are financially accountable. The Center would consider an organization to be a component unit if:

1. The Center appointed a voting majority of the organization's governing body and (a) was able to impose its will on that organization or (b) there is a potential for the organization to provide specific financial burdens on the Center; or

**Hamilton County Educational Service Center
Notes to the Basic Financial Statements
For The Fiscal Year Ended June 30, 2016**

2. The organization was fiscally dependent upon the Center; or
3. The nature of the relationship between the Center and the organization was such that the exclusion from the financial reporting entity would render the financial statements of the Center misleading.

The Center included no component units in the financial report.

The Center provides fiscal agent service to the Hamilton/Clermont Cooperative Information Technology Center (H/CC) formerly known as H/CCA, 7615 Harrison Avenue, Cincinnati, Ohio 45231, Unified Purchasing Cooperative, and the Center for Collaborative Solutions, a regional council of governments as disclosed in Note 15. H/CC is one of 23 regional Information Technology Centers (ITC) established by the state of Ohio. H/CC is a member of the Ohio Educational Computer Network. H/CC provides data and Internet services for public and non-public schools in Greater Cincinnati Metropolitan Area. This includes collection and distribution of data for financial, student and media services. H/CC also provides technical and networking service to affiliate schools.

The Site Director and his staff manage the day-to-day affairs of H/CC. A Board of Directors, composed of member school's superintendents, approves the long term path for the site, as determined by the Site Director and an Executive Committee composed of five superintendents and two treasurers from member schools.

Note 2 - Summary of Significant Accounting Policies

The financial statements of the Center have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The most significant of the Center's accounting policies are described below.

Measurement Focus

Government-wide Financial Statements

The Center's basic financial statements consist of government-wide statements, including a statement of net position and a statement of activities and fund financial statements which provide a more detailed level of financial information.

The government-wide statements are prepared using the economic resources measurement focus. All assets and liabilities associated with the operation of the Center are included on the statement of net position. Fiduciary Funds are not included in government-wide statements.

This Space Intentionally Left Blank

**Hamilton County Educational Service Center
Notes to the Basic Financial Statements
For The Fiscal Year Ended June 30, 2016**

The government-wide statement of activities presents a comparison between direct expenses and program revenues for each function or program of the Center's governmental activities. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues which are not classified as program revenues are presented as general revenues of the Center, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each business segment or governmental function is self-financing or draws from the general revenues of the Center.

Fund Financial Statements

All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets, current liabilities, and deferred inflows generally are included on the balance sheet. The statement of revenues, expenditures and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

Fund Accounting

The Center uses funds to maintain its financial records during the fiscal year. Fund accounting is designed to demonstrate legal compliance and to aid management by segregating transactions related to certain Center functions or activities. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The various funds of the Center are grouped into the categories governmental and fiduciary.

Governmental Funds

Governmental funds focus on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities and deferred inflows is reported as fund balance. The following are the Center's major governmental funds:

General Fund - The general fund is used to account for all financial resources except those required to be accounted for in another fund. The general fund balance is available for any purpose provided it is expended or transferred according to the general laws of Ohio.

Title VI-B Special Education Fund – Fund used to account for federal monies provided to support programs for students with disabilities.

Head Start Fund – The Head Start fund is used to account for all financial resources that are associated with the head start program.

**Hamilton County Educational Service Center
Notes to the Basic Financial Statements
For The Fiscal Year Ended June 30, 2016**

Capital Projects Fund – The Fund is used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets.

Fiduciary Funds

Fiduciary fund reporting focuses on net position and changes in net position. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private purpose trust funds and agency funds. Trust funds are used to account for assets held by the Center under a trust agreement for individuals, private organizations, or other governments and are therefore not available to support the Center's own programs. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The Center's only fiduciary funds are Agency funds (H/CC, SWOOSH Consortium, and unified purchasing co-op) which accounts for assets and liabilities generated by the data center and the unified purchasing co-op.

Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Fiduciary funds also use the accrual basis of accounting. Differences in the accrual and the modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred revenue, and in the presentation of expenses versus expenditures.

Revenues – Exchange and Non-exchange Transactions

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the Center, available means expected to be received within sixty days of fiscal year end.

Nonexchange transactions, in which the Center receives value without directly giving equal value in return, included grants, entitlements and donations. Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the Center must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the Center on a reimbursement basis. On a modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at year end: contract services, grants and interest.

Hamilton County Educational Service Center
Notes to the Basic Financial Statements
For The Fiscal Year Ended June 30, 2016

Deferred Outflows/Inflows of Resources

In addition to assets, the statements of financial position will sometimes report a separate section for deferred outflows of resources. Deferred outflows of resources, represents a consumption of net position that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until then. The deferred outflows of resources related to pension are explained in Note 8.

In addition to liabilities, the statements of financial position report a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net position that applies to a future period and will not be recognized as an inflow of resources (revenue) until that time. For the Center, deferred inflows of resources include grants, pension, and unavailable revenues. Unavailable revenue is reported only on the governmental funds balance sheet, and represents receivables which will not be collected within the available period. These amounts are deferred and recognized as inflows of resources in the period the amounts become available.

Expenses/Expenditures

On the accrual basis of accounting, expenses are recognized at the time they are incurred.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. However, debt service expenditures, as well as any expenditures related to compensated absences, are recorded only when payment is due. Allocations of cost, such as depreciation and amortization, are not recognized in the governmental funds.

Equity in Pooled Cash and Investments

To improve cash management, cash received by the Center is pooled. Monies for all funds are maintained in this pool. Interest in the pool is presented as "Equity in Pooled Cash and Investments" on the financial statements.

Investments are reported at fair value which is based on quoted market prices.

Following Ohio statutes, the Center has, by resolution, specified the funds to receive an allocation of interest earnings.

For presentation on the financial statements, all investments and deposits are reported as "Equity in Pooled Cash and Investments".

During the fiscal year, the Center held donated stock which is held at fair value. The fair value is based on quoted market prices.

**Hamilton County Educational Service Center
Notes to the Basic Financial Statements
For The Fiscal Year Ended June 30, 2016**

Inventory

On fund financial statements, inventories of governmental funds are stated at cost. For all funds, cost is determined on a first-in, first-out basis and is expended/expensed when used. Inventory in governmental funds consists of expendable supplies held for consumption.

Prepaid Items

Payments made to vendors for services that will benefit periods beyond June 30, 2016, are recorded as prepaid items using the consumption method. A current asset for the prepaid amount is recorded at the time of the purchase and expenditure/expense is reported in the year in which services are consumed.

Capital Assets

General capital assets generally result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the government-wide statement of net position but are not reported in the fund financial statements.

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated capital assets are recorded at their acquisition value as of the date received. The Center maintains a capitalization threshold of \$2,000. The Center does not possess any infrastructure. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not.

All reported capital assets are depreciated except land. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is allocated using the straight-line method over the following useful lives:

<u>Description</u>	<u>Estimated Lives</u>
Buildings and Improvements	10 - 50 years
Equipment	5 - 20 years

Compensated Absences

The Center reports compensated absences in accordance with the provisions of GASB Statement No. 16, "Accounting for Compensated Absences." Vacation benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable that the Center will compensate the employees for the benefits through paid time off or some other means. The Center records a liability for accumulated unused vacation time, when earned, for all employees with more than one year of service.

Sick leave benefits are accrued as a liability using the vesting method. The entire compensated absence liability is reported on the government-wide financial statements.

Compensated absences are recognized in governmental fund financial statements, when they are due. The related liability is recorded in the account "compensated absences payable" in the fund from which the employees who have accumulated unpaid leave are paid.

**Hamilton County Educational Service Center
Notes to the Basic Financial Statements
For The Fiscal Year Ended June 30, 2016**

The Center's policies regarding compensated absences are determined by the state laws and/or negotiated agreements. In summary, the policies are as follows:

<u>Vacation</u>	<u>Certified</u>	<u>Administrators</u> (261 day employees only)	<u>Non-Certificated</u> (261 day employees only)
Earned Monthly	Not Eligible	10-20 days depending on length of contract	10-20 days for each service year depending on length of service

**Hamilton County Educational Service Center
Notes to the Basic Financial Statements
For The Fiscal Year Ended June 30, 2016**

Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the pension plans and additions to/deductions from their fiduciary net position have been determined on the same basis as they are reported by the pension systems. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. The pension systems report investments at fair value.

Net Position

Net position represents the difference between assets and deferred outflows of resources, and liabilities and deferred inflows of resources. Net investment in capital assets consists of capital assets, net of accumulated depreciation less outstanding debt used to acquire capital assets. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the Center or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

The Center applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position are available. Of the Center's \$3,072,789 in restricted net position, none was restricted by enabling legislation.

Interfund Activity

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

On fund financial statements, receivables and payables resulting from short-term interfund loans are classified as "interfund receivables/payables". These amounts are eliminated in the governmental activities column on the Statement of Net Position.

As a general rule, the effect of interfund (internal) activity has been eliminated from the government-wide statement of activities. The interfund services provided and used are not eliminated in the process of consolidation.

Fund Balance

In accordance with Governmental Accounting Standards Board Statement No. 54, *Fund Balance Reporting*, the Center classifies its fund balance based on the purpose for which the resources were received and the level of constraint placed on the resources. The following categories are used:

Nonspendable – resources that are not in spendable form (inventory) or have legal or contractual requirements to maintain the balance intact.

**Hamilton County Educational Service Center
Notes to the Basic Financial Statements
For The Fiscal Year Ended June 30, 2016**

Restricted – resources that have external purpose restraints imposed on them by providers, such as creditors, grantors, or other regulators.

Committed – resources that are constrained for specific purposes that are internally imposed by the government at its highest level of decision making authority, the Governing Board. Formal action by the Board of Education is needed to commit or rescind resources.

Assigned – resources that are intended to be used for specific purposes as approved through the Center's formal purchasing procedures by the Treasurer.

Unassigned – residual fund balance within the General Fund that is not restricted, committed, or assigned. In other governmental funds, the unassigned classification is used only to report a deficit balance resulting from incurred expenditures for specific purposes exceeding amounts which had been restricted, committed or assigned for said purposes.

The Center considers committed, assigned, and unassigned fund balances, respectively, to be spent when expenditures are incurred for purposes for which any of the unrestricted fund balance classifications could be used.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Note 3 - Equity in Pooled Cash and Investments

The Center maintains a cash and investment pool used by all funds. Each fund type's portion of this pool is displayed on the combined balance sheet as "Equity in Pooled Cash and Investments."

State statute requires the classification of monies held by the Center into three categories:

Active Monies - Those monies required to be kept in a "cash" or "near cash" status for immediate use by the Center. Such monies must by law be maintained either as cash in the Center treasury, in depository accounts payable or withdrawable on demand.

Inactive Monies – Those monies not required for use within the current two year period of designated depositories. Ohio law permits inactive monies to be deposited or invested as certificates of deposit maturing not later than the end of the current period of designated depositories, or as savings or deposit accounts, including, but not limited to passbook accounts.

Interim Monies – Those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Ohio law permits interim monies to be invested or deposited in the following securities:

Hamilton County Educational Service Center
Notes to the Basic Financial Statements
For The Fiscal Year Ended June 30, 2016

- (1) Bonds, notes, or other obligations of or guaranteed by the United States, or those for which the faith of the United States is pledged for the payment of principal and interest.
- (2) Bonds, notes, debentures, or other obligations or securities issued by any federal governmental agency.
- (3) No-load money market mutual funds consisting exclusively of obligations described in (1) or (2) above and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions.
- (4) Interim deposits in the eligible institutions applying for interim monies to be evidenced by time certificates of deposit maturing not more than one year from date of deposit, or by savings or deposit accounts, including, but limited to, passbook accounts.
- (5) Bonds, and other obligations of the State of Ohio.
- (6) The Ohio State Treasurer's investment pool (STAR Ohio).
- (7) Commercial paper and banker's acceptances which meet the requirements established by Ohio Revised Code, Sec. 135.142.
- (8) Under limited circumstances, corporate debt interests in either of the two highest rating classifications by at least two nationally recognized rating agencies.

Protection of the Center's deposits is provided by the Federal Deposit Insurance Corporation, by eligible securities pledged by the financial institution as security for repayment, by surety company bonds deposited with the treasurer by the financial institution or by a single collateral pool established by the financial institution to secure the repayment of all public moneys deposited with the institution.

Investments in stripped principal or interest obligations, reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. An investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the Center, and must be purchased with the expectation that it will be held to maturity. Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the treasurer or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

Hamilton County Educational Service Center
Notes to the Basic Financial Statements
For The Fiscal Year Ended June 30, 2016

Deposits

Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The Center's policy for deposits is any balance not covered by depository insurance will be collateralized by the financial institutions with pledged securities. As of June 30, 2016, \$29,237,876 of the Center's bank balance of \$29,487,876 was exposed to custodial risk because it was uninsured and collateralized with securities held by the pledging financial institution's trust department or agent, but not in the Center's name.

Ohio Revised Code Chapter 135, Uniform Depository Act, authorizes pledging of pooled securities in lieu of specific securities. Specifically, a designated public depository may pledge a single pool of eligible securities to secure repayment of all public monies deposited in the financial institution, provided that all times the total value of the securities so pledged is at least equal to 105% of the total amount of all public deposits secured by the pool, including the portion of such deposits covered by any federal deposit insurance

Investments

As of June 30, 2016, the Center had the following investments:

	<u>Value</u>	<u>Fair Value Hierarchy</u>	<u>Weighted Average Maturity (Years)</u>
Stocks*	\$81,622	Level 1	0.00
Money Market Funds	995,377	N/A	0.00
Federal Home Loan Bank	754,732	Level 2	0.88
Federal Farm Credit Bank	200,768	Level 2	1.57
Federal Home Loan Mortgage Corporation	4,126,225	Level 2	3.17
Federal National Mortgage Association	4,765,129	Level 2	2.70
Commercial Paper	2,424,102	Level 2	2.53
Negotiable CDs	7,544,860	Level 2	1.90
U.S. Treasury Notes	1,523,370	Level 1	3.51
	<u>\$22,416,185</u>		
Portfolio Weighted Average Maturity			2.14

*The amount of \$81,622 was donated stock by a private individual.

The Center categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets. Level 2 inputs are significant other observable inputs. Level 3 inputs are significant unobservable inputs. The above table identifies the Center's recurring fair value measurements as of June 30, 2016. All investments of the Center are valued using quoted market prices.

Interest Rate Risk - In accordance with the investment policy, the Center manages its exposure to declines in fair values by limiting the weighted average maturity of its investment portfolio to three years.

Hamilton County Educational Service Center
Notes to the Basic Financial Statements
For The Fiscal Year Ended June 30, 2016

Credit Risk – It is the Center’s policy to limit its investments that are not obligations of the U.S. Government or obligations explicitly guaranteed by the U.S. Government to investments which have the highest credit quality rating issued by nationally recognized statistical rating organizations. The Center’s investments in Money Market Funds, Federal Home Loan Bank, Federal Home Loan Mortgage Corporation, Federal Farm Credit Bank and Federal National Mortgage Association were rated AA+ by Standard & Poor’s and Fitch Ratings and Aaa by Moody’s Investors Service. U.S. Treasury Notes and Negotiable CD’s are not rated.

Concentration of Credit Risk – The Center places no limit on the amount it may invest in any one issuer. Less than 1% of the Center's investments at fiscal year end were in Stock, 4% in Money Market Funds, 3% in Federal Home Loan Bank, 18% in Federal Home Loan Mortgage Corporation, 21% in Federal National Mortgage Association, 1% in Federal Farm Credit Bank, 11% in Commercial Paper, 34% in Negotiable CDs, and 7% in U.S. Treasury Notes.

Custodial Credit Risk is the risk that in the event of the failure of the counterparty, the Center will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. All of the Center’s securities are either insured and registered in the name of the Center or at least registered in the name of the Center.

Note 4 – Receivables

Receivables at June 30, 2016, consisted of accounts, interest, intergovernmental grants, loan and interfund. All receivables are considered collectible in full, due to the stable condition of State programs, and the current year guarantee of federal funds.

Note 5 - Capital Assets

Capital asset activity for the fiscal year ended June 30, 2016, was as follows:

	<u>Beginning Balance</u>	<u>Additions</u>	<u>Deletions</u>	<u>Ending Balance</u>
Governmental Activities				
<i>Capital Assets, Not Being Depreciated</i>				
Land	\$1,398,750	\$0	\$0	\$1,398,750
<i>Capital Assets, Being Depreciated</i>				
Buildings and Improvements	942,250	290,643	0	1,232,893
Equipment	<u>2,130,473</u>	<u>153,878</u>	<u>91,124</u>	<u>2,193,227</u>
Totals at Historical Cost	<u>4,471,473</u>	<u>444,521</u>	<u>91,124</u>	<u>4,824,870</u>
Less Accumulated Depreciation:				
Buildings and Improvements	224,346	24,439	0	248,785
Equipment	<u>1,542,980</u>	<u>101,710</u>	<u>77,299</u>	<u>1,567,391</u>
Total Accumulated Depreciation	<u>1,767,326</u>	<u>126,149</u>	<u>77,299</u>	<u>1,816,176</u>
Governmental Activities Capital Assets, Net	<u>\$2,704,147</u>	<u>\$318,372</u>	<u>\$13,825</u>	<u>\$3,008,694</u>

This Space Intentionally Left Blank

**Hamilton County Educational Service Center
Notes to the Basic Financial Statements
For The Fiscal Year Ended June 30, 2016**

Depreciation expense was charged to governmental functions as follows:

Instruction:	
Regular	\$21,681
Special	12,171
Support Services:	
Instructional Staff	24,884
General Administration	10,136
School Administration	9,455
Business	1,222
Operations and Maintenance	9,920
Operation of Non-Instructional Services	<u>36,680</u>
Total Depreciation Expense	<u><u>\$126,149</u></u>

Note 6 - Long-Term Liabilities

	Beginning Balance	Additions	Reductions	Ending Balance	Due In One Year
Governmental Activities:					
Net Pension Liability:					
STRS	\$54,668,275	\$10,776,527	\$3,329,003	\$62,115,799	\$0
SERS	<u>13,776,765</u>	<u>2,833,668</u>	<u>1,077,447</u>	<u>15,532,986</u>	<u>0</u>
Total Net Pension Liability	68,445,040	13,610,195	4,406,450	77,648,785	0
Capital Lease Payable:					
HCESC Building	1,989,000	0	54,000	1,935,000	56,000
Compensated Absences	<u>4,003,729</u>	<u>41,895</u>	<u>37,394</u>	<u>4,008,230</u>	<u>97,400</u>
Total Governmental Activities Long-Term Liabilities	<u><u>\$74,437,769</u></u>	<u><u>\$13,652,090</u></u>	<u><u>\$4,497,844</u></u>	<u><u>\$83,592,015</u></u>	<u><u>\$153,400</u></u>

Compensated Absences will be paid from the fund from which the person is paid. The lease will be paid from the general fund.

Note 7 - Capital Leases

The Center is leasing its administrative building from the Columbus Regional Airport Authority. Columbus Regional Airport Authority will retain title to the building during the lease term. Columbus Regional Airport Authority assigned U.S. Bank National Association as trustee. U.S. Bank National Association deposited \$2,341,000 in the Center's name for the purchase of the building. The lease is renewable annually and expires in 2036. The intention of the Center is to renew the lease annually.

The Center began making principal payments in fiscal year 2008. The principal amount owed on the lease at year end is \$1,935,000.

**Hamilton County Educational Service Center
Notes to the Basic Financial Statements
For The Fiscal Year Ended June 30, 2016**

The trustee entered into an Interest Rate Exchange Agreement with respect to the lease, locking in the rate at 4.59% plus an annual administrative fee. The following is a schedule of the future long-term minimum lease payments required under the capital lease and the present value of the minimum lease payments as of June 30, 2016.

Fiscal Year Ending June 30,	Long-Term Debt
2017	\$146,401
2018	146,675
2019	145,830
2020	145,867
2021	145,762
2022-2026	728,761
2027-2031	726,446
2032-2036	721,436
2037	143,318
Total Minimum Lease Payments	3,050,496
Less: Amount Representing Interest	(1,080,093)
Less: Additional Program Cost Component	(35,403)
Present Value of Minimum Lease Payments	<u>\$1,935,000</u>

Note 8 - Defined Benefit Pension Plans

Net Pension Liability

The net pension liability reported on the statement of net position represents a liability to employees for pension. Pensions are a component of exchange transactions – between an employer and its employees – of salaries and benefits for employee services. Pensions are provided to an employee – on a deferred-payment basis – as part of the total compensation package offered by an employer for employee services each financial period. The obligation to sacrifice resources for pensions is a present obligation because it was created as a result of employment exchanges that already have occurred.

The net pension liability represents the Center’s proportionate share of each pension plan’s collective actuarial present value of projected benefit payments attributable to past periods of service, net of each pension plan’s fiduciary net position. The net pension liability calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting this estimate annually.

This Space Intentionally Left Blank

**Hamilton County Educational Service Center
Notes to the Basic Financial Statements
For The Fiscal Year Ended June 30, 2016**

Ohio Revised Code limits the Center’s obligation for this liability to annually required payments. The Center cannot control benefit terms or the manner in which pensions are financed; however, the Center does receive the benefit of employees’ services in exchange for compensation including pension.

GASB 68 assumes the liability is solely the obligation of the employer, because (1) they benefit from employee services; and (2) State statute requires all funding to come from these employers. All contributions to date have come solely from these employers (which also includes costs paid in the form of withholdings from employees). State statute requires the pension plans to amortize unfunded liabilities within 30 years. If the amortization period exceeds 30 years, each pension plan’s board must propose corrective action to the State legislature. Any resulting legislative change to benefits or funding could significantly affect the net pension liability. Resulting adjustments to the net pension liability would be effective when the changes are legally enforceable.

Plan Description - School Employees Retirement System (SERS)

Plan Description – Center non-teaching employees participate in SERS, a cost-sharing multiple-employer defined benefit pension plan administered by SERS. SERS provides retirement, disability and survivor benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Ohio Revised Code Chapter 3309. SERS issues a publicly available, stand-alone financial report that includes financial statements, required supplementary information and detailed information about SERS’ fiduciary net position. That report can be obtained by visiting the SERS website at www.ohsers.org under Employers/Audit Resources.

Age and service requirements for retirement are as follows:

	Eligible to Retire on or before August 1, 2017 *	Eligible to Retire on or after August 1, 2017
Full Benefits	Any age with 30 years of service credit	Age 67 with 10 years of service credit; or Age 57 with 30 years of service credit
Actuarially Reduced Benefits	Age 60 with 5 years of service credit Age 55 with 25 years of service credit	Age 62 with 10 years of service credit; or Age 60 with 25 years of service credit

* Members with 25 years of service credit as of August 1, 2017, will be included in this plan.

Annual retirement benefits are calculated based on final average salary multiplied by a percentage that varies based on year of service; 2.2 percent for the first thirty years of service, 2.5 percent for years of service credit over 30. Final average salary is the average of the highest three years of salary.

One year after an effective benefit date, a benefit recipient is entitled to a three percent cost-of-living adjustment (COLA). This same COLA is added each year to the base benefit amount on the anniversary date of the benefit.

This Space Intentionally Left Blank

**Hamilton County Educational Service Center
Notes to the Basic Financial Statements
For The Fiscal Year Ended June 30, 2016**

Funding Policy – Plan members are required to contribute 10 percent of their annual covered salary and the Center is required to contribute 14 percent of annual covered payroll. The contribution requirements of plan members and employers are established and may be amended by the SERS' Retirement Board up to statutory maximum amounts of 10 percent for plan members and 14 percent for employers. The Retirement Board, acting with the advice of the actuary, allocates the employer contribution rate among four of the System's funds (Pension Trust Fund, Death Benefit Fund, Medicare B Fund, and Health Care Fund). For the fiscal year ended June 30, 2016, the allocation to pension, death benefits, and Medicare B was 14 percent. None of the 14 percent employer contribution rate was allocated to the Health Care Fund.

The Center's contractually required contribution to SERS was \$1,231,243 for fiscal year 2016. Of this amount \$83,622 is reported as Accrued Wages and Benefits.

Plan Description - State Teachers Retirement System (STRS)

Plan Description – Center licensed teachers and other faculty members participate in STRS Ohio, a cost-sharing multiple-employer public employee retirement system administered by STRS. STRS provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS issues a stand-alone financial report that includes financial statements, required supplementary information and detailed information about STRS' fiduciary net position. That report can be obtained by writing to STRS, 275 E. Broad St., Columbus, OH 43215-3771, by calling (888) 227-7877, or by visiting the STRS Web site at www.strsoh.org.

New members have a choice of three retirement plans; a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan and a Combined Plan. Benefits are established by Ohio Revised Code Chapter 3307. The DB plan offers an annual retirement allowance based on final average salary multiplied by a percentage that varies based on years of service. Effective August 1, 2015, the calculation will be 2.2 percent of final average salary for the five highest years of earnings multiplied by all years of service. With certain exceptions, the basic benefit is increased each year by two percent of the original base benefit. For members retiring August 1, 2013, or later, the first two percent is paid on the fifth anniversary of the retirement benefit. Members are eligible to retire at age 60 with five years of qualifying service credit, or age 55 with 25 years of service, or 30 years of service regardless of age. Age and service requirements for retirement increased effective August 1, 2015, and will continue to increase periodically until they reach age 60 with 35 years of service or age 65 with five years of service on August 1, 2026.

The DC Plan allows members to place all their member contributions and 9.5 percent of the 14 percent employer contributions into an investment account. Investment allocation decisions are determined by the member. The remaining 4.5 percent of the 14 percent employer rate is allocated to the defined benefit unfunded liability. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal.

This Space Intentionally Left Blank

Hamilton County Educational Service Center
Notes to the Basic Financial Statements
For The Fiscal Year Ended June 30, 2016

The Combined Plan offers features of both the DB Plan and the DC Plan. In the Combined Plan, member contributions are allocated among investment choices by the member, and employer contributions are used to fund the defined benefit payment at a reduced level from the regular DB Plan. The defined benefit portion of the Combined Plan payment is payable to a member on or after age 60 with five years of services. The defined contribution portion of the account may be taken as a lump sum payment or converted to a lifetime monthly annuity at age 50.

New members who choose the DC plan or Combined Plan will have another opportunity to reselect a permanent plan during their fifth year of membership. Members may remain in the same plan or transfer to another STRS plan. The optional annuitization of a member's defined contribution account or the defined contribution portion of a member's Combined Plan account to a lifetime benefit results in STRS bearing the risk of investment gain or loss on the account. STRS has therefore included all three plan options as one defined benefit plan for GASB 68 reporting purposes.

A DB or Combined Plan member with five or more years of credited service who is determined to be disabled may qualify for a disability benefit. Eligible survivors of members who die before service retirement may qualify for monthly benefits. New members on or after July 1, 2013, must have at least ten years of qualifying service credit that apply for disability benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member of the DC Plan dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

Funding Policy – Employer and member contribution rates are established by the State Teachers Retirement Board and limited by Chapter 3307 of the Ohio Revised Code. The statutory maximum employee contribution rate was increased one percent July 1, 2014, and will be increased one percent each year until it reaches 14 percent on July 1, 2016. For the fiscal year ended June 30, 2016, plan members were required to contribute 13 percent of their annual covered salary. The Center was required to contribute 14 percent; the entire 14 percent was the portion used to fund pension obligations. The fiscal year 2016 contribution rates were equal to the statutory maximum rates.

The Center's contractually required contribution to STRS was \$3,482,684 for fiscal year 2016. Of this amount \$478,418 is reported as Accrued Wages and Benefits.

Pension Liabilities, Pension Expense, Deferred Outflows of Resources and Deferred Inflows of Resources

The net pension liability was measured as of June 30, 2015, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The Center's proportion of the net pension liability was based on the Center's share of contributions to the pension plan relative to the contributions of all participating entities. Following is information related to the proportionate share:

This Space Intentionally Left Blank

**Hamilton County Educational Service Center
Notes to the Basic Financial Statements
For The Fiscal Year Ended June 30, 2016**

	<u>SERS</u>	<u>STRS</u>	<u>Total</u>
Proportionate Share of the Net Pension Liability	\$15,532,986	\$62,115,799	\$77,648,785
Proportion of the Net Pension Liability	0.34155250%	0.22475533%	
Pension Expense	1,512,617	4,362,107	5,874,724

At June 30, 2016, the Center reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>SERS</u>	<u>STRS</u>	<u>Total</u>
Deferred Outflows of Resources			
Differences between expected and actual experience	\$235,676	\$2,782,015	\$3,017,691
Changes in employer proportion and differences between contributions and proportionate share of contributions	121,712	111,178	232,890
Changes in employer proportionate share of net pension liability	0	5,807,186	5,807,186
Center contributions subsequent to the measurement date	<u>1,231,243</u>	<u>3,482,684</u>	<u>4,713,927</u>
Total Deferred Outflows of Resources	<u>\$1,588,631</u>	<u>\$12,183,063</u>	<u>\$13,771,694</u>
Deferred Inflows of Resources			
Net difference between projected and actual earnings on pension plan investments	\$239,408	\$3,512,580	\$3,751,988
Changes in employer proportion and differences between contributions and proportionate share of contributions	<u>0</u>	<u>954,720</u>	<u>954,720</u>
Total Deferred Inflows of Resources	<u>\$239,408</u>	<u>\$4,467,300</u>	<u>\$4,706,708</u>

\$4,713,927 reported as deferred outflows of resources related to pension resulting from Center contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2017. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized in pension expense as follows:

Total	<u>\$117,980</u>	<u>\$4,233,079</u>	<u>\$4,351,059</u>

Actuarial Assumptions - SERS

SERS' total pension liability was determined by their actuaries in accordance with GASB Statement No. 67, as part of their annual actuarial valuation for each defined benefit retirement plan. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts (e.g., salaries, credited service) and assumptions about the probability of occurrence of events far into the future (e.g., mortality, disabilities, retirements, employment termination). Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employers and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations.

Actuarial calculations reflect a long-term perspective. For a newly hired employee, actuarial calculations will take into account the employee's entire career with the employer and also take into consideration the benefits, if any, paid to the employee after termination of employment until the death of the employee and any applicable contingent annuitant. In many cases actuarial calculations reflect several decades of service with the employer and the payment of benefits after termination.

Key methods and assumptions used in calculating the total pension liability in the latest actuarial valuation, prepared as of June 30, 2015, are presented below:

Wage Inflation	3.25 percent
Future Salary Increases, including inflation	4 percent to 22 percent
COLA or Ad Hoc COLA	3 percent
Investment Rate of Return	7.75 percent net of investments expense, including inflation
Actuarial Cost Method	Entry Age Normal

For post-retirement mortality, the table used in evaluating allowances to be paid is the 1994 Group Annuity Mortality Table set back one year for both men and women. Special mortality tables are used for the period after disability retirement.

**Hamilton County Educational Service Center
Notes to the Basic Financial Statements
For The Fiscal Year Ended June 30, 2016**

The most recent experience study was completed June 30, 2010.

The long-term return expectation for the Pension Plan Investments has been determined using a building-block approach and assumes a time horizon, as defined in SERS' Statement of Investment Policy. A forecasted rate of inflation serves as the baseline for the return expectation. Various real return premiums over the baseline inflation rate have been established for each asset class. The long-term expected nominal rate of return has been determined by calculating a weighted averaged of the expected real return premiums for each asset class, adding the projected inflation rate, and adding the expected return from rebalanced uncorrelated asset classes. The target allocation and best estimates of arithmetic real rates of return for each major assets class are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Cash	1.00 %	0.00 %
US Stocks	22.50	5.00
Non-US Stocks	22.50	5.50
Fixed Income	19.00	1.50
Private Equity	10.00	10.00
Real Assets	10.00	5.00
Multi-Asset Strategies	15.00	7.50
Total	100.00 %	

Discount Rate The total pension liability was calculated using the discount rate of 7.75 percent. The projection of cash flows used to determine the discount rate assumed the contributions from employers and from the members would be computed based on contribution requirements as stipulated by State statute. Projected inflows from investment earning were calculated using the long-term assumed investment rate of return (7.75 percent). Based on those assumptions, the plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefits to determine the total pension liability.

Sensitivity of the Center's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate Net pension liability is sensitive to changes in the discount rate, and to illustrate the potential impact the following table presents the net pension liability calculated using the discount rate of 7.75 percent, as well as what each plan's net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.75 percent), or one percentage point higher (8.75 percent) than the current rate.

	1% Decrease (6.75%)	Current Discount Rate (7.75%)	1% Increase (8.75%)
Center's proportionate share of the net pension liability	\$27,024,679	\$19,489,317	\$13,143,921

**Hamilton County Educational Service Center
Notes to the Basic Financial Statements
For The Fiscal Year Ended June 30, 2016**

Changes Between Measurement Date and Report Date

In April of 2016, the SERS Board adopted certain assumption changes which impacted their annual actuarial valuation prepared as of June 30, 2016. The most significant change is a reduction in the discount rate from 7.75 percent to 7.5 percent. Although the exact amount of these changes is not known, the impact to the Center’s net pension liability is expected to be significant.

Actuarial Assumptions - STRS

The total pension liability in the July 1, 2015, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.75 percent
Projected salary increases	12.25 percent at age 20 to 2.75 percent at age 70
Investment Rate of Return	7.75 percent, net of investment expenses, including inflation
Cost-of-Living Adjustments (COLA)	2 percent simple applied as follows: for members retiring before August 1, 2013, 2 percent per year; for members retiring August 1, 2013, or later, 2 percent COLA paid on fifth anniversary of retirement date.

Mortality rates were based on the RP-2000 Combined Mortality Table (Projection 2022—Scale AA) for Males and Females. Males’ ages are set-back two years through age 89 and no set-back for age 90 and above. Females younger than age 80 are set back four years, one year set back from age 80 through 89 and not set back from age 90 and above.

Actuarial assumptions used in the June 30, 2015, valuation are based on the results of an actuarial experience study, effective July 1, 2012.

STRS’ investment consultant develops best estimates for the investment return assumption based on the target allocation adopted by the Retirement Board. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized as follows:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Domestic Equity	31.00 %	8.00 %
International Equity	26.00	7.85
Alternatives	14.00	8.00
Fixed Income	18.00	3.75
Real Estate	10.00	6.75
Liquidity Reserves	1.00	3.00
Total	100.00 %	

This Space Intentionally Left Blank

**Hamilton County Educational Service Center
Notes to the Basic Financial Statements
For The Fiscal Year Ended June 30, 2016**

Discount Rate The discount rate used to measure the total pension liability was 7.75 percent as of June 30, 2015. The projection of cash flows used to determine the discount rate assumes member and employer contributions will be made at the statutory contribution rates in accordance with rate increases described above. For this purpose, only employer contributions that are intended to fund benefits of current plan members and their beneficiaries are included. Projected employer contributions that are intended to fund the service costs of future plan members and their beneficiaries, as well as projected contributions from future plan members, are not included. Based on those assumptions, STRS' fiduciary net position was projected to be available to make all projected future benefit payments to current plan members as of June 30, 2015. Therefore, the long-term expected rate of return on pension plan investments of 7.75 percent was applied to all periods of projected benefit payment to determine the total pension liability as of June 30, 2015.

Sensitivity of the Center's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate The following table presents the Center's proportionate share of the net pension liability calculated using the current period discount rate assumption of 7.75 percent, as well as what the Center's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one-percentage-point lower (6.75 percent) or one-percentage-point higher (8.75 percent) than the current rate:

	1% Decrease (6.75%)	Current Discount Rate (7.75%)	1% Increase (8.75%)
Center's proportionate share of the net pension liability	\$86,283,531	\$62,115,799	\$41,678,378

Note 9 - Post Employment Benefits

School Employees Retirement System

Health Care Plan Description - The Center contributes to the SERS Health Care Fund, administered by SERS for non-certificated retirees and their beneficiaries. For GASB 45 purposes, this plan is considered a cost-sharing, multiple-employer, defined benefit other postemployment benefit (OPEB) plan. The Health Care Plan includes hospitalization and physicians' fees through several types of plans including HMO's, PPO's, Medicare Advantage, and traditional indemnity plans as well as a prescription drug program. The financial report of the Plan is included in the SERS Comprehensive Annual Financial Report which can be obtained on SERS' website at www.ohsers.org under Employers/Audit Resources.

Access to health care for retirees and beneficiaries is permitted in accordance with Section 3309 of the Ohio Revised Code. The Health Care Fund was established and is administered in accordance with Internal Revenue Code Section 105(e). SERS' Retirement Board reserves the right to change or discontinue any health plan or program. Health care is financed through a combination of employer contributions and retiree premiums, copays and deductibles on covered health care expenses, investment returns, and any funds received as a result of SERS' participation in Medicare programs. Active employee members do not contribute to the Health Care Plan. Retirees and their beneficiaries are required to pay a health care premium that varies depending on the plan selected, the number of qualified years of service, Medicare eligibility and retirement status.

**Hamilton County Educational Service Center
Notes to the Basic Financial Statements
For The Fiscal Year Ended June 30, 2016**

Funding Policy - State statute permits SERS to fund the health care benefits through employer contributions. Each year, after the allocation for statutorily required basic benefits, the Retirement Board allocates the remainder of the employer contribution of 14 percent of covered payroll to the Health Care Fund. For the year ended June 30, 2016, the health care allocation is 0%. In addition, employers pay a surcharge for employees earning less than an actuarially determined minimum compensation amount, pro-rated according to service credit earned. For fiscal year 2016, this amount was \$23,000. Statutes provide that no employer shall pay a health care surcharge greater than 2 percent of that employer's SERS-covered payroll; nor may SERS collect in aggregate more than 1.5 percent of the total statewide SERS-covered payroll for the health care surcharge. For fiscal year 2016, the Center's surcharge obligation was \$83,622.

The Center's contributions for health care for the fiscal years ended June 30, 2016, 2015, and 2014 were \$0, \$123,374, and \$20,812, respectively. For fiscal year 2016, 100 percent has been contributed. The full amount has been contributed for fiscal years 2016 and 2015.

State Teachers Retirement System

Plan Description – The Center participates in the cost-sharing multiple-employer defined benefit Health Plan administered by the State Teachers Retirement System of Ohio (STRS) for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS. Ohio law authorizes STRS to offer this plan. Benefits include hospitalization, physicians' fees, prescription drugs and reimbursement of monthly Medicare Part B premiums. The Plan is included in the report of STRS which can be obtained by visiting www.strsoh.org or by calling (888) 227-7877.

Funding Policy – Ohio Revised Code Chapter 3307 authorizes STRS Ohio to offer the Plan and gives the Retirement Board authority over how much, if any, of the health care costs will be absorbed by STRS. Active employee members do not contribute to the Health Care Plan. All benefit recipients, for the most recent year, pay a monthly premium. Under Ohio law, funding for post-employment health care may be deducted from employer contributions. For fiscal year 2016, STRS did not allocate any employer contributions to post-employment health care. The Center's contributions for health care for the fiscal years ended June 30, 2016, 2015, and 2014 were \$0, \$0, and \$374,092, respectively. The full amount has been contributed for fiscal years 2016, 2015, and 2014.

Note 10 - Contingent Liabilities

Grants

The Center receives significant financial assistance from numerous federal, state and local agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds.

However, in the opinion of management, any such disallowed claims will not have a material effect on any of the financial statements of the individual fund types included herein or on the overall financial position of the Center as of June 30, 2016.

**Hamilton County Educational Service Center
Notes to the Basic Financial Statements
For The Fiscal Year Ended June 30, 2016**

Litigation

The Center's attorney estimates that all other potential claims against the Center not covered by insurance resulting from all other litigation would not materially affect the financial statements of the Center.

Note 11 - Risk Management

The Center is exposed to various risks of loss related to torts, theft of, damage to and destruction of assets, errors and omissions, injuries to employees and natural disasters. The Center carries insurance coverage with the following companies.

<u>COVERAGE</u>	<u>COMPANY</u>
Automobile	The Argonaut Insurance Company
Property	The Argonaut Insurance Company
General Liability	The Argonaut Insurance Company

Limits and deductible amounts for the above policies vary accordingly.

<u>COVERAGE</u>	<u>LIMITS</u>	<u>DEDUCTIBLE</u>
Automobile	\$1,000,000 each occurrence	\$500 collision
Property	\$1,000,000 each occurrence	\$500 each loss
General Liability	\$1,000,000 each occurrence \$3,000,000 general aggregate	

The Center pays the State of Ohio Bureau of Workers' Compensation System a premium based on a rate per \$100 of salaries. This rate is calculated based on accident history and administrative costs.

Settled claims have not exceeded the commercial coverage in any of the past three years. There have been no significant reductions in insurance coverage from last year.

Note 12 - State Funding

The Center is funded by the State Department of Education for the cost of Part (A) of their budget. This funding is provided from both State and local resources.

Part (B) of the budget is provided by the school districts to which the Center provides services and by the State Department of Education. Each school district's portion is determined by multiplying the average daily membership of the school district (the total number of students enrolled) by \$6.50. This amount is deducted by the State Department of Education from that school district's resources provided under the State's Foundation Program. The Department of Education's portion is determined by multiplying the sum of average daily memberships of all of the school districts served by the Center by \$31. This amount is provided from State resources.

**Hamilton County Educational Service Center
Notes to the Basic Financial Statements
For The Fiscal Year Ended June 30, 2016**

If additional funding is needed for the Center, and if a majority of the Boards of Education of the school districts served by the Center approve, the cost of Part (B) of the budget can be increased. The portion that is in excess of the original funding calculation is shared by all of the school districts served by the Center through additional reductions in their resources provided through the State Foundation Program. The State Board of Education initiates and supervises the procedure under which the school districts approve or disapprove the additional apportionment.

Note 13 – Accountability

The following individual funds had a deficit in fund balance at year end:

Title VI-B Special Education	79,640
Other Government Funds:	
Title I Disadvantaged Children	7,499
Refugee School Impact Grant	32,178

The deficits in fund balances were primarily due to accruals in GAAP. The general fund is liable for any deficit in these funds and will provide operating transfers when cash is required not when accruals occur.

Note 14 - Interfund Transactions

Interfund transactions at June 30, 2016, consisted of the following interfund receivables and interfund payables and transfers in and transfers out:

	Interfund		Transfers	
	Receivable	Payable	In	Out
General Fund	\$1,946,841	\$0	\$0	\$3,000,000
Head Start Fund	0	725,517	0	0
Title VI-B Special Education	0	682,501	0	0
Other Governmental Funds	0	538,823	500,000	0
Capital Projects	0	0	2,500,000	0
Total All Funds	\$1,946,841	\$1,946,841	\$3,000,000	\$3,000,000

Interfund balance/transfers are used to move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them and unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budget authorizations; to segregate and to return money to the fund from which it was originally provided once a project is completed.

Notes to the Basic Financial Statements
For The Fiscal Year Ended June 30, 2016**

Note 15 - Jointly Governed Organization

Hamilton/Clermont Cooperative Information Technology Center

The Hamilton/Clermont Cooperative Information Technology Center (H/CC) formerly known as H/CCA is a governmental jointly governed organization consisting of 31 school districts. The jointly governed organization was formed for the purpose of applying modern technology with the aid of computers and other electronic equipment to administrative and instructional functions among member districts. Each of the governments of these schools supports H/CC and shares in a percentage of equity based on the resources provided. H/CC is governed by a board of directors consisting of the superintendents of the member school districts. The degree of control exercised by any participating School District is limited to its representation on the Board. The Board consists of one representative from each of the participating 31 school districts.

Unified Purchasing Cooperative

The Unified Purchasing Cooperative is comprised of over 50 public school district's and nearly 90 non-public schools in Brown, Butler, Clermont, Hamilton (OH); Boone, Campbell, Kenton (KY); Dearborn, Ohio, Ripley (IN) counties; 4 Educational Service Centers, 2 Head Start Programs, 2 MRDD's and the Diocese of Covington.

By aggregating the requirements of its members, each member's purchasing power increases and as a result Unified Purchasing Cooperative is able to obtain the best prices for quality products and services.

Center for Collaborative Solutions, A Regional Council of Governments

The Center for Collaborative Solutions, A Regional Council of Governments (the "COG"), is a body Corporate and Politic established pursuant to Ohio Revised Code Chapter 167, by agreement of its members. The COG is a collaborative between Hamilton County Educational Service Center and Clermont County Educational Service Center. The COG is currently providing services for twenty-four member school districts and other entities in Hamilton County and Clermont County, principally providing substitute teachers and substitute classified personnel. Hamilton County Educational Service Center acts as a fiscal officer for the COG.

The governing authority of The Center for Collaborative Solutions (COG) is the COG Board, which is comprised of two superintendents, two board members and one treasurer. All members are from The Hamilton County ESC and Clermont County ESC. The Officer positions of the COG Board are President, Vice-President and Secretary. Currently, the Clermont County ESC Superintendent is appointed President and the Hamilton County ESC Superintendent is appointed Vice President. The ESCs rotate those positions as determined by the COG Board. All other officers serve until his/her successor is appointed.

SWOOSH Consortium

Southwest Ohio Organization of School Health (SWOOSH) is a health and wellness consortium for school districts and government agencies that come together to provide stability and quality access to health care and benefits to all eligible members. SWOOSH will do this by leveraging economies of scale, commonality of choices and driving wellness and health management by collaborative efforts of all participating agencies.

**Hamilton County Educational Service Center
Notes to the Basic Financial Statements
For The Fiscal Year Ended June 30, 2016**

The objective of the SWOOSH consortium is to maximize benefits and / or reduce costs of medical, prescription drug, vision, dental, life and / or other group insurance coverages. While the consortium serves short term savings needs, in the long term it will promote rate stability and allow the districts to move to a healthier place using wellness.

Working together to purchase group insurance allows the districts to pool their members. With more members on the plan, the consortium can leverage the larger scale of the entire group and work toward obtaining the most competitive rates while securing unique wellness offers and additional investments to better manage long term costs. For example, the SWOOSH consortium has a dedicated wellness nurse, wellness dollars for each district and is creating district health scorecards to help improve the overall health and wellness of all employees.

Note 16 - Claims Servicing Pool

The Center participates in Greater Cincinnati Insurance Consortium (GCIC) Self-Insurance Program, a shared risk pool, comprised of other area school districts. Each member pays an administrative fee to the pool. Each school district has a representative on the assembly (usually the superintendent or designee).

Note 17 –Fund Balances

Fund balance is classified as nonspendable, restricted, committed, assigned and/or unassigned based primarily on the extent to which the Center is bound to observe constraints imposed upon the use of the resources in the government funds. The constraints placed on fund balance for the major governmental funds and all other governmental funds are presented below:

This Space Intentionally Left Blank

**Hamilton County Educational Service Center
Notes to the Basic Financial Statements
For The Fiscal Year Ended June 30, 2016**

Fund Balances	General	Head Start	Special Education	Capital Project	Other Governmental Funds	Total

Unassigned (Deficit)	13,632,528	0	(80,133)	0	(41,534)	13,510,861
Total Fund Balance	\$13,905,312	\$308,557	(\$79,640)	\$4,300,000	\$2,354,853	\$20,789,082

Note 18 – Implementation of New Accounting Principles

For the fiscal year ended June 30, 2016, the District has implemented Governmental Accounting Standards Board (GASB) Statement No. 72, *Fair Value Measurement and Application*, GASB Statement No. 73, *Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68*, and *Amendments to Certain Provisions of GASB Statements 67 and 68*, GASB Statement No. 76, *The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments* and GASB Statement No. 79, *Certain External Investment Pools and Pool Participants*.

GASB Statement No. 72 clarifies the definition of fair value for financial reporting purposes, establishes general principles for measuring fair value, provides additional fair value application guidance, and enhances disclosures about fair value measurements. These changes were incorporated in the District's fiscal year 2016 note disclosures; however, there was no effect on beginning net position/fund balance.

GASB Statement No. 73 establishes requirements for defined benefit pensions that are not within the scope of GASB Statement No. 68 as well as for the assets accumulated for purposes of providing those pensions. In addition, it establishes requirements for defined contribution pensions that are not within the scope of Statement 68. It also clarifies the application of certain provisions of GASB Statements 67 and 68. The implementation of GASB Statement No. 73 did not have an effect on the financial statements of the District.

**Hamilton County Educational Service Center
Notes to the Basic Financial Statements
For The Fiscal Year Ended June 30, 2016**

GASB Statement No. 76 reduces the GAAP hierarchy to two categories of authoritative GAAP and addresses the use of authoritative and nonauthoritative literature in the event that the accounting treatment for a transaction or other event is not specified within a source of authoritative GAAP. The implementation of GASB Statement No. 76 did not have an effect on the financial statements of the District.

GASB Statement No. 79 addresses accounting and financial reporting for certain external investment pools and pool participants. Specifically, it establishes criteria for an external investment pool to qualify for making the election to measure all of its investments at amortized cost for financial reporting purposes. The implementation of GASB Statement No. 79 did not have an effect on the financial statements of the District.

GASB Statement No. 82, "Pension Issues – an Amendment of GASB Statements No. 67, No. 68 and No. 73" improves consistency in the application of pension accounting. These changes were incorporated in the Center's fiscal year 2016 financial statements; however, there was no effect on beginning net position/fund balance.

See accompanying notes to the supplementary information.

Note 1 – Budgetary Process

The Center, with the passing of House Bill 95, is no longer required to certify a budget to the State Department of Education. However, the Center’s Board approves a budget for governmental funds on or before the start of the new fiscal year, which includes estimated resources and expenditures.

The certificate of estimated resources may be amended during the year if projected increases or decreases in revenue are identified by the Center’s Treasurer. The amounts reported as the original budgeted amounts on the budgetary statements reflect the amounts on the certificate of estimated resources when the original appropriations were adopted. The amounts reported as the final budgeted amounts on the budgetary statements reflect the amounts on the final amended certificate of estimated resources issued during the fiscal year 2016.

While the Center is reporting financial position, results of operations and changes in fund balance on the basis of generally accepted accounting principles (GAAP), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The Schedule of Revenues, Expenditures and Changes in Fund Balances – Budget and Actual (Non-GAAP Budgetary Basis) presented on the budgetary basis to provide a meaningful comparison of actual results with the budget. The major differences between the budget basis and GAAP basis are as follows:

1. Revenues are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis).
2. Expenditures are recorded when paid in cash (budget basis) as opposed to when the liability is incurred (GAAP basis).
3. Encumbrances are treated as expenditures for all funds (budget basis) rather than as assigned to a fund balance for governmental fund types and expendable trust funds (GAAP basis).
4. Advances in and advances out are operating transactions (budget basis) as opposed to balance sheet transactions.

The following table summarizes the adjustments necessary to reconcile the GAAP basis statements to the budgetary basis statements for the General Fund, Head Start Fund, and Title VI-B Special Education Fund:

This Space Intentionally Left Blank

	Net Change in Fund Balance		
	General	Head Start	Title VI-B Special Education
GAAP Basis	\$4,082,368	\$151,713	\$777,227

**NOTES TO THE SCHEDULE OF RECEIPTS AND EXPENDITURES OF FEDERAL AWARDS
2 CFR 200.510(b)(6)
FOR THE YEAR ENDED JUNE 30, 2016**

NOTE A – BASIS OF PRESENTATION

The accompanying Schedule of Receipts and Expenditures of Federal Awards (the Schedule) includes the federal award activity of the Hamilton County Educational Service Center (the Center) under programs of the federal government for the year ended June 30, 2016. The information on this Schedule is prepared in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the Center, it is not intended to and does not present the financial position or changes in net position of the Center.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Receipts and expenditures reported on the Schedule are reported on the cash basis of accounting.

NOTE C - MATCHING REQUIREMENTS

Certain Federal programs require the Center to contribute non-Federal funds (matching funds) to support the Federally-funded programs. The Center has met its matching requirements. The Schedule does not include the expenditure of non-Federal matching funds.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

Hamilton County Educational Service Center
Hamilton County
11083 Hamilton Avenue
Cincinnati, Ohio 45231

To the Governing Body:

We have audited, in accordance with auditing standards generally accepted in the United States and the Comptroller General of the United States' *Government Auditing Standards*, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Hamilton County Educational Service Center, Hamilton County, Ohio (the Center), as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the Center's basic financial statements and have issued our report thereon dated March 22, 2017.

Internal Control Over Financial Reporting

As part of our financial statement audit, we considered the Center's internal control over financial reporting (internal control) to determine the audit procedures appropriate in the circumstances to the extent necessary to support our opinions on the financial statements, but not to the extent necessary to opine on the effectiveness of the Center's internal control. Accordingly, we have not opined on it.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A *material weakness* is a deficiency, or combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of the Center's financial statements. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all internal control deficiencies that might be material weaknesses or significant deficiencies. Therefore, unidentified material weaknesses or significant deficiencies may exist. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings that we consider material weaknesses. We consider finding 2016-001 and 2016-002 to be a material weakness.

Compliance and Other Matters

As part of reasonably assuring whether the Center's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, opining on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

Corporate Centre of Blue Ash, 11117 Kenwood Road, Blue Ash, Ohio 45242
Phone: 513-361-8550 or 800-368-7419 Fax: 513-361-8577

www.ohioauditor.gov

Purpose of this Report

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of the Center's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering the Center's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Hamilton County Educational Service Center
Hamilton County
11083 Hamilton Avenue
Cincinnati, Ohio 45231

To the Governing Body:

Report on Compliance for Each Major Federal Program

We have audited the Hamilton County Educational Service Center, Hamilton County, Ohio (the Center's), compliance with the applicable requirements described in the U.S. Office of Management and Budget (OMB) *Compliance Supplement* that could directly and materially affect each of the Center's major federal programs for the year ended June 30, 2016. The *Summary of Auditor's Results* in the accompanying schedule of findings identifies the Center's major federal programs.

Management's Responsibility

The Center's Management is responsible for complying with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to opine on the Center's compliance for each of the Center's major federal programs based on our audit of the applicable compliance requirements referred to above. Our compliance audit followed auditing standards generally accepted in the United States of America; the standards for financial audits included in the Comptroller General of the United States' *Government Auditing Standards*; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). These standards and the Uniform Guidance require us to plan and perform the audit to reasonably assure whether noncompliance with the applicable compliance requirements referred to above that could directly and materially affect a major federal program occurred. An audit includes examining, on a test basis, evidence about the Center's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe our audit provides a reasonable basis for our compliance opinion on each of the Center's major programs. However, our audit does not provide a legal determination of the Center's compliance.

Opinion on Each Major Federal Program

In our opinion, the Center complied, in all material respects, with the compliance requirements referred to above that could directly and materially affect each of its major federal programs for the year ended June 30, 2016.

Report on Internal Control Over Compliance

The Center's management is responsible for establishing and maintaining effective internal control over compliance with the applicable compliance requirements referred to above. In planning and performing our compliance audit, we considered the Center's internal control over compliance with the applicable requirements that could directly and materially affect a major federal program, to determine our auditing procedures appropriate for opining on each major federal program's compliance and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not to the extent needed to opine on the effectiveness of internal control over compliance. Accordingly, we have not opined on the effectiveness of the Center's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, when performing their assigned functions, to prevent, or to timely detect and correct, noncompliance with a federal program's applicable compliance requirement. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a federal program compliance requirement will not be prevented, or timely detected and corrected. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a federal program's applicable compliance requirement that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

This report only describes the scope of our internal control over compliance tests and the results of this testing based on Uniform Guidance requirements. Accordingly, this report is not suitable for any other purpose.

<i>(d)(1)(ix)</i>	Low Risk Auditee under 2 CFR §200.520?	Yes

**2. FINDINGS RELATED TO THE FINANCIAL STATEMENTS
REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS**

FINDING 2016-001

Material Weakness

Lack of Internal Controls over Financial Reporting

The management of the Hamilton County Educational Service Center (the Center) is responsible for preparing and fairly presenting the financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP); this includes designing, implementing, and maintaining internal controls relevant to preparing and fairly presenting financial statements that are free from material misstatement, whether due to error or fraud.

The Center reported General Fund Intergovernmental Revenues in the amount of \$3,055,072 as Tax Revenues on the Statement of Revenues, Expenditures and Changes in Fund Balance - Governmental Funds.

**FINDING 2016-001
(Continued)**

The financial statements were corrected by the Center to properly reflect the intergovernmental revenue. A lack of internal controls over the financial reporting process increases the risk that errors or omissions in the financial statements and footnotes will not be timely detected and corrected.

We recommend that management perform a detailed review of the financial statements and footnotes prior to submitting them for audit.

FINDING 2016-002

Material Weakness

Pension Deferred Outflows and Deferred Inflows

When designing the public office's system of internal control and the specific control activities, management should consider ensuring that accounting records are properly designed, verifying the existence and valuation of assets and liabilities and periodically reconciling them to the accounting records, and performing analytical procedures to determine the reasonableness of financial statement data.

Paragraph 33b of Governmental Accounting Standards Board (GASB) Statement No. 68, *Accounting and Financial Reporting for Pensions - An Amendment of GASB Statement No. 27*, states the following: The difference between projected and actual earnings on pension plan investments should be recognized in pension expense using a systematic and rational method over a closed five-year period, beginning in the current reporting period. The amount not recognized in pension expense should be reported as deferred outflows of resources or deferred inflows of resources related to pensions. Deferred outflows of resources and deferred inflows of resources arising from differences between projected and actual pension plan investment earnings in different measurement periods should be aggregated and reported as a net deferred outflow of resources related to pensions or a net deferred inflow of resources related to pension.

The Center did not perform the aggregation of deferred outflows of resources and deferred inflows of resources at June 30, 2016. As a result, Deferred Outflows of Resources - Pension and Deferred Inflows of Resources- Pension were both overstated by \$4,280,425. Failure to perform this aggregation had no effect on net position at June 30, 2016. Adjustments were posted to the accompanying financial statements to correct these errors.

Failure to properly report financial activity increases the risk of inaccurate financial statements. We recommend the Center take steps to make sure the financial statements properly report the Center's financial information.

Officials' Response:

No response was received for these findings.
