Dave Yost • Auditor of State

Village Council
Village of Minerva
209 N. Market Street
Minerva, Ohio 44657

We have reviewed the *Independent Auditor's Report* of the Village of Minerva, Stark County, prepared by Alger & Associates, Inc., for the audit period January 1, 2014 through December 31, 2015. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The Village of Minerva is responsible for compliance with these laws and regulations.

INDEPENDENT AUDITOR'S REPORT

Village of Minerva, Stark County
200 North Market Street
Minerva, Ohio 44657

To the Village Council:

Report on the Financial Statements

We have audited the accompanying financial statements of the cash balances, receipts and disbursements by fund type, and related notes of the Village of Minerva, Stark County, (the Village) as of and for the years ended December 31, 2015 and 2014.

Management's Responsibility for the Financial Statements

Management is responsible for preparing and fairly presenting these financial statements in accordance with the financial reporting provisions Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit; this responsibility includes designing, implementing and maintaining internal control relevant to preparing and fairly presenting financial statements free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to opine on these financial statements based on our audit. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the Village's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the Village's internal control. Accordingly, we express no opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinions.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 2 of the financial statements, the Village prepared these financial statements using the accounting basis permitted by the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D), which is an accounting basis other than accounting principles generally accepted in the United States of America (GAAP), to satisfy these requirements.

Although the effects on the financial statements of the variances between the regulatory accounting basis and GAAP are not reasonably determinable, we presume they are material.

Though the Village does not intend these statements to conform to GAAP, auditing standards generally accepted in the United States of America require us to include an adverse opinion on GAAP. However, the adverse opinion does not imply the amounts reported are materially misstated under the accounting basis Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit. Our opinion on this accounting basis is in the *Opinion on Regulatory Basis of Accounting* paragraph below.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the *Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles* paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the Village as of December 31, 2015 and 2014, or changes in financial position or cash flows thereof for the years then ended.

Opinion on Regulatory Basis of Accounting

In our opinion, the financial statements referred to above present fairly, in all material respects, the combined cash balances of the Village of Minerva, Stark County as of December 31, 2015 and 2014, and its combined cash receipts and disbursements for the years then ended in accordance with the financial reporting provisions Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit, described in Note 2.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated August 30, 2017, on our consideration of the Village's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Village's internal control over financial reporting and compliance.

Village of Minerva, Ohio
Stark County
Notes to the Financial Statements
For the Years Ended December 31, 2015 and 2014

Note 1 - Reporting Entity

The Village of Minerva (the Village), Stark County, is a body politic and corporate established to exercise the rights and privileges conveyed to it by the constitution and laws of the State of Ohio. The Village operates under a Home Rule Charter, which provides for a Council - Administrator form of government. Under this plan, a publicly-elected four-member Council, plus the Mayor, directs the Village. The Charter concentrates actual administration in a Municipal Administrator who is appointed by, and at time is responsible to, the Council. The Village provides water and sewer utilities, street maintenance, a swimming pool, and police services. The Village contracts with Sandy Creek Fire District and Bartley Ambulance Service to receive fire protection and ambulance services, respectively.

The Village participates in several jointly governed organizations, including the Stark Council of Governments (SCOG), Stark Regional Planning Commission and the Carroll County Regional Planning Commission. Note 12 to the financial statements provides additional information for these entities.

The Village's management believes these financial statements present all activities for which the Village is financially accountable.

Note 2 - Summary of Significant Accounting Policies

Basis of Presentation

The Village's financial statements consist of a combined statement of receipts, disbursements and changes in fund balances (cash basis) for all governmental fund types, and a combined statement of receipts, disbursements and changes in fund balances (cash basis) for all proprietary and fiduciary fund types which are organized on a fund type basis.

Fund Accounting

The Village uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The funds of the Village are presented below:

General Fund The general fund (which includes the Income Tax Fund for financial reporting purposes) accounts for and reports all financial resources not accounted for and reported in another fund. The general fund balance is available to the Village for any purpose provided it is expended or transferred according to the general laws of Ohio.

Special Revenue Funds These funds account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. The Village had the following significant Special Revenue Fund:

Street Construction Maintenance and Repair Fund The street construction maintenance and repair fund accounts for and reports that portion of the State gasoline tax and motor vehicle license registration fees restricted for construction, maintenance, and repairing of streets within the Village.

Capital Project Funds These funds account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets. The Village had the following significant capital project fund:

Note 2 - Summary of Significant Accounting Policies *(continued)*

Capital Improvement Fund – This fund receives local income taxes and state grants to provide for new equipment and capital improvements within the Village.

Enterprise Funds These funds account for operations that are similar to private business enterprises, where management intends to recover the significant costs of providing certain goods or services through user charges. The Village had the following significant Enterprise Funds:

Water Fund This fund receives charges for services from residents to cover water service costs.

Sewer Fund This fund receives charges for services from residents to cover sewer service costs.

Internal Service Fund This fund accounts for services provided by one department to other departments of the government unit. The Village had the following Internal Service Fund:

Self-funded Insurance Medical Fund – The self-funded insurance medical fund accounts for insurance premium payments from other funds to pay medical claims of employees enrolled in the health insurance plan.

Fiduciary Funds Fiduciary funds include private purpose trust funds and agency funds. Trust funds account for assets held under a trust agreement for individuals, private organizations, or other governments which are not available to support the Village's own programs. The Village had no trust funds.

Agency funds are purely custodial in nature and are used to hold resources for individuals, organizations or other governments. The Village disburses these funds as directed by the individual, organization or other government. The Village's agency fund accounts for fines, bonds and costs received that were assessed by the Village Mayor's Court and disburses these amounts to the State, Village or the payee.

Basis of Accounting

These financial statements follow the accounting basis permitted by the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03 (D). This basis is similar to the cash receipts and disbursements accounting basis. The Village recognizes receipts when received in cash rather than when earned, and recognizes disbursements when paid rather than when a liability is incurred. Budgetary presentations report budgetary expenditures when a commitment is made (i.e., when an encumbrance is approved).

These statements include adequate disclosure of material matters, as the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03 (D) permit.

Note 2 - Summary of Significant Accounting Policies (continued)

Budgetary Process

The Ohio Revised Code requires that each fund (except certain agency funds) be budgeted annually.

Appropriations Budgetary expenditures (that is, disbursements and encumbrances) may not exceed appropriations at the fund, function or object level of control, and appropriations may not exceed estimated resources. The Village Council must annually approve appropriation measures and subsequent amendments. Unencumbered appropriations lapse at year end.

Estimated Resources Estimated resources include estimates of cash to be received (budgeted receipts) plus unencumbered cash as of January 1. The County Budget Commission must approve estimated resources.

Encumbrances The Ohio Revised Code requires the Village to reserve (encumber) appropriations when individual commitments are made. Encumbrances outstanding at year end are carried over, and need not be reappropriated.

A summary of 2015 and 2014 budgetary activity appears in Note 5.

Deposits and Investments

The Village's accounting basis includes investments as assets. This basis does not record disbursements for investment purchases or receipts for investment sales. This basis records gains or losses at the time of sale as receipts or disbursements, respectively.

Money market mutual funds (including STAR Ohio) are recorded at share values the mutual funds report.

Capital Assets

The Village records disbursements for acquisitions of property, plant, and equipment when paid. The accompanying financial statements do not report these items as assets.

Accumulated Leave

In certain circumstances, such as upon leaving employment, employees are entitled to cash payments for unused leave. The financial statements do not include a liability for unpaid leave.

Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the Village must observe constraints imposed upon the use of its governmental-fund resources. The classifications are as follows:

Nonspendable The Village classifies assets as ***nonspendable*** when legally or contractually required to maintain the amounts intact.

Village of Minerva, Ohio
Stark County
Notes to the Financial Statements
For the Years Ended December 31, 2015 and 2014

Note 2 - Summary of Significant Accounting Policies *(continued)*

Fund Balance

Restricted Fund balance is *restricted* when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or is imposed by law through constitutional provisions.

Committed Council can *commit* amounts via formal action (resolution). The Village must adhere to these commitments unless the Council amends the resolution. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed to satisfy contractual requirements.

Assigned Assigned fund balances are intended for specific purposes but do not meet the criteria to be classified as *restricted* or *committed*. Governmental funds other than the general fund report all fund balances as *assigned* unless they are restricted or committed. In the general fund, *assigned* amounts represent intended uses established by Village Council or a Village official delegated that authority by resolution, or by State Statute.

Unassigned Unassigned fund balance is the residual classification for the general fund and includes amounts not included in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance.

The Village applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

Note 3 - Compliance

Contrary to Ohio law, budgetary expenditures exceeded appropriation authority in the Cemetery, Park, EMS, Capital Improvement- Fire, Sewer, and Parking Meter funds by \$3,483, \$13,787, \$14,562, \$6,665, \$86,812 and \$128 respectively for the year ended December 31, 2015. Also contrary to Ohio law, budgetary expenditures exceeded appropriation authority in the Municipal Motor Vehicle License, Senior Citizens Center and Employee Retirement funds by \$1,180, \$995 and \$24,998 respectively for the year ended December 31, 2014.

In addition, contrary to Ohio Law, appropriations were in excess of actual revenue plus encumbrances. During calendar year 2014 the Sewer Fund appropriations were in excess of actual revenue plus encumbrances by \$34,218.

Note 7 – Taxes

Property Taxes

Real property taxes become a lien on January 1 preceding the October 1 date for which the Council adopted tax rates. The State Board of Tax Equalization adjusts these rates for inflation. Property taxes are also reduced for applicable homestead and rollback deductions. The financial statements include homestead and rollback amounts the State pays as Intergovernmental Receipts. Payments are due to the County by December 31. If the property owner elects to pay semiannually, the first half is due December 31. The second half payment is due the following June 20.

The County is responsible for assessing property, and for billing, collecting, and distributing all property taxes on behalf of the Village.

Income Taxes

The Village levies a municipal income tax of 1.5 percent on substantially all earned income arising from employment, residency, or business activities within the Village as well as certain income of residents earned outside of the Village.

Employers within the Village withhold income tax on employee compensation and remit the tax to the Village either monthly or quarterly, as required. Corporations and other individual taxpayers pay estimated taxes quarterly and file a declaration annually.

Note 8 - Risk Management

Commercial Insurance

The Village has obtained commercial insurance for the following risks:

- Comprehensive property and general liability;
- Public officials' liability;
- Vehicles;
- Errors and omissions
- Commercial inland marine;
- Employer's liability;
- Employee benefits' liability; and
- Crime.

Note 8 - Risk Management (continued)

Self-Insurance

The Village was a member of the Jefferson Health Plan during the 2015 and 2014 years. The self-insurance plan is a risk-sharing, claims servicing, and insurance purchasing pool, in which monthly premiums are paid to the fiscal agent who in turn pays the claims on the Village's behalf. The plan offers medical and prescription drug coverage on a self-insured basis, as well as the opportunity to participate in the group purchasing of life insurance coverage. The Village's Self Insurance Fund recovers the costs of this plan by charging the other funds based on an actuarially determined cost per employee. The Self Insurance Fund's cash and investments at December 31, 2015 and 2014 is as follows:

	2015	2014
Cash and investments	\$390,860	\$384,299

Note 9 - Defined Benefit Pension Plans

Ohio Public Employees Retirement System

Some Village employees belong to the Ohio Public Employees Retirement System (OPERS). OPERS is a cost-sharing, multiple-employer plan. The Ohio Revised Code prescribes this plan's benefits, which include postretirement healthcare and survivor and disability benefits.

The Ohio Revised Code also prescribes contribution rates. OPERS members contributed 10%, of their gross salaries and the Village contributed an amount equaling 14%, of participants' gross salaries. The Village has paid all contributions required through December 31, 2015.

Ohio Police and Fire Retirement System

The Village's full-time Police Officers belong to the Police and Fire Pension Fund (OP&F). OP&F is a cost-sharing, multiple-employer plan. The Ohio Revised Code prescribes this plan's benefits, which include postretirement healthcare and survivor and disability benefits.

The Ohio Revised Code also prescribes contribution rates. OP&F participants contributed 10.75% of their wages from January 1, 2014 through June 30, 2014. They contributed 11.5% from July 1, 2014 through June 30, 2015 and 12.25% after July 1, 2015. The Village contributed to OP&F an amount equal to 19.5% of full-time police members' wages. The Village has paid all contributions required through December 31, 2015.

Note 10 - Postemployment Benefits

Both OPERS and OP&F offer cost-sharing, multiple-employer defined benefit postemployment plans, which include multiple health care plans including medical coverage, prescription drug coverage, deposits to a Health Reimbursement Arrangement and Medicare Part B premium reimbursements, to qualifying benefit recipients of both the traditional pension and the combined plans. OPERS contributes 2 percent of the employer contribution to fund these benefits, and OP&F contributes 0.5 percent to fund these benefits.

Note 12 – Jointly Governed Organizations

The Stark Council of Governments (SCOG) is a jointly governed organization. The SCOG is a regional council of governments formed under chapter 167 of the Ohio Revised Code. The SCOG's functions include the funding and operation of the Stark County Metropolitan Narcotics Unit and Canton Crime Lab. The SCOG is governed by the membership, including Stark County, and other villages, cities and townships. The membership elects a nine-member executive committee. Based on recommendations of the executive committee, the membership approves its own budget, appoints personnel, and performs accounting and finance-related activities. Continued existence of the agency is dependent on the Village's continued participation; however, the Village does not have an equity interest in the agency. The agency is not accumulating significant financial resources nor is it experiencing fiscal stress, which would cause additional financial benefit or burden to the Village. Complete financial statements may be obtained from the SCOG at P.O. Box 21451, Canton, Ohio 44701-1451.

The Village participates in the Stark County Regional Planning Commission (Commission), which is a statutorily created political subdivision of the state. The Commission is jointly governed among Stark County and other villages, cities and townships. The principal aim of the Commission is to provide comprehensive planning, both long and short-term range, dealing with the economic physical environment of Stark County. The Board exercises total authority for the day-to-day operations of the Commission. These include budgeting, appropriating, contracting and designing management. The Village shares in the financial responsibility for any of the Commission's liabilities. Complete financial statements may be obtained from the Stark County Regional Planning Commission, Canton, Ohio.

The Village also participates in the Carroll County Regional Planning Commission (Commission), which is a statutorily created political subdivision of the state. The Commission is jointly governed among Carroll County and other villages, cities and townships. The principal aim of the Commission is to provide comprehensive planning, both long and short-term range, dealing with the economic physical environment of Carroll County. The Board exercises total authority for the day-to-day operations of the Commission. These include budgeting, appropriating, contracting and designing management. The Village shares in the financial responsibility for any of the Commission's liabilities. INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
REQUIRED BY GOVERNMENT AUDITING STANDARDS

Village of Minerva, Stark County
200 North Market Street
Minerva, Ohio 44657

To the Village Council:

We have audited, in accordance with auditing standards generally accepted in the United States and the Comptroller General of the United States' *Government Auditing Standards*, the financial statements of the cash balances, receipts, and disbursements by fund type of Village of Minerva, Stark County, (the Village) as of and for the years ended December 31, 2015 and 2014, and the related notes to the financial statements, and have issued our report thereon dated August 30, 2017, wherein we noted the Village followed financial reporting provisions Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit.

Internal Control Over Financial Reporting

As part of our financial statement audit, we considered the Village's internal control over financial reporting (internal control) to determine the audit procedures appropriate in the circumstances to the extent necessary to support our opinions on the financial statements, but not to the extent necessary to opine on the effectiveness of the Village's internal control. Accordingly, we have not opined on it.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Therefore, unidentified material weaknesses or significant deficiencies may exist. However, as described in the accompanying schedule of findings we identified certain deficiencies in internal control over financial reporting, that we consider material weaknesses and a significant deficiency.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A *material weakness* is a deficiency, or a combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of the Village's financial statements. We consider findings 2015-003 through 2015-005 described in the accompanying schedule of findings to be material weaknesses.

A *significant deficiency* is a deficiency, or a combination of internal control deficiencies less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider finding 2015-006 described in the accompanying schedule of findings to be a significant deficiency.

Compliance and Other Matters

As part of reasonably assuring whether the Village's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, opining on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed instances of noncompliance or other matters we must report under *Government Auditing Standards* which are described in the accompanying schedule of findings as items 2015-001 through 2015-004.

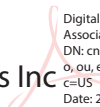

Village's Response to Findings

The Village's responses to the findings identified in our audit are described in the accompanying schedule of findings. We did not audit the Village's responses and, accordingly, we express no opinion on them.

Purpose of this Report

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of the Village's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering the Village's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

SCHEDULE OF FINDINGS
DECEMBER 31, 2015 AND 2014

FINDINGS RELATED TO THE FINANCIAL STATEMENTS
REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS

FINDING NUMBER 2015-001

Noncompliance

Expenditures Limited by Appropriations

Ohio Revised Code Section 5705.41(B) states, that no subdivision or taxing unit is to expend money unless it has been appropriated.

The following accounts had expenditures plus encumbrances in excess of appropriations, contrary to Ohio Revised Code Section 5705.41(B) at December 31, 2015.

Fund	Total Appropriation Authority	Total Budgetary Expenditure	Variance
Special Revenue Fund			
Cemetery	\$25,982	\$29,465	(\$3,483)
Park	\$82,330	\$96,117	(\$13,787)
E.M.S.	\$68,000	\$82,562	(\$14,562)
Capital Project Fund			
Capital Improvement-Fire	\$0	\$6,665	(\$6,665)
Enterprise Fund			
Sewer	\$578,053	\$664,865	(\$86,812)
Parking Meter	\$16,500	\$16,628	(\$128)

The following accounts had expenditures plus encumbrances in excess of appropriations, contrary to Ohio Revised Code Section 5705.41(B) at December 31, 2014.

Fund	Total Appropriation Authority	Total Budgetary Expenditure	Variance
General Fund			
Employee Retirement	\$0	\$24,998	(\$24,998)
Special Revenue Fund			
Muni Motor Veh License	\$20,000	\$21,180	(\$1,180)
Senior Citizens Center	\$24,480	\$25,475	(\$995)

This situation increases the possibility that deficit spending may occur. The Finance Director should deny expenditures exceeding the appropriations or follow the requirements to increase the appropriations.

We recommend that management monitor their budgetary accounts throughout the year to ensure that expenditures do not exceed appropriations and prior year carryover encumbrances. Fund appropriations should be amended to correspond with any increase or decrease in fund expenditures.

Noncompliance

Reducing Amended Certificate

Ohio Revised Code Section 5705.36(A)(4) requires obtaining a reduced amended certificate if the amount of the deficiency will reduce available resources below the current level of appropriation.

In calendar year 2014, the Sewer Fund appropriations were in excess of actual revenue plus encumbrances by \$34,218. These do not cause any direct or material effect on the financial statements.

In the future, the Finance Director should compare actual resources (i.e. beginning unencumbered fund balance + actual receipts) to appropriations. If actual resources are less than appropriations, Finance Director should request a reduced certificate and reduce appropriations.

Implementation of these recommendations may help the Village come into compliance with the Ohio Revised Code.

Noncompliance and Material Weakness

Financial Reporting

Ohio Administrative Code Section 117-2-02(A) states all local public offices shall maintain an accounting system and accounting records sufficient to enable the public office to identify, assemble, analyze, classify, record and report its transactions, maintain accountability for the related assets, document compliance with finance-related legal and contractual requirements and prepare financial statements required by rule 117-2-03 of the Administrative Code.

The prior Finance Director was responsible to exercise prudence and integrity in the management of funds in her custody and in all financial transactions. Sound financial reporting is the responsibility of the Finance Director, Village Administrator, Mayor, and Village Council and is essential to ensure the information provided to the readers of the financial statements are complete and accurate.

The prior two audits indicated several material adjustments was required to the financial statements. Also the prior two audits indicated there was a material weakness over the bank reconciliation process. The 2012 and 2013 audit reports disclosed unreconciled differences of \$38,886 and \$45,448 in which the bank and investment balances were higher than the book balance respectively.

A necessary step in the internal control over financial reporting is to prove both the balance of the bank and the balance of cash in the accounting records. A bank reconciliation means accounting for the differences between the balance on the bank statement(s) and the cash and investment balances according to the Village records. This process involves reconciling the bank balance to the cash and investment balance. For the audit period, (24 months), the Village was not properly reconciled as required. For 2015, the prior Finance Director did not complete any bank reconciliations and the Village Administrator and Council did not insure the Finance Director was reconciling the bank accounts.

FINDING NUMBER 2015-003 (continued)

Noncompliance and Material Weakness

On October 17, 2016 the Village was declared unauditible by the Auditor of State's office. Because the prior Fiscal Officer failed to properly maintain complete and accurate financial records, reconcile the Village accounts with the bank properly and the Administrator, Mayor and Council's failure to provide the appropriate oversight and monitoring, the Village contracted with a CPA firm, to perform a reconstruction of the Village records in order to determine the financial position of the Village. This was a cost to the Village of \$23,195. The additional audit costs incurred was \$6,383 for a total of \$29,578.

In order to properly reflect the financial position, the Village reconstruction found significant accounting errors as far back as December 31, 2011 which required an adjustment to the beginning balance of January 1, 2014 totaling \$204,812 for all funds. The current Finance Director (Patricia Willoughby) had to research and record over 400 adjustments for the audit period. The following reclassifications and adjustment were qualitatively and quantitatively material to the financial statements of the Village and have been recorded to the accompanying December 31, 2015 and 2014 financial statements and Village accounting records.

Several other immaterial reclassifications and adjustment were made to the financial statements of the Village to properly reflect the receipts and expenditure to the financial statements. This included transactions not posted, transactions posted twice and/or voided transactions. The current Finance Director was incremental in correcting and identifying these 400 adjustments. Some of the more significant adjustments are as follows:

The following significant posting errors that required adjustment to the beginning balance are as follows:

- \$45,000 bonus payroll cost for December of 2011 was paid to employees and posted to the payroll system however, the expenditures was never posted to the financial accounting system.
- \$609 corresponding to the above payroll for Medicare Match was paid and posted to the payroll system however, the expenditures was never posted to the financial accounting system.
- \$86,940 various pension cost paid to the appropriate pension plans but never posted to the financial accounting system, these occurred between the years December, 2011 through December, 2013.
- \$20,419 an August income tax deposit in the bank and the income tax system however, it was not posted to the financial accounting system.
- \$36,617 a 2011 audit adjustment was incorrectly made to several funds.

We noted the following posting errors in 2014:

- \$6,766 various income tax deposit in the bank and the income tax system however, it was not posted to the financial accounting system.
- \$1,024 various intergovernmental receipts deposit in the bank however, not posted to the financial accounting system.

Noncompliance and Material Weakness

- \$1,146 earnings on investment posted twice to the financial accounting system.
- \$4,772 of interest payments on debt were improperly posted to the financial accounting system as principal retirement.

We noted the following posting errors in 2015:

- \$10,440 various income tax deposit in the bank and the income tax system however, it was not posted to the financial accounting system.
- \$425 credit card fees collected not recorded as revenue to the financial accounting system.
- \$831 earnings on investment not posted to the financial accounting system.
- \$9,012 of interest payments on debt were improperly posted to the financial accounting system as principal retirement.
- \$135,000 OPWC grant improperly posted as loan proceeds instead of intergovernmental revenue.

The Village Finance Director should review the Village Manual for guidance on the correct line item to post various receipts and expenditures. Also, the Finance Director should ensure the financial statements properly reflect the financial position of the Village.

The Village has made all the appropriate adjustments identified.

Because the prior Finance Director failed to maintain complete and accurate accounting records and perform monthly bank reconciliations, the Village's internal control is weakened, which could hinder the detection of errors or irregularities by the Village's management in a timely manner.

To help ensure the Village's financial records are complete and accurate the Finance Director should complete monthly bank reconciliations in a timely manner. The Administrator and Council should review the reconciliations and any unexplained and unsupported differences should be thoroughly explained and documented.

Noncompliance and Material Weakness Village Charter-Fiscal Officer

The Village Charter - Sec. 6.05 Powers and Duties of the Director of Finance states in part; The Director of Finance shall be the fiscal officer of the Municipality. He shall keep the financial records of the Municipality, exhibiting accurate statements of all moneys received and expended, of all property owned by the Municipality, and of all taxes and assessments. He shall advise the Administrator and the Council concerning the financial condition of the Municipality and shall examine all payrolls, bills and other claims against the Municipality and shall issue no warrants unless he finds that the claim is in proper form, correctly computed, duly approved and that an appropriation has been made therefor. He shall collect all money due and payable to the Municipality and shall be the custodian of all public money of the Municipality and shall disburse the same as may be required by law or ordinance. He shall render statements to and receive payments from the customers of the utilities operated by the Municipality and shall administer and collect all taxes levied by the Municipality, except those taxes where the laws of the State of Ohio require a County or State official to administer and collect the tax.

He shall examine and audit the accounts of all other officers, employees, departments, boards and commissions, and shall assist the Administrator in the preparation and submission of appropriation measures, estimates, budgets and other financial matters. He shall perform all other duties now or hereafter imposed on City Auditors and Treasurers under the laws of the State of Ohio and shall perform such other duties, consistent with his office, as may be required by this Charter, by ordinance or resolution of Council, or as directed by the Administrator.

During the course of the audit we noted the Finance Department is decentralized thus the Tax Department, Utility Department and Payroll Department all report to the Village Administrator rather than the Finance Director who is responsible for financial operations of the Village as noted in the Charter. Thus the Finance Director has no control over the fiscal operations of these departments which in part led to an unauditible condition for the Village.

Also as required by this section the Director of Finance shall prepare annual financial and other reports required by law and shall make periodic reports concerning appropriations, encumbrances and expenditures of the departments, divisions, boards and commissions as may be required by the Council or the Administrator. He shall submit to the Council and Administrator, and make available to the public, a complete report on the finances of the Municipality as of the end of each fiscal year. We were unable to locate where the prior Finance Director prepared any such report for 2014 and 2015.

We recommend the Village consider centralizing the fiscal operations of the Village under the Finance Director. The Finance Director should develop policy and procedures over the financial operations to help insure the Village is in compliance with the Village Charter, reconciled and all financial transaction are properly recorded. The Finance Director should insure all financial reports are completed. This would also help to eliminate any errors or irregularities from occurring.

Budgetary Information – Accounting System

Accurate budgetary information within the Village’s accounting system is pertinent to ensure that the Council has accurate and complete information for decision-making processes. Budgetary information entered into the accounting system does not match amounts per the appropriations received from the County in 2015 nor the estimated resources certified by the County Auditor for both 2014 and 2015. The fund and amounts recorded in the accounting systems compared to the amount certified and authorized are as follows:

2014:	<u>Co Auditor Certification</u>	<u>Revenue Status Report</u>	<u>Variance</u>
General Fund	\$1,636,331	\$1,617,831	\$18,500
Svc Dept. Const. & M&R	\$579,300	\$ 570,400	\$ 8,900
Sewer Fund	\$2,021,000	\$1,221,500	\$799,500
2015:	<u>Co Auditor Certification</u>	<u>Revenue Status Report</u>	<u>Variance</u>
General Fund	\$1,732,971	\$1,646,975	\$ 85,996
Svc Dept. Const. & M&R	\$ 577,600	\$ 573,700	\$ 3,900
Income Tax Fund	\$2,500,000	\$2,150,000	\$350,000
Capital Improvement	\$ 200,800	\$ 309,525	(\$108,725)

The Village should implement the appropriate procedures, such as ensuring minutes include accurate information on budgetary amendments and reconciling budgetary information within the accounting system to formally approved budgets, to ensure that budgetary information is presented accurately and completely.

Significant Deficiency

The Village has not adopted a formal written accounting procedures manual. The manual should include accounting procedure narratives for all receipt cycles, non-payroll and payroll expenditures. These narratives would detail the procedures necessary to perform each of the duties (receipting and disbursing of non-payroll and payroll transactions) necessary for the various employees. In addition, the manual should detail the suggested training for the various positions.

The lack of a formal written accounting procedure manual creates an undefined system of accounting and reporting which could lead to a lack of segregation of duties and errors not being detected in a timely manner, and incorrect accounting procedures. As well as developing a formal policy and procedures manual, employees should also be cross-trained on other Village jobs to help ensure all employees are familiar with procedures.

The Village should develop and adopt a formal written accounting procedure manual to assist in the event that employees are on vacation, sick or are no longer working for the Village. During these situations, another member of the Village's administration could use the detailed accounting procedures manual to perform the day to day financial duties during any such absence. This may help ensure a defined system of accounting and reporting exists at the Village. Cross-training employees between departments may also assist with this new internal control system.

Noted that amounts from the utilities and income tax receipts were posted to the accounting system anywhere from one to 31 days after deposit. This lag in recording could cause difficulty in the performance of the monthly bank to book reconciliations, monitoring of budget to actual revenues and could increase the risk of misposting the receipt (or omitting the receipt altogether).

To Whom It May Concern,

The Village of Minerva has reviewed the 2014-2015 audit draft as submitted by Alger & Associates. We would like to address the issues that were found for the audit period.

1. Expenditures Limited by Appropriations: Finding Number 2015-001

The Village of Minerva will more closely monitor our budget accounts in an attempt to ensure that expenditures do not exceed appropriations and prior year carryover encumbrances. We now have only one person handling budgeting and accounts payable so hopefully closer monitoring will be easier.

2. Reducing Amended Certificate: Finding Number 2015-002

The Village of Minerva will attempt to more closely monitor the level of appropriations to determine if a reduced amended certificate and reduced appropriations are required.

3. Financial Reporting: Finding Number 2015-003

While the Village of Minerva believes that a type of bank reconciliation was performed by the previous Finance Director, those reports were not completed properly and accurately. Therefore, a new and easy to understand bank reconciliation has been adopted by the new Finance Director. Bank reconciliations are now done as close to the first working day of the month as possible. Village Council will now receive a copy of the bank reconciliation each month so that they may ensure the reconciliations are being performed.

Village of Minerva

Minerva, Ohio 44657

3. Finding Number 2015-003 continued

With the new bank reconciliations, the Village is ensuring that their monthly records are accurate and match the bank balances. Any unsupported differences over an insignificant amount will be brought to the attention of Village Council and the Village Administrator.

The Village of Minerva reconciled for the time period involved and made the necessary adjustments to the financial statements.

4. Village Charter-Fiscal Officer: Finding Number 2015-004

The Village of Minerva will review the Village Charter for proper language. The role and duties of the Finance Director will be discussed by Village Council and the Village Administrator. Currently, the departments of Payroll, Income Tax, and Water/Sewer are under the direction of the Village Administrator and not the Finance Director. Village Council, the Village Administrator and the Finance Director will discuss what is currently expected of the Finance Director and what they would like the future duties of that position to encompass.

5. Budgetary Information: Finding Number 2015-005

The Village of Minerva will work hard to try to ensure that the budgetary information matches the accounting system per appropriations and the certified estimated resources.

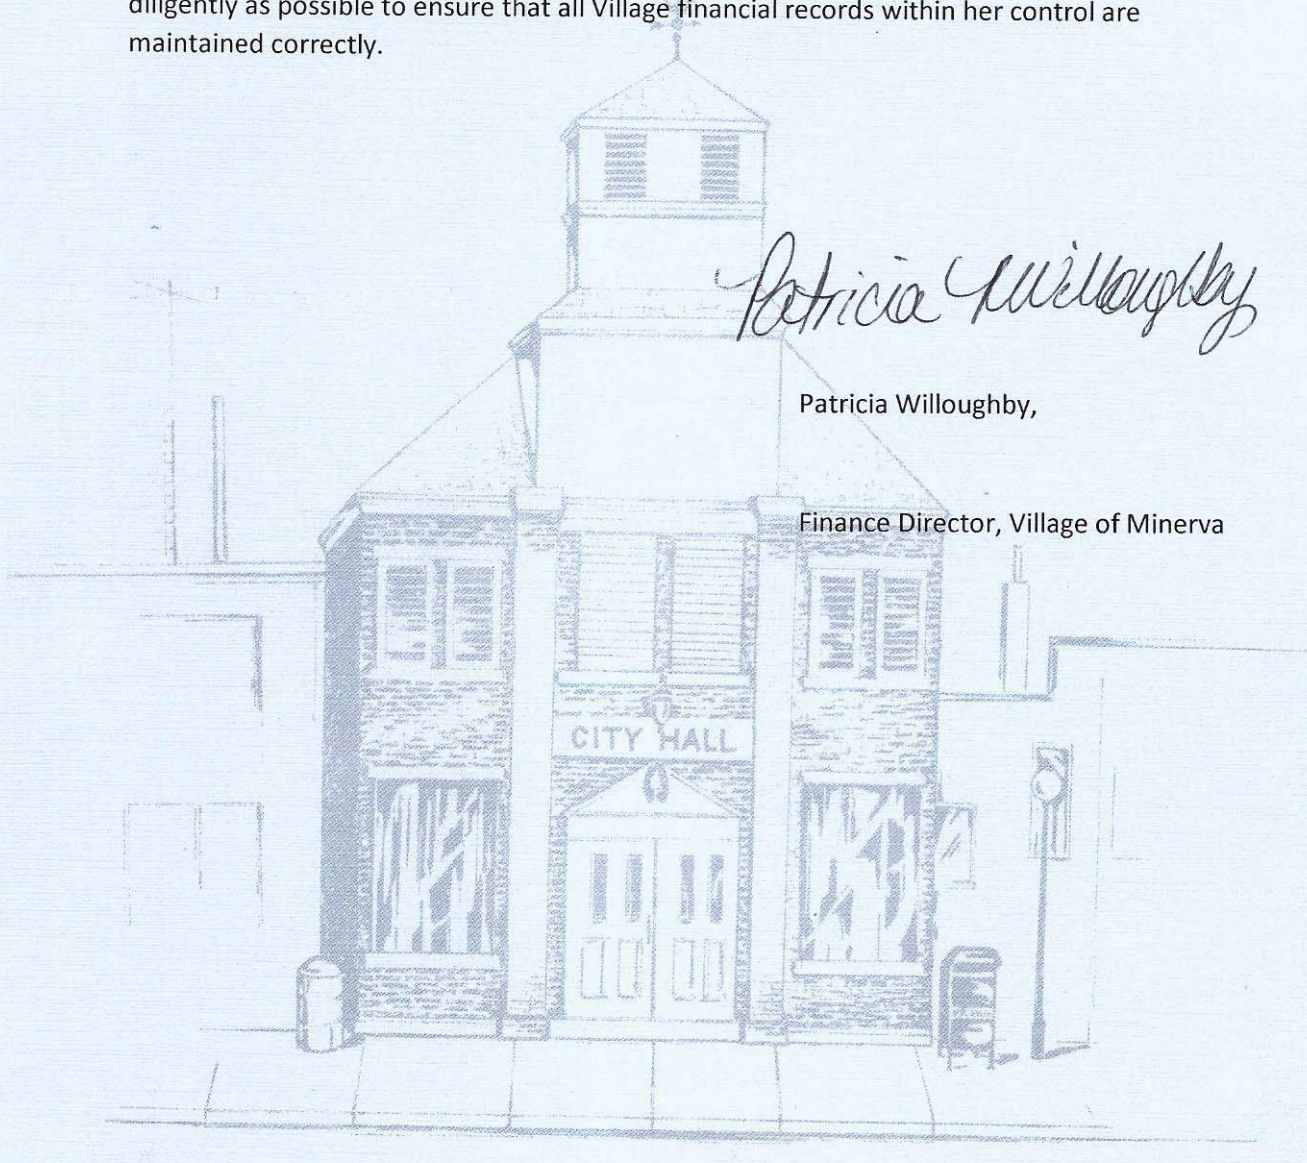

6. Accounting Procedures Manual: Finding Number 2015-006

The Village of Minerva does not have a current formal written accounting procedures manual that we can find. The prior Finance Director stated in an email to the Auditor of State's office that we have such a manual, but we are unable to find it in our offices. If we cannot find this manual, the Village of Minerva Finance Director will work on writing one. However, in order to properly complete said manual, decisions will first have to be made by the Village Administrator and Village Council on how the duties and responsibilities of the offices will be handled. Once the departments have clear direction on to whom they are reporting, a manual will be written to the best of the Finance Director's abilities.

Village of Minerva

Minerva, Ohio 44657

The Village of Minerva previous Finance Director left on September 16, 2016. The current Finance Director began on October 3, 2016. The current Finance Director will work as diligently as possible to ensure that all Village financial records within her control are maintained correctly.
