Independent Accountants' Report on Applying Agreed-Upon Procedures

Ohio Department of Medicaid
50 West Town Street, Suite 400
Columbus, Ohio 43215

RE: Michelle Renee Writesel, C.N.P. NPI: 1396707527
Program Year: 1, Adopt, Implement or Upgrade

We have performed the procedures enumerated below, which were agreed to by the Ohio Department of Medicaid (ODM), on Michelle Renee Writesel, C.N.P.'s (hereafter referred to as the Provider) compliance with the requirements of the Medicaid Provider Incentive Program (MPIP) for the year ended December 31, 2013. The Provider is responsible for compliance with the MPIP requirements. The sufficiency of these procedures is solely the responsibility of ODM. Consequently, we make no representation regarding the sufficiency of the procedures enumerated below either for the purpose for which this report has been requested or for any other purpose.

1. We reviewed the MPIP system and determined that the provider had met the ODM's pre-payment approval requirements, was approved for incentive payment by ODM and received an incentive payment.

We compared the date of pre-payment approval with the date of incentive payment to determine that pre-approval occurred prior to payment. In addition, we compared the payment amount with the MPIP payment schedule and determined that ODM issued the correct payment amount.

2. We reviewed information contained in the Ohio e-license center and verified the Provider's type and license to practice in Ohio during the patient volume attestation period.

We searched the Provider's information as contained in the Medicaid Information Technology System (MITS) and determined that the Provider had an active Ohio Medicaid Agreement during the attestation period for patient volume.

3. We obtained the list of all group encounters during the patient volume attestation period from the Provider. We scanned the list for any duplicate patient encounters. We also verified that all payers were included in the encounter list to identify any unrecorded encounters.

We identified and removed duplicate encounters which resulted in revised group encounters of 1,521. We found no unrecorded encounters.

4. We obtained the group Medicaid encounters from the Quality Decision Support System (QDSS) for the patient volume attestation period and compared this to both the Medicaid group encounters reported by the Provider in the MPIP system and those in procedure 3 above.

We found variances exceeding 20 percent. We determined that the Provider's list was incomplete and QDSS should be used in the calculation of the Provider's Medicaid patient volume (see procedure 5).

5. We calculated the Provider's Medicaid patient volume using data from procedures 3 and 4 above.

The Provider met the 30 percent patient volume requirement.

6. We found that the location where the Provider worked was now using a newer version of the same electronic health record (EHR) software reported in the MPIP system. The new version of the EHR software was able to produce reports showing the Provider's use of EHR in 2013. We verified that this newer version of the software was approved by the Office of the National Coordinator of Health IT.

This agreed-upon procedures engagement was conducted in accordance with the American Institute of Certified Public Accountants' attestation standards. We were not engaged to and did not conduct an examination or review, the objective of which would be the expression of an opinion or conclusion, respectively, on the Provider's compliance with the requirements of the Medicaid Provider Incentive Program. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported.

This report is intended solely for the information and use of the Provider and the Ohio Department of Medicaid, and is not intended to be, and should not be used by anyone other than the specified parties.
