INDEPENDENT AUDITOR'S REPORT

Perry Local School District
Allen County
2770 East Breese Road
Lima, Ohio 45806

To the Board of Education:

Report on the Financial Statements

We have audited the accompanying cash-basis financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Perry Local School District, Allen County, Ohio (the School District), as of and for the fiscal year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the School District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for preparing and fairly presenting these financial statements in accordance with the cash accounting basis Note 2 describes. This responsibility includes determining that the cash accounting basis is acceptable for the circumstances. Management is also responsible for designing, implementing and maintaining internal control relevant to preparing and fairly presenting financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to opine on these financial statements based on our audit. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the School District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the School District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinions.

One First National Plaza, 130 W. Second St., Suite 2040, Dayton, Ohio 45402
Phone: 937-285-6677 or 800-443-9274 Fax: 937-285-6688

www.ohioauditor.gov

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective cash financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Perry Local School District, Allen County, Ohio, as of June 30, 2017, and the respective changes in cash financial position and the budgetary comparison for the General Fund thereof for the fiscal year then ended in accordance with the accounting basis described in Note 2.

Accounting Basis

Ohio Administrative Code § 117-2-03(B) requires the School District to prepare its annual financial report in accordance with accounting principles generally accepted in the United States of America. We draw attention to Note 2 of the financial statements, which describes the basis applied to these statements. The financial statements are prepared on the cash basis of accounting, which is a basis other than generally accepted accounting principles. We did not modify our opinion regarding this matter.

Other Matters

Supplemental Information

Our audit was conducted to opine on the financial statements taken as a whole.

The Schedule of Expenditures of Federal Awards presents additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards and is not a required part of the financial statements.

The schedule is management's responsibility, and derives from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. We subjected this schedule to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling this schedule directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and in accordance with auditing standards generally accepted in the United States of America. In our opinion, this schedule is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Other Information

We applied no procedures to management's discussion & analysis as listed in the table of contents. Accordingly, we express no opinion or any other assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated April 30, 2018, on our consideration of the School District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School District's internal control over financial reporting and compliance.

A handwritten signature in black ink that reads "Dave Yost". The signature is written in a cursive style with a large, looping "D" and "Y".

Perry Local School District
Allen County, Ohio
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2017
(Unaudited)

The discussion and analysis of the Perry Local School District's (the "School District") financial performance provides an overall review of the School District's financial activities for the fiscal year ended June 30, 2017. The intent of this discussion and analysis is to look at the School District's performance as a whole; readers should also review the notes to the basic financial statements to enhance their understanding of the School District's financial performance.

Financial Highlights

Key financial highlights for fiscal year 2017 are as follows:

- In total, net position decreased \$3,537,501, mostly due to the disbursement of Classroom Facilities resources received in a prior year for the building project.
- Outstanding debt decreased from \$11,452,729 to \$11,024,155 due to principal payments made by the School District.

Using this Annual Report

This annual report consists of a series of financial statements and notes to those statements. The statements are organized so the reader can understand the School District as a whole, entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The *Statement of Net Position* and *Statement of Activities* provide information about the activities of the whole School District. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the School District's most significant funds with all other non-major funds presented in total in one column. For fiscal year 2017, the general fund, bond retirement fund and classroom facilities fund are the School District's most significant funds.

Basis of Accounting

The School District has elected to present its financial statements on the cash basis of accounting. This cash basis of accounting is a comprehensive basis of accounting other than generally accepted accounting principles. The cash basis of accounting involves the measurement of cash and cash equivalents and changes in cash and cash equivalents resulting from cash receipt and disbursement transactions.

Essentially, the only assets reported on this strictly cash receipt and disbursement basis presentation in a statement of net position will be cash and cash equivalents. The statement of activities reports cash receipts and disbursements, or in other words, the sources and uses of cash and cash equivalents. Therefore, when reviewing the financial information and discussion within this annual report, the reader should keep in mind the limitations resulting from the use of the cash basis of accounting.

Reporting the School District as a Whole

Statement of Net Position and the Statement of Activities

While this document contains the large number of funds used by the School District to provide programs and activities, the view of the School District as a whole looks at all financial transactions and asks the question, "How did we do financially during fiscal year 2017?" The statement of net position and the statement of activities answer this question.

These two statements report the School District's *net position* and *changes in net position*. This change in net position is important because it tells the reader that, for the School District as a whole, the *financial position* of the School District has improved or diminished. The causes of this change may be the result of many factors, some financial, some not. Non-financial factors include the School District's property tax base, current property tax laws in Ohio which restrict revenue growth, facility conditions, required educational programs, and other factors.

In the statement of net position and the statement of activities, governmental activities include the School District's programs and services, including instruction, support services, extracurricular activities and food service operations.

Reporting the School District's Most Significant Funds

Fund Financial Statements

The analysis of the School District's major funds begins on page 10. Fund financial reports provide detailed information about the School District's major funds. The School District uses many funds to account for financial transactions. However, these fund financial statements focus on the School District's most significant funds. The School District's major governmental funds include the general fund, bond retirement fund and the classroom facilities fund.

Governmental Funds - All of the School District's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in future periods. These funds are reported using the cash basis of accounting. The governmental fund statements provide a detailed short-term view of the School District's general government operations and the basic services it provides. Governmental fund information helps determine whether there are more or less financial resources that can be spent in the near future to finance educational programs.

Reporting the School District's Fiduciary Responsibilities

Fiduciary funds - Fiduciary funds are used to account for resources held for the benefit of parties outside the School District. These funds are not reflected in the government-wide financial statements because the resources are not available to support the School District's own programs.

The School District as a Whole

Table 1 provides a summary of the School District's net position for fiscal year 2017 compared to 2016.

(Table 1)
Net Position – Cash Basis

	Governmental Activities	
	2017	2016
Assets		
Equity in Pooled Cash and Cash Equivalents	\$ 5,134,428	\$ 8,671,929
<i>Total Assets</i>	<u>5,134,428</u>	<u>8,671,929</u>
Net Position		
Restricted for:		
Capital Outlay	537,499	4,218,354
Debt Service	707,655	675,177
Other Purposes	354,974	398,756
Unrestricted	<u>3,534,300</u>	<u>3,379,642</u>
<i>Total Net Position</i>	<u>\$ 5,134,428</u>	<u>\$ 8,671,929</u>

Cash and cash equivalents of the governmental activities decreased \$3,537,501, which represents a 41 percent decrease from fiscal year 2016. The decrease is the result of the disbursement of Classroom Faculties resources received in a prior year for the building project.

A portion of the School District's net position, \$1,600,128 or 31 percent, represent resources subject to external restrictions on how they may be used. The remaining balance of the government-wide unrestricted net position of \$3,534,300 may be used to meet the School District's ongoing obligations.

Perry Local School District
Allen County, Ohio
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2017
(Unaudited)
(Continued)

The increase in charges for services and sales of \$441,835 is primarily due to the increase in open enrollment and catastrophic cost reimbursement to educate students with disabilities. The decrease in capital outlay of \$6,766,918 during fiscal year 2017 is due to the result that the majority of the construction of the OFCC building project occurred in fiscal year 2016. The decrease in draws for this project resulted in a \$4,946,697 decrease in grants and entitlements not restricted – OFCC Project during fiscal year 2017.

Governmental Activities

The statement of activities shows the cost of program services and the charges for services and grants offsetting those services. Table 3 shows, for governmental activities, the total cost of services and the net cost of services. That is, it identifies the cost of these services supported by tax revenue and unrestricted State entitlements.

(Table 3)

<i>Total</i>	<u>\$ 14,741,990</u>	<u>\$ 20,567,530</u>	<u>\$ 10,751,509</u>	<u>\$ 17,031,546</u>

The dependence upon tax revenues and general revenue entitlements from the state for governmental activities is apparent. Program revenues only account for 27 percent of all governmental expenses. The community is the largest area of support for the School District students.

Allen County, Ohio
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2017
(Unaudited)
(Continued)

The School District's Funds

The School District's governmental funds are accounted for using the cash basis of accounting.

The School District's governmental funds reported a combined fund balance of \$5,134,428, which is lower than the prior year balance of \$8,671,929.

The general fund's fund balance increased \$154,658 in 2017 primarily from an increase in property taxes from an increase in assessed values, paired with an increase in tuition and fees for services. The increase in revenues outpaced the increase in capital outlay and operation and maintenance disbursements in 2017.

The bond retirement fund's fund balance increased \$32,478 in 2017. The increase in fund balance is primarily due to a one-time transfer in from building fund to be used for debt services payments.

The classroom facilities fund's fund balance decreased \$3,230,933 in 2017. The decrease in fund balance is primarily due to the timing of the collection of receipts as compared to the project disbursements.

General Fund Budgeting Highlights

The School District's budget is prepared according to Ohio law and is based on accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The most significant budgeted fund is the general fund.

During the course of fiscal year 2017, the School District amended its general fund budget. For the general fund, final budget basis receipts (excluding other financing sources) were \$8,355,700, representing a decrease of \$128,100 from the original estimate of \$8,483,800. A decrease in intergovernmental receipts contributed to the decrease in budgeted receipts. Actual receipts of \$8,815,630 were \$459,930 higher than the final budget, mostly attributed to receiving more receipts than anticipated from open enrollment and catastrophic cost reimbursement to educate students with disabilities.

For fiscal year 2017, the general fund final budget basis disbursements (excluding other financing uses) were \$8,854,469, which is over the original budgeted disbursements of \$7,697,481 primarily due to an increase in budgeted capital outlay and operation and maintenance disbursements. Actual disbursements of \$8,776,666 were \$77,803 lower than the final budget due to a slight overestimation of disbursements.

There were no significant variances to discuss within other financing sources and uses.

Debt Administration

The School District had the following long-term obligations outstanding at June 30, 2017 and 2016.

(Table 4)
Outstanding Debt, at June 30

	Governmental Activities	
	2017	2016
2010 School Improvement Refunding Bonds	\$ 2,400,000	\$ 2,609,501
2014 School Improvement Bonds	7,581,101	7,673,895
2016 School Improvements Bonds	62,864	62,864
2015 School Energy Conservation Bonds	545,000	580,000
2015 Permanent Improvement Tax Anticipation Note	61,500	123,000
Water Line Assessment	45,351	52,169
Sewer Line Assessment	328,339	351,300
Total	<u>\$ 11,024,155</u>	<u>\$ 11,452,729</u>

For further information regarding the School District's debt, refer to Note 10 of the basic financial statements.

Current Issues

Perry Local School District relies heavily on the support of the local community and its taxpayers. In 2016 the taxpayers supported the renewal of a 1.5 mill Permanent Improvement 5-yr. renewal levy.

The Perry community voted to support the School District with a \$7.965 million bond issue to construct a new K-6 building. This project was done in conjunction with the Ohio Facilities Construction Commission. The building was completed in the summer of 2016 and used for the 2016-17 school year.

Open enrollment continues to play an important factor in the growth and sustainment of Perry Local Schools. In fiscal year 2017, the School District received over \$2.3 million in open enrollment funding with only \$490,000 being deducted for students open enrolling elsewhere.

With help from a \$30,000 donation received in 2016 from a partnership with Bob Evans Foods, the School District purchased laptops in 2017 for grades 3-12 to be used with a one-on-one program. The Dell Chromebooks were available for the beginning of the 2016-17 school year and have helped to bring much-needed technology into the classrooms. They were purchased from XTek Partners using a 3-year lease program.

After 36 years at Perry Local School, Superintendent, Omer I. Schroeder is retiring July 31, 2017. Alison Van Gorder has been hired to replace him with her 3-year contract to begin August 1, 2017

Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2017
(Unaudited)
(Continued)

Perry Local School District management continues to monitor School District finances. The coming years should prove to be both exciting and challenging to the School District as it begins to operate the new elementary school building. There is always the possibility of change in the state funding formula which directly impacts the school's revenues. School District management is committed to monitoring these changing conditions and making pro-active decisions regarding School District finances when needed.

Contacting the School District's Financial Management

This financial report is designed to provide our citizens, taxpayers, investors, and creditors with a general overview of the School District's finances and to show the School District's accountability for the money it receives. If you have any questions about this report or need additional financial information, contact Esther Ruhe, Treasurer of Perry Local School District, 2770 E. Breese Road, Lima, OH 45806 or treasurer@mycommodores.org.

Perry Local School District
Allen County, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2017

1. DESCRIPTION OF THE SCHOOL DISTRICT AND REPORTING ENTITY

Perry Local School District (the School District) is organized under Article VI, Sections 2 and 3 of the Constitution of the State of Ohio. The School District operates under a locally elected Board form of government consisting of five members elected at-large for staggered four-year terms. The School District provides educational services as authorized by state and federal guidelines.

The School District is located in Allen County and includes all of Perry Township. The School District is staffed by classified employees and certificated full-time teaching personnel who provide services to students and other community members. The School District currently operates two buildings.

A. Reporting Entity

The reporting entity is composed of the primary government, component units, and other organizations that are included to insure the financial statements are not misleading.

B. Primary Government

The primary government of the School District consists of all funds, departments, boards, and agencies that are not legally separate from the School District. For Perry Local School District, this includes general operations, food service, and student related activities.

C. Component Units

Component units are legally separate organizations for which the School District is financially accountable. The School District is financially accountable for an organization if the School District appoints a voting majority of the organization's governing board and (1) the School District is able to significantly influence the programs or services performed or provided by the organization; or (2) the School District is legally entitled to or can otherwise access the organization's resources; the School District is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the School District is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the School District in that the School District approves the budget, the issuance of debt, or the levying of taxes.

The School District does not have any component units.

D. Jointly Governed Organizations/Insurance Pools

The School District is associated with three organizations, which are defined as jointly governed organizations, and three insurance purchasing pools. These organizations include the Northwest Ohio Area Computer Services Cooperative, the Apollo Career Center, the Spencerville, Perry and Bath Local Professional Development Committee, the Allen County Schools Health Benefit Plan, the Ohio School Plan, and the Sheakley Uniservice, Inc. Workers' Compensation Group Rating Program. These organizations are presented in Notes 14 and 15 of the financial statements.

The School District's management believes these financial statements present all activities for which the School District is financially accountable.

(Continued)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Although required by Ohio Administrative Code Section 117-2-03 (B) to prepare its annual financial report in accordance with generally accepted accounting principles, the School District chooses to prepare its financial statements on the basis of accounting other than generally accepted accounting principles.

As discussed further in Note 2C, these financial statements are presented on a cash basis of accounting. This cash basis of accounting differs from accounting principles generally accepted in the United States of America (GAAP). This comprehensive basis of accounting is similar to the cash receipts and disbursements basis of accounting. Receipts are recognized when received in cash rather than when earned, and disbursements are recognized when paid rather than when a liability is incurred. Budgetary presentations report budgetary expenditures when a commitment is made (i.e., when an encumbrance is approved). Generally accepted accounting principles include all relevant Governmental Accounting Standards Board (GASB) pronouncements, which have been applied to the extent they are applicable to the cash basis of accounting.

Following are the more significant of the School District's accounting policies.

A. Basis of Presentation

The School District's basic financial statements consist of government-wide financial statements, including a statement of net position and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

1. Government-Wide Financial Statements

The statement of net position and the statement of activities display information about the School District as a whole. These statements include the financial activities of the primary government, except for fiduciary funds.

The statement of net position presents the financial condition of the governmental activities of the School District at fiscal year end. The statement of activities presents a comparison between direct disbursements and program receipts for each program or function of the School District's governmental activities. Direct disbursements are those that are specifically associated with a service, program, or department and, therefore, clearly identifiable to a particular function. Program receipts include charges paid by the recipient of the goods or services offered by the program and grants, contributions, and interest that are restricted to meeting the operational or capital requirements of a particular program. Receipts, which are not classified as program receipts are presented as general receipts of the School District, with certain limited exceptions. The comparison of direct disbursements with program receipts identifies the extent to which each governmental function is self-financing or draws from the general receipts of the School District.

2. Fund Financial Statements

During the fiscal year, the School District segregates transactions related to certain School District functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the School District at this more detailed level. The focus of governmental fund financial statements is on major funds. Each major fund is presented in a separate column. Non-major funds are aggregated and presented in a single column. Fiduciary funds are reported by type.

Perry Local School District
Allen County, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2017
(Continued)

B. Fund Accounting

The School District uses funds to maintain its financial records during the fiscal year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts that records cash and other financial resources, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special restrictions or limitations. The funds of the School District are divided into two categories, governmental and fiduciary.

1. Governmental Funds

Governmental funds are those through which all governmental functions of the School District are financed. Governmental fund reporting focuses on the sources uses and balances or current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. The School District's major funds are as follows:

General Fund - The General Fund is used to account for all financial resources, except those required to be accounted for in another fund. The General Fund balance is available to the School District for any purpose provided it is expended or transferred according to the general laws of Ohio.

Bond Retirement Fund - The Bond Retirement Fund is used to account for property tax revenues to pay principal and interest of the School District's bonds.

Classroom Facilities – The Classroom Facilities Fund is a fund provided to account for monies received and expended in connection with contracts entered into by the School District and the Ohio Facilities Construction Commission for the building and equipping of classroom facilities.

The other governmental funds of the School District account for grants and other resources to which the School District is bound to observe constraints imposed internally or externally.

2. Fiduciary Funds

Fiduciary fund reporting focuses on net position and changes in net position. Trust funds are used to account for assets held by the School District under a trust agreement for individuals, private organizations, or other governments and are not available to support the School District's own programs. The School District's private purpose trust fund accounts for programs that provide college scholarships for students. Agency funds are custodial in nature (assets equal net position) and do not involve measurement of results of operations. The School District's agency funds account for various student-managed activities and an employee Section 105 HRA plan.

C. Basis of Accounting

The School District's financial statements are prepared using the cash basis of accounting. Receipts are recorded in the School District's financial records and reported in the financial statements when cash is received rather than when earned and disbursements are recorded when cash is paid rather than when a liability is incurred.

As a result of the use of the cash basis of accounting, certain assets and their related revenues (such as accounts receivable and revenue for billed or provided services not yet collected) and certain liabilities and their related expenses (such as accounts payable and expenses for goods or services received but not yet paid, and accrued expenses and liabilities) are not recorded in the financial statements.

Perry Local School District
Allen County, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2017
(Continued)

D. Budgetary Process

All funds, except agency funds, are legally required to be budgeted and appropriated. The major documents prepared are the tax budget, the certificate of estimated resources, and the appropriations resolution, all of which are prepared on the budgetary basis of accounting. The tax budget demonstrates a need for existing or increased tax rates. The certificate of estimated resources establishes a limit on the amount the Board of Education may appropriate.

The appropriations resolution is the Board's authorization to spend resources and sets annual limits on cash disbursements plus encumbrances at the level of control selected by the Board. The legal level of control has been established by the Board at the fund, function, and object level for all funds.

The certificate of estimated resources may be amended during the fiscal year if projected increases or decreases in receipts are identified by the Treasurer. The amounts reported as the original budgeted amounts on the budgetary statement reflect the amounts on the certificate of estimated resources when the original appropriations were adopted. The amounts reported as the final budgeted amounts on the budgetary statement reflect the amounts on the amended certificate of estimated resources in effect at the time final appropriations were passed by the Board.

The appropriation resolution is subject to amendment throughout the year with the restriction that appropriations cannot exceed estimated resources. The amounts reported as the original budgeted amounts reflect the first appropriation resolution for that fund that covered the entire fiscal year, including amounts automatically carried forward from prior fiscal years. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by the Board during the fiscal year.

E. Cash and Investments

To improve cash management, cash received by the School District is pooled and invested. Monies for all funds are maintained in this pool. Individual fund integrity is maintained through School District records. Interest in the pool is presented as "Equity in Pooled Cash and Cash Equivalents."

Money held in the HRA account is presented as "Cash and Cash Equivalents in Segregated Accounts."

Investments of the School District's cash management pool and investments with an original maturity of three months or less at the time they are purchased by the School District are presented on the financial statements as cash equivalents. Investments with an initial maturity of more than three months that were not purchased from the pool are reported as investments.

Investments are reported as assets. Accordingly, purchases of investments are not recorded as disbursements, and sales of investments are not recorded as receipts. Gains or losses at the time of sale are recorded as receipts or negative receipts (contra revenue), respectively.

During fiscal year 2017, the School District invested in Federal government agency securities, a U.S. Treasury Money Market, a certificate of deposit, and STAR Ohio. Investments, except STAR Ohio, are reported at cost, which approximates market value.

STAR Ohio (the State Treasury Asset Reserve of Ohio), is an investment pool managed by the State Treasurer's Office which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but has adopted Governmental Accounting Standards Board (GASB), Statement No. 79, Certain External Investment Pools and Pool Participants. The School District measures their investment in STAR Ohio at the net asset value (NAV) per share provided by STAR Ohio. The NAV per share is calculated on an amortized cost basis that provides an NAV per share that approximates fair value.

Perry Local School District
Allen County, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2017
(Continued)

For the fiscal year 2017, there were no limitations or restrictions on any participant withdrawals due to redemption notice periods, liquidity fees, or redemption gates. However, notice must be given 24 hours in advance of all deposits and withdrawals exceeding \$25 million. STAR Ohio reserves the right to limit the transaction to \$50 million, requiring the excess amount to be transacted the following business day(s), but only to the \$50 million limit. All accounts of the participant will be combined for these purposes.

The School District also invests in STAR Plus, a federally insured cash account powered by the Federally Insured Cash Account (FICA) program. STAR Plus enables political subdivisions to generate a competitive yield on cash deposits in a network of carefully-selected FDIC-insured banks via a single, convenient account. STAR Plus offers attractive yields with no market or credit risk, weekly liquidity and penalty free withdrawals. All deposits with STAR Plus have full FDIC insurance with no term commitment on deposits.

Following Ohio statutes, the Board of Education has, by resolution, specified the funds to receive an allocation of interest earnings. Interest receipts credited to the General Fund during fiscal year 2017 were \$25,074, which includes \$694 assigned from other funds.

F. Inventory and Prepaid Items

The School District reports disbursements for inventory and prepaid items when paid.

G. Capital Assets

Acquisitions of property, plant and equipment are recorded as disbursements when paid.

H. Interfund Receivables/Payables

The School District reports advances-in and advances-out for interfund loans.

I. Accumulated Leave

In certain circumstances, such as upon leaving employment or retirement, employees are entitled to cash payments for unused leave. Unpaid leave is not reflected as a liability under the School District's cash basis of accounting.

J. Employer Contributions to Cost-Sharing Pension Plans

The School District recognizes the disbursement for employer contributions to cost-sharing pension plans when they are paid. As described in Notes 8 and 9, the employer contributions include portions for pension benefits and for postretirement health care benefits.

K. Long-Term Obligations

The School District's cash basis financial statements do not report liabilities for bonds and other long-term obligations. Proceeds of debt are reported when cash is received and principal and interest payments are reported when paid.

L. Equity Classifications

1. Government-Wide Statements

Equity is classified as net position and is displayed in separate components:

- a. Restricted net position** – Consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments, or (2) law through constitutional provisions or enabling legislation adopted by the school district. Net position restricted for other purposes include resources restricted for food service operations, music and athletic programs, and federal and state grants restricted to disbursements for specified purposes. At June 30, 2017 the School District had no funds restricted by enabling legislation.
- b. Unrestricted net position** – All other net position that does not meet the definition of “restricted.”

The School District’s policy is to first apply restricted resources when a cash disbursement is incurred for purposes for which both restricted and unrestricted net positions are available.

2. Fund Financial Statements

Governmental fund equity is classified as fund balance. Fund balance is divided into five classifications based primarily on the extent to which the School District is bound to observe constraints imposed upon the use of the resources in governmental funds. The classifications are as follows:

- a. Non-spendable** - The non-spendable classification includes amounts that cannot be spent because they are not in spendable form or legally or contractually required to be maintained intact. The “not in spendable form” includes items that are not expected to be converted to cash.
- b. Restricted** - Fund balance is reported as restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments, or is imposed by law through constitutional provisions.
- c. Committed** - The committed classification includes amounts that can be used only for the specific purposes imposed by a formal action (resolution) of the Board of Education. The committed amounts cannot be used for any other purpose unless the Board of Education removes or changes the specified use by taking the same type of action (resolution) it employed to previously commit those amounts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.
- d. Assigned** - Amounts in the assigned classification are intended to be used by the School District for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds, other than the General Fund, assigned fund balance represents the remaining amount that is not restricted or committed. In the General Fund, assigned amounts represent intended uses established by the Board of Education. The Board of Education has by resolution authorized the treasurer to assign fund balance. The Board of Education may also assign fund balance as it does when appropriating fund balance to cover a gap between estimated receipts and appropriations in the subsequent year’s appropriated budget.

Perry Local School District
Allen County, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2017
(Continued)

- e. **Unassigned** - Unassigned fund balance is the residual classification for the General Fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance resulting from overspending for specific purposes for which amounts had been restricted, committed, or assigned.

The School District first applies restricted resources when a disbursement is incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned and then unassigned amounts when disbursements are incurred for purposes for which amounts in any of the unrestricted fund balance classifications can be used.

M. Interfund Transactions

Exchange transactions between funds are reported as receipts in the seller funds and as disbursements in the purchaser funds. Subsidies from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds. Repayments from funds responsible for particular cash disbursements to the funds that initially paid for them are not presented in the financial statements.

Transfers within governmental activities are eliminated on the government-wide financial statements.

N. Intergovernmental Receipts

Unrestricted intergovernmental receipts received on the basis of entitlement are recorded as receipts when the entitlement is received. Federal and State reimbursement type grants for the acquisition or construction of capital assets are recorded as receipts when the grant money is received.

O. Receipts and Disbursements

1. Program Receipts

In the Statement of Activities, receipts that are derived directly from each activity or from parties outside the School District's taxpayers are reported as program receipts. The School District has the following program receipts: charges for services and sales, operating and capital grants, contributions and interest.

All other governmental receipts are reported as general. All taxes are classified as general receipts even if restricted for a specific purpose.

2. Disbursements

Governmental activities include the School District's programs and services, including instruction, support services, extracurricular activities, and food service operations.

P. Pensions

For purposes of measuring the net pension liability, information about the fiduciary net position of the pension plans and additions to/deductions from their fiduciary net position have been determined on the same basis as they are reported by the pension systems. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. The pension systems report investments at fair value.

Perry Local School District
Allen County, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2017
(Continued)

Q. Implementation of New Accounting Policies

For the fiscal year ended June 30, 2017, the School District has (to the extent it applies to the cash basis of accounting) implemented Governmental Accounting Standards Board (GASB) Statement No. 77, *Tax Abatement Disclosures*, GASB Statement No. 78, *Pensions Provided through Certain Multiple-Employer Defined Benefit Pension Plans*, GASB Statement No. 80, *Blending Requirements for Certain Component Units - an amendment of GASB Statement No. 14* and GASB Statement No. 82, *Pension Issues - an amendment of GASB Statements No. 67, No. 68, and No. 73*.

GASB Statement No. 77 requires disclosure of tax abatement information about (1) a reporting government's own tax abatement agreements and (2) those that are entered into by other governments and that reduce the reporting government's tax revenues. The implementation of this statement did not result in any change in the School District's financial statements as the School District does not have any material GASB Statement No. 77 tax abatements.

GASB Statement No. 78 amends the scope of GASB Statement No. 68 to exclude certain multiple-employer defined benefit pension plans provided to employees of state and local governments on the basis that obtaining the measurements and other information required by GASB Statement No. 68 was not feasible. The implementation of GASB Statement No. 78 did not have an effect on the financial statements of the School District.

GASB Statement No. 80 amends the blending requirements for the financial statement presentation of component units of all state and local governments. The additional criterion requires blending of a component unit incorporated as a not-for-profit corporation in which the primary government is the sole corporate member. The implementation of GASB Statement No. 80 did not have an effect on the financial statements of the School District.

GASB Statement No. 82 improves consistency in the application of pension accounting. These changes were incorporated in the School District's fiscal year 2017 financial statements; however, there was no effect on beginning net position/fund balance.

3. ACCOUNTABILITY AND COMPLIANCE

Ohio Administrative Code, Section 117-2-03 (B), requires the School District to prepare its annual financial report in accordance with generally accepted accounting principles. However, the School District prepared its financial statements on a cash basis, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. The accompanying financial statements omit assets, deferred outflows of resources, liabilities, deferred inflows of resources, net position/fund balances, and disclosures that, while material, cannot be determined at this time. The School District can be fined and various other administrative remedies may be taken against the School District.

4. BUDGETARY BASIS OF ACCOUNTING

The statement of receipts, disbursements and changes in fund balance - budget and actual budget basis presented for the general fund is presented on the budgetary basis to provide a meaningful comparison of actual results with the budget. The major differences between the budget basis and the cash basis are that:

- (a) In order to determine compliance with Ohio law, and to reserve that portion of the applicable appropriation, total outstanding encumbrances (budget basis) are recorded as the equivalent of a disbursement rather than assigned fund balance (cash basis); and,
- (b) Some funds are included in the general fund (cash basis), but have separate legally adopted budgets (budget basis).

Perry Local School District
Allen County, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2017
(Continued)

The adjustments necessary to convert the results of operations for the fiscal year on the cash basis to the budget basis for the general fund is as follows:

Net Change in Fund Balance	
	General Fund
Cash Basis	\$ 154,658
Funds Budgeted Elsewhere**	(4,044)
Adjustment for Encumbrances	(147,673)
Budget Basis	\$ 2,941

** As part of Governmental Accounting Standards Board Statement No. 54, *Fund Balance Reporting*, certain funds that are legally budgeted in separate special revenue funds are considered part of the general fund on a cash basis. This includes the unclaimed monies fund, public school support fund and uniform school supplies fund.

5. DEPOSITS AND INVESTMENTS

Monies held by the School District are classified by State statute into three categories.

Active monies are public monies determined to be necessary to meet current demands upon the School District treasury. Active monies must be maintained either as cash in the School District treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that the Board has identified as not required for use within the current five year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts, including passbook accounts.

Interim monies held by the School District can be deposited or invested in the following securities:

1. United States Treasury bills, bonds, notes, or any other obligation or security issued by the United States Treasury, or any other obligation guaranteed as to principal and interest by the United States;
2. Bonds, notes, debentures, or any other obligation or security issued by any federal government agency or instrumentality including, but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. Written repurchase agreements in the securities listed above provided the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least 2 percent and be marked to market daily, and the term of the agreement must not exceed thirty days;
4. Bonds and other obligations of the State of Ohio or Ohio local governments;

Perry Local School District
Allen County, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2017
(Continued)

5. Time certificates of deposit or savings or deposit accounts including, but not limited to, passbook accounts;
6. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;
7. The State Treasurer's investment pool (STAR Ohio).
8. Certain bankers' acceptances and commercial paper notes in an amount not to exceed 40 percent of the interim moneys available for investment at any one time

Investments in stripped principal or interest obligations, reverse repurchase agreements, and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage, and short selling are also prohibited. An investment must mature within five years from the date of purchase, unless matched to a specific obligation or debt of the School District, and must be purchased with the expectation that it will be held to maturity. Investments may only be made through specified dealers and institutions.

At fiscal year end, the School District had \$50 in un-deposited cash on hand which is included as part of "Equity in Pooled Cash and Cash Equivalents."

A. Deposits

At fiscal year end, the carrying amount of the School District's deposits was \$269,125 and the bank balance was \$368,868. Custodial credit risk for deposits is the risk that in the event of bank failure, the School District will not be able to recover deposits or collateral securities that are in the possession of an outside party. At fiscal year end, the School District's bank balance was covered by the Federal Deposit Insurance Corporation, which includes \$5,062 held in a STAR Plus account.

The School District has no deposit policy for custodial risk beyond the requirements of State statute. Ohio law requires that deposits be either insured or be protected by eligible securities pledged to and deposited either with the School District or a qualified trustee by the financial institution as security for repayment, or by a collateral pool of eligible securities deposited with a qualified trustee and pledged to secure the repayment of all public monies deposited in the financial institution whose market value at all times shall be at least one hundred five percent of the deposits being secured.

At fiscal year end, the School District's agency funds had a segregated balance of \$51,424 consisting of cash held with American Fidelity Assurance Company for an HRA account. The cash is held by American Fidelity Assurance Company in a pooled account which is representative of numerous funds; therefore, it cannot be classified by risk under GASB Statement 40.

Perry Local School District
Allen County, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2017
(Continued)

B. Investments

As of June 30, 2017 the School District had the following investments:

	Cost	% of Total Investments	Maturities in Years	
			< 1 year	1-3 years
Federal Government Agency Securities:				
Federal Farm Credit Bank	\$ 224,575	4.56%	\$ 0	\$ 224,575
Federal Home Loan Bank	444,712	9.03%	0	444,712
Federal Home Loan Mortgage	709,026	14.40%	544,241	164,785
Federal National Mortgage Association	509,667	10.35%	99,621	410,046
U.S. Treasury Note	698,416	14.18%	498,944	199,472
U.S. Treasury Bill	999,749	20.30%	999,749	0
Certificate of Deposit	100,000	2.03%	0	100,000
U.S. Treasury Money Market	21,602	0.44%	21,602	0
STAR Ohio	1,216,929	24.71%	1,216,929	0
<i>Total Investments</i>	<u>\$ 4,924,676</u>	<u>100.00%</u>	<u>\$ 3,381,086</u>	<u>\$ 1,543,590</u>

Interest Rate Risk - Interest rate risk arises because potential purchasers of debt securities will not agree to pay face value for those securities if interest rates subsequently increase. The investment policy restricts the Treasurer from investing in anything other than as identified in the Ohio Revised Code and that all investments must mature within five years from the date of investment unless they are matched to a specific obligation or debt of the School District. The Treasurer is also restricted from purchasing investments that cannot be held until the maturity date.

Credit Risk - The federal government agency securities carry a rating of AA+ by S&P Global Ratings. The U.S. Treasury Money Market carries a rating of AAAM by S&P Global Ratings. STAR Ohio is an investment pool operated by the Ohio State Treasurer. It is unclassified since it is not evidenced by securities that exist in physical or book entry form. Ohio law requires STAR Ohio maintain the highest rating provided by at least one nationally recognized standard rating service. As of June 30, 2017, STAR Ohio had an average of maturity of 46 days and carried a rating of AAAM by S&P Global Ratings.

Custodial credit risk is the risk that, in the event of the failure of the counterparty, the School District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The Federal National Mortgage Notes, Federal Home Loan Bank Notes, Federal Farm Credit Notes, and Federal Home Loan Mortgage Notes are exposed to custodial credit risk and are held by the counterparty's trust department or agent but not in the School District's name.

The School District has no investment policy dealing with investment custodial risk beyond the requirements in ORC 135.14(M)(2) which states, "Payment for investments shall be made only upon the delivery of securities representing such investments to the treasurer, investing authority, or qualified trustee. If the securities transferred are not represented by a certificate, payment shall be made only upon receipt of confirmation of transfer from the custodian by the treasurer, governing board, or qualified trustee."

Concentration of Credit Risk - The School District has adopted a policy that its portfolio shall remain sufficiently liquid to meet current obligations of the School District. Minimum levels may be established in order to meet current obligations; however, the School District has not limited the amount that may be invested in a particular security.

Perry Local School District
Allen County, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2017
(Continued)

6. PROPERTY TAXES

Property taxes are levied and assessed on a calendar year basis while the School District fiscal year runs from July through June. First half tax collections are received by the School District in the second half of the fiscal year. Second half tax distributions occur in the first half of the following fiscal year.

Property taxes include amounts levied against all real and public utility property located in the School District. Real property tax revenue received in calendar year 2017 represents collections of calendar year 2016 taxes. Real property taxes received in calendar year 2017 were levied after April 1, 2016, on the assessed value listed as of January 1, 2016, the lien date. Assessed values for real property taxes are established by State law at 35 percent of appraised market value. Real property taxes are payable annually or semi-annually. If paid annually, payment is due December 31; if paid semiannually, the first payment is due December 31 with the remainder payable by June 20. Under certain circumstances, State statute permits alternate payment dates to be established.

Public utility property tax revenue received in calendar 2017 represents collections of calendar year 2016 taxes. Public utility real and tangible personal property taxes received in calendar year 2017 became a lien December 31, 2015, were levied after April 1, 2016 and are collected in 2017 with real property taxes. Public utility real property is assessed at 35 percent of true value; public utility tangible personal property currently is assessed at varying percentages of true value.

The School District receives property taxes from Allen County. The County Auditor periodically advances to the School District its portion of the taxes collected. Second-half real property tax payments collected by the County by June 30, 2017, are available to finance fiscal year 2017 operations. The amount available to be advanced can vary based on the date the tax bills are sent.

The assessed values upon which the fiscal year 2017 taxes were collected are:

	2016 Second- Half Collections		2017 First- Half Collections	
	<u>Amount</u>	<u>Percent</u>	<u>Amount</u>	<u>Percent</u>
Real Estate	\$ 110,998,680	91.3%	\$ 110,658,550	88.8%
Public Utility/Personal Property	10,605,440	8.7%	13,951,440	11.2%
Total	<u>\$ 121,604,120</u>	<u>100.0%</u>	<u>\$ 124,609,990</u>	<u>100.0%</u>
Tax rate per \$1,000 of assessed valuation	\$ 47.04		\$ 46.25	

7. RISK MANAGEMENT

The School District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During fiscal year 2017, the School District contracted with the Ohio School Plan for general liability, educational legal liability and fleet insurance, and with Indiana Insurance Company for property insurance.

Coverages provided by the various insurances are as follows:

Building and Contents - Replacement Cost	\$43,956,548
Automobile Liability (\$250 to \$1,000 deductible)	1,000,000
General Liability	
Per occurrence	3,000,000
Total per year	5,000,000
Educational Legal Liability	
Per occurrence	3,000,000
Total per year	5,000,000

Perry Local School District
Allen County, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2017
(Continued)

Settled claims have not exceeded this commercial coverage in any of the past three years, and there has been no significant reduction in insurance coverage from the prior fiscal year. The amount for the additional replacement cost for the new elementary building was included effective August 16, 2016.

The School District participated in the Ohio School Plan (Plan), an insurance purchasing pool. Each participant enters into an individual agreement with the Plan for insurance coverage and pays annual premiums to the Plan based on the types and limits of coverage and deductibles selected by the participant.

The School District participates in the Sheakley Uniservice, Inc. Group Rating Program (the Program), an insurance purchasing pool. The Program is intended to reduce premiums for the participants. The worker's compensation experience of the participating districts is calculated as one experience and a common premium rate is applied to all districts in the program.

Each participant pays its workers' compensation premium to the State based on the rate for the Program rather than its individual rate. Participation in the Plan is limited to educational entities that can meet the Plan's selection criteria. Each participant must apply annually. The Plan provides the participants with a centralized program for the processing, analysis and management of workers' compensation claims and a risk management program to assist in developing safer work environments. Each participant must pay its premiums, enrollment or other fees, and perform its obligations in accordance with the terms of the agreement.

The School District participates in the Allen County Schools Health Benefit Plan (the Plan), a public entity shared risk pool consisting of the districts within Allen County. The School District pays monthly premiums to the Plan for employee medical and dental benefits. Upon withdrawal from the Plan, a participant is responsible for the payment of all Plan liabilities to its employees, dependents, and designated beneficiaries accruing as a result of withdrawal.

8. DEFINED BENEFIT PENSION PLANS

Net Pension Liability

Pensions are a component of exchange transactions—between an employer and its employees—of salaries and benefits for employee services. Pensions are provided to an employee—on a deferred-payment basis—as part of the total compensation package offered by an employer for employee services each financial period.

The net pension liability represents the School District's proportionate share of each pension plan's collective actuarial present value of projected benefit payments attributable to past periods of service, net of each pension plan's fiduciary net position. The net pension liability calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting this estimate annually.

Ohio Revised Code limits the School District's obligation for this liability to annually required payments. The School District cannot control benefit terms or the manner in which pensions are financed; however, the School District does receive the benefit of employees' services in exchange for compensation including pension.

GASB 68 assumes the liability is solely the obligation of the employer, because (1) they benefit from employee services; and (2) State statute requires all funding to come from these employers. All contributions to date have come solely from these employers (which also includes costs paid in the form of withholdings from employees). State statute requires the pension plans to amortize unfunded liabilities within 30 years. If the amortization period exceeds 30 years, each pension plan's board must propose corrective action to the State legislature. Any resulting legislative change to benefits or funding could significantly affect the net pension liability. Resulting adjustments to the net pension liability would be effective when the changes are legally enforceable.

Perry Local School District
Allen County, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2017
(Continued)

Plan Description - School Employees Retirement System (SERS)

Plan Description – School District non-teaching employees participate in SERS, a cost-sharing multiple-employer defined benefit pension plan administered by SERS. SERS provides retirement, disability and survivor benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Ohio Revised Code Chapter 3309. SERS issues a publicly available, stand-alone financial report that includes financial statements, required supplementary information and detailed information about SERS’ fiduciary net position. That report can be obtained by visiting the SERS website at www.ohsers.org under Employers/Audit Resources.

Age and service requirements for retirement are as follows:

	Eligible to Retire on or before August 1, 2017*	Eligible to Retire on or after August 1, 2017
Full Benefits	Any age with 30 years of service credit	Age 67 with 10 years of service credit; or Age 57 with 30 years of service credit
Actuarially Reduced Benefits	Age 60 with 5 years of service credit Age 55 with 25 years of service credit	Age 62 with 10 years of service credit; or Age 60 with 25 years of service credit

*Members with 25 years of service credit as of August 1, 2017, will be included in this plan.

Annual retirement benefits are calculated based on final average salary multiplied by a percentage that varies based on year of service; 2.2 percent for the first 30 years of service and 2.5 percent for years of service credit over 30. Final average salary is the average of the highest three years of salary.

One year after an effective benefit date, a benefit recipient is entitled to a three percent cost-of-living adjustment (COLA). This same COLA is added each year to the base benefit amount on the anniversary date of the benefit.

Funding Policy – Plan members are required to contribute 10 percent of their annual covered salary and the School District is required to contribute 14 percent of annual covered payroll. The contribution requirements of plan members and employers are established and may be amended by the SERS’ Retirement Board up to statutory maximum amounts of 10 percent for plan members and 14 percent for employers. The Retirement Board, acting with the advice of the actuary, allocates the employer contribution rate among four of the System’s funds (Pension Trust Fund, Death Benefit Fund, Medicare B Fund, and Health Care Fund). For the fiscal year ended June 30, 2017, the allocation to pension, death benefits, and Medicare B was 14 percent. SERS did not allocate any employer contributions to the Health Care Fund for fiscal year 2017.

The School District’s contractually required contribution to SERS was \$172,704 for fiscal year 2017.

Plan Description - State Teachers Retirement System (STRS)

Plan Description – School District licensed teachers and other faculty members participate in STRS Ohio, a cost-sharing multiple-employer public employee retirement system administered by STRS. STRS provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS issues a stand-alone financial report that includes financial statements, required supplementary information and detailed information about STRS’ fiduciary net position. That report can be obtained by writing to STRS, 275 E. Broad St., Columbus, OH 43215-3771, by calling (888) 227-7877, or by visiting the STRS Web site at www.strsoh.org.

Perry Local School District
Allen County, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2017
(Continued)

New members have a choice of three retirement plans; a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan and a Combined Plan. Benefits are established by Ohio Revised Code Chapter 3307. The DB plan offers an annual retirement allowance based on final average salary multiplied by a percentage that varies based on years of service. Effective August 1, 2015, the calculation was 2.2 percent of final average salary for the five highest years of earnings multiplied by all years of service. Members are eligible to retire at age 60 with five years of qualifying service credit, or at age 55 with 26 years of service, or 31 years of service regardless of age. Eligibility changes will be phased in until August 1, 2026, when retirement eligibility for unreduced benefits will be five years of service credit and age 65, or 35 years of service credit and at least age 60.

The DC Plan allows members to place all their member contributions and 9.5 percent of the 14 percent employer contributions into an investment account. Investment allocation decisions are determined by the member. The remaining 4.5 percent of the 14 percent employer rate is allocated to the defined benefit unfunded liability. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal.

The Combined Plan offers features of both the DB Plan and the DC Plan. In the Combined Plan, 12 percent of the 14 percent member rate goes to the DC Plan and the remaining 2 percent is applied to the DB Plan. Member contributions to the DC Plan are allocated among investment choices by the member, and contributions to the DB Plan from the employer and the member are used to fund the defined benefit payment at a reduced level from the regular DB Plan. The defined benefit portion of the Combined Plan payment is payable to a member on or after age 60 with five years of service. The defined contribution portion of the account may be taken as a lump sum payment or converted to a lifetime monthly annuity after termination of employment at age 50 or later.

New members who choose the DC plan or Combined Plan will have another opportunity to reselect a permanent plan during their fifth year of membership. Members may remain in the same plan or transfer to another STRS plan. The optional annuitization of a member's defined contribution account or the defined contribution portion of a member's Combined Plan account to a lifetime benefit results in STRS bearing the risk of investment gain or loss on the account. STRS has therefore included all three plan options as one defined benefit plan for GASB 68 reporting purposes.

A DB or Combined Plan member with five or more years of credited service who is determined to be disabled may qualify for a disability benefit. Eligible survivors of members who die before service retirement may qualify for monthly benefits. New members on or after July 1, 2013, must have at least ten years of qualifying service credit to apply for disability benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member of the DC Plan dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

Funding Policy – Employer and member contribution rates are established by the State Teachers Retirement Board and limited by Chapter 3307 of the Ohio Revised Code. For the fiscal year ended June 30, 2017, plan members were required to contribute 14 percent of their annual covered salary. The School District was required to contribute 14 percent; the entire 14 percent was the portion used to fund pension obligations. The fiscal year 2017 contribution rates were equal to the statutory maximum rates.

The School District's contractually required contribution to STRS was \$438,712 for fiscal year 2017.

Net Pension Liability

The net pension liability was measured as of July 1 2016, and the total pension liability used to calculate the net pension liability was determined by an independent actuarial valuation as of that date. The School District's employer allocation percentage of the net pension liability is based on the employer's share of employer contributions in the pension plan relative to the total employer contributions of all participating employers. Employer contributions were determined based on the 14 percent employer rate and total member contributions from employer payroll reports for the year ended June 30, 2016:

Perry Local School District
Allen County, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2017
(Continued)

	STRS	SERS	Total
Proportion of the Net Pension Liability			
Prior Measurement Date	0.0302460%	0.0325617%	
Proportion of the Net Pension Liability			
Current Measurement Date	0.0298729%	0.0351797%	
Change in Proportionate Share	0.0003731%	-0.0026180%	
Proportionate Share of the Net Pension Liability	\$ 9,999,367	\$ 2,574,829	\$ 12,574,196

Actuarial Assumptions - SERS

SERS' total pension liability was determined by their actuaries in accordance with GASB Statement No. 67, as part of their annual actuarial valuation for each defined benefit retirement plan. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts (e.g., salaries, credited service) and assumptions about the probability of occurrence of events far into the future (e.g., mortality, disabilities, retirements, employment termination). Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employers and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations.

Actuarial calculations reflect a long-term perspective. For a newly hired employee, actuarial calculations will take into account the employee's entire career with the employer and also take into consideration the benefits, if any, paid to the employee after termination of employment until the death of the employee and any applicable contingent annuitant. In many cases actuarial calculations reflect several decades of service with the employer and the payment of benefits after termination.

Key methods and assumptions used in calculating the total pension liability in the latest actuarial valuation, prepared as of June 30, 2016, are presented below:

Wage Inflation	3.00 percent
Future Salary Increases, including inflation	3.50 percent to 18.20 percent
COLA or Ad Hoc COLA	3.00 percent
Investment Rate of Return	7.50 percent net of investment expense, including inflation
Actuarial Cost Method	Entry Age Normal (Level Percent of Payroll)

Mortality rates were based on the RP-2014 Blue Collar Mortality Table with fully generational projection and a five year age set-back for both males and females. Mortality among service retired members, and beneficiaries were based upon the RP-2014 Blue Collar Mortality Table with fully generational projection with Scale BB, 120 percent of male rates, and 110 percent of female rates. Mortality among disable members were based upon the RP-2000 Disabled Mortality Table, 90 percent for male rates and 100 percent for female rates, set back five years is used for the period after disability retirement.

Perry Local School District
Allen County, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2017
(Continued)

The actuarial assumptions used in the June 30, 2016 valuation were based on the results of an actuarial experience study for the period ending July 1, 2010 to June 30, 2015. The discount rate, assumed rate of inflation, payroll growth assumption and assumed real wage growth were reduced in the June 30, 2016 actuarial valuation. The rates of withdrawal, retirement and disability and mortality rates were also updated to more closely reflect actual experience.

The long-term return expectation for the Pension Plan Investments has been determined by using a building-block approach and assumes a time horizon, as defined in SERS' *Statement of Investment Policy*. A forecasted rate of inflation serves as the baseline for the return expectation. Various real return premiums over the baseline inflation rate have been established for each asset class. The long-term expected nominal rate of return has been determined by calculating an arithmetic weighted average of the expected real return premiums for each asset class, adding the projected inflation rate, and adding the expected return from rebalancing uncorrelated asset classes. The target allocation and best estimates of arithmetic real rates of return for each major assets class are summarized in the following table:

Asset Class	Target Allocation	Long Term Expected Real Rate of Return
Cash	1.00 %	0.50 %
US Stocks	22.50	4.75
Non-US Stocks	22.50	7.00
Fixed Income	19.00	1.50
Private Equity	10.00	8.00
Real Assets	15.00	5.00
Multi-Asset Strategies	10.00	3.00
	100.00 %	

Discount Rate The total pension liability was calculated using the discount rate of 7.50 percent. The projection of cash flows used to determine the discount rate assumed the contributions from employers and from the members would be computed based on contribution requirements as stipulated by State statute. Projected inflows from investment earnings were calculated using the long-term assumed investment rate of return (7.50 percent). Based on those assumptions, the plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefits to determine the total pension liability.

Sensitivity of the School District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate Net pension liability is sensitive to changes in the discount rate, and to illustrate the potential impact the following table presents the School District's proportionate share of the net pension liability calculated using the discount rate of 7.50 percent, as well as what each plan's net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.50 percent), or one percentage point higher (8.50 percent) than the current rate.

	1% Decrease (6.50%)	Current Discount Rate (7.50%)	1% Increase (8.50%)
School District's proportionate share of the net pension liability	\$ 3,408,914	\$ 2,574,829	\$ 1,876,666

Actuarial Assumptions - STRS

The total pension liability in the July 1, 2016, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.75 percent
Projected Salary Increase	12.25 percent at age 20 to 2.75 percent at age 70
Investment Rate of Return	7.75 percent, net of investment expenses, including inflation
Cost-of-Living Adjustments (COLA)	2 percent simple applied as follows: for members retiring before August 1, 2013, 2 percent per year, for members retiring August 1, 2013, or later, 2 percent COLA paid on fifth anniversary of retirement date

Mortality rates were based on the RP-2000 Combined Mortality Table (Projection 2022—Scale AA) for Males and Females. Males’ ages are set-back two years through age 89 and no set-back for age 90 and above. Females younger than age 80 are set back four years, one year set back from age 80 through 89 and not set back from age 90 and above.

Actuarial assumptions used in the June 30, 2016, valuation are based on the results of an actuarial experience study, effective July 1, 2012.

STRS’ investment consultant develops an estimate range for the investment return assumption based on the target allocation adopted by the Retirement Board. The target allocation and long-term expected rate of return for each major asset class are summarized as follows:

Asset Class	Target Allocation	Long Term Expected Real Rate of Return*
Domestic Equity	31.00 %	8.00 %
International Equity	26.00	7.85
Alternatives	14.00	8.00
Fixed Income	18.00	3.75
Real Estate	10.00	6.75
Liquidity Reserves	1.00	3.00
	100.00 %	7.61 %

*10-year annualized geometric nominal returns, which include the real rate of return and inflation of 2.50 percent and does not include investment expenses. The total fund long-term expected return reflects diversification among the asset classes and therefore is not a weighted average return of the individual asset classes.

Discount Rate The discount rate used to measure the total pension liability was 7.75 percent as of June 30, 2016. The projection of cash flows used to determine the discount rate assumes member and employer contributions will be made at the statutory contribution rates in accordance with rate increases described above. For this purpose, only employer contributions that are intended to fund benefits of current plan members and their beneficiaries are included. Projected employer contributions that are intended to fund the service costs of future plan members and their beneficiaries, as well as projected contributions from future plan members, are not included. Based on those assumptions, STRS’ fiduciary net position was projected to be available to make all projected future benefit payments to current plan members as of June 30, 2016. Therefore, the long-term expected rate of return on pension plan investments of 7.75 percent was applied to all periods of projected benefit payment to determine the total pension liability as of June 30, 2016.

Sensitivity of the School District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate The following table presents the School District's proportionate share of the net pension liability as of June 30, 2016, calculated using the current period discount rate assumption of 7.75 percent, as well as what the School District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one-percentage-point lower (6.75 percent) or one-percentage-point higher (8.75 percent) than the current rate:

	1% Decrease (6.75%)	Current Discount Rate (7.75%)	1% Increase (8.75%)
School District's proportionate share of the net pension liability	\$ 13,288,346	\$ 9,999,367	\$ 7,224,919

Changes Between Measurement Date and Report Date In March 2017, the STRS Board adopted certain assumption changes which will impact their annual actuarial valuation prepared as of June 30, 2017. The most significant change is a reduction in the discount rate from 7.75 percent to 7.45 percent. In April 2017, the STRS Board voted to suspend cost of living adjustments granted on or after July 1, 2017. Although the exact amount of these changes is not known, the overall decrease to School District's net pension liability is expected to be significant.

9. POSTEMPLOYMENT BENEFITS

A. School Employees Retirement System

Health Care Plan Description - The School District contributes to the SERS Health Care Fund, administered by SERS for non-certificated retirees and their beneficiaries. For GASB 45 purposes, this plan is considered a cost-sharing, multiple-employer, defined benefit other postemployment benefit (OPEB) plan. The Health Care Plan includes hospitalization and physicians' fees through several types of plans including HMO's, PPO's, Medicare Advantage, and traditional indemnity plans as well as a prescription drug program. The financial report of the Plan is included in the SERS Comprehensive Annual Financial Report which can be obtained on SERS' website at www.ohsers.org under Employers/Audit Resources.

Access to health care for retirees and beneficiaries is permitted in accordance with Section 3309 of the Ohio Revised Code. The Health Care Fund was established and is administered in accordance with Internal Revenue Code Section 105(e). SERS' Retirement Board reserves the right to change or discontinue any health plan or program. Health care is financed through a combination of employer contributions and retiree premiums, copays and deductibles on covered health care expenses, investment returns, and any funds received as a result of SERS' participation in Medicare programs. Active employee members do not contribute to the Health Care Plan. Retirees and their beneficiaries are required to pay a health care premium that varies depending on the plan selected, the number of qualified years of service, Medicare eligibility and retirement status.

Funding Policy - State statute permits SERS to fund the health care benefits through employer contributions. Each year, after the allocation for statutorily required basic benefits, the Retirement Board allocates the remainder of the employer contribution of 14 percent of covered payroll to the Health Care Fund. For fiscal year 2017, SERS did not allocate any employer contributions to the Health Care fund. In addition, employers pay a surcharge for employees earning less than an actuarially determined minimum compensation amount, pro-rated according to service credit earned. For fiscal year 2017, this amount was \$23,500. Statutes provide that no employer shall pay a health care surcharge greater than 2 percent of that employer's SERS-covered payroll; nor may SERS collect in aggregate more than 1.5 percent of the total statewide SERS-covered payroll for the health care surcharge. For fiscal year 2017, the School District's surcharge obligation was \$16,730.

For fiscal years 2016 and 2017, SERS did not allocate employer contributions to the Health Care fund. The School District's contributions for health care for the fiscal year ended June 30, 2015, was \$9,223. The full amount has been contributed for fiscal year 2015.

(Continued)

B. State Teachers Retirement System

Plan Description – The School District participates in the cost-sharing multiple-employer defined benefit Health Plan administered by the State Teachers Retirement System of Ohio (STRS) for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS. Ohio law authorizes STRS to offer this plan. Benefits include hospitalization, physicians’ fees, prescription drugs and reimbursement of monthly Medicare Part B premiums. The Plan is included in the report of STRS which can be obtained by visiting www.strsoh.org or by calling (888) 227-7877.

Funding Policy – Ohio Revised Code Chapter 3307 authorizes STRS Ohio to offer the Plan and gives the Retirement Board authority over how much, if any, of the health care costs will be absorbed by STRS. Active employee members do not contribute to the Health Care Plan. All benefit recipients, for the most recent year, pay a monthly premium. Under Ohio law, funding for post-employment health care may be deducted from employer contributions. For fiscal years 2017, 2016 and 2015, STRS did not allocate any employer contributions to post-employment health care; therefore, the School District did not contribute to health care in the last three fiscal years.

10. LONG-TERM OBLIGATIONS

The changes in the School District’s long-term obligations during fiscal year 2017 were as follows:

	Balance 6/30/2016	Additions	Deductions	Balance 6/30/2017	Due Within One Year
General Obligation Bonds					
2010 School Improvement Refunding Bonds					
Serial Bonds	\$ 2,400,000	\$ 0	\$ 0	\$ 2,400,000	\$ 235,000

For the Fiscal Year Ended June 30, 2017
(Continued)

\$74,999 in capital appreciation bonds. The serial bonds have interest rates ranging from 1.60 to 3.60 percent. The final term bond matured in fiscal year 2014. Capital appreciation bonds in the amount of \$74,999 accreted interest at rates from 2.60 to 2.90 and matured in fiscal year 2017.

2014 School Improvement Bonds: On February 21, 2014, the School District issued \$7,964,999 in voted general obligation bonds for the purpose of financing a portion of the local share of school construction under the State of Ohio Classroom Facilities Assistance Program. The project includes the construction of a new K-6 elementary building, demolition of Perry elementary and locally funded initiatives for the project, together with equipment, furnishings, landscaping and all necessary appurtenances. The bond issue consists of \$1,305,000 in serial bonds, \$6,625,000 in term bonds and \$34,999 in capital appreciation bonds. The serial bonds have interest rates ranging from 1.00 to 3.10 percent. The term bonds have interest rates ranging from 4.00 to 4.75 percent. Capital appreciation bonds in the amount of \$34,999 will accrete interest at rates from 2.10 to 3.00. The capital appreciation bonds mature December 1, 2019, 2020 and 2021 in the amounts of \$135,000 each year.

The Current Interest Bonds due December 1, 2027 are subject to mandatory sinking fund redemption. The mandatory sinking fund redemption is to occur on December 1, 2026 at 100 percent of the principal amount thereof plus accrued interest to the date of redemption according to the following schedule:

<u>Year</u>	<u>Principal Amount to be Redeemed</u>
2026	\$155,000

Unless otherwise called for redemption, the remaining \$160,000 principal amount of the Bonds due December 1, 2027 is to be paid at stated maturity.

The Current Interest Bonds due December 1, 2029 are subject to mandatory sinking fund redemption. The mandatory sinking fund redemption is to occur on December 1, 2028 at 100 percent of the principal amount thereof plus accrued interest to the date of redemption according to the following schedule:

<u>Year</u>	<u>Principal Amount to be Redeemed</u>
2028	\$165,000

Unless otherwise called for redemption, the remaining \$175,000 principal amount of the Bonds due December 1, 2029 is to be paid at stated maturity.

The Current Interest Bonds due December 1, 2031 are subject to mandatory sinking fund redemption. The mandatory sinking fund redemption is to occur on December 1, 2030 at 100 percent of the principal amount thereof plus accrued interest to the date of redemption according to the following schedule:

<u>Year</u>	<u>Principal Amount to be Redeemed</u>
2030	\$180,000

Unless otherwise called for redemption, the remaining \$185,000 principal amount of the Bonds due December 1, 2031 is to be paid at stated maturity.

The Current Interest Bonds due December 1, 2033 are subject to mandatory sinking fund redemption. The mandatory sinking fund redemption is to occur on December 1, 2032 at 100 percent of the principal amount thereof plus accrued interest to the date of redemption according to the following schedule:

<u>Year</u>	<u>Principal Amount to be Redeemed</u>
2032	\$195,000

Unless otherwise called for redemption, the remaining \$205,000 principal amount of the Bonds due December 1, 2033 is to be paid at stated maturity.

Perry Local School District
Allen County, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2017
(Continued)

The Current Interest Bonds due December 1, 2038 are subject to mandatory sinking fund redemption. The mandatory sinking fund redemption is to occur on December 1, 2034 and each December 1 thereafter at 100 percent of the principal amount thereof plus accrued interest to the date of redemption according to the following schedule:

<u>Year</u>	<u>Principal Amount to be Redeemed</u>
2034	\$210,000
2035	220,000
2036	230,000
2037	240,000

Unless otherwise called for redemption, the remaining \$250,000 principal amount of the Bonds due December 1, 2038 is to be paid at stated maturity.

The Current Interest Bonds due December 1, 2043 are subject to mandatory sinking fund redemption. The mandatory sinking fund redemption is to occur on December 1, 2039 and each December 1 thereafter at 100 percent of the principal amount thereof plus accrued interest to the date of redemption according to the following schedule:

<u>Year</u>	<u>Principal Amount to be Redeemed</u>
2039	\$260,000
2040	275,000
2041	285,000
2042	300,000

Unless otherwise called for redemption, the remaining \$310,000 principal amount of the Bonds due December 1, 2043 is to be paid at stated maturity.

The Current Interest Bonds due December 1, 2050 are subject to mandatory sinking fund redemption. The mandatory sinking fund redemption is to occur on December 1, 2044 and each December 1 thereafter at 100 percent of the principal amount thereof plus accrued interest to the date of redemption according to the following schedule:

<u>Year</u>	<u>Principal Amount to be Redeemed</u>
2044	\$325,000
2045	340,000
2046	355,000
2047	375,000
2048	390,000
2049	410,000

Unless otherwise called for redemption, the remaining \$430,000 principal amount of the Bonds due December 1, 2050 is to be paid at stated maturity.

Capital appreciation bonds are not subject to redemption prior to maturity. At June 30, 2017 the accreted value of the capital appreciation bonds was \$121,101. The interest on the capital appreciation bonds represents the accretion of the deep-discounted bonds from the initial value at the time of issuance to their value at final maturity of \$405,000.

2015 School Energy Conservation Bonds: On June 17, 2015, the School District issued \$625,000 in general obligation bonds for the purpose of financing the School Energy Conservation project. The project includes the installation of a building automation system, replacement of the boiler, lighting retrofits and lighting on the football field. The bond issue consists of term bonds with an interest rate of 3.40 percent.

The Current Interest Bonds due December 1, 2029 are subject to mandatory sinking fund redemption. The mandatory sinking fund redemption is to occur on December 1, 2015 and each December 1 thereafter at 100 percent of the principal amount thereof plus accrued interest to the date of redemption according to the following schedule:

Year	Principal Amount to be Redeemed
2018	\$35,000

Special Assessment Debt – Water Line - During October 1995, the School District entered into contract with the Allen Water District to construct a water main to supply city water services to the School District’s facilities. Installation was completed in September 1996. The cost to the School District was \$225,000. The unpaid balance under the contract was certified to Allen County Auditor for collection as a special assessment in fiscal year 1998. The contract with the Water District also allows the School District to receive from the Allen Water District, 95 percent of any tap fees collected for a period of ten years or a maximum of \$170,000.

The special assessments will be paid semi-annually from the permanent improvement capital projects fund. As of June 30, 2017, the principal balance outstanding is \$45,351. Principal and interest requirements to retire the special assessment outstanding at June 30, 2017, are as follows:

Fiscal Year Ending	Principal	Interest	Total
2018	\$ 7,224	\$ 2,694	\$ 9,918
2019	7,653	2,265	9,918

2023	4,831	278	5,109
Totals	\$ 45,351	\$ 9,194	\$ 54,545

Special Assessment Debt – Sewer System - During November 2008, the School District entered into a contract with the Board of County Commissioners, Allen County, Ohio to construct, operate, and maintain sanitary sewer facilities. Installation was completed in May of 2009. The cost to the School District was \$484,480. The unpaid balance was certified to the Allen County Auditor for collection as a special assessment beginning in fiscal year 2010. Allen County finalized the debt agreement with OWDA for this project in fiscal year 2010. The amounts presented in the fiscal year 2009 note were based on estimates. As of June 30, 2017, the principal balance outstanding is \$328,339.

Tax Anticipation Note – In June, 2015, the School District received \$123,000 for the purpose of financing permanent improvements. The note was issued for a two year period with final maturity December 1, 2017. Annual principal payments of \$61,500 plus interest at a rate of 3.00 percent commencing December 1, 2016 will be made throughout the term of the note. The note will be retired from the bond retirement fund.

Principal and interest requirements to retire the tax anticipation note at June 30, 2017, are as follows:

Fiscal Year	Ending	Principal	Interest	Total
2018	\$	61,500	\$ 1,845	\$ 63,345

11. LEASES

During fiscal year 2017, the School District entered into a new lease for Chromebooks, laptop cases and charging cart storage stations under a non cancelable lease. The School District disbursed \$86,005 to pay lease costs for the fiscal year ended June 30, 2017. Future lease payments are as follows:

Fiscal Year	Amount
Ending June 30,	
2018	\$ 86,005
2019	86,005
	<u>\$ 172,010</u>

Perry Local School District
Allen County, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2017

12. FUND BALANCE

Fund balance is classified as non-spendable, restricted, committed, assigned, and/or unassigned based primarily on the extent to which the School District is bound to observe constraints imposed upon the use of the resources in governmental funds.

The constraints placed on fund balance for the major governmental funds and all other governmental funds are presented below:

	General	Bond Retirement Fund	Classroom Facilities	Other Governmental	Total Governmental
Nonspendable:					
Unclaimed Monies	\$ 454	\$ 0	\$ 0	\$ 0	\$ 454
Restricted for:					
Debt Service	0	707,655	0	0	707,655
Capital Outlay	0	0	198,414	339,085	537,499
Classroom Facilities Maintenance	0	0	0	157,670	157,670
Food Service Operations	0	0	0	100,562	100,562
Extracurricular Activities	0	0	0	50,226	50,226
Trust	0	0	0	43,064	43,064
Data Communications	0	0	0	1,800	1,800
Schoolnet	0	0	0	593	593
Help Line	0	0	0	411	411
Title I	0	0	0	194	194
Total Restricted	0	707,655	198,414	693,605	1,599,674
Assigned for:					
Instruction	7,870	0	0	0	7,870
Support Services	138,823	0	0	0	138,823
Extracurricular Activities	978	0	0	0	978
Other Purposes	13,777	0	0	0	13,777
Total Assigned	161,448	0	0	0	161,448
Unassigned	3,372,852	0	0	0	3,372,852
Total Fund Balance	<u>\$ 3,534,754</u>	<u>\$ 707,655</u>	<u>\$ 198,414</u>	<u>\$ 693,605</u>	<u>\$ 5,134,428</u>

Perry Local School District
Allen County, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2017
(Continued)

13. STATUTORY RESERVES

The School District is required by state law to set aside certain general fund receipt amounts, as defined, into a reserve. During the fiscal year ended June 30, 2017, the reserve activity was as follows:

	Capital Acquisition
Set-aside restricted balance as of June 30, 2016	\$ 0
Current year set-aside requirement	153,397
Current year qualifying offsets	(173,195)
Total	\$ (19,798)
Balance carried forward to fiscal year 2018	\$ 0
Set-aside restricted balance as of June 30, 2017	\$ 0

Although the School District had offsets during the fiscal year that reduced the set-aside amount to below zero for the capital improvement set-aside, this amount may not be used to reduce the set-aside requirement for future years. This negative balance is therefore not presented as being carried forward to future years.

14. JOINTLY GOVERNED ORGANIZATIONS

A. Northwest Ohio Area Computer Services Cooperative

The School District is a participant in the Northwest Ohio Area Computer Services Cooperative (NOACSC) which is a computer consortium. NOACSC is an association of educational entities within the boundaries of Allen, Putnam, Mercer, Hancock, Van Wert, and Paulding Counties and Cities of Wapakoneta and St. Marys. The organization was formed for the purpose of applying modern technology with the aid of computers and other electronic equipment to administrative and instructional functions among member Districts. The governing board of NOACSC consists of two representatives from each county elected by majority vote of all charter member educational entities within each county. Financial information can be obtained from Raymond Burden, who serves as Director, at 645 South Main Street Lima, Ohio 45804.

B. Apollo Career Center

The Apollo Career Center is a distinct political subdivision of the State of Ohio which provides vocational education to students, operates under the direction of a Board consisting of one representative from the educators of each of the participating Districts' elected boards. The Board possesses its own budgeting and taxing authority. To obtain financial information, write to Apollo Career Center, Maria Rellinger, who serves as Treasurer, at 3325 Shawnee Road, Lima, Ohio 45806.

C. Spencerville, Perry, and Bath Local Professional Development Committee

The Spencerville, Perry, and Bath Local Professional Development Committee is a consortium operated under the direction of a Board consisting of one representative from the educators of each, along with two administrators from the members chosen by the superintendents. The Committee was formed to review coursework and other professional development activities completed by educators within the Districts and used for the renewal of certificates and licenses. As of June 30, 2017, there was no financial information available for this Committee.

Perry Local School District
Allen County, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2017
(Continued)

15. GROUP INSURANCE PURCHASING POOLS

A. Allen County Schools Health Benefit Plan

The School District participates in the Allen County Schools Health Benefit Plan (the Trust), public entity shared risk pool consisting of the districts within Allen County. The Trust is organized as a Voluntary Employee Benefit Association under Section 501(c)(9) of the Internal Revenue Code and provides sick, accident and other benefits to the employees of the participating districts. Each participating District's superintendent is appointed to a Board of Trustees which advises the Trustee, Gallagher Benefit Services, Inc. (3rd Party Administrator) concerning aspects of the administration of the Trust. Each District decides which plans offered the Board of Trustees will be extended to its employees. Participation in the Trust is by written application subject to acceptance by the Board of Trustees and payment of the monthly premiums. Financial information can be obtained from Steve Arnold, who serves as Chairman, at 1920 Slabtown Rd., Lima, Ohio 45804.

B. Ohio School Plan

The School District participates in the Ohio School Plan (the Plan), an insurance purchasing pool established under Section 2744.081 of the Ohio Revised Code. The Plan is an unincorporated nonprofit association of its member which enables the participants to provide for a formalized joint insurance purchasing program for maintaining adequate insurance protection and provides risk management programs and other administrative services. The Plan's business and affairs are conducted by an 11 member board consisting of individual representatives from various OSP members. The Hylant Group, Inc. is the Plan's administrator and is responsible for processing claims. Harcum-Hyre Insurance Agency serves as the sales and marketing representative which establishes agreements between the Plan and its members. Financial information can be obtained from Harcum-Hyre Insurance Agency, 246 East Sycamore Street, Columbus, Ohio 43206.

C. Sheakley Uniservice, Inc. Worker's Compensation Group Rating Program

The School District participates in a group rating plan for workers' compensation as established under Section 4123.29 of the Ohio Revised Code. Each year, participants pay an enrollment fee to the Plan to cover the costs of administering the program.

16. CONTINGENCIES AND COMMITMENTS

A. Grants

The School District received financial assistance from federal and state agencies in the form of grants. The expenditure of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agencies. Any disallowed claim resulting from such audits could become a liability of the General Fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the School District at June 30, 2017.

B. Litigation

The School District is of the opinion that any current or future claims will either result in a favorable outcome or be covered by current insurance policies, so as not to materially affect the overall financial position of the School District.

Perry Local School District
Allen County, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2017
(Continued)

C. Encumbrance Commitments

The School District utilizes encumbrance accounting as part of its budgetary controls. Encumbrances outstanding at year end may be reported as part of restricted, committed or assigned classifications of fund balance. At fiscal year end, the School District's commitments for encumbrances in the governmental funds were as follows:

Fund	Amount
General	\$ 152,712
Classroom Facilities	176,716
Nonmajor Governmental	12,983
	\$ 342,411

D. Contractual Commitments

At June 30, 2017, the School District had the following outstanding contractual commitments:

Project	Vendor	Contract Amount	Amount Paid	Amount Remaining
K-6 Elementary Building	Peterson Construction	\$ 13,375,596	\$ 13,314,889	\$ 60,707
K-6 Elementary Building	Fanning Howey	1,112,261	1,074,261	38,000
K-6 Elementary Building	Hill International Inc.	202,064	192,064	10,000
K-6 Elementary Building	Brewer-Garrett	40,514	29,984	10,530
K-6 Elementary Building	Environmental Demolition Group	209,720	166,932	42,788
		\$ 14,940,155	\$ 14,778,130	\$ 162,025

Based on timing of when contracts are encumbered, contractual commitments identified above may or may not be included in the outstanding encumbrance commitments previously disclosed in this note.

E. School District Funding

School district Foundation funding is based on the annualized full-time equivalent (FTE) enrollment of each student. Traditional school districts must comply with minimum hours of instruction, instead of a minimum number of school days each year. The funding formula the Ohio Department of Education (ODE) is legislatively required to follow will continue to adjust as enrollment information is updated by the school districts, which can extend past the fiscal year end. As of the date of this report, ODE has finalized the impact of enrollment adjustments to the June 30, 2017 Foundation funding for the District. As a result of the fiscal year 2018 reviews, the District owes ODE \$57. This amount has not been included in the financial statements.

17. INTERFUND ACTIVITY

A. Interfund Transfers

During fiscal year 2017, the General Fund transferred \$55,579 to the Bond Retirement Fund to cover disbursements of that fund. During fiscal year 2017, the Building Fund transferred \$119,280 of unspent school energy conservation bonds to the Bond Retirement Fund to make the bond payments.

B. Interfund Advances

During the fiscal year ended June 30, 2017, a \$2,000 advance was made from the General Fund to Title I Fund to cover operations or disbursements made while awaiting reimbursement by granting authorities.

ALLEN COUNTY, OHIO**

**NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
2 CFR 200.510(b)(6)
FOR THE FISCAL YEAR ENDED JUNE 30, 2017**

NOTE A - BASIS OF PRESENTATION

The accompanying Schedule of Expenditures of Federal Awards (the Schedule) includes the federal award activity of Perry Local School District (the School District's) under programs of the federal government for the fiscal year ended June 30, 2017. The information on this Schedule is prepared in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the School District, it is not intended to and does not present the financial position or changes in net position of the School District.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the cash basis of accounting. Such expenditures are recognized following, the cost principles contained in Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, wherein certain types of expenditures may or may not be allowable or may be limited as to reimbursement. The School District has elected not to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

NOTE C - CHILD NUTRITION CLUSTER

The School District commingles cash receipts from the U.S. Department of Agriculture with similar State grants. When reporting expenditures on this Schedule, the School District assumes it expends federal monies first.

NOTE D – FOOD DONATION PROGRAM

The School District reports commodities consumed on the Schedule at the entitlement value. The School District allocated donated food commodities to the respective programs that benefitted from the use of those donated food commodities.

Dave Yost • Auditor of State

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY *GOVERNMENT AUDITING STANDARDS*

Perry Local School District
Allen County
2770 East Breese Road
Lima, Ohio 45806

To the Board of Education:

We have audited, in accordance with auditing standards generally accepted in the United States and the Comptroller General of the United States' *Government Auditing Standards*, the cash-basis financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Perry Local School District, Allen County, (the School District) as of and for the fiscal year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the School District's basic financial statements and have issued our report thereon dated April 30, 2018, wherein we noted the School District uses a special purpose framework other than generally accepted accounting principles.

Internal Control Over Financial Reporting

As part of our financial statement audit, we considered the School District's internal control over financial reporting (internal control) to determine the audit procedures appropriate in the circumstances to the extent necessary to support our opinions on the financial statements, but not to the extent necessary to opine on the effectiveness of the School District's internal control. Accordingly, we have not opined on it.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A *material weakness* is a deficiency, or combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of the School District's financial statements. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all internal control deficiencies that might be material weaknesses or significant deficiencies. Given these limitations, we did not identify any deficiencies in internal control that we consider material weaknesses. However, unidentified material weaknesses may exist.

Compliance and Other Matters

As part of reasonably assuring whether the School District's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, opining on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed an instance of noncompliance or other matter we must report under *Government Auditing Standards* which is described in the accompanying schedule of findings as item 2017-001.

School District's Response to Finding

The School District's response to the finding identified in our audit is described in the accompanying schedule of findings. We did not audit the School District's response and, accordingly, we express no opinion on it.

Purpose of this Report

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of the School District's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering the School District's internal control and compliance. Accordingly, this report is not suitable for any other purpose.

Dave Yost
Auditor of State
Columbus, Ohio

April 30, 2018

Dave Yost • Auditor of State

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO THE MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Perry Local School District
Allen County
2770 East Breese Road
Lima, Ohio 45806

To the Board of Education:

Report on Compliance for the Major Federal Program

We have audited Perry Local School District's (the School District) compliance with the applicable requirements described in the U.S. Office of Management and Budget (OMB) *Compliance Supplement* that could directly and materially affect Perry Local School District's major federal program for the fiscal year ended June 30, 2017. The *Summary of Auditor's Results* in the accompanying schedule of findings identifies the School District's major federal program.

Management's Responsibility

The School District's Management is responsible for complying with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal program.

Auditor's Responsibility

Our responsibility is to opine on the School District's compliance for the School District's major federal program based on our audit of the applicable compliance requirements referred to above. Our compliance audit followed auditing standards generally accepted in the United States of America; the standards for financial audits included in the Comptroller General of the United States' *Government Auditing Standards*; and the audit requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). These standards and the Uniform Guidance require us to plan and perform the audit to reasonably assure whether noncompliance with the applicable compliance requirements referred to above that could directly and materially affect a major federal program occurred. An audit includes examining, on a test basis, evidence about the School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe our audit provides a reasonable basis for our compliance opinion on the School District's major program. However, our audit does not provide a legal determination of the School District's compliance.

Opinion on the Major Federal Program

In our opinion, Perry Local School District complied, in all material respects with the compliance requirements referred to above that could directly and materially affect its major federal program for the fiscal year ended June 30, 2017.

Report on Internal Control Over Compliance

The School District's management is responsible for establishing and maintaining effective internal control over compliance with the applicable compliance requirements referred to above. In planning and performing our compliance audit, we considered the School District's internal control over compliance with the applicable requirements that could directly and materially affect a major federal program, to determine our auditing procedures appropriate for opining on the major federal program's compliance and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not to the extent needed to opine on the effectiveness of internal control over compliance. Accordingly, we have not opined on the effectiveness of the School District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, when performing their assigned functions, to prevent, or to timely detect and correct, noncompliance with a federal program's applicable compliance requirement. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a federal program compliance requirement will not be prevented, or timely detected and corrected. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with federal program's applicable compliance requirement that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

This report only describes the scope of our internal control over compliance tests and the results of this testing based on Uniform Guidance requirements. Accordingly, this report is not suitable for any other purpose.

Dave Yost
Auditor of State
Columbus, Ohio

SCHEDULE OF FINDINGS
2 C.F.R § 200.515
JUNE 30, 2017

1. SUMMARY OF AUDITOR'S RESULTS

<i>(d)(1)(i)</i>	Type of Financial Statement Opinion	Unmodified
<i>(d)(1)(ii)</i>	Were there any material weaknesses in internal control reported at the financial statement level (GAGAS)?	No
<i>(d)(1)(ii)</i>	Were there any significant deficiencies in internal control reported at the financial statement level (GAGAS)?	No
<i>(d)(1)(iii)</i>	Was there any reported material noncompliance at the financial statement level (GAGAS)?	Yes
<i>(d)(1)(iv)</i>	Were there any material weaknesses in internal control reported for major federal programs?	No
<i>(d)(1)(iv)</i>	Were there any significant deficiencies in internal control reported for major federal programs?	No
<i>(d)(1)(v)</i>	Type of Major Programs' Compliance Opinion	Unmodified
<i>(d)(1)(vi)</i>	Are there any reportable findings under 2 C.F.R. § 200.516(a)?	No
<i>(d)(1)(vii)</i>	Major Programs (list):	Child Nutrition Cluster
<i>(d)(1)(viii)</i>	Dollar Threshold: Type A/B Programs	Type A: > \$ 750,000 Type B: all others
<i>(d)(1)(ix)</i>	Low Risk Auditee under 2 C.F.R §200.520?	No

**2. FINDINGS RELATED TO THE FINANCIAL STATEMENTS
REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS**

FINDING NUMBER 2017-001

Noncompliance Citation

Ohio Rev. Code § 117.38 provides, in part, that each public office shall file a financial report for each fiscal year. The Auditor of State may prescribe forms by rule or may issue guidelines, or both, for such reports. If the Auditor of State has not prescribed a rule regarding the form for the report, the public office shall submit its report on the form utilized by the public office. Ohio Administrative Code § 117-2-03 further clarifies the requirements of Ohio Rev. Code § 117.38.

Ohio Admin. Code § 117-2-03(B) requires all school districts to file annual financial reports which are prepared using generally accepted accounting principles. The School District prepared its financial statements in accordance with the cash accounting basis. The accompanying financial statements omit assets, liabilities, deferred inflows/outflows, fund equities, and disclosures that, while material, cannot be determined at this time. Pursuant to Ohio Rev. Code § 117.38, the School District may be fined and subject to various other administrative remedies for its failure to file the required financial report.

To help provide the users with more meaningful financial statements, the School District should prepare its financial statements in accordance with generally accepted accounting principles.

OFFICIALS' RESPONSE:

The Perry Board of Education continues to support their decision in processing the OCBOA statements as a means to save time and money for the School District.
