Members of City Council
City of Newark
40 W. Main Street
Newark, Ohio 43055

We have reviewed the *Independent Auditor's Report* of the City of Newark, Licking County, prepared by BHM CPA Group, Inc., for the audit period January 1, 2018 through December 31, 2018. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The City of Newark is responsible for compliance with these laws and regulations.

City of Newark, Ohio
Notes to the Schedule of Expenditures of Federal Awards
For the Year Ended December 31, 2018

NOTE 1 – GENERAL

The accompanying Schedule of Federal Awards Expenditures (the Schedule) includes the federal award activity of the City of Newark, Ohio under programs of the federal government for the year ended December 31, 2018. The information on this Schedule is prepared in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the City, it is not intended to and does not present the financial position, changes in net position, or cash flows of the City.

NOTE 2 – BASIS OF ACCOUNTING

Expenditures reported on the Schedule are reported on the cash basis of accounting. Such expenditures are recognized following the cost principles contained in Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, wherein certain types of expenditures may or may not be allowable or may be limited as to reimbursement. The City has elected not to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

NOTE 3 – SUBRECIPIENTS

The City passes certain federal awards received directly from the Federal Government to other governments or not-for-profit agencies (subrecipients). As Note 2 describes, the City reports expenditures of Federal awards to subrecipients when paid in cash.

As a subrecipient, the City has certain compliance responsibilities, such as monitoring its subrecipients to help assure they use these subawards as authorized by laws, regulations, and the provisions of contracts or grant agreements, and that subrecipients achieve the award's performance goals.

**Independent Auditors Report on Internal Control Over Financial Reporting and on
Compliance and Other Matters Required by *Government Auditing Standards***

City of Newark
Licking County
40 West Main Street
Newark, Ohio 43055

To the Members of Council:

We have audited, in accordance with auditing standards generally accepted in the United States and the Comptroller General of the United States' *Government Auditing Standards*, the financial statements of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of the City of Newark, Licking County, Ohio (the City), as of and for the year ended December 31, 2018, and the related notes to the financial statements, which collectively comprise the City's basic financial statements and have issued our report thereon dated June 11, 2019, wherein we noted the City adopted new accounting guidance in Governmental Accounting Standards Board (GASB) Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*.

Internal Control over Financial Reporting

As part of our financial statement audit, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures appropriate in the circumstances to the extent necessary to support our opinions on the financial statements, but not to the extent necessary to opine on the effectiveness of the City's internal control. Accordingly, we have not opined on it.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A *material weakness* is a deficiency, or combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of the City's financial statements. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all internal control deficiencies that might be material weaknesses or significant deficiencies. Therefore, unidentified material weaknesses or significant deficiencies may exist. Given these limitations, we did not identify any deficiencies in internal control that we consider material weaknesses. We did identify a certain deficiency in internal control, described in the accompanying schedule of findings that we consider a significant deficiency. We consider finding 2018-001 to be a significant deficiency.

Compliance and Other Matters

As part of reasonably assuring whether the City's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, opining on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

City's Response to Findings

The City's response to the finding identified in our audit is described in the accompanying schedule of findings. We did not subject the City's response to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this report is not suitable for any other purpose.

Independent Auditor’s Report on Compliance with Requirements Applicable to the Major Federal Program and on Internal Control Over Compliance Required by The Uniform Guidance

City of Newark
Licking County
40 West Main Street
Newark, Ohio 43055

To the Members of Council:

Report on Compliance for the Major Federal Program

We have audited the City of Newark’s, Licking County, Ohio (the City) compliance with the applicable requirements described in the U.S. Office of Management and Budget (OMB) *Compliance Supplement* that could directly and materially affect the City’s major federal program for the year ended December 31, 2018. The *Summary of Auditor’s Results* in the accompanying schedule of findings identifies the City’s major federal program.

Management’s Responsibility

The City’s Management is responsible for complying with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal program.

Auditor’s Responsibility

Our responsibility is to opine on the City’s compliance for the City’s major federal program based on our audit of the applicable compliance requirements referred to above. Our compliance audit followed auditing standards generally accepted in the United States of America; the standards for financial audits included in the Comptroller General of the United States’ *Government Auditing Standards*; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). These standards and the Uniform Guidance require us to plan and perform the audit to reasonably assure whether noncompliance with the applicable compliance requirements referred to above that could directly and materially affect a major federal program occurred. An audit includes examining, on a test basis, evidence about the City’s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe our audit provides a reasonable basis for our compliance opinion on the City’s major program. However, our audit does not provide a legal determination of the City’s compliance.

Opinion on the Major Federal Program

In our opinion, the City of Newark, Licking County complied, in all material respects with the compliance requirements referred to above that could directly and materially affect its major federal program for the year ended December 31, 2018.

Report on Internal Control Over Compliance

The City's management is responsible for establishing and maintaining effective internal control over compliance with the applicable compliance requirements referred to above. In planning and performing our compliance audit, we considered the City's internal control over compliance with the applicable requirements that could directly and materially affect a major federal program, to determine our auditing procedures appropriate for opining on the major federal program's compliance and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not to the extent needed to opine on the effectiveness of internal control over compliance. Accordingly, we have not opined on the effectiveness of the City's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, when performing their assigned functions, to prevent, or to timely detect and correct, noncompliance with a federal program's applicable compliance requirement. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a federal program compliance requirement will not be prevented, or timely detected and corrected. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with federal program's applicable compliance requirement that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

This report only describes the scope of our internal control compliance tests and the results of this testing based on Uniform Guidance requirements. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have also audited the financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the City of Newark, Licking County, Ohio (the City) as of and for the year ended December 31, 2018, and the related notes to the financial statements, which collectively comprise the City's basic financial statements. We issued our unmodified report thereon dated June 11, 2019. We conducted our audit to opine on the City's basic financial statements as a whole. The accompanying schedule of expenditures of federal awards presents additional analysis required by the Uniform Guidance and is not a required part of the basic financial statements. The schedule is management's responsibility, and was derived from and relates directly to the underlying accounting and other records management used to prepare the basic financial statements. We subjected this schedule to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling this schedule directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, this schedule is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

For the Year Ended December 31, 2018**

**2. FINDINGS RELATED TO THE FINANCIAL STATEMENTS
REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS**

Finding 2018-001 Significant Deficiency – Financial Reporting

The City failed to properly report an Ohio Department of Transportation State Infrastructure Bank (SIB) Loan that was received during the prior reporting year. A monitoring system by the City should be in place to prevent or timely detect misstatements for the accurate presentation of the City's financial statements. The misstatement appears to be caused by the City obtaining a SIB loan for the Mount Vernon Road project and not properly recording the construction in progress/capital outlay and corresponding loan/issuance of loan amounts in the accounting system. The Ohio Department of Transportation was making payments on behalf of the City for this project and this information was not properly communicated to the City's finance department in a timely manner. The City should implement monitoring procedures over capital projects to ensure that all payments made on behalf of the City are properly reported in the accounting system.

Client Response:

The City of Newark will make necessary monitoring procedures to assure this will be properly reflected in financial statements. In this case, the needed information was not provided to the Auditor's office during the reporting period. Steps will be taken to make sure all required entries and transactions will be gathered and properly recorded.

3. FINDINGS AND QUESTIONED COSTS FOR FEDERAL AWARDS

None noted.

CITY OF NEWARK

40 West Main Street • Newark, Ohio 43055

Stephen E. Johnson, City Auditor

phone (740) 670-7560 fax (740) 670-7561

June 11, 2019

To The Members of City Council and
All Citizens of the City of Newark, Ohio

We are pleased to submit for your review the Comprehensive Annual Financial Report of the City of Newark, Ohio for the fiscal year ended December 31, 2018. This report has been prepared in accordance with generally accepted accounting principles established by statements of the Governmental Accounting Standards Board (GASB), other authoritative pronouncements and guidelines recommended by the Government Finance Officers Association of the United States and Canada (GFOA).

INTRODUCTION

While there is no legal requirement for the preparation of this report, it represents a commitment by the City of Newark (the "City") to conform to nationally recognized standards of excellence in financial reporting. Responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with the City. To the best of our knowledge and belief, the enclosed data, as presented, is accurate in all material respects; is presented in a manner designed to fairly set forth the financial position and results of operations of the City; and presents all disclosures necessary to enable the reader to gain an understanding of the City's financial activity.

Generally Accepted Accounting Principles require that management provide a narrative introduction, overview and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The City of Newark's MD&A can be found immediately following the report of the independent auditor.

The Reporting Entity:

The accompanying basic financial statements comply with the provisions of Governmental Accounting Standards Board (the "GASB") Statement No. 14, *"The Financial Reporting Entity,"* in that the financial statements include all the organizations, activities, functions and component units for which the City (the reporting entity) is financially accountable. Financial accountability is defined as the appointment of a voting majority of the component unit's board and either (1) the City's ability to impose its will over the component unit, or (2) the possibility that the component unit will provide a financial benefit to or impose a financial burden on the City.

Based on the foregoing, the reporting entity of the City has no component units but includes the following services: police and fire protection, parks and recreation, planning, zoning, street maintenance and other governmental services. In addition, the City owns and operates a water treatment and distribution system, a wastewater treatment and collection system, and a storm water collection system, each of which is reported as an enterprise fund.

***Letter of Transmittal
For the Year Ended December 31, 2018***

Form of Government:

Statutory

Newark is a charter Mayor-Council form of government as prescribed by the Newark City Charter and Title Seven of the Ohio Revised Code. Newark's government was incorporated in 1826. The City is divided into seven wards with 47 election precincts. The City Council consists of one council person from each ward, plus three council persons at-large and a council president elected at-large. All serve four year terms. Elected officials serving four year terms are the Mayor, Law Director, Auditor and Treasurer. Currently, the Auditor is serving in his fifth term, the Law Director is serving in his fourth term, and the Mayor and Treasurer are serving in their second term. The Safety, Service and Economic Development Directors are appointed by the Mayor and serve at the pleasure of the Mayor. The Human Resources Director is appointed by the Mayor and is a classified employee.

City Charter

The Newark City Charter was approved by the voters in November of 1997 and became effective January 1, 1998. The Charter was amended in November 2002, 2007 and again in 2012. Some highlights of the Charter are as follows:

- ❖ Department of Economic Development established.
- ❖ Certain bidding requirements were altered.
- ❖ City council's term of office adjusted from two year to four year term.
- ❖ Residence requirements for safety forces.
- ❖ Auditor and Law Director added to Board of Control.
- ❖ Standards for open meetings and information access.
- ❖ Police Chief and Fire Chief recruitment outside departments is now allowed.
- ❖ Human Resources Director is a classified employee.

Location:

Newark is located in the central part of the state, approximately 33 miles east of Columbus, the state capital. Its 22.30 square mile area serves a residential population of 47,537. The City's elevation is approximately 830 feet above sea level. Its median temperatures are 75 degrees in summer and 30.2 degrees in winter. State highways 79, 13 and 16 serve as the City's major transportation arteries. The City is also served by the east-west interstate highway I-70 which lies approximately 9 miles to the south.

As part of the Columbus metropolitan area, in particular, its closeness to John Glenn Columbus International Airport (located on Columbus' far east side), offers flights to all points and places the City of Newark in a very favorable position. Newark is close to a region of rapidly expanding business and industry, close to excellent transportation facilities and the governmental center of Ohio.

***Letter of Transmittal
For the Year Ended December 31, 2018***

Newark is the home of the historic Moundbuilders State Memorial Park, known for its prehistoric Indian lore and featuring an Ohio Indian art museum. The National Heisey Glass Museum exhibits glass produced in Newark from 1895 to 1957. The Heisey Collectors of America operate this striking display of Heisey glassware housed in the 175 year old home of S.D. King, a prominent criminal attorney in the mid 1800's.

The Licking County Courthouse is located in the public square in downtown Newark. A variety of outdoor events are centered around the historic courthouse each year. At Christmas, the courthouse is a magnificent display of holiday splendor which has been featured on several magazine covers. The newly completed Canal Market District provides a setting for various functions including a twice weekly farmers market running from May through October.

Newark's campus style high school is ranked as one of the five outstanding secondary educational institutions in the nation. As an alternative to public education, Newark has two parochial elementary schools and one high school.

Municipal Services:

The City of Newark provides a variety of services including police and fire protection, emergency medical service, planning and engineering, zoning, code enforcement, street maintenance, traffic control, parks and recreation, property maintenance, cemetery and community development and general administrative services. The City does not operate hospitals or schools, nor is it responsible for public assistance programs.

The City also operates three enterprise activities: water treatment and distribution, wastewater collection and treatment, and storm water collection. Funds from these enterprises are set up in accounts for the operation of these facilities. The facilities are operated in a manner similar to a private business. It is the mission of the City that the costs of providing these services to business, industry and the general public on a permanent basis be financed or recovered primarily through user fees.

The enterprise activities are not subject to rate review or determination by the Public Utilities Commission of Ohio or any similar regulatory body. The City Council has the necessary authority to establish and amend appropriate user rates as required. The rates are reviewed on an on-going basis to insure their adequacy. The City Council exercises sole authority regarding the frequency and amount of rate change for these services.

***Letter of Transmittal
For the Year Ended December 31, 2018***

ECONOMIC OUTLOOK

Local Economy:

The Newark-Licking County area continues to benefit from a stable economy. Several industrial parks in close proximity to Newark provide employment opportunities for residents in and around Newark and neighboring communities within the borders of Licking County. The Licking County region is close to post bulk mail centers and package delivery air hubs.

Newark area businesses continue to manufacture and distribute a wide variety of products. Foremost among these products are plastics, insulation, prefabricated homes, prismatic reflectors, wiping cloths, quartz and specialty products, asphalt, automotive products, bricks, chemicals, electronic equipment, truck axles and transmissions, anodized aluminum products, wood veneer, dairy products, concrete products and many other industrial specialty items. Newark and Licking County have been noted for their diversity of industry and business. During both strong and slow economic periods the area has not experienced wide variations in its economic indicators. The community has been fortunate to have experienced a steady economy along with a lower unemployment rate.

There was tremendous change at the former Newark Air Force Base, now known as the Central Ohio Aerospace and Technology Center (COATC). Serving as anchor tenants, Boeing Guidance Repair Center and Wyle Labs are settling into their areas and into the community. The Heath-Newark-Licking County Port Authority which owns and manages the facility continues to plan for the future of the COATC. In addition to physical improvements to the property, the Port Authority continues to seek tenants who will complement the site's high-technology environment. COATC has over 50,000 square feet of existing multi-purpose space available. Land is also available for development. On-site first response fire protection services are provided by Rural Metro.

Area Development Magazine stated, "The Central Ohio Aerospace and Technology Center is one of Ohio's newest resources for advanced-technology companies. It also represents a unique initiative by the community, people and governments of Licking County who were determined that the decommissioning of the Newark Air Force Base would be a new beginning and not an end." The Port Authority intends to promote this excellent resource to the private sector, and by doing so, expects to create greater economic prosperity for the community. The Port Authority's goal for the facility is to one day become known as one of this country's premier high technology service centers. The Boeing Corporation has taken over operations at the former Newark Air Force Base.

The Owens Corning Corporation remains one of the largest employers and the largest industry in Newark. The Newark facility is the "world's largest fiberglass manufacturing facility." It employs 500 people and fills several thousand orders per day. The plant is situated on 250 acres within the city and incorporates 70 buildings with approximately 40 acres under roof. Owens Corning's Research and Technology Center is in nearby Granville and employs over 600 researchers and their support staff. During the fall of 2000, Owens Corning went into bankruptcy. While the City is optimistic, the bankruptcy's impact is unknown. The recent recession, impacting the housing industry, has had an effect on Owens Corning as well.

Newer business to the Newark area includes the Bear Creek Corporation which is one of the nation's leading direct mail marketers. The Bear Creek Corporation includes the companies of Harry and David, Jackson and Perkins, Northwest Express and Bear Creek Gardens. Bear Creek is the largest direct mail marketer of gift fruit.

For the Year Ended December 31, 2018***

Unemployment Rates:

The Ohio Bureau of Employment Services does not maintain statistics for the City of Newark, but unemployment within the City was estimated to be 4.5%.

Employee Relations:

The City of Newark negotiates contracts with five employee bargaining units. These groups consist of Local 109 of the International Association of Firefighters, Lodge 12 of the Licking County Fraternal Order of Police, the American Federation of State, County and Municipal Employees (AFSCME) Local 2963, Ohio Council 8, AFL-CIO, certain other non-uniform employees of the City and employees in management and supervisory service. Current contracts with union employees cover the years 2017 through 2019.

MAJOR INITIATIVES

During 2018, continuing efforts were made to upgrade services and improve the quality of life for the citizens of Newark through the following projects:

Infrastructure Improvements

During 2018 the Downtown Square underwent a complete rebuilt changing the traffic flow. Additionally, improved streetscapes were constructed along with Biosales greatly assisting with storm water runoff. The project also eliminated combined sanitary and storm sewers. The project is continuing to include other downtown streets.

A new bridge carrying State Route 13 over the route 16 expressway was completed allowing route 13 to pass through the city as a two way street, eliminating a congested one way traffic pattern through the downtown area.

Various improvements continue at the water and waste water plants, including the Licking River Interceptor project that will prevent overflow at the waste water facility.

Further development along the State Route 16 corridor is also taking place. A beautification project involving construction of golf courses and a highway widening project were completed. The State Route 16 corridor will also be a vital segment of the proposed "Columbus to Pittsburgh Corridor" a planned expressway linking the two cities.

***Letter of Transmittal
For the Year Ended December 31, 2018***

Parks and Recreation

Throughout 2018, activities were provided at the City's youth center and community meeting hall in the newly renovated Everett Pool House. The building was remodeled to provide a meeting center for youth and adults who live on the near east side. It has been a very successful improvement project and has been well received by the near east side residents. In addition, Denman Park was rebuilt and new playground equipment installed. Also included in the renovation was a new road and entrance to the park. Improvements have been made at Hollander Pool on the City's north side, including a waterslide. The City entered into a management agreement with the Newark-Licking County YMCA for Hollander Pool operations. Major renovations were made to the City's ice arena including new mechanicals. The funding for the one million dollar project came from private donations. The facility has been leased to the Newark Sport and Event Commission and remains open to the public. The City recently acquired Don Edwards Field, the Babe Ruth Baseball Complex from Babe Ruth International with funds generated by a "Bed Tax" on occupied hotel rooms with proceeds being dedicated to recreation and tourism. With the purchase of Don Edwards Field, plans are underway to host the Babe Ruth World series in the upcoming years.

City-Wide Initiatives

During 2015 financing was arranged for a two year, twenty million dollar improvement project that will replace combined sanitary and storm sewers as well as replacing aging water lines. The project will also include a streetscape design that will feature environmentally friendly storm water drainage, and make changes to the traffic flow around the downtown Courthouse Square. The multi stage project continued through 2018. Also included is the market district and green spaces along with improved parking in the Canal and Market Street area just south of the Square.

Long-Term Financial Planning

The City has become increasingly aware of a declining cash reserve balance. During fiscal year 2007 the City began charging for EMS transport services. Legislation has been passed and amended mandating that 12.5% of the proceeds be set aside in reserve to provide stability to the City's General Fund with an additional 25% of the proceeds being earmarked and credited to the City's Capital Improvement Fund which is dedicated to infrastructure upgrades and improvements. As a result of these fees, the City has been able to increase the number of firefighters and medics and has been able to increase the replacement of EMS transport vehicles.

***Letter of Transmittal
For the Year Ended December 31, 2018***

FINANCIAL INFORMATION

Internal Control, Budgetary Control and the Accounting System:

Development of the City's accounting system included substantial consideration of the adequacy of the internal accounting controls. Internal accounting controls are designed to provide reasonable but not absolute assurance that:

1. The City's assets are protected against loss and unauthorized use or disposition; and
2. Reliable financial reports for preparing financial statements and providing accountability for assets are maintained.

The concept of reasonable assurance states that internal controls should be evaluated applying the following criteria:

1. The expense associated with providing the internal controls should not exceed the benefits likely to be derived from their implementation; and
2. The evaluation of the offsetting costs and benefits involves estimates and judgment by the City administration and members of the finance office.

All internal control evaluations occur within this framework. It is the belief of the administrative and financial management personnel that the City's financial controls adequately safeguard existing assets and provide reasonable assurance of the proper recording of financial transactions. The City Auditor's Office is responsible for the auditing and analysis of all purchase orders and vouchers of the City. The Auditor's Office personnel review the purchase orders and vouchers very carefully to ensure the availability of monies in the proper funds and accounts prior to certification and payment of approved invoices. The City utilizes a fully automated accounting system, as well as an automated system of controls for capital asset accounting and payroll. These systems coupled with the review and examination performed by the City Auditor's Office ensure that the financial information generated is both accurate and reliable.

Budgetary control is maintained at the object level for each function within each fund by legislation approved by City Council. The various objects are:

- | | |
|-------------------------|------------------------------|
| * Personal services | * Materials and Supplies |
| * Contractual services | * Capital Outlay |
| * Other (Miscellaneous) | * Debt Service:
Principal |
| * Transfers | Interest |

***Letter of Transmittal
For the Year Ended December 31, 2018***

Lower levels within each object are accounted for and reported internally. Such lower levels are referred to as line items of expenditure. Estimated amounts must be encumbered prior to final approval of purchase orders or other contracts to vendors. Encumbrances in excess of the available object level appropriations are not approved unless additional appropriations are authorized. Unencumbered appropriations at year end return (lapse) to the unappropriated balances in the individual funds at the end of each fiscal year which coincides with the calendar year.

OTHER INFORMATION

Independent Audit:

The basic financial statements of the City of Newark were audited by BHM CPA Group Incorporated. The independent auditor's unmodified opinion has been included in this report.

Awards:

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Newark, Ohio for its Comprehensive Annual Financial Report for the fiscal year ended December 31, 2017. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards in state and local government financial reporting. To be awarded a Certificate of Achievement, a governmental unit must prepare an easily readable and efficiently organized Comprehensive Annual Financial Report whose contents satisfy all program standards. The report must satisfy both generally accepted accounting principles (GAAP) and applicable legal requirements respective to the reporting entity.

A Certificate of Achievement is valid for a period of one year only. The City of Newark has received a Certificate of Achievement for twenty-seven consecutive years (1991 - 2017). We believe this current report continues to conform to the Certificate of Achievement for Excellence in Financial Reporting program requirements and are submitting it to the GFOA.

Public Disclosure:

The publication of this Comprehensive Annual Financial Report is indicative of the City's commitment to provide significantly enhanced financial information and accountability to its citizens. In addition to the citizens of Newark, the recipients of this report include city, state and federal officials, schools, libraries, newspapers, investment banking firms, banks and rating agencies. The report is made available to any person or organization requesting it. The extensive effort to prepare and distribute this report is indicative of the continued efforts of the City to improve its overall financial accounting, management and reporting capabilities.

***Letter of Transmittal
For the Year Ended December 31, 2018***

Acknowledgments:

This report is a culmination of many hours of concentrated work on the part of the City Auditor's Office staff and a number of dedicated city employees and associates.

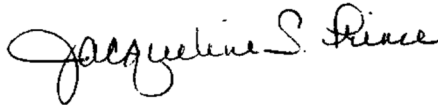

We also express our sincere appreciation to Donald J. Schonhardt and Associates, Inc. for their professional manner, expertise and countless hours of consultation in completing this annual financial report for the citizens of this community.

Finally, special thanks to the members of City Council and the City Administration, whose support is necessary for the City of Newark to conform to reporting requirements established for municipal governments. By doing so, the City has been able to maintain the sound financial position it has enjoyed for many years.

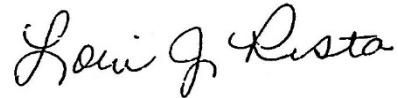

Respectfully,

Stephen E. Johnson

Independent Auditor's Report

City of Newark
Licking County
40 West Main Street
Newark, Ohio 43055

To the Members of Council:

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Newark, Licking County, Ohio (the City), as of and for the year ended December 31, 2018, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for preparing and fairly presenting these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes designing, implementing, and maintaining internal control relevant to preparing and fairly presenting financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to opine on these financial statements based on our audit. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the City's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the City's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinions.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Newark, Licking County, Ohio, as of December 31, 2018, and the respective changes in financial position and, where applicable, cash flows thereof and the budgetary comparison for the General Fund for the year then ended in accordance with the accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 2 to the financial statements, during 2018, the City adopted new accounting guidance in Governmental Accounting Standards Board (GASB) Statement No. 75, *Accounting and Financial reporting for Postemployment Benefits Other than Pensions*. We did not modify our opinion regarding this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require this presentation to include *Management's discussion and analysis* and schedules of net pension and other post-employment benefit liabilities and pension and other post-employment contributions, listed in the table of contents, to supplement the basic financial statements. Although this information is not part of the basic financial statements, the Governmental Accounting Standards Board considers it essential for placing the basic financial statements in an appropriate operational, economic, or historical context. We applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, consisting of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, to the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not opine or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to opine or provide any other assurance.

Supplementary and Other Information

Our audit was conducted to opine on the City's basic financial statements taken as a whole.

The introductory section, the financial section's combining statements, individual fund statements and schedules, and the statistical section information present additional analysis and are not a required part of the basic financial statements.

The statements and schedules are management's responsibility, and derive from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. We subjected these statements and schedules to the auditing procedures we applied to the basic financial statements.

We also applied certain additional procedures, including comparing and reconciling statements and schedules directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves in accordance with auditing standards generally accepted in the United States of America. In our opinion, these statements and schedules are fairly stated in all material respects in relation to the basic financial statements taken as a whole. We did not subject the introductory section and statistical section information to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion or any other assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 11, 2019, on our consideration of the City's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

BHM CPA Group, Inc
Piketon, Ohio
June 11, 2019

This discussion and analysis of the City of Newark's financial performance provides an overall review of the City's financial activities for the year ended December 31, 2018. The intent of this discussion and analysis is to look at the City's financial performance as a whole; readers should also review the transmittal letter, notes to the basic financial statements and financial statements to enhance their understanding of the City's financial performance.

FINANCIAL HIGHLIGHTS

Key financial highlights for 2018 are as follows:

- ❑ In total, net position increased \$448,781. Net position of governmental activities decreased \$1,775,108, which represents a 33% change from 2017. Net position of business-type activities increased \$2,223,889 or 7% from 2017.
- ❑ General revenues accounted for \$29,866,289 in revenue or 51% of all revenues. Program specific revenues in the form of charges for services and grants and contributions accounted for \$29,213,247, or 49% of total revenues of \$59,079,536.
- ❑ The City had \$42,392,457 in expenses related to governmental activities; only \$10,751,060 of these expenses were offset by program specific charges for services, grants or contributions. General revenues of \$29,866,289 were not adequate to provide for these programs.
- ❑ Among major funds, the general fund had \$32,459,087 in revenues and other financing sources and \$32,173,798 in expenditures and other financing uses. The general fund's fund balance increased from \$6,465,049 to \$6,747,337.

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of four parts – *management's discussion and analysis*, the *basic financial statements*, *required supplemental information*, and an optional section that presents *combining and individual statements* for nonmajor governmental funds. The basic financial statements include two kinds of statements that present different views of the City:

These statements are as follows:

1. *The Government-Wide Financial Statements* – These statements provide both long-term and short-term information about the City's overall financial status.
2. *The Fund Financial Statements* – These statements focus on individual parts of the City, reporting the City's operations in more detail than the government-wide statements.

The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data.

Government-wide Statements

The government-wide statements report information about the City as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes all of the government's assets, liabilities, and deferred outflows/inflows of resources. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two government-wide statements report the City's net position and how it has changed. Net position is one way to measure the City's financial health.

- Over time, increases or decreases in the City's net position is an indicator of whether its financial health is improving or deteriorating, respectively.
- To assess the overall health of the City you need to consider additional nonfinancial factors such as the City's tax base and the condition of the City's capital assets.

The government-wide financial statements of the City are divided into two categories:

- Governmental Activities – Most of the City's program's and services are reported here including security of persons and property, leisure time activities, public health and welfare services, community environment, transportation and general government.
- Business-Type Activities – These services are provided on a charge for goods or services basis to recover all of the expenses of the goods or services provided. The City's water, sewer, and storm water services are reported as business-type activities.

Fund Financial Statements

Funds are accounting devices that the City uses to keep track of specific sources of funding and spending for particular purposes. The fund financial statements provide more detailed information about the City's most significant funds, not the City as a whole.

Governmental Funds – Most of the City's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in future periods. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the City's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance programs. The relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is reconciled in the financial statements.

Proprietary Funds – Proprietary funds use the same basis of accounting as business-type activities; therefore, these statements will essentially match. The proprietary fund financial statements provide separate information for the Water, Sewer, and Storm Water funds, each of which are considered major funds.

**Management's Discussion and Analysis
For the Year Ended December 31, 2018**

Unaudited

Fiduciary Funds – Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are *not* reflected in the government-wide financial statement because the resources of those funds are *not* available to support the City's own programs. All of the City's fiduciary activities are reported in a separate Statement of Assets and Liabilities.

FINANCIAL ANALYSIS OF THE CITY AS A WHOLE

The following table provides a summary of the City's net position for 2018 compared to 2017.

	Governmental Activities		Business-type Activities		Total	
		Restated		Restated		
	2018	2017	2018	2017	2018	2017
Current and Other Assets	\$30,995,006	\$29,855,006	\$15,068,806	\$17,494,150	\$46,063,812	\$47,349,156
Capital Assets, Net	73,469,985	68,681,526	95,266,201	87,452,610	168,736,186	156,134,136
Total Assets	104,464,991	98,536,532	110,335,007	104,946,760	214,799,998	203,483,292
Deferred Outflows of Resources	8,483,184	9,401,770	1,242,890	2,420,201	9,726,074	11,821,971

Net OPEB Liability	30,127,032	27,153,431	2,534,524	2,472,777	32,661,556	29,626,208
Other Long-term Liabilities	31,395,410	27,342,931	59,739,537	56,890,736	91,134,947	84,233,667
Other Liabilities	3,693,206	3,771,205	9,012,085	9,079,767	12,705,291	12,850,972
Total Liabilities	99,583,952	98,824,324	74,895,635	74,076,187	174,479,587	172,900,511
Deferred Inflows of Resources	9,829,841	3,804,488	1,277,482	109,883	11,107,323	3,914,371
Net Position						
Net Investment in Capital Assets	48,075,929	46,518,880	30,027,197	27,363,677	78,103,126	73,882,557
Restricted	14,481,155	14,563,247	0	0	14,481,155	14,563,247
Unrestricted	(59,022,702)	(55,772,637)	5,377,583	5,817,214	(53,645,119)	(49,955,423)
Total Net Position	\$3,534,382	\$5,309,490	\$35,404,780	\$33,180,891	\$38,939,162	\$38,490,381

The net pension liability (NPL) is reported by the City pursuant to GASB Statement 68, "Accounting and Financial Reporting for Pensions—an Amendment of GASB Statement 27." For fiscal year 2018, the City adopted GASB Statement 75, "Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions," which significantly revises accounting for costs and liabilities related to other postemployment benefits (OPEB). For reasons discussed below, many end users of this financial statement will gain a clearer understanding of the City's actual financial condition by adding deferred inflows related to pension and OPEB, the net pension liability and the net OPEB liability to the reported net position and subtracting deferred outflows related to pension and OPEB.

Governmental Accounting Standards Board standards are national and apply to all government financial reports prepared in accordance with generally accepted accounting principles. Prior accounting for pensions (GASB 27) and postemployment benefits (GASB 45) focused on a funding approach. This approach limited pension and OPEB costs to contributions annually required by law, which may or may not be sufficient to fully fund each plan's *net pension liability* or *net OPEB liability*.

***Management's Discussion and Analysis
For the Year Ended December 31, 2018***

Unaudited

GASB 68 and GASB 75 take an earnings approach to pension and OPEB accounting; however, the nature of Ohio's statewide pension/OPEB plans and state law governing those systems requires additional explanation in order to properly understand the information presented in these statements.

GASB 68 and GASB 75 require the net pension liability and the net OPEB liability to equal the City's proportionate share of each plan's collective:

1. Present value of estimated future pension/OPEB benefits attributable to active and inactive employees' past service
2. Minus plan assets available to pay these benefits

GASB notes that pension and OPEB obligations, whether funded or unfunded, are part of the "employment exchange" – that is, the employee is trading his or her labor in exchange for wages, benefits, and the promise of a future pension and other postemployment benefits. GASB noted that the unfunded portion of this promise is a present obligation of the government, part of a bargained-for benefit to the employee, and should accordingly be reported by the government as a liability since they received the benefit of the exchange. However, the City is not responsible for certain key factors affecting the balance of these liabilities. In Ohio, the employee shares the obligation of funding pension benefits with the employer. Both employer and employee contribution rates are capped by State statute. A change in these caps requires action of both Houses of the General Assembly and approval of the Governor. Benefit provisions are also determined by State statute. The Ohio revised Code permits, but does not require the retirement systems to provide healthcare to eligible benefit recipients. The retirement systems may allocate a portion of the employer contributions to provide for these OPEB benefits.

The employee enters the employment exchange with the knowledge that the employer's promise is limited not by contract but by law. The employer enters the exchange also knowing that there is a specific, legal limit to its contribution to the retirement system. In Ohio, there is no legal means to enforce the unfunded liability of the pension/OPEB plan *as against the public employer*. State law operates to mitigate/lessen the moral obligation of the public employer to the employee, because all parties enter the employment exchange with notice as to the law. The retirement system is responsible for the administration of the pension and OPEB plans.

Most long-term liabilities have set repayment schedules or, in the case of compensated absences (i.e. sick and vacation leave), are satisfied through paid time-off or termination payments. There is no repayment schedule for the net pension liability or the net OPEB liability. As explained above, changes in benefits, contribution rates, and return on investments affect the balance of these liabilities, but are outside the control of the local government. In the event that contributions, investment returns, and other changes are insufficient to keep up with required payments, State statute does not assign/identify the responsible party for the unfunded portion. Due to the unique nature of how the net pension liability and the net OPEB liability are satisfied, these liabilities are separately identified within the long-term liability section of the statement of net position.

In accordance with GASB 68 and GASB 75, the City's statements prepared on an accrual basis of accounting include an annual pension expense and an annual OPEB expense for their proportionate share of each plan's *change* in net pension liability and net OPEB liability, respectively, not accounted for as deferred inflows/outflows. As a result of implementing GASB 75, the City is reporting a net OPEB liability and deferred inflows/outflows of resources related to OPEB on the accrual basis of accounting. This implementation also had the effect of restating net position at December 31, 2017 from \$32,354,427 to \$5,309,490 for Governmental Activities and from \$35,622,382 to \$33,180,891 for Business-type Activities.

Governmental Activities

The information necessary to restate the 2017 beginning balances and the 2017 OPEB expense amounts for the effects of the initial implementation of GASB 75 is not available. Therefore, 2017 functional expenses still include OPEB expense of \$108,494 for Governmental Activities and \$31,286 for Business-type Activities computed under GASB 45. GASB 45 required recognizing OPEB expense equal to the contractually required contributions to the plan. Under GASB 75, OPEB expense represents additional amounts earned, adjusted by deferred inflows/outflows. The contractually required contribution is no longer a component of OPEB expense. Under GASB 75, the 2018 statements report OPEB expense of \$2,148,685 for Governmental Activities and \$173,385 for Business-type Activities.

***Management's Discussion and Analysis
For the Year Ended December 31, 2018***

Unaudited

Consequently, in order to compare 2018 total program expenses to 2017, the following adjustments are needed:

	Governmental Activities	Business-type Activities
Total 2018 program expenses under GASB 75	\$42,392,457	\$16,238,298
OPEB expense under GASB 75	(2,148,685)	(173,385)
2018 contractually required contribution	49,038	0
Adjusted 2018 program expenses	40,292,810	16,064,913
Total 2017 program expenses under GASB 45	39,422,830	15,137,923
Change in program expenses not related to OPEB	\$869,980	\$926,990

The City receives an income tax, which is based on 1.75% of all salaries, wages, commissions and other compensation and on net profits earned from residents living within the City.

Income taxes and property taxes made up 57% and 9% respectively of revenues for governmental activities in 2018. The City's reliance upon tax revenues is demonstrated by the following graph indicating 66% of total revenues from general tax revenues:

Revenue Sources	2018	Percent of Total
General Tax Revenues	\$26,997,423	66.47%
Intergovernmental, Unrestricted	1,552,058	3.82%
Program Revenues	10,751,060	26.47%
General Other	1,316,808	3.24%
Total Revenue	\$40,617,349	100.00%

Business-Type Activities

Net position of the business-type activities increased \$2,223,889. This represents a 7% change from the previous year. Revenues remained consistent with the prior year. An increase in expenses can be attributed to increased electric costs to operate storm and sewer pumps, due to an extremely wet year. Also contributing to the increase in expenses were costs associated with hauling sewage to the landfill while the digester is undergoing improvements.

FINANCIAL ANALYSIS OF THE CITY'S FUNDS

The City's governmental funds reported a combined fund balance of \$19,343,142, which is an increase from last year's balance of \$17,716,359. The schedule below indicates the fund balance and the total change in fund balance as of December 31, 2018 and 2017:

	Fund Balance December 31, 2018	Fund Balance December 31, 2017	Increase (Decrease)
General	\$6,747,337	\$6,465,049	\$282,288
Other Governmental	12,595,805	11,251,310	1,344,495
Total	\$19,343,142	\$17,716,359	\$1,626,783

CITY OF NEWARK, OHIO

**Management's Discussion and Analysis
For the Year Ended December 31, 2018**

Unaudited

General Fund – The City's General Fund balance change is due to several factors. The tables that follow assist in illustrating the financial activities of the General Fund:

	2018	2017	Increase
	<u>Revenues</u>	<u>Revenues</u>	<u>(Decrease)</u>
Taxes	\$25,653,633	\$25,149,819	\$503,814
Intergovernmental Revenues	1,620,612	1,741,761	(121,149)
Charges for Services	2,394,466	2,183,564	210,902
Licenses, Permits and Fees	79,200	91,611	(12,411)
Investment Earnings	158,931	133,435	25,496
Fines and Forfeitures	1,747,287	1,686,494	60,793
All Other Revenue	656,987	469,610	187,377
Total	<u>\$32,311,116</u>	<u>\$31,456,294</u>	<u>\$854,822</u>

Total General Fund revenues increased \$854,822 or 3% when compared with the previous year. Income taxes increased slightly, which can be attributed to increased efforts by the City to collect on delinquent taxes as well as overall economic improvements. An increase in charges for services can be attributed to emergency medical service transport fees.

	2018	2017	Increase
	<u>Expenditures</u>	<u>Expenditures</u>	<u>(Decrease)</u>
Security of Persons and Property	\$17,166,917	\$16,639,358	\$527,559
Leisure Time Activities	734,646	700,726	33,920
Community Environment	386,877	286,036	100,841
Transportation	8,287	25,768	(17,481)
General Government	10,392,601	9,987,034	405,567
Interest and Fiscal Charges	1,017	1,188	(171)
Total	<u>\$28,690,345</u>	<u>\$27,640,110</u>	<u>\$1,050,235</u>

General Fund expenditures increased \$1,050,235, or approximately 4% when compared with the prior year. Increases in security of persons and property and general government can be attributed to increases in salaries and wages. An increase in community environment was the result of an increase in the number of blighted properties that were razed.

The City's budget is prepared according to Ohio law and is based on accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The most significant budgeted fund is the General Fund. During the course of 2018 the City amended its General Fund budget several times.

For the General Fund, the difference between original and final budgeted receipts was insignificant. Actual budget basis receipts were 4% higher than final estimates due to an increase in income tax receipts. The difference between original and final budgeted expenditures was insignificant. Actual expenditures were 4% less than final budget estimates.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

At the end of 2018 the City had \$168,736,186 net of accumulated depreciation invested in land, construction in progress, buildings, improvements, infrastructure, equipment and vehicles. Of this total, \$73,469,985 was related to governmental activities and \$95,266,201 to the business-type activities. The following tables show 2018 and 2017 balances:

	Governmental Activities		Increase (Decrease)
	2018	Restated 2017	
Land	\$20,119,771	\$20,059,826	\$59,945
Construction In Progress	4,757,377	4,260,592	496,785
Buildings	22,529,644	22,529,644	0
Improvements Other than Buildings	4,355,193	4,355,193	0
Infrastructure	75,630,567	71,915,219	3,715,348
Machinery and Equipment	12,369,008	11,087,436	1,281,572
Less: Accumulated Depreciation	<u>(66,291,575)</u>	<u>(63,447,641)</u>	<u>(2,843,934)</u>
Totals	<u>\$73,469,985</u>	<u>\$70,760,269</u>	<u>\$2,709,716</u>

Infrastructure additions included intersection improvements at 30th Street and West Church Street, Safe Routes to School pedestrian improvements on West Church and 21st Streets, State Route 16 eastbound ramp improvements at West Church Street, and resurfacing of North 21st Street. Machinery and equipment additions included police vehicles and a fire truck.

	Business-Type Activities		Increase (Decrease)
	2018	Restated 2017	
Land	\$161,800	\$161,800	\$0
Construction in Progress	31,569,484	24,769,448	6,800,036
Buildings and Improvements	58,180,134	58,180,134	0
Infrastructure	33,700,240	32,871,100	829,140
Machinery and Equipment	31,062,829	30,851,576	211,253
Less: Accumulated Depreciation	<u>(59,408,286)</u>	<u>(57,037,333)</u>	<u>(2,370,953)</u>
Totals	<u>\$95,266,201</u>	<u>\$89,796,725</u>	<u>\$5,469,476</u>

Significant additions to business-type activities capital assets consisted of a downtown sewer separation project, downtown water improvements, alternative storm water project, and sewer and storm water improvements at Mount Vernon Road. Additional information on the City's capital assets can be found in Note 9.

Compensated Absences	3,303,331	3,445,735
Total Governmental Activities	<u>95,890,746</u>	<u>97,131,862</u>
Business-Type Activities:		
General Obligation Bonds	6,194,630	7,902,115
OWDA Loans	49,099,957	47,169,828
OPWC Loans	1,117,466	1,228,641
ODOT State Infrastructure Bank Loan	2,776,277	2,344,115
Net Pension Liability	3,609,489	5,632,907
Net OPEB Liability	2,534,524	2,472,777
Compensated Absences	551,207	590,152
Total Business-Type Activities	<u>65,883,550</u>	<u>67,340,535</u>
Totals	<u><u>\$161,774,296</u></u>	<u><u>\$164,472,397</u></u>

Under current state statutes, the City's general obligation bonded debt issues are subject to a legal limitation based on 10.5% of the total assessed value of real and personal property. In addition, the unvoted net debt of municipal corporations cannot exceed 5.5% of the total assessed value of property. At December 31, 2018, the City's outstanding debt was below the legal limit. Additional information on the City's long-term debt can be found in Note 13.

ECONOMIC FACTORS

The economy of the City of Newark has historically had a manufacturing base. This has resulted in an economic decline during recessionary periods. Attempts have been made recently to diversify so economic fluctuations will not impact the City as drastically.

While the City has experienced a general decline in manufacturing jobs over the past decade, two major industrial parks are located just outside the City limits and are responsible for a growth in manufacturing jobs. An Amazon distribution complex is located in nearby Etna Township along with two joint economic development zones (JEDZ) have also been created with Etna Township. The City has seen an increase in commercial and retail development in recent years that has provided a positive impact in the tax base. The unemployment in the City remains below the national average.

The City's operating budget has been affected by recession and economic uncertainty in recent years; however, an economic recovery is beginning to take place. The income tax collections increased by 3% in 2018 continuing a three-year growth trend. The city's operating budgets shown an increase over the same period and budgetary forecasts project that growth trend will continue.

REQUESTS FOR INFORMATION

The purpose of this financial report is to provide a clear picture to citizens, taxpayers, investors and creditors and any interested party of the City's accountability of the funds it receives. Please direct any questions you may have or request for additional information to: Stephen E. Johnson, City Auditor, 40 West Main Street, Newark, Ohio 43055.

***Reconciliation Of Total Governmental Fund Balances
To Net Position Of Governmental Activities
December 31, 2018***

Total Governmental Fund Balances \$ 19,343,142

Amounts reported for governmental activities in the statement of net position are different because

Capital Assets used in governmental activities are not resources and therefore are not reported in the funds. 73,469,985

Other long-term assets are not available to pay for current-period expenditures and therefore are deferred in the funds. 5,046,761

The net pension/OPEB liability is not due and payable in the current period; therefore, the liability and related deferred inflows/outflows are not reported in governmental funds:

Deferred Outflows - Pension	5,438,251	
Deferred Inflows - Pension	(4,515,984)	
Net Pension Liability	(34,368,304)	
Deferred Outflows - OPEB	2,866,795	
Deferred Inflows - OPEB	(1,884,347)	
Net OPEB Liability	<u>(30,127,032)</u>	(62,590,621)

Internal service funds are used by management to charge the costs of insurance to individual funds. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net position. (457,357)

Long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported in the funds.

General Obligation Bonds Payable	(18,832,762)	
Deferred Charge on Debt Refunding	178,138	
ODOT State Infrastructure Bank Loan	(3,229,157)	
Long Term Note Payable	(1,125,000)	
Ohio Public Works Commission Loan	(830,750)	
Capital Leases Payable	(2,088,567)	
Accrued Pension Liability	(1,468,890)	
Compensated Absences Payable	(3,271,323)	
Worker's Compensation Retrospective Liability	(516,953)	
Accrued Interest Payable	<u>(92,264)</u>	<u>(31,277,528)</u>

**Reconciliation Of The Statement Of Revenues, Expenditures
And Changes In Fund Balances Of Governmental Funds
To The Statement Of Activities
For the Year Ended December 31, 2018**

Net Change in Fund Balances - Total Governmental Funds		\$ 1,745,527
<i>Amounts reported for governmental activities in the statement of activities are different because</i>		
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlay exceeded depreciation in the current period.		
Capital Outlay	3,723,459	
Depreciation Expense	<u>(2,891,097)</u>	832,362
The net effect of various miscellaneous transactions involving capital assets (i.e. disposals and donations) is to increase net position.		
Donations of capital assets increase net position in the statement of activities, but do not appear in the governmental funds because they are not financial resources.		1,881,272
The statement of activities reports losses arising from the disposal of capital assets. Conversely, the governmental funds do not report any loss on the disposal of capital assets.		(3,918)
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.		(734,747)
Contractually required contributions are reported as expenditures in governmental funds; however, the statement of net position reports these amounts as deferred outflows:		
Pension	2,971,650	
OPEB	<u>49,038</u>	3,020,688
Except for amounts reported as deferred inflows/outflows, changes in the net pension and OPEB liabilities are reported as pension/OPEB expense in the statement of activities:		
Pension	(4,322,197)	
OPEB	<u>(2,148,685)</u>	(6,470,882)
The issuance of long-term debt (e.g. bonds, leases) provides current financial resources to governmental funds, however, has no effect on net position.		
ODOT State Infrastructure Bank Loan Issuance	(1,084,411)	
Capital Leases Issued	(1,292,500)	
Long Term Note Issuance	<u>(1,125,000)</u>	(3,501,911)
Repayment of bond and loan principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position.		
Deferred Charge on Debt Refunding Amortization	(14,450)	
Bond Premium Amortization	48,555	
General Obligation Bond Principal Payment	960,000	
OPWC Loan Principal Payment	79,250	
ODOT State Infrastructure Bank Loan Retirement	411,690	
Capital Lease Principal Payment	222,510	
Pension Liability Principal Payment	<u>60,632</u>	1,768,187

(Continued)

CITY OF NEWARK, OHIO

In the statement of activities, interest is accrued on outstanding bonds, whereas in governmental funds, an interest expenditure is reported when due. 6,293

Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in the governmental funds.

Compensated Absences	154,337	
Worker's Compensation Retrospective Liability	(396,866)	
Change in Inventory	<u>(118,744)</u>	(361,273)

Internal Service Funds are used by management to charge the costs of insurance to individual funds and are not reported in the statement of activities.

Governmental fund expenditures and related internal service revenues are eliminated. The net revenue (expense) of the internal service funds is allocated among the governmental activities.

43,294

Change in Net Position of Governmental Activities

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2018***

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City of Newark, Ohio (the "City") was incorporated in 1826 under the laws of the State of Ohio. The City operates under a Council-Mayor form of government.

The financial statements are presented as of December 31, 2018 and for the year then ended and have been prepared in conformity with generally accepted accounting principles (GAAP) applicable to local governments. The Governmental Accounting Standards Board (the "GASB") is the standard-setting body for establishing governmental accounting and financial reporting principles, which are primarily set forth in the GASB's Codification of Governmental Accounting and Financial Reporting Standards (GASB Codification).

A. Reporting Entity

The accompanying basic financial statements comply with the provisions of GASB Statement No. 14, *"The Financial Reporting Entity,"* in that the financial statements include all organizations, activities, functions and component units for which the City (the primary government) is financially accountable. Financial accountability is defined as the appointment of a voting majority of a legally separate organization's governing body and either (1) the City's ability to impose its will over the organization, or (2) the potential that the organization will provide a financial benefit to or impose a financial burden on the City.

Based on the foregoing, the City's financial reporting entity has no component units but includes all funds, agencies, boards and commissions that are part of the primary government, which include the following services: police and fire protection, parks and recreation, planning, zoning, street maintenance and other governmental services. In addition, the City owns and operates a water treatment and distribution system, a wastewater treatment and collection system, and a storm water collection system, which are reported as enterprise funds.

B. Basis of Presentation - Fund Accounting

The accounting policies and financial reporting practices of the City conform to generally accepted accounting principles as applicable to governmental units. The following is a summary of its significant accounting policies:

The accounting system is organized and operated on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, deferred outflows/inflows of resources, fund equity, revenues and expenditures (expenses). The following fund types are used by the City:

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2018***

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Basis of Presentation - Fund Accounting (Continued)

Governmental Funds

Governmental funds are those funds through which most governmental functions are typically financed. The acquisition, use and balances of the City's expendable financial resources and the related current liabilities (except those accounted for in the proprietary funds) are accounted for through governmental funds. The measurement focus is upon determination of "financial flow" (sources, uses and balances of financial resources). The following is the City's only major governmental fund:

General Fund - This fund is used to account for all financial resources except those accounted for in another fund. The general fund balance is available to the City for any purpose provided it is expended or transferred according to the general laws of Ohio.

Proprietary Funds

All proprietary funds are accounted for on an "economic resources" measurement focus. This measurement focus provides that all assets, liabilities, and deferred outflows/inflows of resources associated with the operation of these funds are included on the statement of net position. Proprietary fund type operating statements present increases (i.e., revenues) and decreases (i.e., expenses) in net position.

Enterprise Funds - These funds are used to account for operations that are financed and operated in a manner similar to private business enterprises, where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. The City's major enterprise funds are:

Water Fund – To account for the operation of the City's water service.

Sewer Fund – To account for the operation of the City's sanitary sewer service.

Storm Water Fund – To account for the operation of the City's storm water drainage system.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2018***

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Basis of Presentation - Fund Accounting (Continued)

Internal Service Fund - To account for the accumulation and allocation of costs associated with the City's health and dental self-insurance program.

Fiduciary Funds

Agency Funds - These funds are used to account for assets the City holds in a trustee capacity or as an agent for individuals, private organizations, other governments and other funds. The agency funds account for municipal court monies, fire damage reimbursements, fines for the Licking County law library and Joint Economic Development Zone income tax collections. Agency funds are purely custodial (assets equal liabilities) and thus do not involve measurement of results of operations.

C. Basis of Presentation – Financial Statements

Government-wide Financial Statements – The statement of net position and the statement of activities display information about the City as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The statements distinguish between those activities of the City that are governmental and those that are considered business-type activities.

Interfund receivables and payables between governmental and business-type activities have been eliminated in the government-wide statement of net position.

The government-wide statements are prepared using the economic resources measurement focus. This is the same approach used in the preparation of the proprietary fund financial statements but differs from the manner in which governmental fund financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

The government-wide statement of activities presents a comparison between direct expenses and program revenues for each segment of the business-type activities of the City and for each function or program of the City's governmental activities. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues which are not classified as program revenues are presented as general revenues of the City, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each business segment or governmental function is self-financing or draws from the general revenues of the City.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2018***

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Basis of Presentation – Financial Statements (Continued)

Fund Financial Statements – Fund financial statements report detailed information about the City. The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. Fiduciary funds are reported by fund type.

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All governmental fund types are accounted for using a flow of current financial resources measurement focus. The financial statements for governmental funds are a balance sheet, which generally includes only current assets, current liabilities, and deferred outflows/inflows of resources, and a statement of revenues, expenditures and changes in fund balances, which reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources.

All proprietary fund types are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets, liabilities, and deferred outflows/inflows of resources associated with the operation of these funds are included on the statement of net position. The statement of changes in fund net position presents increases (i.e., revenues) and decreases (i.e., expenses) in net position. The statement of cash flows provides information about how the City finances and meets the cash flow needs of its proprietary activities.

D. Basis of Accounting

Basis of accounting represents the methodology utilized in the recognition of revenues and expenditures or expenses in the accounts and reported in the financial statements, and relates to the timing of the measurements made. The accounting and reporting treatment applied to a fund is determined by its measurement focus.

The modified accrual basis of accounting is followed by the governmental funds. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual, i.e., both measurable and available. The term "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period, which for the City is 60 days after year end. Expenditures are recognized in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest on general long-term debt which is recognized when due.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2018***

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Basis of Accounting (Continued)

Non-exchange transactions, in which the City receives value without directly giving equal value in return, include income taxes, property taxes, grants, entitlements and donations. Revenue from income taxes is recognized in the period in which the income is earned and is available. Revenue from property taxes is recognized in the period for which the taxes are levied and is available. Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied and the revenue is available. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the City must provide local resources to be used for a specific purpose, and expenditure requirements, in which the resources are provided to the City on a reimbursement basis.

Revenue considered susceptible to accrual at year end includes income taxes, property taxes, interest on investments and state levied locally shared taxes (including motor vehicle license fees and local government assistance). Licenses, permits, charges for service and other miscellaneous revenues are recorded as revenue when received in cash because generally this revenue is not measurable until received.

Special assessment installments including related accrued interest, which are measurable but not available at December 31, are recorded as deferred inflows of resources. Property taxes which are measurable at December 31, 2018 but are not intended to finance 2018 operations, and delinquent property taxes whose availability is indeterminate, are recorded as deferred inflows of resources. Property taxes are further described in Note 6.

The accrual basis of accounting is utilized for reporting purposes by the government-wide financial statements, proprietary funds and agency funds. Revenues are recognized when they are earned and expenses recognized when incurred.

E. Budgetary Process

The budgetary process is prescribed by provisions of the Ohio Revised Code and entails the preparation of budgetary documents within an established timetable. The major documents prepared are the tax budget, the certificate of estimated resources and the appropriation ordinance, all of which are prepared on the budgetary basis of accounting. The certificate of estimated resources and the appropriation ordinance are subject to amendment throughout the year.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2018***

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

E. Budgetary Process (Continued)

All funds other than agency funds are legally required to be budgeted and appropriated; however, only governmental funds are required to be reported. The Mary E. Barnes Trust Fund (special revenue fund) was not budgeted and only exists on a GAAP basis. The primary level of budgetary control is at the department level by object code. Budgetary modifications may be made only by ordinance of the City Council.

1. Tax Budget

The Mayor submits an annual tax budget for the following fiscal year to City Council by July 15 for consideration and passage. The adopted budget is submitted to the County Auditor, as Secretary of the County Budget Commission, by July 20 of each year for the period January 1 to December 31 of the following year.

2. Estimated Resources

The County Budget Commission reviews estimated revenue and determines if the budget substantiates a need to levy all or part of previously authorized taxes. The Budget Commission then certifies its actions to the City by September 1 of each year. As part of the certification process, the City receives an official certificate of estimated resources stating the projected receipts by fund. Prior to December 31, the City must revise its budget so that the total contemplated expenditures from any fund during the ensuing fiscal year do not exceed the amount available as stated in the certificate of estimated resources. The revised budget then serves as the basis for the annual appropriations measure. On or about January 1, the certificate of estimated resources is amended to include any unencumbered fund balances from the preceding year. The certificate may be further amended during the year if a new source of revenue is identified or if actual receipts exceed current estimates. The amounts reported on the budgetary statements reflect the amounts in the final amended official certificate of estimated resources issued during 2018.

3. Appropriations

A temporary appropriation ordinance to control expenditures may be passed on or about January 1 of each year for the period January 1 through March 31. An annual appropriation ordinance must be passed by April 1 of each year for the period January 1 through December 31. The appropriation ordinance establishes spending controls at the department and object code level. The appropriation ordinance may be amended during the year as additional information becomes available, provided that total fund appropriations do not exceed the current estimated resources as certified by the County Budget Commission. During the year, several supplemental appropriations were necessary to budget contingency funds, intergovernmental grants and proceeds of debt issues.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2018***

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

E. Budgetary Process (Continued)

3. Appropriations (Continued)

The allocation of appropriations among departments and objects within a fund may be modified during the year only by an ordinance of City Council. Administrative control is maintained through the establishment of more detailed line-item budgets. The budgetary figures which appear in the "Statement of Revenues, Expenditures, and Changes in Fund Balances--Budget and Actual for the General Fund" are provided on the budgetary basis to provide a comparison of actual results with the final budget, including all amendments and modifications.

4. Lapsing of Appropriations

At the close of each fiscal year, the unencumbered balance of each appropriation reverts to the respective fund from which it was appropriated and becomes subject to future appropriations. The encumbered appropriation balance is carried forward to the subsequent fiscal year and need not be reappropriated.

This space intentionally left blank.

**Notes to the Basic Financial Statements
For the Year Ended December 31, 2018**

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

E. Budgetary Process (Continued)

5. Budgetary Basis of Accounting

The City's budgetary process accounts for the City's transactions on a basis other than generally accepted accounting principles (GAAP). The major differences between the budgetary basis and the GAAP basis lie in the manner in which revenues and expenditures are recorded. Under the budgetary basis, revenues and expenditures are recognized on the cash basis. Utilizing the cash basis, revenues are recorded when received in cash and expenditures when paid. Under the GAAP basis, revenues and expenditures are recorded on the modified accrual basis of accounting.

The following table summarizes the adjustments necessary to reconcile the GAAP basis statements to the budgetary cash basis statements for the General Fund:

	<u>Net Change in Fund Balance</u>
	<u>General Fund</u>
GAAP Basis (as reported)	\$285,289
Increase (Decrease):	
Accrued Revenues at December 31, 2018 received during 2019	(2,363,064)
Accrued Revenues at December 31, 2017 received during 2018	2,049,197
Accrued Expenditures at December 31, 2018 paid during 2019	1,254,211
Accrued Expenditures at December 31, 2017 paid during 2018	(1,265,286)
2017 Prepays for 2018	53,232
2018 Prepays for 2019	(427,483)
Outstanding Encumbrances	<u>(697,941)</u>
Budget Basis	<u>(\$1,111,845)</u>

F. Cash and Cash Equivalents

Cash and cash equivalents include amounts in demand deposits, the State Treasury Asset Reserve (STAR Ohio), and short-term certificates of deposit with original maturities of three months or less. The Star Ohio and certificates of deposit are considered cash equivalents because they are highly liquid investments. See Note 5, "Cash, Cash Equivalents and Investments."

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2018***

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

G. Investments

Investment procedures and interest allocations are restricted by provisions of the Ohio Constitution and the Ohio Revised Code. The City allocates interest among certain funds based upon the fund's cash balance at the date of investment. In accordance with GASB Statement No. 31, "Accounting and Financial Reporting for Certain Investments and for External Investment Pools" and GASB Statement No. 72, "Fair Value Measurement and Application," the City records all its investments at fair value except for nonparticipating investment contracts which are reported at cost, which approximates fair value. All investment income, including changes in the fair value of investments, is recognized as revenue in the operating statements.

The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets. Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. See Note 5, "Cash, Cash Equivalents and Investments."

The City's investment in the State Treasury Asset Reserve of Ohio (STAR Ohio) is an investment pool managed by the State Treasurer's Office which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company and is recognized as an external investment pool by the City. The City measures their investment in STAR Ohio at the net asset value (NAV) per share provided by STAR Ohio. The NAV per share is calculated on an amortized cost basis that provides a NAV per share that approximates fair value. For fiscal year 2018, there were no limitations or restrictions on any participant withdrawals due to redemption notice periods, liquidity fees, or redemption gates. However, notice must be given 24 hours in advance of all deposits and withdrawals exceeding \$25 million. STAR Ohio reserves the right to limit the transaction to \$100 million, requiring the excess amount to be transacted the following business day(s), but only to the \$100 million limit. All accounts of the participant will be combined for these purposes.

H. Inventory

On the government-wide financial statements and in the proprietary funds, inventories are presented at cost on a first-in, first-out basis and are expensed when used. Inventories of governmental funds are stated at cost. The cost of inventory items is recorded as an expenditure in the governmental funds when purchased.

I. Prepaid Items

Payments made to vendors for services that will benefit periods beyond December 31, 2018, are recorded as prepaid items using the consumption method. A current asset for the prepaid amount is recorded at the time of the purchase and an expenditure/expense is reported in the year in which services are consumed.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2018***

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

J. Capital Assets and Depreciation

Capital assets are defined by the City as assets with an initial, individual cost of more than \$15,000.

1. Property, Plant and Equipment - Governmental Activities

Governmental activities capital assets are those not directly related to the business type funds. These generally are acquired or constructed for governmental activities and are recorded as expenditures in the governmental funds and are capitalized at cost (or estimated historical cost for assets not purchased in recent years). These assets are reported in the Governmental Activities column of the Government-wide Statement of Net Position, but they are not reported in the Fund Financial Statements.

Contributed capital assets are recorded at acquisition value at the date received. Capital assets include land, buildings, building improvements, machinery, equipment and infrastructure. Infrastructure is defined as long-lived capital assets that normally are stationary in nature and normally can be preserved for a significant number of years. Examples of infrastructure include roads, bridges, curbs and gutters, streets and sidewalks, drainage systems and lighting systems. Estimated historical costs for governmental activities capital asset values were initially determined by identifying historical costs when such information was available. In cases where information supporting original cost was not obtainable, estimated historical costs were developed. For certain capital assets, the estimates were arrived at by indexing estimated current costs back to the estimated year of acquisition.

2. Property, Plant and Equipment – Business Type Activities

Property, plant and equipment acquired by the proprietary funds are stated at cost (or estimated historical cost), including interest capitalized during construction and architectural and engineering fees where applicable. Contributed capital assets are recorded at acquisition value at the date received. These assets are reported in both the Business-Type Activities column of the Government-wide Statement of Net Position and in the respective funds.

3. Depreciation

All capital assets are depreciated, excluding land and construction in progress. Depreciation has been provided using the straight-line method over the following estimated useful lives:

<u>Description</u>	<u>Governmental and Business-Type Activities Estimated Lives (in years)</u>
Buildings	45
Improvements other than Buildings	60
Machinery, Equipment, Furniture and Fixtures	3 - 10
Infrastructure	15 - 75

**Notes to the Basic Financial Statements
For the Year Ended December 31, 2018**

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

K. Long-Term Obligations

Long-term liabilities are being repaid from the following funds:

<u>Obligation</u>	<u>Fund</u>
General Obligation Bonds	Water Fund, Sewer Fund, Storm Water Fund Tax Increment Financing Fund Debt Service Fund
OWDA Loans	Water Fund, Sewer Fund, Storm Water Fund
OPWC Loans	Permissive License Tax Fund, Sewer Fund
Capital Leases	General Fund, Capital Improvement Fund
Compensated Absences	General Fund Street Department Fund Community Development Fund Court Computerization Fund Probation Grant Fund Water Fund Sewer Fund Storm Water Fund
Accrued Pension Liability	General Fund
Worker's Compensation Retrospective Liability	General Fund
ODOT SIB Loan	Tax Increment Financing Fund, Permissive License Tax Fund, Sewer Fund, Storm Water Fund
Long Term Notes	Debt Service Fund

L. Compensated Absences

Employees of the City earn vacation leave at various rates within limits specified under collective bargaining agreements or under statute. At termination or retirement, employees are paid at their full rate for one-hundred percent (100%) of their unused vacation leave.

Sick leave is accrued by all employees at the rate of 4.615 hours every two weeks for a total of fifteen days of sick leave accrued per year. A percentage of accrued sick leave time is liquidated in cash at termination (in good standing) or at retirement. The rate of cash compensation for sick leave payout varies within specified limits under collective bargaining agreements or under law. Generally, employees with ten years of continuous service may receive 33% of their accrued sick leave if they terminate in good standing prior to retirement. Employees who elect to retire after 25 years of credit in the retirement system receive 50% of their accrued sick leave at time of retirement. Cash compensation for sick leave is paid at the employee's full rate of pay at the time of termination or retirement.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2018***

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

L. Compensated Absences (Continued)

Sick leave is accrued using the vesting method, whereby the liability is recorded on the basis of leave accumulated by employees who are eligible to receive termination payments as of the balance sheet date, and on leave balances accumulated by other employees who are expected to become eligible in the future to receive such payments. In accordance with GASB Statement No. 16, "*Accounting for Compensated Absences*," the City records a liability for vacation time and sick leave when the obligation is attributable to services previously rendered or to rights that vest or accumulate, and when payment of the obligation is probable and can be reasonably determined. For governmental funds, compensated absences are recognized as liabilities and expenditures to the extent payments come due each period upon the occurrence of employee resignations and retirements. For governmental funds, the portion of unpaid compensated absences expected to be paid using expendable, available resources is reported as an expenditure in the fund from which the individual earning the leave is paid, and a corresponding liability is reflected in the account "Compensated Absences Payable." The long-term portion of the liability is reported in the Government-wide Statements under Long-term Liabilities.

M. Net Position

Net position represents the difference between assets, liabilities, and deferred outflows/inflows of resources. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. Net position is reported as restricted when there are limitations imposed on use either through the enabling legislation adopted by the City or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. The City applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

N. Interfund Activity

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after nonoperating revenues/expenses in proprietary funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements. In order to avoid distorting the measurement of the cost of individual functional activities, entries are made to eliminate the activity provided by the internal service funds to those funds considered governmental and those considered business-type. The elimination of the internal service funds is based on the activity of each fund to which it provides service. Interfund services provided and used are not eliminated through the process of consolidation.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2018***

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

O. Pension/OPEB

The provision for pension/OPEB cost is recorded when the related payroll is accrued and the obligation is incurred. For purposes of measuring the net pension/OPEB liability, deferred outflows of resources and deferred inflows of resources related to pensions/OPEB, and pension/OPEB expense, information about the fiduciary net position of the pension/OPEB plans and additions to/deductions from their fiduciary net position have been determined on the same basis as they are reported by the pension/OPEB systems. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. The pension/OPEB systems report investments at fair value.

P. Fund Balances

In the fund financial statements, fund balance for governmental funds is reported in classifications that comprise a hierarchy based primarily on the extent to which the City is bound to honor constraints on the specific purpose for which amounts in the funds can be spent. Fund balance is reported in five components – nonspendable, restricted, committed, assigned and unassigned.

Nonspendable – Nonspendable fund balance includes amounts that cannot be spent because they are either not in spendable form or legally contractually required to be maintained intact.

Restricted – Restricted fund balance consists of amounts that have constraints placed on them either externally by third parties (creditors, grantors, contributors, or laws or regulations of other governments) or by law through constitutional provisions or enabling legislation. Enabling legislation authorizes the City to assess, levy, charge or otherwise mandate payment of resources (from external resource providers) and includes a legally enforceable requirement (compelled by external parties) that those resources be used only for the specific purposes stipulated in the legislation.

Committed – Committed fund balance consists of amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the City's highest level of decision making authority. For the City, these constraints consist of ordinances passed by City Council. Committed amounts cannot be used for any other purpose unless the City removes or changes the specified use by taking the same type of action (ordinance) it employed previously to commit those amounts.

Assigned – Assigned fund balance consists of amounts that are constrained by the City's intent to be used for specific purposes, but are neither restricted nor committed. The City has no formal policy authorizing a body or official to assign amounts for specific purposes.

Unassigned – Unassigned fund balance consists of amounts that have not been restricted, committed or assigned to specific purposes within the General Fund as well as negative fund balances in all other governmental funds.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted (committed, assigned and unassigned) resources as they are needed.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2018***

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Q. Restricted Assets

Restricted cash and investments are amounts restricted in use for matured bonds and interest payable, cemetery care and maintenance, fire department operations, and permissive tax monies held and secured by Licking County.

R. Operating Revenues and Expenses

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues are those revenues that are generated directly from the primary activity of the proprietary funds. For the City, these revenues are charges for services for water treatment and distribution, wastewater collection and treatment, and storm water collection. Operating expenses are necessary costs incurred to provide the good or service that is the primary activity of the fund. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

S. Extraordinary and Special Items

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of the City and that are either unusual in nature or infrequent in occurrence. The City had no special or extraordinary items to report during 2018.

T. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will *not* be recognized as an outflow of resources (expense/expenditure) until then. The City reports deferred outflows for the deferred charge on debt refunding and for deferred pension/OPEB amounts. The deferred charge on debt refunding is reported in the government-wide statement of net position and proprietary funds statement of net position. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. Deferred outflows of resources are reported for pension/OPEB amounts on the government-wide and proprietary funds statement of net position. See Notes 10 and 11.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time. On the government-wide statement of net position and governmental funds balance sheet, property taxes that are intended to finance future fiscal periods are reported as deferred inflows.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2018***

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

T. Deferred Outflows/Inflows of Resources (Continued)

In addition, the governmental funds balance sheet reports deferred inflows which arise only under a modified accrual basis of accounting. Accordingly, the item, *unavailable amounts*, is reported only in the governmental funds balance sheet. The governmental funds report unavailable amounts for property taxes, income taxes, special assessments, and state levied shared taxes. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. Deferred inflows of resources related to pension/OPEB are reported on the government-wide and proprietary funds statement of net position. See Notes 10 and 11.

NOTE 2 – CHANGE IN ACCOUNTING PRINCIPLE AND RESTATEMENT OF NET POSITION

For 2018, the City implemented Governmental Accounting Standards Board (GASB) Statement No. 75, “Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions,” Statement No. 85, “Omnibus 2017,” and Statement No. 86, “Certain Debt Extinguishment Issues.”

GASB Statement No. 75 addresses accounting and financial reporting for OPEB that is provided to the employees of state and local governmental employers. This Statement establishes standards for recognizing and measuring liabilities, deferred outflows of resources, deferred inflows of resources, and expense/expenditures related to OPEB.

GASB Statement No. 85 addresses a variety of topics including issues related to blending component units, goodwill, fair value measurement and application, and postemployment benefits (pensions and other postemployment benefits).

GASB Statement No. 86 improves consistency in accounting and financial reporting for in-substance defeasance of debt by providing guidance for transactions in which cash and other monetary assets acquired with only existing resources—resources other than the proceeds of refunding debt—are placed in an irrevocable trust for the sole purpose of extinguishing debt. This Statement also improves accounting and financial reporting for prepaid insurance on debt that is extinguished and notes to financial statements for debt that is defeased in substance.

This space intentionally left blank

CITY OF NEWARK, OHIO

**Notes to the Basic Financial Statements
For the Year Ended December 31, 2018**

NOTE 2 – CHANGE IN ACCOUNTING PRINCIPLE AND RESTATEMENT OF NET POSITION (Continued)

The implementation of GASB 75 had the following effect on net position as reported December 31, 2017:

	Governmental Activities	Business-type Activities	Water Fund	Sewer Fund
Net position December 31, 2017	\$32,354,427	\$35,622,382	\$11,863,827	\$18,813,427
Adjustments:				
Net OPEB Liability	(27,153,431)	(2,472,777)	(1,539,893)	(822,047)
Deferred Outflow - Payments Subsequent to the Measurement Date	108,494	31,286	20,021	9,902
Restated Net Position December 31, 2017	<u>\$5,309,490</u>	<u>\$33,180,891</u>	<u>\$10,343,955</u>	<u>\$18,001,282</u>
	Storm Water Fund			
Net position December 31, 2017	\$4,796,210			
Adjustments:				
Net OPEB Liability	(110,837)			
Deferred Outflow - Payments Subsequent to the Measurement Date	1,363			
Restated Net Position December 31, 2017	<u>\$4,686,736</u>			

Other than employer contributions subsequent to the measurement date, the City made no restatement for deferred inflows/outflows of resources as the information needed to generate these restatements was not available.

In addition to the changes noted above, the City restated beginning of year balances for construction in progress and Ohio Department of Transportation State Infrastructure Bank Loans. This restatement had no impact on beginning of year net position. The following table shows the changes in prior year balances reported:

	Governmental Activities	Business-type Activities	Sewer Fund	Storm Water Fund
Increase in Construction in Progress Reported at 12/31/2017	\$2,078,743	\$2,344,115	\$1,441,631	\$902,484
Increase in ODOT SIB Loans Reported at 12/31/2017	2,078,743	2,344,115	1,441,631	902,484
Effect on Net Position December 31, 2017	<u>\$0</u>	<u>\$0</u>	<u>\$0</u>	<u>\$0</u>

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2018***

NOTE 3 - COMPLIANCE AND ACCOUNTABILITY

Deficit Fund Equities –The fund deficits at December 31, 2018 of \$53,230 in the Safety Grants Fund, \$25,706 in the ODNR Grants Fund, and \$4,000 in the Brownfield Cleanup Fund (special revenue funds) arises from the recognition of expenditures on the modified accrual basis which are greater than expenditures recognized on the budgetary/cash basis. The general fund provides transfers when cash is required, not when accruals occur.

NOTE 4 – FUND BALANCE CLASSIFICATION

Fund balance is classified as nonspendable, restricted, assigned, and unassigned based primarily on the extent to which the City is bound to observe constraints imposed upon the use of the resources in the governmental funds. The constraints placed on fund balance for the major governmental funds and all other governmental funds are presented below:

Fund Balances	General Fund	Other Governmental Funds	Total Governmental Funds
Nonspendable:			
Supplies Inventory	\$140,389	\$377,514	\$517,903
Prepaid Items	427,483	42,436	469,919
Total Nonspendable	<u>567,872</u>	<u>419,950</u>	<u>987,822</u>
Restricted:			
Community Development	0	2,999,881	2,999,881
Capital Acquisition and Improvement	0	1,726,572	1,726,572
Cemetery Maintenance	0	1,158,330	1,158,330
Memorial Sidewalk Program	0	75,688	75,688
Street Maintenance	0	1,504,731	1,504,731
Adult Probation Program	0	91,292	91,292
FTA Taxi Token Program	0	359	359
Court Improvements	0	2,510,172	2,510,172
Law Enforcement	0	510,877	510,877
Pollution Remediation	0	4,724	4,724
Debt Retirement	0	1,682,014	1,682,014
Total Restricted	<u>0</u>	<u>12,264,640</u>	<u>12,264,640</u>
Assigned:			
Budget Resource	3,423,289	0	3,423,289
Supplies and Services	480,294	0	480,294
Compensated Absences	214,530	0	214,530
Total Assigned	<u>4,118,113</u>	<u>0</u>	<u>4,118,113</u>
Unassigned (Deficits):	<u>2,061,352</u>	<u>(88,785)</u>	<u>1,972,567</u>
Total Fund Balances	<u>\$6,747,337</u>	<u>\$12,595,805</u>	<u>\$19,343,142</u>

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2018***

NOTE 5 - CASH, CASH EQUIVALENTS, AND INVESTMENTS

Cash resources of several individual funds are combined to form a pool of cash and investments. In addition, investments are separately held by a number of individual funds.

Statutes require the classification of funds held by the City into three categories:

Category 1 consists of "active" funds - those funds required to be kept in "cash" or "near cash" status for immediate use by the City. Such funds must be maintained either as cash in the City Treasury or in depository accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts.

Category 2 consists of "inactive" funds - those funds not required for use within the current five year period of designation of depositories. Inactive funds may be deposited or invested only as certificates of deposit maturing no later than the end of the current period of designation of depositories.

Category 3 consists of "interim" funds - those funds not needed for immediate use but needed before the end of the current period of designation of depositories. Interim funds may be invested or deposited in the following securities:

- United States treasury notes, bills, bonds, or any other obligation or security issued by the United States treasury or any other obligation guaranteed as to principal or interest by the United States;
- Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality, including but not limited to, the federal national mortgage association, federal home loan bank, federal farm credit bank, federal home loan mortgage corporation, government national mortgage association, and student loan marketing association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
- Written repurchase agreements in the securities listed above provided that the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily, and that the term of the agreement must not exceed thirty days;
- Interim deposits in eligible institutions applying for interim funds;
- Bonds and other obligations of the State of Ohio;

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2018***

NOTE 5 - CASH, CASH EQUIVALENTS, AND INVESTMENTS (Continued)

- No-load money market mutual funds consisting exclusively of obligations described in the first two bullets of this section and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions, and
- The State Treasury Asset Reserve of Ohio (STAR Ohio).

Custodial credit risk is the risk that in the event of bank failure, the City's deposits may not be returned to it. The City has no deposit policy for custodial risk beyond the requirements of State statute.

Ohio law requires that deposits be either insured or be protected by eligible securities pledged to the City and deposited with a qualified trustee by the financial institution as security for repayment whose market value at all times shall be at least 105 percent of the deposits being secured, or participation in the Ohio Pooled Collateral System (OPCS), a collateral pool of eligible securities deposited with a qualified trustee and pledged to the Treasurer of State to secure the repayment of all public monies deposited in the financial institution. OPCS requires the total market value of the securities pledged to be 102 percent of the deposits being secured or a rate set by the Treasurer of State.

A. Deposits

At year end the carrying amount of the City's deposits was \$24,446,390 and the bank balance was \$25,224,717. Federal depository insurance covered \$18,887,544 of the bank balance and \$6,337,173 was uninsured and collateralized with securities held in the Ohio Pooled Collateral System.

This space intentionally left blank.

CITY OF NEWARK, OHIO

**Notes to the Basic Financial Statements
For the Year Ended December 31, 2018**

NOTE 5 - CASH, CASH EQUIVALENTS, AND INVESTMENTS (Continued)

B. Investments

The City's investments at December 31, 2018 are summarized below:

	Fair Value	Credit Rating	Fair Value Hierarchy	Concentration of Credit Risk	Investment Maturities (in Years)		
					less than 1	1-3	3-5
STAR Ohio ⁴	\$1,812,931	AAA ^m ¹	NA	26.39%	\$1,812,931	\$0	\$0
Government Agency MM ⁴	35,526	AA ⁺ ¹	NA	0.52%	35,526	0	0
Corporate Equities*	215,676	N/A	Level 2	3.14%	215,676	0	0
Mutual Funds ⁴	261,659	Aaa-Baa ²	NA	3.81%	261,659	0	0
Negotiable CD's	2,020,975	AAA ³	Level 2	29.42%	1,040,784	735,583	244,608
FHLB	793,860	AA ⁺ ¹	Level 2	11.56%	0	793,860	0
FHLMC	1,728,418	AA ⁺ ¹	Level 2	25.16%	0	1,231,438	496,980
Total Investments	\$6,869,045			100.00%	\$3,366,576	\$2,760,881	\$741,588

* Corporate Equities do not have a maturity

¹ Standard & Poor's

² Moody's Investor Service

³ All are fully FDIC insured and therefore have an implied AAA credit rating

⁴ Reported at amortized cost

Interest Rate Risk – The Ohio Revised Code generally limits security purchases to those that mature within five years of the settlement date. The City's investment policy is consistent with the Ohio Revised Code concerning interest rate risk.

Investment Credit Risk – The City's investment policy does not limit its investment choices other than the limitation of State statute for "interim" funds described previously.

Concentration of Credit Risk – The City places no limit on the amount it may invest in any one issuer. The allocation of investments is detailed above.

Custodial Credit Risk – The City's balance of investments are held by the trust department of its banking institution in the City's name. The City has no policy on custodial credit risk and is governed by Ohio Revised Code as described under Deposits.

The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets. Active markets are those in which transactions for the asset or liability occur in sufficient frequency and volume to provide pricing information on an ongoing basis. Quoted prices are available in active markets for identical assets or liabilities as of the reporting date. Level 2 inputs are significant other observable inputs. Investments classified in Level 2 of the fair value hierarchy are valued using a matrix pricing technique. Matrix pricing is used to value securities based on the securities' relationship to benchmark quoted prices. Level 3 inputs are significant unobservable inputs.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2018***

NOTE 6 - TAXES

A. Property Taxes

Property taxes include amounts levied against all real estate and public utility property located in the City. Real property taxes (other than public utility) collected during 2018 were levied after October 1, 2017 on assessed values as of January 1, 2017, the lien date. Assessed values are established by the county auditor at 35 percent of appraised market value. All property is required to be reappraised every six years and equalization adjustments are made in the third year following reappraisal. The last reappraisal was completed in 2017. Real property taxes are payable annually or semi-annually. The first payment is due January 20, with the remainder payable by June 20.

Public utility real and tangible personal property taxes collected in one calendar year are levied in the preceding calendar year on assessed values determined as of December 31 of the second year preceding the tax collection year, the lien date. Certain public utility tangible personal property is currently assessed at 100 percent of its true value. Public utility property taxes are payable on the same dates as real property described previously.

The County Treasurer collects property taxes on behalf of all taxing districts in the County including the City of Newark. The County Auditor periodically remits to the City its portion of the taxes collected.

The full tax rate for the City's operations for the year ended December 31, 2018 was \$3.70 per \$1,000 of assessed value. The assessed value upon which the 2018 levy was based was \$845,262,340. This amount constitutes \$812,298,820 in real property assessed value and \$32,963,520 in public utility assessed value.

Ohio law prohibits taxation of property from all taxing authorities in excess of 1% of assessed value without a vote of the people. Under current procedures, the City's share is .37% (3.70 mills) of assessed value.

B. Income Tax

The City levies a tax of 1.75% on all salaries, wages, commissions and other compensation and on net profits earned within the City as well as on incomes of residents earned outside the City. In the latter case, the City allows a credit of 100% of the tax paid to another municipality to a maximum of 1.00% of taxable salaries, wages, commissions and other compensation.

Employers within the City are required to withhold income tax on employees' compensation and remit the tax to the City either monthly or quarterly, as required. Corporations and other individual taxpayers are required to pay their estimated tax quarterly and file a declaration annually.

**Notes to the Basic Financial Statements
For the Year Ended December 31, 2018**

NOTE 7 - RECEIVABLES

Receivables at December 31, 2018 consisted of taxes, interest, accounts, loans, and intergovernmental receivables arising from shared revenues.

NOTE 8 – INTERFUND ACTIVITY

A. Transfers

Following is a summary of transfers in and out for all funds for 2018:

Fund	Transfer In	Transfer Out
Governmental Funds:		
General Fund	\$93,205	\$3,483,453
Other Governmental Funds	3,127,889	118,335
Total Governmental Funds	<u>3,221,094</u>	<u>3,601,788</u>
Proprietary Funds:		
Water Fund	0	19,882
Sewer Fund	118,658	0
Storm Water Fund	0	98,776
Total Enterprise Funds	<u>118,658</u>	<u>118,658</u>
Internal Service Fund	380,694	0
Total Proprietary Funds	<u>499,352</u>	<u>118,658</u>
Total Transfers	<u>\$3,720,446</u>	<u>\$3,720,446</u>

Transfers for the year ended December 31, 2018 included \$1,459,749 transferred from the General Fund to Capital Improvement Fund which were EMS receipts dedicated to capital improvements as well as the General Funds share of capital projects. \$1,567,551 was transferred from the General Fund to the Debt Service Funds for debt payments. Transfers from Other Governmental funds of \$118,335 were the result of the reclass of debt retirement. Transfers out of the Water and Storm Water Funds to the Sewer Fund were for debt retirement reclassification. All transfers were made in accordance with Ohio Revised Code.

B. Interfund Receivables/Payables

The following is a summary of interfund loans receivable and payable for all funds for 2018:

Fund	Interfund Loans Receivable	Interfund Loans Payable
General Fund	\$83,634	\$0
Other Governmental Funds	0	83,634
Totals	<u>\$83,634</u>	<u>\$83,634</u>

These Interfund Loans are short-term loans to cover a temporary cash deficit.

**Notes to the Basic Financial Statements

NOTE 10 – DEFINED BENEFIT PENSION PLANS

Net Pension Liability

The net pension liability reported on the statement of net position represents a liability to employees for pensions. Pensions are a component of exchange transactions—between an employer and its employees—of salaries and benefits for employee services. Pensions are provided to an employee—on a deferred-payment basis—as part of the total compensation package offered by an employer for employee services each financial period. The obligation to sacrifice resources for pensions is a present obligation because it was created as a result of employment exchanges that already have occurred.

The net pension liability represents the City’s proportionate share of each pension plan’s collective actuarial present value of projected benefit payments attributable to past periods of service, net of each pension plan’s fiduciary net position. The net pension liability calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting this estimate annually.

Ohio Revised Code limits the City’s obligation for this liability to annually required payments. The City cannot control benefit terms or the manner in which pensions are financed; however, the City does receive the benefit of employees’ services in exchange for compensation including pension.

GASB 68 assumes the liability is solely the obligation of the employer, because (1) they benefit from employee services; and (2) State statute requires all funding to come from these employers. All contributions to date have come solely from these employers (which also includes costs paid in the form of withholdings from employees). State statute requires the pension plans to amortize unfunded liabilities within 30 years. If the amortization period exceeds 30 years, each pension plan’s board must propose corrective action to the State legislature. Any resulting legislative change to benefits or funding could significantly affect the net pension liability. Resulting adjustments to the net pension liability would be effective when the changes are legally enforceable.

The proportionate share of each plan’s unfunded benefits is presented as a long-term *net pension liability* on the accrual basis of accounting. Any liability for the contractually-required pension contribution outstanding at the end of the year is included in *intergovernmental payable* on both the accrual and modified accrual bases of accounting.

Plan Description – Ohio Public Employees Retirement System (OPERS)

Plan Description - City employees, other than full-time police and firefighters, participate in the Ohio Public Employees Retirement System (OPERS). OPERS administers three separate pension plans. The traditional pension plan is a cost-sharing, multiple-employer defined benefit pension plan. The member-directed plan is a defined contribution plan and the combined plan is a cost-sharing, multiple-employer defined benefit pension plan with defined contribution features. While members (e.g. City employees) may elect the member-directed plan and the combined plan, substantially all employee members are in OPERS’ traditional plan; therefore, the following disclosure focuses on the traditional pension plan.

**Notes to the Basic Financial Statements
For the Year Ended December 31, 2018**

NOTE 10 – DEFINED BENEFIT PENSION PLANS (Continued)

OPERS provides retirement, disability, survivor and death benefits, and annual cost of living adjustments to members of the traditional plan. Authority to establish and amend benefits is provided by Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report that includes financial statements, required supplementary information and detailed information about OPERS’ fiduciary net position that may be obtained by visiting <https://www.opers.org/financial/reports.shtml>, by writing to the Ohio Public Employees Retirement System, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling 800-222-7377.

Senate Bill (SB) 343 was enacted into law with an effective date of January 7, 2013. In the legislation, members were categorized into three groups with varying provisions of the law applicable to each group. The following table provides age and service requirements for retirement and the retirement formula applied to final average salary (FAS) for the three member groups under the traditional plan as per the reduced benefits adopted by SB 343 (see OPERS CAFR referenced above for additional information):

Group A	Group B	Group C
Eligible to retire prior to January 7, 2013 or five years after January 7, 2013	20 years of service credit prior to January 7, 2013 or eligible to retire ten years after January 7, 2013	Members not in other Groups and members hired on or after January 7, 2013
State and Local	State and Local	State and Local
Age and Service Requirements: Age 60 with 60 months of service credit or Age 55 with 25 years of service credit	Age and Service Requirements: Age 60 with 60 months of service credit or Age 55 with 25 years of service credit	Age and Service Requirements: Age 57 with 25 years of service credit or Age 62 with 5 years of service credit
Formula: 2.2% of FAS multiplied by years of service for the first 30 years and 2.5% for service years in excess of 30	Formula: 2.2% of FAS multiplied by years of service for the first 30 years and 2.5% for service years in excess of 30	Formula: 2.2% of FAS multiplied by years of service for the first 35 years and 2.5% for service years in excess of 35

This Space Intentionally Left Blank

**Notes to the Basic Financial Statements
For the Year Ended December 31, 2018**

NOTE 10 – DEFINED BENEFIT PENSION PLANS (Continued)

Final average Salary (FAS) represents the average of the three highest years of earnings over a member's career for Groups A and B. Group C is based on the average of the five highest years of earnings over a member's career.

Members who retire before meeting the age and years of service credit requirement for unreduced benefits receive a percentage reduction in the benefit amount.

When a benefit recipient has received benefits for 12 months, an annual cost of living adjustment (COLA) is provided. This COLA is calculated on the base retirement benefit at the date of retirement and is not compounded. For those retiring prior to January 7, 2013, the COLA will continue to be a 3 percent simple annual COLA. For those retiring subsequent to January 7, 2013, beginning in calendar year 2019, the COLA will be based on the average percentage increase in the Consumer Price Index, capped at 3 percent.

Funding Policy - The Ohio Revised Code (ORC) provides statutory authority for member and employer contributions as follows:

	<u>State and Local</u>
2018 Statutory Maximum Contribution Rates	
Employer	14.0 %
Employee	10.0 %
2018 Actual Contribution Rates	
Employer:	
Pension	14.0 %
Post-employment Health Care Benefits	<u>0.0</u>
Total Employer	<u>14.0 %</u>
Employee	<u>10.0 %</u>

Employer contribution rates are actuarially determined and are expressed as a percentage of covered payroll. The City's contractually required contribution was \$1,312,745 for 2018. Of this amount, \$185,283 is reported as an intergovernmental payable.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2018***

NOTE 10 – DEFINED BENEFIT PENSION PLANS (Continued)

Plan Description – Ohio Police & Fire Pension Fund (OPF)

Plan Description - City full-time police and firefighters participate in Ohio Police and Fire Pension Fund (OPF), a cost-sharing, multiple-employer defined benefit pension plan administered by OPF. OPF provides retirement and disability pension benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefit provisions are established by the Ohio State Legislature and are codified in Chapter 742 of the Ohio Revised Code. OPF issues a publicly available financial report that includes financial information and required supplementary information and detailed information about OPF fiduciary net position. The report that may be obtained by visiting the OPF website at www.op-f.org or by writing to the Ohio Police and Fire Pension Fund, 140 East Town Street, Columbus, Ohio 43215-5164.

Upon attaining a qualifying age with sufficient years of service, a member of OPF may retire and receive a lifetime monthly pension. OPF offers four types of service retirement: normal, service commuted, age/service commuted and actuarially reduced. Each type has different eligibility guidelines and is calculated using the member's average annual salary. The following discussion of the pension formula relates to normal service retirement.

For members hired after July 1, 2013, the minimum retirement age is 52 for normal service retirement with at least 25 years of service credit. For members hired on or before July 1, 2013, the minimum retirement age is 48 for normal service retirement with at least 25 years of service credit.

The annual pension benefit for normal service retirement is equal to a percentage of the allowable average annual salary. The percentage equals 2.5 percent for each of the first 20 years of service credit, 2.0 percent for each of the next five years of service credit and 1.5 percent for each year of service credit in excess of 25 years. The maximum pension of 72 percent of the allowable average annual salary is paid after 33 years of service credit.

Under normal service retirement, retired members who are at least 55 years old and have been receiving OPF benefits for at least one year may be eligible for a cost-of-living allowance adjustment. The age 55 provision for receiving a COLA does not apply to those who are receiving a permanent and total disability benefit and statutory survivors.

Members retiring under normal service retirement, with less than 15 years of service credit on July 1, 2013, will receive a COLA equal to either three percent or the percent increase, if any, in the consumer price index (CPI) over the 12-month period ending on September 30 of the immediately preceding year, whichever is less. The COLA amount for members with at least 15 years of service credit as of July 1, 2013 is equal to three percent of their base pension or disability benefit.

**Notes to the Basic Financial Statements
For the Year Ended December 31, 2018**

NOTE 10 – DEFINED BENEFIT PENSION PLANS (Continued)

Funding Policy - The Ohio Revised Code (ORC) provides statutory authority for member and employer contributions as follows:

	<u>Police</u>	<u>Firefighters</u>
2018 Statutory Maximum Contribution Rates		
Employer	19.50 %	24.00 %
Employee:		
January 1, 2018 through December 31, 2018	12.25 %	12.25 %
2018 Actual Contribution Rates		
Employer:		
Pension	19.00 %	23.50 %
Post-employment Health Care Benefits	<u>0.50</u>	<u>0.50</u>
Total Employer	<u>19.50 %</u>	<u>24.00 %</u>
Employee:		
January 1, 2018 through December 31, 2018	12.25 %	12.25 %

Employer contribution rates are expressed as a percentage of covered payroll. The City’s contractually required contribution to OPF was \$2,095,532 for 2018. Of this amount, \$254,052 is reported as an intergovernmental payable.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

The net pension liability for OPERS was measured as of December 31, 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. OPF’s total pension liability was measured as of December 31, 2017, and was determined by rolling forward the total pension liability as of January 1, 2017, to December 31, 2017. The City’s proportion of the net pension liability was based on the City’s share of contributions to the pension plan relative to the contributions of all participating entities. Following is information related to the proportionate share and pension expense:

	<u>OPERS</u>	<u>OP&F</u>	<u>Total</u>
Proportionate Share of the Net Pension Liability	\$10,852,146	\$27,125,647	\$37,977,793
Proportion of the Net Pension Liability-2018	0.069175%	0.441969%	
Proportion of the Net Pension Liability-2017	<u>0.073004%</u>	<u>0.467510%</u>	
Percentage Change	<u>(0.003829%)</u>	<u>(0.025541%)</u>	
Pension Expense	\$1,998,612	\$2,912,522	\$4,911,134

**Notes to the Basic Financial Statements
For the Year Ended December 31, 2018**

NOTE 10 – DEFINED BENEFIT PENSION PLANS (Continued)

At December 31, 2018, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>OPERS</u>	<u>OP&F</u>	<u>Total</u>
Deferred Outflows of Resources			
Changes in assumptions	\$1,296,906	\$1,182,008	\$2,478,914
Differences between expected and actual experience	11,082	411,650	422,732
City contributions subsequent to the measurement date	<u>1,312,745</u>	<u>2,095,532</u>	<u>3,408,277</u>
Total Deferred Outflows of Resources	<u>\$2,620,733</u>	<u>\$3,689,190</u>	<u>\$6,309,923</u>
Deferred Inflows of Resources			
Net difference between projected and actual earnings on pension plan investments	\$2,329,813	\$938,339	\$3,268,152
Differences between expected and actual experience	213,860	49,070	262,930
Change in proportionate share	<u>492,825</u>	<u>1,502,692</u>	<u>1,995,517</u>
Total Deferred Inflows of Resources	<u>\$3,036,498</u>	<u>\$2,490,101</u>	<u>\$5,526,599</u>

\$3,408,277 reported as deferred outflows of resources related to pension resulting from City contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending December 31, 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized in pension expense as follows:

Year Ending December 31:	<u>OPERS</u>	<u>OP&F</u>	<u>Total</u>
2019	\$681,606	\$362,227	\$1,043,833
2020	(426,836)	115,526	(311,310)
2021	(1,025,925)	(856,367)	(1,882,292)
2022	(957,355)	(602,739)	(1,560,094)
2023	0	68,508	68,508
2024	<u>0</u>	<u>16,402</u>	<u>16,402</u>
Total	<u>(\$1,728,510)</u>	<u>(\$896,443)</u>	<u>(\$2,624,953)</u>

Actuarial Assumptions - OPERS

Actuarial valuations of an ongoing plan involve estimates of the values of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and cost trends. Actuarially determined amounts are subject to continual review or modification as actual results are compared with past expectations and new estimates are made about the future.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2018***

NOTE 10 – DEFINED BENEFIT PENSION PLANS (Continued)

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation. The total pension liability in the December 31, 2017 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Wage Inflation	3.25 percent
Future Salary Increases, including inflation	3.25 to 10.75 percent including wage inflation
COLA or Ad Hoc COLA (Pre 1/7/13 retirees)	3 percent simple
COLA or Ad Hoc COLA (Post 1/7/13 retirees)	3 percent simple through 2018. 2.15 percent simple, thereafter
Investment Rate of Return	7.5 percent
Actuarial Cost Method	Individual Entry Age

Mortality rates are based on the RP-2014 Healthy Annuitant mortality table. For males, Healthy Annuitant Mortality tables were used, adjusted for mortality improvement back to the observation period base of 2006 and then established the base year as 2015. For females, Healthy Annuitant Mortality tables were used, adjusted for mortality improvements back to the observation period base year of 2006 and then established the base year as 2010. The mortality rates used in evaluating disability allowances were based on the RP-2014 Disabled mortality tables, adjusted for mortality improvement back to the observation base year of 2006 and then established the base year as 2015 for males and 2010 for females. Mortality rates for a particular calendar year for both healthy and disabled retiree mortality tables are determined by applying the MP-2015 mortality improvement scale to the above described tables.

The most recent experience study was completed for the five year period ended December 31, 2015.

The long-term rate of return on defined benefit investment assets was determined using a building-block method in which best-estimate ranges of expected future real rates of return are developed for each major asset class. These ranges are combined to produce the long-term expected real rate of return by weighting the expected future real rates of return by the target asset allocation percentage, adjusted for inflation.

During 2017, OPERS managed investments in three investment portfolios: the Defined Benefit portfolio, the Health Care portfolio, and the Defined Contribution portfolio. The Defined Benefit portfolio contains the investment assets for the Traditional Pension Plan, the defined benefit component of the Combined Plan and the annuitized accounts of the Member-Directed Plan. Within the Defined Benefit portfolio, contributions into the plans are all recorded at the same time, and benefit payments all occur on the first of the month. Accordingly, the money-weighted rate of return is considered to be the same for all plans within the portfolio. The annual money-weighted rate of return expressing investment performance, net of investment expenses and adjusted for the changing amounts actually invested, for the Defined Benefit portfolio was 16.82% for 2017.

**Notes to the Basic Financial Statements
For the Year Ended December 31, 2018**

NOTE 10 – DEFINED BENEFIT PENSION PLANS (Continued)

The allocation of investment assets with the Defined Benefit portfolio is approved by the Board of Trustees as outlined in the annual investment plan. Plan assets are managed on a total return basis with a long-term objective of achieving and maintaining a fully funded status for the benefits provided through the defined benefit pension plans. The table below displays the Board-approved asset allocation policy for 2017 and the long-term expected real rates of return:

Asset Class	Target Allocation	Weighted Average Long-Term Expected Real Rate of Return (Arithmetic)
Fixed Income	23.00 %	2.20 %
Domestic Equities	19.00	6.37
Real Estate	10.00	5.26
Private Equity	10.00	8.97
International Equities	20.00	7.88
Other investments	18.00	5.26
Total	100.00 %	5.66 %

Discount Rate The discount rate used to measure the total pension liability was 7.5 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and those of the contributing employers are made at the statutorily required rates. Based on those assumptions, the pension plan’s fiduciary net position was projected to be available to make all projected future benefits payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the City’s Proportionate Share of the Net Pension Liability to Changes in the Discount Rate The following table presents the City’s proportionate share of the net pension liability calculated using the current period discount rate assumption of 7.5 percent, as well as what the City’s proportionate share of the net pension liability would be if it were calculated using a discount rate that is one-percentage-point lower (6.5 percent) or one-percentage-point higher (8.5 percent) than the current rate:

	1% Decrease (6.50%)	Current Discount Rate (7.50%)	1% Increase (8.50%)
City's proportionate share of the net pension liability	\$19,270,652	\$10,852,146	\$3,833,655

**Notes to the Basic Financial Statements
For the Year Ended December 31, 2018**

NOTE 10 – DEFINED BENEFIT PENSION PLANS (Continued)

Actuarial Assumptions – OPF

OPF’s total pension liability as of December 31, 2017 is based on the results of an actuarial valuation date of January 1, 2017, and rolled-forward using generally accepted actuarial procedures. The total pension liability is determined by OPF’s actuaries in accordance with GASB Statement No. 67, as part of their annual valuation. Actuarial valuations of an ongoing plan involve estimates of reported amounts and assumptions about probability of occurrence of events far into the future. Examples include assumptions about future employment mortality, salary increases, disabilities, retirements and employment terminations. Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

Key methods and assumptions used in calculating the total pension liability in the latest actuarial valuation, prepared as of January 1, 2017, are presented below:

Valuation Date	January 1, 2017
Actuarial Cost Method	Entry Age Normal
Investment Rate of Return	8.00 percent
Projected Salary Increases	3.75 percent to 10.5 percent
Payroll Increases	3.25 percent
Inflation Assumptions	2.75 percent
Cost of Living Adjustments	3.00 percent simple; 2.2 percent for increases based on the lesser of the increase in CPI and 3%.

Mortality for non-disabled participants is based on the RP-2014 Total Employee and Healthy Annuitant Mortality Tables rolled back to 2006, adjusted according to the rates in the following table, and projected with the Conduent Modified 2016 Improvement Scale. Rates for surviving beneficiaries are adjusted by 120%. Mortality for disabled retirees is based on the RP-2014 Disabled Mortality Tables rolled back to 2006, adjusted according to the rates in the following table, and projected with the Conduent Modified 2016 Improvement Scale.

	Age	Police	Fire
Healthy Mortality			
	67 or less	77%	68%
	68-77	105%	87%
	78 and up	115%	120%
Disabled Mortality			
	59 or less	35%	35%
	60-69	60%	45%
	70-79	75%	70%
	80 and up	100%	90%

The most recent experience study was completed for the five year period ended December 31, 2016.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2018***

NOTE 10 – DEFINED BENEFIT PENSION PLANS (Continued)

The long-term expected rate of return on pension plan investments was determined using a building-block approach and assumes a time horizon, as defined in the Statement of Investment Policy. A forecasted rate of inflation serves as the baseline for the return expectation. Various real return premiums over the baseline inflation rate have been established for each asset class. The long-term expected nominal rate of return has been determined by calculating a weighted averaged of the expected real return premiums for each asset class, adding the projected inflation rate and adding the expected return from rebalancing uncorrelated asset classes.

Best estimates of the long-term expected geometric real rates of return for each major asset class included in OPF’s target asset allocation as of December 31, 2017 are summarized below:

Asset Class	Target Allocation	Long Term Expected Real Rate of Return
Cash and Cash Equivalents	0.00 %	0.00 %
Domestic Equity	16.00	5.21
Non-US Equity	16.00	5.40
Core Fixed Income *	20.00	2.37
Global Inflation Protected *	20.00	2.33
High Yield	15.00	4.48
Real Estate	12.00	5.65
Private Markets	8.00	7.99
Real Assets	5.00	6.87
Master Limited Partnerships	8.00	7.36
Total	120.00 %	

* levered 2x

OPF’s Board of Trustees has incorporated the “risk parity” concept into OPF’s asset liability valuation with the goal of reducing equity risk exposure, which reduces overall Total Portfolio risk without sacrificing return, and creating a more risk-balanced portfolio based on their relationship between asset classes and economic environments. From the notional portfolio perspective above, the Total Portfolio may be levered up to 1.2 times due to the application of leverage in certain fixed income asset classes.

Discount Rate The total pension liability was calculated using the discount rate of 8.00 percent. The projection of cash flows used to determine the discount rate assumed the contributions from employers and from the members would be computed based on contribution requirements as stipulated by State statute. Projected inflows from investment earning were calculated using the longer-term assumed investment rate of return 8.00 percent. Based on those assumptions, the plan’s fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, a long-term expected rate of return on pension plan investments was applied to all periods of projected benefits to determine the total pension liability.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2018***

NOTE 10 – DEFINED BENEFIT PENSION PLANS (Continued)

Sensitivity of the City's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate Net pension liability is sensitive to changes in the discount rate, and to illustrate the potential impact the following table presents the net pension liability calculated using the discount rate of 8.00 percent, as well as what the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (7.00 percent), or one percentage point higher (9.00 percent) than the current rate.

	1% Decrease (7.00%)	Current Discount Rate (8.00%)	1% Increase (9.00%)
City's proportionate share of the net pension liability	\$37,603,258	\$27,125,647	\$18,580,195

NOTE 11 - DEFINED BENEFIT OPEB PLANS

Net OPEB Liability

The net OPEB liability reported on the statement of net position represents a liability to employees for OPEB. OPEB is a component of exchange transactions—between an employer and its employees—of salaries and benefits for employee services. OPEB are provided to an employee—on a deferred-payment basis—as part of the total compensation package offered by an employer for employee services each financial period. The obligation to sacrifice resources for OPEB is a present obligation because it was created as a result of employment exchanges that already have occurred.

The net OPEB liability represents the City's proportionate share of each OPEB plan's collective actuarial present value of projected benefit payments attributable to past periods of service, net of each OPEB plan's fiduciary net position. The net OPEB liability calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting these estimates annually.

Ohio Revised Code limits the City's obligation for this liability to annually required payments. The City cannot control benefit terms or the manner in which OPEB are financed; however, the City does receive the benefit of employees' services in exchange for compensation including OPEB.

GASB 75 assumes the liability is solely the obligation of the employer, because they benefit from employee services. OPEB contributions come from these employers and health care plan enrollees which pay a portion of the health care costs in the form of a monthly premium. The Ohio revised Code permits, but does not require the retirement systems to provide healthcare to eligible benefit recipients. Any change to benefits or funding could significantly affect the net OPEB liability. Resulting adjustments to the net OPEB liability would be effective when the changes are legally enforceable. The retirement systems may allocate a portion of the employer contributions to provide for these OPEB benefits.

The proportionate share of each plan's unfunded benefits is presented as a long-term *net OPEB liability* on the accrual basis of accounting. Any liability for the contractually-required OPEB contribution outstanding at the end of the year is included in *intergovernmental payable* on both the accrual and modified accrual bases of accounting.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2018***

NOTE 11 - DEFINED BENEFIT OPEB PLANS (Continued)

Plan Description – Ohio Public Employees Retirement System (OPERS)

Plan Description - The Ohio Public Employees Retirement System (OPERS) administers three separate pension plans: the traditional pension plan, a cost-sharing, multiple-employer defined benefit pension plan; the member-directed plan, a defined contribution plan; and the combined plan, a cost-sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and defined contribution plan.

OPERS maintains a cost-sharing, multiple-employer defined benefit post-employment health care trust, which funds multiple health care plans including medical coverage, prescription drug coverage and deposits to a Health Reimbursement Arrangement to qualifying benefit recipients of both the traditional pension and the combined plans. This trust is also used to fund health care for member-directed plan participants, in the form of a Retiree Medical Account (RMA). At retirement or refund, member directed plan participants may be eligible for reimbursement of qualified medical expenses from their vested RMA balance.

In order to qualify for postemployment health care coverage, age and service retirees under the traditional pension and combined plans must have twenty or more years of qualifying Ohio service credit. Health care coverage for disability benefit recipients and qualified survivor benefit recipients is available. The health care coverage provided by OPERS meets the definition of an Other Post Employment Benefit (OPEB) as described in GASB Statement 75. See OPERS' CAFR referenced below for additional information.

The Ohio Revised Code permits, but does not require OPERS to provide health care to its eligible benefit recipients. Authority to establish and amend health care coverage is provided to the Board in Chapter 145 of the Ohio Revised Code.

Disclosures for the health care plan are presented separately in the OPERS financial report. Interested parties may obtain a copy by visiting <https://www.opers.org/financial/reports.shtml>, by writing to OPERS, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling (614) 222-5601 or 800-222-7377.

Funding Policy - The Ohio Revised Code provides the statutory authority requiring public employers to fund postemployment health care through their contributions to OPERS. When funding is approved by OPERS Board of Trustees, a portion of each employer's contribution to OPERS is set aside to fund OPERS health care plans.

Employer contribution rates are expressed as a percentage of the earnable salary of active members. In 2018, state and local employers contributed at a rate of 14.0 percent of earnable salary and public safety and law enforcement employers contributed at 18.1 percent. These are the maximum employer contribution rates permitted by the Ohio Revised Code. Active member contributions do not fund health care.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2018***

NOTE 11 - DEFINED BENEFIT OPEB PLANS (Continued)

Each year, the OPERS Board determines the portion of the employer contribution rate that will be set aside to fund health care plans. The portion of employer contributions allocated to health care for members in the Traditional Pension Plan and Combined Plan was 1.0 percent during calendar year 2017. As recommended by OPERS' actuary, the portion of employer contributions allocated to health care beginning January 1, 2018 decreased to 0 percent for both plans. The OPERS Board is also authorized to establish rules for the retiree or their surviving beneficiaries to pay a portion of the health care provided. Payment amounts vary depending on the number of covered dependents and the coverage selected. The employer contribution as a percentage of covered payroll deposited into the RMA for participants in the Member-Directed Plan for 2018 was 4.0 percent.

Employer contribution rates are actuarially determined and are expressed as a percentage of covered payroll. The City's contractually required contribution was \$0 for 2018.

Plan Description – Ohio Police & Fire Pension Fund (OP&F)

Plan Description – The City contributes to the Ohio Police and Fire Pension Fund (OP&F) sponsored healthcare program, a cost-sharing, multiple-employer defined post-employment healthcare plan administered by a third-party provider. This program is not guaranteed and is subject to change at any time upon action of the Board of Trustees. OP&F provides health care benefits including coverage for medical, prescription drug, dental, vision, and Medicare Part B Premium to retirees, qualifying benefit recipients and their eligible dependents.

OP&F provides access to postretirement health care coverage for any person who receives or is eligible to receive a monthly service, disability, or statutory survivor benefit, or is a spouse or eligible dependent child of such person. The health care coverage provided by OP&F meets the definition of an Other Post Employment Benefit (OPEB) as described in Government Accounting Standards Board (GASB) Statement No. 75.

The Ohio Revised Code allows, but does not mandate, OP&F to provide OPEB benefits. Authority for the OP&F Board of Trustees to provide health care coverage to eligible participants and to establish and amend benefits is codified in Chapter 742 of the Ohio Revised Code.

OP&F issues a publicly available financial report that includes financial information and required supplementary information for the plan. The report may be obtained by visiting the OP&F website at www.op-f.org or by writing to the Ohio Police and Fire Pension Fund, 140 East Town Street, Columbus, Ohio 43215-5164.

Funding Policy – The Ohio Revised Code provides for contribution requirements of the participating employers and of plan members to the OP&F defined benefit pension plan. Participating employers are required to contribute to the pension plan at rates expressed as percentages of the payroll of active pension plan members, currently 19.5 percent and 24 percent of covered payroll for police and fire employer units, respectively. The Ohio Revised Code states that the employer contribution may not exceed 19.5 percent of covered payroll for police employer units and 24 percent of covered payroll for fire employer units. Active members do not make contributions to the OPEB Plan.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2018***

NOTE 11 - DEFINED BENEFIT OPEB PLANS (Continued)

OP&F maintains funds for health care in two separate accounts. There is one account for health care benefits and one account for Medicare Part B reimbursements. A separate health care trust accrual account is maintained for health care benefits under IRS Code Section 115 trust. An Internal Revenue Code 401(h) account is maintained for Medicare Part B reimbursements.

The Board of Trustees is authorized to allocate a portion of the total employer contributions made into the pension plan to the Section 115 trust and the Section 401(h) account as the employer contribution for retiree health care benefits. For 2018, the portion of employer contributions allocated to health care was 0.5 percent of covered payroll. The amount of employer contributions allocated to the health care plan each year is subject to the Trustees' primary responsibility to ensure that pension benefits are adequately funded and is limited by the provisions of Sections 115 and 401(h).

The OP&F Board of Trustees is also authorized to establish requirements for contributions to the health care plan by retirees and their eligible dependents or their surviving beneficiaries. Payment amounts vary depending on the number of covered dependents and the coverage selected.

The City's contractually required contribution to OP&F was \$49,038 for 2018. Of this amount, \$5,934 is reported as an intergovernmental payable.

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

The net OPEB liability and total OPEB liability for OPERS were determined by an actuarial valuation as of December 31, 2016, rolled forward to the measurement date of December 31, 2017, by incorporating the expected value of health care cost accruals, the actual health care payment, and interest accruals during the year. OP&F's total OPEB liability was measured as of December 31, 2017, and was determined by rolling forward the total OPEB liability as of January 1, 2017, to December 31, 2017. The City's proportion of the net OPEB liability was based on the City's share of contributions to the retirement plan relative to the contributions of all participating entities. Following is information related to the proportionate share and OPEB expense:

	<u>OPERS</u>	<u>OP&F</u>	<u>Total</u>
Proportionate Share of the Net OPEB Liability	\$7,620,198	\$25,041,358	\$32,661,556
Proportion of the Net OPEB Liability-2018	0.070172%	0.441969%	
Proportion of the Net OPEB Liability-2017	<u>0.073607%</u>	<u>0.467510%</u>	
Percentage Change	<u>(0.003435%)</u>	<u>(0.025541%)</u>	
OPEB Expense	\$519,305	\$1,802,765	\$2,322,070

CITY OF NEWARK, OHIO

**Notes to the Basic Financial Statements
For the Year Ended December 31, 2018**

NOTE 11 - DEFINED BENEFIT OPEB PLANS (Continued)

At December 31, 2018, the City reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	<u>OPERS</u>	<u>OP&F</u>	<u>Total</u>
Deferred Outflows of Resources			
Changes in assumptions	\$554,832	\$2,443,504	\$2,998,336
Differences between expected and actual experience	5,936	0	5,936
City contributions subsequent to the measurement date	0	49,038	49,038
Total Deferred Outflows of Resources	<u>\$560,768</u>	<u>\$2,492,542</u>	<u>\$3,053,310</u>
Deferred Inflows of Resources			
Net difference between projected and actual earnings on pension plan investments	\$567,654	\$164,833	\$732,487
Differences between expected and actual experience	0	126,298	126,298
Change in proportionate share	234,699	1,057,730	1,292,429
Total Deferred Inflows of Resources	<u>\$802,353</u>	<u>\$1,348,861</u>	<u>\$2,151,214</u>

\$49,038 reported as deferred outflows of resources related to OPEB resulting from City contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability in 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year Ending December 31:	<u>OPERS</u>	<u>OP&F</u>	<u>Total</u>
2019	\$13,980	\$142,926	\$156,906
2020	13,980	142,926	156,906
2021	(127,630)	142,926	15,296
2022	(141,915)	142,924	1,009
2023	0	184,134	184,134
2024	0	184,134	184,134
2025	0	154,673	154,673
Total	<u>(\$241,585)</u>	<u>\$1,094,643</u>	<u>\$853,058</u>

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2018***

NOTE 11 - DEFINED BENEFIT OPEB PLANS (Continued)

Actuarial Assumptions - OPERS

Actuarial valuations of an ongoing plan involve estimates of the values of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and cost trends. Actuarially determined amounts are subject to continual review or modification as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan and include the types of coverage provided at the time of each valuation and the historical pattern of sharing of costs between OPERS and plan members. The total OPEB liability was determined by an actuarial valuation as of December 31, 2016, rolled forward to the measurement date of December 31, 2017. The actuarial valuation used the following actuarial assumptions applied to all prior periods included in the measurement in accordance with the requirements of GASB 74:

Wage Inflation	3.25 percent
Projected Salary Increases, including inflation	3.25 to 10.75 percent including wage inflation
Single Discount Rate:	
Current measurement date	3.85 percent
Prior Measurement date	4.23 percent
Investment Rate of Return	6.50 percent
Municipal Bond Rate	3.31 percent
Health Care Cost Trend Rate	7.5 percent, initial 3.25 percent, ultimate in 2028
Actuarial Cost Method	Individual Entry Age

Pre-retirement mortality rates are based on the RP-2014 Employees mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Post-retirement mortality rates are based on the RP-2014 Healthy Annuitant mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Post-retirement mortality rates for disabled retirees are based on the RP-2014 Disabled mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Mortality rates for a particular calendar year are determined by applying the MP-2015 mortality improvement scale to all of the above described tables.

The most recent experience study was completed for the five year period ended December 31, 2015.

The long-term expected rate of return on health care investment assets was determined using a building-block method in which best-estimate ranges of expected future real rates of return are developed for each major asset class. These ranges are combined to produce the long-term expected real rate of return by weighting the expected future real rates of return by the target asset allocation percentage, adjusted for inflation.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2018***

NOTE 11 - DEFINED BENEFIT OPEB PLANS (Continued)

During 2017, OPERS managed investments in three investment portfolios: the Defined Benefit portfolio, the Health Care portfolio and the Defined Contribution portfolio. The Health Care portfolio includes the assets for health care expenses for the Traditional Pension Plan, Combined Plan and Member-Directed Plan eligible members. Within the Health Care portfolio, contributions into the plans are assumed to be received continuously throughout the year based on the actual payroll payable at the time contributions are made, and health care-related payments are assumed to occur mid-year. Accordingly, the money-weighted rate of return is considered to be the same for all plans within the portfolio. The annual money-weighted rate of return expressing investment performance, net of investment expenses and adjusted for the changing amounts actually invested, for the Health Care portfolio is 15.2 percent for 2017.

The allocation of investment assets with the Health Care portfolio is approved by the Board of Trustees as outlined in the annual investment plan. Assets are managed on a total return basis with a long-term objective of continuing to offer a sustainable health care program for current and future retirees. OPERS' primary goal is to achieve and maintain a fully funded status for the benefits provided through the defined pension plans. Health care is a discretionary benefit. The table below displays the Board-approved asset allocation policy for 2017 and the long-term expected real rates of return:

Asset Class	Target Allocation	Weighted Average Long-Term Expected Real Rate of Return (Arithmetic)
Fixed Income	34.00 %	1.88 %
Domestic Equities	21.00	6.37
Real Estate Investment Trust	6.00	5.91
International Equities	22.00	7.88
Other investments	17.00	5.39
Total	100.00 %	4.98 %

Discount Rate A single discount rate of 3.85 percent was used to measure the OPEB liability on the measurement date of December 31, 2017. A single discount rate of 4.23 percent was used to measure the OPEB liability on the measurement date of December 31, 2016. Projected benefit payments are required to be discounted to their actuarial present value using a single discount rate that reflects (1) a long-term expected rate of return on OPEB plan investments (to the extent that the health care fiduciary net position is projected to be sufficient to pay benefits), and (2) tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating as of the measurement date (to the extent that the contributions for use with the long-term expected rate are not met). This single discount rate was based on an expected rate of return on the health care investment portfolio of 6.50 percent and a municipal bond rate of 3.31 percent. The projection of cash flows used to determine this single discount rate assumed that employer contributions will be made at rates equal to the actuarially determined contribution rate. Based on these assumptions, the health care fiduciary net position and future contributions were sufficient to finance health care costs through 2034. As a result, the long-term expected rate of return on health care investments was applied to projected costs through the year 2034, and the municipal bond rate was applied to all health care costs after that date.

**Notes to the Basic Financial Statements
For the Year Ended December 31, 2018**

NOTE 11 - DEFINED BENEFIT OPEB PLANS (Continued)

Sensitivity of the City's Proportionate Share of the Net OPEB Liability to Changes in the Discount Rate The following table presents the City's proportionate share of the net OPEB liability calculated using the single discount rate of 3.85 percent, as well as what the City's proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is one-percentage-point lower (2.85 percent) or one-percentage-point higher (4.85 percent) than the current rate:

	1% Decrease (2.85%)	Current Discount Rate (3.85%)	1% Increase (4.85%)
City's proportionate share of the net OPEB liability	\$10,123,762	\$7,620,198	\$5,594,840

Sensitivity of the City's Proportionate Share of the Net OPEB Liability to Changes in the Health Care Cost Trend Rate Changes in the health care cost trend rate may also have a significant impact on the net OPEB liability. The following table presents the net OPEB liability calculated using the assumed trend rates, and the expected net OPEB liability if it were calculated using a health care cost trend rate that is 1.0 percent lower or 1.0 percent higher than the current rate.

Retiree health care valuations use a health care cost-trend assumption that changes over several years built into the assumption. The near-term rates reflect increases in the current cost of health care; the trend starting in 2018 is 7.50 percent. If this trend continues for future years, the projection indicates that years from now virtually all expenditures will be for health care. A more reasonable alternative is that in the not-too-distant future, the health plan cost trend will decrease to a level at, or near, wage inflation. On this basis, the actuaries project premium rate increases will continue to exceed wage inflation for approximately the next decade, but by less each year, until leveling off at an ultimate rate, assumed to be 3.25 percent in the most recent valuation.

	1% Decrease	Current Health Care Cost Trend Rate Assumption	1% Increase
City's proportionate share of the net OPEB liability	\$7,290,905	\$7,620,198	\$7,960,349

Actuarial Assumptions – OP&F

OP&F's total OPEB liability as of December 31, 2017, is based on the results of an actuarial valuation date of January 1, 2017, and rolled-forward using generally accepted actuarial procedures. The total OPEB liability is determined by OP&F's actuaries in accordance with GASB Statement No. 74, as part of their annual valuation. Actuarial valuations of an ongoing plan involve estimates of reported amounts and assumptions about probability of occurrence of events far into the future. Examples include assumptions about future employment mortality, salary increases, disabilities, retirements and employment terminations. Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2018***

NOTE 11 - DEFINED BENEFIT OPEB PLANS (Continued)

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employers and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations.

Actuarial calculations reflect a long-term perspective. For a newly hired employee, actuarial calculations will take into account the employee's entire career with the employer and also take into consideration the benefits, if any, paid to the employee after termination of employment until the death of the employee and any applicable contingent annuitant. In many cases, actuarial calculations reflect several decades of service with the employer and the payment of benefits after termination.

Key methods and assumptions used in the latest actuarial valuation, reflecting experience study results, are presented below.

Valuation Date	January 1, 2017, with actuarial liabilities rolled forward to December 31, 2017
Actuarial Cost Method	Entry Age Normal
Investment Rate of Return	8.0 percent
Projected Salary Increases	3.75 percent to 10.5 percent
Payroll Growth	Inflation rate of 2.75 percent plus productivity increase rate of 0.5 percent
Single discount rate:	
Current measurement date	3.24 percent
Prior measurement date	3.79 percent
Cost of Living Adjustments	3.00 percent simple; 2.2 percent simple for increased based on the lesser of the increase in CPI and 3 percent

Mortality for non-disabled participants is based on the RP-2014 Total Employee and Healthy Annuitant Mortality Tables rolled back to 2006, adjusted according to the rates in the following table, and projected with the Conduent Modified 2016 Improvement Scale. Rates for surviving beneficiaries are adjusted by 120 percent.

Age	Police	Fire
67 or less	77 %	68 %
68-77	105	87
78 and up	115	120

**Notes to the Basic Financial Statements
For the Year Ended December 31, 2018**

NOTE 11 - DEFINED BENEFIT OPEB PLANS (Continued)

Mortality for disabled retirees is based on the RP-2014 Disabled Mortality Tables rolled back to 2006, adjusted according to the rates in the following table, and projected with the Conduent Modified 2016 Improvement Scale.

Age	Police	Fire
59 or less	35 %	35 %
60-69	60	45
70-79	75	70
80 and up	100	90

The most recent experience study was completed for the five year period ended December 31, 2016. The prior experience study was completed December 31, 2011.

The long-term expected rate of return on OPEB plan investments was determined using a building-block approach and assumes a time horizon, as defined in the Statement of Investment Policy. A forecasted rate of inflation serves as the baseline for the return expected. Various real return premiums over the baseline inflation rate have been established for each asset class. The long-term expected nominal rate of return has been determined by calculating a weighted averaged of the expected real return premiums for each asset class, adding the projected inflation rate and adding the expected return from rebalancing uncorrelated asset classes. Best estimates of the long-term expected geometric real rates of return for each major asset class included in OP&F's target asset allocation as of December 31, 2017, are summarized below:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Cash and Cash Equivalents	- %	0.00 %
Domestic Equity	16.00	5.21
Non-US Equity	16.00	5.40
Core Fixed Income *	20.00	2.37
Global Inflation Protected Securities*	20.00	2.33
High Yield	15.00	4.48
Real Estate	12.00	5.65
Private Markets	8.00	7.99
Timber	5.00	6.87
Master Limited Partnerships	8.00	7.36
Total	<u>120.00 %</u>	

Note: Assumptions are geometric.

* levered 2x

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2018***

NOTE 11 - DEFINED BENEFIT OPEB PLANS (Continued)

OP&F's Board of Trustees has incorporated the risk parity concept into OP&F's asset liability valuation with the goal of reducing equity risk exposure, which reduces overall Total Portfolio risk without sacrificing return, and creating a more risk-balanced portfolio based on the relationship between asset classes and economic environments. From the notional portfolio perspective above, the Total Portfolio may be levered up to 1.2 times due to the application of leverage in certain fixed income asset classes.

Discount Rate The total OPEB liability was calculated using the discount rate of 3.24 percent. The projection of cash flows used to determine the discount rate assumed the contribution from employers and from members would be computed based on contribution requirements as stipulated by state statute. Projected inflows from investment earnings were calculated using the longer-term assumed investment rate of return 8 percent. Based on those assumptions, OP&F's fiduciary net position was projected to not be able to make all future benefit payments of current plan members. Therefore, a municipal bond rate of 3.16 percent at December 31, 2017 and 3.71 percent at December 31, 2016, was blended with the long-term rate of 8 percent, which resulted in a blended discount rate of 3.24 percent. The municipal bond rate was determined using the S&P Municipal Bond 20 Year High Grade Rate Index. The OPEB plan's fiduciary net position was projected to be available to make all projected OPEB payments until 2025. The long-term expected rate of return on health care investments was applied to projected costs through 2025, and the municipal bond rate was applied to all health care costs after that date.

Sensitivity of the City's Proportionate Share of the Net OPEB Liability to Changes in the Discount Rate Net OPEB liability is sensitive to changes in the discount rate, and to illustrate the potential impact the following table presents the net OPEB liability calculated using the discount rate of 3.24 percent, as well as what the net OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (2.24 percent), or one percentage point higher (4.24 percent) than the current rate.

	1% Decrease (2.24%)	Current Discount Rate (3.24%)	1% Increase (4.24%)
City's proportionate share of the net OPEB liability	\$31,301,997	\$25,041,358	\$20,224,068

**Notes to the Basic Financial Statements
For the Year Ended December 31, 2018**

NOTE 11 - DEFINED BENEFIT OPEB PLANS (Continued)

Sensitivity of the City's Proportionate Share of the Net OPEB Liability to Changes in the Health Care Cost Trend Rate Net OPEB liability is sensitive to changes in the health care cost trend rate. The trend rate is the annual rate at which the cost of covered medical services is assumed to increase from the current year to the next year. Beginning in 2017, the per-capita costs are assumed to change by the following percentages each year:

Year	Non-Medicare	Non-AARP	AARP	Rx Drug	Medicare Part B
2017	-0.47%	-2.50%	4.50%	-0.47%	5.20%
2018	7.00%	7.00%	4.50%	7.00%	5.10%
2019	6.50%	6.50%	4.50%	6.50%	5.00%
2020	6.00%	6.00%	4.50%	6.00%	5.00%
2021	5.50%	5.50%	4.50%	5.50%	5.00%
2022	5.00%	5.00%	4.50%	5.00%	5.00%
2023 and Later	4.50%	4.50%	4.50%	4.50%	5.00%

To illustrate the potential impact, the following table presents the net OPEB liability calculated using the current healthcare cost trend current rates as outlined in the table above, a one percent decrease in the trend rates and a one percent increase in the trend rates.

	1% Decrease	Current Rates	1% Increase
City's proportionate share of the net OPEB liability	\$19,452,576	\$25,041,358	\$32,573,141

Changes between Measurement Date and Report Date

In March 2018, the OP&F Board of Trustees approved the implementation date and framework for a new health care model. Beginning January 1, 2019, the current self-insured health care plan will no longer be offered. In its place is a stipend-based health care model. A stipend funded by OP&F will be placed in individual Health Reimbursement Accounts that retirees will use to be reimbursed for health care expenses. The impact to the City's NOL is not known.

NOTE 12 - NOTES PAYABLE

The Ohio Revised Code provides that notes including renewal notes issued in anticipation of the issuance of general obligation bonds may be issued and outstanding from time to time up to a maximum period of twenty years from the date of issuance of the original notes. The maximum maturity for notes anticipating general obligation bonds payable from special assessments is five years. Any period in excess of five years must be deducted from the permitted maximum maturity of the bonds anticipated, and portions of the principal amount of notes outstanding for more than five years must be retired in amounts at least equal to and payable no later than those principal maturities required if the bonds had been issued at the expiration of the initial five year period. Bond anticipation notes may be retired at maturity from the proceeds of the sale of renewal notes or of the bonds anticipated by the notes, or from available funds of the City or a combination of these sources.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2018***

NOTE 13 - LONG-TERM DEBT AND OTHER LONG-TERM OBLIGATIONS (Continued)

The City's liability for past service costs relating to the Police and Firemen's Pension Fund at December 31, 2018 was \$2,056,874 in principal and interest payments through the year 2035. Only the principal amount of \$1,468,890 is included in the Government-wide Statement of Net Position.

The East Main Street Improvement Bonds are tax increment financing bonds issued in 1999 in the amount of \$3.5 million and were used for updating and installing a sanitary sewer, road improvements, street lighting and traffic control and flood control improvements. These bonds were advance refunded in 2006. In 2016, the 2006 refunding bonds were called (current refunding).

The East Main Street Bridge bond was issued in 2006 in the amount of \$1.6 million for the rehabilitation of the East Main Street Bridge.

The Police and Fire Facilities bonds were issued in 2003 in the amount of \$11 million to provide for the construction of state of the art police and fire buildings. In 2010, \$905,000 of additional bonds were issued to fund cost overruns for this project.

In 2017, \$980,000 of various purpose refunding bonds were issued to refund the 2010 Police and Fire Facilities bonds, Ice Arena Renovation bonds, and Evans Boulevard construction bonds.

In 2016, the City issued \$5,200,000 of general obligation bonds for the construction of a downtown fire station.

The Deo Drive Improvement bonds were issued in 2008 in the amount of \$1.2 million to provide for improvements to Deo Drive.

The Landfill Reclamation bonds were issued in 2011 in the amount of \$1.2 million to provide for pollution remediation activities due to violation of an Ohio EPA National Pollutant Discharge Elimination System permit. In 2017, \$915,000 of refunding bonds were issued to refund the 2011 bonds.

In 2017, the City issued \$1,550,000 of general obligation various purpose bonds for pollution remediation, parking deck improvements, South Second Street bridge improvements, and fire station improvements.

The City reports Ohio Department of Transportation State Infrastructure Bank Loans for improvements to Waterworks Road, Newark-Mount Vernon Road, Ohio and Manning Street Bridges, and bike trails. These loans carry an interest rate of 3%.

In 2018, the City issued a \$1,125,000 long-term note for improvements in the Church Street area. The note carries an interest rate of 3%.

The Water System bonds were issued in 1993 in the amount of \$19 million to provide for improvements to the City's water treatment plant.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2018***

NOTE 13 - LONG-TERM DEBT AND OTHER LONG-TERM OBLIGATIONS (Continued)

Storm Water Improvement bonds were issued in 2009 in the amount of \$1.8 million and in 2011 in the amount of \$1.5 million to provide for storm water improvements in the McKinley and Garfield Road area. In 2017, \$2,470,000 of refunding bonds were issued to refund the 2009 and 2011 Storm Water Improvement bonds.

In 2012, \$4,650,000 of general obligation various purpose bonds were issued for multiple projects consisting of the installation of water lines, sewer lines, and storm drains as well as the continuation of the City's combined sewer overflow separation project.

In 2016 the City obtained financing through the Ohio Department of Transportation for a State Infrastructure Bank Loan in the amount of \$6,630,000 for water, sewer, storm water, and street improvements in the Mount Vernon Road area. As of December 31, 2018 the City has received \$5,441,674.

In 2018 the City obtained financing through the Ohio Department of Transportation for a State Infrastructure Bank Loan in the amount of \$2,717,728 for replacement of the Ohio Street and Manning Street bridges, as well as bike path installation on Ohio Street. As of December 31, 2018 the City has received \$605,567.

A. Ohio Public Works Commission Loans

In 2006 the City obtained financing through the Ohio Public Works Commission for construction of an interceptor on the Licking River in the amount of \$568,655 at an interest rate of 0%.

In 2002 the City obtained financing through the Ohio Public Works Commission for sanitary sewer improvements in the amount of \$86,356 at an interest rate of 0%.

In 2003 the City obtained financing through the Ohio Public Works Commission for sanitary sewer improvements at Idlewilde Park in the amount of \$65,181 at an interest rate of 0%. In 2005, an additional \$671,227 was financed for the second phase of sewer improvements at Idlewilde Park.

In 2013 the City obtained financing through the Ohio Public Works Commission for sanitary sewer improvements on Channel Street and Postal Avenue in the amount of \$832,090 at an interest rate of 0%.

In 2013 the City obtained financing through the Ohio Public Works Commission for improvements to the West Church Street Bridge in the amount of \$600,000 at an interest rate of 0%.

In 2016 the City obtained financing through the Ohio Public Works Commission for improvements to West Main Street in the amount of \$200,000 at an interest rate of 0%.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2018***

NOTE 13 - LONG-TERM DEBT AND OTHER LONG-TERM OBLIGATIONS (Continued)

B. Ohio Water Development Authority Loans

Licking River Interceptor Construction - In 2006 the City entered into an agreement with the OWDA, as administrator for the U. S. Environmental Protection Agency (EPA), for the City to receive a loan for construction of an interceptor on the Licking River. The interest rate on the loan is 3.25% per annum and is payable from wastewater collection and treatment charges.

Storm Water Utility Planning - In 2005, the City entered into an agreement with the OWDA, as administrator for the U. S. Environmental Protection Agency (EPA), for the City to receive a loan for storm water utility planning. The interest rate on the loan is 3.36%, per annum and is payable from storm water charges.

Sewer Treatment Plant Electrical Improvements - In 2006, the City entered into an agreement with the OWDA, as administrator for the U. S. Environmental Protection Agency (EPA), for the City to receive a loan for electrical improvements at the wastewater treatment plant. The interest rate on the loan is 0.61%, per annum and is payable from wastewater collection and treatment charges.

Wastewater High Rate Treatment System - In 2007 the City entered into an agreement with the OWDA, as administrator for the U. S. Environmental Protection Agency (EPA), for the City to receive a loan for installation of a wastewater high rate treatment system. The interest rate on the loan is 4.67%, per annum. This loan is payable from wastewater collection and treatment charges.

Combined Sewer Overflow (CSO) Separation - In 2008 the City entered into an agreement with the OWDA, as administrator for the U. S. Environmental Protection Agency (EPA), for the City to receive a loan for a combined sewer overflow separation project. The interest rate on the loan is 3.36%, per annum. This loan is payable from wastewater collection and treatment charges.

Water Plant Generator - In 2008 the City entered into an agreement with the OWDA, as administrator for the U. S. Environmental Protection Agency (EPA), for the City to receive a loan for installation of a back up power generator at the water plant. The interest rate on the loan is 3.53%, per annum. This loan is payable from water charges.

Combined Sewer Overflow (CSO) Separation - In 2010 the City entered into an agreement with the OWDA, as administrator for the U. S. Environmental Protection Agency (EPA), for the City to receive a loan for a combined sewer overflow separation project. The interest rate on the loan is 3.25%, per annum. This loan is payable from wastewater collection and treatment charges.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2018***

NOTE 13 - LONG-TERM DEBT AND OTHER LONG-TERM OBLIGATIONS (Continued)

B. Ohio Water Development Authority Loans (Continued)

Automated Meter Reading - In 2010 the City entered into an agreement with the OWDA, as administrator for the U. S. Environmental Protection Agency (EPA), for the City to receive a loan for an automated meter reading system. The interest rate on the loan is 3.53%, per annum. This loan is payable from water charges.

Combined Sewer Overflow (CSO) Separation - In 2012 the City entered into an agreement with the OWDA, as administrator for the U. S. Environmental Protection Agency (EPA), for the City to receive a loan for a combined sewer overflow separation project. The interest rate on the loan is 2.45%, per annum. This loan is payable from wastewater collection and treatment charges.

Raccoon Creek Interceptor - In 2012 the City entered into an agreement with the OWDA, as administrator for the U. S. Environmental Protection Agency (EPA), for the City to receive a loan for construction of an interceptor on Raccoon Creek. The interest rate on the loan is 2.64%, per annum. This loan is payable from wastewater collection and treatment charges.

Aeration System Modifications - In 2013 the City entered into an agreement with the OWDA, as administrator for the U. S. Environmental Protection Agency (EPA), for the City to receive a loan for upgrades to the aeration system at the wastewater treatment plant. The interest rate on the loan is 2.48%, per annum. This loan is payable from wastewater collection and treatment charges.

Downtown Sewer Separation - In 2015 the City entered into an agreement with the OWDA, as administrator for the U. S. Environmental Protection Agency (EPA), for the City to receive a loan for a combined sewer overflow separation project. The total amount is subject to change and has not been finalized. The interest rate on the loan is 2.01%, per annum. This loan is payable from wastewater collection and treatment charges and is received by the City in increments as the project is completed. As of December 31, 2018, the City had received \$15,947,281 from OWDA. Subsequent amounts will be received in future years. As of December 31, 2018, the loan has not been finalized and there is no amortization schedule for the loan.

Alternative Storm Water - In 2015 the City entered into an agreement with the OWDA, as administrator for the U. S. Environmental Protection Agency (EPA), for the City to receive a loan for storm water improvements. The total amount is subject to change and has not been finalized. The interest rate on the loan is 1.00%, per annum. This loan is payable from storm water collection charges and is received by the City in increments as the project is completed. As of December 31, 2018, the City had received \$3,573,263 from OWDA. Subsequent amounts will be received in future years. As of December 31, 2018, the loan has not been finalized and there is no amortization schedule for the loan.

Anaerobic Digester Improvements - In 2018 the City entered into an agreement with the OWDA, as administrator for the U. S. Environmental Protection Agency (EPA), for the City to receive a loan for anaerobic digester improvements. The total amount is subject to change and has not been finalized. The interest rate on the loan is 2.01%, per annum. This loan is payable from wastewater collection and treatment charges and is received by the City in increments as the project is completed. As of December 31, 2018, the City had received \$2,411,725 from OWDA. Subsequent amounts will be received in future years. As of December 31, 2018, the loan has not been finalized and there is no amortization schedule for the loan.

NOTE 13 - LONG-TERM DEBT AND OTHER LONG-TERM OBLIGATIONS (Continued)

D. Defeasance of General Obligation Debt

In September 2006, the City defeased \$2,405,000 of General Obligation Bonds for East Main Street Improvements dated September 1, 1999 through the issuance of \$2,645,000 of East Main Street Improvement Refunding Bonds. The net proceeds of the 2006 Bonds have been invested in obligations guaranteed as to both principal and interest by the United States and placed in irrevocable escrow accounts which, including interest earned, will be used to pay the principal and interest on the refunded bonds. The refunded bonds, which have an outstanding balance of \$250,000 at December 31, 2018 are not included in the City's outstanding debt since the City has in-substance satisfied its obligations through the advance refunding.

In October 2014, the City defeased \$7,780,000 of General Obligation Bonds for Police and Fire Facilities dated September 1, 2003 through the issuance of \$7,930,000 of Police and Fire Facilities Refunding Bonds. The net proceeds of the 2014 Bonds have been invested in obligations guaranteed as to both principal and interest by the United States and placed in irrevocable escrow accounts which, including interest earned, will be used to pay the principal and interest on the refunded bonds. The refunded bonds, which have an outstanding balance of \$7,025,000 at December 31, 2018 are not included in the City's outstanding debt since the City has in-substance satisfied its obligations through the advance refunding.

In October 2017 the City refunded \$1,305,000 of Storm Water Improvement Bonds dated 2009, \$1,005,000 of Storm Water Improvement Bonds dated 2011, \$985,000 of Various Purpose Street Bonds dated 2010, and \$885,000 of Landfill Reclamation Bonds dated 2011 through the issuance of \$4,365,000 of General Obligation Bonds. The net proceeds of the 2017 Bonds were used to currently refund the 2010 Various Purpose Bonds. The remaining net proceeds have been invested in obligations guaranteed as to both principal and interest by the United States and placed in irrevocable escrow accounts which, including interest earned, will be used to pay the principal and interest on the refunded bonds. The refunded bonds, which have an outstanding balance of \$3,185,000 at December 31, 2018 are not included in the City's outstanding debt since the City has in-substance satisfied its obligations through the advance refunding.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2018***

NOTE 14 - CAPITALIZED LEASES

The City leases several assets under capital leases. The original cost of equipment of \$2,467,569, and the related liability reported as Governmental Activities capital leases are reported on the Government Wide Statement of Net Position.

The following is a schedule of future minimum lease payments under the capital leases together with the present value of the net minimum lease payments as of December 31, 2018:

<u>Year Ending December 31,</u>	<u>Governmental Activities</u>
2019	\$508,415
2020	508,415
2021	388,350
2022	388,350
2023	245,393
2024	170,466
2025	<u>170,466</u>
Minimum Lease Payments	2,379,855
Less amount representing interest at the City's incremental borrowing rate of interest	<u>(291,288)</u>
Present value of minimum lease payments	<u><u>\$2,088,567</u></u>

NOTE 15 - INSURANCE AND RISK MANAGEMENT

The City is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets, errors and omissions, injuries to employees and natural disasters.

A. Shared Risk Pool

The City of Newark is a participant in the Public Entities Pool of Ohio (“PEP Pool”). The PEP Pool was established in 1987 and is administered under contract by the York Risk Pooling Services, Inc. to provide Ohio municipalities with the most cost-effective, comprehensive coverage in the state.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2018***

NOTE 15 - INSURANCE AND RISK MANAGEMENT (Continued)

A. Shared Risk Pool (Continued)

The Pool's general objectives are to provide for a joint or cooperative action by Members relative to their financial and administrative resources for the purpose of providing risk management services and risk-sharing facilities to the Members and to the Members' employees, and to defend and protect any Member of the Pool against liability. The Public Entities Pool of Ohio was designed to offer Ohio public entities liability and property coverage at a fair and stable price. The PEP program is endorsed by the Association of Ohio Health Commissioners (SOHC), The Ohio Parks and Recreation Association (OPRA), and the Coalition of Ohio Regional Districts (CORD). PEP is the oldest public entity pool in Ohio with more than 500 Members. PEP is owned by its Members, and provides a viable alternative to traditional insurance.

Members of the Pool may withdraw coverage upon 60 days written notice to York Risk Services Group prior to their renewal date by certified return receipt mail. Each participant makes an annual "contribution" to the Pool for the coverage they are provided based on their exposures and rates established by the Pool using anticipated and actual results of operation for the various coverage's provided.

The City of Newark obtained insurance coverage from the Pool for losses relating to General liability, Law Enforcement liability, Public Officials liability, Auto liability/Physical Damage, and Property coverage.

Adequate and appropriate reinsurance is essential to protect the financial integrity of a group self-insurance program. PEP is a Member of a unique reinsurance pool known as American Public Entity Excess Pool (APEEP). This reinsurance arrangement is composed strictly of public entity pools that mirror PEP in their operation. Member are eligible to receive limits of liability up to \$15,000,000 for claims resulting from general, automobile, police professional, and public officials liability. Major reinsurers participate with APEEP in providing this protection. Property and vehicle losses are reinsured through APEEP in a similar manner with limits of \$750,000,000 available for loss in any one occurrence.

The joint reinsurance arrangement that the Pool has entered into is well structured and has adequate funds to meet the needs of the Pool. Property coverage's are reinsured by The Travelers and Lexington Insurance Company.

The City of Newark carries commercial insurance coverage for all other risks, including but not limited to Property, Boiler and Machinery, Crime, and Auto. There have been no reductions in insurance coverage's from the prior year. In addition, settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2018***

NOTE 15 - INSURANCE AND RISK MANAGEMENT (Continued)

B. Self Insurance

The City established a Self-Insurance Fund (internal service fund) to account for and finance its health and dental uninsured risks of loss. Under this program, the Self-Insurance Fund provides coverage for up to a maximum of \$100,000 for health insurance claims per individual and \$1,000 for dental claims per individual. The plan is administered by a third party administrator, MedBen which monitors all claim payments. The City purchases insurance for claims in excess of health insurance coverage provided by the Self-Insurance Fund. All departments of the City participate in the program and make payments to the Self-Insurance Fund based on participation of employees and their dependents. Employees that are members of the AFSCME Union obtain dental coverage through the AFSCME organization.

A liability for unpaid claims cost of \$669,073 is based on the requirements of GASB 10, which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. The estimate was not affected by incremental claim adjustment expenses and does not include other allocated or unallocated claim adjustment expenses. Interfund premiums are based primarily upon the insured funds' claims experience.

Changes in the fund's claims liability in 2017 and 2018 were as follows:

Fiscal Year	Beginning of Fiscal Year Liability	Current Year Claims and Changes in Estimates	Claims Payments	Balance at Fiscal Year End
2017	\$222,950	\$7,492,889	(\$7,100,643)	\$615,196
2018	615,196	7,358,727	(7,304,850)	669,073

This space intentionally left blank.

**Notes to the Basic Financial Statements
For the Year Ended December 31, 2018**

NOTE 16 - SIGNIFICANT COMMITMENTS

A. Contractual Commitments

The City had the following significant contractual commitments at December 31, 2018:

<u>Project</u>	<u>Remaining Contractual Commitment</u>	<u>Expected Date of Completion</u>
Anaerobic Digestion	\$6,642,487	2019
Downtown Renovations	2,404,378	2019
Water Plant Instrumentation and Control	1,660,000	2019
Fourth Street Sewer Separation	36,000,000	2024
Horns Hill Sewer	500,000	2019
Interceptor/Siphon Optimization	2,900,000	2020
Tamarack Water Transmission Line	4,800,000	2020
Various Street Improvements	1,112,970	2019
	<u>\$56,019,835</u>	

B. Encumbrance Commitments

At December 31, 2018 the City had encumbrance commitments in the Governmental Funds as follows:

<u>Fund</u>	<u>Encumbrances</u>
General Fund	\$697,936
Other Governmental Funds	2,721,474
Total Governmental Funds	<u>\$3,419,410</u>

NOTE 17 - CONTINGENCIES

The City is a party to various legal proceedings which seek damages or injunctive relief generally incidental to its operations and pending projects. The City's management is of the opinion that the ultimate disposition of various claims and legal proceedings will not have a material effect, if any, on the financial condition of the City.

This space intentionally left blank.

NET PENSION LIABILITY

OHIO PUBLIC EMPLOYEES RETIREMENT SYSTEM (OPERS)

Changes in benefit terms: There were no changes in benefit terms for the period 2014-2018.

Changes in assumptions:

2014-2016: There were no changes in methods and assumptions used in the calculation of actuarial determined contributions.

2017: The following were the most significant changes of assumptions that affected total pension liability since the prior measurement date:

- Reduction in actuarial assumed rate of return from 8.00% to 7.50%
- Decrease in wage inflation from 3.75% to 3.25%
- Change in future salary increases from a range of 4.25%-10.02% to 3.25%-10.75%

2018: There were no changes in methods and assumptions used in the calculation of actuarial determined contributions.

OHIO POLICE AND FIRE (OP&F) PENSION FUND

Changes in benefit terms: There were no changes in benefit terms for the period 2014-2018.

Changes in assumptions:

2014-2017: There were no changes in methods and assumptions used in the calculation of actuarial determined contributions.

2018: The following were the most significant changes of assumptions that affected total pension liability since the prior measurement date:

- Reduction in actuarial assumed rate of return from 8.25% to 8.00%
- Decrease salary increases from 3.75% to 3.25%
- Change in payroll growth from 3.75% to 3.25%
- Reduce DROP interest rate from 4.5% to 4.0%
- Reduce CPI-based COLA from 2.6% to 2.2%
- Inflation component reduced from 3.25% to 2.75%

*COMBINING AND INDIVIDUAL FUND
STATEMENTS AND SCHEDULES*

*THE FOLLOWING COMBINING STATEMENTS AND SCHEDULES INCLUDE
THE MAJOR AND NONMAJOR GOVERNMENTAL FUNDS AND FIDUCIARY
FUNDS.*

Nonmajor Governmental Funds

Special Revenue Funds

Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than amounts relating to major capital projects) that are legally restricted or committed to expenditures for specified purposes.

Street Department Fund

To account for revenues derived from the regular motor vehicle license fee and 92.55% of the fuel taxes. Expenditures are used for City street construction, maintenance and repair.

Cemetery Fund

To account for monies received from the sale of lots and performance of any other service in or about the cemeteries operated by the City.

Community Development Fund

To account for Federal grants administered through the State, which are designated for community and environmental improvements.

Veterans Memorial Sidewalk Fund

To account for funds collected for the construction of the Veteran's Sidewalk. The public purchases a brick, has it engraved with the veteran's name and the war in which they served. These bricks are then ceremoniously placed in the Veterans Memorial Sidewalk.

Safety Grants Fund

To account for expenses of various Block Grant funds designated for the safety and security of City residents.

Police/Fire Pension Fund

To account for taxes levied toward partial payment of the current and accrued liability for police and fire disability and pension.

State Highway Fund

To account for the portion of the state gasoline tax designated for construction, maintenance and repair of State highways located within the City.

Law Enforcement Fund

To account for funds received by the police department for contraband, per state statute.

Landfill Reclamation Fund

To account for costs associated with remediation activities due to violation of an Ohio EPA National Pollutant Discharge Elimination System permit.

(Continued)

Special Revenue Funds

Court Computerization Fund

To account for revenues from fines to be used for computers and upgrading court computer functions.

Permissive License Tax Fund

To account for the permissive auto license taxes levied for street construction, maintenance and repairs.

Probation Grant Fund

To account for funds from State Justice Grants used to operate the Adult Probation Department. The Probation Department is an instrument whose purpose is to aid in the elimination of overcrowding problems in the county jail.

Federal Transit Administration (FTA) Fund

To account for grants providing funding for the Taxi Token Program. This program provides discounted transportation for citizens. Additional programs include a handicap accessible bus as well as other public transit application.

Ohio Department of Natural Resources (ODNR) Grants Fund

This fund accounts for grants used for bike path improvements as well as improvements to City parks.

Mary E. Barnes Trust Fund

To account for the funds and investment earnings as stipulated in the bequest. Monies must be used for the Fire Department. (This fund is not part of the City's appropriated budget, therefore no budgetary schedule is presented.)

Brownfield Cleanup Fund

To account for monies from the Environmental Protection Agency to be used for brownfield assessment and cleanup planning.

Judicial Fund

To account for court costs to be set aside and used for judicial purposes.

(Continued)

Debt Service Funds

The Debt Service Funds are used to account for retirement of the City's general obligation and special assessment bonds.

Debt Service Fund

To account for the accumulation of resources for the payments of general obligation debt of the City including self-supporting obligations not otherwise paid from proprietary funds.

Tax Increment Financing Fund

To account for payments received in lieu of taxes to be used for the retirement of debt issued to finance projects in designated tax increment financing districts.

Capital Projects Funds

The Capital Projects Funds are used to account for the acquisition and construction of major capital facilities other than those financed by proprietary funds.

Capital Improvement Fund

To account for financial resources used for the major capital projects undertaken by the City.

Court Capital Improvement Fund

To account for the revenues and expenditures designated for the capital improvements made to Municipal Court facilities.

Fiduciary Funds

Fiduciary fund types are used to account for assets held by the City in a trustee capacity or as an agent for individuals, private organizations, other governmental units and/or other funds.

Agency Funds

Municipal Court Fund

To account for funds that flow through the municipal court office.

Fire Code Fund

To account for funds for insurance payments received and disbursed as agent relative to fire damages incurred by City property owners.

Law Library Fund

To account for funds collected for the remittance of fines and forfeitures to the County Law Library.

Joint Economic Development Zone Fund

To account for monies generated by the Etna Corporate Park Economic Development Zone and distributed to the appropriate local governments.

STATISTICAL SECTION

STATISTICAL TABLES

This part of the City’s comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City’s overall financial health.

Contents

Financial Trends	S 2 – S 13
These schedules contain trend information to help the reader understand how the City’s financial position has changed over time.	
Revenue Capacity	S 14 – S 17
These schedules contain information to help the reader understand and assess the factors affecting the City’s ability to generate its most significant local revenue sources, the income tax.	
Debt Capacity	S 18 – S 27
These schedules present information to help the reader assess the affordability of the City’s current levels of outstanding debt and the City’s ability to issue additional debt in the future.	
Economic and Demographic Information	S 28 – S 31
These schedules offer economic and demographic indicators to help the reader understand the environment within which the City’s financial activities take place and to provide information that facilitates comparisons of financial information over time and among governments.	
Operating Information	S 32 – S 37
These schedules contain service and infrastructure data to help the reader understand how the information in the City’s financial report relates to the services the City provides and the activities it performs.	
Sources Note:	
Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.
