Independent Auditor's Report

The Retirement Board
Ohio Police & Fire Pension Fund
and The Honorable Keith Faber

Report on the Schedules

We have audited the accompanying schedule of employer allocations of the Ohio Police & Fire Pension Fund as of and for the year ended December 31, 2018, and the related notes. We have also audited the total for all entities of the columns titled net OPEB liability, total deferred outflows of resources, total deferred inflows of resources, and total employer OPEB expense (specified column totals) included in the accompanying schedule of OPEB amounts by employer of the Ohio Police & Fire Pension Plan as of and for the year ended December 31, 2018, and the related notes.

Management's Responsibility for the Schedules

Management is responsible for the preparation and fair presentation of these schedules in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the schedules that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on the schedule of employer allocations and the specified column totals included in the schedule of OPEB amounts by employer based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the schedule of employer allocations and specified column totals included in the schedule of OPEB amounts by employer are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the schedule of employer allocations and specified column totals included in the schedule of OPEB amounts by employer. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the schedule of employer allocations and specified column totals included in the schedule of OPEB amounts by employer, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the schedule of employer allocations and specified column totals included in the schedule of OPEB amounts by employer in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the schedule of employer allocations and specified column totals included in the schedule of OPEB amounts by employer.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Independent Auditor's Report (Continued)

Ohio Police and Fire Pension Fund

Notes to Schedule of Employer Allocations and Schedule of OPEB Amounts by Employer

Note 1. Nature of Entity

The Ohio Police and Fire Pension Fund (OP&F) is a cost-sharing, multiple employer public employee retirement system and was created by the Ohio General Assembly in 1965, replacing 454 separate local police and firefighter relief and pension funds in Ohio. OP&F began operating as a statewide retirement fund on January 1, 1967. On that date, local pension funds transferred their assets and liabilities to OP&F. Assets transferred to OP&F totaled approximately \$75 million, while the OP&F actuary computed the liabilities accrued to 1966 at approximately \$490 million. Employers began paying the remaining unfunded accrued liability in 1969 over a 67-year period. As of December 31, 2018 the balance totaled \$20.6 million.

OP&F is governed by Chapter 742 of the Ohio Revised Code. These statutes assign the authority to establish and amend the benefit provisions of the plan to the State Legislature. The operation of OP&F and the direction of its policies are the responsibility of the Board of Trustees of OP&F. The OP&F Board is responsible for the general administration and management of OP&F. The Board of Trustees is composed of nine members: two active representatives of police departments, two active representatives of fire departments, one retired police officer and one retired firefighter. The Board also includes three statutory members. Each statutory member – one appointed by the Governor of Ohio, one by the Ohio Treasurer of State, and one appointed jointly by the Ohio Senate President and Ohio Speaker of the House of Representatives – must have professional investment expertise.

Health care plan: A cost-sharing, multiple employer, defined benefit OPEB plan (the OPEB plan) that provides various levels of health care to retired, disabled and beneficiaries, as well as their dependents. A summary of the benefit provisions can be found in OP&F's comprehensive annual financial report (CAFR).

OP&F's CAFR can be accessed on their website at www.op-f.org.

Note 2. Summary of Significant Accounting Policies

Nature of schedules: Employers participating in a cost-sharing OPEB plan, and any non-employer contributing entities that meet the definition of a special funding situation, are required to recognize their proportionate share of the collective OPEB amounts for OPEB benefits provided to members through the OP&F plan. The OPEB Plan is financed through a combination of employer contributions, recipient premiums, and investment returns. As employer contributions to the OPEB Plan are not required by state law, the Board approves the amount of required employer contributions to the Plan that will be designated for the OPEB Plan, which was 0.5% of employer contributions for the year ended December 31, 2018. OP&F does have one special funding situation that is included in the required calculations.

The Schedule of Employer Allocations presents the fiscal year 2018 contributions for each employer and the respective allocation percentage. The Schedule of OPEB Amounts by Employer presents the proportionate share of total net OPEB liability, total deferred outflows of resources, total deferred inflows of resources, and total OPEB expense for all OP&F employers. The OPEB expense includes the amortization of the current year differences between expected and actual economic and demographic experience, differences between projected and actual investment earnings (net) on Plan investments, amortization of the change in proportionate share, and the impact of changes of assumptions about future economic or demographic factors or other inputs. The OPEB expense does not include amortization of deferred inflows and deferred outflows recognized during previous periods.

Note 2. Summary of Significant Accounting Policies (Continued)

Measurement focus and basis of accounting: The financial transactions are recorded using the economic resources measurement focus and the accrual basis of accounting. Employer contributions are recognized as revenue when due pursuant to statutory or contractual requirements.

Use of estimates: The preparation of the Schedule of Employer Allocations and Schedule of OPEB Amounts by Employer (Schedules) in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts, and changes therein, and disclosures. Actual results could differ from those estimates and differences could be material.

Basis of allocation: In determining the proportionate share of the net OPEB liability and corresponding employer OPEB amounts for a cost-sharing plan, the basis should be consistent with the manner in which contributions are made to the Plan, excluding those to separately finance specific liabilities of an individual employer. OP&F has determined that the actual contributions made to the Plan during fiscal year 2018 are appropriate as the allocation basis because they are the most representative of the level of future contributions to the OPEB Plan.

Note 3. Contributions

The fiscal year 2018 total employer pension contributions to OP&F used as the denominator for the allocation calculation in the Schedule of Employer Allocations can be reconciled to OP&F's fiscal year 2018 CAFR as follows:

Defined benefit plan employer contributions	\$ 478,294,974
Special funding entity	300,811
Total contributions	<u>478,595,785</u>
Employer payments allocation to Health Care Fund	11,337,852
Total contributions - schedule of employer allocations	<u><u>\$ 489,933,637</u></u>

Employer contributions to the Health Care Fund represent an allocation of 0.5% of the employers' 19.5% Police and 24.0% Fire contribution of payroll to the Plan. Because the contribution to the OPEB plan is at the discretion of OP&F, it was determined that total contributions is the most reliable basis for allocation.

Note 4. Deferred Outflows and Deferred Inflows

Deferred outflows of resources are the consumption of net position by OP&F that is applicable to future reporting periods. Deferred outflows of resources have a positive effect on net position. Deferred inflows of resources are the acquisition of net position that is applicable to future reporting periods. Deferred inflows of resources have a negative effect on net position. Other than differences between projected and actual investment earnings, deferred inflows and outflows of resources are recognized in OPEB expense beginning in the current period, using a straight line method over a closed period equal to the average of the expected remaining service lives of all employees that are provided with OPEBs through OP&F (active and inactive), determined as of the beginning of the measurement period. The average of the expected remaining service lives of all members for fiscal year 2018 is 7.06 years. Net deferred inflows (or outflows) of resources pertaining to differences between projected and actual investment earnings are similarly recognized over a closed five year period.

Note 4. Deferred Outflows and Deferred Inflows (Continued)

The future amortization of current year deferred outflows and inflows at December 31, 2018 is as follows:

	Deferred Outflows	Deferred Inflows
2019	\$ 14,699,463	\$ 41,602,632
2020	14,699,463	41,602,632
2021	14,699,463	41,602,632
2022	14,699,463	41,602,632
2023	-	41,602,632
2024	-	41,602,632
2025	-	2,496,156
	<u>\$ 58,797,852</u>	<u>\$ 252,111,948</u>

** The tables above do not include deferred outflows/inflows from previous years. Refer to previous year reports to calculate the cumulative deferred outflows/inflows for financial reporting purposes. The change in proportionate share of contributions as reflected on the Schedule of OPEB Amounts by Employer results in deferred outflows and inflows, however, these amounts are not included in the table above. These amounts will be amortized at the employer level over the average expected remaining service life of all members.

Note 5. OPEB Expense

The components of OPEB expense for the year ended December 31, 2018 are:

Service cost	\$ 269,913,915
Interest	220,193,164
Employee contributions	-
Projected earnings on plan investments	(69,305,811)
OPEB plan administrative expenses	741,952
Current period benefit changes**	(4,945,194,650)
Recognition of outflow (inflow) of current period differences in expected and actual experience liabilities	-
Recognition of outflow (inflow) of current period changes in assumptions	(41,602,632)
Recognition of outflow (inflow) of current period differences in expected and actual earnings of plan investments	14,699,463
Total OPEB expense - schedule of OPEB amounts by employer	<u><u>\$ (4,550,554,599)</u></u>

Recognition of beginning deferred inflows of resources as OPEB expense	(13,501,607)
Total OPEB expense	<u><u>\$ (4,483,227,633)</u></u>

**The Ohio Police & Fire Pension Fund made a change in its health care model resulting in a decrease in its current year OPEB expense (see note 7).

Note 6. Net OPEB Liability and Actuarial Information – Defined Benefit Plans

The net OPEB liability is the portion of the actuarial present value of projected benefit payments related to past periods. The net OPEB liability for the employers is based on the allocation percentages from the Schedule of Employer Allocations.

The components of the net OPEB liability as of December 31, 2018 are as follows:

	Total OPEB Liability (a)	Fiduciary Net Position (b)	Net OPEB Liability (Surplus) (a) - (b)	Fiduciary Net Position as a Percent of Total OPEB Liability (b) / (a)
OPEB	\$ 1,704,439,395	\$ 793,785,996	\$ 910,653,399	46.57%

The activity related to the net OPEB liability for fiscal year 2018 is set forth in the following table:

Net OPEB liability, January 1, 2018	\$ 5,665,859,946
Total OPEB expense	(4,483,227,633)
Change in deferred outflows of resources	(22,030,721)
Change in deferred inflows of resources	(238,610,341)
Employer contributions	(11,337,852)
Net OPEB liability, December 31, 2018	\$ 910,653,399

The total OPEB liability is determined by OP&F's actuaries in accordance with GASB Statement No. 74, as part of their annual valuation. Actuarial valuations of an ongoing retirement plan involve estimates of the value of reported amounts and assumptions about probability of occurrence of events far into the future. Examples include assumptions about future employment mortality, salary increases, disabilities, retirements and employment terminations. Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employers and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations.

Actuarial calculations reflect a long-term perspective. For a newly hired employee, actuarial calculations will take into account the employee's entire career with the employer and also take into consideration the benefits, if any, paid to the employee after termination of employment until the death of the employee and any applicable contingent annuitant. In many cases, actuarial calculations reflect several decades of service with the employer and the payment of benefits after termination.

Note 6. Net OPEB Liability and Actuarial Information – Defined Benefit Plans (Continued)

The long-term expected rate of return on OPEB plan investments was determined using a building-block approach and assumes a time horizon, as defined in OP&F's Statement of Investment Policy. A forecasted rate of inflation serves as a baseline for the return expected. Various real return premiums over the baseline inflation rate have been established for each asset class. The long-term expected nominal rate of return has been determined by calculating a weighted average of the expected real return premiums for each asset class, adding the projected inflation rate and adding the expected return from rebalancing uncorrelated asset classes.

Best estimates of the long-term expected real rates of return for each major asset class included in OP&F's target asset allocation as of December 31, 2018 are summarized below:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Cash and Cash Equivalents	0.00%	0.80%
Domestic Equity	16.00%	5.50%
Non-U.S. Equity	16.00%	5.90%
Private Markets	8.00%	8.40%
Core Fixed Income*	23.00%	2.60%
High Yield Fixed Income	7.00%	4.80%
Private Credit	5.00%	7.50%

Master Limited Partnerships	8.00%	6.40%
Real Assets	8.00%	7.00%
Private Real Estate	12.00%	6.10%
	120.00%	

Note: Assumptions are geometric

**Levered 2x*

OP&F's Board of Trustees has incorporated the risk parity concept into OP&F's asset liability valuation with the goal of reducing equity risk exposure, which reduces overall Total Portfolio risk without sacrificing return and creating a more risk-balanced portfolio based on the relationship between asset classes and economic environments. From the notional portfolio perspective above, the Total Portfolio may be levered up to 1.20 times due to the application of leverage in certain fixed income asset classes.

Ohio Police and Fire Pension Fund

Notes to Schedule of Employer Allocations and Schedule of OPEB Amounts by Employer

Note 6. Net OPEB Liability and Actuarial Information – Defined Benefit Plans (Continued)

Total OPEB liability was calculated using the discount rate of 4.66 percent. The projection of cash flows used to determine the discount rate assumed the contributions from employers and from members would be computed based on contribution requirements as stipulated by state statute. Projected inflows from investment earnings were calculated using the longer-term assumed investment rate of return 8.00 percent. Based on those assumptions, OP&F's fiduciary net position was projected to not be able to make all future benefit payment of current plan members. Therefore, a municipal bond rate of 4.13 percent at December 31, 2018 and 3.16 percent at December 31, 2017 was blended with the long-term rate of 8.00 percent, which resulted in a blended discount rate of 4.66 percent.

Net OPEB liability is sensitive to changes in the discount rate. To illustrate the potential impact, the following table presents the net OPEB liability calculated using the discount rate of 4.66 percent, as well as what the net OPEB liability would be if it were calculated using a discount rate that is one percentage point lower, 3.66 percent, or one percentage point higher, 5.66 percent, than the current rate:

	1% Decrease	Current Rate	1% Increase
Discount rate	3.66%	4.66%	5.66%
Total OPEB liability	\$ 1,903,210,462	\$ 1,704,439,395	\$ 1,537,588,262
Plan fiduciary net position	793,785,996	793,785,996	793,785,996
Net OPEB liability	\$ 1,109,424,466	\$ 910,653,399	\$ 743,802,266

Note 7. Subsequent Event

Beginning January 1, 2019 OP&F is changing its retiree health care model and the current self-insured health care plan will no longer be offered. In its place will be a stipend-based health care model. OP&F has contracted with a vendor who will assist eligible retirees in choosing health care plans from their marketplace (both Medicare-eligible and pre-Medicare populations). A stipend funded by OP&F will be placed in individual Health Reimbursement Accounts that retirees will use to be reimbursed for health care expenses. As a result of changing from the current health care model to the stipend based health care model, management expects that it will be able to provide stipends to eligible participants for the next 15 years.
