## Independent Accountants' Report on Applying Agreed-Upon Procedures

Ohio Department of Medicaid  
50 West Town Street, Suite 400  
Columbus, Ohio 43215

RE: Katherine N. Barricklow, C.N.P. NPI: 1992991509  
Program Year 2017: Meaningful Use Stage 2 Year 1

We have performed the procedures enumerated below, which were agreed to by the Ohio Department of Medicaid (ODM), on Katherine N. Barricklow's (hereafter referred to as the Provider) compliance with the requirements of the Medicaid Promoting Interoperability Program (MPIP) for the year ended December 31, 2017. The Provider is responsible for compliance with the MPIP requirements. The sufficiency of these procedures is solely the responsibility of ODM. Consequently, we make no representation regarding the sufficiency of the procedures enumerated below either for the purpose for which this report has been requested or for any other purpose.

1. We compared encounters from the Quality Decision Support System to the Medicaid encounters reported for the 2017 patient volume period. The variance was less than 20 percent.
2. We scanned the Provider's encounters during the patient volume attestation period, found no duplicate encounters and noted multiple payer sources. The Provider met the 30 percent patient volume requirement.
3. We compared the system generated dashboards to the applicable criteria and to the summaries for Meaningful Use Objectives 3 through 9 and the Clinical Quality Measures (CQMs). All of the reported objectives met the applicable criteria. The percentages for the following five CQMs varied by more than 10 percent: CMS 050 - Closing the Referral Loop; CMS 138 - Tobacco Use; CMS 002 - Screening for Clinical Depression; CMS 166 - Use of Imaging Studies for Low Back Pain; and CMS 022 - Screening for High Blood Pressure.

This agreed-upon procedures engagement was conducted in accordance with the American Institute of Certified Public Accountants' attestation standards. We were not engaged to and did not conduct an examination or review, the objective of which would be the expression of an opinion or conclusion, respectively, on the Provider's compliance with the requirements of the Medicaid Promoting Interoperability Program. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported.

This report is intended solely for the information and use of the ODM, and is not intended to be, and should not be used by anyone other than the specified party.
