INDEPENDENT AUDITOR'S REPORT

Public Health - Dayton & Montgomery County
Montgomery County
117 South Main Street
Dayton, Ohio 45422

To the Board of Health:

Report on the Financial Statements

We have audited the accompanying cash-basis financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Public Health – Dayton & Montgomery County, Montgomery County, Ohio (the PHDMC), as of and for the year ended December 31, 2019, and the related notes to the financial statements, which collectively comprise the PHDMC's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for preparing and fairly presenting these financial statements in accordance with the cash accounting basis Note 2 describes. This responsibility includes determining that the cash accounting basis is acceptable for the circumstances. Management is also responsible for designing, implementing and maintaining internal control relevant to preparing and fairly presenting financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to opine on these financial statements based on our audit. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the PHDMC's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the PHDMC's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinions.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective cash financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Public Health – Dayton & Montgomery County, Montgomery County, Ohio, as of December 31, 2019, and the respective changes in cash financial position and the respective budgetary comparison for the General, Federal, and Air Pollution funds thereof for the year then ended in accordance with the accounting basis described in Note 2.

Accounting Basis

We draw attention to Note 2 of the financial statements, which describes the accounting basis. The financial statements are prepared on the cash basis of accounting, which differs from generally accepted accounting principles. We did not modify our opinion regarding this matter.

Emphasis of Matter

As discussed in Note 16 to the financial statements, during 2020, the financial impact of COVID-19 and the ensuing emergency measures will impact subsequent periods of the PHDMC. We did not modify our opinion regarding this matter.

Other Matters

Supplementary Information

Our audit was conducted to opine on the financial statements taken as a whole.

The Schedule of Expenditures of Federal Awards presents additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards and is not a required part of the financial statements.

The schedule is management's responsibility, and derives from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. We subjected this schedule to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling this schedule directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and in accordance with auditing standards generally accepted in the United States of America. In our opinion, this schedule is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated May 19, 2020, on our consideration of the PHDMC's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the PHDMC's internal control over financial reporting and compliance.

Keith Faber
Auditor of State
Columbus, Ohio

Public Health – Dayton & Montgomery County

Montgomery County

Notes to the Basic Financial Statements

For the Year Ended December 31, 2019

Note 1 – Reporting Entity

Public Health – Dayton & Montgomery County (PHDMC) is a combined general health district established under the laws of the State of Ohio. A nine-member Board of Health governs PHDMC, which provides public health services to the citizens of Montgomery County and, for certain programs, surrounding counties also. The Board appoints a health commissioner and all employees of PHDMC.

The reporting entity is composed of the primary government, component units, and other organizations that are included to ensure the financial statements are not misleading.

Primary Government

The primary government consists of all funds, departments, boards and agencies that are not legally separate from PHDMC. PHDMC's services include general operations, public health nursing, immunizations, communicable disease clinics and programs, food protection, community and special services, vital statistics, personal health care clinics, regional air pollution monitoring and control, water and solid waste programs, and regional emergency response planning.

Component Units

Component units are legally separate organizations for which PHDMC is financially accountable. PHDMC does not have any component units.

Public Entity Risk Pools

PHDMC participates in the Public Entities Pool of Ohio (PEP), a risk-sharing pool available to Ohio local governments. The PEP provides property and casualty coverage for its members. Note 7 to the financial statements provides additional information for this entity.

PHDMC's management believes these financial statements present all activities for which PHDMC is financially accountable.

Note 2 – Summary of Significant Accounting Policies

Basis of Presentation

PHDMC's basic financial statements consist of government-wide financial statements, including a Statement of Net Position and a Statement of Activities, and fund financial statements which provide a more detailed level of financial information.

Government-Wide Financial Statements The Statement of Net Position and the Statement of Activities display information about PHDMC as a whole. These statements include the financial activities of the primary government. The statements distinguish between those activities of PHDMC that are governmental in nature and those that are considered business-type activities. Governmental activities generally are financed through taxes, intergovernmental receipts or other non-exchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services. PHDMC has no business-type activities.

Public Health – Dayton & Montgomery County

Montgomery County

Notes to the Basic Financial Statements

For the Year Ended December 31, 2019

Note 2 – Summary of Significant Accounting Policies (continued)

The Statement of Net Position presents the financial condition of the governmental activities of PHDMC at year end. The Statement of Activities compares disbursements and program receipts for each program or function of the PHDMC's governmental activities. Disbursements are reported by function. A function is a group of related activities designed to accomplish a major service or regulatory program for which PHDMC is responsible. Program receipts include charges paid by the recipient of the goods or services offered by the program, and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Receipts which are not classified as program receipts are presented as general receipts of PHDMC, with certain limited exceptions. The comparison of direct disbursements with program receipts identifies the extent to which each governmental program is self-financing on a cash basis or draws from the general receipts of PHDMC.

Fund Financial Statements During the year, PHDMC segregates transactions related to certain PHDMC functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of PHDMC at this more detailed level. The focus of governmental fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column.

Fund Accounting

PHDMC uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. Funds are used to segregate resources that are restricted as to use. PHDMC utilizes the governmental category of funds only; it does not have any fiduciary funds.

Governmental Funds Governmental funds are those through which all governmental functions of PHDMC are financed. The following are PHDMC's major governmental funds:

General Fund This fund accounts for and reports all financial resources that are not accounted for and reported in another fund. The general fund balance is available for any purpose, provided it is expended or transferred according to the general laws of Ohio.

Federal Fund This fund accounts for and reports federal grant monies that are restricted to expenditure to meet requirements of the grants, whether received directly from the federal government or from the State in the form of a pass-through.

Air Pollution Fund This fund accounts for and reports financial resources that are restricted to expenditure for monitoring and controlling air pollution within Montgomery County and surrounding counties.

Capital Project Fund This fund accounts for and reports financial resources that are committed to expenditure for the repair and maintenance of various health centers and to purchase/replace other capital items as needed.

Other governmental funds account for and report other resources whose use is restricted, committed or assigned to a particular purpose, such as the food protection program.

Public Health – Dayton & Montgomery County

Montgomery County

Notes to the Basic Financial Statements

For the Year Ended December 31, 2019

Note 2 – Summary of Significant Accounting Policies (continued)

Basis of Accounting

PHDMC's financial statements are prepared using the cash basis of accounting. Receipts are recorded in PHDMC's financial records and reported in the financial statements when cash is received, rather than when earned. Likewise, disbursements are recorded when cash is paid, rather than when a liability is incurred.

As a result of using this cash basis of accounting, certain assets and their related revenues (such as accounts receivable and revenue for services billed or provided but not yet collected) and certain liabilities and their related expenses (such as accounts payable and expenses for goods or services received but not yet paid, and accrued expenses and liabilities) are not recorded in these financial statements.

Budgetary Process

All funds, except custodial funds, are legally required to be budgeted and appropriated. The major documents prepared are the certificate of estimated resources, and the appropriations resolution, which are prepared on the budgetary basis of accounting. The certificate of estimated resources establishes a limit on the amount the Board of Health may appropriate. The appropriations resolution is the Board of Health's authorization to spend resources and sets annual limits on disbursements plus encumbrances at the level of control selected by the Board of Health. The legal level of control has been established by the Board of Health at the fund level for all funds. Individual grants are limited to their approved budget; the Board must approve any increase or decrease.

ORC Section 5705.28 (C) (1) requires PHDMC to file an estimate of contemplated revenue and expenses with the municipalities and townships within the health district by about June 1 (forty-five days prior to July 15). The county auditor cannot allocate property taxes from the municipalities and townships within the district if the filing has not been made.

ORC Section 3709.28 establishes budgetary requirements for general health districts, which are similar to ORC Chapter 5705 budgetary requirements. On or about the first Monday of April, PHDMC must adopt an appropriation measure for the next fiscal year. The appropriation measure, together with an itemized estimate of revenues to be collected during the next fiscal year, shall be certified to the county budget commission. Subject to estimated resources, PHDMC may transfer appropriations from one appropriation item to another, reduce or increase any item, create new items, and make additional appropriations or reduce the total appropriation. Such appropriation modifications shall be certified to the county budget commission for approval.

The amounts reported as the original budgeted amounts on the budgetary statements reflect the amounts on the certificate of estimated resources in effect when the original appropriations were adopted. The amounts reported as the final budgeted amounts on the budgetary statements reflect the amounts on the amended certificate of estimated resources in effect at the time final appropriations were passed by the Board of Health.

Public Health – Dayton & Montgomery County

Montgomery County

Notes to the Basic Financial Statements

For the Year Ended December 31, 2019

Note 2 – Summary of Significant Accounting Policies (continued)

The appropriations resolution is subject to amendment throughout the year with the restriction that appropriations cannot exceed estimated resources. The amounts reported as the original budget reflect the first appropriation resolution that covered the entire year, including amounts also automatically carried forward from prior years. The amount reported as the final budgeted amounts represents the final appropriations passed by the Board of Health during the year.

Cash and Investments

The Montgomery County Treasurer is the custodian for PHDMC's cash and investments. The County's cash and investment pool holds PHDMC's cash and investments, which are reported at the County Treasurer's carrying amount. Deposits and investments disclosures for the County as a whole may be obtained from: Montgomery County Treasurer, 451 W. Third Street, Dayton, OH 45422-1475, 937-225-4010.

Restricted Assets

Assets are reported as restricted when limitations on their use change the nature or normal understanding of the availability of the assets. Such constraints are either externally imposed by creditors, contributors, grantors, or laws of other governments, or are imposed by law through constitutional provisions or enabling legislation.

Inventory and Prepaid Items

PHDMC reports disbursements for inventory and prepaid items when paid. These items are not reflected as assets in the accompanying financial statements.

Capital Assets

Acquisitions of property, plant and equipment are recorded as disbursements when paid. These items are not reflected as assets in the accompanying financial statements.

Accumulated Leave

In certain circumstances, such as upon leaving employment or retirement, employees are entitled to cash payments for unused leave. Unpaid leave is not reflected as a liability under the cash basis of accounting.

Employer Contributions to Cost-Sharing Pension Plans

PHDMC recognizes the disbursements for employer contributions to cost-sharing pension plans when they are paid. As described in Notes 9 and 10, the employer contributions include portions for pension benefits and for post-retirement health care benefits.

Public Health – Dayton & Montgomery County

Montgomery County

Notes to the Basic Financial Statements

For the Year Ended December 31, 2019

Note 2 – Summary of Significant Accounting Policies (continued)

Long-Term Obligations

The cash basis financial statements do not report liabilities for long-term obligations. Proceeds of debt are reported when cash is received and principal and interest payments are reported when paid. Since recording a capital asset when entering into a capital lease is not the result of a cash transaction, neither an Other Financing Source nor a Capital Outlay expenditure is reported at inception. Lease payments are reported when paid.

Net Position

Net position is reported as restricted when there are limitations imposed on assets' use through external restrictions imposed by creditors, grantors, or laws or regulations of other governments.

PHDMC's policy is to first apply restricted resources when an expense is incurred for purposes for which both restricted and unrestricted resources are available.

Fund Balance

Fund balance is divided into the following classifications based primarily on the extent to which PHDMC is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

Restricted Fund balance is reported as restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or is imposed by law through constitutional provisions.

Committed The committed fund balance classification includes amounts that can be used only for the specific purposes imposed by formal action (resolution) of the Board of Health. Those committed amounts cannot be used for any other purpose unless the Board of Health removes or changes the specified use by taking the same type of action (resolution) it employed to previously commit those amounts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

Assigned Amounts in the assigned fund balance classification are intended to be used by PHDMC for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds other than the general fund, assigned fund balance represents the remaining amount that is not restricted or committed. In the general fund, assigned amounts represent intended uses established by the Board of Health or a Health District official delegated that authority by resolution, or by State Statute.

Public Health – Dayton & Montgomery County

Montgomery County

Notes to the Basic Financial Statements

For the Year Ended December 31, 2019

Note 2 – Summary of Significant Accounting Policies (continued)

Unassigned Unassigned fund balance is the residual classification for the general fund and includes amounts not contained in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance.

PHDMC applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

Interfund Transactions

Exchange transactions between funds are reported as receipts in the seller funds and as disbursements in the purchaser funds. Subsidies from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as Other Financing Sources/Uses in governmental funds. Repayments from funds responsible for particular disbursements to the funds that initially paid for them are not presented in the financial statements.

Note 3 – Cash and Cash Equivalents

The Montgomery County Treasurer maintains a cash pool used by all of the County's funds, including those of PHDMC. The Ohio Revised Code prescribes allowable deposits and investments. At year-end, the carrying amount of PHDMC's deposits with the Montgomery County Commissioners was \$10,983,015. The Montgomery County Treasurer is the fiscal agent for the PHDMC and is responsible for maintaining adequate depository collateral for all funds in the County's pooled cash and deposit accounts.

Note 4 – Budgetary Basis of Accounting

The budgetary basis as provided by law is based upon accounting for certain transactions on the basis of cash receipts, disbursements, and encumbrances. The Statement of Receipts, Disbursements and Changes in Fund Balance – Budget and Actual – Budget Basis is presented for the general fund and each major special revenue fund. This group of reports is prepared on the budgetary basis to provide a meaningful comparison of actual results with the budget. The difference between the budgetary basis and the cash basis is outstanding year end encumbrances are treated as cash disbursements (budgetary basis) rather than as restricted, committed or assigned fund balance (cash basis). The encumbrances outstanding at year end (budgetary basis) amounted to:

Public Health – Dayton & Montgomery County

Montgomery County

Notes to the Basic Financial Statements

For the Year Ended December 31, 2019

Note 4 – Budgetary Basis of Accounting (continued)

Fund	Outstanding Encumbrances 12/31/2019
General Fund	\$ 2,661,696
Federal Fund	337,992
Air Pollution Fund	18,142
Capital Project	109,852
Other Funds	44,306
Total Encumbrances at December 31, 2019	<u>\$ 3,171,988</u>

Note 5 – Property Taxes

The County Commissioners have established a Human Services Levy Council (HSLC) in which PHDMC participates. Distribution of Levy funds to the participating agencies is on a semi-annual basis in accordance with HSLC recommendations. Currently the combined millage for the two levies is 14.24. The HSLC has established a policy regarding agencies maintaining fund balances: each levy agency shall strive to maintain its fund balances, to the extent possible, at about 9% of budgeted expenses on average.

The County Treasurer collects property taxes on behalf of all taxing districts in the county, including PHDMC. The County Auditor periodically remits to PHDMC its portion of the taxes collected.

Note 6 – Interfund Receivables/Payables

There were no loans or cash advances made between the individual funds during the year; therefore, no inter-fund payable or receivable balances existed at December 31, 2019.

Note 7 – Risk Management

Risk Pool Membership

The PHDMC is a member of the Public Entities Pool of Ohio (The Pool). The Pool assumes the risk of loss up to the limits of the PHDMC's policy. The Pool covers the following risks:

- General liability and casualty
- Public official's liability
- Cyber
- Law enforcement liability
- Automobile liability
- Vehicles
- Property
- Equipment breakdown.

The Pool reported the following summary of assets and actuarially-measured liabilities available to pay those liabilities as of December 31:

2019	
Cash and investments	\$35,381,789
Actuarial liabilities	12,965,015

Public Health – Dayton & Montgomery County

Montgomery County

Notes to the Basic Financial Statements

For the Year Ended December 31, 2019

Note 7 – Risk Management (continued)

Workers' Compensation

Montgomery County manages the Workers' Compensation program in which PHDMC participates. Allocation of the cost to PHDMC takes place annually.

Note 8 – Employee Benefits

Health Insurance

PHDMC offers health, dental and vision coverage to its employees. Open enrollment occurs annually in the spring, with an effective coverage date of July 1st each year. Health insurance and pharmacy benefits are provided through UMR a United Healthcare Company for medical and MedImpact for pharmacy services. Employees have the option of participating in a High Deductible Health Plan with a Health Savings Account (HSA). Employees who are covered under another health plan receive a waiver payment. The HSA accounts are set up through Optum Bank, and employees make pre-tax contributions via payroll deduction. PHDMC offers a matching contribution up to \$1,000 for each enrolled employee in the HSA plan.

If an employee is covered under the County or Advantage health insurance plan and is ineligible to contribute to a HSA, they are eligible for the Health Reimbursement Arrangement (HRA) benefit. PHDMC offers a matching contribution up to \$1,000. The HRA is administered by Flex Bank and PHDMC pays an administrative fee of \$ 5.00 per month per participating employee

Employees may also elect to participate in a Flexible Spending Account (FSA), which allows them to set aside funds to cover out-of-pocket expenses for medical care and/or dependent child care expenses. Voluntary employee payroll deductions fund the plan, and employees file their own claims. The FSA is administered by FlexBank, Inc., and PHDMC pays an administrative fee of \$4.50 per month per participating employee.

In addition, PHDMC provides dental and vision benefits through Superior Dental. Life insurance is provided through Companion Life, at a dollar value of one times the annual salary for full-time employees. Employees also have access to short term disability, additional life and accidental insurance, for which the employees pay the full cost.

Tuition Reimbursement Program

PHDMC offers 100 percent reimbursement, up to \$2,000 per year per person for full-time employees and \$ 1,000 for part-time employees, for costs associated with college or university courses that benefit the employee in maintaining, enhancing, or remaining current with new methodologies. All courses are subject to prior approval by management, and a minimum grade is required to receive reimbursement.

Public Health – Dayton & Montgomery County

Montgomery County

Notes to the Basic Financial Statements

For the Year Ended December 31, 2019

Note 8 – Employee Benefits (continued)

In addition to increasing total annual tuition reimbursement, PHDMC phased out its policy specifically related to reimbursement for tuition and fees associated with obtaining a Master of Public Health degree. Upon successful completion of courses, and with accompanying receipts for the costs, PHDMC reimbursed the employee 70 percent of his/her costs. The employee must agree to remain employed with the PHDMC for a minimum of three years after graduation, or repay up to 90 percent of the total reimbursement received.

Note 9 – Defined Benefit Pension Plans

Ohio Public Employees Retirement System (OPERS)

Plan Description PHDMC employees participate in the Ohio Public Employees Retirement System (OPERS). OPERS administers three separate pension plans. The traditional pension plan is a cost-sharing, multiple employer defined benefit pension plan. The member-directed plan is a defined contribution plan and the combined plan is a cost-sharing, multiple-employer defined benefit pension plan with defined contribution features. While members (e.g., District employees) may elect the member-directed plan and the combined plan, substantially all employee members are in OPERS' traditional plan; therefore, the following disclosure focuses on the traditional pension plan.

OPERS provides retirement, disability, survivor and death benefits, and annual cost of living adjustments to members of the traditional plan. Authority to establish and amend benefits is provided by Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report that includes financial statements, required supplementary information and detailed information about OPERS' fiduciary net position that may be obtained by visiting <https://www.opers.org/financial/reports.shtml>, by writing to the Ohio Public Employees Retirement System, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling 800-222-7377.

The Ohio Revised Code provides statutory authority for member and employer contributions. For 2019, member and employer contribution rates were consistent across all three plans. The 2019 member contribution rate was 10.0% for members in local classifications. The 2019 employer contribution rate for local government employer units was 14.00% of covered payroll.

Senate Bill (SB) 343 was enacted into law with an effective date of January 7, 2013. In the legislation, members were categorized into three groups with varying provisions of the law applicable to each group. The following table provides age and service requirements for retirement and the retirement formula applied to final average salary (FAS) for the three member groups under the traditional plan as per the reduced benefits adopted by SB 343 (see OPERS CAFR referenced above for additional information, including requirements for reduced and unreduced benefits).

Public Health – Dayton & Montgomery County
Montgomery County
Notes to the Basic Financial Statements
For the Year Ended December 31, 2019

Note 9 – Defined Benefit Pension Plans (continued)

Group A	Group B	Group C
Eligible to retire prior to January 7, 2013 or five years after <u>January 7, 2013</u>	20 years of service credit prior to January 7, 2013 or eligible to retire ten years after <u>January 7, 2013</u>	Members not in other Groups and members hired on or after <u>January 7, 2013</u>
State and Local	State and Local	State and Local
Age and service requirements:	Age and service requirements:	Age and service requirements:
Age 60 with 60 months of service credit or Age 55 with 25 years of service credit	Age 60 with 60 months of service credit or Age 55 with 25 years of service credit	Age 57 with 25 years of service credit or Age 62 with 5 years of service credit
Formula:	Formula:	Formula:
2.2% of FAS multiplied by years of service for the first 30 years and 2.5% for service years in excess of 30	2.2% of FAS multiplied by years of service for the first 30 years and 2.5% for service years in excess of 30	2.2% of FAS multiplied by years of service for the first 35 years and 2.5% for service years in excess of 35

Final average Salary (FAS) represents the average of the three highest years of earnings over a member’s career for Groups A and B. Group C is based on the average of the five highest years of earnings over a member’s career.

Members who retire before meeting the age and years of service credit requirement for unreduced benefits receive a percentage reduction in the benefit amount.

When a benefit recipient has received benefits for 12 months, an annual cost of living adjustment (COLA) is provided. This COLA is calculated on the base retirement benefit at the date of retirement and is not compounded. For those retiring prior to January 7, 2013, the COLA will continue to be a 3 percent simple annual COLA. For those retiring subsequent to January 7, 2013, beginning in calendar year 2019, the COLA will be based on the average percentage increase in the Consumer Price Index, capped at 3 percent.

Funding Policy - The Ohio Revised Code (ORC) provides statutory authority for member and employer contributions as follows:

	<u>State and Local</u>
2019 Statutory maximum contribution rates	
Employer	14.00%
Employee	10.00%
2019 Actual contribution rates	
Employer:	
Pension	14.00%
Post-employment health care benefits	<u>0.00%</u>
Total employer	<u>14.00%</u>
Employee	<u>10.00%</u>

Public Health – Dayton & Montgomery County

Montgomery County

Notes to the Basic Financial Statements

For the Year Ended December 31, 2019

Note 9 – Defined Benefit Pension Plans (continued)

Employer contribution rates are actuarially determined and are expressed as a percentage of covered payroll.

PHDMC's required contributions for pension obligations for the years ended December 31, 2019, 2018 and 2017 were \$2,203,099, \$2,229,090, and \$1,952,913, respectively. The full amount has been contributed for each of these years.

Note 10 – Post-Employment Benefits

Ohio Public Employees Retirement System (OPERS)

Plan Description The Ohio Public Employees Retirement System (OPERS) administers three separate pension plans: the traditional pension plan, a cost-sharing, multiple-employer defined benefit pension plan; the member-directed plan, a defined contribution plan; and the combined plan, a cost-sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and defined contribution plan.

OPERS maintains a cost-sharing, multiple-employer defined benefit post-employment health care trust, which funds multiple health care plans including medical coverage, prescription drug coverage and deposits to a Health Reimbursement Arrangement to qualifying benefit recipients of both the traditional pension and the combined plans. This trust is also used to fund health care for member-directed plan participants, in the form of a Retiree Medical Account (RMA). At retirement or refund, member directed plan participants may be eligible for reimbursement of qualified medical expenses from their vested RMA balance.

In order to qualify for postemployment health care coverage, age and service retirees under the traditional pension and combined plans must have twenty or more years of qualifying Ohio service credit. Health care coverage for disability benefit recipients and qualified survivor benefit recipients is available. The health care coverage provided by OPERS meets the definition of an Other Post Employment Benefit (OPEB) as described in GASB Statement 75. See OPERS' CAFR referenced below for additional information.

The Ohio Revised Code permits, but does not require, OPERS to provide health care to its eligible recipients. Authority to establish and amend health care coverage is provided to the OPERS Board of Trustees (OPERS Board) in Chapter 145 of the Ohio Revised Code.

Disclosures for the health care plan are presented separately in the OPERS financial report. Interested parties may obtain a copy by visiting <https://www.opers.org/financial/reports.shtml>, by writing to OPERS, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling (614) 222-5601 or 800-222-7377.

Funding Policy – The Ohio Revised Code provides the statutory authority requiring public employers to fund postemployment health care through their contributions to OPERS. A portion of each employer's contribution to OPERS is set aside to fund OPERS health care plans.

Public Health – Dayton & Montgomery County

Montgomery County

Notes to the Basic Financial Statements

For the Year Ended December 31, 2019

Note 10 – Post-Employment Benefits (continued)

Employer contribution rates are expressed as a percentage of the earnable salary of active members. In 2019, state and local employers contributed at a rate of 14.0 percent of earnable salary. These are the maximum employer contribution rates permitted by the Ohio Revised Code. Active member contributions do not fund health care. Each year, the OPERS Board determines the portion of the employer contribution rate that will be set aside to fund health care plans. For 2019, OPERS did not allocate any employer contribution to health care for members in the Traditional Pension Plan and Combined Plan. The OPERS Board is also authorized to establish rules for the retiree or their surviving beneficiaries to pay a portion of the health care provided. Payment amounts vary depending on the number of covered dependents and the coverage selected. The employer contribution as a percentage of covered payroll deposited into the RMA for participants in the Member-Directed Plan for 2019 was 4.0 percent.

PHDMC's contributions allocated to fund post-employment health care benefits for the years ended December 31, 2019, 2018 and 2017 were \$0, \$0, and \$150,224, respectively; the full amount has been contributed for each of these years.

Note 11 – Leases

PHDMC leases several sites for its operations. PHDMC disbursed \$1,455,103 to pay lease costs for the year ended December 31, 2019. All leases include cancellation provisions. The largest lease is for the Reibold Building, at \$1,030,797 for the current year. A new lease agreement with Montgomery County was entered into effective January 1, 2019 and ending December 31, 2023.

Public Health – Dayton & Montgomery County
Montgomery County
Notes to the Basic Financial Statements
For the Year Ended December 31, 2019

Note 12 – Fund Balances

Fund balance is classified as non-spendable, restricted, committed, assigned and/or unassigned based primarily on the extent to which PHDMC is bound to observe constraints imposed upon the use of the resources in the government funds. The constraints placed on fund balance for the major governmental funds and all other governmental funds are presented below:

	<u>General</u>	<u>Federal</u>	<u>Air Pollution</u>	<u>Capital Project</u>	<u>Other Governmental Funds</u>	<u>Total Governmental Funds</u>
Restricted for:						
Federal Programs	\$ -	\$ 821,238	\$ -	\$ -	\$ -	\$ 821,238
Air Pollution Program	-	-	1,968,149	-	-	1,968,149
Total Restricted	-	821,238	1,968,149	-	-	2,789,387
Committed to:						
Capital Projects and Equipment	-	-	-	2,426,317	-	2,426,317
Food Service Program	-	-	-	-	860,845	860,845
Total Committed	-	-	-	2,426,317	860,845	3,287,162
Assigned to:						
Encumbrances - General Fund	2,661,696	-	-	-	-	2,661,696
Subsequent Year Appropriations	1,981,217	-	-	-	-	1,981,217
Total Assigned	4,642,913	-	-	-	-	4,642,913
Unassigned	263,553	-	-	-	-	263,553
Total Fund Balances	<u>\$ 4,906,466</u>	<u>\$ 821,238</u>	<u>\$ 1,968,149</u>	<u>\$ 2,426,317</u>	<u>\$ 860,845</u>	<u>\$ 10,983,015</u>

Note 13 – Interfund Transfers

During 2019 the following transfers were made:

<u>Transfers To</u>	<u>Transfer From General Fund</u>
Federal Fund	\$ 1,000,000
Air Pollution Fund	389,000
Capital Project Fund	1,000,000
	<u>\$ 2,389,000</u>

Transfers represent the allocation of unrestricted receipts collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations. The general fund transfers to other governmental funds were made to provide additional resources for current operations and capital improvements.

Public Health – Dayton & Montgomery County

Montgomery County

Notes to the Basic Financial Statements

For the Year Ended December 31, 2019

Note 14 – Contractual Commitments

At December 31, 2019, PHDMC had contractual commitments for services. Some of these commitments will be funded by federal and state program grants. Below is a list of the most significant contract amounts and vendors:

<u>Vendor Name</u>	<u>Amount</u>	<u>Vendor Name</u>	<u>Amount</u>

Public Health – Dayton & Montgomery County

Montgomery County

Notes to the Basic Financial Statements

For the Year Ended December 31, 2019

Note 15 – Contingent Liabilities

Grants

Amounts grantor agencies pay to PHDMC are subject to audit and adjustment by the grantor, principally the federal government. Grantors may require refunding any disallowed costs. Management cannot presently determine amounts grantors may disallow. However, based on prior experience, management believes any refunds would be immaterial.

Note 16 – Subsequent Events

The United States and the State of Ohio declared a state of emergency in March 2020 due to the COVID-19 pandemic. The financial impact of COVID-19 and the ensuing emergency measures will impact subsequent periods of the PHDMC. The PHDMC's investment portfolio and the investments of the pension and other employee benefit plan in which the PHDMC participates have incurred a significant decline in fair value, consistent with the general decline in financial markets. However, because the values of individual investments fluctuate with market conditions, and due to market volatility, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined. In addition, the impact on the PHDMC's future operating costs, revenues, and any recovery from emergency funding, either federal or state, cannot be estimated.

MONTGOMERY COUNTY**

**NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
2 CFR 200.510(b)(6)
FOR THE YEAR ENDED DECEMBER 31, 2019**

NOTE A – BASIS OF PRESENTATION

The accompanying Schedule of Expenditures of Federal Awards (the Schedule) includes the federal award activity of Public Health – Dayton & Montgomery County (PHDMC) under programs of the federal government for the year ended December 31, 2019. The information on this Schedule is prepared in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the PHDMC, it is not intended to and does not present the financial position or changes in net position of the PHDMC.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the cash basis of accounting. Such expenditures are recognized following the cost principles contained in Uniform Guidance, wherein certain types of expenditures may or may not be allowable or may be limited as to reimbursement. PHDMC has elected not to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

NOTE C - MATCHING REQUIREMENTS

Certain Federal programs require PHDMC to contribute non-Federal funds (matching funds) to support the Federally-funded programs. PHDMC has met its matching requirements. The Schedule does not include the expenditure of non-Federal matching funds.

NOTE D – SAPT BLOCK GRANT

Addiction Services is a department of PHDMC. Addiction Services receives a Block Grant for Prevention and Treatment of Substance Abuse (SAPT) CFDA #93.959, 93.788 and 93.243 from Montgomery County Alcohol Drug and Mental Health Services Board (ADAMHS) to provide prevention, identification, education, referral and community based services for alcohol and drug users and gambling prevention and treatment. Based on the agreement between ADAMHS and Addiction Services, SAPT monies disbursed by ADAMHS to Addiction Services are considered contractual and not pass through or sub-recipient. ADAMHS reports to SAPT monies on their Federal Awards Expenditures Schedule. These monies will not be reported on PHDMC's schedule.

NOTE E – COMMINGLING

Federal monies received are commingled with other state and local revenues for the following programs:

- Maternal and Child Health Services Block Grant to the States (CFDA #93.994)
- PPHF 2018: Office of Smoking and Health-National State-Based Tobacco Control Programs-Financed in part by 2018 Prevention and Public Health funds (PPHF) (CFDA #93.305)

**PUBLIC HEALTH – DAYTON & MONTGOMERY COUNTY
MONTGOMERY COUNTY**

**NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
2 CFR 200.510(b)(6)
FOR THE YEAR ENDED DECEMBER 31, 2019**

- Air Pollution Control Program Support (CFDA #66.001)
- State Physical Activity and Nutrition (SPAN) (CFDA # 93.439)
- HIV Prevention Activities Health Department Based (CFDA #93.940)

When reporting expenditures on this Schedule, PHDMC assumes it expends federal monies first.

NOTE F – MEDICAID REIMBURSEMENT CLAIMING

PHDMC receives Medicaid Administrative Claiming (MAC) reimbursements CFDA #93.778 from the Ohio Department of Health (ODH). Based on the agreement between ODH and PHDMC, MAC reimbursements disbursed by ODH to PHDMC are not considered federal dollars. In 2019, PHDMC spent \$296,902 of the MAC reimbursements from the Ohio Department of Health. These monies are not reported on PHDMC's federal schedule.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

Public Health - Dayton & Montgomery County
Montgomery County
117 South Main Street
Dayton, Ohio 45422

To the Board of Health:

We have audited, in accordance with auditing standards generally accepted in the United States and the Comptroller General of the United States' *Government Auditing Standards*, the cash-basis financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Public Health – Dayton & Montgomery County, Montgomery County, (the PHDMC) as of and for the year ended December 31, 2019, and the related notes to the financial statements, which collectively comprise the PHDMC's basic financial statements and have issued our report thereon dated May 19, 2020, wherein we noted the PHDMC uses a special purpose framework other than generally accepted accounting principles. We also noted the financial impact of COVID-19 and the ensuing emergency measures will impact subsequent periods of the PHDMC.

Internal Control Over Financial Reporting

As part of our financial statement audit, we considered the PHDMC's internal control over financial reporting (internal control) to determine the audit procedures appropriate in the circumstances to the extent necessary to support our opinions on the financial statements, but not to the extent necessary to opine on the effectiveness of the PHDMC's internal control. Accordingly, we have not opined on it.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A *material weakness* is a deficiency, or combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of the PHDMC's financial statements. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all internal control deficiencies that might be material weaknesses or significant deficiencies. Given these limitations, we did not identify any deficiencies in internal control that we consider material weaknesses. However, unidentified material weaknesses may exist.

Compliance and Other Matters

As part of reasonably assuring whether the PHDMC's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, opining on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

Purpose of this Report

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of the PHDMC's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering the PHDMC's internal control and compliance. Accordingly, this report is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO THE MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Public Health - Dayton & Montgomery County
Montgomery County
117 South Main Street
Dayton, Ohio 45422

To the Board of Health:

Report on Compliance for the Major Federal Program

We have audited the Public Health – Dayton & Montgomery County's (the PHDMC) compliance with the applicable requirements described in the U.S. Office of Management and Budget (OMB) *Compliance Supplement* that could directly and materially affect Public Health – Dayton & Montgomery County's major federal program for the year ended December 31, 2019. The *Summary of Auditor's Results* in the accompanying schedule of findings identifies the PHDMC's major federal program.

Management's Responsibility

The PHDMC's Management is responsible for complying with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to opine on the PHDMC's compliance for the PHDMC's major federal program based on our audit of the applicable compliance requirements referred to above. Our compliance audit followed auditing standards generally accepted in the United States of America; the standards for financial audits included in the Comptroller General of the United States' *Government Auditing Standards*; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). These standards and the Uniform Guidance require us to plan and perform the audit to reasonably assure whether noncompliance with the applicable compliance requirements referred to above that could directly and materially affect a major federal program occurred. An audit includes examining, on a test basis, evidence about the PHDMC's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe our audit provides a reasonable basis for our compliance opinion on the PHDMC's major program. However, our audit does not provide a legal determination of the PHDMC's compliance.

Opinion on the Major Federal Program

In our opinion, Public Health – Dayton & Montgomery County complied, in all material respects with the compliance requirements referred to above that could directly and materially affect its major federal program for the year ended December 31, 2019.

Report on Internal Control Over Compliance

The PHDMC’s management is responsible for establishing and maintaining effective internal control over compliance with the applicable compliance requirements referred to above. In planning and performing our compliance audit, we considered the PHDMC’s internal control over compliance with the applicable requirements that could directly and materially affect a major federal program, to determine our auditing procedures appropriate for opining on the major federal program’s compliance and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not to the extent needed to opine on the effectiveness of internal control over compliance. Accordingly, we have not opined on the effectiveness of the PHDMC’s internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, when performing their assigned functions, to prevent, or to timely detect and correct, noncompliance with a federal program’s applicable compliance requirement. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a federal program compliance requirement will not be prevented, or timely detected and corrected. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with federal program’s applicable compliance requirement that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

This report only describes the scope of our internal control over compliance tests and the results of this testing based on Uniform Guidance requirements. Accordingly, this report is not suitable for any other purpose.
