Independent Accountants' Report on Applying Agreed-Up Procedures

Ohio Department of Medicaid
50 West Town Street, Suite 400
Columbus, Ohio 43215

RE: Ramona Sheth, M.D. NPI: 1285625194
Program Year 2016: Meaningful Use Stage 2 Year 2

We have performed the procedures enumerated below, which were agreed to by the Ohio Department of Medicaid (ODM), on Dr. Ramona Sheth's (hereafter referred to as the Provider) compliance with the requirements of the Medicaid Provider Incentive Program (MPIP) for the year ended December 31, 2016. The Provider is responsible for compliance with the MPIP requirements. The sufficiency of these procedures is solely the responsibility of ODM. Consequently, we make no representation regarding the sufficiency of the procedures enumerated below either for the purpose for which this report has been requested or for any other purpose.

1. We obtained the Provider's encounters during an alternative patient volume attestation period (January 1, 2016 to March 31, 2016). We scanned the list and found no duplicate encounters and noted that it included multiple payer sources.
2. We recalculated the Medicaid patient volume and confirmed the Provider met the 30 percent requirement.
3. We did not identify the current electronic health record software as the Provider has not participated in the program since 2016.
4. We obtained the Provider's equipped practice location during the meaningful use period and compared this to the location included in the meaningful use report. We found no exception.
5. We obtained supporting documentation for the 10 objectives and compared it to the applicable criteria. We found objective 8, measure 2 did not meet the applicable criteria.

For those measures that require only unique patients be counted, we scanned the detailed data and found no duplicates.

6. We obtained supporting documentation for the clinical quality measures and compared it to the applicable criteria. We confirmed the minimum number of measures was met with at least one measure from three different domains.

This agreed-upon procedures engagement was conducted in accordance with the American Institute of Certified Public Accountants' attestation standards. We were not engaged to and did not conduct an examination or review, the objective of which would be the expression of an opinion or conclusion, respectively, on the Provider's compliance with the requirements of the Medicaid Provider Incentive Program. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported.
