Board of Directors
Bio-Med Science Academy STEM School
4209 State Route 44
Rootstown, Ohio 44272

We have reviewed the *Independent Auditor's Report* of the Bio-Med Science Academy STEM School, Portage County, prepared by Charles E. Harris & Associates, Inc., for the audit period July 1, 2022 through June 30, 2023. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The Bio-Med Science Academy STEM School is responsible for compliance with these laws and regulations.

Keith Faber
Auditor of State

INDEPENDENT AUDITOR'S REPORT

Bio-Med Science Academy STEM School
Portage County
4209 State Route 44
Rootstown, Ohio 44272

To the Board of Directors:

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of the Bio-Med Science Academy STEM School, Portage County, Ohio (the School), as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the School's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the financial position of the Bio-Med Science Academy STEM School, Portage County, Ohio, as of June 30, 2023, and the respective changes in financial position and cash flows thereof for the year then ended in accordance with the accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the School, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the School's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the School's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the School's basic financial statements. The Schedule of Expenditures of Federal Awards (the Schedule) as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* are presented for purposes of additional analysis and are not a required part of the basic financial statements.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 27, 2023, on our consideration of the School's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the School's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2023
(UNAUDITED)

The management's discussion and analysis of the Bio-Med Science Academy STEM School (the "School") financial performance provides an overall review of the School's financial activities for the fiscal year ending June 30, 2023. The intent of this discussion and analysis is to look at the School's financial performance as a whole; readers should also review the notes to the basic financial statements and financial statements to enhance their understanding of the School's financial performance.

The School opened July 1, 2013, with the students from the previous Bio-Med Science Academy community school. The students were transferred to the School as sophomores and a new freshman class was added. As of August 2015, the School had students in all four high school grades and in June 2016 graduated its first senior class. In December 2016, the School signed a ten-year lease with the Village of Shalersville for the use of the former Shalersville Elementary School building. The building is used to house the new Bio-Med Science Academy STEM School's Lower Academy and currently has students in grades kindergarten through four. The School also leases a building from Family & Community Services, Inc. for its Ravenna Campus, which currently has students in fifth and sixth grade.

The School's Rootstown Campus is housed by Northeast Ohio Medical University (NEOMED) in Rootstown, Ohio, which currently has students in grades seven through twelve. The School does not have any employees, but instead leases all staff from the Educational Service Center Council of Governments (ESCCOG). NEOMED bills the School monthly for rent which includes maintenance, utility, and common area expenses, and the ESCCOG bills the school monthly for salaries and benefits paid. In addition, the School has contracted with the ESCCOG to act as its fiscal agent.

Financial Highlights

Key financial highlights for fiscal year 2023 are as follows:

- Net position at June 30, 2023 was \$25,362,323. This represents a decrease of \$639,925 compared to the prior year.
- The School had total revenues of \$9,701,026, including operating revenues of \$8,461,621 and non-operating revenues of \$1,239,405; these revenues supported operating expenses of \$10,165,300 and non-operating expenses of \$175,651 during fiscal year 2023.

Using the Basic Financial Statements

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand the School's financial activities. The statement of net position and statement of revenues, expenses and changes in net position provide information about the activities of the School, including all short-term and long-term financial resources and obligations. The statement of cash flows provides information about how the School finances and meets the cash flow needs of its operations.

Reporting the School's Financial Activities

Statement of Net Position, Statement of Revenues, Expenses, and Changes in Net Position and the Statement of Cash Flows

These documents look at all financial transactions and ask the question, "How did the School perform financially during 2023?" The statement of net position and the statement of revenues, expenses and changes in net position answer this question. These statements include all assets, liabilities, revenues and expenses using the accrual basis of accounting similar to the accounting used by most private-sector companies. This basis of accounting will take into account all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the School's net position and changes in net position. This change in net position is important because it tells the reader that the financial position of the School has improved or diminished. The causes of this change may be the result of many factors, some financial, some not. These statements can be found on pages 8 and 9 of this report. The statement of cash flows can be found on page 10.

**BIO-MED SCIENCE ACADEMY STEM SCHOOL
PORTAGE COUNTY, OHIO**

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2023
(UNAUDITED)

The notes provide additional information that is essential to a full understanding of the data provided in the financial statements. These notes to the basic financial statements can be found on pages 12-21 of this report.

The table below provides a summary of the School's net position at June 30, 2023 and June 30, 2022.

Net Position		
	2023	2022
<u>Assets</u>		
Current assets	\$ 6,252,458	\$ 5,950,210
Capital assets, net	25,509,131	26,605,835
Total assets	31,761,589	32,556,045
<u>Liabilities</u>		
Current liabilities	1,814,113	1,799,500
Long-term liabilities	4,585,153	4,754,297
Total liabilities	6,399,266	6,553,797
<u>Net position</u>		
Net investment in capital assets	20,757,541	21,713,204
Restricted	241,884	371,179
Unrestricted	4,362,898	3,917,865
Total net position	\$ 25,362,323	\$ 26,002,248

Over time, net position can serve as a useful indicator of a government's financial position. As of June 30, 2023, the School's assets exceeded liabilities by \$25,362,323. Of this total, \$241,884 is restricted in use and \$4,362,898 is unrestricted.

Assets

Current assets as of June 30, 2023 consist of cash and cash equivalents, receivables, and prepayments. The School's capital assets consist of leasehold improvements, equipment, and intangible right to use assets for buildings, equipment, and software. Capital assets are used to provide services to the students and are not available for future spending; therefore, the School's net investment in capital assets is presented as a separate component of net position.

Liabilities

Current liabilities consist of accounts payable, intergovernmental payable, accrued interest payable, and the current portion of the School's lease obligations. Long-term liabilities include an intergovernmental payable and leases payable. The intergovernmental payable is primarily amounts owed to the ESCCOG for expenses paid for salaries and benefits on behalf of the School. A portion of this is reported as a long-term liability.

**BIO-MED SCIENCE ACADEMY STEM SCHOOL
PORTAGE COUNTY, OHIO**

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2023
(UNAUDITED)

The following table shows the changes in net position for fiscal years 2023 and 2022.

Change in Net Position

	2023	2022
<u>Operating revenues:</u>		
State Foundation	\$ 8,241,097	\$ 8,526,603
Tuition and fees	173,992	162,793
Miscellaneous	46,532	29,636
Total operating revenues	8,461,621	8,719,032
<u>Operating expenses:</u>		
Purchased services	8,181,138	7,955,494
Materials and supplies	603,863	653,569
Other	73,352	78,558
Depreciation/amortization	1,306,947	1,274,024
Total operating expenses	10,165,300	9,961,645
Operating loss	(1,703,679)	(1,242,613)
<u>Non-operating revenues (expenses):</u>		
Federal, State and local grants	1,120,018	1,195,842
Intergovernmental	-	(687,757)
Interest earnings	109,974	1,744
Other financial assistance - forgiveness of Paycheck Protection Program loan	-	847,361
Contributions and donations	9,413	38,443
Interest and fiscal charges	(175,651)	(150,664)
Total non-operating revenues (expenses)	1,063,754	1,244,969
Change in net position	(639,925)	2,356
Net position at the beginning of the year	26,002,248	25,999,892
Net position at the end of the year	\$ 25,362,323	\$ 26,002,248

As the preceding table illustrates, the School's primary source of operating revenue is State Foundation revenue, which is allocated to schools throughout the State based in part on Full Time Equivalent (FTE) students reported by the schools. The School's FTE for fiscal year 2023 was 995 compared to 1,026 in 2022. The School's other main source of funding is Federal, State, and local grants. The School also earns interest on its investment in the State Treasury Asset Reserve of Ohio.

The main component of expenses for the School is purchased services, which accounted for 80.5% of all operating expenses in fiscal year 2023. These expenses consist primarily of professional and technical services, including payments made under the school's services contract with the ESCCOG. Refer to Note 13 in the notes to the basic financial statements for additional detail on the components of purchased services expenses. Another significant operating expense is depreciation/amortization, which includes amortization on the School's right to use assets under lease SBITA contracts.

**BIO-MED SCIENCE ACADEMY STEM SCHOOL
PORTAGE COUNTY, OHIO**

**MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2023
(UNAUDITED)**

Capital Assets

As of June 30, 2023, the School's capital assets consist of leasehold improvements, equipment, and intangible right to use assets for buildings and equipment in the amount of \$25,509,131 (net of accumulated depreciation/amortization). Capital asset acquisitions in fiscal year 2023 were mostly related to equipment purchases and a new lease for copiers. The School also acquired right to use assets for software as a result of two new SBITA contracts. Total capital asset additions for the year amounted to \$210,243 and depreciation/amortization expense was \$1,306,947. See Note 5 in the notes to the basic financial statements for detail on the school's capital assets.

Debt Administration

Long-term debt outstanding for the School consists of lease obligations for the right to use buildings and equipment. As of June 30, 2023, the balance is \$4,751,590, of which \$252,997 is due within one year. The only new addition in fiscal year 2023 was a lease for copiers, in the amount of \$59,925. See Note 7 in the notes to the basic financial statements for detail on the capital leases and loan.

Current Issues

The School receives approximately 97.4% of its operating revenues from the Ohio Department of Education in the form of State Foundation revenues. Thus, the School is heavily reliant on the State funding formula in its ability to continue to provide quality educational services to its students. Currently the School's allocation for fiscal year 2024 is approximately \$8.9 million.

Contacting the School's Financial Management

This financial report is designed to provide our citizens, investors, and creditors with a general overview of the School's finances and to show the School's accountability for the money it receives. If you have questions about this report or need additional financial information contact Tammy Rizzo, Treasurer of the Bio-Med Science Academy STEM School, 2080 Citygate Drive, Columbus, Ohio 43219.

THIS PAGE IS INTENTIONALLY LEFT BLANK

**BIO-MED SCIENCE ACADEMY STEM SCHOOL
PORTAGE COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 1 - DESCRIPTION OF THE SCHOOL

Bio-Med Science Academy STEM School (the “School”), Portage County, is a legally separate nonprofit corporation served by a seven-member Governing Board and meets the definition of a science, technology, engineering, and math (STEM) school under chapter 3326 of the Ohio Revised Code. The School, which is a part of the State’s education program, is independent of any public school district. The School may sue and be sued, acquire facilities as needed, and contract for any services necessary for the operation of the School.

The School operates under a self-appointed Board of Directors (the Board). The School’s Code of Regulations specifies that vacancies that arise on the Board are filled by the appointment of a successor director by a majority vote of the then-existing directors.

As further described in Note 10 and Note 11, the School has contracted with the Educational Service Center Council of Governments (ESCCOG) to employ office, teaching and administrative staff of the School. The ESCCOG also serves as the School’s fiscal agent. The ESCCOG is a legally separate entity, the results of which are not reflected in the financial statements.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The basic financial statements (BFS) of the School have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The School's significant accounting policies are described below.

A. Basis of Presentation

The School’s basic financial statements consist of a Statement of Net Position, a Statement of Revenues, Expenses and Changes in Net Position, and a Statement of Cash Flows. Enterprise accounting is used to account for operations that are financed and operated in a manner similar to private business enterprises where the intent is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges.

B. Measurement Focus

Enterprise accounting uses a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities are included on the statement of net position. The statement of revenues, expenses and changes in net position present increases (i.e., revenues) and decreases (i.e., expenses) in total net position. The statement of cash flows provides information about how the School finances and meets the cash flow needs of its enterprise activities.

C. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the basic financial statements. The School’s basic financial statements are prepared using the accrual basis of accounting.

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded upon the accrual basis when the exchange takes place.

Nonexchange transactions, in which the School receives value without directly giving equal value in return, include grants, entitlements and donations. Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the fiscal year when the resources are required to be used or the fiscal year when use is first permitted, matching requirements, in which the School must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the School on a reimbursement basis.

**BIO-MED SCIENCE ACADEMY STEM SCHOOL
PORTAGE COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Grants and entitlements received before the eligibility requirements are met are recorded as deferred inflows of resources. Expenses are recognized at the time they are incurred.

D. Budgetary Process

Unlike other public schools located in the State of Ohio, STEM schools are not required to follow budgetary provisions set forth in Ohio Revised Code Section 5705. Ohio Revised Code Section 5705.391 does require the School to prepare a five-year projection.

E. Cash and Cash Equivalents

To improve cash management, all cash received by the School is pooled in central bank accounts. Monies for the School are maintained in these accounts or temporarily used to purchase short-term investments.

For presentation on the financial statements, investments of the cash management pool and investments with an original maturity of three months or less at the time they are purchased by the School are considered to be cash equivalents. Investments with an initial maturity of more than three months that are not purchased from the pool are reported as investments.

During fiscal year 2023, the School invested in the State Treasury Asset Reserve of Ohio (STAR Ohio). STAR Ohio is an investment pool managed by the State Treasurer's Office which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but has adopted Governmental Accounting Standards Board (GASB), Statement No. 79, "Certain External Investment Pools and Pool Participants." The School measures their investment in STAR Ohio at the net asset value (NAV) per share provided by STAR Ohio. The NAV per share is calculated on an amortized cost basis that provides an NAV per share that approximates fair value.

There are no limitations or restrictions on any participant withdrawals due to redemption notice periods, liquidity fees, or redemption gates. However, 24 hours notice in advance of all deposits and withdrawals exceeding \$100 million is encouraged. STAR Ohio reserves the right to limit the transaction to \$250 million, requiring the excess amount to be transacted the following business day(s), but only to the \$250 million limit. All accounts of the participant will be combined for these purposes.

F. Accounts Receivable

Accounts receivable primarily consists of student fees. Uncollectible amounts have been reserved and account receivable balances are shown net of the allowance for doubtful accounts.

G. Prepaid Items

Payments made to vendors for services that will benefit periods beyond June 30, 2023 are recorded as prepaid items using the consumption method. A current asset for the prepaid amount is recorded at the time of purchase and an expense is reported in the year which services are consumed.

H. Capital Assets and Depreciation

Capital assets are recorded at historical cost on the date of acquisition, or if acquired by gift, at acquisition value on the date of donation. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized. The School maintains a capitalization threshold of \$2,500.

**BIO-MED SCIENCE ACADEMY STEM SCHOOL
PORTAGE COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

All capital assets are depreciated/amortized. This is computed using the straight-line method over useful lives ranging from 5-15 years for equipment, and 20-24 years for leasehold improvements. Intangible right to use assets for leases and SBITAs are amortized in a systematic and rational manner over the shorter of the estimated useful life of the underlying asset or the term of the lease/subscription. Currently this is 24 years for leased buildings, 5 years for leased equipment, and 2-3 years for SBITA software.

I. Net Position

Net position represents the difference between assets and liabilities. The net position component “net investment in capital assets,” consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvement of those assets. Net position is reported as restricted when there are limitations imposed on its use either through the enabling legislation adopted by the School or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

The School applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

J. Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity. For the School, these revenues are payments from the State Foundation Program and sales/charges for services. Operating expenses are necessary costs incurred to provide goods or services that are the primary activities of the School. All revenues and expenses not meeting this definition are reported as non-operating.

K. Intergovernmental Revenue

The School participates in the State Foundation Program through the Ohio Department of Education. Revenues from the State Foundation Program are recognized as operating revenue in the accounting period in which all eligibility requirements have been met. Revenues received from other State and Federal programs are recognized as non-operating revenues in the accompanying financial statements. Grants and entitlements are recognized as non-operating revenues in the accounting period in which all eligibility requirements have been met. Eligibility includes timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted; matching requirements, in which the School must provide local resources to be used for a specified purpose; and expenditure requirements, in which the resources are provided to the School on a reimbursement basis.

L. Estimates

The preparation of basic financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

NOTE 3 - CHANGE IN ACCOUNTING PRINCIPLES

For fiscal year 2023, the School has implemented GASB Statement No. 91, “*Conduit Debt Obligations*”, GASB Statement No. 94, “*Public-Private and Public-Public Partnerships and Availability Payment Arrangements*”, GASB Statement No. 96, “*Subscription Based Information Technology Arrangements*”, certain questions and answers of GASB Implementation Guide 2021-1 and certain paragraphs of GASB Statement No. 99, “*Omnibus 2022*”.

**BIO-MED SCIENCE ACADEMY STEM SCHOOL
PORTAGE COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 3 - CHANGE IN ACCOUNTING PRINCIPLES - (Continued)

GASB Statement No. 91 provides a single method of reporting conduit debt obligations by issuers and eliminate diversity in practice associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations, and (3) related note disclosures. This Statement achieves those objectives by clarifying the existing definition of a conduit debt obligation; establishing that a conduit debt obligation is not a liability of the issuer; establishing standards for accounting and financial reporting of additional commitments and voluntary commitments extended by issuers and arrangements associated with conduit debt obligations; and improving required note disclosures. The implementation of GASB Statement No. 91 did not have an effect on the financial statements of the School.

GASB Statement No. 94 is to improve financial reporting by addressing issues related to public-private and public partnership arrangements (PPPs). As used in this Statement, a PPP is an arrangement in which a government (the transferor) contracts with an operator (a governmental or nongovernmental entity) to provide public services by conveying control of the right to operate or use a nonfinancial asset, such as infrastructure or other capital asset (the underlying PPP asset), for a period of time in an exchange or exchange-like transaction. The implementation of GASB Statement No. 94 did not have an effect on the financial statements of the School.

GASB Statement No. 96 provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users (governments). This Statement (1) defines a SBITA; (2) establishes that a SBITA results in a right-to-use subscription asset—an intangible asset—and a corresponding subscription liability; (3) provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA; and (4) requires note disclosures regarding a SBITA. To the extent relevant, the standards for SBITAs are based on the standards established in Statement No. 87, Leases, as amended. These changes were incorporated in the School's fiscal year 2023 financial statements.

GASB Implementation Guide 2021-1 provides clarification on issues related to previously established GASB guidance. The implementation of GASB Implementation Guide 2021-1 did not have an effect on the financial statements of the School.

GASB Statement No. 99 to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing (1) practice issues that have been identified during implementation and application of certain GASB Statements and (2) accounting and financial reporting for financial guarantees. The implementation of GASB Statement No. 99 did not have an effect on the financial statements of the School.

NOTE 4 - DEPOSITS AND INVESTMENTS

Monies held by the School are classified by State statute into three categories.

Active monies are public deposits determined to be necessary to meet current demands upon the School treasury. Active monies must be maintained either as cash in the School Treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that the Governing Board has identified as not required for use within the current five year period of designation of depositories.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories.

Interim monies may be deposited or invested in the following securities:

1. United States Treasury bills, bonds, notes, or any other obligation or security issued by the United States Treasury, or any other obligation guaranteed as to principal and interest by the United States;

**BIO-MED SCIENCE ACADEMY STEM SCHOOL
PORTAGE COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 4 - DEPOSITS AND INVESTMENTS - (Continued)

2. Bonds, notes, debentures, or any other obligation or security issued by any federal government agency or instrumentality, including, but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, and Government National Mortgage Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. Written repurchase agreements in the securities listed above provided that the fair value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily, and that the term of the agreement must not exceed thirty days;
4. Bonds and other obligations of the State of Ohio, and with certain limitations including a requirement for maturity within ten years from the date of settlement, bonds and other obligations of political subdivisions of the State of Ohio, if training requirements have been met;
5. Time certificates of deposit or savings or deposit accounts including, but not limited to, passbook accounts;
6. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;
7. The State Treasurer's investment pool, the State Treasury Asset Reserve of Ohio (STAR Ohio); and,
8. Certain banker's acceptance for a period not to exceed one hundred eighty days) and commercial paper notes (for a period not to exceed two hundred seventy days) in an amount not to exceed 40 percent of the interim monies available for investment at any one time if training requirements have been met.

Protection of the deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, or by the financial institutions participation in the Ohio Pooled Collateral System (OPCS), a collateral pool of eligible securities deposited with a qualified trustee and pledged to the Treasurer of State to secure the repayment of all public monies deposited in the financial institution.

Investments in stripped principal or interest obligations, reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. Except as noted above, an investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the School, and must be purchased with the expectation that it will be held to maturity. Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the Treasurer or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

A. Deposits with Financial Institutions

At June 30, 2023, the carrying amount of all School deposits was \$2,585,238 and the bank balance of all School deposits was \$2,592,178. Of the bank balance, \$250,000 was covered by the FDIC and \$1,171,089 was potentially exposed to custodial credit risk as discussed below because those deposits were uninsured and could be uncollateralized. Although all statutory requirements for the deposit of money had been followed, noncompliance with Federal requirements could potentially subject the School to a successful claim by the FDIC.

**BIO-MED SCIENCE ACADEMY STEM SCHOOL
PORTAGE COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 4 - DEPOSITS AND INVESTMENTS - (Continued)

Custodial credit risk is the risk that, in the event of bank failure, the School’s deposits may not be returned. The School has no deposit policy for custodial risk beyond the requirements of State statute. Ohio law requires that deposits either be insured or protected by: (1) eligible securities pledged to the School and deposited with a qualified trustee by the financial institution as security for repayment whose fair value at all times shall be at least 105 percent of the deposits being secured; or (2) participation in the Ohio Pooled Collateral System (OPCS), a collateral pool of eligible securities deposited with a qualified trustee and pledged to the Treasurer of State to secure the repayment of all public monies deposited in the financial institution. OPCS requires the total fair value of the securities pledged to be 102 percent of the deposits being secured or a rate set by the Treasurer of State. For 2023, the School’s financial institutions were approved for a reduced collateral rate of 50 percent through the OPCS.

B. Investments

As of June 30, 2023, the School had the following investment and maturity:

Measurement/ Investment type	Measurement Value	<u>Investment Maturity</u> 6 months or less
<i>Amortized Cost:</i>		
STAR Ohio	\$ 3,547,134	\$ 3,547,134

The weighted average maturity of STAR Ohio is approximately 39 days.

Interest Rate Risk: As a means of limiting its exposure to fair value losses arising from rising interest rates, the School’s investment policy requires that operating funds be invested primarily in investments so that the securities mature to meet cash requirements for ongoing operations and long-term debt payments. The stated intent of the policy is to avoid the need to sell securities prior to maturity.

Credit Risk: Standard & Poor’s has assigned STAR Ohio an AAAM money market rating. Ohio law requires that STAR Ohio maintain the highest rating provided by at least one nationally recognized standard rating service. The School’s investment policy does not specifically address credit risk beyond requiring the School to invest in securities authorized by State statute.

Custodial Credit Risk: For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the School will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. The School’s investment policy does not specifically address custodial credit risk beyond the adherence to all relevant sections of the Ohio Revised Code.

Concentration of Credit Risk: The School places no limit on the amount that may be invested in any one issuer.

Total capital assets, net	<u>\$ 26,605,835</u>	<u>\$ (1,096,704)</u>	<u>\$ -</u>	<u>\$ 25,509,131</u>

NOTE 6 - RECEIVABLES

Receivables at June 30, 2023 consist of tuition and fees for services provided, reimbursements and intergovernmental grants and entitlements. All receivables are considered collectible in full and are expected to be collected within the subsequent year.

NOTE 7 - LONG-TERM OBLIGATIONS

The following tables summarizes the School's long-term obligations activity in fiscal year 2023.

	Balance at 06/30/22	Additions	Reductions	Balance at 06/30/23	Due Within One Year
Leases payable	\$ 4,892,631	\$ 59,525	\$ (200,566)	\$ 4,751,590	\$ 252,997
Intergovernmental payable	<u>117,550</u>	<u>95,904</u>	<u>(62,041)</u>	<u>151,413</u>	<u>64,853</u>
Total long-term obligations	<u>\$ 5,010,181</u>	<u>\$ 155,429</u>	<u>\$ (262,607)</u>	<u>\$ 4,903,003</u>	<u>\$ 317,850</u>

Leases payable: The School currently has two lease agreements for the right to use copier equipment. The term for each lease is 63 months. Payments are due monthly with the final payment due January 25, 2028.

The School has entered into a lease to rent a building from Shalersville Township. The lease term is ten and one-half years, commencing on January 1, 2017 and ending on June 30, 2027. Lease payments are set at \$65,000 per year, payable bi-annually. The lease payments for the first year (2017) were prorated. Subsequent bi-annual payments of \$32,500 are due each January 1 and July 1.

**BIO-MED SCIENCE ACADEMY STEM SCHOOL
PORTAGE COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 7 - LONG-TERM OBLIGATIONS - (Continued)

Effective February 1, 2019, the School entered into a lease to rent a building from Family & Community Services, Inc. for a term of twenty years, ending June 30, 2039. Monthly payments throughout the lease term are \$13,359 (\$160,312 annually).

Effective July 22, 2021, the School entered into a lease to rent a building from NEOMED. The initial lease term is twenty-four years, ending June 30, 2045. NEOMED is responsible for utilities and normal maintenance and repairs, which are partially reimbursed by the School. The School made one lump sum rental payment of \$129,863 for fiscal year 2022. For fiscal years 2023 through 2026, payments of \$12,500 are due monthly. Thereafter for the rest of the term, rental payments will be adjusted based on the Consumer Price Index for the immediately preceding lease year.

The following is a schedule of future lease payments:

<u>Fiscal Year</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2024	\$ 252,997	\$ 140,545	\$ 393,542
2025	257,421	132,578	389,999
2026	263,673	124,554	388,227
2027	271,933	116,293	388,226
2028	209,541	108,304	317,845
2029 - 2033	1,106,705	444,855	1,551,560
2034 - 2038	1,285,566	265,993	1,551,559
2039 - 2043	812,929	97,383	910,312
2044 - 2045	<u>290,825</u>	<u>9,175</u>	<u>300,000</u>
Total	<u>\$ 4,751,590</u>	<u>\$ 1,439,680</u>	<u>\$ 6,191,270</u>

Intergovernmental payable: The School's employees are employed by the Educational Service Center Council of Governments (ESCCOG). Sick and vacation leave payouts for these employees are paid by the ESCCOG and subsequently reimbursed by the School. The intergovernmental payable reported as a long-term obligation represents the sick and vacation leave balances for the School's employees in accordance with GASB Statement No. 16.

NOTE 8 - INTERGOVERNMENTAL PAYABLES

As discussed in Note 7, a portion of the School's intergovernmental payable liability represents a long-term payable to the ESCCOG. The following is a summary of other intergovernmental payables incurred by the School for fiscal year 2023:

<u>Description</u>	<u>Amount</u>
Payable to ESCCOG	\$ 620,092
Unused Grant Funds Payable to the Ohio Facilities Construction Commission	687,757
Payable to Other Governmental Entities	<u>18,508</u>
Total	<u>\$ 1,326,357</u>

**BIO-MED SCIENCE ACADEMY STEM SCHOOL
PORTAGE COUNTY, OHIO**

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2023**

NOTE 9 - RISK MANAGEMENT

The School is exposed to various risks of loss related to torts; theft or damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The School has contracted with a commercial insurance company for property and general liability insurance. Property coverage carries a \$1,000 deductible, with the School's contents insured for \$250,000. General liability coverage provides \$1,000,000 per occurrence and \$3,000,000 in the aggregate with a \$2,500 deductible. There were no claims reported in the past fiscal year, nor decreases in coverages.

NOTE 10 - BIO-MED PERSONNEL

The School does not employ any personnel, but instead purchases services from the ESCCOG for teachers, administrators and office staff. All employee salary and benefits are paid by the ESCCOG and billed to the School on a monthly basis. As the employer of record, ESCCOG is responsible for remitting all employer taxes and pension expenses and has accrued the GASB 68 pension liability and GASB 75 OPEB liability for these personnel on its financial statements.

NOTE 11 - SERVICE AGREEMENT

The School has entered into a service contract with the Educational Service Center Council of Governments (ESCCOG) for fiscal year 2023 to provide fiscal, payroll, Comprehensive Continuous Improvement Planning (CCIP), and Ohio Facilities Construction Commission consulting services. The ESCCOG shall perform the following services for the School in accordance with the services proposal:

- Month End Accounting
- Accounts Payable/Receivable
- Payroll
- Accounting/Fiscal Support/Tax Reporting/General Office Support
- EMIS/Recordkeeping
- Ohio Facilities Construction Commission Reporting

NOTE 12 - TAX EXEMPT STATUS

The School has a tax exempt, non-profit organization under the Internal Revenue Code Section 501(c)(3).

NOTE 13 - PURCHASED SERVICES

For fiscal year ended June 30, 2023, purchased services expenses were as follows:

Professional and technical services *	\$ 6,938,967
Other	585,354
Property services	357,080
Utilities	87,282
Contracted craft or trade	86,865
Communications	58,553
Travel mileage and meetings	33,779
Tuition	28,360
Pupil transportation services	<u>4,898</u>
Total	<u>\$ 8,181,138</u>

* Professional and technical services includes \$6,482,424 in salary and benefit related expenses specific to School employees who are employed by the ESCCOG.

**BIO-MED SCIENCE ACADEMY STEM SCHOOL
PORTAGE COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 14 - CONTINGENCIES

A. Grants

The School received financial assistance from Federal and State agencies in the form of grants. The expenditure of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the School at June 30, 2023.

B. State Foundation Funding

Foundation funding is based on the annualized full-time equivalent (FTE) enrollment of each student. However, there is an important nexus between attendance and enrollment for Foundation funding purposes. STEM schools must provide documentation that clearly demonstrates students have participated in learning opportunities. The Ohio Department of Education (ODE) is legislatively required to adjust/reconcile funding as enrollment information is updated by schools throughout the State, which can extend past the fiscal year end.

Under Ohio Rev. Code Section 3314.08, ODE may also perform a FTE review for the fiscal year that may result in an additional adjustment to the enrollment information as well as claw backs of Foundation funding due to a lack of evidence to support student participation and other matters of noncompliance.

As of the date of this report, additional ODE adjustments for fiscal year 2023 are finalized. The results of any ODE adjustments are nominal.

C. Litigation

The School is not involved in any litigation that, in the opinion of management, would have a material effect on the financial statements at June 30, 2023.

**BIO-MED SCIENCE ACADEMY STEM SCHOOL
PORTAGE COUNTY
SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
FOR THE YEAR ENDED JUNE 30, 2023
(Prepared by Management)**

**BIO-MED SCIENCE ACADEMY STEM SCHOOL
PORTAGE COUNTY**

**NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
2 CFR 200.510(b)(6)
FOR THE YEAR ENDED JUNE 30, 2023**

NOTE A – BASIS OF PRESENTATION

The accompanying Schedule of Expenditures of Federal Awards (the Schedule) includes the federal award activity of the Bio-Med Science Academy STEM School (the School) under programs of the federal government for the year ended June 30, 2023. The information on this Schedule is prepared in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the School, it is not intended to and does not present the financial position, changes in net position, or cash flows of the School.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the cash basis of accounting. Such expenditures are recognized following the cost principles contained in Uniform Guidance wherein certain types of expenditures may or may not be allowable or may be limited as to reimbursement.

NOTE C – INDIRECT COST RATE

The School has elected not to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

NOTE D - CHILD NUTRITION CLUSTER

The School commingles cash receipts from the U.S. Department of Agriculture with similar State grants. When reporting expenditures on this Schedule, the School assumes it expends federal monies first.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND
ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
REQUIRED BY GOVERNMENT AUDITING STANDARDS

Bio-Med Science Academy STEM School
Portage County
4209 State Route 44
Rootstown, Ohio 44272

To the Board of Directors:

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the Bio-Med Science Academy STEM School, Portage County, Ohio (the School), as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the School's basic financial statements, and have issued our report thereon dated December 27, 2023.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the School's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control. Accordingly, we do not express an opinion on the effectiveness of the School's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the School's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the School's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the School's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Report on Compliance for the Major Federal Program

Opinion on the Major Federal Program

We have audited the Bio-Med Science Academy STEM School, Portage County, Ohio's (the School) compliance with the types of compliance requirements identified as subject to audit in the U.S. Office of Management and Budget (OMB) *Compliance Supplement* that could have a direct and material effect on the School's major federal program for the year ended June 30, 2023. The School's major federal program is identified in the *Summary of Auditor's Results* section of the accompanying Schedule of Findings.

In our opinion, the School complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended June 30, 2023.

Basis for Opinion on the Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the *Auditor's Responsibilities for the Audit of Compliance* section of our report.

We are required to be independent of the School and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for the major federal program. Our audit does not provide a legal determination of the School's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

The School's management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the School's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the School's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the School's compliance with the requirements of the major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the School's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- obtain an understanding of the School's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the *Auditor's Responsibilities for the Audit of Compliance* section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of this testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
