INDEPENDENT AUDITOR'S REPORT

Indian Lake Local School District
Logan County
6210 State Route 235 North
Lewistown, Ohio 43333

To the Board of Education:

Report on the Audit of the Financial Statements

Opinions

We have audited the cash basis financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Indian Lake Local School District, Logan County, Ohio (the District), as of and for the fiscal year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective cash basis financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Indian Lake Local School District, as of June 30, 2023, and the respective changes in cash basis financial position thereof and the budgetary comparison for the General fund for the fiscal year then ended in accordance with the cash basis of accounting described in Note 2.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of Matter - Accounting Basis

Ohio Administrative Code § 117-2-03(B) requires the District to prepare its annual financial report in accordance with accounting principles generally accepted in the United States of America. We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the cash basis of accounting described in Note 2, and for determining that the cash basis of accounting is an acceptable basis for preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplementary Information

Our audit was conducted to opine on the financial statements as a whole that collectively comprise the District's basic financial statements.

The Schedule of Expenditures of Federal Awards as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards is presented for purposes of additional analysis and is not a required part of the financial statements.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied to the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, this schedule is fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Information

We applied no procedures to management's discussion and analysis as listed in the table of contents. Accordingly, we express no opinion or any other assurance on it.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 19, 2024, on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

**MANAGEMENT’S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2023
(UNAUDITED)**

The management’s discussion and analysis of the Indian Lake Local School District’s (the “District”) financial performance provides an overall review of the District’s financial activities for the fiscal year ended June 30, 2023, within the limitations of the District’s cash basis of accounting. The intent of this discussion and analysis is to look at the District’s financial performance as a whole; readers should also review the cash basis financial statements and the notes to the financial statements to enhance their understanding of the District’s financial performance.

Financial Highlights

Key financial highlights for fiscal year 2023 are as follows:

- The total net cash position of the District increased \$3,727,642 or 18.02% from fiscal year 2022’s position.
- General cash receipts accounted for \$23,609,362 or 77.96% of total governmental activities cash receipts. Program specific cash receipts accounted for \$6,672,902 or 22.04% of total governmental activities cash receipts.
- The District had \$26,554,622 in cash disbursements related to governmental activities; \$6,672,902 of these cash disbursements were offset by program specific charges for services and sales, grants or contributions. General cash receipts (primarily taxes and grants and entitlements) of \$23,609,362 were adequate to provide for these programs.
- The District’s major funds are the general fund, the bond retirement fund, and the permanent improvement fund. The general fund, the District’s largest major fund, had cash receipts of \$22,137,427 in fiscal year 2023. The cash disbursements and other financing uses of the general fund totaled \$19,467,248 in fiscal year 2023. The general fund cash balance increased \$2,670,179 during fiscal year 2023.
- The bond retirement fund, a District major fund, had cash receipts of \$2,072,650 in fiscal year 2023. The bond retirement fund had cash disbursements and other financing uses of \$2,830,666 in fiscal year 2023. The bond retirement fund cash balance decreased \$758,016 during fiscal year 2023.
- The permanent improvement fund, a District major fund, had cash receipts and other financing sources of \$1,944,922 in fiscal year 2023. The permanent improvement fund had cash disbursements of \$190,997 in fiscal year 2023. The permanent improvement fund cash balance increased \$1,753,925 during fiscal year 2023.

Using the Cash Basis Basic Financial Statements (BFS)

This annual report is presented in a format consistent with the presentation requirements of the Governmental Accounting Standards Board (GASB) Statement No. 34, as applicable to the District’s cash basis of accounting.

The statement of net position – cash basis and statement of activities – cash basis provides information about the activities of the whole District, presenting an aggregate view of the District’s cash basis finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the District’s most significant funds with all other nonmajor funds presented in total in one column. In the case of the District, there are three major governmental funds. The general fund is the largest major fund.

Reporting the District as a Whole

Statement of Net Position and the Statement of Activities

The statement of net position – cash basis and the statement of activities – cash basis answers the question, “How did the District do financially during fiscal year 2023?” These statements include only net position using the cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. This basis of accounting takes into account only the current year’s receipts and disbursements if the cash is actually received or paid.

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2023
(UNAUDITED)

These two statements report the District's net cash position and changes in net cash position on a cash basis. This change in net cash position is important because it tells the reader that, for the District as a whole, the cash basis financial position of the District has improved or diminished. The causes of this change may be the result of many factors, some financial, some not. Non-financial factors include the District's property tax base, current property tax laws in Ohio restricting revenue growth, facility conditions, mandated federal and state programs and other factors.

As a result of the use of the cash basis of accounting, certain assets and their related revenues (such as accounts receivable and revenue for billed or provided services not collected) and liabilities and their related expenses (such as accounts payable and expenses for goods or services received but not yet paid, and accrued expenses and liabilities) are not recorded in these financial statements. Therefore, when reviewing the financial information and discussion within this annual report, the reader should keep in mind the limitations resulting from the use of the cash basis of accounting.

In the statement of activities – cash basis, the governmental activities include the District's programs and services including instruction, support services, operation and maintenance of plant, pupil transportation, extracurricular activities, and food service operations.

The statement of net position – cash basis and the statement of activities – cash basis can be found on pages 15 - 16 of this report.

Reporting the District's Most Significant Funds

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the District can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds. The District has no proprietary or fiduciary funds.

Fund financial reports provide detailed information about the District's major funds. The District uses many funds to account for a multitude of financial transactions. However, these fund financial statements focus on the District's most significant funds. The District's major governmental funds are the general fund, the bond retirement fund, and the permanent improvement fund. The analysis of the District's major governmental funds begins on page 10.

Governmental Funds

All of the District's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in future periods. These funds are reported using the cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. The governmental fund statements provide a detailed view of the District's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer cash basis financial resources that can be readily spent to finance various District programs.

Since the District is reporting on the cash basis of accounting, there are no differences in the net cash position and fund cash balances or changes in net cash position and changes in fund cash balances. Therefore, no reconciliation is necessary between such financial statements. The governmental fund statements can be found on pages 17 - 18 of this report.

The District's budgetary process accounts for certain transactions on a cash basis. The budgetary statement for the general fund is presented to demonstrate the District's compliance with annually adopted budgets. The budgetary statement can be found on page 19 of this report.

FOR THE FISCAL YEAR ENDED JUNE 30, 2023
(UNAUDITED)

Governmental Activities

Governmental net position increased \$3,727,642 in fiscal year 2023. Total governmental cash disbursements of \$26,554,622 were offset by program cash receipts of \$6,672,902 and general cash receipts of \$23,609,362. Program cash receipts supported 25.13% of the total governmental cash disbursements.

The primary sources of receipts for governmental activities are derived from property taxes, payments in lieu of taxes and unrestricted grants and entitlements. These receipt sources represent 75.48% of total governmental cash receipts.

Governmental Activities - Total Cash Receipts vs. Total Cash Disbursements

The statement of activities shows the cost of program services and the charges for services and sales and grants and contributions offsetting those services. The following table shows, for governmental activities, the total cost of services and the net cost of services. That is, it identifies the cost of these services supported by tax receipts and unrestricted state grants and entitlements.

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2023
(UNAUDITED)

The dependence upon general cash receipts for governmental activities is apparent; with 74.87% and 79.10% of cash disbursements supported through taxes and other general cash receipts during fiscal years 2023 and 2022, respectively.

Governmental Activities - General and Program Cash Receipts

Financial Analysis of the Government's Funds

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The District's governmental funds are accounted for using the cash basis of accounting.

The District's governmental funds reported a combined fund cash balance of \$24,408,681, which is \$3,727,642 greater than last year's total of \$20,681,039. The table below indicates the fund cash balance and the total change in fund cash balance as of June 30, 2023 and June 30, 2022, for all major and nonmajor governmental funds.

	Fund Cash Balance <u>June 30, 2023</u>	Fund Cash Balance <u>June 30, 2022</u>	<u>Change</u>
Major funds:			
General	\$ 16,868,818	\$ 14,198,639	\$ 2,670,179
Bond Retirement	3,281,737	4,039,753	(758,016)

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2023
(UNAUDITED)

The table that follows assists in illustrating the cash receipts of the general fund during fiscal years 2023 and 2022.

	2023 <u>Amount</u>	2022 <u>Amount</u>	Percentage <u>Change</u>
<u>Cash receipts:</u>			
Property taxes	\$ 13,621,706	\$ 11,492,951	18.52 %
Intergovernmental	7,102,661	6,946,343	2.25 %
Investment earnings	598,783	139,300	329.85 %
Tuition and fees	676,495	524,744	28.92 %
Extracurricular	5,540	5,220	6.13 %
Rental income	4,900	4,270	14.75 %
Charges for services	43,205	25,975	66.33 %
Payment in lieu of taxes	14,171	15,125	(6.31) %
Miscellaneous	<u>69,966</u>	<u>19,308</u>	<u>262.37 %</u>
Total	<u>\$ 22,137,427</u>	<u>\$ 19,173,236</u>	<u>15.46 %</u>

Overall cash receipts increased \$2,964,191 or 15.46% during fiscal year 2023. Taxes increased \$2,128,755 or 18.52% due to an increase in assessed property values and an increase in collections within the District. Investment earnings increased \$459,483 or 329.85% due to increased interest rates and interest receipts received during fiscal year 2023 compared to fiscal year 2022. Tuition and fees increased \$151,751 or 28.92% due to an increase in tuition receipts. Rental income increased \$630 or 14.75% due to an increase in rental receipts in fiscal year 2023. Charges for services increased \$17,230 or 66.33% due to an increase in contract service revenue collected during the fiscal year. Miscellaneous revenues increased \$50,658 or 262.37% primarily due to an increase in other revenue in the public school support fund. All other cash receipt classifications remained comparable to fiscal year 2022.

The table that follows assists in illustrating the cash disbursements of the general fund during fiscal years 2023 and 2022.

	2023 <u>Amount</u>	2022 <u>Amount</u>	Percentage <u>Change</u>
<u>Cash disbursements:</u>			
Instruction	\$ 12,242,879	\$ 11,019,576	11.10 %
Support services	6,295,200	6,012,039	4.71 %
Operation of non-instructional services	23,068	3,769	512.05 %
Extracurricular activities	<u>356,101</u>	<u>350,723</u>	<u>1.53 %</u>
Total	<u>\$ 18,917,248</u>	<u>\$ 17,386,107</u>	<u>8.81 %</u>

Overall cash disbursements increased \$1,531,141 or 8.81% during fiscal year 2023. Instruction expenditures increased \$1,223,303 or 11.10% primarily due to higher salaries and wages and increases in employee benefits costs. Operation of non-instructional services increased \$19,299 or 512.05%. Support services and extracurricular activities disbursements remained comparable to fiscal year 2022.

Bond Retirement Fund

The bond retirement fund, a District major fund, had cash receipts of \$2,072,650 in fiscal year 2023. The bond retirement fund had cash disbursements and other financing uses of \$2,830,666 in fiscal year 2023. The bond retirement fund cash balance decreased \$758,016 during fiscal year 2023 primarily as a result of a transfer out of the debt service fund in the amount of \$750,000.

MANAGEMENT’S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2023
(UNAUDITED)

Permanent Improvement Fund

The permanent improvement fund, a District major fund, had cash receipts and other financing sources of \$1,944,922 in fiscal year 2023. The permanent improvement fund had cash disbursements of \$190,997 in fiscal year 2023. The permanent improvement fund cash balance increased \$1,753,925 during fiscal year 2023 primarily due to a transfer in from the general fund of \$1,300,000 and an increase in property tax collections.

Budgeting Highlights - General Fund

The District’s budget is prepared according to Ohio law and is based on accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The most significant budgeted fund is the general fund.

For the general fund, final budgetary basis receipts and other financing sources of \$22,119,569 were \$2,363,902 more than original budget estimates of \$19,755,667 due to an increase in budgeted property tax collections and investment earnings. The actual budgetary basis receipts and other financing sources of \$22,158,372 were more than final budget estimates by \$38,803. The final budgetary basis disbursements and other financing uses of \$21,068,515 were \$1,022,402 more than original budget estimates of \$20,046,113 primarily due to inflation. The actual budgetary basis disbursements and other financing uses of \$20,244,179 were \$824,336 less than the final budget estimates.

Capital Assets and Debt Administration

Capital Assets

The District does not record capital assets in the accompanying cash basis basic financial statements, but records payments for capital assets as cash disbursements. The District had \$279,596 in facilities acquisition and construction cash disbursements during fiscal year 2023.

Debt Administration

The District had the following long-term obligations outstanding at June 30, 2023 and June 30, 2022.

	Governmental Activities <u>2023</u>	Governmental Activities <u>2022</u>
2017 General Obligation Refunding Bonds	\$ 10,575,000	\$ 11,550,000
2015 General Obligation Refunding Bonds	<u>-</u>	<u>600,000</u>
Total long-term obligations	<u>\$ 10,575,000</u>	<u>\$ 12,150,000</u>

Current Financial Related Activities

The current financial challenge for school districts is to provide a quality education with limited or unsteady resources while the definition of quality is ever changing and revised. The State of Ohio's educational funding laws, the economy, rising operating costs, as well as supply chain shortages, are the main factors that impact the District's financial stability. While the District’s current financial outlook has improved from the prior year and is healthy at the present time we have experienced firsthand how a pandemic outbreak can affect the economy of the state of Ohio to decline and in turn cause a ripple effect to unrestricted state aid that the school receives. The Board of Education and the District’s administrative team understand that the District’s finances must be continually monitored. Achieving financial sustainability is a continual process and the goal should always be to provide the best possible education for the students of Indian Lake. That effort must continue to be managed and directed because there will always be new opportunities, obstacles and challenges to overcome.

LOGAN COUNTY, OHIO**

**MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2023
(UNAUDITED)**

As the preceding information reflects, the District relies heavily upon property taxes and intergovernmental unrestricted state aid. The residential and agricultural values of the district have risen over the last several years and projections continue at a slight stable increase. The residents renewed the current emergency operating levy in May of 2018. The passage of that levy marked the fifth time the levy has been renewed since 1999 and two of those times were with an increase to account for the cost of inflation and the reduction of receiving tangible personal property taxes or its reimbursement. It is the intention of the Board of Education and the District's administrative team to renew the emergency levy before it expires on December 31, 2024.

The District's administrative team and Board of Education continually look at ways of reducing and or maintaining expenses while still providing quality educational services. Fiscal year 2016 was the first year in which employees received a percentage pay increase since fiscal year 2012. The Board of Education, administration, and staff can be proactive and work together to lower personnel costs as can be shown by taking 0% wage increases for fiscal years 2012 through 2015. Concessions in personnel benefits have also been agreed upon since fiscal year 2011 and they continue to be evaluated. Employees received a pay increase in fiscal year 2023 and pay increases are projected in future fiscal years to stay competitive in the market. The staff, administration, and the Board of Education have a good working relationship with the main focus being the students of the district and their educational needs.

The local residents have taken pride in the District and have supported two bond issues since 1995 to update District facilities in conjunction with the Ohio Schools Facilities Expedited Local Partnership Program. The District now has all facilities on one campus with a new elementary building completed in August of 2009 that houses grades K-4, a middle school building completed in December of 2004 that houses grades 5-8, and an updated (2004) high school building that houses grades 9-12. These new and upgraded facilities have increased community pride while providing a more modern and enhanced learning environment for the students. The Board of Education and Administrative staff have instituted building improvements to enhance security, safety, and environmental health by using grant funds. The Board of Education continues to work with the Ohio Facilities Construction Commission to secure state funding assistance as the Board plans to complete the master facility plan for the District. The Board has approved a 30 year lease agreement with Clearwire to secure an annual amount of approximately \$76,800. It is the intent of the Board and the Administrative team to use those funds to maintain the facilities and capital assets of the District.

In conclusion, the Board of Education, the District's administration, staff, and the community are committed to providing a quality education for all the students of Indian Lake Local while balancing, planning, and controlling the resources available and costs for educational programs.

**INDIAN LAKE LOCAL SCHOOL DISTRICT
LOGAN COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 1 - DESCRIPTION OF THE SCHOOL DISTRICT

Indian Lake Local School District (the “District”) is organized under Article VI, Sections 2 and 3 of the Constitution of the State of Ohio. The District operates under a locally elected Board form of government consisting of five members elected at-large for staggered four-year terms. The District provides educational services as authorized by State statute and/or federal guidelines.

The District was established in 1962 through the consolidation of existing land areas and school districts. The District serves an area of approximately 110 square miles. It is located in Logan County, and includes all of the Village of Russells Point, Village of Lakeview, and Village of Huntsville. The District is staffed by 80 non-certified employees, 101 certified full-time teaching personnel, and 13 administrative employees who provide services to 1,342 students and other community members. The District currently operates one elementary school building, one middle school building, one comprehensive high school building, which includes the administrative offices, and one bus garage.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

As discussed in Note 2.B., these basic financial statements (BFS) are presented on the cash basis of accounting. The cash basis of accounting differs from accounting principles generally accepted in the United States of America (GAAP). GAAP includes all relevant Governmental Accounting Standards Board (GASB) pronouncements. In cases where these cash basis statements contain items that are the same as, or similar to, those items in financial statements prepared in conformity with GAAP, similar informative disclosures are provided.

A. Reporting Entity

The reporting entity has been defined in accordance with GASB Statement No. 14, “The Financial Reporting Entity” as amended by GASB Statement No. 39, “Determining Whether Certain Organizations Are Component Units”, GASB Statement No. 61, “The Financial Reporting Entity: Omnibus an Amendment of GASB Statements No. 14 and No. 34”, and GASB Statement No. 90, “Majority Equity Interests – an amendment of GASB Statements No. 14 and No. 61”. The reporting entity is composed of the primary government and component units. The primary government consists of all funds, departments, boards and agencies that are not legally separate from the District. For the District, this includes general operations, food service and student related activities of the District.

Component units are legally separate organizations for which the District is financially accountable. The District is financially accountable for an organization if the District appoints a voting majority of the organization’s Governing Board and (1) the District is able to significantly influence the programs or services performed or provided by the organization; or (2) the District is legally entitled to or can otherwise access the organization’s resources; or (3) the District is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or (4) the District is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the District in that the District approves the budget, the issuance of debt or the levying of taxes. Certain organizations are also included as component units if the nature and significance of the relationship between the primary government and the organization is such that exclusion by the primary government would render the primary government’s financial statements incomplete or misleading. Based upon the application of these criteria, the District has no component units. The basic financial statements of the reporting entity include only those of the District (the primary government).

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2023
(CONTINUED)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

The following organizations are described due to their relationship to the District:

JOINTLY GOVERNED ORGANIZATIONS

Western Ohio Computer Organization (WOCO)

The District is a participant in the Western Ohio Computer Organization (WOCO), which is a Council of Governments. WOCO is an association of various public school districts within the boundaries of Auglaize, Champaign, Hardin, Logan, Shelby, and Miami Counties. The organization was formed for the purpose of applying modern technology with the aid of computers and other electronic equipment to administrative and instructional functions of member school districts. Each of the governments of these districts supports WOCO based upon a per pupil charge dependent on the software package utilized. In accordance with GASB Statements No. 14, 39, 61, and 90, the District does not have an equity interest in WOCO, as the residual interest in net resources of the joint venture upon dissolution is not equivalent to an equity interest. WOCO is governed by a Board of Directors consisting of the Superintendents of the member school districts and the degree of control is limited to the representation on the Board of Directors. Financial information can be obtained from Deb Meyer, Fiscal Officer, at 129 East Court Street, Sidney, Ohio 45365.

Ohio Hi-Point Joint Vocational School District

The Ohio Hi-Point Joint Vocational School District (the "Vocational School") is a political subdivision of the State of Ohio, which possesses its own budgeting and taxing authority. The Vocational School is governed by a Board of Education that consists of a representative from each participating school district and its degree of control is limited to its representation on the Board of Education. To obtain financial information write to the Ohio Hi-Point Joint Vocational School District, Caleb Lang, who serves as Treasurer, at 2280 State Route 540, Bellefontaine, Ohio 43311.

Logan County Education Foundation

The Logan County Education Foundation (the "Foundation") was established to secure and distribute contributions from individuals, corporations, and foundations for the benefit of students within Logan County. The Foundation promotes, sponsors, and encourages the pursuit of excellence in education for students. The Foundation is managed by a Board of Trustees composed of six trustees from each school district. These trustees are nominated by their local school Boards of Education, including Bellefontaine City School District, Benjamin Logan Local School District, Indian Lake Local School District, and Riverside Local School District.

The Executive Board is comprised of the Midwest Regional Educational Service Center Superintendent representing the three local school districts and the Bellefontaine City School District Superintendent representing the city school district. Financial information can be obtained by contacting Lois Stoll, Executive Director, 1973 State Route 47 West, Bellefontaine, Ohio 4331.

INSURANCE PURCHASING POOLS

Workers' Compensation Group Rating Program

The District participates in the Ohio Association of School Business Officials (OASBO) Workers' Compensation Group Rating Program (GRP). The GRP is sponsored by OASBO and administered by Sedgwick. The intent of the GRP is to achieve the benefit of a reduced premium for the District by virtue of its grouping and representation with other participants in the GRP. The District pays a fee to the GRP to cover the costs of administering the program.

Ohio School Plan

The District belongs to the Ohio School Plan (the "Plan"), an unincorporated non-profit association providing a formalized, jointly administered self-insurance risk management program and other administrative services to approximately 300 Ohio schools ("Members").

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Pursuant to Section 2744.081 of the Ohio Revised Code, the Plan is deemed a separate legal entity. The Plan provides property, general liability, educator’s legal liability, automobile and violence coverages, modified for each member’s needs. The Plan pays judgments, settlements and other expenses resulting from covered claims that exceed the member’s specific deductible.

The Plan issues its own policies and reinsures the Plan with reinsurance carriers. The Plan retains the first \$150,000 of property losses subject to an annual aggregate. The Plan retains the first \$150,000 of casualty losses. (See the Plan’s audited financial statements on their website for more details.) The individual members are responsible for their self-retention (deductible) amounts, which vary from member to member.

The Plan’s audited financial statements conform with generally accepted accounting principles, and reported the following assets, liabilities and retained earnings at December 31, 2022 and 2021 (the latest information available):

	2022	2021
Assets	\$ 17,878,913	\$ 16,691,066
Liabilities	11,253,693	7,777,013
Net position	6,625,220	8,914,053

You can read the complete audited financial statements for The Ohio School Plan at the Plan’s website, www.ohioschoolplan.org under “Financials”.

Logan County School Employee Consortium

The District participates in the Logan County School Employee Consortium (the "Consortium"), a public entity shared risk pool consisting of two local school districts, one joint vocational school district, Western Ohio Computer Organization (WOCO), and an educational service center. The District pays monthly premiums to the Consortium for employee medical benefits. The Consortium is responsible for the payment of all Consortium liabilities to its employees, dependents, and designated beneficiaries accruing as a result of withdrawal. To obtain financial information write to Jennifer Sudhoff, who serves as Treasurer, at 4740 County Road 26, Bellefontaine, Ohio 43311.

RELATED ORGANIZATION

Logan County Libraries

The Logan County Libraries (the “Library”) is a distinct political subdivision of the State of Ohio created under Chapter 3375 of the Ohio Revised Code. The Library is governed by a Board of Trustees appointed by the Judge of Common Pleas Court. The Board of Trustees possesses its own contracting and budgeting authority, hires and fires personnel, and does not depend on the District for operational subsidies. Although the District does serve as the taxing authority and may issue tax related debt on behalf of the Library, its role is limited to a ministerial function. The determination to request approval of a tax, the rate, and the purpose are discretionary decisions made solely by the Board of Trustees. Financial information can be obtained from the Logan County District Libraries, Stacy Sandy, Fiscal Officer, at 220 North Main Street, Bellefontaine, Ohio 43311.

B. Basis of Accounting

Although required by Ohio Administrative Code § 117-2-03(B) to prepare its annual financial report in accordance with GAAP, the District chooses to prepare its financial statements and notes on the cash basis of accounting. The cash basis of accounting is a comprehensive basis of accounting other than GAAP. Receipts are recognized when received in cash rather than when earned, and disbursements are recognized when paid rather than when a liability is incurred.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Budgetary presentations report budgetary cash disbursements when a commitment is made (i.e. when an encumbrance is approved). The difference between disbursements reported in the fund and government-wide statements and disbursements reported in the budgetary statements is due to current year encumbrances being added to disbursements reported in the budgetary statements.

These statements include adequate disclosure of material matters, in accordance with the basis of accounting described in the preceding paragraphs.

C. Fund Accounting

The District uses funds to report its financial position and the results of its operations. A fund is a separate accounting entity with a self-balancing set of accounts. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain District activities or functions. Funds are classified into three categories: governmental, proprietary and fiduciary. Each category is divided into separate fund types. The District has no fiduciary or proprietary funds.

GOVERNMENTAL FUNDS

The District classifies funds financed primarily from taxes, intergovernmental receipts (e.g. grants) and other non-exchange transactions as governmental funds. The following are the District's major governmental funds:

General fund - The general fund is used to account for and report all financial resources not accounted for and reported in another fund. The general fund cash balance is available for any purpose provided it is disbursed or transferred according to the general laws of Ohio.

Bond retirement fund - The bond retirement fund is used to account for the accumulation of resources for, and the payment of, long-term debt principal, interest, and related costs.

Permanent improvement fund - The permanent improvement fund is used to account for the construction and acquisition of permanent improvements.

Other governmental funds of the District are used to account for (a) financial resources that are restricted, committed, or assigned to disbursements for capital outlays including the acquisition or construction of capital facilities and other capital assets and (b) specific receipt sources that are restricted or committed to a disbursement for specified purposes other than debt service or capital projects.

D. Basis of Presentation

Government-Wide Financial Statements - The statement of net position and the statement of activities display information about the District as a whole. These statements include the financial activities of the primary government.

The government-wide statement of activities compares disbursements with program receipts for each function or program of the District's governmental activities. These disbursements are those that are specifically associated with a service, program or department and are therefore clearly identifiable to a particular function. Program receipts include charges paid by the recipient of the goods or services offered by the program and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Receipts which are not classified as program receipts are presented as general receipts of the District. The comparison of direct disbursements with program receipts identifies the extent to which each business segment or governmental function is self-financing on the cash basis or draws from the general receipts of the District.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Fund Financial Statements - Fund financial statements report detailed information about the District. The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column, and all nonmajor funds are aggregated into one column.

E. Budgets

The budgetary process is prescribed by provisions of the Ohio Revised Code and entails the preparation of budgetary documents within an established timetable. The major documents prepared are the tax budget, the certificate of estimated resources, and the appropriation resolution, all of which are prepared on the budgetary basis of accounting. The certificate of estimated resources and the appropriation resolution are subject to amendment throughout the year with the legal restriction that appropriations cannot exceed estimated resources, as certified.

All funds are legally required to be budgeted and appropriated. The primary level of budgetary control is at the fund, object level for the general fund, and the fund level for all other funds. Any budgetary modifications at this level may only be made by resolution of the Board of Education.

1. Tax Budget

Prior to January 15, the Superintendent and Treasurer submit to the Board of Education a proposed operating budget for the fiscal year commencing the following July 1. The budget includes proposed expenditures and the means of financing for all funds. Public hearings are publicized and conducted to obtain taxpayers' comments. The express purpose of this budget document is to reflect the need for existing or increased tax rates. By no later than January 20, the Board-adopted budget is filed with the Logan County Budget Commission for rate determination.

2. Estimated Resources

Prior to April 1, the Board of Education accepts, by formal resolution, the tax rates as determined by the Logan County Budget Commission and receives the Commission's certificate of estimated resources which states the projected revenue of each fund.

Prior to July 1, the District must revise its budget so that total contemplated expenditures from any fund during the ensuing year will not exceed the amount stated in the certificate of estimated resources. The revised budget then serves as the basis for the appropriation measure. On or about July 1, the certificate is amended to include any unencumbered cash balances from the preceding year. The certificate may be further amended during the year if projected increases or decreases in revenue are identified by the District Treasurer. The amounts reported in the budgetary statement reflect the amounts in the original and final amended certificates issued during fiscal year 2023.

3. Appropriations

Upon receipt from the County Auditor of an amended certificate of estimated resources based on final assessed values and tax rates or a certificate saying no new certificate is necessary, the annual appropriation resolution must be legally enacted by the Board of Education at the fund, object level of expenditures for the general fund, and at the fund level for all other funds, which are the legal levels of budgetary control. Prior to the passage of the annual appropriations measure, the Board may pass a temporary appropriation measure to meet the ordinary expenses of the District.

(CONTINUED)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

The appropriation resolution must be within the estimated resources as certified by the County Budget Commission and the total of expenditures and encumbrances may not exceed the appropriation total of any level of control. Any revisions that alter the total object appropriations within a fund (for general fund), or the total of any fund appropriations (for all other funds), must be approved by the Board of Education.

The Board may pass supplemental fund appropriations so long as the total appropriations by fund do not exceed the amounts set forth in the most recent certificate of estimated resources. During the year, several supplemental appropriations were legally enacted; however, none of these amendments were significant.

The budget figures which appear in the statement of budgetary comparison represent the original and final appropriation amounts, including all supplemental appropriations.

4. Encumbrances

As part of formal budgetary control, purchase orders, contracts, and other commitments for the expenditure of monies are recorded as the equivalent of expenditures in order to reserve that portion of the applicable appropriation and to determine and maintain legal compliance. Expenditures plus encumbrances may not legally exceed appropriations.

5. Lapsing of Appropriations

At the close of each fiscal year, the unencumbered balance of each appropriation reverts to the respective fund from which it was appropriated and becomes subject to future appropriation. Encumbered appropriations are carried forward to the succeeding fiscal year and are not reappropriated.

F. Cash and Investments

To improve cash management, cash received by the District is pooled in a central bank account. Monies for all funds are maintained in this pool. Individual fund integrity is maintained through the District's records. Each fund's interest in the pool is presented as "equity in pooled cash and cash equivalents" on the basic financial statements.

During fiscal year 2023, investments were limited to the State Treasury Asset Reserve of Ohio (STAR Ohio), money markets and negotiable CDs. Except for nonparticipating investment contracts, investments are reported at fair value, which is based on quoted market prices. Nonparticipating investment contracts are reported at cost.

STAR Ohio is an investment pool managed by the State Treasurer's Office which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but has adopted Governmental Accounting Standards Board (GASB), Statement No. 79, "Certain External Investment Pools and Pool Participants." The District measures their investment in STAR Ohio at the net asset value (NAV) per share provided by STAR Ohio. The NAV per share is calculated on an amortized cost basis that provides an NAV per share that approximates fair value.

For fiscal year 2023, there were no limitations or restrictions on any participant withdrawals due to redemption notice periods, liquidity fees, or redemption gates. However, 24 hours notice in advance of all deposits and withdrawals exceeding \$100 million is encouraged. STAR Ohio reserves the right to limit the transaction to \$250 million, requiring the excess amount to be transacted the following business day(s), but only to the \$250 million limit. All accounts of the participant will be combined for these purposes.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Under existing Ohio statutes, all investment earnings are assigned to the general fund unless statutorily required to be credited to a specific fund. The Board of Education has, by resolution, specified the funds to receive an allocation of interest earnings. Interest receipts credited to the general fund during fiscal year 2023 amounted to \$598,783, which includes \$127,417 assigned from other funds.

For presentation on the basic financial statements, investments of the cash management pool and investments with original maturities of three months or less at the time they are purchased by the District are considered to be cash equivalents. Investments with an initial maturity of more than three months are reported as investments.

An analysis of the District's investment account at fiscal year-end is provided in Note 4.

G. Capital Assets

Acquisition of property, plant, and equipment purchased are recorded as disbursements when paid. These items are not reflected as assets on the accompanying financial statements under the cash basis of accounting. Depreciation has not been reported for any capital assets.

H. Unpaid Vacation and Sick Leave

Employees are entitled to cash payments for unused vacation and sick leave in certain circumstances, such as upon leaving employment. Unpaid vacation and sick leave are not reflected as liabilities under the cash basis of accounting.

I. Long-Term Obligations

The District's cash basis financial statements do not report liabilities for bonds and other long-term obligations. Proceeds of debt are reported when cash is received and principal and interest payments are reported when paid. Since recording a capital asset (including the intangible right to use) when entering into a lease, financed purchase transaction or SBITA is not the result of a cash transaction, neither an other financing source nor a capital outlay expenditure is reported at inception. Lease and SBITA payments and financed purchase payments are reported when paid.

J. Leases

The District is the lessor/lessee in various leases related to school radio air waves and equipment under noncancelable leases. Lease receivables/payables are not reflected under the District's cash basis of accounting. Lease revenues/disbursements are recognized when they are paid.

K. Subscription Based Information Technology Arrangements (SBITAs)

The District has Subscription Based Information Technology Arrangements (SBITAs) under noncancelable arrangements. SBITA payables are not reflected under the District's cash basis of accounting. SBITA disbursements are recognized when they are paid.

L. Employer Contributions to Cost-Sharing Pension Plans

The District recognizes the disbursements for employer contributions to cost-sharing pension plans when they are paid. As described in Notes 9 and 10, the employer contributions include portions for pension benefits and for postemployment healthcare.

M. Fund Cash Balance

Fund cash balance is divided into five classifications based primarily on the extent to which the District is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

Nonspendable - The nonspendable fund cash balance classification includes amounts that cannot be spent because they are not in spendable form or legally required to be maintained intact. The “not in spendable form” criterion includes items that are not expected to be converted to cash.

Restricted - Fund cash balance is reported as restricted when constraints are placed on the use of resources that are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments, or imposed by law through constitutional provisions or enabling legislation.

Committed - The committed fund cash balance classification includes amounts that can be used only for the specific purposes imposed by a formal action (resolution) of the District Board of Education (the highest level of decision making authority). Those committed amounts cannot be used for any other purpose unless the District Board of Education removes or changes the specified use by taking the same type of action (resolution) it employed to previously commit those amounts. Committed fund cash balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

Assigned - Amounts in the assigned fund cash balance classification are intended to be used by the District for specific purposes but do not meet the criteria to be classified as restricted nor committed. In governmental funds other than the general fund, assigned fund cash balance represents the remaining amount that is not restricted or committed. In the general fund, assigned amounts represent intended uses established by policies of the District Board of Education, which includes giving the Treasurer the authority to constrain monies for intended purposes.

Unassigned - Unassigned fund cash balance is the residual classification for the general fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is only used to report a deficit fund cash balance resulting from overspending for specific purposes for which amounts had been restricted, committed, or assigned.

The District applies restricted resources first when expenditures are incurred for purposes for which restricted and unrestricted (committed, assigned, and unassigned) fund cash balance is available. Similarly, within unrestricted fund cash balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund cash balance classifications could be used.

N. Inventory and Prepaid Items

The District reports cash disbursements for inventory and prepaid items when paid. These items are not reflected as assets in the accompanying financial statements.

O. Interfund Balances

On fund financial statements, the District reports advances in and advances out for interfund loans. These items are not reflected as assets and liabilities in the accompanying fund financial statements under the cash basis of accounting. Advances are eliminated in the statement of activities.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

P. Net Cash Position

Net cash position is reported as restricted when enabling legislation or creditors, grantors or laws or regulations of other governments have imposed limitations on its use. The District first applies restricted resources when a disbursement is incurred for purposes for which both restricted and unrestricted net cash position is available. The District did not have any net cash position restricted by enabling legislation at June 30, 2023.

Q. Restricted Cash Assets

Cash assets are reported as restricted when limitations on their use change the normal understanding of the availability of the cash assets. Such constraints are either imposed by creditors, contributors, grantors, or laws of other governments or imposed by enabling legislation. The District did not have any restricted cash assets at June 30, 2023.

R. Interfund Activity

Exchange transactions between funds are reported as receipts in the seller funds and as disbursements in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds. Repayments from funds responsible for particular disbursements to the funds that initially paid for them are not presented on the basic financial statements.

S. Extraordinary and Special Items

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of the Board of Education and that are either unusual in nature or infrequent in occurrence. Neither type of transaction occurred during fiscal year 2023.

T. Pensions/Other Postemployment Benefits (OPEB)

For purposes of measuring the net pension/OPEB liability and net OPEB asset, information about the fiduciary net position of the pension/OPEB plans and additions to/deductions from their fiduciary net position have been determined on the same basis as they are reported by the pension/OPEB plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. The pension/OPEB plans report investments at fair value.

NOTE 3 - ACCOUNTABILITY AND COMPLIANCE

A. Change in Accounting Principles

For fiscal year 2023, the District has implemented GASB Statement No. 91, "Conduit Debt Obligations", GASB Statement No. 94, "Public-Private and Public-Public Partnerships and Availability Payment Arrangements", GASB Statement No. 96, "Subscription Based Information Technology Arrangements", certain questions and answers of GASB Implementation Guide 2021-1 and certain paragraphs of GASB Statement No. 99, "Omnibus 2022".

LOGAN COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2023
(CONTINUED)

NOTE 3 - ACCOUNTABILITY AND COMPLIANCE - (Continued)

GASB Statement No. 91 provides a single method of reporting conduit debt obligations by issuers and eliminate diversity in practice associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations, and (3) related note disclosures. This Statement achieves those objectives by clarifying the existing definition of a conduit debt obligation; establishing that a conduit debt obligation is not a liability of the issuer; establishing standards for accounting and financial reporting of additional commitments and voluntary commitments extended by issuers and arrangements associated with conduit debt obligations; and improving required note disclosures. The implementation of GASB Statement No. 91 did not have an effect on the financial statements of the District.

GASB Statement No. 94 is to improve financial reporting by addressing issues related to public-private and public partnership arrangements (PPPs). As used in this Statement, a PPP is an arrangement in which a government (the transferor) contracts with an operator (a governmental or nongovernmental entity) to provide public services by conveying control of the right to operate or use a nonfinancial asset, such as infrastructure or other capital asset (the underlying PPP asset), for a period of time in an exchange or exchange-like transaction. The implementation of GASB Statement No. 94 did not have an effect on the financial statements of the District.

GASB Statement No. 96 provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users (governments). This Statement (1) defines a SBITA; (2) establishes that a SBITA results in a right-to-use subscription asset—an intangible asset—and a corresponding subscription liability; (3) provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA; and (4) requires note disclosures regarding a SBITA. To the extent relevant, the standards for SBITAs are based on the standards established in Statement No. 87, Leases, as amended. The notes to the basic financial statements include the disclosure requirements under the Statement.

GASB Implementation Guide 2021-1 provides clarification on issues related to previously established GASB guidance. The implementation of GASB Implementation Guide 2021-1 did not have an effect on the financial statements of the District.

GASB Statement No. 99 is to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing (1) practice issues that have been identified during implementation and application of certain GASB Statements and (2) accounting and financial reporting for financial guarantees. The implementation of GASB Statement No. 99 did not have an effect on the financial statements of the District.

B. Compliance

Ohio Administrative Code Section 117-2-03(B) requires the District to prepare its annual financial report in accordance with generally accepted accounting principles. However, the District prepared its basic financial statements on a cash basis, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. The accompanying basic financial statements omit assets, deferred outflows of resources, liabilities, deferred inflows of resources, net position/fund balances, and disclosures that, while material, cannot be determined at this time. The District can be fined and various other administrative remedies may be taken against the District.

C. Deficit Fund Balances

Fund balances at June 30, 2023 included the following individual fund deficits:

<u>Nonmajor funds</u>	<u>Deficit</u>
IDEA Preschool Grant for the Handicapped	\$ 5,609
Supporting Effective Instruction	1,439
21st Century	219

NOTE 4 - DEPOSITS AND INVESTMENTS

State statutes classify monies held by the District into three categories.

Active deposits are public deposits necessary to meet current demands on the treasury. Such monies must be maintained either as cash in the District treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that the Board of Education has identified as not required for use within the current five year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use, but which will be needed before the end of the current period of designation of depositories.

Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts including passbook accounts.

Interim monies may be deposited or invested in the following securities:

1. United States Treasury Notes, Bills, Bonds, or any other obligation or security issued by the United States Treasury or any other obligation guaranteed as to principal and interest by the United States;
2. Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality, including, but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, and Government National Mortgage Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. Written repurchase agreements in the securities listed above provided that the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily, and that the term of the agreement must not exceed thirty days;
4. Bonds and other obligations of the State of Ohio, and with certain limitations including a requirement for maturity within ten years from the date of settlement, bonds and other obligations of political subdivisions of the State of Ohio, if training requirements have been met;
5. Time certificates of deposit or savings or deposit accounts including, but not limited to, passbook accounts;

6. No-load money market mutual funds consisting exclusively of obligations described in items (1) and (2) above and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions.
7. The State Treasurer's investment pool, the State Treasury Asset Reserve of Ohio (STAR Ohio); and,
8. Certain banker's acceptance (for a period not to exceed one hundred eighty days) and commercial paper notes (for a period not to exceed two hundred seventy days) in an amount not to exceed 40 percent of the interim monies available for investment at any one time if training requirements have been met.

Protection of the deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, or by the financial institutions participation in the Ohio Pooled Collateral System (OPCS), a collateral pool of eligible securities deposited with a qualified trustee and pledged to the Treasurer of State to secure the repayment of all public monies deposited in the financial institution.

Investments in stripped principal or interest obligations reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. Except as noted above, an investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the District and must be purchased with the expectation that it will be held to maturity.

Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the Treasurer or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

A. Cash on Hand

At fiscal year end, the District had \$150 in undeposited cash on hand, which is included on the financial statements of the District as part of "equity in pooled cash and cash equivalents".

B. Deposits with Financial Institutions

At June 30, 2023, the carrying amount of all District deposits was \$7,538,057. Based on the criteria described in GASB Statement No. 40, "Deposits and Investment Risk Disclosures", as of June 30, 2023, \$3,171,074 of the District's bank balance of \$7,753,571 was exposed to custodial risk as discussed below, while \$4,582,497 was covered by the Federal Deposit Insurance Corporation (FDIC).

Custodial credit risk is the risk that, in the event of bank failure, the District will not be able to recover deposits or collateral securities that are in the possession of an outside party. The District has no deposit policy for custodial credit risk beyond the requirements of State statute. Ohio law requires that deposits either be insured or protected by (1) eligible securities pledged to the District and deposited with a qualified trustee by the financial institution as security for repayment whose market value at all times shall be at least 105 percent of the deposits being secured, or (2) participation in the Ohio Pooled Collateral System (OPCS), a collateral pool of eligible securities deposited with a qualified trustee and pledged to the Treasurer of State to secure the repayment of all public monies deposited in the financial institution. OPCS requires the total market value of the securities pledged to be 102 percent of the deposits being secured or a rate set by the Treasurer of State. For fiscal year 2023, certain District financial institutions did not participate in the OPCS while certain other financial institutions did participate in the OPCS. Those financial institutions that did participate were approved for a reduced collateral rate of 50 percent through the OPCS.

The weighted average maturity of investments is 0.14 years.

Interest Rate Risk: Interest rate risk arises when potential purchasers of debt securities will not agree to pay face value for those securities if interest rates subsequently increase. As a means of limiting its exposure to fair value losses arising from rising interest rates and according to State law, the District's investment policy limits investment portfolio maturities to five years or less.

Credit Risk: Standard & Poor's has assigned STAR Ohio an AAAm money market rating. Ohio law requires that STAR Ohio maintain the highest rating provided by at least one nationally recognized standard rating service. The negotiable CDs and money market accounts were not rated. The District's investment policy does not address investment credit risk beyond the requirements of State statutes.

Custodial Credit Risk: For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The District has no investment policy dealing with investment custodial credit risk beyond the requirement in State statute that prohibits payment for investments prior to the delivery of the securities representing such investments to the Treasurer or qualified trustee.

Concentration of Credit Risk: The District places no limit on the amount that may be invested in any one issuer. The following table includes the percentage of each investment type held by the District at June 30, 2023:

<u>Investment type</u>	<u>Carrying Value</u>	<u>% of Total</u>

 <u>Cash per statement of net position</u>	
Governmental activities	<u>\$ 24,408,681</u>
Total	<u>\$ 24,408,681</u>

NOTE 5 - INTERFUND TRANSACTIONS

Interfund transfers during fiscal year 2023 consisted of the following, as reported on the fund financial statements:

<u>Transfers to permanent improvement fund from:</u>	<u>Amount</u>
General fund	\$ 550,000
Bond retirement bond	<u>750,000</u>
	<u>\$ 1,300,000</u>

Transfers are used to (1) move cash receipts from the fund that statute or budget requires to collect them to the fund that statute or budget requires to disburse them, and (2) to use unrestricted cash receipts collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

Interfund transfers between governmental funds are eliminated on the government-wide financial statements; therefore, no transfers are reported in the statement of activities.

NOTE 6 - PROPERTY TAXES

Property taxes are levied and assessed on a calendar year basis while the District fiscal year runs from July through June. First half tax collections are received by the District in the second half of the fiscal year. Second half tax distributions occur in the first half of the following fiscal year.

Property taxes include amounts levied against all real property and public utility property. Real property tax receipts received in calendar year 2023 represent the collection of calendar year 2022 taxes. Real property taxes received in calendar year 2023 were levied after April 1, 2022, on the assessed values as of January 1, 2022, the lien date. Assessed values for real property taxes are established by State statute at 35 percent of appraised market value. Real property taxes are payable annually or semiannually. If paid annually, payment is due December 31; if paid semiannually, the first payment is due December 31, with the remainder payable by June 20. Under certain circumstances, State statute permits alternate payment dates to be established. Public utility property tax receipts received in calendar year 2023 represent the collection of calendar year 2022 taxes. Public utility real and personal property taxes received in calendar year 2023 became a lien on December 31, 2021, were levied after April 1, 2022, and are collected with real property taxes. Public utility real property is assessed at 35 percent of true value; public utility tangible personal property is currently assessed at varying percentages of true value.

NOTE 6 - PROPERTY TAXES - (Continued)

The District receives property taxes from Logan and Auglaize Counties. The County Auditors periodically advance to the District its portion of the taxes collected. Second-half real property tax payments collected by the Counties by June 30, 2023, are available to finance fiscal year 2023 operations. The amount of second-half real property taxes available for advance at fiscal year-end can vary based on the date the tax bills are sent.

The assessed values upon which the fiscal year 2023 taxes were collected are:

	2022 Second Half Collections		2023 First Half Collections

The District had a voted debt margin of \$47,624,229 (including available funds of \$3,281,737) and an unvoted debt margin of \$610,194.

NOTE 8 - RISK MANAGEMENT

A. Property and Liability

The District is exposed to various risks of loss related to torts; theft or damage to, and destruction of assets; errors and omissions; injuries to employees and natural disasters. The District maintains comprehensive insurance coverage for real property, building contents, and vehicles. Vehicle policies include liability coverage for bodily injury and property damage. Real property and contents are fully insured. Settled claims resulting from these risks have not exceeded the commercial coverage in any of the past three fiscal years.

The District’s comprehensive commercial insurance coverage for real property and building contents has a liability limit of \$105,218,987, with a \$1,000 deductible.

The District’s fleet insurance has a liability limit of \$4,000,000, \$5,000 for medical payments. The policy includes a \$1,000 deductible for comprehensive and collision coverage with all buses covered for cash value or replacement cost if the bus is ten years old or newer.

B. Workers’ Compensation

For fiscal year 2023, the District participated in the Ohio Association of School Business Officials (OASBO) Workers’ Compensation Group Rating Program (GRP), an insurance purchasing pool. The intent of the GRP is to achieve the benefit of a reduced premium for the District by virtue of its grouping and representation with other participants in the GRP. The workers’ compensation experience of the participating school districts is tiered into groups based upon past workers’ compensation experience. Within each tiered group, a common premium rate is applied to all school districts within that group. Each participant pays its workers’ compensation premium to the State based on the rate for the GRP rather than its individual rate. Total savings are then calculated and each participant’s individual performance is compared to the overall savings percentage of their tiered group. This “equity pooling” arrangement ensures that each participant shares equally in the overall performance of the GRP. Participation in the GRP is limited to school districts that can meet the GRP’s selection criteria. The firm of Sedgwick provides administrative, cost control and actuarial services to the GRP.

C. Health Insurance

The District participates in the Logan County Schools Benefit Plan Association (the “Plan”) under the Logan County School Employee Consortium as described in Note 2.A.

NOTE 9 - DEFINED BENEFIT PENSION PLANS

The Statewide retirement systems provide both pension benefits and other postemployment benefits (OPEB).

Net Pension Liability/Net OPEB Liability/Asset

Pensions and OPEB are a component of exchange transactions—between an employer and its employees—of salaries and benefits for employee services. Pensions/OPEB are provided to an employee—on a deferred-payment basis—as part of the total compensation package offered by an employer for employee services each financial period.

The net pension/OPEB liability (asset) represent the District’s proportionate share of each pension/OPEB plan’s collective actuarial present value of projected benefit payments attributable to past periods of service, net of each pension/OPEB plan’s fiduciary net position. The net pension/OPEB liability (asset) calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting these estimates annually.

The Ohio Revised Code limits the District’s obligation for this liability to annually required payments. The District cannot control benefit terms or the manner in which pensions/OPEB are financed; however, the District does receive the benefit of employees’ services in exchange for compensation including pension and OPEB.

GASB 68/75 assumes the liability is solely the obligation of the employer, because (1) they benefit from employee services; and (2) State statute requires funding to come from these employers. All pension contributions to date have come solely from these employers (which also includes pension costs paid in the form of withholdings from employees). The retirement systems may allocate a portion of the employer contributions to provide for these OPEB benefits. In addition, health care plan enrollees pay a portion of the health care costs in the form of a monthly premium. State statute requires the retirement systems to amortize unfunded pension liabilities within 30 years. If the pension amortization period exceeds 30 years, each retirement system’s board must propose corrective action to the State legislature. Any resulting legislative change to benefits or funding could significantly affect the net pension/OPEB liability (asset). Resulting adjustments to the net pension/OPEB liability (asset) would be effective when the changes are legally enforceable. The Ohio Revised Code permits, but does not require, the retirement systems to provide healthcare to eligible benefit recipients.

The net pension/net OPEB liability (asset) are not reported on the face of the financial statements, but rather are disclosed in the notes because of the use of the cash basis framework.

The remainder of this note includes the required pension disclosures. See Note 10 for the required OPEB disclosures.

NOTE 9 - DEFINED BENEFIT PENSION PLANS - (Continued)

Plan Description - School Employees Retirement System (SERS)

Plan Description - The District's non-teaching employees participate in SERS, a cost-sharing multiple-employer defined benefit pension plan administered by SERS. SERS provides retirement, disability and survivor benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Ohio Revised Code Chapter 3309. SERS issues a publicly available, stand-alone financial report that includes financial statements, required supplementary information and detailed information about SERS' fiduciary net position. That report can be obtained by visiting the SERS website at www.ohsers.org under Employers/Audit Resources.

Age and service requirements for retirement are as follows:

	Eligible to Retire on or before August 1, 2017 *	Eligible to Retire after August 1, 2017
Full benefits	Any age with 30 years of service credit	Age 67 with 10 years of service credit; or Age 57 with 30 years of service credit
Actuarially reduced benefits	Age 60 with 5 years of service credit; or Age 55 with 25 years of service credit	Age 62 with 10 years of service credit; or Age 60 with 25 years of service credit

* Members with 25 years of service credit as of August 1, 2017 will be included in this plan.

Annual retirement benefits are calculated based on final average salary multiplied by a percentage that varies based on years of service; 2.2% for the first thirty years of service and 2.5% for years of service credit over 30. Final average salary is the average of the highest three years of salary.

An individual whose benefit effective date is before April 1, 2018, is eligible for a cost-of-living adjustment (COLA) on the first anniversary date of the benefit. Beginning April 1, 2018, new benefit recipients must wait until the fourth anniversary of their benefit for COLA eligibility. The COLA is added each year to the base benefit amount on the anniversary date of the benefit. A three-year COLA suspension was in effect for all benefit recipients for the years 2018, 2019, and 2020. Upon resumption of the COLA, it will be indexed to the percentage increase in the CPI-W, not to exceed 2.5% and with a floor of 0%. In 2022, the Board of Trustees approved a 2.5% cost-of-living adjustment (COLA) for eligible retirees and beneficiaries in 2023.

Funding Policy - Plan members are required to contribute 10.00% of their annual covered salary and the District is required to contribute 14.00% of annual covered payroll. The contribution requirements of plan members and employers are established and may be amended by the SERS' Retirement Board up to statutory maximum amounts of 10.00% for plan members and 14.00% for employers. The Retirement Board, acting with the advice of the actuary, allocates the employer contribution rate among four of the System's funds (Pension Trust Fund, Death Benefit Fund, Medicare B Fund, and Health Care Fund). For the fiscal year ended June 30, 2023, the allocation to pension, death benefits, and Medicare B was 14.00%. For fiscal year 2023, the Retirement Board did not allocate any employer contribution to the Health Care Fund.

The District's contractually required contribution to SERS was \$367,569 for fiscal year 2023.

Plan Description - State Teachers Retirement System (STRS)

Plan Description - Licensed teachers participate in STRS, a cost-sharing multiple-employer public employee retirement system administered by STRS. STRS provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS issues a stand-alone financial report that includes financial statements, required supplementary information and detailed information about STRS' fiduciary net position. That report can be obtained by writing to STRS, 275 E. Broad St., Columbus, OH 43215-3771, by calling (888) 227-7877, or by visiting the STRS website at www.strsoh.org.

New members have a choice of three retirement plans: a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan and a Combined (CO) Plan. Benefits are established by Ohio Revised Code Chapter 3307.

The DB plan offers an annual retirement allowance based on final average salary multiplied by a percentage that varies based on years of service. Effective August 1, 2015, the calculation is 2.20% of final average salary for the five highest years of earnings multiplied by all years of service. Eligibility changes will be phased in until August 1, 2023, when retirement eligibility for unreduced benefits will be five years of service credit and age 65, or 35 years of service credit and at least age 60.

Eligibility changes for DB Plan members who retire with actuarially reduced benefits will be phased in until August 1, 2023 when retirement eligibility will be five years of qualifying service credit and age 60, or 30 years of service credit regardless of age.

The DC Plan allows members to place all of their member contributions and 9.53% of the 14% employer contributions into an investment account. The member determines how to allocate the member and employer money among various investment choices offered by STRS Ohio. The remaining 4.47% of the 14% employer rate is allocated to the defined benefit unfunded liability. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal.

The Combined Plan offers features of both the DB Plan and the DC Plan. In the Combined Plan, 12% of the 14% member rate goes to the DC Plan and the remaining 2% is applied to the DB Plan. Member contributions to the DC Plan are allocated among investment choices by the member, and contributions to the DB Plan from the employer and the member are used to fund the defined benefit payment at a reduced level from the regular DB Plan. The defined benefit portion of the Combined Plan payment is payable to a member on or after age 60 with five years of service. The defined contribution portion of the account may be taken as a lump sum payment or converted to a lifetime monthly annuity after termination of employment at age 50 and after termination of employment.

New members who choose the DC Plan or Combined Plan will have another opportunity to reselect a permanent plan during their fifth year of membership. Members may remain in the same plan or transfer to another STRS plan. The optional annuitization of a member's defined contribution account or the defined contribution portion of a member's Combined Plan account to a lifetime benefit results in STRS bearing the risk of investment gain or loss on the account. STRS has therefore included all three plan options as one defined benefit plan for GASB 68 reporting purposes.

A DB or Combined Plan member with five or more years of credited service, who is determined to be disabled, may qualify for a disability benefit. New members, on or after July 1, 2013, must have at least ten years of qualifying service credit to apply for disability benefits. Members in the DC Plan who become disabled are entitled only to their account balance. Eligible survivors of members who die before service retirement may qualify for monthly benefits. If a member of the DC Plan dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

NOTE 9 - DEFINED BENEFIT PENSION PLANS - (Continued)

Funding Policy - Employer and member contribution rates are established by the State Teachers Retirement Board and limited by Chapter 3307 of the Ohio Revised Code. The fiscal year 2023 employer and employee contribution rate of 14% was equal to the statutory maximum rates. For fiscal year 2023, the full employer contribution was allocated to pension.

The District's contractually required contribution to STRS was \$1,149,803 for fiscal year 2023.

Net Pension Liability

The net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportion of the net pension liability was based on the District's share of contributions to the pension plan relative to the contributions of all participating entities.

Following is information related to the proportionate share:

	<u>SERS</u>	<u>STRS</u>	<u>Total</u>
Proportion of the net pension liability prior measurement date	0.071508600%	0.063230516%	
Proportion of the net pension liability current measurement date	<u>0.070496300%</u>	<u>0.061150040%</u>	
Change in proportionate share	<u>-0.001012300%</u>	<u>-0.002080476%</u>	
Proportionate share of the net pension liability	\$ 3,812,988	\$ 13,593,732	\$ 17,406,720

Actuarial Assumptions - SERS

SERS' total pension liability was determined by their actuaries in accordance with GASB Statement No. 67, as part of their annual actuarial valuation for each defined benefit retirement plan. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts (e.g., salaries, credited service) and assumptions about the probability of occurrence of events far into the future (e.g., mortality, disabilities, retirements, employment termination). Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employers and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations.

Actuarial calculations reflect a long-term perspective. For a newly hired employee, actuarial calculations will take into account the employee's entire career with the employer and also take into consideration the benefits, if any, paid to the employee after termination of employment until the death of the employee and any applicable contingent annuitant. In many cases actuarial calculations reflect several decades of service with the employer and the payment of benefits after termination.

Mortality among disabled members were based upon the PUB-2010 General Disabled Retiree mortality table projected to 2017 with ages set forward 5 years and adjusted 103.3% for males and set forward 3 years and adjusted 106.8% for females. Future improvement in mortality rates is reflected by applying the MP-2020 projection scale generationally.

In the prior measurement date, mortality rates were based on the PUB-2010 General Employee Amount Weight Below Median Healthy Retiree mortality table projected to 2017 with ages set forward 1 year and adjusted 94.20% for males and set forward 2 years and adjusted 81.35% for females. Mortality among disabled members were based upon the PUB-2010 General Disabled Retiree mortality table projected to 2017 with ages set forward 5 years and adjusted 103.3% for males and set forward 3 years and adjusted 106.8% for females. Future improvement in mortality rates is reflected by applying the MP-2020 projection scale generationally.

The most recent experience study was completed for the five-year period ended June 30, 2020.

The long-term return expectation for the Pension Plan Investments has been determined using a building-block approach and assumes a time horizon, as defined in SERS' *Statement of Investment Policy*. A forecasted rate of inflation serves as the baseline for the return expectation. Various real return premiums over the baseline inflation rate have been established for each asset class. The long-term expected nominal rate of return has been determined by calculating a weighted average of the expected real return premiums for each asset class, adding the projected inflation rate, and adding the expected return from rebalancing uncorrelated asset classes.

The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Cash	2.00 %	(0.45) %
US Equity	24.75	5.37
Non-US Equity Developed	13.50	6.22
Non-US Equity Emerging	6.75	8.22

Multi-Asset Strategy	4.00	3.39
Private Debt/Private Credit	3.00	5.38
Total	<u>100.00 %</u>	

Discount Rate - The total pension liability was calculated using the discount rate of 7.00%. The projection of cash flows used to determine the discount rate assumed the contributions from employers and from the members would be computed based on contribution requirements as stipulated by State statute. Projected inflows from investment earnings were calculated using the long-term assumed investment rate of return (7.00%). Based on those assumptions, the plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefits to determine the total pension liability.

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate - Net pension liability is sensitive to changes in the discount rate, and to illustrate the potential impact the following table presents the net pension liability calculated using the discount rate of 7.00%, as well as what each plan's net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.00%), or one percentage point higher (8.00%) than the current rate.

NOTE 9 - DEFINED BENEFIT PENSION PLANS - (Continued)

For the June 30, 2022 actuarial valuation, post-retirement mortality rates are based on the Pub-2010 Teachers Healthy Annuitant Mortality Table, adjusted 110% for males, projected forward generationally using mortality improvement scale MP-2020. Pre-retirement mortality rates are based on Pub-2010 Teachers Employee Table adjusted 95% for females, projected forward generationally using mortality improvement scale MP-2020. Post-retirement disabled mortality rates are based on Pub-2010 Teachers Disable Annuitant Table projected forward generationally using mortality improvement scale MP-2020.

For the prior measurement date, post-retirement mortality rates are based on the RP-2014 Annuitant Mortality Tables with 50% of rates through age 69, 70% of rates between ages 70 and 79, 90% of rates between ages 80 and 84, and 100% of rates thereafter, projected forward generationally using mortality improvement scale MP-2016. Pre-retirement mortality rates are based on RP-2014 Employee Mortality Tables, projected forward generationally using mortality improvement scale MP-2016. Post-retirement disabled mortality rates are based on the RP-2014 Disabled Mortality Tables with 90% of rates for males and 100% of rates for females, projected forward generationally using mortality improvement scale MP-2016.

Actuarial assumptions used in the June 30, 2022 valuation are based on the results of an actuarial experience study for the period July 1, 2015 through June 30, 2021. An actuarial experience study is done on a quinquennial basis.

STRS Ohio's investment consultant develops an estimate range for the investment return assumption based on the target allocation adopted by the Retirement Board. The target allocation and long-term expected rate of return for each major asset class are summarized as follows:

Asset Class	Target Allocation*	Long-Term Expected Real Rate of Return **
Domestic Equity	26.00 %	6.60 %
International Equity	22.00	6.80
Alternatives	19.00	7.38
Fixed Income	22.00	1.75
Real Estate	10.00	5.75
Liquidity Reserves	1.00	1.00
Total	<u>100.00 %</u>	

* Target allocation percentage is effective as of July 1, 2022. Target weights were phased in over a 3-month period concluding on October 1, 2022.

**10-Year annualized geometric nominal returns, which include the real rate of return and inflation of 2.25% and is net of investment expenses. Over a 30-year period, STRS Ohio's investment consultant indicates that the above target allocations should generate a return above the actuarial rate of return, without net value added by management.

Discount Rate - The discount rate used to measure the total pension liability was 7.00% as of June 30, 2022. The projection of cash flows used to determine the discount rate assumes that member and employer contributions will be made at the statutory contribution rates in accordance with the rates described previously. For this purpose, only employer contributions that are intended to fund benefits of current plan members and their beneficiaries are included. Based on those assumptions, STRS Ohio's fiduciary net position was projected to be available to make all projected future benefit payments to current plan members as of June 30, 2022. Therefore, the long-term expected rate of return on pension plan investments of 7.00% was applied to all periods of projected benefit payments to determine the total pension liability as of June 30, 2022.

Plan Description - School Employees Retirement System (SERS)

Health Care Plan Description - The District contributes to the SERS Health Care Fund, administered by SERS for non-certificated retirees and their beneficiaries. For GASB 75 purposes, this plan is considered a cost-sharing other postemployment benefit (OPEB) plan. SERS' Health Care Plan provides healthcare benefits to eligible individuals receiving retirement, disability, and survivor benefits, and to their eligible dependents. Members who retire after June 1, 1986, need 10 years of service credit, exclusive of most types of purchased credit, to qualify to participate in SERS' health care coverage. In addition to age and service retirees, disability benefit recipients and beneficiaries who are receiving monthly benefits due to the death of a member or retiree, are eligible for SERS' health care coverage. Most retirees and dependents choosing SERS' health care coverage are over the age of 65 and therefore enrolled in a fully insured Medicare Advantage plan; however, SERS maintains a traditional, self-insured preferred provider organization for its non-Medicare retiree population. For both groups, SERS offers a self-insured prescription drug program. Health care is a benefit that is permitted, not mandated, by statute. The financial report of the Plan is included in the SERS Annual Comprehensive Financial Report which can be obtained on SERS' website at www.ohsers.org under Employers/Audit Resources.

Access to health care for retirees and beneficiaries is permitted in accordance with Section 3309 of the Ohio Revised Code. The Health Care Fund was established and is administered in accordance with Internal Revenue Code Section 105(e). SERS' Retirement Board reserves the right to change or discontinue any health plan or program. Active employee members do not contribute to the Health Care Plan. The SERS Retirement Board established the rules for the premiums paid by the retirees for health care coverage for themselves and their dependents or for their surviving beneficiaries. Premiums vary depending on the plan selected, qualified years of service, Medicare eligibility, and retirement status.

NOTE 10 - DEFINED BENEFIT OPEB PLANS - (Continued)

Funding Policy - State statute permits SERS to fund the health care benefits through employer contributions. Each year, after the allocation for statutorily required pensions and benefits, the Retirement Board may allocate the remainder of the employer contribution of 14% of covered payroll to the Health Care Fund in accordance with the funding policy. For the fiscal year ended June 30, 2023, SERS did not allocate any employer contributions to post-employment health care. An additional health care surcharge on employers is collected for employees earning less than an actuarially determined minimum compensation amount, pro-rated if less than a full year of service credit was earned. For fiscal year 2023, this amount was \$25,000. Statutes provide that no employer shall pay a health care surcharge greater than 2% of that employer's SERS-covered payroll; nor may SERS collect in aggregate more than 1.5% of the total statewide SERS-covered payroll for the health care surcharge. For fiscal year 2023, the District's surcharge obligation was \$47,746.

The surcharge added to the allocated portion of the 14% employer contribution rate is the total amount assigned to the Health Care Fund. The District's contractually required contribution to SERS was \$47,746 for fiscal year 2023.

Plan Description - State Teachers Retirement System (STRS)

Plan Description - The State Teachers Retirement System of Ohio (STRS) administers a cost-sharing Health Plan administered for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS. Ohio law authorizes STRS to offer this plan. Benefits include hospitalization, physicians' fees, prescription drugs and partial reimbursement of monthly Medicare Part B premiums. The Medicare Part B monthly reimbursement elimination date was postponed indefinitely. The Plan is included in the report of STRS which can be obtained by visiting www.strsoh.org or by calling (888) 227-7877.

Funding Policy - Ohio Revised Code Chapter 3307 authorizes STRS to offer the Plan and gives the Retirement Board discretionary authority over how much, if any, of the health care costs will be absorbed by STRS. Active employee members do not contribute to the Health Care Plan. Nearly all health care plan enrollees, for the most recent year, pay a portion of the health care costs in the form of a monthly premium. Under Ohio law, funding for post-employment health care may be deducted from employer contributions, currently 14% of covered payroll. For the fiscal year ended June 30, 2023, STRS did not allocate any employer contributions to post-employment health care.

Net OPEB Liability/Asset

The net OPEB liability/asset was measured as of June 30, 2022, and the total OPEB liability/asset used to calculate the net OPEB liability/asset was determined by an actuarial valuation as of that date. The District's proportion of the net OPEB liability/asset was based on the District's share of contributions to the respective retirement systems relative to the contributions of all participating entities.

Actuarial Assumptions - SERS

The total OPEB liability is determined by SERS' actuaries in accordance with GASB Statement No. 74, as part of their annual actuarial valuation for each retirement plan. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts (e.g., salaries, credited service) and assumptions about the probability of occurrence of events far into the future (e.g., mortality, disabilities, retirements, employment terminations). Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employers and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations.

Actuarial calculations reflect a long-term perspective. For a newly hired employee, actuarial calculations will take into account the employee's entire career with the employer and also take into consideration the benefits, if any, paid to the employee after termination of employment until the death of the employee and any applicable contingent annuitant. In many cases, actuarial calculations reflect several decades of service with the employer and the payment of benefits after termination.

Key methods and assumptions used in calculating the total OPEB liability in the latest actuarial valuation date of June 30, 2022, compared with June 30, 2021, are presented below:

Wage inflation:	
Current measurement date	2.40%
Prior measurement date	2.40%

Future improvement in mortality rates is reflected by applying the MP-2020 projection scale generationally.

The most recent experience study was completed for the five-year period ended June 30, 2020.

The long-term expected rate of return on plan assets is reviewed as part of the actuarial 5-year experience study. The most recent study covers fiscal years 2016 through 2020, and was adopted by the Board in 2021. Several factors are considered in evaluating the long-term rate of return assumption including long-term historical data, estimates inherent in current market data, and a long-normal distribution analysis in which best-estimate ranges of expected future real rates of return were developed by the investment consultant for each major asset class. These ranges were combined to produce the long-term expected rate of return, 7.00%, by weighting the expected future real rates of return by the target asset allocation percentage and then adding expected inflation. The capital market assumptions developed by the investment consultant are intended for use over a 10-year horizon and may not be useful in setting the long-term rate of return for funding pension plans which covers a longer timeframe. The assumption is intended to be a long-term assumption and is not expected to change absent a significant change in the asset allocation, a change in the inflation assumption, or a fundamental change in the market that alters expected returns in future years.

The target asset allocation and best estimates of arithmetic real rates of return for each major asset class are summarized as follows:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Cash	2.00 %	(0.45) %

Discount Rate - The discount rate used to measure the total OPEB liability at June 30, 2022, was 4.08%. The discount rate used to measure total OPEB liability prior to June 30, 2022, was 2.27%. The projection of cash flows used to determine the discount rate assumed that contributions will be made from members and the System at the contribution rate of 1.50% of projected covered payroll each year, which includes a 1.50% payroll surcharge and no contributions from the basic benefits plan. Based on these assumptions, the OPEB plan's fiduciary net position was projected to become insufficient to make all projected future benefit payments of current System members by SERS actuaries. The Municipal Bond Index Rate is used in the determination of the SEIR for both the June 30, 2022 and the June 30, 2021 total OPEB liability. The Municipal Bond Index rate is the single rate that will generate a present value of benefit payments equal to the sum of the present value determined by the long-term expected rate of return, and the present value determined by discounting those benefits after the date of depletion. The Municipal Bond Index Rate is 3.69% at June 30, 2022 and 1.92% at June 30, 2021.

**10-Year annualized geometric nominal returns, which include the real rate of return and inflation of 2.25% and is net of investment expenses. Over a 30-year period, STRS Ohio's investment consultant indicates that the above target allocations should generate a return above the actuarial rate of return, without net value added by management.

Discount Rate - The discount rate used to measure the total OPEB liability was 7.00% as of June 30, 2022. The projection of cash flows used to determine the discount rate assumed STRS Ohio continues to allocate no employer contributions to the health care fund. Based on those assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments to current plan members as of June 30, 2022. Therefore, the long-term expected rate of return on health care fund investments of 7.00% was applied to all periods of projected health care costs to determine the total OPEB liability as of June 30, 2022.

Sensitivity of the District's Proportionate Share of the Net OPEB Asset to Changes in the Discount and Health Care Cost Trend Rate - The following table represents the net OPEB asset as of June 30, 2022, calculated using the current period discount rate assumption of 7.00%, as well as what the net OPEB asset would be if it were calculated using a discount rate that is one percentage point lower (6.00%) or one percentage point higher (8.00%) than the current assumption. NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 11 - CONTINGENCIES

A. Grants

The District receives significant financial assistance from numerous federal, State and local agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the District. However, in the opinion of management, any such disallowed claims will not have a material effect on the financial position of the District.

B. Litigation

The District is not a party to legal proceedings.

C. Foundation Funding

Foundation funding is based on the annualized full-time equivalent (FTE) enrollment of each student. Traditional districts must comply with minimum hours of instruction, instead of a minimum number of school days each year. The funding formula the Ohio Department of Education and Workforce (DEW) is legislatively required to follow will continue to adjust as enrollment information is updated by the District, which can extend past the fiscal year-end. As of the date of this report, DEW has finalized the impact of enrollment adjustments to the June 30, 2023, foundation for the District. As a result of the adjustments, the District owes \$46 to DEW. This amount has not been included in the financial statements.

NOTE 12 - SET-ASIDES

The District is required by State law to annually set-aside certain general fund cash receipt amounts, as defined by statutory formula, for the acquisition and construction of capital improvements. Amounts not spent by the end of the fiscal year or offset by similarly restricted resources received during the year must be held in cash at fiscal year end. This amount must be carried forward to be used for the same purpose in future years. Disbursements and other applicable offsets exceeding the set-aside requirement may not be carried forward to the next fiscal year.

The following cash-basis information describes the change in the fiscal year end set-aside amount for capital improvements. Disclosure of this information is required by State statute.

	<u>Capital Improvements</u>
Set-aside balance June 30, 2022	\$ -
Current year set-aside requirement	316,355
Current year offsets	<u>(316,355)</u>
Total	<u>\$ -</u>
Set-aside balance June 30, 2023	<u>\$ -</u>

In prior fiscal years, the District issued \$18,001,887 in capital related debt obligations. These proceeds may be used to reduce the capital improvements set-aside amount for future years. The amount presented for prior year offset from debt proceeds is limited to an amount needed to reduce the capital improvements set-aside balance to \$0. The District is responsible for tracking the amount of debt proceeds that may be used as an offset in future periods, which was \$17,708,310 at June 30, 2023.

While reporting financial position, results of operations, and changes in fund balance on the cash basis, the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances.

The statement of receipts, disbursements and changes in fund balance - budget and actual (budgetary basis) presented for the general fund is presented on the budgetary basis to provide a meaningful comparison of actual results with the budget.

The major differences between the budgetary basis and the cash basis are that:

- (a) In order to determine compliance with Ohio law, and to reserve that portion of the applicable appropriation, total outstanding encumbrances (budgetary basis) are recorded as the equivalent of a cash disbursement, as opposed to assigned, committed, or restricted fund cash balance for that portion of outstanding encumbrances (cash basis); and,
- (b) Some funds are included in the general fund (cash basis), but have separate legally adopted budgets (budgetary basis).

The adjustments necessary to convert the results of operations for the year on the budgetary basis to the cash basis for the general fund is as follows:

Net Change in Fund Balance

	<u>General fund</u>
Budgetary basis	\$ 1,914,193
Adjustment for revenues	16,293
Adjustment for expenditures	(213,109)
Net adjustment for other sources/uses	196,817
Funds budgeted elsewhere	285,014
Adjustment for encumbrances	470,971
Cash basis	\$ 2,670,179

Certain funds that are legally budgeted in separate fund classifications are considered part of the general fund on a cash basis. This includes the uniform school supplies fund, public school fund, underground storage tank fund, termination benefits fund, and unclaimed funds fund.

NOTE 14 - COMMITMENTS

The District utilizes encumbrance accounting as part of its budgetary controls. Encumbrances outstanding at year end may be reported as part of restricted, committed, or assigned classifications of fund cash balance. At year end, the District's commitments for encumbrances in the governmental funds were as follows:

<u>Fund</u>	<u>Year-End Encumbrances</u>
General	\$ 471,131
Permanent improvement	754,300
Nonmajor governmental funds	790,982
Total	\$ 2,016,413

**NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
2 CFR 200.510(b)(6)
FOR THE FISCAL YEAR ENDED JUNE 30, 2023**

NOTE A – BASIS OF PRESENTATION

The accompanying Schedule of Expenditures of Federal Awards (the Schedule) includes the federal award activity of Indian Lake Local School District (the District) under programs of the federal government for the fiscal year ended June 30, 2023. The information on this Schedule is prepared in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the District, it is not intended to and does not present the financial position or changes in net position of the District.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the cash basis of accounting. Such expenditures are recognized following the cost principles contained in Uniform Guidance wherein certain types of expenditures may or may not be allowable or may be limited as to reimbursement.

NOTE C – INDIRECT COST RATE

The District has elected not to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

NOTE D - CHILD NUTRITION CLUSTER

The District commingles cash receipts from the U.S. Department of Agriculture with similar State grants. When reporting expenditures on this Schedule, the District assumes it expends federal monies first.

NOTE E – FOOD DONATION PROGRAM

The District reports commodities consumed on the Schedule at the entitlement value. The District allocated donated food commodities to the respective programs that benefitted from the use of those donated food commodities.

NOTE F - TRANSFERS BETWEEN PROGRAM YEARS

Federal regulations require schools to obligate certain federal awards by June 30. However, with Ohio Department of Education and Workforce’s (DEW) consent, schools can transfer unobligated amounts to the subsequent fiscal year’s program. The District transferred the following amounts from 2023 to 2024 programs:

<u>Program Title</u>	<u>AL Number</u>	<u>Amt. Transferred</u>
Title I Grants to Local Educational Agencies	84.010	\$ 6,751

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

Indian Lake Local School District
Logan County
6210 State Route 235 North
Lewistown, Ohio 43333

To the Board of Education:

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to the financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*), the cash basis financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Indian Lake Local School District, Logan County, (the District) as of and for the fiscal year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the District's basic financial statements and have issued our report thereon dated March 19, 2024, wherein we noted the District uses a special purpose framework other than generally accepted accounting principles.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance or other matter that is required to be reported under *Government Auditing Standards* and which is described in the accompanying schedule of findings as item 2023-001.

District's Response to Finding

Government Auditing Standards requires the auditor to perform limited procedures on the District's response to the finding identified in our audit and described in the accompanying schedule of findings and / or corrective action plan. The District's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS
APPLICABLE TO THE MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER
COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

Indian Lake Local School District
Logan County
6210 State Route 235 North
Lewistown, Ohio 43333

To the Board of Education:

Report on Compliance for the Major Federal Program

Opinion on the Major Federal Program

We have audited Indian Lake Local School District's, Logan County, (the District) compliance with the types of compliance requirements identified as subject to audit in the U.S. Office of Management and Budget (OMB) *Compliance Supplement* that could have a direct and material effect on the Indian Lake Local School District's major federal program for the fiscal year ended June 30, 2023. Indian Lake Local School District's major federal program is identified in the *Summary of Auditor's Results* section of the accompanying schedule of findings.

In our opinion, Indian Lake Local School District complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on its major federal program for the fiscal year ended June 30, 2023.

Basis for Opinion on the Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the *Auditor's Responsibilities for the Audit of Compliance* section of our report.

We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for the major federal program. Our audit does not provide a legal determination of the District's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

The District's Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the District's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the District's compliance with the requirements of the major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- obtain an understanding of the District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the *Auditor's Responsibilities for the Audit of Compliance* section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of this testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

**2. FINDINGS RELATED TO THE FINANCIAL STATEMENTS
REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS**

FINDING NUMBER 2023-001

Noncompliance

Ohio Rev. Code §117.38 provides that each public office shall file a financial report for each fiscal year. The Auditor of State may prescribe forms by rule or may issue guidelines, or both, for such reports. If the Auditor of State has not prescribed a rule regarding the form for the report, the public office shall submit its report on the form utilized by the public office.

Ohio Admin. Code 117-2-03(B), which further clarifies the requirements of Ohio Rev. Code § 117.38, requires the District to file annual financial reports which are prepared using generally accepted accounting principles (GAAP).

**FINDING NUMBER 2023-001
(Continued)**

The District prepared financial statements that, although formatted similar to financial statements prescribed by the Governmental Accounting Standards Board, report on the cash basis of accounting rather than GAAP. The accompanying financial statements and notes omit certain assets, liabilities, deferred inflows/outflows of resources, fund equities/net position, and disclosures that, while presumed material, cannot be determined at this time.

Pursuant to Ohio Rev. Code § 117.38 the District may be fined and subject to various other administrative remedies for its failure to file the required financial report. Failure to report on a GAAP basis compromises the District's ability to evaluate and monitor the overall financial condition of the District. To help provide the users with more meaningful financial statements, the District should prepare its annual financial statements according to generally accepted accounting principles.

CORRECTIVE ACTION PLAN
2 CFR § 200.511(c)
JUNE 30, 2023

Finding Number: 2023-001

Planned Corrective Action: In response to Finding Number 2023-001 Noncompliance Citation O.R.C. 117.38; the Indian Lake Board of Education understands that the Ohio Revised Code requires the District's financial statements to be prepared in accordance with GAAP; however, an exception has been implemented by Accounting and Auditing Standards that is accepted by the State of Ohio Auditor's Office for issuance of an unmodified opinion if GAAP look-alike financial statements have been prepared by the District. Due to the cost of the annual conversion, increased annual audit cost, and cost of employee resources, the Board feels money that would otherwise be spent on conversion to GAAP is better used to educate the students of Indian Lake Local Schools. In addition, federal security laws do not require GAAP financial statements, and specifically, SEC Rule 15c2-12 relating to continuing disclosure on outstanding debt (which applies to the District) does not require GAAP financial statements.
