City Council
City of Cambridge
814 Wheeling Avenue
Cambridge, Ohio 43725

We have reviewed the *Independent Auditor's Report* of the City of Cambridge, Guernsey County, prepared by Wilson, Shannon & Snow, Inc., for the audit period January 1, 2024 through December 31, 2024. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The City of Cambridge is responsible for compliance with these laws and regulations.

KEITH FABER
Ohio Auditor of State

Tiffany L Ridenbaugh, CPA, CFE, CGFM

INDEPENDENT AUDITOR'S REPORT

City of Cambridge
Guernsey County
814 Wheeling Avenue
Cambridge, Ohio 43725

To the City Council:

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Cambridge, Guernsey County, Ohio (the City), as of and for the year ended December 31, 2024, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Cambridge, Guernsey County, Ohio as of December 31, 2024, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparisons for the General and Fire funds for the year then ended in accordance with the accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the City, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, and schedules of net pension and other post-employment benefit liabilities/assets and pension and other post-employment benefit contributions be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

City of Cambridge
Guernsey County
Independent Auditor's Report

Supplementary information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The Schedule of Expenditures of Federal Awards as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards are presented for purposes of additional analysis and are not a required part of the basic financial statements.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 25, 2025, on our consideration of the City's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

City of Cambridge
Guernsey County, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2024
(Unaudited)

The discussion and analysis of the City of Cambridge's (the "City") financial performance provides an overall review of the City's financial activities for the year ended December 31, 2024. The intent of this discussion and analysis is to look at the City's performance as a whole; readers should also review the notes to the basic financial statements and financial statements to enhance their understanding of the City's financial performance.

Financial Highlights

Key financial highlights for 2024 are as follows:

- In total, net position increased \$6,754,698 from 2023. Net position of governmental activities increased \$1,861,757. Net position of business-type activities increased \$4,892,941.
- Total capital assets increased \$2,091,067. Capital assets of governmental activities decreased \$689,031 and capital assets of business-type activities increased \$2,780,098.

Using this Annual Financial Report

This report is designed to allow the reader to look at the financial activities of the City as a whole and is intended to allow the reader to obtain a summary view or a more detailed view of the City's operations, as they prefer.

The Statement of Net Position and the Statement of Activities provide information from a summary perspective showing the effects of the operations for the year 2024 and how they affected the operations of the City as a whole.

Reporting the City of Cambridge as a Whole

Statement of Net Position and the Statement of Activities

The *Statement of Net Position and Statement of Activities* provide information about the activities of the whole City, presenting both an aggregate view of the City's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the City's most significant funds with all other nonmajor funds presented in total in one column. In the case of the City the general fund is by far the most significant fund. Business-type funds consist of the water and sewer funds.

A question typically asked about the City's finances "How did we do financially during 2024?" The Statement of Net Position and the Statement of Activities answer this question. These statements include *all assets* and deferred outflows of resources and *liabilities* and deferred inflows of resources using the *accrual basis of accounting* similar to the accounting method used by most private-sector companies. This basis of accounting takes into account all of the current year's revenues and expenses regardless of when cash is received or paid.

City of Cambridge
Guernsey County, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2024
(Unaudited)

These two statements report the City's *net position* and *changes in net position*. This change in net position is important because it tells the reader that, for the City as a whole, the *financial position* of the City has improved or diminished. The causes of this change may be the result of many factors, some financial, some not. Non-financial factors include the City's property tax base, current property tax laws in Ohio which restrict revenue growth, facility conditions, and other factors.

In the Statement of Net Position and the Statement of Activities, the City is divided into two distinct kinds of activities:

- **Governmental Activities** - Most of the City's programs and services are reported here, including general government, security of persons and property, public health, community and economic development, leisure time activities and transportation.
- **Business-Type Activities** - These services are provided on a charge for goods or services basis to recover all of the expenses of the goods or services provided. The City's water and sewer funds are reported as business activities.

Reporting the City of Cambridge's Most Significant Funds

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been safeguarded for specific activities or objectives. The City uses many funds to account for financial transactions. However, these fund financial statements focus on the City's most significant funds. The City's major governmental funds are the general fund and the fire fund.

Governmental Funds Most of the City's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in future periods. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the City's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance future services. The relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is reconciled in the financial statements.

Proprietary Funds Proprietary funds use the same basis of accounting as business-type activities; therefore, these statements will essentially match, except for the internal service fund allocations.

Fiduciary Funds Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the City's own programs. The accounting used for the fiduciary funds is much like that used for proprietary funds.

The net pension liability (NPL) is the largest single liability reported by the City at December 31, 2024 and is reported pursuant to GASB Statement 68, *Accounting and Financial Reporting for Pensions—an Amendment of GASB Statement 27*. In a prior year, the City adopted GASB Statement 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, which significantly revised accounting for costs and liabilities related to other postemployment benefits (OPEB). For reasons discussed below, many end users of this financial statement will gain a clearer understanding of the City's actual financial condition by adding deferred inflows related to pension and OPEB, the net pension liability and the net OPEB liability to the reported net position and subtracting net OPEB asset and deferred outflows related to pension and OPEB.

City of Cambridge
Guernsey County, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2024
(Unaudited)

Governmental Accounting Standards Board standards are national and apply to all government financial reports prepared in accordance with generally accepted accounting principles. Prior accounting for pensions (GASB 27) and postemployment benefits (GASB 45) focused on a funding approach. This approach limited pension and OPEB costs to contributions annually required by law, which may or may not be sufficient to fully fund each plan's *net pension liability* or *net OPEB liability*. GASB 68 and GASB 75 take an earnings approach to pension and OPEB accounting; however, the nature of Ohio's statewide pension/OPEB plans and state law governing those systems requires additional explanation in order to properly understand the information presented in these statements.

GASB 68 and GASB 75 require the net pension liability and the net OPEB liability/asset to equal the City's proportionate share of each plan's collective:

1. Present value of estimated future pension/OPEB benefits attributable to active and inactive employees' past service.
2. Minus plan assets available to pay these benefits.

GASB notes that pension and OPEB obligations, whether funded or unfunded, are part of the "employment exchange" – that is, the employee is trading his or her labor in exchange for wages, benefits, and the promise of a future pension and other postemployment benefits. GASB noted that the unfunded portion of this promise is a present obligation of the government, part of a bargained-for benefit to the employee, and should accordingly be reported by the government as a liability since they received the benefit of the exchange. However, the City is not responsible for certain key factors affecting the balance of these liabilities. In Ohio, the employee shares the obligation of funding pension benefits with the employer. Both employer and employee contribution rates are capped by State statute. A change in these caps requires action of both Houses of the General Assembly and approval of the Governor. Benefit provisions are also determined by State statute. The Ohio revised Code permits, but does not require the retirement systems to provide healthcare to eligible benefit recipients. The retirement systems may allocate a portion of the employer contributions to provide for these OPEB benefits.

The employee enters the employment exchange with the knowledge that the employer's promise is limited not by contract but by law. The employer enters the exchange also knowing that there is a specific, legal limit to its contribution to the retirement system. In Ohio, there is no legal means to enforce the unfunded liability of the pension/OPEB plan *as against the public employer*. State law operates to mitigate/lessen the moral obligation of the public employer to the employee, because all parties enter the employment exchange with notice as to the law. The retirement system is responsible for the administration of the pension and OPEB plans.

Most long-term liabilities have set repayment schedules or, in the case of compensated absences (i.e. sick and vacation leave), are satisfied through paid time-off or termination payments. There is no repayment schedule for the net pension liability or the net OPEB liability. As explained above, changes in benefits, contribution rates, and return on investments affect the balance of these liabilities, but are outside the control of the local government. In the event that contributions, investment returns, and other changes are insufficient to keep up with required payments, State statute does not assign/identify the responsible party for the unfunded portion. Due to the unique nature of how the net pension liability and the net OPEB liability are satisfied, these liabilities are separately identified within the long-term liability section of the statement of net position.

City of Cambridge
Guernsey County, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2024
(Unaudited)

In accordance with GASB 68 and GASB 75, the City's statements prepared on an accrual basis of accounting include an annual pension expense and an annual OPEB expense for their proportionate share of each plan's *change* in net pension liability and net OPEB liability, respectively, not accounted for as deferred inflows/outflows.

Capital assets include, land, land improvements, buildings, equipment, infrastructure and construction in progress. These capital assets are used to provide services to citizens and are not available for future spending. Although the City's investment in capital assets is reported net of related debt, it should be noted that the resources to repay the debt must be provided from other sources, since capital assets may not be used to liquidate these liabilities.

A portion of the City's net position, represents resources that are subject to external restrictions on how they may be used. The balance of unrestricted net position is a deficit balance.

The increase in capital assets for the business-type activities was primarily due to progress made on the Edgeworth addition waterline, water reservoir improvements and sewer plant system upgrade projects.

Current and other assets in the governmental and business-type activities increased in the current year. There was an increase in property tax collections for the Emergency Medical Services levy that passed in the prior year, which caused an increase in cash and investments and property taxes receivable. This also caused an increase in deferred inflows of resources for property taxes. Business-type activities saw an increase in cash and investments. This was caused by an increase in charges for services due to a rate increase that took place during 2024.

Non-depreciable capital assets decreased and depreciable capital assets increased in the governmental activities as the City completed several street paving projects, the Clark Avenue road project, the Steubenville Avenue road and streetscaping project and the municipal complex elevator replacement project during the current year. Business-type capital assets increased due to the completion of the Dewer Avenue storm sewer, the lead service project line and the Highland Avenue waterlines during the current year. Progress was also made on the Edgeworth addition waterline, the water reservoir improvements and sewer plant system upgrade projects during the year.

The City's current and other liabilities increased in the governmental activities. This was due to an increase in unearned revenue related to unspent grant revenue for the One Time Strategic Community Investment grant. This was partially offset by a decrease in payables related to construction projects. Business-type activities saw an increase in current and other liabilities for contracts and retainage payable related to ongoing construction projects.

Other long-term liabilities in the business-type activities decreased due to principal payment made on outstanding debt.

The Ohio Public Employees and Ohio Police & Fire retirement systems both experienced a decrease in unfunded pension liabilities during the most recent measurement period, largely driven by strong investment performance. While both systems reported investment losses in the prior year, significant gains in the current year helped improve their funded positions. For OPERS, the shift from a net OPEB liability to a net OPEB asset was driven by a combination of favorable actuarial assumption changes and robust investment returns. OP&F's net OPEB liability remained relatively stable year-over-year, reflecting a balance of offsetting impacts from actuarial updates and investment performance.

City of Cambridge
Guernsey County, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2024
(Unaudited)

These fluctuations are passed through to the City relative to their proportionate share of contributions of all members, which decreased from the prior year for the both retirement plans, contributing to overall decrease in expenses impacted by pension and OPEB.

In order to further understand what makes up the changes in net position for the current year, the following table gives readers further details regarding the results of activities for 2024 and 2023.

Table 2
Changes in Net Position

	Governmental Activities			Business-Type Activities		
	2024	2023	Change	2024	2023	Change

Certain revenues in the prior year have been reclassified for comparability purposes.

The City's overall net position increased from the prior year. The reasons for this overall increase are discussed in the following sections for governmental activities and business-type activities.

City of Cambridge
Guernsey County, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2024
(Unaudited)

Governmental Activities

Property taxes increased as collections for the new Emergency Medical Services levy began during the year. The City saw an increase in oil and gas lease revenues due to an increase in royalty payments and a bonus payment. An increase in grant revenue for the water/wastewater grant program increased capital grants for the business-type activities.

The funding for the governmental activities comes from several different sources, the most significant being the municipal income tax. Other prominent sources are property taxes, grants and entitlements, charges for services and investment interest.

The City's income tax is at a rate of 2.0 percent. Both residents of the City and non-residents who work inside the City are subject to the income tax. However if residents work in a locality that has a municipal income tax, the City provides 100 percent credit up to 2.0 percent for those who pay income tax to another city. City Council could by ordinance, choose to vary that income tax credit and create additional revenues for the City.

Governmental revenue is comprised of program revenue and general revenue. General revenues include grants and entitlements, such as local government funds. Governmental activities are primarily funded with the combination of property tax, income tax and intergovernmental revenues. The City monitors its sources of revenues very closely for fluctuations.

Police and fire (security of persons and property) represent the largest expense of the governmental activities. The police department operates out of the general fund and the fire department operates out of the fire fund.

The City also maintains a cemetery (public health services) and a park (leisure time activities) within the City.

The decrease in general government expense was caused by a decrease in employee wages and benefits paid and a decrease in accruals for compensated absences. Leisure time services increased for employee wages and benefits paid as well as park maintenance.

Business-Type Activities

Business-type activities include water and sewer operations. The revenues are generated primarily from charges for services. In 2024, charges for services accounted for 81 percent of the business type revenues. The large increase in charges for services was due to a rate increase that took place during 2024. Expenses in the water fund decreased as more contractual services were capitalized in the water fund's capital projects. Business-type activities include water and sewer operations.

The City's Funds

Governmental Funds

The funding for the governmental activities comes from several different sources, the most significant being the municipal income tax. Other prominent sources are property taxes, grants and entitlements and charges for services.

City of Cambridge
Guernsey County, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2024
(Unaudited)

	Fund Balance (Deficit)		
	12/31/2024	12/31/2023	Increase
General	\$ 4,003,021	\$ 3,480,623	\$ 522,398
Fire Fund	131,200	36,700	94,500

The fund balance increase in the general fund was primarily caused by an increase in income tax and gas lease revenues.

The fire fund saw an increase due an increase in property tax revenues combined with a decrease in expenditures.

Proprietary Funds

The City's proprietary funds provide the same type of information found in the government-wide financial statements for the business-type activities, but in more detail.

	Net Position		
	12/31/2024	12/31/2023	Increase
Water	\$ 20,758,202	\$ 16,354,198	\$ 4,404,004
Sewer	15,277,316	14,783,569	493,747

Factors concerning the finances of these two funds have already been addressed in the discussion of the business-type activities.

General Fund Budgeting Highlights

The City's budget is prepared according to Ohio law and is based on accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The most significant budgeted fund is the general fund.

During the course of 2024, the City amended its general fund budget. All recommendations for appropriation changes come to Council from the City Auditor. The Finance Committee of Council reviews them, and they make their recommendation to the Council as a whole.

Original Budget Compared to Final Budget A review of original and final budgeted revenues shows an increase in estimated other revenue. There were no significant variances between original and final appropriations.

Final Budget Compared to Actual Results Actual revenues were higher than final budgeted revenues. Most of this difference was attributable to an underestimation of income taxes and interest. Actual expenditures were lower than final appropriations, primarily due to conservative spending across all departments.

There were no significant variances to discuss within other financing sources and uses.

City of Cambridge
Guernsey County, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2024
(Unaudited)

Capital Assets and Debt Administration

Capital Assets

The City completed several street paving projects, the Clark Avenue road project, the Steubenville Avenue road and streetscaping project and the municipal complex elevator replacement project during the current year, as previously mentioned.

The City completed the Dewer Avenue storm sewer, the lead service project line, Cambridge Woodlawn Avenue waterline replacement and the Highland Avenue waterlines during the current year. Progress was also made on the Edgeworth addition waterline, the water reservoir improvements and sewer plant system upgrade projects during the year.

See Note 8 for additional information about the capital assets of the City.

Debt

The City's long-term debt obligations decreased in 2024 due to principal payments. See Note 14 for additional information about the debt of the City.

Contacting the City's Finance Department

This financial report is designed to provide our citizens, taxpayers, investors, and creditors with a general overview of the City's finances and to show the City's accountability for the money it receives. If you have any questions about this report or need additional financial information, contact Conner Johnson, Auditor of City of Cambridge, 814 Wheeling Ave., Cambridge, Ohio 43725 or email camb-auditor@cambridgeoh.org.

Reconciliation of Total Governmental Fund Balances to
Net Position of Governmental Activities
December 31, 2024

Total Governmental Fund Balances	\$ 11,719,689
---	---------------

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds.	37,746,242
---	------------

Other long-term assets are not available to pay for current-period expenditures and therefore are deferred in the funds:

Delinquent Property Taxes	\$ 190,815
Income Tax	1,019,799
Intergovernmental	492,153
Fines and Forfeitures - Opioid	122,128
Other	<u>11,596</u>
	1,836,491

An internal service fund is used by management to charge the costs of insurance to individual funds.

The assets and liabilities of the internal service fund are included in governmental activities in the statement of net position.	215,870
---	---------

The net pension liability and net OPEB liability/asset are not due and payable in the current period, therefore, the liability/asset and related deferred inflows/outflows are not reported in governmental funds.

Net OPEB Asset	186,872
Deferred Outflows - Pension	4,826,996
Deferred Outflows - OPEB	643,145
Net Pension Liability	(15,907,536)
Net OPEB Liability	(778,285)
Deferred Inflows - Pension	(1,284,730)
Deferred Inflows - OPEB	<u>(884,485)</u>
	(13,198,023)

Long-term liabilities are not due and payable in the current period and therefore are not reported in the funds:

General Obligation Bonds	(2,465,000)
Installment Loans	(562,708)
USDA Loan	(2,556,674)
Unamortized Bond Premium	(132,347)
Accrued Pension Liability	(265,785)
Lease Purchase	(707,232)
Compensated Absences	<u>(901,117)</u>
	(7,590,863)

<i>Net Position of Governmental Activities</i>	<u>\$ 30,729,406</u>

*Reconciliation of the Statement of Revenues, Expenditures and Changes
in Fund Balances of Governmental Funds to the Statement of Activities
For the Year Ended December 31, 2024*

Net Change in Fund Balances - Total Governmental Funds \$ 1,507,543

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense.

Capital Asset Additions	\$ 1,260,061
Current Year Depreciation	<u>(1,944,472)</u>

Governmental funds only report the disposal of capital assets to the extent proceeds are received from the sale. In the statement of activities, a gain or loss is reported for each disposal. (4,620)

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.

Property Taxes	(12,645)
Income Tax	257,820
Intergovernmental	(20,174)
Fines and Forfeitures - Opioid	122,128
Other	<u>(4,998)</u>

342,131

Repayment of principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position.

General Obligation Bonds	150,000
Installment Loans	287,996
USDA Loan	78,988
Accrued Pension Liability	19,823
Lease Purchase	<u>177,711</u>

714,518

Debt proceeds issued in the governmental funds that increase long-term liabilities in the statement of net position are not reported as revenues.

Lease Purchase	(66,590)
----------------	----------

In the statement of activities, interest is accrued on outstanding bonds, and bond premium and the gain/loss on refunding are amortized over the term of the bonds, whereas in governmental funds, an interest expenditure is reported when bonds are issued.

Amortization of Premium on Bonds	10,180
----------------------------------	--------

Contractually required pension/OPEB contributions are reported as expenditures in governmental funds; however, the statement of net position reports these amounts as deferred outflows.

Pension	1,256,157
OPEB	<u>17,574</u>

1,273,731

Except for amount reported as deferred inflows/outflows, changes in the net pension/OPEB liability are reported as pension/OPEB expense in the statement of activities.

Pension	(1,461,061)
OPEB	<u>(69,439)</u>

(1,530,500)

The internal service fund used by management to charge the costs of insurance to individual funds is not reported in the statement of activities. Governmental expenditures and related internal service fund revenues are eliminated. The net revenue (expense) of the internal service fund is allocated among the governmental activities. (4,046)

Some expenses reported in the statement of activities, do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

Compensated Absences	60,812
Accrued Vacation Leave Payable	<u>243,009</u>

303,821

Change in Net Position of Governmental Activities \$ 1,861,757

See accompanying notes to the basic financial statements.

NOTE 1 - REPORTING ENTITY

The City of Cambridge, Ohio (the “City”) is a body politic and corporate established for the purpose of exercising the rights and privileges conveyed to it by the Constitution and laws of the State of Ohio. The City was incorporated in 1837 and is a statutory municipal corporation under the laws of the State of Ohio. The City operates under a Council-Mayor form of government.

A reporting entity is comprised of the primary government, component units and other organizations that are included to ensure that financial statements are not misleading. A primary government consists of all funds, departments, boards and agencies that are not legally separate from the City. The primary government of the City includes City departments and agencies that provide the following services: police and fire protection, water, sewer, parks and recreation, planning, zoning, street maintenance and repair, and general administrative services. The operation of each of these activities is directly controlled by the Council through the budgetary process. None of these services are provided by a legally separate organization; therefore, these operations are included in the primary government.

Based on the foregoing, the City’s financial reporting entity has no component units but includes all funds, agencies, boards and commissions that are part of the primary government, which include the following services: police and fire protection, parks and recreation, planning, zoning, street maintenance and other governmental services. In addition, the City owns and operates a water treatment and distribution system and a wastewater treatment and collection system which are reported as enterprise funds.

Related Organizations

Guernsey County Convention Facilities Authority – The Convention Facilities Authority (CFA) was created pursuant to state statutes for the purpose of constructing, equipping, and operating a convention facility in Guernsey County. The Authority operates under the direction of an eleven member appointed board of directors. This board consists of six members appointed by Guernsey County, three members appointed by the Mayor of Cambridge, and two members appointed by the remaining municipal corporations located within the County. The City’s accountability does not extend beyond making the appointments.

Cambridge Metropolitan Housing Authority – The Cambridge Metropolitan Housing Authority is a nonprofit organization established to provide adequate public housing for low income individuals and was created pursuant to state statutes. The Authority is operated by a five member board. Two members are appointed by the Mayor of Cambridge, one member is appointed by the common pleas court judge, and one member is appointed by the Guernsey County Commissioners. The City is not financially accountable for the Authority.

South East Area Transit – The South East Area Transit (SEAT) was created pursuant to state statute in 1979. SEAT formulates general policy for the operation of the Regional Transit Authority. Other duties of SEAT include determining routes and fares, formulate operating procedures, promote and maintain community awareness, and appoint and remove the General Manager and Secretary/Treasurer. SEAT is limited to a ten member board comprised of seven individuals appointed by the Mayor of Zanesville, two people appointed by Muskingum County Commissioners, one individual appointed by the Mayor of South Zanesville, one person appointed by the Guernsey County Commissioners and one person appointed by the Mayor of Cambridge. The continued existence of the Authority is not dependent on the City’s continued participation and the City has no equity interest in or financial responsibility for the Authority.

City of Cambridge
Guernsey County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

Guernsey County Airport Authority – The Guernsey County Airport Authority was created to provide for the orderly development of aviation facilities in the region. The Authority is governed by a five member board of trustees. The initial board consisted of three members appointed by the City of Cambridge and two members appointed by the Guernsey County Board of Commissioners. Subsequent appointments are made by the City in each even numbered year and the County in each odd numbered year.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The basic financial statements of the City have been prepared in conformity with accounting principles generally accepted in the United States of America (“GAAP”) as applied to government units. The Governmental Accounting Standards Board (“GASB”) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The most significant of the City's accounting policies are described below.

A. Basis of Presentation

The City's basic financial statements consist of government-wide statements, including a statement of net position and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

Government-wide Financial Statements The statement of net position and the statement of activities display information about the City as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The activity of the internal service fund is also eliminated to avoid "doubling up" revenues and expenses. The statements distinguish between those activities of the City that are governmental and those that are considered business-type.

The statement of net position presents the financial condition of the governmental and business-type activities of the City at year-end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the City's governmental activities and for the business-type activities of the City. Direct expenses are those that are specifically associated with a service, program, or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program, and interest earned on grants that is required to be used to support a particular program. Revenues which are not classified as program revenues are presented as general revenues of the City, with certain limitations. The comparison of direct expenses with program revenues identifies the extent to which each business segment or governmental function is self-financing or draws from the general revenues of the City.

Fund Financial Statements During the year, the City segregates transactions related to certain City functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the City at this more detailed level. The focus of governmental and enterprise fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. The internal service fund is presented in a single column on the face of the proprietary fund statements. Fiduciary funds are reported by type.

City of Cambridge
Guernsey County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

B. Fund Accounting

The City uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. There are three categories of funds: governmental, proprietary, and fiduciary.

Governmental Funds Governmental funds are those through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses, and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and deferred outflows of resources and liabilities and deferred in flow of resources is reported as fund balance. The following are the City's major governmental funds:

General Fund The general fund accounts for all financial resources except those required to be accounted for in another fund. The general fund balance is available to the City for any purpose provided it is expended or transferred according to the general laws of Ohio.

Fire Fund The fire special revenue fund is used to account for the property and income taxes levied in the City for the operation of its fire department.

The other governmental funds of the City account for grants and other resources to which the City is bound to observe constraints imposed upon the use of the resources.

Proprietary Fund Type Proprietary fund reporting focuses on the determination of operating income, changes in net position, financial position, and cash flows. The following are the City's proprietary fund types:

Enterprise Funds Enterprise funds may be used to account for any activity for which a fee is charged to external users for goods or services. The sewer and water funds are the City's major enterprise funds.

Water Fund The water fund accounts for the provision of water service to the residents and commercial users located within the City.

Sewer Fund The sewer fund accounts for the provision of sanitary sewer service to the residents and commercial users located within the City.

Internal Service Fund The internal service fund accounts for the financing of service provided by one department or agency to other departments or agencies of the City on a cost reimbursement basis. The City's internal service fund reports on a self-insurance program for employee dental benefits.

Fiduciary Funds Fiduciary fund reporting focuses on net position and changes in net position. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private purpose trust funds, and custodial funds. The four types of trust funds are used to report resources held and administered by the City when it is acting in a fiduciary capacity for individuals, private organizations, or other governments. These funds are distinguished by the existence of a trust agreement that affects the degree of management involvement and the length of time that the resources are held. The City has four

City of Cambridge
Guernsey County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

private purpose trust funds which are used to account for the money set aside to be donated to charities as authorized in the will of the individuals. The City has two custodial funds which are used to account for monies held for individuals and organizations for fines and forfeitures.

C. Measurement Focus

Government-wide Financial Statements The government-wide financial statements are prepared using a flow of economic resources measurement focus. All assets and deferred outflows of resources and all liabilities and deferred inflows of resources associated with the operation of the City are included on the Statement of Net Position. The Statement of Activities presents increases (i.e., revenues) and decreases (i.e., expenses) in total net position.

Fund Financial Statements All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities and deferred inflows of resources generally are included on the balance sheet. The statement of revenues, expenditures, and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

Like the government-wide statements, all proprietary and fiduciary fund types are accounted for on a flow of economic resources measurement focus. All assets and deferred outflows of resources and all liabilities and deferred inflows of resources associated with the operation of these funds are included on the statement of fund net position. The statement of revenues, expenses and changes in fund net position presents increases (i.e., revenues) and decreases (i.e., expenses) in net position. The statement of cash flows provides information about how the City finances and meets the cash flow needs of its proprietary fund activities. Private purpose trust funds are reported using the economic resources measurement focus. Fiduciary funds present a statement of changes in fiduciary net position which reports additions to and deductions from custodial funds.

D. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Proprietary and fiduciary funds also use the accrual basis of accounting. Differences in the accrual and the modified accrual basis of accounting arise in the recognition of revenue, in the recording of deferred outflows/inflows of resources, and in the presentation of expenses versus expenditures.

Revenues - Exchange and Non-Exchange Transactions Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the year in which the resources are measurable and become available. Available means that the resources will be collected within the current year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current year. For the City, available means expected to be received within sixty days of the year-end.

City of Cambridge
Guernsey County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

Non-exchange transactions, in which the City receives value without directly giving equal value in return, include income taxes, property taxes, grants, entitlements, and donations. On an accrual basis, revenue from income taxes is recognized in the period in which the income is earned. Revenue from property taxes is recognized in the year for which the taxes are levied (see Note 5.) Revenue from grants, entitlements, and donations is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the City must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the City on a reimbursement basis. On the modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at year-end: income tax, state-levied locally shared taxes (including gasoline tax and motor vehicle license fees), fines and forfeitures, interest, leases, grants and entitlements, and rentals.

Deferred Outflows/Inflows of Resources In addition to assets, the statements of financial position will sometimes report a separate section for deferred outflows of resources. Deferred outflows of resources represent a consumption of net assets that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until then. For the City, deferred outflows of resources are reported on the government-wide statement of net position for pension and OPEB. The deferred outflows of resources related to pension and OPEB are explained in Notes 9 and 10.

In addition to liabilities, the statements of financial position report a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net assets that applies to a future period and will not be recognized as an inflow of resources (revenue) until that time. For the City, deferred inflows of resources include property taxes, leases, pension, OPEB and unavailable revenue. Property taxes represent amounts for which there is an enforceable legal claim as of December 31, 2024, but which were levied to finance 2025 operations. These amounts have been recorded as a deferred inflow on both the government-wide statement of net position and governmental fund financial statements. Deferred inflows of resources for leases relate to future periods and are not recognized as revenue until the period in which they relate. Unavailable revenue is reported only on the governmental funds balance sheet, and represents receivables which will not be collected within the available period. For the City, unavailable revenue may include delinquent property taxes, income taxes, intergovernmental grants, and miscellaneous revenues. These amounts are deferred and recognized as an inflow of resources in the period the amounts become available. The details of these unavailable revenues are identified on the reconciliation of total governmental fund balances to net position of governmental activities. Deferred inflows of resources related to pension and OPEB plans are reported on the government-wide statement of net position. (See Notes 9 and 10)

Expenses/Expenditures On the accrual basis of accounting, expenses are recognized at the time they are incurred.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation are not recognized in governmental funds.

City of Cambridge
Guernsey County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

E. Pooled Cash and Investments

To improve cash management, all cash received by the City is pooled. Monies for all funds, including proprietary funds, are maintained in this pool. Individual fund integrity is maintained through City records. Each fund's interest in the pool is presented as "equity in pooled cash and investments." Investments are reported at fair value which is based on quoted market prices, with the exception of nonparticipating certificates of deposit and repurchase agreements, which are reported at cost.

Investment procedures are restricted by the provisions of the Ohio Revised Code. Interest revenue credited to the general fund during the current year amounted to a \$1,015,122, which includes \$835,497 assigned from other City funds.

Investments of the cash management pool and investments with a maturity of three months or less at the time they are purchased by the City are considered to be cash equivalents. Investments with an original maturity of more than three months that are not made from the pool are reported as investments.

During 2024, the City invested in STAR Ohio. STAR Ohio (the State Treasury Asset Reserve of Ohio), is an investment pool managed by the State Treasurer's Office which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but has adopted Governmental Accounting Standards Board (GASB), Statement No. 79, *Certain External Investment Pools and Pool Participants*. The County measures their investment in STAR Ohio at the net asset value (NAV) per share provided by STAR Ohio. The NAV per share is calculated on an amortized cost basis that provides an NAV per share that approximates fair value.

STAR Ohio reserves the right to limit participant transactions to \$250 million per day. Transactions in all of a participant's accounts will be combined for this purpose. Twenty-four hours advance notice to STAR Ohio is appreciated for purchases or redemptions of \$100 million or more. For fiscal year 2024, there were no limitations or restrictions on any participant withdrawals due to redemption notice periods, liquidity fees, or redemption gates.

The City has segregated bank accounts for monies held separate from the City's central bank account. These interest bearing depository accounts are presented as "cash and investments in segregated accounts" since they are not required to be deposited into the City's treasury. See Note 4, "Deposits and Investments."

F. Prepaid Items

Payments made to vendors for services that will benefit periods beyond December 31, 2024, are recorded as prepaid items using the consumption method. A current asset for the prepaid amount is recorded at the time of the purchase and an expenditure/expense is reported in the year in which services are consumed.

G. Materials and Supplies Inventory

Materials and supplies inventory is stated at cost (first-in, first-out) in the governmental funds, and at the lower of cost or market in the proprietary funds. The costs of inventory items are recorded as expenditures in the governmental funds when purchased and as expenses in the governmental activities and proprietary funds when used.

City of Cambridge
Guernsey County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

H. Restricted Assets

Assets are reported as restricted when limitations on their use change the nature or normal understanding of the availability of the assets. Such constraints are either externally imposed by creditors, contributors, grantors, or laws of other governments, or are imposed by law through constitutional provisions or enabling legislation. Customer deposits have been restricted in the enterprise funds because the deposit remains the property of the customer. The restricted asset account is balanced by a customer deposit payable liability account.

I. Capital Assets

General capital assets are capital assets which are associated with and generally arise from governmental activities. They generally result from expenditures in the governmental funds. General capital assets are reported in the governmental activities column of the government-wide statement of net position but are not reported in the fund financial statements. Capital assets utilized by the proprietary funds are reported both in the business-type activities column of the government-wide statement of net position and in the respective funds.

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated capital assets are recorded at their acquisition values as of the date received. The City maintains a capitalization threshold of \$5,000 for all capital assets except \$25,000 for governmental infrastructure. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not. Interest incurred during the construction of proprietary fund capital assets is also capitalized.

All reported capital assets, except for land and construction in progress, are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Useful lives for infrastructure were estimated based on the City's historical records of necessary improvements and replacement. The City's infrastructure consists of streets, traffic lights, and water and sewer lines. Depreciation is computed using the straight-line method over the following useful lives:

<u>Description</u>	<u>Governmental Activities</u>	<u>Business-Type Activities</u>
	<u>Estimated Lives</u>	<u>Estimated Lives</u>
Land Improvements	15 - 20 Years	N/A
Buildings	5 - 50 Years	15 - 25 Years
Improvements Other Than Buildings	15 - 25 Years	25 - 65 Years
Machinery and Equipment	3 - 25 Years	5 - 25 Years
Furniture and Fixtures	10 - 15 Years	5 - 15 Years
Vehicles	5 - 20 Years	5 - 10 Years
Water/Sewer Lines	N/A	65 Years
Infrastructure	25 - 75 Years	N/A

J. Interfund Balances

On fund financial statements, long-term interfund loans are reported as "advances to/from other funds." Repayment is expected to be made within a reasonable time. These amounts are eliminated in the governmental columns of the statement of net position, except for any net residual amounts due between governmental and business-type activities, which are presented as "internal balances."

City of Cambridge
Guernsey County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

K. Compensated Absences

For the City, compensated absences cover leave for which employees may receive cash payments either when used as time off or as a payout for unused leave upon termination of employment. These payments may occur during employment or at termination. Generally, compensated absences do not follow a fixed payment schedule.

Liabilities should be recognized for unused leave if it is attributable to services already rendered, the leave accumulates, and it is more likely than not that it will be used or paid out in cash. For the City, this includes sick, other compensated time and vacation leave.

Liabilities for compensated absences should be recognized in financial statements prepared using the economic resources measurement focus for leave that has not been used and leave that has been used but not yet paid or settled.

A key component in determining the estimate of the amount of accumulated compensated absences that will be used as time off is the flows assumption. The flows assumption determines whether leave used by employees will be attributed first to (a) the recognized liability at the date of the financial statements (a first-in, first-out (FIFO) flows assumption) or (b) the leave earned in the next reporting period (a last-in, first-out (LIFO) flows assumption). The City uses the LIFO flows assumption.

The amount of compensated absences recognized as expenditures in financial statements prepared using the current financial resources measurement focus should be the amount that normally would be liquidated with expendable available financial resources.

L. Accrued Liabilities and Long-term Obligations

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements; and all payables, accrued liabilities, and long-term obligations payable from proprietary funds are reported on the proprietary fund financial statements. In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources, are reported as obligations of the funds. However, claims and judgments, compensated absences that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current fiscal year. Net pension/OPEB liability should be recognized in the governmental funds to the extent that benefit payments are due and payable and the pension/OPEB plan's fiduciary net position is not sufficient for payment of those benefits.

M. Pensions/Other Postemployment Benefits (OPEB)

For purposes of measuring the net pension/OPEB asset/liability, deferred outflows of resources and deferred inflows of resources related to pensions/OPEB, and pension/OPEB expense, information about the fiduciary net position of the pension/OPEB plans and additions to/deductions from their fiduciary net position have been determined on the same basis as they are reported by the pension/OPEB plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. The pension/OPEB plans report investments at fair value.

City of Cambridge
Guernsey County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

N. Net Position

Net position represents the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources. Net investment in capital assets, consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction or improvement of those assets or related debt also should be included in this component of net position. Net position is reported as restricted when there are limitations imposed on their use either through constitutional provisions or enabling legislation or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. At December 31, 2024, none of the City's net position was restricted by enabling legislation.

The City applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net position are available.

O. Fund Balance

In accordance with Governmental Accounting Standards Board Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, the City classifies its fund balance based on the purpose for which the resources were received and the level of constraint placed on the resources. The classifications are as follows:

Nonspendable – The nonspendable fund balance category includes amounts that cannot be spent because they are not in spendable form, or legally or contractually required to be maintained intact. The “not in spendable form” criterion includes items that are not expected to be converted to cash. It also includes the long-term amount of loans receivable, unclaimed monies, as well as property acquired for resale, unless the use of the proceeds from the collection of those receivables or from the sale of those properties is restricted, committed or assigned.

Restricted – Fund balance is reported as restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors or laws or regulations of other governments or is imposed by law through constitutional provisions.

Committed – The committed fund balance classification includes amounts that can be used only for the specific purposes imposed by a formal action (ordinance or resolution, as both are equally binding) of City Council. Those committed amounts cannot be used for any other purpose unless Council removes or changes the specified use by taking the same type of action (ordinance or resolution, as both are equally binding) it employed to previously commit those amounts. In contrast to fund balance that is restricted by enabling legislation, the committed fund balance classification may be redeployed for other purposes with appropriate due process. Constraints imposed on the use of committed amounts are imposed by City Council, separate from the authorization to raise the underlying revenue; therefore, compliance with these constraints is not considered to be legally enforceable. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

City of Cambridge
Guernsey County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

Assigned – Amounts in the assigned fund balance classification are intended to be used by the City for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds other than the general fund, assigned fund balance represents the remaining amount that is not restricted or committed. In the general fund, assigned amounts represent intended uses established by policies of the City. City Council has by resolution authorized the City Auditor to assign fund balance. City Council may also assign fund balance as it does when appropriating fund balance to cover a gap between estimated revenue and appropriations in the subsequent year's appropriated budget.

Unassigned – Unassigned fund balance is the residual classification for the general fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance resulting from overspending for specific purposes for which amounts had been restricted, committed or assigned.

The City applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

P. Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary funds. For the City, these revenues are charges for services for water and sewer services. Operating expenses are necessary costs incurred to provide the goods or service that is the primary activity of the fund. All revenues and expenses not meeting this definition are reported as nonoperating.

Q. Interfund Activity

Transfers between governmental and business-type activities on the government-wide statements are reported in the same manner as general revenues.

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after non-operating revenues/expenses in proprietary funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

R. Extraordinary and Special Items

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of the City Administration and that are either unusual in nature or infrequent in occurrence. Neither type of transaction occurred during the current year.

City of Cambridge
Guernsey County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

S. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States in America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

T. Budgetary Data

All funds, except custodial funds, are legally required to be budgeted and appropriated. The major documents prepared are the certificate of estimated resources, and the appropriations resolution, all of which are prepared on the budgetary basis of accounting. The tax budget demonstrates a need for existing or increased tax rates. The certificate of estimated resources establishes a limit on the amount Council may appropriate.

The appropriations resolution is Council's authorization to spend resources and sets annual limits on expenditures plus encumbrances at the level of control selected by Council. The legal level of control has been established by Council at the object level within each department in the general fund and at the object level for all other funds. Budgetary modifications may only be made by resolution of the City Council at the legal level of control.

The certificate of estimated resources may be amended during the year if projected increases or decreases in revenue are identified by the City Auditor. The amounts reported as the original budgeted amounts on the budgetary statements reflect the amounts on the certificate of estimated resources when the original appropriations were adopted. The amounts reported as the final budgeted amounts on the budgetary statements reflect the amounts on the amended certificate of estimated resources in effect at the time the final appropriations were enacted by Council.

The appropriations resolution is subject to amendment throughout the year with the restriction that appropriations cannot exceed estimated resources. The amounts reported as the original budgeted amounts reflect the first appropriation resolution for that fund that covered the entire year, including amounts automatically carried forward from prior years. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by Council during the year.

U. Contributions of Capital

Contributions of capital in proprietary fund financial statements arise from outside contributions of capital assets, of grants or outside contributions of resources restricted to capital acquisition and construction.

V. Unearned Revenue

Unearned revenue arises when monies are received before revenue recognition criteria have been satisfied. The unearned revenue reported represents grants received from the American Rescue Plan Act funding and the One-Time Strategic Community Investment grant.

City of Cambridge
Guernsey County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

W. Implementation of New Accounting Principles

For the year ended December 31, 2024, the City has implemented certain provisions of GASB Statement No. 99, *Omnibus 2022*, GASB Statement No. 100, *Accounting Changes and Error Corrections—an amendment of GASB Statement No. 62*, and GASB Statement No. 101, *Compensated Absences*.

GASB Statement No. 99 enhances comparability in accounting and financial reporting and improves the consistency of authoritative literature by addressing (1) practice issues that have been identified during implementation and application of certain GASB Statements and (2) accounting and financial reporting for financial guarantees. The implementation of certain provisions of GASB Statement No. 99 that relate to financial guarantees and the classification and reporting of derivative instruments within the scope of Statement 53 did not have an effect on the financial statements of the City.

GASB Statement No. 100 enhances accounting and financial reporting requirements for accounting changes and error corrections to provide a more understandable, reliable, relevant, consistent, and comparable information for making decisions or assessment accountability. The implementation of GASB Statement No. 100 was incorporated into the financial statements of the City.

GASB Statement No. 101 updates the recognition and measurement guidance for compensated absences to promote consistency and better meet the information needs of financial statement users. The unified recognition and measurement model in this Statement will result in a liability for compensated absences that more appropriately reflects when a government incurs an obligation. These changes were incorporated into the City 2024 financial statements; however, there was no effect on beginning net position.

NOTE 3 - BUDGETARY BASIS OF ACCOUNTING

While reporting financial position, results of operations, and changes in fund balance on the basis of generally accepted accounting principles (GAAP basis), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances.

The Statements of Revenues, Expenditures and Changes in Fund Balances - Budget (Non-GAAP Basis) and Actual presented for the general fund and the major special revenue funds are presented on the budgetary basis to provide a meaningful comparison of actual results with the budget. The major differences between the budget basis and the GAAP basis are:

1. Revenues are recorded when received in cash (budget) as opposed to when susceptible to accrual (GAAP).
2. Expenditures/expenses are recorded when paid in cash (budget) as opposed to when the liability is incurred (GAAP).
3. Encumbrances are treated as expenditure/expenses (budget) rather than as an assigned fund balance (GAAP).
4. Some funds are included in the general fund, (GAAP basis), but have separate legally adopted budgets (budget basis).

City of Cambridge
Guernsey County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

The following table summarizes the adjustments necessary to reconcile the GAAP basis statements to the budgetary basis statements for the general and fire funds.

Net Change in Fund Balance

	General	Fire
GAAP Basis	\$ 522,398	\$ 94,500
Net Adjustment for Revenue Accruals	(218,755)	3,826
Net Adjustment for Expenditure Accruals	(123,403)	(119,131)
Funds Budgeted Elsewhere **	(49,059)	-
Adjustment for Encumbrances	(56,001)	(3,725)
Budget Basis	<u>\$ 75,180</u>	<u>\$ (24,530)</u>

** As part of Governmental Accounting Standards Board Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, certain funds that are legally budgeted in separate special revenue funds are considered part of the general fund on a GAAP basis. This includes municipal airport fund, tree fund, park user fee reserve fund and municipal trust fund.

NOTE 4 - DEPOSITS AND INVESTMENTS

State statutes classify monies held by the City into three categories.

Active deposits are public deposits necessary to meet current demands on the treasury. Such monies must be maintained either as cash in the City Treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that Council has identified as not required for use within the current five year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts including passbook accounts.

Interim monies may be deposited or invested in the following securities:

1. United States treasury notes, bills, bonds, or any other obligation or security issued by the United States treasury or any other obligation guarantee as to principal or interest by the United States;
2. Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality, including but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities.

City of Cambridge
Guernsey County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

3. Written repurchase agreements in the securities listed above provided that the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least 2 percent and be marked to market daily, and that the term of the agreement must not exceed thirty days;
4. Bond and other obligations of the State of Ohio;
5. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;
6. The State Treasurer's Investment Pool (STAR Ohio).
7. Certain bankers acceptances and commercial paper notes for a period not to exceed one hundred and eighty days and two hundred and seventy days, respectively, from the purchase date in any amount not to exceed 40 percent of the interim monies available for investment at any one time; and
8. Under limited circumstances, corporate debt interests noted in either of the two highest rating classifications by at least two nationally recognized rating agencies.

Investments in stripped principal or interest obligations, reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage and the use of leverage and short selling is also prohibited. An investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the City and must be purchased with the expectation that it will be held to maturity. Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the treasurer or qualified trustee or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

Deposits - Custodial credit risk for deposits is the risk that in the event of bank failure, the City will not be able to recover deposits or collateral securities that are in the possession of an outside party. At year end, \$5,664,439 of the City's bank balance of \$6,302,668 was exposed to custodial credit risk because it was uninsured and collateralized. The City's financial institution was approved for a reduced collateral rate of 102 percent through the Ohio Pooled Collateral System.

The City has no deposit policy for custodial risk beyond the requirements of State statute. Ohio law requires that deposits either be insured or protected by:

- Eligible securities pledged to the City and deposited with a qualified trustee by the financial institution as security for repayment whose market value at all times shall be at least 105 percent of the deposits being secured; or
- Participation in the Ohio Pooled Collateral System (OPCS), a collateral pool of eligible securities deposited with a qualified trustee and pledged to the Treasurer of State to secure the repayment of all public monies deposited in the financial institution. OPCS required the total market value of the securities pledged to be 102 percent of the deposits being secured or a rate set by the Treasurer of State.

City of Cambridge
Guernsey County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

Segregated Cash, Cash with Fiscal/Escrow Agent - The municipal court fund, insurance fund and the trust funds are maintained separately from the City's deposits. The carrying amount of the deposits is reported as "Cash and Investments in Segregated Accounts."

Investments

As of December 31, 2024, the City had the following investments and maturities:

S&P Global Ratings	Investment Type	Measurement Value	Investment Maturities			Percent of Total
			12 Months or Less	12 to 36 Months	More Than 36 Months	
Net Asset Value (NAV):						
AAAm	STAR Ohio	\$ 5,807,718	\$ 5,807,718	\$ -	\$ -	26.90%
AAAm	First American Government	24,471	24,471	-	-	0.11%
Fair Value:						
Aaa	US Treasury Notes	6,816,573	1,003,970	2,901,550	2,911,053	31.58%
Aaa	Federal Farm Credit Banks	2,866,917	494,480	1,030,206	1,342,231	13.28%
Aaa	Federal Home Loan Banks	3,870,911	957,566	2,105,382	807,963	17.93%
Aaa	Federal National Mortgage Association	469,463	469,463	-	-	2.17%
Aaa	Federal Home Loan Mortgage Corporation	194,694	194,694	-	-	0.90%
Aaa	Private Expt Funding Corporation	344,945	-	196,812	148,133	1.60%
Aaa	Tennessee Valley Authority	246,623	-	-	246,623	1.14%
N/A	Negotiable Certificates of Deposit	948,490	-	-	948,490	4.39%
Total Investments		\$ 21,590,805	\$ 8,952,362	\$ 6,233,950	\$ 6,404,493	100.00%

The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets. Level 2 inputs are significant other observable inputs. Level 3 inputs are significant unobservable inputs. The above table identifies the City's recurring fair value measurements as of December 31, 2024. The City's investments measured at fair value are valued using methodologies that incorporate market inputs such as benchmark yields, reported trades, broker/dealer quotes, issuer spreads, two-sided markets, benchmark securities, bids, offers, and reference data including market research publications. Market indicators and industry and economic events are also monitored which could require the need to acquire further market data (Level 2 inputs).

Interest Rate Risk Interest rate risk arises because potential purchasers of debt securities will not agree to pay face value for those securities if interest rates subsequently increase. The City has no investment policy to address interest rate risk in place at this time.

Credit Risk STAR Ohio is an investment pool operated by the Ohio State Treasurer. It is unclassified since it is not evidenced by securities that exist in physical or book entry form. Ohio law requires STAR Ohio maintain the highest rating provided by at least one nationally recognized standard rating service. The weighted average of maturity of the portfolio held by STAR Ohio as of December 31, 2024, is 27 days.

City of Cambridge
Guernsey County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

NOTE 5 - TAXES

A. Property Taxes

Property taxes include amounts levied against all real and public utility property located in the City. Property tax revenue received during 2024 for real and public utility property taxes represents collections of the 2023 taxes.

2024 real property taxes were levied after October 1, 2024 on the assessed value as of January 1, 2024, the lien date. Assessed values are established by State law at 35 percent of appraised market value. 2024 real property taxes are collected in and intended to finance 2025.

Real property taxes are payable annually or semi-annually. If paid annually, payment is due December 31; if paid semi-annually, the first payment is due December 31, with the remainder payable by June 20. Under certain circumstances, State statute permits later payment dates to be established.

Public utility tangible personal property currently is assessed at varying percentages of true value; public utility real property is assessed at 35 percent of true value. 2024 public utility property taxes which became a lien December 31, 2023, are levied after October 1, 2024, and are collected in 2025 with real property taxes.

The full tax rate for all City operations for the year ended December 31, 2024, was \$16.90 per \$1,000 of assessed valuation. The assessed values of real property and public utility tangible property upon which 2024 property tax receipts were based are as follows:

<u>Category</u>	<u>Assessed Value</u>
Real Estate	\$ 187,765,480
Public Utility Personal Property	<u>17,932,610</u>
Total Assessed Values	<u>\$ 205,698,090</u>

The County Treasurer collects property taxes on behalf of all taxing districts within the County, including the City. The County Auditor periodically remits to the City its portion of the taxes collected. Property taxes receivable represents real and public utility property taxes and outstanding delinquencies which were measurable as of December 31, 2024, and for which there was an enforceable legal claim. In governmental funds, the portion of the receivable not levied to finance 2024 operations is offset to deferred inflows of resources – property taxes levied for the next year. On the accrual basis, collectible delinquent property taxes have been recorded as a receivable and revenue while on the modified accrual basis the revenue has been reported as deferred inflows of resources – unavailable revenue.

B. Income Taxes

The City levies a tax of 2.0 percent on all salaries, wages, commissions and other compensation, and on net profits earned within the City as well as on incomes of residents earned outside the City. In the latter case, the City allows a credit of 100 percent of the tax paid to another municipality to a maximum of the total amount assessed.

City of Cambridge
Guernsey County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

Employers within the City are required to withhold income tax on employee's compensation and remit the tax to the City either monthly or quarterly, as required. Corporations and other individual taxpayers are required to pay their estimated tax quarterly and file a declaration annually.

NOTE 6 - RECEIVABLES

Receivables at December 31, 2024 consisted of taxes, accounts, loans, leases and intergovernmental receivables arising from shared revenues.

The other governmental funds reflect loans receivable of \$7,087. These loans receivable are for financing the rehabilitation of homes to low and moderate income families and loans to local businesses for community development. The fund balance representing revolving loans receivable is restricted because it is not appropriable for expenditures, or is legally segregated for specific use.

OneOhio Opioid Settlement Monies

During 2021, Ohio reached an agreement with the three largest distributors of opioids. Subsequently, settlements have been reached with other distributors. As contingencies related to timing and measurement are resolved, a receivable will be reported in accompanying financial statements as a part of accounts receivables. As a participating subdivision, the City reported \$122,128 as an accounts receivable related to opioid settlement monies in the Ohio Opioid Settlement Special Revenue Fund in the accompanying financial statements.

NOTE 7 - INTERFUND TRANSFERS

Following is a summary of transfers in and out for all funds for 2024:

Fund	Transfers In	Transfers Out
General Fund	\$ -	\$ 364,524
Non-Major Governmental Funds:		
Street Maintenance and Repair	21,551	-
Cemetery	362,924	-
VOCA Grant	1,600	-
Water Fund	-	21,551
Total All Funds	<u>\$ 386,075</u>	<u>\$ 386,075</u>

The transfers from the General Fund to the various other funds were to provide additional resources for current operations. The transfer from the Water Fund to the Street Maintenance and Repair fund was for the payment of debt.

City of Cambridge
Guernsey County, Ohio
Notes to the Basic Financial Statements

NOTE 9 - DEFINED BENEFIT PENSION PLANS

The Statewide retirement systems provide both pension benefits and other postemployment benefits (OPEB).

Net Pension Liability/Net OPEB Liability (Asset)

Pensions and OPEB are a component of exchange transactions – between an employer and its employees — of salaries and benefits for employee services. Pensions are provided to an employee—on a deferred-payment basis—as part of the total compensation package offered by an employer for employee services each financial period.

The net pension/OPEB liability (asset) represents the City’s proportionate share of each pension/OPEB plan’s collective actuarial present value of projected benefit payments attributable to past periods of service, net of each pension/OPEB plan’s fiduciary net position. The net pension/OPEB liability (asset) calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting this estimate annually.

City of Cambridge
Guernsey County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

Ohio Revised Code limits the City's obligation for the liability to annually required payments. The City cannot control benefit terms or the manner in which pensions/OPEB are financed; however, the City does receive the benefit of employees' services in exchange for compensation including pension and OPEB.

GASB 68/75 assumes the liability is solely the obligation of the employer, because (1) they benefit from employee services; and (2) State statute requires funding to come from these employers. All pension contributions to date have come solely from these employers (which also includes pension costs paid in the form of withholdings from employees). The retirement systems may allocate a portion of the employer contributions to provide for these OPEB benefits. In addition, health care plan enrollees pay a portion of the health care costs in the form of a monthly premium. State statute requires the retirement systems to amortize unfunded pension liabilities within 30 years. If the pension amortization period exceeds 30 years, each retirement system's board must propose corrective action to the State legislature. Any resulting legislative change to benefits or funding could significantly affect the net pension/OPEB liability (asset). Resulting adjustments to the net pension/OPEB liability (asset) would be effective when the changes are legally enforceable. The Ohio Revised Code permits, but does not require the retirement systems to provide healthcare to eligible benefit recipients.

The proportionate share of each plan's unfunded benefits is presented as a long-term *net pension liability* and *net OPEB liability (asset)* on the accrual basis of accounting. Any liability for the contractually-required pension/OPEB contributions outstanding at the end of the year is included in intergovernmental payable on both the accrual and modified accrual bases of accounting.

The remainder of this note includes the pension disclosures. See Note 10 for the OPEB disclosures.

Plan Description – Ohio Public Employees Retirement System (OPERS)

Plan Description – City employees, other than full-time police and firefighters, participate in the Ohio Public Employees Retirement System (OPERS). OPERS is a cost-sharing, multiple employer public employee retirement system which administers three separate pension plans. The traditional pension plan is a cost-sharing, multiple-employer defined benefit pension plan. The member-directed plan is a defined contribution plan and the combined plan is a combination cost-sharing, multiple-employer defined benefit/defined contribution pension plan. Effective January 1, 2022, new members may no longer select the Combined Plan, and current members may no longer make a plan change to this plan. In October 2023, the legislature approved House Bill (HB) 33 which allows for the consolidation of the combined plan with the traditional plan with the timing of the consolidation at the discretion of OPERS. As of December 31, 2023, the consolidation has not been executed. (The latest information available.) Participating employers are divided into state, local, law enforcement and public safety divisions. While members in the state and local divisions may participate in all three plans, law enforcement and public safety divisions exist only within the traditional plan. Substantially all employee members are in OPERS' traditional plan; therefore, the following disclosure focuses on the traditional pension plan.

OPERS provides retirement, disability, survivor and death benefits, and annual cost of living adjustments to members of the traditional and combined plans. Authority to establish and amend benefits is provided by Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report that includes financial statements, required supplementary information and detailed information about OPERS' fiduciary net position that may be obtained by visiting <https://www.opers.org/financial/reports.shtml>, by writing to the Ohio Public Employees Retirement System, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling 800-222-7377.

City of Cambridge
Guernsey County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

Senate Bill (SB) 343 was enacted into law with an effective date of January 7, 2013. In the legislation, members in the traditional and combined plans were categorized into three groups with varying provisions of the law applicable to each group. The following table provides age and service requirements for retirement and the retirement formula applied to final average salary (FAS) for the three member groups under the traditional and combined plans as per the reduced benefits adopted by SB 343 (see OPERS Annual Comprehensive Financial Report referenced above for additional information, including requirements for reduced and unreduced benefits):

Group A	Group B	Group C
Eligible to retire prior to January 7, 2013 or five years after January 7, 2013	20 years of service credit prior to January 7, 2013 or eligible to retire ten years after January 7, 2013	Members not in other Groups and members hired on or after January 7, 2013
State and Local	State and Local	State and Local
Age and Service Requirements: Age 60 with 60 months of service credit or Age 55 with 25 years of service credit	Age and Service Requirements: Age 60 with 60 months of service credit or Age 55 with 25 years of service credit	Age and Service Requirements: Age 57 with 25 years of service credit or Age 62 with 5 years of service credit
Traditional Plan Formula: 2.2% of FAS multiplied by years of service for the first 30 years and 2.5% for service years in excess of 30	Traditional Plan Formula: 2.2% of FAS multiplied by years of service for the first 30 years and 2.5% for service years in excess of 30	Traditional Plan Formula: 2.2% of FAS multiplied by years of service for the first 35 years and 2.5% for service years in excess of 35

State and local members who retire before meeting the age-and-years of service credit requirement for unreduced benefits receive a percentage reduction in the benefit amount. The amount of a member's pension benefit vests at retirement.

Final average Salary (FAS) represents the average of the three highest years of earnings over a member's career for Groups A and B. Group C is based on the average of the five highest years of earnings over a member's career.

When a benefit recipient has received benefits for 12 months, the member is eligible for an annual cost of living adjustment (COLA). This COLA is calculated on the member's original base retirement benefit at the date of retirement and is not compounded. For those who retired prior to January 7, 2013, the cost-of-living adjustment is 3 percent. For those retiring on or after January 7, 2013, beginning in calendar year 2019, the adjustment is based on the average percentage increase in the Consumer Price Index, capped at 3 percent.

Funding Policy - The Ohio Revised Code (ORC) provides statutory authority for member and employer contributions as follows:

City of Cambridge
Guernsey County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

	<u>State and Local</u>
2024 Statutory Maximum Contribution Rates	
Employer	14.0 %
Employee	10.0 %
2024 Actual Contribution Rates	
Employer:	
Pension	14.0 %
Post-employment Health Care Benefits	<u>0.0</u>
Total Employer	<u><u>14.0 %</u></u>
Employee	<u><u>10.0 %</u></u>

* This rate is determined by OPERS' Board and has no maximum rate established by ORC.

** This rate is also determined by OPERS' Board, but is limited by ORC to not more than 2 percent greater than the Public Safety rate.

Employer contribution rates are actuarially determined within the constraints of statutory limits for each division and expressed as a percentage of covered payroll. The City's contractually required contribution was \$770,878 for 2024. Of this amount, \$108,901 is reported as an intergovernmental payable.

Plan Description – Ohio Police & Fire Pension Fund (OP&F)

Plan Description – Full-time police and firefighters participate in Ohio Police and Fire Pension Fund (OP&F), a cost-sharing, multiple-employer defined benefit pension plan administered by OP&F. OP&F provides retirement and disability pension benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefit provisions are established by the Ohio State Legislature and are codified in Chapter 742 of the Ohio Revised Code. OP&F issues a publicly available financial report that includes financial information and required supplementary information and detailed information about OP&F fiduciary net position. The report that may be obtained by visiting the OP&F website at www.op-f.org or by writing to the Ohio Police and Fire Pension Fund, 140 East Town Street, Columbus, Ohio 43215-5164.

Upon attaining a qualifying age with sufficient years of service, a member of OP&F may retire and receive a lifetime monthly pension. OP&F offers four types of service retirement: normal, service commuted, age/service commuted and actuarially reduced. Each type has different eligibility guidelines and is calculated using the member's average annual salary. The following discussion of the pension formula relates to normal service retirement.

For members hired after July 1, 2013, the minimum retirement age is 52 for normal service retirement with at least 25 years of service credit. For members hired on or before July 1, 2013, the minimum retirement age is 48 for normal service retirement with at least 25 years of service credit.

City of Cambridge
Guernsey County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

The annual pension benefit for normal service retirement is equal to a percentage of the allowable average annual salary. The percentage equals 2.5 percent for each of the first 20 years of service credit, 2.0 percent for each of the next five years of service credit and 1.5 percent for each year of service credit in excess of 25 years. The maximum pension of 72 percent of the allowable average annual salary is paid after 33 years of service credit (see OP&F Annual Comprehensive Financial Report referenced above for additional information, including requirements for Deferred Retirement Option Plan provisions and reduced and unreduced benefits).

Under normal service retirement, retired members who are at least 55 years old and have been receiving OP&F benefits for at least one year may be eligible for a cost-of-living allowance adjustment. The age 55 provision for receiving a COLA does not apply to those who are receiving a permanent and total disability benefit, statutory survivors and annuity beneficiaries. Members participating in the DROP program have separate eligibility requirements related to COLA.

The COLA amount for members who have 15 or more years of service credit as of July 1, 2013, and members who are receiving a pension benefit that became effective before July 1, 2013, will be equal to 3.0 percent of the member's base pension benefit.

The COLA amount for members who have less than 15 years of service credit as of July 1, 2013, and members whose pension benefit became effective on or after July 1, 2013, will be equal to a percentage of the member's base pension benefit where the percentage is the lesser of 3.0 percent or the percentage increase in the consumer price index, if any, over the twelve-month period that ends on the thirtieth day of September of the immediately preceding year, rounded to the nearest one-tenth of one percent.

Members who retired prior to July 24, 1986, or their surviving beneficiaries under optional plans are entitled to cost-of-living allowance increases. The annual increase is paid on July 1st of each year. The annual COLA increase is \$360 under a Single Life Annuity Plan with proportional reductions for optional payment plans.

Funding Policy – The Ohio Revised Code (ORC) provides statutory authority for member and employer contributions as follows:

	<u>Police</u>	<u>Firefighters</u>
2024 Statutory Maximum Contribution Rates		
Employer	19.50 %	24.00 %
Employee	12.25 %	12.25 %
2024 Actual Contribution Rates		
Employer:		
Pension	19.00 %	23.50 %
Post-employment Health Care Benefits	0.50	0.50
Total Employer	<u>19.50 %</u>	<u>24.00 %</u>
Employee	<u>12.25 %</u>	<u>12.25 %</u>

City of Cambridge
Guernsey County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

Employer contribution rates are expressed as a percentage of covered payroll. The City's contractually required contribution to OP&F was \$747,378 for 2024. Of this amount, \$82,710 is reported as an intergovernmental payable.

In addition to current contributions, the City pays installments on a specific liability the City incurred when the State of Ohio established the statewide pension system for police and firefighter in 1967. As of December 31, 2024, the specific liability of the City was \$265,785 payable in semi-annual payments through the year 2035.

Pension Liabilities, Pension Expense, and Deferred Outflows/Inflows of Resources Related to Pensions

The net pension liability for OPERS was measured as of December 31, 2023, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. OP&F's total pension liability was measured as of December 31, 2023, and was determined by rolling forward the total pension liability as of January 1, 2023, to December 31, 2023. The City's proportion of the net pension liability was based on the City's share of contributions to the pension plan relative to the contributions of all participating entities. Following is information related to the proportionate share and pension expense:

	OPERS	OP&F	Total
Proportion of the Net Pension Liability:			
Current Measurement Period	0.032461%	0.1065953%	
Prior Measurement Period	0.034433%	0.1173181%	
Change in Proportion	<u>-0.001972%</u>	<u>-0.0107228%</u>	
Proportionate Share of the Net			
Pension Liability	\$ 8,498,423	\$ 10,298,577	\$ 18,797,000
Pension Expense	\$ 942,681	\$ 838,066	\$ 1,780,747

Other than contributions made subsequent to the measurement date and differences between projected and actual earnings on investments; deferred inflows/outflows of resources are recognized in pension expense beginning in the current period, using a straight line method over a closed period equal to the average of the expected remaining service lives of all employees that are provided with pensions, determined as of the beginning of the measurement period. Net deferred inflows/outflows of resources pertaining to the differences between projected and actual investment earnings are similarly recognized over a closed five year period. At December 31, 2024, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

City of Cambridge
Guernsey County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

	OPERS	OP&F	Total
Deferred Outflows of Resources			
Net Difference between Projected and Actual			
Earnings on Pension Plan Investments	\$ 1,715,344	\$ 1,167,045	\$ 2,882,389
Differences between Expected and			
Actual Experience	138,900	330,615	469,515
Changes of Assumptions	-	650,859	650,859
Changes in Proportionate Share and			
Differences in Contributions	44,449	161,774	206,223
City Contributions Subsequent			
to the Measurement Date	770,878	747,378	1,518,256
Total Deferred Outflows of Resources	<u>\$ 2,669,571</u>	<u>\$ 3,057,671</u>	<u>\$ 5,727,242</u>
Deferred Inflows of Resources			
Differences between Expected and			
Actual Experience	\$ -	\$ 115,175	\$ 115,175
Changes of Assumptions	-	156,396	156,396
Changes in Proportionate Share and			
Differences in Contributions	236,416	861,025	1,097,441
Total Deferred Inflows of Resources	<u>\$ 236,416</u>	<u>\$ 1,132,596</u>	<u>\$ 1,369,012</u>

\$1,518,256 reported as deferred outflows of resources related to pension resulting from City contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending December 31, 2025. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized in pension expense as follows:

Year Ending December 31:	OPERS	OP&F	Total
2025	\$ 306,597	\$ 277,516	\$ 584,113
2026	505,303	395,563	900,866
2027	1,094,634	728,771	1,823,405
2028	(244,257)	(134,523)	(378,780)
2029	-	(87,022)	(87,022)
Total	<u>\$ 1,662,277</u>	<u>\$ 1,177,697</u>	<u>\$ 2,839,974</u>

Actuarial Assumptions – OPERS

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and cost trends. Actuarially determined amounts are subject to continual review or modification as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation. The total pension liability was determined by an actuarial valuation as of December 31, 2022, using the following key actuarial assumptions and methods applied to all periods included in the measurement in accordance with the requirements of GASB 67:

City of Cambridge
Guernsey County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

OPERS Traditional Plan	
Wage Inflation	2.75 percent
Future Salary Increases, including inflation	2.75 to 10.75 percent including wage inflation
COLA or Ad Hoc COLA:	
Pre-January 7, 2013 Retirees	3.0 percent, simple
Post-January 7, 2013 Retirees (Current Year)	2.3 percent, simple through 2024, then 2.05 percent, simple
Post-January 7, 2013 Retirees (Prior Year)	3.0 percent, simple through 2023, then 2.05 percent, simple
Investment Rate of Return	6.9 percent
Actuarial Cost Method	Individual Entry Age

Pre-retirement mortality rates are based on 130 percent of the Pub-2010 General Employee Mortality tables (males and females) for State and Local Government divisions. Post-retirement mortality rates are based on 115 percent of the PubG-2010 Retiree Mortality Tables (males and females). Post-retirement mortality rates for disabled retirees are based on the PubNS-2010 Disabled Retiree Mortality Tables (males and females). For all of the previously described tables, the base year is 2010 and mortality rates for a particular calendar year are determined by applying the MP-2020 mortality improvement scales (males and females) to all of these tables.

The most recent experience study was completed for the five-year period ended December 31, 2020.

During 2023, OPERS managed investments in three investment portfolios: the Defined Benefit portfolio, the Health Care portfolio, and the Defined Contribution portfolio. The Defined Benefit portfolio contains the investment assets for the Traditional Pension Plan, the defined benefit component of the Combined Plan and the annuitized accounts of the Member-Directed Plan. Within the Defined Benefit portfolio contributions into the plans are all recorded at the same time, and benefit payments all occur on the first of the month. Accordingly, the money-weighted rate of return is considered to be the same for all plans within the portfolio. The annual money-weighted rate of return expressing investment performance, net of investment expenses and adjusted for the changing amounts actually invested, for the Defined Benefit portfolio was a gain of 11.2 percent for 2023.

The allocation of investment assets with the Defined Benefit portfolio is approved by the Board of Trustees as outlined in the annual investment plan. Plan assets are managed on a total return basis with a long-term objective of achieving and maintaining a fully funded status for the benefits provided through the defined benefit pension plans. The long-term expected rate of return on defined benefit investment assets was determined using a building-block method in which best-estimate ranges of expected future real rates of return are developed for each major asset class. These ranges are combined to produce the long-term expected real rate of return by weighting the expected future real rates of return by the target asset allocation percentage, adjusted for inflation. Best estimates of geometric rates of return were provided by the Board's investment consultant. For each major class that is included in the Defined Benefit portfolio's target asset allocation as of December 31, 2023, these best estimates are summarized below:

City of Cambridge
Guernsey County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

Asset Class	Target Allocation	Weighted Average Long-Term Expected Real Rate of Return (Geometric)
Fixed Income	24.00%	2.85%
Domestic Equities	21.00	4.27
Real Estate	13.00	4.46
Private Equity	15.00	7.52
International Equities	20.00	5.16
Risk Parity	2.00	4.38
Other investments	5.00	3.46
Total	100.00%	

Discount Rate The discount rate used to measure the total pension liability for the current year was 6.9 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and those of the contributing employers are made at the contractually required rates, as actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefits payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the City's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate The following table presents the City's proportionate share of the net pension liability calculated using the current period discount rate assumption of 6.9 percent, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one-percentage-point lower (5.9 percent) or one-percentage-point higher (7.9 percent) than the current rate:

City's Proportionate Share of the Net Pension Liability	1% Decrease	Current Discount Rate	1% Increase
	\$ 13,378,801	\$ 8,498,423	\$ 4,439,366

Actuarial Assumptions – OP&F

OP&F's total pension liability as of December 31, 2023, is based on the results of an actuarial valuation date of January 1, 2023, and rolled-forward using generally accepted actuarial procedures. The total pension liability is determined by OP&F's actuaries in accordance with GASB Statement No. 67, as part of their annual valuation. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about probability of occurrence of events far into the future. Examples include assumptions about future employment mortality, salary increases, disabilities, retirements and employment terminations. Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future. Assumptions considered are: withdrawal rates, disability retirement, service retirement, DROP elections, mortality, percent married and forms of the payment, DROP interest rate, CPI-based COLA, investment returns, salary increases and payroll growth. The changes in assumptions are being amortized over the estimated remaining useful life of the participants which was 6.03 years at December 31, 2023.

City of Cambridge
Guernsey County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

Key methods and assumptions used in the latest actuarial valuation, reflecting experience study results, prepared as of January 1, 2023, are presented below.

Actuarial Cost Method	Entry Age Normal
Investment Rate of Return	7.5 percent
Projected Salary Increases	3.75 percent to 10.5 percent
Payroll Growth	3.25 percent per annum, compounded annually, consisting of Inflation rate of 2.75 percent plus productivity increase rate of 0.5 percent
Cost of Living Adjustments	2.2 percent simple per year

For 2023, the mortality for service retirees is based on the Pub-2010 Below-Median Safety Amount-Weighted Healthy Retiree mortality table with rates adjusted to 96.2 percent for males and 98.70 percent for females. All rates are projected using the MP-2021 Improvement Scale.

For 2023, mortality for disabled retirees is based on the Pub-2010 Safety Amount-Weighted Disabled Retiree mortality table with rates adjusted by 135 percent for males and 97.9 percent for females. All rates are projected using the MP-2021 Improvement Scale.

For 2023, mortality for contingent annuitants is based on the Pub- 2010 Below-Median Safety Amount-Weighted Contingent Annuitant Retiree mortality table with rates adjusted by 108.9 percent for males and 131 percent for females. All rates are projected using the MP-2021 Improvement Scale.

For 2023, Mortality for active members is based on the Pub-2010 Below-Median Safety Amount-Weighted Employee mortality table. All rates are projected using the MP- 2021 Improvement Scale.

The most recent experience study was completed for the five-year period ended December 31, 2021.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The assumption is intended to be a long-term assumption (30 to 50 years) and is not expected to change absent a significant change in the asset allocation, a change in the underlying inflation assumption, or a fundamental change in the market that alters expected returns in future years.

Best estimates of the long-term expected geometric real rates of return for each major asset class included in OP&F's target asset allocation as of December 31, 2023, are summarized below:

City of Cambridge
Guernsey County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Domestic Equity	18.60 %	4.10 %
Non-US Equity	12.40	4.90
Private Markets	10.00	7.30
Core Fixed Income *	25.00	2.40
High Yield Fixed Income	7.00	4.10
Private Credit	5.00	6.80
U.S. Inflation Linked Bonds*	15.00	2.10
Midstream Energy Infrastructure	5.00	5.80
Real Assets	8.00	6.00
Gold	5.00	3.50
Private Real Estate	12.00	5.40
Commodities	2.00	3.50
 Total	 <u>125.00 %</u>	

Note: Assumptions are geometric.

* levered 2.0x

OP&F's Board of Trustees has incorporated the risk parity concept into OP&F's asset liability valuation with the goal of reducing equity risk exposure, which reduces overall Total Portfolio risk without sacrificing return, and creating a more risk-balanced portfolio based on their relationship between asset classes and economic environments. From the notional portfolio perspective above, the Total Portfolio may be levered up to 1.25 times due to the application of leverage in certain fixed income asset classes.

Discount Rate The total pension liability was calculated using the discount rate of 7.50 percent. The projection of cash flows used to determine the discount rate assumed the contributions from employers and from the members would be computed based on contribution requirements as stipulated by State statute. Projected inflows from investment earning were calculated using the longer-term assumed investment rate of return of 7.50 percent. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, a long-term expected rate of return on pension plan investments was applied to all periods of projected benefits to determine the total pension liability.

Sensitivity of the City's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate
Net pension liability is sensitive to changes in the discount rate, and to illustrate the potential impact, the following table presents the net pension liability calculated using the discount rate of 7.50 percent, as well as what the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.50 percent), or one percentage point higher (8.50 percent) than the current rate.

	Current		
	1% Decrease	Discount Rate	1% Increase
City's Proportionate Share of the Net Pension Liability	\$ 13,641,232	\$ 10,298,577	\$ 7,518,834

City of Cambridge
Guernsey County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

NOTE 10 - DEFINED BENEFIT OPEB PLANS

Net OPEB Liability

See Note 9 for a description of the net OPEB liability.

Ohio Public Employees Retirement System (OPERS)

Plan Description – The Ohio Public Employees Retirement System (OPERS) administers three separate pension plans: the traditional pension plan, a cost-sharing, multiple-employer defined benefit pension plan; the member-directed plan, a defined contribution plan; and the combined plan, a cost-sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and defined contribution plan. Substantially all employee members are in OPERS' traditional plan; therefore, the following disclosure focuses on the traditional pension plan.

OPERS maintains a cost-sharing, multiple-employer defined benefit post-employment health care trust. The 115 Health Care Trust (115 Trust or Health Care Trust) was established in 2014, under Section 115 of the Internal Revenue Code (IRC). The purpose of the 115 Trust is to fund health care. The Ohio Revised Code permits, but does not require, OPERS to provide health care to its eligible benefit recipients. Authority to establish and amend health care coverage is provided to the Board in Chapter 145 of the Ohio Revised Code. Retirees may have an allowance deposited into a health reimbursement arrangement (HRA) account to be used toward the health care program of their choice and other eligible expenses. An OPERS vendor is available to assist with the selection of a health care program.

With one exception, OPERS-provided health care coverage is neither guaranteed nor statutorily required. Ohio law currently requires Medicare Part A equivalent coverage or Medicare Part A premium reimbursement for eligible retirees and their eligible dependents.

OPERS offers a health reimbursement arrangement (HRA) allowance to benefit recipients meeting certain age and service credit requirements. The HRA is an account funded by OPERS that provides tax free reimbursement for qualified medical expenses such as monthly post-tax insurance premiums, deductibles, co-insurance, and co-pays incurred by eligible benefit recipients and their dependents.

OPERS members retiring with an effective date of January 1, 2022, or after must meet the following health care eligibility requirements to receive an HRA allowance:

Age 65 or older Retirees Minimum of 20 years of qualifying service credit

Age 60 to 64 Retirees Based on the following age-and-service criteria:

Group A 30 years of total service with at least 20 years of qualified health care service credit;

Group B 31 years of total service credit with at least 20 years of qualified health care service credit; or

Group C 32 years of total service cred with at least 20 years of qualified health care service credit.

City of Cambridge
Guernsey County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

Age 59 or younger Based on the following age-and-service criteria:

Group A 30 years of qualified health care service credit;

Group B 32 years of qualified health care service credit at any age or 31 years of qualified health care service credit and at least age 52; or

Group C 32 years of qualified health care service credit and at least age 55.

A retiree from groups A, B or C who qualifies for an unreduced pension, but a portion of their service credit is not health care qualifying service, can still qualify for health care at age 60 if they have at least 20 years of qualifying health care service credit.

Retirees who don't meet the requirement for coverage as a non-Medicare participant can become eligible for coverage at age 65 if they have at least 20 years of qualifying service.

Members with a retirement date prior to January 1, 2022, who were eligible to participate in the OPERS health care program will continue to be eligible after January 1, 2022, as summarized in the following table:

Group A	Group B	Group C
Age and Service Requirements <i>December 1, 2014 or Prior</i>	Age and Service Requirements <i>December 1, 2014 or Prior</i>	Age and Service Requirements <i>December 1, 2014 or Prior</i>
Any Age with 10 years of service credit	Any Age with 10 years of service credit	Any Age with 10 years of service credit
<i>January 1, 2015 through December 31, 2021</i>	<i>January 1, 2015 through December 31, 2021</i>	<i>January 1, 2015 through December 31, 2021</i>
Age 60 with 20 years of service credit or Any Age with 30 years of service credit	Age 52 with 31 years of service credit or Age 60 with 20 years of service credit or Any Age with 32 years of service credit	Age 55 with 32 years of service credit or Age 60 with 20 years of service credit

See the Age and Service Retirement section of the OPERS ACFR for a description of Groups A, B and C.

Eligible retirees may receive a monthly HRA allowance for reimbursement of health care coverage premiums and other qualified medical expenses. Monthly allowances, based on years of service and the age at which the retiree first enrolled in OPERS coverage, are provided to eligible retirees, and are deposited into their HRA account.

The base allowance is determined by OPERS and is currently \$1,200 per month for non-Medicare retirees and \$350 per month for Medicare retirees. The retiree receives a percentage of the base allowance, calculated based on years of qualifying service credit and age when the retiree first enrolled in OPERS health care. Monthly allowances range between 51 percent and 90 percent of the base allowance for both non-Medicare and Medicare retirees.

Retirees will have access to the OPERS Connector, which is a relationship with a vendor selected by OPERS to assist retirees participating in the health care program. The OPERS Connector may assist retirees in selecting and enrolling in the appropriate health care plan.

When members become Medicare-eligible, recipients enrolled in OPERS health care programs must enroll in Medicare Part A (hospitalization) and Medicare Part B (medical).

City of Cambridge
Guernsey County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

OPERS reimburses retirees who are not eligible for premium-free Medicare Part A (hospitalization) for their Part A premiums as well as any applicable surcharges (late-enrollment fees). Retirees within this group must enroll in Medicare Part A and select medical coverage, and may select prescription coverage, through the OPERS Connector. OPERS also will reimburse 50 percent of the Medicare Part A premium and any applicable surcharges for eligible spouses. Proof of enrollment in Medicare Part A and confirmation that the retiree is not receiving reimbursement or payment from another source must be submitted. The premium reimbursement is added to the monthly pension benefit.

Disclosures for the health care plan are presented separately in the OPERS financial report. Interested parties may obtain a copy by visiting <https://www.opers.org/financial/reports.shtml>, by writing to OPERS, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling (614) 222-5601 or 800-222-7377.

Funding Policy - The Ohio Revised Code provides the statutory authority allowing public employers to fund postemployment health care through their contributions to OPERS. When funding is approved by OPERS Board of Trustees, a portion of each employer's contribution to OPERS is set aside to fund OPERS health care plans. Beginning in 2018, OPERS no longer allocated a portion of its employer contributions to health care.

Employer contribution rates are expressed as a percentage of the earnable salary of active members. In 2024, state and local employers contributed at a rate of 14.0 percent of earnable salary. These are the maximum employer contribution rates permitted by the Ohio Revised Code. Active member contributions do not fund health care.

Each year, the OPERS Board determines the portion of the employer contribution rate that will be set aside to fund health care plans. For 2024, OPERS did not allocate any employer contribution to health care for members in the Traditional Pension Plan. Beginning July 1, 2022, there was a two percent allocation to health care for the Combined Plan which has continued through 2024. The OPERS Board is also authorized to establish rules for the retiree or their surviving beneficiaries to pay a portion of the health care provided. Payment amounts vary depending on the number of covered dependents and the coverage selected. The employer contribution as a percentage of covered payroll deposited into the RMA for participants in the member-directed plan for 2024 was 4.0 percent. Effective July 1, 2022, a portion of the health care rate was funded with reserves which has continued through 2024.

Employer contribution rates are actuarially determined and are expressed as a percentage of covered payroll. The City's had no contractually required contribution for 2024.

Ohio Police & Fire Pension Fund (OP&F)

Plan Description – The City contributes to the Ohio Police and Fire Pension Fund (OP&F) sponsored healthcare program, a cost-sharing, multiple-employer defined post-employment health care plan administered by a third-party provider. This program is not guaranteed and is subject to change at any time upon action of the Board of Trustees. On January 1, 2019, OP&F implemented a new model for health care. Under this new model, OP&F provides eligible retirees with a fixed stipend earmarked to pay for health care and Medicare Part B reimbursements.

OP&F contracted with a vendor who assists eligible retirees in choosing health care plans that are available where they live (both Medicare-eligible and pre-65 populations). A stipend funded by OP&F is available to these members through a Health Reimbursement Arrangement and can be used to reimburse retirees for qualified health care expenses.

City of Cambridge
Guernsey County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

Regardless of a benefit recipient's participation in the health care program, OP&F is required by law to pay eligible recipients of a service pension, disability benefit and spousal survivor benefit for their Medicare Part B insurance premium, up to the statutory maximum provided the benefit recipient is not eligible to receive reimbursement from any other source. Once OP&F receives the necessary documentation, a monthly reimbursement is included as part of the recipient's next benefit payment. The stipend provided by OP&F meets the definition of an Other Post Employment Benefit (OPEB) as described in Governmental Accounting Standards Board (GASB) Statement No. 75.

OP&F maintains funds for health care in two separate accounts: one account for health care benefits and one account for Medicare Part B reimbursements. A separate health care trust accrual account is maintained for health care benefits under IRS Code Section 115 trust. IRS Code Section 401(h) account is maintained for Medicare Part B reimbursements.

The Ohio Revised Code allows, but does not mandate, OP&F to provide OPEB benefits. Authority for the OP&F Board of Trustees to provide health care coverage to eligible participants and to establish and amend benefits is codified in Chapter 742 of the Ohio Revised Code.

OP&F issues a publicly available financial report that includes financial information and required supplementary information for the plan. The report may be obtained by visiting the OP&F website at www.op-f.org or by writing to the Ohio Police and Fire Pension Fund, 140 East Town Street, Columbus, Ohio 43215-5164.

Funding Policy – The Ohio Revised Code provides for contribution requirements of the participating employers and of plan members to the OP&F defined benefit pension plan. Participating employers are required to contribute to the pension plan at rates expressed as percentages of the payroll of active pension plan members, currently 19.5 percent and 24 percent of covered payroll for police and fire employer units, respectively. The Ohio Revised Code states that the employer contribution may not exceed 19.5 percent of covered payroll for police employer units and 24 percent of covered payroll for fire employer units. Active members do not make contributions to the OPEB Plan.

The Board of Trustees is authorized to allocate a portion of the total employer contributions for retiree health care benefits. For 2024, the portion of employer contributions allocated to health care was 0.5 percent of covered payroll. The amount of employer contributions allocated to the health care plan each year is subject to the Trustees' primary responsibility to ensure that pension benefits are adequately funded.

The City's contractually required contribution to OP&F was \$17,574 for 2024. Of this amount, \$1,989 is reported as an intergovernmental payable.

Net OPEB Liability (Asset), OPEB Expense, and Deferred Outflows/Inflows of Resources Related to OPEB

The net OPEB liability and total OPEB liability for OPERS were determined by an actuarial valuation as of December 31, 2022, rolled forward to the measurement date of December 31, 2023, by incorporating the expected value of health care cost accruals, the actual health care payment, and interest accruals during the year. OP&F's total OPEB liability was measured as of December 31, 2022, and was determined by rolling forward the total OPEB liability as of January 1, 2023, to December 31, 2023. The City's proportion of the net OPEB liability was based on the City's share of contributions to the retirement plan relative to the contributions of all participating entities. Following is information related to the proportionate share and OPEB expense:

City of Cambridge
Guernsey County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

	OPERS	OP&F	Total
Proportion of the Net OPEB Liability (Asset):			
Current Measurement Period	0.031372%	0.1065953%	
Prior Measurement Period	0.033292%	0.1173181%	
Change in Proportion	<u>-0.001920%</u>	<u>-0.0107228%</u>	
Proportionate Share of the Net OPEB Liability (Asset)	\$ (283,140)	\$ 778,285	
OPEB Expense	\$ (23,873)	\$ 88,731	\$ 64,858

At December 31, 2024, the City reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	OPERS	OP&F	Total
Deferred Outflows of Resources			
Net Difference between Projected and Actual			
Earnings on OPEB Plan Investments	\$ 170,044	\$ 57,471	\$ 227,515
Differences between Expected and			
Actual Experience	-	37,424	37,424
Changes of Assumptions	72,894	267,817	340,711
Changes in Proportionate Share and			
Differences in Contributions	12,288	94,366	106,654
City Contributions Subsequent			
to the Measurement Date	-	17,574	17,574
Total Deferred Outflows of Resources	<u>\$ 255,226</u>	<u>\$ 474,652</u>	<u>\$ 729,878</u>
Deferred Inflows of Resources			
Differences between Expected and			
Actual Experience	\$ 40,298	\$ 143,028	\$ 183,326
Changes of Assumptions	121,713	501,200	622,913
Changes in Proportionate Share and			
Differences in Contributions	49	133,330	133,379
Total Deferred Inflows of Resources	<u>\$ 162,060</u>	<u>\$ 777,558</u>	<u>\$ 939,618</u>

\$17,574 reported as deferred outflows of resources related to OPEB resulting from City contributions subsequent to the measurement date will be recognized as a reduction/addition of the net OPEB liability in 2025. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year Ending December 31:	OPERS	OP&F	Total
2025	\$ 756	\$ 38,246	\$ 39,002
2026	17,463	(52,594)	(35,131)

Thereafter	-	(107,504)	(107,504)
Total	<u>\$ 93,166</u>	<u>\$ (320,480)</u>	<u>\$ (227,314)</u>

Actuarial Assumptions – OPERS

Actuarial valuations of an ongoing plan involve estimates of the values of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and cost trends. Actuarially determined amounts are

City of Cambridge
Guernsey County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

subject to continual review or modification as actual results are compared with past expectations and new estimates are made about the future.

Projections of health care costs for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of coverage provided at the time of each valuation and the historical pattern of sharing of costs between OPERS and plan members. The actuarial valuation used the following key actuarial assumptions and methods applied to all prior periods included in the measurement in accordance with the requirements of GASB 74:

Wage Inflation	2.75 percent
Projected Salary Increases,	2.75 to 10.75 percent including wage inflation
Single Discount Rate	5.70 percent
Prior Year Single Discount Rate	5.22 percent
Investment Rate of Return	6.00 percent
Municipal Bond Rate	3.77 percent
Prior Year Municipal Bond Rate	4.05 percent
Health Care Cost Trend Rate	5.5 percent, initial 3.50 percent, ultimate in 2038
Actuarial Cost Method	Individual Entry Age

Pre-retirement mortality rates are based on 130 percent of the Pub-2010 General Employee Mortality tables (males and females) for State and Local Government divisions. Post-retirement mortality rates are based on 115 percent of the PubG-2010 Retiree Mortality Tables (males and females). Post-retirement mortality rates for disabled retirees are based on the PubNS-2010 Disabled Retiree Mortality Tables (males and females). For all of the previously described tables, the base year is 2010 and mortality rates for a particular calendar year are determined by applying the MP-2020 mortality improvement scales (males and females) to all of these tables.

The most recent experience study was completed for the five-year period ended December 31, 2020.

During 2023, OPERS managed investments in three investment portfolios: the Defined Benefit portfolio, the Health Care portfolio and the Defined Contribution portfolio. The Health Care portfolio includes the assets for health care expenses for eligible members. Within the Health Care portfolio, if any contributions are made into the plans, the contributions are assumed to be received continuously throughout the year based on the actual payroll payable at the time contributions are made. Health care-related payments are assumed to occur mid-year. Accordingly, the money-weighted rate of return is considered to be the same for all plans within the portfolio. The annual money-weighted rate of return expressing investment performance, net of investment expenses and adjusted for the changing amounts actually invested, for the Health Care portfolio was a gain of 14.0 percent for 2023.

The allocation of investment assets within the Health Care portfolio is approved by the Board of Trustees as outlined in the annual investment plan. Assets are managed on a total return basis with a long-term objective of continuing to offer a sustainable health care program for current and future retirees. OPERS' primary goal is to achieve and maintain a fully funded status for the benefits provided through the defined pension plans. Health care is a discretionary benefit. The long-term expected rate of return on health care investment assets was determined using a building-block method in which best-estimate ranges of expected future rates of return are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future rates of return by the target asset

City of Cambridge
Guernsey County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

allocation percentage, adjusted for inflation. Best estimates of geometric rates of return were provided by the Board's investment consultant. For each major asset class that is included in the Health Care's portfolio's target asset allocation as of December 31, 2023, these best estimates are summarized in the following table:

Asset Class	Target Allocation	Weighted Average Long-Term Expected Real Rate of Return (Geometric)
Fixed Income	37.00%	2.82%
Domestic Equities	25.00	4.27
Real Estate Investment Trust	5.00	4.68
International Equities	25.00	5.16
Risk Parity	3.00	4.38
Other investments	<u>5.00</u>	2.43
Total	<u>100.00%</u>	

Discount Rate A single discount rate of 5.70 percent was used to measure the OPEB liability on the measurement date of December 31, 2023; however, the single discount rate used at the beginning of the year was 5.22 percent. Projected benefit payments are required to be discounted to their actuarial present value using a single discount rate that reflects (1) a long-term expected rate of return on OPEB plan investments (to the extent that the health care fiduciary net position is projected to be sufficient to pay benefits), and (2) tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating as of the measurement date (to the extent that the contributions for use with the long-term expected rate are not met). This single discount rate was based on an expected rate of return on the health care investment portfolio of 6.00 percent and a municipal bond rate of 3.77 percent (Fidelity Index's "20-Year Municipal GO AA Index"). The projection of cash flows used to determine this single discount rate assumed that employer contributions will be made at rates equal to the actuarially determined contribution rate. Based on these assumptions, the health care fiduciary net position and future contributions were sufficient to finance health care costs through 2070. As a result, the actuarial assumed long-term expected rate of return on health care investments was applied to projected costs through the year 2070, and the municipal bond rate was applied to all health care costs after that date.

Sensitivity of the City's Proportionate Share of the Net OPEB Liability to Changes in the Discount Rate
The following table presents the City's proportionate share of the net OPEB liability calculated using the single discount rate of 5.70 percent, as well as what the City's proportionate share of the net OPEB liability (asset) would be if it were calculated using a discount rate that is one-percentage-point lower (4.70 percent) or one-percentage-point higher (6.70 percent) than the current rate:

	Current		
	1% Decrease	Discount Rate	1% Increase
City's Proportionate Share of the Net OPEB Liability (Asset)	\$ 155,605	\$ (283,140)	\$ (646,577)

City of Cambridge
Guernsey County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

Sensitivity of the City's Proportionate Share of the Net OPEB Liability to Changes in the Health Care Cost Trend Rate Changes in the health care cost trend rate may also have a significant impact on the net OPEB liability or asset. The following table presents the net liability or asset calculated using the assumed trend rates, and the expected net OPEB liability or asset if it were calculated using a health care cost trend rate that is 1.0 percent lower or 1.0 percent higher than the current rate.

Retiree health care valuations use a health care cost-trend assumption that changes over several years built into the assumption. The near-term rates reflect increases in the current cost of health care; the trend starting in 2024 is 5.50 percent. If this trend continues for future years, the projection indicates that years from now virtually all expenditures will be for health care. A more reasonable alternative is the health plan cost trend will decrease to a level at, or near, wage inflation. On this basis, the actuaries project premium rate increases will continue to exceed wage inflation for approximately the next decade, but by less each year, until leveling off at an ultimate rate, assumed to be 3.50 percent in the most recent valuation.

	Current		
	1% Decrease	Trend Rate	
City's Proportionate Share of the Net OPEB Liability (Asset)	\$ (294,897)	\$ (283,140)	\$ (269,799)

Actuarial Assumptions – OP&F

OP&F's total OPEB liability as of December 31, 2023, is based on the results of an actuarial valuation date of January 1, 2023, and rolled-forward using generally accepted actuarial procedures. The total OPEB liability is determined by OP&F's actuaries in accordance with GASB Statement No. 74, as part of their annual valuation. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, salary increases, disabilities, retirements and employment terminations. Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employers and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations.

Actuarial calculations reflect a long-term perspective. For a newly hired employee, actuarial calculations will take into account the employee's entire career with the employer and also take into consideration the benefits, if any, paid to the employee after termination of employment until the death of the employee and any applicable contingent annuitant. In many cases, actuarial calculations reflect several decades of service with the employer and the payment of benefits after termination.

City of Cambridge
Guernsey County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

Key methods and assumptions used in the latest actuarial valuation, reflecting experience study results, are presented below.

Actuarial Cost Method	Entry Age Normal
Investment Rate of Return	7.5 percent
Projected Salary Increases	3.50 percent to 10.5 percent
Payroll Growth	3.25 percent
Blended discount rate:	
Current measurement rate	4.07 percent
Prior measurement rate	4.27 percent
Cost of Living Adjustments	2.2 percent simple per year
Projected Depletion Year of OPEB Assets	2038

For 2023, mortality for service retirees is based on the Pub-2010 Below-Median Safety Amount-Weighted Healthy Retiree mortality table with rates adjusted by 96.2 percent for males and 98.7 percent for females. All rates are projected using the MP-2021 Improvement Scale.

For 2023, mortality for disabled retirees is based on the Pub-2010 Safety Amount-Weighted Disabled Retiree mortality table with rates adjusted by 135 percent for males and 97.9 percent for females. All rates are projected using the MP-2021 Improvement Scale.

For 2023, mortality for contingent annuitants is based on the Pub- 2010 Below-Median Safety Amount-Weighted Contingent Annuitant Retiree mortality table with rates adjusted by 108.9 percent for males and 131 percent for females. All rates are projected using the MP-2021 Improvement Scale.

For 2023, mortality for active members is based on the Pub-2010 Below-Median Safety Amount-Weighted Employee mortality table. All rates are projected using the MP- 2021 Improvement Scale.

The most recent experience study was completed for the five-year period ended December 31, 2021.

The long-term expected rate of return on OPEB plan investments was determined using a building-block approach and assumes a time horizon, as defined in the Statement of Investment Policy. A forecasted rate of inflation serves as the baseline for the return expected. Various real return premiums over the baseline inflation rate have been established for each asset class. The long-term expected nominal rate of return has been determined by calculating a weighted averaged of the expected real return premiums for each asset class, adding the projected inflation rate and adding the expected return from rebalancing uncorrelated asset classes.

Best estimates of the long-term expected geometric real rates of return for each major asset class included in OP&F's target asset allocation as of December 31, 2023, are summarized below:

City of Cambridge
Guernsey County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Domestic Equity	18.60 %	4.10 %
Non-US Equity	12.40	4.90
Private Markets	10.00	7.30
Core Fixed Income *	25.00	2.40
High Yield Fixed Income	7.00	4.10
Private Credit	5.00	6.80
U.S. Inflation Linked Bonds*	15.00	2.10
Midstream Energy Infrastructure	5.00	5.80
Real Assets	8.00	6.00
Gold	5.00	3.50
Private Real Estate	12.00	5.40
Commodities	2.00	3.50
Total	125.00 %	

Note: Assumptions are geometric.

* levered 2.0x

OP&F's Board of Trustees has incorporated the risk parity concept into OP&F's asset liability valuation with the goal of reducing equity risk exposure, which reduces overall Total Portfolio risk without sacrificing return, and creating a more risk-balanced portfolio based on the relationship between asset classes and economic environments. From the notional portfolio perspective above, the Total Portfolio may be levered up to 1.25 times due to the application of leverage in certain fixed income asset classes.

Discount Rate For 2023, the total OPEB liability was calculated using the discount rate of 4.07 percent. The projection of cash flows used to determine the discount rate assumed the contribution from employers and from members would be computed based on contribution requirements as stipulated by State statute. Projected inflows from investment earnings were calculated using the longer-term assumed investment rate of return of 7.5 percent. Based on those assumptions, OP&F's fiduciary net position was projected to not be able to make all future benefit payments of current plan members. Therefore, for 2023, the long-term assumed rate of return on investments of 7.50 percent was applied to periods before December 31, 2037, and the Municipal Bond Index Rate of 3.38 percent was applied to periods on and after December 31, 2037, resulting in a discount rate of 4.07 percent.

Sensitivity of the City's Proportionate Share of the Net OPEB Liability to Changes in the Discount Rate Net OPEB liability is sensitive to changes in the discount rate, and to illustrate the potential impact the following table presents the net OPEB liability calculated using the discount rate of 4.07 percent, as well as what the net OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (3.07 percent), or one percentage point higher (5.07 percent) than the current rate.

	Current			
	1% Decrease	Discount Rate		1% Increase
City's Proportionate Share of the Net OPEB Liability	\$ 958,631	\$ 778,285		\$ 626,398

City of Cambridge
Guernsey County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

NOTE 11 - COMPENSATED ABSENCES

All full-time City employees earn sick leave at the rate of 4.6 hours for each completed eighty (80) hours in active pay status, with the exception of the fire department employees. All fire department employees working 24 hour crew shifts accumulate 14 hours of sick leave per pay period. Upon retirement from the City, employees with five (5) years of service or more with the City receive a lump sum settlement for unused sick leave at the rate of one-half (1/2) of all unused sick leave or a maximum of 60 days or 480 hours. In addition, any union employees who retires or is laid-off after ten (10) years of service, is eligible to receive 10 percent of all sick time in excess of 960 hours. The payment is based upon a maximum of sixty (60) days at the employee's hourly rate of compensation at the time of retirement.

City employees earn vacation at various rates depending on length of service. The City requires each employee to work one full year prior to permitting the use of vacation leave. Consequently, all employees' vacation leave earned is carried forward to the succeeding calendar year and only lost if not used by the end of that calendar year, except for police officers. Police officers can carryover vacation balance up to three years. Upon separation, an employee is paid for unused vacation earned in the year prior to their retirement plus any current year vacation earned through their retirement date.

NOTE 12 – ENCUMBRANCE COMMITMENTS

The City utilizes encumbrance accounting as part of its budgetary controls. Encumbrances outstanding at year end may be reported as part of restricted, committed or assigned classifications of fund balance. At year end, the City's commitments for encumbrances in the general fund and nonmajor other governmental funds were \$37,039 and \$275,652, respectively.

NOTE 13 - LEASES

The City has entered into a Lease Agreement for the rental of McFarland stadium and athletic facilities. This agreement will terminate January 31, 2039 unless a new agreement is reached. The City is reporting a lease receivable of \$373,480 in the governmental funds at December 31, 2024. This amount represents the discounted future monthly lease payments. This discount is being amortized using the straight-line method. For 2024, the City reported lease revenue of \$25,410 and interest revenue of \$15,481 in the general fund.

A summary of future payments to be received is as follows:

Year	Principal	Interest	Total
2025	\$ 20,314	\$ 14,686	\$ 35,000
2026	21,142	13,858	35,000
2027	22,003	12,997	35,000
2028	22,900	12,100	35,000
2029	23,833	11,167	35,000
2030-2034	134,543	40,457	175,000
2035-2038	128,746	11,254	140,000
	<u>\$373,480</u>	<u>\$116,520</u>	<u>\$490,000</u>

2017 Courthouse Facilities Improvement Refunding Bonds

On December 18, 2017, the City issued \$3,215,000 in general obligation bonds, which included serial and term bonds in the amount of \$1,220,000 and \$1,995,000, respectively. The bonds advance refunded \$3,210,000 of outstanding 2009 Courthouse Facilities Improvement Bonds. The bonds were issued for a twenty year period final maturity at December 1, 2037.

At the date of refunding, \$3,418,611 (including premium and after underwriting fees and other issuance costs) was received to pay off old debt. As a result, \$3,210,000 of the 2009 Series Bonds are considered to be defeased. The liability of the bonds was removed from the financial statements at the time of the refunding. The advance refunding reduced cash flows required for debt service by \$424,543 over the next twenty years and resulted in an economic gain of \$272,449. The \$3,210,000 of the defeased bonds were called on June 1, 2019.

The refunding bonds were issued with a premium of \$203,611. The refunding resulted in a difference between the net carrying amount of the debt and the acquisition price of \$120,405. The issuance resulted in a difference (savings) between the cash flows required to service the old debt and the cash flows required to service the new debt of \$353,113. The issuance resulted in an economic gain of \$272,449.

General Obligation bonds are backed by the full faith and credit of the City.

City of Cambridge
Guernsey County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

USDA Loan

In 2017 the City entered into an United States Department of Agriculture Loan the purpose of purchasing and remodeling a building to house the administrative offices. The City can borrow up to \$3,000,000, as of December 31, 2020 the City had drawn down the \$3,000,000. The first principal payment was paid on September 1, 2019 in the amount of \$68,968. The amortization schedule presented is based on the City borrowing the entire \$3,000,000.

2019 Installment Loan

In 2019, the City entered into a land installment contract for the purpose of purchasing a tract of land and building. The loan was fully retired in 2024. In the event of default, the entire unpaid balance shall be subject to a 5 percent interest rate until paid in full. The loan is backed by the land and building.

2022 Installment Loan

On September 16, 2022, the City entered into an installment loan for \$1,000,000 with Peoples Bank for a capital improvements to the City's buildings, facilities and parks. The loan is to be paid in five annual installments. In the event of a default, as defined by the signed agreement, the lender may take all funds in the account and apply them to the indebtedness. As of December 31, 2024 \$663,176 has been drawn on this loan.

Lease Purchases

In 2019 the City entered into a lease purchase agreement for lighting at the Cambridge High School McFarland and Don Cross ballfields. In the event of default, the lessee has the right to declare all rental payments and other amounts payable by the lessee due or to the premises where the equipment is located and take possession of the equipment. The lessor has the right to sell or lease the equipment for the account of the lessee and hold the lessee liable for the difference.

In 2022 the City entered into a lease purchase agreement for two police cruisers. In the event of default, the lessee has the right to declare all rental payments and other amounts payable by the lessee due or take possession of the equipment. The lessor has the right to sell or lease the equipment for the account of the lessee and hold the lessee liable for the difference.

In 2023 the City entered into a lease purchase agreement for a street sweeper. In the event of default, the lessee has the right to declare all rental payments and other amounts payable by the lessee due or take possession of the equipment.

In 2024 the City entered into a lease purchase agreement for a Dodge Durango. In the event of default, the lessee has the right to declare all rental payments and other amounts payable by the lessee due or take possession of the equipment.

City of Cambridge
Guernsey County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

The police cruisers and the Dodge Durango will be paid from the general fund, the street sweeper will be paid from the street fund and the McFarland stadium lighting will be paid from the public lands capital improvement fund.

OWDA Loans

The City entered into an OWDA in 2012 for a waterline replacement in the amount of \$1,184,375.

In 2017, the City entered into an OWDA loan for wastewater treatment plant improvements in the amount of \$1,492,956.

The City entered into an OWDA loan in 2018 for a water line replacement at Brown Heights in the amount of \$1,003,500.

The City entered into an OWDA loan in 2018 for a trihalomethane removal system in the amount of \$1,650,320.

The City entered into an OWDA loan in 2020 for the Steubenville Avenue waterline replacement in the amount of \$1,575,188. This loan matures on January 1, 2052.

In the event of default, as defined by each OWDA loan agreement, the lender may declare the full amount of the unpaid Project Participation Principal amount immediately due and payable and require the City to pay any fines or penalties incurred with interest.

Lease Purchases

In 2023 the City entered into a lease purchase agreement for a backhoe. In the event of default, the lessee has the right to declare all rental payments and other amounts payable by the lessee due or take possession of the equipment. Payments will be made from the water fund.

In 2023 the City entered into a lease purchase agreement for a Track Loader. In the event of default, the lessee has the right to declare all rental payments and other amounts payable by the lessee due or take possession of the equipment. Payments will be made from the water fund.

The City has pledged future water revenue and sewer revenue, net of specified operating expenses to repay \$3,978,174 of Ohio Water Development Authority (OWDA) loans. Annual principal and interest payments, as a percentage of net customer revenues, on the loans are expected to be similar over the term of the loans as in the current year, which was 39.87 percent. The total principal and interest remaining to be paid on the loans are \$4,857,221. Principal and interest paid for the current year and total net revenues were \$656,009 and \$3,615,606 respectively.

General obligation bonds will be paid from tax revenues in the debt service fund. The installment loan is being paid by the code violation special revenue fund. The USDA loan will be paid from the general fund. Governmental compensated absences will be paid from fund from which the employees' salaries are paid, which is primarily the general, street, fire and cemetery fund.

City of Cambridge
Guernsey County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

The Ohio Water Development Authority (OWDA) loans will be paid from charges for services from the water and sewer funds. Business-type compensated absences will be paid from general operating revenues of the water and sewer funds.

There are no repayment schedules for the net pension liability and net OPEB liability; however, employer pension and OPEB contributions are primarily made from the general fund and water and sewer funds. For additional information related to the net pension liability and net OPEB liability see Notes 9 and 10.

The City's liability for past service costs related to the Police and Firemen's Pension Fund at December 31, 2024 was \$331,972 in principal and interest payments through the year 2035. Only the principal amount of \$265,785 is included in the Governmental Activities as a long-term liability. Payments are made from property tax receipted into the police and fire pension special revenue funds.

The annual requirements to retire governmental activities debt are as follows:

Years	Accrued Pension Liability		General Obligation Bonds		Lease Purchases	
	Principal	Interest	Principal	Interest	Principal	Interest

NOTE 15 - INSURANCE AND RISK MANAGEMENT

Self-Insurance

The City maintains a self-funded dental and vision insurance program and for the deductible portion of their health insurance plan with claims processed by administrators on behalf of the City. A separate Self-Insurance Fund (an internal service fund) was created in 1989 to account for and finance the insurance program.

All funds of the City from which employee salaries are paid participate in the dental and vision insurance program and the deductible portion of the health insurance plan and make payments to the Self-Insurance Fund. The claims liability of \$8,630 reported in the Self-Insurance Fund at December 31, 2024 is based on the requirements of GASB Statement No. 10, *Accounting and Financial Reporting for Risk Financing and Related Insurance Issues*, which requires that a liability for claims be reported if information prior to issuance of the financial statements indicates that it is probable a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated.

Changes in the City's claims liability amount in during 2023 and 2024 were as follows:

Year	Beginning of			Balance of Liability at Year End
	Year	Claims Expense	Claims Payments	
Year	Liability	Expense	Payments	at Year End
2024	\$ 13,275	\$ 449,998	\$ 454,643	\$ 8,630
2023	\$ 7,739	\$ 439,658	\$ 434,122	\$ 13,275

Claims did not exceed coverage in the past three years. There has not been a significant reduction in coverage from the prior year.

City of Cambridge
Guernsey County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

Risk Pool Membership

The City is exposed to various risks of property and casualty losses, and injuries to employees. The City insures against injuries to employees through the Ohio Bureau of Worker's Compensation.

The City is a member of the Public Entities Pool of Ohio (The Pool). The Pool assumes the risk of loss up to the limits of the City's policy. The Pool covers general liability and casualty, public official's liability, cyber, law enforcement liability, automobile liability, vehicles, property and equipment breakdown.

The City reported the following summary of assets and actuarially-measured liabilities available to pay those liabilities as of December 31, 2023 (latest information available):

	<u>2023</u>
Cash and Investments	\$ 43,996,442
Actuarial Liabilities	<u>(19,743,401)</u>
Net Position	<u><u>\$ 24,253,041</u></u>

Workers Compensation

Workers' Compensation claims are covered through the City's participation in the State of Ohio's program. The City pays the State Workers' Compensation System a premium based upon a rate per \$100 of payroll. The rate is determined based on accident history and administrative costs.

NOTE 16 - CONDUIT DEBT OBLIGATIONS

From time to time, the City has issued Revenue Bonds to provide financial assistance to the City's hospital facilities and retirement housing. The monies are used primarily for upgrades to these facilities. The City has no obligation for the repayment of this debt. The bonds are not bond indebtedness of the City and are therefore not reported on the City's balance sheet. At December 31, 2023 there was one series of revenue bonds outstanding for the cancer center with a principal amount payable of \$6,356,000 (the latest information available).

NOTE 17 - CONTINGENCIES

The City is party to various legal proceedings which seek damages or injunctive relief generally incidental to its operations and pending projects. The City's management is of the opinion that the ultimate disposition of various claims and legal proceedings will not have a material effect, if any, on the financial condition of the City.

The City received financial assistance from federal and state agencies in the form of grants. The disbursements of funds received under these programs generally require compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability to the general fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material effect on the overall financial position of the City at December 31, 2024.

City of Cambridge
Guernsey County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

NOTE 18 - FUND BALANCE

Fund balance can be classified as nonspendable, restricted, committed, assigned and/or unassigned based primarily on the extent to which the City is bound to observe constraints imposed upon the use of the resources in governmental funds.

The constraints placed on fund balance for the major governmental funds and all other funds are presented as follows:

	General	Fire Fund	Other Governmental Funds	Total
Nonspendable for:				
Inventory	\$ -	\$ -	\$ 98,803	\$ 98,803
Prepads	40,767	-	2,173	42,940
Unclaimed Monies	84,393	-	-	84,393

Total Committed	-	-	381,203	381,203
Assigned for:				
General Government	36,069	-	-	36,069
Human Services	246	-	-	246
Community & Economic Development	724	-	-	724
Subsequent Year Appropriations	2,681,745	-	-	2,681,745
Other Purposes	409,140	-	-	409,140
Total Assigned	3,127,924	-	-	3,127,924
Unassigned	749,937	-	(1,987)	747,950
Total Fund Balance	\$ 4,003,021	\$ 131,200	\$ 7,585,468	\$ 11,719,689

At December 31, 2024 the SVAA grant fund had a deficit fund balance of \$1,987. This deficit resulted from adjustments for accrued liabilities.

The general fund is liable for any deficit in this fund and provides transfers when cash is required, rather than when accruals occur.

NOTE 1 - NET PENSION LIABILITY

Changes in Assumptions – OPERS

No changes to the assumptions below since 2022. Amounts reported beginning in 2022 incorporate changes in assumptions used by OPERS in calculating the total pension liability in the latest actuarial valuation. These new assumptions compared with those used in prior years are presented below:

	2022	2019	2018 and 2017	2016 and prior
Wage Inflation	2.75%	3.25%	2.75%	2.75%
Future Salary Increases, including wage inflation	2.75% to 10.75%	3.25% to 10.75%	3.25% to 10.75%	4.25% to 10.05%
COLA or Ad Hoc COLA:				
Pre-January 7, 2013 Retirees	3.00%, simple	3.00%, simple	3.00%, simple	3.00%, simple
Post-January 7, 2013 Retirees	see below	see below	see below	see below
Investment Rate of Return	6.90%	7.20%	7.50%	8.00%
Actuarial Cost Method	Individual	Individual	Individual	Individual
	Entry Age	Entry Age	Entry Age	Entry Age

The assumptions related to COLA or Ad Hoc COLA for Post-January 7, 2013, retirees are as follows:

2024	2.30%, simple through 2024, then 2.05%, simple
2022	3.00%, simple through 2022, then 2.05%, simple
2021	0.50%, simple through 2021, then 2.15%, simple
2020	1.40%, simple through 2020, then 2.15%, simple
2017-2019	3.00%, simple through 2018, then 2.15%, simple
2016 and prior	3.00%, simple through 2018, then 2.80%, simple

Changes in Benefit Terms – OPERS

There were no significant changes in benefit terms.

Changes in Assumptions – OP&F

For 2022, the single discount rate changed from 8.00 percent to 7.50 percent.

For 2018, the single discount rate changed from 8.25 percent to 8.00 percent.

Changes in Benefit Terms – OP&F

There were no significant changes in benefit terms.

City of Cambridge
Guernsey County, Ohio
Notes to the Required Supplementary Information
For the Year Ended December 31, 2024

NOTE 2 - NET OPEB LIABILITY (ASSET)

Changes in Assumptions - OPERS

Amounts reported incorporate changes in key methods and assumptions used in calculating the total OPEB liability as presented as follows:

<u>Assumption</u>	<u>2024</u>	<u>2023</u>	<u>2022</u>	<u>2021</u>	<u>2020</u>	<u>2019</u>
Wage Inflation	2.75%	2.75%	2.75%	3.25%	3.25%	3.25%
Single Discount Rate	5.70%	5.22%	6.00%	6.00%	3.16%	3.96%
Municipal Bond Rate	3.77%	4.05%	1.84%	2.00%	2.75%	3.71%
Health Care Cost Trend Rate	5.50%	5.50%	5.50%	8.50%	10.50%	10.00%

For calendar year 2019, the investment rate of return decreased from 6.50 percent to 6.00 percent.

Changes in Benefit Terms – OPERS

On January 15, 2020, the Board approved several changes to the health care plan offered to Medicare and non-Medicare retirees in efforts to decrease costs and increase the solvency of the health care plan. These changes are effective January 1, 2022, and include changes to base allowances and eligibility for Medicare retirees, as well as replacing OPERS-sponsored medical plans for non-Medicare retirees with monthly allowances, similar to the program for Medicare retirees. These changes are reflected in 2021.

Changes in Assumptions – OP&F

Amounts reported incorporate changes in key methods and assumptions used in calculating the total OPEB liability as presented as follows:

<u>Assumption</u>	<u>2024</u>	<u>2023</u>	<u>2022</u>	<u>2021</u>	<u>2020</u>	<u>2019</u>	<u>2018</u>
Blended Discount Rate	4.07%	4.27%	2.84%	2.96%	3.56%	4.66%	3.24%
Municipal Bond Rate	3.38%	3.65%	2.05%	2.12%	2.75%	4.13%	3.16%

Changes in Benefit Terms – OP&F

Beginning January 1, 2019 OP&F changed its retiree health care model to a stipend-based health care model. A stipend funded by OP&F will be placed in individual Health Reimbursement Accounts that retirees will use to be reimbursed for health care expenses.

GUERNSEY COUNTY**

**NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
2 CFR 200.510(b)(6)
FOR THE YEAR ENDED DECEMBER 31, 2024**

NOTE A – BASIS OF PRESENTATION

The accompanying Schedule of Expenditures of Federal Awards (the Schedule) includes the federal award activity of the City of Cambridge, Guernsey County (the City) under programs of the federal government for the year ended December 31, 2024. The information on this Schedule is prepared in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the City, it is not intended to and does not present the financial position, changes in net position, or cash flows of the City.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the cash basis of accounting. Such expenditures are recognized following the cost principles contained in Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, wherein certain types of expenditures may or may not be allowable or may be limited as to reimbursement.

NOTE C – INDIRECT COST RATE

The City has elected not to use the 10-percent (or 15-percent, if applicable) de minimis indirect cost rate as allowed under the Uniform Guidance.

NOTE D - MATCHING REQUIREMENTS

Certain Federal programs require the City to contribute non-Federal funds (matching funds) to support the Federally-funded programs. The City has met its matching requirements. The Schedule does not include the expenditure of non-Federal matching funds.

This page intentionally left blank.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
REQUIRED BY *GOVERNMENT AUDITING STANDARDS***

City of Cambridge
Guernsey County
814 Wheeling Avenue
Cambridge, Ohio 43725

To the City Council:

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Cambridge, Guernsey County, (the City) as of and for the year ended December 31, 2024, and the related notes to the financial statements, which collectively comprise the City's basic financial statements and have issued our report thereon dated June 25, 2025.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purposes of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the City's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

City of Cambridge
Independent Auditor's Report on Internal Control Over
Financial Reporting and on Compliance and Other Matters
Required by *Government Auditing Standards*
Page 2

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Wilson, Shumaker & Snow, Inc.

Newark, Ohio
June 25, 2025

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS
APPLICABLE TO THE MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER
COMPLIANCE REQUIRED BY UNIFORM GUIDANCE**

City of Cambridge
Guernsey County
814 Wheeling Avenue
Cambridge, Ohio 43725

To the City Council:

Report on Compliance for the Major Federal Program

Opinion on the Major Federal Program

We have audited the City of Cambridge's (the City) compliance with the types of compliance requirements identified as subject to audit in the U.S. Office of Management and Budget (OMB) *Compliance Supplement* that could have a direct and material effect on the City's major federal program for the year ended December 31, 2024. The City's major federal program is identified in the *Summary of Auditor's Results* section of the accompanying schedule of findings.

In our opinion, the City of Cambridge complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended December 31, 2024.

Basis for Opinion on the Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the *Auditor's Responsibilities for the Audit of Compliance* section of our report.

We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for the major federal program. Our audit does not provide a legal determination of the City's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

The City's Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the City's federal programs.

City of Cambridge
Guernsey County
Independent Auditor's Report on Compliance With Requirements
Applicable to the Major Federal Program and On Internal Control
Over Compliance Required by Uniform Guidance
Page 2

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the City's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the City's compliance with the requirements of the major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the City's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- obtain an understanding of the City's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Over Compliance Required by Uniform Guidance
Page 3

Our consideration of internal control over compliance was for the limited purpose described in the *Auditor's Responsibilities for the Audit of Compliance* section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of this testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
