## INDEPENDENT AUDITOR'S REPORT

Elgin Local School District  
Marion County  
1239 Keener Road South  
Marion, Ohio 43302

To the Board of Education:

### **Report on the Audit of the Financial Statements**

#### ***Opinions***

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Elgin Local School District, Marion County, Ohio (the School District), as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the School District's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Elgin Local School District, Marion County, Ohio as of June 30, 2024, and the respective changes in financial position thereof and the budgetary comparison for the General Fund for the year then ended in accordance with the accounting principles generally accepted in the United States of America.

#### ***Basis for Opinions***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the School District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the School District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the School District's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the School District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and schedules of net pension and other post-employment benefit liabilities and pension and other post-employment benefit contributions be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

***Supplementary information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the School District's basic financial statements. The Schedule of Expenditures of Federal Awards as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards is presented for purposes of additional analysis and is not a required part of the basic financial statements.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal Awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated February 24, 2025, on our consideration of the School District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the School District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School District's internal control over financial reporting and compliance.

Keith Faber  
Auditor of State

Elgin Local School District  
Management's Discussion and Analysis  
For the Fiscal Year Ended June 30, 2024  
Unaudited

---

The discussion and analysis of Elgin Local School District's financial performance provides an overall review of the School District's financial activities for the fiscal year ended June 30, 2024. The intent of this discussion and analysis is to look at the School District's financial performance as a whole; readers should also review the basic financial statements and notes to enhance their understanding of the School District's financial performance.

**Highlights**

Highlights for fiscal year 2024 are as follows:

In total, net position increased \$6,053,077, or approximately 14 percent.

General revenues accounted for approximately 81 percent of total revenues for fiscal year 2024 demonstrating the School District's significant dependence on property taxes, income taxes, and unrestricted State entitlements.

**Using the Basic Financial Statements**

This annual report consists of a series of financial statements and notes to those statements. The statements are organized so the reader can understand Elgin Local School District as a financial whole, or as an entire operating entity.

The statement of net position and the statement of activities provide information about the activities of the whole School District, presenting both an aggregate view of the School District's finances and a longer-term view of those finances.

Fund financial statements provide a greater level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the School District's most significant funds with all other nonmajor funds presented in total in a single column. For Elgin Local School District, the General Fund and the Bond Retirement Fund are the most significant funds.

**Reporting the School District as a Whole**

The statement of net position and the statement of activities reflect how the School District did financially during fiscal year 2024. These statements include all assets and liabilities using the accrual basis of accounting similar to that which is used by most private-sector companies. This basis of accounting considers all of the current fiscal years' revenues and expenses regardless of when cash is received or paid.

These statements report the School District's net position and changes in net position. This change in net position is important because it tells the reader whether the financial position of the School District as a whole has increased or decreased from the prior fiscal year. Over time, these increases and/or decreases are one indicator of whether the financial position is improving or deteriorating. Causes for these changes may be the result of many factors, some financial, some not. Nonfinancial factors include the School District's property tax base, current property tax laws in Ohio restricting revenue growth, facility conditions, required educational programs, and other factors.

Elgin Local School District  
Management's Discussion and Analysis  
For the Fiscal Year Ended June 30, 2024  
Unaudited

---

In the statement of net position and the statement of activities, all of the School District activities are reported as governmental activities, including instruction, support services, non-instructional services, and extracurricular activities.

**Reporting the School District's Most Significant Funds**

Fund financial statements provide detailed information about the School District's major funds. While the School District uses many funds to account for its financial transactions, the fund financial statements focus on the School District's most significant funds. The School District's major funds are the General Fund and the Bond Retirement Fund.

**Governmental Funds** - Most of the School District's activities are reported in governmental funds which focus on how monies flow into and out of these funds and the balances left at fiscal year end for spending in future periods. These funds are reported using modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the School District's general government operations and the basic services it provides. Governmental fund information helps determine whether there are more or less financial resources that can be spent in the near future to finance educational programs.

**Fiduciary Funds** - Fiduciary funds are used to account for resources held for the benefit of parties outside the School District. Fiduciary funds are not reflected on the government-wide financial statements because the resources from these funds are not available to support the School District's programs. These funds use the accrual basis of accounting.

**The School District as a Whole**

Table 1 provides a summary of the School District's net position for fiscal year 2024 and fiscal year 2023:

The net pension/OPEB liability (asset) reported by the School District at June 30, 2024, is reported pursuant to Governmental Accounting Standards Board (GASB) Statement No. 68, "Accounting and Financial Reporting for Pensions" and GASB Statement No. 75, "Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions", respectively. For reasons discussed below, end users of these financial statements will gain a clearer understanding of the School District's actual financial condition by adding deferred inflows related to pension and OPEB, the net pension liability, and the net OPEB liability (asset) to the reported net position and subtracting deferred outflows related to pension and OPEB.

GASB standards are national standards and apply to all government financial reports prepared in accordance with generally accepted accounting principles. Prior accounting for pensions (GASB Statement No. 27) and postemployment benefits (GASB Statement No. 45) focused on a funding approach. This approach limited pension and OPEB costs to contributions annually required by law, which may or may not be sufficient to fully fund each plan's net pension or net OPEB liability. GASB Statements No. 68 and No. 75 take an earnings approach to pension and OPEB accounting; however, the nature of Ohio's statewide pension/OPEB plans and State law governing those systems requires additional explanation in order to properly understand the information presented in these statements.

Elgin Local School District  
Management's Discussion and Analysis  
For the Fiscal Year Ended June 30, 2024  
Unaudited

---

GASB Statements No. 68 and No. 75 require the net pension liability and the net OPEB liability (asset) to equal the School District's proportionate share of each plan's collective present value of estimated future pension/OPEB benefits attributable to active and inactive employees' past service minus plan assets available to pay these benefits.

GASB notes that pension and OPEB obligations, whether funded or unfunded, are part of the "employment exchange", that is, the employee is trading his or her labor in exchange for wages, benefits, and the promise of a future pension and other postemployment benefits. GASB noted that the unfunded portion of this promise is a present obligation of the government, part of a bargained for benefit to the employee, and should accordingly be reported by the government as a liability since they received the benefit of the exchange. However, the School District is not responsible for certain key factors affecting the balance of these liabilities. In Ohio, the employee shares the obligation of funding pension benefits with the employer. Both employer and employee contribution rates are capped by State statute. A change in these caps requires action of both houses of the General Assembly and approval of the Governor. Benefit provisions are also determined by State statute. The Ohio Revised Code permits, but does not require, the retirement systems to provide health care to eligible benefit recipients. The retirement systems may allocate a portion of the employer contribution to provide for these OPEB benefits.

The employee enters the employment exchange with the knowledge that the employer's promise is limited not by contract but by law. The employer enters the exchange also knowing that there is a specific legal limit to its contribution to the retirement system. In Ohio, there is no legal means to enforce the unfunded liability of the pension/OPEB plan against the public employer. State law operates to mitigate/lessen the moral obligation of the public employer to the employee because all parties enter the employment exchange with notice as to the law. The retirement system is responsible for the administration of the pension and OPEB plans.

Most long-term liabilities have set repayment schedules or in the case of compensated absences (i.e. vacation and sick leave) are satisfied through paid time off or termination payments. There is no repayment schedule for the net pension liability or the net OPEB liability. As explained above, changes in pension benefits, contribution rates, and return on investments affect the balance of these liabilities but are outside the control of the School District. In the event that contributions, investment returns, and other changes are insufficient to keep up with required pension payments, State statute does not assign/identify the responsible party for the unfunded portion. Due to the unique nature of how the net pension liability and the net OPEB liability are satisfied, these liabilities are separately identified within the long-term liability section of the statement of net position.

In accordance with GASB Statements No. 68 and No. 75, the School District's statements prepared on an accrual basis of accounting include an annual pension expense and an annual OPEB expense for their proportionate share of each plan's change in net pension liability and the net OPEB liability (asset), respectively, not accounted for as deferred outflows/inflows.

Pension/OPEB related changes noted in the above table reflect an overall decrease in deferred outflows and deferred inflows. The increase in the net OPEB liability and decrease in the net pension liability and net OPEB asset represents the School District's proportionate share of the unfunded benefits. As indicated previously, changes in pension benefits, contribution rates, return on investments, and actuarial assumptions all affect the balance of the net pension/OPEB liability (asset).

Elgin Local School District  
 Management's Discussion and Analysis  
 For the Fiscal Year Ended June 30, 2024  
 Unaudited

---

The most significant change noted in the above table is the increase in current and other assets. This increase was primarily an increase in cash and cash equivalents (\$3 million increase) and the result of the School District's continued effort to maintain operating expenses well within current revenues as reflected in the over \$3 million increase in unrestricted net position. The increase in capital assets was for ongoing construction on a HVAC project in the administration building with the offset to the increase in net investment in capital assets. The increase in current and other liabilities is due to more outstanding liabilities for contracts and the retainage for the HVAC project at the administration building. This increase in restricted net position was related to an increase in the School District's investments restricted for debt retirement.

In an effort to promote comparability with other governments, the School District updated its calculation of net position restricted for pension and OPEB plans for fiscal year 2024. The change impacted the amounts presented as net position restricted for OPEB plans and unrestricted net position. GASB 100 does not require amounts prior to those presented in the basic financial statements to be updated for a change in accounting principle.

Table 2 reflects the change in net position for fiscal year 2024 and fiscal year 2023.

Net Position at End of Year	<u>\$50,455,570</u>	<u>\$44,402,493</u>	<u>\$6,053,077</u>

Overall, revenues increased nearly 15 percent from the prior fiscal year. For program revenues, the increase in charges for services was not significant. The increase in operating grants and contributions is primarily due to an increase in COVID relief grants and there was no change in program revenues for capital grants which is for resources received for bus purchases. The most significant changes for general revenues were the increase in investment earnings and other interest (rising interest rate and fair market value of investments).

The increase in expenses from the prior fiscal year is primarily due to the increase related salary increases. The School District approved a 5% base salary increase.

Table 3 indicates the total cost of services and the net cost of services for governmental activities. The statement of activities reflects the cost of program services and the charges for services, grants, and contributions offsetting those services. The net cost of services identifies the cost of those services supported by tax revenues and unrestricted state entitlements.

The above table demonstrates that very few of the School District's programs are substantially provided for through program revenues. Instruction costs are partially offset by tuition and fees and grants restricted for various instruction purposes. Non-instructional services costs are supported by cafeteria sales, state and federal subsidies, and donated commodities for food service operations and extracurricular activities costs are supported by music and athletic fees, ticket sales, and gate receipts at musical and athletic events.

Elgin Local School District  
Management's Discussion and Analysis  
For the Fiscal Year Ended June 30, 2024  
Unaudited

---

### **Governmental Funds Financial Analysis**

The School District's governmental funds are accounted for using the modified accrual basis of accounting.

Fund balance increased over 18 percent in the General Fund. Revenues increased primarily due to the of rising interest rate and fair market value of investment in investment earnings and other interest (previously mentioned above). Expenditures increased as the district approved a 5 percent base salary increase (previously mentioned above).

There was an increase in fund balance in the Bond Retirement Fund as property tax collections and investments and other interest exceeded amounts needed for debt service requirements for the current fiscal year.

### **General Fund Budgeting Highlights**

The School District's budget is prepared according to Ohio law and is based on accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The most significant budgeted fund is the General Fund. During fiscal year 2024, the School District amended its General Fund budget as needed.

For revenues, there was very little change from the original budget to the final budget and changes from the final budget to actual revenues were largely conservative estimates for property taxes and State funding. For expenditures, changes from the original budget to the final budget and final budget to actual expenditures were the result of budgeting conservatively.

### **Capital Assets and Debt Administration**

#### Capital Assets

At the end of fiscal year 2024, the School District had \$35,106,414 invested in capital assets (net of accumulated depreciation). Additions included an ongoing HVAC project for the administration building, one bus, and various equipment (including instruments, tractors, and a mower). There were no disposals. For further information regarding the School District's capital assets, refer to Note 11 to the basic financial statements.

#### Debt

At fiscal year end, the School District had general obligation bonds outstanding, in the amount of \$13,972,000, for school construction. The School District's long-term obligations also include the net pension liability, the net OPEB liability, and compensated absences. For further information regarding the School District's long-term obligations, refer to Note 18 to the basic financial statements.

---

**Current Issues**

Elgin Local School District is a residential/farming community. The School District's leading employer, Whirlpool Corporation, has continued to have a strong labor force.

The School District opened a preschool program in August 2021 for 4 and 5-year-old students. The need is great since only a few preschool programs exist in the community. This has been very beneficial in preparing the children for kindergarten.

The campus improvements continue to be made according to a 5-year maintenance plan. Current projects include a new HVAC system at the administration/preschool building, renovations to the baseball and track areas, and the possibility of adding additional spaces at the K-12 building. The district has received a CTE grant of over \$950,000 which will be used to add additional space to broaden the CTE program.

**Contacting the School District's Financial Management**

This financial report is designed to provide our citizens, taxpayers, investors, and creditors with a general overview of the School District's finances and to reflect the School District's accountability for the monies it receives. Questions concerning any of the information in this report or requests for additional information should be directed to Kimberly Reynolds, Treasurer, Elgin Local School District, 1239 Keener Road South, Marion, Ohio 43302.

Elgin Local School District  
 Reconciliation of Total Governmental Fund Balances  
 to Net Position of Governmental Activities  
 June 30, 2024

Total Governmental Fund Balances \$40,468,703

Amounts reported for governmental activities on the statement of net position are different because of the following:

Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds. 35,106,414

Other long-term assets are not available to pay for current period expenditures and, therefore, are reported as unavailable revenue in the funds.

Accounts Receivable	15,445
Accrued Interest Receivable	23,487
Intergovernmental Receivable	16,521
Income Taxes Receivable	90,178
Delinquent Property Taxes Receivable	587,730

733,361

Accrued interest on outstanding debt is not due and payable in the current period and, therefore, is not reported in the funds; it is reported when due. (58,071)

Some liabilities are not due and payable in the current period and, therefore, are not reported in the funds.

General Obligation Bonds Payable	(13,972,000)
Compensated Absences Payable	(662,237)

(14,634,237)

The net pension/OPEB liability (asset) is not due and payable in the current period, therefore, the asset, liability, and related deferred outflows/inflows are not reported in the funds.

Net OPEB Asset	800,178
Deferred Outflows - Pension	2,323,936
Deferred Inflows - Pension	(1,147,227)
Net Pension Liability	(11,449,385)
Deferred Outflows - OPEB	480,324
Deferred Inflows - OPEB	(1,379,246)
Net OPEB Liability	(789,180)

(11,160,600)

Net Position of Governmental Activities \$50,455,570

Elgin Local School District  
 Reconciliation of Statement of Revenues, Expenditures, and Changes in Fund Balances  
 of Governmental Funds to Statement of Activities  
 For the Fiscal Year Ended June 30, 2024

Changes in Fund Balances - Total Governmental Funds \$4,463,948

Amounts reported for governmental activities on the statement of activities are different because of the following:

Governmental funds report capital outlays as expenditures. However, on the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlay exceeded depreciation in the current fiscal year.

Capital Outlay - Nondepreciable Capital Assets	1,508,474
Capital Outlay - Depreciable Capital Assets	276,662
Depreciation	<u>(633,567)</u>
	1,151,569

Revenues on the statement of activities that do not provide current financial resources are not reported as revenues in governmental funds.

Delinquent Property Taxes	123,503
Intergovernmental	(22,147)
Investment Earnings and Other Interest	85
Tuition and Fees	(2,257)
Extracurricular Activities	220
Miscellaneous	<u>1,866</u>
	101,270

Repayment of principal is an expenditure in the governmental funds but the repayment reduces long-term liabilities on the statement of net position.

General Obligation Bonds	5,000
--------------------------	-------

Interest is reported as an expenditure when due in the governmental funds but is accrued on outstanding debt on the statement of net position. 8

Compensated absences do not require the use of current financial resources and, therefore, are not reported as an expenditure in the governmental funds. 21,605

Except for amounts reported as deferred outflows/inflows, changes in the net pension/OPEB liability (asset) are reported as pension/OPEB expense on the statement of activities.

Pension	(929,579)
OPEB	95,627
	<u>(833,952)</u>

Contractually required contributions are reported as expenditures in governmental funds. However, the statement of net position reports these amounts as deferred outflows.

Pension	1,109,787
OPEB	33,842
	<u>1,143,629</u>

Change in Net Position of Governmental Activities \$6,053,077

**Note 1 - Description of the School District and Reporting Entity**

Elgin Local School District (the “School District”) is organized under Article VI, Sections 2 and 3 of the Constitution of the State of Ohio. The School District operates under a locally-elected Board form of government consisting of five members elected at-large for staggered four year terms. The School District provides educational services as authorized by state and federal guidelines.

The School District was established in 1960. The School District serves an area of approximately one hundred sixty-four square miles. It is located in Delaware, Hardin, and Marion Counties. It is staffed by fifty-one classified employees, eighty-five certified teaching personnel, and thirteen administrative employees who provide services to 1,094 students and other community members. The School District currently operates one instructional building and an administration building.

**Reporting Entity**

A reporting entity is composed of the primary government, component units, and other organizations that are included to ensure the financial statements are not misleading. The primary government of the School District consists of all funds, departments, boards, and agencies that are not legally separate from the School District. For Elgin Local School District, this includes general operations, food service, and student related activities of the School District.

Component units are legally separate organizations for which the School District is financially accountable. The School District is financially accountable for an organization if the School District appoints a voting majority of the organization’s governing board and (1) the School District is able to significantly influence the programs or services performed or provided by the organization; or (2) the School District is legally entitled to or can otherwise access the organization’s resources; the School District is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the School District is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the School District in that the School District approves the budget, the issuance of debt, or the levying of taxes, and there is a potential for the organization to provide specific financial benefits to or impose specific financial burdens on the School District. There are no component units of the Elgin Local School District.

The School District participates in two jointly governed organizations and three insurance pools. These organizations are the Metropolitan Educational Technology Association, Tri-Rivers Joint Vocational School, Ohio School Plan, Stark County Schools Council of Governments Health Benefit Plan, and the Ohio School Boards Association Workers’ Compensation Group Rating Plan. These organizations are presented in Notes 22 and 23 to the basic financial statements.

**Note 2 - Summary of Significant Accounting Policies**

The basic financial statements of Elgin Local School District have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. Following are the more significant of the School District’s accounting policies.

Elgin Local School District  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2024

---

**Note 2 - Summary of Significant Accounting Policies** (continued)

**A. Basis of Presentation**

The School District's basic financial statements consist of government-wide financial statements, including a statement of net position and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

**Government-Wide Financial Statements**

The statement of net position and the statement of activities display information about the School District as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. These statements usually distinguish between those activities of the School District that are governmental activities (primarily supported by taxes and intergovernmental revenues) and those that are considered business-type activities (primarily supported by fees and charges). However, the School District has no business-type activities.

The statement of net position presents the financial condition of the governmental activities of the School District at fiscal year end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the School District's governmental activities. Direct expenses are those that are specifically associated with a service, program, or department and, therefore, clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program and grants, contributions, and interest that are restricted to meeting the operational or capital requirements of a particular program. Revenues which are not classified as program revenues are presented as general revenues of the School District, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the School District.

**Fund Financial Statements**

During the fiscal year, the School District segregates transactions related to certain School District functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the School District at this more detailed level. The focus of governmental fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. Fiduciary funds are reported by type.

**B. Fund Accounting**

The School District uses funds to maintain its financial records during the fiscal year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The funds of the School District are divided into two categories; governmental and fiduciary.

Elgin Local School District  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2024

---

**Note 2 - Summary of Significant Accounting Policies** (continued)

**Governmental Funds**

Governmental funds are those through which most governmental functions of the School District are financed. Governmental fund reporting focuses on the sources, uses, and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities and deferred inflows of resources is reported as fund balance. The School District's major governmental funds are the General Fund and the Bond Retirement debt service fund.

**General Fund** - The General Fund is used to account for all financial resources, except those required to be accounted for in another fund. The General Fund balance is available to the School District for any purpose provided it is expended or transferred according to the general laws of Ohio.

**Bond Retirement Fund** - The Bond Retirement Fund is used to account for property taxes and related revenues restricted for the payment of principal and interest on general obligation bonds.

The other governmental funds of the School District account for grants and other resources whose use is restricted, committed, or assigned for a particular purpose.

**Fiduciary Funds**

Fiduciary fund reporting focuses on net position and changes in net position. The fiduciary fund category is split into four classifications: pension (and other employee benefit) trust funds, investment trust funds, private purpose trust funds, and custodial funds. Trust funds are distinguished from custodial funds by the existence of a trust agreement or equivalent arrangements that have certain characteristics. Custodial funds are used to report activities that are not required to be reported in a trust fund.

The School District's private purpose trust funds account for programs that provide college scholarships to students after graduation.

**C. Measurement Focus**

**Government-Wide Financial Statements**

The government-wide financial statements are prepared using a flow of economic resources measurement focus. All assets and all liabilities associated with the operation of the School District are included on the statement of net position. The statement of activities presents increases (e.g., revenues) and decreases (e.g., expenses) in total net position.

Elgin Local School District  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2024

---

**Note 2 - Summary of Significant Accounting Policies** (continued)

**Fund Financial Statements**

All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. The statement of revenues, expenditures, and changes in fund balances reflects the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements, therefore, include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the fund financial statements for governmental funds.

Like the government-wide financial statements, fiduciary funds are accounted for using a flow of economic resources measurement focus. All assets and deferred outflows of resources and all liabilities and deferred inflows of resources associated with the operation of these funds are included on the statement of fund net position. In fiduciary funds, a liability to the beneficiaries of fiduciary activity is recognized when an event has occurred that compels the government to disburse fiduciary resources. Fiduciary fund liabilities other than those to beneficiaries are recognized using the economic resources measurement focus.

Fiduciary funds present a statement of changes in fiduciary net position which reports additions to and deductions from fiduciary funds.

**D. Basis of Accounting**

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting; the fiduciary funds use the accrual basis of accounting. Differences in the accrual and modified accrual basis of accounting arise in the recognition of revenue, recording of deferred outflows and deferred inflows of resources, and in the presentation of expenses versus expenditures.

**Revenues - Exchange and Nonexchange Transactions**

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On the modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the School District, available means expected to be received within sixty days of fiscal year end.

Elgin Local School District  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2024

---

**Note 2 - Summary of Significant Accounting Policies** (continued)

Nonexchange transactions, in which the School District receives value without directly giving equal value in return, include property taxes, income taxes, grants, entitlements, and donations. On the accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from income taxes is recognized in the fiscal year in which the income is earned. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the fiscal year when the resources are required to be used or the fiscal year when use is first permitted; matching requirements, in which the School District must provide local resources to be used for a specified purpose; and expenditure requirements, in which the resources are provided to the School District on a reimbursement basis. On the modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered both measurable and available at fiscal year end: property taxes available as an advance, income taxes, grants, investment earnings and other interest, tuition, student fees, and charges for services.

**Deferred Outflows/Inflows of Resources**

In addition to assets, the statement of financial position may report deferred outflows of resources. Deferred outflows of resources represent a consumption of net assets that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until that time. For the School District, deferred outflows of resources are reported on the government-wide statement of net position for pension and OPEB and explained in Notes 15 and 16 to the basic financial statements.

In addition to liabilities, the statement of financial position may report deferred inflows of resources. Deferred inflows of resources represent an acquisition of net assets that applies to a future period and will not be recognized until that time. For the School District, deferred inflows of resources includes property taxes, unavailable revenue, pension, and OPEB. Property taxes represent amounts for which there was an enforceable legal claim as of June 30, 2024, but which were levied to finance fiscal year 2025 operations. These amounts have been recorded as deferred inflows of resources on both the government-wide statement of net position and the governmental fund financial statements. Unavailable revenue is reported only on the governmental fund balance sheet and represents receivables which will not be collected within the available period. For the School District, unavailable revenue includes accrued interest, intergovernmental revenue including grants, income taxes, delinquent property taxes, and other sources. These amounts are deferred and recognized as inflows of resources in the period when the amounts become available. For further details on unavailable revenue, refer to the Reconciliation of Total Governmental Fund Balances to Net Position of Governmental Activities on page 17. Deferred inflows of resources related to pension and OPEB are reported on the government-wide statement of net position and explained in Notes 15 and 16 to the basic financial statements.

Elgin Local School District  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2024

---

**Note 2 - Summary of Significant Accounting Policies** (continued)

**Expenses/Expenditures**

On the accrual basis, expenses are recognized at the time they are incurred.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

**E. Budgetary Process**

All funds, except custodial funds, are legally required to be budgeted and appropriated. The major documents prepared are the tax budget, the certificate of estimated resources, and the appropriations resolution, all of which are prepared on the budgetary basis of accounting. The tax budget demonstrates a need for existing or increased tax rates. The certificate of estimated resources establishes a limit on the amount the Board of Education may appropriate. The appropriations resolution is the Board's authorization to spend resources and sets annual limits on expenditures plus encumbrances at the level of control selected by the Board. The legal level of budgetary control selected by the Board is the fund level for all funds. Budgetary allocations at the function and object level within all funds are made by the School District Treasurer.

The certificate of estimated resources may be amended during the fiscal year if projected increases or decreases in revenue are identified by the Treasurer. The amounts reported as the original budgeted amounts on the budgetary statements reflect the amounts on the certificate of estimated resources when the original appropriations were adopted. The amounts reported as the final budgeted amounts on the budgetary statements reflect the amounts on the final amended certificate of estimated resources requested by the School District prior to fiscal year end.

The appropriations resolution is subject to amendment throughout the fiscal year with the restriction that appropriations cannot exceed estimated resources. The amounts reported as the original budgeted amounts reflect the first appropriations resolution for that fund that covered the entire fiscal year, including amounts automatically carried forward from prior fiscal years. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by the Board during the fiscal year.

**F. Cash and Investments**

To improve cash management, cash received by the School District is pooled. Monies for all funds are maintained in this pool. Individual fund integrity is maintained through School District records. Interest in the pool is presented as "Equity in Pooled Cash and Cash Equivalents".

Cash and cash equivalents held for the School District by US Bank, who services the School District's school facilities construction and improvement debt are included on the financial statements as "Cash and Cash Equivalents with Fiscal Agent".

Elgin Local School District  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2024

---

**Note 2 - Summary of Significant Accounting Policies** (continued)

During fiscal year 2024, the School District invested in mutual funds, nonnegotiable and negotiable certificates of deposit, federal agency securities, U.S. treasury securities, and STAR Ohio. Investments are reported at fair value, except for nonnegotiable certificates of deposit which are reported at cost. Fair value is based on quoted market price or current share price. STAR Ohio is an investment pool, managed by the State Treasurer's Office, which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but has adopted Governmental Accounting Standards Board (GASB) Statement No. 79, "Certain External Investment Pools and Pool Participants". The School District measures the investment in STAR Ohio at net asset value (NAV) per share provided by STAR Ohio. The NAV per share is calculated on an amortized cost basis that provides a NAV per share that approximates fair value.

STAR Ohio reserves the right to limit participant transactions to \$250 million per day. Transactions in all of a participant's accounts will be combined for this purpose. Twenty-four hours advance notice to STAR Ohio is appreciated for purchases or redemptions of \$100 million or more. For fiscal year 2024, there were no limitations or restrictions on any participant withdrawals due to redemption notice periods, liquidity fees, or redemption gates.

Under existing Ohio statutes all investment earnings are assigned to the General Fund unless statutorily required to be credited to a specific fund. Investment earnings and other interest revenue credited to the General Fund during 2024 amounted to \$1,478,839, which includes \$390,957 assigned from other School District funds.

Investments of the School District's cash management pool and investments with an original maturity of three months or less at the time they are purchased by the School District are presented on the financial statements as cash equivalents. Investments with an initial maturity of more than three months that were not purchased from the pool are reported as investments.

**G. Prepaid Items**

Payments made to vendors for services that will benefit periods beyond June 30, 2024, are recorded as prepaid items using the consumption method. A current asset for the prepaid amount is recorded at the time of purchase and an expenditure/expense is reported in the year in which services are consumed.

**H. Inventory**

Inventory is presented at cost on a first-in, first-out basis and is expensed when used. Inventory consists of administrative supplies and donated and purchased food.

**I. Restricted Assets**

Assets are reported as restricted when limitations on their use change the nature or normal understanding of the availability of the asset. Such constraints are either externally imposed by creditors, contributors, grantors, or laws of other governments, or imposed by law through constitutional provisions.

Elgin Local School District  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2024

---

**Note 2 - Summary of Significant Accounting Policies** (continued)

Restricted assets represent certain resources which are segregated from other resources of the School District to comply with various covenants established by debt financing agreements. These assets are generally held in separate accounts of the School District or by a trustee. The various covenants place restrictions on the use of these resources, require minimum balances to be maintained in certain accounts, and establish annual amounts to be accumulated for specific purposes.

**J. Capital Assets**

All of the School District's capital assets are general capital assets generally resulting from expenditures in governmental funds. These assets are reported in the governmental activities column on the government-wide statement of net position but are not reported on the fund financial statements.

All capital assets are capitalized at cost and updated for additions and reductions during the fiscal year. Donated capital assets are recorded at their acquisition value on the date donated. The School District maintains a capitalization threshold of five thousand dollars. Improvements are capitalized. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized.

All capital assets, except land and construction in progress, are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is computed using the straight-line method over the following useful lives:

Description	Useful Lives
Land Improvements	15 - 50 years
Buildings and Building Improvements	10 - 100 years
Furniture, Fixtures, and Equipment	5 - 15 years
Vehicles	10 - 15 years

**K. Interfund Assets/Liabilities**

On fund financial statements, receivables and payables resulting from short-term interfund loans and for services provided are classified as "Interfund Receivables/Payables". Interfund balances within governmental activities are eliminated on the statement of net position.

**L. Compensated Absences**

Vacation benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable the School District will compensate the employees for the benefits through paid time off or some other means. The School District records a liability for accumulated unused vacation time when earned for all employees with more than one year of service.

Elgin Local School District  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2024

---

**Note 2 - Summary of Significant Accounting Policies** (continued)

Sick leave benefits are accrued as a liability using the vesting method. The liability includes the employees who are currently eligible to receive termination benefits and those the School District has identified as probable of receiving payment in the future. The amount is based on accumulated sick leave and employees' wage rates at fiscal year end, taking into consideration any limits specified in the School District's termination policy. The School District records a liability for accumulated unused sick leave for all employees after ten years of service.

The entire compensated absences liability is reported on the government-wide financial statements.

On governmental fund financial statements, compensated absences are recognized as a liability and expenditure to the extent payments come due each period upon the occurrence of employee resignations and retirements. These amounts are recorded in the account "Matured Compensated Absences Payable" in the fund from which the employees who have accumulated unpaid leave are paid.

**M. Accrued Liabilities and Long-Term Obligations**

All payables, accrued liabilities, and long-term obligations are reported on the government-wide financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the funds. However, compensated absences that are paid from governmental funds are reported as liabilities on the fund financial statements only to the extent that they are due for payment during the current fiscal year. Net pension/OPEB liability should be recognized in the governmental funds to the extent that benefit payments are due and payable and the pension/OPEB plan's fiduciary net position is not sufficient for payment of those benefits. Bonds are recognized as a liability on the governmental fund financial statements when due.

**N. Net Position**

Net position represents the difference between all other elements on the statement of financial position. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any borrowing used for the acquisition, construction, or improvement of those assets. Net position is reported as restricted when there are limitations imposed on its use through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. Net position restricted for other purposes includes resources restricted for music and athletic programs and federal and state grants. The School District's policy is to first apply restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position is available. Restricted net position for OPEB plan represent the corresponding restricted asset amounts held in trust by the OPEB plans for future benefits.

Elgin Local School District  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2024

---

**Note 2 - Summary of Significant Accounting Policies** (continued)

**O. Fund Balance**

Fund balance is divided into five classifications based primarily on the extent to which the School District is bound to observe constraints imposed upon the use of the resources in governmental funds. The classifications are as follows:

**Nonspendable** - The nonspendable classification includes amounts that cannot be spent because they are not in spendable form or legally or contractually required to be maintained intact. The “not in spendable form” includes items that are not expected to be converted to cash.

**Restricted** - Fund balance is reported as restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments, or are imposed by law through constitutional provisions.

**Committed** - The committed classification includes amounts that can be used only for the specific purposes imposed by a formal action (resolution) of the Board of Education. The committed amounts cannot be used for any other purpose unless the Board of Education removes or changes the specified use by taking the same type of action (resolution) it employed to previously commit those amounts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

**Assigned** - Amounts in the assigned classification are intended to be used by the School District for specific purposes but do not meet the criteria to be classified as restricted or committed. Assigned fund balance represents the remaining amount that is not restricted or committed. Assigned amounts represent intended uses established by the Board of Education. The Board of Education has authorized the Treasurer to assign fund balance for purchases on order provided those amounts have been lawfully appropriated as well as certain amounts for instruction and student activities.

**Unassigned** - Unassigned fund balance is the residual classification for the General Fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance.

The School District first applies restricted resources when an expenditure is incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications can be used.

Elgin Local School District  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2024

---

**Note 2 - Summary of Significant Accounting Policies** (continued)

**P. Pension/Postemployment Benefits**

For purposes of measuring the net pension/OPEB liability (asset), deferred outflows of resources and deferred inflows of resources related to pensions/OPEB, pension/OPEB expense, information about the fiduciary net position of the pension/OPEB plans, and additions to/deductions from their fiduciary net position have been determined on the same basis as they are reported by the pension/OPEB plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. The pension/OPEB systems report investments at fair value.

**Q. Interfund Transactions**

Transfers within governmental activities are eliminated on the government-wide financial statements.

Internal allocations of overhead expenses from one function to another or within the same function are eliminated on the statement of activities. Payments for interfund services provided and used are not eliminated.

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

**R. Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

**Note 3 - Change in Accounting Principles**

For fiscal year 2024, the School District implemented Governmental Accounting Standards Board (GASB) Statement No. 100, *Accounting Changes and Error Corrections*, and related guidance from GASB Implementation Guide No. 2023-1, *Implementation Guidance Update — 2023*. The School District also implemented Question 5.1 from GASB Implementation Guide No. 2021-1, *Implementation Guidance Update — 2021*.

GASB 100 will improve the clarity of the accounting and financial reporting requirements for accounting changes and error corrections, which will result in greater consistency in application in practice. In turn, more understandable, reliable, relevant, consistent, and comparable information will be provided to financial statement users for making decisions or assessing accountability. In addition, the display and note disclosure requirements will result in more consistent, decision-useful, understandable, and comprehensive information for users about accounting changes and error corrections.

Elgin Local School District  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2024

---

**Note 3 - Change in Accounting Principles** (continued)

Question 5.1 from Implementation Guide 2021-1 addresses the collective significance of applying the capitalization threshold to individual items in a group of assets. The School District reviewed its capital asset groupings and determined there were no asset groups where individually the assets were under the capitalization threshold yet were significant collectively.

The implementation of GASB Statement No. 100 and GASB implementation Guides 2021-1 and 2023-1 did not have any effect on beginning net position/fund balances.

In an effort to promote comparability with other governments, the School District updated its calculation of net position restricted for OPEB plans for fiscal year 2024. This change had no impact on beginning net position, but rather impacted the amounts presented as net position restricted for OPEB plans and unrestricted net position.

**Note 4 - Accountability**

At June 30, 2024, the Elementary and Secondary School Emergency Relief, 21<sup>st</sup> Century, and Early Childhood Preschool special revenue funds had a deficit fund balance, in the amount of \$6,694, \$8,136, and \$1,564. These deficits are the result of the recognition of payables in accordance with generally accepted accounting principles as well as short-term interfund loans from the General Fund needed for operations until the receipt of grant monies. The General Fund provides transfers to cover deficit balances; however, this is done when cash is needed rather than when accruals occur.

**Note 5 - Budgetary Basis of Accounting**

While the School District is reporting financial position, results of operations, and changes in fund balances on the basis of generally accepted accounting principles (GAAP), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The Statement of Revenues, Expenditures, and Changes in Fund Balance - Budget (Non-GAAP Basis) and Actual for the General Fund is presented on the budgetary basis to provide a meaningful comparison of actual results with the budget. The major differences between the budget basis and the GAAP basis are as follows:

1. Revenues are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis).
2. Expenditures are recorded when paid in cash (budget basis) as opposed to when the liability is incurred (GAAP basis).
3. Encumbrances are treated as expenditures (budget basis) rather than as restricted, committed, or assigned fund balance (GAAP basis).

Elgin Local School District  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2024

---

**Note 5 - Budgetary Basis of Accounting** (continued)

The adjustments necessary to reconcile the GAAP and budgetary basis statements for the General Fund are as follows:

Changes in Fund Balance	
GAAP Basis	\$3,776,547
<u>Increase (Decrease) Due To:</u>	
Revenue Accruals:	
Accrued FY 2023, Received in	
Cash FY 2024	2,285,704
Accrued FY 2024, Not Yet	
Received in Cash	(2,497,677)
Expenditure Accruals:	
Accrued FY 2023, Paid in	
Cash FY 2024	(1,441,142)
Accrued FY 2024, Not Yet	
Paid in Cash	1,500,529
Cash Adjustments:	
Unrecorded Activity FY 2023	(483,822)
Unrecorded Activity FY 2024	233,430
Prepaid Items	(816)
Materials and Supplies Inventory	(5,085)
Encumbrances Outstanding at	
Fiscal Year End (Budget Basis)	<u>(250,640)</u>
Budget Basis	<u><u>\$3,117,028</u></u>

**Note 6 - Deposits and Investments**

Monies held by the School District are classified by State statute into three categories.

Active monies are public monies determined to be necessary to meet current demands upon the School District treasury. Active monies must be maintained either as cash in the School District treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits the Board of Education has identified as not required for use within the current five year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Elgin Local School District  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2024

---

**Note 6 - Deposits and Investments** (continued)

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts, including passbook accounts.

Protection of the School District's deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, or by the financial institutions participation in the Ohio Pooled Collateral System (OPCS), a collateral pool of eligible securities deposited with a qualified trustee and pledged to the Treasurer of State to secure the repayment of all public monies deposited in the financial institution.

Interim monies held by the School District may be deposited or invested in the following securities:

1. United States Treasury bills, bonds, notes, or any other obligation or security issued by the United States Treasury, or any other obligation guaranteed as to principal and interest by the United States;
2. Bonds, notes, debentures, or any other obligation or security issued by any federal government agency or instrumentality including, but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, and Government National Mortgage Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. Written repurchase agreements in the securities listed above provided the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least 2 percent and be marked to market daily, and the term of the agreement must not exceed thirty days;
4. Bonds and other obligations of the State of Ohio and, with certain limitations including a requirement for maturity within ten years from the date of settlement, bonds and other obligations of political subdivisions of the State of Ohio (if training requirements have been met);
5. Time certificates of deposit or savings or deposit accounts including, but not limited to, passbook accounts;
6. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) and repurchase agreements secured by such obligations provided that investments in securities described in this division are made only through eligible institutions;
7. The State Treasurer's investment pool (STAR Ohio); and
8. Certain bankers' acceptances for a period not to exceed one hundred eighty days and commercial paper notes for a period not to exceed two hundred seventy days in an amount not to exceed 40 percent of the interim monies available for investment at any one time (if training requirements have been met).

Elgin Local School District  
 Notes to the Basic Financial Statements  
 For the Fiscal Year Ended June 30, 2024

---

**Note 6 - Deposits and Investments** (continued)

Investments in stripped principal or interest obligations, reverse repurchase agreements, and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage, and short selling are also prohibited. Except as noted above, an investment must mature within five years from the date of settlement, unless matched to a specific obligation or debt of the School District, and must be purchased with the expectation that it will be held to maturity.

Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the Treasurer or qualified trustee or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

**Investments**

As of June 30, 2024, the School District had the following investments:

Measurement/Investment	Measurement Amount	Less Than	Six	One Year	More Than Two Years
		Six Months	Months to One Year	to Two Years	
Fair Value - Level One Inputs					
Mutual Funds	\$2,746,336	\$2,746,336	\$0	\$0	\$0
Fair Value - Level Two Inputs					
Negotiable Certificates of Deposit	3,129,311	731,064	972,821	469,104	956,322

Elgin Local School District  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2024

---

**Note 6 - Deposits and Investments** (continued)

The School District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets. Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. The above chart identifies the School District's recurring fair value measurements as of June 30, 2024. The mutual funds are measured at fair value using quoted market prices (Level 1 inputs). The School District's remaining investments measured at fair value are valued using methodologies that incorporate market inputs such as benchmark yields, reported trades, broker/dealer quotes, issuer spreads, two-sided markets, benchmark securities, bids, offers, and reference data including market research publications. Market indicators and industry and economic events are also monitored, which could require the need to acquire further market data. (Level 2 inputs).

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The investment policy restricts the Treasurer from investing in any securities other than those identified in the Ohio Revised Code and that all investments must mature within five years from the date of investment unless they are matched to a specific obligation or debt of the School District.

The mutual funds carry a rating of Aaa-mf by Moody's. The negotiable certificates of deposit are generally covered by FDIC insurance and/or SIPC insurance. The federal agency securities and U.S. treasury securities carry a rating of Aaa by Moody's. STAR Ohio carries a rating of AAA by Standard and Poor's. The School District has no investment policy dealing with credit risk beyond the requirements of State statute. Ohio law requires that mutual funds must be rated, at the time of purchase, in the highest category by at least one nationally recognized statistical rating organization. STAR Ohio must maintain the highest rating provided by at least one nationally recognized statistical rating organization.

The School District's investment policy states that the School District may not invest more than 25 percent of its portfolio individually or in combination in commercial paper and/or bankers' acceptances. The following table indicates the percentage of each investment to the School District's total portfolio.

	Fair Value	Percentage of Portfolio
Negotiable Certificates of Deposit	\$3,129,311	8.31%
Federal Farm Credit Bank	3,232,657	8.59
Federal Home Loan Bank	6,974,347	18.53
Federal National Mortgage Association	747,642	1.99
U.S. Treasury	2,377,651	6.32

Elgin Local School District  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2024

---

**Note 7 - Receivables**

Receivables at June 30, 2024, consisted of accounts (student fees and billings for user charged services), accrued interest, intergovernmental, income taxes, interfund, and property taxes. All receivables are considered collectible in full due to the ability to foreclose for the nonpayment of taxes, the stable condition of State programs, and the current year guarantee of federal funds. All receivables, except income taxes and property taxes are expected to be collected within one year. Income taxes and property taxes, although ultimately collectible, include some portion of delinquencies that will not be collected within one year.

A summary of the principal items of intergovernmental receivables follows:

	<u>Amount</u>
Governmental Activities	
General Fund	
Medicaid	\$74,860
NCOESC	59,871
Homestead and Rollback	1,338
Total General Fund	<u>136,069</u>
Bond Retirement Fund	<u>319</u>
Other Governmental Funds	
Elementary and Secondary School Emergency Relief	7,415
21st Century Grant	50,186
Title VI-B	216
Title I	39,969
Title II-A	24,847
Permanent Improvement	34
Total Other Governmental Funds	<u>122,667</u>
Total Intergovernmental Receivables	<u>\$259,055</u>

**Note 8 - Income Taxes**

The School District levies a voted tax of .75 percent for general operations on the income of residents and of estates. The continuous tax levy was effective on January 1, 2010. Employers of residents are required to withhold income tax on compensation and remit the tax to the State. Taxpayers are required to file an annual return. The State makes quarterly distributions to the School District after withholding amounts for administrative fees and estimated refunds. Income tax revenue is credited to the General Fund.

**Note 9 - Property Taxes**

Property taxes are levied and assessed on a calendar year basis, while the School District's fiscal year runs from July through June. First-half tax distributions are received by the School District in the second half of the fiscal year. Second-half tax distributions are received in the first half of the following fiscal year.

Elgin Local School District  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2024

---

**Note 9 - Property Taxes** (continued)

Property taxes include amounts levied against all real and public utility property located in the School District. Real property tax revenues received in calendar year 2024 represent the collection of calendar year 2023 taxes. Real property taxes received in calendar year 2024 were levied after April 1, 2023, on the assessed values as of January 1, 2023, the lien date. Assessed values for real property taxes are established by State statute at 35 percent of appraised market value. Real property taxes are payable annually or semiannually. If paid annually, payment is due December 31; if paid semiannually, the first payment is due December 31, with the remainder payable by June 20. Under certain circumstances, State statute permits alternate payment dates to be established.

Public utility property tax revenues received in calendar year 2024 represent the collection of calendar year 2023 taxes. Public utility real and tangible personal property taxes received in calendar year 2024 became a lien on December 31, 2022, were levied after April 1, 2023, and are collected with real property taxes. Public utility real property is assessed at 35 percent of true value; public utility tangible personal property is currently assessed at varying percentages of true value.

The School District receives property taxes from Delaware, Hardin, and Marion Counties. The County Auditors periodically advance to the School District its portion of the taxes collected. Second-half real property tax payments collected by the counties by June 30, 2024, are available to finance fiscal year 2024 operations. The amount available to be advanced can vary based on the date the tax bills are sent.

Accrued property taxes receivable represents real and public utility property taxes which were measurable as of June 30, 2024, and for which there was an enforceable legal claim. Although total property tax collections for the next fiscal year are measurable, only the amount of real property taxes available as an advance at June 30 was levied to finance current fiscal year operations and is reflected as revenue at fiscal year end. The portion of the receivable not levied to finance current fiscal year operations is offset by a credit to deferred inflows of resources - property taxes.

The amount available as an advance at June 30, 2024, was \$1,942,588 in the General Fund, \$423,299 in the Bond Retirement fund, and \$50,474 in the Permanent Improvement fund. The amount available as an advance at June 30, 2023, was \$1,869,679 in the General Fund, \$411,746 in the Bond Retirement fund, and \$48,921 in the Permanent Improvement fund.

Collectible delinquent property taxes have been recorded as a receivable and revenue on an accrual basis. On a modified accrual basis, the revenue has been recorded as deferred inflows of resources - unavailable revenue.

Elgin Local School District  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2024

---

**Note 9 - Property Taxes** (continued)

The assessed values upon which fiscal year 2024 taxes were collected are:

	2023 Second-Half Collections		2024 First-Half Collections	
	Amount	Percent	Amount	Percent
Agricultural/Residential	\$183,592,190	81.44%	\$188,820,740	79.06%
Industrial/Commercial	11,263,740	5.00	11,397,580	4.77
Public Utility	30,590,110	13.56	38,628,140	16.17
Total Assessed Value	<u>\$225,446,040</u>	<u>100.00%</u>	<u>\$238,846,460</u>	<u>100.00%</u>
Tax rate per \$1,000 of assessed valuation	\$42.79		\$42.64	

**Note 10 - Tax Abatements**

The School District's property taxes were reduced as follows under community reinvestment area agreements entered into by overlapping governments.

Overlapping Government	Amount of Fiscal Year 2024 Taxes Abated
Community Reinvestment Area	
City of Marion	\$1,889
Marion County	236,641
	<u><u>\$238,530</u></u>

**Note 11 - Capital Assets**

Capital asset activity for the fiscal year ended June 30, 2024, was as follows:

	Balance at 6/30/2023	Additions	Reductions	Balance at 6/30/2024

Central	21,361
Non-Instructional Services	46,717
Extracurricular Activities	91,732
Total Depreciation Expense	<u>\$633,567</u>

**Note 12 - Interfund Receivables/Payables**

At June 30, 2024, the General Fund had an interfund receivable, in the amount of \$47,082, from other governmental funds for short-term loans made to those funds. These amounts are expected to be repaid within one year.

Elgin Local School District  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2024

---

**Note 13 - Risk Management**

The School District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During fiscal year 2024, the School District contracted for the following insurance coverage.

Coverage provided by the Ohio School Plan is as follows:

General Liability	
Per Occurrence	\$5,000,000
General Aggregate	7,000,000
Building and Contents	64,909,490
Vehicle Liability	5,000,000
Uninsured Motorist	1,000,000

Settled claims have not exceeded this commercial coverage in any of the past three years and there has been no significant reduction in insurance coverage from the prior fiscal year.

For fiscal year 2024, the School District participated in the Ohio School Plan (Plan), an insurance purchasing pool. Each participant enters into an individual agreement with the Plan for insurance coverage and pays annual premiums to the Plan based on the types and limits of coverage and deductibles selected by the participant.

The School District participates in the Stark County Schools Council of Governments Health Benefit Plan (Plan), a public entity shared risk pool. The School District pays monthly premiums to the Plan for employee medical, dental, vision, and life insurance benefits. The Plan is responsible for the management and operations of the program. Upon withdrawal from the Plan, the participant is responsible for the payment of all Plan liabilities to its employees, dependents, and designated beneficiaries accruing as a result of withdrawal.

For fiscal year 2024, the School District participated in the Ohio School Boards Association Workers' Compensation Group Rating Plan (GRP), an insurance purchasing pool. The intent of the GRP is to achieve the benefit of a reduced premium for the School District by virtue of its grouping and representation with other participants in the GRP. The workers' compensation experience of the participants is calculated as one experience and a common premium rate is applied to all participants in the GRP. Each participant pays its workers' compensation premium to the State based on the rate for the GRP rather than its individual rate. Participation in the GRP is limited to participants that can meet the GRP's selection criteria. The firm of Gates McDonald & Co. provides administrative, cost control, and actuarial services to the GRP.

Elgin Local School District  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2024

---

**Note 14 - Contractual Commitments**

At fiscal year end, the amount of significant encumbrances expected to be honored upon performance by the vendor in fiscal year 2024 are as follows:

General Fund	\$250,640
Other Governmental Funds	566,526
Total	<u><u>\$817,166</u></u>

**Note 15 - Defined Benefit Pension Plans**

The Statewide retirement systems provide both pension benefits and other postemployment benefits (OPEB).

**Net Pension Liability/Net OPEB Liability (Asset)**

The net pension liability and the net OPEB liability (asset) reported on the statement of net position represent liabilities to employees for pensions and OPEB, respectively. Pensions/OPEB are a component of exchange transactions—between an employer and its employees—of salaries and benefits for employee services. Pensions/OPEB are provided to an employee—on a deferred-payment basis—as part of the total compensation package offered by an employer for employee services each financial period. The obligation to sacrifice resources for pensions is a present obligation because it was created as a result of employment exchanges that already have occurred.

The net pension/OPEB liability (asset) represents the School District's proportionate share of each pension/OPEB plan's collective actuarial present value of projected benefit payments attributable to past periods of service, net of each pension/OPEB plan's fiduciary net position. The net pension/OPEB liability (asset) calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting these estimates annually.

Ohio Revised Code limits the School District's obligation for this liability to annually required payments. The School District cannot control benefit terms or the manner in which pensions/OPEB are financed; however, the School District does receive the benefit of employees' services in exchange for compensation including pension and OPEB.

Elgin Local School District  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2024

---

**Note 15 - Defined Benefit Pension Plans** (continued)

GASB 68/75 assumes the liability is solely the obligation of the employer, because (1) they benefit from employee services; and (2) State statute requires funding to come from these employers. All pension contributions to date have come solely from these employers (which also includes pension costs paid in the form of withholdings from employees). The retirement systems may allocate a portion of the employer contributions to provide for these OPEB benefits. In addition, health care plan enrollees pay a portion of the health care costs in the form of a monthly premium. State statute requires the retirement systems to amortize unfunded pension liabilities within 30 years. If the pension amortization period exceeds 30 years, each retirement system's board must propose corrective action to the State legislature. Any resulting legislative change to benefits or funding could significantly affect the net pension/OPEB liability (asset). Resulting adjustments to the net pension/OPEB liability (asset) would be effective when the changes are legally enforceable. The Ohio revised Code permits, but does not require, the retirement systems to provide healthcare to eligible benefit recipients.

The proportionate share of each plan's unfunded benefits is presented as a *net OPEB asset* or long-term *net pension/OPEB liability* on the accrual basis of accounting. Any liability for the contractually required pension/OPEB contribution outstanding at the end of the year is included in *intergovernmental payable* on both the accrual and modified accrual bases of accounting. The remainder of this note includes the required pension disclosures. See Note 16 for the required OPEB disclosures.

**Plan Description - School Employees Retirement System (SERS)**

Plan Description – School District non-teaching employees participate in SERS, a cost-sharing multiple-employer defined benefit pension plan administered by SERS. SERS provides retirement, disability and survivor benefits, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Ohio Revised Code Chapter 3309. SERS issues a publicly available, stand-alone financial report that includes financial statements, required supplementary information and detailed information about SERS' fiduciary net position. That report can be obtained by visiting the SERS website at [www.ohsers.org](http://www.ohsers.org) under Employers/Audit Resources.

Age and service requirements for retirement are as follows:

	Eligible to Retire on or before August 1, 2017 *	Eligible to Retire on or after August 1, 2017
Full Benefits	Any age with 30 years of service credit	Age 67 with 10 years of service credit; or Age 57 with 30 years of service credit
Actuarially Reduced Benefits	Age 60 with 5 years of service credit Age 55 with 25 years of service credit	Age 62 with 10 years of service credit; or Age 60 with 25 years of service credit

\* Members with 25 years of service credit as of August 1, 2017, will be included in this plan.

Annual retirement benefits are calculated based on final average salary multiplied by a percentage that varies based on years of service; 2.2 percent for the first thirty years of service and 2.5 percent for years of service credit over 30. Final average salary is the average of the highest three years of salary.

Elgin Local School District  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2024

---

**Note 15 - Defined Benefit Pension Plans** (continued)

An individual whose benefit effective date is before April 1, 2018, is eligible for a cost of living adjustment (COLA) on the first anniversary date of the benefit. New benefit recipients must wait until the fourth anniversary of their benefit for COLA eligibility. The COLA is added each year to the base benefit amount on the anniversary date of the benefit. The COLA is indexed to the percentage increase in the CPI-W, not to exceed 2.5 percent and with a floor of 0 percent. A three-year COLA suspension was in effect for all benefit recipients for the years 2018, 2019, and 2020. The Retirement Board approved a 2.5 percent COLA for calendar year 2023.

**Funding Policy** – Plan members are required to contribute 10 percent of their annual covered salary and the School District is required to contribute 14 percent of annual covered payroll. The contribution requirements of plan members and employers are established and may be amended by the SERS’ Retirement Board up to statutory maximum amounts of 10 percent for plan members and 14 percent for employers. The Retirement Board, acting with the advice of the actuary, allocates the employer contribution rate among four of the System’s funds (Pension Trust Fund, Death Benefit Fund, Medicare B Fund, and Health Care Fund). For the fiscal year ended June 30, 2024, the allocation to pension, death benefits, and Medicare B was 14.0 percent. For fiscal year 2024, the Retirement Board did not allocate any employer contribution to the Health Care Fund.

The School District’s contractually required contribution to SERS was \$293,247 for fiscal year 2024. Of this amount \$48,709 is reported as an intergovernmental payable.

**Plan Description - State Teachers Retirement System (STRS)**

**Plan Description** – School District licensed teachers and other faculty members participate in STRS Ohio, a cost-sharing multiple employer public employee system administered by STRS. STRS provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS issues a stand-alone financial report that includes financial statements, required supplementary information, and detailed information about STRS’ fiduciary net position. That report can be obtained by writing to STRS, 275 E. Broad St., Columbus, OH 43215-3771, by calling (888) 227-7877, or by visiting the STRS Web site at [www.strsoh.org](http://www.strsoh.org).

New members have a choice of three retirement plans: a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan, and a Combined Plan. Benefits are established by Ohio Revised Code Chapter 3307.

Elgin Local School District  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2024

---

**Note 15 - Defined Benefit Pension Plans** (continued)

The DB plan offers an annual retirement allowance based on final average salary multiplied by a percentage that varies based on years of service. Effective August 1, 2015, the calculation is 2.2 percent of final average salary for the five highest years of earnings multiplied by all years of service. In April 2017, the Retirement Board made the decision to reduce COLA granted on or after July 1, 2017, to 0 percent upon a determination by its actuary that it was necessary to preserve the fiscal integrity of the retirement system. Benefit recipients' base benefit and past cost-of living increases are not affected by this change. Effective July 1, 2022, a one-time ad-hoc COLA of 3 percent of the base benefit was granted to eligible benefit recipients to begin on the anniversary of their retirement benefit in fiscal year 2023 as long as they retired prior to July 1, 2018. Effective July 1, 2023, a one-time ad-hoc COLA of 1 percent of the base benefit was granted to eligible benefit recipients to begin on the anniversary of their retirement benefit in fiscal year 2024 as long as they retired prior to July 1, 2019. Pursuant to Ohio Revised Code 3307.67(E) the STRS Ohio Retirement Board may adjust the COLA upon a determination by the board's actuary that a change will not materially impair the fiscal integrity of the system or is necessary to preserve the fiscal integrity of the system. Eligibility changes will be phased in until August 1, 2023, when retirement eligibility for unreduced benefits will be five years of service credit and age 65, or 34 years of service credit at any age.

Eligibility changes for DB Plan members who retire with actuarially reduced benefits will be phased in until August 1, 2023, when retirement eligibility will be five years of qualifying service credit and age 60, or 30 years of service credit regardless of age.

The DC Plan allows members to place all their member contributions and 11.09 percent of the 14 percent employer contributions into an investment account. The member determines how to allocate the member and employer money among various investment choices offered by STRS. The remaining 2.91 percent of the 14 percent employer rate is allocated to the defined benefit unfunded liability. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal.

The Combined Plan offers features of both the DB Plan and the DC Plan. In the Combined Plan, 12 percent of the 14 percent member rate is deposited into the member's DC account and the remaining 2 percent is applied to the DB Plan. Member contributions to the DC Plan are allocated among investment choices by the member, and contributions to the DB Plan from the employer and the member are used to fund the defined benefit payment at a reduced level from the regular DB Plan. The defined benefit portion of the Combined Plan payment is payable to a member on or after age 60 with five years of service. The defined contribution portion of the account may be taken as a lump sum payment or converted to a lifetime monthly annuity at age fifty and after termination of employment.

New members who choose the DC plan or Combined Plan will have another opportunity to reselect a permanent plan during their fifth year of membership. Members may remain in the same plan or transfer to another STRS plan. The optional annuitization of a member's defined contribution account or the defined contribution portion of a member's Combined Plan account to a lifetime benefit results in STRS bearing the risk of investment gain or loss on the account. STRS has therefore included all three plan options as one defined benefit plan for GASB 68 reporting purposes.

Elgin Local School District  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2024

---

**Note 15 - Defined Benefit Pension Plans** (continued)

A DB or Combined Plan member with five or more years of credited service who is determined to be disabled may qualify for a disability benefit. New members on or after July 1, 2013, must have at least ten years of qualifying service credit to apply for disability benefits. Members in the DC Plan who become disabled are entitled only to their account balance. Eligible survivors of members who die before service retirement may qualify for monthly benefits. If a member of the DC Plan dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

Funding Policy – Employer and member contribution rates are established by the State Teachers Retirement Board and limited by Chapter 3307 of the Ohio Revised Code. The 2024 employer and employee contribution rate of 14 percent was equal to the statutory maximum rates. For 2024, the full employer contribution was allocated to pension.

The School District's contractually required contribution to STRS was \$816,540 for fiscal year 2024. Of this amount \$114,689 is reported as an intergovernmental payable.

**Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

The net pension liability was measured as of June 30, 2023, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The School District's proportion of the net pension liability was based on the School District's share of contributions to the pension plan relative to the contributions of all participating entities. Following is information related to the proportionate share and pension expense:

	SERS	STRS	Total
Proportion of the Net Pension Liability:			
Current Measurement Date	0.04685940%	0.04114319%	
Prior Measurement Date	<u>0.04808300%</u>	<u>0.04173569%</u>	
Change in Proportionate Share	<u>-0.00122360%</u>	<u>-0.00059250%</u>	
Proportionate Share of the Net			
Pension Liability	\$2,589,224	\$8,860,161	\$11,449,385
Pension Expense	\$238,344	\$691,235	\$929,579

At June 30, 2024, the School District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Elgin Local School District  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2024

---

**Note 15 - Defined Benefit Pension Plans** (continued)

	SERS	STRS	Total
<b>Deferred Outflows of Resources</b>			
Differences between expected and actual experience	\$111,290	\$323,023	\$434,313
Changes of assumptions	18,341	729,682	748,023
Changes in proportionate share and difference between School District contributions and proportionate share of contributions	0	31,813	31,813
School District contributions subsequent to the measurement date	<u>293,247</u>	<u>816,540</u>	<u>1,109,787</u>
Total Deferred Outflows of Resources	<u><u>\$422,878</u></u>	<u><u>\$1,901,058</u></u>	<u><u>\$2,323,936</u></u>
<b>Deferred Inflows of Resources</b>			
Differences between expected and actual experience	\$0	\$19,661	\$19,661
Changes of assumptions	0	549,241	549,241
Net difference between projected and actual earnings on pension plan investments	36,393	26,554	62,947
Changes in proportionate share and difference between School District contributions and proportionate share of contributions	<u>72,660</u>	<u>442,718</u>	<u>515,378</u>
School District contributions subsequent to the measurement date	<u>0</u>	<u>0</u>	<u>0</u>
Total Deferred Inflows of Resources	<u><u>\$109,053</u></u>	<u><u>\$1,038,174</u></u>	<u><u>\$1,147,227</u></u>

\$1,109,787 reported as deferred outflows of resources related to pension resulting from School District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the fiscal year ending June 30, 2025. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized in pension expense as follows:

	SERS	STRS	Total
Fiscal Year Ending June 30:			
2025	(\$22,180)	(\$276,384)	(\$298,564)
2026	(114,804)	(446,900)	(561,704)

**Note 15 - Defined Benefit Pension Plans** (continued)

**Actuarial Assumptions - SERS**

SERS' total pension liability was determined by their actuaries in accordance with GASB Statement No. 67, as part of their annual actuarial valuation for each defined benefit retirement plan. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts (e.g., salaries, credited service) and assumptions about the probability of occurrence of events far into the future (e.g., mortality, disabilities, retirements, employment termination). Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employers and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations. Future benefits for all current plan members were projected through 2137.

Actuarial calculations reflect a long-term perspective. For a newly hired employee, actuarial calculations will take into account the employee's entire career with the employer and also take into consideration the benefits, if any, paid to the employee after termination of employment until the death of the employee and any applicable contingent annuitant. In many cases actuarial calculations reflect several decades of service with the employer and the payment of benefits after termination.

Key methods and assumptions used in calculating the total pension liability in the latest actuarial valuation, prepared as of June 30, 2023, are presented below:

Inflation	2.4 percent
Future Salary Increases, including inflation	3.25 percent to 13.58 percent
COLA or Ad Hoc COLA	2.0 percent, on or after April 1, 2018, COLAs for future retirees will be delayed for three years following commencement
Investment Rate of Return	7.00 percent net of System expenses
Actuarial Cost Method	Entry Age Normal (Level Percent of Payroll)

Mortality rates were based on the PUB-2010 General Employee Amount Weight Below Median Healthy Retiree mortality table projected to 2017 with ages set forward 1 year and adjusted 94.20 percent for males and set forward 2 years and adjusted 81.35 percent for females. Mortality among disabled members were based upon the PUB-2010 General Disabled Retiree mortality table projected to 2017 with ages set forward 5 years and adjusted 103.3 percent for males and set forward 3 years and adjusted 106.8 percent for females. Future improvement in mortality rates is reflected by applying the MP-2020 projection scale generationally.

Elgin Local School District  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2024

---

**Note 15 - Defined Benefit Pension Plans** (continued)

The most recent experience study was completed for the five-year period ended June 30, 2020.

The long-term return expectation for the Pension Plan Investments has been determined by using a building-block approach and assumes a time horizon, as defined in SERS' *Statement of Investment Policy*. A forecasted rate of inflation serves as the baseline for the return expectation. Various real return premiums over the baseline inflation rate have been established for each asset class. The long-term expected nominal rate of return has been determined by calculating an arithmetic weighted average of the expected real return premiums for each asset class, adding the projected inflation rate, and adding the expected return from rebalancing uncorrelated asset classes. As of June 30, 2023:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Cash	2.00 %	(0.45) %
US Equity	24.75	5.37
Non-US Equity Developed	13.50	6.22
Non-US Equity Emerging	6.75	8.22
Fixed Income/Global Bonds	19.00	1.20
Private Equity	11.00	10.05
Real Estate/Real Assets	16.00	4.87
Multi-Asset Strategy	4.00	3.39
Private Debt/Private Credit	3.00	5.38
Total	<u>100.00 %</u>	

Discount Rate - The total pension liability for 2023 was calculated using the discount rate of 7.00 percent. The discount rate determination did not use a municipal bond rate. The projection of cash flows used to determine the discount rate assumed that employers would contribute the actuarially determined contribution rate of projected compensation over the remaining 21-year amortization period of the unfunded actuarial accrued liability. The actuarially determined contribution rate for fiscal year 2023 was 14 percent. Projected inflows from investment earnings were calculated using the long-term assumed investment rate of return (7.00 percent). Based on those assumptions, the plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefits to determine the total pension liability. The annual money weighted rate of return, calculated as the internal rate of return on pension plan investments, for fiscal year 2023 was 6.90 percent.

Elgin Local School District  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2024

---

**Note 15 - Defined Benefit Pension Plans** (continued)

Sensitivity of the School District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate - Net pension liability is sensitive to changes in the discount rate, and to illustrate the potential impact the following table presents the net pension liability calculated using the discount rate of 7.00 percent, as well as what each plan's net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.00 percent), or one percentage point higher (8.00 percent) than the current rate.

	1% Decrease (6.00%)	Current Discount Rate (7.00%)	1% Increase (8.00%)
School District's proportionate share of the net pension liability	\$3,821,561	\$2,589,224	\$1,551,213

**Actuarial Assumptions - STRS**

Key methods and assumptions used in the June 30, 2023, actuarial valuation are presented below:

	June 30, 2023
Inflation	2.50 percent
Salary increases	From 2.5 percent to 8.5 percent based on age
Investment Rate of Return	7.00 percent, net of investment expenses, including inflation
Discount Rate of Return	7.00 percent
Payroll Increases	3.00 percent
Cost-of-Living Adjustments (COLA)	0.0 percent, effective July 1, 2017

Post-retirement mortality rates are based on the Pub-2010 Teachers Healthy Annuitant Mortality Table, adjusted 110 percent for males, projected forward generationally using mortality improvement scale MP-2020. Pre-retirement mortality rates are based on Pub-2010 Teachers Employee Table adjusted 95 percent for females, projected forward generationally using mortality improvement scale MP-2020. Post-retirement disabled mortality rates are based on Pub-2010 Teachers Disable Annuitant Table projected forward generationally using mortality improvement scale MP-2020.

Actuarial assumptions used in the June 30, 2023, valuation are based on the results of an actuarial experience study for the period July 1, 2015, through June 30, 2021. An actuarial experience study is done on a quinquennial basis.

STRS' investment consultant develops an estimate range for the investment return assumption based on the target allocation adopted by the Retirement Board. The target allocation and long-term expected rate of return for each major asset class are summarized as follows:

Elgin Local School District  
 Notes to the Basic Financial Statements  
 For the Fiscal Year Ended June 30, 2024

---

**Note 15 - Defined Benefit Pension Plans** (continued)

Asset Class	Target Allocation *	Long-Term Expected Rate of Return **
Domestic Equity	26.00%	6.60%
International Equity	22.00	6.80
Alternatives	19.00	7.38
Fixed Income	22.00	1.75
Real Estate	10.00	5.75
Liquidity Reserves	1.00	1.00
<b>Total</b>	<b><u>100.00%</u></b>	

\* Final target weights reflected at October 1, 2022.

\*\* 10 year annualized geometric nominal returns, which include the real rate of return and inflation of 2.25 percent, and is net of investment expenses. Over a 30-year period, STRS' investment consultant indicates that the above target allocations should generate a return above the actuarial rate of return, without net value added by management.

**Discount Rate** - The discount rate used to measure the total pension liability was 7.00 percent as of June 30, 2023. The projection of cash flows used to determine the discount rate assumes that member and employer contributions will be made at the statutory contribution rates in accordance with rate increases described above. For this purpose, only employer contributions that are intended to fund benefits of current plan members and their beneficiaries are included. Based on those assumptions, STRS' fiduciary net position was projected to be available to make all projected future benefit payments to current plan members as of June 30, 2023. Therefore, the long-term expected rate of return on pension plan investments of 7.00 percent was applied to all periods of projected benefit payment to determine the total pension liability as of June 30, 2023.

**Sensitivity of the School District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate** - The following table presents the School District's proportionate share of the net pension liability calculated using the current period discount rate assumption of 7.00 percent, as well as what the School District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one-percentage-point lower (6.00 percent) or one-percentage-point higher (8.00 percent) than the current rate:

	1% Decrease (6.00%)	Current Discount Rate (7.00%)	1% Increase (8.00%)
School District's proportionate share of the net pension liability	\$13,624,966	\$8,860,161	\$4,830,439

**Note 15 - Defined Benefit Pension Plans** (continued)

**Social Security System**

Effective July 1, 1991, all employees not otherwise covered by the State Teachers Retirement System or the School Employees Retirement System have an option to choose Social Security or the State Teachers Retirement System/School Employees Retirement System. As of June 30, 2024, none of the Board of Education members have elected Social Security. The Board's liability is 6.2 percent of wages paid.

**Note 16 - Defined Benefit OPEB Plans**

See Note 15 for a description of the net OPEB liability (asset).

**Plan Description - School Employees Retirement System (SERS)**

Health Care Plan Description - The School District contributes to the SERS Health Care Fund, administered by SERS for non-certificated retirees and their beneficiaries. For GASB 75 purposes, this plan is considered a cost-sharing other postemployment benefit (OPEB) plan. SERS' Health Care Plan provides healthcare benefits to eligible individuals receiving retirement, disability, and survivor benefits, and to their eligible dependents. Members who retire after June 1, 1986, need 10 years of service credit, exclusive of most types of purchased credit, to qualify to participate in SERS' health care coverage. The following types of credit purchased after January 29, 1981, do not count toward health care coverage eligibility: military, federal, out-of-state, municipal, private school, exempted, and early retirement incentive credit. In addition to age and service retirees, disability benefit recipients and beneficiaries who are receiving monthly benefits due to the death of a member or retiree, are eligible for SERS' health care coverage. Most retirees and dependents choosing SERS' health care coverage are over the age of 65 and therefore enrolled in a fully insured Medicare Advantage plan; however, SERS maintains a traditional, self-insured preferred provider organization for its non-Medicare retiree population. For both groups, SERS offers a self-insured prescription drug program. Health care is a benefit that is permitted, not mandated, by statute. The financial report of the Plan is included in the SERS Annual Comprehensive Financial Report which can be obtained on SERS' website at [www.ohsers.org](http://www.ohsers.org) under Employers/Audit Resources.

The Health Care program is financed through a combination of employer contributions, recipient premiums, investment returns, and any funds received on behalf of SERS' participation in Medicare programs. The System's goal is to maintain a health care reserve account with a 20-year solvency period in order to ensure that fluctuations in the cost of health care do not cause an interruption in the program. However, during any period in which the 20-year solvency period is not achieved, the System shall manage the Health Care Fund on a pay-as-you-go basis.

Access to health care for retirees and beneficiaries is permitted in accordance with Section 3309 of the Ohio Revised Code. SERS' Retirement Board reserves the right to change or discontinue any health plan or program. Active employee members do not contribute to the Health Care Plan. The SERS Retirement Board established the rules for the premiums paid by the retirees for health care coverage for themselves and their dependents or for their surviving beneficiaries. Premiums vary depending on the plan selected, qualified years of service, Medicare eligibility, and retirement status.

Elgin Local School District  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2024

---

**Note 16 - Defined Benefit OPEB Plans** (continued)

Funding Policy - State statute permits SERS to fund the health care benefits through employer contributions. Each year, after the allocation for statutorily required pensions and benefits, the Retirement Board may allocate the remainder of the employer contribution of 14 percent of covered payroll to the Health Care Fund in accordance with the funding policy. For fiscal year 2024, no allocation was made to health care. An additional health care surcharge on employers is collected for employees earning less than an actuarially determined minimum compensation amount, pro-rated if less than a full year of service credit was earned. For fiscal year 2024, this amount was \$30,000. Statutes provide that no employer shall pay a health care surcharge greater than 2 percent of that employer's SERS-covered payroll; nor may SERS collect in aggregate more than 1.5 percent of the total statewide SERS-covered payroll for the health care surcharge. For fiscal year 2024, the School District's surcharge obligation was \$33,842.

The surcharge, added to the allocated portion of the 14 percent employer contribution rate is the total amount assigned to the Health Care Fund. The School District's contractually required contribution to SERS was \$33,842 for fiscal year 2024. Of this amount \$33,842 is reported as an intergovernmental payable.

**Plan Description - State Teachers Retirement System (STRS)**

Plan Description - The State Teachers Retirement System of Ohio (STRS) administers a cost-sharing Health Care Plan administered for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS. Ohio law authorizes STRS to offer this plan. Benefits include hospitalization, physicians' fees, prescription drugs and partial reimbursement of monthly Medicare Part B premiums. Health care premiums were reduced by a Medicare Part B premium credit beginning in 2023. The Plan is included in the report of STRS which can be obtained by visiting [www.strsoh.org](http://www.strsoh.org) or by calling (888) 227-7877.

Funding Policy - Ohio Revised Code Chapter 3307 authorizes STRS to offer the Plan and gives the Retirement Board discretionary authority over how much, if any, of the health care costs will be absorbed by STRS. Active employee members do not contribute to the Health Care Plan. All benefit recipients pay a portion of the health care costs in the form of a monthly premium. Under Ohio law, funding for post-employment health care may be deducted from employer contributions, currently 14 percent of covered payroll. For the fiscal year ended June 30, 2024, STRS did not allocate any employer contributions to post-employment health care.

**OPEB Liability (Asset), OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB**

The net OPEB liability (asset) was measured as of June 30, 2023, and the total OPEB liability used to calculate the net OPEB liability (asset) was determined by an independent actuarial valuation as of that date. The School District's proportion of the net OPEB liability (asset) was based on the School District's share of contributions to the respective retirement systems relative to the contributions of all participating entities. Following is information related to the proportionate share and OPEB expense:

Elgin Local School District  
Notes to the Basic Financial Statements

**Actuarial Assumptions - SERS**

The total OPEB liability is determined by SERS' actuaries in accordance with GASB Statement No. 74, as part of their annual actuarial valuation for each retirement plan. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts (e.g., salaries, credited service) and assumptions about the probability of occurrence of events far into the future (e.g., mortality, disabilities, retirements, employment terminations). Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employers and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations.

Actuarial calculations reflect a long-term perspective. For a newly hired employee, actuarial calculations will take into account the employee's entire career with the employer and also take into consideration the benefits, if any, paid to the employee after termination of employment until the death of the employee and any applicable contingent annuitant. In many cases, actuarial calculations reflect several decades of service with the employer and the payment of benefits after termination.

**Note 16 - Defined Benefit OPEB Plans** (continued)

Key methods and assumptions used in calculating the total OPEB liability in the latest actuarial valuation date of June 30, 2023, are presented below:

	June 30, 2023
Inflation	2.40 percent
Future Salary Increases, including inflation	3.25 percent to 13.58 percent
Investment Rate of Return	7.00 percent net of investment expense
Actuarial Cost Method	Entry Age Normal (Level Percent of Payroll)
Fiduciary Net Position is Projected to be Depleted	2048
Municipal Bond Index Rate:	
Measurement Date	3.86 percent
Prior Measurement Date	3.69 percent
Single Equivalent Interest Rate,	
Measurement Date	4.27 percent
Prior Measurement Date	4.08 percent
Health Care Cost Trend Rate	
Medical Trend Assumption	
Measurement Date	6.75 to 4.40 percent
Prior Measurement Date	7.00 to 4.40 percent

Mortality rates among healthy retirees were based on the PUB-2010 General Employee Amount Weighted Below Median Healthy Retiree mortality table projected to 2017 with ages set forward 1 year and adjusted 94.20 percent for males and set forward 2 years and adjusted 81.35 percent for females. Mortality among disabled members were based upon the PUB-2010 General Disabled Retiree mortality table projected to 2017 with ages set forward 5 years and adjusted 103.3 percent for males and set forward 3 years and adjusted 106.8 percent for females. Mortality rates for contingent survivors were based on PUB-2010 General Amount Weighted Below Median Contingent Survivor mortality table projected to 2017 with ages set forward 1 year and adjusted 105.5 percent for males and adjusted 122.5 percent for females. Mortality rates for actives is based on PUB-2010 General Amount Weighted Below Median Employee mortality table. Mortality rates are projected using a fully generational projection with Scale MP-2020.

The most recent experience study was completed for the five-year period ended June 30, 2020.

Elgin Local School District  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2024

---

**Note 16 - Defined Benefit OPEB Plans** (continued)

The long-term expected rate of return on plan assets is reviewed as part of the actuarial five-year experience study. The most recent study covers fiscal years 2016 through 2020, and was adopted by the Board on April 15, 2021. Several factors are considered in evaluating the long-term rate of return assumption including long-term historical data, estimates inherent in current market data, and a long-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected return, net of investment expense and inflation) were developed by the investment consultant for each major asset class. These ranges were combined to produce the long-term expected rate of return, 7.00 percent, by weighting the expected future real rates of return by the target asset allocation percentage and then adding expected inflation. The assumption is intended to be a long-term assumption and is not expected to change absent a significant change in the asset allocation, a change in the inflation assumption, or a fundamental change in the market that alters expected returns in future years.

The SERS health care plan follows the same asset allocation and long-term expected real rate of return for each major asset class as the pension plan, see Note 15.

**Discount Rate** - The discount rate used to measure the total OPEB liability at June 30, 2023, was 4.27 percent. The discount rate used to measure total OPEB liability prior to June 30, 2023, was 4.08 percent. The projection of cash flows used to determine the discount rate assumed that contributions will be made from members and the System at the contribution rate of 1.50 percent of projected covered payroll each year, which includes a 1.50 percent payroll surcharge and no contributions from the basic benefits plan. Based on these assumptions, the OPEB plan's fiduciary net position was projected to be depleted in 2048 by SERS' actuaries. The Fidelity General Obligation 20-year Municipal Bond Index Rate was used in the determination of the single equivalent interest rate for both the June 30, 2022, and the June 30, 2023, total OPEB liability. The Municipal Bond Index Rate is the single rate that will generate a present value of benefit payments equal to the sum of the present value determined by the long-term expected rate of return, and the present value determined by discounting those benefits after the date of depletion. The Municipal Bond Index Rate was 3.86 percent at June 30, 2023, and 3.69 percent at June 30, 2022.

**Sensitivity of the School District's Proportionate Share of the Net OPEB Liability to Changes in the Discount Rate and Changes in the Health Care Cost Trend Rates** - The net OPEB liability is sensitive to changes in the discount rate and the health care cost trend rate. The following table presents the net OPEB liability of SERS, what SERS' net OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower (3.27%) and higher (5.27%) than the current discount rate (4.27%). Also shown is what SERS' net OPEB liability would be based on health care cost trend rates that are 1 percentage point lower (5.75% decreasing to 3.40%) and higher (7.75% decreasing to 5.40%) than the current rate.

	1% Decrease (3.27%)	Current Discount Rate (4.27%)	1% Increase (5.27%)
School District's proportionate share of the net OPEB liability	\$1,008,796	\$789,180	\$616,002

Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2024

---

**Note 16 - Defined Benefit OPEB Plans** (continued)

	1% Decrease (5.75% decreasing to 3.40%)	Current Trend Rate (6.75% decreasing to 4.40%)	1% Increase (7.75% decreasing to 5.40%)
School District's proportionate share of the net OPEB liability	\$579,783	\$789,180	\$1,006,658

**Actuarial Assumptions - STRS**

Key methods and assumptions used in the June 30, 2023, actuarial valuation compared to the prior year are presented below:

	June 30, 2023	June 30, 2022
Projected salary increases	Varies by service from 2.5 percent to 8.5 percent	Varies by service from 2.5 percent to 8.5 percent
Investment Rate of Return	7.00 percent, net of investment expenses, including inflation	7.00 percent, net of investment expenses, including inflation
Payroll Increases	3 percent	3 percent
Discount Rate of Return	7.00 percent	7.00 percent
Health Care Cost Trends		
Medical		
Pre-Medicare	7.50 percent initial 4.14 percent ultimate	7.50 percent initial 3.94 percent ultimate
Medicare	-10.94 percent initial 4.14 percent ultimate	-68.78 percent initial 3.94 percent ultimate
Prescription Drug		
Pre-Medicare	-11.95 percent initial 4.14 percent ultimate	9.00 percent initial 3.94 percent ultimate
Medicare	1.33 percent initial 4.14 percent ultimate	-5.47 percent initial 3.94 percent ultimate

Projections of benefits include the historical pattern of sharing benefit costs between the employers and retired plan members.

Healthy retirees post-retirement mortality rates are based on the Pub-2010 Teachers Healthy Annuitant Mortality Table, adjusted 110 percent for males, projected forward generationally using mortality improvement scale MP-2020; pre-retirement mortality rates are based on Pub-2010 Teachers Employee Table adjusted 95 percent for females, projected forward generationally using mortality improvement scale MP-2020. For disabled retirees, mortality rates are based on the Pub-2010 Teachers Disabled Annuitant Table projected forward generationally using mortality improvement scale MP-2020.

For the Fiscal Year Ended June 30, 2024

---

**Note 16 - Defined Benefit OPEB Plans** (continued)

Actuarial assumptions used in the June 30, 2023, valuation are based on the results of an actuarial experience study for the period July 1, 2015, through June 30, 2021. An actuarial experience study is done on a quinquennial basis.

The STRS health care plan follows the same asset allocation and long-term expected real rate of return for each major asset class as the pension plan, see Note 15.

**Discount Rate** - The discount rate used to measure the total OPEB liability was 7.00 percent as of June 30, 2023. The projection of cash flows used to determine the discount rate assumed STRS continues to allocate no employer contributions to the health care fund. Based on these assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments to current plan members as of June 30, 2023. Therefore, the long-term expected rate of return on health care plan investments of 7.00 percent was applied to all periods of projected health care costs to determine the total OPEB liability as of June 30, 2023.

**Sensitivity of the School District's Proportionate Share of the Net OPEB Asset to Changes in the Discount and Health Care Cost Trend Rate** - The following table represents the net OPEB asset as of June 30, 2023, calculated using the current period discount rate assumption of 7.00 percent, as well as what the net OPEB asset would be if it were calculated using a discount rate that is one percentage point lower (6.00 percent) or one percentage point higher (8.00 percent) than the current assumption. Also shown is the net OPEB asset as if it were calculated using health care cost trend rates that are one percentage point lower or one percentage point higher than the current health care cost trend rates.

	Current		
	1% Decrease (6.00%)	Discount Rate (7.00%)	1% Increase (8.00%)
School District's proportionate share of the net OPEB asset	\$677,246	\$800,178	\$907,239
	Current		
	1% Decrease	Trend Rate	1% Increase
School District's proportionate share of the net OPEB asset	\$912,207	\$800,178	\$665,241

**Note 17 - Other Employee Benefits**

**A. Compensated Absences**

The criteria for determining vacation and sick leave benefits are derived from negotiated agreements and State laws. Classified employees earn ten to twenty-five days of vacation per year, depending upon length of service. Accumulated unused vacation time is paid to classified employees upon termination of employment. Teachers do not earn vacation time.

Teachers, administrators, and classified employees earn sick leave at a rate of one and one-fourth days per month. Sick leave may be accumulated up to a maximum of two hundred sixty days for classified employees and two hundred fifty days for certified employees. Upon retirement, classified employees will receive payment for one-third of accrued but unused sick leave credit to a maximum of eighty six and two-thirds days and certified employees will receive payment for one-fourth of accrued but unused sick leave credit to a maximum of sixty two and one-half days.

**B. Health Care Benefits**

The School District offers medical, dental, vision, and life insurance to most employees through the Stark County Schools Council of Governments Health Benefit Plan. The employees share the cost of the monthly premium with the Board. The premium varies with each employee depending on marital and family status.

Compensated Absences Payable	683,842	0	21,605	662,237	35,291
Total Governmental Activities					
Long-Term Obligations	<u>\$27,224,509</u>	<u>\$104,114</u>	<u>\$455,821</u>	<u>\$26,872,802</u>	<u>\$40,291</u>

School Facilities Construction and Improvement Bonds, 2010B - On August 31, 2010, the School District issued \$11,975,000 in voted general obligation bonds for constructing, renovating, and equipping school facilities. The bonds were issued for an eighteen year period, with final maturity in fiscal year 2028. The bonds are being retired through the Bond Retirement debt service fund.

The bonds are subject to prior redemption on or after December 1, 2019, by and at the sole option of the School District, either in whole on any date or in part, in such order of maturity as the School District shall determine, at 100 percent of the principal amount redeemed plus accrued interest to the redemption date.

The bonds are subject to extraordinary optional redemption, by and at the sole option of the School District, either in whole on any date or in part on any interest payment date, at a redemption price equal to 100 percent of the principal amount redeemed plus accrued interest to the redemption date in the event that the Treasury payments from the federal government cease.

Elgin Local School District  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2024

---

**Note 18 - Long-Term Obligations** (continued)

Refunding School Improvement Bonds, 2019 - On December 5, 2019, the School District issued \$2,040,000 in general obligation bonds through a direct placement to currently refund bonds previously issued in fiscal year 2011 (2010A) for constructing, renovating, and equipping school facilities. The bonds were issued for a twelve year period, with final maturity in fiscal year 2031. The bonds are being retired through the Bond Retirement debt service fund.

The bonds maturing on December 1, 2030, are subject to mandatory sinking fund redemption, at a redemption price equal to 100 percent of the principal amount redeemed plus accrued interest to the date of redemption, on December 1 in the years and the respective principal amounts as follows:

Year	Amount
2024	\$5,000
2025	5,000
2026	5,000
2027	5,000
2028	624,000
2029	669,000

The remaining principal, in the amount of \$684,000, will be paid at stated maturity on December 1, 2030.

Net Pension/OPEB Liability - There is no repayment schedule for the net pension/OPEB liability; however, employer pension/OPEB contributions are made from the General Fund, and the Food Service, Student Wellness, Elementary and Secondary School Emergency Relief, 21<sup>st</sup> Century, and Title I special revenue funds.

Compensated absences will be paid from the General Fund and the Food Service special revenue fund.

The School District's overall debt margin was \$18,782,973 with an unvoted debt margin of \$238,846 at June 30, 2024.

**Note 18 - Long-Term Obligations** (continued)

Principal and interest requirements to retire general long-term obligations outstanding at June 30, 2024, were as follows:

Fiscal Year Ending	General Obligation Bonds		General Obligation Bonds from Direct Placement	
	Principal	Interest	Principal	Interest
2025	\$0	\$658,506	\$5,000	\$38,294
2026	0	658,506	5,000	38,199
2027	0	658,506	5,000	38,102
2028	11,975,000	161,928	5,000	38,006
2029	0	0	624,000	31,968
2030-2031	0	0	1,353,000	26,122
	<u>\$11,975,000</u>	<u>\$2,137,446</u>	<u>\$1,997,000</u>	<u>\$210,691</u>

**Note 19 - Set Asides**

The School District is required by State statute to annually set aside, in the General Fund, an amount based on a statutory formula for the acquisition and construction of capital improvements. The amount not spent by the end of the fiscal year or offset by similarly restricted resources received during the fiscal year must be held in cash at fiscal year end. This amount must be carried forward and used for the same purpose in future fiscal years.

The following cash basis information identifies the change in the fund balance reserve for capital improvements during fiscal year 2024.

	Capital Improvements
Balance June 30, 2023	\$0
Current Year Set Aside	
Requirement	222,180
Qualifying Expenditures	(222,180)
Balance June 30, 2024	<u><u>\$0</u></u>

**Note 21 - Donor Restricted Endowments**

The School District's private purpose trust funds include donor restricted endowments. Endowment, in the amount of \$10,000, represents the principal portion. The amount of net appreciation in donor restricted investments that is available for expenditures by the School District is \$73,626 and is included as held in trust for scholarships. State law permits the School District to appropriate, for purposes consistent with the endowment's intent, net appreciation, realized and unrealized, unless the endowment terms specify otherwise. The endowment indicates that the interest should be used to provide a scholarship each year.

**Note 22 - Jointly Governed Organizations**

**A. Metropolitan Educational Technology Association**

The School District is a participant in the Metropolitan Educational Technology Association (META), which is a computer consortium. META is an association of public school districts within the boundaries of Athens, Crawford, Delaware, Erie, Franklin, Knox, Licking, Lorain, Marion, Morrow, Muskingum, Union, and Wyandot Counties. The organization was formed for the purpose of applying modern technology with the aid of computers and other electronic equipment to administrative and instructional functions among member school districts. The governing board of META consists of twelve members of participating school districts. During fiscal year 2024, the School District paid \$32,321 to META for various services. Financial information can be obtained from META, 100 Executive Drive, Marion, Ohio 43302.

**B. Tri-Rivers Joint Vocational School**

The Tri-Rivers Joint Vocational School (JVS) is a distinct political subdivision of the State of Ohio which provides vocational education. The JVS operates under the direction of a Board consisting of one representative from each of the ten participating school districts' Board of Education. The Board possesses its own budgeting and taxing authority. The degree of control exercised by the School District is limited to its representation on the Board. Financial information can be obtained from Tri-Rivers Joint Vocational School, 2222 Marion Mt. Gilead Road, Marion, Ohio 43302.

**Note 23 - Insurance Pools**

**A. Ohio School Plan**

The School District participates in the Ohio School Plan (Plan), an insurance purchasing pool established under Section 2744.081 of the Ohio Revised Code. The Plan is an unincorporated nonprofit association of its members which enables the participants to provide for a formalized joint insurance purchasing program for maintaining adequate insurance protection and provides risk management programs and other administrative services. The Plan's business and affairs are conducted by a fifteen member board consisting of superintendents, treasurers, the president of Harcum-Shuett Insurance Agency, Inc., and a member of the Hylant Group, Inc. The Hylant Group, Inc. is the Plan's administrator and is responsible for processing claims. Harcum-Shuett Insurance Agency serves as the sales and marketing representative which establishes agreements between the Plan and its members. Financial information can be obtained from Harcum-Shuett Insurance Agency, 246 East Sycamore Street, Columbus, Ohio 43206.

**B. Stark County Schools Council of Governments Health Benefit Plan**

The School District participates in a public entity shared risk pool, the Stark County Schools Council of Governments Health Benefit Plan (Plan) for employee medical, dental, vision, and life insurance benefits. The Plan is administered by the Stark County Schools Council (SCSC), a regional council of governments established in accordance with Chapter 167 of the Ohio Revised Code. The SCSC is governed by an assembly consisting of one representative from each participant. Each participant pays its premiums to the Plan based on an apportionment of estimated costs established by the SCSC prior to the beginning of each fiscal year. Should estimated program costs be insufficient to pay all claims for the fiscal year, the SCSC notifies each participant of any additional program costs for the fiscal year. Upon withdrawal from the Health Benefit Plan, a participant is entitled to be refunded any excess contributions being held by the Plan.

Participation in the Health Benefit Plan is by written application subject to acceptance by the Board of Directors of the Assembly and payment of the monthly premiums. Financial information can be obtained from the Stark County Educational Service Center, who serves as fiscal agent, 2100 Thirty-Eighth Street Northwest, Canton, Ohio 44709.

**C. Ohio School Boards Association Workers' Compensation Group Rating Plan**

The School District participates in a group rating plan for workers' compensation as established under Section 4123.29 of the Ohio Revised Code. The Ohio School Boards Association Workers' Compensation Group Rating Plan (GRP) was established through the Ohio School Boards Association (OSBA) as an insurance purchasing pool.

The GRP's business and affairs are conducted by a three member Board of Directors consisting of the President, the President-Elect, and the Immediate Past President of the OSBA. The Executive Director of the OSBA, or his designee, serves as coordinator of the GRP. Each year, the participants pay an enrollment fee to the GRP to cover the costs of administering the program.

---

**Note 24 - Contingencies**

**A. Grants**

The School District received financial assistance from federal and state agencies in the form of grants. The expenditure of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the School District at June 30, 2024.

**B. Litigation**

There are currently no matters in litigation with the School District as defendant.

**Note 25 - COVID-19**

The United States and the State of Ohio declared a state of emergency in March of 2020 due to the COVID-19 pandemic. Ohio's state of emergency ended in June 2021 while the national state of emergency ended in April 2023. During fiscal year 2024, the School District received COVID-19 funding. The School District will continue to spend available COVID-19 funding consistent with the applicable program guidelines.

### **Net Pension Liability**

#### **Changes in Benefit Terms/Assumptions - SERS**

Beginning in fiscal year 2018, on each anniversary of the initial retirement, the allowance of all retirees and survivors may be increased by the annual rate of increase in the CPI-W measured as of the June preceding the beginning of the applicable calendar year. The annual rate of increase shall not be less than 0 percent nor greater than 2.5 percent. The COLA was suspended for 2018-2020. Prior to 2018, an assumption of 3 percent was used. For 2021, the cost-of-living adjustment was reduced from 2.5 percent to 2 percent. For 2023 and 2024, the cost-of-living adjustment was increased from 2 percent to 2.5 percent.

Amounts reported in 2022 incorporate changes in assumptions used by SERS in calculating the total pension liability in the latest actuarial valuation. These assumptions compared with those used in prior years are presented below:

	Fiscal Year 2022	Fiscal Years 2021-2017	Fiscal Year 2016 and Prior
Wage Inflation	2.4 percent	3.00 percent	3.25 percent
Future Salary Increases, including inflation	3.25 percent to 13.58 percent	3.50 percent to 18.20 percent	4.00 percent to 22.00 percent
Investment Rate of Return	7.0 percent net of system expenses	7.50 percent net of investments expense, including inflation	7.75 percent net of investments expense, including inflation

Beginning in 2022, amounts reported use mortality rates based on the PUB-2010 General Employee Amount Weight Below Median Healthy Retiree mortality table projected to 2017 with ages set forward 1 year and adjusted 94.20 percent for males and set forward 2 years and adjusted 81.35 percent for females. Mortality among disabled members were based upon the PUB-2010 General Disabled Retiree mortality table projected to 2017 with ages set forward 5 years and adjusted 103.3 percent for males and set forward 3 years and adjusted 106.8 percent for females. Future improvement in mortality rates is reflected by applying the MP-2020 projection scale generationally.

Amounts report for 2017 through 2021 use mortality rates that are based on the RP-2014 Blue Collar Mortality Table with fully generational projection and a five year age set-back for both males and females. Amounts reported for fiscal year 2016 and prior, use mortality assumptions that are based on the 1994 Group Annuity Mortality Table set back one year for both men and women. Special mortality tables were used for the period after disability retirement.

Elgin Local School District  
 Notes to the Required Supplementary Information  
 For the Fiscal Year Ended June 30, 2024

---

**Changes in Assumptions - STRS**

Beginning with fiscal year 2022, amounts reported incorporate changes in assumptions and changes in benefit terms used by STRS in calculating the total pension liability in the latest actuarial valuation. These new assumptions compared with those used in fiscal years 2018-2021 and fiscal year 2017 and prior are presented below:

	Fiscal Year 2022	Fiscal Years 2021-2018	Fiscal Year 2017 and Prior
Inflation	2.50 percent	2.50 percent	2.75 percent
Projected salary increases	Varies by Service from 2.5 percent to 8.5 percent	12.50 percent at age 20 to 2.50 percent at age 65	12.25 percent at age 20 to 2.75 percent at age 70
Investment Rate of Return	See Below	See Below	See Below
Payroll Increases	3 percent	3 percent	3.5 percent
Cost-of-Living Adjustment (COLA)	0.0 percent, effective July 1, 2017	0.0 percent, effective July 1, 2017	2 percent simple applied as follows: for members retiring before August 1, 2013: 2 percent per year; for members retiring after August 1, 2013, or later, COLA commences on fifth anniversary of retirement date.

Investment rate of return:

Fiscal Years 2022 through 2024	7.00 percent, net of investment expenses, including inflation
Fiscal Years 2018 through 2021	7.45 percent, net of investment expenses, including inflation
Fiscal Year 2017 and prior	7.75 percent, net of investment expenses, including inflation

Beginning with fiscal year 2022, post-retirement mortality rates are based on the Pub-2010 Teachers Healthy Annuitant Mortality Table, adjusted 110 percent for males, projected forward generationally using mortality improvement scale MP-2020. Pre-retirement mortality rates are based on Pub-2010 Teachers Employee Table adjusted 95 percent for females, projected forward generationally using mortality improvement scale MP-2020. Post-retirement disabled mortality rates are based on Pub-2010 Teachers Disable Annuitant Table projected forward generationally using mortality improvement scale MP-2020.

Beginning with fiscal year 2018, post-retirement mortality rates for healthy retirees were based on the RP-2014 Annuitant Mortality Table with 50 percent of rates through age 69, 70 percent of rates between ages 70 and 79, 90 percent of rates between ages 80 and 84, and 100 percent of rates thereafter, projected forward generationally using mortality improvement scale MP-2016. Post-retirement disabled mortality rates are based on the RP-2014 Disabled Mortality Table with 90 percent of rates for males and 100 percent of rates for females, projected forward generationally using mortality improvement scale MP-2016. Pre-retirement mortality rates are based on RP-2014 Employee Mortality Table, projected forward generationally using mortality improvement scale MP-2016.

Elgin Local School District  
Notes to the Required Supplementary Information  
For the Fiscal Year Ended June 30, 2024

---

For fiscal year 2017 and prior actuarial valuation, mortality rates were based on the RP-2000 Combined Mortality Table (Projection 2022—Scale AA) for Males and Females. Males' ages are set-back two years through age 89 and no set-back for age 90 and above. Females younger than age 80 are set back four years, one year set back from age 80 through 89, and no set back from age 90 and above.

**Changes in Benefit Term - STRS Pension**

For 2024, demographic assumptions were changed based on the actuarial experience study for the period July 1, 2015, through June 30, 2021.

For fiscal year 2023, the Board approved a one-time 3 percent COLA effective on the anniversary of a benefit recipient's retirement date for those eligible during fiscal year 2023 and eliminated the age 60 requirement to receive unreduced retirement that was scheduled to go into effect August 1, 2026.

**Net OPEB Liability**

**Changes in Assumptions - SERS**

Beginning with fiscal year 2022, amounts reported incorporate changes in assumptions and changes in benefit terms used by SERS in calculating the total OPEB liability in the latest actuarial valuation. These new assumptions compared with those used in fiscal year 2021 and prior are presented below:

	2022	2021 and Prior
Inflation	2.40 percent	3.00 percent
Future Salary Increases, including inflation		
Wage Increases	3.25 percent to 13.58 percent	3.50 percent to 18.20 percent
Investment Rate of Return	7.00 percent net of investment expense, including inflation	7.50 percent net of investment expense, including inflation

Elgin Local School District  
Notes to the Required Supplementary Information  
For the Fiscal Year Ended June 30, 2024

---

Amounts reported incorporate changes in key methods and assumptions used in calculating the total OPEB liability as presented below:

Municipal Bond Index Rate:

Fiscal year 2024	3.86 percent
Fiscal year 2023	3.69 percent
Fiscal year 2022	1.92 percent
Fiscal year 2021	2.45 percent
Fiscal year 2020	3.13 percent
Fiscal year 2019	3.62 percent
Fiscal year 2018	3.56 percent
Fiscal year 2017	2.92 percent

Single Equivalent Interest Rate, net of plan investment expense,  
including price inflation

Fiscal year 2024	4.27 percent
Fiscal year 2023	4.08 percent
Fiscal year 2022	2.27 percent
Fiscal year 2021	2.63 percent
Fiscal year 2020	3.22 percent
Fiscal year 2019	3.70 percent
Fiscal year 2018	3.63 percent
Fiscal year 2017	2.98 percent

### Changes in Assumptions - STRS

For fiscal year 2018, the discount rate was increased from 3.26 percent to 4.13 percent based on the methodology defined under GASB *Statement No. 74, Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans (OPEB)* and the long term expected rate of return was reduced from 7.75 percent to 7.45 percent. Valuation year per capita health care costs were updated, and the salary scale was modified. The percentage of future retirees electing each option was updated based on current data and the percentage of future disabled retirees and terminated vested participants electing health coverage were decreased. The assumed mortality, disability, retirement, withdrawal and future health care cost trend rates were modified along with the portion of rebated prescription drug costs.

For fiscal year 2019, the discount rate was increased from the blended rate of 4.13 percent to the long-term expected rate of 7.45.

For fiscal year 2022, the discount rate was decreased from 7.45 percent to the long-term expected rate of return of 7.00.

For fiscal year 2023, the projected salary increases were changed from age based to service based. Healthcare trends were updated to reflect emerging claims and recoveries experience.

Elgin Local School District  
Notes to the Required Supplementary Information  
For the Fiscal Year Ended June 30, 2024

---

**Changes in Benefit Terms - STRS OPEB**

For fiscal year 2018, the subsidy multiplier for non-Medicare benefit recipients was reduced from 2.1 percent to 1.9 percent per year of service. Medicare Part B premium reimbursements were discontinued for certain survivors and beneficiaries and all remaining Medicare Part B premium reimbursements will be discontinued beginning January 2020.

For fiscal year 2019, the subsidy multiplier for non-Medicare benefit recipients was increased from 1.9 percent to 1.944 percent per year of service effective January 1, 2019. The non-Medicare frozen subsidy base premium was increased effective January 1, 2019 and all remaining Medicare Part B premium reimbursements will be discontinued beginning January 1, 2020.

For fiscal year 2020, there was no change to the claims costs process. Claim curves were trended to the fiscal year ending June 30, 2020 to reflect the current price renewals. The non-Medicare subsidy percentage was increased effective January 1, 2020 from 1.944 percent to 1.984 percent per year of service. The non-Medicare frozen subsidy base premium was increased effective January 1, 2020. The Medicare subsidy percentages were adjusted effective January 1, 2021 to 2.1 percent for the Medicare plan. The Medicare Part B monthly reimbursement elimination date was postponed to January 1, 2021.

For fiscal year 2021, there was no change to the claims costs process. Claim curves were updated to reflect the projected fiscal year ending June 30, 2021 premium based on June 30, 2020 enrollment distribution. The non-Medicare subsidy percentage was increased effective January 1, 2021 from 1.984 percent to 2.055 percent per year of service. The non-Medicare frozen subsidy base premium was increased effective January 1, 2021. The Medicare subsidy percentages were adjusted effective January 1, 2021 to 2.1 percent for the AMA Medicare plan. The Medicare Part B monthly reimbursement elimination date was postponed indefinitely.

For fiscal year 2022, there was no change to the claims costs process. Claim curves were updated to reflect the projected fiscal year ending June 30, 2022, premium based on June 30, 2021, enrollment distribution. The non-Medicare subsidy percentage was increased effective January 1, 2022, from 2.055 percent to 2.1 percent per year of service. The non-Medicare frozen subsidy base premium was increased effective January 1, 2022. The Medicare Part D Subsidy was updated to reflect it is expected to be negative in CY 2022. The Part B monthly reimbursement elimination date was postponed indefinitely.

For fiscal year 2023, healthcare trends were updated to reflect emerging claims and recoveries experience.

For fiscal year 2024, healthcare trends were updated to reflect emerging claims and recoveries experience as well as benefit changes effective January 1, 2024.

MARION COUNTY**

**NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS  
2 CFR 200.510(b)(6)  
FOR THE YEAR ENDED JUNE 30, 2024**

**NOTE A – BASIS OF PRESENTATION**

The accompanying Schedule of Expenditures of Federal Awards (the Schedule) includes the federal award activity of Elgin Local School District (the School District) under programs of the federal government for the year ended June 30, 2024. The information on this Schedule is prepared in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the School District, it is not intended to and does not present the financial position, or changes in net position of the School District.

**NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Expenditures reported on the Schedule are reported on the cash basis of accounting. Such expenditures are recognized following the cost principles contained in Uniform Guidance wherein certain types of expenditures may or may not be allowable or may be limited as to reimbursement.

**NOTE C – INDIRECT COST RATE**

The School District has elected not to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

**NOTE D - CHILD NUTRITION CLUSTER**

The School District commingles cash receipts from the U.S. Department of Agriculture with similar State grants. When reporting expenditures on this Schedule, the School District assumes it expends federal monies first.

**NOTE E – FOOD DONATION PROGRAM**

The School District reports commodities consumed on the Schedule at the entitlement value. The School District allocated donated food commodities to the respective program that benefitted from the use of those donated food commodities.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS  
REQUIRED BY GOVERNMENT AUDITING STANDARDS**

Elgin Local School District  
Marion County  
1239 Keener Road South  
Marion, Ohio 43302

To the Board of Education:

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*), the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Elgin Local School District, Marion County, (the School District) as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the School District's basic financial statements and have issued our report thereon dated February 24, 2025.

***Report on Internal Control Over Financial Reporting***

In planning and performing our audit of the financial statements, we considered the School District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School District's internal control. Accordingly, we do not express an opinion on the effectiveness of the School District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the School District's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Elgin Local School District  
Marion County  
Independent Auditor's Report on Internal Control Over  
Financial Reporting and on Compliance and Other Matters  
Required by *Government Auditing Standards*  
Page 2

***Report on Compliance and Other Matters***

As part of obtaining reasonable assurance about whether the School District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

***Purpose of This Report***

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the School District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS  
APPLICABLE TO THE MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER  
COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

Elgin Local School District  
Marion County  
1239 Keener Road South  
Marion, Ohio 43302

To the Board of Education:

**Report on Compliance for the Major Federal Program**

***Opinion on the Major Federal Program***

We have audited Elgin Local School District's, Marion County, (the School District) compliance with the types of compliance requirements identified as subject to audit in the U.S. Office of Management and Budget (OMB) *Compliance Supplement* that could have a direct and material effect on Elgin Local School District's major federal program for the year ended June 30, 2024. Elgin Local School District's major federal program is identified in the *Summary of Auditor's Results* section of the accompanying schedule of findings.

In our opinion, Elgin Local School District complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended June 30, 2024.

***Basis for Opinion on the Major Federal Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the *Auditor's Responsibilities for the Audit of Compliance* section of our report.

We are required to be independent of the School District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for the major federal program. Our audit does not provide a legal determination of the School District's compliance with the compliance requirements referred to above.

### ***Responsibilities of Management for Compliance***

The School District's Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the School District's federal programs.

### ***Auditor's Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the School District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the School District's compliance with the requirements of the major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the School District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- obtain an understanding of the School District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the School District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

### ***Report on Internal Control Over Compliance***

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Elgin Local School District  
Marion County  
Independent Auditor's Report on Compliance with Requirements  
Applicable to the Major Federal Program and on Internal Control Over  
Compliance Required by the Uniform Guidance  
Page 3

Our consideration of internal control over compliance was for the limited purpose described in the *Auditor's Responsibilities for the Audit of Compliance* section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of this testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
