City Council
City of Bedford Heights
5661 Perkins Road
Bedford Heights, Ohio 44146

We have reviewed the *Independent Auditor's Report* of the City of Bedford Heights, Cuyahoga County, prepared by Charles E. Harris & Associates, Inc., for the audit period January 1, 2023 through December 31, 2023. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The City of Bedford Heights is responsible for compliance with these laws and regulations.

KEITH FABER
Ohio Auditor of State

INDEPENDENT AUDITOR'S REPORT

City of Bedford Heights
Cuyahoga County
5661 Perkins Road
Bedford Heights, Ohio 44146-2597

To the Members of the City Council:

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Bedford Heights, Cuyahoga County, Ohio (the City), as of and for the year ended December 31, 2023, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of the City of Bedford Heights, Cuyahoga County, Ohio as of December 31, 2023, and the respective changes in financial position and where applicable, cashflows thereof and the budgetary comparison for the General, Fire Levy, and the Issue 24 Levy funds thereof for the year then ended in accordance with the accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the City, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, and schedules of net pension and other post-employment benefit liabilities/assets and pension and other post-employment benefit contributions be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 31, 2025, on our consideration of the City's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

City of Bedford Heights
Management's Discussion and Analysis (Unaudited)
For the Year Ended December 31, 2023

The discussion and analysis of the City of Bedford Heights' (the "City") financial performance provides an overall review of the City's financial activities for the fiscal year ended December 31, 2023. The intent of this discussion and analysis is to look at the City's financial performance as a whole; readers are encouraged to consider the information presented here in conjunction with the additional information contained in the financial statements and the notes thereof.

Financial Highlights

Key financial highlights for 2023 are as follows:

- ◆ The assets and deferred outflows of resources of the City exceeded its liabilities and deferred inflows of resources at the close of the most recent fiscal year by \$38,588,219.
- ◆ Total assets increased by \$4,485,425 and deferred outflows of resources increased by \$4,462,941 in 2023. The largest increase in total assets was cash and cash equivalents of \$2,909,139. The largest increase for deferred outflows of resources related to pension activities.
- ◆ Total liabilities increased by \$10,183,376 and deferred inflows of resources decreased by \$5,931,250 in 2023. The main fluctuation in liabilities related to net pension liability, (up \$10,937,687). The decrease in deferred inflows of resources was related primarily to pension activities.

Using this Annual Financial Report

The discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements.

Government-wide financial statements – Reporting the City of Bedford Heights as a Whole

Statement of Net Position and the Statement of Activities

The Statement of Net Position presents information on the City's assets and deferred outflows of resources and liabilities and deferred inflows of resources, with the difference between the two reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating. However, in evaluating the overall position of the City, nonfinancial factors such as the City's tax base, change in property and income tax laws, and the condition of the capital assets should also be considered.

City of Bedford Heights
Management's Discussion and Analysis (Unaudited)
For the Year Ended December 31, 2023

Both the Statement of Net Position and the Statement of Activities use the *accrual basis of accounting* similar to the accounting used by most private-sector companies. This basis of accounting takes into account all of the current year's revenues and expenses regardless of when cash is received or paid.

In the Statement of Net Position and the Statement of Activities, we divide the City into two kinds of activities:

- **Governmental activities:** most of the City's basic services are reported here, including the police, fire, street maintenance, parks and recreation, and general administration. Income tax, state and county taxes, licenses, permits and charges for services finance most of these activities.
- **Business-type activities:** the City charges a fee to customers to help it cover all or most of the cost of certain services it provides. The City's sewer system is reported here.

Fund Financial Statements - Reporting the City of Bedford Heights' Most Significant Funds

Fund Financial Statements

A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objects. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on the balance of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements. These funds are reported using an accounting method called *modified accrual* accounting, which measures cash and all *other financial assets* that can be readily converted to cash.

The governmental fund statements provide a detailed short-term view of the City's general government operations and the basic services it provides. Both the governmental fund Balance Sheet and the governmental fund Statement of Revenues, Expenditures, and Changes in Fund Balances provide a reconciliation to facilitate a comparison between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds.

Information is presented separately in the governmental funds Balance Sheet and in the governmental funds Statement of Revenues, Expenditures, and Changes in Fund Balances, for the general fund, fire levy special revenue fund, Issue 24 levy special revenue fund, and the capital improvements capital projects fund, all of which are considered to be major funds.

City of Bedford Heights
Management's Discussion and Analysis (Unaudited)
For the Year Ended December 31, 2023

Proprietary Funds

The City maintains three proprietary funds; one enterprise fund and two internal service funds. The enterprise fund is used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses the enterprise fund to account for its sewer operations. Internal service funds are an accounting device used to accumulate and allocate costs internally among the City's various functions. Because these activities benefit governmental rather than business functions, they have been included within governmental activities in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail.

The basic proprietary fund financial statements can be found starting on page 31 of this report.

Notes to the Financial Statements

The notes provide additional information that is essential for a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found starting on page 37 of this report.

Government-wide Financial Analysis – City of Bedford Heights as a Whole

As noted earlier, the Statement of Net Position looks at the City as a whole and can prove to be a useful indicator of the City's financial position.

The Statement of Net Position and the Statement of Activities are divided into the following categories:

- Assets and deferred outflows of resources
- Liabilities and deferred inflows of resources
- Net position (assets and deferred outflows of resources minus liabilities and deferred inflows of resources)
- Program expenses and revenues
- General revenues
- Net position beginning and end of year

City of Bedford Heights
Management's Discussion and Analysis (Unaudited)
For the Year Ended December 31, 2023

Table 1 provides a summary of the City's net position for 2023 as compared to 2022, as previously stated.

City of Bedford Heights
Management's Discussion and Analysis (Unaudited)
For the Year Ended December 31, 2023

The City follows Governmental Accounting Standards Board (GASB) Statement No. 68, *Accounting and Financial Reporting for Pensions—an Amendment of GASB Statement 27* and GASB Statement 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. For reasons discussed below, many end users of this financial statement will gain a clearer understanding of the City's actual financial condition by adding deferred inflows related to pension/OPEB, the net pension/OPEB liability to the reported net position and subtracting deferred outflows related to pension/OPEB and the net pension/OPEB asset.

GASB standards are national and apply to all government financial reports prepared in accordance with generally accepted accounting principles. Prior accounting for pensions (GASB 27) and postemployment benefits (GASB 45) focused on a funding approach. This approach limited pension/OPEB costs to contributions annually required by law, which may or may not be sufficient to fully fund each plan's net pension/OPEB liability. GASB 68 and GASB 75 take an earnings approach to pension/OPEB accounting; however, the nature of Ohio's statewide pension/OPEB plans and State law governing those systems requires additional explanation in order to properly understand the information presented in these statements.

GASB 68 and GASB 75 require the net pension liability (asset) and the net OPEB liability (asset) to equal the City's proportionate share of each plan's collective:

1. Present value of estimated future pension/OPEB benefits attributable to active and inactive employees' past service
2. Minus plan assets available to pay these benefits

GASB notes that pension/OPEB obligations, whether funded or unfunded, are part of the "employment exchange" – that is, the employee is trading his or her labor in exchange for wages, benefits, and the promise of a future pension/OPEB. GASB noted that the unfunded portion of this promise is a present obligation of the government, part of a bargained-for benefit to the employee, and should, accordingly, be reported by the government as a liability since they received the benefit of the exchange. However, the City is not responsible for certain key factors affecting the balance of these liabilities. In Ohio, the employee shares the obligation of funding benefits with the employer. Both employer and employee contribution rates are capped by State statute. A change in these caps requires action of both Houses of the General Assembly and approval of the Governor. Benefit provisions are also determined by State statute. The Ohio Revised Code permits, but does not require the retirement systems to provide health care to eligible benefit recipients. The retirement systems may allocate a portion of the employer contributions to provide for these OPEB benefits.

The employee enters the employment exchange with the knowledge that the employer's promise is limited not by contract but by law. The employer enters the exchange also knowing that there is a specific, legal limit to its contribution to the retirement system. In Ohio, there is no legal means to enforce the unfunded liability of the pension/OPEB plan as against the public employer. State law operates to mitigate/lessen the moral obligation of the public employer to the employee, because all parties enter the employment exchange with notice as to the law. The retirement system is responsible for the administration of the pension/OPEB plans.

City of Bedford Heights
Management's Discussion and Analysis (Unaudited)
For the Year Ended December 31, 2023

Most long-term liabilities have set repayment schedules or, in the case of compensated absences (i.e. sick and vacation leave), are satisfied through paid time-off or termination payments. There is no repayment schedule for the net pension/OPEB liability. As explained above, changes in pension benefits, contribution rates, and return on investments affect the balance of these liabilities, but are outside the control of the local government. In the event that contributions, investment returns, and other changes are insufficient to keep up with required payments, State statute does not assign/identify the responsible party for the unfunded portion. Due to the unique nature of how the net pension/OPEB liability is satisfied, these liabilities are separately identified within the long-term liability section of the Statement of Net Position.

Total assets increased primarily due to an increase in cash and cash equivalents. The increase in cash and cash equivalents is the product of revenues outpacing expenditures in 2023. The total net position of the City increased \$4,696,240. This increase was primarily due to increases in payments in lieu of taxes. Expenses increased due changes in assumption and benefit terms related to pensions plans in the prior year that caused a significant reduction in expenses in 2022.

The City makes concerted efforts to maximize the return on investments of its cash and cash equivalents and uses these funds to provide liquidity for planned future capital purchases. Due to the interest rates in the past, the investments have remained in liquid money market accounts, i.e., STAR Ohio and Huntington National Bank. However, even though the State statute allows for investments with maturities of five years or less, the City has not invested in any instrument with a maturity of more than one year.

Another tool used by the City to reduce its long-term liability is to pay off accumulated sick leave for police and fire employees. Upon the request of a police or fire employee with over ten years of service, accumulated sick time may be paid out on an annual basis. This allows the City to pay accumulated sick hours at the current hourly rate as opposed to paying for it at a higher rate in the future at the time of retirement. The employees benefit by having funds available to them currently with the opportunity to invest them and potentially gain a higher rate of return as opposed to receiving payment at a future date.

The City is also a member of N.O.R.M.A. Self Insurance Pool, Inc. for liability insurance and workers' compensation. Significant savings in premiums have resulted from being a member of the above referenced insurance pool. In addition, the City conducts random drug testing of employees with CDL licenses which aids in reducing workers' compensation premiums.

The net position of the business-type activities increased \$1,053,785 in 2023. The City generally can only use this net position to finance the continuing operations of the sewer system.

City of Bedford Heights
Management's Discussion and Analysis (Unaudited)
For the Year Ended December 31, 2023

In order to further understand what makes up the changes in net position for the current year, the following table gives readers further details regarding the results of activities for the current year compared to the prior year.

City of Bedford Heights
Management's Discussion and Analysis (Unaudited)
For the Year Ended December 31, 2023

Effects of GASB 68 and 75

In accordance with GASB 68 and GASB 75, the City's statements prepared on the accrual basis of accounting include an annual pension/OPEB expense for their proportionate share of each plan's change in net pension/OPEB liability and net pension/OPEB asset not accounted for as deferred inflows/outflows.

Under GASB 68, pension expense represents additional amounts earned based on a proportionate share of the net pension liability adjusted by a corresponding proportionate share of deferred outflows and inflows. Under GASB 68, the pension expense for 2023 is \$2,790,565, while in 2022 pension expense was \$(198,619).

Under GASB 75, OPEB expense represents additional amounts earned based on a proportionate share of the net OPEB liability adjusted by a corresponding proportionate share of deferred outflows and inflows. Under GASB 75, the OPEB expense for 2023 is \$(301,298), while in 2022 OPEB expense was \$(703,501).

Governmental Activities

Several revenue sources fund our governmental activities with the City's property and income tax being the largest contributors. The City's income tax revenue source is the largest contributor with a rate of 2% on gross income, which has not changed since 1982. Residents of the City who work in another community and pay the withholding tax for that community receive a 100% tax credit on their City tax, up to a limit of 2%. During 2023, the revenues generated from this tax amounted to \$13,159,822. The City continues to enforce a delinquent letter program and the subpoena program to ensure compliance with the local tax laws.

Payments in lieu of taxes increased in the current year, as the City began to receive TIF revenue related to the Scannell Miles Road project.

Expenses for the City increased due to increases in general government and security of persons and property expenses. General government increased by \$1,593,559 and security of persons and property expenses increased by \$1,913,627 from the prior year. The increase in general government was due to TIF payments due to Scannell Properties. The increase in security of persons and property was due to changes in pension and OPEB plans that caused a significant reduction in expenses in 2022.

As of December 31, 2023 the fire department is comprised of 21 members. There is one fire chief, one assistant fire chief, three lieutenants, and 16 firefighters. All 21 members of the department are certified paramedics. The department's roster is intended to not be less than 18 paramedics, which allows for the response of two ambulances that can provide advance lifesaving skills.

One member of the department is on the regional hazardous material response team and is a HCO (Hazardous Command Officer). The staffing of the department is done in three shifts that rotate 24 hour tours. During this time, they conduct daily training that consists of building walkthroughs, attending continuing education classes, performing joint exercises with neighboring departments and watching training videos. After large or difficult emergencies, the shifts do a post incident critique to improve services. In 2023, the department responded to 3,013 calls with 79% relating to emergency medical services.

City of Bedford Heights
Management's Discussion and Analysis (Unaudited)
For the Year Ended December 31, 2023

The department is proactive in public education efforts and assists residents with installing working smoke detectors in their homes. The smoke detectors are provided by Red Cross at no charge to residents.

The amount the department spent on overtime expenses during 2023 was \$206,766 as compared to \$160,535 during 2022. The total cost of operating the Fire and EMS department during 2023 was \$2,934,255, which is in the fire levy fund. The City annually transfers into the fire levy fund the difference between the revenue generated from the 3 mill fire levy and the operating expenses incurred. In 2023, the transfer from the general fund was \$2,050,000.

Business-Type Activities

The business-type activities of the City, which include the City's sewer operations, increased the City's net position by \$1,053,785. Net program revenues exceeded program expenses for the sewer operations during 2023 as charges for services continue to outpace operating expenditures. Expenses for the sewer operations increased due to an increase in personnel costs.

The City's Funds

Governmental Funds

Information about the City's major funds starts on page 21. These funds are accounted for using the modified accrual basis of accounting. All governmental funds had total revenues and other financing sources of \$31,650,121 and expenditures and other financing uses of \$29,242,527. The net change in fund balance for the year in the City's most significant fund, the general fund, showed an increase in fund balance of \$991,529 which resulted in a year-end fund balance of \$16,592,176.

The capital improvements fund reflected a increase in fund balance of \$1,976,596, which resulted in a fund balance of \$3,220,783. The fire levy fund and issue 24 levy fund ending fund balance decreased \$29,243 and \$98,079, respectively, during 2023. The nonmajor government funds ending fund balance decreased \$433,209, during the year.

General Fund Budgeting Highlights

The City's budget is prepared according to Ohio law and is based on accounting for certain transactions on the basis of cash receipts, disbursements and encumbrances. The most significant budgeted fund is the general fund. An annual appropriation budget is legally required to be prepared for all funds of the City other than fiduciary funds. City Council is provided with a detailed line item budget for all departments and after a discussion at a regularly held City Council meeting, which is open to the public; the budget is adopted by City Council. City Council must approve legislation for any revisions in the budget that alter totals or the total appropriations for any department or fund. The finance department watches all the departmental budgets closely to monitor compliance with allocated budgets and provides monthly reports to City Council depicting monthly and year-to-date activity.

City of Bedford Heights
Management's Discussion and Analysis (Unaudited)
For the Year Ended December 31, 2023

For the general fund, final budget-basis revenue and other financing sources of \$14,717,667 increased from the original budget estimates of \$12,835,657. The original appropriations for the general fund were \$17,839,180, including other financing uses. The final appropriations, including other financing uses, were \$20,216,544. The City's actual revenues ended \$1,808,130 above the final budgeted amount due to an increase in income taxes. The City's actual expenditures and other financing uses ended \$4,747,361 below the final budgeted amount due to a decrease in transfer outs. The City's ending unobligated budgetary fund balance was \$6,555,491 higher than the final budgeted amount mostly due lower than expected transfers out and increase in tax revenues.

Business-Type Funds

The City's major enterprise fund consists of the sewer treatment fund. The basic financial statements for the major fund are included in this report. Proprietary funds provide the same type of information as the government-wide financial statements only in more detail. The proprietary fund financial statements provide separate information for the sewer treatment fund. The basic proprietary fund financial statements can be found on pages 31 through 34 of this report.

Capital Assets and Debt Administration

Capital Assets

At the end of 2023, the City had \$23,228,252 invested in land, buildings and improvements, furniture, fixtures and equipment, vehicles, and infrastructure.

Table 3 shows 2023 balances of capital assets as compared to 2022:

Table 3

The City has an aggressive stance on maintaining its assets, including infrastructure, in excellent condition insofar as financial resources allow. Vehicles such as fire trucks and ambulances are planned for well in advance by the respective department heads and a scheduled maintenance and replacement timetable is followed to provide peak performance for the maximum time frame (5 to 6 years).

City of Bedford Heights
Management's Discussion and Analysis (Unaudited)
For the Year Ended December 31, 2023

With regards to the infrastructure, the City's engineering, public works and water reclamation departments maintain a comprehensive listing of all the streets and sewer lines in the City. As part of the City's annual road maintenance program, the engineer evaluates the condition of each street after each winter and prepares a list of streets to be either resurfaced or cracksealed and in the case of concrete roads, either replaced or repaired. After approval from City Council, the projects are bid out in early to late spring to get the best possible pricing from contractors. This program is paid for out of the street construction levy fund and capital improvements fund of the City.

The City is committed to a long-term goal of meeting the needs of its infrastructure and facilities. The City follows a five-year capital plan in place that provides for street, sanitary and storm improvements and maintaining our current structures. See Note 9 for more information on capital assets.

Debt

At December 31, 2023, the City had \$29,607,882 in outstanding debt, compensated absences, asset retirement obligations and net pension/OPEB liability. Table 4 summarizes the outstanding obligations of the City.

Table 4
Outstanding Debt at Year End

More detailed information about the City's long-term liabilities is presented in Notes 10, 11, 12, 13, 14 and Note 20 of the basic financial statements.

City of Bedford Heights
Management's Discussion and Analysis (Unaudited)
For the Year Ended December 31, 2023

Current Related Financial Activities

In November 2010, the citizens of Bedford Heights approved a Charter Amendment to establish a levy of 8.9 mills to be used to pay the costs and expenses of operating the City's police, fire and emergency medical services, commencing in 2010 and first collections beginning in 2011. The levy of 8.9 mills, known as Issue 24 on the November 2, 2010 ballot, was passed by 69.9% of the voters. The real estate tax revenue from the Issue 24 levy for fiscal year 2022 amounted to \$2,181,172. The real estate tax revenue from the Issue 24 levy for fiscal year 2023 amounted to \$2,284,310. Based on estimates provided by the Cuyahoga County Auditor's office, real property tax revenue from the Issue 24 levy for fiscal year 2024 is estimated to be \$2,145,108.

The City of Bedford Heights' systems of budgeting and internal controls are well regarded and the City is well prepared to meet the challenges of the future. In conclusion, management has been committed to provide the residents of the City of Bedford Heights with full disclosure of the financial position of the City.

Contacting the City of Bedford Heights' Finance Department

This financial report is designed to provide our citizens, taxpayers, investors and creditors with a general overview of the City's finances and to show the City's accountability for all money it receives, spends, or invests. If you have any questions about this report or need additional financial information, contact the Finance Department, City of Bedford Heights, 5661 Perkins Road, Bedford Heights, Ohio 44146, telephone (440) 786-3223.

Reconciliation of Total Governmental Fund Balances to Net Position of Governmental Activities

December 31, 2023

Total governmental funds balances	\$	23,499,263
-----------------------------------	----	------------

Amounts reported for governmental activities in the Statement of Net Position are different because:

Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds.	16,292,501
---	------------

Other long-term assets are not available to pay for current-period expenditures and therefore are deferred inflows of resources in the funds.

Property and other taxes	\$	674,646	
Municipal income taxes		1,296,989	
Charges for services		4,776	
Intergovernmental		610,983	
Total		<u>2,587,394</u>	2,587,394

Internal service funds are used by management to charge the costs of certain activities, such as Worker's Compensation Insurance and Health Insurance that are not reported in the Governmental Funds. The assets and liabilities of the Internal Service Fund are reported with Governmental Activities.	157,777
---	---------

Long-term liabilities are not due and payable in the current period and are therefore not reported in the funds.

Asset retirement obligations	(40,848)	
OPWC loans payable	(529,685)	
Compensated absences	(1,745,212)	
Total	<u>(2,315,745)</u>	(2,315,745)

The net pension asset/liability is not due in the current period; therefore, the asset/liability and related deferred outflows/inflows are not reported in the funds.

Net pension asset	19,153	
Deferred outflows of resources - pension	7,768,210	
Net pension liability	(22,965,797)	
Deferred inflows of resources - pension	(1,835,365)	
Total	<u>(17,013,799)</u>	(17,013,799)

The net OPEB liability is not due in the current period; therefore, the liability and related deferred outflows/inflows are not reported in the funds.

Deferred outflows of resources - OPEB	1,216,227	
Net OPEB liability	(1,388,341)	
Deferred inflows of resources - OPEB	(1,539,277)	
Total	<u>(1,711,391)</u>	(1,711,391)

Net position of governmental activities	\$	<u><u>21,496,000</u></u>
---	----	--------------------------

The accompanying notes are an integral part of these financial statements

City of Bedford Heights, Ohio

Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities

For the Year Ended December 31, 2023

Net change in fund balances – total governmental funds	\$	2,407,594
--	----	-----------

Amounts reported for governmental activities in the Statement of Activities are different because:

Governmental funds report capital outlay as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which depreciation and capital outlays differed in the current period.

Capital outlay	\$	3,139,088	
Depreciation		<u>(1,451,397)</u>	
Total			1,687,691

Governmental funds only report the disposal of capital assets to the extent proceeds are received from the sale. In the statement of activities, a gain or loss is reported for each disposal.	(4,505)
--	---------

Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds.

Property and other taxes	18,779	
Municipal income taxes	184,229	
Intergovernmental	(33,675)	
Charges for services	<u>1,732</u>	
Total		171,065

Repayment of debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Position.

OPWC loans	41,773	
Financed purchase	<u>709</u>	
Total		42,482

(continued)

City of Bedford Heights, Ohio

Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities (continued)

For the Year Ended December 31, 2023

Internal service funds are used by management to charge costs of certain activities, such as worker's compensation insurance and health insurance. The net revenue (expense) of the Internal Service Funds is reported with the Governmental Activities.

(84,725)

Some expenses reported in the Statement of Activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.

Asset retirement obligation
Compensated absences
Total

(1,324)
168,653

167,329

Contractually required contributions are reported as expenditures in governmental funds; however, the Statement of Net Position reports these amounts as deferred outflows.

1,551,099

Except for amounts reported as deferred outflows/inflows, changes in the net pension asset/liability are reported as pension/OPEB reduction of expense in the Statement of Activities.

(2,295,575)

Change in net position of governmental activities

\$ 3,642,455

City of Bedford Heights, Ohio

Notes to the Basic Financial Statements

For the Year Ended December 31, 2023

Note 1: The Reporting Entity

The City of Bedford Heights (the “City”) is a home rule municipal corporation established under the laws of the State of Ohio which operates under its own Charter. The current Charter, which provides for a mayor-council form of government, was adopted January 1, 1960.

A reporting entity is comprised of the primary government, component units and other organizations that are included to ensure that the financial statements are not misleading. The primary government of the City consists of all funds, departments, boards and agencies that are not legally separate from the City. For the City of Bedford Heights this includes police and fire protection, parks and recreation, planning, zoning, street maintenance and repair, refuse collection and general administrative services. The City’s departments include a public safety department, a public service department, a street maintenance department, a sanitation system department, a parks and recreation department, a planning and zoning department, and a staff to provide support (i.e., payroll processing, accounts payable, and revenue collection) to the service providers. The operation of each of these activities and entities is directly controlled by the City Council through the budgetary process.

Component units are legally separate organizations for which the City is financially accountable. The City is financially accountable for an organization if the City appoints a voting majority of the organization’s governing board and (1) the City is able to significantly influence the programs or services performed or provided by the organization; or (2) the City is legally entitled to or can otherwise access the organization’s resources; the City is legally obligated or has otherwise assumed the responsibility to finance deficits of, or provide financial support to, the organization. Component units may also include organizations that are fiscally dependent on the City in that the City approves the budget, the issuance of debt, or the levying of taxes. The City has no component units.

Note 2: Summary of Significant Accounting Policies

The financial statements of the City have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to local governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial principles. The most significant of the City’s accounting policies are described below.

A. Basis of Presentation

The City’s basic financial statements consist of government-wide statements, including a Statement of Net Position and a Statement of Activities, and fund financial statements which provide a more detailed level of financial information.

Government-Wide Financial Statements

The Statement of Net Position and the Statement of Activities display information about the City as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The statements distinguish between those activities of the City that are governmental and those that are considered business-type activities. The activity of the internal service funds are eliminated to avoid doubling up revenues and expenses.

City of Bedford Heights, Ohio

Notes to the Basic Financial Statements (continued)

For the Year Ended December 31, 2023

Note 2: Summary of Significant Accounting Policies (continued)

A. Basis of Presentation (continued)

Government-Wide Financial Statements (continued)

The Statement of Net Position presents the financial condition of the governmental and business-type activities of the City at year-end. The Statement of Activities presents a comparison between direct expenses and program revenues for each program or function of the City's governmental activities and for the business-type activities of the City. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program and interest earned on grants that is required to be used to support a particular program. Revenues not classified as program revenues are presented as general revenues of the City, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental function or business activity is self-financing or draws from the general revenues of the City.

Fund Financial Statements

During the year, the City segregates transactions related to certain City functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the City at this more detailed level. The focus of governmental and enterprise fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. The internal service fund is presented in a single column on the face of the proprietary fund statements. Fiduciary funds are reported by type.

The City uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. There are three categories of funds: governmental, proprietary and fiduciary.

B. Fund Accounting

Governmental Funds – Governmental funds are those through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources.

Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities and deferred inflows of resources is reported as fund balance. The following are the City's major governmental funds:

General Fund – The general fund accounts for all financial resources except those required to be accounted for in another fund. The fund balance is available to the City for any purpose provided it is expended or transferred according to the Charter of the City of Bedford Heights and/or the general laws of Ohio.

City of Bedford Heights, Ohio

Notes to the Basic Financial Statements (continued)

For the Year Ended December 31, 2023

Note 2: Summary of Significant Accounting Policies (continued)

B. Fund Accounting (continued)

Fire Levy Fund – Accounts for three (3) mills for each one dollar of assessed valuation for the purpose of operating, equipping and housing the City's own division of fire.

Issue 24 Levy Fund – Accounts for 8.9 mills for each one dollar of assessed valuation for the purpose of operating the City's safety services.

Capital Improvements Fund – This fund is used to account for the financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds).

The other governmental funds of the City account for grants and other resources whose use is restricted to a particular purpose.

Proprietary Funds – The proprietary fund reporting focuses on the determination of operating income, changes in net position, financial position, and cash flows. Proprietary funds are classified as either enterprise or internal service.

Enterprise Fund – Enterprise funds may be used to account for any activity for which a fee is charged to external users for goods or services. The City's major enterprise fund is the Sewer Treatment Fund. This fund accounts for the provision of sanitary sewer service to the residents and commercial users located within the City.

Internal Service Funds – Internal service funds account for the financing of goods or services provided by one department or agency to other departments or agencies of the City on a cost-reimbursement basis. The City maintains two separate internal service funds to account for its worker's compensation self-insurance activity and medical self-insurance activity.

Fiduciary Funds – Fiduciary fund reporting focuses on net position and changes in net position. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds and custodial funds. Trust funds are used to account for assets held by the City under a trust agreement for individuals, private organizations, or other governments and are therefore not available to support the City's own programs. The City has no trust funds. Custodial funds are used to report fiduciary activities that are not required to be reported in a trust fund. The City's custodial fund is for the Mayor's Court.

C. Measurement Focus

Government-Wide Financial Statements

The government-wide financial statements are prepared using the flow of economic resources measurement focus. All assets and deferred outflows of resources and all liabilities and deferred inflows of resources associated with the operation of the City are included on the Statement of Net Position. Statement of Activities presents increases (e.g., revenues) and decreases (e.g., expenses) in total net position.

City of Bedford Heights, Ohio

Notes to the Basic Financial Statements (continued)

For the Year Ended December 31, 2023

Note 2: Summary of Significant Accounting Policies (continued)

C. Measurement Focus (continued)

Fund Financial Statements

All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and deferred outflows of resources and current liabilities and deferred inflows of resources generally are included on the Balance Sheet. The Statement of Revenues, Expenditures, and Changes in Fund Balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements, therefore, include reconciliations with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

Like the government-wide statements, all proprietary funds are accounted for on a flow of economic resources measurement focus. All assets and deferred outflows of resources and all liabilities and deferred inflows of resources associated with the operation of these funds are included on the Statement of Net Position. The Statement of Revenues, Expenses and Changes in Fund Net Position presents increases (i.e., revenues) and decreases (i.e., expenses) in total net position. The Statement of Cash Flows provides information about how the City finances and meets the cash flow needs of its proprietary activities.

D. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting; proprietary and fiduciary funds also use the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Differences in the accrual and modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred outflows/inflows of resources, and in the presentation of expenses versus expenditures.

Revenues – Exchange and Non-Exchange Transactions

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the year in which the resources are measurable and become available. Available means that the resources will be collected within the current year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current year. Available period for the City is 60 days after year-end.

Non-exchange transactions, in which the City receives value without directly giving equal value in return, include income taxes, property taxes, grants, entitlements and donations. On an accrual basis, revenue from income taxes is recognized in the period in which the income is earned.

City of Bedford Heights, Ohio

Notes to the Basic Financial Statements (continued)

For the Year Ended December 31, 2023

Note 2: Summary of Significant Accounting Policies (continued)

D. Basis of Accounting (continued)

Revenue from property taxes is recognized in the year for which the taxes are levied (see Note 7).

Revenue from grants, entitlements, and donations is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the City must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the City on a reimbursement basis. On a modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized. Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at year-end: income tax, state-levied locally shared taxes (including gasoline tax), fines and forfeitures, licenses and permits, interest, and grants.

Unearned Revenue

Unearned revenue represents amounts under the accrual and modified accrual basis of accounting for which asset recognition criteria have been met, but for which revenue recognition criteria have not yet been met because such amounts have not yet been earned.

Deferred Outflows/Inflows of Resources

In addition to assets, the financial statements that report financial position may include a section for deferred outflows of resources. Deferred outflows of resources represent a consumption of net position that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until then. The City has deferred outflows of resources for pension and OPEB (other postemployment benefits) plans reported in the Statements of Net Position and the amount in the proprietary funds is also reported in the fund financial statements.

For the City, deferred inflows of resources include property taxes, payments in lieu of taxes, unavailable revenue, amounts for pension and OPEB plans and leases. Property taxes and payments in lieu of taxes represent amounts for which there is an enforceable legal claim as of December 31, 2023, but which were levied to finance fiscal year 2024 operations. These amounts along with deferred inflows related to leases have been recorded as a deferred inflow on both the government-wide Statement of Net Position and the governmental funds Balance Sheet. Unavailable revenue is reported only on the governmental funds' Balance Sheet, and represents receivables, which will not be collected within the available period. For the City, unavailable revenue includes delinquent property taxes, income taxes, charges for services and intergovernmental revenues. These amounts are deferred and recognized as an inflow of resources in the period the amounts become available. Deferred inflows of resources related to pension and OPEB plans are reported on the government-wide Statement of Net Position and in the proprietary funds on the Statement of Fund Net Position.

The deferred outflows and inflows of resources related to pension and OPEB plans are explained in Note 13 and Note 14.

City of Bedford Heights, Ohio

Notes to the Basic Financial Statements (continued)

For the Year Ended December 31, 2023

Note 2: Summary of Significant Accounting Policies (continued)

D. Basis of Accounting (continued)

Expenses/Expenditures

On the accrual basis of accounting, expenses are recognized at the time they are incurred. The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

E. Budgetary Process

An annual appropriated budget is legally required to be prepared for all funds of the City other than agency funds. City Council passes appropriations at the fund level. Line item appropriations may be transferred between the accounts with the approval of the Mayor, Finance Director, and respective department head. City Council must approve any revisions in the budget that alter appropriations at the function and object level.

The following are the procedures used by the City in establishing the budgetary data reported in the basic financial statements:

Tax Budget

A tax budget of estimated revenues and expenditures for all funds is submitted to the County Fiscal Officer, as Secretary of the County Budget Commission, by July 20th of each year, for the period January 1 to December 31 of the following year.

Estimated Resources

The County Budget Commission determines if the budget substantiates a need to levy the full amount of authorized property tax rates and reviews revenue estimates. The Commission certifies its actions to the City by September 1. As part of this certification, the City receives the official certificate of estimated resources, which states the projected revenues of each fund. Prior to December 31, the City must revise its budget so that the total contemplated expenditures from any fund during the ensuing fiscal year will not exceed the amount available as stated in the certificate of estimated resources. The revised budget then serves as the basis for annual appropriation measures.

On or about January 1, the certificate of estimated resources is amended to include unencumbered fund balances at December 31. Further amendments are made during the year if the Finance Director determines that revenues to be collected will be greater than or less than the prior estimates and the budget commission find the revised estimates to be reasonable. The amounts reported in the budgetary statements as original represent the amounts in the first official certificate of estimated resources issued during 2023. The amounts reported in the budgetary statements as final reflect the amounts in the final amended official certificate of estimated resources issued during 2023.

City of Bedford Heights, Ohio

Notes to the Basic Financial Statements (continued)

For the Year Ended December 31, 2023

Note 2: Summary of Significant Accounting Policies (continued)

E. Budgetary Process (continued)

Annual Estimate

The Mayor, with the assistance of the Finance Director, is required by Charter to submit to City Council, on or before December 1 of each fiscal year, an estimate of the revenues and expenditures of each fund of the City for the next succeeding fiscal year. The annual estimate serves as the basis for appropriations (the appropriated budget) in each fund.

Appropriations

An appropriation ordinance (the appropriated budget) to control the level of expenditures for all funds must be legally enacted on or about January 1. Appropriations may not exceed estimated resources as established in the official amended certificate of estimated resources. Supplemental appropriations may be adopted by City Council action. The amounts reported as the original budgeted amounts in the budgetary statements reflect the first appropriated budget for each fund that covered the entire year, including amounts automatically carried over from prior years. The amounts reported as the final budgeted amounts in the statements of budgetary comparisons represent the final appropriation amounts, including all amendments and modifications.

Lapsing of Appropriations

At the close of each year, the unencumbered balance of each appropriation reverts to the respective fund from which it was appropriated and becomes subject to future appropriations. The encumbered appropriation balance is carried over for the subsequent year's expenditures and is re-appropriated.

Budgeted Level of Expenditure

Administrative control is maintained through the establishment of detailed line-item budgets. Appropriated funds may not be expended for purposes other than those designated in the appropriation ordinance without authority from City Council. Expenditures plus encumbrances may not legally exceed appropriations at the level of appropriation adopted by City Council. For all funds, City Council appropriations are made to personal services, travel and education, contractual services, supplies and materials, capital outlay, debt principal and interest payments, and transfer accounts for each department. The appropriations set by City Council must remain fixed unless amended by City Council ordinance. More detailed appropriation allocations may be made by the Finance Director as long as the allocations are within City Council's appropriated amount.

Encumbrances

As part of formal budgetary control, purchase orders, contracts, and other commitments for the expenditure of monies are encumbered and recorded as the equivalent of expenditures on the non-GAAP budgetary basis in order to reserve that portion of the applicable appropriation and determine and maintain legal compliance. The Ohio Revised Code prohibits expenditures plus encumbrances from exceeding appropriations.

City of Bedford Heights, Ohio

Notes to the Basic Financial Statements (continued)

For the Year Ended December 31, 2023

Note 2: Summary of Significant Accounting Policies (continued)

F. Cash and Cash Equivalents

To improve cash management, cash received by the City is pooled. Monies for all funds, including proprietary funds, are maintained in this pool. Individual fund integrity is maintained through the City's records. Each fund's interest in the pool is presented as "Cash and cash equivalents" in the financial statements.

During 2023, the City invested in STAR Ohio.

Except for nonparticipating investment contracts, investments are reported at fair value which is based on quoted market prices. Nonparticipating investment contracts and nonnegotiable certificates of deposit are reported at cost.

STAR Ohio, is an investment pool managed by the State Treasurer's Office which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but the City has adopted Governmental Accounting Standards Board (GASB), Statement No. 79, *Certain External Investment Pools and Pool Participants*. The City measures their investment in STAR Ohio at the net asset value (NAV) per share provided by STAR Ohio. The NAV per share is calculated on an amortized cost basis that provides a NAV per share that approximates fair value.

For the year ended 2023, there were no limitations or restrictions on any participant withdrawals due to redemption notice periods, liquidity fees, or redemption gates. However, notice must be given 24 hours in advance of all deposits and withdrawals exceeding \$100 million. STAR Ohio reserves the right to limit the transaction to \$250 million, requiring the excess amount to be transacted the following business day(s), but only to the \$250 million limit. All accounts of the participant will be combined for these purposes.

Investment procedures are restricted by the provisions of the Ohio Revised Code. Interest revenue credited to the general fund during 2023 amounted to \$28,803, which includes \$5,854 assigned from other City funds. All investment earnings accrue to the general fund except those funds specifically required to earn interest by Ohio law.

Investments of the cash management pool and investments with an original maturity of three months or less at the time of purchase are presented on the financial statements as "cash and cash equivalents."

G. Inventory

Inventories for all governmental funds are valued using the first-in/first-out method. The purchase method is used to account for inventories. Under the purchase method, inventories are recorded as expenditures when purchased; however, material amounts of inventories at period-end are reported as assets of the respective fund.

Inventories of proprietary funds are valued using the first-in/first-out method and expensed when used rather than when purchased.

City of Bedford Heights, Ohio

Notes to the Basic Financial Statements (continued)

For the Year Ended December 31, 2023

Note 2: Summary of Significant Accounting Policies (continued)

H. Prepaid Items

Payments made to vendors for services that will benefit periods beyond December 31, 2023, are recorded as prepaid items using the allocation method by recording a current asset for the prepaid amount and reflecting the expenditure/expense in the year in which it was consumed.

I. Capital Assets

General capital assets are those assets not specifically related to activities reported in the proprietary funds. These assets generally result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the government-wide Statement of Net Position but are not reported in the fund financial statements. Capital assets utilized by the proprietary funds are reported both in the business-type activities column of the government-wide Statement of Net Position and in the respective funds.

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated capital assets, donated works of art and similar items, and capital assets received in a service concession arrangement are reported at acquisition value. The City’s capitalization threshold is \$5,000. The City’s infrastructure consists of streets and sanitary and storm sewer lines. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset’s life are not.

In the case of the initial capitalization of general infrastructure the City chose to include all such items regardless of their acquisition date or amount. The City was able to estimate the historical cost for the initial reporting of these assets by estimating the current replacement cost of the infrastructure to be capitalized and using an appropriate price-level index to deflate the cost to the acquisition year or estimated acquisition year. As the City constructs or acquires additional capital assets each period, including infrastructure assets, they are capitalized and reported at historical cost.

All capital assets are depreciated except for land and construction in progress. Improvements are depreciated over the remaining useful lives of the related capital assets. Useful lives for infrastructure were estimated based on the City’s historical records of necessary improvements and replacement. Depreciation is computed using the straight-line method over the following useful lives:

<u>Description</u>	<u>Estimated Lives</u>
Buildings and improvements	6 to 50 years
Furniture, fixtures, and equipment	3 to 40 years
Vehicles	5 to 15 years
Infrastructure:	
Streets	15 to 20 years
Sewer lines	50 to 75 years

City of Bedford Heights, Ohio

Notes to the Basic Financial Statements (continued)

For the Year Ended December 31, 2023

Note 2: Summary of Significant Accounting Policies (continued)

J. Interfund Balances

On the fund financial statements, receivables and payables resulting from transactions between funds for services provided or goods received and from short-term interfund loans are classified as “interfund receivables/payables.” Interfund balance amounts are eliminated in the Statement of Net Position, except for any net residual amounts due between governmental and business-type activities, which are presented as internal balances.

K. Compensated Absences

Vacation benefits are accrued as a liability as the benefits are earned if the employees’ rights to receive compensation are attributable to services already rendered and it is probable that the employer will compensate the employees for the benefits through paid time off or some other means.

Sick leave benefits are accrued as a liability using the vesting method. The liability includes the employees who are currently eligible to receive termination benefits and those that the City has identified as probable of receiving payment in the future. The amount is based on accumulated sick leave and employee wage rates at fiscal year-end taking into consideration any limits specified in the City’s termination policy. Additionally, certain salary related payments associated with the payment of compensated absences have been accrued.

The entire compensated absence liability is reported on the government-wide financial statements.

L. Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements, and all payables, accrued liabilities and long-term obligations payable from proprietary funds are reported on the proprietary fund financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources, are reported as obligations of the funds. However, claims and judgments and compensated absences that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current year. Bonds, financed purchase, subscription payable, lease payable and long-term loans are recognized as a liability on the fund financial statements when due.

City of Bedford Heights, Ohio

Notes to the Basic Financial Statements (continued)

For the Year Ended December 31, 2023

Note 2: Summary of Significant Accounting Policies (continued)

M. Leases

As lessee, the City recognizes lease contracts or equivalents that have a term exceeding one year and the cumulative future payments on the contract exceed \$5,000 that meet the definition of another than short-term lease. Short-term lease payments are expensed when incurred. At the commencement of a lease, the City initially measures the lease liability at the present value of payments expected to be made during the lease term. The City uses a discount rate that is explicitly stated or implicit in the contract. When a readily determinable discount rate is not available, the discount rate is determined using the City's incremental borrowing rate at start of the lease for a similar asset type and term length to the contract. Subsequently, the lease liability is reduced by the principal portion of lease payments made. The lease asset is initially measured as the initial amount of the lease liability, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. Subsequently, the lease asset is amortized on a straight-line basis over its useful life.

As lessor, the City recognizes lease contracts or equivalents that have a term exceeding one year and the cumulative future payments on the contract exceed \$5,000 that meet the definition of another than short-term lease. At the commencement of the lease, the City records a receivable and deferred inflow of the net present value of future expected payments using a discount rate explicitly stated or implicit in the contract. Short-term lease receipts and variable lease receipts not included in the measurement of the lease receivable are recognized as income when earned.

N. Subscriptions

The City recognizes subscription-based information technology arrangements that have a term exceeding one year and future payments on the contract exceed \$5,000. Short-term subscriptions are expensed as incurred. At the commencement of the subscription arrangement, the City initially measures the subscription liability at the present value of payments expected to be made during the term. The City uses a discount rate that is determined using the City's incremental borrowing rate at start of the subscription arrangement for a similar asset type and term length to the contract. Subsequently, the subscription liability is reduced by the principal portion of payments made. The subscription asset is initially measured as the initial amount of the subscription liability. Subsequently, the subscription asset is amortized on a straight-line basis over its useful life.

City of Bedford Heights, Ohio

Notes to the Basic Financial Statements (continued)

For the Year Ended December 31, 2023

Note 2: Summary of Significant Accounting Policies (continued)

O. Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the City is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

Nonspendable: The nonspendable fund balance category includes amounts that cannot be spent because they are not in spendable form, or legally or contractually required to be maintained intact. The “not in spendable form” criterion includes items that are not expected to be converted to cash.

Restricted: Fund balance is reported as restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or is imposed by law through constitutional provisions or enabling legislation (City ordinances).

Enabling legislation authorizes the City to assess, levy, charge, or otherwise mandate payment of resources (from external resource providers) and includes a legally enforceable requirement that those resources be used only for the specific purposes stipulated in the legislation. Legal enforceability means that the City can be compelled by an external party—such as citizens, public interest groups, or the judiciary to use resources created by enabling legislation only for the purposes specified by the legislation.

Committed: The committed fund balance classification includes amounts that can be used only for the specific purposes imposed by a formal action (ordinance) of City Council. Those committed amounts cannot be used for any other purpose unless City Council removes or changes the specified use by taking the same type of action (ordinance) it employed to previously commit those amounts. In contrast to fund balance that is restricted by enabling legislation, committed fund balance classification may be redeployed for other purposes with appropriate due process. Constraints imposed on the use of committed amounts are imposed by City Council, separate from the authorization to raise the underlying revenue; therefore, compliance with these constraints are not considered to be legally enforceable. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

Assigned: Amounts in the assigned fund balance classification are intended to be used by the City for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds other than the general fund, assigned fund balance represents the remaining amount that is not restricted or committed. In the general fund, assigned amounts represent intended uses established by City Council or a City official delegated that authority by City Charter or ordinance. The City’s delegated official is the Finance Director. City Council assigned fund balance to cover gap between estimated revenue and appropriations in 2024’s appropriated budget.

City of Bedford Heights, Ohio

Notes to the Basic Financial Statements (continued)

For the Year Ended December 31, 2023

Note 2: Summary of Significant Accounting Policies (continued)

O. Fund Balance (continued)

Unassigned: Unassigned fund balance is the residual classification for the general fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance resulting from overspending for specific purposes for which amounts had been restricted, committed, or assigned.

The City applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

P. Net Position

Net position represents the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvement of those assets. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the City or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. The government-wide Statement of Net Position reports \$3,857,289 of restricted net position, none of which is restricted by enabling legislation.

The City applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

Q. Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary funds. For the City, these revenues are reimbursements for the sewer treatment plant. Operating expenses are necessary costs incurred to provide the service that is the primary activity of the fund. All revenues and expenses not meeting this definition are reported as non-operating.

R. Interfund Activity

Transfers between governmental and business-type activities on the government-wide statements are reported in the same manner as general revenues. Transfers between governmental activities are eliminated on the government-wide financial statements. Internal allocations of overhead expenses from one function to another or within the same function are eliminated on the Statement of Activities. Interfund payments for services provided and used are not eliminated.

City of Bedford Heights, Ohio

Notes to the Basic Financial Statements (continued)

For the Year Ended December 31, 2023

Note 2: Summary of Significant Accounting Policies (continued)

R. Interfund Activity (continued)

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after non-operating revenues/expenses in proprietary funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

S. Pensions/Other Postemployment Benefits (OPEB)

For purposes of measuring the net pension/OPEB liability/asset, deferred outflows of resources and deferred inflows of resources related to pension/OPEB, and pension/OPEB expense, information about the fiduciary net position of the pension/OPEB plans and additions to/deductions from their fiduciary net position have been determined on the same basis as they are reported by the pension/OPEB systems. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. The pension/OPEB systems report investments at fair value.

T. Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

U. Capital contributions

Contributions of capital in proprietary fund financial statements arise from outside contributions of capital assets, tap-in fees to the extent they exceed the cost of the connection to the system, or from grants or outside contributions of resources restricted to capital acquisition and construction.

Note 3: Change in Accounting Principles

Newly Adopted Accounting Pronouncements

For fiscal year 2023, the City implemented the following Governmental Accounting Standards issued by the Governmental Accounting Standards Board (GASB):

GASB Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*, was issued in March 2020. This statement clarifies the accounting and financial reporting surrounding public-private and public-public partnerships and availability payment arrangements. The requirements of this statement will take effect for financial statements starting with the fiscal year that ends June 30, 2023. The implementation of this GASB pronouncement did not result in any changes to the City's financial statements.

City of Bedford Heights, Ohio

Notes to the Basic Financial Statements (continued)

For the Year Ended December 31, 2023

Note 3: Change in Accounting Principles (continued)

Newly Adopted Accounting Pronouncements (continued)

GASB Statement No. 96, *Subscription-Based Information Technology Arrangements*, was issued in May 2020. This statement provides guidance on the accounting and financial reporting for subscription-based information technology arrangements. The requirements of this statement will take effect for financial statements starting with the fiscal year that ends June 30, 2023. The implementation of this GASB pronouncement did not result in any changes to the City's financial statements.

GASB Statement No. 99, *Omnibus 2022*, was issued in April 2022. This statement addresses a variety of topics with objectives to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing practice issues that have been identified during implementation and application of certain GASB Statements. The effective date of this standard to reporting periods beginning after June 15, 2022. The implementation of this GASB pronouncement did not result in any changes to the City's financial statements.

GASB Statement No. 97 *Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans—An Amendment of GASB Statements No. 14 AND NO. 84, and a Supersession of GASB Statement No. 32*, was issued in June 2020. The primary objectives of this Statement are to (1) increase consistency and comparability related to the reporting of fiduciary component units in circumstances in which a potential component unit does not have a governing board and the primary government performs the duties that a governing board typically would perform; (2) mitigate costs associated with the reporting of certain defined contribution pension plans, defined contribution other postemployment benefit (OPEB) plans, and employee benefit plans other than pension plans or OPEB plans (other employee benefit plans) as fiduciary component units in fiduciary fund financial statements; and (3) enhance the relevance, consistency, and comparability of the accounting and financial reporting for Internal Revenue Code (IRC) Section 457 deferred compensation plans (Section 457 plans) that meet the definition of a pension plan and for benefits provided through those plans. The implementation of this GASB pronouncement did not result in any changes to the City's financial statements.

Newly Issued Accounting Pronouncements, Not Yet Adopted

GASB Statement No. 100, *Accounting Changes and Error Corrections—An Amendment of GASB Statement No. 62*, was issued in June 2022. The primary objective of this Statement is to enhance accounting and financial reporting requirements for accounting changes and error corrections to provide more understandable, reliable, relevant, consistent, and comparable information for making decisions or assessing accountability. The effective date of this standard to reporting periods beginning after June 15, 2023. The City has not yet determined the impact that this GASB pronouncement will have on its financial statements and disclosures.

GASB Statement No. 101, *Compensated Absences*, was issued in June 2022. The primary objective of this Statement is to update the recognition and measurement guidance for compensated absences by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures. The requirements of this statement are effective for fiscal years beginning after December 15, 2023. The City has not yet determined the impact that this GASB pronouncement will have on its financial statements and disclosures.

City of Bedford Heights, Ohio

Notes to the Basic Financial Statements (continued)

For the Year Ended December 31, 2023

Note 4: Fund Balances

Fund balance is classified as nonspendable, restricted, committed, assigned and/or unassigned based primarily on the extent to which the City is bound to observe constraints imposed upon the use of the resources in the government funds. The constraints placed on fund balance for the major governmental funds and all other governmental funds are presented below:

<u>Fund Balances</u>	<u>General</u>	<u>Fire Levy</u>	<u>Issue 24 Levy</u>	<u>Capital Improvements</u>	<u>Nonmajor Governmental</u>	<u>Total Governmental</u>
Nonspendable:						
Prepaids	\$ 75,130	\$ -	\$ -	\$ -	\$ -	\$ 75,130

For the Year Ended December 31, 2023

Note 5: Budgetary Basis of Accounting

While reporting financial position, results of operations, and changes in fund balance on the basis of generally accepted accounting principles (GAAP basis), the budgetary basis, as provided by law, is based upon accounting for transactions on a basis of cash receipts and disbursements. The Statements of Revenues, Expenditures, and Changes in Fund Balances – Budget (Non-GAAP Budgetary Basis) and Actual are presented on the budgetary basis to provide a meaningful comparison of actual results with the budget and to demonstrate compliance with State statute.

The major differences between the budgetary basis and the GAAP basis are identified as follows:

- (a) Revenues are recorded when received in cash (budgetary) as opposed to when susceptible to accrual (GAAP).
- (b) Expenditures are recorded when paid in cash (budgetary) as opposed to when the liability is incurred (GAAP).
- (c) Encumbrances are treated as expenditures (budgetary) rather than assigned fund balance (GAAP).
- (d) Budgetary revenues and expenditures of certain funds are classified to general fund for GAAP Reporting.

The following table summarizes the adjustments necessary to reconcile the GAAP basis statements to the budgetary basis statements for the general fund, fire levy fund, and Issue 24 levy fund.

	<u>Net Change in Fund Balances</u>		
	<u>General</u>	<u>Fire Levy</u>	<u>Issue 24 Levy</u>
GAAP basis	\$ 991,529	\$ (29,243)	\$ (98,079)
<u>Increase (decrease) due to:</u>			
Revenue accruals	196,101	(3,059)	(35,913)
Expenditure accruals	(18,054)	33,231	57,705
Encumbrances	(144,039)	(10,032)	(24,103)
To reclassify the net change in fund balance for funds combined with the general fund for GASB 54	<u>31,077</u>	<u>-</u>	<u>-</u>
Budget basis	\$ <u>1,056,614</u>	\$ <u>(9,103)</u>	\$ <u>(100,390)</u>

City of Bedford Heights, Ohio

Notes to the Basic Financial Statements (continued)

For the Year Ended December 31, 2023

Note 6: Deposits and Investments

State statutes classify monies held by the City into three categories.

Active deposits are public deposits necessary to meet current demands on the treasury. Such monies must be maintained either as cash in the City treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are monies identified as not required for use within the current five-year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit, or by savings or deposit accounts including passbook accounts.

Interim monies may be deposited or invested in the following securities:

1. United States Treasury bills, bonds, notes, or any other obligation or security issued by the United States Treasury, or any other obligation guaranteed as to principal and interest by the United States;
2. Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality, including, but not limited to, Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, and Government National Mortgage Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. No-load money market mutual funds consisting exclusively of obligations described in (1) or (2) and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;
4. Time certificates of deposit or savings or deposit accounts including, but not limited to, passbook accounts;
5. Bonds and other obligations of the State of Ohio, and with certain limitations including a requirement for maturity within ten years from the date of settlement, bonds and other obligations of political subdivisions of the State of Ohio, if training requirements have been met;
6. The State Treasurer's investment pool (STAR Ohio);
7. Certain bankers' acceptances (for a period not to exceed one hundred eighty days) and commercial paper notes (for a period not to exceed two hundred seventy days) in an amount not to exceed 40 percent of the interim monies available for investment at any one time if training requirements have been met; and

City of Bedford Heights, Ohio

Notes to the Basic Financial Statements (continued)

For the Year Ended December 31, 2023

Note 6: Deposits and Investments (continued)

8. Written repurchase agreements in the securities described in (1) or (2) provided the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least 2% and be marked to market daily, and the term of the agreement must not exceed thirty days.

Investments in stripped principal or interest obligations, reverse repurchase agreements, and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. An investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the City, and must be purchased with the expectation that it will be held to maturity.

Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the treasurer or qualified trustee or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

A. Deposits

Custodial credit risk is the risk that in the event of bank failure, the City's deposits may not be returned to it.

The City has no deposit policy for custodial risk beyond the requirements of State statute. Ohio law requires that deposits be either insured or be protected by:

Eligible securities pledged to the City and deposited with a qualified trustee by the financial institution as security for repayment whose market value at all times shall be at least 105% of the deposits being secured; or

Participation in the Ohio Pooled Collateral System (OPCS), a collateral pool of eligible securities deposited with a qualified trustee and pledged to the Ohio Treasurer of State to secure the repayment of all public monies deposited in the financial institution. OPCS requires the total market value of the securities pledged to be 102% of the deposits being secured or a rate set by the Treasurer of State.

At year-end, the bank balance of the City's deposits was \$34,146,415. At year-end \$8,519,142 of the City's total bank balance was exposed to custodial credit risk because those deposits were uninsured and uncollateralized. One of the City's financial institution participates in the OPCS and was approved by the Ohio Treasurer of State for a reduced collateral floor of 60% resulting in the uninsured and uncollateralized balance. The City also has \$250 in petty cash on hand.

City of Bedford Heights, Ohio

Notes to the Basic Financial Statements (continued)

For the Year Ended December 31, 2023

Note 6: Deposits and Investments (continued)

B. Investments

As of December 31, 2023, the City had the following investments:

	<u>Fair Value</u>	<u>Maturities (in years) Less than 1</u>	<u>Maturities (in years) More than 1</u>
STAR Ohio	\$ <u>1,023,753</u>	\$ <u>1,023,753</u>	\$ <u>-</u>

The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

STAR Ohio is measured at amortized cost, Level 1. At December 31, 2023, the average days to maturity was 46.4.

Interest Rate Risk arises because potential purchasers of debt securities will not agree to pay face value for those securities if interest rates subsequently increase. The City’s investment policy addresses interest rate risk requiring that the City’s investment portfolio be structured so that securities mature to meet cash requirements for ongoing operations and/or long-term debt payments, thereby avoiding that need to sell securities on the open market prior to maturity and by investing operating funds primarily in short-term investments. The City’s investment policy also limits security purchases to those that mature within five years unless specifically matched to a specific cash flow. To date, no investments have been purchased with a life greater than one year.

Custodial Risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, the City will not be able to recover the value of investment or collateral securities that are in the possession of an outside party. All financial institutions and broker/dealers who desire to become qualified for investment transactions with the City must meet a set of prescribed standards and be periodically reviewed.

Credit Risk is addressed by the City’s investment policy by the requirements that all investments are authorized by Ohio Revised Code and that the portfolio be diversified both by types of investment and issuer. The City’s investment in Star Ohio carries an “AAAm” money market rating by Standard & Poor’s.

Concentration of Credit Risk is defined by the Governmental Accounting Standards Board as five percent or more in the securities of a single issuer. The City’s investment policy requires diversification of the portfolio but does not indicate specific percentage allocations. The following is the City’s allocation as of December 31, 2023:

<u>Investment Issuer</u>	<u>Percentage of Investments</u>
STAR Ohio	100 %

City of Bedford Heights, Ohio

Notes to the Basic Financial Statements (continued)

For the Year Ended December 31, 2023

Note 7: Receivables

Receivables at December 31, 2023 consisted primarily of taxes, accounts, special assessments, leases, and intergovernmental receivables arising from shared revenues. The sewer treatment fund accounts receivable is net of a \$105,288 allowance for doubtful accounts. All remaining receivables are considered fully collectible.

A. Property Taxes

Property taxes include amounts levied against all real property and public utility tangible personal property located in the City. Property tax revenue received during 2023 for real and public utility property taxes represents collections for 2022 taxes. Property tax payments received during 2023 for tangible personal property, except for public utility property, are for prior year unpaid tangible personal property taxes.

Real property taxes (other than public utility property) are levied after October 1 on the assessed value listed as of the prior January 1, the lien date. Assessed values are established by the Cuyahoga County Fiscal Officer at 35% of the appraised market value, and reappraisal of all property is required every six years with a triennial update.

Real property taxes are payable annually or semi-annually. If paid annually, payment is due December 31; if paid semi-annually, the first payment is due December 31 with the remainder payable by June 20. Taxes not paid become delinquent after December 31 of the year in which payable. Under certain circumstances, State statute permits earlier or later payment dates to be established.

Public utility tangible personal property currently is assessed at varying percentages of true value; public utility real property is assessed at 35% of true value. Public utility real and tangible personal property taxes collected during the calendar year were levied in the preceding calendar year based on assessed values as of January 1 of that preceding year, the lien date.

Tangible personal property used in business (except for public utilities) was phased out – the assessment percentage for all property including inventory is zero. Amounts for prior year unpaid tangible personal property taxes may still be collected. Under Ohio law, personal property taxes do not attach as a lien on the personal property.

While property tax rates are levied by the City, the Cuyahoga County Fiscal Officer is statutorily responsible for administering and collecting real property taxes on the behalf of all taxing authorities in the County, including the City. The County periodically remits to the City its portion of taxes collected.

The assessed values per category applicable to the 2023 tax collections are as follows:

Assessed Value

Category

Real estate	\$ 259,374,710
Public utility	<u>9,804,920</u>
Total	\$ <u>269,179,630</u>

City of Bedford Heights, Ohio

Notes to the Basic Financial Statements (continued)

For the Year Ended December 31, 2023

Note 7: Receivables (continued)

A. Property Taxes (continued)

The tax rate levied to finance the City's services for the year ended December 31, 2023 was \$21.9 per \$1,000 of real estate and personal property valuation.

B. Income Tax

The City levies and collects an income tax of 2% on all income earned within the City as well as on income of residents earned outside the City. In the latter case, the City allows a credit of 100% of the tax paid to another municipality, not to exceed the amount owed. Employers within the City are required to withhold income tax on employee earnings and remit the tax to the City at least monthly.

Corporations and other individual taxpayers are also required to pay their estimated tax at least quarterly and file a final return annually. The City, by ordinance, allocates income tax revenues and expenditures for collecting, administering, and enforcing the tax to the general fund.

C. Intergovernmental

A summary of intergovernmental receivables is as follows:

	<u>Amounts</u>
Governmental activities:	
Local governmental	\$ 178,088
Homestead and rollback	228,415
Gasoline tax	301,462
Auto registration	64,580
Permissive auto tax	7,334
Payments in lieu of taxes	213,362
Miscellaneous	<u>114,637</u>
Total governmental activities	<u>1,107,878</u>
Business type activities:	
Miscellaneous	<u>3,542</u>
Total intergovernmental receivable	\$ <u><u>1,111,420</u></u>

City of Bedford Heights, Ohio

Notes to the Basic Financial Statements (continued)

For the Year Ended December 31, 2023

Note 7: Receivables (continued)

D. Lease Receivable

The City has entered into a lease agreement for towers with Crown Castle. The City recognized lease revenue of \$40,031 and interest revenue of \$44,990 in 2023 related to lease payments received. A summary of future lease receipts is as follows:

Governmental activities:

	Principal	Interest	Total
2024	\$ 5,402	\$ 44,806	\$ 50,208
2025	5,599	44,609	50,208
2026	5,804	44,404	50,208
2027	6,017	44,191	50,208
2028	12,598	43,886	56,484
2029-2033	84,539	211,374	295,913
2034-2038	149,651	190,649	340,300
2039-2043	234,855	156,490	391,345
2044-2048	345,192	104,855	450,047
2049-2053	397,419	31,772	429,191
Total	\$ <u>1,247,076</u>	\$ <u>917,036</u>	\$ <u>2,164,112</u>

Note 8: Interfund Transactions

Interfund transfers for the year ended December 31, 2023, consisted of the following:

Transfer to	Transfer from		
	General Fund	Nonmajor Governmental Funds	Total
Fire Levy Fund	\$ 2,050,000	\$ -	\$ 2,050,000
Issue 24 Levy Fund	1,810,000	-	1,810,000
Capital Improvements Fund	2,605,000	614,760	3,219,760
Nonmajor Governmental Funds	741,786	-	741,786
Total	\$ <u>7,206,786</u>	\$ <u>614,760</u>	\$ <u>7,821,546</u>

Transfers are used to move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them and unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations; to segregate money for anticipated capital projects; to provide additional resources for current operations or debt service; and to return money to the fund from which it was originally provided once a project is completed. The City had no transfers that were inconsistent with the purpose of the fund making the transfer. The nonmajor governmental fund transfer to the capital improvements fund was to fund debt payments.

City of Bedford Heights, Ohio

Notes to the Basic Financial Statements (continued)

For the Year Ended December 31, 2023

Note 10: Long-Term Debt (continued)

B. Long-Term Obligations (continued)

The City's outstanding OPWC loans from direct borrowings contain provisions that in the event of default (1) OPWC may apply late fees of 8% per year, (2) loans more than 60 days late will be turned over to the Attorney General's office for collection, and as provided by law, OPWC may require that such payment be taken from the City's share of the county undivided local government fund, and (3) the outstanding amounts shall, at OPWC's option, become immediately due and payable.

The governmental activities OPWC loans will be paid from the capital improvement fund and the business-type OPWC loans will be paid from the sewer fund. The City pays obligations related to employee compensation and pension/OPEB amounts from the fund benefitting from their service.

The 2009 Sunset Drive Improvements OPWC loan was for \$281,155 and will be repaid in semiannual installments over 20 years. This loan was used to for road improvements on Sunset Drive. The 2012 Columbia Drive Improvements OPWC loan was for \$538,699 and will be repaid in semiannual installments over 20 years. This loan was used to improve storm waterlines along Columbia Drive. The 2017 Perkins Road Forcemain OPWC loan was for \$272,491 and will be repaid in semiannual installments over 30 years. This loan was used to replace sanitary force mains on Perkins Road. The Libby Road (SR 17) Reconstruction loan has not been finalized and is excluded in the future annual debt service table.

Principal requirements to retire the long-term debt obligations outstanding at December 31, 2023 are as follows:

Year	OPWC Loans*	
	Governmental Principal	Business-Type Principal
2024	\$ 41,772	\$ 9,083
2025	41,773	9,083
2026	41,774	9,083
2027	41,773	9,083
2028	41,774	9,083
2029-2033	164,350	45,415
2034-2038	13,469	45,415
2039-2043	-	45,415
2044-2048	-	45,416
Totals	\$ 386,685	\$ 227,076

* Long-term obligation is a direct placement.

The legal debt margin of the City as of December 31, 2023 was \$28,263,861 with an unvoted debt margin of \$14,804,880.

In 2023, the City entered into a \$2,341,087 WWTP Improvements Phase I OWDA loan. As of December 31, 2023, the loan balance is \$-0- as no OWDA disbursements were made.

City of Bedford Heights, Ohio

Notes to the Basic Financial Statements (continued)

For the Year Ended December 31, 2023

Note 11: Financed purchase

The City entered into agreements for copiers. The City's obligations are recorded on the government-wide statements. Payments for governmental fund-type obligations has been reclassified and are reflected as debt service expenses in the fund financial statements. Payments were made from the issue 24 levy fund. The lease payments were paid with current available resources that have accumulated in the fund.

Amortization of financed purchased items are included in depreciation expense. The lease expired in 2023.

Note 12: Compensated Absences

The City accrues vacation and compensatory time benefits as earned by its employees if the leave is attributable to past service and it is probable that the City will compensate the employees for the benefits through paid time off or some other means, such as cash payments at termination or retirement. Likewise, the City accrues for sick pay benefits as earned by those employees who currently are eligible to receive termination payments as well as other employees who are expected to become eligible in the future. These compensated absences are measured using the pay rates in effect at December 31, 2023. Additionally, certain salary related payments associated with the payment of compensated absences have been accrued.

Vacation leave is earned at rates that vary depending upon length of service and standard workweek. The City's current vacation policy specifies that accumulated vacation leave must be used prior to December 31 of the year following the year in which it is earned unless approved by City Council.

Each department earns sick leave at a negotiated rate per month. Each employee with the City is paid a portion of the employee's earned unused sick leave, with a maximum number of hours per department specifications, upon retirement from the City with 10 years of service. The Police and Fire Departments are able to accumulate compensatory time in lieu of being paid overtime, to be taken anytime or paid at the time of separation.

Note 13: Defined Benefit Pension Plans

A. Net Pension/OPEB Liability (Asset)

The net pension/OPEB liability (asset) reported on the Statement of Net Position represents a liability (asset) to employees for pensions/OPEB. Pensions/OPEB are a component of exchange transactions – between an employer and its employees – of salaries and benefits for employee services. Pensions/OPEB are provided to an employee – on a deferred-payment basis – as part of the total compensation package offered by an employer for employee services each financial period. The obligation to sacrifice resources for pensions/OPEB is a present obligation because it was created as a result of employment exchanges that already have occurred.

City of Bedford Heights, Ohio

Notes to the Basic Financial Statements (continued)

For the Year Ended December 31, 2023

Note 13: Defined Benefit Pension Plans (continued)

A. Net Pension/OPEB Liability (Asset) (continued)

The net pension/OPEB liabilities (asset) represents the City's proportionate share of each pension/OPEB plan's collective actuarial present value of projected benefit payments attributable to past periods of service, net of each pension/OPEB plan's fiduciary net position. The net pension/OPEB liability (asset) calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting this estimate annually.

The Ohio Revised Code limits the City's obligation for this liability to annually required payments. The City cannot control benefit terms or the manner in which pensions/OPEB are financed; however, the City does receive the benefit of employees' services in exchange for compensation including pension and OPEB.

GASB 68 and 75 assumes the liability (asset) is solely the obligation of the employer, because (1) they benefit from employee services; and (2) State statute requires all funding to come from these employers. All contributions to date have come solely from these employers (which also includes costs paid in the form of withholdings from employees). The retirement systems may allocate a portion of the employer contributions to provide for OPEB benefits including primarily health care. In most cases, health care plan enrollees pay a portion of the health care costs in the form of a monthly premium.

State statute requires the retirement systems to amortize unfunded pension/OPEB liabilities within 30 years. If the pension/OPEB amortization period exceeds 30 years, each retirement system's board must propose corrective action to the State legislature. Any resulting legislative change to benefits or funding could significantly affect the net pension/OPEB liability (asset). Resulting adjustments to the net pension/OPEB liability (asset) would be effective when the changes are legally enforceable. The Ohio Revised Code permits, but does not require the retirement systems to provide health care to eligible benefit recipients.

The proportionate share of each plan's unfunded benefits is presented as a long-term net pension/OPEB liability (asset) on the accrual basis of accounting. Funded benefits are presented as a net pension/OPEB asset. Any liability for the contractually-required contribution outstanding at the end of the year is included in accrued wages and benefits on both the accrual and modified accrual bases of accounting. The remainder of this note includes the required pension disclosures. See Note 14 for the required OPEB disclosures.

B. Plan Description – Ohio Public Employees Retirement System (OPERS)

Plan Description – City employees participate in the Ohio Public Employees Retirement System (OPERS). OPERS is a cost-sharing, multiple-employer public employee retirement system comprised of three separate pension plans: the traditional pension plan, defined benefit plan; the combined plan, a hybrid defined benefit/defined contribution plan; and the member-directed plan, a defined contribution plan. Effective January 1, 2022 the combined plan is no longer available for member selection. While members (e.g., City employees) may elect the member-directed plan, substantially all employee members are in OPERS' traditional or combined plans; therefore, the following disclosure focuses on the traditional and combined plans.

City of Bedford Heights, Ohio

Notes to the Basic Financial Statements (continued)

For the Year Ended December 31, 2023

Note 13: Defined Benefit Pension Plans (continued)

B. Plan Description – Ohio Public Employees Retirement System (OPERS) (continued)

OPERS provides retirement, disability, survivor and death benefits, and annual cost of living adjustments to members of the traditional and combined plans. Authority to establish and amend benefits is provided by Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report that includes financial statements, required supplementary information and detailed information about OPERS' fiduciary net position that may be obtained by visiting <https://www.opers.org/financial/reports.shtml>, by writing to the Ohio Public Employees Retirement System, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling 614-222-5601 or 800-222-7377.

Senate Bill (SB) 343 was enacted into law with an effective date of January 7, 2013. In the legislation, members were categorized into three groups with varying provisions of the law applicable to each group. Final average salary (FAS) represents the average of the three highest years of earnings over the member's career for Groups A and B. Group C is based on the average of the five highest years of earning over a member's career. Members who retire before meeting the age and years of service credit requirement for unreduced benefits receive a percentage reduction in the benefit amount.

The traditional plan is a defined benefit plan in which a member's retirement benefits are calculated on a formula that considers years of service and FAS. Pension benefits are funded by both member and employer contributions and investment earnings on those contributions.

The following table provides age and service requirements for retirement and the retirement formula applied to the FAS for the three member groups under the traditional plans (see OPERS ACFR referenced above for additional information):

Group A Eligible to retire prior to January 7, 2013 or five years after January 7, 2013	Group B 20 years of service credit prior to January 7, 2013 or eligible to retire ten years after January 7, 2013	Group C Members not in other Groups and members hired on or after January 7, 2013
State and Local Age and Service Requirements: Age 60 with 5 years of service credit or Age 55 with 25 years of service credit	State and Local Age and Service Requirements: Age 60 with 5 years of service credit or Age 55 with 25 years of service credit	State and Local Age and Service Requirements: Age 57 with 25 years of service credit or Age 62 with 5 years of service credit
Traditional Formula: 2.2% of FAS multiplied by years of service for the first 30 years and 2.5% for service years in excess of 30	Traditional Formula: 2.2% of FAS multiplied by years of service for the first 30 years and 2.5% for service years in excess of 30	Traditional Formula: 2.2% of FAS multiplied by years of service for the first 35 years and 2.5% for service years in excess of 35

When a benefit recipient retiring under the traditional pension plan has received benefits for 12 months, an annual cost of living adjustment (COLA) is provided on the member's base benefit. This COLA is calculated on the base retirement benefit at the date of retirement and is not compounded. For those retiring prior to January 7, 2013, the COLA will continue to be a 3% simple annual COLA. For those retiring on or after January 7, 2013, beginning in calendar year 2019, the COLA will be based on the average percentage increase in the Consumer Price Index, capped at 3%.

City of Bedford Heights, Ohio

Notes to the Basic Financial Statements (continued)

For the Year Ended December 31, 2023

Note 13: Defined Benefit Pension Plans (continued)

B. Plan Description – Ohio Public Employees Retirement System (OPERS) (continued)

Additionally, a death benefit of \$500-\$2,500, determined by the number of years of service credit of the retiree, is paid to the beneficiary of a deceased retiree or disability benefit recipient under the traditional pension plan.

The combined plan is a hybrid defined benefit/defined contribution plan. Members earn a formula benefit similar to, but at a factor less than the traditional pension plan benefit. This defined benefit is funded by employer contributions and associated investment earnings. Member contributions are deposited into a defined contribution account in which the member self-directs the investment. Upon retirement, the member may choose a defined contribution distribution that is equal to the member's contributions to the plan and investment earnings (or losses). Members may also elect to use their defined contribution account balances to purchase a defined benefit annuity administered by OPERS. Effective January 1, 2022, members may no longer select this plan.

Benefits in the combined plan consist of both an age-and-service formula benefit (defined benefit) and a defined contribution element. The defined benefit element is calculated on the basis of age, FAS, and years of service. Eligibility regarding age and years of service in the combined plan is the same as the traditional pension plan.

Members retiring under the combined plan receive a 3% COLA on the defined benefit portion of their benefit. This COLA is calculated on the base retirement benefit at the date of retirement and is not compounded. For those retiring prior to January 7, 2013, the COLA will continue to be a 3% simple annual COLA. For those retiring on or after January 7, 2013, beginning in calendar year 2019, the COLA will be based on the average percentage increase in the Consumer Price Index, capped at 3%.

Additionally, a death benefit of \$500 – \$2,500, determined by the number of years of service credit of the retiree, is paid to the beneficiary of a deceased retiree or disability benefit recipient under the combined plan.

City of Bedford Heights, Ohio

Notes to the Basic Financial Statements (continued)

For the Year Ended December 31, 2023

Note 13: Defined Benefit Pension Plans (continued)

B. Plan Description – Ohio Public Employees Retirement System (OPERS) (continued)

The subsequent table provides age and service requirements for retirement and the retirement formula applied to the FAS for the three member groups under the combined plan (see OPERS ACFR referenced above for additional information):

Group A Eligible to retire prior to January 7, 2013 or five years after January 7, 2013	Group B 20 years of service credit prior to January 7, 2013 or eligible to retire ten years after January 7, 2013	Group C Members not in other Groups and members hired on or after January 7, 2013
State and Local Age and Service Requirements: Age 60 with 5 years of service credit or Age 55 with 25 years of service credit	State and Local Age and Service Requirements: Age 60 with 5 years of service credit or Age 55 with 25 years of service credit	State and Local Age and Service Requirements: Age 57 with 25 years of service credit or Age 62 with 5 years of service credit
Formula: 1.0% of FAS multiplied by years of service for the first 30 years and 1.25% for service years in excess of 30	Formula: 1.0% of FAS multiplied by years of service for the first 30 years and 1.25% for service years in excess of 30	Formula: 1.0% of FAS multiplied by years of service for the first 35 years and 1.25% for service years in excess of 35

Defined contribution plan benefits are established in the plan documents, which may be amended by the OPERS Board. Both member-directed plan and combined plan members who have met the eligibility requirements may apply for retirement benefits. The amount available for defined contribution benefits in the combined plan consists of the member's contributions plus or minus the investment gains or losses resulting from the member's investment selections. Combined plan members wishing to receive benefits must meet the requirements for both the defined benefit and defined contribution plans.

Member-directed participants must have attained the age of 55, have money on deposit in the defined contribution plan and have terminated public service to apply for retirement benefits. The amount available for defined contribution benefits in the member-directed plan consists of the members' contributions, vested employer contributions and investment gains or losses resulting from the members' investment selections. Employer contributions and associated investment earnings vest over a five-year period, at a rate of 20% each year.

At retirement, members may select one of several distribution options for payment of the vested balance in their individual OPERS accounts. Options include the annuitization of their benefit account (which includes joint and survivor options), partial lump-sum payments (subject to limitations), a rollover of the vested account balance to another financial institution, receipt of entire account balance (net of taxes withheld), or a combination of these options. When members choose to annuitize their defined contribution benefit, the annuitized portion of the benefit is reclassified to a defined benefit.

Funding Policy – The Ohio Revised Code provides statutory authority for member and employer contributions and currently limits the employer contribution to a rate not to exceed 14% of covered payroll for state and local employer units. Member contribution rates, as set forth in the Ohio Revised Code, are not to exceed 10% of covered payroll for members in the state and local classifications.

City of Bedford Heights, Ohio

Notes to the Basic Financial Statements (continued)

For the Year Ended December 31, 2023

Note 13: Defined Benefit Pension Plans (continued)

B. Plan Description – Ohio Public Employees Retirement System (OPERS) (continued)

The portion of employer contributions used to fund pension benefits is net of postemployment health care benefits. The portion of the employer's contribution allocated to health care was 0% for 2023 for the traditional plan. For the combined plan, the portion of the employer contributions allocated to healthcare was 2% for 2023. The portion of the employer contributions allocated to health care for members in the member-directed plan was 4% for 2023. Employer contribution rates are actuarially determined and are expressed as a percentage of covered payroll. The City's contractually required contribution, net of postemployment health care benefits, for the traditional and combined plans was \$664,136 and \$6,526, respectively. Of this amount, \$67,000 is reported as accrued wages and benefits at December 31, 2023.

C. Plan Description – Ohio Police & Fire Pension Fund (OP&F)

Plan Description - the City's full-time police and fire participate in Ohio Police and Fire Pension Fund (OP&F), a cost-sharing, multiple-employer defined benefit pension plan administered by OP&F. OP&F provides retirement and disability pension benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefit provisions are established by the Ohio State Legislature and are codified in Chapter 742 of the Ohio Revised Code. OP&F issues a publicly available financial report that includes financial information and required supplementary information and detailed information about OP&F fiduciary net position. The report may be obtained by visiting the OP&F website at www.op-f.org or by writing to the Ohio Police and Fire Pension Fund, 140 East Town Street, Columbus, Ohio 43215-5164.

Upon attaining a qualifying age with sufficient years of service, a member of OP&F may retire and receive a lifetime monthly pension. OP&F offers four types of service retirement: normal, service commuted, age/service commuted and actuarially reduced. Each type has different eligibility guidelines and is calculated using the member's average annual salary. The following discussion of the pension formula relates to normal service retirement.

For members hired after July 1, 2013, the minimum retirement age is 52 for normal service retirement with at least 25 years of service credit. For members hired on or before after July 1, 2013, the minimum retirement age is 48 for normal service retirement with at least 25 years of service credit.

The annual pension benefit for normal service retirement is equal to a percentage of the allowable average annual salary. The percentage equals 2.5% for each of the first 20 years of service credit, 2.0% for each of the next five years of service credit and 1.5% for each year of service credit in excess of 25 years. The maximum pension of 72 of the allowable average annual salary is paid after 33 years of service credit (see OP&F Annual Comprehensive Financial Report referenced above for additional information, including requirements for Deferred Retirement Option Plan provisions and reduced and unreduced benefits).

Under normal service retirement, retired members who are at least 55 years old and have been receiving OP&F benefits for at least one year may be eligible for a cost-of-living allowance adjustment. The age 55 provision for receiving a COLA does not apply to those who are receiving a permanent and total disability benefit, surviving beneficiaries under optional plans, and statutory survivors. Members participating in the DROP program have separate eligibility requirements related to COLA.

City of Bedford Heights, Ohio

Notes to the Basic Financial Statements (continued)

For the Year Ended December 31, 2023

Note 13: Defined Benefit Pension Plans (continued)

C. Plan Description – Ohio Police & Fire Pension Fund (OP&F) (continued)

The COLA amount for members who have 15 or more years of service credit as of July 1, 2013, and members who are receiving a pension benefit that became effective before July 1, 2013, will be equal to 3.0% of the member's base pension benefit.

The COLA amount for members who have less than 15 years of service credit as of July 1, 2013, and members whose pension benefit became effective on or after July 1, 2013, will be equal to a percentage of the member's base pension benefit where the percentage is the lesser of 3.0% or the percentage increase in the consumer price index, if any, over the twelve-month period that ends on the thirtieth day of September of the immediately preceding year, rounded to the nearest one-tenth of one percent.

Members who retired prior to July 24, 1986, or their surviving beneficiaries under optional plans are entitled to cost-of-living allowance increases. The annual increase is paid on July 1st of each year. The annual COLA increase is \$360 under a Single Life Annuity Plan with proportional reductions for optional payment plans.

Funding Policy – The Ohio Revised Code provides statutory authority for member and employer contributions and currently limits the employer contribution to a rate not to exceed 19.5% of covered payroll for police employer units and 24.0% for fire employer units. Member contribution rates, as set forth in the Ohio Revised Code, are not to exceed 12.25% of covered payroll for police and fire. The portion of employer contributions used to fund pension benefits is net of postemployment health care benefits. The portion of the employer's contribution allocated to health care was 0.5% for 2023 for police and fire employer units. Employer contribution rates are actuarially determined and are expressed as a percentage of covered payroll.

In 2023, the City's contractually required contribution, net of postemployment health care benefits, was \$1,042,922. Of this amount, \$96,315 is reported as accrued wages and benefits at December 31, 2023.

D. Pension Liabilities (Assets), Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

The net pension liability (asset) for OPERS was measured as of December 31, 2022, and the total pension liability used to calculate the net pension liability (asset) was determined by an actuarial valuation as of that date. OP&F's total pension liability was measured as of December 31, 2022, and was determined by rolling forward the total pension liability as of January 1, 2022, to December 31, 2022. The City's proportion of the net pension liability (asset) was based on the City's share of contributions to the pension plan relative to the contributions of all participating entities.

City of Bedford Heights, Ohio

Notes to the Basic Financial Statements (continued)

For the Year Ended December 31, 2023

Note 13: Defined Benefit Pension Plans (continued)

D. Pension Liabilities (Assets), Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (continued)

Following is information related to the proportionate share and pension expense:

	OPERS Traditional	OPERS Combined	OP&F	Total
Proportion of the net pension liability/asset prior measurement date	0.029873%	0.011244%	0.189018%	
Proportion of the net pension liability/asset current measurement date	<u>0.028638%</u>	<u>0.011307%</u>	<u>0.177764%</u>	
Change in proportionate share	(0.001235%)	0.000063%	(0.011254%)	
Proportionate share of the net pension liability	\$ 8,459,678	\$ -	\$ 16,885,827	\$ 25,345,505
Proportionate share of the net pension asset	\$ -	\$ 26,649	\$ -	\$ 26,649
Pension expense	\$ 1,034,199	\$ 3,082	\$ 1,751,792	\$ 2,789,073

The 2023 pension expense for the member-directed defined contribution plan was \$1,492. The aggregate pension expense for all pension plans was \$2,790,565 for 2023.

At December 31, 2023, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	OPERS Traditional	OPERS Combined	OP&F	Total
Deferred outflow of resources				
Difference between expected and actual experience	\$ 280,995	\$ 1,638	\$ 253,280	\$ 535,913
Change in assumptions	89,371	1,764	1,523,044	1,614,179
Net difference between projected and actual earnings on pension plan investments	2,411,274	9,712	2,458,369	4,879,355
City contributions subsequent to the measurement date	<u>664,136</u>	<u>6,526</u>	<u>1,042,922</u>	<u>1,713,584</u>
Total deferred outflow of resources	\$ <u>3,445,776</u>	\$ <u>19,640</u>	\$ <u>5,277,615</u>	\$ <u>8,743,031</u>

City of Bedford Heights, Ohio

Notes to the Basic Financial Statements (continued)

For the Year Ended December 31, 2023

Note 13: Defined Benefit Pension Plans (continued)

D. Pension Liabilities (Assets), Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (continued)

	OPERS Traditional	OPERS Combined	OP&F	Total
Deferred inflow of resources				
Difference between expected and actual experience	\$ -	\$ 3,808	\$ 384,709	\$ 388,517
Change in assumptions	-	-	329,269	329,269
Differences in employer contributions and change in proportionate share	154,679	-	1,007,483	1,162,162
Total deferred inflow of resources	\$ 154,679	\$ 3,808	\$ 1,721,461	\$ 1,879,948

The \$1,713,584 reported as deferred outflows of resources related to pension resulting from the City's contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending December 31, 2024. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized in pension expense as follows:

Fiscal Year Ending December 31:	OPERS Traditional	OPERS Combined	OP&F	Total
2024	\$ 215,358	\$ 394	\$ 48,606	\$ 264,358
2025	520,638	1,787	605,288	1,127,713
2026	709,755	2,479	758,746	1,470,980
2027	1,181,210	4,181	1,247,403	2,432,794
2028	-	(11)	(146,811)	(146,822)
2029-2031	-	476	-	476
	\$ 2,626,961	\$ 9,306	\$ 2,513,232	\$ 5,149,499

E. Actuarial Assumptions – OPERS

Actuarial valuations of an ongoing plan involve estimates of the values of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and cost trends. Actuarially determined amounts are subject to continual review or modification as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation. The active member population which consists of members in the traditional and combined plans is assumed to remain constant. For purposes of financing the unfunded actuarial accrued liabilities, total payroll is assumed to grow at the wage inflation rate indicated below.

City of Bedford Heights, Ohio

Notes to the Basic Financial Statements (continued)

For the Year Ended December 31, 2023

Note 13: Defined Benefit Pension Plans (continued)

E. Actuarial Assumptions – OPERS (continued)

	OPERS <u>Traditional Plan</u>	OPERS <u>Combined Plan</u>
Valuation date	December 31, 2022	December 31, 2022
Experience study	5-year period ended December 31, 2020	5-year period ended December 31, 2020
Actuarial cost method	Individual entry age	Individual entry age
Actuarial assumptions:		
Investment rate of return	6.90%	6.90%
Wage inflation	2.75%	2.75%
Projected salary increases, including 2.75% wage inflation	2.75 to 10.75%	2.75 to 8.25%
COLA or Ad Hoc COLA:		
Pre-Jan 7, 2013 retirees	3.00% Simple	3.00% Simple
Post-Jan 7, 2013 retirees	3.00% Simple through 2023 then 2.05% Simple	3.00% Simple through 2023 then 2.05% Simple

OPERS conducts an experience study every five years in accordance with Ohio Revised Code Section 145.22. The study for the five-year period ended December 31, 2020 and methods and assumptions were approved and adopted by the OPERS Board of Trustees.

Pre-retirement mortality rates are based on 130% of the Pub-2010 General Employee Mortality tables (males and females). Post-retirement mortality rates are based on 115% of the PubG-2010 Retiree Mortality Tables (males and females). Post-retirement mortality rates for disabled retirees are based on the PubNS-2010 Disabled Retiree Mortality Tables (males and females). For all of the previously described tables, the base year is 2010 and mortality rates for a particular calendar year are determined by applying the MP-2020 mortality improvement scales (males and females) to all of these tables.

OPERS managed investments in three investment portfolios: the Defined Benefit portfolio, the Health Care portfolio and the Defined Contribution portfolio. The Defined Benefit portfolio contains the investment assets of the traditional plan, the defined benefit component of the combined plan and the annuitized accounts of the member-directed plan. The money-weighted rate of return expressing investment performance, net of investment expenses and adjusted for changing amounts actually invested for the Defined Benefit portfolio was a loss of 12.1% for 2022.

The allocation of investment assets with the Defined Benefit portfolio is approved by the Board as outlined in the annual investment plan. Plan assets are managed on a total return basis with a long-term objective of achieving and maintaining a fully funded status for the benefits provided through the defined benefit pension plans. The long-term expected rate of return on defined benefit investment assets was determined using a building-block method in which best-estimate ranges of expected future real rates of return are developed for each major asset class. These ranges are combined to produce the long-term expected real rate of return by weighting the expected future real rates of return by the target asset allocation percentage, adjusted for inflation. Best estimates of arithmetic real rates of return were provided by the Board's investment consultant.

City of Bedford Heights, Ohio

Notes to the Basic Financial Statements (continued)

For the Year Ended December 31, 2023

Note 13: Defined Benefit Pension Plans (continued)

E. Actuarial Assumptions – OPERS (continued)

The table below displays the Board-approved asset allocation policy and the long-term expected real rates of return:

Asset Class	Target Allocation	Weighted Average Long-Term Expected Real Rate of Return (Arithmetic)
Fixed income	22.00%	2.62%
Domestic equities	22.00	4.60
Real estate	13.00	3.27
Private equity	15.00	7.53
International equities	21.00	5.51
Risky parity	2.00	4.37
Other investments	5.00	3.27
Total	100.00%	

Discount Rate The discount rate used to measure the total pension liability was 6.9%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and those of the contributing employers are made at the statutorily required rates, as actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefits payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the City's Proportionate Share of the Net Pension Liability (Asset) to Changes in the Discount Rate The following table presents the City's proportionate share of the net pension liability (asset) calculated using the current period discount rate assumption, as well as what the City's proportionate share of the net pension liability (asset) would be if it were calculated using a discount rate that is one-percentage-point lower or one-percentage-point higher than the current rate:

	1% Decrease (5.9%)	Discount Rate (6.9%)	1% Increase (7.9%)
City's proportionate share of the net pension liability (asset) – Traditional	\$ 12,672,315	\$ 8,459,678	\$ 4,955,520
City's proportionate share of the net pension (asset) – Combined	\$ (13,908)	\$ (26,649)	\$ (36,748)

City of Bedford Heights, Ohio

Notes to the Basic Financial Statements (continued)

For the Year Ended December 31, 2023

Note 13: Defined Benefit Pension Plans (continued)

F. Actuarial Assumptions – OP&F

OP&F’s total pension liability as of December 31, 2022 is based on the results of an actuarial valuation date of January 1, 2022, and rolled-forward using generally accepted actuarial procedures. The total pension liability is determined by OP&F’s actuaries in accordance with GASB Statement No. 67, as part of their annual valuation. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about probability of occurrence of events far into the future. Examples include assumptions about future employment mortality, salary increases, disabilities, retirements and employment terminations. Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future. Assumptions considered are: withdrawal rates, disability retirement, service retirement, DROP elections, mortality, percent married and forms of the payment, DROP interest rate, CPI-based COLA, investment returns, salary increases and payroll growth.

Key methods and assumptions used in the latest actuarial valuation, reflecting experience study results, prepared as of January 1, 2022, are presented below.

Actuarial cost method	Entry age normal
Investment rate of return	7.50%
Projected salary increases	3.75% - 10.50%
Payroll growth	3.25% per annum, compounded annually, consisting of inflation rate of 2.75% plus productivity increase rate of 0.50%
Cost of living adjustments	2.20% simple for increases based on the lesser of the increase in CPI and 3.00%

Mortality for service retirees is based on the Pub-2010 Below-Median Safety Amount-Weighted Healthy Retiree mortality table with rates adjusted by 96.2% for males and 98.7% for females. All rates are projected using the MP-2021 Improvement Scale.

Mortality for disabled retirees is based on the Pub-2010 Safety Amount-Weighted Disabled Retiree mortality table with rates adjusted by 135.0% for males and 97.9% for females. All rates are projected using the MP-2021 Improvement Scale.

Mortality for contingent annuitants is based on the Pub- 2010 Below-Median Safety Amount-Weighted Contingent Annuitant Retiree mortality table with rates adjusted by 108.9% for males and 131.0% for females. All rates are projected using the MP-2021 Improvement Scale.

Mortality for active members is based on the Pub-2010 Below-Median Safety Amount-Weighted Employee mortality table. All rates are projected using the MP- 2021 Improvement Scale.

The most recent experience study was completed for the five year period ended December 31, 2021.

City of Bedford Heights, Ohio

Notes to the Basic Financial Statements (continued)

For the Year Ended December 31, 2023

Note 13: Defined Benefit Pension Plans (continued)

F. Actuarial Assumptions – OP&F (continued)

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The assumption is intended to be a long-term assumption (30 to 50 years) and is not expected to change absent a significant change in the asset allocation, a change in the underlying inflation assumption, or a fundamental change in the market that alters expected returns in future years.

Best estimates of the long-term expected geometric real rates of return for each major asset class included in OP&F's target asset allocation as of December 31, 2022 are summarized below:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long Term Expected Real Rate of Return</u>
Domestic equity	18.6%	4.8%
International equity	12.4	5.5
Private markets	10.0	7.9
Core fixed income*	25.0	2.5
High yield fixed income	7.0	4.4
Private credit	5.0	5.9
U.S. inflation linked bonds*	15.0	2.0
Midstream energy infrastructure	5.0	5.9
Real assets	8.0	5.9
Gold	5.0	3.6
Private real estate	12.0	5.3
Commodities	2.0	3.6
Total	<u>125.0%</u>	

Note: Assumptions are geometric.

*Levered 2.5x

OP&F's Board of Trustees has incorporated the risk parity concept into OP&F's asset liability valuation with the goal of reducing equity risk exposure, which reduces overall Total Portfolio risk without sacrificing return, and creating a more risk-balanced portfolio based on their relationship between asset classes and economic environments. From the notional portfolio perspective above, the Total Portfolio may be levered up to 1.25 times due to the application of leverage in certain fixed income asset classes.

Discount Rate For 2022, the total pension liability was calculated using the discount rate of 7.50%. The projection of cash flows used to determine the discount rate assumed the contributions from employers and from the members would be computed based on contribution requirements as stipulated by State statute. Projected inflows from investment earning were calculated using the longer-term assumed investment rate of return of 7.50%. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, a long-term expected rate of return on pension plan investments was applied to all periods of projected benefits to determine the total pension liability.

City of Bedford Heights, Ohio

Notes to the Basic Financial Statements (continued)

For the Year Ended December 31, 2023

Note 13: Defined Benefit Pension Plans (continued)

F. Actuarial Assumptions – OP&F (continued)

Sensitivity of the City's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

Net pension liability is sensitive to changes in the discount rate, and to illustrate the potential impact, the following table presents the net pension liability calculated using the discount rate, as well as what the net pension liability would be if it were calculated using a discount rate that is one percentage point lower, or one percentage point higher than the current rate.

	1% Decrease (6.50%)	Discount Rate (7.50%)	1% Increase (8.50%)
City's proportionate share of the net pension liability	\$ 22,275,666	\$ 16,885,827	\$ 12,405,256

Note 14: Postemployment Benefits

A. Plan Description – Ohio Public Employees Retirement System (OPERS)

Plan Description – OPERS administers three separate pension plans: the traditional pension plan, a defined benefit plan; the combined plan, a hybrid defined benefit/defined contribution plan; and the member-directed plan, a defined contribution plan. Effective January 1, 2022 the combined plan is no longer available for member selection. While members (e.g., City employees) may elect the member-directed plan, substantially all employee members are in OPERS' traditional or combined plans; therefore, the following disclosure focuses on the traditional and combined plans.

OPERS maintains a cost-sharing, multiple-employer defined benefit post-employment health care trust, which funds multiple health care plans including medical coverage, prescription drug coverage and deposits to a Health Reimbursement Arrangement (HRA) to qualifying benefit recipients of both the traditional pension and the combined plans.

In order to qualify for postemployment health care coverage, age and service retirees under the traditional pension and combined plans must have twenty or more years of qualifying Ohio service credit. Health care coverage for disability benefit recipients and qualified survivor benefit recipients is available. The health care coverage provided by OPERS meets the definition of an OPEB as described in GASB Statement No. 75. See OPERS' ACFR referenced below for additional information.

The Ohio Revised Code permits, but does not require OPERS to provide health care to its eligible benefit recipients. Authority to establish and amend health care coverage is provided to the Board in Chapter 145 of the Ohio Revised Code.

City of Bedford Heights, Ohio

Notes to the Basic Financial Statements (continued)

For the Year Ended December 31, 2023

Note 14: Postemployment Benefits (continued)

A. Plan Description – Ohio Public Employees Retirement System (OPERS) (continued)

Disclosures for the health care plan are presented separately in the OPERS financial report. Interested parties may obtain a copy by visiting <https://www.opers.org/financial/reports.shtml>, by writing to OPERS, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling 614-222-5601 or 800-222-7377.

Funding Policy – The Ohio Revised Code provides the statutory authority requiring public employers to fund postemployment health care through their contributions to OPERS. When funding is approved by OPERS Board of Trustees, a portion of each employer's contribution to OPERS is set aside to fund OPERS health care plans.

Employer contribution rates are expressed as a percentage of the earnable salary of active members. In 2023, state and local employers contributed at a rate of 14% of earnable salary. This is the maximum employer contribution rate permitted by the Ohio Revised Code. Active member contributions do not fund health care.

Each year, the OPERS Board determines the portion of the employer contribution rate that will be set aside to fund health care plans. The portion of the employer's contributions allocated to health care was 0% for 2023 for the traditional plan. For the combined plan, the portion of the employer contributions allocated to healthcare was 2% for 2023. The portion of the employer contributions allocated to health care for members in the member directed plan was 4% for 2023. The OPERS Board is also authorized to establish rules for the retiree or their surviving beneficiaries to pay a portion of the health care provided. Payment amounts vary depending on the number of covered dependents and the coverage selected.

Employer contribution rates are actuarially determined and are expressed as a percentage of covered payroll. The City's contractually required contributions to OPERS health care plans was \$1,685 for 2023.

B. Plan Description – Ohio Police & Fire Pension Fund (OP&F)

Plan Description – the City's full-time police and fire participate in the OP&F sponsored healthcare program, a cost-sharing, multiple-employer defined post-employment health care plan administered by a third-party provider. This program is not guaranteed and is subject to change at any time upon action of the Board of Trustees. On January 1, 2019, OP&F implemented a new model for health care. Under this new model, OP&F provides eligible retirees with a fixed stipend earmarked to pay for health care and Medicare Part B reimbursements.

OP&F contracted with a vendor who assists eligible retirees in choosing health care plans that are available where they live (both Medicare-eligible and pre-65 populations). A stipend funded by OP&F is available to these members through a Health Reimbursement Arrangement and can be used to reimburse retirees for qualified health care expenses.

City of Bedford Heights, Ohio

Notes to the Basic Financial Statements (continued)

For the Year Ended December 31, 2023

Note 14: Postemployment Benefits (continued)

B. Plan Description – Ohio Police & Fire Pension Fund (OP&F) (continued)

A retiree is eligible for the OP&F health care stipend unless they have access to any other group coverage including employer and retirement coverage. The eligibility of spouses and dependent children could increase the stipend amount. If the spouse or dependents have access to any other group coverage including employer or retirement coverage, they are not eligible for stipend support from OP&F. Even if an OP&F member or their dependents are not eligible for a stipend, they can use the services of the third-party administrator to select and enroll in a plan. The stipend provided by OP&F meets the definition of an Other Post Employment Benefit (OPEB) as described in Governmental Accounting Standards Board (GASB) Statement No. 75.

OP&F maintains funds for health care in two separate accounts: one account for health care benefits and one account for Medicare Part B reimbursements. A separate health care trust accrual account is maintained for health care benefits under IRS Code Section 115 trust. IRS Code Section 401(h) account is maintained for Medicare Part B reimbursements.

The Ohio Revised Code allows, but does not mandate, OP&F to provide OPEB benefits. Authority for the OP&F Board of Trustees to provide health care coverage to eligible participants and to establish and amend benefits is codified in Chapter 742 of the Ohio Revised Code.

OP&F issues a publicly available financial report that includes financial information and required supplementary information for the plan. The report may be obtained by visiting the OP&F website at www.op-f.org or by writing to the Ohio Police and Fire Pension Fund, 140 East Town Street, Columbus, Ohio 43215-5164.

Funding Policy – The Ohio Revised Code provides for contribution requirements of the participating employers and of plan members to the OP&F defined benefit pension plan. Participating employers are required to contribute to the pension plan at rates expressed as percentages of the payroll of active pension plan members, currently 19.5% of covered payroll for police and 24.0% of covered payroll for fire. The Ohio Revised Code states that the employer contribution may not exceed 19.5% of covered payroll for police and 24.0% for fire employer units. Active members do not make contributions to the OPEB Plan.

The Board of Trustees is authorized to allocate a portion of the total employer contributions for retiree health care benefits. For 2023, the portion of employer contributions allocated to health care was 0.5% of covered payroll. The amount of employer contributions allocated to the health care plan each year is subject to the Trustees' primary responsibility to ensure that pension benefits are adequately funded.

The OP&F Board of Trustees is also authorized to establish requirements for contributions to the health care plan by retirees and their eligible dependents or their surviving beneficiaries. Payment amounts vary depending on the number of covered dependents and the coverage selected.

The City's contractually required contribution to OP&F was \$24,961 for 2023. Of this amount, \$2,289 is reported as accrued wages and benefits at December 31, 2023.

City of Bedford Heights, Ohio

Notes to the Basic Financial Statements (continued)

For the Year Ended December 31, 2023

Note 14: Postemployment Benefits (continued)

C. OPEB Liability, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

The net OPEB liability for OPERS as of December 31, 2023 was measured as of December 31, 2022. The total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of December 31, 2021 and rolled forward to the measurement date of December 31, 2022, by incorporating the expected value of health care cost accruals, the actual health care payment, and interest accruals during the year. The City's proportion of the net OPEB liability was based on the City's share of contributions to the OPEB plan relative to the contributions of all participating entities.

OP&F's total OPEB liability was measured as of December 31, 2022, and was determined by rolling forward the total OPEB liability as of January 1, 2022, to December 31, 2022. The City's proportion of the net OPEB liability was based on the City's share of contributions to the retirement plan relative to the contributions of all participating entities. Following is information related to the proportionate share:

	OPERS	OP&F	Total
Proportion of the net OPEB liability/asset prior measurement date	0.028229%	0.189018%	
Proportion of the net OPEB liability current measurement date	0.027080%	0.177764%	
Change in proportionate share	(0.001149%)	(0.011254%)	
Proportionate share of the net OPEB liability	\$ 170,745	\$ 1,265,626	\$ 1,436,371
(Reduction of) OPEB expense	\$ (354,026)	\$ 52,728	\$ (301,298)

At December 31, 2023, the City reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	OPERS	OP&F	Total
Deferred outflow of resources			
Difference between expected and actual experience	\$ -	\$ 75,525	\$ 75,525
Change in assumptions	166,770	630,719	797,489
Net difference between projected and actual earnings on OPEB plan investments	339,105	108,553	447,658
Differences in employer contributions and change in proportionate share	-	11,686	11,686
City contributions subsequent to the measurement date	1,685	24,961	26,646
Total deferred outflow of resources	\$ 507,560	\$ 851,444	\$ 1,359,004

City of Bedford Heights, Ohio

Notes to the Basic Financial Statements (continued)

For the Year Ended December 31, 2023

Note 14: Postemployment Benefits (continued)

C. OPEB Liability, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB (continued)

	OPERS	OP&F	Total
Deferred inflow of resources			
Difference between expected and actual experience	\$ 42,589	\$ 249,556	\$ 292,145
Change in assumptions	13,720	1,035,179	1,048,899
Differences in employer contributions and change in proportionate share	<u>10,474</u>	<u>206,545</u>	<u>217,019</u>
Total deferred inflow of resources	\$ <u>66,783</u>	\$ <u>1,491,280</u>	\$ <u>1,558,063</u>

The \$26,646 reported as deferred outflows of resources related to OPEB resulting from City contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability in 2024. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Fiscal Year Ending December 31:	OPERS	OP&F	Total
2024	\$ 47,389	\$ (69,591)	\$ (22,202)
2025	122,141	(60,900)	61,241
2026	105,744	(81,135)	24,609
2027	163,818	(50,555)	113,263
2028	-	(121,915)	(121,915)
2029-2031	-	(280,701)	(280,701)
	\$ <u>439,092</u>	\$ <u>(664,797)</u>	\$ <u>(225,705)</u>

D. Actuarial Assumptions – OPERS

Actuarial valuations of an ongoing plan involve estimates of the values of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and cost trends. Actuarially determined amounts are subject to continual review or modification as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan and include the types of coverage provided at the time of each valuation and the historical pattern of sharing of costs between OPERS and plan members. The total OPEB asset was determined by an actuarial valuation as of December 31, 2021, rolled forward to the measurement date of December 31, 2022. The actuarial valuation used the following actuarial assumptions applied to all prior periods included in the measurement in accordance with the requirements of GASB 74:

City of Bedford Heights, Ohio

Notes to the Basic Financial Statements (continued)

For the Year Ended December 31, 2023

Note 14: Postemployment Benefits (continued)

D. Actuarial Assumptions – OPERS (continued)

	<u>Assumptions</u>
Valuation date	December 31, 2021
Rolled-forward measurement date	December 31, 2022
Experience study	5-year period ended December 31, 2020
Actuarial cost method	Individual entry age normal
Projected salary increases, including 2.75% wage inflation	2.75% to 10.75%
Investment rate of return	6.00%
Municipal bond rate	4.05%
Single discount rate of return	5.22%
Health care cost trend	Initial 5.50% to 3.50% ultimate in 2036

Pre-retirement mortality rates are based on 130% of the Pub-2010 General Employee Mortality Tables (males and females). Post-retirement mortality rates are based on 115% of the PubG-2010 Retiree Mortality Tables (males and females). Post-retirement mortality rates for disabled retirees are based on the PubNS-2010 Disabled Retiree Mortality Tables (males and females). For all of the previously described tables, the base year is 2010 and mortality rates for a particular calendar year are determined by applying the MP-2020 mortality improvement scales (males and females) to all of these tables.

OPERS managed investments in three investment portfolios: the Defined Benefit portfolio, the Health Care portfolio and the Defined Contribution portfolio. The Health Care portfolio includes the assets for health care expenses for the traditional pension plan, combined plan and member-directed plan eligible members. Within the Health Care portfolio, contributions into the plans are assumed to be received continuously throughout the year based on the actual payroll payable at the time contributions are made, and health care-related payments are assumed to occur mid-year. Accordingly, the money-weighted rate of return is considered to be the same for all plans within the portfolio. The annual money-weighted rate of return expressing investment performance, net of investment expenses and adjusted for the changing amounts actually invested, for the Health Care portfolio was a loss of 15.6 for 2022.

The allocation of investment assets within the Health Care portfolio is approved by the Board of Trustees as outlined in the annual investment plan. Assets are managed on a total return basis with a long-term objective of continuing to offer a sustainable health care program for current and future retirees. OPERS' primary goal is to achieve and maintain a fully funded status for the benefits provided through the defined pension plans. Health care is a discretionary benefit. The long-term expected rate of return on health care investment assets was determined using a building-block method in which best-estimate ranges of expected future real rates of return are developed for each major asset class. These ranges are combined to produce the long-term expected real rate of return by weighting the expected future real rates of return by the target asset allocation percentage, adjusted for inflation.

City of Bedford Heights, Ohio

Notes to the Basic Financial Statements (continued)

For the Year Ended December 31, 2023

Note 14: Postemployment Benefits (continued)

D. Actuarial Assumptions – OPERS (continued)

The table below displays the Board-approved asset allocation policy and the long-term expected real rates of return:

Asset Class	Target Allocation	Weighted Average Long-Term Expected Real Rate of Return (Arithmetic)
Fixed income	34.00%	2.56%
Domestic equities	26.00	4.60
Real estate	7.00	4.70
International equities	25.00	5.51
Risk parity	2.00	4.37
Other investments	6.00	1.84
Total	100.00%	

Discount Rate A single discount rate of 5.22% was used to measure the total OPEB liability on the measurement date of December 31, 2022. Projected benefit payments are required to be discounted to their actuarial present value using a single discount rate that reflects (1) a long-term expected rate of return on OPEB plan investments (to the extent that the health care fiduciary net position is projected to be sufficient to pay benefits), and (2) tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating as of the measurement date (to the extent that the contributions for use with the long-term expected rate are not met). This single discount rate was based on an expected rate of return on the health care investment portfolio of 6.00% and a municipal bond rate of 4.05% for the measurement date of December 31, 2022. The projection of cash flows used to determine this single discount rate assumed that employer contributions will be made at rates equal to the actuarially determined contribution rate. Based on these assumptions, the health care fiduciary net position and future contributions were sufficient to finance health care costs through the year 2054. As a result, the long-term expected rate of return on health care investments was applied to projected costs through the year 2054, and the municipal bond rate was applied to all health care costs after that date.

Sensitivity of the City's Proportionate Share of the Net OPEB Liability to Changes in the Discount Rate

The following table presents the City's proportionate share of the net OPEB liability calculated using the single discount rate, as well as what the City's proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is one-percentage-point lower or one-percentage-point higher than the current rate:

	1% Decrease (4.22%)	Discount Rate (5.22%)	1% Increase (6.22%)
City's proportionate share of the net OPEB liability	\$ 581,137	\$ 170,745	\$ (167,896)

City of Bedford Heights, Ohio

Notes to the Basic Financial Statements (continued)

For the Year Ended December 31, 2023

Note 14: Postemployment Benefits (continued)

D. Actuarial Assumptions – OPERS (continued)

Sensitivity of the Authority’s Proportionate Share of the Net OPEB Liability to Changes in the Health Care Cost Trend Rate Changes in the health care cost trend rate may also have a significant impact on the net OPEB asset. The following table presents the net OPEB liability calculated using the assumed trend rates, and the expected net OPEB liability if it were calculated using a health care cost trend rate that is 1.0% lower or 1.0% higher than the current rate.

	<u>1% Decrease</u>	<u>Cost Trend Rate</u>	<u>1% Increase</u>
City’s proportionate share of the net OPEB liability	\$ 160,043	\$ 170,745	\$ 182,790

Retiree health care valuations use a health care cost-trend assumption that changes over several years built into the assumption. The near-term rates reflect increases in the current cost of health care; the trend starting in 2023 is 5.50%. If this trend continues for future years, the projection indicates that years from now virtually all expenditures will be for health care. A more reasonable alternative is that in the not-too-distant future, the health plan cost trend will decrease to a level at, or near, wage inflation. On this basis, the actuaries project premium rate increases will continue to exceed wage inflation for approximately the next decade, but by less each year, until leveling off at an ultimate rate, assumed to be 3.50% in the most recent valuation.

Assumption Changes Since the Prior Measurement Date Municipal bond rate increased from 1.84% to 4.05%. The health care cost trend rate changed from 5.50% initial, 3.50% ultimate in 2034 to 5.50% initial, 3.50% ultimate in 2036.

E. Actuarial Assumptions – OP&F

OP&F’s total OPEB liability as of December 31, 2022, is based on the results of an actuarial valuation date of January 1, 2022, and rolled-forward using generally accepted actuarial procedures. The total OPEB liability is determined by OP&F’s actuaries in accordance with GASB Statement No. 74, as part of their annual valuation. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, salary increases, disabilities, retirements and employment terminations. Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employers and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations.

City of Bedford Heights, Ohio

Notes to the Basic Financial Statements (continued)

For the Year Ended December 31, 2023

Note 14: Postemployment Benefits (continued)

E. Actuarial Assumptions – OP&F (continued)

Actuarial calculations reflect a long-term perspective. For a newly hired employee, actuarial calculations will take into account the employee's entire career with the employer and also take into consideration the benefits, if any, paid to the employee after termination of employment until the death of the employee and any applicable contingent annuitant. In many cases, actuarial calculations reflect several decades of service with the employer and the payment of benefits after termination.

Key methods and assumptions used in the latest actuarial valuation, reflecting experience study results, are presented below.

Actuarial cost method	Entry age normal
Investment rate of return	7.50%
Salary increases	3.75% – 10.50%
Payroll growth	3.25%
Municipal bond index rate	
Prior measurement date	2.05%
Current measurement date	3.65%
Single equivalent interest rate, net of plan investment expense, including price inflation	
Prior measurement date	2.84%
Current measurement date	4.27%

Mortality for service retirees is based on the Pub-2010 Below-Median Safety Amount-Weighted Healthy Retiree mortality table with rates adjusted by 96.2 percent for males and 98.7 percent for females. All rates are projected using the MP-2021 Improvement Scale.

Mortality for disabled retirees is based on the Pub-2010 Safety Amount-Weighted Disabled Retiree mortality table with rates adjusted by 135 percent for males and 97.9 percent for females. All rates are projected using the MP-2021 Improvement Scale.

Mortality for contingent annuitants is based on the Pub-2010 Below-Median Safety Amount-Weighted Contingent Annuitant Retiree mortality table with rates adjusted by 108.9 percent for males and 131 percent for females. All rates are projected using the MP-2021 Improvement Scale.

Mortality for active members is based on the Pub-2010 Below-Median Safety Amount-Weighted Employee mortality table. All rates are projected using the MP-2021 Improvement Scale.

The most recent experience study was completed for the five year period ended December 31, 2021.

City of Bedford Heights, Ohio

Notes to the Basic Financial Statements (continued)

For the Year Ended December 31, 2023

Note 14: Postemployment Benefits (continued)

E. Actuarial Assumptions – OP&F (continued)

The long-term expected rate of return on OPEB plan investments was determined using a building-block approach and assumes a time horizon, as defined in the Statement of Investment Policy. A forecasted rate of inflation serves as the baseline for the return expected. Various real return premiums over the baseline inflation rate have been established for each asset class. The long-term expected nominal rate of return has been determined by calculating a weighted averaged of the expected real return premiums for each asset class, adding the projected inflation rate and adding the expected return from rebalancing uncorrelated asset classes.

Best estimates of the long-term expected geometric real rates of return for each major asset class included in OP&F's target asset allocation as of December 31, 2022, are summarized below:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long Term Expected Real Rate of Return</u>
Domestic equity	18.6%	4.8%
International equity	12.4	5.5
Private markets	10.0	7.9
Core fixed income*	25.0	2.5
High yield fixed income	7.0	4.4
Private credit	5.0	5.9
U.S. inflation linked bonds*	15.0	2.0
Midstream energy infrastructure	5.0	5.9
Real assets	8.0	5.9
Gold	5.0	3.6
Private real estate	12.0	5.3
Commodities	2.0	3.6
Total	<u>125.0%</u>	

Note: Assumptions are geometric.

*Levered 2.5x

OP&F's Board of Trustees has incorporated the risk parity concept into OP&F's valuation with the goal of reducing equity risk exposure, which reduces overall Total Portfolio risk without sacrificing return, and creating a more risk-balanced portfolio based on the relationship between asset classes and economic environments. From the notional portfolio perspective above, the Total Portfolio may be levered up to 1.25 times due to the application of leverage in certain fixed income asset classes.

City of Bedford Heights, Ohio

Notes to the Basic Financial Statements (continued)

For the Year Ended December 31, 2023

Note 14: Postemployment Benefits (continued)

E. Actuarial Assumptions – OP&F (continued)

Discount Rate For 2022, the total OPEB liability was calculated using the discount rate of 4.27%. The projection of cash flows used to determine the discount rate assumed the contribution from employers and from members would be computed based on contribution requirements as stipulated by State statute. Projected inflows from investment earnings were calculated using the longer-term assumed investment rate of return of 7.5%. Based on those assumptions, OP&F's fiduciary net position was projected to not be able to make all future benefit payments of current plan members. Therefore, for 2022, the long-term assumed rate of return on investments of 7.50% was applied to periods before December 31, 2035, and the Municipal Bond Index Rate of 3.65% was applied to periods on and after December 31, 2035, resulting in a discount rate of 4.27%. The municipal bond rate was determined using the Bond Buyers General Obligation 20-year Municipal Bond Index Rate.

Sensitivity of the City's Proportionate Share of the Net OPEB Liability to Changes in the Discount Rate

Net OPEB liability is sensitive to changes in the discount rate, and to illustrate the potential impact the following table presents the net OPEB liability calculated using the discount rate of 4.27%, as well as what the net OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (3.27%), or one percentage point higher (5.27%) than the current rate.

	1% Decrease (3.27%)	Discount Rate (4.27%)	1% Increase (5.27%)
City's proportionate share of the net OPEB liability	\$ 1,558,500	\$ 1,265,626	\$ 1,018,365

Sensitivity of the City's Proportionate Share of the Net OPEB Liability to Changes in the Health Care

Cost Trend Rate The total OPEB liability is based on a medical benefit that is a flat dollar amount; therefore, it is unaffected by a health care cost trend rate. An increase or decrease in the trend rate would have no effect on the total OPEB liability.

Assumption Changes Since the Prior Measurement Date

The assumptions used for the January 1, 2022 actuarial valuation are based on the quinquennial experience review prepared as of December 31, 2021 and adopted by the Board of Trustees on October 26, 2022. Material assumptions and methods that were changed since the prior valuation:

- The investment return assumption was lowered from 8.00% to 7.50%.
- The DROP interest crediting rate was lowered from 4.00% to 3.75%.
- The mortality assumption, withdrawal rates, retirement rates, and disability rates were changed.
- The DROP participation rate was lowered from 90% to 80%.
- The percent married assumption was changed from assuming 75% of members are married to 80%.
- The percentage of members assumed to elect a joint annuity was changed from 33% to 40% for service retirees and from 10% to 15% for disabled retirees. The percentage continued to the joint annuitant assumption was changed from 40% to 45%.

City of Bedford Heights, Ohio

Notes to the Basic Financial Statements (continued)

For the Year Ended December 31, 2023

Note 15: Risk Management

A. Property and Liability

NORMA is a shared risk pool comprised of various cities. NORMA was formed to enable its members to obtain property and liability insurance, including vehicles, and provide for a formalized, jointly administered Self-Insurance Fund. The members formed a not-for-profit corporation known as NORMA, Inc. to administer the pool. NORMA is governed by a Board of Trustees that consists of the mayor from each of the participating members.

Each entity must remain a member for at least three years from their commencement date. After the initial three years, each City may extend its term in three-year increments. Each member provides operating resources to NORMA based on actuarially determined rates. In the event of losses, the first \$1,000 to \$2,500 of any valid claim will be paid by the member. The next payment, generally a maximum of \$100,000 per occurrence, will come from the self-insurance pool with any excess paid from the stop-loss coverage carried by the pool. Any losses over these amounts would be the obligation of the individual member. If the aggregate claims paid by the pool exceed the available resources, the pool may require the members to make additional supplementary payments up to a maximum of the regular annual payment.

In 2023, the City paid a total of \$168,862 in premiums from the general and sewer treatment funds. Financial information can be obtained by contacting the fiscal agent at the City of Highland Heights, 5827 Highland Road, Highland Heights, Ohio, 44143.

B. Workers' Compensation Program

Workers' compensation coverage is provided by the State of Ohio. The City pays the State Workers' Compensation System a premium based on a rate per \$100 of salaries. This rate is calculated based on accident history and administrative costs.

C. Health Insurance Benefits

On March 1, 2009, the City began providing health, dental and vision insurance to its employees through a self-insurance plan. The City pays a monthly administrative premium, including a stop-loss fee, for the self-insurance plan. The City contracts with a third party administrator to direct this program. During 2023, self-insurance was in effect for claims up to \$100,000 per covered individual. Any claims exceeding this threshold are covered by stop-loss.

The claims liability of \$262,109 as estimated by the third party administrator and reported in the hospitalization reserve fund (an internal service fund) at December 31, 2023 is based on the requirements of GASB Statement No. 30 which requires a liability for unpaid claims costs, including estimates of costs relating to incurred but not reported claims, be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. The estimate was not affected by incremental claims adjustment expenses and does not include other allocated or unallocated claim adjustment expenses.

City of Bedford Heights, Ohio

Notes to the Basic Financial Statements (continued)

For the Year Ended December 31, 2023

Note 15: Risk Management (continued)

C. Health Insurance Benefits (continued)

Changes in the fund's claims liability amount in 2023 and 2022 were as follows:

	<u>2023</u>	<u>2022</u>
Unpaid claims, beginning of year	\$ 240,563	\$ 150,702
Incurred claims and changes in estimate	1,633,444	1,733,355
Claims payments	<u>(1,611,898)</u>	<u>(1,643,494)</u>
Unpaid claims, end of year	\$ <u>262,109</u>	\$ <u>240,563</u>

Note 16: Contingencies

Grants

The City has received financial assistance from federal and state agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the general fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the City at December 31, 2023.

Litigation

During the normal course of business, the City is subject to occasional legal proceedings, claims, and contract disputes. In the opinion of management, the eventual outcome of any current proceedings and claims against the City will not materially affect its financial condition or operations.

Note 17: Jointly Governed Organizations

A. Northeast Ohio Public Energy Council

The City is a member of the Northeast Ohio Public Energy Council (NOPEC). NOPEC is a regional council of governments formed under Chapter 167 of the Ohio Revised Code. NOPEC was formed to serve as a vehicle for communities wishing to proceed jointly with an aggregation program for the purchase of energy. NOPEC is currently comprised of over 240 communities who have been authorized by ballot to purchase energy on behalf of their citizens. The intent of NOPEC is to provide energy at the lowest possible rates while at the same time ensuring stability in prices by entering into long-term contracts with suppliers to provide energy to the citizens of its member communities.

City of Bedford Heights, Ohio

Notes to the Basic Financial Statements (continued)

For the Year Ended December 31, 2023

Note 17: Jointly Governed Organizations (continued)

A. Northeast Ohio Public Energy Council (continued)

NOPEC is governed by a General Assembly made up of one representative from each member community. The representatives from each county then elect one person to serve on the NOPEC Board of Directors. The Board oversees and manages the operation of the aggregation program. The degree of control exercised by any participating government is limited to its representation in the General Assembly and on the Board. The City did not contribute to NOPEC during 2023. Financial information can be obtained by contacting NOPEC, 31360 Solon Rd, Suite 33, Solon, Ohio 44139.

B. Chagrin/Southeast Council of Governments

The Chagrin/Southeast Council of Governments (Council) operates the Chagrin/Southeast HazMat Response Team (Team). The Team was formed in 1990 to assist local fire departments in responding to incidents involving industrial chemicals. In 2023, the City contributed \$3,500 to the organization. The Chagrin/Southeast Council of Governments financial statements may be obtained by contacting the Finance Director of the Village of Glenwillow, Ohio.

C. Southeast Regional Council of Governments

The City has been a member of a Southeast Regional Council of Governments (SRCG). The SRCG was formed in 2002 to foster cooperation between area municipalities relative to exchanging information, pooling manpower and dealing with reciprocal services, including mutual aid, parallel action, and the exchange of ideas.

1. Southeast Area Law Enforcement Group

Also a part of the SRCG, the Southeast Area Law Enforcement Group (SEALE) is comprised of seven municipalities in southeastern Cuyahoga County for the purpose of providing assistance in the form of a SWAT team, Bomb Unit, Investigation Unit, Narcotics Unit, Crisis Negotiation Team, and Communication Unit. In 2023, the City contributed \$5,000 to the organization. The SEALE financial statements may be obtained by contacting the Finance Director of the City of Bedford, 165 Center Road, Bedford, Ohio 44146.

D. First Suburbs Consortium of Northeast Ohio Council of Governments

The City is a member of the First Suburbs Consortium of Northeast Ohio Council of Government (FSC). The FSC is a regional council of governments formed under Chapter 167 of the Ohio Revised Code. The FSC is currently comprised of 19 communities. The FSC was formed to foster cooperation between municipalities in matters of mutual concern including but not limited to, initiation and support of policies and practices which protect, maintain and redevelop mature communities and other matters which affect health, safety, welfare, education, economic conditions, and regional development.

City of Bedford Heights, Ohio

Notes to the Basic Financial Statements (continued)

For the Year Ended December 31, 2023

Note 17: Jointly Governed Organizations (continued)

D. First Suburbs Consortium of Northeast Ohio Council of Governments (continued)

The FSC is governed by an Assembly made up on one representative from each member community. The representatives then elect the Governing Board made up of a Chair, Vice Chair, and other members elected in annual elections. The Governing Board oversees and manages the FSC. The degree of control exercised by any participating government is limited to its representation in the Assembly and on the Board. The City contributed \$3,000 to the FSC during 2023. Financial information can be obtained by contacting the FSC, City of Bedford, 165 Center Road Bedford, Ohio 44146.

E. Regional Income Tax Agency

The Regional Income Tax Agency (RITA) is a regional council of governments formed to establish a central collection facility for the purpose of administering the income tax laws of the members and for the purpose of collection of income taxes on behalf of each member. RITA currently has approximately 350 members in the council of governments. Each member has one representative to the council of governments and is entitled to one vote on items under consideration. RITA is administered by a nine-member board of trustees elected by the members of the council of governments. The Board exercises total control over RITA's operation including budgeting, appropriating, contracting and designating management. Each participant's degree of control is limited to its representation on the council.

Note 18: Significant Commitments

Significant commitments include the encumbrances outstanding for the general fund, fire levy fund, issue 24 levy fund, capital improvements fund, and other nonmajor governmental funds were as follows:

	<u>Encumbrances</u>
General	\$ 134,059
Fire levy	10,033
Issue 24 levy	24,103
Capital improvements	642,768
Nonmajor governmental funds	<u>219,478</u>
Total other significant commitments	\$ <u>1,030,441</u>

Note 19: Tax Abatement Disclosures

As of December 31, 2023, the City provides tax incentives under two programs: the Community Reinvestment Area (CRA) and the Job Creation Grant Program.

Pursuant to Ohio Revised Code 3735, the City established a CRA in 1998, which included all land within the boundaries of the City. The City authorizes incentives through the passage of ordinances. The abatement equals an agreed-upon percentage of the additional property tax resulting from the increase in assessed value as a result of the improvements, not to exceed 100% of the increase in the assessed value resulting from the improvements. The amount of the abatement is deducted from the recipient's property tax bill.

City of Bedford Heights, Ohio

Notes to the Basic Financial Statements (continued)

For the Year Ended December 31, 2023

Note 19: Tax Abatement Disclosures (continued)

The Company is also expected to create an agreed-upon amount of new jobs that is negotiable based on the size of the tax abatement. If an entity receiving an abatement fails to fulfill its obligations under the CRA or if the City determines that the certification as to delinquent taxes required by the CRA is fraudulent, the City may terminate or modify the exemptions from taxation granted under the CRA and can require repayment of the amount of taxes that would have been payable had the property not been exempted from taxation.

For the year ended December 31, 2023, pursuant to an agreement originally approved by City Council in August 2021, the City abated property taxes totaling \$155,409 for the property address 24200 Aurora Road, Bedford Heights. The original CRA agreement approved for Scannell Properties awarded a 50% real estate tax abatement for seven years. This CRA agreement was re-assigned to SP 491 Title Holder, LLC in January 2022, pursuant to Ordinance 2022-008.

On March 21, 2006, the City created the Job Creation Grant Program. The purpose of the program is to provide an economic incentive for businesses to locate or expand within the City by way of sharing a portion of payroll withholding taxes paid. As of December 31, 2023, Jade-Sterling Steel Company, Inc. was the only entity awarded a Job Creation Grant, which was scheduled to receive an estimated \$55,000 in fiscal year 2024. The City did not have any other abated property taxes under this program as of December 31, 2023.

Note 20: Asset Retirement Obligations

Ohio Administrative Code Section 1301-7-9 requires a City classified as an “owner” or “operator,” to remove from the ground any underground storage tank (UST) that is not in use for a year or more. A permit must first be obtained for that year it is not being used. Once the UST is removed, the soil in the UST cavity and excavated material must be tested for contamination. This asset retirement obligation (ARO) of \$40,848 associated with the City’s underground storage tanks was estimated by the City engineer and adjusted for inflation. The remaining useful life of these USTs is 0 years.

Ohio Revised Code Section 6111.44 requires the City to submit any changes to their sewage system to the Ohio EPA for approval. Through this review process, the City would be responsible to address any public safety issues associated with their wastewater treatment facilities. At this time, due to limitations associated with the existing plant’s age and building materials within the plant, the engineer consulted would not have a reasonable estimate to calculate a liability for this year.

Note 21: Short-Term Notes Payables

A summary of the notes transactions for the year ended December 31, 2023, follows:

	Balance 12/31/22	Issued	Retired	Balance 12/31/23
Governmental activities:				
Bond anticipation notes	\$ 600,000	\$ -	\$ (600,000)	\$ -
Premium	14,760	-	(14,760)	-
Total	\$ <u>614,760</u>	\$ <u>-</u>	\$ <u>(614,760)</u>	\$ <u>-</u>

City of Bedford Heights, Ohio

Notes to the Basic Financial Statements (continued)

For the Year Ended December 31, 2023

Note 21: Short-Term Notes Payables (continued)

The building improvement general obligation bond anticipation notes were issued for the purpose of paying costs of building improvements to city facilities, including replacing roofs on various city buildings. The notes are dated October 5, 2022 and are due on October 5, 2023 at an interest rate of 4.92%. This note was retired early in April of 2023.

City of Bedford Heights, Ohio

Required Supplementary Information Schedule of the City's Proportionate Share of the Net Pension Liability Ohio Public Employees Retirement System – Traditional Plan

For the Last Ten Years

	2023	2022	2021	2020	2019

Mortality rates – For amounts reported beginning in 2022, the measurements use pre-retirement mortality rates based on 130% of the Pub-2010 General Employee Mortality tables (males and females). Post-retirement mortality rates are based on 115% of the PubG-2010 Retiree Mortality Tables (males and females). Post-retirement mortality rates for disabled retirees are based on the PubNS-2010 Disabled Retiree Mortality Tables (males and females). For all of the previously described tables, the base year is 2010 and mortality rates for a particular calendar year are determined by applying the MP-2020 mortality improvement scales (males and females) to all of these tables.

Amounts reported beginning in 2017 use mortality rates based on the RP-2014 Healthy Annuitant Mortality Table. For males, Healthy Annuitant Mortality tables were used, adjusted for mortality improvement back to the observation period base of 2006 and then established the base year as 2015. For females, Healthy Annuitant Mortality tables were used, adjusted for mortality improvements back to the observation period base year of 2006 and then established the base year as 2010. The mortality rates used in evaluating disability allowances were based on the RP-2014 Disabled Mortality tables, adjusted for mortality improvement back to the observation base year of 2006 and then established the base year as 2015 for males and 2010 for females. Mortality rates for a particular calendar year for both healthy and disabled retiree mortality tables are determined by applying the MP-2015 mortality improvement scale to the above described tables.

Amounts reported for 2016 and prior use mortality rates based on the RP-2000 Mortality Table projected 20 years using Projection Scale AA. For males, 105 percent of the combined healthy male mortality rates were used. For females, 100 percent of the combined healthy female mortality rates were used. The mortality rates used in evaluating disability allowances were based on the RP-2000 Mortality Table with no projections. For males 120 percent of the disabled female mortality rates were used set forward two years. For females, 100 percent of the disabled female mortality rates were used.

Note 1: Net Pension Liability/Asset (continued)

Changes in Assumptions – OP&F

Amounts reported for 2023 incorporate changes in assumptions used by OP&F in calculating the total pension liability in the latest actuarial valuation. These new assumptions compared with those used from 2022 and prior are presented below:

	2023 to 2022	
Actuarial Cost Method	Entry Age Normal	
Investment Rate of Return	7.50%	
Projected Salary Increases	3.75% to 10.50%	
Payroll Growth	Inflation rate of 2.75% plus productivity increase rate of 0.50%	
Cost of Living Adjustments	3.00% simple; 2.20% simple for increases based on the lesser of the increase in CPI and 3%	
	2018 to 2021	2017 and Prior
Actuarial Cost Method	Entry Age Normal	Entry Age Normal
Investment Rate of Return	8.00%	8.25%
Projected Salary Increases	3.75% to 10.50%	4.25% to 11.00%
Payroll Growth	Inflation rate of 2.75% plus productivity increase rate of 0.50%	Inflation rate of 3.25% plus productivity increase rate of 0.50%
Cost of Living Adjustments	3.00% simple; 2.20% simple for increases based on the lesser of the increase in CPI and 3%	3.00% simple; 2.60% simple for increases based on the lesser of the increase in CPI and 3%

For 2022, mortality for service retirees is based on the Pub-2010 Below-Median Safety Amount-Weighted Healthy Retiree mortality table with rates adjusted by 96.2% for males and 98.7% for females. All rates are projected using the MP-2021 Improvement Scale.

For 2022, mortality for disabled retirees is based on the Pub-2010 Safety Amount-Weighted Disabled Retiree mortality table with rates adjusted by 135.0% for males and 97.9% for females. All rates are projected using the MP-2021 Improvement Scale.

For 2022, mortality for contingent annuitants is based on the Pub-2010 Below-Median Safety Amount-Weighted Contingent Annuitant Retiree mortality table with rates adjusted by 108.9% for males and 131.0% for females. All rates are projected using the MP-2021 Improvement Scale.

For 2022, mortality for active members is based on the Pub-2010 Below-Median Safety Amount-Weighted Employee mortality table. All rates are projected using the MP-2021 Improvement Scale.

City of Bedford Heights, Ohio

Notes to the Required Supplementary Information (continued)

For the Year ended December 31, 2023

Note 1: Net Pension Liability/Asset (continued)

Changes in Assumptions – OP&F (continued)

For 2018-2021 actuarial valuation, mortality for non-disabled participants is based on the RP-2014 Total Employee and Healthy Annuitant Mortality Tables rolled back to 2006, adjusted according to the rates in the following table, and projected with the Conduent Modified 2016 Improvement Scale. Rates for surviving beneficiaries are adjusted by 120%.

Age	Police	Fire
67 or less	77%	68%
68-77	105%	87%
79 and up	115%	120%

Beginning with the 2018 actuarial valuation, mortality for disabled retirees is based on the RP-2014 Disabled Mortality Tables rolled back to 2006, adjusted according to the rates in the following table, and projected with the Conduent Modified 2016 Improvement Scale.

Age	Police	Fire
59 or less	35%	35%
60-69	60%	45%
70-79	75%	70%
80 and up	100%	90%

Actuarial valuation amounts reported for 2017 and prior rates of death were based on the RP-2000 Combined Table, age-adjusted as follows. For active members, set back six years. For disability retirements, set forward five years for police and three years for firefighters. For service retirements, set back zero years for police and two years for firefighters. For beneficiaries, set back zero years. The rates are applied on a fully generational basis, with a base year of 2009, using mortality improvement Scale AA.

Note 2: Net OPEB Liability

Changes in Assumptions – OPERS

For fiscal year 2023, the municipal bond rate increased from 1.84% to 4.05%. The single discount rate decreased from 6.00% to 5.22%. The health care cost trend rate changed from 5.5% initial, 3.5% ultimate in 2034 to 5.5% initial, 3.5% ultimate in 2036.

For fiscal year 2022, the municipal bond rate decreased from 2.00% to 1.84% and wage inflation decreased from 3.25% to 2.75%. The single discount rate remained 6.00%. The health care cost trend rate decreased from 8.5% initial, 3.5% ultimate in 2035 to 5.5% initial, 3.5% ultimate in 2034.

For 2021, the single discount rate changed from 3.16% in 2020 to 6.00%. For 2021, the municipal bond rate changed from 2.75% to 2.00%. For 2021, the health care cost trend rate changed from 10.5% initial, 3.5%, ultimate in 2030 to 8.5% initial, 3.5% ultimate in 2035.

City of Bedford Heights, Ohio

Notes to the Required Supplementary Information (continued)

For the Year ended December 31, 2023

Note 2: Net OPEB Liability (continued)

Changes in Assumptions – OPERS (continued)

For 2020, the single discount rate changed from 3.96% in 2019 to 3.16%. For 2020, the municipal bond rate changed from 3.71% to 2.75%. For 2020, the health care cost trend rate changed from 10% initial, 3.25%, ultimate in 2029 to 10.5% initial, 3.5% ultimate in 2030.

For 2019, the OPERS Board adopted a change in the investment return assumption, reducing it from 6.5% to 6.0%. For 2019, the single discount rate changed from 3.85% in 2018 to 3.96%. Prior to 2018, the single discount rate was 4.23%. For 2019, the municipal bond rate changed from 3.31% to 3.71%. For 2019, the health care cost trend rate changed from 7.5% initial, 3.25%, ultimate in 2028 to 10% initial, 3.25% ultimate in 2029.

Changes in Assumptions – OP&F

For 2023 the investment return assumption was lowered from 8.00% to 7.50%. The DROP interest crediting rate was lowered from 4.00% to 3.75%. The mortality assumption, withdrawal rates, retirement rates, and disability rates were changed. The DROP participation rate was lowered from 90% to 80%. The percent married assumption was changed from assuming 75% of members are married to 80%. The percentage of members assumed to elect a joint annuity was changed from 33% to 40% for service retirees and from 10% to 15% for disabled retirees. The percentage continued to the joint annuitant assumption was changed from 40% to 45%.

For 2022, the single discount rate changed from 2.96% to 2.84%.

For 2021, the single discount rate changed from 3.56% to 2.96%.

For 2020, the single discount rate changed from 4.66% to 3.56%.

For 2019, the single discount rate changed from 3.24% to 4.66%.

For 2018, the single discount rate changed from 3.79% to 3.24%.

Changes in Benefit Terms – OP&F

Beginning January 1, 2019 OP&F changed its retiree health care model and the current self-insured health care plan is no longer offered. In its place will be a stipend-based health care model. OP&F has contracted with a vendor who will assist eligible retirees in choosing health care plans from their marketplace (both Medicare-eligible and pre-Medicare populations). A stipend funded by OP&F will be placed in individual Health Reimbursement Accounts that retirees will use to be reimbursed for health care expenses.

As a result of changing from the current health care model to the stipend based health care model, management expects that it will be able to provide stipends to eligible participants for the next 15 years. Beginning in 2020 the Board approved a change to the Deferred Retirement Option Plan. The minimum interest rate accruing will be 2.5%.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

City of Bedford Heights
Cuyahoga County
5661 Perkins Road
Bedford Heights, Ohio 44146-2597

To the Members of the City Council:

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Bedford Heights, Cuyahoga County, Ohio (the City) as of and for the year ended December 31, 2023, and the related notes to the financial statements, which collectively comprise the City's basic financial statements and have issued our report thereon dated October 31, 2025.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purposes of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the City's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

However, we noted certain matters not requiring inclusion in this report that we reported to the City's management in a separate letter dated October 31, 2025.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
