

Improving Performance in Challenging Times

Helping Ohio Schools and
Government Operations
Find Practical Solutions
That Reduce Costs and
Increase Efficiency

There is no one-size-fits-all performance audit. An audit can be customized to your specific needs and the unique challenges you face. It can address improvements across the full scope of your organization or look only at specific components. The choice is yours.

**Improving
Performance**

Auditor of State Dave Yost Performance Audits

Specialists in the Auditor of State's office can assist a wide range of publicly funded organizations in Ohio, including

- Cities
- Villages
- Townships
- State Agencies
- Public Libraries
- Public Schools
- Charter Schools
- State Colleges and Universities
- Counties
- Water Districts
- Boards and Commissions

A Dollar Saved is a Dollar Earned

Results are achieved by comparing an entity's operations against similar, peer-group organizations, national benchmarks and leading practices. Clients typically receive one dollar in savings for every nickel spent on the performance audit.

The Auditor of State's performance audit staff has extensive professional experience in all sectors of government and schools.

Contact Auditor of State Dave Yost's office to learn more about how a performance audit can be tailored to improve your organization.
