We have audited the accompanying balance sheet of the Logan County Metropolitan Housing Authority (Authority) as of December 31, 1999, and the related statements of revenues, expenses and equity and cash flows for the year then ended. These financial statements are the responsibility of the Authority's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Logan County Metropolitan Housing Authority as of December 31, 1999, and the results of its operations and its cash flows for the year then ended in conformity with generally accepted accounting principles.

Our audit was made for the purpose of forming an opinion on the financial statements of the Logan County Metropolitan Housing Authority taken as a whole. The accompanying schedule of expenditures of federal awards, which is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments and Non-Profit Organizations*, and the additional schedules which are presented for purposes of additional analysis, are not a required part of the financial statements. Such additional information has been subjected to the auditing procedures applied in the audit of the financial statements and, in our opinion, is fairly stated, in all material respects in relation to the financial statements taken as a whole.

The Board of Commissioners
Logan County Metropolitan Housing Authority

In accordance with *Government Auditing Standards*, we have also issued a report dated June 15, 2000 on our consideration of the Logan County Metropolitan Housing Authority's internal controls over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grants.

BELLEFONTAINE, OHIO
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 1999

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

The Logan County Metropolitan Housing Authority (LMHA or Authority) was created under the Ohio Revised Code Section 3735.27 to engage in the acquisition, development, leasing and administration of a low-rent housing program. An Annual Contributions Contract (ACC) was signed by the Logan County Metropolitan Housing Authority and the U.S. Department of Housing and Urban Development (HUD), under the provisions of the United States Housing Act of 1937 (42 U.S.C. 1437) Section 1.1. The Authority was also created in accordance with state law to eliminate housing conditions which are detrimental to the public peace, health, safety, morals, or welfare by purchasing, acquiring, constructing, maintaining, operating, improving, extending, and repairing housing facilities.

The nucleus of the financial reporting entity as defined by the Governmental Accounting Standards Board (GASB) Statement No. 14 is the “primary government.” A fundamental characteristic of a primary government is that it is a fiscally independent entity. In evaluating how to define the financial reporting entity, management has considered all potential component units. A component unit is a legally separate entity for which the primary government is financially accountable. The criteria of financial accountability is the ability of the primary government to impose its will upon the potential component unit. These criteria were considered in determining the reporting entity.

Basis of Accounting

The accompanying combined financial statements have been prepared on the accrual basis of accounting, whereby revenues and expenses are recognized in the period earned or incurred. All transactions are accounted for in a single enterprise fund.

Pursuant to GASB Statement No. 20, *Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities That Use Proprietary Fund Accounting*, the Authority follows GASB guidance as applicable to proprietary funds and Financial Accounting Standards Board Statements and Interpretations, Accounting Principles Board Opinions, and Accounting Research Bulletins issued on or before November 30, 1989 that do not conflict with or contradict GASB pronouncements.

NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 1999

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Use of Estimates

The preparation of financial statements in accordance with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

The Authority considers all highly liquid investments (including restricted assets) with a maturity of three months or less when purchased to be cash equivalents.

Tenant Receivables – Recognition of Bad Debts

Bad debts are provided on the allowance method based on management's evaluation of the collectibility of outstanding tenant receivable balances at the end of the year.

Inventory

Inventories and materials are stated at cost (first in, first out method) which approximates market.

Property and Equipment

Property and Equipment is recorded at cost. Costs that materially add to the productive capacity or extend the life of an asset are capitalized while maintenance and repair costs are expensed as incurred.

Depreciation is recorded on the straight-line method.

Long-Term Debt

To provide for the development and modernization of low-rent housing units, LMHA issued New Housing Authority Bonds and Permanent Notes – F.F.B. These bonds and notes are payable by HUD and secured by annual contributions. The bonds and notes do not constitute a debt by the Authority and accordingly have not been reported in the accompanying financial statements.

NOTE 2 – CASH AND INVESTMENTS

Cash

State statutes classify monies held by the Authority into three categories.

Active deposits are public deposits necessary to meet current demands on the treasury. Such monies must be maintained either as cash in the Authority's Treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that the Authority has identified as not required for use within the current two-year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts including passbook accounts.

Protection of Authority's deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, by surety company bonds deposited with the treasurer by the financial institution or by a single collateral pool established by the financial institution to secure the repayment of all public monies deposited with the institution.

The Authority's deposits are categorized to give an indication of the level of risk assumed by the entity at year end. Category 1 includes deposits that are insured or collateralized with securities held by the Authority or its safekeeping agent in the Authority's name. Category 2 includes uninsured deposits collateralized with securities held by the pledging financial institution's trust department or safekeeping agent in the Authority's name. Category 3 includes uninsured and uncollateralized deposits, including any bank balance that is collateralized with securities held by the pledging institution, or by its trust department or safekeeping agent, but not in the Authority's name.

LOGAN COUNTY METROPOLITAN HOUSING AUTHORITY
BELLEFONTAINE, OHIO
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 1999

NOTE 2 – CASH AND INVESTMENTS, Continued

The following show the Authority's deposits (bank balance) in each category:

- Category 1. \$ 100,000 was covered by federal depository insurance.
- Category 3. \$ 232,168 was covered by collateral held by the pledging
financial institution, but not in the name of the Authority.

Collateral is required for demand deposits and certificates of deposit at 110 percent of all deposits not covered by federal deposit insurance. Obligations that may be pledged as collateral are obligations of the United States and its agencies and obligations of the State and its municipalities, school districts, and district corporations. Obligations pledged to secure deposits must be delivered to a bank other than the institution in which the deposit is made. Written custodial agreements are required.

Investments

HUD, State Statute and Board Resolutions authorize the Authority to invest in obligations of U.S. Treasury, agencies and instrumentalities, certificates of deposit, repurchase agreements, money market deposit accounts, municipal depository fund, super NOW accounts, sweep accounts, separate trading of registered interest and principal of securities, mutual funds, bonds and other obligations of this State, and the State Treasurer's investment pool. Investments in stripped principal or interest obligations, reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. An investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the Authority, and must be purchased with the expectation that it will be held to maturity. Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the treasurer or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

The Authority's investments are categorized to give an indication of the level of risk assumed by the entity at year-end. Category A includes investments that are insured or registered or for which the securities are held by the Authority or its agent in the Authority's name. Category B includes uninsured and unregistered investments for which the securities are held by the counterparty's Trust department or agent in the Authority's name. Category C includes uninsured and unregistered investments for which securities are held by the counterparty or its Trust department but not in the Authority's name. Star Ohio is not classified, since it is not evidenced by securities that exist in physical or book entry form.

NOTE 4 – ADMINISTRATIVE FEE

The Authority receives an "administrative fee" as part of the annual contribution from HUD to cover the costs (including overhead) of administering the Section 8 Housing Assistance Payments (HAP) Programs. The fee is a percentage of a HUD determined base rate for each unit per month under HAP contracts. The rates are as follows:

A. Certificates, Vouchers and Moderate Rehabilitation:

First 600 units per month - \$37.07/unit
 Hard to House Fees - \$45.00/unit

NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 1999

NOTE 5 – ALLOCATION OF COSTS

The Authority allocated expenses not attributable to a specific program to all programs under management. The basis for this allocation was the number of units in each program or estimated actual usage. Management considers this to be an equitable method of allocation.

NOTE 6 – RETIREMENT AND OTHER BENEFIT PLANS

The employees of the Authority are covered by the Public Employees Retirement System of Ohio (PERS), a statewide cost-sharing multiple-employer deferred benefit pension plan. PERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. The authority to establish and amend benefits is provided by state statute per Chapter 145 of the Ohio Revised Code. PERS issues a publicly available financial report. Interested parties may obtain a copy by making a written request to 277 East Town Street, Columbus, OH 43215-4642 or by calling (614) 466-2085.

The Ohio Revised Code provides statutory authority for employee and employer contributions. The employee contribution rate is 8.50% of qualifying gross wages for all employees. The total 1999 employer contribution rate was 13.55% of covered payroll. Required employer contributions are equal to 100% of the dollar amount billed to each employer and must be extracted from the employer's records. The Authority's contributions to P.E.R.S. for the years ending December 31, 1999, 1998, and 1997 were \$30,312, \$28,902, and \$27,246, respectively. All required contributions were made prior to each of those fiscal year ends.

Public Employees Retirement System of Ohio provides post-retirement health care coverage to age and service retirants with 10 or more years of qualifying Ohio service credit and to primary survivor recipients of such retirants. Health care coverage for disability recipients is available. The health care coverage provided by the retirement system is considered an Other Post-employment Benefit (OPEB) as described in GASB Statement No. 12. A portion of each employer's contribution to PERS is set aside for the funding of post retirement health care. The Ohio Revised Code provides statutory authority for employer contributions. The 1999 employer contribution rate was 13.55% of covered payroll; 5.5% was the portion that was used to fund health care for the year 1999.

OPEB is financed through employer contributions and investment earnings thereon. The contributions allocated to retiree health and Medicare, along with investment income on allocated assets and periodic adjustments in health care provisions are expected to be sufficient to sustain the program indefinitely.

NOTE 6 – RETIREMENT AND OTHER BENEFIT PLANS, Continued

The Authority may participate in a state-wide deferred compensation plan created in accordance with Internal Revenue Code Section 457. Participation is on a voluntary payroll deduction basis. The plan permits deferral of compensation until future years. According to the plan, the deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency. The plan Agreement states that the Authority and the Ohio Public Employees Deferred Compensation Board have no liability for losses under the plan with the exception of fraud or wrongful taking.

NOTE 7 – COMPENSATED ABSENCES

Vacation and sick leave policies are established by the Board of Commissioners.

Annual vacation leave is given to all full time permanent employees on a pro-rata basis; two weeks per year for service one through five years, three weeks for six to ten years of service and four weeks for ten years of service or more. The annual leave earned must be taken on or before December 31, of each year. No accumulation is permitted and as such no accrual at December 31, 1999.

Sick leave accrues for full time permanent employees on the basis of 10 hours per month, cumulative to 120 days or 960 hours. An employee at the time of retirement from active service with the authority may elect to be paid cash for one-fourth (1/4) of the value of accrued unused sick leave credit at the employees rate of pay at the time of retirement. The Authority's policy is to begin to accrue sick leave for employees five (5) years before they are eligible for retirement. At December 31, 1999, the authority had no sick leave accrued because the earliest eligible retiree for active employees is 2010.

 NOTES TO FINANCIAL STATEMENTS
 YEAR ENDED DECEMBER 31, 1999

NOTE 8 – CHANGE IN BASIS OF ACCOUNTING

Effective January 1, 1999, the Authority adopted the accrual basis of accounting, in conformity with generally accepted accounting principles (GAAP). HUD will require GAAP basis financial statements beginning January 1, 1999. Equity as of January 1, 1999 has been reduced by \$1,712,118 to retroactively reflect this change in accounting. The adjustment is made up of a reduction of \$7,123,681 to beginning retained earnings and an increase of \$5,411,563 to beginning contributed capital.

The prior period adjustment of \$7,123,681 to retained earnings is made up of the following amounts:

\$ (567,068)	Reduce Recorded Value of Fixed Assets to GAAP Capitalized Costs
(1,120,540)	Record Accumulated Depreciation as of January 1, 1999
<u>(5,436,073)</u>	Other
<u>\$ (7,123,681)</u>	

The prior period adjustment of \$5,411,563 increasing contributed capital is made up of the following amounts:

\$ 3,495,575	To Record Beginning Contributed Capital on Fixed Assets
<u>1,915,988</u>	Remove HUD Direct and Guaranteed Debt
<u>\$ 5,411,563</u>	

NOTE 9 – CONTINGENCIES

Grants

The Authority received financial assistance from federal and state agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the Authority. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the Authority at December 31, 1999

LOGAN COUNTY METROPOLITAN HOUSING AUTHORITY
BELLEFONTAINE, OHIO
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 1999

NOTE 9 – CONTINGENCIES - Continued

Commitments and Contingencies

The authority has, under its normal operations, entered into commitments for the purchase of maintenance, cleaning, and other services. Such commitments are monthly or annually.

The Authority is exposed to various risks of loss related to torts; theft to, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During 1999, the Authority was insured through the State Housing Authority Risk Pool Association, Inc. (SHARP), a public entity risk pool operating a common risk management and insurance program for its housing authority members. The State Housing Authority Risk Pool Association, Inc. is self-sustaining through member premiums and reinsures through commercial insurance companies.

The Authority carried commercial insurance for risk of loss for employee health and accident insurance.

NOTE 10 – FAMILY SELF-SUFFICIENCY PROGRAM

The Logan County Metropolitan Housing Authority has a Family Self-Sufficiency Program (FSSP). This program is designed to assist families to become self sufficient through an escrowed savings plan provided by the Authority. Upon completion of the objectives, the family receives their escrow balance.

At December 31, 1999, the Authority held in escrow \$27,370 for the Family Self-Sufficiency Program. The Authority recognizes the escrow as cash and due to FSSP participants on the balance sheet under other current liabilities.

NOTE 11 – MICROENTERPRISE PROGRAM

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE ON INTERNAL CONTROL OVER FINANCIAL REPORTING BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Commissioners
Logan County Metropolitan Housing Authority
Bellefontaine, Ohio

We have audited the financial statements of the Logan County Metropolitan Housing Authority, Bellefontaine, Ohio, as of and for the year ended December 31, 1999, and have issued our report thereon dated June 15, 2000. We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the Authority's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Authority's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be

material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

This report is intended for the information and use of management and the Board of Commissioners and is not intended to be and should not be used by anyone other than these specified parties

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE WITH REQUIRMENTS APPLICABLE TO EACH MAJOR PROGRAM AND INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

Board of Commissioners
Logan County Metropolitan Housing Authority
Bellefontaine, Ohio

Compliance

We have audited the compliance of the Logan County Metropolitan Housing Authority, Bellefontaine, Ohio, with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that are applicable to each of its major federal programs for the year ended December 31, 1999. The Authority's major federal programs are identified in the summary of the auditors' results section of the accompanying schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of the Logan County Metropolitan Housing Authority's management. Our responsibility is to express an opinion on the Authority's compliance based on our audit.

We conducted our audit of compliance in accordance with generally accepted auditing standards; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and the provisions of the *Public and Indian Housing Compliance Supplement*, PIH Notice 97-30. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Authority's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the Authority's compliance with those requirements.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE WITH REQUIREMENTS
APPLICABLE TO EACH MAJOR PROGRAM AND INTERNAL CONTROL OVER
COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133 (continued)**

In our opinion, the Logan County Metropolitan Housing Authority complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended December 31, 1999.

Internal Control Over Compliance

The management of the Logan County Metropolitan Housing Authority is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the Authority's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with *OMB Circular A-133*.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contacts and grants that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.
