REPORT OF INDEPENDENT ACCOUNTANTS

District Board of Health
General Health District
Tuscarawas County
897 East Iron Avenue
Dover, Ohio 44622

To the Executive Director and Board:

We have audited the accompanying financial statements of the General Health District, Tuscarawas County, Ohio, (the District) as of and for the year ended December 31, 1999. These financial statements are the responsibility of the District's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As discussed in Note 1, the District prepares its financial statements on the basis of accounting prescribed or permitted by the Auditor of State, which is a comprehensive basis of accounting other than generally accepted accounting principles.

In our opinion, the financial statements referred to above present fairly, in all material respects, the combined fund cash balances and reserves for encumbrances of the District as of December 31, 1999, and its combined cash receipts and disbursements for the year then ended on the basis of accounting described in Note 1.

In accordance with *Government Auditing Standards*, we have also issued our report dated September 18, 2000, on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants.

The accompanying Schedule of Receipts and Expenditures of Federal Awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments and Non-Profit Organizations*. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and, in our opinion, is fairly presented in all material respects in relation to the financial statements taken as a whole.

This report is intended solely for the information and use of the audit committee, management, the District Board of Health and other officials authorized to receive this report under § 117.26, Ohio Revised Code, and is not intended to be and should not be used by anyone other than these specified parties.

A handwritten signature in black ink, appearing to read "Jim Petro", with a large loop at the end of the name.

**GENERAL HEALTH DISTRICT
TUSCARAWAS COUNTY
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 1999**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Description of the Entity

The General Health District, Tuscarawas County, (the District) is a body corporate and politic established to exercise the rights and privileges conveyed to it by the constitution and laws of the State of Ohio. The District is directed by a seven-member appointed Board and an appointed health commissioner and executive director. The District provides general governmental services including referrals to the Bureau of Crippled Children Services Program, communicable disease investigations, immunizations clinics, tuberculosis screening, home visits and various licenses and permits, including inspections, birth and death certificates and related services.

As health districts are structured in Ohio, the County Auditor and County Treasurer serve as fiscal officer and custodian of funds for the District, respectively. As fiscal officer, the Auditor certifies the availability of cash and appropriations prior to the processing of payments. As the custodian of public funds, the County Treasurer invests District monies held on deposit in the County Treasury.

The District's management believes these financial statements present all activities for which the District is financially accountable.

B. Basis of Accounting

These financial statements follow the basis of accounting prescribed or permitted by the Auditor of State, which is similar to the cash receipts and disbursements basis of accounting. Receipts are recognized when received in cash rather than when earned, and disbursements are recognized when paid rather than when a liability is incurred.

These statements include adequate disclosure of material matters, as prescribed or permitted by the Auditor of State.

C. Cash

As required by Ohio Revised Code, the District's cash is held and invested by the Tuscarawas County Treasurer, who acts as custodian for District monies. The District's assets are held in the County's cash and investment pool, and are valued at the County Treasurer's reported carrying amount.

D. Fund Accounting

The District uses fund accounting to segregate cash and investments that are restricted as to use. The District classifies its funds into the following types:

1. General Fund

The General Fund is the general operating fund. It is used to account for all financial resources except those required by law or contract to be restricted.

2. Special Revenue Funds

These funds are used to account for proceeds from specific sources that are restricted to expenditure for specific purposes.

**GENERAL HEALTH DISTRICT
TUSCARAWAS COUNTY
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 1999**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Fund Accounting (Continued)

2. Special Revenue Funds (Continued)

Women, Infants, and Children Fund; Alcohol Fund; Family Planning Fund; and Child Family Health Services Fund - These funds are used to account for receipts for federal and state grants.

Food Service Fund - This fund is used to account for food service licenses issued.

Solid Waste Grant Fund - This fund is used to account for permits issued and grants from the Joint Solid Waste District.

3. Capital Projects Fund

This fund is used to account for receipts that are restricted for the acquisition or construction of major capital projects. The Permanent Improvement Fund was the only significant Capital Projects Fund. This fund is used to account for capital improvement activity.

E. Budgetary Process

An appropriation measure is adopted by the District on or before the first Monday of April in each year for the period January 1 to December 31 of the following year. The appropriation measure, together with the itemized estimate of the sources of revenue available to the District for the next fiscal year, is submitted to the County Auditor who in turn submits it to the County Budget Commission.

The County Budget Commission reviews the appropriation measure and may reduce any item in the appropriation measure, but may not increase any item or the aggregate amount of all the items in the appropriation measure.

The appropriation measure, as amended by the County Budget Commission, controls expenditures by the District for the period January 1 to December 31 of the following year. Budgetary expenditures (that is disbursements plus encumbrances) may not exceed estimated sources. The District may, by resolution, transfer funds from one item, create new items and make additional appropriations, subject to the availability of funds and to the approval of the County Budget Commission.

F. Encumbrances

The Ohio Revised Code requires the District to reserve (encumber) appropriations when commitments are made. Encumbrances outstanding at year end are carried over, and need not be reappropriated.

Encumbrances are purchase orders, contracts, and other commitments for the expenditure of monies that are recorded as the equivalent of expenditures on the budgetary basis to reserve that portion of the applicable appropriation and to determine and maintain legal compliance.

**GENERAL HEALTH DISTRICT
TUSCARAWAS COUNTY
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 1999**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

G. Property, Plant and Equipment

Acquisitions of property, plant and equipment are recorded as disbursements (Capital Improvements) when paid. These items are not reflected as assets on the accompanying financial statements.

H. Unpaid Vacation and Sick Leave

Employees are entitled to cash payments for unused vacation and sick leave in certain circumstances, such as upon leaving employment. Unpaid vacation and sick leave are not reflected as liabilities under the basis of accounting used by the District.

2. EQUITY IN POOLED CASH

The Tuscarawas County Auditor serves as fiscal agent for the District. The investment of County funds, including District funds, is determined by the Tuscarawas County Treasurer. The carrying amount of cash at December 31, 1999 was \$422,901 which was insured by the Federal Depository Insurance Corporation or collateralized by securities specifically pledged by the financial institution to the County.

3. BUDGETARY ACTIVITY

Budgetary activity for the year ending December 31, 1999 follows:

1999 Budgeted vs. Actual Receipts			
Fund Type	Budgeted Receipts	Actual Receipts	Variance
General	\$1,315,275	\$1,345,211	\$29,936
Special Revenue	1,479,888	1,572,519	92,631
Capital Projects	25,000	25,000	0
Total	<u>\$2,820,163</u>	<u>\$2,942,730</u>	<u>\$122,567</u>

1999 Budgeted vs. Actual Budgetary Basis Expenditures			
Fund Type	Appropriation Authority	Budgetary Expenditures	Variance
General	\$1,394,748	\$1,375,119	\$19,629
Special Revenue	1,564,481	1,504,955	59,526
Capital Projects	25,000	14,976	10,024
Total	<u>\$2,984,229</u>	<u>\$2,895,050</u>	<u>\$89,179</u>

**GENERAL HEALTH DISTRICT
TUSCARAWAS COUNTY
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 1999**

4. PROPERTY TAX

Real property taxes become a lien on January 1 preceding the October 1 date for which rates are adopted by County Commissioners. The State Board of Tax Equalization adjusts these rates for inflation. Property taxes are also reduced for applicable homestead and rollback deductions. Homestead and rollback amounts are then paid by the State, and are reflected in the accompanying financial statements as Intergovernmental Receipts. Payments are due to the County by December 31. If the property owner elects to make semiannual payments, the first half is due December 31. The second half payment is due the following June 20.

Public utilities are also taxed on personal and real property located within the District.

Tangible personal property tax is assessed by the property owners, who must file a list of such property to the County by each April 30.

The County is responsible for assessing property, and for billing, collecting, and distributing all property taxes on behalf of the District.

5. RETIREMENT SYSTEM

The District's employees belong to the Public Employees Retirement System (PERS) of Ohio. PERS is a cost-sharing, multiple-employer plan. This plan provides retirement benefits, including postretirement healthcare, and survivor and disability benefits to participants as prescribed by the Ohio Revised Code.

Contribution rates are also prescribed by the Ohio Revised Code. For 1999, PERS members contributed 8.5% of their gross salaries. The District contributed an amount equal to 13.55% of participants' gross salaries. The District has paid all contributions required through December 31, 1999.

6. RISK MANAGEMENT

The Tuscarawas County Commissioners and the District maintain comprehensive insurance coverage with private carriers for real property, building contents and vehicles. Vehicle policies include liability coverage for bodily injury and property damage. The real property and contents are insured, and includes a \$1,000 deductible. Settled claims resulting from these risks have not exceeded commercial coverage in any of the past three years.

The District also provides health and life insurance to its employees through private carriers.

7. CONTINGENT LIABILITIES

Amounts received from grantor agencies are subject to audit and adjustment by the Grantor, principally the federal government. Any disallowed costs may require refunding to the grantor. Amounts which may be disallowed, if any, are not presently determinable. However, based on prior experience, management believes such refunds, if any, would not be material.

**GENERAL HEALTH DISTRICT
TUSCARAWAS COUNTY
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 1999**

8. LEASE OBLIGATION

The District has a capital lease agreement for a copier system. The following is a schedule of the future minimum payments required as of December 31, 1999:

<u>Year</u>	<u>Obligation</u>
2000	\$19,885
2001	19,885
2002	8,286
Total	<u><u>\$48,056</u></u>

These expenditures are reflected as program expenditures (Contract Services) in the General Fund; Women, Infants, and Children Grant Fund; Family Planning; and the Child and Family Health Services Grant Fund.

9. LOAN AGREEMENT

On February 3, 1994, the District entered into an agreement with the Tuscarawas County Commissioners to secure funds to meet general operating expenses of the District. The original \$500,000 interest free loan was to be repaid by the District over a two-year period beginning March 15, 1994, with the option to renew for an additional year as mutually deemed necessary by both parties. Due to cash flow issues, the District did not repay the loan by March 15, 1997, as required by the loan agreement.

During December 1997, \$250,000 of the original loan remained outstanding and on December 19, 1997, the District and the Tuscarawas County Commissioners entered into an agreement to redefine the unpaid balance as an loan which is to be repaid monthly in unspecified amounts with interest of 4.5% per annum over a three year period. The balance of the unpaid loan plus interest at December 31, 1999 is \$107,047. On September 18, 2000, the District repaid the remaining balance of the loan.

10. INSURANCE PURCHASING POOL

The District is participating in a group rating plan for workers' compensation through Tuscarawas County as established under Ohio Rev. Code Section 4123.29. The District paid \$22,817 to Tuscarawas County to participate in the pool for 1998 payroll paid in 1999.

**GENERAL HEALTH DISTRICT
TUSCARAWAS COUNTY**

Notes to the Schedule of Receipts and Expenditures of Federal Awards
For the Year Ended December 31, 1999

NOTE A--SIGNIFICANT ACCOUNTING POLICIES

The accompanying Schedule of Receipts and Expenditures of Federal Awards (the Schedule) summarizes activity of the District's federal award programs. The Schedule has been prepared on the cash basis of accounting.

NOTE B--ACCOUNTING METHOD FOR EXPENDITURES

Federal funds were commingled with the local funds for the Maternal & Child Family Health Services Block Grant and Preventive Health and Health Services Block Grant. It is assumed federal monies are expended first.

The Medicaid billed for 1999 was \$43,486; however, the cost reimbursement rate is only 58%. Therefore, the amount reported only includes the amount anticipated to be received by the District.

REPORT OF INDEPENDENT ACCOUNTANTS ON COMPLIANCE AND ON INTERNAL CONTROL REQUIRED BY *GOVERNMENT AUDITING STANDARDS*

District Board of Health
General Health District
Tuscarawas County
897 East Iron Avenue
Dover, Ohio 44622

To the Executive Director and Board:

We have audited the accompanying financial statements of the General Health District, Tuscarawas County, Ohio, (the District) as of and for the year ended December 31, 1999, and have issued our report thereon dated September 18, 2000. We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered District's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

However, we noted other matters involving the internal control over financial reporting that do not require inclusion in this report, that we have reported to management of the District in a separate letter dated September 18, 2000.

**REPORT OF INDEPENDENT ACCOUNTANTS ON COMPLIANCE WITH REQUIREMENTS
APPLICABLE TO EACH MAJOR FEDERAL PROGRAM AND INTERNAL CONTROL OVER
COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133**

District Board of Health
General Health District
Tuscarawas County
897 East Iron Avenue
Dover, Ohio 44622

To the Executive Director and Board:

Compliance

We have audited the compliance of the General Health District, Tuscarawas County, Ohio, (the District) with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133, Compliance Supplement* that are applicable to its major federal program for the year ended December 31, 1999. The District's major federal program is identified in the summary of auditor's results section of the accompanying Schedule of Findings. Compliance with the requirements of laws, regulations, contracts and grants applicable to its major federal program is the responsibility of the District's management. Our responsibility is to express an opinion on the District's compliance based on our audit.

We conducted our audit of compliance in accordance with generally accepted auditing standards; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance occurred with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the District's compliance with those requirements.

In our opinion, the District complied, in all material respects, with the requirements referred to above that are applicable to its major federal program for the year ended December 31, 1999.

Internal Control Over Compliance

The management of the District is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the District's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

However, we noted other matters involving the internal control over federal compliance that do not require inclusion in this report, that we have reported to management of the District in a separate letter dated September 18, 2000.

This report is intended for the information and use of the audit committee, management, the District Board of Health, and federal awarding agencies and pass-through entities, and is not intended to be and should not be used by anyone other than these specified parties.

Jim Petro
Auditor of State
