Independent Auditor's Report

The Board of Directors
The Bowling Green State University
Foundation, Inc.
Bowling Green, Ohio

We have audited the accompanying statements of assets, liabilities and net assets – modified cash basis of The Bowling Green State University Foundation, Inc. (an Ohio nonprofit corporation) as of June 30, 2002 and 2001, and the related statements of cash receipts, cash disbursements and changes in net assets – modified cash basis for the years then ended. These financial statements are the responsibility of the Foundation's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As described in the Summary of Significant Accounting Policies, these financial statements were prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles.

In our opinion, the financial statements referred to above present fairly, in all material respects, the assets, liabilities, and net assets of The Bowling Green State University Foundation, Inc. as of June 30, 2002 and 2001, and its cash receipts, cash disbursements and changes in net assets for the years then ended, on the basis of accounting described in the Summary of Significant Accounting Policies.

In accordance with *Government Auditing Standards*, we have also issued our report dated September 4, 2002 on our consideration of The Bowling Green State University Foundation, Inc.'s internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, and contracts. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

Our audits were made for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying supplemental information is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is presented fairly, in all material respects, in relation to the basic financial statements taken as a whole.

THE BOWLING GREEN STATE UNIVERSITY FOUNDATION, INC.
SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
June 30, 2002 and 2001

The Bowling Green State University Foundation, Inc. (the Foundation) is a non-profit corporation which assists in the development and advancement of Bowling Green State University (the University). Significant accounting policies followed in preparing the financial statements of the Foundation are presented below.

BASIS OF PRESENTATION

The financial statements of the Foundation have been prepared on the modified cash basis of accounting, with investment securities stated at fair value and the inclusion of the liability relating to annuity contracts. Such basis differs from the accrual basis in that it provides for the recognition of revenues when received rather than when earned and the recognition of expenses when disbursed rather than when incurred.

USE OF ESTIMATES IN PREPARING FINANCIAL STATEMENTS

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of cash receipts and disbursements and other changes in net assets during the reporting period. Actual results could differ from those estimates.

INVESTMENT SECURITIES VALUATION AND INCOME RECOGNITION

Investment securities are stated at fair value, based on the quoted market value of the individual securities. Purchases and sales of investment securities are recorded on the settlement date. Realized gains or losses from sale of securities are determined using the cost basis of the securities sold. Interest and dividend income is reported when received.

Permanently restricted net assets participate in an investment pool in which each fund has a specific unit value interest. All investment income derived from investments in the pool is allocated to the participating net assets based upon the current unit value interest of each fund. Realized and unrealized gains and losses are allocated to the participating net assets based upon the prior three-year average balance of each fund.

The Foundation is named as a beneficiary of several irrevocable trusts. All of the assets of the trusts are held by third parties who manage the assets and distribute the assets and income as defined in each trust. Such assets are included in investment securities. The Foundation's interest in the future income stream of perpetual trusts is recognized based on the present market value of the trust assets. Under a split-interest trust, the donor is paid specified distributions for a future period of time and upon termination of the trust, the Foundation receives all or a portion of the trust. The Foundation's interest in such trusts is based on the estimated value of the assets to be received from each trust.

THE BOWLING GREEN STATE UNIVERSITY FOUNDATION, INC.
SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
June 30, 2002 and 2001

NET ASSETS

Resources of the Foundation are classified into net asset categories based on the limitations and restrictions placed on the contributions and gifts received. The net assets of the Foundation are classified into the following types for financial reporting purposes:

Permanently Restricted Net Assets – Permanently restricted net assets represent contributions received whereby the donors have stipulated that the corpus is to be maintained permanently, but permit the Foundation to use or expend part or all of the income for either specified or unspecified purposes.

Temporarily Restricted Net Assets – Temporarily restricted net assets represent contributions received whereby the donors have specified that the funds be held by the Foundation strictly in a fiduciary manner for a designated purpose.

Unrestricted Net Assets – Unrestricted net assets are available for use by the Board of Directors for purposes they so approve.

SPENDING POLICY AND ADMINISTRATIVE FEE

The Foundation has adopted a spending policy with respect to amounts available for distribution on all endowed funds. The spending policy provides for a range of 5% to 7%, with the Board of Directors approving 5% for both 2002 and 2001.

The Foundation adopted a policy of charging an administrative fee on all endowed funds, unless prohibited by the guidelines of the fund. The Board of Directors approved an administrative fee of .9% for the years ended June 30, 2002 and 2001. In 2001, the Board of Directors also approved the charging of such fee on certain non-endowed funds. The fee is based on the prior three-year average market value balance of endowed funds and for June 30, 2002 on a two-year average for certain non-endowed funds. The administrative fee amounted to \$413,063 in 2002 and \$368,167 in 2001 and is included in unrestricted other cash receipts.

INCOME TAXES

The Internal Revenue Service has issued a determination letter stating that the Foundation is exempt from taxation under Section 501(c)(3) of the Internal Revenue Code.

This information is an integral part of the accompanying financial statements.

**Independent Auditor's Report on Compliance and on Internal Control
Over Financial Reporting Based on an Audit of Financial Statements
Performed in Accordance with Government Auditing Standards**

The Board of Directors
The Bowling Green State University
Foundation, Inc.
Bowling Green, Ohio

We have audited the financial statements of The Bowling Green State University Foundation, Inc. as of and for the year ended June 30, 2002, and have issued our report thereon dated September 4, 2002. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether The Bowling Green State University Foundation, Inc.'s financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations and contracts, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under Government Auditing Standards.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered The Bowling Green State University Foundation, Inc.'s internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.
