We have reviewed the Independent Auditor's Report of the City of Greenfield, Highland County, prepared by Whited Seigneur Sams & Rahe, CPAs, for the audit period January 1, 2001 through December 31, 2001. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The City of Greenfield is responsible for compliance with these laws and regulations.

A handwritten signature in black ink, appearing to read "Jim Petro".

Independent Auditor's Report

We have audited the accompanying financial statements of the City of Greenfield, Highland County, Ohio (the City) as of and for the year ended December 31, 2001. These financial statements are the responsibility of the City's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

Ohio Administrative Code Section 117-6-01 requires the City to prepare its annual financial report in accordance with generally accepted accounting principles. However, as discussed in Note 1, the City of Greenfield prepares its financial statements on the basis of accounting formerly prescribed or permitted by the Auditor of State, which is a comprehensive basis of accounting other than generally accepted accounting principles. The accompanying financial statements omit assets, liabilities, fund equities, and disclosures that, while material, cannot be determined at this time.

In our opinion, the financial statements referred to above present fairly, in all material respects, the combined cash, investments, fund cash balances and reserves for encumbrances of the City of Greenfield, Highland County as of December 31, 2001, and the combined cash receipts and disbursements and its combined budgeted and actual receipts and budgeted actual disbursements and encumbrances for the year then ended, on the basis of accounting described in Note 1.

In accordance with *Government Auditing Standards*, we have also issued our report dated April 26, 2002, on our consideration of the City's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

Our audit was performed for the purpose of forming an opinion on the financial statements of the City taken as a whole. The accompanying Schedule of Federal Awards Expenditures is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the financial statements taken as a whole.

Respectfully submitted,

WHITED SEIGNEUR SAMS & RAHE, CPAs

SEE ACCOMPANYING NOTES AND AUDITOR'S REPORT

**CITY OF GREENFIELD
HIGHLAND COUNTY
NOTES TO THE FINANCIAL STATEMENTS**

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES :(As Required by Various Statutes)

- a) Description of the Entity - The City of Greenfield (the "City") was organized in 1941 as a municipal corporation under the laws of the State of Ohio. The City was recognized by the State of Ohio as a City after the 1960 federal census.

The City operates under a Council-Mayor form of government and provides the following services as authorized by state and local law: Public Service, Public Safety, Health, Recreation, and Development. Education services are provided by Greenfield Exempted City School District. The District is a separate governmental entity and its financial statements are not included in these financial statements.

The City's management believes these financial statements present all activities for which the City is financially accountable, except employee deferred compensation funds maintained by outside custodians are not included in these financial statements. These assets are described in Note 8 to the financial statements.

- b) Basis of Accounting – Although required by Ohio Administrative Code Section 117-6-01 to prepare its annual financial report in accordance with generally accepted accounting principles, the City chooses to prepare its financial statements on the basis of accounting formerly prescribed or permitted by the Auditor of State. This basis of accounting is similar to the cash receipts and disbursements basis of accounting. Receipts are recognized when received in cash rather than when earned, and disbursements are recognized when paid rather than when a liability is incurred. Budgetary presentations report budgetary expenditures when a commitment is made (i.e. when an encumbrance is approved.)

These statements include adequate disclosure of material matters, as formerly prescribed or permitted by the Auditor of State.

- c) Pooled Cash and Cash Equivalents - The City Treasurer invests all available funds of the City. City funds are invested in "Super Now" checking accounts with local commercial banks, as well as, in certificates of deposit. The City pools its cash for investment purposes to capture the highest rate of return. Investment income is distributed to City funds based upon the Ohio Constitution. The City carries all certificates of deposit as cash equivalents.
- d) Fund Accounting - The City maintains its accounting records in accordance with the principles of "fund" accounting. Fund accounting is a concept developed to meet the needs of governmental entities in which legal or other restraints require the recording of specific receipts and disbursements. The transactions of each fund are reflected in a self-balancing group of accounts, an accounting entity, which stands separate from the activities reported in other funds. The restrictions associated with each class of funds are as follows:

Governmental Funds:

General Fund - The General Fund is the general operating fund. It is used to account for all financial resources except those required by law or contract to be restricted.

**CITY OF GREENFIELD
HIGHLAND COUNTY
NOTES TO THE FINANCIAL STATEMENTS**

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: - (Continued)

d) Fund Accounting (Continued)

Special Revenue Funds – These funds are used to account for proceeds from specific sources (other than from trusts or for capital projects) that are restricted to expenditure for specific purposes. The City had the following significant Special Revenue Funds:

Street Construction, Maintenance and Repair Fund – This fund receives gasoline tax and motor vehicle tax money for constructing, maintaining and repairing city streets.

Cemetery Fund – This fund receives proceeds from burial fees and sale of lots and cornerstones for the maintenance and upkeep of the cemetery operated by the City.

Community Development Block Grants Fund – This fund accounts for federal block grant monies received through The Ohio Department of Development and spent for emergency home repair, downpayment assistance, rehabilitation of private and rental property, and downtown revitalization.

Capital Projects Funds – These funds account for the acquisition or construction of major capital facilities and capital improvements other than those financed by Proprietary Funds. They include projects financed by notes. The City had the following significant Capital Projects Funds:

City Building Renovation Project Fund – This fund receives income tax, grants, lease payments and proceeds from debt to renovate the City Building.

Street Paving Projects Fund – This fund receives a certain portion of cable franchise fees for various street paving projects.

Proprietary Funds:

Enterprise Funds – These funds account for operations that are similar to private business enterprises where management intends that the significant cost of providing certain goods and services will be recovered through user charges. The city had the following significant Enterprise funds:

Water Fund – This fund receives charges for services from residents to cover the cost of providing this utility.

Sewer Fund – This fund receives charges for services from residents to cover the cost of providing this utility.

Fiduciary Funds:

Trust Funds – These funds are used to account for resources by legally binding trust agreements. If the agreement requires the City to maintain the corpus of the trust, the fund is classified as a nonexpendable trust fund. Other trust funds are classified as expendable. The City had the following significant fiduciary funds:

**CITY OF GREENFIELD
HIGHLAND COUNTY
NOTES TO THE FINANCIAL STATEMENTS**

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: - (Continued)

d) Fund Accounting (Continued)

Police Pension Fund – This fund is used to account for proceeds from property taxes for pension retirement payments for police department personnel

Fire Pension Fund – This fund is used to account for proceeds from property taxes for pension retirement payments for fire department personnel.

Cemetery Trust – This fund is used to account for interest earned on a certain amount of principal and spent for the upkeep of specific graves and lots.

e) Budgetary Process

Budget - A budget of estimated cash receipts and disbursements is submitted to the County Auditor, as secretary of the County Budget Commission, by July 20 of each year, for the period January 1 to December 31 the following year.

Estimated Resources - The County Budget Commission certifies its actions to the City by September 1. As part of this certification, the City receives the official certificate of estimated resources, which states the projected receipts of each fund. On or about January 1, this certificate is amended to include any unencumbered balances from the preceding year. Prior to December 31, the City must revise its budget so that the total contemplated expenditures from a fund during the ensuing fiscal year will not exceed the amount stated in the certificate of estimated resources. The revised budget then serves as the basis for the annual appropriation measure. Budget receipts as shown in the accompanying financial statements do not include January 1 unencumbered fund balances. However, those fund balances are available for appropriations.

Appropriations - A temporary appropriation measure to control cash disbursements may be passed on or about January 1 each year for the period January 1 to March 31. An annual appropriation measure must be passed by April 1 of each year for the period January 1 to December 31.

The appropriation measure may be amended or supplemented during the year as new information becomes available. Appropriations may not exceed estimated resources.

Encumbrances - The City is required to use the encumbrance method of accounting by virtue of Ohio law. Under this system, purchase orders, contracts and other commitments for the expenditure of funds are recorded in order to reserve the portion of the applicable appropriation. At the close of each fiscal year, the unencumbered balance of each appropriation reverts to the respective fund from which it was appropriated and becomes subject to future appropriations. The encumbered appropriation balance is carried forward to the succeeding fiscal year and need not be reappropriated.

f) Property, Plant and Equipment - Acquisitions of property, plant and equipment are recorded as disbursements when paid. These items are not reflected as assets on the accompanying financial statements.

**CITY OF GREENFIELD
HIGHLAND COUNTY
NOTES TO THE FINANCIAL STATEMENTS**

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: - (Continued)

g) Unpaid Vacation and Sick Leave

Employees are entitled to cash payments for unused vacation and sick leave in certain circumstances, such as upon leaving employment. Unpaid vacation and sick leave are not reflected under the cash basis of accounting used by the City.

NOTE 2 - EQUITY IN POOLED CASH, CASH EQUIVALENTS AND INVESTMENTS:

The City maintains a cash and investment pool used by all funds of the City. Each fund's portion of this pool is displayed on the Statement of Cash, Investments and Fund Cash Balances. The deposits of each fund are held in this pool with other City funds.

- a) Legal Requirements - Statutes require the classification of monies held by the City into two categories. Category 1 consists of "active" monies, those monies are required to be kept in "cash" or "near-cash" status for current demands upon the City Treasury or in depository accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts.

Category 2 consists of "interim" monies in excess of the amount determined to be "active" monies. Interim monies may be deposited or invested in the following securities:

1. United States treasury notes, bills, bonds, or any other obligation or security issued by the United States treasury or any other obligation guaranteed as to principal or interest by the United States;
2. Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality. All federal agency securities are required to be direct issuances of federal government agencies or instrumentalities;
3. Repurchase agreements in the securities enumerated above;
4. Time certificates of deposit or savings or deposits accounts, including, but not limited to, passbook accounts;
5. Bonds and other obligations of the State of Ohio or its political subdivisions, or other units or agencies of this state or its political subdivisions;
6. The State Treasurer's investment pool; and
7. No-Load money market mutual funds consisting exclusively of obligations described in division (B.) (1) (2) or (5) of Ohio Rev. Code Section 135.14.

**CITY OF GREENFIELD
HIGHLAND COUNTY
NOTES TO THE FINANCIAL STATEMENTS**

NOTE 2 - EQUITY IN POOLED CASH, CASH EQUIVALENTS AND INVESTMENTS: (Continued)

The Governmental Accounting Standards Board has established credit risk categories for deposits and investments as follows:

1. Insured or collateralized with securities held by the entity or by its agent in the entity's name.
2. Collateralized with securities held by the pledging financial institution's trust department or agent in the entity's name.
3. Uncollateralized. (This includes any bank balance that is collateralized with securities held by the pledging financial institution, or by its trust department or agent but not in the entity's name).

Deposits - At December 31, 2001, the carrying amount of the City's deposits was \$3,549,021 and the bank balance was \$3,582,673.

Of the bank balances for the year ended December 31, 2001, \$142,501 was covered by Federal Depository Insurance, and thus would belong in risk category (1).

For the year ended December 31, 2001, \$3,440,172 was covered by collateral held by third party trustees pursuant to Section 135.181, Revised Code, in single institution collateral pools securing all public funds on deposit with specific depository institutions. The code specifies that the total value of securities pledged as collateral must be at least equal to 100% of the total amount of the insured deposits, including any portion covered by federal deposit insurance. The code also specifies what kind of securities are eligible to be pledged and to what percentage of their face value counts as being eligible for collateral.

These deposits would belong in risk category (3).

Investments - The City's investments are categorized below to give an indication of the level of risk assumed by the entity at year-end. Category 1 includes investments that are insured or registered or for which the securities are held by the City. Category 2 includes uninsured and unregistered investments for which the securities are held by the broker's or dealer's trust department or agent in the City's name. Category 3 includes uninsured and unregistered investments for which the securities are held by the broker or dealer or by its trust department but not in the name of the City.

Statutory provisions require that all securities acquired by the City be held by the City Treasurer or deposited with a qualified trustee unless the counter party is a designation for depositories, in which case the securities may be held in trust by the depository.

The only investment held by the City during the year ended December 31, 2001 was a cemetery bequest stock certificate from the Home Building and Loan Company in the amount of \$200 (cost and market value). This investment is classified as a category 1 investment.

**CITY OF GREENFIELD
HIGHLAND COUNTY
NOTES TO THE FINANCIAL STATEMENTS**

NOTE 3 - DEBT OBLIGATIONS:

Debt outstanding at December 31, 2001, consisted of the following:

	2001 Principal <u>Outstanding</u>	Interest <u>Rate</u>
General Obligation Bonds	\$ 30,000	5.90%
Bond Anticipation Note	1,600,000	3.70%
Ohio Water Development Authority Loan #1	8,152	5.25%
Ohio Water Development Authority Loan #2	1,424,185	9.48%
Ohio Public Works Commission Loan	153,738	3.00%

Outstanding general obligation bonds were sold for the purchase of fire apparatus and equipment. No additional property taxes were levied to provide for payment of these bonds and, thus, retirement of bonds is being paid from the general fund.

Bond anticipation note was issued in anticipation of bonds of which proceeds are being used for the renovation of the City Building that will house various departments of the City and Highland County Court.

The Ohio Water Development Authority (OWDA) loans are for utility construction projects. Property and revenue of the utility facilities have been pledged to repay these debts.

The Ohio Public Works Commission (OPWC) loan is Issue II money borrowed for the Edgewood/McClain sanitary sewer replacement project.

The annual requirement to amortize all bonded debt and long term loans outstanding as of December 31, 2001, including interest payments of \$931,635 are as follows:

Year Ending <u>12/31</u>	General Obligation <u>Bonds</u>	Bond Anticipation <u>Note</u>	OWDA <u>Loan #1</u>	OWDA <u>Loan #2</u>	OPWC <u>Loan</u>	(Memorandum Only) <u>Total</u>

**CITY OF GREENFIELD
HIGHLAND COUNTY
NOTES TO THE FINANCIAL STATEMENTS**

NOTE 4 - PROPERTY TAX:

Real property taxes are levied on assessed values which equal 35% of appraised value. The county auditor re-appraises all real property every six years with a triennial update. The last update was completed for tax year 2000, and the reappraisal year was completed for tax year 1997.

Real property taxes become a lien on all non-exempt real property located in the county on January 1. Real property taxes are payable annually or semi-annually. If paid annually, payment is due December 31; if paid semiannually, the first payment is due December 31, with the remainder payable by June 20 of the following year. Under certain circumstances, state statute permits later payment dates to be established.

The full tax rate applied to real property for the fiscal year ended December 31, 2001, was \$2.70 per \$1,000 of assessed valuation. There was no adjustment of the rate for inflationary increase in property values, so the effective tax rate was \$2.70 per \$1,000 of assessed valuation for real property classified as residential/agricultural and \$2.70 per \$1,000 of assessed valuation for all other real estate property. Real property owners' tax bills are reduced by homestead and rollback deduction, when applicable. The amount of these homestead and roll back reductions is reimbursed by the State of Ohio.

Owners of tangible personal property are required to file a list of such property including cost, by April 30, of each year. The property is assessed for tax purposes at varying statutory percentages of cost. The tax rate applied to tangible personal property for the fiscal year ended December 31, 2001, was \$2.70 per \$1,000 of assessed valuation.

	2000 Valuation
Real Property -	
Residential/Agricultural	\$ 28,551,080
Commercial/Industrial	10,251,060
Public Utilities	0
	2001 Valuation
Tangible Personal Property	
General	9,959,430
Public Utilities	<u>1,512,290</u>
TOTAL VALUATION	<u>\$ 50,273,860</u>

The Highland County Treasurer collects all property tax on behalf of all taxing districts within the county. The Highland County Auditor periodically remits to the taxing districts their portions of the taxes collected.

NOTE 5 - LOCAL INCOME TAX:

This locally levied tax of one and five-eighths percent is applied to gross salaries, wages and other personal service compensation earned by residents both in and out of the City limits. It also applies to net income of business organizations conducted within the City.

**CITY OF GREENFIELD
HIGHLAND COUNTY
NOTES TO THE FINANCIAL STATEMENTS**

NOTE 6 - RISK MANAGEMENT:

The City is exposed to various risks of loss related to torts, theft, damage to or destruction of assets, errors and omissions, employee injuries, and natural disasters. The City addresses these risks by maintaining a comprehensive risk management program, which includes coverage for the City, through the purchase of comprehensive insurance coverage with commercial carriers. General liability insurance is maintained in the amount of \$2,000,000 for each occurrence. Other liability insurance includes \$2,000,000 for automobile liability; \$2,000,000 errors and omissions; \$2,000,000 for law enforcement liability; and \$2,000,000 for public officials liability.

The City's exposure for the safety of its employees is covered by Ohio's Workers' Compensation department. The City carries commercial insurance for employee health and accident insurance. The City pays all elected and appointed officials' bonds by statute.

NOTE 7 - RETIREMENT COMMITMENTS:

Public Employees Retirement System of Ohio - The Public Employees Retirement System (PERS) of Ohio is a state operated, cost-sharing, multiple employer public employee retirement system. Full-time permanent employees of the City, except non-administrative full-time uniformed police officers and firefighters, belong to PERS. PERS provides retirement benefits to employees who are eligible to retire based upon five years of service. PERS also provides survivor and disability benefits to vested employees.

Employees contribute 8.5% of gross salary. The employer matching share is 13.55% of gross salary. The pension contribution requirement for the City for the year ended December 31, 2001, was \$136,339 which consisted of \$56,879 from employees and \$79,460 from the employer, respectively. The required percentages for employer and employee contributions for the 2002 fiscal year will be unchanged.

Police and Firemen's Disability and Pension Fund - The Police and Firemen's Disability and Pension Fund of Ohio is a state operated, cost-sharing multiple-employer public employees retirement system. All City non-administrative full time police officers and firefighters participate in Police and Firemen's Disability and Pension Fund. Retirement benefits are provided to employees who are eligible to retire based upon age and years of service. Police and Firemen's Disability also provides survivor and disability benefits to vested employees.

Employees contribute 10% of gross salary. The employer matching share is 19.5% for policemen and 24% for firemen. The pension contribution requirement for the City for the years ended December 31, 2001, was \$192,054, which consisted of \$60,858 from employees and \$131,196 from the employer, respectively. The required percentages for employer and employee contributions for the 2002 fiscal year will be unchanged.

NOTE 8 - OHIO PUBLIC DEFERRED COMPENSATION PLAN:

City employees and elected officials may participate in the Ohio Public Employees Deferred Compensation Program, created in accordance with Internal Revenue Service Code Section 457. Participation is on a voluntary payroll deduction basis. The plans permit deferral of compensation until future years. According to the plans, the deferred compensation is not available to employees until termination, retirement, death or in the case of an unforeseeable emergency.

**CITY OF GREENFIELD
HIGHLAND COUNTY
NOTES TO THE FINANCIAL STATEMENTS**

NOTE 8 - OHIO PUBLIC DEFERRED COMPENSATION PLAN: (Continued)

Under the Ohio Public Employees Deferred Compensation Program, all plan assets are now being held in a trust arrangement for the exclusive benefit of participants and their beneficiaries, as required by the Small Business Job Protection Act of 1996. Under this Act, all existing deferred compensation plans were required to implement such a trust arrangement by January 1, 1999. As a result, the assets of these plans are not reflected in the combined financial statements of the City.

NOTE 9 – COUNTY CDBG - FUNDED PROJECT:

The City participated in Highland County's Community Development Block Grants that funded certain improvement projects on behalf of the City in 2001. In 2001, Highland County disbursed \$30,600 on behalf of the City for the Streetscape Project. This amount is included as receipts and disbursements in the accompanying financial statements in the Capital Projects Fund Type.

NOTE 10– SUBSEQUENT EVENT:

Bond anticipation notes in the amount of \$1,600,000 issued and dated February 1, 2001 were renewed on January 31, 2002. The Notes shall be the full general obligations of the City, and the full faith, credit and taxing power of the City have been pledged for the prompt payment of the notes. Proceeds of the sale of the notes were posted and deposited in the City Building Renovation Project Fund.

NOTE 11 - STATE AND FEDERAL GRANTS:

The state and federal financial assistance grants are audited by the Independent Public Accountant, as part of their regular audit. Any instances of noncompliance with state and/or federal grant requirements and/or laws and regulations, if any, would be disclosed in a separate part of this presentation.

NOTE 12 - LEGAL COMPLIANCE/NONCOMPLIANCE:

Pursuant to Section 117.11 of the Revised Code, the Independent Public Accountant performed tests of compliance with various provisions of local, state and/or federal laws, as appropriate. The Auditor's recommendations and citations, if any, are included in a separate part of this presentation.

Ohio Administrative Code Section 117-6-01 requires that all cities are to report and prepare its financial report in accordance with generally accepted accounting principles.

The City prepares its financial statement on the basis of accounting formerly permitted or prescribed by the Auditor of State, which is a basis of accounting other than generally accepted accounting principles. The accompanying financial statements omit assets, liabilities, fund equity and disclosures that, which material, can not be determined at this time. The City can be fined and various other administrative remedies may be taken against the City.

Ohio Revised Code Section 5705.36 allows all subdivisions to request increased amended certificates of estimated resources and reduced amended certificates upon determination by the fiscal officer that revenue to be collected will be greater or less than the amount in the official certificate of estimated resources.

Increased amended certificates were not obtained for the County-Funded Community Development Block Grants (CDBG) received and disbursed on behalf of the City by Highland County. This is contrary to the above-named section of the Ohio Revised Code and Auditor of State Bulletin 2000-008.

**CITY OF GREENFIELD
HIGHLAND COUNTY
NOTES TO THE FINANCIAL STATEMENTS**

NOTE 12 - LEGAL COMPLIANCE/NONCOMPLIANCE: (Continued)

Reduced amended certificates were not obtained for the City's CDBG and Railroad Funds. These funds' actual receipts were significantly less than estimated receipts and the amount of the deficiency reduced actual available resources below the level of appropriation. However, it should be noted that the City did not overspend actual available resources.

Ohio Revised Code Section 5705.09 requires the City to establish a bond retirement fund, for the retirement of serial bonds, notes or certificates of indebtedness.

In February 2001, the City issued bond anticipation notes due January 31, 2002. Although notes were not due to be retired until that date, a bond retirement fund should have been established to accumulate interest towards repayment of debt. This is also in accordance with language per the bond anticipation note documents.

Report on Compliance and on Internal Control Over Financial Reporting Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

We have audited the financial statements of the City of Greenfield as of and for the year ended December 31, 2001, and have issued our report thereon dated April 26, 2002. We conducted our audit in accordance with auditing standards generally accepted in the United States and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the City of Greenfield's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance that are required to be reported under *Government Auditing Standards* which are described in the accompanying schedule of findings and questioned costs as items 2001-001, 2001-002, and 2001-003.

We also noted certain immaterial instances of noncompliance that we have reported to management of the City in a separate letter dated April 26, 2002.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the City's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

However, we noted other matters involving the internal control over financial reporting that we have reported to management of the City of Greenfield in a separate letter dated April 26, 2002.

This report is intended for the information and use of management, City Council, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Respectfully submitted,

REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR FEDERAL PROGRAM AND INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

Compliance

We have audited the compliance of the City of Greenfield, Highland County, Ohio (the City) with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB Circular A-133, Compliance Supplement)* that are applicable to its major federal programs for the year ended December 31, 2001. The City's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to its major federal programs is the responsibility of the City's management. Our responsibility is to express an opinion on City's compliance based on our audit.

We conducted our audit of compliance in accordance with generally accepted auditing standards; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform compliance requirements referred to above that could have a direct and material effect on a major federal program. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the City's compliance with those requirements.

In our opinion, the City complied, in all material respects, with the requirements referred to above that are applicable to its major federal programs for the year ended December 31, 2001. The results of our auditing procedures disclosed instances of noncompliance with those requirements that are required to be reported in accordance with OMB Circular A-133 and which are described in the accompanying schedule of findings and questioned costs as items 2001-004 and 2001-005.

Internal Control Over Compliance

The management of the City is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the City's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

We noted a certain matter involving the internal control over compliance and its operation that we consider to be a reportable condition. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over compliance that, in our judgment, could adversely affect the City's ability to administer a major federal program in accordance with applicable requirements of laws, regulations, contracts and grants. The reportable condition is described in the accompanying schedule of findings and questioned costs as item 2001-006.

A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. However, we believe the reportable condition described above is not a material weakness.

This report is intended for the information and use of management, City Council, and federal awarding agencies and pass-through entities, and is not intended to be and should not be used by anyone other than these specified parties.

Respectfully submitted,

WHITED SEIGNEUR SAMS & RAHE, CPAs

**CITY OF GREENFIELD
HIGHLAND COUNTY
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
DECEMBER 31, 2001**

II. Findings Related to the Financial Statements Required to Be Reported in Accordance With GAGAS

Finding Number 2001-001

Ohio Administrative Code Section 117-6-01 requires that all cities are to report and prepare its financial report in accordance with generally accepted accounting principles.

The City prepares its financial statements on the basis of accounting formerly permitted or prescribed by the Auditor of State, which is a basis of accounting other than generally accepted accounting principles. The accompanying financial statements omit assets, liabilities, fund equity and disclosures that, which material, can not be determined at this time. The City can be fined and various other administrative remedies may be taken against the City.

It is recommended that the City file its annual financial report to the Auditor of State's office on the generally accepted accounting principle basis of accounting.

Finding Number 2001-002

Ohio Revised Code Section 5705.36 allows all subdivisions to request increased amended certificates of estimated resources and reduced amended certificates upon determination by the fiscal officer that revenue to be collected will be greater or less than the amount in the official certificate of estimated resources.

Increased amended certificates were not obtained for the County-Funded Community Development Block Grants (CDBG) received and disbursed on behalf of the City by Highland County. This is contrary to the above-named section of the Ohio Revised Code and Auditor of State Bulletin 2000-008.

Reduced amended certificates were not obtained for the City's CDBG and Railroad Funds. These funds' actual receipts were significantly less than estimated receipts and the amount of the deficiency reduced actual available resources below the level of appropriation. However, it should be noted that the City did not overspend actual available resources.

Finding Number 2001-003

Ohio Revised Code Section 5705.09 requires the City to establish a bond retirement fund, for the retirement of serial bonds, notes or certificates of indebtedness.

In February 2001, the City issued bond anticipation notes due January 31, 2002. Although notes were not due to be retired until that date, a bond retirement fund should have been established to accumulate interest towards repayment of debt. This also is in accordance with language per the bond anticipation note documents.

III. Findings For Federal Awards

Finding Number 2001-004

CFDA Title and Number	Community Housing Improvement Project/ CDBG Downtown Revitalization CFDA #14.228 Home Investments Partnership Program 14.239
Federal Award Number/Year	A-C-00-128-1 A-C-00-129-2 A-T-00-129-1
Federal Agency	U.S. Department of Housing and Development
Pass-Through Agency	Ohio Department of Development (Partially)

Cash Management – Fifteen Day Rule

24 CFR 92.502 and Section (A)(3)(F) of the Ohio Department of Development’s Office of Housing and Community Partnership Financial Management Rules and Regulations Handbook requires grantees to develop a cash management system that ensures compliance with the 15-Day Rule relating to prompt disbursement of funds. This rule states that funds drawn down should be limited to amounts that will enable the grantee to disburse the funds on hand to a balance of less than \$5,000 within fifteen days of the receipt of funds.

Also, the grant agreements executed by and between the City of Greenfield and the State of Ohio, Department of Development, for the grant years January 1, 2001 through October 31, 2002 and August 1, 2000 through September 30, 2002, respectively, state in “Statement of the Agreement”, Section 3, “...if the funds are not expended in accordance with terms, condition and time period set forth in the agreement... the amounts improperly expended or not expended shall be returned to the Grantor (Ohio Department of Development) within thirty (30) days of termination of the agreement”.

We sampled a total of thirteen files from the Home Investments Partnership Community Housing Improvement and CDBG Downtown Revitalization Programs to compare disbursement dates of payments to contractors to dates of drawdowns when received. Our testing showed that 8 out of 13 payments tested, which were greater than \$5,000 each, were disbursed more than 15 days after receipt of the draw.

We recommend the City disburse federal funds within fifteen days of receipt to ensure they are promptly disbursing federal funds under this program.

HIGHLAND COUNTY
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
DECEMBER 31, 2001**

III. Findings For Federal Awards (Continued)

Finding Number 2001-005

CFDA Title and Number	Community Housing Improvement Project/ CDBG Downtown Revitalization CFDA #14.228 Home Investments Partnership Program 14.239
Federal Award Number/Year	A-C-00-128-1 A-C-00-128-2 A-T-00-128-1
Federal Agency	U.S Department of Housing and Development
Pass-Through Agency	Ohio Department of Development (Partially)

Generally Accepted Accounting Principles

Article Seven of the Grant Agreements requires the City to keep federal accounting records in a manner consistent with generally accepted accounting principles. The City prepares its financial statement and maintains its accounting records, which include grant funds, on the basis of accounting formerly permitted or prescribed by the Auditor of State, which is a basis of accounting other than generally accepted accounting principles.

Finding Number 2001-006

CFDA Title and Number	Community Housing Improvement Project/ CDBG Downtown Revitalization CFDA #14.228 Home Investments Partnership Program 14.239
Federal Award Number/Year	A-C-00-128-1 A-C-00-128-2 A-T-00-128-1
Federal Agency	U.S. Department of Housing and Development
Pass-Through Agency	Ohio Department of Development (Partially)

Reconciling City's Accounting Records with Administrator's Records

The Administrator maintains manual records for each grant but does not reconcile amounts with the City's accounting records.

We recommend the Administrator reconcile the manual records with the City's accounting records on a monthly basis. To facilitate this process, the City Auditor should create a fund for each grant and create accounts within the funds that parallel the Administrator's manual record accounts.
