REPORT OF INDEPENDENT ACCOUNTANTS

Riverside Academy
Hamilton County
3238 River Road
Cincinnati, Ohio 45204

To the Board of Trustees:

We have audited the accompanying Balance Sheet of Riverside Academy, Hamilton County, Ohio (the School), as of June 30, 2001, and the related Statements of Revenues, Expenses, and Changes in Retained Earnings, and the Statement of Cash Flows for the year then ended. These financial statements are the responsibility of the School's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Riverside Academy, Hamilton County, Ohio, as of June 30, 2001, and the results of its operations and the cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated June 7, 2002, on our consideration of the School's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

**NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2001**

1. DESCRIPTION OF THE SCHOOL AND REPORTING ENTITY

Riverside Academy, Hamilton County, Ohio (the School), is a state nonprofit corporation established pursuant to Ohio Rev. Code, Chapters 3314 and 1702 to maintain and provide a school exclusively for any educational, literary, scientific and related teaching service. The School, which is part of the State's education program, is independent of any school district. The School may sue and be sued, acquire facilities as needed, and contract for any services necessary for the operation of the School.

The School contracts with WHLS of Ohio, LLC (WHLS) for most of its functions. (See Note 7.)

The School was approved for operation under contract with the Ohio State Board of Education (Sponsor) for a period of five years commencing with fiscal year July 7, 1999 – June 30, 2004. The School operates under a self-appointing four-member Board of Trustees (the Board). The School's Code of Regulations specify that vacancies that arise on the Board are filled by the appointment of successors trustee by a majority vote of the then existing trustees. The Board is responsible for carrying out the provisions of the contract with the Sponsor which includes, but is not limited to, state-mandated provisions regarding student population, curriculum, academic goals, performance standards, admission standards, and qualifications of teachers. The School has one instructional/support facility staffed by teaching personnel employed by WHLS which provides services to 283 students. The Board also operates the Life Skills Center of Cincinnati.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the School have been prepared in conformity with generally accepted accounting principles as applied to governmental nonprofit organizations. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The School also applies Financial Accounting Standards Board statements and interpretations issued on or before November 30, 1989, provided they do not conflict with or contradict GASB pronouncements. The more significant of the School's accounting policies are described below.

A. BASIS OF PRESENTATION

Enterprise accounting is used to account for operations that are financed and operated in a manner similar to private business enterprises where the intent is that the costs (expenses) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges or where it has been decided that periodic determination of revenues earned, expenses incurred, and/ or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

B. MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. Enterprise accounting uses a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities are included on the balance sheet. Operating statements present increases (i.e., revenues) and decreases (i.e., expenses) in net total assets. The accrual basis of accounting is utilized for reporting purposes. Revenues are recognized when they are earned, and expenses are recognized when they are incurred.

HAMILTON COUNTY**

**NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2001
(Continued)**

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. BUDGETARY PROCESS

Unlike other public schools located in the state of Ohio, community schools are not required to follow budgetary provisions set forth in Ohio Rev. Code, Section 5705, unless specifically provided in the School's contract with its Sponsor. The contract between the School and its Sponsor requires a detailed school budget for each year of the contract, however the budget does not have to follow the provisions of Ohio Rev. Code, Section 5705.

D. CASH AND CASH EQUIVALENTS

All cash received by the School is maintained in demand deposit accounts. For purposes of the Statement of Cash Flows and for presentation on the Balance Sheet, investments with an original maturity of three months or less at the time they are purchased are considered to be cash equivalents.

E. FIXED ASSETS AND DEPRECIATION

The School operates under a management agreement with WHLS and as such, the School has no fixed assets.

F. INTERGOVERNMENTAL REVENUES

The School currently participates in the State Foundation Program and the State Disadvantaged Pupil Impact Aid (DPIA) Program. Revenue received from these programs are recognized as operating revenues in the accounting period in which all eligibility requirements have been met.

Grants and entitlements are recognized as non-operating revenues in the accounting period in which all eligibility requirements have been met.

Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted, matching requirements, in which the school must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the School on a reimbursement basis.

The School also participates in the Federal Charter School Grant Program through the Ohio Department of Education. Under this program, the school was awarded \$50,000 to offset start-up costs of the School. Revenue received from this program is recognized as non-operating revenue in the accompanying financial statements.

Amounts awarded under the above named programs for the 2001 school year totaled \$1,838,315.

G. USE OF ESTIMATES

In preparing the financial statements, management is sometimes required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

HAMILTON COUNTY**

**NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2001
(Continued)**

3. DEPOSITS

At year-end, the carrying amount of the School's deposits were \$265,302, and the bank balance was \$265,490. Of the bank balance, \$100,000 was covered by federal depository insurance. The School had \$165,490 that was not collateralized.

4. CONTINUING FEES RECEIVABLE

The School has recognized on its balance sheet a "Continuing fees receivable" for the amount that is due from WHLS for their portion (97%) to be refunded by the School to the Ohio Department of Education (ODE) based on the actual student full-time equivalent (FTE) enrollment figure as determined at the end of the year.

At June 30, 2001 the amount of Continuing Fees Receivable was a net \$249,439 which consisted of \$250,890 of Continuing Fees Receivable due from fiscal year 2000 and an *estimated* Continuing Fees Payable of \$1,451 for the fiscal year ended June 30, 2001. As of June 30, 2001, the ODE had not yet begun to collect on the FY2000 liability and thus, the entire amount remained due.

5. SIGNIFICANT PAYABLES

The School has recognized on its balance sheet a "State funding payable" for the amount that is to be paid by the School to the Ohio Department of Education (ODE) based on the difference in the amount the school actually received versus the amount earned through student full-time equivalent (FTE) enrollment as determined at the end of the year. A payable reflects that the School was funded on a higher estimated enrollment figure throughout the year than what the FTE enrollment figure was calculated to be at year end.

As mentioned in Note 4, the School has a State Funding Payable at June 30, 2001 of \$251,929 which consisted of \$1,495 of State Funding Receivable from fiscal year 2000 and an *estimated* State Funding Payable of \$253,424 for the fiscal year ended June 30, 2001. As of June 30, 2001, the ODE had not yet begun to collect on the FY2000 liability and thus, the entire amount remained due.

Additionally, a "Continuing fees payable" has been recorded by the School for 100% of the amount of federal grant monies due to WHLS under the terms of the management agreement at June 30, 2001 in the amount of \$262,648.

6. RISK MANAGEMENT

Property and Liability - The School is exposed to various risks of loss related to torts; theft or damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. As part of its management agreement with WHLS, WHLS has contracted with an insurance company for property and general liability insurance pursuant to the Management Agreement. (See Note 7.)

Director and Officer - Coverage has been purchased by the School with a \$2,000,000 aggregate limit and no deductible.

7. AGREEMENT WITH WHLS

Effective July 1, 1999, the School entered into a five-year Management Agreement (Agreement) with WHLS which is an educational consulting and management company. The Consulting Agreement's term coincides with the school's charter agreement. Substantially all functions of the School have been contracted to WHLS. WHLS is responsible and accountable to the School's Board of Trustees (the "School Board") for the administration, operation and performance of the School in accordance with the School's contract (Contract) with the Ohio State Board of Education to operate the School. The School had purchased service expenses for the year end of June 30, 2001 to WHLS in the amount of \$1,883,920 and a payable to WHLS at June 30, 2001 in the amount of \$262,648. Significant provisions of the Agreement are as follows:

Financial Provisions

Management, Consulting and Operation Fee. The School is required to pay WHLS or the Company a monthly continuing fee of 97% of the School's "Qualified Gross Revenues", defined in the Agreement as, "...all revenues and income received by the School except for charitable contributions" and "shall receive 100% of any and all grants or funding of any kind generated by the Company, and its affiliates beyond the regular per pupil state funding received by the School, subject to any terms and conditions attached to the grants, if any." The continuing fee is paid to the Company based on the previous month's qualified gross revenues.

Other School Financial Responsibilities. The School is responsible for its directors' and officers' insurance, legal fees for School Board representation and general corporate matters, accounting, audit, tax and consulting fees for the School, and other miscellaneous expenses not incurred in the normal day-to-day operation of the School.

WHLS Financial Responsibilities

Except as otherwise provided in the Agreement, all costs incurred in providing the educational program at the School are to be paid by WHLS. Such costs include, but are not limited to, salaries for all personnel, curriculum materials, textbooks, library books, computer and other equipment, software, supplies, building payments, maintenance, and capital improvements. All personal property used in the operation of the School is the property of WHLS, unless purchased directly by the School with its separate funds.

WHLS is required to maintain, at WHLS's expense, commercial general liability insurance in the name of the School in an amount not less than one \$1 million per occurrence and \$2 million aggregate, and excess umbrella liability insurance of not less than \$10 million per occurrence and \$15 million aggregate.

**RIVERSIDE ACADEMY
HAMILTON COUNTY**

**NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2001
(Continued)**

7. AGREEMENT WITH WHLS (Continued)

Personnel

WHLS has the responsibility and authority to determine staffing levels, and to select, evaluate, assign, discipline, transfer and terminate personnel, consistent with state and federal law and the Contract.

Compensation of all employees is paid by WHLS. If WHLS fails to pay this compensation, the School, in its sole discretion, may pay such compensation and offset the amount by withholding an equal amount from the fees owed to WHLS under the Agreement.

Agreement Termination

Termination by the School. The School may terminate the Agreement in the event WHLS materially breaches the Agreement or the Contract and WHLS does not cure the material breach within 90 days of its receipt of written notice from the School, unless the breach cannot be reasonably cured within 90 days, in which case the WHLS shall promptly undertake and continue efforts to cure said material breach within a reasonable time.

Termination by WHLS. WHLS may, at its option, terminate the Agreement upon the occurrence of certain events as defined in the Agreement.

8. FEDERAL TAX EXEMPTION STATUS

The School applied for tax exempt status under Section 501(c)(3) of the Internal Revenue Code. Should the School fail to obtain federal tax exempt status, it could be subject to federal income tax, the effect of which has not been assessed.

9. STATE SCHOOL FUNDING DECISION

On September 6, 2001, the Ohio Supreme Court issued its latest opinion regarding the State's school funding plan. The decision identified aspects of the current plan that require modification if the plan is to be considered constitutional, including:

- A change in the school districts that are used as the basis for determining the base cost support amount. Any change in the amount of funds distributed to school districts as a result of this change must be retroactive to July 1, 2001, although a time line for distribution is not specified.
- Fully funding parity aid no later than the beginning of fiscal year 2004 rather than fiscal year 2006.

The Supreme Court relinquished jurisdiction over the case based on anticipated compliance with its order.

In general, it is expected that the decision would result in an increase in State funding for most Ohio school districts. However, as of June 7, 2002, the Ohio General Assembly is still analyzing the impact this Supreme Court decision will have on funding for individual school districts. Further, the State of Ohio, in a motion filed September 17, 2001, asked the Court to reconsider and clarify the parts of the decision changing the school districts that are used as the basis for determining the base cost support amount and the requirement that changes be made retroactive to July 1, 2001.

As of the date of these financial statements, the School is unable to determine what effect, if any, this decision will have on its future State funding and on its financial operations.

10. DEFINED BENEFIT PENSION PLANS

The School has contracted with WHLS to provide employee services and to pay those employees. However, these contract services do not relieve the school of the obligation for remitting pension contributions. The retirement systems consider the School as the "Employer-of-Record" and the school ultimately responsible for remitting retirement contributions to each of the systems noted below: (See Note 7.)

A. SCHOOL EMPLOYEES RETIREMENT SYSTEM

WHLS contributes to the School Employees Retirement System of Ohio (SERS), a cost-sharing multiple employer public employee retirement system administered by the School Employees Retirement Board. SERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Chapter 3309 of the Ohio Revised Code. SERS issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained by writing to the School Employees Retirement System, 45 North Fourth Street, Columbus, Ohio 43215-3634.

Plan members are required to contribute 9 percent of their annual covered salary and the School is required to contribute at an actuarially determined rate. The current rate is 14 percent of annual covered payroll; 4.2 percent was the portion to fund pension obligations for the fiscal year 2001. For fiscal year 2000, 5.5 percent was the portion used to fund pension obligations. The required contribution for pension obligations to SERS for the fiscal years ended June 30, 2001 and 2000, were \$54,578 and \$43,234, respectively; 100 percent has been contributed for fiscal year 2001 and 2000.

B. STATE TEACHERS RETIREMENT SYSTEM

WHLS contributes to the State Teachers Retirement System of Ohio (STRS), a cost-sharing, multiple-employer public employee retirement system administered by the State Teachers Retirement Board. STRS provides retirement benefits and disability benefits, annual cost of living adjustments, and death benefits to members and beneficiaries. Benefits are established by Chapter 3307 of the Ohio Revised Code. STRS issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained by writing to the State Teachers Retirement System, 275 East Broad Street, Columbus, Ohio, 43215-3771.

Plan members are required to contribute 9.3 percent of their annual covered salary and is required to contribute 14 percent; 9.5 percent was the portion used to fund pension obligations for fiscal year 2001. For fiscal year 2000, 6 percent was the portion used to fund pension obligations. Contribution rates are established by STRS, upon recommendation of its consulting actuary, not to exceed statutory maximum rates of 10 percent for members and 14 percent for employers. The required contribution for pension obligations to STRS for the fiscal years ended June 30, 2001 and 2000 were \$91,786 and \$71,848, respectively; and 100 percent has been contributed for fiscal years 2001 and 2000.

**RIVERSIDE ACADEMY
HAMILTON COUNTY**

**NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2001
(Continued)**

11. POSTEMPLOYMENT BENEFITS

WHLS provides comprehensive health care benefits to retired teachers and their dependents through the State Teachers Retirement System (STRS), and to retired non-certificated employees and their dependents through the School Employees Retirement System (SERS). Benefits include hospitalization, physicians' fees, prescription drugs and reimbursement of monthly Medicare premiums. Benefit provisions and the obligation to contribute are established by the Systems based on authority granted by State statute. Both systems are on a pay-as-you-go basis.

The State Teachers Retirement Board has authority over how much, if any, of the health care costs will be absorbed by STRS. Most benefit recipients pay a portion of the health care cost in the form of a monthly premium. By law, the cost of the coverage paid from STRS funds shall be included in the employer contribution rate, currently 14 percent of covered payroll. For fiscal year 2001, the Board allocated employer contributions equal to 4.5 percent of covered payroll to the Health Care Reserve Fund. For the School, this amount equaled \$29,503.

STRS pays health care benefits from the Health Care Reserve Fund. The balance in the Fund was \$3,419 million at June 30, 2000 (the latest information available). For the fiscal year ended June 30, 2000, net health care costs paid by STRS were \$283,137,000 and STRS has 99,011 eligible benefit recipients.

For SERS, coverage is made available to service retirees with ten or more years of qualifying service credit, and to disability and survivor benefit recipients. Members retiring on or after August 1, 1989, with less than twenty-five years of service credit, must pay a portion of their premium for health care. The portion is based on years of service up to a maximum of 75 percent of the premium.

For this fiscal year, employer contributions to fund health care benefits were 9.8 percent of covered payroll, an increase from 1.3 percent for fiscal year 1999. In addition, SERS levies a surcharge to fund health care benefits equal to 14 percent of the difference between a minimum pay and the member's pay, pro-rated for partial service credit. For fiscal year 2001, the minimum pay has been established at \$12,400. For the school, the amount to fund health care benefits, including the surcharge, was \$48,963 for fiscal year 2001.

12. CONTINGENCIES

GRANTS

Amounts received from grantor agencies are subject to audit and adjustment by the grantor. Any disallowed costs may require refunding to the grantor. Amounts which may be disallowed, if any, are not presently determinable. However, in the opinion of the School, any such disallowed claims will not have a material, adverse effect on the financial position of the school.

13. PENDING LITIGATION

A suit was filed in Franklin County Common Pleas Court on May 14, 2001, alleging that Ohio's Community (i.e., Charter) Schools program violates the state Constitution and state laws. The effect of this suit, if any, on the Riverside Academy is not presently determinable.

**REPORT OF INDEPENDENT ACCOUNTANTS ON COMPLIANCE AND ON
INTERNAL CONTROL REQUIRED BY *GOVERNMENT AUDITING STANDARDS***

Riverside Academy
Hamilton County
3228 River Road
Cincinnati, Ohio 45204

To the Board of Trustees:

We have audited the financial statements of Riverside Academy, Hamilton County, Ohio (the School), as of and for the year ended June 30, 2001, and have issued our report thereon dated June 7, 2002. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the School's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the School's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

This report is intended for the information and use of the Audit Committee, management, and the Board of Trustees and is not intended to be and should not be used by anyone other than these specified parties.
