**REPORT OF INDEPENDENT ACCOUNTANTS ON COMPLIANCE AND ON INTERNAL CONTROL  
REQUIRED BY GOVERNMENT AUDITING STANDARDS**

Toledo Metropolitan Area Council of Governments  
Lucas County  
300 Central Union Plaza  
P.O. Box 9508  
Toledo, Ohio 43697-9508

To the Board of Trustees:

We have audited the financial statements of Toledo Metropolitan Area Council of Governments (TMACOG) as of and for the year ended June 30, 2001, and have issued our report thereon dated February 14, 2002, in which we noted that TMACOG had changed its revenue recognition criteria. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

**Compliance**

As part of obtaining reasonable assurance about whether TMACOG's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

**Internal Control Over Financial Reporting**

In planning and performing our audit, we considered TMACOG's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

**REPORT OF INDEPENDENT ACCOUNTANTS ON COMPLIANCE WITH REQUIREMENTS  
APPLICABLE TO MAJOR FEDERAL PROGRAMS AND INTERNAL CONTROL OVER  
COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133**

Toledo Metropolitan Area Council of Governments  
Lucas County  
300 Central Union Plaza  
P.O. Box 9508  
Toledo, Ohio 43697-9508

To the Board of Trustees:

**Compliance**

We have audited the compliance of Toledo Metropolitan Area Council of Governments (TMACOG) with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133, Compliance Supplement* that are applicable to each of its major federal programs for the year ended June 30, 2001. TMACOG's major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings. Compliance with the requirements of laws, regulations, contracts and grants applicable to its major federal program is the responsibility of TMACOG's management. Our responsibility is to express an opinion on TMACOG's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance occurred with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program. An audit includes examining, on a test basis, evidence about TMACOG's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on TMACOG's compliance with those requirements.

In our opinion, TMACOG complied, in all material respects, with the requirements referred to above that are applicable to its major federal program for the year ended June 30, 2001. However, we noted a certain instance of noncompliance that does not require inclusion in this report that we have reported to the management of TMACOG in a separate letter dated February 14, 2002.

### **Internal Control Over Compliance**

The management of TMACOG is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered TMACOG's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

### **Schedule of Federal Awards Expenditures**

We have audited the general-purpose financial statements of TMACOG as of and for the year ended June 30, 2001, and have issued our report thereon dated February 14, 2002, in which we noted that TMACOG had changed its revenue recognition criteria. Our audit was performed for the purpose of forming an opinion on the general-purpose financial statements taken as a whole. The accompanying schedule of federal awards expenditures is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the general-purpose financial statements. Such information has been subjected to the auditing procedures applied in the audit of the general-purpose financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the general-purpose financial statements taken as a whole.

This report is intended for the information and use of the audit committee, management, the Board of Trustees, federal awarding agencies and pass-through entities, and is not intended to be and should not be used by anyone other than these specified parties.

## REPORT OF INDEPENDENT ACCOUNTANTS

Toledo Metropolitan Area Council of Governments  
Lucas County  
300 Central Union Plaza  
P.O. Box 9508  
Toledo, Ohio 43697-9508

To the Board of Trustees:

We have audited the accompanying general-purpose financial statements of the Toledo Metropolitan Area Council of Governments (TMACOG) as of and for the year ended June 30, 2001, as listed in the table of contents. These general-purpose financial statements are the responsibility of the TMACOG's management. Our responsibility is to express an opinion on these general-purpose financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As discussed in note 8, TMACOG changed its revenue recognition criteria.

In our opinion, the general-purpose financial statements referred to above present fairly, in all material respects, the financial position of TMACOG, Lucas County, as of June 30, 2001, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated January 8, 2002 on our consideration of TMACOG's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

**NOTES TO THE FINANCIAL STATEMENTS**  
**JUNE 30, 2001**

1. **DESCRIPTION OF THE ENTITY AND BASIS OF PRESENTATION**  
(As Required by Various Statutes)

A. **DESCRIPTION OF THE ENTITY**

Pursuant to the provisions of Chapter 167, Revised Code, the Toledo Metropolitan Area Council of Governments (TMACOG) is a voluntary association of local governments in Lucas, Wood, Ottawa, Erie, and Sandusky counties in Ohio and Monroe County in Michigan. Local governments representing counties, cities, villages, townships, school districts, and authorities hold membership in TMACOG. The representatives of each unit of government meet twice a year as the General Assembly to set general guidelines, approve overall reports, and guide the financial scope of the organization. The Board of Trustees, composed of 45 members elected from the General Assembly, meets quarterly to approve programs, review federal grant applications, develop better intergovernmental arrangements, approve studies, and set policy on new approaches to area wide problems. The Council receives its operating funds from a combination of federal, state, and local sources. Local governments pay dues (membership fees) that are used by TMACOG to meet local matching requirements for a number of federal and state programs. The by-laws of the Council stipulate that the budget year would be July 1 through June 30. The budget is adopted by the General Assembly annually on or before the first day of the fiscal year. Upon adoption of the budget, the General Assembly fixes the membership fees and assessments for all members in amounts sufficient to provide the funds required by the budget. This policy provides the required assurance to grantor agencies as to the availability of local matching funds and local funding for program costs that are non-reimbursable under grantor directives and regulations.

B. **BASIS OF PRESENTATION**

The accounts of TMACOG are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenses as appropriate. The various funds are summarized by type in the combined financial statements.

(Continued)

1. DESCRIPTION OF THE ENTITY AND BASIS OF PRESENTATION (Continued)  
(As Required by Various Statutes)

C. FUND ACCOUNTING

TMACOG maintains its accounting records in accordance with the principles of "fund" accounting. Fund accounting is a concept developed to meet the needs of governmental entities in which legal or other restraints require the recording of specific receipts and disbursements. The transactions of each fund are reflected in a self-balancing group of accounts, an accounting entity that stands separate from the activities reported in other funds. The restrictions associated with each type of funds are as follows:

PROPRIETARY FUNDS

Enterprise Funds - Enterprise Funds account for operations (a) that are financed and operated in a manner similar to private business enterprises - where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

FIDUCIARY FUNDS

Trust and Agency Funds - These funds are used to account for assets held by a governmental unit in a trustee capacity or as an agent for individuals, private organizations, other governmental units, and/or other funds. Those included in this report are Agency Funds and are comprised of the Wabash Cannonball Coordinating Committee.

2. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The accompanying financial statements of Toledo Metropolitan Area Council of Governments are prepared in conformity with generally accepted accounting principles (GAAP) for local government units as prescribed in statements and interpretations issued by the GASB and other recognized authoritative sources.

The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. TMACOG also applies Financial Accounting Standards Board (FASB) statements and interpretations issued on or before November 30, 1989, to its proprietary activities provided they do not conflict with or contradict GASB pronouncements. The more significant of the TMACOG's accounting policies are described below.

A. **BASIS OF ACCOUNTING**

All financial transactions for Agency Funds are reported on a modified accrual basis of accounting. Under this accounting method, revenues are recognized in the accounting period in which they become susceptible to accrual - that is when they become both measurable and available to finance expenditures of the current period.

Proprietary Fund transactions are recorded on the accrual basis of accounting: revenues are recognized when earned and measurable: expenses are recognized as incurred.

B. **MEASUREMENT FOCUS**

Proprietary Funds are accounted for on a cost of services, or "capital maintenance", measurable focus. Proprietary Fund Type income statements represent increases and decreases in net total assets.

C. **GRANTS**

Grant support is recognized at the time reimbursable expenditures are made by TMACOG. Federal, state, and local grant receivables represent the excess of support recognized over cash received from the grantor at the balance sheet date.

(Continued)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. TRANSPORTATION ASSESSMENTS

TMACOG assesses transportation planning members in accordance with the budget approved by the General Assembly to meet the local matching requirements of the budget. Amounts not collected are re-billed in the subsequent year or can be billed to other transportation planning members on a pro-rata basis. If billed to other members and subsequently collected from the owing member, each transportation planning member is credited on a pro-rata basis.

E. SHORT TERM INVESTMENTS

TMACOG maintains a written investment policy that designates STAROhio as the primary depository for excess funds. Income derived from investments is returned to the agency's operating fund, a proprietary fund type. STAROhio is an investment pool managed by the State Treasurer's office which allows governments within the State to pool their funds for investment purposes. STAROhio is not registered with the SEC as an investment company, but does operate in a manner consistent with rule 2a7 of the Investment Company Act of 1940. Investments with STAROhio are valued at STAROhio's share price that is the price the investment could be sold for on June 30, 2001.

TMACOG also maintains an interest bearing checking account that makes automatic overnight deposits in repurchase agreements for all funds in excess of required compensating balances. Investments in repurchase agreements are recorded at fair market value for reporting purposes as of June 30, 2001.

F. FIXED ASSETS AND DEPRECIATION

Fixed assets purchased with grant funds are charged directly to the project as reimbursable expenditures. Fixed assets purchased from local funds prior to July 1, 1996 are recorded at cost, and depreciated over a period of between three and seven years using the straight line method. Fixed assets purchased after June 30, 1996 are recorded at cost and depreciated over a period of between five and fifteen years. Depreciation expense of \$59,287 for the twelve months ended June 30, 2001, was allocated to projects as a component of indirect costs.

Legal Requirements

There are no statutory requirements for the classification of monies held by TMACOG that apply. However, TMACOG maintains an investment policy that states that funds will normally be invested in the State Treasury Asset Reserve of Ohio (STAROHIO). When funds may be available for extended periods of time, investment opportunities with higher interest rates may be investigated. For Fiscal Year ending June 30, 2001, investments were made in repurchase agreements.

Deposits

At June 30, 2001, the carrying amount of TMACOG's deposits was (\$56,382) and the bank balance was \$61,324. Of the bank balance, \$61,324 was covered by federal depository insurance

Investments

TMACOG investments are categorized below to give an indication of the level of risk assumed by the entity at year-end. Category 1 includes investments that are insured or registered or for which the securities are held by TMACOG. Category 2 includes uninsured and unregistered investments for which the securities are held by the broker's or dealer's trust department or agent in the TMACOG name. Category 3 includes uninsured or unregistered investments for which the securities are held by the broker or dealer or by its trust department but not in the TMACOG name.

3. **POOLED CASH AND INVESTMENTS (Continued)**

- (a) TMACOG's investment in the State Treasurer's Investment Pool is not categorized because they are not evidenced by securities that exist in physical or book entry form.

The classification of cash and cash equivalents and investments on the combined financial statement is based on the criteria set forth in GASB Statement No. 9, "Reporting Cash Flows of Proprietary Funds and Governmental Entities That Use Proprietary Fund Accounting".

A reconciliation between the classification of cash and cash equivalents and investments on the combined financial statements and the classification of deposits and investments according to GASB Statement No. 3 is as follows":

	<u>Pooled Cash and Cash Equivalents</u>	<u>Investments</u>
GASB Statement No. 9	\$ 257,261	
Repurchase Agreements	(102,792)	\$ 102,792

4. **LEASES**

Based on the inclusion of a fiscal funding clause in each lease agreement, TMACOG does not record otherwise non-cancelable leases as capital assets. The fiscal funding clause generally provides that the lease is cancelable if the funding authority does not appropriate the funds necessary for the entity to fulfill its obligation under the lease agreements.

5. DEFINED BENEFIT PENSION PLANS

1. Pension Benefit Obligation

All employees of TMACOG participate in the Public Employees Retirement System of Ohio (PERS of Ohio), a cost-sharing multiple-employer defined benefit pension plan. The PERS of Ohio provides retirement and disability benefits, annual cost of living adjustments and death benefits to plan members and beneficiaries. Chapter 145 of the Ohio Revised Code provides statutory authority to establish and amend benefits. The Public Employees Retirement System of Ohio issues a stand-alone financial report that includes financial statements and required supplementary information for the PERS of Ohio. Interested parties may obtain a copy by making a written request to 277 East Town Street, Columbus, Ohio 43215-4642 or by calling (614) 466-2085 or 1-800-222-7377.

The Ohio Revised Code provides statutory authority for employee and employer contributions. The employee contribution rate is 8.5 percent. For 2000 the employer contribution rate for local government employer units was rolled back to 10.84 percent of covered payroll, 6.54 percent to fund pension benefit obligation and 4.30 percent to fund health care. The contribution requirements of plan members and TMACOG are established and may be amended by the Public Employees retirement Board. TMACOG's contribution to the PERS of Ohio for the years ending June 30, 2001, 2000 and 1999 were \$163,259, \$133,621 and \$133,435, respectively. 91.52 percent has been contributed for 2001 and 100 percent has been contributed for 2000 and 1999. The unpaid balance for 2001, in the amount of \$13,847 is recorded as a liability within the proprietary fund.

2. Other Postemployment Benefits

In addition to the pension benefit obligation described above, the PERS of Ohio provides postemployment health care benefits to age and service retirees with ten or more years of qualifying Ohio service credit and to primary survivor recipients of such retirants. Health care coverage for disability recipients is also available. A portion of each employer's contribution to PERS is set aside for the funding of post retirement health care. The Ohio Revised Code provides statutory authority requiring public employers to fund postemployment health care through their contributions to the PERS of Ohio. The portion of the 2000 employer contribution rate (identified above) that was used to fund health care for the year 2000 was 4.30 percent of covered payroll that amounted to \$64,761.

5. PENSION OBLIGATIONS AND OTHER POST EMPLOYMENT BENEFITS (Continued)

Other Postemployment Benefits (OPEBs) are advance funded on an actuarially determined basis. The number of active contributing participants was 401,339. The contribution rates are the actuarially determined contribution requirement for PERS. OPEBs are financed through employer contributions and investment earnings thereon. Funding and accounting were on a pay-as-you-go basis. As of December 31, 1999, the unaudited estimated net assets available for future OPEB payments were \$10,805.5 million. The actuarially accrued liability and the unfunded actuarially accrued liability, based on the actuarial cost method used, were \$12,473.6 million and \$1,668.1 million, respectively.

During 2000, the Retirement Board initiated significant policy changes. The Board enacted a temporary employer contribution rate rollback for calendar year 2000. The decision to roll back rates was based on the December 31, 1998 actuarial study which indicated that the actuarial assets exceeded actuarial liabilities. The temporary rate rollback was 20% for local government divisions. The Board reallocated employer contributions from 4.20% to 4.30% at the beginning of the year to improve health care financing. The proportion of contributions dedicated to funding OPEB increased during the year for those reasons.

The Retirement Board has elected to return to an actuarially pre-funded type of disclosure because it is a better presentation of PERS's actual funding methodology.

6. COMPENSATED ABSENCES

TMACOG has four forms of compensated absences: holidays (10 days each year), annual leave, compensatory time, and sick leave.

Annual leave accrues to each permanent full-time employee with fewer than 4 years of service at the rate of 3.1 hours per pay period, to a maximum of 10 days per year, and to part-time employees on a pro-rated basis. After 4 years of service, the rate for permanent full-time employees is 4.6 hours per pay period, to a maximum of 15 days per year and after 8 years of service, the rate is 6.2 hours per pay period to a maximum of 20 days per year. Annual leave may accrue to an amount equal to three times the employee's annual accrual amount. Upon leaving TMACOG, employees receive unused annual leave at their current rate of compensation, if they have completed 6 months of continuous employment. An additional 3 days accrues if no more than 5 sick days are taken within the previous December 31 fiscal year. These 3 days are subtracted from the current fiscal year's sick leave and added to the next fiscal year's annual leave.

6. COMPENSATED ABSENCES (Continued)

Certain non-supervisory employees of TMACOG qualify for compensatory time or trade time. No employees receive payment for overtime hours worked; rather, overtime hours are traded on a one-for-one basis in trade time off with certain limitations when the trade time is taken within the same work week. Overtime hours are traded on a one-to-one and one half basis in trade time when the trade time is taken in a subsequent workweek. Eligible employees are permitted to accumulate a maximum of 40 hours of trade time to be used at any time, subject to approval by the Executive Director. Compensatory time on the books at the end of the fiscal year is paid to the employee at their current rate of pay.

Sick leave accumulates at the rate of 3.7 hours per pay period for each full-time employee, to a maximum of 12 days per year, and to part-time employees on a pro-rated basis. Sick leave may be taken by employees up to the full amounts on their sick leave records, but employees may not develop negative sick leave or use sick leave that has not yet been accumulated. Employees with more than five years service with TMACOG are entitled to receive compensation for one-quarter of their accrued sick leave up to 480 hours and one-half of their accrued sick leave between 480 and 960 hours when they terminate employment with TMACOG. Sick leave may be accrued to a maximum of 960 hours and is payable at the employee's current rate of pay.

The total liability for these compensated absences at June 30, 2001 was approximately \$78,106.

7. CONTINGENT LIABILITIES

Grants

TMACOG receives financial assistance from federal, state and local agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in grant agreements and is subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the Enterprise Fund. However, in the opinion of management, any such disallowed claims will not have a material effect on any of the financial statements of the enterprise fund included herein or on the overall financial position of TMACOG at June 30, 2001.
