INDEPENDENT ACCOUNTANTS' REPORT

Meigs County 100 East Second Street Pomeroy, Ohio 45769

To the Board of Commissioners:

We have audited the accompanying financial statements of Meigs County, Ohio (the County), as of and for the year ended December 31, 2002. These financial statements are the responsibility of the County's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

Ohio Administrative Code Section 117-2-03(B) requires the County to prepare its annual financial report in accordance with generally accepted accounting principles. However, as discussed in Note 1, the accompanying financial statements and notes have been prepared on a basis of accounting in accordance with standards established by the Auditor of State for governmental entities that are not required to prepare annual reports in accordance with generally accepted accounting principles. This basis of accounting is a comprehensive basis of accounting other than generally accepted accounting principles. The accompanying financial statements and notes omit assets, liabilities, fund equities, and disclosures that, while material, cannot be determined at this time.

In our opinion, the financial statements referred to above present fairly, in all material respects, the combined cash and combined fund cash balances of Meigs County as of December 31, 2002, and its combined cash receipts and disbursements and its combined budgeted and actual receipts and budgeted and actual disbursements and encumbrances, for the year then ended on the basis of accounting described in Note 1.

The Auditor of State has billed Meigs County for audit services provided for the year ended December 31, 2001. As of the date of this report, the County has been billed a total of \$46,623 and has yet to pay \$20,374.

In accordance with *Government Auditing Standards*, we have also issued our report dated April 30, 2003, on our consideration of the County's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

The accompanying Schedule of Federal Awards Expenditures is presented for additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the financial statements. We subjected this information to the auditing procedures applied in the audit of the financial statements. In our opinion, it is fairly stated, in all material respects, in relation to the financial statements taken as a whole.

This report is intended solely for the information and use of the audit committee, management, the Board of County Commissioners and other officials authorized to receive this report under \leq 117.26, Ohio Revised Code, and is not intended to be and should not be used by anyone other than these specified parties.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2002

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Description of the Entity

Meigs County (the County), is a body politic and corporate established to exercise the rights and privileges conveyed to it by the constitution and laws of the State of Ohio. The County operates under the direction of a three-member elected Board of County Commissioners. The County Auditor is responsible for the fiscal controls of the resources of the County which are maintained in the funds described below. The County Treasurer is the custodian of funds and the investment officer. All of these officials are elected. Services provided by the County included general government, public safety, public works, and human services.

Management believes the financial statements included in this report represent all of the funds of the County over which the County has the ability to exercise direct operating control, except as described below:

The reporting entity is composed of the primary government, component units, and other organizations that are included to ensure that the financial statements of the County are not misleading.

The primary government consists of all funds, departments, boards and agencies that are not legally separate from the County. For Meigs County, this includes the Board of Mental Retardation and Development Disabilities and all departments and activities operated by the elected County officials.

Component units are legally separate organizations for which the County is financially accountable. The County is financially accountable for an organization if the County appoints a voting majority of the program's governing board and (1) the County is able to significantly influence the programs of services performed or provided by the organization; or (2) the County is legally entitled to or can access the organizations resources; the County is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the County is obligated for the debt of the organization. Component units may also include organizations for which the County approves the budget, the levying of taxes, or the issuance of debt.

Component Unit

Meigs Industries, Inc., is a legally separate, not-for-profit corporation, served by a selfappointing Board of Trustees. Meigs Industries is under a contractual agreement with the Meigs County Board of Mental Retardation and Development Disabilities (MRDD) to provide sheltered employment for mentally retarded or handicapped adults in the County. MRDD provides the Program with wages and other funds as necessary for the operation of Meigs Industries. Based on the significant services and resources provided by the County to the Program and the sole purpose of the Program to provide assistance to the retarded and handicapped adults of the County, the Program is considered to be a component unit of Meigs County. The component unit financial statements are presented in accordance with Generally Accepted Accounting Principals (GAAP). Complete financial statements of the individual component unit can be obtained from the administrative offices of Meigs Industries., 1310 Carleton Street, Syracuse, Ohio 45779.

A. Description of the Entity (Continued)

Separate Agencies

As the custodian of public funds, the County Treasurer invests all public monies held on deposit in the County treasury. In the case of the separate agencies listed below, the County serves as fiscal agent but is not financially accountable for their operations. Accordingly, the activity of the following agencies are presented as agency funds within the County's financial statements:

- The Meigs County District Board of Health is governed by a Board of Trustees which oversees the operation of the District and is elected by a regional advisory council comprised of township trustees, mayors of participating municipalities, and one County Commissioner. The District adopts its own budget and operates autonomously from the County. Funding is based on a tax levy, along with various state and federal grants applied for by the District.
- The Meigs County Soil and Water Conservation District is statutorily created as a separate and distinct political subdivision within the County. The five supervisors of the District are elected officials authorized to contract and sue on behalf of the District. The supervisors adopt their own budget, authorize District expenditures, hire and fire staff, and do not rely on the County to finance deficits.

Other Organizations

The County is also associated with certain organizations which are defined as jointly-governed organizations. These organizations are presented in Note 10 to the financial statements. The organizations are as follows:

- Gallia-Jackson-Meigs Counties Alcohol, Drug Addiction and Mental Health Services (ADAMH) Board
- Gallia-Jackson-Meigs-Vinton Joint Solid Waste Management District
- Gallia-Meigs Regional Airport

B. Basis of Accounting

Although required by Ohio Administrative Code Section 117-2-03(B) to prepare its annual financial report in accordance with generally accepted accounting principles, the County chose to prepare its financial statements and notes in accordance with standards established by the Auditor of State for governmental entities that are not required to prepare annual financial reports in accordance with generally accepted accounting principles. This basis of accounting is similar to the cash receipts and disbursements basis of accounting. Receipts are recognized when received in cash rather than when earned, and disbursements are recognized when paid rather than when liability in incurred. Budgetary presentations report budgetary expenditures when a commitment is made (i.e., when an encumbrance is approved).

These statements include adequate disclosure of material matters, as prescribed or permitted by the Auditor of State.

C. Cash and Investments

Cash and cash equivalents consist of the total fund cash balances of all funds as of December 31, 2002. County funds are maintained in several checking accounts, as well as being invested in certificates of deposit. Individual fund integrity is maintained through the County's records.

D. Fund Accounting

The County maintains its accounting records in accordance with the principles of fund accounting. Fund accounting is a concept developed to meet the needs of the governmental entities in which legal or other restraints require the recording of specific receipts and disbursements. The transactions of each fund are reflected in a self-balancing group of accounts, an accounting entity which stands separate from the activities reported in other funds. The restrictions associated with each type of funds as follows:

1. Governmental Fund Types:

General Fund

The General Fund is the general operating fund of the County. It is used to account for all financial resources except those required by law or contract to be accounted for in another fund.

Special Revenue Funds

These funds are used to account for proceeds of specific revenue sources (other than expendable trusts or capital projects) that are legally restricted to disbursements for specified purposes.

Debt Service Funds

These funds are used to accumulate resources for the payment of note and bond indebtedness.

Capital Projects Funds

These funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by Proprietary Funds and Trust Funds).

2. **Proprietary Fund Type:**

Internal Service Funds

This fund is used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the governmental unit, or to other government units, on a cost-reimbursement basis.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2002 (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Fund Accounting (Continued)

3. Fiduciary Fund Types:

Trust and Agency Funds

These funds are used to account for assets held by a governmental unit in a trustee capacity or as an agent for individuals, private organizations, other governmental units, and/or other funds. These include Expendable Trust Funds and Agency Funds.

E. Budgetary Process

1. Budget

A budget of estimated cash receipts and disbursements is submitted to the County Auditor, as secretary of the County Budget Commission, by July 20 of each year, for the period January 1 to December 31 of the following year.

2. Estimated Resources

The County Budget Commission certifies its actions to the County by September 1. As part of this certification, the County receives the official certificate of estimated resources which states the projected receipts of each fund. On or about January 1, this certificate is amended to include any unencumbered balances from the preceding year. Prior to December 31, the County must revise its budget so that the total contemplated disbursements from a fund during the ensuing fiscal year will not exceed the amount stated in the certificate of estimated resources. The revised budget then serves as the basis for the annual appropriation measure. Budget receipts as shown in the accompanying financial statements do not include January 1 unencumbered fund balances. However, those funds balances are available for appropriations.

3. Appropriations

A temporary appropriation measure to control cash disbursements may be passed on or about January 1 of each year for the period January 1 to March 31. An annual appropriation measure must be passed by April 1 of each year for the period January 1 to December 31. The appropriation measure may be amended or supplemented during year as new information becomes available. Appropriations may not exceed estimated resources.

4. Encumbrances

The County is required to use the encumbrance method of accounting by virtue of Ohio law. Under this system, purchase orders, contracts and other commitments for the disbursement of funds are recorded in order to reserve the portion of the applicable appropriation. At the close of each fiscal year, the unencumbered balance of each appropriation reverts to the respective fund from which it was appropriated and becomes subject to future appropriations. The encumbered appropriated balance is carried forward to the succeeding fiscal year and need not be reappropriated.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2002 (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

F. Property, Plant and Equipment

- B. \$4,843,861 was collaterized by securities held by a third party bank in the County's name.

3. PROPERTY TAX

Real property taxes are levied on assessed values which equal 35% of appraised values. The County Auditor reappraises all real property every six years with a triennial update. The last reappraisal was completed for tax year 1998.

Real property taxes become a lien on all non-exempt real property located in the County on January 1. Real property taxes are payable annually or semiannually. If paid annually, payment is due December 31; if paid semiannually, the first payment is due December 31 with the remainder payable by June 20 of the following year. Under certain circumstances, state statute permits later payment dates to be established.

The full tax rate applied to real property for the fiscal year ended December 31, 2002, was \$13.10 per \$1,000 of assessed valuation.

After adjustment of the rate for inflationary increases in property values, the effective tax rate was \$9.42 per \$1,000 of assessed valuation for real property classified as residential/agricultural and \$11.51 per \$1,000 of assessed valuation for all other real property. Real property owners' tax bills are further reduced by homestead and rollback deductions, when applicable. The amount of these homestead and rollback reductions is reimbursed to the County by the State of Ohio.

6. RETIREMENT SYSTEMS (Continued)

Public Employees Retirement System (PERS) (Continued)

Plan members, other than those engaged in law enforcement, are required to contribute 8.5 percent of their annual covered salary to fund pension obligations. Beginning in 2001, HB 416 divided the PERS law enforcement program into two separate divisions with separate employee contribution rates and benefits. The law enforcement classifications consisted of sheriffs, deputy sheriffs and township police with an employee contribution rate of 10.1 percent. All other members of PERS law enforcement program were placed in a newly named public safety division and continue to contribute at 9.0 percent. For plan members, other than those classified in the law enforcement or public safety divisions, the County was required to contribute 13.55 percent of covered salary for 2002. The employer contribution rate for both the law enforcement and public safety division was 16.70 percent.

The County contribution for plan members other than those classified in the law enforcement or public safety division for 2002 was 8.55 percent of covered payroll to fund pension obligations, decreased from 9.25 percent in 2001. The County contribution rate for those employees classified in the law enforcement or public safety divisions for 2002 was 12.40 percent. Contributions are authorized by State statute. The contribution rates are determined actuarially. The County's contributions to PERS for employees for year ended December 31, 2002, 2001, and 2000, were \$625,063, \$552,441 and \$723,323, respectively; 100 percent has been contributed for 2002, 2001 and 2000.

State Teachers Retirement System (STRS)

Certified teachers employed by the school for the mentally retarded contribute to the State Teachers Retirement System of Ohio (STRS), a cost sharing multiple-employer public employee retirement system administered by the State Teachers Retirement Board. STRS provides basic retirement benefits, disability, survivor, and health care benefits based on eligible service credit to members and beneficiaries. Benefits are established by Chapter 3307 of the Ohio Revised Code. STRS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to the State Teachers Retirement System, 275 East Broad Street, Columbus, Ohio 43215-3371 or by calling (614)227-4090.

For the fiscal year ended December 31, 2002, plan members are required to contribute 9.3 percent of their annual covered salary. The employer is required to contribute 14 percent; 9.5 percent was the portion used to fund pension obligations. Contribution rates are established by STRS, upon recommendation of its consulting actuary, not to exceed statutory maximum rates of 10 percent for members and 14 percent for employers. The County's required contributions to STRS for the years ended December 31, 2002, 2001, and 2000, were \$23,623, \$24,961, and \$33,336, respectively; 100% has been contributed for years 2002, 2001, and 2000.

7. POSTEMPLOYEMENT BENEFITS

Public Employees Retirement System (PERS)

The Public Employees Retirement System of Ohio (PERS) provides postretirement health care coverage to age and service retirees with ten or more years of qualifying Ohio service credit and primary survivor recipients of such retirees. Health care coverage for disability recipients is available. The health care coverage provided by the retirement system is considered an "Other Postemployment Benefit (OPEB) as described in GASB Statement No 12, "disclosure of Information on Postemployement Benefits Other Than Pension Benefits by State and Local Governmental Employers".

A portion of each employer's contribution to PERS is set aside for the funding of postretirement health care base on authority granted by State statute. The employer contribution rate for 2002 was 13.55 percent of covered payroll for employees not engaged in law enforcement; 4.30 percent was the portion that was used to fund health care. The employer contribution rate for law enforcement employees for 2002 was 16.7 percent; 5.0 percent was used to fund health care.

Benefits are advance-funded using an entry age normal actuarial cost method of valuation. Significant actuarial assumptions, based on PERS' latest actuarial review performed as December 31, 2001, included a rate of return on investments of 7.75 percent, an annual increase in active employee total payroll of 4 percent of compounded annually (assuming no change in the number of active employees) and an additional increase in total payroll of between .5 percent and 6.3 percent based on additional annual pay increases. Health care premiums were assumed to increase 4 percent annually.

All investments are carried at market. For actuarial valuation purposes, a smoothed market approach is used. Assets are adjusted to reflect 25 percent of unrealized market appreciation or depreciation on investment assets.

The number of active contributing participants was 402,041. The County's actual contribution for 2002 which were used to fund postemployment benefits was \$285,541. The actual contribution and the actuarially required contribution amounts are the same. PERS's net assets available for payment of benefits at December 31, 2001, (latest information available) were \$11.6 million. The actuarially accrued liability and unfunded actuarial accrued liability were \$16.4 million and \$4.8 billion, respectively.

Beginning in 2000, PERS elected to return to actuarially pre-funded type of disclosure because it is a better presentation of PERS's actual funding methodology. Since 1997, disclosures had been based on a pay-as-you-go funding basis.

State Teachers Retirement System (STRS)

Comprehensive health care benefits are provided to retired teachers and their dependents through the State Teachers Retirement System. Coverage includes hospitalization, physicians' fees, prescription drugs and reimbursement of monthly medicare premiums. All benefit recipients and sponsored dependents are eligible for health care coverage. Pursuant to the Ohio Revised Code, the State Teachers Retirement Board has discretionary authority over how much, if any, of the health care costs will be absorbed by the State Teachers Retirement System. Most benefit recipients pay a portion of the health care cost in form of a monthly premium.

7. POSTEMPLOYEMENT BENEFITS (Continued)

State Teachers Retirement System (STRS) (Continued)

The Ohio Revised Code grants authority to the State Teachers Retirement System to provide health care coverage to benefit recipients, spouses and dependents. By Ohio law, the cost of the coverage paid from State Teachers Retirement System funds shall be included in the employer contribution rate, currently 14 percent of covered payroll. The State Teachers Retirement Board allocates employer contributions to the Health Care Reserve Fund from which payments for health care benefits are paid. For the fiscal year ended June 30, 2002, the Board allocated employer contributions equal to 4.5 percent of covered payroll to the Health Care Reserve Fund which amounted to \$7,593. The balance in the Health Care Reserve Fund was \$3.256 billion at June 30, 2001 (the most recent data available). The Health Care Reserve Fund allocation for the year ended June 30, 2002 and after, will be 4.5% of covered payroll.

INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE AND ON INTERNAL CONTROL REQUIRED BY GOVERNMENT AUDITING STANDARDS

Meigs County 100 East Second Street Pomeroy, Ohio 45769

To the Board of Commissioners:

We have audited the accompanying financial statements of Meigs County, Ohio (the County), as of and for the year ended December 31, 2002, and have issued our report thereon dated April 30, 2003, which noted the County prepares its financial statements on a basis of accounting other than that prescribed by Ohio Administrative Code Section 117-2-03(B). We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance that is required to be reported under *Government Auditing Standards*, which is described in the accompanying Schedule of Findings as items 2002-001. We also noted certain immaterial instances of noncompliance that we have reported to management of the County in a separate letter dated April 30, 2003.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the County's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses. However, we noted other matters involving the internal control over financial reporting the internal control over financial reporting and its operation that we consider to be material weaknesses. INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR FEDERAL PROGRAM AND INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

Meigs County 100 East Second Street Pomeroy, Ohio 45769

To the Board of Commissioners:

Compliance

We have audited the compliance of Meigs County, Ohio (the County), with the types of compliance requirements described in the U.S. *Office of Management and Budget (OMB) Circular A-133, Compliance Supplement* that are applicable to its major federal program for the year ended December 31, 2002. The County's major federal program is identified in the Summary of Auditor's Results section of the accompanying Schedule of Findings. Compliance with the requirements of laws, regulations, contracts and grants applicable to its major federal program is the responsibility of the County's management. Our responsibility is to express an opinion on the County's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance occurred with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis of our opinion. Our audit does not provide a legal determination on the County's compliance with those requirements.

In our opinion, the County complied, in all material respects, with requirements referred to above that are applicable to its major federal program for the year ended December 31, 2002.

Internal Control over Compliance

The management of the County is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the County's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

743 E. State St. / Athens Mall Suite B / Athens, OH 45701 Telephone: (740) 594-3300 (800) 441-1389 Fax: (740) 594-2110 www.auditor.state.oh.us Meigs County Independent Accountants' Report on Compliance with Requirements Applicable to Each Major Federal Program and Internal Control Over Compliance in Accordance with OMB Circular A-133 Page 2

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weaknesses is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

This report is intended for the information and use of the audit committee, management, the Board of County Commissioners, and federal awarding agencies and pass-through entities, and is not intended to be and should not be used by anyone other than these specified parties.

Ohio Admin. Code Section 117-2-03(B) requires the County to prepare its annual financial report in accordance with generally accepted accounting principles.

However, the County prepared its financial statements in accordance with standards established by the Auditor of State for governmental entities not required to prepare annual reports in accordance with generally accepted accounting principles. The accompanying financial statements and notes omit assets, liabilities, fund equities, and disclosures that, while material, cannot be determined at this time. The County can be fined and various other administrative remedies may be taken against the County.

We recommend the County take the necessary steps to ensure that the annual financial report is prepared on a generally accepted accounting principles basis.
