**INDEPENDENT ACCOUNTANTS' REPORT**

Village of Woodsfield  
Monroe County  
221 South Main Street  
Woodsfield, Ohio 43793

To the Village Council:

We have audited the accompanying financial statements of the Village of Woodsfield, Monroe County, Ohio (the Village), as of and for the years ended December 31, 2002 and 2001. These financial statements are the responsibility of the Village's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As discussed in Note 1, the Village prepares its financial statements on the basis of accounting prescribed or permitted by the Auditor of State, which is a comprehensive basis of accounting other than generally accepted accounting principles.

In our opinion, the financial statements referred to above present fairly, in all material respects, the combined fund cash balances and reserves for encumbrances of the Village as of December 31, 2002 and 2001, and its combined cash receipts and disbursements for the years then ended on the basis of accounting described in Note 1.

In accordance with *Government Auditing Standards*, we have also issued our report dated February 28, 2003, on our consideration of the Village's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

This report is intended solely for the information and use of management, Village Council, and other officials authorized to receive this report under § 117.26, Ohio Revised Code, and is not intended to be and should not be used by anyone other than these specified parties.

A handwritten signature in black ink that reads "Betty Montgomery".

**VILLAGE OF WOODSFIELD  
MONROE COUNTY**

**NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2002 AND 2001**

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**A. Description of the Entity**

The Village of Woodsfield, Monroe County, (the Village) is a body corporate and politic established to exercise the rights and privileges conveyed to it by the constitution and laws of the State of Ohio. The Village is directed by a publicly-elected six-member Council. The Village provides water, sewer, and electric utilities, park operations, and police services.

The Village's management believes these financial statements present all activities for which the Village is financially accountable.

**B. Basis of Accounting**

These financial statements follow the basis of accounting prescribed or permitted by the Auditor of State, which is similar to the cash receipts and disbursements basis of accounting. Receipts are recognized when received in cash rather than when earned, and disbursements are recognized when paid rather than when a liability is incurred. Budgetary presentations report budgetary expenditures when a commitment is made (i.e., when an encumbrance is approved).

These statements include adequate disclosure of material matters, as prescribed or permitted by the Auditor of State.

**C. Cash and Investments**

Investments are reported as assets. Accordingly, purchases of investments are not recorded as disbursements, and sales of investments are not recorded as receipts. Gains or losses at the time of sale are recorded as receipts or disbursements, respectively.

Certificates of deposit and mortgage-backed securities are valued at cost. Money market mutual funds (including STAROhio) are recorded at share values reported by the mutual fund.

**D. Fund Accounting**

The Village uses fund accounting to segregate cash and investments that are restricted as to use. The Village classifies its funds into the following types:

**1. General Fund**

The General Fund is the general operating fund. It is used to account for all financial resources except those required to be accounted for in another fund.

**2. Special Revenue Funds**

These funds are used to account for proceeds from specific sources (other than from trusts or for capital projects) that are restricted to expenditure for specific purposes. The Village had the following significant Special Revenue Funds:

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**D. Fund Accounting (Continued)**

**2. Special Revenue Funds (Continued)**

*Street Construction, Maintenance and Repair Fund* - This fund receives, income tax, gasoline tax and motor vehicle tax money for constructing, maintaining and repairing Village streets.

*Parks and Recreation Fund* -This fund receives income tax and park admission revenues for the maintenance and upkeep of the Village's park.

**3. Debt Service Fund**

These funds are used to accumulate resources for the payment of bonds and note indebtedness. The Village had the following significant debt service fund:

*Debt Service Fund* – This fund receives gasoline tax receipts for payment of the street grader note indebtedness.

**4. Capital Project Funds**

These funds are used to account for receipts that are restricted for the acquisition or construction of major capital projects (except those financed through enterprise or trust funds). The Village had the following significant capital project funds:

*Municipal Building Fund* - This fund receives property tax and other revenues to fund major capital improvements to the Village fire station.

**5. Enterprise Funds**

These funds account for operations that are similar to private business enterprises where management intends that the significant costs of providing certain goods or services will be recovered through user charges. The Village had the following significant Enterprise Funds:

*Water Fund* - This fund receives charges for services from residents to cover the cost of providing this utility.

*Sewer Fund* - This fund receives charges for services from residents to cover the cost of providing this utility.

*Electric Fund* - This fund receives charges for services from residents to cover the cost of providing this utility.

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**D. Fund Accounting (Continued)**

**6. Fiduciary Funds (Trust Funds)**

Trust funds are used to account for resources restricted by legally binding trust agreements. If the agreement requires the Village to maintain the corpus of the trust, the fund is classified as a nonexpendable trust fund. The Village had the following significant fiduciary funds:

*Brague Endowment Fund* - This fund receives interest income from investments donated to the Village for upkeep and maintenance of the Village cemetery.

*Cemetery Endowment Fund* – This fund receives interest income and donations for additional maintenance and upkeep of the Village cemetery.

**E. Budgetary Process**

The Ohio Revised Code requires that each fund be budgeted annually.

**1. Appropriations**

Budgetary expenditures (that is, disbursements and encumbrances) may not exceed appropriations at the object level of control, and appropriations may not exceed estimated resources. The Council must annually approve appropriation measures and subsequent amendments. The County Budget Commission must also approve the annual appropriation measure. Unencumbered appropriations lapse at year end.

**2. Estimated Resources**

Estimated resources include estimates of cash to be received (budgeted receipts) plus unencumbered cash as of January 1. The County Budget Commission must also approve estimated resources.

**3. Encumbrances**

The Ohio Revised Code requires the Village to reserve (encumber) appropriations when commitments are made. Encumbrances outstanding at year end are carried over, and need not be reappropriated. Encumbrances outstanding at year end are canceled, and reappropriated in the subsequent year. The Village did not encumber all commitments required by Ohio law.

A summary of 2002 and 2001 budgetary activity appears in Note 3.

**F. Property, Plant and Equipment**

Acquisitions of property, plant and equipment are recorded as disbursements when paid. These items are not reflected as assets on the accompanying financial statements.

**VILLAGE OF WOODSFIELD  
MONROE COUNTY**

**NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2002 AND 2001  
(Continued)**

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**G. Unpaid Vacation and Sick Leave**

Employees are entitled to cash payments for unused vacation and sick leave in certain circumstances, such as upon leaving employment. Unpaid vacation and sick leave are not reflected as liabilities under the cash basis of accounting used by the Village.

**2. EQUITY IN POOLED CASH AND INVESTMENTS**

The Village maintains a cash and investments pool used by all funds. The Ohio Revised Code prescribes allowable deposits and investments. The carrying amount of cash and investments at December 31 was as follows:

	2002	2001
Demand deposits	\$920,887	\$615,678
Certificates of deposit	221,000	421,000
Total deposits	1,141,887	1,036,678
Money market mutual fund	5,234	10,259
STAROhio	323,706	655,396
Mortgage-backed securities	1,343,000	1,300,000
Total investments	1,671,940	1,965,655
Total deposits and investments	\$2,813,827	\$3,002,333

**Deposits:** Deposits are either (1) insured by the Federal Deposit Insurance Corporation, or (2) collateralized by securities specifically pledged by the financial institution to the Village.

**Investments:** Mortgage-backed securities are held in book-entry form by the Federal Reserve, in the name of the Village's financial institution. The financial institution maintains records identifying the Village as owner of these securities. Investments in STAROhio and mutual funds are not evidenced by securities that exist in physical or book-entry form.

The Village has not established an investment policy, contrary to Ohio Rev. Code Section 135.14.

**3. BUDGETARY ACTIVITY**

Budgetary activity for the years ending December 31, 2002 and 2001, follows:

2002 Budgeted vs. Actual Receipts			
Fund Type	Budgeted Receipts	Actual Receipts	Variance
General	\$342,184	\$407,005	\$64,821

**3. BUDGETARY ACTIVITY (Continued)**

Contrary to Ohio Rev. Code Section 5705.39, as of December 31, 2001, the General, Street Construction, State Highway and Improvement, Cemetery, Parks and Recreation, Motor Vehicle License Tax, Debt Service, Building, Sewer Replacement, and Light Improvement Funds' had appropriations that exceeded estimated revenue in the amount of \$49,674, \$23,107, \$4,030, \$6,680, \$54,156, \$25,000, \$2,137, \$6,307, \$3,833, and \$6,609, respectively.

Contrary to Ohio Rev. Code Section 5705.09, the Village received and expended Issue II monies during 2002 and 2001 and did not establish a separate fund to account for these monies.

**4. PROPERTY TAX**

Real property taxes become a lien on January 1 preceding the October 1 date for which rates are adopted by Village Council. The State Board of Tax Equalization adjusts these rates for inflation. Property taxes are also reduced for applicable homestead and rollback deductions. Homestead and rollback amounts are then paid by the State, and are reflected in the accompanying financial statements as Intergovernmental Receipts. Payments are due to the County by December 31. If the property owner elects to make semiannual payments, the first half is due December 31. The second half payment is due the following June 20.

Public utilities are also taxed on personal and real property located within the Village.

Tangible personal property tax is assessed by the property owners, who must file a list of such property to the County by each April 30.

The County is responsible for assessing property, and for billing, collecting, and distributing all property taxes on behalf of the Village.

**5. LOCAL INCOME TAX**

The Village levies a municipal income tax of 1 percent on substantially all earned income arising from employment, residency, or business activities within the Village as well as certain income of residents earned outside of the Village.

Employers within the Village withhold income tax on employee compensation and remit the tax to the Village either monthly or quarterly, as required. Corporations and other individual taxpayers pay estimated taxes quarterly and file a declaration annually.

**6. DEBT**

Debt outstanding at December 31, 2002, was as follows:

	<u>Principal</u>	<u>Interest Rate</u>
Ohio Public Works Commission Loans	\$294,372	0 - .02%
General Obligation Notes	115,597	4.15 - 5.8%
Mortgage Revenue Bonds	545,000	2.39%

**NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2002 AND 2001  
(Continued)**

**6. DEBT (Continued)**

The Ohio Public Works Commission (OPWC) loans relate to water expansion projects. The loans are collateralized by water receipts.

The General Obligation Notes were issued to finance the purchase of various equipment, bleachers at Monroe Memorial Park, and equipment and renovations to the Village swimming pool. The notes are collateralized solely by the Village's taxing authority.

The Mortgage Revenue Bonds relate to a bond issue for the construction of a new sanitary sewer system. The bonds are collateralized by sewer receipts.

The Bond Anticipation Notes relate to the construction of a new fire station, and to an electric system improvement project between the Village and American Municipal Power-Ohio, Inc. The fire station bond anticipation notes can be issued in an amount up to \$400,000. As of December 31, 2002, the Village has borrowed only \$358,308 on these notes and are backed by the full faith and credit of the Village and have maturity dates of five years or less. The notes pertaining to the electric system improvements are issued in the amount of \$1,000,000 and will be paid from revenues derived by the Village from the operation of the Village's electric system and have been issued for one year or less.

Amortization of the above debt, except the Bond Anticipation Notes, including interest, is scheduled as follows:

	<u>OPWC Loans</u>	<u>General Obligation Notes</u>	<u>Mortgage Revenue Bonds</u>
Year ending December 31:			
2003	\$19,788	\$40,476	\$58,916

2018-2022	53,454		
Total	<u>\$339,293</u>	<u>\$138,560</u>	<u>\$583,804</u>

**7. RETIREMENT SYSTEMS**

The Village's law enforcement officers belong to the Ohio Police and Fire Pension Funds (OP&F). Other full-time employees and elected officials belong to the Public Employees Retirement System (PERS) of Ohio. OP&F and PERS are cost-sharing, multiple-employer plans. These plans provide retirement benefits, including postretirement healthcare, and survivor and disability benefits to participants as prescribed by the Ohio Revised Code.

Contribution rates are also prescribed by the Ohio Revised Code. For 2002 and 2001, members of OP&F contributed 10% of their wages. The Village contributed an amount equal to 19.5% of police participant wages. PERS members contributed 8.5% of their wages. The Village contributed an amount equal to 13.55% of participants' gross salaries for 2002 and 2001. The Village has paid all contributions required through December 31, 2002.

**8. RISK MANAGEMENT**

**Commercial Insurance**

The Village has obtained commercial insurance for the following risks:

- Comprehensive property and general liability;
- Vehicles; and
- Errors and omissions.

**9. CONTINGENT LIABILITIES**

The Village is defendant in several lawsuits. Although the outcome of these suits is not presently determinable, management believes that the resolution of these matters will not materially adversely affect the Village's financial condition.

Amounts received from grantor agencies are subject to audit and adjustment by the grantor, principally the federal government. Any disallowed costs may require refunding to the grantor. Amounts which may be disallowed, if any, are not presently determinable. However, based on prior experience, management believes such refunds, if any, would not be material.

**INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE AND ON INTERNAL CONTROL  
REQUIRED BY *GOVERNMENT AUDITING STANDARDS***

Village of Woodsfield  
Monroe County  
221 South Main Street  
Woodsfield, Ohio 43793

To the Village Council:

We have audited the accompanying financial statements of the Village of Woodsfield, Monroe County, Ohio (the Village), as of and for the years ended December 31, 2002 and 2001, and have issued our report thereon dated February 28, 2003. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

**Compliance**

As part of obtaining reasonable assurance about whether the Village's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance that are required to be reported under *Government Auditing Standards* which are described in the accompanying Schedule of Findings as items 2002-31056-001 through 2002-31056-005. We also noted certain immaterial instances of noncompliance that we have reported to management of the Village in a separate letter dated February 28, 2003.

**Internal Control Over Financial Reporting**

In planning and performing our audit, we considered the Village's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. However, we noted a certain matter involving the internal control over financing reporting and its operation that we consider to be a reportable condition. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over financing reporting that, in our judgment, could adversely affect the Village's ability to record, process, summarize, and report financial data consistent with the assertions of management in the financial statements. The reportable condition is described in the accompanying Schedule of Findings as item 2002-31056-006.

A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. However, we believe the reportable condition described above is not a material weakness. We also noted other matters involving the internal control over financial reporting that do not require inclusion in this report, that we have reported to management of the Village in a separate letter dated February 28, 2003.

This report is intended solely for the information and use of management and Village Council, and is not intended to be and should not be used by anyone other than these specified parties.

Ohio Rev. Code Section 135.14 states that investments can not be made unless a written investment policy approved by the treasurer or governing board is on file with the Auditor of State, with the following exceptions:

- If a written investment policy is not filed with the Auditor of State, the treasurer or governing board is permitted to invest only in interim deposits, no-load money market mutual funds, or STAROhio.
- A subdivision whose average annual portfolio of investments is \$100,000 or less is not required to file an investment policy, provided that the treasurer or governing board certifies to the Auditor of State that the treasurer or governing board will comply and is in compliance with the provisions of Section 135.01 to 135.21.

The Village did not have an investment policy. The Village's investments consisted of investments other than interim deposits, no-load money market mutual funds, or STAROhio, and were over \$100,000.

We recommend Village Council establish an investment policy and file such with the Auditor of State.

Ohio Rev. Code Section 5705.09 states that each subdivision is required to establish a special fund for each class of revenues derived from a source other than the general property tax, which the law requires to be used for a particular purpose.

Also, Auditor of State Management Advisory Services (MAS) Bulletin 89-17, updated by Auditor of State Bulletin 2002-004, requires all local governments participating in Issue II projects through the Ohio Public Works Commission to establish an Issue II, Capital Projects Fund, to account for Issue II monies anticipated to be received. The fund appropriations should also include the amount necessary to meet the obligations to be incurred during the fiscal year.

The Village received/expended Issue II monies in the amount of \$58,732 in 2002 and \$63,232 in 2001 and did not establish an Issue II, Capital Projects Fund, to account for these receipts and expenditures nor did they obtain an amended certificate and a supplemental appropriation, as required by Ohio Rev. Code Section 5705.41(B). The 2002 Issue II monies were recorded on the Village's financial statements in the Water Improvement Fund; however, they did not budget for this activity. The 2001 Issue II monies were not recorded on the Village's financial statements nor was the activity budgeted for. This caused the Village's 2001 Water Improvement Fund receipts and expenditures to be understated by the amount of the Issue II funds. The audited financial statements were adjusted in 2001 to reflect Issue II receipts and expenditures in the Water Improvement Fund.

We recommend the Village establish an Issue II, Capital Projects Fund, to account for Issue II monies and to obtain an amended certificate and supplemental appropriations for the same. The Village Clerk should refer to Auditor of State Bulletin 2002-004 and Auditor of State Bulletin 2000-08 for additional guidance in accounting for on-behalf-of grants with the County or State. Since this project is water related and the loan will be repaid by water receipts the Issue II fund can be classified as an Enterprise Fund.

Ohio Rev. Code Section 5705.41(D)(1) states that no orders or contract involving the expenditure of money are to be made unless there is a certificate of the fiscal officer that the amount required for the order or contract has been lawfully appropriated and is in the treasury or in the process of collection to the credit of an appropriate fund free from any previous encumbrances.

The following exceptions to this basic requirement are provided by statute:

- A. Then and Now Certificate - This exception provides that, if the fiscal officer can certify that both at the time the contract or order was made and at the time that he/she is completing his/her certification, sufficient funds were available or in the process of collection, to the credit of a proper fund, properly appropriated and free from any encumbrance, the taxing authority can authorize the drawing of a warrant. The taxing authority has 30 days from the receipt of such certificate to approve payment by resolution or ordinance. If approval is not made within 30 days, there is no legal liability on the part of the subdivision or taxing district.
- B. Amounts of less than \$1,000, may be paid by the fiscal officer without such affirmation of the taxing authority upon completion of the "then and now" certificate, provided that the expenditure is otherwise lawful. This does not eliminate any otherwise applicable requirement for approval of expenditures by the taxing authority.

In 2002 and 2001, sixty-seven percent of transactions tested did not include prior certification of the Village Clerk, nor was there evidence of "Then and Now" certificates being used by the Village Clerk.

We recommend the Clerk/Treasurer certify the availability of funds prior to incurring obligations.

With no type of reconciliation process between items sold and monies collected, errors or irregularities could occur and go undetected.

We recommend the pool manager perform a detailed inventory of concession stand items at the beginning of the season and periodically throughout the season. The inventory at the beginning of the year should record all items purchased for sale in the concession stand. When an item is sold the pool manager should mark down the item sold as well as the selling price of that item. At the end of the day a comparison should be performed of items sold each day to money collected and investigate any significant variance. Periodically, remaining inventory should be verified by taking beginning inventory, plus items purchased, less items sold, should equal ending inventory. The inventory sheets should be maintained for review upon request. Finally, Village Council should designate someone to review the records maintained by the pool manager for errors or omissions throughout the pool season.
