INDEPENDENT ACCOUNTANTS' REPORT

Mental Health Recovery Services of Warren and Clinton Counties Warren County
107 Oregonia Road
Lebanon, OH 45036

To Members of the Board:

We have audited the accompanying financial statement of the Mental Health Recovery Services of Warren and Clinton Counties, Warren County, Ohio (the Recovery Services), as of and for the year ended December 31, 2003. This financial statement is the responsibility of the Recovery Services' management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As discussed in Note 1, the Recovery Services prepares its financial statement on the basis of accounting prescribed or permitted by the Auditor of State, which is a comprehensive basis of accounting other than generally accepted accounting principles.

In our opinion, the financial statement referred to above presents fairly, in all material respects, the fund cash balance and reserves for encumbrances of the Recovery Services as of December 31, 2003, and its cash receipts and disbursements for the year then ended on the basis of accounting described in Note 1.

In accordance with *Government Auditing Standards*, we have also issued our report dated August 30, 2004 on our consideration of the Recovery Service's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

Mental Health Recovery Services of Warren and Clinton Counties Warren County Independent Accountants' Report Page 2

We performed our audit to form an opinion on the financial statement of Recovery Services, taken as a whole. The accompanying schedule of federal awards expenditures is presented for additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the financial statement. We subjected this information to the auditing procedures applied in the audit of the financial statement and, in our opinion, is fairly stated, in all material respects, in relation to the financial statement taken as a whole.

This report is intended solely for the information and use of the audit committee, management, the Board and other officials authorized to receive this report under § 117.26, Ohio Revised Code, and is not intended to be and should not be used by anyone other then these specified parties.

NOTES TO THE FINANCIAL STATEMENT DECEMBER 31, 2003

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Description of the Entity

Recovery Services of Warren and Clinton County, Warren County, Ohio (the Recovery Services), is a body corporate and politic established to exercise the rights and privileges conveyed to it by the constitution and laws of the State of Ohio. Recovery Services is directed by an eighteen-member Board. Board members are appointed by the Director of Mental Health, the Director of Alcohol and Drug Addiction Services, and the County Commissioners of both Warren and Clinton Counties. The Board is responsible for appointing the Executive Director, governing activities, and setting policies for Recovery Services. Recovery Services funds alcohol, drug addiction and mental health services and programs to citizens of Warren and Clinton Counties. These services are provided primarily through contracts with private and public agencies.

Recovery Services' management believes this financial statement presents all activities for which Recovery Services is financially accountable.

B. Basis of Accounting

This financial statement follows the basis of accounting prescribed or permitted by the Auditor of State, which is similar to the cash receipts and disbursements basis of accounting. Receipts are recognized when received in cash rather than when earned, and disbursements are recognized when paid rather than when a liability is incurred. Budgetary presentations report budgetary expenditures when a commitment is made (i.e., when an encumbrance is approved).

This statement includes adequate disclosure of material matters, as prescribed or permitted by the Auditor of State.

C. Cash

As required by Ohio Revised Code, the County Treasurer is custodian for Recovery Services' cash. Recovery Services' cash is held in the County's cash and investment pool, and is valued at the County Treasurer's carrying amount.

D. Budgetary Process

The Ohio Revised Code requires Recovery Services to adopt an annual budget.

1. Appropriations

Budgetary expenditures (that is, disbursements and encumbrances) may not exceed appropriations at the fund, function or object level of control, and appropriations may not exceed estimated resources. The Board must annually approve appropriation measures and subsequent amendments. The County Budget Commission must also approve the annual appropriation measure. Unencumbered appropriations lapse at year end.

2. Estimated Resources

INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE AND ON INTERNAL CONTROL REQUIRED BY GOVERNMENT AUDITING STANDARDS

Mental Health Recovery Services of Warren and Clinton Counties Warren County
107 Oregonia Road
Lebanon, Ohio 45036

To Members of the Board:

We have audited the accompanying financial statement of the Mental Health Recovery Services of Warren and Clinton Counties, Warren County, Ohio (the Recovery Services), as of and for the year ended December 31, 2003, and have issued our report thereon dated August 30, 2004. We conducted our audit in accordance with auditing standards generally accepted by the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the Recovery Services' financial statement is free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that is required to be reported under *Government Auditing Standards*. We noted no instances of noncompliance that we have reported to management of Recovery Services.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Recovery Services' internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses. However, we noted other matters involving the internal control over financial reporting that do not require inclusion in this report, that we have reported to management of the District in a separate letter dated August 30, 2004.

INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO MAJOR FEDERAL PROGRAMS AND INTERNAL CONTROL OVER **COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133**

Mental Health Recovery Services of Warren and Clinton Counties Warren County 107 Oregonia Road Lebanon, Ohio 45036

To Members of the Board:

Compliance

We have audited the compliance of the Mental Health Recovery Services of Warren and Clinton Counties, Warren County, Ohio (the Recovery Services), with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133, Compliance Supplement that are applicable to each of its major federal programs for the year ended December 31, 2003. The Recovery Services' major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the Recovery Services' management. Our responsibility is to express an opinion on the Recovery Services' compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance occurred with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the Recovery Services' compliance with those requirements.

In our opinion, the Recovery Services complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended December 31, 2003.

Internal Control Over Compliance

The management of the Recovery Services is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the Recovery Services' internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.
