INDEPENDENT ACCOUNTANTS' REPORT

Village of South Point Lawrence County 408 2nd Street West South Point, Ohio 45680

To the Village Council:

We have audited the accompanying financial statements of the Village of South Point, Lawrence County (the Village), as of and for the years ended December 31, 2003 and 2002. These financial statements are the responsibility of the Village's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

The Village's financial transactions were processed using the Auditor of State's Uniform Accounting Network (UAN). *Government Auditing Standards* considers this service to impair the independence of the Auditor of State to conduct the audit of the Village because the Auditor of State designed, developed, implemented, and, as requested, operates UAN. However, *Government Auditing Standards* permits the Auditor of State to audit and opine on this entity, because Ohio Revised Code Section 117.101 requires the Auditor of State to provide UAN services, and Ohio Revised Code Sections 117.11(B) and 115.56 mandate the Auditor of State to audit Ohio governments.

We believe that our audit provides a reasonable basis for our opinion.

As discussed in Note 1, the Village prepares its financial statements on the basis of accounting prescribed or permitted by the Auditor of State, which is a comprehensive basis of accounting other than generally accepted accounting principles.

In our opinion, the financial statements referred to above present fairly, in all material respects, the combined fund cash balances and reserves for encumbrances of the Village of South Point, Lawrence County, as of December 31, 2003 and 2002, and its combined cash receipts and disbursements for the years then ended on the basis of accounting described in Note 1.

In accordance with *Government Auditing Standards*, we have also issued our report dated June 25, 2004 on our consideration of the Village's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2003 AND 2002

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Description of the Entity

The Village of South Point, Lawrence County (the Village), is a body corporate and politic established to exercise the rights and privileges conveyed to it by the constitution and laws of the State of Ohio. The Village is directed by a publicly-elected six-member Council. The Village provides water and sewer utilities, park operations, and police and fire services.

The Village's management believes these financial statements present all activities for which the Village is financially accountable.

B. Basis of Accounting

These financial statements follow the basis of accounting prescribed or permitted by the Auditor of State, which is similar to the cash receipts and disbursements basis of accounting. Receipts are recognized when received in cash rather than when earned, and disbursements are recognized when paid rather than when a liability is incurred. Budgetary presentations report budgetary expenditures when a commitment is made (i.e., when an encumbrance is approved).

These statements include adequate disclosure of material matters, as prescribed or permitted by the Auditor of State.

C. Cash and Investments

Investments are reported as assets. Accordingly, purchases of investments are not recorded as disbursements, and sales of investments are not recorded as receipts. Gains or losses at the time of sale are recorded as receipts or disbursements, respectively.

Certificates of deposit are valued at cost.

D. Fund Accounting

The Village uses fund accounting to segregate cash and investments that are restricted as to use. The Village classifies its funds into the following types:

1. General Fund

The General Fund is the general operating fund. It is used to account for all financial resources except those required to be accounted for in another fund.

2. Special Revenue Funds

These funds are used to account for proceeds from specific sources (other than from trusts or for capital projects) that are restricted to expenditure for specific purposes. The Village had the following significant Special Revenue Funds:

Street Construction, Maintenance and Repair Fund - This fund receives gasoline tax and motor vehicle tax money for constructing, maintaining and repairing Village streets.

D. Fund Accounting (Continued)

2. Special Revenues Funds (Continued)

Fire Department Fund – This fund receives tax monies assessed and levied on general assessed valuation of real and personal property taxes for the operation of the fire department.

3. Debt Service Funds

These funds are used to accumulate resources for the payment of bonds and note indebtedness. The Village had the following significant debt service funds:

Street Repaving Bond Fund – This fund is utilized for the payment of the repavement of various streets in the Village

Fire Truck Bond Fund – This fund is utilized for the payment of a new fire truck. The purchase is financed by a two mill levy passed by the people of the Village.

4. Capital Project Fund

These funds are used to account for receipts that are restricted for the acquisition or construction of major capital projects (except those financed through enterprise or trust funds). The Village had the following significant Capital Project Fund:

Water Improvement Project Fund - This fund receives intergovernmental funding and customer user fees to support the water improvement project.

5. Enterprise Funds

These funds account for operations that are similar to private business enterprises where management intends that the significant costs of providing certain goods or services will be recovered through user charges. The Village had the following significant Enterprise Funds:

Water Operating Fund - This fund receives charges for services from residents to cover the cost of providing this utility.

Sewer Operating Fund - This fund receives charges for services from residents to cover the cost of providing this utility.

Solida Sewer Bond Fund - This fund is utilized for the payment of the sewer extension bond.

Sewer Reserve Fund – This fund is utilized for the payment of the capital improvements for the sewer fund.

6. Agency Fund

Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The Village had the following significant Agency Fund:

Mayor's Court Fund – This fund is used to account for the activities of the Village's Mayor's Court.

E. Budgetary Process

The Ohio Revised Code requires that each fund (except certain agency funds) be budgeted annually.

1. Appropriations

Budgetary expenditures (that is, disbursements and encumbrances) may not exceed appropriations at the fund level of control, and appropriations may not exceed estimated resources. The Council must annually approve appropriation measures and subsequent amendments. The County Budget Commission must also approve the annual appropriation measure. Unencumbered appropriations lapse at year end.

2. Estimated Resources

Estimated resources include estimates of cash to be received (budgeted receipts) plus unencumbered cash as of January 1. The County Budget Commission must also approve estimated resources.

3. Encumbrances

The Ohio Revised Code requires the Village to reserve (encumber) appropriations when commitments are made. Encumbrances outstanding at year end are carried over, and need not be reappropriated.

A summary of 2003 and 2002 budgetary activity appears in Note 3.

F. Property, Plant and Equipment

Acquisitions of property, plant and equipment are recorded as disbursements when paid. These items are not reflected as assets on the accompanying financial statements.

G. Accumulated Leave

In certain circumstances, such as upon leaving employment, employees are entitled to cash payments for unused leave Unpaid leave is not reflected as a liability under the Village's basis of accounting.

Property taxes are also reduced for applicable homestead and rollback deductions. Homestead and rollback amounts are then paid by the State, and are reflected in the accompanying financial statements as Intergovernmental Receipts. Payments are due to the County by December 31. If the property owner elects to make semiannual payments, the first half is due December 31. The second half payment is due the following June 20.

Public utilities are also taxed on personal and real property located within the Village.

Tangible personal property tax is assessed by the property owners, who must file a list of such property to the County by each April 30.

The County is responsible for assessing property, and for billing, collecting, and distributing all property taxes on behalf of the Village.

Property coverage contracts protect against losses, subject to a deductible of \$50,000, limited to an annual aggregate loss of the greater of \$300,000 or 1% of total coverage.

The Pool cedes reinsurance to reinsurers or excess reinsurers. The Pool is contingently liable should any reinsurer become unable to meet its obligations under the reinsurance agreements.

The Pool's financial statements (audited by other auditors) conform with generally accepted accounting principles, and reported the following assets, liabilities and retained deficit at December 31, 2002 and 2001 (latest information available):

	2002	2001
Assets	\$1,852,060	\$3,354,251
Liabilities	(3,627,321)	(4,851,866)
Retained deficit	(\$1,775,261)	(\$1,497,615)

8. CONTINGENT LIABILITIES

The Village is defendant in some lawsuits. Although the outcome of these suits is not presently determinable, management believes that the resolution of these matters will not materially adversely affect the Village's financial condition.

Amounts received from grantor agencies are subject to audit and adjustment by the grantor, principally the federal government. Any disallowed costs may require refunding to the grantor. Amounts which may be disallowed, if any, are not presently determinable. However, based on prior experience, management believes such refunds, if any, would not be material.

INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE AND ON INTERNAL CONTROL REQUIRED BY GOVERNMENT AUDITING STANDARDS

Village of South Point Lawrence County 408 2nd Street West South Point, Ohio 45680

To the Village Council:

We have audited the accompanying financial statements of the Village of South Point, Lawrence County, Ohio (the Village), as of and for the years ended December 31, 2003 and 2002, and have issued our report thereon dated June 25, 2004 wherein we noted that the Village's financial transactions were processed using the Auditor of State's Uniform Accounting Network (UAN). *Government Auditing Standards* considers this service to impair the independence of the Auditor of State to conduct the audit of the Village because the Auditor of State designed, developed, implemented, and, as requested, operates UAN. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the Village's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance that is required to be reported under *Government Auditing Standards* which is described in the accompanying Schedule of Findings as item 2003-01. We also noted a certain immaterial instance of noncompliance that we have reported to management of the Village in a separate letter dated June 25, 2004.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Village's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

SCHEDULE OF FINDING DECEMBER 31, 2003 AND 2002

FINDING RELATED TO THE FINANCIAL STATEMENTS REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS

FINDING NUMBER 2003-001

Finding for Recovery

Ohio Rev. Code Section 2949.091 states that the court, in which any person is convicted of or pleads guilty to any offense other than a traffic offense that is not a moving violation, shall impose the sum of fifteen dollars as costs in the case in addition to any other court costs that the court is required by law to impose upon the offender. All such moneys collected during a month shall be transmitted on or before the twentieth day of the following month by the clerk of the court to the treasurer of state and deposited by the treasurer of state into the general revenue fund. The court shall not waive the payment of the additional fifteen dollars court costs, unless the court determines that the offender is indigent and waives the payment of all court costs imposed upon the indigent offender.

Prior to September 26, 2003, the court costs noted above were \$11; however, they were raised to \$15 as a result of House Bill 95. The Mayor's Court was not aware the court costs had increased and did not raise the court fee at any time during the audit period.

From September 26, 2003 to December 31, 2003, the Mayor's Court had 43 cases in which it only collected and paid to the Treasurer of the State of Ohio the \$11 fee. Based on this, the Mayor's Court should have collected an additional \$172 that is due to the State of Ohio to be deposited by the Treasurer of State into the General Revenue Fund.

In accordance with the foregoing facts and pursuant to the Ohio Rev. Code Section 117.28, we hereby issue a finding for recovery against Mayor William Gaskin in the amount of \$172 for public monies due, but not collected, in favor of the State of Ohio General Revenue Fund.
